EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The Foreign Marriage Act 1892, as amended by the Foreign Marriage Act 1947, provides primarily that a marriage solemnised in the manner laid down in the Act in a foreign country between parties of whom at least one is a British subject, shall be as valid as a marriage properly celebrated in the United Kingdom. A further purpose of the Act is to provide facilities for placing on record in the United Kingdom the marriages of British subjects celebrated under the local law of foreign countries.

Orders in Council are required:—

- (1) to restrict the solemnisation of a marriage where it would be inconsistent with the comity of nations, or where adequate facilities already exist;
- (2) to define the places where a marriage may be solemnised;
- (3) to modify for special cases the requirements of the Act as to residence and notice;
- (4) to prescribe forms;
- (5) to facilitate the solemnisation of marriages by persons other than ambassadors and consuls;
- (6) to make provision for the registration of marriages solemnised under the local law of foreign countries and the deposit of local law marriage certificates in the United Kingdom.

The Foreign Marriage Order 1964 replaces the Orders listed in Schedule 3 thereto in dealing with the above matters.

Period of employment	Duration of annual holiday
12 months	12 days
Not less than 11 months but less than 12 months	11 "
" " " 10 " " " " 11 "	10 "

" " " 7 " " " " 8 "	7 "
" " " 6 " " " " 7 "	6 "
" " " 5 " " " " 6 "	5 "
" " " 4 " " " " 5 "	4 "
" " " 3 " " " " 4 "	3 "
" " " 2 " " " " 3 "	2 "
" " " 1 month " " " 2 "	1 day

- (2) Notwithstanding the provisions of the last foregoing sub-paragraph—
- (a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;
- (b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the first day of January in the following year, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;
- (c) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.F.C.S. (29) between 1st April 1964 and the date on which the provisions of this Schedule become effective.
- (3) In this Schedule the expression "holiday season" means, in relation to an annual holiday during the year 1964, the period commencing on 1st April 1964 and ending on 31st October 1964, and, in relation to each subsequent year, the period commencing on 1st April and ending on 31st October in that year.
14. Where at the written request of the worker at any time during the three months immediately preceding the commencement of the holiday season in any year, his employer allows him any day or days of annual holiday and pays him holiday remuneration in respect thereof calculated in accordance with the provisions of paragraphs 17 and 18, then

- (1) the annual holiday to be allowed in accordance with paragraph 13 in the holiday season in that year shall be reduced by the day or days of annual holiday so allowed prior to the commencement of that holiday season ; and
 - (2) for the purpose of calculating accrued holiday remuneration under paragraph 19 any day or days of annual holiday deducted in accordance with sub-paragraph (1) hereof shall be treated as if they had been allowed in the holiday season.
- 15.—(1) Subject to the provisions of this paragraph an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may be allowed in two periods of consecutive working days ; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
 - (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer or a day on which he does not normally work for the employer intervenes.
 - (4) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season or after the holiday season in the circumstances specified in sub-paragraph (2)(b) of paragraph 13.
 - (5) No day of annual holiday shall be allowed on a customary holiday.
 - (6) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959.
16. An employer shall give to a worker not later than the first day of April in each year notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR ANNUAL HOLIDAY

- 17.—(1) Subject to the provisions of paragraph 18, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.

18. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 19 of this Schedule or with Order R.F.C.S. (29)) in respect of employment during either or both of the periods referred to in paragraph 19, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period or periods shall be reduced by the amount of the said accrued holiday remuneration, unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.F.C.S. (29).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

19. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration:—

- (1) in respect of employment occurring in the 12 months up to and including 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct connected with his employment and is so informed by the employer at the time of dismissal;
- (b) where, during the period or periods in respect of which the said accrued holiday remuneration is payable, the worker has at his written request been allowed any day or days of holiday (other than days of holiday allowed by the employer under paragraph 14) for which he had not qualified under the provisions of this Schedule, any accrued holiday remuneration payable as aforesaid may be reduced by the amount of any sum paid by the employer to the worker in respect of such day or days of holiday;
- (c) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker without the consent of his employer terminates his employment:—
 - (i) without having given not less than one week's notice, or
 - (ii) before one week has expired from the beginning of such notice, the amount of accrued holiday remuneration payable to the worker shall be the amount payable under the foregoing provisions of this paragraph less an amount equal to one day's holiday pay multiplied in the case of (i) by the number of days constituting the worker's normal working week or, in the case of (ii), by the number of days which at the termination of the employment would complete a normal working week commencing at the beginning of the notice.

CALCULATION OF EMPLOYMENT

20. For the purpose of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

The Minister of Agriculture, Fisheries and Food and the Secretary of State, acting jointly (being the appropriate Ministers as defined in section 6(2) of the Agriculture (Fertilisers) Act 1952(a) in relation to a joint scheme for England and Wales, Scotland and Northern Ireland) in exercise of the powers vested in them by section 1 of the said Act and by sections 4 and 5(1) of the Agriculture (Miscellaneous Provisions) Act 1963(b) and of all other powers enabling them in that behalf, with the approval of the Treasury, hereby make the following scheme, of which a draft has been laid before Parliament and has been approved by resolution of each House of Parliament:—

Citation and Application

1. This scheme, which may be cited as the Fertilisers (United Kingdom) Scheme 1964, shall apply to England and Wales, Scotland and Northern Ireland.

Interpretation

2.—(1) In this scheme, unless the context otherwise requires—

“agricultural land” means any land used as arable, meadow or pasture ground, or for the purpose of poultry farming, market gardens, nursery grounds, orchards or allotments, including allotment gardens within the meaning of the Allotments Act 1922(c) or the Allotments (Scotland) Act 1922(d);

“delivered” means, in the case of a purchase by an occupier of agricultural land, or a grower of mushrooms, delivered to or at his farm, holding or premises and, in the case of a purchase by an association, delivered to or at the premises of the association, and “delivery” shall be construed accordingly;

(a) 15 & 16 Geo. 6 & 1 Eliz. 2. c. 15.
(c) 12 & 13 Geo. 5. c. 51.

(b) 1963 c. 11.
(d) 12 & 13 Geo. 5. c. 52.

“the Minister” means the Minister of Agriculture, Fisheries and Food.

(2) The Interpretation Act 1889(a) shall apply to the interpretation of this scheme as it applies to the interpretation of an Act of Parliament.

Contributions for Fertilisers

3. Subject to the provisions of this scheme, where any fertiliser containing nitrogen or phosphoric acid (other than nitrogen or phosphoric acid wholly derived from organic material), not being a fertiliser to which either aldrin or dieldrin has been added, was purchased for use for adding to agricultural land to improve the fertility of the soil or for the growing of mushrooms otherwise than on agricultural land or for application to a crop growing on agricultural land—

- (a) by the occupier of that agricultural land,
- (b) by the grower of such mushrooms, or
- (c) by an association which acquires fertilisers in bulk for redistribution to its members for use for adding to agricultural land in their occupation or for application to crops growing thereon or for use by them for the growing of mushrooms otherwise than on agricultural land

and was delivered to the purchaser during the period beginning with 1st June 1964 and ending with 31st May 1965 the Minister may make a contribution to the purchaser calculated in accordance with the Schedule to this scheme.

Purchase from Registered Suppliers

4.—(1) Subject as hereinafter provided no contribution shall be made under this scheme in the case of a fertiliser delivered in Great Britain unless the fertiliser shall have been purchased from a person registered by the Minister or the Secretary of State, as the case may be, under section 5 of the Agriculture (Miscellaneous Provisions) Act 1963.

- (2) The last foregoing sub-paragraph shall not apply—
- (a) where the fertiliser was purchased from a person not carrying on within Great Britain the business of supplying fertilisers, or
- (b) where the fertiliser was purchased from a person carrying on in Great Britain the business of supplying fertilisers who was not registered as mentioned in the said sub-paragraph and the Minister is satisfied that the purchaser at the time when the contract of sale was made did not know, and could not reasonably have ascertained, that such person was not so registered, and that if the contribution were withheld the purchaser would be without any means of recovering his loss.

Manner and Time of Application for Contribution

5.—(1) Any person or association who desires to obtain a contribution in accordance with the provisions of this scheme shall apply, where the fertiliser was delivered in England or Wales, to the Minister, where the fertiliser was delivered in Scotland, to the Secretary of State and, where the fertiliser was delivered in Northern Ireland, to the Minister of Agriculture for Northern Ireland.

(a) 52 & 53 Vict. c. 63.

(2) An application for contribution shall be made—

- (a) in writing in such form as the Minister may from time to time require, and
(b) within three months of delivery of the fertiliser, or within such further time as the Minister may in special circumstances allow.

Limitation of Contributions

6.—(1) In calculating the amount of any contribution any fraction of a quarter of a hundredweight of the fertiliser shall be disregarded.

(2) No contribution shall be made in connection with any application unless the total quantity of all the fertilisers to which the application relates is not less than 4 cwt.

(3) Where the amount of a contribution calculated at the appropriate rate specified in the Schedule to this scheme in respect of any fertiliser would exceed one half of the cost of the fertiliser when delivered to the purchaser (excluding any charge for credit or spreading and after allowing for any rebate or discount), the amount of such contribution shall be reduced to one half of such cost.

(4) This scheme shall have effect only as respects facilities which are the subject of applications submitted for approval by the appropriate Minister under this scheme while this scheme is in operation, and the Horticulture Improvement Scheme 1960(b) shall not have effect as respects any such facilities.

Conditions of eligibility

3.—(1) Payment of a grant under section 1(1) of the Act of 1960 to the person carrying on a horticultural production business, or to the landlord of land occupied for the purposes of such a business and being or comprised in an agricultural holding, shall not be made unless the appropriate Minister is satisfied that—

(a) at the date of the application for a grant, there is occupied for the purposes of the business not less than four acres of land (calculated, in the case of the special classes of land referred to in subparagraph (2) of this paragraph, in accordance with the provisions of the said subparagraph) which is eligible land as defined in subparagraph (3) of this paragraph ;

(b) the business would, after the approved proposals have been carried out, be capable of yielding an adequate return to any person carrying it on with reasonable efficiency and as a full-time occupation ; and

(c) the person carrying on the business is the owner of the freehold, or in Scotland the owner, of the land on which the approved proposals are to be carried out, or is a tenant of the said land for a term which has an unexpired residue not less than the useful life of the facility to be provided, or the said land constitutes or forms part of an agricultural holding of which, in the case of an application for a grant by the person carrying on a horticultural production business, that person is a tenant.

(2) For the purposes of this scheme, the area of any eligible land which for a period of not less than 24 months immediately preceding the date of the application for a grant has been used in glasshouses, or in buildings used for the production of rhubarb or mushrooms, shall be multiplied by 20; and the area of any eligible land which has been used thus long for growing horticultural produce under movable lights or under fixed structures, not being glasshouses, clad with glass or other translucent material, or for growing watercress, together with any land necessary for access to the growing produce, shall be multiplied by 6:

Provided that any eligible land which at the said date is used in glasshouses or in such buildings or under such lights or structures shall be deemed to have been so used for any period during which, but to no greater extent than, any other land, which has been used for the purposes of the horticultural production business to which the application relates, has been used in the said glasshouses or buildings, or under the said lights or structures, or in or under any other glasshouses, buildings, lights or structures, as the case may be, which the said glasshouses, buildings, lights or structures have replaced, and the foregoing provisions of this subparagraph shall have effect accordingly.

(3) For the purposes of this scheme, "eligible land" means land which is used for the purposes of a horticultural production business at the date of the application for a grant in respect of facilities for the purposes of that business and has been used for the purposes of any horticultural production business for a period of not less than 24 months immediately preceding the said date:

Provided that in the case of land which, at the date of the application for a grant, is used for the growing for sale of horticultural produce consisting of annual vegetables in the open,—

(a) if not less than one-third of the area of that land has been used during the period of 24 months immediately preceding the said date for the purpose of growing for sale successional crops, of which either more than two have been sown or planted or more than two have been harvested or intended to be harvested during the said period, then the whole of the land shall be deemed to be eligible land;

(b) if less than one-third of the area of that land has been used as aforesaid, then three times the acreage of any part of the land which has been so used shall be deemed to be eligible land.

(4) Where any land, which at the date of the application for a grant is occupied for the purposes of a horticultural production business, is not eligible land within the meaning of subparagraph (3) of this paragraph, then—

(a) in so far as the benefit to be derived from any proposals is attributable to that land, it shall be disregarded for the purposes of section 1(4) of the Act of 1960 (which provides that the appropriate Minister shall not approve proposals if their cost is unreasonably high in relation to the benefit derived from them in the carrying on of the business);

(b) where the applicant satisfies the appropriate Minister, at any time before that Minister has determined whether to approve his proposals, that the cost of the proposals has been increased by their being designed for the provision of facilities both for the said land and for eligible land, and agrees with the Minister what proportion of the cost is to be treated as referable to the eligible land, paragraphs (a) and (b) of section 1(5) of the Act of 1960 (which provide for regard to be had only to a proportion of the cost, and for references to expenditure to be

construed as references to a proportion of such expenditure, for purposes relating to grants under section 1 of the said Act) shall apply in relation to that proportion.

4. Payment of a grant under section 1(2) of the Act of 1960, as amended by section 5 of the Act of 1964, to the person carrying on a horticultural producers' marketing business shall not be made unless the appropriate Minister is satisfied that, except in the case of land occupied for the purposes of a business carried on by the Land Settlement Association Limited, the person carrying on the business is the owner of the freehold, or in Scotland the owner, of the land on which the approved proposals are to be carried out, or is a tenant of the said land for a term which has an unexpired residue not less than the useful life of the facility to be provided, or the said land constitutes or forms part of an agricultural holding of which that person is a tenant.

5.—(1) Subject to the provisions of this scheme and to the relevant provisions of the Act of 1960 and the Act of 1964, grants may be paid—

- (b) to the person carrying on a horticultural producers' marketing business, in respect of the facilities specified in Part II and Part III of the Schedule to this scheme, being facilities for the storage, preparation for market or transport of horticultural produce in the course of the business or for conducting a market for the sale of horticultural produce in the course of the business, being a market wholly or mainly for transactions by wholesale, save that grants to the person carrying on a business of a kind described in section 5(2) of the Act of 1964 may be paid only in respect of such of the said facilities as are facilities for conducting a market for the sale of horticultural produce in the course of the business, being a market wholly or mainly for transactions by wholesale.

(2) For the purposes of this paragraph and the next following paragraph, the "relevant provisions of the Act of 1960 and the Act of 1964" shall be construed as sections 1 to 3 and 6 to 8 of the Act of 1960 inclusive and sections 5 to 7 of the Act of 1964 inclusive, the last mentioned three sections being construed as one with Part I of the Act of 1960.

- (a) the first annual instalment shall be £250 or an amount equal to one-half of the amount of the grant, whichever is the greater ;
- (b) the balance shall be paid by equal annual instalments over a period of five years from the date of payment of the first instalment of the grant :

Provided that, notwithstanding any of the foregoing provisions of this paragraph,—

- (i) no instalment shall be less than £50 ;

(ii) where the payment of any instalment would leave a balance unpaid of less than £50, such balance shall be paid with that instalment.

(2) This paragraph shall apply where a grant of an amount not less than £250 is to be paid in respect of the provision of any of the facilities specified in paragraph 2, paragraphs 12 to 18 inclusive and 21 of the Schedule to this scheme, or in respect of any operation incidental to the provision of any of the said facilities and falling within paragraphs 11, 20 or 23 of the said Schedule, and either the facility is being provided—

- (a) for the purposes or to assist the carrying on of more than one horticultural production business, or
- (b) for the purpose of conducting a market for the sale of horticultural produce in the course of a horticultural producers' marketing business, being a market wholly or mainly for transactions by wholesale, or
- (c) for the purposes of a horticultural production business on land which is separated by more than 200 yards from all other land used for the purposes of the business, the distance being measured between the points nearest to one another.

Application for, and conditions of payment of, grants

7.—(1) It shall be a condition of the making of payment to any person in respect of a grant under section 1 of the Act of 1960 as amended by section 5 of the Act of 1964, including the first but no later instalment of a grant payable by instalments pursuant to paragraph 6 of this scheme, that—

- (a) there is an application in writing for the approval of the appropriate Minister stating the facility which the applicant proposes to provide, in respect of which a grant is applied for, and furnishing such information as the appropriate Minister may reasonably require ;
- (b) the appropriate Minister has approved the proposals in writing, whether or not subject to conditions specified by him in writing ;
- (c) no modification of the approved proposals has been carried out except with the approval of, and subject to such conditions, if any, as may have been specified by, the appropriate Minister in writing ;
- (d) the approved proposals have been carried out in a proper manner, and completed without avoidable delay, and any condition subject to which approval was given has been complied with.

(2) Where a grant is payable by instalments pursuant to paragraph 6 of this scheme, it shall be a condition of the making of payment to any person by way of an instalment of the grant, other than the first such instalment, that there is an application in writing to the appropriate Minister for the payment, furnishing such information as the appropriate Minister may reasonably require and as will satisfy him that—

- (a) the requirements of the conditions of eligibility set out in either paragraph 3 or paragraph 4 of this scheme (as the case may be) continue to be met ; and
- (b) the facility in respect of which the grant is being paid continues to be used for a purpose for which a grant may, under the Act of 1960, the Act of 1964 and this scheme, be paid to the applicant in respect thereof.

Minimum cost in respect of which grants will be payable

8. No grant shall be payable on any one application if the expenditure in respect of which the grant would be payable, as estimated by the appropriate Minister at the time of approval, or the standard cost (as the case may be), is less than £100, excluding any fees for professional or other advice in respect of which grant would otherwise be payable.

EXPLANATORY NOTE

(This Note is not part of the regulations, but is intended to indicate their general purport.)

These regulations amend and supplement the Horticultural Improvements (Standard Costs) Regulations 1963 in relation to operations included in proposals which are approved on or after 1st July 1964. The following are the principal changes :—

- (a) Standard costs are fixed for the first time for—
 - (i) Mushroom houses.
 - (ii) Rhubarb sheds.
 - (iii) Insulation for mushroom houses and rhubarb sheds.
- (b) The operations relating to glasshouses (except a static glasshouse comprising Dutch lights without any supporting structure) are subdivided into operations for constructing glasshouses of metal or of wood ; and within each sub-division, where the cost of materials is included, the standard costs differ according to the width of the glass. A standard cost is fixed for the first time in respect of the cost of labour only.
- (c) The standard costs for all types of glasshouse are fixed in relation to the glazed area instead of the floor area.
- (d) In place of a standard cost for a side wall surmounted by a rail for a mobile glasshouse, a standard cost is fixed for a rail only.
- (e) A standard cost is fixed for concreting less than 4" thick but not less than 3" thick.
- (f) In place of plastic piping for both internal plumbing and services and external cold water supplies (underground), polythene piping and polyvinyl chloride piping (unplasticised) are listed as distinct operations, with lower standard costs for polyvinyl chloride piping of diameters not exceeding 1½" ; for the first time standard costs are fixed for polyvinyl chloride piping of diameters exceeding 1½" for external cold water supplies.
- (g) In the operation of grubbing or clearing orchards the standard cost for trees with a girth not less than 57" is increased.
- (h) The operations referred to in sub-paragraph (a) above have been added to the Table in Part II of Schedule 1 which sets out the percentage which may be added to the standard cost when fees for professional advice or assistance have been incurred.
- (j) Mushroom houses and rhubarb sheds have been added to the operations in respect of which a reduction is required (by paragraph 2 in Part II of Schedule 1) of 40s. 0d. a square yard of wall rendered unnecessary by reason of the building being constructed as a lean-to, or as part of or adjacent to any other construction.
- (k) The operations in which previously-used materials may be incorporated are more precisely defined and materials from a dismantled glasshouse may now be used in constructing glasshouses, other than static glasshouses comprising Dutch lights without any supporting structure.
- (l) The general specifications are amended as respects damp-proofing in glasshouses and the thickness of concrete floors.

These regulations fix standard costs in respect of the operation of clearing an orchard where such clearance is approved, on or after 1st July 1964, for grant under section 3 of the Agriculture and Horticulture Act 1964.

PART IV

GUARANTEED WEEKLY REMUNERATION

10.—(1) Notwithstanding the foregoing provisions of this Schedule, where in any week the total amount of the minimum remuneration payable to any worker—

(a) under those provisions ; and

(b) by way of holiday remuneration under any wages regulation (holidays) order ;

would be less than the guaranteed weekly remuneration provided for by this paragraph, the minimum remuneration payable to that worker for that week shall, in lieu of the minimum remuneration which would otherwise be payable under those provisions and that order, be the guaranteed weekly remuneration provided for by this paragraph.

(2) Subject to the provisions of this paragraph, a worker (other than a jobber) who ordinarily works for the employer for at least 36 hours weekly on work to which this Schedule applies shall be entitled to be paid in respect of any week not less than the guaranteed weekly remuneration for 42 hours :

Provided that where the worker normally works for the employer on work to which this Schedule applies for less than 42 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week, the guaranteed weekly remuneration shall be for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies.

(3) Guaranteed weekly remuneration shall be calculated at the minimum rate or rates ordinarily applicable to the worker in respect of time ordinarily worked by him (excluding overtime, except on Sunday) on work to which this Schedule applies in the following manner, that is to say—

(a) at double time in respect of Sunday work in excess of 4 hours ; and

(b) at the night worker's rate in respect of work to which that rate is ordinarily applicable ; and

Provided that where the ordinary working week of a night worker or of a worker (including a night worker) who ordinarily works overtime on Sunday is less than 42 hours and the worker is not a worker to whom the proviso to sub-paragraph (2) of this paragraph applies, the guaranteed weekly remuneration in respect of a week shall be whichever of the two following amounts is the greater, that is to say—

(i) the amount due in respect of the worker's ordinary weekly working hours calculated in accordance with the foregoing provisions of this sub-paragraph ; or

(ii) an amount equal to 42 hours' pay calculated at the minimum rate or rates applicable to a worker of the corresponding class and area who is solely employed on day work other than overtime.

(4) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week, excluding any day allowed to him as a holiday, is—

(a) capable of and available for work, and

(b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.

(5) If the employer is unable to provide the worker with work during the worker's normal working hours by reason of a strike, failure of supplies, or any cause beyond the employer's control and gives the worker four clear days' notice that work will not be available, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or part of which the employer continues to be unable to provide work as aforesaid:

Provided that the guaranteed weekly remuneration payable to a worker in respect of the week in which the said notice expires shall be such proportion of the guaranteed weekly remuneration payable to the worker under the foregoing provisions of this paragraph as the number of the worker's normal working hours on work to which this Schedule applies, falling in that week up to the expiry of the notice, bears to the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies.

(6) The guaranteed weekly remuneration applicable to a piece worker shall be the sum to which he would be entitled if he were a time worker.

ROAD TRAFFIC

SPECIAL ROADS

The Motorways Traffic (Scotland) Regulations 1964

<i>Made</i> - - - -	30th June 1964
<i>Laid before Parliament</i>	10th July 1964
<i>Coming into Operation</i>	11th July 1964

In exercise of the powers conferred on me by section 37 of the Road Traffic Act 1960(a) and of all other powers enabling me in that behalf and after consultation with representative organisations in accordance with the provisions of section 260(2) of that Act, I hereby make the following regulations :—

Commencement and citation

1. These regulations may be cited as the Motorways Traffic (Scotland) Regulations 1964 and shall come into operation on 11th July 1964.

Interpretation

2.—(1) The Interpretation Act 1889(b) shall apply for the interpretation of these regulations as it applies for the interpretation of an Act of Parliament.

(2) In these regulations, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them, that is to say—

- (a) “*carriageway*” means that part of a motorway which is constructed with a surface suitable for the regular passage of vehicular motor traffic along the motorway and is distinguishable from the other parts of the motorway by the fact that on each side that part of the motorway either consists of a marginal strip or is contiguous to a raised kerb, but the said expression does not include any part of a central reservation ;
- (b) “*central reservation*” means that part of a motorway which separates two carriageways running along that motorway parallel or approximately parallel to each other and which is contiguous on one side to one of those carriageways and on the other side to the other of those carriageways ;
- (c) “*excluded traffic*” means traffic which is not traffic of Classes I or II ;
- (d) “*marginal strip*” means a continuous narrow strip of the surface of a carriageway which is at the side of that carriageway and is distinguishable from the rest of that surface by having a colour which is different from the colour of the rest of that surface ;
- (e) “*the Secretary of State*” means the Secretary of State for Scotland ;
- (f) “*motorway*” means any road or part of a road to which these regulations apply by virtue of regulation 3 ;

(a) 8 & 9 Eliz. 2. c. 16.

(b) 52 & 53 Vict. c. 63.

(g) "traffic sign" has the meaning assigned thereto by section 51(1) of the Road Traffic Act 1960 ;

(h) "verge" means any part of a motorway which is not a carriageway or a central reservation.

(3) A vehicle shall be treated for the purposes of any provision of these regulations as being on any part of a motorway specified in that provision if any part of the vehicle (whether it is at rest or not) is on the part of the motorway so specified.

(4) Any provision of these regulations containing any prohibition or restriction relating to the driving, moving or stopping of a vehicle, or to its remaining at rest, shall be construed as a provision that no person shall use a motorway by driving, moving or stopping the vehicle or by causing or permitting it to be driven or moved, or to stop or remain at rest, in contravention of that prohibition or restriction.

(5) In these regulations references to numbered classes of traffic are references to the classes of traffic of those numbers set out in Schedule 2 to the Special Roads Act 1949(a), or, as for the time being varied or amended by virtue of any order made by the Secretary of State under section 2 of that Act.

The Motorways

3. These regulations apply to every special road or part of a special road provided in pursuance of a scheme made or confirmed by the Secretary of State under section 1 of the Special Roads Act 1949, being a road or, as the case may be, a part of a road which (save as otherwise provided by or under regulations made under section 37 of the Road Traffic Act 1960) can only be used by traffic of Classes I or II :

Provided that these regulations shall not apply to any part of any such road until such date as may be declared in accordance with section 37(5) of the Road Traffic Act 1960, to be the date on which it is open for use as a special road.

Vehicles to be driven on the carriageways only

4. Subject to the following provisions of these regulations, no vehicle shall be driven on any part of a motorway which is not a carriageway.

Direction of driving

5.—(1) Where there is a traffic sign indicating that there is no entry to a carriageway at a particular place, no vehicle shall be driven or moved on to that carriageway at that place.

(2) Where there is a traffic sign indicating that there is no left or right turn into a carriageway at a particular place, no vehicle shall be so driven or moved as to cause it to turn to the left or (as the case may be) to the right into that carriageway at that place.

(3) Every vehicle on a length of carriageway which is contiguous to a central reservation shall be driven in such a direction only that that reservation is at all times on the right-hand or off side of the vehicle.

(4) Where traffic signs are so placed that there is a length of carriageway (being a length which is not contiguous to a central reservation) which can be entered at one end only by vehicles driven in conformity with paragraph (1) of this regulation, every vehicle on that length of carriageway shall be driven in such a direction only as to cause it to proceed away from that end of that length of carriageway towards the other end thereof.

(5) Without prejudice to the foregoing provisions of this regulation, no vehicle which—

(a) is on a length of carriageway on which vehicles are required by any of the foregoing provisions of this regulation to be driven in one direction only and is proceeding in or facing that direction, or

(b) is on any other length of carriageway and is proceeding in or facing one direction,

shall be driven or moved so as to cause it to turn and proceed in or face the opposite direction.

Restrictions on stopping

6.—(1) Subject to the following provisions of this regulation, no vehicle shall stop or remain at rest on a carriageway.

(2) Where it is necessary for a vehicle which is being driven on a carriageway to be stopped while it is on a motorway—

(a) by reason of a breakdown or mechanical defect or lack of fuel, oil or water required for the vehicle ; or

(b) by reason of any accident, illness or other emergency ; or

(c) to permit any person carried in or on the vehicle to recover or move any object which has fallen on a motorway ; or

(d) to permit any person carried in or on the vehicle to give help which is required by any other person in any of the circumstances specified in the foregoing provisions of this paragraph,

the vehicle shall, as soon and in so far as is reasonably practicable, be driven or moved off the carriageway on to, and may stop and remain at rest on, the verge which lies on the left-hand or near side of that vehicle while it is proceeding along that carriageway in accordance with the provisions of regulation 5.

(3) A vehicle which is at rest on a verge in any of the circumstances specified in paragraph (2) of this regulation—

(a) shall so far as is reasonably practicable be allowed to remain at rest on that verge in such a position only that no part of it or of the load carried thereby shall obstruct or be a cause of danger to vehicles using the carriageway, and

(b) shall not remain at rest on that verge for longer than is necessary in those circumstances.

(4) Nothing in the foregoing provisions of this regulation shall preclude a vehicle from stopping or remaining at rest on a carriageway while it is prevented from proceeding along that carriageway by the presence of any other vehicle or any person or object.

Restrictions on reversing

7. No vehicle on a carriageway shall be driven or moved backwards except in so far as it is necessary to back the vehicle to enable it to proceed forwards along the carriageway or to be connected to any other vehicle.

Restrictions on use of verges

8. No vehicle shall be driven or moved or stop or remain at rest on any verge except in accordance with regulation 6(2) and (3).

Vehicles not to use the central reservation

9. No vehicle shall be driven or moved or stop or remain at rest on a central reservation.

Vehicles not to be driven by learner drivers

10. No motor vehicle shall be driven on a motorway by a person who is authorised to drive that vehicle on a road by virtue only of his being the holder of a provisional licence granted to him under section 102(1) of the Road Traffic Act 1960 :

Provided that this regulation shall not apply to a vehicle which is being driven on a motorway by a person authorised as aforesaid if that person has, since the date of coming into force of the said provisional licence, passed a test prescribed under section 99(2) of the said Act of 1960, sufficient to entitle him to be granted under that Act a licence, other than a provisional licence, authorising him to drive that vehicle on a road.

Restrictions affecting persons on foot on a motorway

11. No person shall at any time while on foot go or remain on any part of a motorway other than a verge except in so far as it is necessary for him to do so to get to a verge or to secure compliance with any of these regulations or to recover or move any object which has fallen on a motorway or to give help which is required by any other person in any of the circumstances specified in regulation 6(2).

Restrictions affecting animals carried in vehicles

12. The person in charge of any animal which is carried by a vehicle using a motorway shall, so far as is practicable, secure that—

- (a) the animal shall not be removed from or permitted to leave the vehicle while the vehicle is on the motorway, and
- (b) if it escapes from, or it is necessary for it to be removed from, or permitted to leave, the vehicle—
 - (i) it shall not go or remain on any part of a motorway other than a verge, and
 - (ii) it shall whilst it is not on or in the vehicle be held on a lead or otherwise kept under proper control.

Use of motorway by excluded traffic

13.—(1) Excluded traffic is hereby authorised to use a motorway on the occasions or in the emergencies and to the extent specified in the following provisions of this paragraph, that is to say—

- (a) traffic of Classes III or IV may use a motorway for the maintenance, repair, cleaning or clearance of any part of a motorway or for the erection, laying, placing, maintenance, testing, alteration, repair or removal of any structure, works or apparatus in, on, under or over any part of the motorway ;
- (b) pedestrians may use a motorway—
 - (i) when it is necessary for them to do so as a result of an accident or emergency or of a vehicle being at rest on a motorway in any of the circumstances specified in regulation 6(2), or
 - (ii) in any of the circumstances specified in regulation 14(1)(b), (d), (e) or (f).

(2) Without prejudice to the foregoing provisions of this regulation, the Secretary of State may authorise the use of a motorway by any excluded traffic on occasion or in emergency or for the purpose of enabling such traffic to cross a motorway or to secure access to premises abutting on or adjacent to a motorway.

(3) Without prejudice to the foregoing provisions of this regulation, where by reason of any emergency the use of any road (not being a motorway) by any excluded traffic is rendered impossible or unsuitable the Chief

Constable of the police area in which a motorway or any part of a motorway is situated, or any officer of or above the rank of superintendent authorised in that behalf by that Chief Constable, may—

- (a) authorise any excluded traffic to use that motorway or that part of a motorway as an alternative road for the period during which the use of the other road by such traffic continues to be impossible or unsuitable, and
- (b) relax any prohibition or restriction imposed by these regulations in so far as he considers it necessary to do so in connection with the use of that motorway or that part of a motorway by excluded traffic in pursuance of any such authorisation as aforesaid.

Exceptions and relaxations

14.—(1) Nothing in the foregoing provisions of these regulations shall preclude any person from using a motorway otherwise than in accordance with those provisions in any of the following circumstances, that is to say—

- (a) where he does so in accordance with any direction or permission given by a constable in uniform or with the indication given by a traffic sign ;
 - (b) where he does so in accordance with any permission given by a constable and for the purpose of investigating any accident which has occurred on or near a motorway ;
 - (c) where—
 - (i) it is necessary for him to do so to avoid or prevent an accident or to obtain or give help required as the result of an accident or emergency, and
 - (ii) he does so in such manner as to cause as little danger or inconvenience as possible to other traffic on a motorway ;
 - (d) where he does so in the exercise of his duty as a constable or as a member of a fire brigade or of an ambulance service ;
 - (e) where it is necessary for him to do so to carry out in an efficient manner—
 - (i) the maintenance, repair, cleaning, clearance, alteration or improvement of any part of a motorway, or
 - (ii) the removal of any vehicle from any part of a motorway, or
 - (iii) the erection, laying, placing, maintenance, testing, alteration, repair or removal of any structure, works or apparatus in, on, under or over any part of a motorway ; or
 - (f) where it is necessary for him to do so in connection with any inspection, survey, investigation or census which relates to a motorway or any part thereof and which is carried out in accordance with any general or special authority granted by the Secretary of State.
- (2) Without prejudice to the foregoing provisions of these regulations, the Secretary of State may relax any prohibition or restriction imposed by these regulations.

Michael Noble,

One of Her Majesty's Principal
Secretaries of State.

The regulations provide that except in certain specified cases—

- (c) vehicles are not to stop on the carriageways (regulation 6(1)) ;
- (d) vehicles on the carriageways are not to reverse (regulation 7) ;
- (e) vehicles may use the verges only to the extent permitted by regulation 6(2) and (3) (regulation 8) ;
- (f) vehicles are not to be driven or to remain at rest on central reservations (regulation 9) ;
- (g) vehicles are not to be driven on motorways by learner-drivers (regulation 10) ;
- (h) persons on foot on a motorway are not to be on the carriageways or on central reservations (regulation 11) ;
- (i) animals carried in a vehicle are as far as practicable to be kept in the vehicle or, if they are not in the vehicle, are not to go or remain on any part of a motorway other than a verge and are to be kept under proper control (regulation 12).

Regulation 13 provides that certain classes of traffic not ordinarily authorised to use motorways may use a motorway as specified in paragraph (1) and also makes provision for enabling such traffic to be authorised to use a motorway as specified in paragraphs (2) and (3).

Regulation 14 provides for certain general exceptions from the provisions of the regulations and authorises the Secretary of State to relax any prohibition or restriction imposed thereby.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations consolidate with amendments the Regulations specified in Schedule 5. Certain of the amendments are consequential upon the passing of the Dangerous Drugs Act 1964; in particular, reference is now made in Regulations 6(1) and 17(1) to the drugs specified in Part I of Schedule 1 to that Act (that is to say, the drugs to which Part III of the Dangerous Drugs Act 1951, as amended by the Act of 1964, applies) and, following the Act of 1964, the name "Cannabis" is substituted for "Indian Hemp". Of the other amendments the principal are as follows. New provision is made (a) in Regulation 9(2), to secure that a person who obtains a prescription for a drug by means of a false statement does not become authorised to be in possession of that drug; (b) in Regulation 13(1), to require the master of a ship in possession of drugs under the Regulation to keep them in a locked receptacle; (c) in Regulation 13(4), to authorise a midwife in possession of certain drugs under that Regulation to surrender her stocks thereof to the medical officer of health; (d) in Regulation 14(1), to require a written prescription given for a drug to be indelible; (e) in Regulation 17(2), to make clear that the separate register or part of a register kept under that Regulation for each specified class of drug may be kept in separate sections for different drugs and preparations within that class; and (f) in Regulation 38, regarding the equivalency of the metric and imperial systems.

