## President's Report.

---

NEW YORK, Dec. 1st, 1885.

*To the Patrons and Members of Mount Sinai Hospital :*

Another year has been added to the great past, and as we look back and reflect upon the communal work done in behalf of mankind, we behold those deeds of charity and good will which outlive the present, and are transmitted for emulation to posterity. Prominent among these is the leaf of philanthropy, written in the annals of Mount Sinai Hospital, which is so nobly sustained by you, its members, from that beneficence which is actuated by the purest promptings of the human heart.

It is most meet and proper that we, in rendering an account of the trust placed in our hands, present to you in detail what has been accomplished, and the good result that has been achieved with the means so liberally contributed by you.

The main object of an institution like ours is to save life, to heal the sick, to relieve the afflicted. Aided by our excellent corps of skilled medical attaches, of the 2282 patients received within our portals, and to whom we have extended treatment, we have been enabled to discharge 1111 as cured, 663 improved, while 190 have died. The percentage of deaths, 8.33 per cent., compares favorably with that of similar institutions.

Our inmates have received the most considerate care and the best of nourishment consistent with a proper regard to economy and the husbanding of our resources. Our institution is still in its infancy, not largely endowed, as it will be in time, and we are yet dependent upon contributing members, and this source is insufficient for our needed outlays. The fact of our being deprived by legislation of the usual amount received from the "Excise Fund" is being perceptibly felt, more particularly as no other source of income has replaced it.

The distribution of the Excise Funds among the charitable societies was well justified upon the views generally held that much poverty, sickness and distress is produced by, and can be directly traced to the use of alcoholic stimulants, and that the moneys collected from its licensed sale should properly go to hospitals and similar

institutions charged with the care of those who thus fall upon their bounty and support. Combined efforts should therefore be made by the hospitals and other former beneficiaries to induce a repeal of the bill recently passed by the General Assembly by which the moneys which heretofore flowed in this channel have been diverted therefrom.

While we cannot present to you any flattering increase in our financial exhibit, we may nevertheless say that we have managed to keep within the income of the institution without impairing our work, and without drawing on our permanent fund, or coming before the community for any extraordinary support.

For the details of admission of patients, and of support account, we refer you to the report of our Executive Committee.

The report of our Finance Committee shows the entire receipts from all sources to have been \$98,942.15 as against \$74,685.32 for 1884; and our expenditures were \$82,275.01 as against \$67,937.63 in 1884. In this item of \$82,275.01 is included an outlay of \$13,110.40 for an additional story over the two corridors, \$822.22 for repairs, and \$7,295.50 for the support of the dispensary; leaves for the actual support of the hospital the sum of \$61,046.89 as against \$59,399.16 last year.

The assets of the hospital are :

On bond and mortgage,	\$141,500 00
Cash with Treasurer,	31,667 14

---

\$173,167 14

(an increase of \$3,340.96) and buildings and furniture free, without encumbrance. We also have \$7,074.60 trust funds, the income of which is applied for specific purposes.

Included in the receipts are :

Legacies from Isaac Honig,	. . .	\$500 00
“ “ Henry Wise,	. . .	250 00
“ “ Mayer Schutz,	. . .	1,000 00
“ “ Mayer Goldsmith,	. . .	100 00
“ “ Feile Abrahams,	. . .	100 00
“ “ H. Leopold,	. . .	100 00
“ “ Julius Hallgarten,	. . .	10,000 00
“ “ Mrs. Selina Solomon,	. . .	250 00
“ “ Edward J. King,	. . .	2,000 00
“ “ Abr. Seligman,	. . .	1,000 00
“ “ L. W. Asheim,	. . .	1,000 00

---

\$16,300 00

A perpetual bed was dedicated by Mrs. Julia Hallgarten to the memory of her late husband, Adolph Hallgarten.

From Hospital Saturday and Sunday Collection we received \$4,220.50.

Donations in Book of Life,	\$2,851 00
Otherwise, . . . . .	1,594 64
	<hr/>
Total, . . . . .	\$4,445 64

We record the munificent gift of \$2,000 in bonds, received anonymously—the interest of which is to be expended for the relief of convalescents on leaving the hospital.

The fact that we have been obliged to apply the major part of these funds for current expenditures, justly leads us to the conclusion that to place this institution on a sustaining basis requires further efforts to increase the number of contributing members, so that this revenue, with the interest on the permanent fund, may be sufficient to cover our actual outlays.

We have at present 3,436 patrons and members (a slight increase over last year), affording us the satisfaction to know that we are improving in this direction, and we have collected \$44,155 from this source—\$1,225 more than last year.

Our dispensary continues an important factor for the relief of the outdoor poor, though deprived of the support from the city, heretofore contributed. The fact that our hospital accomplishes so much good, at comparatively so small a cost, leads us to continue a work which, since its inauguration, has been hailed by all as a boon to suffering humanity—treating at the dispensary, as we do, an average of nearly 150 patients daily.

