5-STORY BUILDING AT BRAND AND COLORADO!

City School Board Buys Supplies To Carry On Work For Next Term

SALARY RAISE DENIED TO TEACHERS

Increase in Staff Will Now Prevent Additions to Wage, Decision

THE BOARD OF EDUCATION spent four hours last night in its offices at 109-A North Brand boulevard discussing problems of the grammar school system.

After some discussion a request from the City Teachers' club that salaries of local grammar school teachers be raised, was denied.

A communication called attention to the fact that the average of salaries in Los Angeles is from \$1400 to \$2000 a ten-month year and in Long Beach from \$1300 to \$1700 for the same length of school year, while in Glendale the range is from \$1330 to \$1750 for a nine and a half month year.

The local board of education held the attitude that it could not afford to raise the salaries of teachers in this district because of the necessity of adding a number of new teachers next term at additional expense and the likelihood that it would be obliged to purchase a number of textbooks because of the reduction in state text book appropriation.

Buy School Supplies
 Upon the recommendation of J. Black, business agent, purchase was made of \$5,360.22 worth of school supplies for next year.

C. H. Kirkman Stationery company of 141 South Brand boulevard was given orders totaling \$644.88 in value. Among the items included were the following:

Ninety gross of pens, 120 boxes of Crayolas, 108 rulers, fifty blackboard erasers, 500 4 1/4 by 9 1/2 inch envelopes, fifty 19 by 24 desk blotter pads and seven teachers' class books.

COMMUNITY SING OFFERS HARMONY

More Than 500 People at High School Last Night For Big Program

Between 500 and 600 people attended the big community sing put on at the Glendale High school, last night, under the auspices of the local Community Service organization. A. Ward, chairman of the evening program started at 8 o'clock with a half hour's spirited singing, led by J. A. Lewis, of Los Angeles. Cherry played sevensharping selections on the piano.

Club Entertainers
 The University of Southern California Glee club then put on a program, under the direction of Horatio Cogswell.

F. Pearson, chairman of the Los Angeles Music Week committee, gave an inspiring talk on the value of music in the community, announcing the Los Angeles musical program for next year.

Ernest Tucker, executive secretary of Glendale Community center, announced a big sing to be held in the Hollywood Bowl, May 20, at 3 o'clock in the afternoon, as a part of music program.

Call Head Of School In Probe Of Boy's Death

Walter Dill Scott

President Walter Dill Scott, of Northwestern University, Evanston, Illinois, has been summoned by Coroner Wolf in the investigation into the death of Leighton Mount, freshman student, whose body was found under a pierhead in Lake Michigan and who is reported to have been killed in a battle between the freshmen and sophomore classes. President Scott promised full co-operation in the investigation.

OFFERS \$10,000 TO FIND CLEWS

University Board Seeking Solution of Death of Leighton Mount

CHICAGO, May 16.—The board of trustees of Northwestern university today offered a cash reward of \$10,000 for information which would lead to a solution of the death of Leighton Mount, freshman, who vanished after the class fight of September, 1921.

The offer was made in a letter to State's Attorney Robert E. Crowe.

At the same time Assistant State's Attorney Sbarbaro announced he would visit all the trustees to determine what is their attitude towards the mystery that arose with discovery 14 days ago of a skeleton under a lake pier, since identified as that of the missing freshman.

Whether these interviews are to result in depositions or unsworn statements was not revealed.

Virtually the entire student personnel gathered in the chapel today for a "pop" meeting. There was a wild demonstration when the name of the college president, Walter Dill Scott, was mentioned. A resolution was adopted, announcing that the students were behind their president and the school in "this deplorable time of rumor and cross-rumor."

BROTHER, SISTER TAKE OWN LIVES

Both Use Scaffold on Which To Die; Ill-Health Is Cause for Acts

LOUISVILLE, Ky., May 16.—Dependently over ill health is believed by police to have caused the double suicide here today of George Schneider, 50, a tinner, and his sister, Anna Schneider, 41. Schneider built a scaffold in the pantry, and when his sister had hanged herself upon it, he went to a nearby shed and ended his own life in the same manner.

ATTACK SUBMARINE
 CONSTANTINOPLE, May 16.—War-like activities were reported from Smyrna today. One despatch said: "An enemy submarine was driven off while trying to enter the Smyrna harbor." The nationality of the submarine was not mentioned.

WOMAN DIES WHEN CAR HITS AUTO

Mrs. J. E. Thompson of Roscoe Is Dead; Mrs. Murry Injured

A fatal automobile accident occurred in Burbank at 5:45 o'clock yesterday afternoon, when a sedan containing two women was struck by a Pacific Electric car at the intersection of Fourth street and Prohensia avenue and demolished, killing outright Mrs. J. E. Thompson, and gravely injuring Mrs. Murry, both of Roscoe.

Mrs. Murry is at present in the Burbank hospital, where she is suffering from bruises, abrasions, cuts and possible internal injuries. She has not yet been able to make a statement as to how the accident happened.

Eye-witnesses state that the ill-fated sedan was proceeding along Prohensia avenue and was struck on the left side, at the Fourth street crossing, by a Glendale-bound car.

Crushed to Death
 The blow was sufficiently smashing to tear off one of the rear wheels of the light car, stave in its side and pin Mrs. Thompson between the steering wheel and the seat, crushing in her ribs and causing her death almost before she could be extricated.

Police Chief John H. Long of Burbank, states that an inquest has not yet been held but that he has dispatched members of his staff to arrest, on a charge of manslaughter, W. P. Helmes of 2880 Riverside drive, Ivanhoe, motorman of the Pacific Electric car that struck the automobile in question.

L. L. Wilcox, conductor on the car that Motorman Helmes drove, will not be arrested at present, states Chief Long.

Following the inquest, and when Mrs. Murry may be able to make a statement, further developments can be expected.

SUNDAY SCHOOL STAGES BANQUET

Mothers and Daughters Dine In Pacific Avenue M. E. Church

More than sixty mothers and daughters were seated at the long banquet tables at the Mothers and Daughters' banquet, given last night by the Sunday school of the Pacific Avenue Methodist church, in the banquet hall. This is the first affair of this sort given by the Sunday school, and proved a wonderful success.

The banquet hall was beautifully decorated in blue and gold, with festoons of blue and gold crepe paper hanging from the ceiling, and with large baskets of yellow corn flowers and marguerites artistically placed around the room. Yellow flowers also decorated the tables.

During the banquet, Miss Mildred Singleton acted as toastmistress, and the speaker of the evening, Mrs. Jerome Seymore of Pasadena, gave an interesting talk and vocal solos by Miss Donna Wilson and Miss Gladys Flagg were greatly enjoyed.

Following the banquet a radio concert was enjoyed through the courtesy of J. A. Newton Electric Company.

The committee in charge of the affair was Mrs. C. H. Mullen, chairman; Mrs. H. Hemingway, Mrs. Scott and Mrs. John Campbell.

LATEST NEWS

PROHIBITION AGENT KILLED, IS REPORT
 ASHLAND, Ky., May 16.—Federal prohibition agents on their way to make a raid today at Cannonsburg were ambushed near Mead station by a man thought to be a moonshiner, and Floyd Johnson, prohibition agent, was shot dead. Federal agents, accompanied by Sheriff Mill, are searching the woods for the assassin.

SAMMY HALE INJURED BY BATTED BALL
 CLEVELAND, May 16.—Sammy Hale, Athletic third baseman for whom it is said Connie Mack paid \$75,000, was knocked unconscious by a batted ball here this afternoon while the Philadelphia American league team was practicing prior to the game with the Cleveland Indians. The extent of his injuries has not been ascertained.

EXPECT TO SAVE MILLIONS BY NEW PLAN
 WASHINGTON, May 16.—Persons who try to collect bills from the federal government will not receive payment hereafter as long as the government has claims against them, according to a decision of the comptroller-general, made public at the treasury department this afternoon. Millions of dollars are expected to be saved under the treasury's new debt collection plan.

U. S. AGAIN ACTS IN SUGAR PROFITEERING
 WASHINGTON, May 16.—The federal government this afternoon appealed to the United States supreme court for an injunction to bring an end to trading in sugar futures on the New York Sugar and Coffee Exchanges. The appeal to the highest court resulted from the refusal of the New York district court to grant an injunction against the sugar exchange under the Sherman anti-trust law and the Wilson tariff act. On Monday the department of justice will ask that the case be expedited.

ASSEMBLY PASSES TWO AUTOMOBILE BILLS
 SACRAMENTO, May 16.—The two Breed bills, one providing for a tax of 2 cents a gallon on the consumption of gasoline and the other enacting an entire revision of the state motor vehicle act, passed the assembly today. Only five votes were recorded against the gas tax and none against the new motor vehicle act. Among the provisions of the motor vehicle act is one fixing a flat automobile registration fee of \$3 instead of the present horsepower tax. Another limits to 22,000 pounds the weight of loads that may be carried on the highways by four wheeled trucks. A number of amendments to the motor vehicle act were adopted in the assembly. This will necessitate its approval by the senate through conference committee before it goes to the governor. One of the amendments gives county boards of supervisors the right to establish their own weight limits for motor truck traffic over country roads. Assemblyman Dozier announced he would move for reconsideration of the gas tax measure on the next legislative day but in view of the large majority given it is unlikely that the assembly will reverse its action.

Damage At Hot Springs About \$2,000,000, Estimate

HOT SPRINGS, Ark., May 16.—Hot Springs today was happy in the miracle that saved her residents from heavy death toll in the floods and fire of Monday night and meanwhile was going about the job of pumping water from cellars, repairing gas and water mains and scraping mud from practically every place where it could find a lodging. The swirling waters from the hills to the north during a cloudburst, and the roaring flames which swept the business district, left a damage estimated at \$2,000,000 but so far as search has revealed, not a single life was lost.

Strict Enforcement Of Dry Law, Harding Plan

PITTSBURGH, May 16.—Strict enforcement of the prohibition law throughout the United States will be the "unquestioned policy" of the Harding administration, and President Harding is convinced that it will be the attitude of succeeding administrations, according to a letter from the White House made public here today by Wesley Wait.

Wait had written to President Harding suggesting that federal enforcement be taken against Governor Smith of New York and members of the legislature, who voted to repeal the state prohibition enforcement act, if it is signed by Governor Smith.

President Harding, in commenting upon action taken by various states against the federal prohibition law expressed fear of a conflict between federal authorities and state rights.

Great Oil Fire Menaces Fort McArthur District

LOS ANGELES, May 16.—Endangering Fort McArthur and a large residence district of Point Firmin near here a 185,000-barrel oil tank of the General Petroleum Company burst into flames today following an explosion of undetermined origin.

Every available fire company in San Pedro and Los Angeles was rushed to the scene to curb the fire and save the fort and surrounding residences. Three other nearby tanks were endangered by the heat.

A pipe line from the four tanks to the breakwater, where the oil is loaded to ships, runs beneath hundreds of homes, it was stated, threatening the entire territory.

POLICE KEEP SINCLAIR HIDDEN

Author and Companions Are Rushed to City After Arrest at Harbor

BULLETIN
 LOS ANGELES, May 16.—Chief of Police L. D. Oaks admitted at noon today that Upton Sinclair, author and socialist, arrested at San Pedro last night when he attempted to address a meeting of strikers, is now being held in the Wilmington jail. Until Chief Oaks made his announcement it was a mystery where Sinclair was being held. With this announcement, Oaks also declared that imprisonment of Sinclair will be asked on charges of criminal syndicalism, unlawful assemblage and attempting to incite a riot, as a mere fine would mean nothing to the socialist leader.

LOS ANGELES, May 16.—Chief of Police L. D. Oaks, reported missing since last night when, with two other officers, he started for Los Angeles from San Pedro with Upton Sinclair and a group of fellow socialists, who were arrested when they attempted to address a strikers' meeting, was declared to be safe this morning when he communicated shortly after 8 o'clock with Central police station. According to officers at the police station the chief did not state where he was or where he had been.

The chief informed Central station that Sinclair was being held in jail on a charge of unlawful assemblage and violation of the criminal syndicalism act, but did not state where he was being held. Sinclair was brought to the city in a police machine with his brother-in-law, Hunter Krimbrough, and Hugh Hardyman, who were arrested with him. Sinclair's arrest created a sensation at the harbor and threats were made that an attempt would be made to rescue him.

Hold Incommunicado
 Instead of bringing Sinclair and the other men to Central police station for booking, Chief Oaks took them to a place where they were held incommunicado.

For a time the disappearance of Chief Oaks caused such alarm that officers at Central station started plans to search for him. Sinclair was arrested when he started reading the preamble to the constitution of the United States at a gathering of strikers at Liberty hill, near San Pedro. There were about eight persons at the meeting when he was arrested.

The center of interest in the longshoremen's strike now appears to have shifted from the marine angle to the activities of the police in trying to cope with the radicals.

Seek Release
 While his wife and his attorney made frantic efforts to locate him and obtain his release, the police continued to hold Sinclair incommunicado today at a secret place in the harbor district. His attorney, J. H. Ryckman, sought his whereabouts for the purpose of instituting habeas corpus proceedings.

Threats of the I. W. W. to attempt to rescue him and his attorney's efforts to free him were responsible for Sinclair being hidden by the police, it was stated.

RESIGNS POST IN GERMAN CABINET

Foreign Secretary Quits in Clash on Reparations Crisis Develops

BERLIN, May 16.—Baron von Rosenberg, foreign secretary in the Cuno cabinet, has tendered his resignation over the reparations crisis, but it was not accepted, it was learned this afternoon.

The resignation was dated Tuesday and was addressed to both President Ebert and Chancellor Wilhelm Cuno. Both were opposed to acceptance.

Socialist pressure is being brought against the government to induce new reparations proposals. The position of the government is becoming most embarrassing, especially socialist members of the Reichstag are forcing debate on the delicate issue of reparations.

Madrigal Club To Give Concert Thursday Night

MRS. A. H. MONTGOMERY, prominent club woman, who will give a reading on the Madrigal Club program at the Tuesday Afternoon Clubhouse auditorium Thursday night.

