NO. 152.

IMPORTANT CIVIC BUSINESS IN HAND

SOME MATTERS UP AT TO-NIGHT'S MEETING

Proposal to Get More Data Re Sooke Lake Scheme May Cause Discussion

The consideration of some important reports by Angus Smith, city engineer, will probably be the feature of the business to be transacted at this evening's regular weekly meeting of the council. There is the matter of securing further data to assist H. M. Burwell, the Vancouver hydraulic expert, who has made a report as to the cost of the Sooke Lake water project; the proposed improvement scheme on Dalhousie road, and the suggestion by Mr. Smith that the city should put up an asphalted plant of its own.

In regard to the Sooke Lake proposition, it appears that Mr. Burwell, who has already submitted an interim report, desires some further information as to the cost of diverting the waters of Leech river into Sooke lake. The city engineer estimates that it will take several men a couple of weeks to secure the desired information, the cost being about \$300.

In view of the fact that Mr. Burwell in his report estimates that the cost of tunnelling through the Sooke mountains would be at least \$30 per foot, several members of the board, possibly a majority, are of the opinion that the whole scheme might as well be abandoned.

Mayor Morley, however, takes the position that the citizens' water committee should be allowed to decide that question, and, further, until Mr. Burwell had made his complete report it would be unwise to arrive at any conclusion. It is also felt that there is no necessity for such an expensive report as has been outlined by the city engineer—a simple aneroid survey being sufficient. The discussion of this clause in the engineer's report may reopen the whole water question, which has been lying in a state of lethargy for several months past.

The city engineer estimates the cost of the proposed Dalhousie road improvement at \$4,665, exclusive of the sum which will require to be expended to protect the foreshore. Owing to the fact that the council cannot contribute more than \$15,000 under any one local improvement scheme, the enterprise, if determined on, will probably have to be carried out under two or more by-laws. The cost of the asphalt pavement, 22 feet in width, is \$47,623, an eight-foot cement sidewalk on the north side, \$10,000; a twelve-foot sidewalk on the south side, \$5,000; lighting system, \$6,000, and contingencies \$3,600. According to the estimate of the city engineer the cost to the owners will be \$28,291 and to the city \$36,402.

The city engineer believes that the time has arrived when the corporation should go in for an asphalted plant of its own. He contends that it would pay for itself in a comparatively short period. A good pavement can be laid at a rate of about \$1.75 per yard, though this amount would not include the charge on plant for operation, deterioration, etc.

A recommendation will go forward from the streets committee to the council's meeting of the council that forty tons of asphalt, at \$18.75 per ton, and 25 tons of flux, at \$21.75 per ton, be purchased. Some considerable improvements are to be made at the filter beds at Elk lake, to meet the growing requirements of the water service, and at to-night's meeting a recommendation will be made by the streets committee that tenders be called for the delivery at the lake of 15,000 yards of sand. This material will cost approximately \$1 per yard.

The streets committee will recommend at to-night's meeting that the new refreshment booth which it was proposed should be erected at Beacon Hill park at a cost of \$2,500 stand over until next year, and that only the dressing rooms be proceeded with just now. These rooms will be located on the slope of the hill convenient to the athletic grounds.

Provided that the city's interests are not prejudicially affected no objection will be made to the proposed extension of the wharf of the Victoria Dock Company, nor to the application of the B. C. Securities Company, which will erect a building on that part of James Bay, opposite the post office.

ENUMERATORS' PERILOUS TRIP

Travels Five Thousand Miles in Dead of Winter Through Wild Part of Alaska.

Seattle, Wash., June 27.—Dr. C. E. Scott, census enumerator for the district of Kuskokwim, Alaska, is in the city with the completed count of his 1,000 miles of territory, which he will forward to Washington at once. Scott arrived on the steamer Senator from Nome yesterday. To gather the figures for the 1910 census, Dr. Scott travelled 5,000 miles in the dead of winter by dog sled, through the wildest and most unsettled country in the North. At one point it seemed impossible to go forward, while to remain the men would have starved. The natives guide and dog driver refused to go any further at the end of the second day of a blizzard. Strapping his guide to the sled and urging his dogs on, the doctor finally made a camp 10 miles distant, at the end of the fifth day of the storm. The team had had nothing to eat during the five days and collapsed when shelter was reached.

TWO KILLED IN AUTO ACCIDENTS

MAN BURNED TO DEATH IN WRECK OF CAR

Spectators Unable to Rescue Victim—Machine Crashes Into a Telegraph Pole

(Times Leased Wire.) St. Louis, Mo., June 27.—With on-lookers unable to give any assistance, Robert O. Abel, 24, burned to death in the wreck of an automobile here today, and his brother, Fred Abel, and a friend, Harry Jewson, were seriously injured.

The automobile overturned and pinned Robert Abel beneath it. The wreck was soon enveloped in flames, and passers-by who endeavored to rescue Abel were driven away by the heat.

Driver Killed. Oakland, Cal., June 27.—Mrs. Adolph Zeis is in a critical condition today, and Charles Reuter and Mrs. J. W. Branford are recovering from serious injuries following an automobile accident near here in which Adolph Zeis, a travelling salesman, was killed. Zeis was driving the machine. While rounding a curve Zeis was temporarily blinded by the glare of a street car headlight, and the automobile crashed into a telegraph pole.

Mr. and Mrs. Zeis were thrown from their seats. Zeis striking against the pole and his wife landing several yards ahead of the automobile. Reuter and Mrs. Branford retained their seats in the machine.

Run Down By Car. Beverly, Mass., June 27.—Robert Taft, eldest son of President Taft, while riding in an automobile this afternoon, ran down and probably fatally injured Michael Thistwoile, an Italian. Eyewitnesses declare that young Taft was not responsible for the accident.

George Harrison, of Washington, and Kenneth King, of Minneapolis, were in the automobile with young Taft. They were driving slowly at the crossing, which was being repaired. Thistwoile was crossing in front of the Taft machine when he saw another automobile approaching. He admitted that he stopped in the path of the Taft car. The machine struck and threw him to one side. It is believed his skull is fractured. He had several cuts and bruises on his head and body.

ELECTORAL REFORM IN HUNGARY

Budapest, June 27.—In his speech from the throne at the opening of the newly-elected parliament Emperor Francis Joseph fore-shadowed a domestic reform of the electoral system, and an increase of the expenditure for the military force.

CARRIER PIGEONS AT BABINE LAKE

One Captured With Engraved Ring on Leg—Flies Southward When Released

(Special to the Times.) Hazelton, June 27.—The Interior News, published at Aldermere in Saturday's issue published the following: "This paper has received by to-day's mail the following message from J. M. Kenrick at Babine Lake, dated June 15th: "To-day there landed here two carrier pigeons. They seemed very tired and were exceptionally hungry. On one leg of each bird was noticed a small aluminum ring. By means of some grain we captured one, but the other at once flew away in a southerly direction. Inscribed on the ring on the captured bird was engraved the following: 'V. H. C. 957, 1907.' On the bird being released it at once started off in the direction of its mate."

WILL NOT PRESS FOR EXTRADITION

Italian Authorities to Make Formal Demand for Surrender of Porter Charlton

(Times Leased Wire.) Rome, June 27.—Although Italy intends to demand the extradition of Porter Charlton to face trial for the murder of his wife at Lake Como, it is understood that the government will not press the demands. It is believed the refusal of the American authorities to transfer Charlton would cause no regret, as it would sustain the action of Italy in refusing to grant the extradition of Italians wanted in America for high crimes.

Will Be Arraigned To-Morrow

New York, June 27.—Porter Charlton, accused of the murder of his wife, Mary Scott Castle Charlton, will be arraigned in Jersey City to-morrow, and his investigation by an insanity commission will be demanded. It is expected that Charlton will be adjudged insane, and that he will be sent to an asylum. If he be found insane the New Jersey authorities will refuse to transfer him to the federal authorities, should Italy demand his extradition.

DIES SUDDENLY

Belfast, Ireland, June 27.—Mr. William Henry Brown, chief engineer of the Pennsylvania railroad, died suddenly from heart failure here.

THE EASTERN HANDICAP. EASTERN MAGNATE—"The Coast, the Coast, my millions for the Coast!"

THREE BANDITS HOLD UP TRAIN

ROB PASSENGERS AND EXPRESS CAR

Escape in Darkness With Their Booty—Pursuit of Robbers

(Times Leased Wire.) Salt Lake City, Utah, June 27.—After quelling a train crew on the Oregon Short Line train No. 27, second section, attacking passengers and robbing them of their valuables, three robbers broke into the Wells Fargo express car, gathered considerable loot and fled. The scene of the hold-up was Harrisville, six miles north of Ogden, and the robbery occurred at 2:30 a. m. to-day.

The train westbound was going slowly through Harrisville when the three robbers appeared on the platform of one of the passenger coaches. Brakeman Franklin attempted to give the alarm but was struck on the head with a revolver butt and thrown from the train. The robbers made a systematic search of the occupants of the coaches. Rings, watches and other jewelry and money poured into their pockets. Occasionally a passenger who became obstreperous was tapped on the head with a revolver butt.

Two of the train crew appeared on the scene and both were locked in a lavatory of one of the cars. Meanwhile the train sped along while the remainder of its crew was oblivious to the sacking of the coaches. After looting the passengers, the robbers broke into the express car. While two of the bandits covered the express crew with revolvers, the other collected valuable packages and money. They then pulled the whistle cord and as the train slowed up, dropped off in the darkness.

Meanwhile brakeman Franklin had recovered consciousness and crawled to a farm house. News of the robbery was telephoned to Ogden and Franklin was given medical treatment. Shortly afterward Salt Lake City was notified that a special train carrying Joseph Jones, chief special agent of the Short Line, and an armed posse had left Ogden at 4:30 o'clock. Armed posses on horseback also set out from Ogden and Highgate City to take up the pursuit of the robbers.

The robbers were particularly brutal in their treatment of the passengers and crew. In addition to beating Brakeman Franklin and throwing him from the train they attacked the express messenger and beat him into insensibility.

Many of the passengers in the Pullmans were struck while they were asleep and others who were awakened and offered resistance were clubbed with revolver butts. Ear-rings were torn from the ears of women passengers.

The robbers were reported to have been seen near the Lucin cut-off. Their total loot is estimated at \$22 in money and \$1,000 worth of jewelry.

DIAZ IS AGAIN PRESIDENT OF MEXICO

Returned Without Opposition—Corral is Elected Vice-President of Republic

(Times Leased Wire.) Mexico City, June 27.—The election of Diaz as president and Corral as vice-president of Mexico yesterday will be formally ratified by the chamber of deputies on July 10. Diaz was unopposed and contrary to predictions, there was no disorder.

Owing to the advanced age of President Diaz it is believed this will be his last term. It is predicted by politicians that Felix Diaz will be appointed governor of Vera Cruz and that in 1916 Corral will seek the presidency and Felix Diaz the vice-presidency. Their election would mean a perpetuation of the Diaz policies.

INSANE CHINAMAN LEAPS TO DEATH

Jumps From Steamer on Arrow Lake While Being Taken to New Westminster

(Special to the Times.) Nelson, June 27.—Chung Sam Hop, an insane Chinese, while being taken to New Westminster by Provincial Constable J. Simpson, of Kaslo, jumped overboard from the steamer Rosland, between Nakusp and St. Leon and was drowned in Arrow lake yesterday. His body has not been recovered. Simpson has returned to Nelson.

HEAT CLAIMS MORE VICTIMS IN CHICAGO

Three Deaths Reported in Twenty-Four Hours—Light Showers Predicted for Tuesday

(Times Leased Wire.) Chicago, June 27.—Three men are dead and another is near death as the result of the terrific heat of the last 24 hours. John Murphy, laborer, dropped dead in a saloon. East Endrickson, teamster, was found dead in bed. Thomas Elliott, laborer, employed by the city water department, fell dead in the street.

Edwin Slagle, of Aurora, was overcome by the heat while attending services at the Moody Bible Institute. His condition is serious. Relief is promised for to-morrow. Light showers, accompanied by breezes, were predicted.

THREE CHILDREN PERISH

Kingston, N. Y., June 27.—Playing with matches in a barn, three little children were burned to death in Sabersville, N. Y. They were Jack and Richard Doyle, aged three and five years respectively, sons of John Doyle, and Harry Abel, the four-year-old son of Harry Abel.

FOUR PROBABLY LOST LIVES

EXCURSION STEAMER BURNED TO WATER'S EDGE

(Times Leased Wire.) La Crosse, Wis., June 27.—Federal Steamboat Inspector Knapp today is investigating the burning of the excursion steamer J. S. 24 miles below La Crosse, on the Mississippi river. Saturday night, when Mrs. Emma Crandall was drowned and 50 others injured.

Jack Plein, Norval Fox and a third man are still missing. They were locked in the forward hold of the vessel for drunkenness and it is reported that they were burned to death. The body of Mrs. Crandall was recovered to-day.

They were fifteen hundred excursionists on board when the fire broke out. The boat caught fire when two miles above Victoria, Wis. Putting on full speed, Captain Streckfus headed the boat for Bad Axe island in mid river, which was but a short distance away. Before the general alarm was sounded the vessel had grounded on sand and good work of the crew prevented a great catastrophe.

CHILDREN POISONED

Seattle, Wash., June 27.—Jeanette Campagni, the 8-year-old daughter of Frank Campagni, of 29 Thirty-first avenue, is dead, two boys are recovering from a serious illness, and a half dozen other children have suffered slight sickness as the result of eating dogwood or "black" berries, growing on a vacant block in the neighborhood.

Jeanette Campagni died after a two days' illness, attended by convulsions. Her case did not appear serious until yesterday morning when home care proved ineffective. A physician was called, but the girl died late in the afternoon. The children ate the berries Wednesday.

RESCUED BY WOMAN

Pueblo, Colo., June 27.—Rescued from the clutches of a live high power wire by an intrepid woman, Joseph Pfeiffer, a lineman, has a lightning chance against death to-day. Pfeiffer had been knocked out by a shock of 25,000 volts and hung suspended at the top of a pole by his belt. He was seen by a woman who, after considerable labor, hauled cross pieces to the pole for a height of 30 feet, climbed the improvised ladder and rescued the lineman.

WASHINGTON GRAIN CROP

Colfax, Wash., June 27.—Although the fall sown wheat is not suffering much, rain is needed badly for the spring wheat in Eastern Washington. Much of the fall sown wheat is in head. It is generally believed that, with favorable weather conditions from now until harvest, the crop will not be more than two-thirds as large as the yield last year.

ANGLO-GERMAN ROYAL ALLIANCE

PRINCE OF WALES MAY WED KAISER'S DAUGHTER

Rumor in Court Circles That German Emperor and Empress Favor Marriage

(Special to the Times.)

Berlin, June 27.—There are interesting rumors in circulation in military and social quarters at Potsdam to the effect that the Kaiser and Kaiserine are thinking of a matrimonial alliance between their only daughter, Princess Victoria Louise of Prussia and the eldest son of the King and Queen of England who is the Prince of Wales. The Princess, who will be 13 next September, is one year and three-quarters older than the Prince of Wales, but that would not be regarded as a handicap from her parents' point of view. The Kaiser's wife is several months older than the Emperor and their second son, Prince Frederick of Prussia, is married to a princess nearly three years his senior.

It is hoped in Potsdam court circles that when King George and Queen Mary make their first official visit to Germany they will be accompanied by the Prince of Wales and that the latter may have an agreeable opportunity of making acquaintance with his fair third cousin, which may some day ripen into affection.

The number of European princes who the Kaiser and Kaiserine consider eligible for their only daughter's hand is rather limited. Those who are generally looked upon as most eligible are Roman Catholics, like the young King of Portugal and one of the young Austrian Archdukes. The Kaiserine, who is very deeply attached to her daughter, has in accordance with her own principles, brought her up as an uncompromising Protestant and would further see her married to one of a throne with a Roman Catholic king.

The marriage with the future King of England would suggest political advantages of far reaching effect. The close dynastic ties between England and Germany of course have not been able to prevent strained relations and the bad blood between the two countries, but it is believed in Germany that if the Kaiser's daughter should become Great Britain's future King's consort, the danger of Anglo-German hostilities would become remote to the vanishing point. King George ranks here as a first class Germanophile and doubts as to whether he could be persuaded to consider an alliance between his heir and the Kaiser's daughter as expressed.

ANOTHER AERIAL LINE MAY BE INAUGURATED

Proposal to Put Zeppelin Airship in Service Between New York and Boston

(Times Leased Wire.)

New York, June 27.—A gigantic Zeppelin airship may be put into service between New York and Boston, according to Emil Boas, managing director of the Hamburg-American steamship line, which is interested in the enterprise at Düsseldorf, Germany. Boas says the company has considered the idea, but it depends upon what arrangement can be made with the American government. If the aerial liners are classed with water ships it will be necessary to secure a special dispensation from the United States government to operate a line here, as the company is incorporated in Germany. This would be prohibited, under the present laws in the United States.

NEW CABINET TAKES OFFICE IN PORTUGAL

Ministry Formed by Ex-Minister of Finance Who Becomes Premier

(Times Leased Wire.)

Lisbon, June 27.—Portugal to-day has a new cabinet, formed by Don Antonio Teixeira de Sousa, ex-minister of finance, at the request of King Manuel. The new cabinet is composed as follows: Premier and minister of the interior—Teixeira de Sousa. Minister of justice—Manuel Fratel. Minister of finance—Anselmo Andreole. Minister of war—General Baposo. Minister of foreign affairs—Jose Azavedo. Minister of marine—Marusco De Sotha. Minister of public works—Peireira Santo.

CHEESE-MAKERS FINED

Ottawa, June 27.—L. Lalonde and F. Robinson, Papineauville, Quebec, pleaded guilty to charges of "stuffing" 21 cheeses with inferior or worthless "curd." The charges were laid by Inspector MacPherson of the duty commissioner's staff. The defendants were fined \$5 and costs, and there will be the loss on cheese in addition. This is the second case which has come up under the law.

TERMS OF FORT STREET WIDENING

DETAILS OF PROJECT IN CIRCULAR LETTER

Likely That Further Delay Will Ensnare Owing to Necessity of Amending Petition

Those best informed as to the circumstances of the case are of the opinion that another and further vexatious delay will ensue with the Fort street widening enterprise, owing to the necessity for the circulation of a new petition; and there is little probability of there being much progress made with the work this year. The council having decided to amend the petition in aid of the local improvement, in that the cost of the work of paving shall be spread over 10 years instead of 20 years; the bylaw which had been prepared has been imperilled and a new petition is necessary. This will be circulated at once.

