CHECK SHEET

Subject: Property of Dissolved Organizations

From: CIE To: CPC Date: 4 June 1948

2 Cont'd 2. CIE requests that proposed amendment to SCAPIN 1868 provide that the Ministry of Education be authorized to obtain such properties as may be necessary to carry on legitimate projects. Only such projects as approved in advance by appropriate SCAP agencies would be considered as "legitimate."

----------D.R.N.----------

PHT/GCC/JRW/mg
Date: 3 Jul 1948

From: CPC/CD To: C-2
Attn: Public Safety Div.

3 1. Reference is made to the following:

a. SCAPIN 1868, 1 March 1948, subject, "Disposition of Properties Belonging to Dissolved Organizations;"

b. Check Notes No. 1 and No. 2 from PH&W and CI&E, 27 May 1948 and 4 June 1948, subject, "Property of Dissolved Organization."

2. It is felt that an amendment to SCAPIN 1868 will be necessary to exempt from sale specific properties belonging to these organizations which are needed for the implementation of programs sponsored by SCAP Staff Sections and under the general supervision of Japanese Government agencies. Present provisions of SCAPIN 1868 preclude the use of these properties for such purposes, and provides for their immediate sale.

3. To accomplish this, it is requested that C-2 prepare a list of specified properties indicating the name of the dissolved organization, address and description of the property and the purpose for which said property is to be used.

4. It is further requested that subject list be forwarded to the Civil Property Custodian not later than 1 August 1948, since it is anticipated that the disposition program will begin shortly thereafter.

Subject: Property of Dissolved Organizations

From: PH&W To: CPC Date: 27 May 1948
THRU: CI&E

1 1. AG 386.7 (1 Mar 48)CPC/CD, (SCAPIN 1868), subject: "Disposition of Properties Belonging to Dissolved Organizations", sets forth definite restrictions concerning subject properties. These are:

a. That properties in use as hospitals or schools on 1 March 1948 will continue in such use. (Paragraph 6d, SCAPIN 1868); and

b. That only properties being used for necessary official governmental purposes as of 1 March 1948 will continue in such use and not be sold. (Paragraph 6e, SCAPIN 1868).

All other properties will become the property of the Japanese Government and will be sold "to the highest acceptable bidder".

2. The Ministry of Welfare and Prefecture Welfare Departments are still anxious to secure certain of these properties for what PH&W Section considers to be legitimate governmental health or welfare services. (i.e. 1. Osaka branch of Japan School of Social Work. 2. A model Mothers-and-Children's Home in Tokyo. 3. A model Children's Village in or near Tokyo. 4. Prefectural or municipal Health Centers). SCAPIN 1868, as written, precludes the possibility of securing these properties.

3. PH&W Section requests consideration for an amendment to SCAPIN 1868, which will make it possible for the Ministry of Welfare to secure such properties as may be necessary to carry on these legitimate projects. Only such projects as received advance approval by SCAP Sections would be considered as "legitimate".

4. Forwarded to CPC through CI&E (Attn: Lt. Col. Nugent) because of interest in proposal presented by PH&W Section.

OUTLINE OF PROPERTY JUSTIFICATION

Dissolved Organization: Kanagawa Ken Yasutomo Kai

Type Property: Land

Property Address:
(1) Yokohama Shi, Minamiku, Kaminagatani, Zaika.
(2) Yokohama Shi, Minamiku, Kaminagatani, Torigoe, 5149 Banchi.
(3) Yokohama Shi, Minamiku, Kaminagatani, Torigoe, 5156 Banchi.
(4) Yokohama Shi, Minamiku, Kaminagatani, Torigoe, 5158 Banchi.

These four parcels of land will be utilized by Yokohama Prison for producing food. At the present time, Yokohama Prison has 2609 inmates but has only a small prison farm of 5 cho 7 tan 9 se producing enough vegetables, and other foods, to feed 600 prisoners. As in the United States, it is desirable for each prison to be self-sustaining in production of food stuff consumed by inmates, and, with the prisoner labor available, at minimum cost to the public. Since vegetables, and other foods, are scarce, difficult to procure, and highly priced, cultivating this additional area of 1 cho 1 tan 7 se 3 bu will help alleviate this critical problem confronting prison officials. It is to be noted that 20 cho 3 tan of land would be needed to make this prison entirely self-supporting. In addition, these areas are within two kilometers of Yokohama Prison and can be farmed by inmates without use of transportation.