Recalling the first concert success of the Madrigal club this year, a sure prediction may be made that the Tuesday Afternoon clubhouse auditorium will be well filled tomorrow night to greet the singers in the second concert of the club's fourth season. This will be the first appearance of the Madrigal members in the new clubhouse and the concert will be given under the auspices of the Non-Section members of the Tuesday Afternoon club.

The only regret among local music lovers is that the Madrigal club is not heard oftener, this feeling being borne out in the success the club realizes at its bi-annual appearances.

Professional Talent
 A wealth of professional talent is represented in the club membership and under the able direction of Mrs. Florence E. Parker, with Mrs. John A. Wright, pianist, as accompanist, the Madrigal club ranks high among women's choral organizations of the southland.

In addition to the club numbers tomorrow night there will be special selections by Hazel M. Linkogel, violinist; George Bingham Cooper, tenor; Mrs. A. H. Montgomery, reader. Mrs. R. (Continued on Page 3)

BOYS' BAND WILL HOLD FIRST MEET

Musical Youths to Gather Thursday Afternoon at Wilson School

The Community Service Boys' Band is to have its first meeting Thursday afternoon at 4 o'clock in the Wilson avenue school.

Howard E. Cavanah, of the Cavanah Studios, has volunteered his services as director of this band, which will develop into an organization that will be not only a source of pleasure and instruction for the boys who take part, but will be an organization ready to boost community undertakings in Glendale and be a valuable advertising medium for the city, it is declared.

Invite All Boys
 All boys who have had any experience in playing band instruments are urged to be present at the first meeting. Boys who are desirous of beginning work should also enroll and make arrangements for private instruction to bring them up where they can play in the band. There will be no charge for membership in the band, but each boy will be expected to take care of any private lessons if he finds them necessary.

Those desiring to enroll should be at the Wilson avenue school tomorrow or enroll at the Community Service office, 150 South Brand boulevard.

Germany Will Submit New Reparation Plan

BERLIN, May 16.—Germany will make fresh reparations proposals after consulting Great Britain, it was learned from an authoritative source this afternoon.

PLAN OFFICE AND STORE STRUCTURE AT CORNER

Construction to Commence Just as Soon as Present Leases Expire

A FIVE-STORY brick store and office building will be erected on the southwest corner of Brand boulevard and Colorado, at a cost of \$120,000, when present leases expire.

L. D. McKeon, who makes this announcement, heads the L. D. McKeon Construction Company, 103-A North Brand boulevard, who have all plans completed for the building.

"It is to set at rest certain persistent rumors that we make the announcement at this time," Mr. McKeon states, "although we are reluctant to announce a building project that will not be undertaken for a year."

"I wish to deny once for all the statement that the Bank of Italy will build, occupy or have anything to do with this property. They have never approached us, and could not buy the site, as it is definitely off the market."

On World Tour
 Mrs. Mary McEnany, the widow, is at present on a world tour, and is at Naples, Italy, at this moment. She left Glendale in February of this year, and will return in August. Upon her return, all the remaining details for the building we are to erect will be worked out and made public.

"Until that time we have nothing more to say, except that the building will be by Glendale and for Glendale, fact and no fancy." The site in question fronts 150 feet on Brand and 90 feet on Colorado. Mr. McKeon's plans show a five-story brick structure of very pleasing outline, the main floor devoted to stores, and the upper four floors laid out in offices of varying sizes.

Valuable Corner
 Judging from recent transactions on and near this corner, the property, when improved with the building, will be one of the most valuable in the city.

The premises are at present occupied by the following firms: C. & B. Service station and Bowling & Gilbert, ice cream and cigars, corner of Brand and Colorado; S. S. Beran Company, general building contractors, 305 South Brand; A. J. Lucas, real estate, 309 South Brand; B. W. Sherwood, designer and builder, 313 South Brand; W. B. Kelly, 106 West Colorado.

ACCUSE WOMAN OF POISON PLOT

Hold Her for Death of Boy; Insurance Money Was Motive, Is Claim

LANSING, Mich., May 16.—A warrant charging Mrs. Emma Koppel, 58, with murdering her foster son, Harry, 12, by poisoning was issued today.

The woman admitted she bought poison at a drug store and was trapped in a maze of conflicting answers concerning the boy's death, authorities announced.

Mrs. Koppel stoutly maintains she did not poison the boy to obtain \$1360 insurance money, as police declare they believe.

Patrolman Dying as Result of Car Crash

SACRAMENTO, May 16.—Patrolman Arch Henley, one of the police officers caught in a crash between a police automobile and a traction train here late yesterday which caused the death of one man and the serious injury of three others, was reported dying today. Henley sustained a fractured skull and internal injuries.

James McCulligan, a Folsom prison guard, aged 50, died an hour after the accident.

Patrolman Earl Hodgkinson, who sustained a fractured skull, and J. W. Doherty, court attaché, less seriously injured, will recover. The police automobile was returning from a fire call when the crash occurred.

She is getting along very nicely and hopes to be able to be out again soon.

SOCIAL EVENTS

Luncheon Hostess
In appreciation of the faithful support for Non-Section chairmen have given her Mrs. A. H. Montgomery, chairman of ways and means of the Tuesday Afternoon club, entertained yesterday with a gay spring luncheon at the Sunset Canyon Country club.

The French color scheme of lavender and pink was used on the luncheon table, the center piece being sweepies in these pastel shades. At the places were place cards cleverly expressing the spirits of the booths at the recent carnival of months. The favors were tiny bottles of perfume.

In the afternoon Bridge and Five Hundred were played, Mrs. W. K. Russell winning the Bridge prize, and Mrs. S. N. Coulter the Five Hundred prize.

Mrs. Montgomery's guests were Mesdames Horace Moore, C. S. Parker, C. T. Jones, Harry McCormack, T. G. Widmeyer, S. N. Coulter, W. E. Kelly, J. H. Toal, W. P. Macpherson, F. L. Peckham, C. N. Thompson, C. H. Thompson, W. K. Russell, T. G. McDougall, G. O. Piercey and H. E. McCartney.

During the informal time after luncheon the women made plans for a dance and card party to be given at the clubhouse May 25 for all who helped as active workers in the affairs given by the Non-Section women. It will be an invitational affair and among the guests will be the girls who assisted in serving at the St. Patrick's day luncheon.

A meeting of the Non-Section members is announced for this Friday afternoon at 2 o'clock at the clubhouse.

Pins Presented
Presentation of five pins to past noble grands was one of the features of the meeting last night of the Carnation Rebekah lodge, in the Odd Fellows hall. Mrs. Loreta Schwitters, noble grand, was in charge of the meeting and the presentation.

In addition to the five pins presented to Mesdames Smith, Laura Jones, Brandt, Anna Dean, and Klamm, past noble grands present, three pins will be sent to away from Glendale.

During the meeting Mesdames John Strothers and L. G. Scovern gave reports of the recent grand assembly at San Francisco.

There were three candidates initiated and three received by cards.

The annual election will take place the first meeting in June.

COMMENT That's All

Stockton Can Be Proud
Learn Benefits of Swimming Experience for Young Chaps
Lawyer for Every Family?
—By Gil A. Cowan—

STOCKTON, prosperous San Joaquin valley city, was visited by the writer over the week end. Stockton is a city where one must tarry a while in order to really appreciate it.

Casually observed, the narrow streets of its business section and the prevalence of a foreign population give an impression which is not justified in the eyes of its boosters.

Stockton lies on the river flats, is subject to flood, as are all river towns; and its business is confined principally to serving the great back country of central California, which gives it a rural aspect. It has many manufacturers, also, with cheap labor, whose homes do not compare with those of other California cities.

On the other hand, Stockton has some things worthy of highest commendation. It has indomitable civic spirit. It subscribed two and one-half millions of dollars for the College of the Pacific, which it is taking from San Jose, a much wealthier and more desirable city in which to reside.

Stockton merchants advertise—of honor. Everett Brown, Monday ago, during industrial strife, they attempted to do without advertising. Needless to say, they learned their lesson. Advertising by merchants brings the people to town, any town for that matter. So they advertise in greater proportion than do the merchants of Los Angeles or San Francisco.

Stockton also has good school buildings, lots of pavement, many block square parks and a newly acquired municipal swimming pool. Outdoor plunges are the greatest asset any city can attain in California. And Stockton can well be proud of its opportunity for boating, swimming, parks and civic enterprise.

The people of California need to learn the benefits of swimming. In this arid climate it is necessary to have some sort of recreation that is beneficial to the physical body, otherwise we will become as languorous as the native Indians. Bathing answers the requirement.

Swimming offers physical freedom. It creates ambition in that you cannot resist the impulse for action in diving or paddling across the pool. Also, you are kept mentally alert while swimming, not only looking out for yourself, but others.

Compared with dancing, swimming is much more ideal. It is not as strenuous a sport as football, or basketball, or tennis, yet it gives more muscular development than any of these games. Bridal Luncheon
One of the most popular spring brides is Miss Alice Johnson, daughter of Mr. and Mrs. Charles L. Johnson of 314 North Orange street, whose marriage to Thomas R. McKinley of Los Angeles, was an event of the near future.

In anticipation of her wedding Miss Johnson was hostess Monday night at a dinner party honoring those who will make up her bridal party. She was assisted by her mother, Mrs. Charles L. Johnson.

Spring flowers decorated the dinner table, about which were seated Miss Mildred Johnson, the hostess' sister, who will be maid of honor; Everett Brown of Eagle Rock, who will be best man; Miss Agnes Starklin of Los Angeles, who will give vocal music; Miss Blanche Lode of Hollywood, who will give piano selections; Mr. McKinley, the hostess and Mr. and Mrs. Johnson.

Open Mite Box
The Women's Home Missionary Society of the First Methodist church met yesterday afternoon in the church parlors for the annual mite box opening. Mrs. W. M. Maxwell, superintendent of the mite box department, had the program in charge, which consisted of vocal solos by Mrs. Harry I. Rasmus, Jr., and Miss Jennie Lacey, and readings by Mrs. Doner, which were greatly enjoyed.

During the afternoon the mite box reports were given by the various departments. It was found that \$121.59 had been realized. However, all reports were not turned in on account of the absence of some of the chairmen.

Following the program the rest of the afternoon was devoted to a social hour at which time refreshments were served.

Section Elects
Mesdames Jessie Flower and George Smith were hostesses yesterday afternoon at the special meeting of the Maids and Young Matrons' Section of the Tuesday Afternoon club in the tea room at the clubhouse.

The election resulted in Mrs. Claude Putnam being chosen curator, and Mrs. E. B. Sutton, secretary and treasurer.

The feature of the afternoon was the informal talk by Mrs. W. E. Evans on "Old Porcelain," illustrated with pieces from her own collection.

An informal social hour closed the meeting.

Board Meeting
The executive board of the Broadway Parent-Teacher Association entertained the teachers of the school yesterday, May 15, at a noon luncheon held in the school house, reports Mrs. William R. Wichert, president of the association. The decorations were Cecil Bruner roses and sweet peas.

Last night the Broadway "fathers" of the P-T. A. held a business meeting at the school house, at which plans for a forthcoming entertainment were discussed, Mrs. Wichert reports.

Guild Gathering
St. Mark's Guild members and their friends are to enjoy the weekly Guild gathering tomorrow.

These days are proving very attractive and Mrs. A. Bassett, president of the Guild, is greatly gratified over the development of the organization.

The Guild hall will be open at 10 o'clock for workers, the business lunch will be served from 11:30 till 1:30 o'clock and the devotional hour at 2 o'clock will be followed by an informal social time.

Holds Food Sale
The J. O. C. class of the Pacific Avenue Methodist church will hold a food sale Friday, May 18, at Porter's Furniture store, at the corner of Orange and Broadway, it is announced.

SOCIAL EVENTS

Golden Wedding
Mr. and Mrs. John Vaughan celebrated their golden wedding anniversary last evening when their daughter and son-in-law, Mr. and Mrs. W. P. Clover of 439 Patterson avenue, entertained with a dinner party in their honor.

The rooms harty in their honor, decorated with roses and spring flowers. The table decorations were also carried out in the rose design, with a large rose centerpiece and dainty rose place cards marking the guests' places. Only immediate relatives and a few intimate friends were present at the dinner. Covers were laid for Mr. and Mrs. Harry E. Vaughan, Mr. and Mrs. L. P. Clover, Mrs. Catherine Stadler, the honorees, Mr. and Mrs. John Vaughan and the host and hostess, Mr. and Mrs. W. P. Clover and children.

Following the dinner, Mr. and Mrs. Vaughan were at home to their many friends who called to shower them with congratulations and good wishes. At this time they were presented with several gifts of gold and many beautiful bouquets of lovely flowers.

Mr. and Mrs. Vaughan have two daughters, Mrs. Annie Martin of Maywood, Ill., and Mrs. W. P. Clover of Glendale; two sons, Harry E. Vaughan of Glendale and Will Vaughan of Batavia, Ill., and seven grandchildren. All were able to be present with the exception of Mrs. Martin and Will Vaughan.

Elect Officers
At the meeting of the Atwater Parent-Teachers' association Monday afternoon, the following officers were elected for the coming year: Mrs. E. V. Bacon, president; Mrs. C. E. Rathbone, vice-president; Mrs. L. W. Pennock, recording secretary; Mrs. Larkin, corresponding secretary; Miss Kathryn Fitzsimons, treasurer; Mrs. Dale Vaughan, auditor; Mrs. Mabel Daniels, historian.

The report of the very successful bazaar, held May 1, showed that the proceeds of the day were \$300. This was very gratifying to Mrs. E. V. Bacon, general chairman, and the efficient committee who conducted the bazaar. Mrs. Bacon took this occasion to thank the committees for their co-operation and all others who contributed to the success of the bazaar.

An interesting program was given on china and other ware by a demonstrator from one of the large stores of Los Angeles.

Surprise Affair
A very pleasant surprise affair was given last Monday evening for Mrs. J. P. Teitsworth of 706 East Lomita avenue, by a group of relatives and friends in the celebration of her birthday anniversary.

A delicious supper was served after which dancing and cards were enjoyed.

Those present were Mr. and Mrs. M. C. Teitsworth, Mary and Marjorie Teitsworth, Lenore MacBeth, Mr. and Mrs. W. J. O'Rourke, Evangelina O'Rourke, all of Los Angeles, Mr. and Mrs. Ezra Teitsworth, Mr. and Mrs. O. W. Wright, Carroll, Evelyn and Marjorie Wright, Mr. and Mrs. J. P. Teitsworth and Edward Teitsworth.

