CIGAR CASES

WILL Help SELL YOUR GOODS.

Please your customers, and they will always ask for your brand, incidentally increasing the number and size of your orders. Quality counts, but popularity counts equally as much. Your ad is constantly before the buyer if you place it on our genuine leather cases. Being put on in gold leaf, they will last for years, making a very serviceable and effective advertisement. Price only \$100 per 1,000, including the advertisement. Can furnish them in red, maroon, black, blue or assorted.

It Clips
a V in
Ends of
Cigars---

National Cigar Clipper

A little vest pocket instrument for the smoker that puts a V in ends of cigars—neatly—accurately—without breaking wrapper, no matter how dry or brittle the cigar is.

It doesn't bite and pull and squeeze; but cuts "shear ways," the common sense way—a way that can't dull the cutter and disfigure the point of cigar.

Design is elegant—nothing like it on the market anywhere. Finest tool steel—nickel plated, and polished.

Makes an effective and lasting piece of advertising for the cigar manufacturer and distributor because of its ability to attract attention—its utility and durability.

The dealer can't put a better selling novelty before a smoker. Hits two ways,—snug profit when sold—fetching advertising with name on.

Sample, 15 cents. Dozen lots without ad. \$1.25.

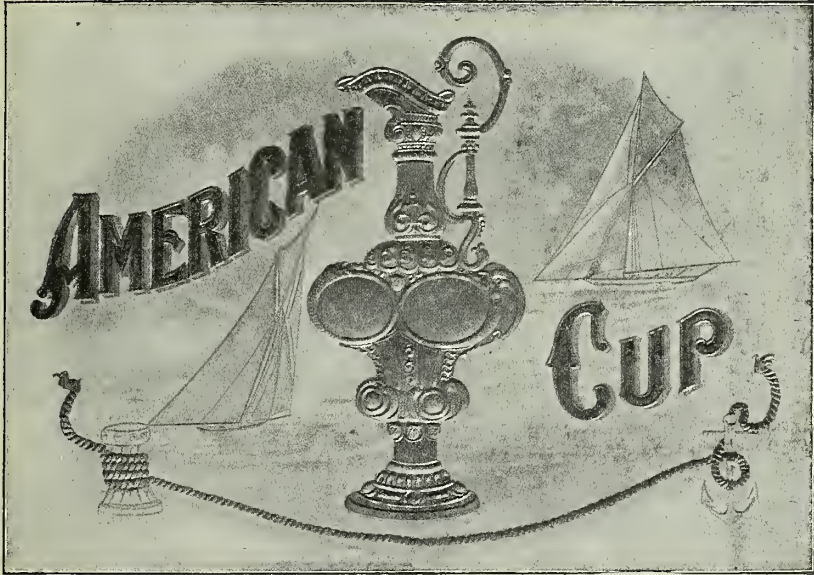

Gross lots without ad. \$14.00—with ad. of not more than three lines three-eighth of an inch long, \$16.50.

To Cigar Manufacturers . . .

We take the liberty of Soliciting a Consignment of Cigars from you. Have been in the business a number of years, hold regular weekly sales every Thursday of CIGARS AND TOBACCO, and sell largely for Manufacturers. During the past five years have disposed of nearly NINETEEN MILLION CIGARS. Sales are well attended by City and Country Buyers. We sell for cash and settle for goods the same day they are sold. Advances made if desired, upon receipt of goods, without additional charge.

Announcement.

WE present the Fifth Edition of the TOBACCO TRADE DIRECTORY AND READY REFERENCE, and have reason to feel highly gratified with its success. It embraces the results of wide experience and the consequent enlarged knowledge of the more intricate requirements of an important branch of industry, one of our National Government's mainstays.

Not only has every desirable feature employed on previous occasions again been used, but they have even been enlarged upon, and a number of new ones introduced.

We refer especially to our List of Company Stores, which covers the principal General Merchandise Establishments throughout the mining States, where they most prevail, and we use it because they are large buyers from manufacturers direct. Properly utilized, this list will be found of great advantage to manufacturers, enabling them to locate and cultivate these dealers.

The Lists of Wholesale Dealers and Jobbers are again thoroughly revised, and the buyers' or managers' names are scheduled more fully than ever.

The special arrangement of the Cigar Manufacturing Lists is employed exclusively for this work, and all persons are cautioned against any infringement upon this manner of arrangement.

A critical inspection of this work is again invited, and satisfaction is sure.

Spanish Betune

Is extensively used in Cuha for Toning Tobaccos. It removes all mustiness or other objectionable properties, giving the desirable uniform effect considered indispensable in Leaf. It is largely used in Damaged or Defective Leaf, being an Excellent Restorer.

CIGAR BOXES

There are Two Classes
of Cigar Boxes —
OUR BOXES *and others.*

NO LENGTHY ARGUMENT

IN PROOF OF THE ABOVE

STATEMENT IS NECESSARY

The place that can turn out
the most and best work quick-
est, is the place where you
want to have your work done if
you are in business for profit.

All we ask is a chance to
prove what we say and it is as
much to your interest as ours
for you to have this proof.

Does This Apply to You?

IF you don't get The Tobacco World you miss valuable trade information every week. Fifty-two times a year it goes to every branch of the trade, carrying all the news which concerns them. It truthfully reflects the exact situation in the trade. Leaf men are kept informed on crops, manufacturers are told what is in the leaf market, jobbers learn what the manufacturers are doing and retail dealers have a special department of money-making suggestions and ideas all to themselves.

Send us \$1 and you will get all this information for a year. Many times you'll feel that you've got your dollar back from a single issue.

Register Your Trade Marks

with

THE TOBACCO WORLD

A TRADE MARK REGISTRATION BUREAU was started early in the history of The Tobacco World, and has developed to such an extent that the Bureau now has more than 79,000 titles. When a cigar or tobacco manufacturer gets ready to put out a new brand he registers the title he has decided upon, to protect himself from usurpation. For this privilege he pays \$1. If on examination of the records it is found that the title he has selected is already in use, he is charged 25 cents for the search.

THE TOBACCO WORLD

PHILADELPHIA AND NEW YORK, AUGUST 9, 1905.

You'll Get It Soon.

WE RECEIVE constant inquiries as to when our Trade Directory will be out. Evidently the trade wants it, and wants it quick. But we thought of two more lists that will make the book even more useful, and now we're busy compiling them. That will about finish it up, and the little delay will bring you better value for your money. Every branch of the-trade will get a compact list of all its possible customers. The Directory includes all that and more, and it's yours for \$2. Each mail brings a batch of orders, and we will ship from the bottom of our order file. Is yours on that file yet?
