Auto Ambulance for Emergency Calls

Our auto, without charge, at the service of relatives in making funeral arrangements.

Jane Addams is quoted from Berlin as saying: "It seems as if the whole world had gone crazy. There must be some little spot left where reason will rule." Since the dreadful disaster of the Lusitania there have been evident among us certain symptoms of that same fatal madness.

In the face of the unspeakable savageries that have been bred out of the moral corruptions this present war has produced, a war that is revealing deeps of merciless hate and cruelty few believed existed in our common human nature, there are multitudes in this country who talk and write about the United States finally plunging into the awful maelstrom as the only way it can declare itself a strong and dignified nation.

**TO FIRE SALUTE AT MONUMENT UNVEILING**

Upon the occasion of the unveiling of the new Lincoln monument at Long Beach on Saturday afternoon, July 3, the United States cruiser, *Chattanooga*, anchored off the Virginia hotel, will fire a salute. At the close of the ceremonies the cruiser, which was ordered to Long Beach by Secretary Daniels at the request of Congressman Charles H. Randall of Highland Park, will fire the president's salute of twenty-one guns.

**RANDALL'S "DRY" POSTMASTER WINS**

Congressman Charles H. Randall of Highland Park won a notable victory when his "dry" candidate for postmaster at Whittier, Joseph S. Todd, was appointed last week over the opposition of the Democratic county central committee and of many influential politicians throughout the state and nation. In the face of the slated appointment of a "wet" made by the committee, Randall went to Washington in January last and demanded that Whittier be given a "dry" postmaster. He secured permission to hold an election, the first of the kind on the Pacific coast.

**FOR FOURTH OF JULY**

In order to mark the opening of the new summer playgrounds, the committee in charge of the arrangements have decided to open the playground at the Union high school with a Fourth of July celebration Monday, July 5, at 2 p. m. There will be a brief patriotic program followed by an athletic exhibition. Formal opening of the grounds at the Pacific avenue and Central avenue schools will be announced later. The public is invited to the exercises at the high school Monday.

"Now own up, my man. Didn't you invent that tale of woe?"  
"No, sir; I got it from a friend who has gone out of the begging business."

**PERSONALS**

The Rev. E. H. Willisford will preach in Chula Vista Congregational church Sunday.

Mr. John Torrey, 1218 West Second street, is going to San Francisco for a vacation trip.

Miss Hazel Tyler, 205 North Maryland, and Miss Wilson are going to La Mesa Saturday to spend two weeks with relatives.

Dr. and Mrs. Holbrook of Mankato, Minn., were guests at the home of Dr. and Mrs. Willisford, 231 Orange street, this week.

Miss Elsie Tyler, 205 North Maryland, has been spending the last two weeks in La Mesa, a beautiful little village among the hills, about seven miles from San Diego.

Mrs. John Torrey, 1218 West Second street, with her baby and her sister, Miss Ruby Farnsworth, are going to Long Beach Saturday to spend a month at the seaside.

Mr. and Mrs. Earl Schuyler, 1430 Ivy street, are leaving Monday for San Francisco. They will make the trip in their auto and will go on to visit Mrs. Schuyler's mother in the vicinity of Bakersfield.

Mrs. L. P. Patton and her daughter, Dorothy, who have been spending a month in Glendale visiting Mr. and Mrs. John Torrey, 1218 West Second street, are going to Long Beach on Saturday and will spend a month there.

The Rev. E. H. Willisford, accompanied by his daughter, Carol, is going Saturday to San Diego. After seeing the exposition and other places of interest, Miss Carol will visit Miss Ellen Smith at La Mesa.

Edward Walton of Augusta, Ga., arrived in Glendale Tuesday to visit at the home of N. W. McBryde, 1506 Vine street. Mr. Walton expects to make Southern California his future home and is a newspaper and advertising man.

