WATARASE BRANCH FACTORY
KOIZUMI PLANT
FUJI INDUSTRIAL CO LTD

15 November 1948

SUBJECT: Fire damages at Ashio Factory of Furukawa Mining Co., Ltd. and repairing measures

TO : Senior Military Government Officer,
Tochigi Military Government Team -- Utsunomiya

Sir:

We hereby submit a report on fire damages caused to reparations machinery loaned to Furukawa Mining Co., Ltd. and on repairing measures to be taken to restore original perfect conditions of the damaged machinery.

Our members in charge were soon sent to the factory concerned to investigate the damages and remedial measures; the full report is as follows.

1) Machinery loaning:

In compliance with your official authorization dated 27 October 1947, ten (10) machines among those reparations items belonging to Watarase Branch Factory under Koizumi Plant of Fuji Industrial Co., Ltd. have been loaned to Ashio Factory uder Ashio Plant of Furukawa Mining Co., Ltd. while nine (9) of the same category have been loaned to Oyama Factory under the above Plant of the Company.

2) Machinery servicing:

After installation of the loaned machines concerned, the above borrower made them fit for service by equipping them with missing accessories at their respective locations. They have been employed in manufacturing of rock drills and mining tools at both Factories where thorough maintenance has been kept with best cares.

3) Fire accident:

A fire broke out at about 4 a.m. on November 11, 1948 at Ashio Factory; Rock Drill Shop and Packing Shop were burnt down, with Warehouse and Jig Shop half burnt; the fire was put out at 5.30 a.m. of the same day.

The origin of the fire remains unknown at present.

Damaged area amounts to about 30% of the whole floor space at the Factory concerned.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Only two (2) reparations machinery among those installed at Rock Drill Shop of the Factory have been damaged; the other reparations machines installed at Jig Shop have been free of damage, since this Shop was only half burnt, owing to greatest works of fire-men organized at the Factory to prevent the fire threatening to destroy the Shop.

4) Damages and remedial measures:

Code No.	Item	Capacity	Location	Damages	Restoring measures (Ashio Fact.)
38-11-13	Drilling machine - radial	D1 5HP	Rock Drill Shop	Generally damaged	To be sent to Maker (Ikegai Tekko) to be repaired
38-11-179	Pneumatic hammer	1/4ton 15HP	Forging Shop	None	
38-11-28	Drilling machine - bench	0.27HP	Jig Shop	None	Jig Shop half burnt; removed to other Shop and put in operation since 16 November
38-11-49	Drilling machine - bench	1/3HP	Jig Shop	None	ditto
38-11-87	Lathe - engine	8ft. 5HP	Jig Shop	None	ditto
38-11-88	Lathe - engine	8ft. 5HP	Jig Shop	None	ditto
38-11-91	Lathe - engine	18ft. 10HP	Rock Drill Shop	Generally damaged	Sent to Oyama Fact. to be repaired
38-11-140	Shaper	24in. 5HP	Jig Shop	None	Jig Shop half burnt; removed elsewhere; put in work since 16 Nov.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Code No.	Item	Capacity	Location	Damages	Restoring measures (Ashio Fact.)
38-11-518	Boring machine - Jig	4# 3HP	Jig Shop	None	Jig Shop half burnt; removed to another Shop; put in work since 16 Nov.
38-11-74	Grinder - stand & snagging	5HP	Jig Shop	None	ditto

5) Notes:

The machines above mentioned were not evaluated, since they had been removed and loaned to the borrower before December 1947.

The Ashio Factory has ever since been engaged in restoration of the destroyed machines and we hope their endeavors will complete perfect repairs of the damaged Factory as soon as possible.

We are sorry that an unexpected accident inflicted some damages on reparations machinery loaned to the Factory concerned, and we sincerely beg for your favorable arrangement for the affair.

Respectfully,

Kikuo Maruyama

DECLASSIFIED E.O. 12065, SECTION 3-402/NNDG NO. 45013

R E P O R T

November 15, 1948

To: Senior Military Government Officer,
Tochigi Military Government Team

From: Ashio Factory, Furukawa Mining Co. Ltd.