In view of the importance of the project the following details of the method of executing the enterprise, as set out in the notice of intended assessment, are interesting:

(a) To widen the portion of Fort street between Douglas street and Cook street under the Widening and Expropriation bylaw already passed by the council in aid of the local improvement, all the cost, charge and expense to be deemed a portion of the cost of the local improvement;

(b) To pave the widened street with efficiently creosoted wood, or with asphalt as may be decided by the municipal council;

(c) To light the said widened street by means of electric light posts bearing necessary conduits for carrying the wiring thereof underground (upkeep and maintenance to be assessed for by subsequent bylaw annually, commencing from the date of installation);

(d) Move and replace poles;

(e) To move and arrange with the B. C. Electric Railway Company the street railway rails to such position as the city may arrange;

(f) Re-construct or re-instate and enlarge permanent sidewalks to a uniform width of 12 feet on each side, with curbs and gutters;

(g) All necessary works incidental to the foregoing;

(h) Lay water, sewer and drain branches where necessary from the mains to the property line of each lot (or portion of lot in separate ownership);

The city to contribute one-third of the cost of paving under (b), and one-third cost of extra or enlarged sidewalks under (d);

The cost of all other work to be assessed against the owners.

The assessment for the cost of widening and expropriation under (a) to be made on the basis of the relative values as by the assessment roll for 1909.

The assessment for all other cost to be made on the basis of frontage.

If an arrangement satisfactory to the council in its discretion is made with the B. C. Electric Railway Company as to the moving of the rails, and with the telephone company as to carrying its wires underground, the same to be in lieu of assessment, the Victoria Gas Co. to be required to provide for the laying before paving of all pipes estimated to be required by the rear lots, otherwise the council (if so advised by the city barrister) to include the gas company in the assessment. The owners to abide by any settlement of compensation claims made by the council with owners under or without arbitration.

Any portion of the work relating to the construction of conduits for the wiring and placing of wires underground may be omitted or delayed if, in the opinion of the council, the public interests so demand.

The whole cost of the work except the lighting under (c) to be done under one authorization bylaw and one final assessment bylaw, and the assessment for cost to be spread over the following terms:

As to the widening and expropriation under (a) 50 years.

As to the paving under (b) and the permanent sidewalks under (f), 10 years.

All other work, 10 years.

The city engineer, to determine in what mode the works be carried out and what works shall be done as necessary to the foregoing and as to the cost of the said work.

There may be charged against the work of local improvement all expenses of and attending the preparation and passage of the necessary by-laws, and consequent upon the passing of the same and the legal expenses; also a proportion of administrative expense; and of supervising the work, not exceeding ten per cent. of the cost, in addition to all other proper items of cost, in accordance with the terms of the said requisition.

RAILWAY RATES

United States Government's Suit Against Twenty-Five Companies Is Dismissed. St. Louis, Mo., June 27.—On motion of United States District Attorney Houts the government's suit to enjoin 25 Western railroads from raising their freight rates was dismissed to-day. The action of the government in asking that the suit be withdrawn is a result of an agreement reached at a conference between President Taft and the presidents of a number of railroads shortly before the rate bill was passed. The injunction restraining the railroads was granted at Hannibal, Mo.

PRIZE-GIVING AT ST. ANN'S ACADEMY

High Standard of Work Among the Students—Medals and Diplomas Awarded

At St. Ann's Academy this afternoon the annual commencement exercises are taking place, with Rt. Rev. Bishop MacDonnell presiding. A fine musical programme has been arranged and a most enjoyable time is assured for the many relatives and friends of the pupils who are attending.

The condition of the academy from an educational standpoint has never been higher than at the present time, and an exhibit of water color paintings, decorated china, oil paintings and drawings which has just closed furnished conclusive proof of the high standard to which art studies have been brought. The medals, testimonials and diplomas awarded after keen competition, and the average of work among the students was exceptionally high.

Following is the programme arranged for the afternoon:

- Part I.
- Quartette—Nabucco..... Verdi
- Piano I.—Misses T. McDonell, M. Tolle, Piano II.—Misses E. Carroll, A. Duthie, Chorus—Rowing down the Stream..... Johnston
- Junior Vocal Class.
- Essay—Gold Lies Deep in the Mountain..... Miss Helen M. Gonnason
- Duet—Reve en Mer..... Le Harche
- Piano I.—Miss Margaret Sheldon, Piano II.—Miss Irene Sabin.
- Conferring of Gold Medals and Testimonials.
- Part II.
- Duet—Concertsatz..... Schumann
- Piano I.—Miss Edith Whiting, Piano II.—Miss Joan McQuiray
- Gratitude, the Memory of the Heart..... Miss Mary S. Egan
- Vocal Solo—
- (a) The First Violet..... Mendelssohn
- (b) Thou'rt Like Unto a Flower..... Rubenstein
- Miss Amy G. Jones.
- Conferring of Diplomas
- Commercial Department
- Conferring of Certificates
- Musical Department
- Chorus—Praise the Lord..... Rupes
- Senior Vocal Class.
- Address by Rt. Rev. Alexander MacDonnell, D. D.

About fifty law students are taking the annual June examinations of the Law Society in the Board of Trade rooms to-day.

POWERS AND CRETAN AFFAIRS

BRITISH POLICY DISPLEASES FRANCE

French Foreign Minister Fears Intervention in Island May Become Necessary

(Special to the Times.)

London, June 27.—There seems to be a rift in the entente cordiale between Great Britain and France. It is reported that France is displeased by the policy of the foreign secretary, Sir Edward Grey, to adopt its point of view regarding Crete. The French cabinet is anxious to avoid military adventures of any kind, anywhere, and certainly the French public is unwilling to tolerate any expedition to Crete to bolster up Turkish suzerainty.

It is reported the French foreign minister feels that Sir Edward Grey has adopted a risky and unsatisfactory policy in regard to Crete. The French cabinet is anxious to avoid military adventures of any kind, anywhere, and certainly the French public is unwilling to tolerate any expedition to Crete to bolster up Turkish suzerainty.

DE LESSEPS WILL FLY AT MONTREAL

Machine on Which He Crossed the English Channel Arrives—Weather Favorable

(Special to the Times.)

Aviation Grounds, Lakeside, Montreal, June 27.—The machine on which Count De Lesseps crossed the English Channel arrived here this morning. The count is expected to try his Canadian capabilities this afternoon. Col. Roosevelt has sent a telegram in response to an invitation. He regrets he cannot be present, much as he would like to do so, but says he is going nowhere.

Sir Wilfrid Laurier also has telegraphed that pressure of business prevents his attendance. The weather was warm this morning and during the earlier part flags on the grandstand drooped listlessly. At noon, however, a breeze sprang up and conditions are entirely favorable.

UNSOOUND MIND IS PLEA OF COUNSEL

Prosecutors Desire to Send People to Jail and Solicitor's Sanity

"All my learned friend the city prosecutor seems to think he is here for to throw people into jail," said J. A. Aikman in the police court this morning, when appearing on behalf of a shoe black named Charles Mick, who is charged with indecency.

When the charge was read Mr. Aikman thought Mick should not be proceeded against on account of his deranged mind. The city prosecutor, however, pressed the case and suggested if the man was of unsound mind his proper place would be in the asylum. Mr. Aikman finally remarked: "There are a lot of us who are not quite sane. There is the city prosecutor, and then again, there is myself."

No one having disputed Mr. Aikman's contention regarding himself, and the magistrate having asked the solicitor not to make his remarks personal, Mr. Aikman then offered to bring witnesses to-morrow to show that the accused is of unsound mind, and obtained a remand until then.

Alexander Owens, who pleaded guilty on Saturday to theft of a case of instruments from the Dominion Express Company, was sentenced this morning to one year's imprisonment.

REAL ESTATE ACTIVE ON WHOLE ISLAND

Many Subdivisions of Saanich Property—Alberni Still Favorite With Public

The real estate market still continues active, and many subdivisions are expected to be placed before the public shortly, especially in the Saanich district to be traversed by the B. C. Electric Railway Company. While the building of the latter line immediately is said to be contingent upon the owners of property in that district consenting to the agreement proposed by the company, it is of course realized that it is only a question of time until the line is built.

It is understood that the proposal made to the property owners by the company is that those whose land abuts on the line of track, shall donate 10 per cent. of the value; that land situate one-half mile from the line shall contribute to the value of 7 1/2 per cent.; that land one mile distant shall contribute to 5 per cent.

These are still a lively enquiry for property in Alberni and other points throughout the Island. W. D. McComb, who has just put a subdivision on the market in Alberni, reports numerous sales. A considerable number of lots at Port Hardy are being sold, and generally there is an awakening to opportunities for real estate investment at many points on the Island.

NEW GRAND THEATRE.

Commencing to-day there will be one of the brightest vaudeville bills that Victoria has seen this year, and heading it is that exceptional turn the Three Gordon Highlanders. These are musicians, and there will be a gathering of the Scots to hear them without doubt.

Other turns are: Murray K. Hill, monologist; William Zinelle and Adelaide Bontelle, miniature comic opera; James Tonet and Antoinette Norman, singing and dancing; Harry Tsuda, Japanese equilibrist.

PICTURES AT VICTORIA.

Commencing this afternoon and continuing through the week, the C. P. R. moving picture series will be exhibited. This film was awarded first prize at the Seattle exposition as being the finest scenic picture in the world. It was produced by the C. P. R. at a cost of \$25,000, and is being exhibited on a round-the-world tour. In eastern cities it has attracted enormous crowds where ever shown. A portion of the picture is devoted to Victoria and its beautiful harbor.

MAJESTIC THEATRE.

A fine programme of motion pictures will be shown at this theatre to-day and to-morrow. These include: "An Affair of Hearts," "Carmenella" and "Accidents Will Happen." All are lengthy and effective films.

AT THE ROMANO.

At this theatre to-day and Tuesday some of the latest and most interesting Imp pictures will be shown. There will also be the Armourer's Song from "Robin Hood" and the way it is rendered on the chronophone talking-picture machine gives it a touch of reality, while the setting is very good. The Romano orchestra will be heard in some of the latest selections.

INDIAN LAND SITUATION.

At a meeting to be held under the auspices of the Conference of Friends of the Indians in the lecture room of St. Andrew's Presbyterian church to-morrow evening at 8 o'clock, addresses will be delivered upon the issue between the Indians and the provincial government and upon various aspects of the Indian land situation. Bishop Perrin will preside. All interested are invited to be present.

The Times baseball team is ready to meet the "Colonist" ball team on the Beacon Hill diamond to-morrow night at 8 o'clock. The Times nine feels there is no reason why further postponement should be required by the Colonist.

Edison Records FOR JULY

Are now on sale.

LOCAL NEWS

The J. A. Sayward block, Douglas and View streets, for which a permit is issued, will be three stores and a basement. There will be six stores and fifty offices. The block will cost \$100,000.

The annual general meeting of the Board of Trade will be held on Friday, July 8th. Judging from the interest which is being evidenced in the nominations the meeting will be more than usually keen.

At the meeting of the Natural History Society to-night a report of the result of the excursion to Cedar Hill park on Saturday will be made, also conclusion of paper by J. R. Anderson on Native Food, Medicinal and Poisonous Plants.

Through the kindness of some of the members, the Young People's Society of St. Andrew's church will be entertained to a boating party this evening. Launches will leave the Causeway at 7:15 and it is expected that there will be a large turnout of members and their friends.

Members of the Alexandra club are reminded of the reception to be given this evening at the club, in honor of the University Site Commission, and the visiting and resident graduates. Graduates are asked to assist the president and committee by accepting this notice and attending if at all possible.

The annual inspection of the members of the Victoria city police force, in their new uniforms, by the police commissioners, took place at the police station this afternoon. The complete force was present, and the commissioners expressed themselves satisfied with the smart turn out made by the men under Chief of Police John Langley.

The mayor and some of the aldermen, in company with the city engineer, city assessor and several guests went out with the members of the Natural History Society on Saturday afternoon to view the summit of Mount Douglas. This place is city property, and it has been suggested that it would make a good botanical garden. The outing was much enjoyed.

The annual garden party given by the Ladies' Aid of St. Mark's church will be held to-morrow afternoon and evening from 3 until 6 o'clock at the residence of Capt. Elliston, corner of Quadra street and Cloverdale avenue. The usual games and amusements in connection with these open air entertainments will be there for any who may wish to participate in them. The ladies hope to welcome a large number of the members of the church and their friends on this occasion.

PERSONAL.

Albert F. Griffiths returned on Sunday from a trip to Cranbrook.

Mrs. Fred Mellor, Hillside avenue, has gone on a vacation trip to the Okanagan country, accompanied by her children.

G. Jennings Burnett, organist and choir-master of St. John's church, is absent from the city all this week and will return with his wife and daughter July 2nd.

E. Van Munster, formerly of this city, but at present a student and lecturer at Westminster Hall Theological College, Vancouver, supplied the pulpit at St. Columba church yesterday. He and Mrs. Van Munster are returning to Vancouver this afternoon, taking with them as a guest for a week Miss Helen Frazer, of Phoenix Place.

The Indian Princess, the daughter of the Gaekwar of Baroda, who left her mother and father for the purpose of making a trip to the Yellowstone park, passed through the city yesterday, arriving on the Princess Victoria, and leaving later on the same steamer. While here she, her two maids and her secretary, took a drive around the city in one of the Irish jaunting cars and expressed herself delighted with the place and with the mode of seeing it. She will join her parents at Banff.

Miss Viva Babington was hostess at a very enjoyable tea and dolly shower on Saturday afternoon, in honor of her friend, Miss Effie Cole, whose marriage to Mr. Arthur Shotbolt takes place on Wednesday, the 29th inst. The dollys were presented in a prettily decorated box in the shape of a heart. The tea-table was daintily arranged in pink carnations and pink ribbon. Among those who contributed to the afternoon's entertainment, with songs and instrumental music, were: Miss May Shotbolt, Miss Isabel Moore, Miss Cole and Miss Lenore Black.

**CIVIC OWNERSHIP
AT SAN FRANCISCO**

**Supreme Court Decides City Has
Right to Operate Street
Railway**

San Francisco, Cal., June 25.—The Supreme Court of California decided that San Francisco has the right to enter into municipal ownership of public utilities when it handed down an unanimous decision upholding the city's contentions in the suit brought to restrain San Francisco from issuing bonds to acquire and operate a railroad on Geary street.

The suit was brought by Horace G. Platt, president of the Geary Street Railway Company, a local corporation. Bonds recently were voted at a special election and the plaintiff sought to prevent their issuance by having the election declared invalid.

The opinion declared that the wisdom of the city in entering into the business of street railroading was for the city and not for the courts to decide.

**RESENTS INTERFERENCE
BY UNITED STATES**

**Nicaraguan President Declares the
Landing of Marines at Blue-
fields Was Illegal**

San Juan, Del. Sur., Nicaragua, June 27.—President Jose Madriz of Nicaragua, declared Saturday that the United States had no right to interfere in Nicaraguan affairs and that if marines had not interfered at Bluefields the city would have been taken and the revolution ended.

His statement was contained in a reply to a note from the Secretary of State Knox demanding the protection of Americans in Nicaragua and incidentally criticizing the Nicaraguan government. Madriz's answer was communicated through the American consul at Managua.

"According to international law," the Nicaraguan president declared, "no neutral power may impede or disturb in time of war and legitimate operation of the belligerents. I cannot consider the action of American marines in stopping the operations of our army at Bluefields as legal. I will omit for the present any reference to the other points in the note of the secretary of state but I desire to assert that except for the intervention of the American naval authorities Bluefields would have been taken, the revolution defeated and Nicaragua pacified."

**CLERGYMAN FLAYS
COMMISSION MERCHANTS**

**High Prices of Fruits and Vegetables
Result in Storm of
Protest**

(Times Leased Wire.)
Seattle, Wash., June 27.—The only answer the commission merchants of Seattle make to-day to the rapidly increasing storm of protest against the high price of fruits and vegetables, is to shift the responsibility on the producers.

The commission men were unmercifully flayed from the pulpit of the Ballard Presbyterian church yesterday by Rev. George H. Lee.

"Let these produce dealers take notice that an aroused public will act unless the conditions that look more to the brigandage than to the law of trading are removed; and let the public officials attend to the protection of the people, rich and poor," said Rev. Mr. Lee.

"When the poor cry to God for fruit and food necessary to them, and then when the produce is dumped into the bay to keep up prices of that on hand, is not that oppression of the poor and opposition to God?"

The fight against the prevailing high prices of produce was started by the local branch of the International Stewards' Association. Officials of the organization alleged that a number of commission merchants have formed a "trust" for the purpose of keeping up prices of produce.

The Stewards' Association has collected \$500 from hotel and restaurant men to conduct an investigation. If the evidence gathered warrants court action hotel men say that the commission merchants, who are said to be members of the alleged combination, will be haled into court to answer the charge of violating the anti-trust law.

**EVIDENCE LACKING.
Nanaimo Man Charged With Bigamy
Acquitted at Vancouver.**

Vancouver, June 27.—Thomas Gaisley, who was arrested on Wednesday last in Nanaimo on a charge of bigamy, was released by the police magistrate on Saturday, as he held that the validity of his first marriage had not been proven.

Rex Macdonald, who appeared for the private prosecution, quoted authorities to show that his commitment for trial would be justified on the evidence.

Magistrate Bull said there had been no convincing or official evidence brought to show that the accused had been married before, and he would not feel justified in committing him.

Mr. Macdonald asked at least that the case might be adjourned so that he might get the formal evidence by commission in the Old Country.

W. P. Ogilvie, appearing for Gaisley, objected at once that there could be no justification for keeping a man in confinement so long as that.

"I think that is stretching the matter a little too far," said the magistrate. "It would mean that the man would have to be kept here for several months. You can go," he added to the prisoner.

"Thank you," said Gaisley, as he walked out of the dock.

**CARDINAL LOGUE ON
ACCESSION OATH**

**Declares Wording is Far From
Complimentary to Either
King or Pope**

London, June 27.—The following letter from Cardinal Logue on the subject of the King's accession declaration appears in the Tablet.

"I beg to say that I have on a former occasion expressed in very strong terms my views regarding the declaration which is forced upon the King by a law passed in an age of intolerance and persecution.

"Though I think it needless to repeat those terms, I still believe they are justified by the wanton insult which the declaration in question heaps upon Catholics.

"It is hard to see why, of all the King's subjects, Catholics alone should be selected as the objects of indignities and insults, or why their most sacred beliefs should be held up to reproach.