Mrs. David Gregg and daughters, Rebecca and Evelyn, leave tomorrow for Salt Lake City to visit Mr. Gregg, who is in business there. After spending a month in Salt Lake City, Miss Rebecca will spend a month with relatives in Idaho and afterward go on to San Francisco to see the fair.

Mrs. Mary Gridley-Braly will speak at the evening service in the First Methodist Episcopal church Sunday, July 4. Mrs. Braly's subject will be "The Building of Our Nation." Mrs. Braly is regent of the Glendale chapter of the Daughters of the American Revolution. She will be assisted in the service on Sunday by her sister, Mrs. C. W. Wells of Minneapolis, who is state regent of the D. A. R.'s of Minnesota. At the service on Sunday evening Brother Parker will read an original poem on "Washington's Mother."

"Sunshine Molly," a charming comedy featuring Lois Weber and Phillips Smalley, Bosworth's latest release, will be shown at the Palace Grand tonight. A galaxy of stars will shine in this sparkling comedy. Audiences all over the country will rejoice to see those master artists, Adele Farrington and Herbert Standing, so happily cast in this story, which is written by Lois Weber. Miss Weber also plays the title role. Others in the cast are Vera Lewis, Roberta Hickman, Frank Elliott, Margaret Edwards and Charles Marriotti. As the name implies, the story is full of sunshine. It is magnificently staged and holds your interest from the start.

The Rev. E. H. Willisford and Mrs. Willisford attended the annual picnic of the Congregational ministers and their wives of Los Angeles and vicinity at Long Beach on Wednesday. Among those present was a touring party of Congregational ministers and their wives from New England. This party of twenty-seven are traveling in their own private car and had excellent arrangements with the railway companies by which they were able to spend a few days visiting such Congregational centers as Oberlin university, Knox university at Galesburg, Ill., and the church of the Rev. Charles Sheldon, author of "In His Steps," at Topeka, Kans. They have been at San Diego and the exposition there. They were at Long Beach Wednesday and go on to San Francisco. The visiting ministers and their wives were entertained by the Congregational church of Long Beach, the wealthiest church in the Congregational organization of California.

**THE ARTIST AND THE RUSTIC**

The artist was painting—sunset red, with streaks of green dots. The old rustic, at a respectful distance, was watching.

"Ah," said the artist, looking up suddenly, "perhaps to you, too, nature has opened her sky-pictures page by page? Have you seen the lambent flame of dawn leaping across the livid east; the red-stained, sulphurous islets floating in the lake of fire in the west; the ragged clouds at midnight, black as raven's wings, blotting out the shuddering moon?"

"No," replied the rustic, shortly; "not since I signed the pledge."

Exchange.

The black sheep stands a better chance of living to a ripe old age than the fatted calf.

**LA CANADA**

The La Canada Thursday club held its annual open meeting at the home of Mrs. J. T. Penfield of Hillard avenue Friday evening. Miss Grant of Los Angeles gave a very interesting talk on India. Miss Twombly of Pasadena gave three piano selections and Mrs. P. H. Johnson gave a short history of the club. Refreshments were served, after which dancing was enjoyed by some of the younger ones present.

The regular meeting of the La Canada Valley Improvement association will be held Saturday evening of this week in the Valley club hall. It is the annual election of officers and a large attendance is desired. Mrs. R. S. Lanterman has kindly consented to give a history of the La Canada valley, which will doubtless be very interesting to all the valley people.

Miss Barbara Kirst entertained a few of her friends at her home last Saturday evening with a wienie roast. The yard was decorated with Chinese lanterns and the outdoor games and the supper which followed were greatly enjoyed by those present. Guests were present from Los Angeles, Glendale, Pasadena and La Canada.

Several La Canada people visited San Diego last week. Among them were Mr. and Mrs. A. M. Guidinger of Burr avenue, Mr. and Mrs. H. L. Cooper and family of Texas street and Mr. and Mrs. James Huntington.