Meet at School
The Pacific Avenue Parent-Teacher association will meet tomorrow afternoon, May 17, at the schoolhouse at 3 o'clock. Important business including the election of officers is to take place, it is announced, and all members are urged to be present. The official board meeting will be held at 2 o'clock.

The program for the afternoon will be furnished by Mrs. Nanno Woods and her pupils. Mrs. L. W. Bosserman will also give a talk which will prove interesting and instructive.

Birthdays Honor
Mrs. Walter Lee of 315 Columbus avenue was pleasantly surprised on her birthday last Monday afternoon by a number of former neighbors and friends.

During the afternoon dainty refreshments were served and a social time enjoyed.

Those present were Mrs. J. Cline and children, Virginia, Junior and Dick, Mrs. Ezra Teitsworth, Mrs. Arthur, Mrs. Saily and Mrs. J. P. Teitsworth and son Edward, and the guest of honor, Mrs. Walter Lee.

Teachers Picnic
Misses Zoia Lee McDowell and Charlotte Read of Glendale were among the twenty-seven teachers of the Micheltorena school of Los Angeles enjoying a picnic outing last night in the Verdugo Woodlands park. They motored out to the park early in the evening, taking lunches and a Victrola.

Mothers' Luncheon
The annual "Mothers' Luncheon" of Chapter BA, P. E. O., is to take place Friday at the new home of Mrs. Charles B. Guthrie, at 1641 Grand View Ave. There will be more than sixty members and mothers present for the all-day gathering.

P-T. A. Election
Mrs. Adell Wichert, president of the Broadway Parent-Teachers' association, announces a meeting for tomorrow afternoon at 2:30 o'clock at the school. There will be annual reports, election of officers and a program by the school pupils.

Fathers' Night
Mrs. William Alexander has arranged the program to be given Friday night at 7:30 o'clock, at the Acacia Avenue school, for the annual "Fathers' Night" of the Parent-Teacher's association.

Housewarming
Charles B. Guthrie was happily surprised last night when a group of his and Mrs. Guthrie's old friends arrived unexpectedly at their new home, 1641 Grand View avenue, for an informal evening housewarming. It was the Guthrie's first evening in their new home, and Mrs. Guthrie arranged the affair as a surprise for her husband.

The guests were all friends Mr. and Mrs. Guthrie made when they came to Glendale ten years ago. Upon arriving at the new home they grouped themselves quietly about the door and announced their presence by singing "Auld Lang Syne."

On behalf of the guests A. D. Cross presented Mr. and Mrs. Guthrie with a beautiful art pottery bowl.

The company included Mr. and Mrs. W. L. Truitt, Mr. and Mrs. A. W. Beach, Mr. and Mrs. John Southard, Mr. and Mrs. R. C. Lane, Mr. and Mrs. H. V. Henry, Mr. and Mrs. Rathbun, Mr. and Mrs. A. D. Cross, Mr. and Mrs. C. L. Peckham, Mr. and Mrs. C. G. Farrow, Mr. and Mrs. Oliver O. Clark, Mr. and Mrs. C. W. Gist, Mr. and Mrs. H. W. Hoff of Los Angeles, Mr. and Mrs. S. C. Lepelmann, Mr. and Mrs. R. M. Brown, Mr. and Mrs. J. C. Brown of Los Angeles; Mrs. I. Roy Baker and Miss Barbara Baker of Rawlins, Wyoming; Mr. and Mrs. Guthrie and daughter, Catherine.

BAPTIST SERVICE STIRS INTEREST

'Victory Through Retreat' Is Evangelist's Subject for Tonight

A meeting of special interest and enthusiasm has been planned for the evangelistic service at the First Baptist church tonight.

The meeting will open with an enthusiastic song service and selections from the choir.

Miss Rita Gould, who is in charge of the music, will sing.

Miss Gould is in charge of one of the largest choirs in southern California, and is, herself, an unusual contralto soloist.

The evangelist, Miss Amy Lee Stockton, will speak tonight on the subject, "Victory Through Retreat."

A splendid audience, increasing in number, greeted the evangelists last night.

The choir sang with inspiration, and the solos contributed were greatly appreciated.

Miss Stockton challenged her audience with the question asked on one occasion by the Master, "What Think Ye of Christ?"

She said in part:

"Carlyle well said that a thinking man is the biggest enemy that the devil possesses, and Carlyle was right, for when a man thinks he cannot but consider the claims of Jesus Christ, and his thinking must lead him to the Saviour's feet. The reason people are not Christians today is simply because they have never stopped to consider the character, and identity, and claims of the Son of God."

"My thought concerning Jesus is that He is the Son of God. This is declared seventy-one times in the New Testament, and five times it is emphasized when He is declared 'the Only Begotten Son of God.' People never fail to admire Jesus. The declaration of the ages is that of Pilate, 'I can find no fault in this man.' But if they declare Him to be the greatest teacher who ever lived, the greatest reformer who ever walked the earth, and say not that He was the Son of God, they have robbed Him of all that made Him what He was."

Miss Stockton also declared her thought of Him to be the Saviour of the world, the Sustainer of her life, the Sovereign of the Christian's heart, and the future supreme Judge.

FORM ORCHESTRA TO HOLD DANCES

Weekly Entertainments Will Be Staged in Hall on North Brand

With dancing a popular entertainment during the summer time, a group of Glendale musicians have organized themselves into an orchestra to hold a dance every Wednesday night in the hall at 140 North Brand boulevard.

The first dance will take place tonight at 8:30 o'clock and a large company of Glendale dance lovers are planning to attend.

The newly organized orchestra is promising live, jazz music for the dancing and are hoping the weekly dances will prove popular.

Members of the orchestra are F. A. Zimmerman, drummer and leader; Clarence Hall and Louis Delanco, banjos; Ed Daw, saxophone; Mr. Frisbie, violin; William Griffith, cornet; Alta Jury, piano.

MORNING BIBLE CLASS TO MEET

Teacher Invites Women of Glendale to Attend Thursday Session

Glendale women of all denominations have been invited to attend the all-day meeting tomorrow of the Thursday Morning Bible class at the Glendale Presbyterian church.

The meeting will begin at 10 o'clock in the morning with Mrs. A. L. Dennis, teacher, giving the Bible lesson.

At noon the women will have their basket lunches and in the afternoon Mrs. Dennis will conduct a question box.

Over 60,000,000 pairs of shoes were manufactured in this country in January and February.

CHURCHES RALLY FOR CONVENTION

Sunday Schools of County To Be Represented at May 24-25 Meet

Glendale churches of all denominations are to be represented May 24 and 25 at the thirty-eighth annual convention of the Los Angeles county Sunday school Council of Religious Education in the Methodist Episcopal church at Huntington Park.

The convention is of particular interest locally since the name of Rev. Clifford A. Cole, pastor of the Central Christian church, appears on the list of board of directors, and since Rev. Cole is to deliver two addresses at the convention gathering Thursday night.

Rev. Cole will first address the men's gathering and following that will speak to a meeting of women.

There will be over fifteen denominations represented at the convention, directed by Hugh C. Gibson, general secretary.

Boys Win, Girls Lose, In Tennis Contests

Tennis now holds the center of attention at Glendale Union high school.

A quartet consisting of Robert Stanford, Howard Wimmer, Robert Laird and Tom Woods remained on the courts after school yesterday long enough to defeat a team from Citrus Union high school at Azusa.

The visitors were not allowed to win a single set.

A girls' team went to Hollywood high school yesterday afternoon and met defeat. Among those playing were the following: Miss Doris Moyses, Miss Mary Barbara Taylor, Miss Alexandra Babbley, Miss Orrell Hester, Miss Dorothy Van Osdoll, and Miss Frances Drake.

WINDOW BROKEN

A plate glass window in front of the office of the Glendale Building and Loan association at 212 1/2 West Broadway was broken about 10:10 p. m. by an automobile driven by Miss Winifred E. Voreck of 521 West Wilson avenue.

RAILROAD HEADS SEE DEPOT SITE

Officials and Committee of Glendale Men in Conference Here

T. H. Williams, assistant general manager of the Southern Pacific, and other railroad officials inspected the company's property between Brand boulevard and Los Feliz road yesterday afternoon with the view of selecting the most desirable site for the new station which they admitted will be very attractive.

They were met by a committee consisting of Councilman W. A. Horn, Councilman Asa Hall, C. D. Lusby, H. W. Wilson, George B. Karr and George Bentley.

The Southern Pacific is expected to present its plans before tomorrow night's session of the City Council.

Man Is Charged With Driving While Drunk

C. W. Murphy of 504 East Broadway was given until 4 o'clock this afternoon by Judge F. H. Lowe this morning to raise \$500 cash bond or a \$1000 property bond to appear in court June 5 and answer to a charge of driving an automobile while under the influence of liquor.

He was arrested about 9 o'clock last night by Lieutenant Joe Griffin and Officer E. Epps, while he was going west on Broadway across Brand boulevard.

Student Ball Team Beaten by Monrovia

Glendale union high school's freshman baseball team journeyed to Monrovia high school yesterday afternoon and returned home with the short end of a 7 to 6 score.

The local line-up was as follows: Robert Potts, catcher; Read Stearnman, pitcher; Elvin Richards, first base; Porter Thompson, second base; Harold Swanson, third base; George Buttery, shortstop; Edwin Elsner, center field; Arthur Palmer, right field.

Y. BOYS TO SEE U. S. BATTLESHIP

Party to Spend Saturday on Board Dreadnaught in Los Angeles Harbor

The Glendale "Notchers" are going aboard one of the United States dreadnaughts at San Pedro harbor, this Saturday, May 19, through arrangements made by Rex C. Kelley, Glendale Y. M. C. A. secretary, with A. M. Amundson, Army and Navy Y. M. C. A. secretary, at San Pedro.

Amundson and Kelley were in France together. They have arranged for one of the navy chaplains to meet the party at San Pedro with a government launch.

The party will leave Glendale, from outside the Y. M. C. A. office, 106-A East Broadway, at 3 o'clock Saturday afternoon, returning that night.

The forty or more boys going will be accompanied by Secretary Rex C. Kelley, Park Arnold, C. W. Ingledue, J. F. Gosner, Howard Lennox and M. P. Harrison.

BASEBALL TEAMS WILL BE FORMED

All Who Wish to Play Are Invited to High School Grounds Tonight

All baseball enthusiasts are invited to gather on the newly lighted high school grounds tonight at 7 o'clock.

Several teams are already enrolled and others have given assurance of coming in. The first games will be played tonight provided it is not raining.

These activities are put on by Community Service of Glendale, and are open to all interested ones in the city, free of charge.

INDIAN PROGRAM UNDER BIG TENT

Tribal Songs and Dances Will Be Presented at Chautauqua

Tonight, at the Ellison-White Chautauqua tent, corner of Harvard and Orange streets, Princess Te Ata and company will give a series of Indian songs, legends, classic and interpretative dances, artistically presented in picturesque native and tribal costumes, announces Manager S. J. Kring. Princess Te Ata, said to be the Pavlova of her race, is also a reader of remarkable talent. Downan, also of the troupe, has a fine contralto voice. And Pearl Archiquette, the third member of the company, is an accomplished pianist and accompanist.

Business Men's Poet
In addition, tonight's program will include an address by Jamie Heron, "Building Better Business by Building Better Men." Mr. Heron enjoys the reputation of "The Business Men's Poet." His address contains the very essence of Chautauqua's best ideals, Manager Kring believes.

This afternoon's program was also featured by the work of Princess Te Ata and company. Yesterday afternoon, Thursday, May 15, the program was headed by the Winifred Windus company, introducing Guy Mariner, New Zealand pianist, and Leslie Taylor, violinist; and as a special feature "The Children's Magic Lunar Circus" was given at 3 o'clock, by the Junior Chautauquans.

Last night's program under the big tent was given over to the Winifred Windus company, featuring Miss Windus, as a reader and interpreter of plays, proving herself an admirable entertainer.

NOTED BAND TO CLOSE CHAUTAUQUA

Thaviu's Exposition Band—a group of twenty-five selected musicians, who, under the leadership of A. F. Thaviu, will thrill Chautauqua audiences the afternoon and night of Thursday, May 17, at the big tent on the corner of Harvard and Orange streets. The afternoon program will contain a variety of patriotic, classic, modern and popular pieces, while the evening program will be interspersed with vocal selections from best-known operas, by popular singers, dressed in costume. They close the Chautauqua.

2333 GRADUATES AWARDED DEGREES

Largest Class in History of U. of C. at Berkeley Commencement

BERKELEY, May 16.—The largest class ever graduated from any university held commencement exercises at the University of California today, when 2333 under graduates were awarded bachelors' degrees, 43 graduate students received doctors' degrees, and more than 200 took master degrees.

Arthur Edward Murphy of Napa was given the gold medal as the best scholar of the year, and honorary degrees were conferred on Charles Mills Gayley, retiring head of the English department; William Carey Jones, retiring dean of the college of law, and Colonel George Cunningham Edwards, professor emeritus of mathematics.

Military commissions were presented to 109 students by Governor Richardson. The academic degrees were conferred by President David P. Barrows. Today's exercises marked the close of Dr. Barrows' administration as president of the university. He will be succeeded on June 1 by Dr. W. W. Campbell, world famous astronomer.

OPEN TO FOREIGNERS

WASHINGTON, May 16.—Revoking regulations promulgated by Albert B. Fall, his predecessor, to bar foreign oil companies from Indian lands in Oklahoma and other states, Secretary of the Interior Work this afternoon authorized foreigners to participate in the exploitation of these lands.

Physical exercises in schools without any view to the preparation for war were first publicly advocated in 1531.

SAVE ON SUGAR, GOVERNOR'S PLEA

All Economize and Help To Bring Down Price, Says Richardson

SACRAMENTO, May 16.—Replying to a request from the California State Housewives' league that he aid in combatting the high cost of sugar, Governor Friend W. Richardson issued a statement today urging that the public economize on the use of sugar, and thereby bring down the cost.