It seems the highest legal authorities hold that the declaration as it stands is not only unnecessary, but even useless for the object which it was meant. This renders the offence to Catholic feelings the more wanton and unjustifiable. I think, moreover, that some clauses of this declaration are little less offensive to His Majesty the King than they are to Catholics. They seem to treat the ruler of a great Empire as if he were a slippery trickster who would endeavor by equivocation or a secret arrangement with the Pope to mislead his subjects and tamper with the sanctity of an oath. The wording as it stands is far from complimentary to either the King or the Pope."

**THOUSAND NEW
CARS FOR GRAIN**

**Increased Yardage Facilities Be-
ing Arranged at Cal-
gary**

Calgary, Alta., June 27.—Increased yardage facilities are being arranged providing storage for 1,000 additional freight cars now being rushed to completion in East Calgary by the Canadian Pacific. The new yards, which include a hump distributing track, will be available when this year's grain commences moving.

Work on the new concrete machine shop and an eighteen-stall roundhouse is progressing rapidly; it being expected that both buildings will be completed by the middle of October. The foundation for the east wing of the station is now complete and the structure will be ready for occupancy November 1st.

In addition the company has practically completed the task of doubling the capacity of the freight warehouses. The urgent necessity of extensions is proved by the western division report just issued, which shows that during the past year this division, which is operated from Calgary, has added several miles of siding and passing tracks and twenty miles of industrial sidings in order to handle the constantly expanding business.

**FIRST GOLD OF
SEASON FROM NOME**

**Forty-Eight Passengers Arrive at
Seattle From the Northern
Goldfields**

(Times Leased Wire.)
Seattle, Wash., June 27.—Bringing the first Nome people and the first first hand news of the district since the close of the 1909 season, the steamer Senator is in port to-day from the Behring sea. Forty-eight people, all of whom wintered in the famous goldfields, returned on the vessel.

When the Senator left Nome June 15th, very little of the heavy fall of snow during the winter had melted. The season is the latest in many years. The Senator brought \$80,000 in gold. Seven of the passengers were not as joyous as the rest on their return to civilization. They were all prisoners in charge of a United States marshal. Two are insane, and one is a Mexican convicted of second degree murder.

**PROBABLY PERISHED
IN DEATH VALLEY**

**Message Written by Unfortunate
Traveller Found by Prospector
in Desert**

(Times Leased Wire.)
San Bernardino, Cal., June 27.—"I am lost; the heat is terrible; three days out from Panamint; water gone." Penned on a leaf torn from a note-book, this message was found near Wingate Pass in Death Valley by G. L. Montgomery, a prospector, who is resting here to-day after a month's trip through the desert.

The note was dated May 30th. The paper on which it was written was discolored by the sands and blistered by the desert sun. Montgomery had no means of telling whether it was the last word to civilization of a man who perished two years ago, or some one whose body may have lain in the sand less than a month. He searched the desert for miles in every direction, but found no trace of the author of the scrawl.

TWENTY INJURED.
Albany, N. Y., June 27.—A big electric car crowded with pleasure seekers bound for Electric park, on the Albany Southern railroad, ran into an open switch about a mile below Rensselaer Saturday and crashed into a work train on a siding. Of the hundred or more passengers aboard, including two local baseball teams, 20 were more or less injured, five seriously.

MID-SUMMER CLEARANCE

Of Everything in Whitewear Started This Morning

THIS MORNING marked the opening day of VICTORIA'S GREATEST WHITEWEAR SALE. It will be, not the ordinary summer sale, but AN EXTRAORDINARY SALE OF EVERYTHING IN WHITEWEAR, in other words it will be an exposition of the "Better Sorts" in Ladies' Undergarments, not the common found on bargain counters.

Isn't it true that every woman loves dainty underwear? Yes, of course it is, and in this sale she may possess herself of unlimited quantities of the snowy beauties, without being deemed at all extravagant.

Ladies know, and appreciate, that **CAMPBELL'S WHITEWEAR IS THE BEST TO BE HAD**, superior goods couldn't be had anywhere whether made at home or to order.

In this Midsummer Clearance Sale, the critical, the economical and lovers of the dainty in Whitewear will benefit. You'll notice that we call this "A Midsummer Clearance," well that's just what it is—a clearance sale. Every piece of Whitewear has GOT to go, there will not be a price but what will bring joy to every bargain seeker. If there's something you require which is not mentioned in our ad., don't hesitate to visit "The Fashion Centre," for you'll surely find it there.

Read these items and remember their prices. They are guide posts to the goal of pretty clothes at small expense (think what this means to the future bride). Follow their leading to **CAMPBELL'S MIDSUMMER CLEARANCE SALE**—you will have many fellow pilgrims thither.

VICTORIA'S PROGRESS AND PROSPECTS.

That the port of Victoria has great possibilities is demonstrated very forcibly by the action of the Grand Trunk Pacific Steamship Co., a firm which is subsidiary to the great Grand Trunk Pacific corporation which is at present building the western section of the big National Transcontinental Railway and will operate the whole of it when completed. This company has purchased a large waterfront property in the city, and is building here docks which are large enough to handle practically all Victoria's coast shipping as it was a year ago. Within the year, however, great extensions have been made to the coasting trade of this port. These include the operation of two new steamship lines, the Grand Trunk Pacific and the Northern Steamship Company; the addition of a fine passenger steamer to the fleet of the Bosworth line; and the laying down of two fine new steamers by the C. P. R. to be added to the fleet at present operated by that company with Victoria as their home port.

When Mr. Hays, president of the Grand Trunk Pacific Railway system, was in the city at the week-end he asked his steamship manager, Captain Nicholson, what he was going to do with such a large amount of warehouse space. The answer was that the warehouses were to be filled with freight which would be carried by that company. This was not the judgment of one man, for a number of Grand Trunk officials visited this port before it was decided what sort of docks and warehouses should be erected. The men went over the ground thoroughly and considered all the pros and cons. They were business men who understood what business meant, and understood also that their business reputations were at stake. They decided to do such work as would bring the company the largest possible returns in dollars and cents, with the result that they built large docks and two immense warehouses which will, when finished, be larger than those owned by any other company at the port.

It has been suggested that they are building for the future. That cannot be the case, for the enemy of all wharves, the teredo, will destroy even the creosoted piles within ten years. The docks are to be used at once and the company expect them to be operated to their capacity within a very short time.

As a matter of fact Victoria is growing very fast. It is only necessary to look around at the new business blocks which are being erected to be fully persuaded of that. Everywhere are signs of progress. A few days ago a late resident of one of the prairie towns remarked that there was a very great change within the year in the number of people seen on the streets. Old-timers have not lost track of the late arrivals, for they come so fast.

There was a time when everyone in Victoria knew his neighbor, and when village ideas prevailed. To-day the capital has taken on all the outward appearances of a big city. Unknown strangers are seen daily on her streets by the hundreds, and the great shipping companies, as well as the big concerns in other business lines have come to recognize that here is a city to be reckoned with and to be fostered. At last Victoria is coming into her own and every year will see unthought-of changes.

PUBLIC PARKS.

Schemes of municipal improvement are the order of the day. Too late those responsible for the management of cities not only on this continent but on the continent of Europe as well have been seized of the fact that they have been short-sighted and derelict in their duty; that they have neglected to provide not only for the physical needs of the community, but that they have also been negligent and indifferent in a far more important sense, they have been careless in respect of the factors which make for the moral improvement and uplifting of the people. Only of late years has the fact dawned upon the minds of those charged with the responsibility of governing urban communities that public parks, squares and breathing spaces are essential to the

highest and most comprehensive development of citizens. That knowledge has come in most instances at a time when the cost of carrying out satisfactory programmes of improvement must prove very costly. Fortunately for Victoria, the day of her opportunity has not yet passed. We hope the city council will make a note of the fact.

Paris, which by universal accord is admitted to be the most beautiful city in the world, is not satisfied with her unsurpassed position. She is going to add to her majestic architecture, and her wonderful system of boulevards (the pride of all Parisians) a programme of general municipal improvement which will cost in the neighborhood of one hundred and eighty million dollars. A part of this magnificent sum is to be devoted to the beautification of the public schools of the city, to the provision of sanitary dwellings for the poorer portion of the population, to furnishing purer water for consumers and to the construction of hospitals, but by far the greater portion, eighty-six million dollars, is to be expended upon the streets, promenades and parks.

Coming nearer home, Portland, Oregon, is known far and wide as the most attractive city on the Pacific Coast, if not on the whole of the American continent. Its pre-eminence is due to the foresight of its government at the beginning of its municipal career in laying out a splendid system of public parks and squares. Its circumstances in this respect are in conspicuous contrast to those of Tacoma, Seattle and our provincial city of Vancouver. These places all realize when too late the lamentable mistake they have made in not displaying a wiser prudence. Victoria ought to profit from their experience. The North Ward Park of this city is neither a very pretentious nor a very ambitious affair, but consider the benefit it has already to the younger population (and doubtless the more elderly population also) of which it is the centre. The young men who have graduated from it as a centre of athletic culture excel in almost all the sports of the field.

Some of the most public-spirited and far-seeing gentlemen of the east end of the city have petitioned the city council to give its immediate attention to the question of providing a small park in that rapidly-growing section. We have no doubt whatever that the petition will be favorably received, and that immediate action will be taken. There is no question whatever that the scheme will be heartily endorsed by the ratepayers and the general public.

CANADA AND HER GREATEST MAN.

The rise of Canada to the dignity of a nation, one of the great fraternities of world powers which are bound together by ties of blood, sentiment and mutual advantage to form the British Empire, has taken place while the Liberal Party has been in power, led by the greatest of all Liberals, Sir Wilfrid Laurier. Under his moulding influence and in co-operation with other great Canadians, the naval policy of the country has been worked out and in a few months the training of officers and men for the work of defending our shores will commence. This naval policy has received the commendation of practically all naval men at the heart of the Empire. It means that Canada will in the very near future have, not only ships, but men, who will be able to take upon themselves the work of Canadian defence, and who will also be ready to join with the main body of the British navy at any time of common danger. While the Canadian fleet will always be available for imperial defence, the fact that it belongs to Canada, that its officers and men are Canadians, and that on its efficiency depends the prestige of this part of the empire, will be a great incentive to Canadians to interest themselves in it. When a Canadian ship is lost it will be a loss to Canada both in men and money. When a Canadian vessel distinguishes itself in war, it will not only be a Canadian gain, but will have a great moral effect upon the rest of the world. Think of the effect of the calling out of the forces of the empire upon the rest of the world under the present plan of action. Great Britain, after all diplomatic action has failed, declares war upon some foreign nation. The following day the news is flashed to every part of the globe that Canada, Australia, and New Zealand have by voluntary action on their part placed their fleets at the service of the central war department. When the other parts of the empire have fleets of their own, theirs will be added. What an electrical effect this would have in telling the world know that the empire is a unit, in its own defence. Were the colonial fleets to revert automatically to the central department in time of war all this would be lost upon the world, and there would be nothing here to stimulate the loyalty and the imperial sentiment as in the case of a free and untrammelled offer of help. Sir Wilfrid Laurier, the master builder of this nation, a Britisher by birth and by choice, although not by blood, will be here in a few weeks, to tell in person of the coming of the first training ship to Es-

quimaux to commence working out this

imperial idea. He will discuss many great questions of state, and his worth will be recognized by all classes and all parties in the community. People will for the time being forget that he is a Canadian and the foremost of all Canadians. Everyone delights to do honor to a hero, and if there is a hero to-day it is he who, year in and year out, has stood forth as the exponent of true representative and responsible government, clean administration, and a policy of development and advancement which has placed Canada in the first place among the fraternity of nations which form the British Empire.

THE GOOD TIMES IN CANADA.

All the great railway builders of Canada complain of the shortage of labor. They explain that but for the dearth in the supply of this commodity most necessary in their business there would be little difficulty in complying with the terms of their contracts with the Dominion and the provincial governments. If the Grand Trunk people could get all the labor it is prepared to employ they tell us that trains would be running from one of the National Transcontinental Railway to the other, without fall before the end of the year 1911. Owing to circumstances which cannot be overcome the opening may have to be deferred for a year beyond the time specified. The same thing may apply to the works of the C. P. R. on this island and to the undertakings of the Canadian Northern with the British Columbia government. Then the magnates with one accord ask why we in British Columbia object to the employment of Mongolian labor. They are all prepared to enter into a covenant to return Asiatics to the place from whence the necessary supply was procured if the people will agree to this one slight concession. In some quarters it has been represented that British Columbia is greatly alarmed at the prospect of the postponement of the completion of the works in which they are so vitally interested. But there is no marked indication of the distress mentioned. There is a general consensus of opinion here that it would be vastly better to wait the completion of all the roads with the assistance of white labor than to run the risk which would be involved in flooding the province with an army of foreigners who are not, and never can be, assimilated in the common mass of the population. After all the dearth of labor, while it may act as a temporary brake upon the wheels of progress, is a sign of the splendidly healthy economic condition of the country. Twelve or fourteen years ago there was an abundant supply of labor. Thousands of men could find nothing for their hands to do, and even at that large numbers of most capable fellows were seeking employment in other fields just across the border. The extraordinary demand for labor is a good sign. May it continue, because should it cease that will be a portent that the good times are nearing an end. No one in British Columbia would welcome a reversion to the order of things which prevailed up to the year 1896. The scarcity complained of by employers is principally due to the attractions of the land in the northwest and elsewhere (excepting the public lands held by the government of the province of British Columbia) which is held free for actual settlers. The people who are settling upon these lands are the chief factors in the creation and the maintenance of the prosperous conditions characteristic of life in Canada at the present time.

The Toronto News, formerly an "independent" daily journal, devoted to politics, education, literature, the presentation of current news and the diffusion of general knowledge, but which has of late abandoned the pretence of "independence," is running a series of cartoons above the superscription "With Laurier & Co's Circus to Four Western Canada." We wonder whether our Toronto contemporary has heard or read that Premier McBride is anxious to climb up on the band wagon and to beat the big drum in the procession.

THE SPORT OF KINGS.

To the Editor:—By a misapplication of the classic word "dope" I have perhaps deservedly incurred the displeasure of a "Dope Artist," and have been told (by that professional) my "ignorance was shocking." The violence of the shock concentrated amongst a class of persons who are seldom immortalized in poetry, and who find life a failure outside the race course. But certainly the cultivated majority did not feel the shock. I cheerfully concede to "Dope Artist" my comparative ignorance of dope intricacies, as I should think he knows much more about them than I do. In the opinion of an itinerant fraternity of "sports," I have little doubt my ignorance is "shocking"; yet I look upon dope, with its many shady off-shoots, as first cousin to the innocent-sounding word "graft," playfully invented to let down softly innumerable fraudsters. I am not in the least degree ashamed of my "shocking ignorance of 'dope,'" with its rather doubtful subtleties, and will only plead in defence my prolonged absence from local races. I blew myself only one day during 90 days' racing last year, when a light-fingered gentleman took my purse (worth 25 cents, in a nickety and four postage stamps. Ten minutes before I dropped coin and a small "wad" into my trousers pocket. I never went back, but took the advice of the New York policeman, when Satan told him his "wad" of coin had been stolen. "You should keep out of such places."

I have ridden to hounds in many counties in the Old Country, and here, where such a sport is not prosecuted, I am proud and happy (having been spun in dope) to use the bonum de plume.

CLEAN SPORT.

Economic Mothers Are Daily Realizing What the Spencer Store Can Do for Them in the Matter of Boys' Clothing

During the past spell of fine weather our assistants in the section devoted to the wants of the little man have been kept extremely busy. This continuous stream of customers is attributed to the fact that we can offer a better assortment and better value. In purchasing Boys' Clothing these are two important factors to be considered. We exert every effort to see that only clothes that will withstand the steady strain of boyhood days, for naturally, as the old proverb is, "Boys must be boys"—they must jump around, otherwise your doctor bill would be greater. The best way to save this and add to the little fellow's appearance, is good clothes. These we can give to you at a price that is right.

There Is Plenty Room for an Overcoat Yet. Serviceable Ones From \$10 Up

Most pronounced is a term which can be correctly used in describing the styles this season in Men's Overcoats. Smart and snappy to a degree, yet far away from extreme fads. They are simpler, more conservative, built along graceful lines, so as to fit and hang well. Cost in the first place is a small consideration compared with the service you'll receive out of one of these coats. While we carry a stock of Men's Toppers and Full Length Overcoats at all prices, we would consider it a favor if you allow us to show you our line at **\$10.00**

Capital Range, Complete, \$40

A more attractive little range cannot be found, and a most economical one too. The Capital Range is designed to fill the wants of a small family. You will find High Priced Quality in a Low Priced Range. As will be seen by the illustration, there are six holes, 18-in. oven, sectional top, duplex grates, drop fire door, pouch feed. Price, with warming closet **\$40.**

The Fifth Regiment band will give a concert at Beacon Hill park at 7:30 this evening.

The matriculation classes of the High school held a picnic at Goldstream Saturday afternoon. Miss Gunn and Mr. and Mrs. P. H. Elliott chaperoned the affair.

Plans have been drawn by a local architect for a handsome residence on Oak Bay avenue for Max Leiser, who recently acquired a valuable site lying on a height of ground between Oak Bay avenue and Fort Street. Building operations will commence shortly.

Alfred Robin, the 17-year-old son of William Robin, a member of the songsters' club, died on Saturday night at the family residence on the reserve. The funeral will take place to-morrow afternoon at 9 o'clock from the home and proceed to the cemetery on the reserve, where the remains will be interred.

The Victoria branch of the Imperial British Israel Association will hold its last meeting this session to-morrow evening in No. 1 hall (first floor) of the A. O. U. W. building, Yates street, subject of discussion being, "Israel's gain, what Judah lost; the mystery of a new-born nation."

The Young People's Society of St. Andrew's Presbyterian church will hold a launch party this evening. The launches will leave the causeway at 7:15 o'clock and proceed from there on their pleasure trip. As this is the last meeting of the season a large crowd is looked for.

Emmanuel E. Y. P. are closing down their weekly meetings for the summer and will hold their annual closing social this evening, to which all are invited. A good programme of varied character has been drawn up and an enjoyable time is assured. There will be refreshments served at the close.

Mayor Morley has a notice of motion on the board for to-night expressing intention to introduce a by-law to give effect to the recommendations of the finance committee, relative to the new liquor act. Under the amended act as intended all licenses will be advanced to \$650 per year. Saloon and hotel licenses are now \$400; restaurant licenses, \$300; bottle licenses, \$250.

Mayor Morley proposes that the necessary amendments be made to the liquor license by-law to permit of the new fees becoming effective with the beginning of the license term, July 15th, at which date the new regulations relating to the sale of liquor in restaurants will also commence to operate.

