				Campaign of love for repatriates.
				<u>Principle:</u>
				Repatriation of 470,000 peoples abroad are going to reopen. These repatriates will land their mother land holding sound hope in their future. It is our responsibility to open our lovely hands for greeting repatriates who has experienced hardship during four years. It is also our responsibility to encourage and help the bereaved families. In line with the national "campaign of love for repatriates", we are driving the campaign in this prefecture.
				<u>Contents of Campaign</u>
				1. Relief at a station:
				Greeting service, supply of food with free of charge, Presenting memorial article, supply of cigarettes, serving tea, medical service, consultation service, arrangement of resting place and shelter.
				2. Comfort for unrepatiated family and bereaved family.
				3. "Signature Campaign" for accelerating repatriation.
				4. Comfort for the wounded ex-service men.
				5. Round table conference of actual living.
				To hold a round table conference with presence of all repatriates and mince-in and to hear the actual living of the repatriate.

MAINICHI

May 13

There are 32 ^[KYODO SAGYOJO, literally cooperative works] public work houses in Kagawa Prefecture, where 1,760 persons including repatriates, war-sufferers and needy people are engaging in the business of manufacturing textile goods, wooden and bamboo products, eating goods, coarse paper and the like.

It is said that the business of the public work houses in the prefecture is functioning most favourably all over the country. Unfortunately with the deduction of the state budget, the ~~welfare Ministry~~ instructed the Kagawa Prefectural authorities to reduce the present number of public work houses in Kagawa to 16 from the current fiscal year.

Ministry of Labor

As a result of it, nearly 900 persons in the public work houses were expected to be thrown out of jobs.

Fortunately the prefectural subsidy of 700,000 yen for public work houses was approved by the prefectural assembly.

Although this figure is approximately one third only of the state subsidy for the last fiscal year, Kagawa Prefectural Employment Stabilization Office is endeavouring to minimize the sacrifice of those suffering persons by the prefectural subsidy.

25 February 1949.

Rev. Jutsuen Nakatsu
Kenjuin
Kikume-Machi,
Ochi-gun, Ehime-ken

Dear Reverend:

Mr. Ryuji Takeuchi, Director of Kyoto Liaison and Coordination Office, told me of your plans for the creation of a workshop devoted to the rehabilitation of female ex-convicts, war-widows and other destitute women. I have always felt that social welfare work is a field in which Japanese Buddhism can participate to the advantage of the church, the people, and the nation.

I heard of your plan with a great deal of interest and wish you all the success you deserve in your praiseworthy efforts.

Yours sincerely,

J. J. Burns,
Colonel,
Senior Officer,
Military Government,

*Approved**3 September 1948**No. 1.**[Signature]*

The Establishment Prospectus of the Kagawa
Prefecture Branch of all Japan Physically
Handicapped Rehabilitation Association.

It is far beyond imagination of other people to get our livings for us, the physically handicappeds, in fare of this society of moral decadence.

However we feel that the government authorities as well as the public in general have tendency to turn their face intentionally away from the pain and struggle that we, the handicappeds, are suffering from.

Once we wondered whether this feeling that is so profoundly touching us comes merely from envy or jealousy, we firmly believe that it is not envy or jealousy which gives us this feeling.

We are never mentally handicapped in the burning passion that we should equally have the enjoyment of the right of the people and should pursuit the duty of the people which is compensated in the new constitution of Japan.

We highly desire to promote and secure the establishment and good organization of the National Compensation in order to Compensate our handicapped part of body.

At the same time, we are so eager to secure the right to work and live by the co-operation of all the physically handicapped persons as well as to establish the democratic Japan of high culture by means of perfect performance of duty to the steady Society and exercise of guaranteed rights.

We have made a great many effort for realization of such desire in the past, but the power and effect of those efforts was nothing but unconcentrative.

No. 2.

Now, as you know through the means of information and Journalism, Miss Helen Keller, who is world-famous for her conquest of the tripple suffering, deaf, blind and dumb, and for her two doctorates, has arrived in Japan on the 29th of August in order to save and release the unfortunate people there.

Indeed it is a great joy that all Japan physically Handicapped Rehabilitation Association has been organized in Tokyo recently.

We are going to organize the branch of this association through the union of the same minds for the purpose of contribution towards democratization, of Japan, and for the realization of self-reliance and rehabilitation of all Kagawa physically handicapped people, men or women. And furthermore it is our great desire to develop this movement to a synthetic and nation-wide one from a separative and provincial movement.

We are longing for enthusiastic support and guidance of people in Kagawa Prefecture through the above mentioned expression of prospectus of establishment of branch.

1948 September 15th.

The Kagawa Prefecture Branch of all Japan physically Handicapped Rehabilitation Association.

Address of branch office

c/o Kagawa Branch of the Democratic-Liberal Party.

38. Furujin-machi, Takamatsu.

The handicapped should be saved in reflection each other on the common agony result from their handicap.

Let us stand up bravely in the world through helping each other and making good use of the experiences of affliction and agony we have been suffering from.

The End.
