NARRATIVE SECTION *(Explain all defects or unsatisfactory situations noted on page one. Enter comments by item number.)*

Item 2. Water Supply

Water supply at KCAR installations is Fukuoka City water. Occupants of dependent houses have been instructed to boil or rechlorinate water before consumption. Water for use at compound for drinking purposes is brought in by truck tank either from 118th Station Hospital or Itazuke Air Base.

Item 5. Mosquito Control

Barracks, latrines, mess halls, and kitchens during this reporting period were sprayed with residual DDT.

Item 6 through 10. Insect and Rodent Control

Insect and rodent control during this reporting period have proven very effective.

Item 15 through 17. Mess halls, latrines, quarters

Window screens and screen doors have been made for mess halls, latrines and quarters during this reporting period.

Item 45. Status of Immunization

Diseases	Percentage of Initial Immunization	Percentage of Reimmunization
Smallpox	100%	100%
Typhoid	100%	100%
Tetanus	100%	100%
Typhus	100%	100%
Encephalitis	100%	100%

Additional pages will be used if needed.

REPORT EVALUATION QUESTIONNAIRE FOR REPORTING AGENCIES

SUBJECT: Report Title: Monthly Sanitary Report — Reports Control Symbol: Med - 3

TO: Commanding General, HQS 24th Inf Div, APO 24, Attn: Surgeon

FROM: Kyushu Civil Affairs Region, Fukuoka, Kyushu, Japan, APO 24 Unit 5

	YES	NO
1. Records:		
a. Are records maintained to provide all or part of the data for this report?	___	no
b. If 1a, is "Yes", are they maintained specifically or primarily to prepare the subject report?	___	___
c. If 1b, is "Yes", would the records be discontinued if the report were discontinued?	___	___
d. Cite or describe the records, specifying whether locally instituted or prescribed by higher authority, and indicate uses (if any) other than for the subject report?	___	none
2. Feeder Reports (Defined in paragraph 3a(5), AR 305-15):		
a. Are feeder reports required to obtain data for the subject report?	___	no
b. If 2a is "Yes", are the same forms and instructions used for the feeder reports (par 3a(5)(a), AR 305-15)?	___	___
c. If 2b is "No", are special feeder reports (par 3a (5)(b), AR 305-15) obtained to prepare the subject report?	___	no
d. If 2c is "No", are the data made available from reports initiated by your agency for other purposes (par 3a(5)(c), AR 305-15)?	see note	___

Exhibit 1 to Inclosure No. 2
(To be submitted in duplicate.)

	YES	NO
e. If 2d is "No", are the data obtained from reports initiated by other agencies, but of which your agency receives an action or information copy (par 3a(5)(d), AR 305-15)?	see note	
f. If 2c, d, or e, is "Yes", cite report title and Reports Control Symbol.		
g. If 2b, or c is "Yes", list the preparing agencies from which feeder reports are required, and obtain and attach a completed questionnaire (Exhibit 1), from each of them.		

3. Sources:

a. Does preparation of subject report require data from sources other than records or feeder reports? (e.g., interview, instrument readings, etc?)	see note	c
b. If 3a is "Yes", explain.		

4. Usefulness of Data:

a. Is the purpose of the subject report apparent?	yes	
b. If 4a is "Yes", do you believe the report serves well the purpose?	yes	
c. If 4b is "No", explain.		
d. Does the assembly of the data into the required report serve a useful purpose to your agency?	yes	
e. If 4d is "Yes", explain. Sanitation of KCAR BOQ and mess buildings inspected several times a month and results rptd in Mthly San Rpt.		
f. If 4d is "No", does your agency use this type of information, but require it on a different basis?		
g. If 4f is "Yes", explain.		

REPORT EVALUATION QUESTIONNAIRE FOR REPORTING AGENCIES
(Continued)

	YES	NO
5. Reporting Problems:		
a. Does compliance with the deadline require overtime, result in peak loads, or interfere with other essential work?	___	no
b. If 5a is "Yes", explain.		
c. Are the reporting instructions, forms, and procedures considered adequate?	yes	___
d. If 5c is "No", explain.		
e. Are there other problems not brought out by the preceding questions?	___	no
f. If 5e is "Yes", explain.		
6. Number of Copies and Distribution:		
a. Does your agency prepare the subject report in more copies than the minimum number prescribed in the reporting directive?	___	no
b. If 6a is "Yes", explain.	___	___
c. Does your agency make regular courtesy or information distribution of the subject report, over and above that required by the reporting directive?	___	no
d. If 6c is "Yes", indicate recipients and explain.		