WAGNER SAID:

"The language of tones belongs equally to all mankind." If you have music in your soul, you will not be restrained by having untrained fingers. Why not procure a good player piano which makes every music-lover a music producer. One we can thoroughly recommend is the

Behning Player Piano

It has many marvelous good points outside of its combination of 65 to 88 notes. The "Behning" enjoys a most enviable position. It is in the vanguard of the highest class of musical instruments. If you are a music lover but have had no musical education it will not only enable you to play any difficult composition, it will make you independent of the whims of your musical friends—suits itself to your whims. On the "Behning" your own ideas, your own ideals, you may mould the musical masterpieces into something intimately your own, and all this without knowing a note of music.

Liberal Allowance Made on Your Present Instrument if Taken in Exchange. Easy Terms of Payment if Desired.

Fletcher Bros.

Western Canada's Largest Music House.

Excursions Wednesdays and Saturdays. Now is the time to see the beautiful islands, the novelty of this trip cannot be excelled in any part of the world.

On Sunday morning at the Beach diamond, the Maple Leafs won from the Nipponics by a walk-away score, 17 to 1. The batteries for the winners were Jones and Casey, and for the Japs Kasakura and Naganu.

The annual flower service will be held in the Pemberton Chapel, Royal Jubilee hospital on Sunday next, July 3rd at 3 p.m. This service is of especial interest to children and hospital workers and all are asked to note the occasion and to attend and bring plants or flowers.

The work of remodelling the council chamber, so as to provide offices for the city solicitor and the medical health officer has nearly been completed. The council will likely meet in its new apartment at next Monday evening's meeting.

KNIGHTS OF PYTHIAS HOLD MEMORIAL DAY

Large Turn-Out of Members Yesterday Afternoon—Services at Cemetery

There was a splendid turn-out of members of the Knights of Pythias yesterday for the annual memorial day No. 1 and Victoria, No. 17, united for the event and assembled at the lodge room, corner of Pandora and Douglas street, at 2 p.m. Promptly at 2:30 p.m. the procession, headed by the Fifth Regiment band, started for the cemetery. At the rear of the long procession were five carriages conveying members of the Pythian Sisters lodge, one of which being well loaded with flowers. Each member in the procession carried a bouquet of flowers in his hand.

At the cemetery a short service was held. Acting Chancellor, Commander Thomas Gold opened the service by reading the usual statement of the object of the gathering. He was followed by Acting Vice-Chancellor Thomas LeRoy, and by acting Prelate C. Hopkins. An address was given by Rev. A. E. Roberts after which a quartette was sung by Bros. Evans, McDonald, Owen and Jones. This was accompanied by the band, and was a most effective item of the programme.

After the service the members of the lodges scattered through the cemetery placing flowers upon the graves of departed Pythians. These graves were all marked by a memorial flag, so that none were missed. After the decoration the company again assembled at the quadrangle and a short musical service was held, during which the funeral ode was sung.

The committee in charge, Messrs. Owen, Stamer and Skidmore, of Victoria Lodge, No. 17, and Messrs. J. L. Smith, Lemm and Cooksey, of Par West, No. 1, are to be congratulated upon the very successful outcome of their efforts to make the memorial day one to be remembered. Every item of the programme was carried through promptly and in good order, and the abundance of flowers showed the interest taken in the event by all the members.

FIRST IN THE HEARTS AND HANDS

First in England, first in France, first in America and first in Canada, the name of "Perrin" signifies the ultimate in glove achievement, and expresses the supreme accomplishment in glove production.

"Perrin" quality is the refinement of Parisian style ideas as endorsed by London, approved by New York and worn in all fashion centers throughout Canada.

No perfect is the "Perrin" fit that in Paris, when people want to see of a garment that "it fits like a glove," they put it this way: "It fits like a 'Perrin'."

MANUAL TRAINING EXHIBIT

The pupils of the North Ward manual training centre are exhibiting the work done this term on Tuesday evening, 7:30 to 9, when it is hoped that parents and all who are interested, will be encouraged. Every item of the programme was carried through promptly and in good order, and the abundance of flowers showed the interest taken in the event by all the members.

SPECIAL HOLIDAY RATES

For Dominion Day, July 1st, and Independence Day, July 4th, the C. P. R. have put in effect the following rates: Victoria to Vancouver and return, \$2.70. Return limit July 4th. Victoria to Seattle and return, \$2.70. On sale June 28th to July 4th. Final return limit July 5th.

GOOD TEMPLARS

The I. O. G. T. Triumph lodge, No. 6, held their annual picnic on Saturday afternoon at Beacon Hill park, a most enthusiastic and enjoyable afternoon being spent. The majority of those present took part in the games of baseball, rounders, etc.

Those present were: Rev. J. P. Hicks, Mr. and Mrs. Watling, Mr. and Mrs. Parleton, Miss Watson, Mr. and Mrs. Miller, Mrs. Nicholson, Mrs. Mies, Mrs. Bowden, Miss Nicholson, W. G. Ross, W. H. Booth, J. Nicholson, W. Garbinson, W. Campbell, J. Burney, J. D. Mitchell, J. D. Turner.

A vote of thanks will be accorded to the picnic committee to-night at lodge meeting, to be held at the Sailors and Soldiers' Home. Equitably, for the satisfactory duties of providing the spread, which was most delightful.

The secretary's report shows an increase of membership in the temperance cause, and those desirous of joining the ranks of the Good Templars are cordially invited to attend the meetings held every Monday evening, 8 p.m., at Sailors and Soldiers' Home.

—Though every available man has been placed to work there is still a scarcity of labor in connection with the execution of civic work. The number of men employed this year is less than last year, though the programme of work outlined by the city council is much larger.

ANNIVERSARY ADDRESS

BY REV. T. E. HOLLING

Pastor of Metropolitan Church Has Been for Twenty-One Years in Ministry

At the morning service in the Metropolitan Methodist church yesterday the pastor, Rev. T. E. Holling, gave an interesting address under the caption, "The Story of the Years," commemorating the 21st anniversary of his entrance into the work of the Methodist ministry in Canada, and the opening of his third year's work at Metropolitan church.

He recounted the influences which brought him to this country, speaking particularly of the late Rev. Cornelius Bryant and Rev. Dr. Woodworth, both of whom visited his home in Yorkshire, and by their words led him to volunteer for work in Canada. The first years of Mr. Holling's ministry in this country were spent on the prairies, and the marvelous development of the work in that rapidly growing section of Canada was briefly sketched in the address. At the present time Mr. Holling said some 500 men were needed for the work of preaching the gospel in western Canada, settlements, villages and cities were springing into existence so quickly. This was vastly different to the trying work of 20 years ago, when the people were scattered and the preacher had to drive long distances to meet his congregations.

With regard to his two years in Victoria, Mr. Holling said that there were many things to encourage him in his work. A loyal people helped him and while he would like to have seen even more definite results from his ministry, yet he rejoiced in the measure of success which had attended his efforts. He looked forward to this year's work, and would endeavor to make it the banner year of his ministry.

There was a large congregation, and the address was listened to with much interest.

MASONIC GRAND LODGE ELECTS ITS OFFICERS

E. B. Paul, Victoria, is Honored With the Grand Mastership—Others Elected

At the meeting of the grand lodge of B. C. A. F. & A. M., just concluded at Cranbrook, D. E. B. Paul, superintendent of Victoria's schools, and a past master of Vancouver-Quadra lodge, No.

DR. E. B. PAUL, Superintendent of City Schools, P. M. of Vancouver-Quadra Lodge No. 2, who has been Elected Grand Master of the Grand Lodge of British Columbia, A. F. and A. M.

2, was elected as grand master for the ensuing term. The other elected officers are: Deputy grand master, F. J. Burde, Vancouver; grand senior warden, A. H. Skey, Kamloops; grand junior warden, J. M. Rudd, Nanaimo; grand chaplain, Rev. H. G. Flenness-Clinton, Vancouver.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, June 27—5 a.m.—A high pressure area over British Columbia and Western Oregon and Washington is causing fine weather in these districts; showers have fallen to the northward at Fort Simpson and Hazelton, and the weather west of the ranges is fair and cool. East of the Rockies a low area covers Alberta and Saskatchewan, and fine, warm weather prevails throughout the prairie provinces.

Forecast: For 24 hours ending 5 p.m. Tuesday: Victoria and vicinity—Moderate to fresh southerly winds, generally fair and moderately warm.

Lower Mainland—Light to moderate winds, fair and warm.

Observations at 5 a.m.: Victoria—Barometer, 30.10; temperature, 67; minimum, 47; wind, 4 miles S.; weather, part cloudy.

New Westminster—Barometer, 30.12; temperature, 66; minimum, 44; wind, 4 miles N. E.; weather, clear.

Nanaimo—Wind, 16 miles N. W.; weather, part cloudy.

Kamloops—Barometer, 30.02; temperature, 59; minimum, 48; wind, calm; weather, clear.

Victoria Daily Weather. Observations taken 5 a.m., noon and 5 p.m. Saturday: Temperature: Highest 63, Lowest 48, Average 55. Bright sunshine, 11 hours 30 minutes. General state of weather, fine.

Greatest Medicine of the Age

Mr. Walter Clark, of Bluefield, W. Va., was laid up with lung trouble, unable to work for two months. He tried numerous medicines without results until he took Duffy's Pure Malt Whiskey. It completely cured him and now he is in perfect health.

"Having been afflicted with a serious case of lung trouble and used many remedies without result—in fact, I was unable to do any work whatever for two months—Duffy's Pure Malt Whiskey was recommended, and I commenced taking the same. I desire to state that I am entirely cured, having been pronounced so by my physician.

This testimonial is conscientiously given and without any solicitation whatsoever. I consider this the greatest medicine of the present age."—Walter Clark, Bluefield, W. Va. Mr. Clark is a member of the firm of Clark & Co., prominent grocers of Bluefield.

Duffy's Pure Malt Whiskey

Is a wonderful remedy in the treatment and cure of all diseases of the lungs, throat and stomach and for all weakening and wasting conditions. It is an absolutely pure, gentle and invigorating stimulant and tonic. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It is prescribed by doctors, and is recognized as a family medicine everywhere.

If in need of advice write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet, containing rare common sense rules for health, which you cannot afford to be without, and some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health. Sold by all druggists, grocers and dealers or direct \$1.50 a large bottle.

SOLDIERS HOLD THE ANNUAL CAMP SPORTS

Gregory Cup is Won by No. 1 Co. —Sports Well Attended Saturday

The Fifth Regiment sports were held at Macaulay Point on Saturday before a good crowd. The most successful company was No. 1, which succeeded in winning the Gregory cup from No. 2 company in the annual tug-of-war contest. The latter has held the trophy for several years. The complete list of winners is as follows:

- Two-mile walk—1, Gr. Zala; 2, Bomb. Whittle. Broad jump—1, Gr. Clarke; 2, Bomb. J. Earnshaw. Hundred yard dash—1, Gr. A. Clarke; 2, Sgt. Kroeger. Bandmen's race, 100 yards—1, Bandman Hine; 2, Bandman Price. One mile relay race, boy scouts—1, C troop; 2, D troop. Tent pitching—1, Sgt. Richardson's team; 2, Sgt. Wilby's team. Obstacle race—1, Gr. A. Pynn; 2, Gr. J. J. Wilson. Obstacle race—boy scouts—1, Scout Carter; 2, Scout Steele. Four hundred and forty yards dash—1, Corp. Rochfort; 2, Gr. R. E. Meredith. One mile race—1, Corp. W. J. Pynn; 2, Gr. Thomas. One mile relay race—1, N. 1 Company; 2, No. 2 Company. Throwing 56-lb. hammer—1, Sgt. Kroeger; 2, Gr. F. Gillin. Tug-of-war—No. 1 Company. Balclava meleé—Sgt. Kinloch and Sgt. Wilby, tie. Consolation 220 yards—1, Gr. Curtis. During the afternoon the officers, sergeants and company's messes were all "at home" to their friends.

Great Britain is the largest consumer of tea in the world at the present time.

COUNTRY CLUB MEETING ENDS

SIX FAVORITES ARE WINNERS AT TRACK

Largest Crowd of the Week Sees Seven Race Card Closing Day

The Victoria Country Club race meeting concluded on Saturday with six favorite winning on a seven-race card before the largest crowd that has attended the meet during the course of running.

People packed the stand, the promenade and the betting ring and paddock. His Honor Lieut.-Governor Paterson and Mrs. Paterson occupied a box, and the crowd was largely composed of prominent and well-known people of Victoria, while many visitors came over from the Terminal City for the afternoon.

The horses ran to form, the card was practically easy to pick, as several horses stood out significantly, and the only shocker and nerve-resister was when Enchanter left the favorite, Dahlgren, out of the money.

Miss "Lephe" appeared on the track for the fourth time and recorded her fourth win of the meeting, placing herself with four wins for the week, as the top money winner of the meeting. The mare's success on get-away day was over four and a half furlongs, which she ran with the front all the way from the barrier in 56 furlongs and Senator Warner occupied the place.

The next was Enchanter's race over the same distance, but the winner was 2-5 slower than the little mare, and took the race away from Solved in the last few strides, coming with a rush and leaving Solved standing with Oristolat third. Solved, after running out two previous races, hung to the rail all the way round, and if she had been playing for a killing in her previous races by running out under McEwan, who rode her Saturday, the killing was nipped in the last stride.

The six furlong race went to Semprole in 1:16 4-5, with Reene W. second and Bai-Reed third. The second mare was unable to get a position at the start, and on making the rail coming into the straight came home with a tremendous rush, but Semprole had too long a lead, and held the ground to half a length.

Covina, the third favorite, was right, doped, and led all the way, making seven furlongs in 1:30 2-5. Silver Wedding surprised the talent with second money, and Pirate Queen, after a nice run, was third.

The second 7-furlong race went to Dede, made favorite in the betting, and Sir Wesley and Julia C. filled the places. Julia led all the way, but had not the pace for a drive home. It was in the final half furlong that Dede came out of the field in the straight and ate up ground, passing both Julia C. and Sir Wesley.

The mile and seventy yards was a four horse race with Import made favorite, and clearly the best horse in the money. McBride was given the mount, but as there were whispers of a frame-up going round the paddock, the jockey was substituted at the last moment and Harris charged to ride the favorite.

Harris gave the horse a good ride. He got him to the front in good time and held the position, Dorothy Ledgett, running second all the way, ended there, and Trocha, after running fourth, passed Monvina for the third place in the final kick.

The get-away race went to the best horse, Delmas. When the mile was little better than half run Delmas went to the front and held the field off with ease. Lackfoot, which won the chicken purse at the close of the meet last year, was second, and Nellie Racine was third. The detailed results of the racing are:

George A. Fraser purse, 4 1/2 furlongs—Miss Raphael (McEwan), even; Thurbert (McIntyre), 4 to 1; Senator Warner (Kersten), 4 to 1. Also rans: Dovalto, Fay Muir and Eel, Time, 56. J. E. Smart purse, 4 1/2 furlongs—Enchanter (Shelton), 3-1 favored; McEwan; 2-1; Oristolat (King), 5-1. Also rans: Dahlgren, Le Clare and Auburndale, Time, 56 2-5. J. A. Virtue purse, 6 furlongs—Semprole (McIntyre), 5-2; Reene W. (McEwan), 3-1; Bai Reed (Shelton), 3-1. Also rans: Cliff Rogers, Lord Provost, Time, 1:16 4-5. J. E. Miller purse, 7 furlongs—Covina (Quay), 7-5; Silver Wedding (McIntyre), 10-1; Pirate Queen (Matthews), 6-1. Also rans: Fredonia, Harry Rogers, Calla, Time, 1:30 2-5. H. G. Ross purse, 7 furlongs—Dene (Matthews), 4-5; Sir Wesley (Riddell), 8-1; Julia C. (Webber), 6-1. Also rans: Timekeepers—J. P. Sweeney and G. Grimston.

Penalties: First quarter—Petticrew (Victoria), 5 minutes. Second quarter—Petticrew (Victoria), 5 minutes; Okell (Victoria), 5 minutes. Third quarter—B. Henry (New Westminster), 5 minutes. Last quarter—McDougal (Victoria) and Fitzgerald (New Westminster), 5 minutes. The teams lined up as follows: Victoria, Goal; Johnson Point. Patchell Coverpoint. Robertson "Dakers" First Defence. Gregory Akell Second Defence. Atkinson Noel Third Defence. McKenzie Brynjolfson Centre. Fitzgerald L. Sweeney Third Home. Henry Petticrew Second Home. A. Smith H. Carse First Home. J. Gifford Young Outside Home. C. Smith McDougal Inside Home. Henry McDougal

GUN CLUB SHOOT AT LANGFORD TRAPS

Three Thousand Birds Tripped in Weller and Peden Shoots Yesterday

The Victoria Gun Club yesterday trapped about three thousand birds at Langford Plains, in its shoots for the Weller and Peden trophies. The shooting conditions were good and there was a large crowd. The results of the shooting are as follows: Peden cup, 30 birds: Weller, 29; Lenfesty, 25; Bechtel, 24. Weller cup, 40 birds (distance handicap): Lenfesty, 20 yards, 25; Mather, 16 yards, 25. This pair tied four times before Fletcher won with 20 to 16.

Canadian representative, J. H. Bonas, 28 Hospital St., Montreal, Que.

Canique, Hope So, Magnifico, Time, 1:30 3-5. M. B. Carlin purse, mile and 70 yards—Import (Harris), even; Dorothy Ledgett (King), 8-5; Trocha (Quay), 3-1; 2, and Monvina, Time, 1:47 3-5. W. S. Chambers purse, mile—Delmas (Matthews), 3-5; Lackfoot (Quay), 3-1; Nellie Racine (McBride), 4-1. Also rans: El Falsano, Smiler and Jack Adama, Time, 1:44 2-5.

VICTORIA WINS IN FAST FINISH

WESTMINSTER BEATEN SIX GOALS TO FIVE

No Score in Third and Five Registered by Capitals in Final

LACROSSE LEAGUE STANDING.

Table with columns: Team, W, L, Pts. Victoria: 2, 0, 4. Vancouver: 1, 1, 2. Westminster: 0, 2, 0.

New Westminster, June 27.—For the first time in many moons a Victoria lacrosse team has won a victory on the grounds of the New Westminster club. Vancouver terms have turned the club, Vancouver terms have turned the club, but up until Saturday the Capitals were always on the short end of the score. Before a small but appreciative crowd the boys from the island city turned the trick, defeating the senior amateurs of New Westminster by a score of 6 goals to 5, making a whirlwind finish and running in five goals in the last quarter. When the fourth quarter opened New Westminster led by a score of 4 to 1. The first part of the game was all Westminster, the last quarter starting with the score 4 to 1 in favor of the Salmon Belles. Victoria rallied, however, and came through with a rush and emerged victorious.