The governor's statement follows: "The price of any product is regulated by the factors of supply and demand. Consequently the best manner to combat the present situation is to cut down on sugar consumption. People eat too much sugar, anyhow. By economizing on the use of sugar the consumer can conserve his health and at the same time assist in restoring the normal price."

GOVERNOR GAINS GREAT VICTORY

Forces Out Bill Granting Power for Removal of Appointees

SACRAMENTO, May 16.—The senate today voted, 28 to 10, to force out of committee the Bromley bill giving the governor power to remove from office all state officials holding office by appointment and not governed by constitutional provisions.

The action of the senate was a distinct administration victory. During the debate which was along partisan lines, as between administration and opposition lines, as between administration and opposition groups, Senator Harris of Fresno charges Mrs. Nellie Brewer Pierce with lobbying on the floor for the Bromley bill in violation of the senate rules.

FREE PRISONERS, DEMAND ON CHINA

Diplomatic Council Again Files Sharp Note on Bandit Outrage

WASHINGTON, May 16.—The diplomatic council in Peking handed another sharp note to the Chinese government, demanding to know why the negotiations with the Szechwan bandits for the liberation of foreign prisoners have not succeeded, the state department announced this afternoon. Dispatches from Peking and other cities reported widespread bandit activities. It was said United States troops were prepared for any emergency.

BIRTHS

Mr. and Mrs. Jack Eaton of 340 West Lexington drive, are the proud parents of a baby daughter, born this morning, Wednesday, May 16, 1923, at the Glendale Sanitarium and Hospital. Mrs. Eaton was formerly Miss Waunita Emery, daughter of Mr. and Mrs. E. U. Emery of 329 North Kenwood street. This is the Emery's first grandchild.

St. Louis is the greatest shoe manufacturing city in the country. A cubic foot of air has a weight of about one and three-tenths ounces, it is estimated.

Rubber tires were invented in 1865.

FILE COMPLAINTS IN LIQUOR PLOT

Eight to Face Charges of Conspiracy to Bring Booze Into U. S.

NEW YORK, May 16.—Warrants were issued today for eight men accused in formal complaints filed by Herman L. Park, assistant United States district attorney, as leaders of a gigantic rum smuggling ring. The men named in the complaint were: Jacob A. Kirsch, New York; Charles W. Johnson, Philadelphia; Alfred Ernest Corns, Uniontown, Pa.; Edward A. Flannigan, New York and Washington; Nathan Scharlin, Abraham Scharlin, H. L. Marks and Charles T. Cox, New York.

The specific complaint charges they conspired to illegally ship 50,000 gallons of alcohol into the United States from Havana on the British steamship Yankton.

OBENCHAINS MAY WED IN CHICAGO

Divorcee Plans to Visit Her Former Husband in East This Summer

CHICAGO, May 16.—Ralph Obenchain, when informed that his divorced wife, Madalynne Obenchain, was contemplating a visit with him this year, expressed delight and keen satisfaction here today. Asked if they intended to be remarried, Obenchain said:

"Any statement as to our relations should come from the lady herself. My status is just the same that it was a year ago when I left her in California. We have had no direct correspondence since then, for we found some one was opening our letters. We had to find other means of communication. "I feel just the same as ever toward her."

OUSTED OFFICER CLAIMS FRAME-UP

Al Manning Will Present Counter Charges When Case Is Called

LOS ANGELES, May 16.—Counter-charges, principally that the evidence against him was "framed," will be made by A. L. Manning, ousted as superintendent of the criminal investigating bureau of the sheriff's office, when his suspension is heard before the civil service commission, it was learned today. Manning has retained an attorney to represent him at the hearing and to carry his fight to the higher courts.

MAN DYING IN ATTACK BY BEAR

Animal Claws Victim in Abdomen and Inflicts Fatal Wounds

SIoux CITY, Iowa, May 16.—Iver Wallen, caretaker of the zoo at Stone park, was taken to a hospital in a dying condition today following an attack made on him by a bear.

Before Wallen's cries brought relief the bear had inflicted gaping wounds in his abdomen.

BURBANK RECALL FIGHT IS FIZZLE

Protestants Fail to Voice Objections When Asked By Mayor

"Business as usual" is the slogan in Burbank, Los Angeles suburb, today following a meeting of the board of trustees at which expected demands for the recall of certain city officers failed to materialize.

Several organizations of the town are said to have opposed the policy of the board and the actions of the police department in making unwarranted arrests for speeding. However, Mayor Crawford invited those who voiced objection to be present at the meeting of the board, but none appeared.

Realtors Move Into New Suite of Offices

Twining & Myers, realtors, have finished moving from their old offices at 211 1/2 South Brand to 227 South Brand boulevard, in the new Roy L. Kent building, where they have leased a large and commodious suite of offices that have been found essential to accommodate the steady growth of the firm's business. The concern is now selling Mesa Crest and Woodland Park, two attractive subdivisions, and expects to put another big proposition on the market shortly.

STOCKS--MARKETS

NEW YORK, May 16.—The stock market closed steady; U. S. Steel went back to 98, its previous closing price. Baldwin got up to 128 1/2, a one point gain and Studebaker ruled close to 112, an advance of over one point.

Government bonds unchanged; railway and other bonds steady.

In Grain Markets

CHICAGO, May 16.—The cold, wet weather and continued heavy rains in the grain belt made their influence felt on the grain market here and the close was very bullish. After a weak opening, bears held control for some time, but the strength was apparent and the bulls took control. Private wires reported the wheat prospects very poor.

Wheat closed 1 5-8 to 2 1-2c higher. Corn finished 1 1-2 to 2 1-8 up. Oats was 1-8 to 1 1-8 higher.

Provisions shared in the buoyancy and also on a higher hog market. Lard closed 20c to 25c higher and ribs showed an upturn of 10c to 15c.

WOMAN IS DEAD RESULT OF BURNS

Explosion in Home Is Fatal to Mrs. Tansy; Funeral Is Held Today

Mrs. Nellie M. Tansy died last night, Tuesday May 15, 1923, at 2187 La Clède street, from burns she received in an explosion a week ago last Sunday at her home in Los Angeles.

The accident occurred at the Tansy home in west Los Angeles and because of the intensive heat in the city last week Mrs. Tansy was brought to the Glendale home, where it was thought she would be more comfortable and where she could be near an old friend from Bend, Oregon.

Mrs. Tansy, who was 47 years of age is survived by her husband, O. W. Tansy.

Funeral services were held at 2 o'clock this afternoon in the Jewel City Undertaking chapel, Rev. Ernest E. Ford officiated and burial took place in Grand View Memorial park.

Milk drinking has increased nearly seventeen per cent in the last ten years in the United States.

TUJUNGA MISSION PLAYERS WILL GIVE SHOW

Sam of San Gabriel Cast To Appear at Benefit For Legion Post

Every year the Mission Players go to Tujunga and stage a month show for the benefit of the worthy cause. This year they are going to perform for the benefit of the Monte Vista Post of the American Legion and their show will be the biggest ever attempted in Tujunga. It will be a show as is seldom seen even in the cities on the world famous coast.

Last year Frederic Warde and Tyrone Powers, supported by the Mission Players, gave the show at the "Merchant of Venice" at the Garden of the Moon. There were other features of the success of that show was to encourage the production of a much larger one this year. Mr. and Mrs. John S. McCreary are responsible for these plans, as it is through their courtship that the players appear here. Special lighting effects have been installed in the Garden of the Moon and special costumes will be seen, as well as scenery daily constructed for this show. Nothing has been omitted to make this a "big time" show on a large scale. The play is to be an adaptation of one witnessed by Mr. and Mrs. McGrouper while their tour of Europe over a year ago and will be in the form of vaudeville acts and high class dancing numbers. The original is "The Chauve-souris of Moscow" and nothing has been lost in the adaptation. Many of the acts actually have been approved.

Split Gate Receipts proceeds from this show will go to the American Legion in purchasing Bolton hall, the club house at Tujunga, and the Tujunga Episcopal church. The proceeds will be used to defray the expenses of the church and the balance to the Monte Vista Post. The show will be staged at the Garden of the Moon on San Gabriel Avenue at the foot of Boulevard on Monday evening May 21, and the performance will start promptly at eight o'clock. The reputation of the Mission Players is a guarantee of excellent production and the show for which the proceeds are used make this event an attractive. The open air performance has been enlarged and the accommodations for the audience have been built. The capacity will be about 1000 and advance sales of tickets are that this will not be any less.

The program will include these items: "The Chauve-souris of Moscow," "The March of the Soldiers," "Memories," "Camp of the Gypsies" and "Bits of Grand Opera." There will be a half hour of variety minstrelsy, singing of art melodies and favorite songs, followed by dramatic recitations. Also, Juanita, the famous dancing jewel of the Mission Play, and the Mission Play soloists and orchestra to all this talent will be mortal ballet scenes from "Cinderella" and "The Merry Widow" and "The Saisbury and Patia Pow-

PROTECT YOUR KIDNEYS BY DRINKING MORE WATER

Helps to Flush Kidneys and Neutralize Irritating Acids

Acid and bladder irritations result from acidity, says a physician. The kidneys filter this acid from the blood and pass it on to the bladder where it may remain to irritate, causing a burning sensation, or setting irritation at the neck of the bladder, obliging you to seek relief three or four times during the day. The sufferer is in constant pain as the water passes through a scalding sensation very profuse; again, there is urinary weakness, most folks because they can't control it. While it is extremely painful and sometimes very embarrassing, this is often one of the ailments to overcome. Drinking lots of soft water, about four ounces of Jadu, or your pharmacist and a glass of water before breakfast. Continue to drink two or three days. This will neutralize the acids in the blood so they no longer are a source of irritation to the bladder, urinary organs, which is normal again. The salts is inexpensive, and is made from the acid of grapes and lemon, combined with lithia, used by thousands of folks subject to urinary disorders caused by acid irritation. It causes no bad effects.

If you have a pleasant, effervescent lithia-water drink may quickly relieve your irritation. By all means let your physician examine you at least twice a year.

Scion Of Wealth Enters Movie Field

Park Benjamin

Park Benjamin, son of Mr. and Mrs. Walter Romain Benjamin, of New York, and first cousin to Mrs. Enrico Caruso, is the latest scion of society and wealth to become obsessed with the idea that he is a good film actor. He has deserted the banking business for the screen.

Welfare Council Asks For Gift of Ice Box

The Welfare Council has had an appeal for an ice box. Anyone having one to give away, please notify Mrs. E. D. Yard, Glendale 1142-W, or Mrs. L. W. Sinclair, Glendale 232-J. It will be greatly appreciated.

APPROVE PENSION

The Department of the Interior has approved the issuance of a pension certificate to Shub-Sheeh-Ash, alias Curly, a Crow Indian, for his services in the Indian campaign of 1876 and 1877, which included participation in the Custer Massacre. Curly now lives on the Crow Reservation in Montana. According to War Department records he escaped death by mingling with the attacking Indians and later rejoining the government forces.

Mission Play Booth at the Pacific Electric Station, Los Angeles. Vaudeville Nets \$60

The vaudeville show given by the American Legion at Bolton hall, two weeks ago, was a success, and cleared about sixty dollars for the fund that is being used to buy the hall for club rooms.

Bruce Anawalt and R. D. Walker represented Tujunga and the Monte Vista post at the recent meeting of Post 127 at Glendale, and extended an invitation to their fellow legionnaires to attend the coming show in a big building. All legionnaires were cordially invited to this annual spring classic.

Mrs. Paul Whitsett of Van Nuys is planning to entertain Mayor Cryer of Los Angeles and a party of friends at the Mission Players' benefit for the American Legion on May 21.

Mrs. Furman, prominent society matron of Hollywood, will also entertain with a box party at that time.

The building fund of the Sunland Baptist church is growing fast and nearly \$1500 have been subscribed by members and friends.

With the proceeds from the sale of the old site this will make a total of over \$5600 that will be available for the new building to be erected on the Lancaster tract, the two lots being given for this purpose by Mr. Lancaster.

The formalities of the sale of the old site are being rushed and the plans are to have the new church ready for occupancy by October.

Open New Tract J. A. and C. E. Moore have opened their tract on the Highway known as Summit Heights, at the eastern edge of Tujunga. Water and street improvements are included in the sale price of the lots.

The wonderful view of the surrounding country afforded by this location and the elevation, which is about 2000 feet, are two of the outstanding features offered for home seekers in this vicinity.

Street work has been in progress and an attractive office has been erected on the property. The owners are developing their own water supply on the tract. This property should find a ready market.

The Tujunga drug store has been making improvements in the store and painting the interior. Business has increased steadily since this pharmacy was opened and with the coming of the summer season it has been found necessary to add a soda dispenser to the store. Miss Vera Huntington has been employed in this capacity.

The Twin Pines pavilion is to be open every night and picnic parties or lodge or other organizations may have the use of the dance floor and the electric piano by making arrangements with Mr. Kimpel, the owner. A new electric piano has been installed and the pavilion is open to anyone caring to take advantage of this opportunity any evening except Wednesday and Saturday. On these nights the regular dances are given there.

Mrs. Jessie Kimpel has accepted a position in a dance orchestra and will play at Newhall on Thursday evenings. Mr. and Mrs. Guy Barry have been spending several days at Big Bear lake. Mrs. Barry is the president of the Tujunga Women's Club.

PROMISES AID TO BRING PRESIDENT

Sen. Shortridge Offers Help to Secure Harding's Presence Here

Efforts to secure the presence of President Harding here for the laying of the cornerstone of the new Glendale Hospital and Sanitarium have moved a step nearer a successful conclusion with the assurance given to P. J. Hayselden, a member of the board of directors of the Glendale Chamber of Commerce, by Senator Samuel M. Shortridge of California, that he would endeavor by every means in his power to influence the president to accede to the request of the organization and to take part in the ceremony. Mr. Hayselden reported on a conference that he had held with Senator Shortridge last Friday, when the latter made a number of valuable suggestions to be acted upon by Mr. Hayselden, besides promising to aid actively in the project himself. Mr. Hayselden also stated that Senator Shortridge assured him that he would extend every aid in his power to the extension and improvement of the local postoffice situation, with a view to securing more help and to keeping the Glendale office at such a stage of efficiency that it will be able to meet all the demands that may be made on it, either now or in the future. Mr. Hayselden submitted his report yesterday at the weekly luncheon of the organization in the Citizens' building.