Miss May C. Young entertained with a thimble party Tuesday afternoon. Those present were Mrs. H. L. Cooper and her house guest, Miss Martha Herrington of Jackson, Mich. Mrs. P. H. Johnson and Mrs. A. A. Lester.

The Christian Endeavor society of the Congregational church are planning a trip into the mountains for over the Fourth. They will leave Saturday morning and return Monday afternoon.

The La Canada baseball team played Co. 1 of the National Guard on the home field Sunday afternoon. The visiting team won by a score of 13 to 11. The La Canada boys will play a team from the Ford factory next Sunday.

The Misses Margaret, Rowena, Lulu and Katherine Green are spending a few days at Venice.

Miss Marjory Bentley of Texas street is in San Diego this week attending the C. E. convention. She will visit the fair while there.

Mr. and Mrs. E. G. Metcalf and son are planning to spend the weekend at Long Beach.

A party of young people are planning to spend Sunday at Santa Monica canyon. They include the Misses Barbara Kirst, Dorothy Lester, Louise and Bertha Lemacher and Minnie Skow, and Messrs. Burt, John and Albert Kirst, Joe Roth and W. F. Jewett.

**A QUIET WEDDING**

Mr. Anton Gage, 1439 Oak street, and Mrs. Louise T. Solone of Glendale, were married Wednesday morning at the Roman Catholic rectory, by the Rev. Father Hughes. Mr. Gage is business manager of the Kalem Moving Picture company and Mrs. Solone is a well-known business woman of this city. The couple leave tomorrow for San Diego, where they will spend their honeymoon.

**STOP! LOOK! LISTEN!**

No matter whether you belong to some church of the community or not, you are most cordially invited to attend a patriotic service with the English Lutheran church in the Seventh Day Adventist building, corner of Third and Isabel, this coming Sunday morning at 11 o'clock.

As a citizen you owe it to yourself to meet with your fellow citizens and consider together some phase of our national religious problem on the morning of July Fourth, especially when it happens on Sunday, and attention can be given by the pulpit, which voices the religious sentiment of the nation. Let us as many as thus minded study together "The Mission of Our American Republic" and be the more grateful to Almighty God for our glorious history. All the patriotic orders of the city and vicinity have been invited.

**CHRISTIAN SCIENCE LECTURE**

The Rev. Wm. Matthew Holderby has been engaged to deliver his famous lecture on "Why I Am Not a Christian Scientist" at the First Baptist church of this city on Friday evening, July 2. All denominations are invited and the service will be of a union nature.

This lecture is startling in its revelations, full of deep interest, courtously but intensely delivered, and worthy of being heard by any man or woman. Those who have heard Rev. Holderby, speak in the highest terms of his message. He goes deeply into his subject and discusses the innermost belief of Christian Science as a religion. No offense is given the members of the Christian Science church.

It is well to hear all sides of every big question. Here in Glendale Christian Science is well known as a religion and many of the leading citizens are interested in the discussion announced for Friday night. A free-will offering will be received. Everybody welcome. Service commences promptly at 8 o'clock.

### BURBANK TO VOTE ON \$55,000 BOND ISSUE

VALLEY MUNICIPALITY PLANNING GREAT IMPROVEMENTS FOR TOWN AND RECENTLY ANNEXED TERRITORY—CHAMBER OF COMMERCE IS ALIVE—OTHER NOTES OF A PERSONAL NATURE ABOUT OUR NEIGHBOR CITY

Burbank, the "Panorama City" of the San Fernando valley, is located eleven miles northwest of Los Angeles and three and one-half miles northwest of Glendale, and has a population of nearly two thousand people. The city lies practically in the center of the San Fernando valley and rests on a gentle slope at the base of the Verdugo mountains, the highest peak of which, directly back of the city, has an elevation of three thousand feet above sea level. The elevation at the base of the mountain is about eleven hundred feet, and thence it drops away on about a four per cent grade to the valley's floor.