The game was called at 2:45 o'clock and the first score was tallied by the Royal City after five minutes of play. Victoria quickly followed with a register after a few minutes of quick playing. The ball passed up and down the field several times until Smith secured and passed to J. Gifford, who managed to register another. This performance was followed nine minutes later by B. Henry, also for the Royal City.

There was no scoring in the third quarter but it was fast nevertheless and was noticeable for the fine work of Johnson, the Victoria goal tender. It was in the last quarter that Victoria bucked up and scored three goals in quick succession, tying the score. C. Smith scored another one for the Salmon Belles, however, and with only a short time to go looked like defeat for the islanders. But in the short time, McDonald, the fast Victoria inside man, scored twice, winning the victory for his team.

First Quarter: 1. C. Smith (N.W.) 5:15 min. 2. Young (Victoria) 1:20 min. 3. J. Gifford (N.W.) 4:00 min.

Second Quarter: 4. C. Smith (N.W.) 7:00 min. 5. B. Henry (N.W.) 9:00 min.

Third Quarter: No score.

Last Quarter: 6. Brynjolfson (Victoria) 1:20 min. 7. McDougal (Victoria) 5:49 min. 8. Young (Victoria) 5:20 min. 9. C. Smith (N.W.) 2:00 min. 10. Macdonald (Victoria) 1:00 min. 11. Macdonald (Victoria) 1:00 min.

Referee—W. Gifford. Timekeepers—J. P. Sweeney and G. Grimston.

Penalties: First quarter—Petticrew (Victoria), 5 minutes. Second quarter—Petticrew (Victoria), 5 minutes; Okell (Victoria), 5 minutes. Third quarter—B. Henry (New Westminster), 5 minutes. Last quarter—McDougal (Victoria) and Fitzgerald (New Westminster), 5 minutes.

The teams lined up as follows: Victoria, Goal; Johnson Point. Patchell Coverpoint. Robertson "Dakers" First Defence. Gregory Akell Second Defence. Atkinson Noel Third Defence. McKenzie Brynjolfson Centre. Fitzgerald L. Sweeney Third Home. Henry Petticrew Second Home. A. Smith H. Carse First Home. J. Gifford Young Outside Home. C. Smith McDougal Inside Home. Henry McDougal

BIG SCORES BY VICTORIA BATS

THIRTEEN MEN GET TO DOUBLE FIGURES

One Game Won by Victoria and the Other Drawn Against the Albions

Victoria Cricket Club has a strong batting side, among it being several batsmen who are always likely to run to the century. Although three figures were not reached by any one batsman on Saturday in the two matches between the Victoria and Albion elevens, between the Victoria and Albion elevens, there was a substantial score of 85 registered by R. M. Hebben for Victoria at the hospital ground, while J. H. Gillespie for the same team hit 79 off the Albion bowling at the Beacon hill ground. In the latter match L. S. V. York scored 70 before he was bowled by Ismay. For the Albions there were three good scores recorded: C. W. Scott getting 49 at the Beacon hill ground where Trimen scored 37 not out, and at the hospital, Barraclough scored 24.

At the hospital the Albions went to bat first but Gooch 4 for 30 and Hebben 5 for 24, accounted for the side with Hewitt run out. Victoria then went to the wickets and engaged in a batting display compiling 179. Bailey 3 for 2 and Barraclough 3 for 19 were the best Albion bowling averages.

The match at Beacon hill was drawn, Victoria batting first for 227 and the Albions losing five wickets for 198 at the call of time. The full scores in both matches are as follows:

At the Hospital: Albion C. C. E. A. Duncan, c Martin, b Gooch, 3. R. White, b Hebben, 1. J. Nicks, b Hebben, 7. C. C. Tunnard, b Gooch, 19. G. Barraclough, c Williams, b Hebben, 24. H. J. Hewitt, run out, 2. H. E. Bagley, b Hebben, 0. B. E. Lefevre, b Hebben, 0. C. Gifford, not out, 0. L. Taylor, b Gooch, 0. Extras, 5.

GOOD BALL FROM THE HOME TEAM

WATTELET'S PLAYERS DEFEATED BALLARD

Surplis Pitched in Fine Form—Score of Eight Runs to Four

To Charlie Surplis there belongs a great deal of the credit for the Victoria ball team's win over Ballard on Saturday. It is seldom that Surplis pitches such ball as he did on that day.

Victoria's ball nine has got back into their winning streak and in the game Saturday they completely outclassed their opponents by the score of eight runs to four.

In the fifth Ballard secured three runs, and at this period of the game were one run ahead of Victoria. On the locals coming to the bat they were determined to overcome the lead and were successful.

The detailed score follows: Victoria. A. B. R. H. P. O. A. E. Wattelet, 1 f. 5 0 1 1 0 0 0

Ballard. A. B. R. H. P. O. A. E. Decker, 2 b. 5 1 2 2 2 2 2

Summary. Three-bagger, Whyte, struck out by Surplis 9, by McDiarmid 5, bases on balls, McDiarmid 2, by Surplis 6, left on bases, Victoria 8, Ballard 4.

Everyone was unsettled in the first few innings of Saturday's game. Even George Burnes lost his bearings and gave several bad decisions which did not meet with the approval of the fans.

Murdoch, Ballard's centre fielder, gave a real imitation of a duck. When he ran he flapped his arms as a duck does its wings and moved along as though he had webbed feet.

It looked as though McDiarmid had been to the hair dressers and had his pretty locks combed before he came to the grounds. Usually he wears his hat during the game but Saturday he left it off.

Bob Whyte is improving in his hitting and also in getting after the grounders. Several times during the nine innings, low ones were driven to Bob but he gathered them in and made perfect throws to the bag when there was a chance of nailing a man.

Brook Robertson is still weak on the second base throw. He made several bad pegs to the middle bag and in the ninth inning one of these throws let a man cross the plate.

The man who covered second base for Ballard, by the name of Decker, had a gross mistake after catching the ball he would do a little grandstand play by making a complete turn around the bag and brush the dust away with his glove, so that the next man that slid to the bag would not get dirty. Very thoughtful.

Wattelet has at last got the ball game to start on time. Right on the stroke of half past ten on Saturday all of the Victoria players were in their

positions and Ballard's first batter was at the plate.

Too much butting-in on the part of Ballard's shortstop caused a number of easy flies to be missed. Besides being a failure at his own position he spoils many attempts of the fielders to gather in the high-skies.

Victoria's team all around showed a vast improvement over their playing of the week before. They played the game better, by holding the flies perfectly, picking up the grounders, in base-throwing, batting and base running.

An amusing incident occurred in the fifth inning. The bases were full, Moore being on first. Pete McQuade came to the bat and slammed the ball to the outfield, scoring two runs. Moore is some sprinter and he attempted to make third base. About half way, however, he found out that it was an impossibility to get there so he reversed and made for second. But the fast youth, Peter, was close on second base and reached there before Moore found out his mistake. The right fielder in due course reached the second bag and Peter, finding Moore there too, made off for third base in order that he should not be put out for running Moore off. The eagle eye of Mr. Burnes, however, detected this bluff and Pete was sent to the bench.

SPORT NOTES

The senior four, the junior pair and sculls, as announced previously in the Times, to compete in the N. P. A. O. regatta next month, were selected on Saturday night. The junior four has been selected as follows: Stroke, P. M. Currie; 3. Summers; 2. Chugranes; bow, Skuse; spare men, R. H. Hiscock and Kennedy.

The big four is that on which Victoria pins its faith. It is better balanced this year than for several years, and has the advantage of an additional coach. The four looks all that can be desired.

North Ward lacrosse club, junior, which plays Victoria West to-night, will be represented by the following players: Goal, H. Menzies; point, L. Laine; coxer point, F. Nobbs; left defence, T. Henderson; 2nd defence, H. McDonald; 3rd defence, G. Wolsey; centre, B. Mason; 3rd home, C. Steele; 2nd home, C. McKenzie; 1st home, C. Stevens; outside home, L. O'Brien; inside home, T. Baker; reserve home, Hammond and P. Humber; reserve defence, McKay and B. Jones.

As previously announced in the Times, the dates for the annual provincial championships will be July 20th in Vancouver and August 4th in Victoria. The B. C. Swimming Association will meet this week.

The Salmon-Bellies certainly got theirs on their own ground. McDonald's two goals in the final quarter were worth going to the Royal City to see. Johnston in goal during the third was just a stunner on July 9th Victoria plays at Vancouver.

The ball team is again a ball team. Saturday night a visitor here said, "You have a ball team here. I have seen the big teams play and I only want to see ball like I saw yesterday all the time."

Ditchburn will referee the next game between Vancouver and the Royals in the professional league, and P. L. Cusack will go with him as judge of play. Ditchburn has been asked to take Cusack over for the purpose.

Hazel Hotchkiss defeated Miss Louise Hammond of New York Saturday, for the women's championship of America by 6-4, 6-2. She also won the doubles championship with Miss Edith Rotch. The matches were played at Philadelphia.

J. P. Sweeney says that story in the Vancouver paper, that Victoria will have a professional lacrosse team next year, is all rot. The Vancouver paper gives John as the authority for the statement—Well!

THE STAG AFOLOAT

Not Afraid of Water—Some of His Swimming Exploits. The stag is not by any means afraid of the water, and when the necessity arises he is ever ready to give an exhibition of his swimming powers.

Only the other day a fine stag which had apparently been subjected to some molestation in the neighborhood of Melrose Harbor, Sutherlandshire, plunged into the sea and set his course seaward. He swam lightly and rapidly, and succeeded in placing two miles to his credit.

Two fishermen in a boat captured the animal, which unhappily was drowned while being towed ashore. It was a nine pointer and weighed about eighteen stone. The occurrence reminds me of a similar incident which some four years ago came under my observation in the Island of Mull.

A certain proprietor has ordered a number of stags from the south, with the object of infusing some fresh blood into his ruddy herd. On arriving by steamer the animals were carted in their crates to the park assigned to them and where they were promptly liberated. One of the strangers was evidently much alarmed by his new surroundings and instantly made a dash for the adjacent shore.

Without a moment's hesitation he sprang into the water—which was at the time very choppy and intensely cold—and struck out gallantly for the nearest point on the mainland. The sound of Mull, three-quarters of a mile broad, was duly negotiated, and after resting for an instant on the large covered bench the gallant creature tripped it lightly toward the rugged beach—Country Gentleman.

CHANGES SINCE KING ENTERED THE NAVY

Nearly All Vessels on Which He Served Have Gone to the Scrap Pile

It is significant of the march of progress in all that relates to the material of the navy, that of the ten men-of-war in which King George had served at sea only two remain on the service list of the fleet to-day. These are the torpedo boat No. 79, his first independent command, and the cruiser Crescent, the last vessel to fly his naval pennant. All the rest have passed into the hands of the ship breakers except the Melampus, which is now on the subsidiary list.

The ten ships referred to, moreover, do not include the famous old Britannia, through which King George and his brother entered the naval service, and which for forty-six years carried out the duties of cadets' training ship based at Dartmouth. This historic vessel has not yet been disposed of, and still remains at her former anchorage.

A less merciful fate befell the corvette Bacchante in which the young prince made his first sea cruises in the years 1878-1882. This vessel was sold out of the service, and broken up in 1898. Before being taken to the purchasers, the Shipbreaking Company of London, wrote to King George and asked him whether he would like to have a souvenir of the Bacchante, and this offer he readily accepted. A made out of the ship's stern was therefore made out of her own timbers, showing about 50 feet of the original vessel, from the name on the stern to the mizzen mast, including that part in which the royal sailors had their quarters on board. The deck fittings in this interesting model were silvered, and the whole was included in a mahogany frame and glass bearing suitable inscription.

The King's next ship, the last in which he served as a midshipman, was the Canada, to which he was appointed on June 1st, 1883. In view of her name the Canada was appropriately delegated for service on the North American station, and in her the future ruler of the British Empire visited the Dominion, and also opened in the name of Queen Victoria the industrial exhibition at Jamaica. The Canada had more than ten years' useful service before her when King George left her in 1884 as an acting sub-lieutenant, for she was not sold out of the navy until 1897.

Before he again went afloat, the King had gained his promotion to the rank of lieutenant after his studies at Greenwich and at the gunnery school at Whale Island. It is of interest to note that the present Lord Fisher, then captain, was in command at the last-named establishment during his Majesty's time there, and also that his coach was Vice-Admiral Sir Percy Scott, then first lieutenant. In January, 1888, the King was appointed to the Thunderer, in the Mediterranean, commanded by the present Admiral Sir Henry F. Stephenson, gentleman usher of the Black Rod. In August of the same year, the royal lieutenant went on with Capt. Stephenson to the Dreadnought, another battleship in the Mediterranean, and two years afterwards he joined the Alexandria, the Dreadnought, the first to go, fetched up at her moorings on July 14th, 1908. The Alexandria was sold in the following October for £21,750, and the Thunderer in July last for the sum of £19,500. Together, therefore, they realized over £40,000, or only about six per cent. of the sum they originally cost the nation. Their names have all been since revived. Alexandria for the new turbine yacht for the use of the royal family, in which the late King made his last sea trip on his return from Harriart; Dreadnought for the famous battleship, the first of the "all big gun

SWINDLED BY GOVERNMENT
FRENCH SMOKERS RAISE STORM OF PROTEST
Chopped Wood and Pepper Sold as Tobacco—Action Against Authorities

(By William Philip Simms, Paris Correspondent of the United Press.)

Paris, June 27.—If the French government were a private individual it could be given a long term of imprisonment at hard labor for what it has been doing to Gallic smokers. Being a government, it will probably escape any penalty whatever, though it may be that the frauds it has been perpetrating upon the smokers will stop. Then again, maybe they will not.

That the government has been cheating smokers is no doubt at all. The smokers got so tired of being swindled recently that they formed a league and began formal proceedings in the courts to secure relief. The case is not ended yet, but the evidence the smokers have submitted is so overwhelming that not a particle of question remains concerning the truth of their charges.

Tobacco-selling in a government monopoly in France. The government goods have always been poor and high. Every now and then, when there was a "budget" deficit the ministry of finance would fit prices. It made one of these increases a few weeks ago. It was unprecedently stiff—15 per cent. on the cheaper and 25 per cent. on the higher grades of tobacco. This made the smokers groan but it was not, the worst. The government had also decided, it seems, to fatten its revenues still further by short-weighting its customers and adulterating the tobacco it sold.

The frauds were not noticed for some little time, but one day it occurred to a certain Parisian that the package of tobacco he had just bought as an ounce was smaller than an ounce package ought to be. He weighed it and found that, wrappers and all, it was considerably short weight. Other smokers made similar discoveries with other packages in rapid succession, and the result was the formation of the smokers' league.

The league engaged counsel and the latter suggested a little investigation of the quality of the contents as well as of the size of the packages. It did not take long to find out that quality and quantity had deteriorated together. The cheaper grades of so-called tobacco proved to consist of a strange mixture of chopped wood and pepper; the more expensive ones of chopped wood, pepper and real tobacco. The higher the price the larger the proportion of real tobacco and the smaller the proportion of pepper and chopped wood. This latter, of course, was to have been expected. Still, French smokers hold that the government should not sell them chopped wood and pepper at all under the representation that they are anything but what they really are.

The government is fighting hard, not only because it wants to continue selling short-weight and adulterated goods, but because it does not like to be convicted of fraud. So the litigation will probably last a long time.

Having increased tobacco prices and begun the adulteration of the goods, the French government is also taking extra precautions to guard against loss of revenue through the importation of contraband into the country. It is natural that a lookout should be maintained to prevent smuggling, but the average traveller does not consider himself a smuggler if he does no more than bring in a vest-pocketful of cigars to smoke in the train between the frontier and Paris. The customs authorities did not use to consider him one, either. They allowed him ten cigars, twenty cigarettes or an ounce of smoking tobacco.

Now they do not. The traveller is expected to declare anything he has with him, into the composition of which

tobacco enters. If he admits the possession of no more than one single cigar he is taxed 100 per cent. of its retail price. And if he fails to admit it and the customs authorities find he has one or more—he is heavily fined, too. With matches it is the same way. Matches are another French government monopoly. The traveller used to be permitted to bring a pocketful into the country for use, in transit by rail to his destination either within or beyond the French frontier. Now he must declare them and pay duty.

Incidentally, at the same time it increased the price of tobacco, the government reduced the number of matches in each box it sells, from forty to thirty. And the boxes cost 2 cents each.

REFUSED WARRANT FOR CRIMINAL CHAUFFEUR

Seattle Driver Will Escape Trial, Although He Admits Incompetence

Justice seems to be leaden-footed in Seattle, judging from the following report in the Post-Intelligencer regarding the chauffeur whose gross negligence resulted in the death of little Dorothy Watters, niece of Major C. D. Dupont, of this city:

Superior Judge Gay this morning refused to issue a warrant charging Wm. Lyons, the nephew of Dr. J. H. Lyons, with manslaughter for running over and killing five-year-old Dorothy Watters on April 21st, while Lyons was driving at an unlawful rate of speed. The application was made by the dead child's father, after Deputy Prosecuting Attorney Murphy had refused to take any action.

A coroner's verdict was that Lyons was driving at an unlawful rate of speed. If this truly represented the facts, Lyons was guilty of manslaughter.

Judge Gay, however, refused to interfere on the ground that the prosecuting attorney was the absolute dictator as to prosecutions.

The members of the coroner's jury and the witnesses were satisfied that Lyons should be prosecuted. He admitted that he was incompetent, that he did not set the emergency brakes when he saw the child, and that he did not blow the horn. The child was struck as it ran into the street from the sidewalk to meet its father.

The pavement showed that the machine when it struck the child was going so fast that in stopping it pieces of the tire were torn off and embedded in the asphalt. Also that after the child was struck and the brakes applied, the speed of the car was so great that it took 15 feet to stop it.

County Commissioner Carrigan had charge of the work of seeing that there was no prosecution. He attended the inquest as a supporter of the Lyons side of the case, and has been in court every morning that the application for the warrant has been called.

He let it be known that he, as county commissioner, would take it as a favor that no warrant be issued.

BRIGHT'S DISEASE

Late estimates on the percentage of recoveries under the new emollient treatment for Bright's Disease are as follows: Where patient is much weakened and expected to live from five to ten days, probably not more than 10 per cent. to 20 per cent. recover. Where physical condition is such as to restrain, at symptoms the percentage is increased. In cases where patients have from thirty to sixty days of life the efficiency is very much higher.

