Correspondence Concerning the Peace Negotiations Published By Government To-Day.

Messrs. Schaikburger and Steyn Are Still Holding Out For Independence.

(Associated Press.)
London, July 9.—The British government has issued further South African correspondence concerning the peace negotiations, which concludes with the text of the proclamation of Messrs. Schaikburger and Steyn cabled by Lord Kitchener to the government on July 2nd and read by Mr. Brodrick in the House of Commons on the night of July 4th.

Attempted Murder

Shot Fired at Charles Sato, Proprietor of a Restaurant, New Westminster.

Man Made Off and Has Not Yet Been Taken Into Custody.

(Special to the Times.)
New Westminster, July 9.—A sensation was caused around town last night when a deliberate attempt was made to murder Charles Sato, proprietor of the Merchants' restaurant. Sato was sitting inside the place of business when a shot from a revolver was fired through the front window directly at him, grazing his arm, passing through his sleeve and lodging in a wall not two feet away.

The shooting occurred shortly before midnight. The police were at once notified, and were successful in obtaining a description of the man who was seen to fire the shot by several pedestrians, but he had made off, and could not be located.

Sato says he does not know who it could be, and from the description has no clue to the identity of the person.

IMPORTED LABORERS. Men Arrived at Rochester From New York to Take the Place of Strikers.

(Associated Press.)
Rochester, N. Y., July 9.—By the arrival here early this morning of sixty laborers from New York City, imported by the contractors to take the place of the striking street laborers, a crisis seems to have been reached in the labor strike inaugurated eight weeks ago yesterday.

The contractors say they will resume operations to-day if it is in their power, assisted by the police, to do so.

On the other hand the leaders of the strikers are equally determined to hold up work on the many contracts.

DIED FROM INJURIES. Boy Had Legs Cut Off While Picking Berries Along Railroad Track.

(Associated Press.)
Ithaca, N. Y., July 9.—Fred Crance, aged 14, of New City, while picking berries along the Leigh Valley track last evening was run over by a freight train. Both legs were cut off, and he died in about five hours after being injured.

PASSENGER TRAIN DITCHED. Engineer and Mail Clerk Killed—Several Members of Train Crew Injured.

(Associated Press.)
Cleveland, Ohio, July 9.—A special to the Leader from Nottingham, Ohio, says: "One of the worst wrecks on the Lake Shore road in years occurred at 2.30 o'clock this morning in the centre of this village, ten miles east of Cleveland. The Southwestern Limited on the Big Four, from St. Louis, Cincinnati and other western cities, and which goes on to the Lake Shore tracks at Cleveland, was ditched through collision with a portion of a freight train. Just what caused the wreck is not definitely known, but it is thought a portion of a freight train that was broken in two had rolled on to the passenger tracks. No passengers were killed.

The dead are: Frank Anderson, engineer of the passenger train, of Buffalo, and O. G. McCullen, of Cincinnati, mail clerk.

The injured are: Wm. Elliott, Buffalo, fireman of the passenger train, will probably die; M. Baker, of Columbus, mail clerk, injured on head and body; E. F. Lovelace, Cincinnati, mail clerk, slight, and an unknown tramp, badly hurt.

A Vote of Confidence

Passed in Sir Henry Campbell-Bannerman at Meeting of British Liberals.

(Associated Press.)
London, July 9.—The much discussed meeting of Liberals called by Sir Henry Campbell-Bannerman, Liberal leader in the House of Commons, with the object of ascertaining whether he still retains the confidence of the party, was held at the Reform Club this afternoon, and resulted in the adoption of a vote of confidence in the leader of the opposition.

All factions of Liberals attended. The Liberal-Imperialists, headed by H. Asquith, were there almost to a man, but Sir Henry Campbell-Bannerman and Sir William Vernon Harcourt were the only two who received any marked recognition on entering. The crowd watching the arrivals greeted them with cries of "How's your friend Kruger?"

Sir Henry made a conciliatory speech. The Imperialists showed that they would not be associated with any anti-National policy, but the gathering was harmonious, and seems to have resulted in a temporary clearing of the air.

During the course of his speech, Sir Henry Campbell-Bannerman met the Imperialists so far as to say the war must be brought to a victorious conclusion, but he thought the Liberals ought to insist on amnesty on the settlement. While the country had the sword in one hand it ought to have the olive branch in the other, and show a disposition to come to terms with an enemy which had fought so bravely.

Mr. Asquith expressed the highest appreciation in the qualities of Sir Henry Campbell-Bannerman, but at the same time he believed in the Liberal policy of honest differences rather than in an impossible attempt to reconcile the differences. He urged that those taking the views which he had should be free to express their opinions within the pale of the party. Mr. Asquith then supported the resolution of confidence in Sir Henry Campbell-Bannerman.

MAY VISIT THE STATES. Prince Christian—Intends to Make the Trip Next Spring.

(Associated Press.)
Copenhagen, July 9.—Prince Christian, eldest son of the Crown Prince, intends to visit the United States on board his yacht, in the spring of 1902, unless in the meantime the King's age should bring about the accession of the Crown Prince. Prince and Princess of Denmark also contemplate a trip to America in 1902.

NEW STEAMSHIP LINE. Copenhagen, July 9.—American and Danish capitalists propose to start a direct steamship line from Copenhagen and Christiania to Chicago. American capital will be largely interested.

CHALLENGER LEADING. Shamrock II, Outsailed the Older Boat on Every Tack To-Day.

(Associated Press.)
Rothsay, July 9.—In the first five miles of the racing trial between the Shamrocks this morning, both yachts were apparently sailing for all they were worth, and the challenger beat the Shamrock I, quite a half mile.

The boats started to windward with a steady, gradually strengthening breeze, about sufficient to cover the America Cup course. The challenger had just come out of dock, and her hull was clean and she showed immensely improved form, outsailing Shamrock I, on every tack. She led the latter by half a mile off Little Cumbrae, five miles from the start.

The yachts beat out past Cumbrae in long tacks, Shamrock II, still opening out until her lead was increased to nearly a mile. The wind softened and the cup challenger squared away and ran back to her opponent.

Reaching up the Firth, the yachts were both helplessly becalmed and the trial abandoned.