7. Workload:	Estimated Per Month	Number of Manhours Per Report Period a/
a. Manhours required in your agency to maintain records referred to in 1, above.	___	none
b. If these are multi-purpose records, indicate fair share chargeable to subject report.	___	___
c. Manhours in 7a, which would be saved if the subject report were discontinued?	___	none
d. All other manhours expended in your agency to assemble, consolidate, compile, correct, check, type, verify, analyze, use, etc., the subject report.	___	none
e. Manhours in 7c, which would be saved if report were discontinued.	___	none
f. Total manhours required by all feeder report preparing agencies (sum of line 7g of questionnaires prepared by feeder report agencies in accordance with 2g above).	___	none
g. Total manhours which could be saved by all feeder agencies if report were discontimued (sum of line 7h of questionnaire prepared in accordance with 2g, above.	___	none
h. Total manhours required by all agencies (sum of 7b, d, and f, above).	___	none
i. Total manhours which could be saved if report were discontimued (sum of 7c, e, and g, above).	___	none

a/ Manhours per report period cover a complete cycle of a report. For example, for a report in two parts, one prepared monthly, and one quarterly, the total for the report period is the total for three issues of the first part and one of the second part. The manhours per month are then the total of these divided by three.

REPORT EVALUATION QUESTIONNAIRE FOR REPORTING AGENCIES
(Continued)

For "as required" reports (defined in paragraph 3a (1)(b), AR 305-15), the manhours per report period cover the number required to prepare the report one-time. The manhours per month are computed by multiplying this quantity by the estimated average number of reports prepared each month.

8. Installation of New Reports. (Applicable only to newly initiated or revised reports).

	Date
a. Date the reporting directive was received in your agency?	_____
b. Date received in the organizational element actually responsible for preparation?	_____
c. Date implementing instructions issued?	_____
d. Date first feeder report received from all required feeder report agencies?	_____
e. Date reported completed by your agency?	_____

f. If report was retroactive or otherwise did not give adequate time for preparation of first report, indicate and explain.

9. Recommendations: (Indicate any pertinent recommendations).

10. Survey Workload:

How many manhours in total by all agencies were required to prepare this questionnaire? Total none

Note: Monthly Sanitary Report covers only the sanitation of a small BOQ and a small mess. It is not a consolidated report.

Item 2. Water Supply

Water supply at KCAR installations is Fukuoka City water. It is rechlorinated before consumption in all unit buildings. Occupants of dependent houses have been instructed to boil or rechlorinate water before consumption. Water for compound consumption is brought in by truck either from 118th Station Hospital or Itazuki Air Base. Water is transported in water tank.

Item 5. Mosquito Control

Barracks, latrines, mess halls and kitchen during this reporting period were sprayed with residual DDT.

Item 6 through 10. Insect and Rodent Control.

Insect and rodent control during this reporting period have proven very effective.

Item 45. Status of Immunization

Diseases	Percentage of Initial Immunization	Percentage of Reimmunization
Smallpox	100%	100%
Typhoid	100%	100%
Tetanus	100%	100%
Typhus	100%	100%
Encephalitis	100%	100%

OFFICIAL DESIGNATION

WD AGO FORM 8-19 1 NOV. 1946 REPLACES WD AGO FORM 8-19, 7 JULY 1944 WHICH IS OBSOLETE.

SPECIAL INSTRUCTIONS FOR THE PREPARATION OF REPORT OF MEDICAL DEPARTMENT PERSONNEL

The report of Medical Department Personnel will be submitted by every Medical Department installation or unit under the control of The Surgeon General, the heads of the other Technical and Administrative Services, and the Army Ground Forces within the continental limits of the United States, including station complements and medical detachments with other Arms and Services even though they are not responsible for the treatment of the sick and do not render W.D., A.G.O. Form No. 8-122. This report will furnish data concerning numerical strength of personnel in Medical Department organizations, according to type of assignment and specialty, to assist in proper utilization of personnel. Separate units will render individual reports. Divisions will render consolidated reports for Medical Department organizations of the divisions. Detachments or units detached from parent organizations will submit a separate report. This report will be prepared monthly as of midnight, the last day of the month. It will be forwarded at the earliest practicable date and in no event, later than the seventh day of the month succeeding the period reported. The rendition of this report by Medical Department organizations outside the continental limits of the United States is subject to the direction of the Commanding General of the Theater of Operations. Commissioned and enlisted personnel of Veterinary Detachments will not be reported separately but will be included in the appropriate tables.