Where patients do not wait until bed-ridden probably three-fourths yield. It is natural that the new emollient treatment on the appearance of the disease nearly nine out of ten respond. Albuminuria ceases and dropsy does not prevent recovery. The point is that the renal inflammation should be attacked before the heart and physical system are broken down.

The new emollient treatment is known as Fulton's Renal Compound. It can be had in Victoria at D. E. Campbell's drug store.

We desire every patient to write us who is not getting the usual improvement by the third week. Literature mailed free. Jno. J. Fulton Co., 64 Battery street, San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

CRIMINAL TRIAL CHEAP.

Important Murder Case in Italy Lasting Two Months, Cost \$4,115.

Trials are cheap in Italy, even when they last a couple of months, as did the recent case in Venice of Countess Tarnowska. Dr. Naumoff, and the lawyer Prilukoff, accused of the murder of Count Kámaroski. The actual cost of this trial was only \$4,115, distributed as follows: \$282, travelling expenses for witnesses; \$1,382, fees for the medical experts; \$1,382, fees for the Russian interpreters; and \$322, expenses incurred by the jurors. Naturally, this sum does not include lawyers' fees and travelling expenses of witnesses for the defence, which are paid by the prisoners.

The press telegrams sent from Venice during the trial amounted to \$7,820, while the telephone messages, which include 15,193 long distance calls, totalling 45,193 minutes, cost \$5,600. Thus the Italian government earned \$13,426 against the \$4,115 spent for the trial.

—Thousand Islands.—Next Sunday the S.S. Inoué will make one of the regular trips among the Gulf Islands, stopping one hour at Mayne, and returning via the picturesque Pender Canal. Take V. & S. train, leaving Victoria at 9:45 a. m. Refreshments and music on board. For further information telephone 511.

THOUSAND NEW CARS FOR GRAIN
Increased Yardage Facilities Being Arranged at Calgary

Chicago, June 27.—Trespassing on railroad property in violation of the law has caused the deaths of more than 50,000 persons in the United States in the last eleven years, according to a statement compiled and circulated by the Pennsylvania railroad. In the same period more than 55,000 trespassers have been injured. With a view to reducing to a minimum the practice of trespassing the Pennsylvania has determined to redouble its efforts to secure on its lines that rigid enforcement of the law against trespassing which has done so much in foreign countries to decrease the number of fatalities.

In 1907 the Pennsylvania inaugurated a vigorous campaign against trespassing and in 1908 the number of persons so killed was reduced to 757. In 1909-732 lost their lives in this way.

In the eleven years prior to January 1st, 1910, exactly 7,972 persons who were on this system's right of way in violation of the law and in spite of thousands of warning signs, were killed, it is stated. This makes an average of two persons a day. The railroad declares that it is not only tramps who were killed and injured on the tracks, but men of the laboring class and their wives and children, who use the tracks as thoroughfares in the industrial sections. More than 10,000 trespassers were arrested in 1909.

In 1907, 5,612 trespassers were killed on American railroads, according to the interstate commerce commission statistics—more than fifteen a day, and figures compiled for the Pennsylvania system alone show that while 465 trespassers were killed on its lines in 1889, in 1907 the number had reached 915, an average of almost three for every business day in the year.

The railroad has posted its tracks and stationed watchmen to see that warnings against trespassing are heeded.

BEAR HUNT IN STREETS OF ROSSLAND

Large Party Joins in Hunt, But Bruin Succeeds in Making His Escape

Rossland, June 25.—The southern portion of Rossland was the scene of an exciting but unfruitful bear hunt the other afternoon. A well-grown and very impudent brown cub ventured well within the city limits. It had evidently strayed from its mother, and, astonished at the novelty of its surroundings, went on an exploring expedition, venturing as far as Cook avenue. Round by Spokane street and Washington street and the intervening bush, he meandered at his own sweet will, scaring a few of the neighbors, and being frightened by others. Then he passed along eastward, coming out of the bush into Washington street. Here he frightened a young lad, who dropped the rock he was using and took to his heels. By devious ways he went to the south end of Washington street and into the bushes. By this time the news had reached Columbia avenue and very soon several men were better-skittering down Washington street with guns of all kinds ready to give Bruin a happy dispatch. The party scattered in all directions, but no further sight of the bear was obtained, although tracks and signs were apparent all about. None of the dogs which accompanied the hunters got any scent of the animal, and so he got away. But, while the excitement lasted, it was intense.

The last seen of the bear was by some residents in the west part, when Bruin was making for the Sunset side of the city.

PREPARING TO BUILD Y. M. C. A. AT ROYAL CITY

Structure Will Be Four Stories High, With All Modern Conveniences

New Westminster, June 25.—Citizens who are actively engaged in the campaign for the erection of a new Y. M. C. A. building, in this city report advancement all along the line. The building committee the other day inspected the site of the proposed building on Royal avenue opposite the armories. They took levels so as to prepare plans to meet the nature of the ground.

It is the belief of those having the matter in hand that the building will be under construction in about two weeks. The new structure will be four stories high including the basement, and will be equipped with all modern facilities such as gymnasium, writing, reading and game rooms, lavatories, baths, and in fact everything that goes to make up a complete association building. The sum of \$46,000, as formerly announced, has been subscribed, and of this liberal amount about \$10,000 has already been paid. It is not thought that the structure will cost more than \$35,000 altogether.

FIRE DESTROYS HOTEL

Buffalo, N. Y., June 26.—Depew Inn, a four-story brick hotel at Depew, near here, was destroyed by fire Saturday night, causing a loss of \$50,000. Harry Forsker, of Pittsburg, who was ill in a room on the third floor, was carried down a ladder by a fireman.

—The Outing on Friday will be better enjoyed by the boys and girls in a comfortable straw sailor or canvas hat. Prices 25c, 35c, 50c and 85c. Robinson's Cash Store, 612 Yates Street.

QUEER CRAFT MAKES TRIAL YESTERDAY

New Type of Power Boat Known as Hydroplane Seen Here for First Time

The waterfront was stirred yesterday by a wonderful appearance. There was a streak of something passing over the surface of the water, which on closer examination proved to be a power boat. A forty-fifth aquid through the marine glasses provided the information that it was some sort of a punt or other ungainly affair with an engine in it. It was apparently about twenty feet in length, but half of that at least was sticking up in the air and everyone expected to see the thing leave the water and soar.

"Looks to me like a porpoise turned upside down," said a man of forty years. "First time in all my life I ever saw anything like that. By gum, she's a sittin' on her tail. She's goin' some, too. Lord, what a creature."

"Oh you don't know nothing. You're a niggerman," said his companion. "When you've travelled round the globe a few times you'll learn to recognize a 'handsome boat when you see 'er. That 'ere's a 'ydroplane, that's what that is, and he shook his head wisely."

Inquiry into the origin of the queer craft elicited the information that it had just made its appearance from the builder's yards and was in fact making its trial trip. The man said it was a hydroplane with a shelf all around the side to keep the water from coming over. It was equipped on Saturday with a fifteen-horse-power Ferro engine and was able to make something more than ten knots.

"But," an inquirer remarked, "it was certainly making more than ten knots in the harbor."

"Well, perhaps it was," said Hinton's manager, who had put in the engine on the previous day. "Perhaps it was! These hydroplanes are uncertain craft. They do whisper that it might make fifteen knots or more, but perhaps they'll enter it in the races and then we shall see. I'm of opinion too that it will make more than ten knots."

The new hydroplane is said to have been built by P. Clark of the Westholme Lumber Co. The humorist says it is his intention to practice jumping out of the water after the manner of a flying fish, seeing how much farther he can go at each successive leap. Doubtless the plane will be heard from again.

GERMAN ADMIRAL IS RETURNING FROM CHINA

Thinks There Will Be No General Uprising in Orient—Talks of Peace

Among the important passengers who arrived on Saturday last aboard the white liner Empress of Japan was Rear-Admiral von Ingenohl, who has been in command of the German squadron and naval station in Chinese waters. He has just been relieved by Rear-Admiral Guhler. With him was his aide-de-camp, Lieutenant von Zastrow. Seen by a Times representative on board the steamer the admiral said:

"We do not anticipate any uprising in the country, but it is always hard to say what will happen in China. The people there are so peculiar that it is always difficult to say what they will do next. In our part of the country there is no likelihood of trouble."

"We had not heard until our arrival of the flying record of the new passenger airship. It is a great triumph for our country to be the first in matters of peace. After all, these things are more important than those which have to do with war. We are also glad to know that there is a better understanding between our country and yours. The war talk seems to be all past, and it is right that it should be so. There should be peace between two great nations like ours."

Admiral von Ingenohl is on his way to Germany by way of the C. P. R.

NOTHING BUT MONEY TALKS

TRAVELLERS MUST PAY WHEN RESERVING BERTHS

Railways Agree to Keep No Sleeping Accommodation Unless it is Paid For

People who contemplate travelling on Canadian railways must in future take the money in their pockets when they go to the railway offices to make their reservations of parlor or sleeping accommodation. In the past it has been the custom for people to reserve their berths and then if they changed their plans they forgot all about it. The result was that people who were waiting for accommodation and who had the money to pay were inconvenienced. When the accommodation is paid for the ticket holders never forget to notify the railway people or changes in their plans.

The change has been adopted by all the railways following on a decision recently made by the Railway Commission and it is considered that the result should be mutually beneficial to the railway companies and the travelling public. A number of cases are on record of sales of accommodation being lost to the railways because the money was not being held up to the time of the train leaving and no one knowing whether they were going or not. The new regulation does not apply to steamboat service, but it is very probable that it will be made to apply to berths aboard ship in the near future.

Special arrangements are made for out-of-town customers who telephone for reservations, and after having bought accommodation the money will be refunded on request.

PRINCE RUPERT TOOK MANY PASSENGERS

Number of People Made Round Trip on Her to Seattle and Back

Steamer Prince Rupert arrived from the north on Saturday evening and left for Seattle at midnight, every berth on the vessel but two being taken, chiefly by week-end excursionists who took advantage of the special cheap rate offered by the company for every Saturday night, returning Monday morning. This round trip gives those who are in business an opportunity of spending a day in Seattle without interfering with their business hours.

The steamer had about 75 through passengers when she arrived from Seattle this morning and she took on a number at this port. Those booked to northern points were: For Prince Rupert—G. Sorey, G. A. Davidson, Mrs. A. Harlock, A. McCullough, A. G. Foster, Fred Healy, J. T. C. Wasson. For Stewart—D. O. O'Hara, F. Lira, A. J. Donald, Mr. and Mrs. R. C. Erickson, Alex. McPhee, R. C. McCullum, G. B. Whitehead, and Jno. Kirch and fifteen second class.

A good number went to Vancouver only, included among whom were David Spencer, Sr.; Chris. Spencer, and Miss Spencer. The Prince Rupert took a large freight from this port, including ten heavy Clydesdale horses for Stewart.

SHIPPING REPORT

(By Dominion Government Wireless.) Point Grey, June 27, 8 a. m.—Clear; calm; 30.10; 61. Cape Lazo, June 27, 8 a. m.—Overcast; wind N. W.; 30.05; 52; sea moderate. Spoke Princess May at 5.30 p. m. off Chatham Point, southbound, arrived at Vancouver 7 a. m.; reports passing Princess Royal at Haddington Island 4.30 p. m. and fishing steamer Grant at Yellow Cluse at 4.45 p. m. NEW CRAFT LAUNCHED. Vancouver, June 27.—Last week saw the launching at the Vancouver shipyards of a remarkable hull for what is expected to be by far the fastest craft in British Columbia waters. This is the 31-foot launch Comet, built for Victor Spencer, of David Spencer, Ltd. Although it will not travel quite as fast as its namesake in the skies, it will no doubt be more visible and exceed in speed anything ever seen aloft in this vicinity, even though the engine is not a racing freak, but substantially designed for steady service.

The hull is designed by Wolf, of Portland, who, at a recent race, achieved about 20 1/2 miles per hour with a high powered motor boat. Vancouver has been far behind other large cities in speedy pleasure craft, and it is expected that the launching of the Comet will stimulate into action other prominent members of the water sporting fraternity.

STEAMER YUCATAN IS NOW WHITE ELEPHANT

Nobody Wants Her, So in Meantime She is Moored at Outer Dock

Steamer Yucatan left the Dominion government dry dock at Esquimalt this morning and was towed round to the outer dock, where she is tied up awaiting the outcome of the dispute between the underwriters and the owners. The lowest bid for the repair work was put in by the Willamette Steel and Iron Works, but so far it has not been decided whether she will be repaired or sold. It is stated that if she can be repaired at the price offered the underwriters will be about \$16,000 in pocket. Probably the owners would rather pay that much in order to be relieved of her. They consider her a total loss, and it is said will not accept her even if she is repaired.

If the steamer has to be sold by the underwriters she will probably not fetch enough to pay for the salvage operations. The Eva Marie went ashore last week on Green Top Island, at the entrance to Prince Rupert harbor, shortly after her owner, Victor Jacobsen, had left for Victoria. She was at that time in charge of Capt. Lump. The Indians at other Indian deserts escaped the previous night in a west coast canoe. The police are after them in launches. The Eva Marie went ashore last week on Green Top Island, at the entrance to Prince Rupert harbor, shortly after her owner, Victor Jacobsen, had left for Victoria. She was at that time in charge of Capt. Lump. The Indians at other Indian deserts escaped the previous night in a west coast canoe. The police are after them in launches.

The liner Zealandia, recently purchased by the Union Steamship Company, of New Zealand to replace the Manuka on the Canadian-Australian line, is now on her way to Australia. She was fitted up at Greenock and sailed from the Scotch port for Melbourne on May 14th. She is said to be even larger than the Makura, at present the largest and finest vessel on the run. She was purchased from the Huddard-Barker Company. At present there are three steamers on the run between Australia and this port, the Makura, the Marana and the Manuka. The smallest of these is the Manuka, which will now give place to the new vessel. The business between Australia and this country has been steadily increasing so much so that the steamers at present on the run are scarcely able to handle the passengers who offer. The addition of the new liner will be welcome, and it is further hoped that it will be found possible to keep four steamers on the run instead of three, thus giving more frequent sailings. The postmaster-general of Australia is interesting himself in this matter, it being his opinion that the public is not treated fairly in the matter of frequency of service between the two countries.

Barque Aha arrived in the Royal Roads from the Fraser river this morning and will remain there a few days until she has secured some new sails. She has a cargo of lumber for South Africa. Steamer Laurentis sails from Liverpool for Montreal. Arrived—Str. Canada, from Montreal.

CREW OF EVA MARIE HAVE BEEN ARRESTED

Will Be Forced to Continue Cruise to Behring Sea to Hunt for Precious Pelts

(Special to the Times.) Port Simpson, B. C., June 26.—Yesterday the police launch arrived from Prince Rupert with the ship inspector, and after a thorough inspection of the sealing schooner Eva Marie, Constable Deane, assisted by a special from Prince Rupert, arrested 26 Indian deserters. They will be forced aboard the vessel previous to her sailing. Three other Indian deserters escaped the previous night in a west coast canoe. The police are after them in launches. The Eva Marie went ashore last week on Green Top Island, at the entrance to Prince Rupert harbor, shortly after her owner, Victor Jacobsen, had left for Victoria. She was at that time in charge of Capt. Lump. The Indians at other Indian deserts escaped the previous night in a west coast canoe. The police are after them in launches.

The Yellowstone Park Excursion

Leaving Seattle and Tacoma, via the Oregon & Washington, Oregon Railroad & Navigation Co., Oregon Short Line and Southern Pacific Railroads.

JULY 9

Makes the strongest kind of an appeal to TEACHERS AND STUDENTS. The educational value of the Yellowstone Trip has long been recognized. This value is now greatly enhanced by the opportunity to make the trip through a NEW AND MARVELLOUS COUNTRY. Travelling in comfort on the finest special train ever equipped in the West. Touring the most wonderful scenic storehouse of the world for five days, amid the Geysers, Lakes, Rushing Streams, Mountains and Canyons and stopping at the beautiful park hotels.

ALL IN VACATION TIME

And the fare includes rail transportation to and from the park; stage transportation through the park; meals and lodging at the park hotels on the five day tour. Side trips at small extra expense. Get the full details of this great tour from

W. D. Skinner, Gen. Freight and Pass. Agent SEATTLE, WN.

Eastern Trips For Western People. Summer Tourist Round Trip fares in effect June 2, 17, 24; July 5, 22; August 3, and September 8, 1910. SPECIAL FARES \$60 ROUND TRIP. To St. Paul, Minneapolis, Duluth, Superior, and Kansas City. \$72.50 to Chicago; \$70.50 to New York; \$107.50 to Washington, D. C.—proportionate fares to other Eastern points. Three Electric Lighted Trains. The Oriental Limited and Southeast Express—each an electric lighted through train to Chicago or Kansas City. The Fast Mail is another good train. All are built for comfort. Send for scenic folder East Over the Mountains, or come in and let's talk it over. E. E. STEPHEN General Agent 1205 Gov't St. Victoria, B. C.

SPECIAL TRIP.

Congestion of Freight at Vancouver Cause for Amur Being Sent to Skagway.

Owing to the crush of freight awaiting transportation at Vancouver bound for Yukon points steamer Amur is being dispatched on a special trip to that port. For that reason she will not come to this port, but will go north from Vancouver as soon as she can be loaded. It is expected that she will be back in port in time to leave for the Queen Charlotte-Islands July 11th. Passengers from the Amur are being transferred to the ferry steamers.

MARINE NOTES

Steamer Germanicus is awaiting orders at Comox. Steamer Empress of China left Hongkong at 6 p. m. June 25th. Princess May is expected here this evening from Skagway and way ports. Norwegian steamer Jethou is loading coal at Nanaimo for ports down the coast. The charter of the steamer Angot to carry coal from Vancouver Island to Guaymas, it is understood, is for a period of one year. Steamer Trader leaves to-morrow for New Westminster under the new arrangement with the Victoria Board of Trade. Steamer Queen City is being delayed in arriving here, owing to the fact that she is bringing two carloads of barrels from Vancouver. Lever Brothers, Toronto, will send you free a cake of their famous Plantin toilet soap, if you mention this paper.

MRS. SPOFFORD AGAIN W. C. T. U. PRESIDENT

Re-Elected for Twenty-Fifth Time—Several Victoria Ladies as Officers

New Westminster, June 27.—At the convention of the W. C. T. U. of British Columbia the election of officers for the coming year resulted as follows:

President—Mrs. Spofford, Victoria. Honorary President—Mrs. McNaughton, Victoria.

Vice-President—Mrs. Reekie, Vancouver. Corresponding Secretary—Mrs. Cunningham, New Westminster.

Recording and Press Secretary—Miss Marguerite Evans, Victoria.