Senator Shortridge has also agreed to appear before a meeting that is to be arranged here under the auspices of the Glendale Chamber of Commerce and to deliver an address on some of the leading issues of the day.

The discussion that has been raging between the directors of the Chamber of Commerce and the members of the Glendale Industrial Association over the opening of the Merchants' Industrial Exposition on Sunday has been brought a step nearer a solution by the offer of H. L. Leavitt, director general of the exposition, to keep the exposition closed on Sundays until 7 a. m., and to stage a sacred concert during the evening, according to H. S. McCormack. C. D. Lusby, chairman of a committee that had been appointed by the Chamber of Commerce, asked that his committee be discharged, as he had nothing definite to report on the situation further than the statement he had made last week.

Order Magazines

The June issue of the Arrowhead magazine for Glendale, is now on the press, and Secretary E. F. Sanders was instructed to order 1,000 copies of this issue to be used in advertising Glendale, the cost of the 1,000 copies to be \$100.

Bids for the new Southern Pacific depot that is to be erected here are now being considered. George B. Karr, and it is expected that active work will be started on the erection of the building within a few weeks.

Requests for a dozen automobiles to carry the members of the G. A. R. post to the Decoration Day exercises that are to be held here May 30 will be sent out by Secretary Sanders, as Col. J. D. Fraser, chief of police, has asked that the Chamber of Commerce assume the responsibility for taking care of the detail.

The civic committee will meet with a committee from the Community Service on Monday night to consider the feasibility of taking over the buildings of the Glendale Union High school, to be used as a civic center. The latter organization has been going into the matter at considerable length and is expected to submit a definite proposition at the meeting, covering every angle of the proposed acquisition of the property and its transformation to the uses proposed. The Chamber of Commerce committee will report to the directors following the meeting before taking any action.

The announcement of a more comprehensive system of garbage collection will be made within a few days, George B. Karr, chairman of the civic committee, reported, and every week in Glendale will be clean-up week, as the city officials have decided to make and keep Glendale a spotless town.

Reception Committee

A request from H. L. Leavitt, that the president of the Chamber of Commerce appoint a reception committee to welcome Mayor George E. Cryer of Los Angeles and other dignitaries who will be here for the opening of the exposition on May 25 was submitted by H. S. McCormack, and all of the board of directors were named on the committee by President Jesse E. Smith. It was also suggested that the officials of the Glendale Merchants' Association, as well as the chairmen of the standing committees of both organizations, and the city officials, be included in the committee. Mr. McCormack also reported on the progress that is being made in the preparation of the booklet that is to be issued by the Chamber of Commerce to advertise Glendale.

IS HEAD OF SCHOOL FOR NURSES Name American Girl to Take Warsaw Position

MISS AMELIA GREENWALD

It was so many years ago that most of the minor surgical operations in America were performed by barbers. The red spiral barber poles are a present relic of their past advertisements as blood-letters. And in those days the nurses were elderly women whose scientific knowledge consisted largely of good intentions. In some villages in Poland the barbers are still the doctors and there are few nurses available for any but the very sick.

An American girl is going to change this. She is to leave shortly to open a nursing school in Warsaw and spread the gospel of health and sanitation where it is pitifully needed. The American Jewish Joint Distribution Committee has appropriated \$50,000 for the establishment of a school for nurses and chosen Miss Amelia Greenwald as its head. She is a graduate of Tuoro University in North Carolina, and has taken post graduate courses at Johns Hopkins and public health work at the Teachers' College. She spent a year and a half at Base Hospital No. 8 in Savenay, France, during the war.

The committee, whose work is non-sectarian, has been for two years aiding local Polish societies engaged in work for the sick, and has provided drugs and medicines for their use. Now it is undertaking to train young Polish girls as nurses and it is hopeful that soon at least one real trained nurse can be assigned to each town not only to serve the sick but to teach the young people the fundamentals of public health knowledge.

The nurses' school will not only teach modern nursing methods but help its graduates to establish health stations and do the sanitary work that is so much the part of every American city.

LOTS OF LAUGHS AROUND CAPITOL

Humor Helps to Drive Away Gloom From Assembly's Serious Solons

SACRAMENTO, May 16.—Humor has its day in the capitol. In fact, it would need a professional funny man to recount all of the amusing experiences coming to light.

Jack Badaracco, San Francisco champion of water-for-bathing purposes only, was opposed on a wet measure by the Rev. David C. Williams, a fellow assemblyman. During the all-night session of the assembly lunch was served at 1 a. m., and, would you believe it, Badaracco drank a "milk toast" to the pastor. Both of them agreed that milk was a good thing, although each held their own ideas as to what it was.

Johnny Richardson, son of the governor, has his own ideas of economy with efficiency. Harry Lutgens, executive secretary, balanced the plate glass top for his desk with a dime. Along came Johnny, borrowed a copper cent from his father, slipped it into the place of the dime and appropriated the silver pieces for his general fund. But the greatest joke, perhaps, if you take it that way, is the report that three senators occupied the pulpit of the senate chaplain on Sunday.

Envoys Ask Orders On Mexican Questions

MEXICO CITY, May 16.—When the second session of the "recognition conference" of United States and Mexican commissioners met Tuesday, it was understood that the Americans had asked Washington for instructions upon points raised at the meeting. Neither John Barton Payne nor Charles Beecher Warren, the American commissioners, would make any statement. They said communiques would be issued through the secretary as developments warranted.

Rabbi's Slayer Held On Charge of Murder

SAN FRANCISCO, May 16.—Gladwell C. Richardson, self-confessed slayer of Rabbi Alfred G. Lefee is being held to answer to a charge of murder in superior court by Police Judge Jacks. Only a brief showing was made by the prosecution. Autopsy surgeon Clark described the manner in which the rabbi met death and Police Sergeants Bunner and Mm-Glaughlin told of the voluntary confession made by the sailor and said that the confession of the hotel room bore out statements made by Richardson in the confession.

CHINESE FAIL TO FREE PRISONERS

Pekin Government Blames Foreign Officials for Interference

WASHINGTON, May 16.—The Chinese situation became more serious today from the point of view of the United States when Jacob Schurman, the American minister in Peking, reported to Secretary of State Hughes that no progress was being made in the negotiations to compel the Su-chow bandits to liberate their foreign prisoners.

At Peking the government has become very uneasy over conditions and its consequent "loss of face." It is apparently highly desirous of placing the blame for the deadlock with the brigands upon foreigners, especially the constant interference of over-anxious consuls and other delegates at Lincheng.

Four Sentenced On Syndicalism Charge

LOS ANGELES, May 16.—Convicted of criminal syndicalism, four radicals have been sentenced to terms of from one to fourteen years each in the penitentiary at San Quentin by Judge Avery. The men gave notice of appeal and bail was fixed at \$7500 each.

A commotion was caused in court when one of the men, J. Nolan, rose from his seat and began shouting imprecations at the judge, whom he termed a "persecutor."

BRIGANDS BOOST RANSOM DEMAND

\$2,000,000 Asked by Bandits to Release Captives Taken in Raid

PEKING, May 16.—Latest reports from Lincheng state that the Shanghai-Peking express train bandits are now demanding \$2,000,000 ransom before releasing the seventeen foreign prisoners they hold.

The ransom demanded followed compliance with all other demands by the Chinese government. The Chinese negotiators have countered the \$2,000,000 demand with an offer of \$800,000, according to ministry communication reports from Lincheng.

The release of prisoners is now hoped for by Thursday.

Ask Irish to Free Deported Prisoners

LONDON, May 16.—Home Secretary William Clive Bridgeman informed the House of Commons late Tuesday that England is requesting the Irish Free State to release all the Irishmen and women who were deported from England to Ireland. All the Irish arrested and detained in England for their activities in behalf of the Irish republican cause will be liberated. Some of these prisoners, however, must face criminal proceedings in British courts.

The Old Test

TODAY'S SHORT STORY
By Ad Schuster

Mrs. Talbot Wedge lives in the big house in Minden today. Some say she was disappointed in love; others argue she was fortunate. In this only is there an agreement—Mrs. Talbot Wedge has forsaken the ways of extravagance and show. Minden has ceased to worry why it was she came there to live a life of quiet and retirement.

In Willistown a few years ago Mrs. Wedge was president of the charmed circle of culture, foremost among the hostesses, and patroness for everything that was really worth while. She was florid and determined, and her hats and gowns were envied in the best circles as copied in those others not quite of the elect.

The worry of Mrs. Talbot Wedge's fluttering existence was Vivian. Vivian was a large girl now and could not be denied. The mother hid a fear that the girl would be married and, though she loved children, shuddered every time she thought of one addressing her as "grandmother."

"It would be much more appropriate," she said, as she surveyed her enduring complexion in the glass, "if I should marry first." Mrs. Wedge sighed. It was so difficult for a woman of her wealth to dodge the fortune hunter.

When Maxwell Parke appeared in Willistown he was accepted at once. Maxwell carried the large city imprint. He wore unusual knickerbockers when playing golf, was elegant slopshy, and supremely confident. Within a month the younger men of the city were patterned on his example. Mrs. Wedge made his triumph complete by taking him into her circle.

Maxwell Parke, from the first, was interested in Mrs. Wedge. He refused to believe her when she introduced Vivian as her daughter, remarking the two looked like sisters. Mrs. Wedge had heard this remark before, but never with so much sincerity. Maxwell Parke was a man of discrimination, she decided, a thorough gentleman.

After he had been in Willis-

town three months Parke was the favorite guest at the Wedge home. Despite Vivian's evident efforts to be pleasing, his attention was devoted to the mother. Society waited for the announcement of a betrothal which would mean the city's most brilliant wedding. Mrs. Wedge, by herself, giggled and bubbled. Vivian curled a pretty lip and pretended no interest.

"I would have no objections to a wedding in June," Mrs. Wedge told her suitor when the matter of the date came up, "if I could be absolutely sure that you love me for myself alone." She said this earnestly, and while she said it, felt foolish, as if she were speaking from a book.

Maxwell fixed up to the requirements of the situation. Jumping to his feet, he paced the room, protesting and avowing. "If you had no money at all," he said, "I would love you as much. Put me to the test. It is all I ask." It was the old scene acted over again by two who tried hard to make themselves believe in its truth.

Mrs. Wedge was pleased. She decided on the style of wedding invitations, on the wedding trip and made many plans. Then she weighed her suitor against a new thought. "I must be sure," said the society leader.

"You asked me to put you to the test," she told Parke, and, drawing a sheaf of papers from an envelope, she spread them before his wondering gaze. "See for yourself. I have turned all of my money, except a guaranteed income of enough for my needs, over to my daughter. It is the test, our proof to the doubting world, that our marriage is one of love."

Again Maxwell Parke lived up to the situation. One must do something in order to gain time to think. He walked home that night and communed with himself and the stars.

Three weeks later he married Vivian.

BEAUTY CHATS

THE UPPER ARM

A famous sculptor once said that the most beautiful part of a woman's body was the shoulder and upper arm, and that in all his life he had only met three women whose arms were really perfect.

If your arms are not perfect, or at least as perfect as you would like, the only way you can make them so is by exercise. I am assuming, of course, that you weigh neither too much nor too little, for if the arm consists of rolls of flesh you must diet before you exercise, and if the arm is merely skin and bone you must somehow increase your weight. The arm, by the way, is always an indication of your weight and gains or loses in proportion to the rest of the body.

But the arms can be just fat enough and still a bad shape, and that is the condition that exercise alone will remedy. The exercises are simple and need not take more than ten minutes a day.

Stand erect with the chest high and the abdomen contracted, hold the arms in front of you, hands clenched and muscles tense. Draw the hands back to the shoulders as though you were pulling on a heavy weight very slowly and resisting yourself as much as possible.

Hold the arms out, on each side, on a level with the shoulders, and bend the elbow until the fists touch the top of the shoulders. Do this tensing the muscles as though you were pulling on a weight. Both these exercises should be repeated a dozen times. And remember that all the time you are doing this you should be breathing slowly and deeply.

Rowing is one of the best things in the world for giving the arms beautiful contours. These exercises are very much like rowing. A pair of weights with ropes running over a pulley and handles attached to grasp would supply you with ten minutes' arm exercise every day.

Mrs.—To gain in weight include in your diet plenty of cream, butter, olive oil and as much starchy food as you can without clogging the system. Take hot milk with a light lunch before retiring and give preference to chocolate or milk in the place of coffee or tea. Buttermilk

stops the circulation, causing much of such trouble as yours. A few minutes of such care each day, together with a thorough manicure about twice a month, will be all that is needed to keep the nails in perfect condition.

"JUST HOW" TO MAKE THE OLD-FASHIONED STRAWBERRY SHORTCAKE

TOMORROW'S MENU
Breakfast: Grapefruit, Griddlecakes with Syrup, Coffee, Cereal.
Luncheon: Vegetarian Eggs on Wholewheat Toast, Romaine, French Dressing, Cocoa, Preserves.
Dinner: Clear Soup, Hamburg Steak Meat Balls, Mashed Potatoes, Peas, Lettuce, Coffee, Lemon Gelatine.

Our grandmothers may not have had our modern knowledge of food values and balanced rations—but they could cook! One of their most perfect dishes was Biscuit Shortcake. For the sake of the inexperienced housewife, I am going to tell "just how" to make this dessert:

Old-Fashioned Individual Strawberry Shortcakes: Sift together two and one-half cups of ordinary bread flour, four teaspoons of baking powder, one-half teaspoon of salt and one tablespoon of sugar. Work into this dry mixture, with the finger-tips, three tablespoons of butter. Then slowly add one cup of sweet milk and one-third cup of cold water.

You should now have a rather wet dough. Toss it onto a well-floured board and pat it down into a circular sheet. Then, with a floured rolling pin, gently roll it to three-quarters of an inch thick. The next step is to butter two round layer-cake pans. These two pans will hold the eight individual shortcakes which this recipe makes. Choose a cookie cutter which is about three inches in diameter—or use any other sharp-

edged cutter you may have, such as a can cover, the rim of a glass water-tumbler, or a cup. (I personally use an old cup which has no handle!)