The challenger's exhibition of sailing skills in the day is taken to indicate that the smoothing of her hull and the slight alterations made in her trim have brought Shamrock II, to her proper condition and show her true qualities.

ADDITIONAL SURRENDERS. Filipino Leaders Lay Down Rifles and Revolvers.

(Associated Press.)
Manila, July 9.—There have been a number of additional surrenders to Colonel Wint. In all 50 officers and 475 men, with 280 rifles and 140 revolvers, have surrendered to him. Of the Ninth Cavalry, Lieutenants Dubose and Russell have surrendered, and Hunter and Victor were brought in by Bellarmino.

Jap Boats Are Armed

There Has Been No Further Trouble on the Fraser River.

Japanese Are Busy Fishing, Accompanied by Their Patrol Boats,

Which Carry Ten Men Each—Meeting to Be Held in Vancouver.

(Special to the Times.)
Vancouver, July 9.—There was no fresh outbreak on the Fraser river last night or to-day. The Japanese are all out fishing, accompanied by their own patrol boats to the number of forty. There are no white men interfering, a meeting being called for this evening in Vancouver.

Last night whenever a white boat appeared the Japs immediately surrounded it with their patrol until it left the fleet.

The Jap patrol boats are armed with guns and carry ten men each. Their numbers are effaced so that identification is absolutely impossible.

SPANISH CABINET. Former Foreign Ministers Say Responsibility for Disasters Must Be Credited to Liberals.

(Associated Press.)
Madrid, July 9.—In the Senate yesterday the Duke of Tetuan, at one time minister of foreign affairs, declared that the present government could not be considered a guarantee for the integrity for the country.

Responsibility for the disasters which had occurred, the Duke said, could not be attributed to the Conservatives, but must be credited to the Liberals. The Conservatives had not permitted the intervention of the United States in the question of Cuba, and they had refused several times to sell the United States the island. If the Conservatives had remained in power the war with the United States would not have broken out.

"Among the errors of the Liberal party," continued the Duke, "must figure the recall of Weller at a very difficult moment."

HAWAII'S PLIGHT. Little Money in the Treasury—Salaries Only Being Paid.

(Associated Press.)
Honolulu, July 2, via San Francisco, July 9.—The treasury of Hawaii is in a serious condition of depletion. At the present time only salary warrants issued are being presented, and it is estimated that in two months there will be no money left for these. Warrants issued for other purposes than to pay salaries are now being registered, to be paid in their order when taxes are collected next November. This action will have to be taken also in regard to the salaries in two months unless relief is afforded.

It is thought the sum of \$250,000, now in the possession of the government as deposits made by Chinese immigrants under the old government's guarantee by immigrants that they will comply with the conditions under which they were brought here and return to China in due time, may be used for the expense of the territory.

A TOTAL WRECK. British Steamer Detman, Which Went Ashore Yesterday, Sank During the Night.

(Associated Press.)
St. John's, Nfld., July 9.—The British steamer Detman, from Dundee, which went ashore yesterday during a dense fog at Renea, on the east coast of Newfoundland, is a total wreck, having sunk during the night. The crew left her about midnight. The captain and chief officer remained after the others but were forced to abandon the vessel.

The crew will be taken on board the steamer Glencoe, due to arrive here this evening.

THE SOUTHERN PACIFIC. Mr. Fillmore Resigns Position as Manager of the Pacific System.

(Associated Press.)
San Francisco, July 9.—Jerome A. Fillmore has resigned his position as manager of the Pacific system of the Southern Pacific Company, to take effect to-morrow.

Mr. Fillmore has been at the head of the operating department of the Southern Pacific on this coast for 12 years. It is understood that Mr. Fillmore will be succeeded by E. H. Fitzgibbon, who resigned the position of general manager of the Vermont Central railway, and is now here on waiting orders.

ARCTIC EXPLORATION. Tramsos, Norway, July 9.—Dr. B. Baldwin, the leader of the Baldwin-Zeiler Arctic expedition, arrived here to-day. He boarded the refitted Arctic whaler America, formerly the Esquimaux, on which he will make his headquarters, where preparations for the trip are proceeding apace.

Campbell's Prescription Store

We keep the largest stock of Drugs and Toilet Articles in the province. Prescriptions promptly and carefully executed.

Killed By Their Father

Shot His Three Children While Temporarily Insane - Died Almost Instantly.

The Report That C. P. R. Engineers Will Quit Work Is Denied.

Lockport, N. S., July 8.—Sydney Locke, while temporarily insane, this morning shot his three children Ruby, aged 14; Howard, 11, and Ermina, 8, Ruby and Ermina died almost instantly. Howard, fatally wounded, died an hour afterwards.

Went Through a Bridge

Norton, N. B., July 8.—The engine on a passenger train on the Central railway plunged through a bridge at Wasson brook on Saturday morning, and driver Nodwell was fatally injured, dying from injuries five hours later. Nodwell, noting the bridge had been burned, reversed, told the fireman to jump, but stuck to his post and went down with the locomotive. He was terribly scalded and burned, and received severe bodily injuries. None of the passengers and other members of the train crew were injured.

C. P. R. Engineers

Winnipeg, July 8.—As some rumors were current that the trainmen and engineers contemplated taking some action with the trackmen, and as a general "walk out" was spoken of, a prominent engineer yesterday said as to the engineers' view of the situation that this body did not contemplate for a minute any move towards striking. "As long as the road is fit to run on," said the engineer, "and the company are not asking us to take any risks, there will certainly be no move on our part. We are not asked to make fast time over a soft track, which would be all right now, if it had not been for heavy rains. We are not doing any kicking." Speaking to an official of the company, a reporter learned that the company had not asked for any conciliatory deputations to Montreal. The company consider that the strike throughout the East is practically over. Reports are arriving daily of men returning to work.

May Go to Australia

W. Stitt, C. P. R. assistant general passenger agent, may be appointed C. P. R. general agent in Australia.

Action Against Publishers

Toronto, July 8.—J. N. Morang & Co. and B. Blackie & Co., the latter an Irish publishing firm, on Saturday issued a writ to be issued to restrain Copp, Clark & Co., W. J. Gage & Co., and the Canadian Publishing Co., from selling or exposing for sale copies of the Second Reader authorized for use in Ontario schools by the minister of education, on the ground that it contains reading matter from "Blackie's" and "Copp's" copyrighted works. Morang is fighting what he calls the school book ring, in this province, because they refused to give him a share of school book trade, while using in unauthorized readers selections that he claims to be his own.