Treasurer—Mrs. Gordon Grant, Victoria.

The first part of the Thursday morning session was taken up with the reading and discussion of Mrs. Gordon Grant's interesting and comprehensive report of the woman's franchise work. Large quantities of literature bearing on the subject had been distributed by Mrs. Grant, and a special franchise campaign had been instituted after the close of the provincial convention last year. Four months were given to arranging this campaign, Mrs. Grant working eight hours a day. The results proved that a great awakening had taken place, although not so satisfactory as had been hoped for.

A great many clergymen responded to the request that they should preach sermons on the franchise question; addresses were given at public and private gatherings, and a large number of essays were written by the public and High school pupils, for which prizes were awarded.

The plan of work for the convention was then discussed and adopted, after which Dr. Ernest Hall, of Victoria, gave a lengthy talk on social and moral reform.

With regard to their federal rights, it was time, the women held an old time Boston tea party; all they were doing now was mere bubble-blowing and sham pillow-fighting. Party politics divided good, true men, and gave the devil a chance to get his work in. As a whole, the women were interested in the liquor or brothel traffic. Much could be done by permission, much more by ballot; the W. C. T. U. women should organize a political party for franchise, home and nation. Some two-by-four men objected to women voting on the ground that they could not fight in the time of such a crisis as the liquor traffic. Mothers gave life to the nation and kept the ranks of fighting men constantly recruited. Men would measure up to the standard women set for them. It was up to the women to demand an equal standard of morality for men and women. Immorality always meant disease, usually incurable. Men respected most those women who respected themselves. Homes, lives, happiness were at stake. Weeping over a city was not enough, women must act as a mighty unit, and act quickly and determinedly.

A pretty incident took place at the close of the morning session, when Mrs. Cartmell of Chilliwack, was presented by the convention with a beautiful copy of the Queen Alexandra Gift Book, "Snap Shots From My Own Camera," for her little son, Wesley Raymond Cartmell, who was celebrating his seventh birthday, and was two years ago made an honorary member of the W. C. T. U. in Victoria.

The little boy was suffering at the time from the loss of one eye, the result of an accident. In thanking the convention for his gift, Mrs. Cartmell stated that, like Hannah of old, she had dedicated her son to the Lord's work.

The plan of work for the coming year proposed by the official committee was adopted by the convention as follows:

That all unions should observe Crusade Day in November in order to increase the membership.

That unions should be urged to study the municipal voters' lists; that lists of voters favorable to temperance should be kept in order to influence the municipal election favorable to the municipal government.

In view of the intended erection of a maternity ward in connection with the Provincial Royal Jubilee Hospital, that the union does not press the enlargement of the W. C. T. U. home.

That the unions be urged to appoint a finance committee, of which the treasurer shall be chairman, one of whose duties shall be the collection of membership dues.

That we recommend to the local unions the honorary members' button, which has been adopted by the National W. C. T. U. A tiny white bow on blue enamel button surrounded by W. C. T. U. letters in gold.

That in order to further the work amongst the young people, we recommend the formation of auxiliary leagues amongst the intermediates, through which they become pledged to the W. C. T. U. without organization. The girls to wear the bow, the boys the honorary members' button. All such to be enrolled on auxiliary membership roll of the local union.

That the provincial officers be authorized to develop a plan by which there may be supplied direct to the local unions suitable monthly lesson studies, which will be educational in character and which will be paid for by the unions.

That we recommend that we support the local option work of the province to the extent of \$1 per member, if money to be raised by the local unions according to their discretion.

That this provincial convention accept the suggestion of Rev. Dr. Spencer, superintendent of local option, to give the W. C. T. U. a section of "The Standard" in which to publish the work of the W. C. T. U. in return for which the unions will undertake to secure the circulation of the paper in their respective towns.

At the invitation of Mrs. Sherwood of Victoria, on behalf of the Victoria local union, it was decided that the provincial convention should meet there next summer.

Mrs. Gordon Grant of Victoria, was presented by Mrs. Reekie of Vancouver on behalf of the provincial W. C. T. U., with a life membership certificate. In replying, Mrs. Grant said she

The Evening Chit-Chat

BY RUTH CAMERON

It's not raining rain to me. It's raining daffodils. In every dimpled drop I see Wild flowers on the hills.

The clouds of gray engulf the day. And overwhelm the town. It is not raining rain to me. It's raining violets.

A health unto the happy. A fig for him who frets! It is not raining rain to me. It's raining violets.

—Robert Loveman.

It is pretty hard to see the daffodils in the rain, when that particular day on which you planned to go skylarking turns out rainy, isn't it?

And yet the daffodils are pretty sure to be there, and often many more of them than you realize.

This is a word for discouraged and rebellious people. People to whom some wrench, some disappointment, some very unwelcome change in life has come.

"Dear folks, it is hard for you to believe that in your particular change or disappointment there can be any preparation for future happiness, but truly there may be.

Again and again, even in my small individual experience, I have seen it happen that the sharp unwelcome turn of the road that seemed so cruel and unnecessary, has been the very turn that led straight to the land of heart's desire.

And more than once I have seen the shock of sudden misfortune and suffering turn the trend of a life out of some unfortunate rut into which it had gotten.

Once on a time was a woman who went wrong, and because she thought it would be too hard to get back, and because she thought she was having a good time, stayed wrong. Continual merry-making and the possession of good things, and admiration and the semblance of love, hid the horror and emptiness of her life from her, until one day what she considered a terrible misfortune came to her.

She became very ill of typhoid fever. Everyone deserted her. She was friendless and alone and in want. And with all that had hid it from her stripped away, she saw the horror and emptiness of her life—saw it so plainly that she turned away from it forever. And to-day she is a good and happy woman with home and children.

If she had known how to pray she would have surely prayed that the sickness should have been averted, and yet she would have been praying for destruction.

Out of the rain of disillusionment came the daffodils of peace and happiness.

The woman who repented to me the quotation which follows probably knew as great a disappointment as any woman could, for, on what was to have been her wedding eve, she found that her lover was unfaithful to her. As she quoted this, she said, "I have found it true."

"There is help in the still places of life, its retreats, its withdrawals for communion with God and one's own soul. Bereavement is one of the still places of life; disappointment is another; pain is another. We come out of deep bereavements, out of great sickness, out of bewildering losses and disappointments, out of all the serious and such experiences of life, if we learn to accept such experiences in the right spirit and clarified wisdom, with renewed faith, with better adjustment to the Divine Plan. At first it may seem, when we are called aside into the still places, like a turning back of life upon itself, an undoing of all its hopes and purposes. But by and by we learn that the still place is instead a place where life gathers itself together, finds itself heads with new power and usefulness in the direction which God indicates.

Berry Sets—China sets of one large bowl and six napkins, \$1 to \$2.50; 12-piece set, \$2.25 to \$5.50. Separate napkins, \$1.50 to \$2.25 dozen. R. A. Brown & Co., 1202 Douglas Street.

Col. R. E. Montgomery, a well known timber investor, who has been in the city on business for the past few days, has left on a trip to Portland, Ore.

Miss Mabel A. Cameron is leaving on Thursday, en route to London, England, on a visit to Miss Agnes Deans Cameron, who is lecturing for the Dominion government in the Old Country.

A party of 40 High school students enjoyed a social time at Goldstream on Saturday. They caught the 5 o'clock train in the morning and returned in the evening. All enjoyed themselves to the utmost, games and other amusements being indulged in between train times.

This evening being social night in connection with the Epworth League at the Metropolitan Methodist church at the outdoor gathering will be held at the George. All members are asked to take the 8:30 car from Government street and assemble at the terminus of the line at the favorite beauty spot.

PANTAGES THEATRE

Lewis and Lake Musical Comedy Company Opens Engagement.

The Lewis and Lake Musical Comedy Co. arrived yesterday and will to-day give the initial performance of its summer season at the Pantages. "In New York" will be the opening production, with special scenery, wholesome comedy and tuncful spectacular chorus numbers.

The reputation this company has gained in the way of presenting clever, clean and thoroughly enjoyable entertainment makes it an especially welcome attraction to local amusement seekers, who, having tired for the time of vaudeville sent to this city, yearn for the merry jingle and joyful jumble of musical comedy.

610 CORMORANT ST. OFF. E. & N. DEPOT

AN UP-TO-DATE STOVE

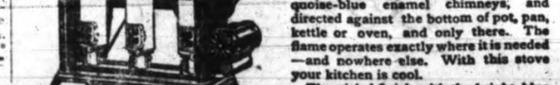

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-stove will do anything, from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at your, write for Descriptive Circular to the nearest agency of the

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

RECORD BROADSIDE FIRE.

Ten 12-inch Guns and Eleven 11-inch Discharged Simultaneously.

In the official trials of the Brazilian battleship Sao Paulo, carried out by the Brazilian commission which went

to England to take over the vessel from the English constructors, the record broadside has been fired. Ten 12-inch guns and eleven 11-inch guns were discharged simultaneously. The weight of metal fired in this salvo was just over 3,000 pounds, or four and one-half tons. The force developed would have been sufficient to lift the Sao Paulo thirty-five feet into the air. Scarcely though the shock was the ship was in no way damaged. It is asserted that no other battleship yet completed, except the sister of the Sao Paulo, the Minas Geraes, can fire such a broadside. In the latest British Dreadnoughts now in service the broadside is delivered by eight instead of ten 12-inch guns and thirteen 4-inch weapons. The number of weapons is the same, but the weight of metal is very much less.

Nelson's monument, in London, weighs 1,500 tons, and is 177 feet high.

TABLE MANNERS OF OVER CENTURY AGO

Manual of Table Etiquette Published in 1791 and Some of Its Interesting Features

Manuals of etiquette are always amusing reading, but I have before me a little volume published in 1791, which is also interesting for the lights which it throws upon old-fashioned manners. It is called—

THE HONORS OF THE TABLE

OR RULES FOR BEHAVIOR DURING MEALS

With the Whole ART OF CARVING, illustrated by a variety of cuts, TOGETHER WITH directions for going to market with the method of distinguishing good provisions from bad.

TO WHICH IS ADDED A number of hints or concise lessons for the improvement of Youth, on all occasions in Life.

Dinner-parties in those days must have been stiff, unsociable ceremonies. To begin with, all the ladies sat together; the mistress of the house sits at the upper end, those of superior rank next her, right and left, those next in rank following, then the gentlemen, and the master at the lower end, and nothing is considered as a greater mark of ill-breeding than for a person to interrupt this order, or seat himself higher than he ought. However, a new fashion had recently set in, "a gentleman and a lady sitting alternately round the table, and this for the better convenience of a lady's being attended to, and served by the gentleman next her."

One thing which must have been very wearying was the habit of commenting upon the foodland offering it all the time. "The mistress or person

A Week Of GOOD SELLING!

To-day marks the beginning of the second week of the sale of lots in the Ker Addition of Gorge View Park. The week has been one of steady inquiry and frequent closing. Commencing with fifteen lots on Monday, sales were made every succeeding day till the very satisfactory total was rolled up of

\$13,125 For 25 Lots

The record is one that shows the attractive nature of the property offered. There is no sign of any abatement of interest and we confidently expect this week's record to eclipse that of last. If you are interested, make your choice before others get the best bargains. Prices in the Ker Addition of

GORGE VIEW PARK

Just Across the Bridge

Range from \$250 for a clear, level-building site with the best garden soil, to \$1,000 for a view lot with groves of oak, arbutus and maple, and commanding a view extending from Mount Baker to the Olympics, and directly overlooking the always animated waters of the Arm.

Get plans and prices from L. W. Bick, Broad Street, or Heisterman, Forman & Co., Government Street.

who presides should acquaint her guests with what is to come, or, if the whole is put on the table at once, should tell her friends that "they see their dinner."

If any of the company seem backward in asking for wine, it is the part of the master to ask or invite them to drink, or he will be thought to grudge his liquor. As it is usually in ladies to be late for dinner, gentlemen should ask them in turn whether it is agreeable to drink a glass of wine. As eating a great deal is deemed indelicate in a lady (for her manners should be rather divine than sensual), it will be ill manners to help her to a large slice of meat at once or fill her plate too full.

KING'S DAUGHTERS MEET IN VANCOUVER

Order in Very Prosperous State and Doing Excellent Work

Vancouver, June 26.—The tenth annual convention of the King's Daughters and Sons of British Columbia opened in the lecture room of St. Andrew's church, Mrs. L. H. Hardy, of Victoria, provincial secretary, in the unavoidable absence of the president, Mrs. George Shaw, of Golden, presided. The day was handsomely decorated with roses.

Rev. R. J. Wilson, of St. Andrew's church, in the absence of the mayor, warmly welcomed the delegates. The great and most important work which was done in the world by members of the order, he added, lay in a very large measure, in obscure places and concerned comparatively obscure duties, which otherwise, however, would remain undone and neglected. And a great deal of the Master's best work would be left unperformed if this noble order did not exist.

Mrs. Battle, the president of the City Union of Vancouver, in heartily welcoming the delegates, said that while the Daughters of the Empire were doing a splendid work in fostering an inspiring spirit of patriotism, they were banded together for a still higher object, the uplifting of humanity. Their membership now numbered over 400, and she hoped that they would all in their respective little corners throughout the province prove equal to their very high privileges in developing the activities of all kinds and of all grades in importance that fell to their lot.

Mrs. A. T. Watt, of William Head, and Metehosin, near Victoria, referring to the uplifting of humanity, and of progress for which this city was so distinguished, hoped that they would all catch this most desirable form of infection and in the most unbounded measure.

Mrs. Edward Dickenson of Victoria, and Mrs. Macdonald of Cowichan, also expressed their extreme appreciation of the spirit of cordiality displayed in the addresses of welcome.

Mrs. Watt read a brief communication which was prepared by Mrs. Holmes of Cowichan, Vancouver Island, in reference to the heartfelt sorrow with which they all had learned the news of the demise of His Majesty King Edward and their profound feelings of sympathy for the queen mother in this, her hour of deep affliction.

A committee to draft a resolution of condolence, which will be forwarded to the queen mother, will be appointed this morning.

In the report of Mrs. Bessie Shaw of Victoria, the provincial secretary, who found it impossible to be present, it was stated that the results of the year's work had been most gratifying. The total membership was now 423, including 108 new admissions, and the receipts had reached the figure of \$2,195. As the report contained matters which were deemed worthy of serious consideration, it will be taken up during this morning's session.

Mrs. Hasell of Victoria, urged members to give more attention to continuity in interest in the great work which was done by the members of the order. City circles should keep in close touch with each other and work together.

In Victoria they gave frequent encouragement, but in other cities did not have a city union, as was the case in Vancouver and in Toronto. They really formed a sort of imperial federation, and the nourishing of the true imperial spirit was a matter of the very highest importance. Their great central idea was indeed imperial, and they were pledged without prejudice to either creed or class to immediate and helpful service, wherever and whenever it might be required. Unity in aim and unity in service, with clarity for all, should be their motto, and as long as places existed where was misery and suffering among women they had noble and imperative duties to perform.

Committees were announced as follows: Press, Miss Cumming, of Vancouver, and Mrs. Morley of Victoria; resolutions, Mrs. Watt of Metehosin, and Mrs. B. B. Wilson of Victoria, and Mrs. Macdonald of Cowichan; credentials, Miss Wilson of Cowichan, Miss Chapman of Vancouver, and Miss Morley of Victoria; auditors, Mrs. Hasell and Mrs. Dickenson of Victoria, and Miss Henderson of Vancouver.

The convention was informed that the daffodil festival, the annual entertainment of the order, which was held in the palm room of the Empress hotel on the 11th of last April, had been in every respect a splendid success, the total receipts amounting to \$400 and the expenses to \$60. This entertainment was in charge of the executive generally, and more especially of Mrs. Hasell, the convener of the committee, and Miss Leitch. All the prizes which were awarded upon that occasion were donated by friends of the order.

The report of the provincial secretary, Mrs. Bessie Shaw, who has held

this position for eight years in succession, being taken up for discussion, her suggestion that the yearly entertainments, which have hitherto been always held in Victoria, should be allotted to the different districts in the province in turn was cordially approved. Daffodils, for which the capital is eminently adapted, have during the last two years formed the leading features of this festival, but its character may be varied to conform to the most attractive characteristics of the district which may be in question.

Mrs. L. H. Hardy of Victoria, the provincial treasurer, submitted the following report: Total receipts, \$253.62; total expenditure, \$247.31, and balance on hand \$11.31.

The next item on the order paper concerned the publication of the Year Book, the official publication of the order in this province. The convention was informed that early during the present year the matter of this most useful as well as very necessary publication in the interests of the order was duly prepared, but by this time the convention date was so near at hand that for this as well as for other reasons it was decided by the executive to defer further action until the order could be consulted.

Mrs. Watt, the convener of the committee which had this business in charge; Mrs. Hasell, Mrs. Geo. Shaw of Golden, and Miss Leitch, assisting, submitted the committee's report to the convention. The discussion which arose thereupon lasted until the luncheon hour arrived. Mrs. Hasell strongly urged that the mass of valuable information which had been carefully compiled by Mrs. Watt ought to be published in the best interests of the order. She suggested that a portion of the expenditure entailed by this publication should be defrayed through the imposition of a small charge, say ten cents per copy.

Mrs. D. W. Wilson approved, and further suggested a certain fixed contribution by the various circles in addition to a charge per copy, as in this manner the total expense under this head might be met.

On motion of Mrs. D. B. Wilson it was resolved to have this record published at the earliest date possible under the title of Hand Book, the charge per copy being fixed at ten cents and the number limited to 250. Most encouraging reports were made by the district secretaries for Victoria, Vancouver, Cowichan, Esquimalt and Metehosin.

On motion of Mrs. D. B. Wilson it was resolved to have this record published at the earliest date possible under the title of Hand Book, the charge per copy being fixed at ten cents and the number limited to 250. Most encouraging reports were made by the district secretaries for Victoria, Vancouver, Cowichan, Esquimalt and Metehosin.

NERVOUS HEADACHE

And Muscular Rheumatism Disappeared When the Nerves Were Restored by

DR. CHASE'S NERVE FOOD

Feeble, wasted, starved nerves often make their condition known by nervous headaches. This is one of the first and most marked symptoms.

If you are at all subject to rheumatism you have noticed how much worse it gets when the system gets run down.

Both nervous headache and muscular rheumatism disappear when Dr. Chase's Nerve Food is used to rebuild and revitalize the wasted and weakened body.