When you have cut eight of these three-inch-wide discs from the dough (you will have to roll odd bits of the dough together to get out the last few discs), place four discs on each of the pans. Slip the pans into a very hot oven to bake for twenty-five minutes. When you remove them from the oven they will be light and raised—tender large biscuits. Split each biscuit open and butter well. Then put crushed, sweetened, fresh strawberries between the halves of each biscuit; heap more of the crushed strawberries on top of each little shortcake and add a generous dab of whipped cream.

For this recipe (making eight individual shortcakes) you will need one quart (possibly more) of strawberries; mash them and let stand for an hour before making the biscuit, sweetening them, when mashed, to suit your taste. One gill of thick cream should do for all eight shortcakes (for in some localities one gill of double cream costs thirty cents—quite enough to spend in making a single dessert).

To whip this thick cream, simply put it in a deep bowl which does not measure more than five or six inches across the top (some women use a pitcher); beat it with your egg beater. The cream should be very cold. When it begins to thicken, add three tablespoons of confectioner's sugar and one teaspoon of vanilla extract, and finish beating. Do not overbeat it, or it will turn to butter! You may thin it, to make it "stretch," by

FORM LETTERS

My dear followers:
The following rules of the column will have to be followed in asking for discussions and for material which we offer. Otherwise your letters cannot be given attention.

First: When you ask for material which we have offered, you must enclose a self-addressed and stamped envelope (s. a. s. e.). The address must include your full name, city or town, state and street number. The pamphlet on reducing and gaining is the only one for which you must also include four cents in loose stamps. Do not send money—it is too easily lost in the mails.

Second: Write legibly with pen or typewriter and not more than 200 words. If your handwriting is not clear get someone to write for you.

Third: When you ask for material to be sent, have your s. a. s. e. at least a full sized envelope. It is very difficult to stuff a whole pamphlet into a baby envelope.

Fourth: Address your letters to me in care of your paper. They will be forwarded to me at my office in New York City.

Side Talks

by Ruth Cameron

HUSBANDS AND ELASTIC BANDS

If you do not want to make an idea take hold upon a person it is not a good thing to suggest it to that person constantly. And yet a great many women do just that. Here is the sort of thing I mean.

In one of Margaret Deland's beautiful stories one of her characters says: "I remember when my first baby was coming I was very forlorn and I couldn't do anything or go anywhere, and Henry stayed at home with me like a saint. I told father that I had told Henry it was hard on him to 'sit at home with a sickly wife.' And father said, 'If you tell him so often enough he'll agree with you.'"

There is a word which the psychologists use a great deal lately—the word suggestibility. It means a person's capacity for being influenced by suggestions. Many people have this capacity in a very high degree. They are the people who cannot read a patent medicine ad without fancying that they have all the symptoms. The patent medicine maker knows about this tendency and deliberately makes use of it. He means to plant ideas in their minds.

But the woman who says: "I don't believe you love me as much as you used to; I suppose I am getting old and unattractive," or, "I wish I were clever like Mrs. S. and understood all about politics and economics, but you know for you, nor treat you personally, nor write individual diets. I appreciate very much the wonderful confidence you are showing in me, but if you think for a moment you can realize that diagnosis and personal treatment would be impossible. I can only take up in the column questions that will be of general interest to all my readers.

I feel like adding a tenth rule. It is this: Save some of your 200 words to continue telling me how much you enjoy the column and how much help you are getting from it. For that is an inspiration to me and, of course, makes my work happier.

I shall probably have to run this article just as it is once a month at least to keep the newcomers in column order and probably to remind you, too, though I hope you will help me and hasten my reply to you by remembering to observe our rules.

I was a silly little thing when you married me," or "You have a good enough time when there's anyone else around but when you're with me you seem bored. I can see you're getting tired of me," certainly doesn't want to plant the ideas she suggests.

Wants Him to Say It
What she really wants is a denial from her John or Henry. She wants him to say that he loves her more than ever, or that he likes her much better than if she took an intelligent interest in affairs of the day, or that he never likes to see a new face and would rather live on a desert island with her than have all the rest of the women in the world at his command.

Maybe he makes those denials a hundred times. Then maybe some terrible day comes when he fails to make them, and the poor, foolish woman gets a cruel disappointment.

But even when he does deny the idea most strenuously it probably has some effect upon his subconscious mind. You may stretch out an elastic band a hundred times and it may snap back every time, but each time is taking from its elasticity and bringing nearer the time when it will lose its comeback—or perhaps break.

Owing to her very seriousness, Ruth Cameron has been able to write her daily "Talks" this week. We are, therefore, printing six of the Talks which have appeared during the year and for which many have written to Miss Cameron, in the hope that all readers as well as those who have asked for them, will see them again.—The Editor.

TODAY—Roland Krebs paints word pictures of Chicago on Sunday.
TOMORROW—Fight on U. S. Power Act; Colorado Project Affected; Arizona's Attitude, by William G. Cayce, Los Angeles.

By ROLAND KREBS
For International News Service

CHICAGO, May 16.—Hardened travelers are accustomed to describing London as "a nice place, but awfully dull on a Sunday afternoon." New York is little better. Fifth avenue, busy six days a week, is thronged with church-goers on the morning of the seventh, but after noon it becomes a broad, sun-baked desert, where each little noise is magnified by echo into a boom.

Not at all like this is Chicago. This city unlimbers itself, beginning at 1 o'clock, and enjoys life in a variety of ways.

First, for the pedestrian, there is Michigan boulevard, a long gallery of fashion. Each new frock and every new hat has its premiere on the "Bou' Mich" on Sunday afternoon. It's a glorious street, in the bright sunshine, which is prevented from becoming too hot by cool lake winds. On one side are the windows of the expensive shops, all offering splendor for sale. On the other side is the lake, sparkling like sapphires dancing in a popcorn shaker.

The theatres are open here on Sundays, too, which they are not in Manhattan. And standing room, as a rule, cannot be purchased after Friday. Sunday is the big show day of Chicago. The dancing ballrooms operate continuously, too, on the Sabbath, while reformers grit their teeth.

Those Chicagoans who do not own motor cars have friends who do, and they make the most of their automobiles on their acquaintance on Sundays. The popular places for after-

noon driving are Sheridan and Milwaukee roads, leading from this city to Milwaukee. The jam of cars is so thick that it very much resembles a funeral cortege. Motorcycle police patrol these highways watchfully, ever ready to assume charge of a situation when there is a smash-up. This is necessary, because the roads are so narrow that cars cannot pass.

Dempster road, just north of Chicago, is the paradise of road-houses. By 6 o'clock they are packed. Roadhouses are built one next to another on Dempster road, and each tries to outdo the other with its attractions. Each has its syncope orchestra, and dancing continues there well past midnight.

The round-about trip back to the city through the state forest preserve is worth the day's troubles in itself. Brilliant moonlight shuffles scarves of light and shadow across the road, flanked by tall trees for sentinels. When there are no trees one may look across the prairies to villages marked on the misty horizon by blinking lights. Railroad lines spread out in that neighborhood like the fingers of a hand, and one of the thrills of night riding in an automobile is to watch the trains dash across the landscape like frightened, phosphorescent snakes—a horn of white from the windows and the red and green of the signal lanterns.

The nice thing about Chicago on Sunday is that it makes one forget Monday is coming in an aura of blue.

POISON GAS A PEACE-TIME PROBLEM

EVEN in time of peace poison gases kill great numbers of people. They offer a problem which the government bureau of mines is studying, with a view to saving human lives.

To start with, a human being has got to have not less than a certain percentage of oxygen in the air he breathes. Pure air contains twenty-one per cent of this vitalizing gas.

If a lighted candle be placed in a glass jar, and the cap be so adjusted as to make the receptacle air-tight, the flame will gradually become weaker and will finally go out. Analysis of the air in the jar will then disclose the fact that its percentage of oxygen has decreased to sixteen or seventeen, and that the place of the consumed oxygen has been taken by four or five per cent of carbon dioxide.

A man placed in a small, tightly closed chamber will finally suffocate, but will retain consciousness until the oxygen is reduced to ten per cent.

When fresh coal is thrown on a hot fire, smoke and gas are seen coming off. Part of the gas is the deadly carbon monoxide. As the fresh coal becomes hotter, the gas ignites and burns.

It is obvious, then, that the householder, when he throws fresh

Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILY AND THE SKATER BEAR

"Uncle Wiggily, don't you want to come with us?" asked Jackie Bow Wow, the little puppy dog chap, as he spun around one morning in front of the rabbit gentleman's hollow stump bungalow and tried to catch his tail. I mean Jackie tried to catch his own tail, not Uncle Wiggily's. "Don't you want to come?" barked Jackie. "Come where?" asked Mr. Longears. "Over in the woods," went on Jackie. "Peetie and I are going to try to teach my little brother, Tippy Tumble how to skate." "Teach Tippy Tumble to skate?" exclaimed Mr. Longears. "Why, there is no ice now!" "I mean on roller skates," explained Jackie. "Tippy wants to learn to roller skate."

"Hum," chuckled Uncle Wiggily with a twinkle of his pink nose: "I fear you will never teach Tippy to roller skate. He can hardly walk along on his own paws, much less on roller skates." "Yes, Tippy is quite a tumbler," laughed Jackie. "But perhaps Peetie and I can show him how to roll along on his wheeled skates. We are going to take ours and the reason we're going off in the quiet woods is because Tippy doesn't want anyone to see him fall. For he will tumble down, I s'pose."

"Yes, I suppose so," agreed Uncle Wiggily. "But as he kind and patient with him as possible and don't let him get hurt. I'll come over after a while and see how he is doing."

"A right barked Jackie. Then Uncle Wiggily went to the store for Nurse Jane, to get her a dozen yeast cakes, as she was going to make a rice pudding. And Jackie and Peetie took their little brother, Tippy Tumble, off in the woods to teach him to roller skate. It was some time after this, when Uncle Wiggily had taken the dozen yeast cakes to Nurse Jane, that the bunny rabbit gentleman thought he would have time to go over in the woods and see how Tippy Tumble was gliding on his roller skates.

"But if they ask me to skate I'm not going to," said Uncle Wiggily to himself. "The last time I tried to roller skate my legs spread so far apart I thought I'd never get them together again! No, indeed!"

As Uncle Wiggily drew near to the place in the woods where Jackie and Peetie had said they were going to teach Tippy Tumble to skate, the rabbit gentleman heard whispering voices.

"Perhaps that is the Fox and Wolf talking about a new trick to play on me," thought the rabbit gentleman. But when he listened more closely he heard the whines and growls of puppy dogs.

"You put one skate on his left paw and I'll put one on his right paw," said a voice, and, looking through the bushes, the bunny saw Jackie and Peetie Bow Wow. "My goodness!" thought Uncle Wiggily. "Haven't they got Tippy Tumble's skates on his paws yet? They've been long enough at it. But I suppose Tippy fell down so much they couldn't do anything with him."

But when Mr. Longears hopped closer he saw Jackie and Peetie going softly up to an old bear who was fast asleep on a log. The puppy dog boys carried their roller skates, and Tippy Tumble was holding his paws over his mouth so he wouldn't laugh. "Boys!" What are you going to do?" asked Uncle Wiggily. "Hush!" begged Peetie. "We're going to put rollers on

the bushy chap and make a skater bear of him," whispered Jackie. "We'll strap skates on his paws, and then we'll holler 'Boo' at him, and when he wakes up—oh boy! You'll see some fun!"

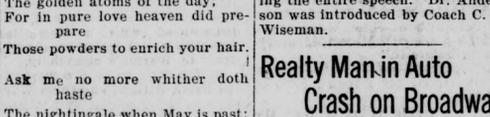

Before Uncle Wiggily could stop them, the doggie chaps had softly fastened roller skates on the bear's hind paws. Then they took Tippy Tumble with them, hid in the bushes and cried: "Boo! Boo! Boo!"

"Eh, what's that? Who is calling me?" howled the Bear suddenly awakening. He leaped to his feet and tried to walk. He saw Uncle Wiggily and cried: "Ah, I want ears!" Then the Bear tried to run, but, not knowing how to roller skate, he slipped, his paws shot out from under him and down he came ker-bunk on his nose.

Off flew the roller skates and Jackie and Peetie picked them up, crying: "Come on, Uncle Wiggily! Run!" And the bunny hopped away as fast as he could hop, the doggie boys running after him. The old bear couldn't chase them because his nose was sore.

"But you must not play any more tricks like that," said Mr. Longears, and Jackie and Peetie promised they wouldn't. And after about a week, Tippy Tumble could roller skate very well. But the bear never learned—perhaps no one would teach him.

Anyhow, if the rubber ball doesn't bounce over the head of the stairs and make it stamp its foot, I'll tell you next about Uncle Wiggily and the tinfol bullets. Copyright, 1923, by McClure Newspaper Syndicate

coloring matter of the blood much more readily than does oxygen, and so excludes and replaces the latter. The victim dies of suffocation, just as if his supply of air were cut off. A few breaths of air containing 2 per cent of carbon monoxide will cause unconsciousness and death almost as quickly as drowning.

Mice and canary birds (preferably the latter) are used by the rescue corps of the bureau of mines to detect the presence of carbon monoxide, because they are much more sensitive than human beings to the poisonous action of the gas. A life-saving party, carrying the birds in cages, cautiously enters a suspected atmosphere and, if the birds show signs of distress, there is still time for the men to escape.

For emergency purposes the bureau of mines has recently developed a light-weight oxygen apparatus weighing fifteen pounds which supplies oxygen for half an hour. It makes it possible for firemen or rescuers to venture without danger into places filled with gases of the most noxious and life-destroying kinds.

COMMONSENSE AND VALVE GRINDING

Grinding Valves is Good for WHEN the seats and stem guides of engine valves are so badly designed that they are inadequately cooled by the circulating water, the valves themselves, especially the exhaust, may become so hot as to warp, or to form scale or pits in their surfaces. If the valve material is poor this effect is intensified. An undue amount of oil vapor and gasoline soot in the mixture fouls the faces of the exhaust valves especially and the constant hammering of valves on their seats, with road dirt by abrasion, produces its effect too in time. However, the valves of modern engines are well cooled and of good material, and it is rarely that a

SPARK PLUGS
F. R. B. asks: Will it do any injury to my car if I install spark plugs instead of those furnished by the manufacturer, and do you think they will give me any better results?