A staff of 16 physicians, well qualified for their work, prompt and zealous in the performance of their duties, are in constant attendance at the dispensary, and the patients receive from us gratuitously, all the medicines required. This work has become an important feature in the cluster of our metropolitan charities. The staff of our dispensary well deserves your thanks, and those of our entire community.

Our hospital is now most complete in the various departments established for the treatment of patients. We have a full medical and surgical service, gynæcological department, special wards for treatment of the eye and ear, and for diseases of children. With this, our dispensary, subdivided into similar services for the relief

of the out patients, presents advantages not excelled by any other institution of a similar kind.

We find our task much lightened by the confidence invariably extended by you to those upon whose shoulders you have placed the management of this great trust. So harmonious have been the relations between all who are connected with the providing for of the institution and those entrusted with its administration, that the work goes on as smoothly as possible. It is mainly due to this that we are not required to come before you with any recommendations for legislation or changes.

We are happy to realize that the oft-repeated reference in our annual reports for the necessity of establishing a home for chronic invalids has tended in a measure to the founding of such an institution. The Montefiore Home, though its accommodations are limited, relieves us in part, of cases the care of which would otherwise improperly fall upon our institution, and thereby deprive us of room urgently required for patients coming within the scope of our work.

The Montefiore Home and Mount Sinai Hospital are in complete accord in their work. Being the first year of the establishment of the Home, its marked success is a source of congratulation to all who take an interest in the welfare of an institution having such an important and laudable object committed to its care.

Its founding has a further significance in perpetuating the name of the illustrious philanthropist, Sir Moses Montefiore, whose many deeds for the relief of the oppressed have made his name revered, and his memory cherished. May his example be emulated.

In reviewing the changes brought about within the short period since the presentation of our last report, we sadly realize that we must again chronicle the loss of a large number of our friends and benefactors.

Death has removed from us since December 1st, 1884 :

all of whom were members of our hospital, and aided in the alleviation of their distressed fellow men.

Adolph Hallgarten, who died in Germany on the 13th of February, 1885, was for many years Director and President of Mount Sinai Hospital. We knew him as a man of sterling character, and as an officer of this institution he was zealous and considerate for its welfare. Of kind disposition, broad views, and charitable inclinations, his loss, we, his colleagues, do deeply mourn, as do all who knew him.

Seligman Solomon, a Director of the Hebrew Orphan Asylum, departed this life on February 14, 1885. As a public character in the field of philanthropy, well known in our community, we justly pay a tribute of respect to the memory of so noble and good a man. Sacrificing as he did, his time, thoughts, means—yes, his very life—to the work of charity, no need of praise for his deeds is too great, no expressions of sorrow too deep, for his loss to a community which misses the quiet, unostentatious man, constantly plodding for others, with a care and a thought for all who needed the kind friend, and who never looked to him in vain for the efforts ever prompted in the interest of his fellowmen.

Our reception on the 8th of November, under the auspices of the ladies of the Auxiliary Society, afforded a special day for the visits of our friends. Its marked success was, as heretofore, due to the endeavors of the ladies, who well deserve our thanks. The lady directors of the Mount Sinai Training School for nurses were present at our invitation and showed our visitors the practical working of their system of nursing.

A most pleasant incident occurred, lately, which indicates the broad spirit of our age, and goes to prove how, in early youth, ideas of philanthropy can be implanted, and, as a consequence, acts of charity performed, liberal, elevating and extended, regardless of religious divisions.

Prompted by the tender feelings of several of the teachers of the Training Department of the Normal College, a number of the pupils made up a collection of choice fruits and sent it on Thanksgiving Day to our patients. Herein we see exhibited a most beautiful sentiment, symbolic of the harvest feast, by offering from the bounty of nature a tithe to those who are so sadly deprived in sharing in the sowing and reaping of our harvests. It brings to our mind a beautiful idea which should find expression on every Thanksgiving Day.

Blessed be these children for this act of thoughtfulness. The practice of such deeds, ennobling their hearts in kindness and love, can only tend to make them good and useful members of society. May they never know want, and ever be spared from the blighting hand of sickness and pain.

The Hospital Saturday and Sunday Association has, this year, appointed the 26th and 27th of December for the collection of funds. This movement for the aid of our hospitals will, we hope, become more popular from year to year, and result in a more general contribution to the undesignated funds. Private institutions, assuming public duties of such a nature, should receive aid from every one who can afford to give, no matter how little, to enhance a deserving cause.

To all who have aided us during the year in the maintenance of our work, we extend the thanks of our Board. "Thrice blessed is he who gives freely." May all those who have had a thought for the afflicted in our midst be thus blessed, happy in knowing that they have the gratitude of the recipients of their bounty and benevolence.