DIRECTIONS FOR FILLING OUT W.D., A.G.O. FORM 8-19, 1 NOVEMBER 1946

1. UNIT AND LOCATION: A tactical unit on maneuver should show the current address.

2. FOR THE MONTH ENDING: Indicate specifically the day, month, and year. Sample, *30 June 1946*. When rendered for a lesser period than the one month inclusive dates will be clearly indicated.

3. TABLE 1, PERSONNEL SUMMARY: Items are self-explanatory. Medical Department commissioned personnel will be reported in lines 1-10, inclusive. Commissioned personnel of other branches assigned to Medical Department Units and installations for duty will be reported on line 11. This includes Branch Immaterial, Chaplains, Women s Army Corps, Finance Department Officers, etc. Contract Surgeons and civilian physicians employed by the Army will be reported under remarks by number, indicating full or part time. Enlisted personnel other than Medical Department classified as operating personnel assigned to medical installations under their personnel authorization will be included. All military personnel actually attached for duty, administration, or training will be shown under column 3.

4. TABLE II, ASSIGNED ENLISTED AND CIVILIAN SPECIALISTS: Report total numbers only. Lines 39 and 40 may be used for additional specialists to be reported when requirements place them in the scarce category of skills; all entries may be changed as requirements indicate.

5. TABLE III, MEDICAL CORPS OFFICERS ASSIGNED: All assigned Medical Corps officers will be reported by their specialty as expressed in W.D. Technical Manual 12-406, as amended, showing the degree of proficiency within a specialty by use of the letters A, B, C, or D as applicable. The classification indicated should agree with that expressed on W.D., A.G.O. Forms No. 66-1, 66-3, or 178-2. When the classification of the officer is not known, the information will be procured by corresponding with the next higher administrative headquarters or The Surgeon General, U.S. Army, Washington 25, D.C. Line 70 is provided for an additional entry. Officers not qualified as specialists, but qualified for general professional duties will be shown on line 72 "Medical Officers, General Duty". The total on line 73 of this table should agree with the number reported on line 1, column 2, of Table 1. If further additional specialists are to be reported, additional blank sheets may be used in supplementing this form.

6. Commanding Generals of the Army Ground Forces, Chiefs of Technical and Administrative Services and the various Armies in the Zone of Interior are authorized to require the inclusion of any additional information required by the respective commands. This will be shown under remarks or listed on separate sheets and securely fastened to the report.

7. CHANNELS THROUGH WHICH RENDERED: This report will be prepared in triplicate and rendered as indicated in *a*, *b*, and *c* below. Reports of organizations operating under the bulk allotment system will never be consolidated with reports of personnel serving in a T/O unit.

a. Class 1 Installations and Class 1 Activities at Class II Installations—The original will be forwarded to Army Commander (Attention: Army Surgeon). The first copy will be forwarded to The Surgeon General.

b. Medical Installations and Personnel under the Jurisdiction of the Chiefs of Technical Services—The original will be forwarded to the Chief of the appropriate technical service, (Attention: Director, Military Personnel Division). The first copy will be forwarded to The Surgeon General, Washington 25, D.C.

c. Headquarters, Army Ground Forces— The original will be forwarded to The Surgeon General.

8. Unit reports will be consolidated by the Commanding Generals of the various Armies within the continental limits of the United States, and the Chiefs of Technical and Administrative Services to whom Medical Department personnel are assigned. The consolidated report will be prepared in triplicate on this form, and the original with the first copy will be forwarded to The Surgeon General, Washington 25, D.C., not later than the 17th day of each month for the preceding month. Separate consolidated reports will be rendered for T/O units and organizations functioning under the bulk allotment system.

GENERAL HEADQUARTERS

UNITED STATES ARMY FORCES, PACIFIC

Subj: File Copy Reports

CIRCULAR)
:
NO. 49)

APO 500
7 June 1946

MEDICAL DEPARTEMENT PERSONNEL REPORTS

1. General. a. The instructions contained in War Department Circular 286, 10 July 1944, are modified for use in this Theater as prescribed herein.

b. WD AGO Forms wil be used as follows:

TITLE	REPORTS CONTROL SYMBOL	WD AGO FORM NUMBER
Report of Medical Department Personnel	MCM-101	8-19
Roster of Commissioned Personnel Assigned to Medical Department	MCM-102	8-164

c. The Statistical Report, 3d section (WD MD Form 86 C) will not be used.