Dissolved Organization: Nippon Fukuso Kyokai

Type of Property: Land

Property Address: Tokyo-to, Nakanoku, Sakaecho 2 Chome, 37 Banchi

A juvenile probation office and reformatory will be constructed on this land site. Since enactment of the Juvenile Code and Reformatory laws, and change from private institution to public reformatories for juveniles being implemented, new installations are necessary for confinement and rehabilitation purposes. As the juvenile offense rate appears to be increasing, and since present institutions are overcrowded, construction at this site, convenient to the Tokyo Branch Office of Tama Reformatory, will provide one of the needed institutions.

Subject: Property of Dissolved Organizations

From: PH&W To: CPC Date: 27 May 1948
THRU: CI&E

1 1. AG 386.7 (1 Mar 48)CPC/CD, (SCAPIN 1868), subject: "Disposition of Properties Belonging to Dissolved Organizations", sets forth definite restrictions concerning subject properties. These are:

a. That properties in use as hospitals or schools on 1 March 1948 will continue in such use. (Paragraph 6d, SCAPIN 1868); and

b. That only properties being used for necessary official governmental purposes as of 1 March 1948 will continue in such use and not be sold. (Paragraph 6e, SCAPIN 1868).

All other properties will become the property of the Japanese Government and will be sold "to the highest acceptable bidder".

2. The Ministry of Welfare and Prefecture Welfare Departments are still anxious to secure certain of these properties for what PH&W Section considers to be legitimate governmental health or welfare services. (i.e. 1. Osaka branch of Japan School of Social Work. 2. A model Mothers-and-Children's Home in Tokyo. 3. A model Children's Village in or near Tokyo. 4. Prefectural or municipal Health Centers). SCAPIN 1868, as written, precludes the possibility of securing these properties.

3. PH&W Section requests consideration for an amendment to SCAPIN 1868, which will make it possible for the Ministry of Welfare to secure such properties as may be necessary to carry on these legitimate projects. Only such projects as received advance approval by SCAP Sections would be considered as "legitimate".

4. Forwarded to CPC through CI&E (Attn: Lt. Col. Nugent) because of interest in proposal presented by PH&W Section.

2 (Cont.) 2. CIE requests that proposed amendment to SCAPIN 1868 provide that the Ministry of Education be authorized to obtain such properties as may be necessary to carry on legitimate projects. Only such projects as approved in advance by appropriate SCAP agencies would be considered as "legitimate."

PHT/GCC/JRW/mg

From: CPC/CD To: G-2 Date: 3 Jul 1948
Attn: Public Safety Div.

3. 1. Reference is made to the following:

a. SCAPIN 1868, 1 March 1948, subject, "Disposition of Properties Belonging to Dissolved Organizations;"

b. Check Notes No. 1 and No. 2 from PH&W and CI&E, 27 May 1948 and 4 June 1948, subject, "Property of Dissolved Organizations."

2. It is felt that an amendment to SCAPIN 1868 will be necessary to exempt from sale specific properties belonging to these organizations which are needed for the implementation of programs sponsored by SCAP Staff Sections and under the general supervision of Japanese Government agencies. Present provisions of SCAPIN 1868 preclude the use of these properties for such purposes, and provides for their immediate sale.

3. To accomplish this, it is requested that G-2 prepare a list of specified properties indicating the name of the dissolved organization, address and description of the property and the purpose for which said property is to be used.

4. It is further requested that subject list be forwarded to the Civil Property Custodian not later than 1 August 1948, since it is anticipated that the disposition program will begin shortly thereafter.

Mr. Lewis:

The attorney general's office has checked the list of properties belonging to dissolved organizations attached to SCAPIN 1868. They found a more recent list, attached in forwarded.