Subject: Damages of reparations machines by fire in Ashio Factory, which were borrowed from Watarase Branch Factory, Fuji Industrial Co. Ltd., by Ashio Factory
Repairing plan of the reparations machines

Sir:

In compliance with your official permission dated October 27, 1947 we borrowed and have used ten among the reparationes machines which belong to Watarase Branch Factory, Fuji Industrial Co. Ltd. After borrowing, we have made the machines fit for service, by equipping them with missing accessory, and have used them in manufacturing rock drills and coal mining tools. Thus we have got unexpected great results and contributed to increase of coal production which are believed most necessary in Japan now. Last year, our factory was commended officially by Japanese Government, as one of the most excellent factories which were registered as"manufacturing coal mining machinery and tools."

Of course, we have always done our best in taking special care of maintenance and mending of the borrowed machines. However, a fire broke out at about 4 a.m., on November 11, this year, in the Rock Drill Shop of our factory. Though we did our best to extinguish the fire, about 30% of our factory was burnt down, and some of the borrowed reparations machines were damaged. Directly I reported you about the accident. We thank you that you visited soon our factory and investigated the spot in details, though you were very busy.

Now, by letter, we report you about the circumstances of the accident and our remedial measures for it as follows.

1. Fire of the factory

Sir:

In compliance with your official permission dated October 27, 1947 we borrowed and have used ten among the reparationes machines which belong to Watarase Branch Factory, Fuji Industrial Co. Ltd. After borrowing, we have made the machines fit for service, by equipping them with missing accessory, and have used them in manufacturing rock drills and coal mining tools. Thus we have got unexpected great results and contributed to increase of coal production which are believed most necessary in Japan now. Last year, our factory was commended officially by Japanese Government, as one of the most excellent factories which were registered as"manufacturing coal mining machinery and tools."

Of course, we have always done our best in taking special care of maintenance and mending of the borrowed machines. However, a fire broke out at about 4 a.m., on November 11, this year, in the Rock Drill Shop of our factory. Though we did our best to extinguish the fire, about 80% of our factory was burnt down, and some of the borrowed reparations machines were damaged. Directly I reported you about the accident. We thank you that you visited soon our factory and investigated the spot in details, though you were very busy.

Now, by letter, we report you about the circumstances of the accident and our remedial measures for it as follows.

1) Name of the factory
   Ashio Factory, Ashio Manufactory, Furukawa Mining Co. Ltd.
2) Date of the fire
   4.00 a.m., November 11, 1948
3) Location of the factory
   1500 Ashio-machi, Kamitsuga-gun, Tochigi-ken
4) Damaged shops and their area

Rock Drill Shop	628 tsubo	---all burnt
Jig Shop	105	---half burnt
Test Room	12	---all burnt
Tool Smithy	6	---all burnt
Packing Shop	15	---all burnt
Warehouse	36	---all burnt
Girls' Dining Room	21	---all burnt
Alloy Shop	56	---partly burnt
Grinding Shop	96	---partly burnt

5) Cause of the fire
   The fire broke out in the centre of the Rock Drill Shop, but the the cause of it remains unknown. Now, policemen in Ashio Police Station are investigating the cause earnestly.

DECLASSIFIED E.O. 12065, SECTION 3-402/NNDG NO. 45013

6)
Condition of the fire

The fire broke out in the centre of the Rock Drill Shop at 4 a.m. on November 11, 1948. Though almost all employees of our factory and fire-man of Ashio Town did their best to extinguish the fire, about 30% of all the factory was burnt down. The fire was put out at 8.30 a.m. of the same day.

Onlytwo of the borrowed reparations machines were damaged. Those two machines were installed in the Rock Drill Shop. The Jig Shop in which other reparations machines were installed, lost only half of its building, and the machines in it were not damaged atall, because existence of a fire-proof wall and adequate activities of both employees and the fire-men, were effective to distinguish the fire.

7) Remedial measures taken for the reparations machines after the fire was put out

(a) Two machines, installed in the Rock Drill Shop destroyed by fire, were first of all removed into a Warehouse, and we examined their damaged parts and gave as necessary as possible.