Nature did much for this location and Burbank overlooks a scene unsurpassed in all Southern California. To the south and east you look into scenic Casa Verdugo, Glendale and Tropic, and over the intervening hills into Eagle Rock valley. Farther to the right is Mount Washington and Los Angeles, Griffith park with its rugged mountains, and directly in front and across the valley is Cahuena pass, the historic ground where Fremont's men did valiant battle with the Dons of Spain. This side of Cahuena pass are fertile fields subdivided into small ranches whereon are yearly grown various crops of fruits, alfalfa, walnuts, melons and other products. To the north and west extends mile upon mile of cultivated fields, foothills of the coast and Malibu mountains and the Chatsworth region, and in the middle distance Van Nuys and Owensmouth, lately founded and already prosperous towns, can be seen.

One of Burbank's advantages is its "accessibility." One section of the California state highway, the San Fernando road, traverses Burbank, and this beautiful boulevard is much used by thousands of motorists who pass over on their way up and down the state. It enters the San Fernando valley at Newhall and runs thence southerly to the city of Los Angeles.

The main line of the Southern Pacific railroad passes through Burbank and over this line twenty-eight passenger trains run every twenty-four hours. The Pacific Electric railway also furnishes practically hourly service between Burbank and Los Angeles.

The Midway Gas company's Kern river pipeline passes directly through the city. The Esperanza Consolidated Oil company's main line also runs through Burbank and the franchise granted these two companies makes it obligatory upon them to sell both natural gas and crude oil to the citizens of the city and county and to manufacturing concerns now or hereafter located in Burbank.

Burbank believes in municipal ownership and is the owner of both light and water utilities. An electric light plant being in full operation, with prospects of important extension work, and powerful pumps draw

water from two deep wells for the use of the inhabitants.

This being a day of advancement, the education of the rising generation has been well provided for, as is evidenced by a \$35,000 high school property and a fine grammar school, both of which are well equipped and ably officered by an efficient and capable corps of instructors. Youth need not go begging for a chance to attend school in Burbank. A disposition to learn, brains and application is all that they need to furnish. Burbank does the rest, and when through with the high school, students can be admitted to the various colleges of the state without examination and upon an accredited basis, and this applies to the state institutions of learning as well as to private schools.

Presbyterian, Methodist, Christian, Seventh Day Adventists, Catholic and Holiness denominations all have churches in Burbank, and there is a \$40,000 home just completed for retired Baptist ministers and their families.

Burbank is forging ahead in civic matters. Incorporated as a city of the sixth class in July, 1911, Burbank has grown steadily. Since incorporation over ten miles of streets have been improved by oiling, tamping and rolling the roadbed proper, constructing five-foot crushed rock gutters on either side and laying down on either side a five-foot cement walk and a cement curb, and plans are under way now to improve two miles more in the same substantial manner. Burbank products cap the Los Angeles markets in quality and price. The rancher finds it is worth while to be in touch with an active market like that of Los Angeles, where he can haul and market his own produce, thus eliminating the middleman and freight from proceeds of his crops.

Burbank people are enthused over the prospects of one of the greatest development eras ever seen in that town. Following closely on the heels of the annexation of a mammoth amount of territory, which adjoins Burbank in the San Fernando valley, the people of that community have set to work to develop their enlarged town into a modern city.

First steps along this line were taken by the city trustees in their two meetings Wednesday. The evening meeting was attended by a number of citizens, representatives of the Burbank Chamber of Commerce and the following trustees of the city: W. A. Blanchard, president; C. H. Kline, W. F. Craig, E. S. Hogle and City Attorney Watkins.

Resolution No. 97, which provides for the calling of an election to provide for a bond issue for municipal improvements includes the following improvements and the amounts for each:

For a city hall building and the

necessary land to build thereon, \$12,500.

For firefighting equipment, which shall include an auto combination chemical, ladder and hose truck, \$12,500.

