We are **justly proud** of the esteem and favor our stocks have attained, and devote all our energies to the perfecting of strains and the breeding up of new varieties.

## MIXTURES BY FORMULA

As the result of years of experimenting, our research department has perfected certain color blends of various mixtures.

These mixtures were subject to the criticism of visiting seedsmen for several years and when unanimously approved were considered MASTER FORMULAE.

Mixtures grown from these Master Formulae are listed in this catalog as "WALLER-FRANKLIN FORMULA MIXTURES."

## NOVELTIES

We devote a great deal of time and attention to the perfecting of original strains and also to the development of new colors and types of flowers and each year have had the pleasure of introducing a number of outstanding novelties.

We devote fifty acres of our very finest land to Experimental Grounds and we have many worth while novelties in various stages of development. An announcement regarding our novelties for 1926 will be made in July.

### *Novelties Introduced By Us in 1925*

\* \* \* \* \*

#### NEW EARLY FLOWERING SPENCER SWEET PEAS OF MERIT

**EARLY ORANGE KING**—We take pleasure in introducing our new creation, Early Orange King, a wonderful advance in Early Sweet Peas. It is a beautiful glowing orange and practically sunproof. It throws fours regularly on long stiff stems. A spray of this grand variety under artificial light is glorious. This is indeed the richest and deepest orange colored Early Sweet Pea yet introduced. Price per oz. \$1.50, per  $\frac{1}{4}$  lb. \$4.50, per lb. \$15.00.

**EARLY PINK CHEROKEE**—The constantly growing demand for a good early cream pink that will force under glass is here realized. This new variety is of surpassing beauty; a fine pink suffused with salmon on a deep cream ground, of vigorous robust habit. Prominent growers who had advance trials of this novelty praise it very highly. Price per oz. \$1.00, per  $\frac{1}{4}$  lb. \$3.00, per lb. \$10.00.

**EARLY SWEET LAVENDER**—There is always room for a better lavender and this new variety, we predict, will surpass anything in this group. A pure lavender self, of enormous size, beautifully frilled, always bearing fours and with good stems. Sweet Lavender will undoubtedly become the most popular variety among lavenders for forcing. Price per oz. \$1.00, per  $\frac{1}{4}$  lb. \$3.00, per lb. \$10.00.

## NOVELTIES

### *Novelties Introduced By Us in 1925*

\* \* \* \* \*

**NEW LATE FLOWERING SWEET PEA HEAVENLY BLUE**—A fine new blue, of a most beautiful soft tone of Delphinium blue. It is a pure blue self that does not show a trace of violet. The flowers are of immense size with fours invariably well placed on long stiff stems. This novelty is a very marked improvement over Mrs. Tom Jones and we believe it will be hard to surpass among late flowering blue Sweet Peas for many years to come. Price per  $\frac{1}{4}$  lb. \$1.50, per lb. \$5.00.

**ANTIRRHINUM PINK PERFECTION**—A distinct achievement in Antirrhinums. A new Perfection type, in the Nanum Grandiflorum group. In habit, this new type may be likened to Perfection Stocks—the plant produces innumerable long perfect spikes. We have cut as many as twenty-four spikes from one plant. The spikes are perfectly balanced; the flowers are a beautiful shade of pink, described as Hermosa Pink, slightly suffused with salmon. We venture to say that this fine Antirrhinum will even exceed in popularity our now famous Silver Pink. Price per oz. \$2.50, per  $\frac{1}{4}$  lb. \$7.50, per lb. \$25.00.

**ESCHSCHOLTZIA ORIENTAL QUEEN**—This is one of the prettiest Eschscholtzias ever introduced. The inside of the petals is a beautiful shade of pale buff while the outside of the petals is a rich raspberry red. The blooms are of immense size, the fully expanded flowers measuring four inches in diameter. Price per oz. \$2.00, per  $\frac{1}{4}$  lb. \$6.00, per lb. \$20.00.

**LARKSPUR EMPEROR PINK DELIGHT**—A fine new Larkspur, suitable for bedding or pots, of compact growth, about twenty-four inches high. The color is the same shade of pink as the popular variety, Exquisite Pink in the Tall Branching group. Price per oz. \$1.00, per  $\frac{1}{4}$  lb. \$3.00, per lb. \$10.00.

**NEW VERBENA LUMINOSA**—A new color added to our group of Grandiflora Verbenas. Gigantic blooms of luminous flame pink toning to softer shades of salmon, flesh and coral, giving the whole a most beautiful and almost indescribable color that must be seen to be appreciated. Price per oz. \$2.00, per  $\frac{1}{4}$  lb. \$6.00, per lb. \$20.00.

### COLOR CLASSIFICATION

In view of the numerous recent Sweet Pea introductions, it seems necessary at this time to set up a classification according to color.

Every year we make careful color comparisons of the older varieties and the latest introductions and are in an eminent position to judge their respective merits.

We now take pleasure in submitting a color classification of the Standard Spencers.

The variety we consider best in each color class is indicated by an asterisk (\*).