15. Where at the written request of the worker at any time preceding the commencement of the holiday season in any year, his employer allows him any day or days of annual holiday and pays him holiday remuneration in respect thereof calculated in accordance with the provisions of paragraphs 18 and 19, then the annual holiday to be allowed in accordance with paragraph 14 in the holiday season in that year shall be reduced by the day or days of annual holiday so allowed prior to the commencement of that holiday season.

16.—(1) Subject to the provisions of this paragraph an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.

(2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may at the written request of the worker be allowed in two periods of consecutive working days ; so however that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.

- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer or a day on which he does not normally work for the employer intervenes.
- (4) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season.
- (5) No day of annual holiday shall be allowed on a customary holiday.
- (6) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959.
17. An employer shall give to a worker not later than 1st April in each year notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

HOLIDAY REMUNERATION

- 18.—(1) Subject to the provisions of paragraph 19, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
19. Where any accrued holiday remuneration has been paid by the employer to the worker in accordance with paragraph 20 of this Schedule or with Order B.F.C.S. (14), in respect of employment during either or both of the periods referred to in paragraph 20, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period or periods shall be reduced by the amount of the said accrued holiday remuneration unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order B.F.C.S. (14).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

20. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective the employer shall, immediately on the termination of the employment, pay to the worker as accrued holiday remuneration:—
- (1) in respect of employment in the 12 months up to and including the 31st day of the preceding March, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since the 31st day of the preceding March, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it.

CALCULATION OF EMPLOYMENT

21. For the purposes of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

(2) Accommodation shall not be deemed to be available to a person for the purposes of the preceding paragraph if—

(a) it is occupied by calves, dairy cows in milk, pigs, unfit animals or animals of a class for which such accommodation has been specially constructed or adapted ;

(b) the market is divided into separate parts for the conduct of different kinds of sales, with separate accommodation for each part, and the accommodation belongs to a part of the market other than that in which the animal is or has been exposed for sale ; or

(c) the consent of another person is required for the use of the accommodation and either it has not been reasonably possible to ask for such consent or such consent has been asked for and has been withheld ;

but shall otherwise be deemed to be available whether it is occupied by other animals or not.

(3) Nothing in this article shall compel animals of different species to be kept in the same pen or shall affect—

(a) the necessary movement of an animal within a market ;

(b) the exposure for sale of an animal in an open sale ring for such period as is reasonably necessary to enable it to be sold by auction ; or

EXPLANATORY NOTE

(This note is not part of the order, but is intended to indicate its general purport.)

This order, which is made under the Diseases of Animals Act 1950, provides for the protection of cattle, sheep, goats and pigs from unnecessary suffering while exposed for sale in markets or awaiting removal afterwards. Unfit animals (including animals which are overstocked or which need food or water) may be treated and if necessary removed for the purpose by a veterinary inspector at the expense of the owner. Animals must be watered as often as necessary ; they must be fed and watered if they are awaiting removal overnight, and afterwards every 12 hours until they are removed. Provision is made for the penning of animals, including the tying of bulls and the segregation of horned and hornless cattle. Calves, dairy cows in milk and pigs must be kept under cover of a roof where such accommodation is available. Market authorities are obliged to provide a supply of drinking water, facilities for drinking, and pens which are free from injurious projections.

The order comes into operation on 16th July 1964, but the provisions relating to feeding, watering and the obligations of market authorities will not be operative until 6 months later. The segregation of horned cattle becomes obligatory on 16th January 1966.

Interpretation

2.—(1) In these Regulations

“the Act” means the Civil Aviation (Eurocontrol) Act 1962;

“maximum total weight authorised” means, in relation to an aircraft, the maximum total weight of the aircraft and its contents at which the aircraft may take off in the United Kingdom in the most favourable circumstances in accordance with the certificate of airworthiness for the time being in force in respect of the aircraft; however, if that certificate indicates a maximum total weight at which the aircraft may taxi, that weight shall be taken to be the maximum total weight authorised;

“the specified amount” means, in relation to a landing or take-off, the additional cost incurred by the Minister in providing navigation services by reason of the landing or take-off, as the case may be, being made outside hours;

“the standard charge” means in the case of aircraft other than helicopters a charge of three shillings for each complete 1,000 lb. of the maximum total weight authorised of the aircraft in respect of which the charge is made, and three shillings for each fraction of 1,000 lb. not being less than 500 lb. and in the case of helicopters a charge equal to one half of those amounts;

“within hours” means within the notified hours of watch of the air traffic control unit at the aerodrome, and “outside hours” shall be construed accordingly.

(2) Expressions used in these Regulations shall unless the context otherwise requires have the same respective meanings as in the Air Navigation Order 1960^(b) as amended^(c).

(2) Where on the occasion of any landing or take-off (as the case may be) the distance in the case of a landing between the point of take-off and the point of landing and in the case of a take-off between the point of take-off and the point of intended landing does not exceed 115 miles measured along the great circle, for the references to "the standard charge" in the Table in sub-paragraph (1) of this paragraph there shall be substituted references to "half the standard charge".

**The Police Pensions (Amendment) (No. 2) Regulations
1964**

Laid before Parliament in draft

Made - - - - 9th July 1964

Coming into Operation 1st August 1964

In exercise of the powers conferred on me by sections 1, 3 and 5(4) of the Police Pensions Act 1948(a), as extended by section 43 of the Reserve and Auxiliary Forces (Protection of Civil Interests) Act 1951(b), sections 29B(4) and 33B of the Police (Scotland) Act 1956(c) (as amended by the Police Act 1964(d)), section 5(3) of the Overseas Service Act 1958(e) and Schedule 2 thereto, section 1(1) of the Police Pensions Act 1961(f), and sections 40 and 43(4) of the Police Act 1964 and Schedule 6 thereto, and after consultation with the Police Councils for England and Wales and for Scotland, I hereby, with the consent of the Treasury, make the following Regulations, a draft of which has been laid before Parliament and has been approved by resolution of each House of Parliament:—

1. For Regulation 1(4) of the principal Regulations (which provides that an overseas policeman shall not be entitled to an ordinary pension on retirement before completion of his tour of overseas service) there shall be substituted the following provision:—

“(4) This Regulation shall not apply to an overseas policeman or central police officer who retires or retired before the completion of the tour of overseas service or, as the case may be, of central service (if any), applicable in his case.”

2. In Regulation 4(4) of the principal Regulations (which relates to a policeman's supplemental pension) for the words “Regulation 5 or 7” there shall be substituted the words “Regulation 5, 5A or 7”.

3. For Regulation 5(1) of the principal Regulations (which relates to the commutation of part of a pension) there shall be substituted the following provision:—

“(1) This Regulation shall apply to a regular policeman who retires or retired on or after 14th April 1958 but before 1st August 1964.”

4. After Regulation 5 of the principal Regulations there shall be inserted the following Regulation:—

“New provisions as to commutation of part of a pension

5A.—(1) This Regulation shall apply to a regular policeman who retires on or after 1st August 1964.

(a) 11 & 12 Geo. 6. c. 24.
(d) 1964 c. 48.

(b) 14 & 15 Geo. 6. c. 65.
(e) 6 & 7 Eliz. 2. c. 14.

(c) 4 & 5 Eliz. 2. c. 26.
(f) 9 & 10 Eliz. 2. c. 35.

(2) A regular policeman to whom this Regulation applies may, in accordance with the provisions thereof, commute for a lump sum a portion of any pension, other than a supplemental pension, to which he is or may become entitled, provided, in the case of an ordinary pension, that he retires or retired either when entitled to reckon at least 30 years' pensionable service or in the circumstances mentioned in sub-paragraph (a) or (b) of Regulation 3(1).

(3) For the purpose of commuting a portion of his pension a person shall give notice in writing (in this Regulation called 'notice of commutation') to the police authority of his wish to surrender and commute for a lump sum such portion of his pension, not exceeding a quarter of the pension which would be payable but for the provisions of Regulation 7, as (subject to the limitation contained in Regulation 8) he may specify.

(4) The notice of commutation shall be given by a person not earlier than 2 months before his intended retirement nor later than 6 months after his retirement.

(5) The notice of commutation given by a person shall become effective—

(a) as from the date of his retirement ; or

(b) as from the date on which the notice is received by the police authority,

whichever is the later :

Provided that the notice of commutation shall not become effective if—

(i) it was given more than 2 months before his retirement, or

(ii) it relates to an ill-health pension and the unsecured portion of that pension has sooner been terminated under Regulation 44.

(6) Where a person retires or has retired and a notice of commutation given by him becomes or has become effective, the police authority shall reduce the pension to which the notice relates in accordance with the notice as from the time from which the notice is effective and shall pay to him a lump sum of such amount as is the actuarial equivalent of the surrendered portion of the pension at the date of his retirement, calculated from tables prepared by the Government Actuary :

Provided that where the notice is effective as from the date mentioned in paragraph (5)(b), the lump sum shall be reduced by an amount equal to the difference between the aggregate payments made in respect of the pension and the aggregate payments which would have been so made had it been reduced from the date of the retirement.

(7) Where the unsecured portion of an ill-health pension is terminated under Regulation 44, after a notice of commutation in relation to the pension has become effective—

(a) no reduction shall be made under paragraph (6) in the secured portion of the pension, insofar as it is payable under Regulation 44 ;

(b) if thereafter the person concerned becomes entitled to a pension, other than a supplemental pension, and is entitled to reckon for the purposes thereof the period of pensionable service reckonable for the purposes of the ill-health pension first mentioned in this paragraph, the unsecured portion of the other pension shall be reduced by the amount by which the ill-health pension would have been reduced if it had not been terminated as aforesaid.

(8) Where a person wishes to surrender and commute for a lump sum a portion of a pension which falls to be reduced under paragraph (7)(b), he shall not specify in the notice of commutation a portion of the pension which, when aggregated with the said reduction, exceeds a quarter of the pension which would be payable but for the provisions of paragraph (7)(b) and of Regulation 7.

(9) A notice of commutation given before 1st August 1964 for the purposes of Regulation 5 shall have effect for the purposes of this Regulation as if it had been given hereunder unless the person otherwise elects by notice in writing given to the police authority before the date of his retirement; and where he so elects he may give a fresh notice of commutation under this Regulation.”.

5. For Regulation 7 of the principal Regulations (which relates to the allocation of part of a pension) there shall be substituted the following Regulation:—

“ Current provisions as to allocation of part of a pension

7.—(1) This Regulation shall apply to a regular policeman who retires or retired on or after 14th April 1958.

(2) A regular policeman to whom this Regulation applies and who is entitled to reckon not less than 25 years' pensionable service may, in accordance with the provisions thereof, allocate a portion of any pension, other than a supplemental pension, to which he may become entitled and, notwithstanding that he has already allocated a portion of such a pension, he may—

(a) allocate a further portion of that pension in favour of the beneficiary of the previous allocation; or

(b) where that beneficiary has died, allocate a further portion of that pension in favour of some other beneficiary.

(3) A regular policeman to whom this Regulation applies may, in accordance with the provisions thereof, allocate a portion of a short service pension.

(4) For the purpose of allocating a portion of his pension a person shall—

(a) give notice in writing (in this Regulation called ‘notice of allocation’) to the police authority of the force in which he is serving stating—

(i) his wish to surrender such portion of his pension as, subject to the limitations contained in paragraph (5) and in Regulation 8, he may specify,

(ii) the person in whose favour the surrender is to take effect (in this Regulation called ‘the beneficiary’), being his wife or some other person who the police authority are satisfied is substantially dependent on him,

(iii) in the case of an allocation by a person entitled to reckon not less than 25 years' pensionable service, whether the notice of allocation is to become effective in accordance with sub-paragraph (a) or (b) of paragraph (6); and

(b) satisfy the police authority of his good health and for that purpose submit himself to such medical examination as they may require.

Except where, in such case as is mentioned in sub-paragraph (a)(iii), the notice of allocation is to become effective in accordance with paragraph (6)(a), the notice shall be given not earlier than 2 months before the person's intended retirement.

(5) The total portion of a pension which may be surrendered by a person under this Regulation shall not exceed a third of the pension which would be payable in his case but for the provisions of this Regulation, of Regulation 5, of Regulation 5A and of Part IV of Schedule 1.

(6) Where a person has complied with the provisions of sub-paragraphs (a) and (b) of paragraph (4), the police authority shall forthwith send to him a written notification that they have accepted the notice of allocation, which shall become effective—

(a) in the case of an allocation by a person who was entitled to reckon not less than 25 years' pensionable service when he gave the notice of allocation and stated therein that the notice should become effective in accordance with this sub-paragraph—

(i) as from the time when the notification is received by him or, if sent by post, as from the time when it would be delivered to him in the ordinary course of post, or

(ii) as from the date of his retirement,

whichever is the earlier ;

(b) in any other case, if, and only if, he retires within 2 months of giving the notice of allocation and in such case as from the date of retirement.

(7) Where a person retires or has retired and a notice of allocation given by him becomes or has become effective—

(a) the pension to which the notice relates shall be reduced in accordance with the notice as from the date from which it is payable (notwithstanding the death before that date of the beneficiary specified in the notice) ; and

(b) the police authority shall, as from the person's death, pay to the beneficiary specified in the notice, if that person survives him, a pension of such amount as is the actuarial equivalent of the surrendered portion of the pension so specified.

(8) For the purposes of paragraph (7)(b) the actuarial equivalent of the surrendered portion of the pension shall be calculated from tables prepared by the Government Actuary and in force at the time when the notice of allocation became effective, which tables shall—

(a) take account of the age of the regular policeman and of the age of the beneficiary at that time ; and

(b) make different provision according to whether the notice of allocation became effective in accordance with sub-paragraph (a) or (b) of paragraph (6),

and separate calculations shall be made in respect of separate allocations.

(9) Where a person was entitled to reckon at least 25 years' pensionable service when he gave the notice of allocation and stated therein that it should become effective in accordance with paragraph (6)(a), then, if he

dies or died before retiring, the police authority shall pay to the beneficiary the like pension as they would have paid by virtue of that notice if he had retired immediately before he died.

(10) Without prejudice to the generality of Regulation 104, the allocation of a portion of a pension, the giving of a notice or any other thing done under any provision of the former Regulations corresponding to this Regulation shall have effect for the purposes of this Regulation as if it had been done hereunder.

(11) Any reference in these Regulations to a widow's pension, however expressed, shall be construed as excluding a reference to a pension payable to a widow under this Regulation."

6. In Regulation 8 of the principal Regulations (which limits the right to commute or allocate part of a pension) after the words "Regulation 5" there shall be inserted the words "or 5A".

7. For Regulation 12(2) of the principal Regulations (which relates to widows' special pensions) there shall be substituted the following provisions:—

"(2) A widow to whom this Regulation applies shall be entitled to a widow's special pension.

(3) Without prejudice to Regulation 12A(2), a widow's special pension shall be calculated in accordance with Part III of Schedule 2, subject however to Part V of that Schedule."

8. After Regulation 12 of the principal Regulations there shall be inserted the following Regulation:—

"Widow's augmented award where husband's death results from an attack

12A.—(1) This Regulation shall apply to a widow of a member of a police force who dies or has died on or after 5th July 1948 as the result of an injury received without his own default in the execution of his duty where he is or was attacked by a person or persons in a manner which in the opinion of the police authority is or was intrinsically likely to cause death and death ensues as a result of the attack.

(2) A widow's special pension payable to a widow to whom this Regulation applies shall be calculated in accordance with Part IV of Schedule 2 in respect of any week for which the amount of the pension so calculated is greater than the amount calculated in accordance with Part III of Schedule 2, subject however, in either case, to Part V of that Schedule.

(3) A widow to whom this Regulation applies whose husband dies on or after 1st August 1964 shall be entitled to a gratuity, as hereinafter provided, in addition to a widow's special pension.

(4) The gratuity under paragraph (3) shall be of an amount equal to twice the annual pensionable pay (at the date of the death of the person in respect of whom the gratuity is payable) of a man holding the rank of constable in a police force and entitled to reckon 30 years' service for the purposes of pay."

9. In Regulation 18(2) of the principal Regulations (which contains limitations on a widow's entitlement to a special pension) after the words "widow's special pension" there shall be inserted the words "or a gratuity under Regulation 12A(3)".

10. After Regulation 22 of the principal Regulations there shall be inserted the following Regulation:—

“ Child’s gratuity where parent dies as a result of an attack

22A.—(1) This Regulation shall apply to a child of a member of a police force who dies on or after 1st August 1964 in the circumstances mentioned in Regulation 12A(1) and—

- (a) in the case of a man, does not leave a widow entitled to a gratuity under Regulation 12A(3), or
- (b) in the case of a woman, was the child’s only surviving parent :

Provided that this Regulation shall apply to a child who at the date of the parent’s death has attained the age of 16 years only if at that date the child has not attained the age of 19 years and either is undergoing full-time education or is an apprentice.

(2) A child to whom this Regulation applies shall be entitled to a gratuity, as hereinafter provided, in addition to a child’s special allowance.

(3) The gratuity under paragraph (2) shall be of the like amount as a widow’s gratuity under Regulation 12A(3) except that, where two or more gratuities are payable under paragraph (2) in respect of the death of the same person, each gratuity shall be of the said amount divided by the number of such gratuities.”.

11. At the end of Regulation 26 of the principal Regulations (which contains limitations on a child’s entitlement to an allowance) there shall be added the following paragraph:—

“(4) This Regulation shall apply in relation to a child’s gratuity under Regulation 22A(2) as it applies in relation to a child’s special allowance.”.

12. In Regulation 29(2) of the principal Regulations (which provides that certain gratuities shall be ignored for the purpose of the provision preventing double entitlement to awards) for the words “Regulation 17(3)” there shall be substituted the words “Regulation 12A(3), 17(3) or 22A(2)”.

13. At the end of Regulation 53 of the principal Regulations (which relate to appeals by overseas policemen) there shall be added the following paragraph:—

shall be paid out of moneys provided by Parliament or, as the case may be, into the Exchequer.”.

15.—(1) After the definition of “average pensionable pay” in Regulation 88 of the principal Regulations (which defines certain expressions) there shall be inserted the following definitions:—

16. For Regulation 90 of the principal Regulations (which relates to the meaning of certain expressions in relation to overseas policemen) there shall be substituted the following Regulation:—

“Meaning of certain expressions in relation to persons who are not members of a home police force

We consent,

John Hill,

John Peel,

Two of the Lords Commissioners of
Her Majesty's Treasury.

9th July 1964.

(a) S.I. 1962/2756 (1962 III, p. 3785).

(b) There is no amendment which relates to the subject matter of these Regulations.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations amend the Police Pensions Regulations 1962.

Regulations 1, 13, 14, 15 and 16 relate to inspectors of constabulary (including assistant inspectors) appointed on or after 1st August 1964 and to policemen in the temporary service of the Crown on or after that date. It is provided that these officers shall be treated as members of a police force for the purposes of the 1962 Regulations (Regulation 15(1) and (2)) and so pensionable thereunder. Detailed provision is made for the application of the 1962 Regulations in their case similar to the existing provision in the case of overseas policemen; in particular it is provided that the 1962 Regulations shall apply in relation to them as if the Secretary of State were their police authority (Regulation 16).

Regulation 4 introduces new arrangements for the commutation of part of a pension for a lump sum. The principal change is that the policeman concerned no longer has to satisfy the police authority of his good health. Regulations 2, 3 and 6 contain incidental and consequential amendments.

Regulation 5 introduces new arrangements for the allocation of part of a pension in favour of a dependant. The principal change is to permit a policeman who has already allocated a part of his pension to allocate a further part in favour of another dependant if the beneficiary of the first allocation dies.

Under the 1962 Regulations a widow of a member of a police force is entitled to a pension payable at a special rate if her husband dies as a result of an attack intrinsically likely to cause death. Regulation 8 of the present Regulations provides that where he dies on or after 1st August 1964 she shall, in addition, be entitled to a gratuity of an amount equal to twice the annual pay of a constable with 30 years' service. Regulation 10 provides that the like amount shall be payable by way of gratuities to the children of a member who dies in these circumstances but does not leave a widow or, in the case of a policewoman, was the only surviving parent. Such a child's gratuity is payable in addition to a child's special allowance. Regulations 7, 9, 11 and 12 contain incidental and consequential amendments.

WORKERS WHO ARE NOT REQUIRED TO WORK ON A CUSTOMARY HOLIDAY

14.—(1) Subject to the provisions of sub-paragraph (2) of this paragraph, a worker who is not required to work on a customary holiday shall be paid for that holiday the amount to which he would have been entitled under the foregoing provisions of this Schedule had the day not been a customary holiday and had he worked the number of hours ordinarily worked by him on that day of the week :

Provided that where, in the case of a worker who normally works for the employer on six days in the week, a customary holiday falls on his weekly short day, the worker shall be paid, in addition to any amount to which he is entitled under this paragraph, an amount equal to the statutory minimum remuneration to which he would be entitled for four hours' work, unless he has not been employed after 1.30 p.m. on another week day in the week in which the customary holiday occurs or in the week next following that week on a day other than his weekly short day being in neither case a day of customary holiday or a day of annual holiday.

(2) A worker shall not be entitled to any payment under this paragraph unless he—

- (a) works for the employer throughout the last working day on which work was available for him preceding the holiday ; and
- (b) presents himself for employment at the usual starting time on the first working day after the holiday :

Provided that (a) or (b), as the case may be, of this sub-paragraph shall be deemed to be complied with where the worker is excused by his employer or is prevented by his proved illness or injury from working or presenting himself for employment as aforesaid.

GUARANTEED WEEKLY REMUNERATION PAYABLE TO A FULL-TIME WORKER

15.—(1) Notwithstanding the other provisions of this Schedule, where in any week the total remuneration (including holiday remuneration but excluding the amount specified in sub-paragraph (2) of this paragraph) payable under those other provisions to a full-time worker is less than the guaranteed weekly remuneration provided under this paragraph, the minimum remuneration payable to that worker for that week shall be that guaranteed weekly remuneration with the addition of any amount which may be payable in respect of remuneration excluded from the total remuneration referred to in this sub-paragraph.

- (2) The amount to be excluded from the total remuneration referred to in the foregoing sub-paragraph is the whole of the remuneration payable in respect of overtime for work on a Sunday or on the weekly short day and one half of the remuneration payable in respect of work on a customary holiday.
- (3) The guaranteed weekly remuneration payable in respect of any week to a full-time worker is the remuneration to which he would be entitled under paragraph 2, 3, 4, 5, 6 or 7 for 44 hours' work in his normal occupation :

Provided that—

- (a) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week, and the worker has informed the employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to

- which the worker would be entitled (calculated as in paragraph 16) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies ;
- (b) where in any week a worker at his request and with the consent of his employer is absent from work during any part of his normal working hours on any day (other than a day of annual holiday allowed under Part II of this Schedule or a customary holiday or a holiday allowed to all persons in the undertaking or branch of an undertaking in which the worker is employed), the guaranteed weekly remuneration payable in respect of that week shall be reduced in respect of each day on which he is absent as aforesaid by one-sixth where the worker's normal working week is six days or by one-fifth where his normal working week is five days.
- (4) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week (excluding any time allowed to him as a holiday or during which he is absent from work in accordance with the second proviso to sub-paragraph (3) of this paragraph) is
- (a) capable of and available for work ; and
- (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.
- (5) Guaranteed weekly remuneration is not payable in respect of any week if the worker's employment is terminated before the end of that week.
- (6) If the employer is unable to provide the worker with work by reason of a strike or other circumstances beyond his control and gives the worker four clear days' notice to that effect, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or during part of which the employer continues to be unable to provide work as aforesaid:

Provided that in respect of the week in which the said notice expires there shall be paid to the worker, in addition to any remuneration payable in respect of time worked in that week, any remuneration that would have been payable if the worker had worked his normal hours of work on every day in the week prior to the expiry of the notice.

HOURS ON WHICH REMUNERATION IS BASED

- 16.—(1) The minimum remuneration specified in paragraphs 2, 4, 5, 6 and 7 relates to a week of 44 hours exclusive of overtime, and, except as provided in paragraph 15, is subject to a proportionate reduction according as the number of hours worked is less than 44.
- (2) In calculating the remuneration for the purpose of this Schedule recognised breaks for meal times shall, subject to the provisions of paragraph 12, be excluded.

PART II

ANNUAL HOLIDAY AND HOLIDAY REMUNERATION

ANNUAL HOLIDAY

- 17.—(1) An employer shall, between the date on which this Schedule becomes effective and 31st October 1964, and in each succeeding year between the Monday falling on or nearest to 14th April and 31st October allow a holiday (hereinafter referred to as an "annual holiday") to every worker in his employment to whom this Schedule applies who has been employed by him during the 12 months immediately preceding the commencement of the holiday season for any one of the periods of employment

(calculated in accordance with the provisions of paragraph 23) set out in the first column of the table below and the duration of the annual holiday shall in the case of each such worker be related to that period as follows:—

Period of employment	Duration of annual holiday for workers with a normal working week of			
	Six days	Five days	Four days	Three days or less
12 months	12 days	10 days	8 days	6 days
Not less than 11 months but less than 12 months	11 "	9 "	7 "	5 "

" " " 2 " " " " 3 "	2 "	2 "	1 day	1 "
" " " 1 month " " " 2 "	1 day	1 day	1 "	—

(2) Notwithstanding the provisions of the last foregoing sub-paragraph—

(a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;

(b) where before the expiration of any holiday season a worker enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed on a specified date or dates after the expiration of the holiday season but before the commencement of the next following holiday season, then any day or days of annual holiday so allowed shall for the purposes of this Schedule be treated as having been allowed during the holiday season ;

(c) where a worker has, on 1st August in any year, been in the employment of the employer for not less than six months, the duration of his annual holiday in that year shall be not less than the number of days constituting his normal working week ;

(d) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order B.F.C. (14) between 13th April 1964, and the date on which the provisions of this Schedule become effective.

(3) In this Schedule the expression "holiday season" means in relation to the year 1964 the period between 13th April 1964, and 31st October 1964, and, in each succeeding year, the period between the Monday falling on, or nearest to, 14th April and 31st October of the same year.

18.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.

(2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may by agreement between the employer and the worker be

- allowed in two periods of consecutive working days ; so however that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer or a day on which he does not normally work for the employer intervenes.
- (4) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season.
- (5) No day of annual holiday shall be allowed on a customary holiday.
- (6) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959.
19. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to a worker or by the posting of a notice in the place where the worker is employed.

HOLIDAY REMUNERATION

- 20.—(1) Subject to the provisions of paragraph 21, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period, the holiday remuneration shall be apportioned accordingly.
21. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 22 of this Schedule or with Order B.F.C. (14)) in respect of employment during the periods referred to in paragraph 22, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order B.F.C. (14).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

22. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective the employer shall, immediately on the termination of the employment (hereafter in this Schedule referred to as "the termination date"), pay to the worker as accrued holiday remuneration:—
- (1) in respect of employment in the 12 months up to the Sunday falling on or nearest to 13th April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday

for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment ; and

- (2) in respect of any employment since the Sunday falling on or nearest to 13th April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

(a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal.

(b) where, during the period or periods in respect of which the said accrued holiday remuneration is payable, the worker—

(i) has at his written request been allowed any day or days of holiday for which he has not qualified under the provisions of this Schedule, any accrued holiday remuneration payable as aforesaid may be reduced by the amount of any sum paid by the employer to the worker in respect of such day or days of holiday ; or

(ii) has been allowed an annual holiday in accordance with (c) of sub-paragraph (2) of paragraph 17 of this Schedule or Order B.F.C. (14), any accrued holiday remuneration payable as aforesaid may be reduced by one day's holiday pay in respect of each day by which the said holiday exceeded the number of days of annual holiday to which he would have been entitled under the provisions of sub-paragraph (1) of the said paragraph 17 or Order B.F.C. (14) ;

(c) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker without the consent of his employer terminates his employment without having given such notice or before one week has expired from the beginning of such notice, the amount of accrued holiday remuneration payable to the worker shall be the amount payable under the foregoing provisions of this paragraph less an amount—

(i) in the case of a worker who left without giving notice, equal to the statutory minimum remuneration which would be payable to him at the termination date for one week's work if working his normal working week and the normal number of daily hours worked by him ; and

(ii) in the case of a worker who left without working the full period of his week's notice, equal to one day's holiday pay for each day during the said period on which he failed to work.

CALCULATION OF EMPLOYMENT

23. For the purposes of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration under this Schedule, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

**PART III
GENERAL
DEFINITIONS**

24. In this Schedule, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“**CARRYING CAPACITY**” means the weight of the maximum load normally carried by the vehicle, and such carrying capacity when so established shall not be affected either by variations in the weight of the load resulting from collections or deliveries or emptying of containers during the course of the journey, or by the fact that on any particular journey a load greater or less than the established carrying capacity is carried.

“**CLEANER**” means a worker engaged wholly or mainly in cleaning premises.

“**CUSTOMARY HOLIDAY**” means Christmas Day (or, if Christmas Day falls on a Sunday, such week day as may be appointed by national proclamation, or if none is so appointed, the next following Tuesday), Boxing Day, Good Friday, Easter Monday, Whit Monday, August Bank Holiday and any day proclaimed as an additional Bank Holiday or a general holiday; or, in the case of each of the said days, such week day (other than a weekly short day) as may be substituted therefor, being a day—

- (1) on which the worker normally works for the employer, and
- (2) which is by local custom recognised as a day of holiday.

“**FIRST ASSISTANT**” means—

(1) in a shop where a manager or manageress and not less than five other workers (excluding part-time workers employed as cleaners) are employed, such one of those other workers as may be designated by the employer as “first assistant” for the purposes of this Schedule or, if no worker is so designated, the worker who has been longest employed in the shop;

(2) in a shop where no manager or manageress is employed—

(a) where two or more workers (excluding part-time workers employed as cleaners) are employed, such one of those workers as may be designated by the employer as “first assistant” for the purposes of this Schedule or, if no worker is so designated, the worker has been longest employed in the shop;

(b) where only one worker is employed, that worker:

provided that a worker shall not be deemed to be a first assistant by virtue of (2) of this definition, except during a period when the employer is absent from the shop and the period of absence is of not less than one day's duration.

“**FULL-TIME WORKER**” means a worker who normally works for the employer for at least 36 hours in the week on work to which this Schedule applies.

“**LONDON AREA**”, “**PROVINCIAL A AREA**” and “**PROVINCIAL B AREA**” have the meanings respectively assigned to them in paragraph 25.

“**MANAGER**”, “**MANAGERESS**” means a worker who is employed at, and is normally immediately in charge of the operation of, a shop and who has immediate control of—

(1) one or more other workers being full-time workers, or

(2) two or more part-time workers (excluding part-time workers employed as cleaners);

and for the purpose of this definition a worker shall not be deemed not to be immediately in charge of the operation of a shop by reason only of being

subject to the supervision of the employer or some person acting on his behalf, being in either case a person who is not normally, during the hours when the shop is open to the public, wholly or mainly engaged in work at the shop.

“MONTH” means the period commencing on a date of any number in one month and ending on the day before the date of the same number in the next month or, if the commencing date is the 29th, 30th or 31st day of a month and there is no date of the same number in the next month, then on the last day of that month.

“NORMAL WORKING WEEK” means the number of days on which it has been usual for the worker to work in a week while in the employment of the employer during the 12 months immediately preceding the commencement of the holiday season or, where accrued holiday remuneration is payable under (2) of paragraph 22 on the termination of the employment, during the 12 months immediately preceding the date of the termination of the employment:

Provided that—

- (1) part of a day shall count as a day;
- (2) no account shall be taken of any week in which the worker did not perform any work for which statutory minimum remuneration has been fixed.

“ONE DAY’S HOLIDAY PAY” means the appropriate proportion of the remuneration which the worker would be entitled to receive from his employer at the date of the annual holiday (or, where the holiday is taken in more than one period, at the date of the first period) or at the termination date, as the case may be, for one week’s work, if working his normal working week and the number of daily hours normally worked by him (exclusive of overtime), and if paid at the appropriate rate of statutory minimum remuneration for work for which statutory minimum remuneration is payable and at the same rate for any work for the same employer for which such remuneration is not payable, and in this definition “appropriate proportion” means—

where the worker’s normal working week is six days	...	one-sixth
“ ” “ ” “ ” “ ”	“ five days	one-fifth
“ ” “ ” “ ” “ ”	“ four days	one-quarter
“ ” “ ” “ ” “ ”	“ three days	one-third
“ ” “ ” “ ” “ ”	“ two days	one-half
“ ” “ ” “ ” “ ”	“ one day	the whole.

“ROUNDWORKER” means a worker wholly or mainly employed as a salesman on a definite or established route and responsible for keeping account of retail sales to customers and of any cash or tokens received in payment and who is not accompanied, save in exceptional circumstances, by any other person who exercises control or supervision.

“ROUNDWORKER, ASSISTANT” means a worker wholly or mainly employed in assisting any person carrying out the duties normally performed by a roundworker, whether or not such person is a roundworker as defined in this Schedule.

“TEMPORARY MANAGER”, “TEMPORARY MANAGERESS” means a worker who, in the absence of the Manager or Manageress, as the case may be, is employed at and is temporarily immediately in charge of the operation of a shop, whilst the worker is so in charge; and for the purpose of this definition a worker shall not be deemed not to be immediately in charge of the operation of a shop by reason only of being subject to the supervision of the employer or some person acting on his behalf, being in either case a person who is not normally, during the hours when the shop is open to the public, wholly or mainly engaged in work at the shop.

“TIME-AND-A-QUARTER”, “TIME-AND-A-HALF” and “DOUBLE TIME” mean, respectively, one and a quarter times, one and a half times and twice the hourly rate obtained by dividing by 44 the minimum weekly remuneration to which the worker is entitled under the provisions of paragraph 2, 3, 4, 5, 6 or 7.

“TRANSPORT WORKER” means a worker (other than a roundworker or assistant roundworker) engaged wholly or mainly in driving a mechanically propelled or horse drawn road vehicle for the transport of goods and on work in connection with the vehicle and its load (if any) while on the road.

“WEEK” means “pay week”.

“WEEKLY SHORT DAY” means that day in any week on which the worker is, in accordance with the provisions of section 17 of the Shops Act 1950, required not to be employed about the business of a shop after half past one o'clock in the afternoon or, where there is no such day, a working day in the week fixed by the employer and notified to the worker not later than the Saturday preceding the week during which it is to have effect or, failing such notification, the last working day in the week.

(This Note is not part of the Order, but is intended to indicate its general purport.)

The White Fish and Herring Industries Act 1953 provides that with a view to promoting the landing in the United Kingdom of a continuous and plentiful supply of white fish, schemes may be made for the payment of grants to the owners or charterers of fishing vessels engaged in catching such fish. The White Fish and Herring Industries Act 1957 make similar provision for the payment of grants in respect of herring. The last named Act, as amended by the Sea Fish Industry Act 1962, enables the Minister of Agriculture, Fisheries and Food and the Secretary of State for Scotland to make orders from time to time increasing the aggregate amount of grants which may be made in pursuance of the aforesaid schemes provided that no one such increase is to exceed £5,000,000.

By this Order the aggregate amount of grants which may be so made, which by virtue of Orders already made is £35,000,000, is increased to £39,500,000.

1.—(1) These Rules may be cited as the Justices of the Peace (Size and Chairmanship of Bench) Rules 1964.