d. WD AGO Form 8-184 will be prepared as of midnight the last day of the months of March, June, September, and December and WD AGO Form 8-19 will be prepared as of midnight the last day of each month by the senior officer of the Medical Department of each medical unit, installation, detachment, or overhead element to which Medical Department personnel are assigned, including medical detachments on duty iwth other arms or services, even though they are not responsible for treatment of the sick and do not render WD AGO Form 8-122.

e. Forms will be dispatched by War Department Essential Air Mail to the proper headquarters not later than the second day of the month following the period covered by the report. Copies of reports destined for the Chief Surgeon, General Headquarters, United States Army Forces, Pacific, will be forwarded direct to this headquarters by the Medical Officer rendering the report. These copies will not be forwarded direct to the appropriate major command headquarters. Copies of reports destined for intermediate headquarters will be forwarded through channels.

f. Reports will be unclassified.

g. The original and first copy of WD AGO Form 8-19 and WD AGO Form 8-164 will be forwarded direct to the Chief Surgeon, General Headquarters, United States Army Forces Pacific. Additional copies will be prepared and distributed as prescribed by the Major command concerned.

(Cir 49)

2. Modifications of Instructions on WD AGO Forms 8-19 and 8-164.

a. WD AGO Form 8-19

(1) The Table of Organization and Equipment under which the unit is operating will be shown in the upper left hand corner of the page.

(2) The major command to which the unit is currently assigned will be shown in the upper right hand corner of the page.

(3) Under "Name of unit and location" both the physical location and the APO will be shown.

(4) In Table VII, SSN 657 will be added to the printed list.

(5) Remarks - Number of beds authorized and average bed occupancy, when applicable, will be reported under "remarks" section for any month in which WD AGO Form 8-164 is not being submitted.

b. WD AGO Form 8-164. WD AGO Form 8-164 will be submitted as of the last day of the month for the months of Marc , June, September, and December except upon inactivation of the unit or return to the Continental United States when final report will include WD AGO 8-164 as required in paragraph 2 b (12), below.

(1) Item 1.- self-explanatory.

(2) Item 2.- self-explanatory.

(3) Item 3.- self-explanatory.

(4) Item 4.- The bed capacity authorized by the Table of Organization under which the unit is operating will be shown. Expansion capacity will not be included. If the Table of Organization of the unit does not call for beds, state "none."

(5) Item 5.- Average bed occupancy daily for the month will be reported by all general and station hospitals, and by field and evacuation hospitals operating as fixed installations. Field and evacuation hospitals operating as mobile units, air evacuation squadrons, convalescent hospitals and convalescent camps will indicate in Item 5 the total number of admissions for the month covered by the report. All units not actually operating will make a statement to that effect in Item 5.

(6) Column 6.-Medical Department officers assigned for duty will be grouped according to functional division of the installation (not by grade within the unit). Functional divisions include: Administrative, Medical Service, Surgical Service, Roetgenological Service, Dental Service, Nursing Service, Physical Therapy and Dietetic Services, in that order, when applicable.

Additional columns will be added in column 6 as follows:

(a) Column 6A: ASRS - This information will be supplied for each officer, computed as of 2 September 1945 with the following exceptions:

1. For Regular Army personnel the letters "RA" will be placed in the space instead of the ASRS.

2. For Army Specialized Training Program graduates the letters "ASTP" will be placed in the space instead of the ASRS.

(b) Column 6B: The category designation required by Section IV, paragraph 4, War Department Circular 366, 7 December 1945, will be expressed in Roman numerals. In case of Category IV the last month and year of agreed active duty will be shown immediately below the Roman numeral.

(c) Column 6C: The number of months of active duty since 16 September 1940 to date of current report will be shown. For Army Specialized Training Program graduates only active commissioned service will be shown.

(d) Column 6D: The number of months of oversea service since 7 December 1941 to date of current report will be indicated. Reporting of the number of months overseas will be in accordance with War Department Circular 383, 22 December 1945 as amended by War Department Circulars 9, 40, 66, and 74, current series. A major fraction of a month will be counted as a month served.

(7) Column 7.-self-explanatory.

(8) Column 8.-self-explanatory.

(9) Column 9.-Professional Classification. Indicate for Medical Corps officers the classification and degree of ability as authorized by this headquarters on AFPAC MC Form 1. Where authorized classification is not known, the unit classification will be indicated in parentheses and communication with the next higher echelon will be instituted in order to ascertain the authorized classification. Other Medical Department Corps will be classified in accordance with TM 12-406.

(Cir 49)

(10) Column 10.- One of the following symbols will be entered after each name as applicable:

(a) "FD" indicating Full Military Duty.

(b) "LOS" indicating Limited Service, but qualified for overseas duty.