Answer: Your engine takes a spark plug with an extra long shell and any plug which is right to be used in your make of engine can safely be tried in it, but we have very little faith that the plug

would be to make the exchange of springs with the factory.

TO ADJUST ENGINE BEARINGS

F. D. asks: How tight should engine bearings be adjusted? I refer to the main bearings, and also those of the connecting rods. How do you test bearings to see that they are properly tight?

Answer: Each bearing is set up when all other bearings of its shaft are loose, and it should not be set up so as to bind the shaft appreciably. When this practice is followed, the shaft is still free to turn when all the bearings have been separately adjusted. We do not consider a shaft right to run if it turns very stiffly, due to its main bearings or connecting rod bearings being set too tight.

USE OF CONDENSER

F. D. asks: Of what purpose is the condenser as used in the ignition system of a car, and where is it located?

Answer: The purpose of the condenser is to cause the ignition current to be interrupted with the utmost suddenness, this being the requirement for the production of a good spark. The condenser also—by breaking the current so suddenly—prevents any sparking at the contacts, and thus keeps them from burning and roughening. In this way the condenser enables the ignition system to operate for long periods of time without any attention being required by the breaker points. The condenser is usually mounted with the distributor, sometimes within it and sometimes attached to it. Occasionally it is mounted with the coil.

Dinner Stories

Representative Harry B. Hawes, Democrat, of Missouri says: "There are always two sides to a question. I did not believe that until recently. The utilities committee of the thrifty town in my state permitted the street car company to raise the fare so that the public would get four tickets instead of six for 25 cents. This caused a great storm of protest. An indignant citizen of the community met an old Scotchman on the street and tried to get him exercised on the subject, but failed. "Well, what do you think of it?" said he. "Of what?" asked the Scotchman. "Why, the utilities committee allowing the roads to collect twenty-five cents for four tickets instead of six?" "Fine, I like that," was the reply. "Like it, why?" "Because I walk all the time, and now I can save twenty-five cents by four trips instead of six."

coal into his furnace, should open wide all the drafts for a few minutes, until the new fuel has had a chance to start burning. The same precaution ought to be taken with a grate fire in a room. If such a fire be kept smoldering, without bursting into flame, fumes will be discharged into the room, and enough carbon dioxide may be generated to overcome the occupants. Carbon monoxide is a product of incomplete combustion. It is extremely poisonous, and is accountable for more peace-time deaths than all other gases combined. To it are chiefly due the poisonous effects of illuminating gas, blast-furnace gas, and the "afterdamp" of explosions in coal mines.

Carbon monoxide has no odor, no taste, no color. It gives no warning by irritating the eyes or throat. It combines with the red

Poems That Live

ASK ME NO MORE
Ask me no more where Jove bestows,
When June is past, the fading rose;
For in your beauty's orient deep
These flowers, as in their causes, sleep.

Ask me no more whither do stray
The golden atoms of the day;
For in pure love heaven did prepare
Those powders to enrich your hair.

Ask me no more whither doth haste
The nightingale when May is past;
For in your sweet dividing throat
She winters and keeps warm her note.

Ask me no more where those stars
"light
That downwards fall in dead of night;
For in your eyes they sit, and there
Fixed become as in their sphere.

Ask me no more if east or west
The Phoenix builds her spicy nest,
For unto you at last she flies,
And in your fragrant bosom dies.

THE GLENDALE

"Souls For Sale," the Goldwyn-Rupert Hughes film on view today for the last times at the Glendale Theatre, proves beyond question that Author-Director Hughes need take no dust from anyone in the film business.

He entered the business with a willingness to learn, and has mastered the craft while many of those before him are still serving their apprenticeship.

Rupert Hughes is a born tale-teller, and in "Souls For Sale" he has told a tale of the Hollywood film colony that will long be remembered. It depicts the truth, unflatteringly, vividly.

The strong cast includes Eleanor Boardman, Mae Busch, Richard Dix, Lew Cody, and Frank Mayo.

Glendale Physician Talks to Students

Dr. Jack Anderson of 104 West California street spoke yesterday morning before about 500 boys at Venice Union Polytechnic High school. His subject concerned the avoidance of temptation and was entitled: "Folly with Failure; Sacrifice and Success." It was enthusiastically received, and the audience gave full attention during the entire speech. Dr. Anderson was introduced by Coach C. S. Wiseman.

Realty Man in Auto Crash on Broadway

The automobile of H. M. Miller of 114 East Broadway was slightly damaged about 12:30 yesterday noon when it was struck by a machine being driven west on East Broadway by Mrs. L. J. Reagan of Hollywood. Mr. Miller was crossing Broadway to go north on Maryland avenue. The rear right fender and the rear bumper of his car received the impact. The rear wheels were thrown out of line, also.

ROUTS BANDITS

While her husband was searching for ammunition for his rifle, the wife of the postmaster at Granite Falls, Oregon, rushed downstairs and opened fire on three bandits with her revolver. The bandits had used one charge of explosives in an attempt to open the postoffice safe containing a large amount of money. Before they could place the second charge the husband appeared on the scene with his empty rifle and they were frightened off after firing eight shots at the defenders.

HARLEY PADDOCK, THE WEST COAST SPEED WAGON, WILL COME EAST THIS SPRING AND MATCH STRIDES WITH AL AT THE INTER COLLEGIATE MEET

Wood Cowan

This should be a very good season for Lafayette College on the track. Especially in the sprints. For in Al Le Coney they have about as flashy a speed artist as any that has graced the cinder paths for many a season.

This winter Al has been reeling off races, smashing records, and beating the best sprinters sent against him, at indoor meets all over the east.

This fellow is an exceptionally fast starter. He gets himself under full speed ahead in a few strides. If Al gets the jump on the field there isn't a man in the land, outside of Paddock of California, who could overhaul him in the century sprint.

This is LeConey's last year in college. He is 21 years old, weighs 145, and stands 5 feet 10 1/2 inches. Born at Moorestown, he made the high school there famous by his performances on the track team and his cornet playing ability. He tried for the Olympic team in 1920 but failed.

He is not alone a sprinter, but a basketball, baseball and football player. The following records and marks show that Le Coney is a fine all-round athlete.

1919 Middle Atlantic States Intercollegiate A. A. A. 100 yds. champion—time 10 1-5.

1920 Middle Atlantic States Intercollegiate A. A. A. 100 yds. champion—time 10 1-5.

The World Over

By FRANKLIN B. MORSE, PACIFIC SPORTS SERVICE

Do you remember a year ago that:

The oral system of betting at New Orleans was upheld.

Goldie Rapp, third baseman of the Philadelphia Nationals, fell head first into the dugout and broke a rib.

Pal Moore of Memphis got decision over Tim O'Dowd in ten rounds at Atlanta.

That the New York clubs in both the American and National leagues were leading the race in their respective leagues.

That Bill Brennan whipped Jim Tracey of Australia in the eighth round by a knockout at Madison Square Garden, New York.

Miss Cecil Leitch, British woman golf champion, beat Mrs. Norman Craig at Sandwich, England, in the ladies' open tourney.

Slim Love, pitcher of the Pacific Coast league, was sold to the Beaumont club of the Texas league.

Jack O'Connell, former umpire of the California State and Pacific Coast leagues, was called by death.

Herb McQuaid of the San Francisco club quit baseball when he was released by that club and refused to go to San Antonio.

Summer Weddings Are Favored by British

LONDON, May 16.—"In the spring a young man's fancy lightly turns to thoughts of love less frequently than in summer, according to the British registrar-general's report, which shows that most of the marriages occur not in the first half of the calendar year, but rather in the first half of the financial year.

The 299,360 marriages in this country last year were divided as follows: January to March inclusive, 59,574; April to June inclusive, 82,706; July to September inclusive, 83,700, and October to December inclusive, 76,389.

Mitchell dam, Alabama, will be 1,200 feet long and seventy feet high when completed next February.

SPORTS CHATTER

By BILL UNMACK, PACIFIC SPORTS SERVICE

The sixth week of play in the Pacific Coast league was a mighty profitable one for the San Francisco club who slaughtered the Seattle club by 6 games out of the 7 played. The Seals are beginning to get into their stride and they are beginning to show the earmarks of the steady strength that was prophesied for them in the early season. Their pitching staff is a reasonably well balanced one and they are hitting the ball with fair regularity.

A comparison of the teams today as they were a year ago this week shows the following line-ups:

1922			
San Francisco	24	16	600
Vernon	21	14	600
Salt Lake City	18	15	515
Los Angeles	21	20	512
Oakland	21	21	500

Sacramento	17	24	415

Portland 13 22 371
San Francisco 23 15 625
Portland 23 16 590
Salt Lake City 23 16 590
Vernon 23 17 564
Sacramento 21 17 553
Los Angeles 14 23 378
Seattle 13 21 363
Oakland 13 27 325

Oakland thus far seems to have taken the place which, a year or so ago was occupied by the Portlanders when they were making such a pitiful showing. On the other hand the Beavers appear to be a rejuvenated outfit which, if it can maintain the pace it has set out for itself will make the other combinations hustle. However it is unlikely that there are any of the critics aside from the home town talent who figure that the Beavers are going to be able to keep up the pace.

SQUARE DEALING RICKARD'S ASSET

Fighters Trust Promoter to Make Them Money in Bouts He Stages

By DAVIS J. WALSH
For International News Service

NEW YORK, May 16.—Rickard's luck, they call it, but any man would know it under any of a dozen terms, including "ability, acumen, initiative, Rickard, we presume, was lucky to have Jess Willard and Luis Firpo develop into heavyweight championship contenders of such prominence that they were matched almost automatically for a bout to be held "on or before July 7."

In signing Willard and Firpo Rickard once more has fallen prey to a "natural," a fight that needs no exhortation. Some other promoter might have lined up this great money-maker but did not. Why? Rickard's luck, according to "medicines" men, however, Smart business men, however, acknowledge the promoter's success as the product of commercial square dealing and a reputation for making money for those with whom he is associated.

Willard said in his slow careful way, after signing, "but when it comes to a question of signing articles for a fight, I do business with Tex Rickard."

That Rickard's "luck" has found another gold mine in the meeting of this pair, cannot be denied. Willard, because of his tremendous bulk, is always interesting. Further, that his popularity has become great because mass psychology is always with the man attempting a comeback. They like to look at Firpo for other reasons, of which curiosity is uppermost. His popularity needs no unnatural stimulus such as Willard's.

OIL MINES WILL PREVENT FAMINE

Method of Taking Latent Gasoline Out of Sand Found by Germans

By KARL M. ELISH
For International News Service

BERLIN, May 16.—The underlying sand strata of the Pennsylvania and Mid-Continent oil fields, combined with the huge deposits of lignite found throughout the country will avert the danger of a gasoline famine that is now being widely heralded throughout the United States, according to Richard F. Ulmer, director of the German Mineral Oil Company.

"Sand washing and fractional distillation of lignite will provide plenty of gasoline for the United States for years to come. It won't be as cheap as kerosene oil, but it won't be dollar oil by a good deal."

Ulmer's company is now exploiting the only German oil field, near Hanover, where two oil "mines" are in operation. The oil-bearing sand is dug out and brought to the surface just as in a gold mine. The refining process at the top however, is more like placer mining, for the sand is "washed" to extract the oil. The method was developed by the German Mineral Oil Company and is a deep secret.

Vast quantities of gasoline latent in the huge lignite deposits of the United States can be released by fractional distillation, Ulmer declared.

"We find it exceedingly profitable," he asserted. "There are all sorts of by-products, too—candle-wax, floor-wax and a perfectly good fuel—left as a residue."

"No, America has nothing to worry about on the score of oil shortage," he added. "There's plenty left there."

Seven knockdowns, followed by a technical knockout in the second round, featured the Nig Yeager victory over Joe Martinson, 186-pound Cle Elum heavyweight, it was a slugging give and take battle.

Dick Freeman beat Kewpie Riley and George Wesley won over Young Ryan in four-round encounters. James Cotrell, Spokane, lost to John Brown on a foul and Silent Marty won the curtain raiser from Duke Evans.

Declare Dancing Is Not Sport But Art

German Dancers Never Will Seek to Steal Honors of the Marathon Fox Trotters who Have Been Competing in Other Countries

BERLIN, May 16.—"German dancers never will seek to steal honors of the marathon fox trotters who have been competing in other countries. Dancing is an art, not a sport," said Sergius Saffranow, head of the two great associations of amateur dancers in Germany, who are regarded even above professionals as the real major leaguers.

An amalgamation of these associations has just been effected, after a long dispute between the two whether or not dancing was a sport, and whether competitions should be held. Response to questionnaires by all the members brought out Saffranow's statement.

"There is evidence that dancing will be regarded as an art, not as a sport," he continued. "In the first place, sport is something that needs training, whereas training for dancing is of no avail. It is a matter of mood whether a dancer does well or not, and he must have a highly developed musical comprehension. As for women dancers, being pretty and dancing cleverly are not enough. A barmaid can do that. A distinguished appearance and behavior and ability to go through a dance without showing signs of fatigue are most important, and next comes good taste in dress."

Saffranow grudgingly admitted that the majority of dancers today demand jazz orchestras, but said this was deplored by the best dancers.

WON'T MANAGE HIRAM'S RACE FOR PRESIDENCY

WASHINGTON, May 16.—Rumors that he had come back from Europe to direct a presidential campaign for Senator Hiram Johnson, Republican of California, were dissipated Tuesday by Senator George H. Moses, Republican, New Hampshire.

"I did not see Senator Johnson in Europe and have not seen him since before I went away," Moses said.

"I don't know whether he will be a candidate for president or any of his plans. I certainly am not committed to any candidate."

URGES MIDDLE COURSE IN IMMIGRATION LAWS

NEW YORK, May 16.—A course midway between one extreme of prohibited immigration, "which would be cowardly and suicidal," and a very liberal immigration, which is "neither necessary nor desirable," was advocated by John E. Edgerton, president of the National Association of Manufacturers, in an address yesterday at the annual convention of the association.