(2) The Interpretation Act 1889(c) shall apply to the interpretation of these Rules as it applies to the interpretation of an Act of Parliament.

 (d) S.I. 1950/1908 (1950 I, p. 1151). (e) S.I. 1951/1982 (1951 I, p. 1173).
 (f) 15 & 16 Geo. 6 & 1 Eliz. 2. c. 55.

(2) A scheme approved by the Lord Chancellor in accordance with this Rule may be amended at any time with the approval of the Lord Chancellor.

4.—(1) In this Rule :—

the expression "justice" means any justice who ordinarily acts in and for the petty sessions area, other than—

(a) any person whose name has been entered in the Supplemental List, and

(b) any person who is a justice of the peace by virtue only of his office as a mayor of a borough or chairman of the council of a county or county district or of the Greater London Council ;

the expression "Clerk to the Justices" includes any person acting as such.

(2) The justices for each petty sessions area shall elect from among their number a chairman and one or more deputy chairmen at a meeting to be held in the month of October in every year, of which at least seven days' notice shall be given to each justice for the petty sessions area.

(3) No justice shall be nominated for election before the election takes place.

(4) The justices present shall not proceed to elect a deputy chairman before—

(a) the result of the ballot for the election of the chairman has been announced, and

(b) they have decided how many deputy chairmen are to be elected.

(5) The Clerk to the Justices shall prepare ballot papers containing the names of all the justices in the petty sessions area and shall hand to each justice present at the meeting one list for the election of the chairman and one list for the election of the deputy chairman or deputy chairmen, and each justice shall place a mark on one list against the name of the justice he wishes to be chairman and on the other list against the name or names of the justice or justices he wishes to be deputy chairman or deputy chairmen, as the case may be.

(6) Immediately after each ballot has been closed the Clerk to the Justices shall collect the ballot papers, count the votes and announce the result.

(7) Subject to the provisions of this Rule, no justice shall be declared to be elected chairman unless he obtains more than half of the votes cast and, if no justice obtains such a majority at a ballot, subsequent ballots shall be held until such a majority is obtained :

Provided that, if, after three ballots have been held, no justice has obtained such a majority, the justice who has obtained most votes in the aggregate in the three ballots shall be declared to be elected.

(8) Subject to the provisions of this Rule, the result of a ballot for the election of a deputy chairman or deputy chairmen shall be ascertained by counting the votes given to each justice, and the justice or justices, as the case may be, who have obtained the most votes shall be declared to be elected.

(9) Where any justices receive an equal number of votes and the addition of a vote would entitle one of them to be elected, the Clerk to the Justices shall forthwith decide between those justices by lot and proceed as if the justice on whom the lot falls had received an additional vote.

(10) A ballot paper shall be deemed to be void if—

(a) it is unmarked ; or

(b) it bears any mark or writing from which the voter can be identified ;
or

(c) it is marked in such a manner that there is doubt as to the identity of the justice for whom the vote is recorded ;

and such a ballot paper shall be rejected by the Clerk to the Justices when the votes are counted.

(11) There shall be no disclosure how any justice voted.

(12) A chairman and a deputy chairman elected under these Rules shall hold office for one year from the 1st January next after the date of his election and shall be eligible for re-election.

(13) If the office of chairman or deputy chairman becomes or is about to become vacant for any reason, the justices shall, as soon as practicable, proceed to elect, in the manner hereinbefore provided, another chairman or deputy chairman, as the case may be, who shall hold office for the remainder of the term of the appointment of the justice whom he replaces.

(14) In the absence of a chairman or deputy chairman elected under these Rules, nothing in this Rule shall prevent the appointment by justices present (in any manner which has been customary) of one of their number to preside at a court sitting to deal with any case.

Dated 16th July 1964.

Dilhorne, C.

EXPLANATORY NOTE

(This Note is not part of the Rules, but is intended to indicate their general purport.)

These Rules revoke and re-enact, with minor amendments, the Justices of the Peace (Size and Chairmanship of Bench) Rules 1950 and the Justices of the Peace (Size and Chairmanship of Bench) (Amendment) Rules 1951. In accordance with section 33 of the Administration of Justice Act 1964, Rule 4(1) restricts the class of justices who may take part in the election of the Chairman or Deputy Chairman in any Petty Sessional Division by excluding those who are justices only by virtue of election as Mayor of a Borough or as Chairman of any other local authority.

3.—(1) Subject to the provisions of this paragraph, the minimum remuneration payable to Temporary Shop Managers and Temporary Shop Manageresses, for each continuous period of employment as Temporary Shop Manager or Temporary Shop Manageress (reckoned in accordance with the provisions of sub-paragraph (2) of this paragraph), shall be the appropriate minimum remuneration for a Shop Manager or Shop Manageress, as the case may be, under the provisions of paragraph 2.

(2) In reckoning any continuous period of employment as Temporary Shop Manager or Temporary Shop Manageress for the purposes of sub-paragraph (1) of this paragraph, no account shall be taken of any period of employment:—

- (1) without the employer's consent, express or implied;
 - (2) for some purpose unconnected with his work, and other than that of waiting for work to be given to him to perform;
 - (3) by reason only of the fact that he is resident thereon; or
 - (4) during normal meal times, and he is not waiting for work to be given to him to perform.

(a) 1 & 2 Will. 4. c. 37; 50 & 51 Vict. c. 46; 59 & 60 Vict. c. 44; 3 & 4 Geo. 6. c. 38.

WORKERS WHO ARE NOT REQUIRED TO WORK ON A CUSTOMARY HOLIDAY

9.—(1) Subject to the provisions of sub-paragraph (2) of this paragraph, a worker who is not required to work on a customary holiday shall be paid for that holiday not less than the amount to which he would have been entitled under the foregoing provisions of this Schedule had the day not been a customary holiday and had he worked the number of hours ordinarily worked by him on that day of the week.

(2) A worker shall not be entitled to any payment under this paragraph unless he:—

(a) worked for the employer throughout the last working day on which work was available for him preceding the holiday; and

(b) presents himself for employment at the usual starting time on the first working day after the holiday:

Provided that (a) or (b), as the case may be, of this sub-paragraph shall be deemed to be complied with where the worker is excused by his employer or is prevented by his proved illness or injury from working or presenting himself for employment as aforesaid.

GUARANTEED WEEKLY REMUNERATION PAYABLE TO A FULL-TIME WORKER

10.—(1) Notwithstanding the other provisions of this Schedule, where in any week the total remuneration (including holiday remuneration but excluding the amount specified in sub-paragraph (2) of this paragraph) payable under those other provisions to a full-time worker is less than the guaranteed weekly remuneration provided under this paragraph, the minimum remuneration payable to that worker for that week shall be that guaranteed weekly remuneration with the addition of any amount excluded as aforesaid.

(2) The amount to be excluded from the total remuneration referred to in the foregoing sub-paragraph is:—

(a) in the case of workers employed not less than 80 per cent. of their time in the sale of excisable liquors and work connected therewith in an undertaking open on seven days in the week—

one-third of the remuneration payable in respect of overtime for work on a Sunday, which is not a weekly rest day, the whole of the remuneration payable in respect of overtime for work on the weekly rest day or on the weekly short day and one half of the remuneration payable in respect of overtime for work on a customary holiday.

(b) in the case of all other workers—

the whole of the remuneration payable in respect of overtime for work on a Sunday or on the weekly short day and one half of the remuneration payable in respect of overtime for work on a customary holiday.

(3) The guaranteed weekly remuneration is the remuneration to which the worker would be entitled under paragraph 2, 3, 4 or 5 for work in his normal occupation for the number of hours specified in (a), (b) or (c) of sub-paragraph (1) of paragraph 11, as the case may be:

Provided that—

(a) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week and the worker has informed the employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to which the worker would be entitled (calculated as in paragraph 11) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies;

(b) where in any week a worker at his request and with the consent of his employer is absent from work during any part of his normal

working hours on any day (other than a holiday allowed under Part II of this Schedule or a customary holiday or a holiday allowed to all persons employed in the undertaking or branch of an undertaking in which the worker is employed), the guaranteed weekly remuneration payable in respect of that week shall be reduced in respect of each day on which he is absent as aforesaid by one-sixth where the worker's normal working week is six days or by one-fifth where his normal working week is five days.

- (4) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week (excluding any time allowed to him as a holiday or during which he is absent from work in accordance with proviso (b) to sub-paragraph (3) of this paragraph) is
- (a) capable of and available for work ; and
 - (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.
- (5) Guaranteed weekly remuneration is not payable in respect of any week if the worker's employment is terminated before the end of that week.
- (6) If the employer is unable to provide the worker with work by reason of a strike or other circumstances beyond his control and gives the worker four clear days' notice to that effect, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or during part of which the employer continues to be unable to provide work as aforesaid :

Provided that in respect of the week in which the said notice expires there shall be paid to the worker, in addition to any remuneration payable in respect of time worked in that week, any remuneration that would have been payable if the worker had worked his normal hours of work on every day in the week prior to the expiry of the notice.

HOURS ON WHICH REMUNERATION IS BASED

- 11.—(1) The minimum remuneration specified in this Part of this Schedule relates—
- (a) in the case of any worker aged 16 years or over employed not less than 80 per cent. of his time in the sale of excisable liquors and work connected therewith in an undertaking with a seven-day Licence open on seven days in the week, to a week of 46 hours exclusive of overtime,
 - (b) in the case of any worker aged 16 years or over who is employed in a shop which is wholly or mainly engaged in the sale of cooked meats or other cooked foods, to a week of 45 hours exclusive of overtime,
 - (c) in the case of any other worker, to a week of 44 hours exclusive of overtime,
- and, except as provided in paragraph 10 (which deals with guaranteed weekly remuneration), is subject to a proportionate reduction according as the number of hours worked is less than 46, 45 or 44 as the case may be.
- (2) In calculating the remuneration for the purpose of this Schedule recognised breaks for meal times shall, subject to the provisions of paragraph 8 hereof (which relates to waiting time), be excluded.

who has been employed by him during the 12 months immediately preceding the commencement of the holiday season for any one of the periods of employment (calculated in accordance with the provisions of paragraph 19) set out in the table below and the duration of the annual holiday shall in the case of each such worker be related to that period as follows :—

(2) Notwithstanding the provisions of the last foregoing sub-paragraph—

(a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;

(b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the first day of January in the following year, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;

(c) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.F.C. (37) between 1st April 1964 and the date on which the provisions of this Schedule become effective.

(3) In this Schedule the expression "holiday season" means in relation to the year 1964, the period commencing on 1st April 1964 and ending on 31st October 1964, and in each succeeding year the period commencing on 1st April and ending on 31st October of the same year.

13. Where at the written request of the worker at any time during the three months immediately preceding the commencement of the holiday season in any year, his employer allows him any day or days of annual holiday and pays him holiday remuneration in respect thereof calculated in accordance with the provisions of paragraphs 16 and 17, then

(1) the annual holiday to be allowed in accordance with paragraph 12 in the holiday season in that year shall be reduced by the day or days of annual holiday so allowed prior to the commencement of that holiday season ; and

- (2) for the purpose of calculating accrued holiday remuneration under paragraph 18 any day or days of annual holiday deducted in accordance with sub-paragraph (1) hereof shall be treated as if they had been allowed in the holiday season.
- 14.—(1) An annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may be allowed in two periods of consecutive working days; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer or a day on which he does not normally work for the employer intervenes.
- (4) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season or after the holiday season in the circumstances specified in sub-paragraph (2) (b) of paragraph 12.
- (5) No day of annual holiday shall be allowed on a customary holiday.
- (6) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959:
- Provided that where the total number of days of annual holiday allowed to a worker under this Schedule is less than the number of days in his normal working week the said annual holiday shall be in addition to the said day of holiday or the said half-holiday.
15. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR ANNUAL HOLIDAY

- 16.—(1) Subject to the provisions of paragraph 17, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
17. Where, in accordance with the provisions of this Schedule or of Order R.F.C. (37), any accrued holiday remuneration has been paid by the employer to the worker in respect of employment during a period referred to in paragraph 18 the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration, unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.F.C. (37).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

18. Where a worker (other than a worker who normally works for the employer for less than 9 hours in a week) ceases to be employed by an employer after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration:—

- (1) in respect of employment occurring before 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal;

8.—(1) The owner or person in charge of any bovine animal shall comply with all reasonable requirements of a veterinary inspector or other officer of the Ministry as to the collection, penning and securing of any such animal for the purpose of examining it or of applying a tuberculin test or, in a case where the Secretary of State proposes to cause any such animal to be slaughtered by reason of its being affected, or suspected of being affected, with tuberculosis, of its having reacted to a tuberculin test, or of its having been exposed to the infection of tuberculosis, for the purpose of ascertaining its value.

and he proposes to cause to be slaughtered any such animal, or any bovine animal kept on any premises which has been exposed to the infection

of tuberculosis by contact with any such animal as is mentioned in heads (a) or (b) of this Article, a veterinary inspector may serve a notice in Form B on the owner or person in charge of any such animal informing him of the proposed slaughter and requiring him to detain the animal pending such slaughter (or pending its surrender and removal for such slaughter) on such part of the premises as is specified in the notice and to isolate it as far as practicable from other animals that are not for the time being specified in a notice served under this Article.

Precautions against spread of infection

10.—(1) Where the Secretary of State is satisfied that any bovine animal kept on any premises is an affected animal or has reacted to a tuberculin test, a veterinary inspector or other officer of the Ministry may, by notice in writing served on the owner or person in charge of any such animal, require him within a time specified therein—

- (a) to take such steps as may be reasonably practicable to prevent any bovine animal kept on the premises from infecting by contact any bovine animal kept on any adjoining premises ;

11.—(1) Where, for the purpose mentioned in Article 4 of this Order, it appears to a veterinary inspector expedient so to do, he may, by notice in writing served on the owner or person in charge of bovine animals kept

on such premises as are specified in the notice, prohibit the movement of bovine animals on to or off such premises (not being a movement to a slaughterhouse for the purposes of slaughter either pursuant to section 17 of the Act or in consequence of an injury or similar emergency) except under the authority of a licence and in accordance with the conditions subject to which the licence is issued.

(2) Such notice shall remain in force until it is cancelled by a further notice in writing given by a veterinary inspector and served as aforesaid.

Suspected animals in markets, fairs and sales

12.—(1) Where any bovine animal which is or is suspected by a veterinary inspector to be an affected animal is exposed in a market, fairground, or sale yard, or other public or private place where animals are commonly exposed for sale (in this Article referred to as "sale premises") the veterinary inspector may, by notice served on the owner or person in charge of the animal, require it to be removed from the sale premises to the premises from which it was brought thereto (unless such premises are also sale premises), or, at the option of the owner or person in charge (or, where such premises are also sale premises, without such option) to other suitable premises or to a slaughterhouse, to be specified in the notice, and thereupon the animal shall forthwith be moved by the owner or person in charge to such premises for the purpose of examination under the foregoing provisions of this Order, or as the case may be, to such slaughterhouse.

- (a) shall, before it is moved to the slaughterhouse, be marked by the clipping on its left hind quarter of a broad arrow 6 inches long and by the clipping of the hair off the end of its tail ;
- (b) shall not, during the movement authorised by the licence aforesaid, be permitted to come into contact with any bovine animal other than one that is for the time being subject to the requirements of this paragraph ;
- (c) shall not, when moved to the slaughterhouse, be moved therefrom alive, but shall be slaughtered not later than 6 days after the day of its arrival there.

(2) In this Article the expression "slaughterhouse" has the meaning assigned to it in paragraph 7 of schedule 2 to the Act.

Control of goats and swine

15. For the purposes of preventing the risk of infection by tuberculosis from goats or swine kept on any premises on which any bovine animal is kept, a veterinary inspector or other officer of the Ministry may by notice in writing served on the occupier of the premises require him to keep them under such control as may be prescribed in the notice or to confine them to a specified part of the premises.

Marking of bovine animals

16.—(1) The owner of a bovine animal kept on any premises shall mark or identify the animal in a manner approved by the Secretary of State and shall thereafter maintain such mark or identification so as to be clearly legible :

Provided that this requirement shall not apply in relation to any animal less than 14 days old that is not removed, or is removed only to a slaughterhouse from such premises, within such period of 14 days.

(2) A veterinary inspector or other officer of the Ministry may, if in his opinion it is necessary so to do, for the purposes of this Order, paint, stamp, or clip any mark on, or affix any tag to the ear of any bovine animal.

(2) Failure by any person without lawful authority or excuse, proof whereof shall lie on him, to comply with the conditions of a licence issued under this Order shall be an offence against the Act.

(3) Every licence issued under this Order shall accompany the animal to which it relates throughout the time during which the animal is being moved thereunder, and the person for the time being in charge of the animal shall on demand produce it to any veterinary inspector or other officer of the Ministry or an officer of the Secretary of State or inspector of a local authority or police constable and allow a copy of or extract from it to be taken and shall also, if required, give his name and address.

Extension of definition of disease

18. For the purposes of the Act the definition of the expression "disease" in section 84(3)(a) thereof shall continue to be extended so as to include a reference to tuberculosis, and section 17 of the Act shall continue to apply to that disease.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order, made under the Diseases of Animals Act 1950, revokes and re-enacts (with amendments) for Scotland—

- (a) the Tuberculosis Order of 1938 (S.R. & O. 1938/165 ; 1946/122), other than Articles 6 and 7 thereof which since they relate to compensation are revoked by a separate order, namely the Tuberculosis (Compensation) (Scotland) Order 1964 (S.I. 1964/1152) ; and
- (b) the Tuberculosis (Slaughter of Reactors) Order 1950 (S.I. 1950/2007), as amended by S.I. 1959/1461.

The Order also revokes the Tuberculosis (Area Eradication) Order 1950 (S.I. 1950/2006), as amended by S.I. 1954/762, 1955/1449 and 1960/87, much of which, in consequence of the Tuberculosis (Scotland Attested Area) Order 1959 (S.I. 1959/1590) declaring the whole of Scotland to be an attested area, is obsolete.

By virtue of section 17 of the Diseases of Animals Act 1950 (and the extension of the definition of disease re-enacted in this Order) the Secretary of State may, if he thinks fit, cause to be slaughtered any animal which is affected or suspected of being affected with tuberculosis or has been exposed to the infection of such disease.

This Order prescribes the precautionary measures to be adopted, and the form of notice (Form A) to be served, where a bovine animal is suspected of being an affected animal (within the meaning of the Order). These measures include the detention and isolation of the animal and, in the case of a cow, the sterilisation of its milk. Where the Secretary of State is satisfied that an animal is affected with tuberculosis, or, following the carrying out pursuant to the Order of a tuberculin test, is a reactor, and he proposes to cause the animal to be slaughtered, the Order provides for the service of another notice (Form B) requiring the detention and isolation of the animal pending slaughter ; and, generally, the Order assimilates the procedure henceforth to be followed in either such case.

The Order also contains in re-enacted form (but with minor alterations) ancillary provisions for the purpose of preventing the introduction and spread of tuberculosis and of eradicating that disease.

Provided that—

- (i) in the case where the person is neither the holder of nor the applicant for the grant, revocation, suspension or variation of the licence to which the meeting of the Board relates, he shall have no right to be heard unless he has made an objection or representation in accordance with Regulation 7 of these Regulations and has indicated therein that he wishes to be heard by the Board at that meeting ;

Provided that the Board shall not be required to disclose any information which they have received from the Minister in the course of consultation with him in accordance with section 2(3) of the Act, or which they have received from any person in pursuance of Regulation 9 of these Regulations and which they regard as confidential.

(13) All the proceedings at a hearing of the Board in connection with a licence or proposal shall be recorded by a shorthand writer, or, if the Board think fit, by some other means, and if any person so demands at any time after publication of the decision relating thereto in the Board's official record, the Board shall cause a transcript of the record to be made available for purchase by that person at a reasonable price:

Provided that—

(a) the Board shall not be required to make any transcript available for purchase at any time after the expiry of one year from the day of publication as aforesaid ; and

(3) Subject to the provisions of the Act, the failure of the Board or of any person to give any notice or publish any particulars in the time or manner provided for in these Regulations or any other procedural irregularity shall not invalidate the action taken by the Board, but may be a ground of appeal to the Minister; and the Board may, and shall if they consider that any person may have been prejudiced, take such steps as they think fit before reaching their decision to cure the irregularity, whether by the giving of any notice or the taking of any step or otherwise.

(4) For the exercise of their advisory functions under section 4 of the Act the Board may hear such persons as they think fit, and in that event they shall cause reasonable notice of the intended date, time and place of the hearing to be published in their official record and to be served on such persons, if any, as they consider to be concerned with the subject on which they are to advise.

- (1) (a) in the case of a Class A or Class B licence the Board may, if they think fit and with the consent of the Minister (which may be given generally or in respect of a particular case or class of cases) dispense wholly or in part with a provision as to the tariff to be charged ;
- (b) in the case of a Class C licence for a charter service, Class D or Class E licence the Board may, if they think fit, dispense wholly or in part with a provision as to the tariff to be charged ;
- (c) in the case of a licence of any class the Board shall dispense with a provision as to the tariff to be charged in respect of the carriage of postal packets on behalf of the Postmaster-General within, from or to the British postal area or any British postal agency, or in respect of the carriage of postal packets otherwise than as aforesaid where charges are payable therefor to the Postmaster-General (whether as principal or agent) ; and for the purpose of this sub-paragraph the expressions “British postal agency”, “British postal area” and “postal packet” shall have the same respective meanings as are assigned to them by section 87(1) of the Post Office Act 1953(a) ;
- (d) in the case of a licence for a service such as is described in section 2(5)(b) of the Act which includes a provision as to the tariff to be charged in terms identical with an approved tariff provision, the licence shall have effect without confirmation of the tariff provision by the Minister. For the purpose of this paragraph “approved tariff provision” means any of the following :—

- (e) in the case of a Class A licence for a service such as is described in section 2(5)(a) of the Act, the licence may include, in lieu of a provision setting out the tariff to be charged, a provision specifying that the tariff shall be the relevant tariff set out in a document which may be published by the Board (in these Regulations referred to as "the Board's schedule of domestic tariffs"), as varied from time to time by the Board in accordance with paragraph (2) of this Regulation ;
- (2) (a) an application for the variation of the Board's schedule of domestic tariffs may be made by any of the persons of the categories specified in Regulation 10(2) of these Regulations, and the provisions of these Regulations which apply in relation to an application to the Board or a proposal of the Board to vary a Class A licence for an Area I Service in respect of the tariff to be charged shall, subject to the following modifications, apply in relation to an application to the Board, or a proposal of the Board, as the case may be, to vary the Board's schedule of domestic tariffs—

- (ii) any variation of the Board's schedule of domestic tariffs which affects a licence for a service such as is described in Regulation 8(1) of these Regulations shall be treated for the purposes of that paragraph as if it were a variation of such a licence ;
- (b) the Board's schedule of domestic tariffs, as varied from time to time, together with an up-to-date list of the names and addresses of the holders of Class A licences for an Area I Service, shall be kept available for inspection by any person at the Board's offices at all reasonable times, and the Board shall furnish copies thereof to any person who so demands.

Appeals to the Minister

14.—(1) Every party to a case before the Board shall have a right of appeal to the Minister in accordance with the provisions of this Regulation from the Board's decision with respect to that case.

(2) An appeal to the Minister against a decision of the Board shall be made by written notice clearly identifying the case to which it relates and stating concisely the grounds on which the appeal is based.

(3) The notice shall be signed by or on behalf of the appellant and shall be served on the Minister within the period of twenty-one days from the day of the publication of the decision of the Board in their official record.

(4) A copy of the notice of appeal shall be served by the appellant on the Board, each of the parties to the case before the Board and each person who was heard by the Board in connection with that case ; and for this purpose any person having the right to appeal against a decision of the Board may require them to furnish him with the names and addresses of the other parties to the case before the Board and of the persons heard by the Board in connection with that case.

(5) The Minister shall serve on the appellant, each of the parties to the case before the Board and each of the persons heard by the Board in connection with that case not less than twenty-one days notice of the date, time and place of the hearing of the appeal, and shall cause not less than seven days notice thereof to be published in the official record of the Board.

(6) The Minister shall appoint a Commissioner to hear each appeal, and the Commissioner shall hold the hearing in public unless he shall otherwise decide in relation to the whole or part of the case.

(7) The appellant and any person who was a party to the case before the Board, or who was heard by the Board in connection with that case, shall have a right to be heard by the Commissioner:

Provided that a party to a case who did not exercise his right to be heard by the Board shall not have a right to be heard by the Commissioner unless he has served on the Minister, the Board and all the other parties to the hearing at least ten days notice of his wish to be heard by the Commissioner, stating concisely his reasons for wishing to be heard, and has obtained the Minister's consent to his being heard.

(8) Any person heard by the Commissioner in connection with an appeal shall be deemed for the purposes of these Regulations to be a party to that appeal.

(9) The Commissioner may if he thinks fit hear two or more appeals together, but a party to one appeal shall not on that account be deemed to be a party to any other appeal.

(10) Any party to the appeal may appear in person or be represented by any other person whom he may have authorised to represent him.

(11) Any party to the appeal may produce to the Commissioner evidence additional to that before the Board, if he has served the Board and the other parties to the hearing before the Board with ten days' notice of his intention to do so, setting forth the substance of the new evidence; and any witness giving new evidence before the Commissioner may be examined as to that new evidence by the other parties to the appeal:

Provided that without serving such notice as aforesaid any party to the appeal may produce evidence in rebuttal of evidence produced in accordance with the foregoing provisions of this paragraph.

(12) The Commissioner may, if he thinks fit, invite the Board to amplify or explain the reasons for their decision of the case. Any amplification or explanation of their reasons which the Board may furnish shall be in writing, and a copy of it shall be served by the Board on all persons who were a party to the case before the Board or were heard by the Board in connection with that case.

(13) The Board shall furnish the Commissioner with a transcript of the record of any relevant hearing by them, together with copies of any documents which they may have received in connection with the case. The Board shall indicate which, if any, of these documents they have received in pursuance of Section 2(3) of the Act or in confidence under Regulation 9 of these Regulations, and the Commissioner shall not be required to disclose the content of those documents in the course of the proceeding.

(14) The Commissioner shall send to the Minister a report containing a summary of the proceedings at the hearing, his recommendation to the Minister as to the disposal of the appeal and as to the liability of the parties thereto in respect of the costs or expenses thereof, together with the reasons for his recommendations.

(15) The Minister shall consider the summary and recommendations of the Commissioner and shall, subject to the provisions of paragraph (9) of Regulation 21 of these Regulations, make such order as he thinks fit as to the application or proposal which is the subject of the appeal, and in particular may order the Board to hear or rehear the whole or part of the case. If the Minister does not accept the recommendations of the Commissioner, in whole or in part, he shall give his reasons for not so doing.

(16)(a) In determining an appeal other than an appeal which has been heard by a Commissioner in Scotland the Minister may, if he thinks fit, order any of the parties to the appeal to pay to any other party thereto either a specified sum in respect of the costs incurred by him in connection with the appeal, or the taxed amount of those costs or any part thereof.

(b) Any costs required by an order under the foregoing sub-paragraph to be taxed may be taxed in the county court on such scale as may be directed by the order.

(c) Any sum payable by virtue of an order under sub-paragraph (a) of this paragraph shall, if the county court so orders, be recoverable by execution issued from the county court or otherwise as if payable under an order of that court; and subject to county court rules, an application for an order of the county court under this paragraph may be made *ex parte*.

(d) The powers of the county court under the foregoing provisions of this paragraph may be exercised by the Registrar.

(e) In relation to an appeal which has been heard by a Commissioner in Scotland the Minister shall have the like power to award expenses as if he were an arbiter under a submission and the parties to the appeal were parties to the submission, and any award of expenses by the Minister under this sub-paragraph may be recorded for execution in the Books of Council and Session and shall be enforceable accordingly.

(17) The Minister shall communicate his order (including his order as to costs, if any) and the reasons for it, if given, in writing to the Board together with a copy of the Commissioner's report. The Board shall—

(a) take such action as the Minister may have ordered them to take in respect of the licence or application therefor; and

(b) cause the substance of the Minister's order to be published in their official record.

(18) The Minister shall serve on each of the parties to the appeal and on any such person as is referred to in Regulation 4(1)(k)(viii) of these Regulations, being a person resident or having a place of business in the United Kingdom, any of the Channel Islands or the Isle of Man, a copy of the Commissioner's report and of the Minister's order, and the reasons for it, if given, and shall furnish copies of those documents to any person who so demands.

(2) The person required by paragraph (1) of this Regulation to be treated as the holder of the licence may apply to the Board—

(a) if he is the legal personal representative of an individual licence holder who has died, for the transfer of the licence to any person entitled to a beneficial interest in the deceased's estate (including himself in his personal capacity if he is in that capacity entitled to such an interest), and

(b) in any other case, for the substitution of his own name in the licence for the name of the person by whom the licence was held.

(3) The application shall state the grounds on which it is based and shall be served on the Board within the period of twenty-eight days from the day on which the applicant first became entitled to make it ; and if no application as aforesaid is made within that period, the licence shall cease at the expiration of that period to be treated as if granted to a person other than the person to whom it was granted.

(4) The application shall, for the purposes of these Regulations be treated as if it were an application for the variation of the licence.

(5) The Board shall not, without the consent of the Minister, grant an application for the transfer of a licence to, or the substitution of the name of, any person who is not such a person as is described in section 2(7) of the Act.

and any person on whom a requirement as aforesaid is served shall comply with it within the period specified in the requirement, if and to the extent that he has the required information in his possession or control.

Surrender of licences

19. If revocation or variation of a licence has taken effect, the Board may require any person who has the licence in his possession or control to surrender it to them for cancellation or variation, as the case may be.

Regional Advisory Committees

20.—(1) There shall be regional advisory committees for Scotland, Wales, Northern Ireland and North East England for the purposes of advising the Board on matters relating to their functions under the Act, with particular regard to the circumstances and requirements of Scotland, Wales, Northern Ireland and North East England respectively.

(2) Each such committee shall consist of not less than ten and not more than sixteen persons.

(3) The Minister shall appoint the members of each such committee, together with a chairman from among its members: Provided that in the case of the regional advisory committees for Scotland, Wales and Northern Ireland the Minister shall first consult respectively with the Secretary of State for Scotland, the Minister for Welsh Affairs and the Minister of Home Affairs of Northern Ireland.

(4) A member of a regional advisory committee shall hold and vacate office as such in accordance with the terms of the instrument appointing him to be a member.

(5) The Minister shall provide each of the regional advisory committees with such accommodation, equipment and assistance as appears to him to be necessary or expedient for the exercise of their functions.

(6) The Minister shall pay any travelling or other expenses which in his opinion are reasonably incurred by any person as a member of any of the aforesaid regional advisory committees.

notice is served, being a rejoinder of which a copy has been served by the party making it on the Island Government and on the other parties to the case before the Board.

(3) The Minister may, if he thinks fit, invite the Board to amplify or explain the reasons for their decision of the case. (4) The Board shall furnish the Minister and the Island Government with a transcript of the record of any hearings by them in connection with the case.

(8) If an appeal has been made in accordance with the provisions of Regulation 14 of these Regulations against the decision of the Board to which the representations of the Island Government relate, the appointed person, if the Island Government and the parties to the case before the Board so agree, may be the same person as the Commissioner appointed by the Minister under Regulation 14(6) of these Regulations.

(9) If an appeal as aforesaid has been made, the Minister shall, before making an order under paragraph (15) of that Regulation, consider the representations of the Island Government, any rejoinders made by the parties to the case before the Board, and the summary and recommendation of the appointed person, if any, together with the summary and recommendations which he has received from the Commissioner in pursuance of that Regulation.

(10) If an appeal as aforesaid has not been made, the Minister shall consider the representations of the Island Government, any rejoinders made by the parties to the case before the Board, and the summary and recommendations of the appointed person, if any, and shall make such order as he thinks fit as to the application or proposal which is the subject of the representations.

(11) If the Minister does not accept the recommendations of the appointed person, in whole or in part, he shall give his reasons for not so doing.

(13) Regulation 14(17) and (18) of these Regulations shall apply to an order of the Minister under this Regulation as they apply to an order of the Minister under Regulation 14, but as if the references to the Commissioner's report were references to the report of the appointed person, and the reference to the parties to the appeal was a reference to persons attending the consultation.

- (b) for the grant of a licence, the applicant shall pay, on the first day on which the licence authorises a flight, the fee specified in the third column of the Table opposite the description of the licence granted :
 Provided that no fee for the grant of a licence shall be payable in respect of a licence which has been revoked and the revocation whereof has become effective before the first day on which the licence authorises a flight ;

- (h) in determining for the purposes of this paragraph the first day on which a licence authorises a flight no regard shall be had to any provision of the licence which renders it invalid by reason of failure to pay a fee.

Variation of licences : Special provisions

3.—(1) The Board may reduce by such amount as they think fit the fee in respect of an application by the holder of a licence for its variation, and for the variation of the licence, if, in their opinion, it is proper to do so by reason of the disproportion between the amount of the fee and the benefit sought by the application or conferred by the variation, as the case may be.

(2) In a case where a licence is varied with effect in the course of a year to which an annual fee relates, the amount of the annual fee shall be adjusted proportionately so as to take account of any resulting variation in the description of the licence ; and any additional annual fee shall be paid by the holder of

the licence, or any refund of the annual fee shall be made to him (whichever shall be appropriate), on the date on which the variation in the description of the licence comes into force.

(3) If the Board are of the opinion that an application for variation of a licence is in substance an application for a licence for a new service, they may, on varying the licence, direct that for the purpose of the annual fee, the licence is to be treated as if it were several licences of such number and description as they may specify in the direction and that payment of the annual fees shall become due on such dates as they may so specify.

(4) Subject to sub-paragraph (1) hereof, where an application for variation of a licence relates solely to a provision as to the tariff to be charged the fee to be paid for that application shall be £2 0s. 0d. and, if no hearing has been held by the Board in connection with that application, no fee shall be payable for the variation.

Refund of Fees

4.—(1) Where an application for a licence or the variation, revocation or suspension thereof is withdrawn before a notice of a hearing in connection with such application has been published by the Board in their official record the Board may refund such part of the application fee as they think proper in the circumstances of the case.

(3) Where a licence has been revoked or suspended in the year next following payment of the fee for the grant of the licence or the year next following payment of the full amount of the annual fee, as the case may be, the Board may refund such part of the fee paid as they think fit in the circumstances of the case.

APPRENTICES

CONDITIONS AS TO RATES FOR APPRENTICES

6.—(1) For the purposes of this Schedule “APPRENTICE” means any worker during the first three years of his apprenticeship during which the following conditions are satisfied, in respect of that worker, that is to say:—

(a) the worker shall be employed during the whole of his time under a written contract of apprenticeship which has been duly executed and which contains the following provisions or provisions substantially to the same effect and no provisions contrary thereto:—

(i) the worker of his own free will and with the consent of his guardian binds himself to serve the employer as his apprentice in his trade of hairdressing for the term of not less than three years;

(ii) the employer will employ the worker as his apprentice during the said term and to the best of his power, skill and knowledge instruct the worker or cause him to be instructed in either ladies’ or gentlemen’s hairdressing or both;

(iii) the employer will keep the worker under his own supervision or place him under the supervision of one or more operative hairdressers;

(b) the total number of workers employed at any time at the establishment at which the worker works in respect of whom the conditions contained in (a) of this sub-paragraph are fulfilled or who are prospective apprentices to whom sub-paragraph (2) of this paragraph relates, shall not exceed one for each experienced operative hairdresser employed at the said establishment; and for the purposes of this condition “experienced operative hairdresser” means an operative hairdresser who has completed a total of not less than two years’ employment as such in one or more hairdressing undertakings:

Provided that—

(i) no account shall be taken of an operative hairdresser who is not employed in the branch or branches of hairdressing in which the worker is bound to serve;

(2) Notwithstanding the foregoing provisions of this paragraph, where an employer employs a worker as a prospective apprentice for a probationary period not exceeding three months (or such extended period as is hereinafter mentioned) and the condition specified at (b) of sub-paragraph (1) of this paragraph is satisfied in the case of that worker, the minimum remuneration applicable to that worker during the probationary period shall be that applicable to an apprentice employed in accordance with the conditions specified in the foregoing provisions of this paragraph, and, in the event of the worker being continued thereafter at his employment as an apprentice, the said probationary period shall, for the purposes of this Schedule, be treated as part of the period of apprenticeship, whether or not it is included therein. Where, before the expiration of three months from the commencement of employment as a prospective apprentice as aforesaid, the Wages Council has received and acknowledged in writing written notification of such

employment and of the intention of the employer and worker to enter into a written contract of apprenticeship the said probationary period may be extended as the Wages Council may consider necessary for the drawing up and execution of the written contract.