Mr Cranor:

check
1.Attached are/sheet # 4 June'48 with annex of G-2 Attn-Public Safety Division,date 3 Jul 1948,reference to lists required of any Property of Dissolved Corporations" which may be needed for public purpose etc.

2. Please check against copy of proposed "Extension and Expansion Program of National Reformatories for 1948" and then consult CARGAB and ACARB further about any such properties which they may wish to secure.

3. Col Battey's buck slip says he wants report by 12 July'48.

B.G.L.

Dr. Lewis,

Mr. Franchere says that none of the properties involved in the proposed plan for "Extension and Expansion of Reformatories" belong to "Dissolved Corporations"

So far as I know the only plants being considered for adult prisons are former Naval (Japanese) Installations and one private weaving mill in Gifu which the owner has offered to donate for a Women's Prison.

Subject: Dissolved Organizaton Property

To: Col Bailey

1. On 10 Jul 48, MSB reported all MSB property throughout Japan was checked against the list of dissolved organizations in SCAPIN 1868 and MSB does not use & occupy, any or part of the property listed.

2. In my opinion this is a one time chance to pick up some property but it will do no good to include a joker clause as PH & W did in Par 3. If the specific property desired is not mention in the answer to CPC, no later request will be recognized after the property is put up for public sale

3. MSB reported they are not interested in acquiring any of the property listed

CHECK SHEET

Subject: Property of Dissolved Organizations

From: CIE To: CPC Date: 4 June 1948

2 Cont'd 2. CIE requests that proposed amendment to SCAPIN 1868 provide that the Ministry of Education be authorized to obtain such properties as may be necessary to carry on legitimate projects. Only such projects as approved in advance by appropriate SCAP agencies would be considered as "legitimate."

-D.R.N.-

PHT/GCC/JRW/mg
Date: 3 Jul 1948

From: CPC/CD To: G-2
Attn: Public Safety Div.

3 1. Reference is made to the following:

a. SCAPIN 1868, 1 March 1948, subject, "Disposition of Properties Belonging to Dissolved Organizations;"

b. Check Notes No. 1 and No. 2 from PH&W and CI&E, 27 May 1948 and 4 June 1948, subject, "Property of Dissolved Organization."

2. It is felt that an amendment to SCAPIN 1868 will be necessary to exempt from sale specific properties belonging to these organizations which are needed for the implementation of programs sponsored by SCAP Staff Sections and under the general supervision of Japanese Government agencies. Present provisions of SCAPIN 1868 preclude the use of these properties for such purposes, and provides for their immediate sale.

3. To accomplish this, it is requested that G-2 prepare a list of specified properties indicating the name of the dissolved organization, address and description of the property and the purpose for which said property is to be used.

4. It is further requested that subject list be forwarded to the Civil Property Custodian not later than 1 August 1948, since it is anticipated that the disposition program will begin shortly thereafter.

Subject: Property of Dissolved Organizations

From: PH&W To: CPC Date: 27 May 1948
THRU: CI&E

1 1. AG 386.7 (1 Mar 48)CPC/CD, (SCAPIN 1868), subject: "Disposition of Properties Belonging to Dissolved Organizations", sets forth definite restrictions concerning subject properties. These are:

a. That properties in use as hospitals or schools on 1 March 1948 will continue in such use. (Paragraph 6d, SCAPIN 1868); and

b. That only properties being used for necessary official governmental purposes as of 1 March 1948 will continue in such use and not be sold. (Paragraph 6e, SCAPIN 1868).

All other properties will become the property of the Japanese Government and will be sold "to the highest acceptable bidder".

2. The Ministry of Welfare and Prefecture Welfare Departments are still anxious to secure certain of these properties for what PH&W Section considers to be legitimate governmental health or welfare services. (i.e. 1. Osaka branch of Japan School of Social Work. 2. A model Mothers-and-Children's Home in Tokyo. 3. A model Children's Village in or near Tokyo. 4. Prefectural or municipal Health Centers). SCAPIN 1868, as written, precludes the possibility of securing these properties.

3. PH&W Section requests consideration for an amendment to SCAPIN 1868, which will make it possible for the Ministry of Welfare to secure such properties as may be necessary to carry on these legitimate projects. Only such projects as received advance approval by SCAP Sections would be considered as "legitimate".

