Letter No.: SEI-SO-HO-15 March 22, 1950.

The Chief of Kyushu Civil Affairs Team,
Fukuoka.

Dear Sir:

Application for the expenses of maintenance work of the designated reparation machines.

Since we stopped the maintenance work on July 1945, the designated reparation machines of our plant were attacked by typhoon three times and were left in bad condition. We respectfully apply to you for the expenses of the maintenance work of these bad conditioned machines. We shall be much obliged to you if you will be good enough to let us have a permit at your convenience.

Yours very respectfully,

M. Yamaguchi

APPLICATION FOR MAINTENANCE WORK

(1) Kind of Work: MAINTENANCE

(2) Period of work: 7days after the permission of this application

(3) Project Number:

(4) Plant Number: 21-1.

(5) Plant Name: Mitsubishi Jukogyo K.K., Dai Kyu (No.9) Kojyo.

(6) Plant Address: 5900, Kengun-machi, Kumamoto-city.

(7) Description of work for which funds are requested:

1. General Trimming:

We take off dust and clean up the outside of machines with waste and when we find resting parts with more minute inspection, we remove rust and put on grease.

2. Rust-removing and Greasing:

We disassemble one part of machine which extremely rusts by rain and rust-remove and put on grease.

3. Grease-Recoating:

When the greasing become incomplete, we make grease-recoating on one part and all of machinery.

(9) Justification for Request:

It past 10 months after stopping the maintenance work of designated reparation machines. During that time, we were attacked by typhoon three times and some parts of machinery are left in weather bitten situation by the damage of several parts of roofs. Therefore, they need rapid maintenance work of the designated reparation machines.

Subject: Application of Mizushima Engineering Works, Mitsubishi Jukogyo K.K. for Movement and Authorized Use of Reparations Machines (31-6)

26, December, 1949.

R.A.H. No. 137 (M.S.)

1. The Raparation Agency submits to your Headquarters an application of the Mizushima Engineering Works, Mitsubishi Jukogyo K.K. for Movement and Authorized Use of the reparations machines located in other plants of the same company, together with a recommendation of the Ministry of International Trade and Industry as enclosed hereiwth.

2. The subject plant which is engaged in the manufacture of motortricycles, diesel engines and others wished, in view of rationalization of enterprise, to utilize 8 pieces of reparations machines idly lying in other plants of the same company. The products manufactured in this plant are superior in quality and precision. Especially, auto-tricycles, having been improved several times, are accepted as excellent and demand for them is large in overseas market as well as domestic. If the use of those reparations machines be authorized in this plant, it will make a great contribution to the export trade of this country.

3. In these circumstances, the Japanese Government would be very much obliged if your Headquarters be good enough to give a most favorable consideration to this application.

Y. Katsuno
Director, Reparations
Division, Reparations
Agency.

4. REASON FOR APPLICATION.

(1) We have a plan to build a Car-Repair shop in UJI-Depot of Service and supply section of N.P.R. But we found that it is very difficult to build it newly, becauce of the shortage of both iron materials and budget and of that we can't find any fitted building to take topieces and reuse around UJI. So we want to take to pieces this building and send it to UJI and reconstruct it.
ADRESS: Higashi-Uji Machi Uji City Kyoto Pref.

(2) This building includes no machine hor reparation and it's disassentlement and removal give no trouble to any other buildings.