- (3) A worker who, after attaining the age of 15 years, undergoes a full-time course of instruction in hairdressing of not less than two years' duration at any school or institution approved by the Wages Council, shall, at the end of the course of instruction, be deemed for the purposes of this paragraph to have served a period of three years' apprenticeship during which the conditions specified in sub-paragraph (1) of this paragraph were satisfied.

MINIMUM OVERTIME RATES

7. Overtime shall be payable to any worker at the following minimum rates:—

- (1) On a Sunday or customary holiday—

for all time worked **DOUBLE TIME**

Provided that where it is, or becomes, the established practice in a Jewish undertaking for the employer to require attendance on Sunday instead of Saturday, the foregoing provisions of this paragraph shall apply in like manner as if in such provisions the word "Saturday" were substituted for "Sunday", except where such substitution is unlawful.

- (2) (a) On the weekly short day (not being the weekly short day to which (b) applies)—

for all time worked after
1.30 p.m. **TIME-AND-A-HALF**

- (b) On the weekly short day in any week during which, under section 40 of the Shops Act 1950(a), the employer is relieved of his obligation to allow the worker a weekly half-holiday—

for all time worked after
1.30 p.m. **DOUBLE TIME**

- (3) In any week, exclusive of any time in respect of which an overtime rate is payable under the provisions of (1) and (2) of this paragraph:

(a) for the first four hours worked in excess of 44... .. **TIME-AND-A-QUARTER**

(b) thereafter **TIME-AND-A-HALF**

Provided that in any week which includes one customary holiday "36 hours" shall be substituted for "44 hours" and in any week which includes two customary holidays "28 hours" shall be substituted for the said "44 hours".

WAITING TIME

8. A worker shall be entitled to payment of the minimum remuneration specified in this Schedule for all the time during which he is present on the premises of the employer, unless he is present thereon in any of the following circumstances, that is to say—

- (1) without the employer's consent, express or implied;
- (2) for some purpose unconnected with his work, and other than that of waiting for work to be given to him to perform;
- (3) by reason only of the fact that he is resident thereon; or
- (4) during normal meal times in a room or place in which no work is being done, and he is not waiting for work to be given to him to perform.

**GUARANTEED WEEKLY REMUNERATION PAYABLE TO A
FULL-TIME WORKER**

- 9.—(1) Notwithstanding the other provisions of this Schedule, where in any week the total remuneration (including holiday remuneration but excluding the amount specified in sub-paragraph (2) of this paragraph) payable under those other provisions to a full-time worker is less than the guaranteed weekly remuneration provided under this paragraph, the minimum remuneration payable to that worker for that week shall be that guaranteed weekly remuneration with the addition of any amount excluded as aforesaid.
- (2) The amount to be excluded from the total remuneration referred to in the foregoing sub-paragraph is the whole of the remuneration payable in respect of overtime for work on a Sunday or on the weekly short day and one half of the remuneration payable in respect of overtime for work on a customary holiday.
- (3) The guaranteed weekly remuneration is the remuneration to which the worker would be entitled under paragraph 2, 3 or 5 for 44 hours' work in his normal occupation:
- Provided that
- (a) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week, and the worker has informed his employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to which the worker would be entitled (calculated in accordance with paragraph 10) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies ;
- (b) where in any week a worker at his request and with the written consent of his employer is absent from work during any part of his normal working hours on any day (other than a holiday allowed under Part II of this Schedule or a holiday allowed to all persons employed in the undertaking or branch of an undertaking in which the worker is employed), the guaranteed weekly remuneration payable in respect of that week shall be reduced in respect of each day on which he is absent as aforesaid by one-sixth where the worker's normal working week is six days or by one-fifth where his normal working week is five days.
- (4) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week (excluding any time allowed to him as a holiday or during which he is absent from work in accordance with proviso (b) to sub-paragraph (3) of this paragraph) is
- (a) capable of and available for work ; and
- (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.
- (5) Guaranteed weekly remuneration is not payable in respect of any week if the worker's employment is terminated before the end of that week.
- (6) If the employer is unable to provide the worker with work by reason of a strike or other circumstances beyond his control and gives the worker four clear days' notice to that effect, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or during part of which the employer continues to be unable to provide work as aforesaid:

Provided that in respect of the week in which the said notice expires there shall be paid to the worker, in addition to any remuneration payable in respect of time worked in that week, any remuneration that would have been payable if the worker had worked his normal hours of work on every day in the week prior to the expiry of the notice.

HOURS ON WHICH REMUNERATION IS BASED

- 10.—(1) The minimum remuneration specified in this Part of this Schedule relates to a week of 44 hours exclusive of overtime and, except as provided in paragraph 9 (which relates to guaranteed weekly remuneration), is subject to a proportionate reduction according as the number of hours worked is less than 44.
- (2) In calculating the remuneration for the purpose of this Schedule recognised breaks for meal times shall, subject to the provisions of paragraph 8, be excluded.

- (2) Notwithstanding the provisions of the last foregoing sub-paragraph—
- (a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;
- (b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the commencement of the next following holiday season, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;
- (c) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order H.U. (30) between 1st April 1964 and the date on which the provisions of this Schedule become effective.
- (3) In this Schedule the expression "holiday season" means in relation to the year 1964 the period commencing on 1st April 1964, and ending on 31st October 1964, and, in each succeeding year, the period commencing on 1st April and ending on 31st October of the same year.

- 13.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week,

the holiday may be allowed in two periods of consecutive working days ; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.

- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a holiday allowed to a worker under paragraph 11 or a day on which he does not normally work for the employer intervenes.
- (4) Where a holiday allowed to a worker under paragraph 11 immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any such holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season or after the holiday season in the circumstances specified in sub-paragraph (2) (b) of paragraph 12.
- (5) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959: Provided that where the total number of days of annual holiday allowed to a worker under this Schedule is less than the number of days in his normal working week, the said annual holiday shall be in addition to the said day of holiday or the said half-holiday.
14. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR CUSTOMARY HOLIDAYS

- 15.—(1) Subject to the provisions of this paragraph, for each day of holiday to which a worker is entitled under paragraph 11 he shall be paid by the employer holiday remuneration equal to the statutory minimum remuneration to which he would have been entitled if the day had not been a day of holiday and he had been employed on work for which statutory minimum remuneration is payable for the time usually worked by him on that day of the week :

Provided, however, that payment of the said holiday remuneration is subject to the condition that the worker (unless excused by the employer or absent by reason of the proved illness of, or accident to, the worker) presents himself for employment at the usual starting hour on the first working day following the holiday.

- (2) The holiday remuneration in respect of any customary holiday shall be paid by the employer to the worker on the day on which the wages for the first working day following the holiday are paid.
- (3) The holiday remuneration in respect of any holiday in lieu of a customary holiday shall be paid on the day on which the wages are paid for the first working day following the holiday in lieu: Provided that the said payment shall be made immediately upon the termination of the worker's employment in the case where he ceases to be employed before being allowed a holiday in lieu of a customary holiday to which he is entitled, and in that case the condition specified in sub-paragraph (1) of this paragraph shall not apply.

REMUNERATION FOR ANNUAL HOLIDAY

- 16.—(1) Subject to the provisions of paragraph 17, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay-day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
17. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 18 of this Schedule or with Order H.U. (30)) in respect of employment during either or both of the periods referred to in paragraph 18, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period or periods, shall be reduced by the amount of the said accrued holiday remuneration unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order H.U. (30).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

18. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration:—
- (1) in respect of employment in the 12 months up to 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal;
- (b) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker, without the consent of his employer, terminates his employment without having given not less than one week's notice or before one week has expired from the beginning of such notice, the amount of accrued holiday remuneration payable to the worker shall be the amount payable under the foregoing provisions of this paragraph less an amount equal to the statutory minimum remuneration which would be payable to him at the termination date for one week's work if working his normal working week and the normal number of daily hours worked by him.

CALCULATION OF EMPLOYMENT

19. For the purposes of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

AWARDS ON RETIREMENT OF REGULAR FIREMEN

Fireman's ordinary pension

1.—(1) Every regular fireman who has attained the age of 50 years and retires, being entitled to reckon at least 25 years' pensionable service, shall be entitled to a fireman's ordinary pension of an amount calculated in accordance with Part I of Schedule 1, subject however to Part III of that Schedule.

(2) Notwithstanding anything in paragraph (1), a chief officer or in Scotland a firemaster who retires before attaining the age of 55 years shall not be entitled to a pension under this Article unless his notice of retirement was given with the permission of the fire authority.

Fireman's short service award

2.—(1) Every regular fireman who is required to retire on account of age, but is not entitled to an ordinary pension under Article 1 shall be entitled to a fireman's short service award as hereinafter provided.

(2) In the case of a fireman entitled to reckon at least 10 years' pensionable service, the award under paragraph (1) shall be a short service pension calculated in accordance with Part II of Schedule 1, subject however to Part III of that Schedule.

(3) In the case of any other fireman, the award under paragraph (1) shall be a short service gratuity calculated in accordance with Part IV of Schedule 1, subject however to Part V of that Schedule.

(4) Every regular fireman who retires at or over the age of 65 years and is entitled to reckon at least 10 years' pensionable service but is not entitled to a pension or gratuity under any other provision of this Part of this Scheme shall be entitled to a short service pension calculated in accordance with Part II of Schedule 1, subject however to Part III of that Schedule.

Fireman's ill-health award

3.—(1) Every regular fireman who is incapacitated for the performance of his duty by infirmity of mind or body and retires on that account shall, if it appears that the incapacity is likely to be permanent, be entitled to an ill-health award as hereinafter provided.

(2) In the case of a fireman—

(a) who is entitled to reckon at least 10 years' pensionable service ; or

(b) whose infirmity of mind or body is occasioned by a qualifying injury,

the award under paragraph (1) shall be an ill-health pension calculated in accordance with Part II of Schedule 1, subject however to Part III of that Schedule.

(3) In the case of any other fireman the award under paragraph (1) shall be an ill-health gratuity calculated in accordance with Part IV of Schedule 1, subject however to Part V of that Schedule.

Fireman's special pension

4.—(1) Where—

(a) an ill-health pension is payable to a regular fireman on the ground that he has been incapacitated for the performance of his duty by infirmity of mind or body occasioned by a qualifying injury ; and

(b) the amount of that pension, when aggregated with the amount of any additional benefit from time to time payable to him, is less than the minimum injury award calculated in accordance with Part VI of Schedule 1,

he shall be entitled to a special pension of an amount equal to the deficiency.

(2) In this Article the expression "additional benefit" means—

(a) any injury benefit payable under the National Insurance (Industrial Injuries) Act 1946(a) which relates to the qualifying injury ;

(b) any disablement pension payable under section 12 of the National Insurance (Industrial Injuries) Act 1946 in respect of the qualifying injury at the rate specified in that section or so much of any such pension as relates to that injury, together with—

(i) any increase in such pension payable on account of unemployment or special hardship or in respect of children or adult dependants under section 13, 14, 17 or 18 of the said Act or, subject as hereinafter provided, so much of any such increase as is proportionate to that part of the said pension which relates to that injury,

(ii) so long as he is receiving treatment as an in-patient at a hospital as a result of that injury, any increase in such pension payable under section 16 of the said Act or in respect of children or adult dependants under section 17 or 18 of the said Act ;

(c) any sickness benefit payable under the National Insurance Act 1946(a) until the first day after his retirement which is not, or is deemed not to be, a day of incapacity for work under section 11 of the said Act or regulations made thereunder.

(3) Where a disablement gratuity is payable to a person under section 12 of the National Insurance (Industrial Injuries) Act 1946 in respect of the qualifying injury, this Article shall apply as if a disablement pension were so payable to him during the relevant period, of such amount as would be produced by converting the gratuity into an annuity for that period.

In this paragraph the expression "the relevant period" means the period taken into account, in accordance with section 12 of the said Act of 1946, for the purpose of making the assessment by reference to which the gratuity became payable.

(4) Where an ill-health pension payable to a person is reduced under Article 9 or 24, then, for the purposes of this Article, the pension shall be deemed not to have been so reduced.

Minimum aggregate amount of payments in respect of fireman's pension

5.—(1) Where a regular fireman dies while in receipt of an ordinary, short service or ill-health pension, then if the aggregate of—

- (a) the sums paid in respect of the pension ;
- (b) any gratuity payable in respect of his death ; and
- (c) the actuarial value of any widow's pension or child's allowance payable in respect of his death,

is less than his aggregate contributions, there shall be paid to his estate the difference by way of adjustment of the amount of the pension.

(2) Where a regular fireman does not resume service in his brigade before the expiration of a month from the termination, under Article 6, of the unsecured portion of his ill-health pension, then if the aggregate of—

- (a) the sums paid in respect of the pension ; and
- (b) the actuarial value of the secured portion of the pension (in so far as it is payable under Article 6(4)),

is less than his aggregate contributions, there shall be paid to him the difference by way of adjustment of the amount of the pension.

(3) For the purposes of this Article—

- (a) where an ill-health pension is supplemented by a special pension in accordance with Article 4, any amount paid in respect of the special pension shall be treated as if it had been paid in respect of the ill-health pension ;
- (b) the actuarial value of a widow's pension, of a child's allowance or of the secured portion of an ill-health pension shall be calculated in accordance with the tables prepared from time to time by the Government Actuary ;
- (c) where a fireman's pension is reduced under Article 9 the lump sum paid to him under that Article shall be deemed to have been paid in respect of the pension ; and

(d) where a fireman's pension is reduced under Article 24, any reference in this Article to the aggregate amount paid to him in respect of the pension shall be construed as a reference to the aggregate amount which would have been so paid had the pension not been so reduced.

Cancellation of fireman's ill-health and special pensions on recovery

6.—(1) As long as a person—

- (a) is in receipt of an ill-health pension ;
- (b) would not, if he had continued to serve as a regular fireman instead of retiring with an ill-health pension, have become entitled to retire with an ordinary pension ; and
- (c) if he had continued so to serve, could not have been required to retire on account of age,

the fire authority may, if they wish to exercise the powers conferred by this Article, consider, at such intervals as they in their discretion think proper, whether he has become capable of performing the duties of a regular fireman.

(2) If on any such consideration it is found that he has become capable of performing the duties of a regular fireman, the fire authority may terminate the unsecured portion of the ill-health pension.

(3) Where the unsecured portion of a person's ill-health pension is terminated under this Article, the fire authority shall, if he presents himself for service in the brigade at any time before the expiration of a month from its termination, permit him to resume service in the brigade forthwith in a rank not lower than that which he held when he retired with the pension ; and if the fire authority fail to comply with the requirements of this paragraph the termination shall be void and shall be deemed never to have taken effect.

(4) Where the unsecured portion of a person's ill-health pension is terminated under this Article—

- (a) the secured portion of that pension shall not be payable in respect of any period before he attains the age of 65 years ; and
- (b) if the ill-health pension is supplemented by a special pension in accordance with Article 4, the special pension shall be terminated.

Reassessment of fireman's special pension

7. Where a person is in receipt of a fireman's special pension, the fire authority shall, at such intervals as they think fit, consider whether the extent of his disablement has substantially altered, and if they find that it has, the pension shall be reassessed accordingly :

Provided that this Article shall cease to have effect with respect to a pension if, at any time after the expiration of 5 years from the time when the pension first became payable, the fire authority so resolve.

Reduction of award to fireman who causes or aggravates his infirmity

8. Where a regular fireman retires on account of infirmity of mind or body, and he has brought about or contributed to the infirmity by his own default or his vicious habits, the fire authority may reduce the amount of any ill-health award or special pension payable to him on his retirement by an amount not exceeding one half of that to which he would otherwise be entitled.

Commutation of pension

9.—(1) A regular fireman may in accordance with the provisions of this Article commute for a lump sum a portion of any ordinary, ill-health or short service pension to which he is or may become entitled, provided, in the case of an ordinary pension, that he retires when entitled to reckon at least 30 years' pensionable service or is required to retire on account of age.

(2) For the purpose of commuting a portion of his pension a person shall—

- (a) give notice in writing (in this Article called "notice of commutation") to the fire authority of his wish to commute for a lump sum such portion of his pension not exceeding a sixth thereof as (subject to the limitation contained in Article 25) he may specify ; and
- (b) satisfy the fire authority of his good health and for that purpose submit himself to such medical examination as they may require.

(3) The notice of commutation shall be given by a person—

- (a) not earlier than 2 months before his intended retirement nor later than 6 months after his retirement, or
- (b) in the case of a person who retires with an ill-health pension at a time when he is not entitled to retire with an ordinary pension, not earlier than 2 months before his intended retirement nor later than 6 months after he would, if he had continued to serve as a regular fireman instead of retiring with an ill-health pension, have become either entitled to retire with an ordinary pension or liable to be required to retire on account of age ;

and, in the case of such a person as is mentioned in sub-paragraph (b), the notice of commutation shall be given only with the written consent of the fire authority unless, at the time when the notice is given, he would, if he had continued to serve as aforesaid, have become either entitled to retire with an ordinary pension or liable to be required to retire on account of age.

(4) Where a person has complied with the provisions of paragraph (2)(a) and (b), the fire authority shall forthwith send to him a written notification that they have accepted the notice of commutation, which shall become effective—

- (a) as from the time when the notification is received by him or, if sent by post, as from the time when it would be delivered to him in the ordinary course of post, or
 - (b) as from the date of his retirement,
- whichever is the later :

Provided that the said notice shall not become effective if it was given more than 2 months before his retirement.

(5) Where a person retires or has retired and a notice of commutation given by him has become or becomes effective, the fire authority shall reduce the pension to which the notice relates in accordance with the notice as from the time from which the notice is effective and shall pay to him a lump sum of such amount as is the actuarial equivalent of the surrendered portion of the pension at the date of his retirement, calculated from tables prepared by the Government Actuary :

Provided that—

- (a) where the notice is effective as from the time mentioned in paragraph (4)(a), the lump sum shall be reduced by an amount equal to the difference between the aggregate payments made in respect of the pension and the aggregate payments which would have been so made had it been reduced from the date of the retirement ;
- (b) in relation to such a person as is mentioned in paragraph (3)(b), the preceding provisions of this paragraph shall have effect as if any reference therein to the date of retirement were a reference to the time as from which the notice is effective.

(6) For the purposes of this Article no account shall be taken of any increase under Article 50(3) or 53 in an award to a serviceman.

(7) Where a regular fireman retires on or after 1st August 1964 any notice given or other thing done before that date for the purposes of Article 9A of the Firemen's Pension Scheme 1956, as set out in Article 2 of the Firemen's Pension Scheme Order 1959, shall have effect as if it had been given or done for the purposes of this Article.

(2) Where a fireman is dissatisfied with a certificate supplied to him in accordance with the provisions of the preceding paragraph, he may, within 3 months of being supplied with it, appeal to the Secretary of State who shall either confirm or vary the said certificate.

(3) Where in accordance with the preceding provisions of this Article a certificate has been supplied to a fireman and he has not appealed to the Secretary of State within the period of 3 months aforesaid, or where a certificate has been confirmed or varied on such an appeal, then the certificate as supplied, confirmed or varied, as the case may be, shall be conclusive as to the pensionable service which the fireman was entitled to reckon on the date to which it refers.

Provided that in the case of a person who has previously retired from service as a regular fireman, otherwise than with an ill-health pension, and resumed service as such later than a year after that retirement this paragraph shall have effect only if he is such a person as is mentioned in paragraph (3) by reason of his being entitled to reckon pensionable service by virtue of such service or employment as is there mentioned which he entered after his previous retirement.

47.—(1) Where any sum is due on account of a pension, and any debt is due to the fire authority from the pensioner, so much of the said sum as does not exceed the debt may be applied by the authority in or towards the satisfaction of the debt:

Provided that where the pension is an ordinary, ill-health or short service pension, and the sum due is in respect of a period beyond the age of 65 years, only so much of the sum as is due on account of the unsecured portion of the pension may be applied as mentioned in this paragraph.

(2) If it appears to the fire authority that a pensioner is by reason of mental disorder or otherwise incapable of managing his affairs, the authority may in their discretion pay the pension or any part thereof to any person having the care of the pensioner, and, in so far as they do not dispose of the pension in that manner, may apply it in such manner as they think fit for the benefit of the pensioner or his dependants.

(3) On the death of a person to whom or to whose estate a sum not exceeding £200 is due on account of a pension, the fire authority may, without probate, confirmation or any other formality or proof of title, pay the said sum to the persons appearing to the authority to be beneficially entitled to the personal estate of the deceased, or, as the authority think fit, pay the said sum to one or more of those persons or distribute it among all or any of those persons in such proportions as the authority may determine.

(4) Where any sum is payable to a minor on account of a pension, the authority may, if they think fit, in lieu of paying the said sum to the minor, pay it to such other person as they may determine.

A person who receives any sum paid under this paragraph shall, subject to and in accordance with any directions of the fire authority, apply the said sum for the minor's benefit.

(5) Every assignment or charge on a pension shall be void to the extent that—

- (a) it is in favour of a person other than a relative of the pensioner, or
- (b) it relates to a sum due to an ordinary, ill-health or short service pensioner, in respect of a period beyond the age of 65 years, on account of the secured portion of the pension.

(6) A pension shall not pass to a trustee in bankruptcy or any other person acting on behalf of creditors of the pensioner.

(7) This Article shall apply with respect to awards other than pensions as it applies with respect to pensions, and accordingly any reference in this Article to a pension shall be construed as including a reference to any such award, and any reference therein to a pensioner shall be construed as including a reference to a person to whom any such award is payable.

(8) In the application of this Article to Scotland—

- (a) the reference in paragraph (3) to the personal estate of the deceased shall be construed as a reference to his movable estate ;
- (b) any reference in paragraph (4) to a minor shall be construed as including a reference to a pupil.

Payment of transfer values

48. Where a regular fireman retires or has retired from a brigade and after again becoming such a fireman in another brigade becomes entitled under Article 31(1) to reckon as pensionable service the period of pensionable service he was entitled to reckon on retiring, the fire authority maintaining the first-mentioned brigade shall pay to the fire authority maintaining the other brigade a sum by way of transfer value calculated in accordance with Schedule 8.

Expenses and receipts of fire authorities

49.—(1) Every fire authority shall maintain an account showing all sums received or paid by the authority under, or for the purposes of, this Scheme, the Firemen's Pension Scheme 1956, the Firemen's Pension Scheme 1952 or the Firemen's Pension Scheme 1948.

(2) The account mentioned in paragraph (1) shall be separate from any account maintained by the fire authority which shows sums received or paid by the authority (not being such sums as are there mentioned) other than sums received or paid under rules made by virtue of section 9 of the Fire Services Act 1959(a), or payments in lieu of contributions made in respect of regular firemen.

(3) Where in any year the receipts credited to the account mentioned in paragraph (1) exceed the payments debited thereto, the balance may be transferred to a pension reserve account.

(4) Where in any year the payments debited to the account mentioned in paragraph (1) exceed the receipts credited thereto, the balance shall be met out of the pension reserve account to the extent thereof.

(5) In this Article the expression "year" means a year beginning on the anniversary of the appointed day.

PART VIII

SERVICEMEN

Awards to servicemen

50.—(1) This Article shall apply in the case of a serviceman who at the end of his period of relevant service in the armed forces is incapacitated by infirmity of mind or body for the performance of duty as a regular fireman if it appears that the incapacity is likely to be permanent.

(2) Such a person shall be entitled to the same award on the same conditions in all respects as if he had retired from his former brigade at the end of the said period on the ground that he had been so incapacitated.

(3) Where the infirmity of mind or body is occasioned by an injury received during the person's period of relevant service in the armed forces or by a qualifying injury, the fire authority may, in their discretion—

(a) pay him, in lieu of a gratuity, a pension at the rate of a twelfth of his average pensionable pay; and

(b) increase any pension payable under this Article, so however that the increased pension, when aggregated with any service pension other than an allowance for constant attendance, wear and tear of clothing, or comforts, shall not be payable at a rate exceeding that of the aggregate of the pensions to which he would have been entitled had the injury been treated, for the purposes of the preceding paragraph, as if it were a qualifying injury.

Awards on death of servicemen

51.—(1) This Article shall apply in the case of a serviceman who—

(a) dies during his period of relevant service in the armed forces; or

(b) having been incapacitated for duty as a regular fireman at the end of the said period and the incapacity having appeared likely to be permanent (without any intervening period of service as such a fireman) dies from the effects of the injury that resulted in his incapacity or while in receipt of a pension.

(2) Such a person's widow shall—

(a) if he was entitled to reckon 3 years' pensionable service, be entitled to a pension as though he were a person mentioned in Article 10(1); or

(b) if she is not so entitled to a pension and if her husband died during his period of relevant service in the armed forces, be entitled to a gratuity under Article 10(3) as though he died while serving as a regular fireman.

(3) Any child of such a person shall be entitled to an allowance as though he were mentioned in Article 16.

(4) Subject to paragraphs (5) and (6), where such a person dies from the effects of an injury received during his period of relevant service in the armed forces or of a qualifying injury, the fire authority may, in their discretion—

(a) pay to the widow, in lieu of a gratuity, a pension at the rate of £77 a year; and

(b) increase any pension or allowance payable under this Article, so however that the increased award, when aggregated with any service pension payable

to or for the widow or child, as the case may be, in respect of the serviceman, shall not be payable at a rate exceeding that of the award to which the widow or child, as the case may be, would have been entitled had the serviceman died from the effects of a qualifying injury, ignoring any increase in accordance with the provisions of Schedule 4.

(5) In any case in which the rate of payment specified in paragraph (4)(a) falls to be increased under any of the relevant Pensions (Increase) Acts, otherwise than under section 2 of the Pensions (Increase) Act 1962(a), paragraph (4)(a) shall have effect as if for the rate of £77 a year there were substituted such lower rate as, together with the increase, yields a pension at the rate of £77 a year.

(6) Where an award is increased under paragraph (4)(b) the amount thereof shall be further increased in accordance with Schedule 4.

Gratuities for dependants other than widows and children

52. In relation to a serviceman who dies during his relevant service in the armed forces, Article 22 shall apply as though he died while serving as a regular fireman.

Servicemen who resume service as regular firemen

53. If a serviceman who resumes service as a regular fireman—

(a) is incapacitated for the performance of his duties as such and the incapacity appears likely to be permanent ; or

(b) dies (whether while serving as such a fireman or otherwise),

as a result of an injury received during his period of relevant service in the armed forces, the fire authority may, in relation to any award payable to or in respect of him, exercise the like discretions as are conferred on them by Article 50 or by Article 51.

Servicemen who do not resume service in their former brigade

54. If a serviceman within one month of the end of his period of relevant service in the armed forces does not resume service in his former brigade, he shall be treated for the purposes of Articles 13, 20, 27, 31, 38, 41 and 66 as having left his former brigade at the end of that period :

Provided that he may apply to the fire authority for the consent mentioned in Article 31(2) at any time within a month of the end of the said period.

Pensionable service, contributions and pay

55.—(1) A serviceman shall be entitled to reckon his period of relevant service in the armed forces as pensionable service in his former brigade for the purposes of this Scheme.

(2) A serviceman shall pay pension contributions to the fire authority of his former brigade in respect of his period of relevant service in the armed forces as though he had remained a regular fireman in that brigade :

Provided that pension contributions shall not be payable by a serviceman in respect of any period during which he is in receipt of service pay which when aggregated with any payments under Part V of the Reserve and Auxiliary Forces (Protection of Civil Interests) Act 1951(b) is less than his pensionable pay.

(3) For the purpose of calculating pensionable pay, a serviceman shall be deemed to receive during his period of relevant service in the armed forces the pay which he would have received if he had continued to serve in his former brigade.

Servicemen deemed not to have retired

56. Except where the context otherwise requires, a reference in this Scheme to a regular fireman retiring or ceasing to be such does not include a reference to his so doing for the purpose of undertaking relevant service in the armed forces.

Application to regular firemen with war service

57.—(1) Articles 51 and 53 shall apply in the case of a regular fireman who received any injury during a period of war service at a time when section 1 of the Police and Firemen (War Service) Act 1939(a) applied to him as they apply in the case of a serviceman and as if any reference therein to a period of relevant service in the armed forces were a reference to a period of war service.

(2) In this Article any reference to “a period of war service” is a reference to a period of service in the armed forces of the Crown or to a period, beginning before 1st January 1948 and ending before 1st April 1948, of work which the Secretary of State directed should be treated as war work for the purpose of Regulation 60DA of the Defence (General) Regulations 1939, and the reference to the Police and Firemen (War Service) Act 1939 includes a reference to that Act as extended by the said Regulation 60DA.

(2) If he retires in consequence of the injury, the fire authority may grant him such pension as they think fit, so however that the said pension, when aggregated with any additional benefit which may be payable to him, shall not exceed the minimum injury award which would have been appropriate in his case had he been a regular fireman of the rank of fireman and retired on account of a qualifying injury during his first year of service.

(3) If he dies from the effects of the injury, either before or after retiring from the brigade, the fire authority may grant his widow or child such pension or allowance, as the case may be, as they think fit, so however that the said pension or allowance, when aggregated with any additional benefit which may be payable to the recipient, shall not exceed the pension or allowance which would have been payable had he been a regular fireman of the rank of fireman who died or retired during his first year of service and died from the effects of a qualifying injury, any increase in accordance with Schedule 4 being ignored.

(4) The amount of a pension or allowance granted under the last foregoing paragraph shall be increased in accordance with Schedule 4.

(5) In this Article the expression “additional benefit” means any periodical payments of whatever nature which are made by the fire authority, otherwise than under this Article, by any other local authority or by a Minister of the Crown otherwise than by way of an increase in a disablement pension payable under section 15 of the National Insurance (Industrial Injuries) Act 1946(b) where constant attendance is needed, so however that in paragraph (3) the said expression does not include any benefit payable under the National Insurance Acts 1946.

(2) The award under paragraph (1) shall consist of an ill-health pension and a special pension which shall be payable at the like rates and be subject to the like conditions as they would have been if the part-time member concerned had been such a regular fireman as is mentioned in Article 63(2) and had retired on account of a qualifying injury ; and, accordingly, Articles 3, 4, 6, 7, 8 and 73 shall have effect subject to any necessary modifications.

(2) Where the unsecured portion of a pension is reduced in accordance with the provisions of this sub-paragraph, the annual rate of that portion of the pension shall be reduced in respect of any period beyond the age of 65 years by the annual rate of the graduated retirement benefit which would be payable to the pensioner on the assumption that he retired from regular employment on attaining that age, in return for a payment in lieu of contributions in respect of the whole of the period referred to in sub-paragraph (1).

4.—(1) Where a person in receipt of the secured portion of an ill-health pension (granted under this Scheme or the Firemen's Pension Scheme 1956), the

Sch.1 (*contd.*)

unsecured portion of which has been terminated in the circumstances mentioned in Article 6, is also in receipt of some other pension (being an ordinary, ill-health or short service pension granted under this Scheme) and is entitled to reckon for the purposes of that other pension the period of pensionable service reckonable for the purposes of the ill-health pension, then the unsecured portion of that other pension shall be reduced in accordance with the provisions of sub-paragraph (2).

(2) Where the unsecured portion of an ordinary, ill-health or short service pension is reduced in accordance with the provisions of this sub-paragraph, the annual rate of that portion shall be reduced in respect of any period beyond the age of 65 years by the annual rate of the secured portion of the ill-health pension first mentioned in this paragraph.

the gratuity in question shall be reduced by an amount equal to the amount which could be retained out of the gratuity by the fire authority under section 10(4) of the National Insurance Act 1959 if the gratuity were a refund of payments to which that subsection applies.

2. Where a payment in lieu of contributions may fall to be made by a fire authority in respect of a regular fireman and such a gratuity as is mentioned in paragraph 1 is payable as mentioned therein, the fire authority may reduce the amount of the gratuity in question by the amount by which it would be reduced under the said paragraph 1 if the payment in lieu of contributions in fact fell to be made, so however that, if the said payment does not fall to be made within the period of 78 weeks from the date when the person concerned ceases to be a regular fireman or within such shorter period as the fire authority may determine, then any reduction in the amount of the gratuity under this paragraph shall cease to have effect and the difference between the full and the reduced amounts thereof shall become payable.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order consolidates, with amendments, the Firemen's Pension Scheme 1956 (as set out in the Appendix to the Firemen's Pension Scheme Order 1956 and modified by the National Insurance (Modification of Firemen's Pension Scheme) Regulations 1961 (S.I. 1961/267: 1961 I, p. 439) and the amendments thereto contained in the Firemen's Pension Scheme (No. 2) Order 1956, the Firemen's Pension Scheme Order 1958, the Firemen's Pension Scheme Order 1959, the Firemen's Pension Scheme (No. 2) Order 1959, the Firemen's Pension Scheme Order 1960, the Firemen's Pension Scheme (No. 2) Order 1960, the Firemen's Pension Scheme (Amendment) Order 1962 and the Firemen's Pension Scheme (Amendment) Order 1963, which cease to have effect save in relation to retirements, deaths and certain other matters occurring before 1st August 1964, when the new Scheme comes into force.

The principal changes incorporated in the new Scheme are described below :

Article 19 extends the period for which an allowance is payable to a child who is receiving full-time education or is an apprentice up to the time he attains the age of 19 years. (A corresponding extension is made by Article 3 of the Order in the case of children's allowances payable under the Firemen's Pension Schemes of 1948, 1952 and 1956.)

Article 24 makes further provision relating to the allocation of part of a pension in favour of a dependant. Where the beneficiary of an allocation dies before the fireman retires he is permitted to allocate a further portion of his pension in favour of some other beneficiary.

The power to withdraw a pension for such period as the pensioner is employed by any local authority is, by Article 29, restricted to the case where the pensioner is employed as a regular fireman.

The provisions of Article 31 relating to the reckoning for pension purposes of previous service as a regular fireman permit a break in service of up to a year.

Articles 60, 61 and 62 relate to awards to or in respect of part-time firemen. Except in the case of awards to dependants of such firemen who have ceased to serve before the coming into operation of the Scheme, provisions for flat rate awards are replaced by provisions for awards corresponding to those payable to, and related to the pensionable pay of, regular firemen.

Increases are made in flat rate awards (e.g. in a widow's ordinary pension calculated in accordance with Scheme I of Part I of Schedule 2) corresponding, in amount, to those authorised by the Pensions (Increase) Acts (other than section 2 of the 1962 Act, which relates to pensions payable to persons aged 70 years or more).

A proportion of certain previous service otherwise than as a regular fireman is reckonable for pension purposes. Article 35(2) provides that where the superannuation provisions applicable to that other service are comparable to those of the Scheme, the whole of that other service shall be reckonable.