Died From Heart Failure

John D. Kiely, a well known street railway man, died on Sunday, of heart failure, at his residence on Seaton street. Kiely was a member of the syndicate which leased the Toronto street railway after the city took over the franchise in 1891.

Chair of Science

A dispatch from Richmond, Ind., says Prof. F. W. Chittum, a graduate of Toronto University, has been chosen to fill the chair of science at Portland, Ind.

Deaths at Montreal

Montreal, July 8.—There were 251 deaths here last week, compared with 274 the previous week; 163 were young children, compared with 212 the week before. Three deaths last week were due to sunstroke.

Addition Vacancy

Kingston, July 8.—A movement is on foot in Addison county to invite Hon. Geo. E. Foster to run for the Commons in that riding, taking the place of the late J. W. Bell.

Obituary

Collingwood, July 8.—John Birnie, one of Collingwood's best known and oldest citizens, is dead, aged 87.

Funeral of Late J. Bell

Napanee, July 8.—The funeral of the late John W. Bell took place yesterday. The burial took place under the auspices of the Orange Association, and over six hundred members of the order attended. Among the prominent members present were Clarke Wallace, Sir Mackenzie Powell, past grand master, and several other members of the order and of the House of Commons. Rev. William Wetton conducted the services, assisted by Rev. W. J. Young. The Orange service was read by Grand Master Wallace, assisted by Sir Mackenzie Powell and Wm. Johnson. The pallbearers were Clarke Wallace, Sir Mackenzie Powell, Messrs. Holland, Munro, Clarke, Duff and London.

The British steamer Delmar, Captain Williams, from Dundee, June 29th, is ashore at Renews, on the east coast of Newfoundland, and a mile from the wrecked Lusitania.

CHRISTIAN ENDEAVOURERS.

Several Churches, in Addition to Odeon Hall, Are Being Used For Meetings.

Chicinnati, Ohio, July 8.—After the business sessions of Saturday and the evangelistic and other mass meetings of yesterday the regular programmes of the twentieth international convention of the Christian Endeavorers were begun today.

Several of the largest churches in the central part of the city were used, in addition to Odeon hall, and their three large auditoriums heretofore used. At the Odeon hall, Endeavor President Clark presiding and H. C. Lincoln, of Philadelphia, as directors of music, "The Twentieth Century Home" was the topic with address by Clarence J. Harris, Atlantic; Edwin Forrest Hallenbeck, Albany; Ira Landrith, Nashville; J. E. Pounds, Cleveland; W. Marsh, Adelaide, Australia; and Robt. Johnson, London, Ontario.

At the first English Lutheran church, Secretary J. Willis Baer, presiding, and Percy S. Foster, as musical director, there were addresses on the school of method for the Junior Christian Endeavorers. At Odeon hall the field secretary, Clarence E. Eberman, presided, and addresses were made by local district and state union officials. The noontide evangelistic services were conducted by Dr. C. L. Work.

CROP REPORTS.

Wheat: Yield in England May Average 28.14 Bushels Per Acre.

London, July 8.—The Mark Lane Express today, in its weekly crop review, says it is doubtful if the recent rains will effect greater "transformation scenes" in the wheat crop of England. It thinks the yield may reach an average of 28.14 bushels per acre.

The Express considers that the enhanced price and big weekly market in Paris furnish evidence that the French farmers consider the government estimate as being quite 10 per cent too high. The agricultural press puts the yield at 35,000,000 quarters, 5,000,000 quarters below the government estimate. Spain is reaping a magnificent harvest, estimated at 12,500,000 quarters. The Italian harvest is estimated at 4,000,000 quarters, leaving 3,000,000 for export. The spring wheat in Russia is less promising. In several provinces the winter crop, however, is splendid, according to the moderate standard prevailing. The rice will make an excellent harvest. The other autumn sown crops are all about the average, but the spring barley and oats are below par.

LIVERPOOL WHEAT IMPORTS.

Liverpool, July 8.—The imports of wheat into Liverpool last week were: From Atlantic ports, 117,700 quarters; Pacific ports, none; other ports, 4,000 quarters. The imports of corn from Atlantic ports last week were 38,400 quarters.

SOLDIERS DROWNED.

Kehl, Baden, July 8.—While the 19th Pioneer Battalion was practising on the Rhine today, a boat containing 10 soldiers capsized. Several men were drowned.

The Commercial Cable company, New York, issued the following notice: "Regarding the censorship of telegrams for Buenos Ayres, we are advised that all telegrams in code or otherwise will be passed by the censor at Buenos Ayres except those containing Argentine political news."

ATTENTION

To physical warnings will often present a serious illness. When there are oppressive fullness after eating, bitter risings, belching, headache, dizziness, nervousness, with physical and mental sluggishness, prompt attention to the condition of the digestive and nutritive systems. Not all these symptoms will occur at once in any single case, but any one of them indicates a disordered condition of the stomach and other organs of digestion and nutrition. A prompt cure of these conditions will be effected by the timely use of Dr. Pierce's Golden Medical Discovery. It heals diseases of the stomach and other organs of digestion and nutrition, perfectly and permanently. Many diseases, seemingly remote from the digestive system, have their origin in a diseased condition of the stomach, and "Golden Medical Discovery" cures them. Stomach diseases which have their origin in a diseased condition of the stomach, and hence diseases of liver, lungs, heart and other organs are cured by use of the "Discovery." It contains no alcohol, neither opium, cocaine, or other narcotic. It is a true temperance medicine. Accept no substitute for "Golden Medical Discovery." There is nothing else "just as good."

"It was a total wreck—could not sleep or eat," writes Mr. J. G. Heers of Berryton, Crawford Co., Mo. "For two years I tried medicine from day to day. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep, and my appetite was wonderfully improved. I have taken five bottles and am still improving."

Dr. Pierce's Pleasant Pellets cure constipation by curing the cause. They do not bog the pill habit.

UNITED KINGDOM CENSUS.

The Population of England and Wales Is 32,525,716.

