CRIMES TO WHICH DOCUMENT APPLICABLE: Atrocities, China;
Crimes Against Humanity; Violation Geneva POW Convention

SUMMARY OF RELEVANT POINTS (with page references):

Affidavits describe, among other things, maltreatment and murder of nurses and employees at the St. Stephens College Hospital, Hongkong; forcing of sick men to go on working parties at Kai Tek Airport, and that a number of extremely sick men were actually carried to the work on stretchers in order to meet the exact number demanded.

Senior British Medical Officer at Hongkong describes the medicines provided as grossly inadequate to cope with the diseases caused by malnutrition and such diseases as beri beri, pelegra, and failing vision. The food supplied was on a starvation diet and Red Cross parcels were freely taken by the Japanese and consumed by them.