The liberal sentiment of our age, pervading all civilized communities, especially ours, creates a common ground whereon we toil to elevate and relieve our fellowman. We build high our edifices for the care and protection of unfortunates, and these edifices are our temples. Here our incense is burned upon the altar of brotherly love and benevolence—our aims in consonance with the religious duty of all creeds, our offerings pleasing to God and man. So with unity of purpose and mind we continue to consecrate Mount Sinai

Hospital to its high calling and renew our fealty to its noble cause. May it ever be a boon to the sufferer, a source of comfort to the afflicted.

## Report of the Executive Committee.

NEW YORK, December 1st, 1885.

*To the President and Board of Directors of Mt. Sinai Hospital:*

The routine work of our institution remains unchanged from year to year, hence, no new features can be presented in the management of the Hospital for the year ending December 1st, 1885. It is the same picture of man's sympathy for his unfortunate brother; the strong aiding the weak; those blessed with plenty providing for those in distress—thus typifying that liberal spirit of the age in which we live.

The cause of benevolence fostered by you has been productive of rich fruits—treasures which nothing can supplant or destroy; the bloom of health restored to many a pallid cheek; the palsied arm invigorated with strength; the wasted energies revived. All these proclaim most forcibly the result of your work and the sublime aim of our institution. To the patrons and donors who have contributed their means to this worthy cause, this thought will be a source of gladness of heart and everlasting bliss.

Our statistics present an important item: "310 applicants refused for want of room;" and this in the face of our treating the largest number of patients in any year during the existence of the Hospital. "Refused for want of room!" A caption which shows larger figures every year. What can be done to make provision for these unfortunates, and satisfy those who interest themselves in their behalf? We fail to answer this question. The capacity of the Hospital is taxed to its utmost at all times, and no other remedy can be applied, except it be that, in the not distant future, additional buildings be provided adequate to the increased demands made upon us.

We refer you for details to the report of the Dispensary Committee. It shows that 40,386 consultations were held, and 47,299 prescriptions dispensed to outdoor patients during the current year.

An additional story, at an expense of \$13,000, was built over the corridors during the past summer, and we thereby gained fourteen rooms. Four of these will be required for internes, and the remaining ten we are furnishing for the reception of private patients. For the latter our accommodations have heretofore been insufficient.

These alterations necessitated the closing of the Eye and Ear Wards for six months during the year; nevertheless, the number of patients treated in the entire departments of the hospital is in excess of last or any preceding year.

Our wards continue in charge of the nurses of the Mount Sinai Training School. This system has given such complete satisfaction to the patients, the medical staff, and to us, that we have extended it into the two male medical wards of our institution. As the work of the training school becomes better understood, its high philanthropic aims better appreciated, the ladies of this excellent school deservedly receive more encouragement from the public for its support.

We thank the noble hearted ladies of the Auxiliary Society for their continued benevolence in providing clothing, bedding and linens required for the hospital. They manifest a deep interest in all that appertains to the welfare of our patients; they visit our wards, and bring cheer and comfort to many a poor sufferer—gladdening the heart of the unfortunate with that sunshine which woman on her mission of mercy alone can disseminate.

The important factors in producing the good results of our work are justly recognized by us to have been the ability, zeal and

conscientious application of our visiting staff. In behalf of our patients, our patrons and ourselves, we extend to the physicians the acknowledgment they so rightly deserve.

Our house staff, Drs. Schiff, Husson, Ware, Mason, Walter, Swift and Straus, have filled their respective positions faithfully and to our entire satisfaction.

Dr. Davidson, our admitting physician, is, as ever, the same untiring, careful and capable officer. The general satisfaction resulting from his arduous work is the meed of praise we can rightly accord him.

Of our superintendent and matron, Mr. and Mrs. Hadel, we can only repeat what we have said in the past: Prompt, efficient, conscientious in the performance of every duty, they bring to their positions those kindly qualities of heart which so eminently fit them for the care of the inmates.

We thank the ministers who have visited our wards to comfort our patients; the editors of the press for their courtesies in gratuitously sending copies of their journals; and all of those who have, with considerate care, in any manner contributed to the welfare of our patients and softened their pain during hours of sickness and despair.

The bright influence exerted by the introduction of flowers in our wards has in part diminished. In our great city there are many kind and willing hearts ready to do good. We therefore appeal to our young ladies to organize a flower mission having for its purpose the object of providing nature's exotics to cheer the patients committed to our care. Tributes such as these cannot fail to exercise a most benignant and comforting influence—bringing light to many a sad heart through the thought that, without the walls of institutions like ours, there are hearts that feel for the sick within, and that woman's tenderness permeates every circle of suffering.