London, July 6.—Revision of the figures taken at the recent census proves that the population of England and Wales is 32,525,716, an increase of 12.15 per cent, since 1891. In the previous decade the rate of increase was 11.65 per cent, and for the whole country the average ratio has been 13.85 per cent.

Scotland shows a total population of 4,471,957, which is an increase of 11.08 per cent for the decade. Glasgow has reached 700,423, and Edinburgh, 316,470. Ireland, on the contrary, does not make the same showing. The population today is 4,456,546, against 4,706,148 in 1891, a loss of over 5 per cent. In 1841 it was 8,196,537, which makes a loss of 45 per cent for the past sixty years. For the first time Scotland shows a larger census than Ireland.

DUKES FIGHT DUEL.

Russian Prince Wounded By Cousin of the King of Italy.

New York, July 8.—According to a Rome dispatch to the World, the Duke of Aosta, cousin of the King of Italy and heir presumptive to the throne, fought a duel last week with a Russian prince, believed to be the Duke of Eugene of Luchenburg, grandson of the Czar Nicholas I. The Russian received a severe sword thrust through the stomach. The Duke of Aosta is known to be suffering from peritonitis, and from this it is concluded that he was the Duke of Aosta's antagonist.

The duel has excited the widest interest, because of the rank of the principals, and there is much speculation as to the cause. It is reported that the Russian affronted the King of Italy recently by making, in his presence, a slighting remark about the Queen, while on a visit to Naples.

FREIGHT HANDLERS' STRIKE.

Want Advance in Wages and a Nine-Hour Day.

Reading, Pa., July 8.—The strike of the Philadelphia & Reading Railway company freight handlers is still on. The company has over 100 cars blocking traffic in its yards here. The strikers have received word from Wayne Junction, near Philadelphia, and Newberry Junction, near Williamsport, the only points along the line where the company would be in a position to reload its freight, that the men there will refuse to allow that work to be done at either point.

Today the company began putting more hands to work. Five of the old men remained, and the company has about twenty-five men on duty. The company's officials claim that they have a number of freight handlers at work, and that they are handling the freight business fairly well with a little delay as possible. The men requested that their wages be advanced from 14 to 18 cents an hour. They want a nine-hour day, and double time for overtime on Sundays or holidays, and time and a half on other overtime.

DROWNED DURING STORM.

Port au Prince, Hayti, July 8.—(Via Haytian cable)—A violent storm has been raging for three days past over the southern part of Hayti and San Domingo. Five persons were killed at Jaomel and nine people lost their lives at Les Cayes. Several sailing vessels have been wrecked. The region between Coru and La Vega and the city of Santo Domingo has been inundated. Telegraphic communication is completely interrupted with Santo Domingo. The rivers have overflowed. A high wind continues as this dispatch is sent.

DEATHS FROM HEAT.

Nearly a Thousand Fatalities Were Reported in Greater New York.

New York, July 8.—The official reports to the bureau of vital statistics of deaths from heat for the week ending July 6th show that the number in the five boroughs of Greater New York was 980. For the boroughs of Manhattan and the Bronx, the number was 690; for Richmond, 12; for Queens, 24; for Brooklyn, 294.

DECIDES TO APPEAL.

Thomas G. Barker's Lawyer Will Try to Secure a New Trial.

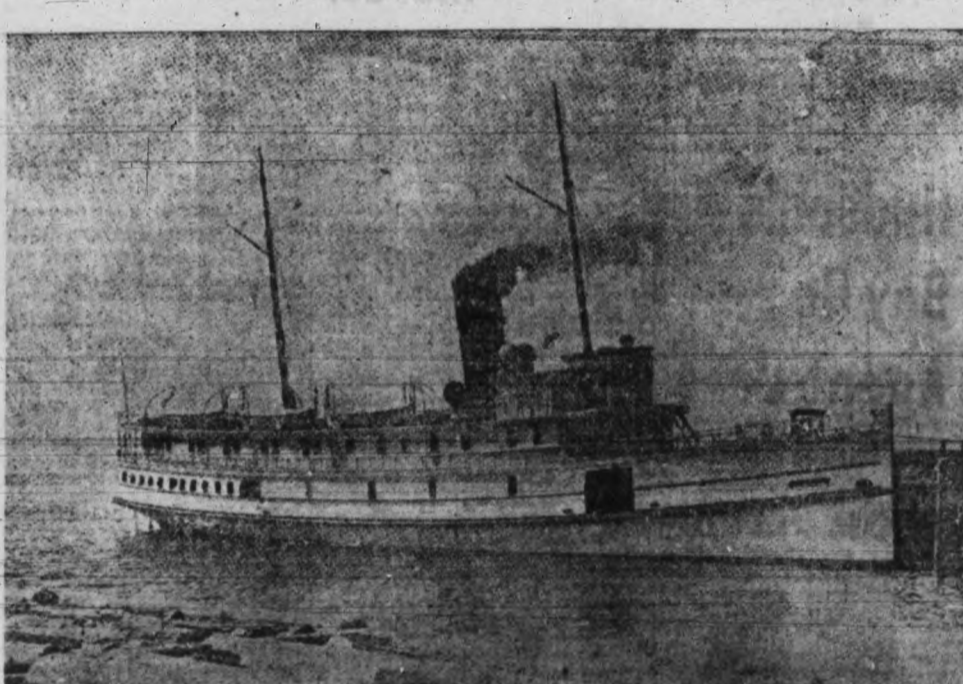

New York, July 8.—Thomas G. Barker, who was convicted of assault with intent to kill Rev. John Keller, at Arlington, N. J., on February 2nd last, was taken to the state prison at Trenton today to begin his five years' term of imprisonment. The good conduct allowance is six days in each month, so it will be possible for him to complete his term in four years and five days. In the meantime his lawyers will try to secure a new trial on appeal to the Court of Errors and Appeals at Trenton.

DISAGREEMENT IN CABINET.

Newfoundland Finance Minister Reported to Have Resigned.

St. Johns, Nfld., July 8.—It is reported that Minister of Finance Jackman, acting on the advice of Bishop Howley, of St. Johns, has resigned from the Board of Finance, owing to a disagreement with his colleagues over the Reid railway question. Mr. Jackman declines to make any statement, confirming or denying the report.