- (b) it has reacted to a tuberculin test ; or
- (c) it has been exposed to the infection of tuberculosis by contact with any such animal as is mentioned in heads (a) or (b) of this paragraph,

the compensation payable by him for the animal shall, subject to Article 5 of this Order, be the amount determined in accordance with the following provisions of this Article.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order revokes and re-enacts for England and Wales the Tuberculosis (Compensation) Order 1950, as amended (S.I. 1950/2005, 1959/1460, 1960/1714), which prescribed the scale of compensation payable for cattle slaughtered under section 17 of the Diseases of Animals Act 1950 because they have reacted to a tuberculin test, or have been exposed to the infection of tuberculosis by contact with a reactor. The scale of compensation prescribed will apply henceforth as well to cattle slaughtered because they are affected with clinical tuberculosis, or have been exposed to infection by contact with animals so affected. This is in substitution for the scale prescribed in Article 6 and 7 of the Tuberculosis Order of 1938, as amended (S.R. & O. 1938/165, 1946/122), both of which Articles are revoked.

The Order contains an exception for cattle (referred to as "control animals") which are required to serve as controls in connection with the importation of cattle from overseas. Compensation on slaughter of such control animals is limited to the carcase value of the animal, less the Minister's reasonable expenses.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order, made under the Diseases of Animals Act 1950 revokes and re-enacts (with amendments) for England and Wales—

- (a) the Tuberculosis Order of 1938 (S.R. & O. 1938/165 ; 1946/122), other than Articles 6 and 7 thereof which, since they relate to compensation are revoked by a separate order, namely the Tuberculosis (Compensation) Order 1964 (S.I. 1964/1150) ; and
- (b) the Tuberculosis (Slaughter of Reactors) Order 1950 (S.I. 1950/2007), as amended by S.I. 1959/1461.

The Order also revokes the Tuberculosis (Area Eradication) Order 1950 (S.I. 1950/2006), as amended by S.I. 1954/762, 1955/1449 and 1960/87, much of which, in consequence of the Tuberculosis (England and Wales Attested Area) Order 1960 (S.I. 1960/1708), declaring the whole of England and Wales to be an attested area, is obsolete.

By virtue of section 17 of the Diseases of Animals Act 1950 (and the extension of the definition of disease re-enacted in this Order) the Minister of Agriculture, Fisheries and Food may, if he thinks fit, cause to be slaughtered any animal which is affected or suspected of being affected with tuberculosis or has been exposed to the infection of such disease.

This Order prescribes the precautionary measures to be adopted, and the form of notice (Form A) to be served, where a bovine animal is suspected of being an affected animal (within the meaning of the Order). These measures include the detention and isolation of the animal and, in the case of a cow, the sterilisation of its milk. Where the Minister is satisfied that an animal is affected with tuberculosis or, following the carrying out pursuant to the Order of a tuberculin test, is a reactor, and he proposes to cause the animal to be slaughtered, the Order provides for the service of another notice (Form B) requiring the detention and isolation of the animal pending slaughter; and, generally, the Order assimilates the procedure henceforth to be followed in either such case.

The Order also contains in re-enacted form (but with minor alterations) ancillary provisions for the purpose of preventing the introduction and spread of tuberculosis and of eradicating that disease.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order revokes and re-enacts for Scotland the Tuberculosis (Compensation) Order 1950 as amended (S.I.—1950/2005, 1959/1460, 1960/1714), which prescribed the scale of compensation payable for cattle slaughtered under Section 17 of the Diseases of Animals Act 1950 because they have reacted to a tuberculin test, or have been exposed to the infection of tuberculosis by contact with a reactor. The scale of compensation prescribed will apply henceforth as well to cattle slaughtered because they are affected with clinical tuberculosis, or have been exposed to infection by contact with animals so affected. This is in substitution for the scale prescribed in Articles 6 and 7 of the Tuberculosis Order of 1938, as amended (S.R. & O. 1938/165, 1946/122), both of which Articles are revoked.

The Order contains an exception for cattle (referred to as "control animals") which are required to serve as controls in connection with the importation of cattle from overseas. Compensation on slaughter of such control animals is limited to the carcase value of the animal, less the Secretary of State's reasonable expenses.

CONSUMER PROTECTION**The Children's Nightdresses Regulations 1964**

<i>Made -</i>	<i>23rd July 1964</i>
<i>Laid before Parliament</i>	<i>29th July 1964</i>
<i>Coming into Operation</i>	<i>1st October 1964</i>

In pursuance of sections 1 and 2 of, and paragraphs 3 and 7 of the Schedule to, the Consumer Protection Act 1961(a), and after consulting with such persons and bodies of persons as appear to me to be requisite, I hereby make the following Regulations:—

Materials to be used

1.—(1) A children's nightdress shall not be made of, or trimmed below the waist or elbow with, any fabric of a kind not capable of satisfying the performance requirements specified in the British Standard Specification "Performance Requirements of Fabrics described as of Low Flammability B.S. 3121: 1959" published on 23rd March 1959.

For the purposes of this paragraph, the reference in clause 3 of the said specification to "B.S. 2963" shall be construed as a reference to the British Standard Specification "Tests for the Flammability of Fabrics B.S. 2963: 1958", as amended by Amendment No. 1 published on 27th November 1959.

(2) Where fabric with which a children's nightdress is made or trimmed contains fibres made of a synthetic substance which will melt with the application of heat—

(a) any fabric stitched to that fabric below the waist or elbow of the nightdress shall be of the same kind, or of a kind consisting wholly of fibres which will melt with the application of heat; and

(b) any thread with which that fabric is stitched shall be of a kind which will melt with the application of heat.

(3) Nothing in this Regulation shall prohibit the use of elastic or elastic thread for shirring.

Labelling

2.—(1) Where a children's nightdress is made of a fabric which has been treated with chemicals to make it safer from fire, that nightdress shall bear a warning against washing it with soap or soap powder and against boiling or bleaching it.

(2) The warnings required by this Regulation shall be set out in legible and durable characters upon a durable label stitched to the nightdress:

Provided that until 1st April 1965 it shall be a sufficient compliance with this paragraph if the warnings are set out as aforesaid upon a removable ticket attached to the nightdress.

Goods already manufactured

3. As respects the requirements of these Regulations, subsections (1) and (2) of section 2 of the Act (which prohibits sales and possession for sale of goods and component parts not complying with regulations) shall apply in relation to goods and component parts manufactured before the coming into operation of these Regulations notwithstanding anything in subsection (4) of that section (which exempts such goods and parts unless regulations otherwise provide).

Local authorities

4.—(1) The Schedule to the Act shall have effect in relation to goods to which these Regulations apply.

(2) Any test of goods to which these Regulations apply, being a test such as is referred to in paragraph 2 of the Schedule to the Act (which empowers a local authority to purchase goods for the purpose of a test) shall be carried out, at the expense of the local authority, by such person or body as may be authorised by the Secretary of State under this Regulation to carry out such tests.

(3) In relation to goods to which these Regulations apply “local authority” in the Schedule to the Act and paragraph (2) of this Regulation shall mean the council of a county borough, the council of a London borough or the Common Council of the City of London; as respects any non-county borough or urban district which has according to the last published census for the time being a population of 60,000 or upwards, the council of the borough or urban district; and as respects any other area the council of the county; and, in Scotland, the council of any county or any town.

(4) The reference in paragraph (3) of this Regulation to a London borough shall, until 1st April 1965, be construed as a reference to a metropolitan borough.

Interpretation

5.—(1) In these Regulations—

“the Act” means the Consumer Protection Act 1961; and

“children’s nightdress” means a nightdress which—

(a) has a finished garment chest measurement not exceeding 38 inches, and

(b) is of a length which, measured from the highest point of the shoulder to the bottom of the garment, does not exceed 46 inches, not being a nightdress—

(i) which is so made or designed that it is unsuitable for wear by persons under the age of 13, or

(ii) which is designed as an infant’s gown suitable for wear by newly-born babies.

In this definition “finished garment chest measurement” means twice the measurement of the garment across the chest when the garment is laid out as flat as possible without distorting its natural two-dimensional shape.

(2) The Interpretation Act 1889^(a) shall apply for the interpretation of these Regulations as it applies for the interpretation of an Act of Parliament.

(a) 52 & 53 Vict. c. 63.

Citation and commencement

6. These Regulations may be cited as the Children's Nightdresses Regulations 1964 and shall come into operation on 1st October 1964.

Henry Brooke,
One of Her Majesty's Principal
Secretaries of State.

Home Office,
Whitehall.

23rd July 1964.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

By the Consumer Protection Act 1961 the Secretary of State is empowered to make regulations imposing requirements, in respect of any prescribed class of goods, to prevent or reduce risk of death or personal injury.

These Regulations impose such requirements in relation to children's nightdresses (as defined in Regulation 5(1)) and accordingly under the Act, subject to certain exceptions, no person may sell or have in his possession for sale a children's nightdress not complying with the Regulations.

Regulation 1 relates to the materials used in the garments and, among other things, requires any fabric used to be of a kind capable of satisfying the requirement of the British Standard for fabrics "described as of low flammability".

Regulation 2 relates to the labelling of nightdresses made of fabrics which have been treated with chemicals to make them safer from fire.

Under Regulation 3 the prohibition on sale of goods not complying with the Regulations will apply to goods manufactured before the coming into operation of the Regulations.

Regulation 4 makes provision as regards enforcement, in particular as to the local authorities responsible.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations amend the Cinematograph Films (Distribution of Levy) Regulations 1963 (S.I. 1963/1376).

Under those Regulations a registered film loses its eligibility for distribution of the film levy if an agreement or arrangement to exhibit it on television is in existence at the date of its registration or if it is exhibited on television earlier than twelve months after its registration.

These amending Regulations modify the position in relation to pay television. A film will lose its eligibility for distribution of levy only if it is exhibited during the period of six months prior to registration.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations further amend the Motor Vehicles (Construction and Use) Regulations 1963 by increasing the permitted dimensions and weights of motor vehicles and trailers and by making certain other alterations in the 1963 Regulations. The following are the main changes:—

1. The permitted overall length of articulated vehicles is now 13 metres (approximately 42 feet 7 inches) instead of 35 feet, of other motor vehicles 11 metres (approximately 36 feet) instead of in cases where it was 30 feet and of trailers 7 metres (approximately 22 feet 11 inches) instead of in cases where it was 22 feet (Regulations 4 and 12).

2. The permitted overall width of motor tractors, heavy motor cars and motor cars is now 2.5 metres (approximately 8 feet 2½ inches) instead of (in general) 7 feet 6 inches and a similar increase in overall width is permitted in the case of trailers satisfying specified requirements (Regulations 7, 8, 10 and 13).

3. The permitted overhang of a heavy motor car or a motor car, as measured in accordance with the 1963 Regulations, is in general increased from 50 per cent. to 60 per cent. (Regulations 9 and 11).

4. A new Regulation 71A increasing the permitted maximum weights of vehicles is introduced into the 1963 Regulations (Regulation 14).

Paragraph (1) of the new Regulation defines the vehicles to which the provisions of that Regulation apply. These vehicles are, in general, heavy motor cars and motor cars first registered under the Vehicles (Excise) Act 1962 after the 1st February 1963, other heavy motor cars and motor cars brought temporarily into Great Britain and certain trailers drawn by any of those vehicles, subject to those vehicles and trailers carrying a plate referred to in that paragraph and to compliance with certain requirements as to braking efficiency mentioned in paragraph (2) of the new Regulation.

Paragraph (3) of the new Regulation permits a vehicle to which the Regulation applies to transmit to the road surface by one wheel, where no other wheel is in the same line transversely, a weight of up to 5 tons instead of 4½ tons and by two wheels, in line transversely, a total weight of up to 10 tons instead of 9 tons.

Paragraph (4)(a) and (b) of the new Regulation provides that the sum of the weights transmitted to the road surface by all the wheels of a vehicle to which the Regulation applies where fitted with axles as shown in Schedule 8 (set out in Regulation 17 of these Regulations) may amount to the relevant weight specified in column 2 of that Schedule.

Paragraph (4)(c) makes provision as to the sum of the weights which may be transmitted to the road surface in the case of a public service vehicle.

5. New provision is made in substitution for Regulation 72 of the 1963 Regulations with regard to the distribution of weight transmitted by vehicles to the road surface (Regulation 15).

6. New provision is introduced as from the 1st January 1966 into Regulation 103 of the 1963 Regulations to the effect that where a motor vehicle is drawing only one trailer the overall length of the combination of vehicles shall not exceed 18 metres (approximately 59 feet) (Regulation 16).

7. The definition of the overall length and of the overall width of a vehicle contained in Regulation 3(1) of the 1963 Regulations is amended so as to provide that in determining that length or width account shall be taken, subject to certain exceptions, of a device or receptacle on or attached to the vehicle which increases its carrying capacity (Regulation 3).

Interpretation

(2) For the purpose of these regulations an animal in joint ownership shall not be deemed to be owned by the same person as any other animal or any semen unless all the joint owners of both are the same.

(3) The Interpretation Act 1889(c) shall apply to the interpretation of these regulations as it applies to the interpretation of an Act of Parliament.

Prohibition of distribution and sale of semen

3.—(1) A person shall not distribute or sell semen except under the authority of a licence issued by the Secretary of State and for the time being in force.

(2) Nothing in this regulation shall require the authority of a licence for—

- (a) the use of semen to inseminate a sow in the same ownership as that semen ;
- (b) the sale or transfer of semen by a former owner of the boar from which it was collected to the present owner of that boar ; or
- (c) the delivery of semen to an artificial insemination centre or a veterinary surgeon or veterinary practitioner for the purpose of storage and the delivery or re-delivery of that semen to its owner for the time being by the centre or the person with whom it has been deposited.

Licensing of artificial insemination centres

4.—(1) The Secretary of State may grant a licence to a person in respect of premises maintained by him authorising him, subject to the provisions of these regulations and to such conditions as may be specified in the licence,

- (a) to distribute or sell permitted semen to an artificial insemination centre or to an English centre, or to veterinary surgeons and veterinary practitioners ; and
- (b) to distribute permitted semen by inseminating sows with it.

(2) A person to whom a licence is granted under this regulation shall not contravene or permit a contravention of any provision of regulation 5 hereof in relation to the centre to which the licence relates, or of the conditions of the licence, and shall take all reasonable steps to secure compliance with them by persons employed by him.

(3) A licence granted under this regulation may authorise the person to whom the licence is granted to distribute or sell permitted semen to persons, or in ways, other than those referred to in paragraph (1) hereof.

(4) In these regulations “permitted semen” means, in relation to any artificial insemination centre—

- (a) semen collected from approved boars at that centre ;
- (b) semen acquired from another artificial insemination centre or from an English centre ; and
- (c) such other semen as the Secretary of State from time to time authorises the licensee of the centre in writing to use as permitted semen,

being in each case semen which is for the time being in the possession or under the control of the licensee of the centre.

Regulation of artificial insemination centres

5.—(1) The following provisions of this regulation shall apply to every artificial insemination centre.

(2) The collection, processing and storage of permitted semen, and insemination with such semen, by or on behalf of the licensee of the centre, shall be carried out under the effective supervision and control of a veterinary surgeon approved by the Secretary of State for the purpose.

(3) No person, unless approved by the Secretary of State for the purpose, shall be employed by the licensee of the centre in the collection, processing or storage of permitted semen, or to inseminate with such semen.

(4) No part of the centre, unless approved by the Secretary of State for the purpose, shall be used for the collection, processing or storage of permitted semen.

(5) No part of the centre, unless approved by the Secretary of State for the purpose, shall be used for the processing or storage of semen (whether of boars or of other animals) other than permitted semen.

(6) Animals or poultry may not be brought into or kept at the centre without the consent of the Secretary of State, or otherwise than in accordance with the terms of such consent.

(7) Subject to such exceptions as may be specified in the licence, semen other than permitted semen shall not be brought into such parts of the centre as have been approved by the Secretary of State for the purposes of paragraph (4) of this regulation, and shall not be collected, processed or stored by means of, or in, equipment which is used for the collection, processing or storage of permitted semen.

(8) If a boar from which permitted semen has been collected at an artificial insemination centre or an English centre has since died or been slaughtered, or has ceased to be kept at such a centre, that semen shall not knowingly be distributed or sold by the licensee of any artificial insemination centre without the consent of the Secretary of State.

(9) The licensee of the centre shall maintain the premises to which the licence relates and the equipment thereof in good condition and repair.

Licences to Veterinary Surgeons

6.—(1) If the Secretary of State is satisfied that, in view of the prevalence of disease amongst swine in any locality or of the remoteness of any locality from an artificial insemination centre or of the existence of other special circumstances in any locality, a veterinary surgeon in the locality should be authorised to distribute semen (being semen obtained by him from an artificial insemination centre) by inseminating sows with it, he may grant a licence to the veterinary surgeon authorising him to do so, and such authority may relate to any sow in the locality or to such sows only therein as the licence may specify.

(2) The Secretary of State may authorise any veterinary surgeon to whom a licence has been granted under this regulation to store any such semen as aforesaid in accordance with such conditions as he may specify.

(3) A veterinary surgeon who holds a licence under this regulation may himself perform the operation of the artificial insemination of a sow with semen to which the licence relates but shall not cause or permit any person other than another veterinary surgeon to perform that operation on such a sow.

(4) Any licence granted under this regulation shall be subject to the following provisions of these regulations and such other conditions as may be specified in it and shall remain in force for such period as may be so specified.

Licences to other persons

7. The Secretary of State may grant a licence to any person, other than a person maintaining an artificial insemination centre, to distribute or sell semen collected from a boar owned by that person to other persons or classes of persons specified in the licence, subject to compliance with such conditions as may be specified in the licence.

Provisions relating to animal health

8.—(1) Semen, whether permitted semen or otherwise, shall not without the written consent of a veterinary officer of the Minister of Agriculture, Fisheries and Food authorised for the purpose by the Secretary of State be—

- (a) used for insemination in a prohibited area ;
- (b) despatched from any part of an artificial insemination centre which lies in a prohibited area ; or
- (c) moved out of a prohibited area ;

Provided that semen may be used without such consent as aforesaid to inseminate a sow in a prohibited area if the semen is in the same ownership as the sow and has never left the possession of the owner.

(2) In this regulation " prohibited area " means—

- (a) an infected area within the meaning of the Diseases of Animals Act 1950(a) for the purpose of preventing the spread of foot-and-mouth disease ; or
- (b) an infected place within the meaning of the said Act for the purpose of preventing the spread of swine fever ; or
- (c) premises in relation to which the movement of swine is restricted by virtue of a notice under any order made under the said Act and relating to foot-and-mouth disease or swine fever.

Restriction on distribution and sale of unsuitable semen

9.—(1) If, in the case of any boar, the Secretary of State gives a written direction to a person in that behalf, semen collected from the boar shall not be distributed or sold by him.

(2) A direction under this regulation shall remain in force until such date as the Secretary of State may specify in the direction or until revoked by him in writing.

Duty to keep records

10.—(1) The holder of a licence granted under these regulations shall—

- (a) keep such records as are set out in the Schedule hereto ;
- (b) retain each entry in the records for two years after it is made ; and
- (c) produce all such records for inspection by a veterinary officer of the Minister of Agriculture, Fisheries and Food or an officer of the Secretary of State (being, in either case, an officer authorised by the Secretary of State for the purpose) at any reasonable hour on request.

(2) The holder of a licence regulated under regulation 4 of these regulations shall, at such dates as the Secretary of State may direct in writing, make in such form and in relation to such matters as may be so directed, returns of a statistical nature bearing on the operation of the centre to which the licence relates.

Application for Grants

3.—(1) Subject to the provisions of this scheme a person engaged or proposing to become engaged in the white fish industry in Great Britain by carrying on the business of operating one or more vessels registered in Great Britain (of whatever size and in whatever way propelled) for the catching or processing of white fish may apply to the Authority for a grant in respect of expenditure incurred in pursuance of a contract made after the coming into operation of this scheme in the acquisition, installation, modification, renewal or replacement of any part of a vessel registered or intended to be registered in Great Britain engaged or to be engaged in the catching or processing of white fish or of an engine or of any part of an engine, or of for such a vessel, or of any relevant equipment required for, or installed or used on, such a vessel (such acquisition, installation, modification, renewal or replacement being hereinafter in this scheme referred to as "the improvement"); provided that no grant shall be so made in respect of expenditure incurred in the acquisition of any second-hand engine, part, equipment or apparatus.

(2) Applications for grants as aforesaid shall be made in writing in such form as the Authority may from time to time require, and shall be delivered to the Authority at such address as they may at any time or in any particular case direct, not later than 1st September 1972 or such later date (not being later than 1st November 1972) as the Authority may, in special circumstances, allow.

4. Applications for grants as aforesaid may be made only by British subjects resident in Great Britain or corporations incorporated by or under the law of Great Britain.

5. The Authority may require applicants to make a full statement of their financial position, including their assets, debts and obligations and to make available for inspection by the Authority, or their duly authorised agents, such books of account and other records and documents as the Authority may reasonably require.

Amount of Grants

6.—(1) The amount which may be paid in pursuance of this scheme by way of grant in respect of any expenditure where the vessel in question is less than 80 feet in length shall be at the rate of three-tenths of the expenditure and in any other case one-quarter of the expenditure.

(2) In calculating any grant to be paid in pursuance of this scheme the Authority may disregard any proportion or item of the expenditure which in their opinion is unnecessary or unwarranted having regard to the size or character of the vessel in respect of which the application is made or to the kind and to the extent of the fishing in which such vessel is intended to be or is likely to be employed and to the benefit likely to be derived from the expenditure in respect of which the application is made.

Conditions for Payment of Grants

7. No grant shall be payable in pursuance of this scheme unless the Authority are satisfied that the expenditure in relation to which it will be payable is likely to result in an increase in the efficiency or economy of the operation of the vessel in connection with which the application is made as regards one or more of the following matters, that is to say,

(a) the catching of fish;

(b) the handling, processing or storage of fish;

(c) the working conditions of the officers or crew ; and

(d) the condition of fish at the time of landing ;

regard being had to the technical and economic standards prevailing in the fishing industry at the time of the consideration of the application by the Authority and to the results of any experiments and research which have relation to the subject of the particular expenditure.

8. No grant shall be payable in pursuance of this scheme unless the vessel in respect of which the application is made conforms to any standards laid down by the Minister of Transport under the Merchant Shipping Acts 1894 to 1954 and is constructed so as to make such provision for the accommodation of officers and crew as in the opinion of the Authority conforms to the best modern practice, after making due allowance for the age and kind of the vessel concerned, for sleeping and messing accommodation, sanitary accommodation, medical or first-aid facilities, store rooms, catering facilities and other accommodation.

9.—(1) The plans and specifications of the improvement, the tender for expenditure to be incurred and the form of contract to be entered into between the applicant and the builder, supplier or other contractor shall respectively be approved by the Authority before the contract is entered into.

(2) The improvement shall be carried out to the satisfaction of the Authority.

(3) Any person authorised in writing by the Authority shall have the right to inspect a vessel or engine in respect of which a grant has been or is to be made under this scheme at any time during the carrying out of the improvement and thereafter at all reasonable times within the control period.

10. No payment of or on account of a grant shall be made until the sum to be found by the applicant has been paid towards the expenditure in respect of which the application is made. Thereafter payment of or on account of the grant may be made by the Authority direct to the applicant, or on the applicant's behalf to the builder, seller or contractor in one sum or by such instalments and at such times as may be required in conformity with the contract, on the receipt of certificates or such further or other evidence that payment is due as may be required by the Authority.

11. In considering whether or not to approve an application for the payment of a grant in pursuance of this scheme the Authority shall have regard to the needs and interests of the white fish industry or that section of it to which the applicant belongs.

12. If any person makes a false statement or furnishes false information in respect of any of the matters required to be disclosed in connection with an application for payment of a grant under this scheme or if any of the conditions relating to the payment of grants under this scheme are not complied with by an applicant, any payment of or on account of a grant to that applicant may at any time be refused, and any such payment already made in relation to that application may be recovered by the Authority.

13.—(1) Any person whose application for a grant under this scheme is approved by the Authority may be required to give such undertakings as the Authority may consider appropriate to the case, and in particular (but without prejudice to the generality of the foregoing) shall be required in any case—

(a) to prosecute white fish catching diligently and vigorously during the control period to the satisfaction of the Authority ;

- (b) to insure the vessel in connection with which the application is made and keep it insured against all marine risks and war risks during the control period in a sum, agreed with the Authority, which shall be at least sufficient to ensure that in the event of the total loss of the vessel there will be made available sufficient moneys to meet the repayment of the grant or any part thereof which might be repayable at the date of the loss ;
- (c) to keep and make available for inspection by the Authority at all reasonable times during the control period any books, records or other documents necessary to enable the Authority to satisfy themselves that any conditions of the grant have been complied with ;
- (d) if there occurs within the control period—
- (i) the total loss of the vessel arising out of any insured risk, to repay to the Authority the whole of the grant or, if the loss occurs more than three years from the commencement of the control period, a proportion of the grant to be calculated by multiplying the total amount of the grant by the fraction which represents the relationship which the unexpired part of the control period bears to the full control period ;
 - (ii) a breach of any undertaking or condition subject to which the grant was made, or a disposition by way of mortgage, transfer of registration, charter, sale or otherwise of the vessel or of any part, equipment or apparatus which is the subject of the improvement in respect of which the grant or any part of it was made, to repay to the Authority, if in their discretion they shall so require, the whole of the grant, or such lesser sum as they shall deem appropriate ; provided that repayment shall not be required in excess of the amount which would have been repayable at the same date had the provisions of paragraph 13(1)(d)(i) of this scheme been applicable to the case.

(2) For the purposes of paragraphs 9(3) and 13(1) of this scheme “the control period” means, in the case of a grant paid in respect of a vessel of less than 80 feet in length, a period of 5 years and, in the case of a grant paid in respect of any other vessel, a period of 10 years, commencing in each case with the date on which the improvement was completed to the satisfaction of the Authority.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

This scheme, made under the White Fish and Herring Industries Act 1953 as extended by the Sea Fish Industry Act 1962, provides for the payment of grants by the White Fish Authority towards the expenditure on improvements to, and equipment for, vessels registered in Great Britain which are engaged in catching or processing white fish.

Grants are only payable where it appears that improvements are likely to result in increased efficiency or economy of operation of the vessel and the scheme sets out the various conditions subject to which grants are payable.

In the case of a vessel of less than 80 feet in length the grant will be three-tenths of the expenditure and, in the case of larger vessels, one-quarter of the expenditure. Persons receiving grant will be required to undertake certain obligations as regards fishing, insurance of the vessel and production of records. In the event of a breach of such obligations or the loss or disposal of the vessel within a defined control period the grant, or an appropriate proportion of it, will be repayable.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations amend the Seed Potatoes Regulations 1963 by withdrawing from a seller of seed potatoes the option to give certain particulars on a label inserted in the bag or sack instead of giving them on a label attached to the bag or sack or marking them on the bag or sack itself. The amendment does not apply in a case where less than 1 cwt. of potatoes is sold by retail.

Where delivery of seed potatoes is effected before 1st August 1965 the Regulations also permit certain other particulars to be given on a label attached to the bag or sack instead of being marked on the bag or sack itself. This, too, does not apply where less than 1 cwt. of potatoes is sold by retail.

Citation, extent, commencement and interpretation

1.—(1) This scheme, which may be cited as the White Fish Subsidy (United Kingdom) Scheme 1964, shall apply to the United Kingdom, and shall come into operation on the 1st August 1964.

“gross proceeds” means the proceeds from the first-hand sale of all fish (including herring, salmon, migratory trout and shellfish) taken on a voyage less such deductions as may be determined by the appropriate Minister in respect of expenses incurred on services not normally undertaken on a vessel and in respect of the part of such proceeds which forms the perquisite of the crew of the vessel from which the fish were landed;

(c) 9 & 10 Eliz. 2. c. 18.

(b) 5 & 6 Eliz. 2. c. 22.

“vessel” means a fishing vessel registered in the United Kingdom;

“white fish” means fish of any kind found in the sea, except herring, salmon, migratory trout and shellfish.

(3) The Interpretation Act 1889(b), shall apply to the interpretation of this scheme as it applies to the interpretation of an Act of Parliament.

General Conditions of Grant

2. A grant may be paid in accordance with the following provisions of this scheme to the registered owner (or his agent) or, where there is a charter-party, to the charterer (or his agent), of a vessel, in respect of—

(a) white fish landed from the vessel in the United Kingdom during the period beginning with 1st August 1964 and ending with 31st July 1965 or

(b) voyages made by the vessel during such period for the purpose of catching white fish and landing them in the United Kingdom.

Provided that no grant shall be payable in any case where the fish are landed in the Isle of Man or Channel Islands.

3. The owner or charterer of a vessel or his duly authorised agent who applies for payment of a grant shall supply such information and make such returns concerning fishing operations, costs and trading results as may be required by the appropriate Minister, including detailed accounts, for such period and in such form as the appropriate Minister may require, of the financial results of the operation of all such vessels of which he is the owner or charterer, and shall make any relevant books and records open to examination by any person authorised by the appropriate Minister.

4. Application for payment of a grant under this scheme shall be made by the owner or charterer or his duly authorised agent in writing in such form as the appropriate Minister may from time to time require and shall be completed and certified in all respects as so required and shall be delivered to the appropriate Minister at such address as he may at any time specify for the purpose.

5. Application for payment of a grant under this scheme shall be made not later than one month after the landing of the white fish or the completion of the voyage, as the case may be, or such longer period as the appropriate Minister may, in special circumstances, allow.

6. Notice that a person is authorised to make application for and receive payment of grants under this scheme on behalf of an owner or charterer shall be given in writing signed by the owner or charterer in such form as the appropriate Minister may from time to time require and shall be sent to the address specified by the appropriate Minister for the purpose of paragraph 4 of this scheme:

(a) 57 & 58 Vict. c. 60.

(b) 52 & 53 Vict. c. 63.

Provided that not more than one agent for the said purpose at any one port shall be appointed at any one time in respect of any one vessel.

7. Without prejudice to the discretion of the appropriate Minister in the payment of grants under paragraph 2 of this scheme, if any owner or charterer or any person acting on his behalf makes any false statement or furnishes false information in respect of any of the matters required to be disclosed in connection with an application for payment of grant under this scheme or if any of the conditions relating to the payment of grants under this scheme are not complied with by any owner or charterer or any person acting on his behalf, the payment of grants to that owner or charterer at any time may be refused.

8.—(1) No grant shall be payable in terms of this scheme in respect of a voyage made or of white fish landed in consequence of a voyage by a vessel of 40 feet in length or over where a claim for herring subsidy in respect of the voyage is made under any scheme made pursuant to the White Fish and Herring Industries Act 1957.

(2) For the purpose of determining the grant, if any, which may be paid by virtue of paragraph 2 of this scheme in the case of two or more vessels jointly operating the same gear, the weight of white fish landed from the combined voyage, the proceeds from the sale of such fish and the gross proceeds of such voyage shall be deemed to be divided equally between the vessels concerned whether they are of the same length or of different lengths, and the grant, if any, shall be calculated separately for each vessel in accordance with the rates specified in paragraphs 10 and 14 of this scheme.

(3) Notwithstanding the provisions of paragraphs 10 and 14 of this scheme, if at any time after 1st August, 1963, any structural alteration shall have been made to any vessel which has increased or decreased its length, any grant payable under this scheme shall be paid at the rate appropriate to the length of the vessel before such alteration unless the appropriate Minister is satisfied that the alteration is likely to be conducive to the increased fishing efficiency of the vessel.

9. For the purpose of giving effect to any agreement or arrangement for the remuneration of the officers or crew of a vessel—

(a) in a case where the vessel does not exceed 80 feet in length any grant paid under this scheme shall be deemed to be part of the gross proceeds of the catch ;

(b) in the case of any other vessel—

(i) if the remuneration of the officers or crew is calculated wholly or partly by reference to the net earnings of the vessel, any grant paid under this scheme shall be deemed to be part of the gross proceeds of the catch ;

(ii) if the remuneration of the officers or crew is calculated wholly or partly by reference to the gross earnings of the vessel, seven-tenths of any grant paid under this scheme shall be deemed to be part of the gross proceeds of the catch.

Conditions relating to payments for voyages

10.—(1) Subject to the provisions of this scheme—

(a) a grant may be paid at the appropriate rate set out in Part I of Schedule 1 to this scheme in respect of each voyage made by a vessel falling within one of the categories specified in the said Part I ;

(b) a grant at a basic rate may be paid at the appropriate rate set out in Part II of Schedule 1 to this scheme in respect of each voyage made by a vessel falling within the category specified in the said Part II ;

(c) a grant at a special rate may be paid at the appropriate rate set out in Part III of Schedule 1 to this scheme in respect of each voyage made during the period beginning with 1st August 1964 and ending with 31st January 1965 by a vessel falling within one of the classes specified in the said Part III.

(2) A grant at a special rate may be paid in respect of a voyage made by a vessel, notwithstanding the fact that a grant at a basic rate may also be payable in respect of the same voyage by that vessel.

11.—(1) Subject to sub-paragraphs (2) (3) and (4) of this paragraph, for the purposes of Schedule 1 to this scheme, in computing the length of a voyage, the day of departure and the day of arrival of the vessel and the day on which the first-hand sale of the catch commences (if that is different from the day of arrival of the vessel) and, if the appropriate Minister is satisfied that the said sale commenced as soon as was reasonably practicable, any day intervening between the day of arrival of the vessel and the day on which the said sale commences may each be reckoned as one day at sea :

Provided that:—

(a) if the day of arrival of the vessel or the day on which the first-hand sale of the catch commences, or any day intervening between them in respect of which the appropriate Minister is satisfied as aforesaid, is also the day of departure of the vessel upon a subsequent voyage whether made for the catching and landing in the United Kingdom of white fish or of herring, then that day shall not be reckoned with the subsequent voyage ;

(b) each period of 24 hours which is spent during a voyage in any port shall be excluded in calculating the number of days at sea in that voyage.

(2) Where reference is made in this scheme to a voyage made within a specified period the reference shall be construed, in the case of a voyage only part of which falls within that period, as a reference to that part.

(3) The calculation made by the appropriate Minister for the purpose of this scheme of the number of days at sea on any voyage and the length of such voyage shall be final.

(4) Where in connection with an application for payment of a grant at a special rate any question arises as to whether a vessel is ordinarily engaged in fishing from a specified port the determination of the appropriate Minister shall be conclusive.

12. No grant shall be payable in terms of this scheme in respect of a voyage if the proceeds from the sale of white fish taken on that voyage amount to less than half the gross proceeds of that voyage.

13. No grant shall be payable in terms of this scheme in respect of a voyage made for the purpose of catching and landing fish of a kind not normally sold for human consumption.

Conditions relating to payments for fish landed

14.—(1) Subject to the provisions of this scheme, a grant may be paid in the case of a vessel under 60 feet in length, not being a vessel falling within any of the categories specified in Part I of Schedule 1 to this scheme, in respect of white fish of legal size landed and sold at first-hand otherwise than by retail, at the appropriate rate set out in Schedule 2 to this scheme.

(2) No grant shall be payable under this paragraph (a) in respect of fish (other than wings of ray and skate, skinned dogfish, and monkfish tails), landed without heads or tails or from which any portion of the head or tail has been removed or (b) in respect of fish which is determined by the appropriate Minister to form part of the perquisite of the crew of the vessel from which the fish were landed.

(3) No grant shall be payable under this paragraph in respect of white fish landed by a vessel of 40 feet in length or over where the voyage on which the fish was caught commences and terminates on one day, that day being also the day of arrival of the vessel from a voyage, or the day of the departure of the vessel upon a voyage, in respect of which a claim for herring subsidy is made under any scheme referred to in sub-paragraph 8(1) of this scheme.

(4) For the purpose of computing the amount of grant payable under this paragraph the weight of the white fish shall be the weight determined at the time of the first-hand sale.

EXPLANATORY NOTE

(This Note is not part of the scheme, but is intended to indicate its general purport.)