"That there is a shortage of labor has been definitely established," he said. "It has impaired normal industrial processes and it is apparent that present legislation on the matter ought to be rationally modified."

PORTLAND, Ore., May 16.—Young Carmen of San Jose, Cal., boxing a ten-round draw with Solly Seamon of New York in the main bout of the Army boxing show here last night. Both boys stepped lively, but neither scored heavily in the punching exchanges.

Seven knockdowns, followed by a technical knockout in the second round, featured the Nig Yeager victory over Joe Martinson, 186-pound Cle Elum heavyweight, it was a slugging give and take battle.

Dick Freeman beat Kewpie Riley and George Wesley won over Young Ryan in four-round encounters. James Cotrell, Spokane, lost to John Brown on a foul and Silent Marty won the curtain raiser from Duke Evans.

Declare Dancing Is Not Sport But Art

German Dancers Never Will Seek to Steal Honors of the Marathon Fox Trotters who Have Been Competing in Other Countries

BERLIN, May 16.—"German dancers never will seek to steal honors of the marathon fox trotters who have been competing in other countries. Dancing is an art, not a sport," said Sergius Saffranow, head of the two great associations of amateur dancers in Germany, who are regarded even above professionals as the real major leaguers.

An amalgamation of these associations has just been effected, after a long dispute between the two whether or not dancing was a sport, and whether competitions should be held. Response to questionnaires by all the members brought out Saffranow's statement.

"There is evidence that dancing will be regarded as an art, not as a sport," he continued. "In the first place, sport is something that needs training, whereas training for dancing is of no avail. It is a matter of mood whether a dancer does well or not, and he must have a highly developed musical comprehension. As for women dancers, being pretty and dancing cleverly are not enough. A barmaid can do that. A distinguished appearance and behavior and ability to go through a dance without showing signs of fatigue are most important, and next comes good taste in dress."

Saffranow grudgingly admitted that the majority of dancers today demand jazz orchestras, but said this was deplored by the best dancers.

Important Notice to Savings Depositors

The Pacific-Southwest Trust & Savings Bank, a short time ago, mailed a number of Beneficial Term Savings Account Books to prospective savings depositors, which in the aggregate have a value of over one thousand dollars (\$1,000.00).

Each book contains a deposit of one dollar (\$1.00), made by the bank, and as there are a few who have not furnished us with the necessary signature cards for our records, we are going to extend the privilege of these accounts for a short time.

Additional books under this liberal plan may be had upon request at our Grand Boulevard or Glendale Avenue Branches.

WON'T MANAGE HIRAM'S RACE FOR PRESIDENCY

WASHINGTON, May 16.—Rumors that he had come back from Europe to direct a presidential campaign for Senator Hiram Johnson, Republican of California, were dissipated Tuesday by Senator George H. Moses, Republican, New Hampshire.

"I did not see Senator Johnson in Europe and have not seen him since before I went away," Moses said.

"I don't know whether he will be a candidate for president or any of his plans. I certainly am not committed to any candidate."

URGES MIDDLE COURSE IN IMMIGRATION LAWS

NEW YORK, May 16.—A course midway between one extreme of prohibited immigration, "which would be cowardly and suicidal," and a very liberal immigration, which is "neither necessary nor desirable," was advocated by John E. Edgerton, president of the National Association of Manufacturers, in an address yesterday at the annual convention of the association.

"That there is a shortage of labor has been definitely established," he said. "It has impaired normal industrial processes and it is apparent that present legislation on the matter ought to be rationally modified."

Saves Father's Life; Is Fined for Homicide

PARIS, May 16.—Despite his heroism in carrying his aged father as well as a stenographer from a burning building with his clothing aflame, Jules Galiard, a Paris photographer, was fined 10 francs for involuntary homicide.

Galiard admitted having placed a large supply of cotton near an unprotected radiator. The explosion that followed wrecked the interior of the studio.

The clothing of the father caught fire while he was trying to extinguish his son's clothes and before they reached the street, the father dying on the way to the hospital. While placing his father in an automobile Galiard heard the screams of the stenographer who had been cut off from the stairway by the flames. He dashed through the blaze and helped her descend through a rear window. Then he collapsed himself and was rescued by firemen with great difficulty.

Souvenirs of Panama Indians Discovered

LONDON, May 16.—Squares of picture writing and mummified relics of Indians who, he said, inhabited the Isthmus of Panama ten thousand years ago have been brought to London by F. A. Mitchell-Hedges, an explorer and deep sea fisher, who has been in the region of Panama for two years.

He also brought back more than a hundred of the gods which these ancient American people had carved.

For six months Mr. Mitchell-Hedges cruised in the Caribbean sea in a thirty-ton yacht, and succeeded in catching a twenty-foot tiger shark, a 145-pound shovel-nosed shark, a hammer-headed shark and a 5000-pound sawfish thirty-one feet long. It took him five hours to capture the sawfish, which was so strong that it pulled the fisherman's craft about at will.

THE BITTEREST DISAPPOINTMENT IN THE RACE TO THE HOME TOWN FAN

They were looked on to jump right up near the front and to maintain their stride. The team is playing without any of the team work and cohesion necessary to turn out a winning combination and there must be a quick and radical change for the better.

The Salt Lakers are doing just about what they did last season when they failed to materialize when the final punch was needed to put them over the hurdles. They can be rated as about the same as far as strength and general playing ability is concerned.

Batters continue to wallop the pitchers although a number of the latter continue to have 1000 per cent averages. Another week or two ought to eliminate all of them.

EAGLE ROCK REPORTS SUCCESS ON C. OF C. DRIVE

President O. J. Root States Campaign Has Resulted In 301 Members

"The drive for a reorganized Chamber of Commerce has exceeded all expectations," says O. J. Root, president. "We have to date 301 paid-up memberships and a service fund of \$2,100. It is now probable we will have 350 members and a \$3,000 service fund before the drive is over."

There was a meeting of the executive committee last night at 7:30 o'clock, in the city hall, for the purpose of considering candidates for the position of secretary. This committee will make recommendations to the new board of directors, immediately upon their election, next Tuesday night, May 22.

The committee comprises J. Hartley Taylor, chairman; John G. Cade, A. L. McCamman, H. H. Maxson, J. B. Brown and Dr. J. C. Shedd. The primary polls close at 7:30 sharp tonight, May 16, announces Ben Schouboe, campaign manager. At that time the ballots will be counted by a committee of twelve, and the twenty-four candidates with the highest number of votes put on a final ballot, which will be mailed out the next day.

The result of this final election will be the choosing of twelve directors for the organization, the returns to be counted and announced next Tuesday night, as stated above.

Eagle Rock Song

A song has been dedicated to Eagle Rock, and is printed below. Mrs. Ruth Rae is the author of the lyric. W. Shirley composed the music, which is very catchy and swings along with a lilt that should prove extremely popular:

Down in sunny California, There's a land of rosy dreams, Where orange blossoms scent the air.

A Paradise it seems, The sun in its golden glory Sheds warmth over vale and hill, And flowers of radiant hue The air with perfume fill.

CHORUS: Eagle Rock, Eagle Rock, EAGLE ROCK! With joy let us sing, Eagle Rock, Eagle Rock, EAGLE ROCK!

Let thy mountains with tripping gait, Each sunny day and starry night Bring to our hearts some new delight.

And we crown thee Queen— 'Tis thy glorious right, For Eagle Rock is our "Home, Sweet Home."

Honors For Local Folk

Langley J. Goodman of 1209 East Colorado boulevard designed the prize-winning Los Angeles Chamber of Commerce float entry in the recent Fresno Raisin Day Festival. This magnificent float, representing the city of Los Angeles, of which Eagle Rock is now a part, was covered with blue delphinium and Russell roses and was driven by Mrs. Goodman, escorted by a bevy of pretty Fresno young ladies, costumed in pink organdie and wearing large picture hats.

The float won first prize and sweepstakes for being the most beautiful entry in the parade. Mr. and Mrs. Goodman have now returned from Fresno.

Miss Belle Veysey of 210 Linden way, a pupil in the A18 class at the Central school, is the winner of the third honors in the National Essay contest, held under the auspices of the Education Board, Washington, D. C.

The topic was "Safety First," and Miss Veysey's title was "My Share in Keeping the Highways Safe."

Her reward for winning in a contest where hundreds of young essay writers from all over America submitted was a beautiful bronze medal and a \$5 gold piece. Miss Veysey is the recipient of congratulations from sister pupils, teachers, friends and civic organizations, as Eagle Rock takes great pride in having the high standards of its educational system thus demonstrated.

Local Notes

The Ladies' Aid society of the Methodist church will serve a chicken dinner in the annex at noon on Thursday, May 17, with "real chicken," they announce.

The "Notchers" have elected the following officers: Bertrand Bruce, leader's aid; Bert Leech, chief hunter; Dick Pickett, ranger; Barbey Schoeffel, recorder, and Bud Criswell, custodian.

Mr. and Mrs. Arthur Smith of Calgary, Canada, are visiting in Eagle Rock with Mrs. Smith's sister, Mrs. George T. Vallance. They plan to make this community their home.

The regular monthly dance of the Women's Twentieth Century club will be held at the clubhouse Saturday night, May 26, it is announced by Mrs. L. B. McKelvy. Assisting Mrs. McKelvy on the committee in charge are Mrs. E. F. Nair and Mrs. Hunt.

Government Appeals Sugar Suit Decision

WASHINGTON, May 16.—The government's appeal from the decision of the New York district court in its suit to enjoin the New York Sugar and Coffee Exchange from dealing in sugar futures will be filed today in the United States supreme court, it has been announced at the department of justice. On Monday the attorney-general will formally ask the court to expedite the case.

BURBANK BETTER QUALITY OF FRUIT URGED

Market Closed to Low Grade Product, Says Expert In Lecture

Larger and better quality fruit, is the verdict passed out at a recent meeting of peach and apricot growers, held under the auspices of the Farm Bureau, at Harry Merrill's place, opposite the store at Hansen Heights.

"There will be no profitable market open to growers of apricots and peaches who produce small fruit this season," states George P. Clements, manager of the agricultural department of the Los Angeles Chamber of Commerce. "Investigations have revealed the fact that a heavy unsold surplus, both in canners and in dryers' hands, of low quality canned and dried goods, has dropped the market to the point where canners will not be able to use this season's peaches under two and three-eighths inches of apricots running over fourteen to the pound."

The situation in Southern California, serious as it is, does not compare with the critical situation that exists in Northern California, where a meeting was held in San Jose, the night of April 25, that resulted in the size of apricots being set at twelve to the pound.

Thinning and pruning of trees, richer soil, more intensive cultivation and additional irrigation are practical methods of increasing size and weight of fruit, growers state.

Prize Strawberries The Fendelceno strawberry has been brought to a high stage of development by Mr. and Mrs. S. M. Notley of 102 Central avenue. A few of the berries of this variety, from their patch, will fill a pint basket and "look just as attractive as the pictures in the catalogue," as one admirer of the variety puts it.

The Fendelceno strawberry adapts itself readily to the soil and conditions of Southern California, grows very large, ripens evenly, comes freely from the vine and is of delicious flavor.

Fines Pay Expenses The report of the police department for the month of April, presented at a recent meeting of the Board of Trustees, showed that Burbank's law-enforcement machinery is not only self-supporting but returns a good profit on the investment, merchants point out.

The receipts of the department during the month of April, in the way of fines, totaled \$1,600, while expenses of administration were given as \$924, a total profit of \$676 for the month, or a yearly net income above all expenses, of \$8,112—which would be seven per cent on \$115,000.

The number of arrests during the month, the report showed, were 244, of which 219 were for violation of the traffic laws.

A group of Burbank merchants and club men, led by Morris Spazier, president of the Good Fellows' club, incensed by this heavy toll their police department is exacting from motorists, are attempting to force a reorganization of the department, with the resignation of Police Judge A. A. Crawford and other officials.

Mr. Spazier points out that of the 219 arrests during April for violation of the traffic laws, 212 were of strangers, a very poor way of making friends with potential future Burbank residents.

Caravan From Oregon Ten automobiles, carrying an average of six persons each, together with cats, dogs, parrots and all necessary housekeeping and camping paraphernalia, stopped in Burbank long enough, recently, to make some repairs on autos and replenish the larder, before continuing their journey back to Independence, Ore., whence they set out a year ago.

In that year they have been rather "all over the lot," from Oregon to Mexico. Concluding there was no better place than Oregon, it is either they are returning. Not even the wiles of Burbank could lure them from this decision.

Burbank feels they called too early in the morning to see the city at its best, and left too soon to enjoy the full hospitality of the place.

B. E. Loper and B. E. Loper, Jr., recently enjoyed a few days at Arrowhead Lake, where they pursued the wily trout through icy waters, enjoying a most delightful outing.

Commission to Probe Pullman Surcharge

SAN FRANCISCO, May 16.—The railroad commission was advised late yesterday by the interstate commerce commission that the federal body has instituted an investigation on its own initiative into the Pullman surcharge, and will conduct the first hearing on the subject in Chicago on June 20.

The railroad commission recently forwarded to the interstate commerce commission a request that an investigation be conducted by the interstate commerce commission with the view to the repealing of the Pullman surcharge, which the California commission pointed out is imposing a heavy toll upon the Pullman traffic in California.

CHOSEN MOST REPRESENTATIVE ALL-AROUND GIRLS

These Young Women Receive Nominations From Their Classmates

Kathryn Thiele, Frances Gavin, Barbara Geyer, Mary Myers and Isabelle Rendell.

Participation in college activities doesn't always mean that the student's scholastic standing must suffer. To be popular—to have a fair share in class activities—and yet to keep up in her work so that she will not receive the ominous blue slip which means ineligibility—these are the cardinal ambitions of the average college girl. Here are five girls from the College for Women, Western Reserve University, Cleveland, Ohio, nominated recently as the most representative "all-around" type, who prove that it can be done. Kathryn Thiele, known as the "prettiest co-ed"; Barbara Geyer, feature editor of the University Annual and prominent member of the dramatic club; Mary Myers, class historian, and Isabell Rendell, athlete, are juniors, while Frances Gavin, editor of the woman's page of the Reserve Weekly and play-right, is a senior. Nominations were made on the basis of popularity, activities and academic standing.