THE STEAMER MAJESTIC.

The new steamer Majestic, which brings the members of the Rivers and Harbors Committee to this city from Seattle this afternoon, possesses a peculiar interest to shipping men here. She was built specially for the Victoria and Port Alberca route by the Thompson Steamship Company, but has not yet been assigned to that service because of the fierce competition waged between the Dowdell line and the Alaska Steamship Company, between this and Seattle ports, reducing the earnings of the run to a minimum. The vessel has already been described in these columns.

MANY INJURED.

Two Cars of a New York Express Demolished Near Columbus, Ohio.

Columbus, July 8.—Panhandle passenger train No. 19 known as the New York express, due here at 1.45 p. m., was "side wiped" by a switch engine just outside the Union station today. Twenty-five people were injured, seven of them being so badly hurt that they were unable to proceed on their way West with the train.

The train was approaching the station at a rapid rate of speed, when the switch engine with a cut of cars dashed out from a siding, striking the third coach of the passenger train. The car and the one immediately following were demolished. Both trains were stopped at once and aid was summoned, the injured were removed to the Union station, where they were made as comfortable as possible.

LORD ROSEBERRY.

Former Premier Received by the King at Marlborough House.

London, July 8.—Lord Rosebery came to London today, and was received in audience by the King at Marlborough House. The public announcement of this visit to His Majesty soon after the former Premier returned for the continent, whence he arrived on Saturday, excites much comment in view of the political situation. At the same time well informed persons point out that it is extremely unlikely that the King will in any way attempt to intervene in what, after all, is wholly a family quarrel of the Liberal party. Several recent occurrences, however, articles in weighty reviews, etc., seem to point to an organized effort to bring Lord Rosebery back into the political arena.

LORD SALISBURY.

Rumors Regarding His Retirement Have Died Out.

New York, July 8.—Rumors respecting the retirement of Lord Salisbury have died out, says the Tribune correspondent, and it is generally assumed that, while he is weary of public life, he will consent to remain prime minister until the coronation. Mr. Balfour and Mr. Chamberlain are on excellent terms and Sir Michael Hicks-Beach is holding his ground with tenacity of purpose. No immediate changes of the leadership in the Commons are considered probable by those watching closely the course of political events.

MAY AFFECT SETTLEMENT.

Twelve Members of Amalgamated Association Dismissed From Wellsville Plant of Steel Company.

Pittsburg, Pa., July 8.—The peremptory dismissal on Saturday of twelve members of the Amalgamated Association at the Wellsville plant of the American Steel Company may seriously affect the expected settlement this week of the iron and steel strike. When seen this morning, President Shaffer of the Amalgamated Association, said: "I cannot say when or where the conference will take place, but one thing is certain, there will be no conference until the men discharged at Wellsville are reinstated. These men come to us," he continues, "they violated no law of the land and we shall protect them. If they are not reinstated and the conference postponed, the general strike will come. As usual the trouble comes from some middleman who cannot realize that he may be undoing the conservative work of thoughtful men on both sides, or that his action may involve the commercial world. If the Wellsville matter can be settled the conference will then, it is believed, be quickly arranged, an agreement reached and the strike declared off before the end of the week."

There was a resumption of work in iron and steel mills today. The mills have been idle for two weeks for repairs. It is supposed that fully 12,000 men returned to work today.

New York, July 8.—There will be no conference here today to deal with the points of conflict in the steel strike, but there will be a meeting at Pittsburg. The directors of the United States Steel Corporation and the companies forming it in New York, watching the situation closely, but have taken no direct part in the disputes. One of the directors of the general corporation made this statement to the Associated Press today: "President Shaffer of the Amalgamated Association, requested a conference with representatives of the sheet and hoop interests and our answer was a favorable one. That conference is to be held today at Pittsburg. The outcome is problematic. The statement that there would be a meeting here today, with J. Pierpont Morgan in attendance, is erroneous. There will be no meeting, and as far as I know, Mr. Morgan has taken no part in the matter."

CASTORIA

For Infants and Children. The little sign of Castoria is on every bottle.

HUNDREDS OF LIVES LOST.

Destructive Landslide and Flood in Canton—Two Hundred Houses Swept Away.

Tacoma, July 8.—Canton mail advices give details of the loss of three hundred lives by landslide and flood, occurring at Lung Keng on June 2nd. The landslide was caused by a tremendous earthquake. Accounts state that a great flood of water poured out of the mountains, carrying everything before it. Two hundred houses were swept away and the fields swept bare of crops. Several great landslides occurred, carrying a large section of Lung Keng into the bay, what appeared like a tidal wave making it impossible for anyone who were carried into the water to escape. Robbers in Wang Ting province are kidnapping people to realize money. Dozens of women and children have been abducted. A Buddhist monk, convicted of harboring kidnappers, is being publicly exhibited in a cage at Canton. Six kidnapped women were found in a convent.

LADIES' RIFLE CLUBS.

Annesley Kenedy, in the Ladies' Realm, says a unique note has been struck in the new century by the formation of ladies' rifle clubs and a general call "to arms" of women for purposes of home defence. Surrey and Berkshire have both added a feminine shooting range to their county and sporting resources; Guildford and Brighton have given a chivalrous invitation to their sisters-at-arms to join their hitherto exclusively masculine rifle clubs. The question is frequently asked, "Do women like war?" From the enthusiastic response already made to the martial calls of rifle clubs, there can be little doubt that they like shooting. Membership in a rifle club is a new form of feminine patriotism—or, as somebody better expressed it, "is a form of patriotism for the new feminine." But the latest instinct to "go a-gunning" is apparently deep seated, since the Ivy House Rifle Club at Farnham confidently expect their feminine membership to mount up to something like a hundred.

A woman thus adds a new weapon—Lee-Netford or modified Winchester—to her armor; and the Romeo of the future may be expected to go a-gunning at the rifle rather than beneath the balcony of sentiment and peace.

DEATH OR LUNACY seemed the only alternative for a well known and highly respected lady of Wingham, Ont., who had travelled over two continents in a vain search for a cure for nervous debility and dyspepsia. A friend recommended South American Nerve. One bottle cured, six bottles cured, and her own written testimony closes with these words: "It has saved my life." Sold by Dean & Hiscocks and Hall & Co.—20.