Mr. James Riley, moulder for the Waseous Engine Co., 46 Jarvis street, Brantford, Ont., writes: "I suffered for years with muscular rheumatism and as I also had frequent and severe attacks of nervous headache I concluded that the trouble came from the nerves and began using Dr. Chase's Nerve Food. As I continued this treatment the rheumatism was gradually driven out of the system, my nerves got stronger and steadier, and the headaches disappeared. I consider Dr. Chase's Nerve Food a splendid nerve regulator and health builder."

You cannot possibly make a mistake in using Dr. Chase's Nerve Food when the nervous system gets run down, for by forming new, rich blood this great food cure builds up the nerve cells as nothing else can.

When you have made up your mind to test this treatment, go at it in earnest and keep at it regularly until you find again the joy of health and vigor.

Write for free copy of Dr. Chase's Recipes.

PROPOSAL IN COURT

During the hearing of a breach of promise case in the King's Bench division in London, a proposal of marriage was refused and rejected. Miss Margaret Brightmore, of Oldfield road, East Ham, claimed damages from Ernest Knight, a salesman.

Mr. Stewart (for Miss Brightmore) was opening the case when H. C. Coombe (Knight's counsel) interposed to say that Knight was willing to marry the girl.

Mr. Stewart said it was rather late for that statement to be made. Miss Brightmore was twenty-three years of age, he added. She became acquainted with Knight in June, 1907, and the alleged promise was made on Boxing

MARRIAGES ON THE DECLINE IN ENGLAND

Situation is Causing Considerable Comment in Old Land at the Present Time

Statisticians have been calling attention to the decline in the marriage rate of this country, and the subject in its relation to national well being has been discussed by speakers and preachers. During 1909 the marriages in England and Wales numbered 260,259, equalling a rate of 14.6 of persons married per 1,000 of the population. This rate was 0.3 per 1,000 below that of 1908 and 1.1 below the average rate for the previous ten years. In 1882 the marriage rate was 14.7; during the next six years it rose gradually to a maximum of 16.5 in 1889; in the following five years it fell slowly to 15.2 in 1904; in the next three years it rose to 15.8 in 1907, and then came the drop to 14.6 last year. The argument has been based on these figures that the number of marriages shows a tendency to rise and fall with the state of trade. In 1907, when trade was good, the marriage rate was high. Since then, with falling trade, it has gone down.

The London rate is somewhat higher than that for the whole country, but here the 1909 figure is the lowest ever recorded. A table shows how during the past 25 years the marriage rate in the metropolis, based on the total population, has declined by 19 per cent.

Year	Rate per 1,000	Rate in 1870-2
1870-2	19.4	100
1880-2	18.2	94
1890-2	17.6	91
1900-2	17.8	92
1903	17.5	90
1904	17.0	88
1905	16.9	87
1906	17.1	88
1907	17.0	88
1908	15.9	82
1909	15.5	81

When the rate is calculated on the total of marriageable persons in the community, and not the total population, the decline in the period covered by the above table is no less than 27 per cent. Vital statistics show a constant increase in the number of bachelors and spinsters in the community, and an increase in the age at which marriages take place. Some remarkable conclusions were drawn by Sir J. A. Baines, in a recent address to the Royal Statistical Society, based on the growth of population in Western Europe.

A generation ago the marriage rate was held to be a good barometer of prosperity, but new factors had entered into the case. The main thesis was still, no doubt, generally true, that wherever there was room for two to live together up to the conventional standard of comfort, a marriage took place. In Ireland there was a decline of nearly 19 per cent., and in the last decade less than a third of the women were married. The increased avoidance of matrimony was most marked throughout the United Kingdom and North Scandinavia, and this in the northern aggregate almost neutralized the growing connubiality of Germany and most of its neighbors, and even of the already much-married Italy.

SANFORD PLAYERS COMING

With the termination of May Roberts' engagement at the Victoria theatre will be given over to the flickering drama for another week, but on Monday, July 4th, Walter Sanford's Players will open an engagement there. This company has been playing for a considerable time to crowded houses at the Empress theatre, Vancouver. There are a score of talented artists, and high-class drama only is presented by them. A carload of special scenery is carried and all productions are staged in a manner equal to the best.

English Towels are popular because of their drying propensities as bath towels. See our window for special display of large-sized English bath towels. Regular prices, 30c and 35c each. For 25c each, Robinson's Cash Store, 642 Yates Street.

PARKDALE

**Have You Heard
or Read Anything
About It?**

If you haven't read this, it will mean money to you. Many people have heard of it, and seeing it, bought lots there when they saw that these lots are really **BELOW** the **MARKET VALUE** at only

\$200 Each

Payable \$25 Cash, \$10 Monthly

This subdivision lies between the Carey and Burnside Roads, 3/4 blocks from the car line and a ten minutes' walk from the Gorge Park.

The lots are under cultivation and a splendid view of the city and mountains can be had from them.

A lady in the office this week said that she refused \$400 for a lot half a mile further out on the Carey Road. Many lots across the Burnside Road **SOLD** for \$500 each, which goes to show that these cleared lots in such a splendid location are **ABSOLUTE SNAPS** at this price.

One buyer took 5 lots at \$200 each and resold them at \$300 each. Just **\$500 PROFIT** on a \$125 investment. Another made \$50 in two days.

If you want an investment or a homesite see us at once about Parkdale. Less than 50 are left of the original 555 lots.

OLD FASHIONED REMEDIES EXPLODED

Medical Health Officer Tells of
Queer Beliefs in Realm of
Medicine

The systematic medical inspection of school children which is taking place throughout England is revealing strange survivals of old-fashioned beliefs in the realm of medicine among the poorer classes.

On the very borders of London an inspector has come across a large number of the younger children with strings of beads around their necks. It was ascertained that these were never removed, night or day, and that the mothers believe them to be possessors of the virtue of being able to guard the child against colds and other infectious complaints.

Every doctor has come across these absurd beliefs and stupid practices on the part of the ignorant, both in town and country," said a London medical officer of health to an inquiring correspondent, "and I don't suppose they will be eradicated until the present generation of grandmothers is extinct. Innumerable beliefs and remedies which survive among the poor have been exploded by medical men time and again, but so long as a grandmother is alive to prescribe them in the hour of need and proclaim their virtues of old the doctors may preach in vain.

For example, there is the old notion that measles is quite a trifling ailment that the mother can herself doctor. In a house with a large family of children it is no uncommon practice for one of them catches measles for the mother to put several other children in bed with it, in the hope that they too will take the disease. The poor argue that all children generally get the measles at one time or another, and that it is a complaint that is "beaten over" as they say, as soon as possible.

"Yet among children of a certain age measles is a very dangerous complaint, with a high percentage of fatalities, which in the case of infants leaves very unpleasant sequelae in the way of sore ears, affections of the eye and the like. "Another baleful notion that is met with in the country is that a colic is an excellent thing to place over a severe cut to stop a bleeding. A dusty cobweb is torn from a cellar wall and laid on the wound, which is then bound with a rag. Of course, it is a most perilous practice. Dirt may be introduced into the wound and serious inflammation set up, even if blood poisoning does not follow.

"Lots of boys and girls are made to have their ears pierced and to wear small gold earrings under the popular belief that it will strengthen their eyesight. This is a very deeply rooted idea among sailors."

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land's Agency or Sub-Agency for the district. Entry by proxy may be made at any time, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within six miles of his homestead on a farm of at least 50 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In good standing may pre-empt a quarter section alongside his homestead. Pre-emption shall be made within six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead rights and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$100 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$50.00. COAL-Mining rights may be leased for a period of twenty-one years, renewable, at an annual rental of \$1 per acre, not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined. W. W. CORY, Deputy of the Minister of the Interior. N. T.—Unauthorized publication of this advertisement will not be paid for.

NOTICE

Seattle, June 27.—The scores in yesterday's game follow: R. H. E. Seattle..... 1 5 1 Spokane..... 0 6 2 Batteries—Zackert and Custer; Ryan, Baker and Shea.

MYSTERIOUS CASE.

Revelstoke, June 25.—As a freight train on the south track was nearing Greenleaf, north bound, and rounding a curve, an obstruction was noticed on the track a little distance ahead. It was seen to be a sectionman's hand car with the body of a man stretched out on it, the car being stationary on the track. Unable to pull up before hitting the hand car the engineer whistled loudly, but the man apparently took no notice. The car was hurried some distance and the man flung to the side of the track. When picked up he had been half dead in his dangerous position on the rails before the train struck him.

He was conveyed to the hospital here and never really regained consciousness before his death, which occurred the same afternoon. The man was admitted to the hospital suffering from a fractured skull, his name being Francesco Deuscenzo. He was employed by the Bowman Lumber Company.

It is not known how the man came to be on the hand car on the track, and the fact that he was practically senseless before his death, which occurred on the approach of the train, points to a suspicion of foul play. Before the train reached Greenleaf two men were seen lurking in the brush near the track.

A post mortem was held to ascertain the cause of death, and it is evident that he died from the effects of a heavy blow on the skull, but whether caused by the engine striking him or not is unknown.

NEW TEACHERS FOR NELSON.

Nelson, June 25.—The school board is continuing to make appointments to the teaching staff, filling the vacancies that have occurred through resignations. At the monthly meeting the board appointed Miss Louise Thomas, who has spent her year's leave of absence at Truro, N. S., to succeed Miss Kate Scanlan, first assistant principal in the public school, at \$90 a month. Miss Edith B. Stearns of Slocan, joins the teaching staff at \$70 a month. Letters accepting appointments were read from Mr. Lay of Grand Forks, Miss Mackenzie of Greenwood, and Miss McDougall of Grenfell, Sask.

ISLAND DEVELOPMENT LEAGUE MEETING

Nanaimo Citizens' League Select Delegates—Question of Tramway is Discussed.

Nanaimo, June 25.—At the regular meeting of the Citizens' League held last night, Messrs J. W. Coburn, Hy. Shepherd and H. P. Hickling, secretary of the Citizens' League, were elected delegates to attend the annual meeting of the Vancouver Island Development League to be held at Port Alberni during the early part of July.

Messrs. J. W. Coburn and Dr. Brown were appointed a committee to interview Mr. Stockett and Inspector of Fisheries Taylor in reference to closing the west outlet of Nanaimo river and opening up the east fork, the committee to report at the next meeting of the league.

The question of a tramway in the city was discussed at length and Messrs. Geo. Beattie, J. W. Coburn, Hy. Shepherd and H. P. Hickling were appointed a committee to collect all data in connection therewith and report back to the league.

CLEANS OUT STATION.

Nelson, June 25.—There was an exciting time at Castlegar when Hick Sing Wing, a Chinese, cleaned out the railway station, a brick and a heavy force being sent to the scene. He pointed a committee to collect all data in connection therewith and report back to the league.

This was the state of affairs when James Wrightman, provincial constable at Nelson, arrived at the scene. The prisoner was brought before W. H. Bullock Webster, stipendiary magistrate, and committed for examination as to his sanity. The belief of the authorities is that the Chinaman is insane. It seems probable that Hick Sing Wing will be sent in due course to the provincial asylum at New Westminster.

STRIKE ORE IN STREET.

Rosland, June 25.—While carrying on excavations for the foundation of a building to be erected at the corner of Washington street and Fifth avenue, the two men employed there came across a vein of ore. It has not been assayed yet, but it certainly looks to be good ore. There can be no doubt that it is an offshoot from some of the leads belonging to one or other of the mines in the northern portion of the city. Of course, no one can tell to what distance it may run, as it leads off to the south under some residences, but it is about a foot wide. Many people have been up to have a look at it and have chipped pieces off as mementos of the discovery.

ACCIDENTAL DEATH.

Nanaimo, June 25.—Coroner Davis held an inquiry to investigate into the cause leading to the death of George Hutchins, near French Creek, on the Alberni road. The jury brought in the following verdict: "We the jury empanelled to inquire into the death of George Hutchins, bring in a verdict of accidental death through a log striking him while clearing land."

J. GREENWOOD Real Estate and Timber. 675 Yates, next door to Bank of B.N.A. Phone 1125.

SMALL COTTAGE, Work Estate, for \$1,100; on very easy terms.

MONEY TO LOAN. FIRE INSURANCE WRITTEN AT LOWEST RATES.

ACCIDENT IN SAWMILL.

Vancouver, June 25.—By having his clothing caught in a flywheel in the engine room of a sawmill at Port Hammond, James Faulkner was seriously injured and Hugh McMillan had the lower part of one of his hands almost severed, by that member coming in contact with a circular saw during McMillan's efforts to shut off the steam from the engine. McMillan was wildered round and round before his clothing gave way, when he was released unconscious from his perilous position. Both men were brought to the city and are now lying in the general hospital.

VERNON PIONEER DEAD.

Vernon, June 25.—One of the old-timers of Vernon passed away in the person of Michael Healy. Mr. Healy had been a resident of this city since 1891 and had many friends in all parts of the district. At one time he was the proprietor of the Palace livery stable. His aged mother and his sister, Mrs. E. Johnston, reside in this city.

INTERESTING PUBLICATION.

New Pamphlet Written by Madge Robertson, Watt for Branch of Development League.

A new pamphlet entitled "The South-west Districts, Vancouver Island," has just been issued from the Colonial Presses for the Colwood and McRoshin Branch of the Vancouver Island Development League. It is prepared by Madge Robertson Watt, wife of Dr. A. T. Watt of the Quarantine Station, William Head, and is a very complete and exhaustive work. It deals with all phases of life in the districts covered and is well illustrated. It should prove a very valuable aid in the work of advertising the district. In the introduction is found the following:
"Much of this district borders on the sea, fronting on the sparkling straits of Juan de Fuca, flanked by the Sooke Hills, composed of stretches of timbered high lands and fertile valleys and of fields under cultivation extending down to the sea. The hills of the ever-changing sea and mountain make it a panorama of beauty. The outlook from the

Potatoes Flour Sugar

HOLDS OFFICERS AT BAY FOR DAY

TWO KILLED AND THREE WOUNDED IN FIGHT

Man Barricades Himself in House and is Shot After Long Siege

(Times Leased Wire.)

Atlanta, Ga., June 27.—After killing two officers, wounding three others and resisting arrest for 24 hours by barricading his house at Oscilia, Ga., W. H. Bostwick was shot to-day.

Bostwick was shot to death after several hours' battle with the posse, according to reports received here. Bostwick's children were taken out of the house before their father was slain. Details of the fight are lacking.

Bostwick killed Chief of Police Davis and Deputy Sheriff Sheffield, and wounded Sheriff McInnes and Deputies Bass and Tucker, who were trying to arrest him at his home yesterday. He barricaded his doors and fired from the windows. A number of shots were fired at Bostwick, but the officers finally retreated and requested Governor Brown to send a company of militia. Governor Brown dispatched two companies to Oscilia to-day.

Bostwick was arrested some time ago for assault to commit murder. He was released on bond, but his bondsmen withdrew Sunday. It was when officers tried to re-arrest him that Bostwick opened fire.

BLAZE AT FERNIE

Fernie, June 27.—An outbreak of fire took place here Saturday morning about 5 o'clock in the livery shop of W. J. Blundel, general dealer. The fire started in the cellar, where it seemed to have been smouldering all night. When the brigade came on the scene they put the fire out, but the stock in the cellar was completely damaged. The loss is about \$4,000 or \$5,000, covered by insurance. The cause of the fire is unknown.

"FATHER OF CHILIAN NAVY" DEAD

Santiago, Chile, June 27.—Vice-Admiral Juan Williams, the "father of the Chilean navy," is dead.

A FRENCHWOMAN'S BOARD

The French people's rooted distrust of banking institutions and their fondness for keeping their savings at home is sometimes attended with comical consequences. A thrifty dame who lives in the St. Lazare quarter possessed (1,020 in notes and gold. She could think of no better place of securing her hoard than in a tin box fastened to the drain pipe outside her window. Here, she argued, it would be secure from prowling thieves. But she had counted without the wind. A recent gale displaced the precious box, and in its fall it struck on the back of an industrious conclave, who was busy sweeping the courtyard. The lady, mounting after mountain in seeming unending chain, each on a throne of rocks, in a hole of clouds, with a diadem of snow, rear their heads superbly from the sea-washed foot-hills.

EIGHTEEN APPEALS YET TO BE HEARD

Congestion of Business in Courts—Chief Justice May Take Supreme Court Cases

With eighteen appeals yet to be heard the Court of Appeals, which has been sitting without interruption since early in the month, will have scarcely more than half its work accomplished by the time the legal long vacation commences. From present indications about a dozen cases, including the four bond cases, will have been argued by the time the court follows the unprecedented course of sitting during vacation time.

It is a noteworthy fact that, out of over thirty cases on the docket, only four appeals are being made by Victoria litigants. These, following the usual practice, are set down last on the list, but at the next sitting in Vancouver will come on for hearing before the Mainland cases.

In the Supreme Court there are several cases which have been awaiting hearing for some time. In Chambers to-day Mr. Justice Gregory announced that he would probably hear from Chief Justice Hunter this afternoon regarding the disposition of these actions. The Chief Justice is at present in Vancouver, but will, if possible, sit here to take the most important of the cases during the week.

LIBERTY ART CRETONNES

In cretonnes the Liberty Art productions have been recognized as the leaders for a long time. These latest arrivals live up to the Liberty reputation in both design and quality. There's a great choice of patterns and colorings offered now. Prices start at, per yard, 20c.

Use Our Ladies' Rest Room---2nd Floor

Want to Save Money

Of course every homemaker does—at least, should. Then "fight shy" most of the "special sales." June is quickly passing, and July—a month of "sales"—is fast approaching. The warm weather seems to bring a plethora of "price slashing"—it seems to come with the flies. They are both dangerous.

The startling comparison of prices—the REGULAR and the SLASHED—fascinates many women, and men too, and many things purchased that are not needed, that are never used. Little thought is given to quality or what a fair price for such may be—the "faked" reductions get them.

"One price to all—and the fairest possible." That's our motto. Just investigate and learn why so many have found it pays to deal—

Where the most Furniture is shown and sold.

Remarkable and Exclusive

Drapery and Curtain Fabrics Just Placed on

If you are looking for curtain and drapery materials with patterns and textures which are distinctly different—superior quality—remarkable and exclusive designs—colorings of a better sort—choose from these latest arrivals in Liberty Art creations.

The past weeks witnessed the arrival of something unusually interesting to every homemaker who is interested in the interior appearance of her home—a shipment of some of the nicest curtain and drapery materials we have shown this season.

Don't fail to see this comprehensive assortment.

"Hopsack" Latest Weave in Art Serge

The latest weave in Art Serges is called the "Hopsack." This weave is a decided improvement on the ordinary and adds greatly to the artistic possibilities of this much favored material. We have just received a big shipment of new Art Serges in this new Hopsack weave, and we suggest that you inspect the present offerings.

See the new shades in