For extensions to the present municipal light system and the better lighting of the city streets, \$30,000.

This resolution was authorized unanimously and it will be but a short time until the Burbank people will be called to vote the necessary bonds.

In the afternoon session on Tuesday Messrs. Blanchard, Kline and Craig of the board met and went over the general weekly routine. Minutes were read and approved and general business was taken up.

W. Thedaker's and L. W. Goshong's agreements for electric light extensions were approved. The city building inspector, E. M. Young, filed his monthly report, which was also approved. Several demands were allowed.

A committee was then appointed to investigate and purchase a road sprinkler for the city. Up until the present time the city has been using a county sprinkler. This method of sprinkling has not given entire satisfaction.

The meeting then adjourned until evening in order that four members of the board might be present to authorize the resolution regarding the bond issue.

#### C. of C. Head Optimistic

It is planned to have the new city hall built on the same idea as the one in Tropic, combining the housing of all municipal offices in the one structure. The bond issue for the fire apparatus will include a combination chemical, ladder and hose auto truck, besides many new standard fire hydrants, both in the city and in the newly annexed territory.

The proposed issue for the \$30,000 will be used for the extension of the present lighting system throughout the annexed territory of the valley. Over two-thirds of the amount will be used to develop the new territory according to present plans.

The territory within the old limits of Burbank is well lighted and it will only require but little extension work besides the proposed new boulevard lights in the original town.

It is said that Burbank is looking for a utilities manager who will have charge of the light, water and street departments. The city trustees are willing to consider any engineer who is acquainted with the line of work.

It is said that the majority of the citizens of Burbank are very enthusiastic over the prospects of the new improvements and, if the bonds are voted, it will undoubtedly be one of the greatest steps in the line of progress that Burbank shall ever have taken.

#### Homer Pigeons Brought to Burbank

Ontario celebrates the "Glorious Fourth" this year on the fifth of July, and as one event several pigeon fanciers have planned a race from San Fernando to Ontario with a large number of "homers."

Dr. Warner and R. L. Hawk of Ontario have sent several crates of the fleet birds to the Burbank Pacific Electric agent, R. M. McCall, during the past few days for practice flights and he has released them. The pretty birds ascend rapidly and after circling around at a fair altitude, turn and fly directly homeward. Their actions have caused the wonderment of many citizens living close to the depot, and it is indeed a truly interesting sight to see how quickly the little birds will sense direction.

Mrs. Chas. Pomeroy, Mrs. J. M. Harper and Miss Christine Harper returned Tuesday evening from San Diego. Mrs. Harper and Mrs. Pomeroy have been spending the past ten days in San Diego attending the commencement exercises of the state normal there, of which Miss Harper is one of the graduates. They also took in the fair while there.

Miss Rose Virden of Tropic visited with friends in Burbank last Sunday.

Mr. Herbert Gilkey of Boston, Mass., who has been in Burbank for the past week visiting at the home of his aunt, Mrs. L. G. Glenn, left Tuesday for his former home in Grant's Pass, Oregon, where he will visit before returning east.

Miss Emily Peyton, our city clerk, is back at her work at the city hall after being away for some time on account of illness.

Monday evening a crowd of young people from the Christian church gave a wienie bake in Olive avenue canyon. Everyone reports a grand time.

Miss Christine Harper returns to San Diego Sunday to take up some special work.

Miss Clara Clark leaves Saturday for San Diego, where she will attend summer normal. Several young people are taking advantage of the course to be given by Madam Montessori at the fair grounds.

Tonight (Thursday) is to be the big baseball supper given by the Burbank ladies to raise money to help the team. The boys have certainly been doing some fine work and are deserving of our help.

Tuesday morning a quiet little wedding took place at the home of Mr. and Mrs. Addison Sence on Angelena avenue, when their daughter, Faith, became the wife of Henry Story. Rev. Miller of the M. E.