The White Fish and Herring Industries Act 1953 provides that with a view to promoting the landing in the United Kingdom of a continuous and plentiful supply of white fish a scheme may be made for the payment of grants to the owners or charterers of fishing vessels engaged in catching such fish. The Sea Fish Industry Act 1962 provides that in the case of vessels of 80 feet in length or over grants may be paid at basic rates and/or at special rates, the latter being payable only if the Minister of Agriculture, Fisheries and Food and the Secretary of State for Scotland are satisfied that they are needed by reason of special circumstances.

This scheme succeeds the White Fish Subsidy (United Kingdom) Scheme 1963 (S.I. 1963/1274) and a scheme amending it (S.I. 1964/77). It provides for payment of grants during the period 1st August 1964 to 31st July 1965. These grants are payable on landings of fish by vessels under 60 feet in length and for voyages by fishing vessels of 60 feet in length and over. Both basic and special rates of grant are provided for certain vessels of 80 feet in length and over. The special rates apply for the period 1st August 1964 to 31st January 1965.

“accrued pension” in relation to a pensionable officer who has suffered loss of employment, means the pension to which he would have become entitled in respect of his pensionable service according to the method of calculation (modified where necessary in accordance with regulation 23(2) of these regulations) prescribed by the pension scheme to which he was subject immediately before suffering loss of employment if at the date on which he ceased to be subject thereto he had attained normal retiring age and complied with any requirement of the said scheme as to a minimum period of qualifying service or contribution and completed any additional contributory payments or payments in respect of added years which he was in course of making;

(b) 1963 c. 33.

“accrued retiring allowance” in relation to a pensionable officer who has suffered loss of employment, means any lump sum payment to which he would have become entitled in respect of his pensionable service according to the method of calculation (modified where necessary in accordance with regulation 23(2) of these regulations) prescribed by the pension scheme to which he was subject immediately before suffering loss of employment if at the date on which he ceased to be subject thereto he had attained normal retiring age and complied with any requirement of the said scheme as to a minimum period of qualifying service or contribution and completed any additional contributory payments or payments in respect of added years which he was in course of making ;

“accrued incapacity pension” and “accrued incapacity retiring allowance” have the same respective meanings as “accrued pension” and “accrued retiring allowance” except that the reference to a person’s having attained normal retiring age shall be construed as a reference to his having become incapable of discharging efficiently the duties of his employment by reason of permanent ill-health or infirmity of mind or body ;

“net emoluments” means—

(a) in relation to an employment which has been lost or in which an officer has suffered a diminution of emoluments, the annual rate of the emoluments of that employment immediately before such loss or diminution, less such part of those emoluments as the officer was then liable to contribute under any pension scheme associated with his employment, except any periodical sum payable in respect of additional contributory payments ; and

(b) in relation to any other employment, the annual rate of the emoluments of that employment at the time in question, less such part of those emoluments as the officer was then liable to contribute under any pension scheme associated with his employment :

Provided that where fees were paid to a person as part of his emoluments during any year prior to that immediately preceding the loss or diminution, the amount in respect of fees to be included in the annual rate of emoluments mentioned in sub-paragraph (a) hereof shall be the annual average of the fees paid to him during the period of 3 years immediately preceding the loss or diminution, or such shorter period as may be reasonable in the circumstances ;

(a) 23 & 24 Geo. 5. c. 51.

(b) S.I. 1961/1441 (1961 II, p. 2824).

ENTITLEMENT TO COMPENSATION

Persons to whom the regulations apply

3. These regulations shall apply to any person who—

- (a) is employed immediately before the material date either for the whole or for a part only of his time as an officer of—
 - (i) an executive council or joint committee of executive councils constituted for the purposes of part IV of the National Health Service Act 1946,
 - (ii) an ophthalmic services committee constituted under section 41 of that Act, or
 - (iii) a local medical committee, local pharmaceutical committee, local dental committee or local optical committee recognised by the Minister under section 32 of that Act, or
- (b) would be so employed at that time but for any national service on which he is then engaged.

Grounds of entitlement to compensation

4. Subject to the provisions of these regulations, every person to whom these regulations apply and who suffers loss of employment or loss or diminution of emoluments which is attributable to the provisions of any order under part II of the Act of 1958 or part VI of the Act of 1933 or to any provision of the Act of 1963 or of any instrument made under that Act shall be entitled to have his case considered for the payment of compensation under these regulations and such compensation shall be determined in accordance with the following provisions of these regulations.

National Service

5.—(1) Any person referred to in regulation 3(b) of these regulations who, before the expiry of 2 months after ceasing to be engaged on national service, or if prevented by sickness or other reasonable cause, as soon as practicable thereafter, gives notice to the Minister that he is available for employment, shall be entitled to have his case considered for the payment of compensation on the ground—

- (a) if he is not given or offered re-employment in his former office or in any reasonably comparable office (whether in the administration of the same or a different service), of loss of employment ;
- (b) if he is so re-employed with reduced emoluments as compared with the emoluments which he would have enjoyed had he continued in his former employment, of diminution of emoluments.

(2) The loss of employment which is the ground of a claim for compensation under sub-paragraph (a) of the last foregoing paragraph shall be treated as having occurred on the earlier of the two following dates, that is to say, the date of the refusal of re-employment or a date one month after the date on which the person gave notice that he was available for employment, and the claimant shall be deemed to have been entitled to the emoluments which he would have enjoyed at such earlier date had he continued in his former employment.

PART III

RESETTLEMENT COMPENSATION FOR LOSS OF EMPLOYMENT

Resettlement compensation for loss of employment

6.—(1) The Minister shall, subject to the provisions of these regulations—

- (a) consider and determine the entitlement to resettlement compensation of every person to whom this part of these regulations applies who claims such compensation and in relation to whom the conditions set out in the next succeeding regulation are satisfied, and
- (b) pay the amount of any compensation so determined.

(2) This part of these regulations applies to a person who at the date of the loss of employment had not attained normal retiring age and who had been for a period of not less than 3 years immediately preceding the material date continuously engaged (exclusive of breaks not exceeding in the aggregate 6 months) for the whole or part of his time in relevant employment, and for this purpose the expression "relevant employment" includes any period of national service immediately following upon such employment.

Conditions for payment of resettlement compensation

7.—(1) Without prejudice to any other requirement of these regulations, nothing in these regulations shall entitle a person to resettlement compensation unless—

- (a) he has suffered loss of employment attributable to any such provision as is mentioned in regulation 4 of these regulations not later than 10 years after the material date ;
- (b) he has made his claim for resettlement compensation in accordance with the provisions for making claims set out in part VII of these regulations not later than 13 weeks after the loss of employment which is the cause of his claim ;
- (c) the loss of employment which is the cause of his claim has occurred for some reason other than misconduct or incapacity to perform such duties as immediately before the loss he was performing or might reasonably have been required to perform ; and
- (d) he has not, subject to paragraph (3) of this regulation, been offered any reasonably comparable employment under the Crown or otherwise under any body constituted under the National Health Service Act 1946.

(2) In ascertaining for the purposes of this regulation whether a claimant has been offered employment which is reasonably comparable with the employment which he has lost no account shall be taken of the fact that the duties of the employment offered are in relation to the administration of a different service from that in connection with which his employment was held or are duties which involve a transfer of his employment from one place to another within England or Wales.

(3) No account shall be taken for the purposes of this regulation of an offer of employment where the Minister is satisfied—

- (a) that acceptance would have involved undue hardship to the claimant, or
- (b) that the claimant was prevented from accepting the offer by reason of ill-health or other circumstances beyond his control.

Amount of resettlement compensation

8.—(1) Subject to the provision of paragraph (2) of this regulation, resettlement compensation payable to a person to whom this part of these regulations applies shall for each week for which such compensation is payable be a sum ascertained by taking two thirds of the weekly rate of the net emoluments which the claimant has lost and deducting therefrom such of the following items as may be applicable :—

- (a) unemployment, sickness or injury benefit under any Act relating to National Insurance at the current rate for a person having no dependants, in so far as any such benefit (whether at that or any other rate) is claimable by him in respect of such week ;
- (b) two thirds of the net emoluments received by him in respect of such week from work or employment undertaken in place of the employment which he has lost ;
- (c) any periodical payment to which he is entitled in respect of such week by virtue of any pension scheme to which he was subject in relation to the employment which he has lost.

(2) In determining the amount of resettlement compensation the Minister shall have regard to any payments to which the claimant becomes entitled in consequence of the loss of his employment under any contract or arrangement with the authority by whom he was employed, other than payments by way of a return of contributions under a pension scheme.

(3) For the purposes of this regulation the weekly rate of a claimant's net emoluments shall be deemed to be seven three hundred and sixty-fifths of those emoluments.

Period for payment of resettlement compensation

9. Subject as hereinafter provided, resettlement compensation to a person to whom this part of these regulations applies shall be payable in respect of the period of 13 weeks next succeeding the week in which he lost the employment in respect of which his claim has been made or, in the case of a claimant who has attained the age of 45 years, the said 13 weeks extended by one additional week for every year of his age after attaining the age of 45 years and before the date of the loss of employment subject to a maximum addition of 13 such weeks.

Claimant for resettlement compensation to furnish particulars of employment

10. Every claimant for resettlement compensation shall (after as well as before the compensation begins to be paid)—

- (a) forthwith supply the Minister in writing with particulars of any employment which he obtains or of any change in his earnings from any such employment, and
- (b) if the Minister so requires, so long as he is out of employment and is not receiving sickness or injury benefit, register with the Ministry of Labour.

Additional provisions relating to resettlement compensation

11. Resettlement compensation shall be payable to a claimant at intervals equivalent to those at which the emoluments of his employment were previously paid or at such other intervals as may be agreed between the claimant and the Minister and shall forthwith be terminated by the Minister—

- (a) if without reasonable cause the claimant fails to comply with any of the provisions of regulation 10 of these regulations, or

(b) if, on being requested to do so, he fails to satisfy the Minister that, so far as he is able, he is seeking suitable employment.

PART IV

LONG-TERM COMPENSATION FOR LOSS OF EMPLOYMENT OR LOSS OR DIMINUTION OF EMOLUMENTS

Persons to whom parts IV and V of the regulations apply

12.—(1) The Minister shall, subject to the provisions of these regulations :—

(a) consider and determine the entitlement to long-term and retirement compensation of every person to whom this and the next succeeding part of these regulations apply who claims such compensation and in relation to whom the conditions set out in the next succeeding regulation are satisfied, and

(b) pay the amount of any compensation so determined.

(2) This part and part V of these regulations apply to a person who had been for a period of not less than 8 years immediately preceding the material date continuously engaged (without a break of more than 12 months at any one time) for the whole or part of his time in relevant employment (which expression for this purpose includes any period of national service immediately following such employment), and who at the date of the loss of employment or loss or diminution of emoluments had not, save as is provided in regulation 29 of these regulations, attained normal retiring age.

Conditions for payment of long-term and retirement compensation

13.—(1) Without prejudice to any other requirement of these regulations, nothing in these regulations shall entitle a person to long-term or retirement compensation unless :—

(a) he has suffered loss of employment or loss or diminution of emoluments attributable to any such provision as is mentioned in regulation 4 of these regulations not later than 10 years after the material date ;

(b) he has made his claim for compensation in accordance with the provisions for making claims set out in part VII of these regulations not later than 2 years after the loss or diminution which is the cause of the claim ; and

(c) if the cause of the claim for compensation is loss of employment—

(i) his employment was terminated for some reason other than misconduct or incapacity to perform such duties as immediately before the loss he was performing or might reasonably have been required to perform ; and

(ii) he has not been offered any reasonably comparable employment under the Crown or otherwise under any body constituted under the National Health Service Act 1946.

(2) Regulation 7(2) and (3) of these regulations as to offers of employment shall apply for the purposes of this regulation.

(3) Claims for long-term and retirement compensation for loss of employment shall in all respects be treated as claims for such compensation for the loss of emoluments occasioned thereby and the provisions of these regulations shall apply to all such claims accordingly.

Factors to be considered in determining payment of long-term and retirement compensation

14.—(1) For the purpose of determining whether long-term or retirement compensation for loss or diminution of emoluments should be paid to a claimant, and if so the amount of the compensation (subject to the limits set out in these regulations) regard shall be had to such of the following factors as may be relevant, that is to say :—

- (a) the conditions upon which the claimant held the employment which he has lost, including in particular its security of tenure, whether by law or by practice ;
- (b) the emoluments and other conditions, including security of tenure, whether by law or practice, of any work or employment undertaken by the claimant in place of the employment he has lost ;
- (c) the extent to which he has sought suitable employment and the emoluments which he might have acquired by accepting other suitable employment offered to him ;
- (d) the amount of any compensation recovered by him under or by virtue of the provisions of any enactment relating to the reinstatement in civil employment of persons who have been in the service of the Crown, or payable to him otherwise than under these regulations in respect of the loss or diminution, whether by reason of any service agreement or contract or otherwise howsoever ;
- (e) the amount of any benefit to which he is immediately entitled by virtue of any pension scheme associated with the employment which he has lost ; and
- (f) all the other circumstances of his case.

(2) In ascertaining for the purposes of sub-paragraph (c) of the last foregoing paragraph whether a person has been offered suitable employment, regulation 7(3) of these regulations shall apply as it applies for the purposes of that regulation.

Amount of long-term compensation payable to an officer for loss of emoluments

15.—(1) In the case of a person to whom this part of these regulations applies, long-term compensation for loss of emoluments shall, subject to the provisions of these regulations, be payable until normal retiring age or death, whichever first occurs, and shall not exceed a maximum annual sum calculated in accordance with the provisions of paragraphs (2), (3) and (4) of this regulation.

(2) The said maximum annual sum shall, subject as hereinafter provided, be the aggregate of the following sums, namely—

- (a) for every year of the claimant's reckonable service, one sixtieth of the net emoluments he has lost ; and
- (b) in the case of a claimant who has attained the age of 40 years at the date of the loss, a sum calculated in accordance with the provisions of paragraph (3) of this regulation appropriate to his age at that date :

Provided that the said maximum annual sum shall in no case exceed two thirds of the net emoluments which the claimant has lost.

(3) The sum referred to in sub-paragraph (b) of the last foregoing paragraph shall be—

(a) in the case of a claimant who has attained the age of 40 years but has not attained the age of 50 years at the date of the loss, the following fraction of the net emoluments he has lost—

(i) where the claimant's reckonable service is less than 10 years, one sixtieth for each year of such service after attaining the age of 40 years, or

(ii) where the claimant's reckonable service amounts to 10 years but is less than 15 years, one sixtieth for each year of such service after attaining the age of 40 years and one additional sixtieth ; or

(iii) where the claimant's reckonable service amounts to 15 years but is less than 20 years, one sixtieth for each year of such service after attaining the age of 40 years and 2 additional sixtieths ; or

(iv) where the claimant's reckonable service amounts to 20 years or more, one sixtieth for each year of such service after attaining the age of 40 years and 3 additional sixtieths ;

but the sum so calculated shall not in any case exceed one sixth of the said net emoluments ;

(b) in the case of a claimant who has attained the age of 50 years but has not attained the age of 60 years at the date of the loss, one sixtieth of the said net emoluments for each year of the claimant's reckonable service after attaining the age of 40 years, up to a maximum of 15 such years ; and

(c) in the case of a claimant who has attained the age of 60 years at the date of the loss, one sixtieth of the said net emoluments for each year of the claimant's reckonable service after attaining the age of 45 years.

(4) Where a person has become entitled to a superannuation benefit by way of annual amounts under a pension scheme associated with the employment which he has lost, the maximum annual sum referred to in paragraph (1) of this regulation shall be the maximum sum calculated under paragraph (2) of this regulation as if the superannuation benefit had not been payable, less the amount of the benefit itself.

(5) Where a sum is payable under this regulation in respect of any period and resettlement compensation has also been paid in respect of that period, the said sum shall be limited to the amount (if any) by which it exceeds the resettlement compensation paid as aforesaid.

(6) Compensation awarded under this regulation shall be payable at intervals equivalent to those at which the emoluments of his employment were previously paid or at such intervals as may be agreed between the claimant and the Minister.

Long-term compensation for diminution of emoluments

16. In the case of a person to whom this part of these regulations applies long-term compensation for diminution of emoluments in respect of any employment shall be awarded and paid in accordance with the following provisions—

(a) the compensation shall consist of an annual sum which shall be payable at intervals equivalent to those at which the emoluments of the claimant's employment are or were previously paid or at such other intervals as may be agreed between the claimant and the Minister, and shall, subject to the provisions of these regulations, be payable until normal retiring age or death, whichever first occurs ; and

(b) the said annual sum shall not exceed the figure which bears to the maximum annual sum which could have been awarded under regulation 15 of these regulations had the claim been made under that regulation, the same ratio as the amount by which his net emoluments have been diminished (calculated as an annual amount) bears to the amount of his net emoluments:

Provided that no compensation shall be payable if this ratio is less than $2\frac{1}{2}$ per cent.

Date from which long-term compensation is to be payable

17.—(1) Long-term compensation shall commence to be payable with effect from the date of the claim or from such earlier date as is mentioned in the succeeding provisions of this regulation.

(2) Where a claim for long-term compensation is duly made within 13 weeks of the occurrence of the loss or diminution which is the subject of the claim, the award shall be made retrospective to the date on which the loss or diminution occurred.

(3) Where a claim for long-term compensation is made after the expiry of the period mentioned in the last foregoing paragraph, the award may at the discretion of the Minister be made retrospective to a date not earlier than 13 weeks prior to the date on which the claim was made:

Provided that if the Minister is satisfied that the failure to make the claim within the period mentioned in the last foregoing paragraph was due to ill-health or other circumstances beyond the claimant's control, the award may be made retrospective to a date not earlier than that on which the loss or diminution occurred.

PART V

RETIREMENT COMPENSATION AND PAYMENTS ON DEATH

Retirement compensation payable to pensionable officer on his becoming incapacitated or reaching minimum pensionable age

18.—(1) Where a pensionable officer to whom this part of these regulations applies, before attaining what would have been his normal retiring age—

(a) becomes incapacitated in circumstances in which if he had continued in the employment he has lost he would have become entitled to a pension under the pension scheme to which he was subject in that employment; or

(b) attains the age which, had he continued to serve in the employment he has lost, would have been his minimum pensionable age,

he shall be entitled on the happening of either event to claim in lieu of any compensation to which he would otherwise be entitled under these regulations—

(i) in the case mentioned in sub-paragraph (a) of this paragraph, an annual sum equal to the amount of his accrued incapacity pension and a lump sum equal to the amount of his accrued incapacity retiring allowance (if any); and

(ii) in the case mentioned in sub-paragraph (b) of this paragraph, an annual sum equal to the amount of his accrued pension and a lump sum equal to the amount of his accrued retiring allowance (if any):

Provided that—

(i) if in calculating the amount of compensation payable to a person who has made such claim as aforesaid, the Minister, by virtue of

regulation 23(2) of these regulations, has credited him with additional years of service or an additional period of contribution no account shall be taken for the purpose of the foregoing provision of any additional years or period beyond the number of years which he could have served, had he not lost his employment, before the date on which the claim was received by the Minister ; and

- (ii) if by reason of any provision of the relevant pension scheme for a minimum benefit the amount of any such pension or retiring allowance is in excess of that attributable to the claimant's actual service, no account shall be taken for the purpose of the foregoing provision of any such additional years or period except to the extent (if any) by which they exceed the number of years represented by the difference between the claimant's actual service and the period by reference to which the minimum benefit has been calculated ; and
- (iii) if the number of years by reference to which an accrued incapacity pension is to be calculated is less than any minimum number of years of qualifying service prescribed by the relevant pension scheme, the amount of such pension shall, notwithstanding any minimum benefit prescribed by the pension scheme, not exceed such proportion of such minimum benefit as the number of years of pensionable service bears to the minimum number of years of qualifying service.

(2) On receipt of a claim under the last preceding paragraph, the Minister shall consider forthwith whether the claimant is a person to whom that paragraph applies, and within 3 months after the date of the receipt of the claim the Minister—

- (a) if satisfied that he is not such a person, shall notify him in writing accordingly ; and
- (b) if satisfied that he is such a person, shall assess the amount of compensation payable to the person, and notify him in writing accordingly, and any such notification shall, for the purposes of these regulations, be deemed to be a notification by the Minister of a decision on a claim to compensation.

(3) If a claimant wishes to receive compensation under this regulation, he shall so inform the Minister in writing within one month from the receipt of a notification under the last preceding paragraph or, where the claim has been the subject of an appeal, from the decision of the tribunal thereon ; and the compensation shall be payable as from the date on which the Minister received the claim.

(4) The Minister may require any such person as is mentioned in paragraph (1)(a) of this regulation, who makes a claim under that paragraph, to submit himself to a medical examination by a registered medical practitioner selected by the Minister and, if he does so, shall also offer the person an opportunity of submitting a report from his own medical adviser as a result of an examination by him, and the Minister shall take that report into consideration, together with the report of the medical practitioner selected by him.

Option to take retirement compensation prematurely in certain cases

19.—(1) If a pensionable officer to whom this part of these regulations applies has suffered loss of employment after attaining the age of 50 years and so requests the Minister by notice in writing, he shall be entitled as from the date on which the Minister receives such notice, in lieu of any compensation, other than resettlement compensation, to which he would

otherwise be entitled under these regulations, to an annual sum equal to the amount of his accrued pension and a lump sum equal to the amount of his accrued retiring allowance (if any):

Provided that—

- (i) in calculating the amount of the compensation payable to a person who has given such notice as aforesaid no account shall be taken of any additional years of service or period of contribution credited to the person under regulation 23(2) of these regulations, and
- (ii) where the officer has claimed long-term compensation, the said notice shall be given not later than 2 years after the determination of the claim.

(2) Regulation 18(2) of these regulations shall apply in relation to a notice given under the last foregoing paragraph as it applies to a claim made under paragraph (1) of that regulation.

(3) Where an annual sum is payable under this regulation in respect of any period and resettlement compensation is also payable in respect of that period, the said annual sum shall be limited to the amount (if any) by which it exceeds the resettlement compensation payable as aforesaid.

Retirement compensation for loss of emoluments payable to pensionable officer on attainment of normal retiring age

20.—(1) Subject as hereinafter provided, when a pensionable officer to whom this part of these regulations applies reaches normal retiring age, the retirement compensation payable to him for loss of emoluments shall be—

- (a) an annual sum equal to the amount of his accrued pension ; and
- (b) a lump sum equal to the amount of his accrued retiring allowance (if any).

(2) Compensation shall not be payable under this regulation to a claimant to whom regulation 18 or 19 of these regulations has been applied.

Retirement compensation for diminution of emoluments

21. The provisions of regulations 18 and 20 of these regulations shall apply to a pensionable officer to whom this part of these regulations applies and who has suffered a diminution of his emoluments, but the sums payable to such an officer in the circumstances mentioned in those regulations shall be sums which bear to the sums which would have been payable thereunder had the claim been in respect of loss of employment the same ratio as the amount by which the claimant's net emoluments have been diminished (calculated as an annual rate) bears to the amount of his net emoluments:

Provided that no compensation shall be payable if this ratio is less than 2½ per cent.

Retirement compensation of claimant who obtains further pensionable employment

22. Where a pensionable officer, after suffering loss of employment or diminution of emoluments, enters employment in which he is subject to a pension scheme and thereafter becomes entitled to reckon for the purposes of that scheme any service or period of contribution which fall to be taken into account for the purpose of assessing the amount of any retirement compensation payable to him, no retirement compensation shall be payable unless the annual rate of the emoluments to which he was entitled immediately before such loss or diminution exceeds the annual rate on entry of the emoluments of the new employment by more than 2½ per cent. of such

first mentioned emoluments, and any retirement compensation payable to him shall, in so far as it is calculated by reference to remuneration, be calculated by reference to the difference between the said annual rates:

Provided that this regulation shall not operate to increase the amount of any retirement compensation payable in respect of diminution of emoluments beyond the amount which would have been payable if the officer had attained normal retiring age immediately before he ceased to hold the employment in which he suffered the diminution of emoluments.

Factors governing the payment of retirement compensation

23.—(1) An officer entitled to retirement compensation under regulation 18, 19 or 20 of these regulations shall pay to the Minister an amount equal to any sum which was paid to him by way of return of superannuation contributions, whether with or without interest, after ceasing to be employed and the Minister may at the request of the officer repay that amount to him at any time before he becomes entitled as aforesaid, but if that amount is not paid to the Minister, or is repaid by him to the officer, the compensation shall be reduced by an annual amount the capital value of which is equal to the amount of the said superannuation contributions.

(2) If the claimant had attained the age of 40 years at the date on which he lost his employment or suffered a diminution of his emoluments, the Minister in calculating the amount of the retirement compensation payable to him shall credit him with additional years of service or an additional period of contribution on the following basis, namely—

(a) 2 years, whether or not the claimant has completed any years of service after attaining the age of 40 years, and

(b) 2 years for each of the first 4 completed years of the claimant's reckonable service between the date when he attained the age of 40 years and the date of the loss or diminution, and

(c) one year for each such year of service after the fourth,

but the additional years of service or period of contribution so credited shall not exceed the shortest of the following periods, namely—

(i) such number of years as, when added to his pensionable service, would amount to the maximum period of such service which would have been reckonable by him had he continued in his employment until attaining normal retiring age, or

(ii) the number of years of the claimant's reckonable service, or

(iii) 15 years ;

and in calculating the amount of any retirement compensation payable to the claimant any period so added shall be aggregated with any years of service or period of contribution entailing reduction of the relevant pension or retiring allowance in connection with the passing of the National Insurance Act 1946(a).

(3) When retirement compensation is awarded or when an award is reviewed under regulation 35 of these regulations the additional compensation payable in consequence of any years of service or period of contribution credited to a claimant under the last foregoing paragraph may be reduced or withheld as the Minister may think reasonable having regard to the pension scheme (if any) attaching to any further employment obtained by the claimant.

(4) If under the pension scheme to which the claimant was last subject before suffering loss of employment or diminution of emoluments the amount of any benefit to which he might have become entitled might have been increased at the discretion of the authority administering the pension scheme or of any other body, the Minister may increase, to an extent not exceeding that to which his accrued pension, accrued retiring allowance, accrued incapacity pension or accrued incapacity retiring allowance might have been increased or supplemented, the corresponding component of any retirement compensation payable to him.

(5) If under the pension scheme to which he was last subject before suffering loss of employment or diminution of emoluments, the claimant would have been entitled to surrender a part of any pension which might have become payable to him in favour of his spouse or any dependant, then, if he so desires and informs the Minister by notice in writing accordingly within one month after becoming entitled to retirement compensation under these regulations, he may surrender a part of so much of the said compensation as is payable by way of an annual sum on the like terms and conditions and in consideration of the like payments by the Minister as if the said annual sum were a pension to which he had become entitled under the said pension scheme.

(6) In calculating for the purposes of regulation 18, 19 or 20 of these regulations the amount of the annual sum which is equal to a claimant's accrued pension no account shall be taken of any reduction falling to be made in that pension in connection with the passing of the National Insurance Act 1946 or the National Insurance Act 1959(a) until the claimant reaches the age at which under the pension scheme to which he was subject before losing his employment the pension would have been so reduced.

(7) In paragraph (2) of this regulation the expression "reckonable service" includes any period of employment of which account has been taken or is required to be taken in calculating the amount of any superannuation benefit to which a claimant has become entitled.

Compensation payable on the death of a claimant

24.—(1) Payments in accordance with this and the next two succeeding regulations shall be made to or for the benefit of the widow, child or other dependant or to the personal representatives of an officer to whom this part of these regulations applies.

(2) If the widow, child or other dependant of the officer might have become entitled to a pension under the pension scheme to which the officer was last subject before losing his employment if such loss of employment had not occurred, the widow, child or other dependant, as the case may be, shall be entitled to receive an annual sum equal to the prescribed proportion of any retirement compensation by way of annual amounts payable to the officer under regulation 18, 19 or 20 of these regulations immediately prior to his death or, if he dies before becoming entitled to receive compensation under any of those regulations, the prescribed proportion of the compensation by way of annual amounts which he would have received under regulation 18 of these regulations had he become entitled thereto immediately prior to his death in the circumstances mentioned in paragraph (1)(a) of that regulation:

(a) 7 & 8 Eliz. 2. c. 47.

Provided that—

- (i) where any retirement compensation has been surrendered or compounded under regulation 23(5) or regulation 36 of these regulations, any sum payable under this regulation shall be calculated as if such surrender or compounding had not taken place ;
- (ii) where the pension scheme provides for payment of the pension to any person on behalf of the child or other dependant, any annual sum payable as aforesaid to a child or other dependant shall be paid to that person on behalf of the child or dependant in the like manner and for the like period as is provided in the pension scheme ;
- (iii) in calculating the sum payable as aforesaid, it shall be assumed that the retirement compensation payable, or which would have been payable, to an officer under regulation 18, 19 or 20 of these regulations had been such sum as would have been payable if the accrued pension or accrued incapacity pension had not been reduced in connection with the passing of the National Insurance Act 1946 or the National Insurance Act 1959.

(3) Any annual sum payable to or for the benefit of a widow, child or other dependant under this regulation shall cease to be payable in any circumstances in which a corresponding pension under the said pension scheme would have ceased to be payable.

(4) Except where any compensation payable to the officer concerned has been reduced under regulation 23(1) of these regulations, compensation payable under this and the next following regulation shall in the aggregate be reduced by an amount the capital value whereof is equal to the amount of any superannuation contributions returned to the officer and either not paid to the Minister or repaid by the Minister to the officer, the compensation under each such regulation being reduced in proportion to the capital value of each amount.

(5) This regulation shall apply in the case of an officer who has suffered a diminution of emoluments with the substitution of references to diminution of emoluments for references to loss of employment, but the annual sum payable to a widow, child or other dependant of such an officer shall be a sum which bears to the sum which would have been payable under paragraph (2) of this regulation had the claim been in respect of loss of employment, the same ratio as the amount by which the officer's net emoluments have been diminished (calculated as an annual rate) bears to the amount of his net emoluments :

Provided that no sum shall be payable under this paragraph if this ratio is less than $2\frac{1}{2}$ per cent.

(6) In this regulation "prescribed proportion" means the proportion which, under the pension scheme to which the officer was subject immediately prior to the loss of employment or diminution of emoluments, the pension payable to a widow, child or other dependant, as the case may be, bears to an officer's pension.

25.—(1) If the personal representatives of the officer might have become entitled to a death gratuity under the pension scheme to which the officer was last subject before losing his employment had such loss not occurred, they shall be entitled to receive a sum calculated in accordance with the provisions of the next succeeding paragraph, and paragraph (4) of the last preceding regulation.

(2) The amount of such sum shall be ascertained in accordance with the method of calculation prescribed by the pension scheme for the ascertain-

ment of death gratuity as if the officer had died immediately before losing his employment, subject to the following modifications—

(a) except where the officer had been in receipt of retirement compensation under regulation 19 of these regulations, account shall be taken of any additional years of service or period of contribution credited to the officer under regulation 23(2) of these regulations—

(i) in the case of an officer who had been in receipt of retirement compensation under regulation 18 of these regulations, to the extent of the period between the loss of employment and the date of the claim made under that regulation, and

(ii) in any other case, to the extent of the period between the loss of employment and the officer's death ;

(b) if the number of years of the officer's service or period of contribution is less than the minimum number of years of qualifying service or period prescribed by the pension scheme for the receipt of a death gratuity, the said sum shall not exceed such proportion of the death gratuity calculated as aforesaid as the number of years of the claimant's pensionable service or period of contribution bears to the minimum number of years of qualifying service or period required by the pension scheme ; and

(c) there shall be deducted from such sum the amount of any retirement compensation paid to the officer under regulation 18, 19 or 20 of these regulations, or where any part of the compensation has been surrendered under regulation 23(5) of these regulations, the amount which would have been so paid but for any such surrender.

(3) For the purpose of calculating such death gratuity an annual sum payable to or for the benefit of a widow, child or other dependant under the last preceding regulation shall be deemed to be a pension payable to or for the benefit of the widow, child or dependant, as the case may be.

(4) This regulation shall apply in the case of an officer who has suffered a diminution of emoluments with the substitution of references to diminution of emoluments for references to loss of employment, but the sum payable to the personal representatives of such an officer shall be a sum which bears to the sum which would have been payable under paragraph (1) of this regulation had the claim been in respect of loss of employment the same ratio as the amount by which the officer's net emoluments have been diminished (calculated as an annual rate) bears to the amount of his net emoluments :

Provided that no sum shall be payable to personal representatives under this paragraph if this ratio is less than $2\frac{1}{2}$ per cent.

26.—(1) If no annual sum is payable to the widow, child or other dependant under regulation 24 of these regulations and no sum is payable under the last preceding regulation and the officer dies before he has received in the aggregate by way of retirement compensation a sum equivalent to the amount of any contributions repaid by him under regulation 23(1) of these regulations, together with compound interest thereon up to the date of his death calculated in accordance with the method prescribed by the pension scheme for the calculation of interest, there shall be paid to his personal representatives the difference between the aggregate amount received by way of retirement compensation as aforesaid and the said equivalent sum.

(2) If an annual sum becomes payable to a widow under regulation 24 of these regulations and on her re-marriage or death the sum ceases to be payable, and the aggregate amount of the payments which were made to her as aforesaid, to her husband by way of retirement compensation and to his personal representatives under regulation 25 of these regulations is less than a sum equivalent to the amount which would have been payable to the personal representatives under that regulation if no annual sum had been payable to the widow under the said regulation 24, there shall be paid to her or her personal representatives the difference between such aggregate amount and the said equivalent sum.

(3) For the purposes of this regulation an officer who has surrendered any part of his retirement compensation under regulation 23(5) of these regulations shall be deemed to have received during any period the amount of compensation for that period which he would have received but for any such surrender.

Deduction of outstanding additional contributory payments

27. There shall be deducted from the retirement compensation payable to any person any additional contributory payments remaining unpaid at the date when he suffered loss of employment; and any such payments not recovered at the date of his death shall be deducted from any compensation payable in respect of the person under regulation 24, 25 or 26 of these regulations.

Calculation of compensation where superannuation benefit is payable

28. Where an officer to whom this part of these regulations applies, or his widow, child or other dependant has become entitled to any superannuation benefit under a pension scheme associated with the employment which the officer has lost, the retirement compensation payable to the officer, or the compensation payable in respect of the officer under regulations 24, 25 and 26 of these regulations shall be calculated in the first place as if the said superannuation benefit had not been payable but—

- (a) compensation by way of annual amounts shall be reduced by the annual amount of any such superannuation benefit as is payable periodically, and
- (b) compensation payable as a lump sum shall be reduced by the amount of any such superannuation benefit payable as a lump sum.

Compensation payable to non-pensionable officer on attainment of normal retiring age

29.—(1) In the case of an officer receiving long-term compensation for loss of employment who is not a pensionable officer, when the officer attains normal retiring age, the Minister may, if he is satisfied that the officer would but for the loss have continued in the employment he has lost for a substantial period beyond that age, continue to pay compensation to him for the remainder of his life at half its former rate.

(2) In the case of an officer who is not a pensionable officer and who suffers loss of employment on or after attaining normal retiring age, the Minister may, if satisfied that the officer would in the normal course have continued in the employment he has lost for a further substantial period, pay compensation to him for the remainder of his life at half the rate to which he would have been entitled under regulation 15 of these regulations had he not attained normal retiring age at the date on which he lost his employment.

Persons subject to policy schemes

30.—(1) The provisions of regulations 18, 19, 20, 21 and 25 of these regulations shall not apply to a person who had been participating in a scheme associated with his employment for providing superannuation benefits by means of contracts or policies of insurance, and who, after the loss of his employment or the diminution of his emoluments, continued to participate in that scheme, or became entitled to a benefit or prospective benefit thereunder other than a return of contributions.