A Mid-Ocean Marine Feat

Remarkable Triumph of Engineering Skill Performed on Guernsey En Route Here.

The Vessel's Stern Thrown Out of Water and New Shaft and Propeller Shipped.

The new Nippon Yusen Kaisha steamer Kaga Maru, which arrived last night at quarantine and came into dock here early this morning, brings a report of one of the most remarkable feats in a marine engineering line ever performed on the high seas.

Capt. J. W. Ekstrand, master of the Kaga Maru, and himself a Norwegian, tells the story as follows: On July 1st at 11:15 a.m., when in latitude 46 degrees north, and in longitude 169 degrees 40 east, he sighted a steamer bound on the port bow.

Approaching the tramp the latter signalled that she would send a boat on board, and shortly afterwards her captain came alongside. He stated that the vessel was the Norwegian steamer Guernsey, 13 days out from Muroran, and bound for Portland, Oregon.

The Kaga Maru was detained for about an hour and a half by the incident, when, as she could be of little service, she steamed away.

The Guernsey is of about 2,100 tons and although bound to Portland is under charter to load lumber at Moodyville and Hastings for Russia.

The clipper Canadian-Skagway liner, the steamer Islander, Capt. Foot, reached port from the North at 9 o'clock last night. She had seventy passengers on the down trip, but having called at Vancouver en route landed all destined for Mainland points.

Line between Simpson and Hazelton has been repaired. The trouble was due to an avalanche of dirt which carried away a section of the wire and a number of poles.

Advances come from Atlin by the Islander that owing to the high water on the creek practically all work on the creek claims has been suspended from 3d below up to the mouth of Gold Run.

The meeting of the city council last evening was of the ordinary length, the business being of a routine character. At one time there was every indication of a protracted debate, especially when the Craigflower road question bore down upon the unfortunate solons like an avalanche.

After the usual preliminaries communications were taken up, J. D. McNiven, secretary of the trades and labor council, notified the board of the appointment of a committee to interview them regarding the question of labor on the proposed improvements.

In this connection the mayor stated for the information of the press that the conference had been held prior to the meeting.

E. A. Lewis thanked the council for his appointment as director of the Jubilee hospital.

Messrs. Lee & Fraser offered for sale the old Methodist church property, laid on the table for further consideration.

The finance committee recommended the payment of accounts amounting to \$2,980.53.

Old Friend Back Again

City Council Received Another Communication About Craigflower Road Last Evening.

Mammoth Nuisance, Threat of Action and Routine Matters Comprised the Business.

The Beer with the flavor of Hops

The pure hop-flavor—the true taste of rich, fragrant hops—is a distinguishing feature in

Saint Louis A.B.C. BOHEMIAN "King of all Bottled Beers."

It is the beer of absolute purity. See it sparkling in bottle or glass. Note its bright golden color and fine effervescence—matchless in flavor, color and tonic qualities.

It is especially the family beer—a perfect article for table use. Accept no substitute for St. Louis A. B. C. Bohemian Beer.

THE NAVAL RESERVES. The Navy League Takes First Steps Towards Carrying Out Rear Admiral Bickford's Suggestions.

The local branch of the Navy League met last night. In addition to other business transacted the first steps were taken towards putting the scheme advocated by Rear-Admiral Bickford in a practical form.

At last night's meeting a sub-committee was appointed to take the initial steps in the matter by ascertaining facts connected with it.

Rear-Admiral Bickford is said to anticipate little difficulty in obtaining a training ship for the purposes of the scheme he has put in practical shape.

In order to foster an interest in naval matters the question of granting prizes in the schools for essays upon the subject of the navy was discussed.

The Messrs. West, who are in Canada delivering lectures and showing charts illustrating the strength of the navy, are to visit Victoria shortly, and will deliver a series of lectures here upon the subject of the navy.

First Visit To Port

Upon Yuser Kaisha Company's Fine New Liner Berthed at Outer Wharf.

The magnificent new Nippon Yusen Kaisha liner Kaga Maru, Captain Ekstrand, arrived at quarantine last night and though registering 6,300 tons was moored safely alongside the outer wharf this morning.

The Kaga Maru is the largest vessel that has ever touched port.

Her veteran commander, Captain Ekstrand, has certainly every reason to be proud of his command.

The Kaga Maru is a steel twin-screw steamer of 6,300 tons gross, giving a registered net tonnage of 5,000.

The hull and machinery were constructed in accordance with the regulations in connection with the Japanese Submarine and Navigation Companies Act and under Lloyd's Special Survey for class 100A 1 M.C.

The Kaga has two complete steel decks, the upper deck being sheathed with teak from foremast to aft.

The vessel is fitted with a first-class dining saloon on the upper deck, and there are 18 state-rooms for thirty-six first-class passengers, which are fitted on top of the bridge deck in steel houses.

The ship is lighted throughout with electric light. The engine-rooms of the latest design and are very powerful.

The ship is intended for freight and passenger traffic. She has only accommodation for 36 first-class passengers.

The cabin is all, with the exception of two, on the upper deck, and are very spacious and beautifully fitted up.

SEA CAPTAIN WEDDED.

The Couple Will Take a Wedding Trip Round the World in Groom's Ship.

The marriage of Miss Lois Jacquemel Buckman, second daughter of Capt. S. W. Buckman, of Montreal street, and Capt. P. M. Stokkby, master of the Honolulu, took place yesterday afternoon at the residence of the bride's father, Rev. J. F. Vichert performed the ceremony.

The bride was attended by her sisters, Miss Alma Jeannette Buckman, acting as bridesmaid, and Miss Foe Buckman as flower girl.

The bride and groom left by the Walla Walla for San Francisco, upon their return they will join the captain's bark, Honolulu, at Port Gamble, where she is loading lumber for South Africa, and will make a trip round the world.

SABBATH OBSERVANCE.

To the Editor.—It is to be regretted that so small a proportion of the clergy and laity attending the Anglican Synod in Nanaimo took part in the discussion on the Sabbath observance question.

For surely it is not to be supposed that the views announced by Mr. C. Phillips Wolley and the Ven. Archbishop Scriev were endorsed by any considerable section of the clergy and laity attending the Synod.