(b) Seven machines, installed in the half burnt Jig Shop, were remove directly into the Employees' Bath Room. They shall be put in operation on November 16.

8) Respective damages and remedial measures of the reparations machines are explained in the following list.

Code number	Item	Capacity	Location	Damages	Restoring measures
38-11-13	Drilling machine, radial	D1 5HP	Rock Drill Shop	Motor burnt Switch burnt & lost	To be sent to Ikegai Iron Works & repaired, directly after permission for removal
38-11-179	Pneumatic hammer	1ton 15HP	Forging Shop	None	Forging Shop not burnt; To be used continuously as usual
38-11-48	Drilling machine, bench	0.27HP	Jig Shop	None	Jig Shop half burnt Removed into Employees' Bath Room To be put in operation since Nov. 16
38-11-49	Drilling	8ft 5HP	Jig Shop	None	ditto

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 45013

38-11-13	Drilling Machine, radial	D1 5HP	Rock Drill Shop	Motor burnt Switch burnt & lost	To be sent to Ikegai Iron Works & repaired, directly after permission for removal
38-11-179	Pneumatic hammer	1ton 15HP	Forging Shop	None	Forging Shop not burnt; To be used continuously as usual
38-11-28	Drilling machine, bench	0.27HP	Jig Shop	None	Jig Shop half burnt Removed into Employees' Bath Room To be put in operation since Nov. 16
38-11-49	Drilling machine, bench	8ft 5HP	Jig Shop	None	ditto
38-11-87	Lathe, engine	8ft 5HP	Jig Shop	None	ditto
38-11-88	Lathe, engine	8ft 5HP	Jig Shop	None	ditto
38-11-91	Lathe, engine	12ft 10HP	Rock Drill Shop	Motor burnt Apron not moving; Gear-box destroyed Switch burnt & lost	Ikegai Iron Works To be sent to ~~Oyama factory~~ & repaired directly after permission for removal
38-11-140	Shaper	24in 5HP	Jig Shop	None	Jig Shop half burnt Removed into Employees' Bath Room To be put in operation since Nov. 16
38-11-318	Boring machine, jig	#4 3HP	Jig Shop	None	ditto
38-11-74	Grinder, stand & snagging	5HP	Jig Shop	None	ditto

DECLASSIFIED E.O. 12065, SECTION 3-402/NNDG NO. 45013

Code number	Item	Days necessary for repair
38-11-13	Drilling machine, radial	90 days
38-11-91	Lathe, engine	30 days

The damages and remedial measures are stated as above. I believe I am responsible for the fact that two of the important reparations machines were damaged by fire, and I beg your pardon here sincerely. On the other hand, we will endeavor to repair and to restore to the past complete condition, those two machines, sooner than any other machines in our factory. While we will maintain and mend other reparations machines which were not damaged, more carefully, we are planning complete means of fire protection, that the same accident may not happen again. We are sorry that the important reparations machines were damaged by fire in our factory, and we sincerely beg for your favorable arrangement for this affair.

Yours respectfully,

Katsunosuke Abe

SUBJECT: Application for Exemption of a Building in a Custodial Plant

TO : Senior Military Government Officer,
Tochigi Military Government Team -- Utsunomiya

We hereby request that Q_1 - Bldg. within Ashikaga Factory be exempted of custody and control.

The Factory above mentioned has been a centralizing factory for Watarase Branch Factory; Q_1 - Bldg. has been enlarged to keep under its roof large-size machinery, which we were compelled to leave outdoors covered with waterproof sheets for some time before its construction, since they could not be carried indoors without destroying entrances and doorposts of any existing house wherever they might be located.

Q_1 - Bldg. was completely built after the termination of War, i.d., in March 1946.

Other details of the building concerned are as follows.

Item	Construction	Quantity	Location	Facility to be used	Removal period	Removal purpose	Remarks
Building	90 tsubo Wooden house, tiled with steel plate, walled with tents	1	Q_1-Bldg. Ashikaga Factory				Built in March 1946

We sincerely expect your favorable authorization be granted after due consideration.