(2) If the claimant is such a person as is mentioned in paragraph (1) of this regulation who has lost his employment, the Minister may, if the relevant scheme so permits, make such payments to or in respect of him, whether by way of the payment of premiums or otherwise, as are actuarially equivalent to the amounts by which his retirement compensation might have been increased under regulation 23(2) or (4) of these regulations had he been a person to whom regulation 18, 19 or 20 of these regulations applied.

(3) If the claimant is such a person as is mentioned in paragraph (1) of this regulation who has suffered a diminution of his emoluments, the Minister may, if the relevant scheme so permits, make such payments to or in respect of him, whether by way of the payment of premiums or otherwise, as will secure to the claimant the like benefits as if his emoluments had not been diminished.

(4) If the claimant is such a person as aforesaid and he becomes entitled to a benefit under such a scheme as is mentioned in paragraph (1) of this regulation before reaching normal retiring age, the Minister may reduce any long-term compensation payable to him under part IV of these regulations by the amount of such benefit.

Intervals for payment of compensation under part V

31. Retirement compensation and other compensation awarded as annual sums under this part of these regulations shall be payable at intervals equivalent to those at which the corresponding benefit would have been payable under the pension scheme to which the claimant was subject prior to the loss of employment or diminution of emoluments or at such other intervals as may be agreed between the recipient and the Minister.

PART VI

ADJUSTMENT, REVIEW AND COMPOUNDING OF COMPENSATION

Adjustment of compensation where superannuation benefit is also payable

32.—(1) Where any period of service of which account was taken in calculating the amount of any compensation payable under part IV or V of these regulations is also taken into account for the purpose of calculating the amount of any superannuation benefit payable to or in respect of the officer in accordance with a pension scheme associated with an employment undertaken subsequent to the loss of employment or diminution of emoluments which was the subject of the claim for compensation, the Minister may adjust the compensation in accordance with this regulation by withholding or reducing the amount of compensation payable in respect of any period for which such superannuation benefit is being received.

(2) If the part of any superannuation benefit by way of annual amounts which is attributable to a period of service mentioned in paragraph (1) of this regulation equals or exceeds the part of any compensation by way of annual amounts which is attributable to the same period, that part of the

compensation may be withheld, but if such part of the superannuation benefit is less than such part of the compensation, the compensation may be reduced by an amount not exceeding such part of the superannuation benefit.

(3) In the case of a death gratuity payable to the personal representatives of the officer, the sum payable to the personal representatives under regulation 25 of these regulations may be reduced by an amount not greater than the proportion of the death gratuity which the period of service mentioned in paragraph (1) of this regulation bears to the total period of service of which account was taken in the calculation of the death gratuity.

(4) In addition to any reduction authorised by paragraph (2) or (3) of this regulation, if, in the circumstances mentioned in paragraph (1) of this regulation, compensation by way of annual amounts is attributable in part to any provision of the relevant pension scheme for a minimum benefit, the compensation may be reduced by an amount not exceeding that part.

(5) Where any additional years of service or period of contribution have been credited to a claimant under regulation 23(2) of these regulations, if the number of such years or such period is equal to or less than the period spent in the subsequent employment mentioned in paragraph (1) of this regulation, the compensation by way of annual amounts may be reduced (in addition to any other reduction authorised by this regulation) by an amount not exceeding that attributable to the additional years or period so credited, or if the number of such years or such period is greater than the period spent in the subsequent employment, by such proportion of that amount as the period spent in the subsequent employment bears to the number of additional years or the period so credited.

(6) Where compensation has been calculated in accordance with regulation 22 of these regulations, the provisions of this regulation shall apply only in relation to such part (if any) of the superannuation benefit as is attributable to annual emoluments in excess of those to which the officer was entitled on entering the new employment referred to in the said regulation 22.

(7) Where compensation is payable in respect of diminution of emoluments, the provisions of this regulation shall apply only in relation to such part (if any) of the superannuation benefit as is attributable to annual emoluments in excess of those to which the officer was entitled immediately prior to the diminution.

Reduction of compensation in certain cases

33. If under the pension scheme to which a person was subject before losing his employment or suffering a diminution of emoluments any benefit for which the scheme provided would have been subject to reduction or suspension on his taking up other specified employment, any retirement compensation to which the person is entitled for loss of employment or diminution of emoluments shall, where such employment is taken up, be reduced or suspended in the like manner and to the like extent.

34. Where—

- (a) a pensionable officer enters any employment referred to in regulation 22 of these regulations, or
- (b) a person entitled to long-term compensation enters employment the remuneration whereof is payable out of public funds, or
- (c) a person entitled to retirement compensation enters employment in which the compensation is subject to reduction or suspension under regulation 33 of these regulations,

he shall forthwith give notice in writing to the Minister that he is so employed and, in the case of any employment mentioned in paragraph (b) or (c) of this regulation, he shall give the like notice of any increase in his remuneration in that employment and of his ceasing to hold that employment.

Review of award of long-term or retirement compensation

35.—(1) The Minister shall, within a period of 2 years after the date on which any decision on a claim for long-term or retirement compensation for loss of employment (other than compensation payable under regulation 19 of these regulations) is notified to a claimant under regulation 37 of these regulations, review his decision or, where the claim has been the subject of an appeal, the decision of the tribunal at intervals of not more than 6 months, and these regulations shall apply in relation to any such review as they apply in relation to the initial determination of the claim; and on such review, in the light of any material change in the circumstances of the case, compensation may be awarded, or compensation previously awarded may be increased, reduced or discontinued, subject to the limits set out in these regulations.

(2) The claimant may require the Minister to carry out the review mentioned in the last foregoing paragraph at any time within the period of 2 years mentioned in that paragraph if the claimant considers that there has been a change in the circumstances of his case which is material for the purposes of these regulations.

(3) The Minister shall carry out a review in accordance with paragraph (1) of this regulation, notwithstanding the expiration of the period mentioned in that paragraph if—

- (a) the emoluments of employment or work undertaken in place of the employment which has been lost had been taken into account in determining the amount of any compensation awarded, and
- (b) such employment or work has been lost or the emoluments thereof reduced, otherwise than by reason of misconduct or incapacity to perform such duties as he might reasonably have been required to perform, and
- (c) the Minister is satisfied that such loss or reduction is causing hardship to the claimant,

and where any decision is so reviewed, the decision shall be subject to further review in accordance with paragraph (1) of this regulation as if the review carried out under this paragraph had been the initial determination of the claim.

(4) Paragraphs (1) and (2) of this regulation shall apply in relation to any decision on a claim for long-term or retirement compensation in respect of diminution of emoluments as they apply in relation to any decision mentioned in the said paragraph (1):

Provided that—

- (i) no review shall take place after the date on which the claimant ceases to hold the employment in which his emoluments were diminished, except a review as at that date; and
- (ii) while the claimant continues to hold that employment there shall be no limit to the period within which a review may take place.

(5) Notwithstanding anything contained in the foregoing provisions of this regulation, the Minister shall review a decision (whether given by him or the tribunal) on a claim for long-term compensation for loss of employment or diminution of emoluments after the expiration of any period within which a review is required to be made if at any time—

- (a) the claimant is engaged in employment (hereinafter referred to as his "current employment") the remuneration whereof is payable out of public funds and which he has undertaken in place of the employment he has lost or, as the case may be, the employment in which his emoluments were diminished, and
- (b) the aggregate of the net emoluments of his current employment and the long-term compensation payable to him exceed the net emoluments of the employment he has lost or, as the case may be, the amount of his net emoluments prior to their diminution,

and the Minister shall thereafter further review such decision whenever the net emoluments of the claimant's current employment are increased; but if on any such review the compensation is reduced, it shall not be reduced below the amount by which the net emoluments of the claimant's current employment fall short of the net emoluments of the employment he has lost or, as the case may be, the amount of his net emoluments prior to their diminution.

(6) The Minister shall give to a claimant not less than 14 days notice of any review to be carried out under this regulation otherwise than at the claimant's request.

(7) Nothing in this regulation shall preclude the making of any adjustment of compensation required by regulation 32 or 33 of these regulations.

Compounding of awards

36.—(1) In a case where an annual sum which has been or might be awarded under these regulations does not exceed £26, the Minister may, at his discretion, compound his liability in respect thereof by paying a lump sum equivalent to the capital value of the annual sum, and if any lump sum payment has been or might be awarded in addition to such annual sum under regulation 18, 19, 20 or 21 of these regulations, the Minister may likewise discharge his liability in respect thereof by an immediate payment.

(2) In any other case the Minister may, if the person who has been awarded long-term or retirement compensation requests him to do so and he, in his discretion, after having regard to the state of health of that person and the other circumstances of the case, deems fit, compound up to one quarter of his liability to make payments under the award (other than payments to a widow, child or other dependant under regulation 24 of these regulations) by the payment of an equivalent amount as a lump sum or, where any compensation has been awarded as a lump sum, by increasing that compensation to such equivalent amount; and in calculating for this purpose the liability of the Minister to make payments, account shall be taken of the annual value of lump sum payments of compensation.

(3) The making of a composition under paragraph (2) of this regulation in relation to an award of long-term or retirement compensation shall not prevent the subsequent making of a composition under paragraph (1) of this regulation in relation to that award, but, subject as aforesaid, not more than one composition may be made in relation to any award.

PART VII

PROCEDURE AND MISCELLANEOUS

Procedure on making claims

37.—(1) Every claim for compensation under these regulations and every request for a review of an award of long-term or retirement compensation shall be made in accordance with the provisions of this regulation.

(2) Every such claim and request shall be made to the Minister in a form approved by him.

(3) Resettlement compensation shall be claimed separately from any other form of compensation claimable under these regulations.

(4) The Minister shall consider any such claim or request in accordance with the relevant provisions of these regulations and shall notify the claimant in writing of his decision—

- (a) in the case of a claim for resettlement compensation, not later than one month after the receipt of the claim, and
- (b) in the case of a claim for, or request for the review of an award of, compensation under part IV or V of these regulations, not later than 13 weeks after the receipt of the claim or request, and
- (c) in any other case, as soon as may be after the decision.

(5) Every notification of a decision by the Minister (whether granting or refusing compensation or reviewing an award, or otherwise affecting any compensation under these regulations) shall contain a statement—

- (a) giving reasons for the decision ;
- (b) showing how any compensation has been calculated and, in particular, if the amount is less than the maximum which could have been awarded under these regulations, showing the factors taken into account in awarding that amount ; and
- (c) directing the attention of the claimant to his right, if he is aggrieved by the decision, to refer the matter to the tribunal, and giving him the address of the office to which the reference should be sent.

Claimants to furnish information

38.—(1) Any person claiming or receiving compensation or whose award of compensation is being reviewed shall furnish all such information as the Minister or the tribunal may at any time reasonably require ; and shall verify the same in any such manner, including the production of books or of original documents in his possession or control, as may be reasonably required.

(2) Any such person as aforesaid shall, on receipt of reasonable notice, present himself for interview at any such place as the Minister or the tribunal may reasonably require.

(3) Any person who attends for interview as aforesaid may, if he so desires, be represented by his adviser.

Procedure on death of claimant

39.—(1) In the event of the death of a claimant or of a person who, if he had survived, could have been a claimant, the claim for compensation under these regulations may be continued or made (as the case may be) by his personal representative.

(2) Where any such claim is continued or made as aforesaid by a personal representative, the personal representative shall, as respects any steps to be taken or thing to be done by him in order to continue or make the claim, be deemed for the purposes of these regulations to be the claimant, but, save as aforesaid, the person in right of whom he continues or makes the claim shall be deemed for all the purposes of these regulations to be the claimant, and the relevant provisions of these regulations shall be construed accordingly:

Provided that the Minister may in any such case extend the period within which a claim is required to be made by regulation 7 or 13 of these regulations.

Calculation of service

40.—(1) For the purpose of determining the amount of any compensation payable in respect of the loss of an office to which, or of any 2 or more offices to which in the aggregate, an officer devoted substantially the whole of his time, any previous period of part-time employment shall be treated as though it were whole-time employment for a proportionately reduced period.

(2) For the purpose of making any calculation under these regulations in respect of the reckonable service of an officer all periods of such service shall be aggregated, and if the aggregated service includes a fraction of a year, that fraction shall, if it equals or exceeds 6 months, be treated as a year, and in any other case be disregarded.

Emoluments of part-time employments

41. In ascertaining for the purposes of these regulations whether, and how far, the remuneration of alternative employment falls short of emoluments which have been lost where those emoluments were payable in respect of 2 or more part-time employments, the remuneration of the alternative employment or of the aggregate of 2 or more such employments shall be apportioned in the proportion which the emoluments of the part-time employments bore to each other.

Compensation not assignable

42. Subject to any statutory provision in that behalf, any compensation to which an officer becomes entitled under these regulations shall be paid by the Minister and shall be payable to, or in trust for, the person who is entitled to receive it, and shall not be assignable.

Right of appeal from decision of the Minister

43.—(1) Every claimant who is aggrieved by any decision of the Minister with respect to compensation under these regulations or by any failure on the part of the Minister to notify him of any such decision within the appropriate time prescribed by these regulations may within 3 months of the notification to him of the decision or the expiry of the prescribed time, as the case may be, refer the matter to the tribunal.

(2) Reference of a matter to the tribunal as aforesaid by a claimant shall be made in writing.

(3) On receipt of such a reference, the tribunal shall consider and determine the matter in accordance with the provisions of these regulations and the Minister shall give effect to the decision of the tribunal with any modifications that may be required in consequence of any appeal from the decision on a point of law.

(4) On any such reference the tribunal may, if it thinks fit, appoint a person having special knowledge or experience in relation to the subject matter of the reference to sit with the tribunal as an assessor.

Given under the official seal of the Minister of Health on 23rd July 1964.

(L.S.)

Anthony Barber,
Minister of Health.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

1. These regulations, made under section 60(2) of the Local Government Act 1958 and section 85(4) of the London Government Act 1963, provide for the payment of compensation to or in respect of employees of executive councils and certain other bodies constituted under the National Health Service Act 1946 who suffer loss of employment or loss or diminution of emoluments which is attributable to the reorganisation of local government in England and Wales brought about by either—

- (a) an order under part II of the Local Government Act 1958 ;
- (b) the London Government Act 1963 or any instrument made under that Act ; or
- (c) an order under part VI of the Local Government Act 1933.

2. Part I of the regulations contains definitions. Part II specifies the persons to whom the regulations apply and the grounds of entitlement to compensation. The regulations apply to persons employed whole-time or part-time by executive councils or joint committees of such councils, by ophthalmic services committees, or by local medical committees, local dental committees, local pharmaceutical committees or local optical committees.

3. The compensation is payable by the Minister of Health and is—

- (a) resettlement compensation for loss of employment (part III of the regulations) ;
- (b) long-term compensation for loss of employment or loss or diminution of emoluments (part IV) ;
- (c) retirement compensation for loss of employment or loss or diminution of emoluments (part V) ;
- (d) compensation to the widow, child or other dependant and personal representative of a claimant who was a pensionable officer (part V).

4. Resettlement compensation is payable for a period not exceeding 26 weeks to officers with at least 3 years' service in the National Health Service and other relevant employments. The qualifying conditions and factors to be considered are set out in regulations 7, 9, 10 and 11. The method of calculating the amount of compensation is contained in regulation 8.

5. Long-term and retirement compensation are payable to officers with at least 8 years' service in the National Health Service and other relevant employments. The qualifying and other conditions are set out in regulations 12 to 14.

6. The method of calculating the maximum amount of long-term compensation is laid down in regulations 15 (loss of employment) and 16 (diminution of emoluments). It is a proportion, not exceeding two thirds, of the net emoluments lost or of the amount by which emoluments have been diminished, as the case may be. This compensation is payable from a date determined under regulation 17 and can be payable up to normal retiring age.

7. Retirement compensation for loss of employment payable to a pensionable officer is based upon his accrued pension rights (regulation 20) supplemented in the case of persons aged 40 or over at the date of loss by the addition of notional years of service (regulation 23). Retirement compensation for diminution of emoluments is an appropriate proportion of that for loss of employment (regulation 21). In the case of a non-pensionable officer compensation not exceeding one half of the rate of long-term compensation may be paid (regulation 29) and special provision is made for any persons whose pension arrangements are by way of policies of insurance (regulation 30). Retirement compensation is ordinarily payable from normal retiring age but in certain circumstances may be put into payment earlier (regulations 18 and 19).

8. Compensation is payable to the widow, child or other dependant and the personal representative of a claimant who dies, where such persons would have benefited under the relevant pension scheme (regulations 24 to 26).

9. Part VI of the regulations provides for long-term and retirement compensation to be reviewed and for awards to be varied in the light of changes in circumstances (regulation 35). It also contains provisions for the adjustment, suspension and compounding of compensation in certain circumstances.

10. Part VII contains provisions relating to the procedure for making claims and notifying decisions and to appeals by claimants who are aggrieved by a decision or the failure of the Minister of Health to notify them of his decision. Appeals lie to a tribunal appointed by the Minister of Labour.

(6) The provisions of Regulation 13 (which relates to notification of alteration of vehicles), Regulations 15 and 16 (which relate to notification

of change of ownership of vehicles), Regulation 17 (which relates to notification of change of address of owners of vehicles) and Regulation 18 (which relates to notification of destruction or permanent export of vehicles) of these Regulations shall not, except in so far as Regulation 15 places duties on the previous owner of a vehicle acquired by the Crown, apply in the case of vehicles belonging to the Crown.

(b) in the case of a cylinder having more than one piston, the sum of the products expressed in cubic centimetres of the square of the internal diameter of each part of the cylinder in which a piston moves measured in centimetres, and the distance through which the piston associated with that diameter moves during one half of a revolution of the engine measured in centimetres multiplied by 0.7854.

(3) In measuring cylinders for the purpose of calculating cylinder capacity, and in calculating cylinder capacity, fractions of centimetres are to be taken into account.

Unladen weight

47. The owner of a vehicle in respect of which duty under the Act is, or may be, payable by reference to its unladen weight, on being required in writing to do so by the council to which he has made an application for a licence for the vehicle or with which the vehicle is registered, shall—

12. A new provision has been included requiring the holder of a trade licence to notify the appropriate county council if his trade plates have been lost, stolen, destroyed or defaced and requiring the council to replace them in such circumstances (Regulation 34(4)) ;
13. The provisions relating to trade licences have been simplified and the use of a vehicle on a public road under a limited trade licence for demonstrating its operation to a purchaser is made lawful (Regulation 41(1)(e)) and when a vehicle is being used for such a purpose or for enabling a prospective purchaser to test the vehicle the licence holder or an employee of his should be present in the vehicle, except in the case of a vehicle constructed to carry only one person, whether the vehicle is being used under a general trade licence (Regulation 38(3)) or a limited trade licence (Regulation 40(2)(b)) ;

W. G. Agnew.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

Section 27(3) of the Petty Sessions (Ireland) Act 1851 enables warrants issued in the Irish Republic to be endorsed and executed in Great Britain, the Channel Islands or the Isle of Man if transmitted to, and endorsed by, certain specified Irish police officers. The officers specified in the section became inappropriate as a consequence of the establishment of the Irish Free State, and this Order adapts the section by substituting a reference to the chief officer or deputy or assistant chief officer of the police force of the Irish Republic.

4. *Notice of Inquiry*

(1) The Solicitor shall, as soon as may be after a case has been referred to the Committee by the Investigating Committee, serve upon the respondent a notice of inquiry as nearly as may be in the form set out in the Appendix to these Rules specifying the matters alleged against the respondent in the form of a charge or charges, and stating the day, time and place at which the Committee will hold an inquiry into these matters, together with a copy of these Rules, by post in a registered letter addressed to the respondent in accordance with the provisions of subsection (2) of section 13 of the Act.

If it does not appear to have been so received, the Committee may nevertheless proceed with the inquiry, if they are satisfied that all practical steps have been taken to serve the notice and that the substance of the matters alleged therein against the respondent and the likelihood of an inquiry resulting therefrom are well known to him.

(4) Except with the agreement of the respondent, the inquiry shall not be held on any day earlier than twenty-eight days after the date of posting the notice of inquiry.

5. *Postponement or Cancellation of Inquiry.*

(1) The Chairman, of his own motion or upon the application of any party thereto, may postpone the hearing of an inquiry, or may refer the matter to the Investigating Committee for further consideration as to whether an inquiry should be held.

(2) Where before the inquiry opens it appears to the Chairman, or at any stage of the proceedings it appears to the Committee, that a notice of inquiry is defective, he or they shall cause the notice to be amended, unless it appears to him or them that the required amendment cannot be made without injustice, or, if he or they consider that the circumstances in which an amendment is made require it, may direct that the amended notice shall be served on the respondent, and that the inquiry shall be postponed.

(3) The Solicitor shall, as soon as may be, give to all parties to whom a notice of inquiry has been sent notification of any decision to postpone or not to hold an inquiry, informing them of the date fixed for the hearing of a postponed inquiry.

6. *Access to Documents.*

Upon application by any party to the inquiry the Solicitor shall send to that party a copy of any statutory declaration, complaint, answer, admission, explanation or other similar document sent to the Board by any party to the inquiry.

7. *The Reading of the Charge.*

(1) The charge shall be read in the presence of the respondent, and of the complainant if one appears: Provided that if the respondent does not appear but the Committee nevertheless decide that the inquiry shall proceed the charge shall be read in his absence.

(2) As soon as the charge has been read the respondent may, if he so desires, object to the charge, or to any part of it, in point of law, and the complainant or if no complainant appears the Solicitor may reply to any such objection; and, if any such objection is upheld, no further proceedings shall be taken on that charge or on that part of the charge to which the objection relates.

8. *Proof of the facts alleged in cases relating to conviction.*

(1) In cases relating to conviction, the following order of proceedings shall be observed concerning proof of facts alleged in the charge or charges:—

(a) If the respondent appears, the Chairman shall ask him as to every conviction alleged in the charge or charges, whether he admits it.

(b) The complainant, or if no complainant appears the Solicitor

(i) if the respondent has not appeared, or has not admitted every conviction alleged, shall adduce evidence of any conviction not admitted, and

(ii) shall, whether the conviction alleged is admitted or not, address the Committee, and may adduce evidence, with regard to the nature and circumstances of the offence, to show that if the convictions alleged are proved or admitted the respondent is unfit by reason thereof to have his name on the register.

(c) If no evidence is adduced concerning any particular conviction which has not been admitted by the respondent, the Chairman shall thereupon announce that the charge in relation to that conviction has not been proved.

(2) (a) Where the respondent appears, he may then adduce evidence concerning any conviction which he has not admitted, on the question whether he was convicted as alleged, and may address the Committee on that question.

(b) The respondent may also address the Committee, and adduce evidence with regard to the nature and circumstances of the offence, to show that he is not unfit by reason thereof to have his name on the register.

(c) Except with the leave of the Committee, only one address may be made under this paragraph, and where the respondent adduces evidence that address shall be made either before that evidence is begun, or after it is concluded.

(d) Where evidence is adduced under this paragraph, the complainant, or if no complainant appears the Solicitor, may adduce evidence to rebut such evidence.

(3) On the conclusion of proceedings under the foregoing paragraphs of this Rule the Committee shall consider whether the facts alleged in the charge or charges have been proved, and shall determine whether the respondent has been convicted of an offence to which paragraph (a) of subsection (1) of section 9 of the Act applies. The Committee shall then record, and the Chairman shall announce, their findings.

9. *Proof of the facts alleged in cases relating to conduct.*

(1) In cases relating to conduct the following order of proceedings shall be observed concerning proof of the facts alleged in the charge or charges:—

(a) If the respondent appears, the Chairman shall ask him concerning each fact alleged in the charge or charges, whether he admits it.

- (b) The complainant, or if no complainant appears the Solicitor,
- (i) if the respondent does not appear, or has not admitted all the facts alleged in the charge or charges, shall adduce evidence of the facts not admitted, and
 - (ii) whether the facts alleged are admitted or not, shall address the Committee to show that if such facts are proved the respondent is by reason thereof unfit to have his name on the register.
- (c) If no evidence is adduced concerning any particular charge on which there has been no admission of fact by the respondent, the Committee shall record a finding on this charge in favour of the respondent, and the Chairman shall announce their findings in the appropriate terms.

(2) (a) At the close of the case against him, the respondent may, if he so desires, make either or both of the following submissions to any charge concerning which evidence has been adduced, namely

- (i) that no sufficient evidence has been adduced upon which the Committee could find that all or any of the facts alleged in the charge have been proved,
- (ii) that the facts alleged in the charge are not such as to constitute infamous conduct in a professional respect.

Where any such submission is made, the complainant, or if no complainant appears the Solicitor, may reply thereto.

(b) If a submission is made under the last foregoing sub-paragraph in respect of any charge, the Committee shall consider and determine whether it should be upheld, and shall record, and the Chairman shall announce, their finding in the appropriate terms.

(c) the respondent may adduce evidence in answer to any charge concerning which evidence has been adduced and, whether he adduces evidence or not, may address the Committee.

(d) At the close of the case for the respondent the complainant, or if no complainant appears the Solicitor, may with the leave of the Committee adduce evidence to rebut any evidence adduced by the respondent; and if he does so, the respondent may make a further address limited to the rebutting evidence.

(e) The complainant, or if no complainant appears the Solicitor, may address the Committee by way of reply to the respondent's case either:

- (i) if oral evidence (not being evidence as to character) other than that of the respondent himself has been given on the respondent's behalf, or
- (ii) with the leave of the Committee, where no such evidence has been given.

(f) At the conclusion of the complainant's or the solicitor's address the respondent may address the Committee by way of final reply.

(g) Without prejudice to the last foregoing sub-paragraph, if the respondent has made a submission to the Committee on a point of law the complainant, or if no complainant appears the Solicitor, shall have the right of reply limited to that submission.

(3) On the conclusion of proceedings as aforesaid the Committee shall consider and determine as respects each charge which remains outstanding whether the facts alleged therein have been proved to their satisfaction and shall record, and the Chairman shall announce, their findings in the appropriate terms.

(4) If the Committee record, and the Chairman announces, a finding under this Rule in favour of the respondent, the appropriate terms thereof shall be, that in respect of the matters to which the charge relates the respondent is not guilty of infamous conduct in a professional respect.

(5) If the Committee record, and the Chairman announces, a finding under this Rule against the respondent, the appropriate terms thereof shall be:—

That in respect of the matters to which the charge relates the respondent is guilty of infamous conduct in a professional respect.

10. Procedure upon proof of the facts alleged

(1) Where the Committee have found in a case relating to conviction that the facts alleged in a charge have been proved, the Chairman shall invite the complainant, or if no complainant appears the Solicitor, to address the Committee and to adduce evidence as to the circumstances leading up to the conviction and as to the character and previous history of the respondent. The Chairman shall then invite the respondent to address the Committee by way of mitigation and to adduce evidence as aforesaid.

(2) Where in a case relating to conduct the Committee have recorded a finding against the respondent, the Chairman shall invite the complainant, or if no complainant appears the Solicitor, to address the Committee and to adduce evidence as to circumstances leading up to the facts found proved and as to the character and previous history of the respondent. The Chairman shall then invite the respondent to address the Committee by way of mitigation and to adduce evidence as aforesaid.

(3) The Committee shall next consider and determine whether they should postpone judgment.

(4) If the Committee determine to postpone judgment, the judgment of the Committee shall stand postponed for a period not exceeding 2 years; and the Chairman shall announce their determination in such terms as the Committee may approve.

(5) If the Committee determine not to postpone judgment, they shall determine whether by reason of their finding against the respondent the Registrar shall be directed to remove the name of the respondent from the register, and the Chairman shall announce their determination in such terms as they may approve.

11. Procedure in cases falling under both Rule 8 and Rule 9

Where the charges against the respondent fall within the provisions both of Rule 8 and of Rule 9, the Committee shall proceed upon the charge or charges of each kind separately under Rule 8 of these Rules where the charge relates to a conviction or under Rule 9 of these Rules where the charge relates to conduct and shall then proceed under so much of Rule 10 of these Rules as may be applicable either upon the charge or charges of each kind separately or upon the charges of all kinds concurrently, as the circumstances of the case may require.

12. Procedure upon postponement of judgment

(1) Where under the foregoing provisions of these Rules the judgment of the Committee in any case stands postponed, the following shall be the procedure:

- (a) The Solicitor shall, not later than six weeks before the day fixed for the resumption of the proceedings, send to the respondent a notice which shall
- (i) specify the day, time and place at which the proceedings are to be resumed and invite him to appear thereat,
 - (ii) unless the Chairman otherwise directs, invite the respondent to furnish the Registrar with the names and addresses of persons to whom reference may be made confidentially or otherwise concerning his character and conduct, and
 - (iii) invite the respondent to send to the Solicitor, not less than three weeks before the day fixed for the resumption of proceedings, a copy of any statement or statutory declaration, whether made by the respondent or not, relating to his conduct or other matters since the hearing of his case or setting out any material facts which have arisen since that hearing.
- (b) A copy of the notice and of any statement or statutory declaration sent in accordance with the provisions of the last foregoing sub-paragraph shall be sent to the complainant, if any, if he is a party to the proceedings, and

he may in turn, if he so desires, send to the Solicitor a statement or statutory declaration, whether made by himself or not, concerning any matter raised by the respondent.

- (c) At the meeting at which the proceedings are resumed the Chairman shall first invite the Solicitor to recall, for the information of the Committee, the position in which the case stands and the Committee may then receive further oral or documentary evidence in relation to the case, or to the conduct of the respondent since the hearing, and shall hear any party to the proceedings who desires to be heard.
- (d) The Committee shall then consider and determine whether they should further postpone their judgment on the charges on which their judgment was previously postponed; and if the Committee determine further to postpone judgment, the judgment of the Committee shall stand postponed for a period not exceeding 2 years; and the Chairman shall announce their determination in such terms as they may approve. The provisions of this Rule shall apply to any case in which judgment is further postponed.
- (e) If the Committee determine that judgment shall not be further postponed paragraph (5) of Rule 10 of these Rules shall apply.

(2) At any resumed proceedings any new charge alleged against the respondent in accordance with these Rules shall first be dealt with in accordance with such of Rules 8 to 9, and so much of Rule 10, as may be applicable and if the Committee determine not to postpone judgment in respect of any such new charge, the Committee may apply paragraph (5) of Rule 10 simultaneously to the new charge and the charge in respect of which they had postponed judgment.

(3) Nothing in the last foregoing paragraph shall prevent the Committee from receiving evidence at any resumed proceedings of any conviction recorded against the respondent which has not been made the subject of a charge under these Rules.

(4) Subject to the provisions of the Act, the validity of any resumed proceedings shall not be called into question by reason only that members of the Committee who were present at any former meeting were not present at the resumed meeting.

The provisions of this Part and Part V of these Rules shall apply where a case of fraudulent entry is referred to the Committee.

13. Procedure

(1) Where any question whether a name has been fraudulently entered in the register has been referred to the Committee the Solicitor shall send to the respondent a notice of inquiry specifying the nature of the fraud alleged, stating the day, time and place at which the Committee will hold an inquiry into the question, inviting his attendance at such inquiry, and containing such further information as the nature of the case may require. The provisions of Rule 4 shall apply as though such notice were a notice of inquiry such as is mentioned in that Rule.

(2) A copy of the notice shall be sent to each party in the case and to such other persons (if any) as the Chairman may direct.

(3) The inquiry shall proceed as though the question were a charge contained in a notice of inquiry in a case relating to conduct and the provisions of Rule 9 shall accordingly apply thereto so far as may be.

(4) If the Committee determine that the entry has been proved to their satisfaction to have been fraudulently made, they shall make an order in writing, under the hand of the Chairman, that the entry having been proved to the satisfaction of the Committee to have been fraudulently made shall be removed from the register.

PART IV

RESTORATION OF NAMES AFTER REMOVAL

14. Procedure

- (i) The Committee shall afford to the applicant an opportunity of being heard by the Committee and of adducing evidence.
- (ii) The Committee may require such evidence as they think necessary concerning the identity or character of the applicant, or his conduct since his name was removed from the register, and for this purpose may receive written or oral evidence.

Subject to the foregoing provisions of this Rule, and to Part V of these Rules, the procedure of the Committee in connection with the application shall be such as they may determine.

PART V

GENERAL

15. Hearing and Adjournment

(1) Subject to the provisions of paragraph 4 of Part II of Schedule 2 to the Act, and of any rules made thereunder the Committee may deliberate in camera (with or without the Legal Assessor) at any time and for any purpose during or after the hearing of any proceedings.

(2) Save as aforesaid all proceedings before the Committee shall take place in the presence of all parties thereto who appear therein and shall be held in public except as provided by the next following paragraph of this Rule.

(3) Where in the interests of justice it appears to the Committee that the public should be excluded from any proceedings or part thereof, the Committee may direct that the public shall be so excluded; but a direction under this paragraph shall not apply to the announcement in pursuance of any of these Rules of a determination of the Committee.

(4) The Committee may adjourn their proceedings from time to time as they think fit.

16. Evidence

(1) Where any respondent or applicant under Rule 14 has supplied to the Committee or to the Registrar on their behalf the name of any person to whom reference may be made confidentially as to his character or conduct, the Committee may consider any information received from such person in consequence of such reference without disclosing the same to the respondent or applicant.

(2) The Committee may receive oral, documentary, or other evidence of any fact which appears to them relevant to the inquiry into the case before them: Provided that, where a fact which it is sought to prove or the form in which any evidence is tendered, is such that it would not be admissible in criminal proceedings in an English court, or, in a case in which the Committee is sitting in Scotland or Northern Ireland, which would not be admissible in a Scottish or Northern Irish Court as the case may be, the Committee shall not receive evidence of that fact or in that form, unless after consultation with the Legal Assessor they are satisfied that it is desirable in the interests of justice

to receive it having regard to the difficulty and expense of obtaining evidence which would be so admissible.

(3) The Committee may cause any person to be called as a witness in any proceedings before them whether or not the parties consent thereto. Questions may be put to any witness by the Committee through the Chairman or by the Legal Assessor with the leave of the Chairman.

17. *Voting*

(1) All acts of the Committee shall be decided by a majority of the members present.

(2) Any question put to the vote shall be put in the form of a motion. The Chairman shall call upon the members present to vote for or against the motion by raising their hands and shall declare that the motion appears to him to have been carried or not carried as the case may be.

(3) Where on any of the questions the votes are equal, the question shall be deemed to have been resolved in favour of the respondent or of the applicant under Rule 14, as the case may be, and for the purposes of this paragraph a decision to postpone judgment shall be taken to be in favour of the respondent or applicant unless he has indicated to the Committee that he is opposed to postponement.

18. *Procedure where there is more than one respondent*

SUPREME COURT OF JUDICATURE, ENGLAND

PROCEDURE

The Rules of the Supreme Court 1964

<i>Made</i> - - - -	27th July 1964
<i>Laid before Parliament</i>	4th August 1964
<i>Coming into Operation</i>	1st October 1964

We, the Rule Committee of the Supreme Court, being the authority having for the time being power under section 99(4) of the Supreme Court of Judicature (Consolidation) Act 1925(a) to make, amend or revoke rules regulating the practice and procedure of the Supreme Court of Judicature, hereby exercise those powers and all other powers enabling us in that behalf as follows:—

1. The Rules of the Supreme Court(b) shall be amended in accordance with the following provisions of this instrument.

2. The following rule shall be substituted for rules 1 and 2 of Order 2:—

Non-compliance with rules

“ 1.—(1) Where, in beginning or purporting to begin any proceedings or at any stage in the course of or in connection with any proceedings, there has, by reason of any thing done or left undone, been a failure to comply with the requirements of these rules, whether in respect of time, place, manner, form or content or in any other respect, the failure shall be treated as an irregularity and shall not nullify the proceedings, any step taken in the proceedings, or any document, judgment or order therein.