For further information obtain Company's folder. The Company reserves the right to change steamers, sailing dates and hours of sailing, without previous notice.

For San Francisco. LEAVE VICTORIA, 8 P.M. Steamships City of Puebla, Walla Walla and Unstilla, carrying H. B. M. mails.

J. B. Messerle, a United States congressman from Lincoln, Neb., and Mrs. Messerle, are spending a few days in the city...

Since the recent improvement in the weather, the tourist travel through the city, principally from Southern California, the Eastern states and Eastern Canada, has increased considerably.

W. J. Graves, organizer for British Columbia of the Woodmen of the World, his thirty-five other members of the order, were in the city yesterday, having come over from Vancouver to attend the unveiling ceremonies held on Sunday by the local order at the cemetery.

C. V. Jenkins, purchasing agent of the War Eagle mine, accompanied by Mrs. Jenkins, has been in the city for a few days, leaving last night for home.

F. Keoke, one of those prospectors who went to the Yukon three years ago, has returned to the city yesterday, carrying with him \$40,000 and \$20,000 as the result of his labors.

Guy N. Kirkpatrick, M. E., son of the late Sir Geo. Kirkpatrick, formerly lieutenant-governor of Ontario, is in the city on his way to Alberta.

A. B. Newell has been appointed vice-president of the White Pass and Yukon Railway Company, the Pacific & Arctic Railway, and the Yukon Navigation Co.

S. Forner, of Bella Coola, who has been attending the Normal school at Vancouver, arrived last night, and will spend a few days here renewing old acquaintances and taking in the sights.

A. E. Beech leaves for the North to-night on the City of Seattle. His address will be care of Major Jarvis, N. W. M. P., Forepaik District, N. W. T.

S. M. Mayer, of the Cascade Oil Company, is again in the city, after making a visit to New York. He is staying at the Victoria hotel.

A. G. Killam, chief clerk of the Commercial hotel, Vancouver, is spending a brief vacation in Victoria. He is staying at the Victoria hotel.

Mrs. J. R. Gibson is in the city on her way to join her husband, Capt. Gibson, at Portland. She is a guest at the Victoria hotel.

Capt. F. Richards, formerly owner of the steamer Manassas, is spending a few days in the city, a guest at the Dominion hotel.

Geo. E. Reynolds and wife, of Tacoma, arrived from the Sound the other day, and are staying at the Victoria hotel.

Jas. G. Burness, a well known business man of Portland, Ore., his wife and daughter, are guests at the Dominion.

Mrs. J. J. Clark, Miss M. Clark, Miss E. Clark, Mrs. H. W. Holloy, E. Stanfer,

LEMPS. The demand for Lemp's Extra Pale St. Louis Beer is constantly on the increase, which is sufficient evidence of its quality. PURE, SPARKLING, WHOLESOME AND REFRESHING. PITHER & LEISER IMPORTERS, VICTORIA, B.C.

THE BEST OF THE BEST Mackilligin's O. V. Scotch Whisky. W. A. WARD Sole Agent. Bank of Montreal Bldg., Victoria, B.C.

REMEMBER! That All Our Groceries and Provisions Are Sold At CASH PRICES. Deaville Sons & Co., Hillside Ave., Victoria.

STOCK QUOTATIONS. (Furnished by the B. C. Stock Exchange, Limited.) New York, July 9.—The following quotations were in the Stock Exchange today.

THE HINTON ELECTRIC CO., LD., 62 GOVERNMENT STREET. FIRE. Before renewing your policies, get lowest rate from The Ottawa Fire Insurance Co. E. C. B. BAGSHAW, General Agent, 35 Fort Street.

THE BUSY MAN OF TO-DAY. Couldn't accomplish half the work without the aid of the many labor-saving electric appliances. THE HINTON ELECTRIC CO., LD., 62 GOVERNMENT STREET.

Our Ice Cream. Is not a frozen conglomeration of starch, eggs, etc., but is really what the name indicates. "Frozen Cream." The verdict of our patrons is that we serve the best "Ice Cream Soda" in the city. LARGE GLASSES, 10c. John Cochrane, CHEMIST, N.W. Cor. Yates & Douglas Sts.

OUTLOOK IMPROVED. Differences Between Steel Combine and Amalgamated Association Will Probably Be Adjusted. (Associated Press.)

Pittsburg, Pa., July 9.—A more hopeful atmosphere pervaded the headquarters of both the Steel Combine and the Amalgamated Association today. As the result of the preliminary conference between President Shaffer, of the Amalgamated Association, and Warner Arms, representing the combines interested, last evening, the Wellsville trouble, which yesterday threatened to undo what had been done towards effecting a settlement of the strike, was not referred to today, and everything pointed to an amicable adjustment of all differences at the general conference arranged for next Thursday in this city.

A National Affair. Pittsburg, Pa., July 9.—Joseph Bishop, the first president of the Amalgamated Association, who is secretary of the Ohio State Board of Arbitration, arrived today and went at once to the Amalgamated headquarters. Asked if the board would join in the effort to settle the strike, he said: "While a large number of the steel mills are in the state of Ohio, this strike is a national affair and does not strictly come under our jurisdiction. I am here to inquire into the situation, and if our board can be of any assistance in adjusting the difficulty we will give our services. I do not care to express an opinion of the strike."

INTERNATIONAL CRICKET. First Innings of Canadians Closed for Two Hundred and Sixty-six Runs. (Associated Press.)

Seattle Syndicate Propose to Build Racing Course of Modern Character in City. A proposition to construct a new bicycle track has been on foot for some time, and a well known syndicate of Seattle has taken the matter up, and it is confidently expected by local bicycle enthusiasts, will put the matter through. Next week men will visit the city from Seattle in connection with the proposal. The track, if built, will be on the same plan as that of Seattle, and the cost is estimated by local bicyclists as about \$3,000.

LATEST FROM DAWSON. Dawson, June 24.—The weather is very warm and the Yukon is rising very fast. If the weather continues the flood of 1898 will be repeated. There is a slight depression in business—too many in it—but it is only temporary, and will get back to normal condition in September or before. Passenger traffic is light, but freight is coming in very large quantities. No boats in from

St. Michael yet. We expect a very large quantity by this route this year. Arrivals will commence about July 12th.

