Running an editathon

3 Phases

Before the editathon

During the editathon

After the editathon

3 Phases

1

Before the editathon

- Scheduling
- Preparing material and articles
- Selection of participants

2

During the editathon

- Training
- Content creation

3

After the editathon

- Content enhancement

3 Phases

1

Before the editathon

- Scheduling
- Preparing material and articles (with references)
- Selection of participants

+ inviting participants to enroll to the Dashboard before the event

+ Providing a tailored document that explains the topic and editing

2

During the editathon

- Training
- Content creation

+ Discussion with focus on the topic: Present writing on Wikipedia as a powerful tool, rather than a goal.

+ Gamification & team work

3

After the editathon

- Content enhancement

+ Volunteers retention: follow-up, eventually organize a second meet-up, send participation certificates and “Thanks” on Wikipedia!

Selecting participants

Call for participation

- Instructions:
 - Enrolling to the Dashboard
 - Preferences (editing language)
 - Bringing laptop the day of the editathon
- Handouts

Preparing editathon material

- Presentation slides (topic & Wikipedia rules)
 - Editing instructions
 - Other supports

During the editathon

General schedule

- Welcoming and introductions
- Presentation of the project and the topic
- Presentation of Wikipedia (concept and rules)
- Discussion
- Introduction to editing: tools + structure
- Assigning articles

Then, divide into groups:

- Content creation (writing)
- Upload on Wikipedia (editing)

Important points

- Focus on Verifiability and avoiding Plagiarism (when presenting rules)
- Present Wikipedia only as a tool
- Re explain editing tools when working in groups
- Focus only on the necessary tools
- Make it **as funny as possible!**

After the editathon

Enhancement

- Correcting potential mistakes
- Translation to other languages

Keep in touch!

- Follow-up with interested participants
- Probably a second meet-up?

Best practices

Anticipation

- Invite to enroll before the event
- Send the handouts before the event

Presenting successful examples

- Getting inspired from the structure of quality articles that target the same topic
- Present examples of articles paragraphs to explain encyclopedic writing

Gamification

- Encouraging movement and interaction
 - Catalyzing curiosity

Gamification

- Encouraging movement and interaction
 - Catalyzing curiosity

But how?

Involve the participants in the presentation:

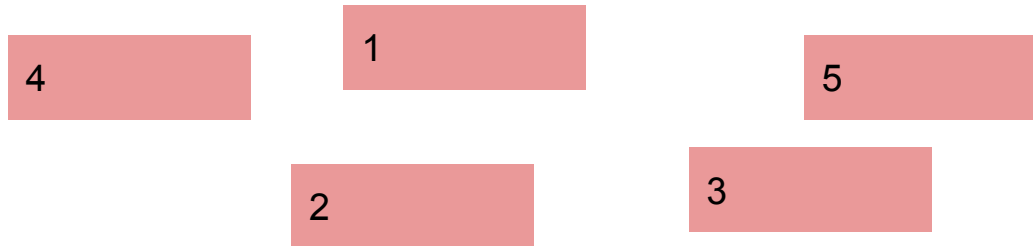

- Ask about their expectations,
- Invite them to guess some facts before presenting them,
- Ask them about their experiences

Use manual tools (if the editathon is IRL):

- White board, sticky notes ..

Assign articles in a playful way:

Random draw!

Fostering team work

- Peer review
- Peer work on complementary articles

Any questions?

Assignment

C Content creation

1. Add a paragraph to an existing article
2. Create a new article

Instructions

- Assign an article to yourself
 - Use the sandbox
- Ask Nanor or Nassima for review
 - Edit the articles