4. Forwarded to CPC through CI&E (Attn: Lt. Col. Nugent) because of interest in proposal presented by PH&W Section.

PUBLIC SAFETY DIVISION

APO 500
28 August 1946

SUBJECT: Memorandum opinion in re Japanese Real estate law and Building permits.

TO : Mr. Harry Shupak
Public Safety Division

There has been no change in Japanese law relating to the ownership of real estate by Japanese Nationals. The state, corporations and individuals may own land and make contracts (like deeds, leases and agreements) for its transfer or use. Title to land may only be acquired by consent of the owner or by a process of law divesting him or it of ownership and title.

The use of land however may be restricted by the state as in the US for the public good. As in the U S before a building is constructed a permit must be obtained from authorities. This permit makes no change in ownership and it is assumed the person applying for the permit has some kind of title to the land. If he has not he is illegally on the land and may be evicted by the owner.

However in some cases as in the Air Defense Act and evacuated land, the state (administrative authority) has acquired title to land by purchase or lease from the owner. In the case of purchase the state has power to contract for its use as it desires. In the case of lease it has not if the lease did not includethe right of sub-letting for private purposes and consent of the owner must be obtained.

In determining whether a personis rightfully on land and not a "squatter" the simple test is; has he the consent of the owner, be that owner the state, a corporation or an individual.

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

No. 1

TO: Major W. H. Smith, G.I.S. GHQ SCAP.

FROM: Director of the Police Bureau, Home Ministry.

SUBJECT: Real phase of the dispute over returning of a farming-land in Tochigi-ken.

TIME OF OCCURRENCE: June 11th, 1946.

PLACE: At Maoka-machi, Haga-gun, Tochigi-ken.

1. Managements by the Procurator's Office

As a result of the inquiries conducted by the Procurator's Office, four persons, namely Gohei Isegai, Yojiro Watanabe, Sankichi Himuro and Naoyoshi Sugano, out of the above-said six men and two others named Shinichiro Yamakawa and Heishichi Isegai who participated in sapling planting were prosecuted on July 18th and they are now detained for preliminary trial (Ichisaburo Nakajima and Yoshiyuki Ueno, two men out of the six arrested were suspended for prosecution).

2. Opinion in re this Problem

A problem which had already been settled amicably between both parties of the landlord and tenant-farmer was willfully aggravated by members of the Farmers' Council led by members of the Communist Party and the methods employed were extremely immoderate, therefore the managements of the Procurator's Office in arresting and prosecuting the persons concerned are considered to be adequate.

Item 2, Clause 9 of the Farming-land Adjustment Laws now in force provide as:-

"In case where a term is fixed between the parties concerned as of the lease of a land, unless otherwise a notice of refusing a renewal is given by one party to the other party, within a period of 6 months or 1 year prior to the time of expiry, the lease is regarded as concluded anew with the same conditions as of the lease valid heretofore----omitted-----"

however, as of this case, a term of "until the sons being relieved of the military service" had been fixed, therefore, the notification of refusal of the renewal made in October, last year is regarded as lawful.

Item 3, Article 9 of the same law further provides that:-

"In case where either party wishes to dissolve a contract

of the lease of a farming-land or to refuse a renewal, he must obtain, according to the definition by the laws order, understanding of the farming-land committee at Shi, Cho or Son"

and as per Item 5 of Article 17 of the same law, violator of the laws would be punished with -

"an imprisonment of less than 6 months or a fine of less than Yen 500.00"

however, this clause was amended as per the Law No. 64 dated February 28th, 1946 and was put into force as from February 1st, the same year as per the Imperial Ordinance No. 37 of the year 1946 and, according to the laws actually in force at the time of the occurrence which provide that:-

".....omitted.....the effect should be notified to the farming-land committee of Shi, Cho or Son beforehand"

(no rule has been provided as for the punishment), the landlord and the tenant-farmer did, with joint signature, complete the lawful procedures by producting the report as of the transfer of the farming-land, so there is no violation of any provision of the laws.