(c) "LUS" indicating Limited Service, qualified for duty only within the continental limits of the United States.

(11) Column 11.- Indicate only the principal assigned duty of each officer. If the officer is absent from his station, the fact should be noted following the name of the duty assigned. Note should be made of the reason for the absence, such as: (Abs Sk in____ Gen Hosp), TDY Hq AFWESPAC), (DS Hq PACUSA), etc.

(a) Column 11A: An additional column will be added in column 11 to show the age of the officer to the nearest birthday.

(12) Final reports showing the disposition of personnel will be submitted by all units upon inactivation or return to the continental United States. These reports will be conspicuously marked with the captaion "FINAL REPORT" at the top and in the Remarks section at the bottom of WD AGO Form 8-19.

c. Supplementary reports required:

(1) A numerical recapitulation of Medical Department enlisted personnel arranged according to months of service will be attached to WD AGO Form 8-164. This will indicate the number of enlisted men by MOS, broken down into groups as follows: 1 to 12 months, inclusive; 13; 14; 15; 16; 17; 18; 19; 20; 21; 22; 23; and 24 months and over.

Example:

MOS	1-12	13	14	15	16	17	18	19	20	21	22	23	24-Over	Total
*067	2									1	1			4
120	1										1			2
149										1				1
Totals	3									2	2			7

* Only those specialties on hand need be listed.

(Cir 49)

(2) A numerical recapitulation of enlisted men now in specialist training giving present and future MOS with approximate date of completion of training.

(3) (a) An additional report attached WD AGO Form 8-164 for any Nurse, Hospital Dietician or Physical Therapist married during the period covered by the current report will include maiden name, rank, serial number, and husband's name, rank, and serial number if applicable. Upon authority for change of name from War Department, the maiden name, rank, serial number, new name, and authority for change will be shown.

(b) Any nurse, Hospital Dietician or Physical Therapist evacuated for medical reasons will be listed showing the cause and date of evacuation.

3. Report of Medical Department Personnel changes, (Reports Control Symbol QMD-07) on AFPAC Form 75 will be prepared as of midnight for any day Medical Department officer personnel changes have occurred within any medical unit, installation, detachment or overhead element to which Medical Department officer personnel are assigned, including medical detachments on duty with other arms or services, even though they are not responsible for treatment of the sick and do not render WD AGO Form 8-122.

a. Reports will be dispatched by War Department Essential Air Mail to the Chief Surgeon, Army Forces, Pacific, within 24 hours of any Medical Department Officer personnel change. These copies will not be forwarded to intermediate echelons for consolidation, but a copy will be submitted to the major command for information. Multiple changes occurring for any one day may be submitted by letter in roster form.

b. Instructions for preparation:

(1) Information on name of reporting unit, APO, command, date name, rank, Corps,ASN and EDCMR - self-explanatory.

(2) ASR, SSN, age and category will be reported in the same manner as in paragraph 2 b, above.

(3) Active Duty (A/B) will show the number of months of active duty since 16 September 1940 <u>to last day of current month</u>. For Army Specialized Training Program graduates show <u>only active commissioned service</u>.

(4) Oversea Duty (O/S) will show the number of months of oversea service since 7 December 1941 <u>to last day of current month</u>.

(5) Any officer recently assigned to the reporting unit or returning from detached services or temporary duty will be indicated under "Transfer from," listing the officer's previous organization and major command.

(Cir 49)

(6) Any officer leaving the reporting unit on detached service or temporary duty, or permanent change of station will be so designated under "Assigned to", listing the officer's new organization and major command. An officer returning to the continental United States will be so designated by "Returned to U.S.", giving the name of debarkation point and authority thereof.

(7) Any Medical Department Officer carried under Detachment of Patients will be reported on AFPAC Form 75 on evacuation to the United States or reassignment to a medical installation.

4. The following reports are discontinued:

TITLE OF THE REPORT	REPORTS CONTROL SYMBOL
Report of Regular Army and Army Specialized Training Program Graduate, Medical Department Officers	QMD-05
Report of Medical Department Officer personnel Returned to the United States	QMD-06
Monthly Report of Marriages (Required by AFPAC Radio ZX 28988, 2 November 1945)	

5. AFPAC Circular 96, dated 19 October 1945, is rescinded.

By command of General MacARTHUR:

PAUL J. MUELLER,
Major General, General Staff Corps,
Chief of Staff.

OFFICIAL:

/s/ John B. Cooley
/t/ JOHN B. COOLEY
Colonel, AGD,
Adjutant General.
