| 2,100                   | 197                   | 2,680                    | (4)To abroad                                  |

Note : Due to the limited sample number,when you apply the figures,you must pay attention to the sample error the figures might caused(usually in statistics mean  $\pm 1.96$  standard deviation will be adopted as confidence interval).If cities or counties are ranked by the result,it will be meaningless for precise statistics.