When life's toil is nearly ended what remains to man beyond the feeling of happiness resulting from the conviction that one's duties have been well performed? Yes, it is happiness to glance back and to know that the opportunities for doing good, with whatever means may have been at our disposal, have never been neglected. To each and all of us it is possible to do some good outside of the immediate family circle, and where is there a richer field to sow the seeds of benevolence than to extend aid in behalf of those doubly afflicted, the sick and poor? So, from all who have had a thought and a consideration for these unfortunates we may be per-

mitted to ask further co-operation and a closer identification with the aims of our work.

As the golden beams of sunshine warm and invigorate all upon which they radiantly reflect, so do the gentle mercies of philanthropy propagate those innate qualities in man's nature which only require the soft touch of charity and love to kindle them into a glow. All mankind are thus knitted closer together in that sympathetic bond which recognizes the human race as one family, with one purpose, one aim—to help the helpless, relieve the distressed, aid the suffering, and elevate man physically and mentally in every walk of life.

The charity created by the founders of this institution and fostered by those who maintain it, rests upon this corner-stone of "Good Will to Man." Time does not diminish the strength of its foundation, but with each year as it advances into the future it becomes stronger and its aims higher. Undimmed by selfishness, untrameled by considerations other than its noble purpose, its portals are ever open to all, without regard to creed, sect or nationality.

## Report of the Dispensary Committee.

---

*To the President and Board of Directors :*

GENTLEMEN : Your Committee would respectfully present the following report of the work of the Dispensary during the past year. The Dispensary is divided into five departments, specified hereafter, each department keeping an accurate record of the service performed.

Though the figures, submitted for the year ending Nov. 30, 1885, show an increase of but 86 in the number of consultations, and a decrease of 2603 in the number of prescriptions as compared with the previous year, yet the fact that more than forty thousand consultations were held during the past year, and nearly forty-eight thousand prescriptions were prepared during that period, is the strongest possible evidence of the beneficent work which the Dispensary of the Hospital is accomplishing. It may also be well to note that the average number of consultations held daily reached nearly 133, while as many as 207 patients were treated in a single day.

### THE MEDICAL STAFF.

The physicians and surgeons attached to this department have faithfully and zealously performed the services required of them and have responded to every call with alacrity.

It affords us great pleasure to acknowledge the faithful services of our apothecary, Mr. Monroe C. Griessman, and his assistants, and our thanks are hereby expressed to them.

### CHANGES IN THE STAFF.

Several changes in the Medical Staff occurred during the year occasioned by the resignations of Dr. R. Offenbach of the Surgical Department, and Dr. Alice B. Brill of the Eye and Ear Department.

The vacancies occasioned by the above mentioned resignations were respectively filled by the election of Drs. Herman J. Schiff and Julia H. Barnett.

Pending the election of a successor to Dr. Offenbach,

Dr. M. S. Kakeles kindly performed the services connected with this vacancy in the staff of the Surgical Department.

Dr. Herman acted as substitute in the place of Dr. Frankenberg during his absence last Summer, and Dr. S. Weld acted in the same capacity pending the illness of Dr. Daniels, and faithfully discharged the duties assigned to them.

## STATISTICAL.

The books of the respective departments of the Dispensary present the following record of service performed during the fiscal year ending November 30, 1885 :

	Consultations.	Prescriptions.
Dep't for Internal Diseases . . . . .	17,329	20,676
“ Diseases of Children . . . . .	7,627	10,605

Cost 7.05 cents per prescription.		
The Dispensary was open . . . . .		304 days
Daily average number of consultations . . . . .		132.84
Daily average number of prescriptions . . . . .		157.89
Greatest number of consultations in any one day . . . . .		207
Greatest number of prescriptions in any one day . . . . .		256
Number of Consultations in 1885 . . . . .		40,386
“ “ “ “ 1884 . . . . .		40,300
		<hr/>
Increase in 1885 . . . . .		86
Number of prescriptions prepared in 1884 . . . . .		50,602
“ “ “ “ 1885 . . . . .		47,999
		<hr/>
Decrease in 1885 . . . . .		2,603

It is worthy of note that in the performance of the above specified service, no distinction was made either on account of race, creed or nationality; all whose ailments brought them to the Dispensary were treated with uniform care and attention.

The record of the work of the past year, the proper discharge of which your Committee, as well as your Honorable Board, have devoted themselves to, is the best evidence for the great necessity of just such a department as the one whose care is charged to this Committee.

To be enabled to participate in work aiming at the restoration of health to the sick, and vigor to the suffering and broken down, is a privilege which we should feel proud of. The vast benefits conferred upon the unfortunate and suffering applicants during the past year admonishes us that much yet remains unaccomplished, and we trust that those engaged with us in this work will be permitted to apply themselves with renewed vigor, zeal and devotion to its further continuance.

Respectfully submitted,

S. SOMMERICH,

Chairman.

S. SULZBERGER,

V. HENRY ROTHSCHILD,

Committee.