WILL GRANT COMPENSATION. British Government Prepared to Consider Application on Behalf of Charles Lilly-White. (Associated Press.)

London, July 9.—The home secretary, Mr. F. Ritchie, in the House of Commons today promised to liberally consider any applications for compensation on behalf of Charles Lilly-White, the American citizen who was arrested in New Zealand and brought to England on the charge of being Arthur Blatch, a fugitive from Colchester, England, accused of murder. Mr. Ritchie added that he had already voluntarily notified Mr. Choate, the United States ambassador, that the government was prepared to compensate Lilly-White.

HAUL OF FEATHERED BIPEDS. Chinaman Charged With Robbing a Hen Roost—Other Charges. (Associated Press.)

Out in the prisoners' promenade in the rear of the police station are thirty-one feathered bipeds. They represent the spoil seized by the officers of the law at the premises of one Ah Why, who is charged with stealing them from H. Aikman. The discovery was made while provincial officers were searching for seven fowls that had been taken from the premises of a resident of Tolmie avenue, so Ah Why stands charged in both city and provincial police courts.

W. Morley appears for the prosecution, and W. H. Langley for the defence. The case was adjourned this morning until 2:30 o'clock on the afternoon of the 12th, the accused in the meantime being out on \$200 bail, two of his countrymen standing surety for him. Ma Hung was charged with spouting water from his mouth in ironing. He was fined \$5.

A resident of Seabrook street was charged with refusing to connect his premises with the sewer. The case was dropped, the resident expressing the intention of complying with the sanitary regulations in this respect. The case would have been dismissed anyway, as the charge was laid under the wrong section.

A milkman was charged with keeping more than the permissible number of cows within the city limits. Six is the number, and Mr. Alexander has several times that many. The case stood over till the 12th.

Willie Jim and Gus Morris, two Indians, paid \$7 for being drunk.

NEW BICYCLE TRACK. Seattle Syndicate Propose to Build Racing Course of Modern Character in City.

A proposition to construct a new bicycle track has been on foot for some time, and a well known syndicate of Seattle has taken the matter up, and it is confidently expected by local bicycle enthusiasts, will put the matter through. Next week men will visit the city from Seattle in connection with the proposal.

The track, if built, will be on the same plan as that of Seattle, and the cost is estimated by local bicyclists as about \$3,000.

The syndicate which proposes to build the course already has tracks under its control at which races are held weekly, and often daily, in Portland, Everett, Seattle and other cities on the Sound. One at Victoria will make the circle complete, and Victorians will then have an opportunity of often witnessing races between some of the best professional and amateur wheelmen on the coast. The track will probably be in the vicinity of the old circus grounds.

SUCCESSFUL STUDENTS. List of Those Who Have Distinguished Themselves in McGill Examinations.

The results of the matriculation examination for McGill University show that the following British Columbians have passed: Arts—Winnifred Armstrong, Yale; Kathleen Bajus, Vancouver; Nora B. Colbeck, Vancouver; William A. Donaldson, Vancouver; Eleanor M. Henderson, Vancouver; Lily Laverick, Vancouver; Nellie B. Milas, Vancouver; Catherine McEwen, New Westminster; Thomas E. Price, Vancouver; Gavin T. Scouler, New Westminster; Eilon G. Tarbil, Vancouver; Georgina L. Urnhart, Vancouver.

Mad'emoiselle John C. Morrison, Nanaimo; Alex. H. Robertson, Vancouver. Applied Sciences—John A. Coates, Victoria; Douglas O. Livingstone, Victoria; Geo. P. Sharpe, Vancouver.

Among the provincial candidates successful in the associate of arts examinations are the following, under 18 years of age: Lillian Mitchell Mowat, Victoria; William Ernest Benton, New Westminster; Merj Gertrude Tully, Victoria.

Over 18 years, the British Columbians successful are: Gavin Theodore Scouler, New Westminster; Stanley S. McEwen, New Westminster; John A. Coates, Victoria.

In the foregoing a distinction is drawn between the associate of arts examinations and the matriculation examinations. The former, it is understood, does not comprise the complete course of study, but only the matriculation, some additional subjects in mathematics being necessary.

WHITE HORSE NOTES. Wealth From Yukon En Route to Coast—Particulars of a Drowning.

There passed through White Horse on July 1st, between \$2,000,000 and \$3,000,000 in gold dust, consigned in the main part to the Canadian Pacific Railway.

The Star of the 29th of June says: "On Sunday afternoon a scow having on board a lot of merchandise destined for Nona and manned by Al. Rikstead, Dale Valentine, J. S. Hume, son of ex-Mayor Hume, of Seattle, and a man from Omaha, name unknown, left White Horse on its long journey to the mouth of the Yukon. The scow hung up on a sand bar in the river. The men on board got out in a canoe and endeavored to free the scow from the bar. While engaged in this work Valentine slipped and fell in the canoe, but was told to sit down, and in doing so overturned it, throwing all four of the occupants into the water.

"As soon as the canoe tipped over Hume started to swim to shore, and finally made a landing about half a mile below the place where the scow was stranded. The other three then clung to the overturned canoe, and one of them, the unknown Omaha man, was rescued by Hume, while Rikstead and Valentine lost their hold and were swept away by their death."

BENEFIT FOR BOB. Preparations are being rapidly carried on for a benefit assault-at-arms to be tendered Prof. Bob Foster, of the Victoria School of Arms, Fort Street, on August 1st. An elaborate programme has been presented, which will be both varied and interesting. It is quite certain that whatever mission the school of arms was expected to fill at its inception has been most successfully carried out, and a great deal of credit is due to the presiding genius, Wrestling, boxing, bar and dumb-bell, performances, pug-punching exhibitions and innumerable other features will comprise the programme. The prime event of the evening, however, will be the bout between Knobby Clarke, R. E., and Jack Spence, of one of the washpans here. This event will be for a trophy, and as both men are of acknowledged cleverness a splendid exhibition should take place.

Just the weather for Hammocks. When you are buying see that you get the best. Weller Bros. keep the best.

The cost of a telescope of the largest size is about \$100,000, and an equal sum is required for a building and the incidental expenses.