(2) Subject to paragraph (3), the Court may, on the ground that there has been such failure as is mentioned in paragraph (1), and on such terms as to costs or otherwise as it thinks just, set aside either wholly or in part the proceedings in which the failure occurred, any step taken in those proceedings or any document, judgment or order therein or exercise its powers under these rules to allow such amendments (if any) to be made and to make such order (if any) dealing with the proceedings generally as it thinks fit.

(3) The Court shall not wholly set aside any proceedings or the writ or other originating process by which they were begun on the ground that the proceedings were required by any of these rules to be begun by an originating process other than the one employed.”

3. Rule 3 of Order 2 shall be re-numbered 2 and in paragraph (1) thereof for the words “ any proceedings for irregularity ” there shall be substituted the words “ for irregularity any proceedings, any step taken in any proceedings or any document, judgment or order therein ”.

(b) S.I. 1962/2145 (1962 III, p. 2529) and see S.I. 1958/1246, 2094 (1958 II, pp. 2275, 2284).

4. In Order 4, rule 2, the following paragraphs shall be substituted for paragraph (2) :—

“(2) Paragraph (1) shall not apply to an action which is entered in the commercial list under Order 72, rule 4(1), unless and until it is ordered to be removed from that list, and shall cease to apply to an action on its transfer to that list or on its being referred to an official referee.

(3) Where an action in the commercial list is ordered to be removed from that list, paragraph (1) shall apply to that action subject to the modification that for the reference to the first summons in the action there shall be substituted a reference to the first summons in the action after the making of the order for removal of the action from the commercial list.”

5. The following amendments shall be made in Order 15 :—

(a) In rule 7 the following paragraph shall be substituted for paragraph (4) :—

“(4) The person on whose application an order is made under this rule must procure the order to be noted in the cause book, and after the order has been so noted that person must, unless the Court otherwise directs, serve the order on every other person who is a party to the cause or matter or who becomes or ceases to be a party by virtue of the order and serve with the order on any person who becomes a defendant a copy of the writ or originating summons by which the cause or matter was begun.”

(b) In rule 8(1) the words “or 7, then, subject to paragraph (2)” shall be omitted and for paragraphs (2), (3) and (4) the following paragraphs shall be substituted :—

“(2) Where by an order under rule 6 a person is to be made a defendant, the rules as to service of a writ of summons shall apply accordingly to service of the amended writ on him, but before serving the writ on him the person on whose application the order was made must procure the order to be noted in the cause book.

(3) Where by an order under rule 6 or 7 a person is to be made a defendant, the rules as to entry of appearance shall apply accordingly to entry of appearance by him subject, in the case of a person to be made a defendant by an order under rule 7, to the modification that the time limited for appearing shall begin with the date on which the order is served on him under rule 7(4) or, if the order is not required to be served on him, with the date on which the order is noted in the cause book.

(4) Where by an order under rule 6 or 7 a person is to be added as a party or is to be made a party in substitution for some other party, that person shall not become a party until—

(a) where the order is made under rule 6, the writ has been amended in relation to him under this rule and (if he is a defendant) has been served on him, or

(b) where the order is made under rule 7, the order has been served on him under rule 7(4) or, if the order is not required to be served on him, the order has been noted in the cause book ;

and where by virtue of the foregoing provision a person becomes a party in substitution for some other party, all things done in the course of the proceedings before the making of the order shall have effect in relation to the new party as they had in relation to the old except that entry of appearance by the old party shall not dispense with entry of appearance by the new”.

6. At the end of rule 20 of Order 18 there shall be inserted the following paragraph :—

“The pleadings in an action are deemed to be closed at the time provided by the foregoing provision notwithstanding that any request or order for particulars has been made but has not been complied with at that time.”

7. The following rules shall be substituted for rules 4 and 5 of Order 20 :—

“ Application for disallowance of amendment made without leave

4.—(1) Within 14 days after the service on a party of a pleading amended under rule 3(1), that party may apply to the Court to disallow the amendment.

(2) Where the Court hearing an application under this rule is satisfied that if an application for leave to make the amendment in question had been made under rule 5 at the date when the amendment was made under rule 3(1) leave to make the amendment or part of the amendment would have been refused, it shall order the amendment or that part to be struck out.

(3) Any order made on an application under this rule may be made on such terms as to costs or otherwise as the Court thinks just.

Amendment of writ or pleading with leave

5.—(1) Subject to Order 15, rules 6, 7 and 8 and the following provisions of this rule, the Court may at any stage of the proceedings allow the plaintiff to amend his writ, or any party to amend his pleading, on such terms as to costs or otherwise as may be just and in such manner (if any) as it may direct.

(2) Where an application to the Court for leave to make the amendment mentioned in paragraph (3), (4) or (5) is made after any relevant period of limitation current at the date of issue of the writ has expired, the Court may nevertheless grant such leave in the circumstances mentioned in that paragraph if it thinks it just to do so.

(3) An amendment to correct the name of a party may be allowed under paragraph (2) notwithstanding that it is alleged that the effect of the amendment will be to substitute a new party if the Court is satisfied that the mistake sought to be corrected was a genuine mistake and was not misleading or such as to cause any reasonable doubt as to the identity of the person intending to sue or, as the case may be, intended to be sued.

(4) An amendment to alter the capacity in which a party sues (whether as plaintiff or as defendant by counterclaim) may be allowed under paragraph (2) if the capacity in which, if the amendment is made, the party will sue is one in which at the date of issue of the writ or the making of the counterclaim, as the case may be, he might have sued.

(5) An amendment may be allowed under paragraph (2) notwithstanding that the effect of the amendment will be to add or substitute a new cause

of action if the new cause of action arises out of the same facts or substantially the same facts as a cause of action in respect of which relief has already been claimed in the action by the party applying for leave to make the amendment.”

8. At the beginning of the set of Orders headed “Special Provisions as to Particular Proceedings” there shall be inserted the following Order:—

“ORDER 72

COMMERCIAL ACTIONS

Application and interpretation

1.—(1) This Order applies to commercial actions, and the other provisions of these Rules apply to those actions subject to the provisions of this Order.

(2) In this Order “commercial action” includes any cause arising out of the ordinary transactions of merchants and traders and, without prejudice to the generality of the foregoing words, any cause relating to the construction of a mercantile document, the export or import of merchandise, affreightment, insurance, banking, mercantile agency and mercantile usage.

The Commercial List

2.—(1) There shall be a list, which shall be called “The commercial list”, in which commercial actions may be entered in accordance with the provisions of this Order, and a judge of the Queen’s Bench Division shall be in charge of that list.

(2) In this Order references to the judge shall be construed as references to the judge for the time being in charge of the commercial list.

(3) The judge shall have control of the actions in the commercial list and, subject to the provisions of this Order and to any directions of the judge, the powers of a judge in chambers (including those exercisable by a master or registrar) shall, in relation to an action in the commercial list, be exercisable by the judge.

(4) Paragraph (3) shall not be construed as preventing the powers of the judge being exercised by some other judge.

Powers, etc., of Liverpool and Manchester district registrars

3.—(1) All interlocutory applications in an action in the commercial list proceeding in the district registry of Liverpool or the district registry of Manchester, other than an application under rule 6, must be made to the registrar of that registry notwithstanding that the action is in the commercial list, and the registrar may make such order on any such application as he thinks fit or may adjourn the application to be heard by the judge:

Provided that if any party to any such application requests the registrar to adjourn the application to the judge for hearing by him the registrar shall adjourn it accordingly.

(2) It shall be the duty of the registrar of each of the said registries to keep the judge’s clerk informed of the progress of actions in the commercial list proceeding in that registry and, in particular, to inform him of the making of an order that such an action shall be tried at Liverpool or Manchester, as the case may be, and of the date fixed for the trial.

Entry of action in commercial list when action begun

4.—(1) Before a writ or originating summons by which a commercial action is to be begun is issued out of the central office, the Admiralty registry, the district registry of Liverpool or the district registry of Manchester, it may be marked in the top left hand corner with the words "Commercial List", and on the issue of a writ or summons so marked the action begun thereby shall be entered in the commercial list.

(2) If the plaintiff intends to issue the writ or originating summons by which a commercial action is to be begun out of the central office or the Admiralty registry and to mark it in accordance with paragraph (1), and the writ, notice of the writ or the originating summons, as the case may be, is to be served out of the jurisdiction, an application for leave to issue the writ or summons and to serve the writ, or notice of the writ, or the summons out of the jurisdiction may be made to the judge.

(3) The affidavit in support of an application made to the judge by virtue of paragraph (2) must, in addition to the matters required by Order 11, rule 4(1) to be stated, state that the plaintiff intends to mark the writ or originating summons in accordance with paragraph (1) of this rule.

(4) If the judge hearing an application made to him by virtue of paragraph (2) is of opinion that the action in question should not be entered in the commercial list, he may adjourn the application to be heard by a master or the Admiralty registrar, as the circumstances of the case require.

Transfer of action to commercial list after action begun

5.—(1) At any stage of the proceedings in a commercial action before trial any party to the action may apply by summons to the judge or, if the action is proceeding in the district registry of Liverpool or the district registry of Manchester, to the registrar of that registry to transfer the action to the commercial list.

(2) Where an application under paragraph (1) is made to the registrar of either of the said registries, the registrar may either order the action to be transferred to the commercial list or adjourn the summons to be heard by the judge.

(3) If, on the hearing of any summons in a commercial action, it appears to the Court that the action may be one suitable for trial in the commercial list and any party wishes the action to be transferred to that list, then, subject to paragraph (4), the Court may adjourn the summons so that it can be heard by the judge and treated by him as a summons to transfer the action to that list.

(4) The registrar of the district registry of Liverpool or the district registry of Manchester may, instead of adjourning a summons under paragraph (3), order the action to be transferred to the commercial list; and if on the hearing of any summons in a commercial action by the registrar of any district registry any party requests the registrar to adjourn the summons under paragraph (3) so that it can be heard by the judge, the registrar shall adjourn the summons accordingly, and the adjourned summons shall be treated by the judge as a summons to transfer the action to the commercial list.

(5) Where the judge orders a commercial action proceeding in a district registry to be transferred to the commercial list he may also order the action to be transferred to the Royal Courts of Justice.

Removal of action from commercial list

6.—(1) The judge may, of his own motion or on the application of any party, order an action in the commercial list to be removed from that list.

(2) Where an action is in the commercial list by virtue of rule 4, an application by a defendant or third party for an order under this rule must be made within 7 days after entering an appearance in the action.

Pleadings in commercial list actions

7.—(1) The pleadings in an action in the commercial list must be in the form of points of claim, or of defence, counterclaim, defence to counterclaim or reply, as the case may be and must be as brief as possible.

(2) Without prejudice to Order 18, rule 12(1), no particulars shall be applied for or ordered in an action in the commercial list except such particulars as are necessary to enable the party applying to be informed of the case he has to meet or as are for some other reason necessary to secure the just, expeditious and economical disposal of any question at issue in the action.

(3) The foregoing provisions are without prejudice to the power of the judge or of the district registrar of Liverpool or the district registrar of Manchester to order that an action in the commercial list shall be tried without pleadings or further pleadings, as the case may be.

Directions in commercial list actions

8.—(1) Notwithstanding anything in Order 25, rule 1(1), any party to an action in the commercial list may take out a summons for directions in the action before the pleadings in the action are deemed to be closed.

(2) Where an application is made to transfer an action to the commercial list, Order 25, rules 2 to 7, shall, with the omission of so much of rule 7(1) as requires the parties to serve a notice specifying the orders and directions which they desire and with any other necessary modifications, apply as if the application were a summons for directions.

Trial with City of London special jury

9.—(1) If an action in, or ordered to be transferred to, the commercial list, is ordered to be tried at the Royal Courts of Justice with a jury, the Court may, at the same time or subsequently, order the action to be tried with a City of London special jury on such terms, if any, as to costs and otherwise as may be just.

(2) It shall be the duty of the Court to make an order under this rule if it is satisfied that it is a proper case for trial with a jury and an application for the order is made by any party to the action either at the time at which the mode of trial is fixed or, with the leave of the judge, at any later stage.

(3) In this rule "the Court" means the judge, the district registrar of Liverpool or the district registrar of Manchester, as the case may be.

Production of certain documents in marine insurance actions

EXPLANATORY NOTE

(This Note is not part of the Rules, but is intended to indicate their general purport.)

These Rules amend the Rules of the Supreme Court so as (1) to ensure that any failure to comply with the Rules is to be treated as an irregularity, which the court may deal with as it thinks fit (rules 2 and 3); (2) to amend the provisions consequential on the making of an order to carry on proceedings (rule 5); (3) to ensure that pleadings are deemed to be closed at the appropriate time even where a request or order for particulars has still to be complied with (rule 6); (4) to extend the court's power to allow amendments notwithstanding the expiry of any relevant period of limitation (rule 7); (5) to replace the directions of the judges with regard to the Commercial Court by a new Order 72 which will enable an action begun in London or the district registry of Liverpool or Manchester to be entered in the commercial list at the time the writ or originating summons is issued (rule 8), and to make consequential amendments and revocations of other rules (rules 10 and 11); and (6) to clarify the provisions relating to the service of a writ out of the jurisdiction in Admiralty proceedings (rule 9). The Rules also make a number of minor amendments in the Supreme Court Costs Rules 1959 (rule 12).

- (2) Notwithstanding the provisions of the last foregoing sub-paragraph—
- (a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;
 - (b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the first day of January in the following year, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;
 - (c) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964 shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.F.A.(38) between 1st April 1964 and the date on which this Schedule becomes effective.
- (3) In this Schedule the expression "holiday season" means in relation to the year 1964 the period commencing on 1st April 1964, and ending on 31st October 1964, and, in each succeeding year, the period commencing on 1st April and ending on 31st October of the same year.
13. Where at the written request of the worker at any time during the three months immediately preceding the commencement of the holiday season in any year, his employer allows him any day or days of annual holiday and pays him holiday remuneration in respect thereof calculated in accordance with the provisions of paragraphs 16 and 17, then
- (1) the annual holiday to be allowed in accordance with paragraph 12 in the holiday season in that year shall be reduced by the day or days of annual holiday so allowed prior to the commencement of that holiday season ; and
 - (2) for the purpose of calculating accrued holiday remuneration under paragraph 18 any day or days of annual holiday deducted in accordance with sub-paragraph (1) hereof shall be treated as if they had been allowed in the holiday season.
- 14.—(1) An annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may be allowed in two periods of consecutive working days : so however that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
 - (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer or a day on which he does not normally work for the employer intervenes.
 - (4) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season or after the holiday season in the circumstances specified in sub-paragraph (2) (b) of paragraph 12.

- (5) No day of annual holiday shall be allowed on a customary holiday.
- (6) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959:

Provided that where the total number of days of annual holiday allowed to a worker under this Schedule is less than the number of days in his normal working week, the said annual holiday shall be in addition to the said day of holiday or the said half-holiday.

15. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR ANNUAL HOLIDAY

- 16.—(1) Subject to the provisions of paragraph 17, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
17. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 18 of this Schedule or with Order R.F.A. (38)) in respect of employment during any of the periods referred to in that paragraph, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration, unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.F.A. (38).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

18. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration:—
- (1) in respect of employment occurring in the 12 months up to 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since the said 1st April, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal;
- (b) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker, without the consent of his employer, terminates his employment without having given not less than one week's notice, or before one week has expired from the beginning of such notice, the amount of accrued holiday remuneration payable to the worker

shall be the amount payable under the foregoing provisions of this paragraph less an amount equal to the statutory minimum remuneration which would be payable to him at the termination date for one week's work if working his normal working week and the normal number of daily hours worked by him ;

- (c) where during the period or periods in respect of which the said accrued holiday remuneration is payable the worker has at his written request been allowed any day or days of holiday (other than days of holiday allowed by the employer under paragraph 13) for which he has not qualified under the provisions of this Schedule, any accrued holiday remuneration payable as aforesaid may be reduced by the amount of any sum paid by the employer to the worker in respect of such day or days of holiday.

CALCULATION OF EMPLOYMENT

19. For the purpose of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

In exercise of the powers conferred on me by section 11c of, and paragraph 5 of Schedule 1A to, the Police (Scotland) Act 1956(a) as amended by the Police Act 1964(b) I hereby make the following rules:—

1.—(1) These rules may be cited as the Police (Appeals) (Scotland) Rules 1964 and shall come into operation on 1st August 1964.

(2) In these rules, which shall apply to all appeals by members of a police force in Scotland under section 11c of the Police (Scotland) Act 1956, the expressions “appellant” and “respondent” shall have the same meaning as in the Act.

(3) The Interpretation Act 1889(c) shall apply for the interpretation of these rules as it applies for the interpretation of an Act of Parliament.

2. Notice of Appeal to the Secretary of State shall be given in the form set out in the Schedule to these rules.

3. The Notice of Appeal shall be sent to the Secretary of State within ten days from the date on which the appellant received notification of the decision against which he desires to appeal.

Provided that where the Secretary of State is satisfied, on the application of the appellant, that by reason of the special circumstances of the case it is just and right that an appeal should be entertained after the expiration of the period aforesaid, the Notice of Appeal shall be sent to the Secretary of State by such date as he may fix.

4. The Notice of Appeal sent to the Secretary of State shall be accompanied by (a) a statement setting out fully on what grounds the appeal is made and (b) any documentary evidence which the appellant may desire to submit. A copy of the Notice of Appeal, of the relative statement and of any documentary evidence submitted shall be sent to the respondent at the same time.

The statement shall contain any representations which the respondent may desire to submit with regard to the information furnished by the appellant. It shall also contain a list of any documents which may accompany it in terms of Rule 6 of these rules and an intimation whether, in the event of an inquiry being held, the respondent desires to appear in person or to be represented by a legal or other representative. A copy of the statement and of any documents which may accompany it of which the appellant does not already possess a copy shall be sent to the appellant, and the statement shall contain a declaration that a full and true copy of the statement and of such accompanying documents has been sent to the appellant.

6. The statement sent by the respondent to the Secretary of State shall be accompanied by (a) any documentary evidence which the respondent may desire to submit (b) a certified copy of the personal record of the appellant as provided for in the Police (Scotland) Regulations 1956(a), as amended by the Police (Scotland) Amendment Regulations 1964(b), and if the appellant was punished for an offence against the Discipline Code, a certified copy of the discipline form as provided for in the Police (Discipline) (Scotland) Regulations 1952(c).

7. Unless the Secretary of State decides that an inquiry shall not be held, he shall send to the Sheriff the Notice of Appeal, the statements by the appellant and respondent and the other documents referred to in Rules 4 and 6 of these rules, and the appellant and respondent shall be informed when this has been done.

8. The Sheriff, if he considers it necessary or expedient for the due prosecution of the inquiry, may appoint the parties to revise and finally adjust their respective statements before proceeding to hold the inquiry.

9. The Sheriff shall appoint a day for the holding of the inquiry, not being less than seven days from the date on which the documents are received by him, and shall inform the appellant and respondent of the day so appointed.

10. The appellant may, at any time before the day appointed for the holding of the inquiry, withdraw his appeal by giving notice in writing to the Secretary of State.

11. The appellant shall have the right to be represented at the inquiry by a serving member of a police force or by counsel or a solicitor.

15. The Sheriff shall include in his report (a) a statement of the facts admitted or found to be proved (b) a statement of his opinion whether the punishment awarded was warranted by the facts and, if not, what other punishment (if any) ought to have been awarded (c) when the appeal is against punishment by dismissal, by being required to resign, or by reduction in rank a recommendation as to whether, if the Secretary of State orders the appellant to be reinstated in the force or in his rank, such reinstatement should take effect with full pay as from the date of the appellant's suspension, dismissal, resignation or reduction in rank, as the case may be and (d) a recommendation as to whether the appellant should be required to pay any, and if so what part, or the whole, of his own costs of the appeal.

16. The report of the inquiry, and four copies thereof, shall be submitted to the Secretary of State as early as may be after the termination of the inquiry, together with the shorthand notes of evidence. The Notice of Appeal, the statements by the appellant and respondent, and the other documents referred to in Rules 4 and 6 of these rules shall be returned to the Secretary of State at the same time.

17. Where any notice, statement or other document is required by these rules to be sent by or to the Secretary of State or other person or authority, it shall be a sufficient compliance with these rules if such notice, statement or other document is posted, within such time (if any) as is prescribed by these rules, in a letter for recorded delivery service directed, in the case of a letter to the Secretary of State, to the Secretary, Scottish Home and Health Department, St. Andrew's House, Edinburgh, 1, and in any other case to the person for whom it is intended at his usual office or other ordinary address.

18. If any question arises as to the proper compliance with any provision of these rules it shall be determined by the Secretary of State whose decision shall be final.

SEEDS

The Seed Potatoes (Retail Sales) General Licence (No. 2) 1964

Made - - - - - 23rd July 1964
Coming into Operation 17th August 1964

Whereas section 1 of the Seeds Act 1920(a) and Regulations 11(1) and 11(2) of the Seed Potatoes Regulations 1963(b) require the seller of seed potatoes to deliver to the purchaser within the time therein stated a sale note, delivery note, invoice or other document containing certain particulars,

And Whereas the Minister of Agriculture, Fisheries and Food is satisfied that the circumstances connected with the sale by retail of seed potatoes are such that compliance with the provisions of the said Regulations 11(1) and 11(2), so far as they relate to the sale by retail of quantities comprising not more than 2 hundredweights of any one variety of seed potatoes (not being sales where compliance with such provisions is exempted by virtue of Regulation 11(3) of the aforesaid Regulations) cannot reasonably be enforced and that an exemption should be granted so as to apply generally to all persons as regards such provisions in relation to such sales, subject to the requirements of this licence,

Now the Minister of Agriculture, Fisheries and Food in exercise of the powers vested in him by section 1(7) of the Seeds Act 1920 and of all other powers enabling him in that behalf and in accordance with Regulation 14 of the Seed Potatoes Regulations 1963 hereby grants the following licence:

1. This licence, which may be cited as the Seed Potatoes (Retail Sales) General Licence (No. 2) 1964 shall come into operation on 17th August 1964 and shall cease to have effect on 31st July 1965.

2. On the sale by retail of a quantity of seed potatoes comprising not more than 2 hundredweights of any one variety (not being a sale where compliance with the requirements hereinafter mentioned is otherwise exempted) the seller is hereby exempted from compliance with the requirements of Regulations 11(1) and 11(2) of the Seed Potatoes Regulations 1963 Provided that the potatoes are sold in new containers upon each of which has been printed, or otherwise legibly and indelibly marked, or attached to each of which is a label marked with, the particulars referred to in sub-paragraphs (1)(a) to (e) inclusive of the said Regulation 11, and also, in the case of certified seed potatoes, the particulars referred to in sub-paragraphs (2)(a) and (b) of the said Regulation.

In witness whereof the official seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 23rd July 1964.

Christopher Soames,
 Minister of Agriculture, Fisheries and Food.

(a) 10 & 11 Geo. 5. c. 54.

(b) S.I. 1963/1374 (1963 II, p. 2365).

EXPLANATORY NOTE

(This Note is not part of the licence, but is intended to indicate its general purport.)

The Seed Potatoes Regulations 1963 require certain particulars to be given, on or after the sale of seed potatoes, in a document. There is an exemption from this requirement where less than 1 cwt. of potatoes are sold by retail in new containers marked or labelled with the particulars.

This licence extends the exemption to all sales, in like circumstances, of quantities not exceeding 2 cwt. of a single variety.

8.—(1) No grant shall be payable in terms of this scheme in respect of a voyage made by a vessel of 40 feet in length or over where a claim for white fish subsidy in respect of the voyage is made under any scheme made pursuant to the White Fish and Herring Industries Act 1953(a).

(2) For the purpose of determining the grant, if any, which may be paid by virtue of paragraph 2(1) of this scheme in the case of two or more vessels jointly operating the same gear, the weight of herring landed from the combined voyage, the proceeds from the sale of such herring and the gross proceeds of such voyage shall be deemed to be divided equally between the vessels concerned whether they are of the same length or of different lengths, and the grant, if any, shall be calculated separately for each vessel in accordance with the rates specified in paragraph 9 of this scheme.

(3) Notwithstanding the provisions of paragraph 9 of this scheme, if at any time after 1st September 1963 any structural alteration shall have been made to any vessel which has increased or decreased its length, any grant payable by virtue of paragraph 2(1) of this scheme shall be paid at the rate appropriate to the length of the vessel before such alteration unless the appropriate Minister is satisfied that the alteration is likely to be conducive to the increased fishing efficiency of the vessel.

Conditions relating to payments for herring landed and for voyages

Provided that—

(a) if the day of arrival of the vessel is also the day of departure of the vessel upon a subsequent voyage whether made for the catching and landing in the United Kingdom of herring or of white fish, then the day of arrival shall be reckoned with the voyage first concluded on that day and not with any subsequent voyage ;

(b) each period of 24 hours which is spent during a voyage in any port shall be excluded in calculating the number of days at sea in that voyage.

(a) 1 & 2 Eliz. 2. c. 17.

(2) The calculation made by the appropriate Minister for the purpose of this scheme of the number of days at sea on any voyage and the length of such voyage shall be final.

11. For the purpose of computing the amount of grant payable in respect of herring landed from vessels falling within the category specified in Part I of the said Schedule 2 the weight of the herring shall be the weight determined at the time of the first-hand sale.

12. No grant shall be payable in terms of this scheme in respect of a voyage made by a vessel of 40 feet in length or over if the proceeds from the sale of herring taken on that voyage amount to less than half the gross proceeds of that voyage.

Conditions relating to payments for herring landed and sold for conversion into oil etc.

13. Subject to the provisions of this scheme, a grant may be paid at the rate set out in Part III of the said Schedule 2 in respect of herring landed from the vessel and sold for conversion into oil, meal or other approved product.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations amend the Police Pensions Regulations 1962.

Under the 1962 Regulations a widow of a member of a police force is entitled to a pension payable at a special rate if her husband dies as a result of an attack intrinsically likely to cause death. The present Regulations provide that the widow shall also be entitled to this special rate if, on or after 1st August 1964, her husband dies as a result of an injury received in the course of effecting an arrest or of preventing an escape or rescue from legal custody. They further provide that where death occurs on or after 1st August 1964 as a result of such an attack or injury, the widow shall be entitled not only to a pension at the special rate but also to a gratuity of an amount equal to twice the annual pay of a constable with 30 years' service.

(b) S.I. 1962/2756 (1962 III, p. 3785).

(c) The relevant amending instrument is S.I. 1964/1072 (1964 II, p. 2371).

By virtue of Regulation 10 of the Police Pensions (Amendment) (No. 2) Regulations 1964, where a member of a police force dies on or after 1st August 1964 in the circumstances mentioned above gratuities are payable to his children if he does not leave a widow or, in the case of a police-woman, was the only surviving parent.

Regulation 2 of the present Regulations provides that the Police Pensions (Amendment) (No. 2) Regulations 1964 shall have effect as if Regulation 8 were omitted therefrom. That Regulation made provision similar to that made by the present Regulations but limited to the case of a widow whose husband died as the result of an attack.

The present Regulations come into operation on the same date as the Police Pensions (Amendment) (No. 2) Regulations, namely, 1st August 1964.

The work to which the foregoing rates apply includes cleaning and blowing down frames, starting and stopping frames when required, and other usual spinners' duties. In the case of single spinners, it includes shifting a carriage:

bbb

Provided that in cases where spinners are working on two sizes of bobbins which fall under different scales in the foregoing Table, the general minimum time rate payable shall be based on the weighted average of the rates for the respective sizes arrived at as follows:—

By taking for each size of bobbin the rates for double spinners set out in the said Table for the total number of spindles attended and multiplying each such rate by the number of bobbins attended of the respective size, adding the products and dividing the result by the total number of spindles attended:

Provided that when the rate so obtained contains a fraction of a penny, any such fraction less than $\frac{1}{4}$ d. shall be disregarded and any such fraction if $\frac{1}{4}$ d. or more shall be counted as 1d.

For example, the general minimum time rate for a spinner attending 118 spindles, namely 66 spindles with $3\frac{1}{4}$ -inch bobbins and 52 spindles with 5-inch bobbins is calculated as follows:— Under Column 2—

$$\frac{(132s. 0d. \times 66) + (142s. 1d. \times 52)}{118} = 136s. 5\frac{3}{4}d.$$

The general minimum time rate in the case in question is accordingly 136s. 5d. per week of 43 hours.

(ii) where the size of yarn is greater than the normal size of yarn as specified in sub-paragraph (2) of this paragraph, the general minimum time rates set out in the foregoing Table shall be increased as follows:—

Size of bobbin	For every $\frac{1}{2}$ lb. per spynkle above	4 lbs.	...	2 per cent.
$2\frac{1}{2}$ in. ...	$\frac{1}{2}$ lb. "	5 lbs. ...	2	"

5 in. ...	1 lb. "	22 lbs. ...	1	"
6 in. ...	1 lb. "	32 lbs. ...	1	"

For any intermediate size of yarn the rate for the next higher size shall be paid.

No extra shall be paid for weft and no deduction shall be made for hard warp.

(2) For the purposes of this paragraph the normal size of yarn used on a bobbin is as follows:—

Size of bobbin	Normal size of yarn
$2\frac{1}{2}$ in. ...	4 lbs. per spynkle
$2\frac{3}{4}$ in. ...	5 lbs. " "

PIECE WORK BASIS TIME RATE

- 9.—(1) The piece work basis time rate applicable to the female workers to whom this paragraph applies is *128s. 1d.* per week of 43 hours.
- (2) This paragraph applies to all female workers employed on piece work other than—
- the spinners specified in paragraph 7;
 - workers employed in the areas of Aberdeen, Barrow-in-Furness, Dundee, Kirkcaldy and Tayport (as defined in paragraph 16) on hessian weaving (as defined in paragraph 15); and
 - weavers employed in the areas of Dundee and Aberdeen (as defined in paragraph 16) on the weaving of sacking, bagging or tarpaulin.

PART IV

MALE AND CERTAIN FEMALE WORKERS EMPLOYED ON HESSIAN WEAVING

SUPPLEMENTAL PAYMENTS

10. In addition to the minimum remuneration payable in any week under this Part of this Schedule, the following supplemental payments shall be made to workers to whom this Part of this Schedule applies:—

		Per week of 43 hours	
		s.	d.
(1)	In the case of male workers (irrespective of age)	...	28 9
(2)	In the case of female workers (irrespective of age)	...	26 10

In any week in which a worker's hours of employment, exclusive of overtime, are less than 43 the said supplemental payments are payable subject to a proportionate reduction according as his hours of employment, exclusive of overtime, in that week are less than 43.

GENERAL MINIMUM PIECE RATES

- 11.—(1) Subject to the provisions of this Part of this Schedule, the general minimum piece rates specified in this paragraph apply to piece workers employed on hessian weaving (as defined in paragraph 15) being—
- male workers, or
 - female workers employed in the areas of Aberdeen, Barrow-in-Furness, Dundee, Kirkcaldy and Tayport.

(2) The standard general minimum piece rate for weaving the standard length of the standard width of the standard fabric (as defined in paragraph 14) is—

(a) for single loom weavers (as defined in paragraph 14):—

- (i) male workers 126-88d.
 (ii) female workers 125-67d.

(b) for double loom weavers (as defined in paragraph 14) 15 per cent. less than the standard general minimum piece rate for single loom weavers.

(3) The general minimum piece rates for fabric which is different in build from the standard fabric (as defined in paragraph 14) shall be calculated as follows:—

12. The general minimum piece rates specified in paragraph 11 are subject to the following allowances and extras:—

(1) For narrow cloth in wide looms:—

(a) For looms up to and including a total reed space of 80 inches no allowance shall be made for cloth the yarn width of which (including selvages) in the reed is within 10 inches of the total reed space. If the yarn as measured within the reed (including selvages) is narrower than this, one-sixth of the total difference in inches between the yarn width and the total reed space shall be added to the cloth width.

(b) For looms of a total reed space exceeding 80 inches no allowance shall be made for cloth the yarn width of which (including selvages) in the reed is within 10 inches or 10 per cent. of the total reed space, whichever is the greater. If the yarn as measured within the reed (including selvages) is narrower than this, one-sixth of the difference in inches between the yarn width on the one hand and the total reed space less 10 inches or 10 per cent. (whichever is the greater) on the other hand, shall be added to the cloth width.

(2) Where the weaver strips the cloth off the cloth pin 2 per cent. extra.

(3) Where the weaver ties on 2½d. per 100 threads extra.

(4) Where the weaver does any filing an extra shall be paid to be mutually arranged between employer and worker, provided that such extra shall be at a rate not less than the appropriate general minimum time rate.

(5) For centre selvages:—

If unsplit in the loom—

5 per cent. extra for the first centre selvage ;

3 per cent. extra for each centre selvage thereafter.

If split in the loom by the weaver—

A further 2 per cent. extra for each centre selvage so split.

(6) For the weaving of fabrics with dyed and/or bleached threads in the warp:—

- (a) (i) Up to 10 per cent. of dyed and/or bleached single jute threads No extra.
- (ii) For each additional 2 per cent. of dyed and/or bleached single jute threads or part thereof ... 1 per cent. extra.
- (b) For warps consisting entirely of dyed and/or bleached single jute threads 36 per cent. extra.
- (c) For warps consisting entirely of dyed and/or bleached single jute threads with a stripe or stripes... .. 45 per cent. extra.

(7) For heavy wefts extras to be paid under the following scale on the calculated weight of weft to give the required weight of cloth:—

(8) Where cloth is woven one thread in a split:—
 8 porter in 16 reed 2 1/2 per cent. extra,
 and thereafter for every 1/2 porter in excess of 8 porter, an additional 2 1/2 per cent.

13. In determining the general minimum piece rates applicable the following provisions apply:—

- (1) No difference shall be made for quality ;
- (2) Shots shall be counted by the inch ;
- (3) Fractions shall be dealt with as follows:—

Fractions of One Shot—

Under 1/2 shall not count.
 1/2 and under 3/4 shall count as 1/2.
 3/4 and over shall count as 1.

Fractions of One Inch—

Under 1/2 inch shall not count.
 1/2 inch and over shall count as 1 inch.

- (4) No extras shall be payable for long lengths in linoleum goods ;
- (5) Where the number of threads in the warp is increased above the normal build for which payment is made, the width of cloth to be paid for shall be that which the threads would give if not crowded ;
- (6) The work to which the piece rates apply shall include the making good of weaving faults by the weaver, in accordance with the hitherto accepted practice of the trade, and the other usual duties performed by the weaver, such as keeping the loom clean and removing the waste from it ;
- (7) Where the wages due contain a fraction of a penny, any such fraction shall be treated as a penny.

14. For the purpose of the general minimum piece rates set out in this Part of this Schedule:—
- (1) A single loom weaver is a weaver who actually tends only one loom, other than a weaver specified in (2) (b) below ;
 - (2) A double loom weaver is a weaver who—
 - (a) is actually tending two looms, or
 - (b) regularly tends two looms, but who, owing to a stoppage of one of the looms, tends only one loom for an aggregate period not exceeding $8\frac{1}{2}$ hours in any one week, or for a continuous period not exceeding $8\frac{1}{2}$ hours ;
 - (3) The standard length is 100 yards (36 inch measure) of yarn laid ;
 - (4) The standard width is 40 inch of finished cloth ;
 - (5) The standard fabric is $10\frac{1}{2}$ oz. 40 in. 11 porter $13\frac{1}{2}$ shots per inch loom count: Hessian.

WORK TO WHICH GENERAL MINIMUM PIECE RATES APPLY

15. For the purposes of this Schedule, the expression "hessian weaving" means the weaving of all hessian, floor-cloth and linoleum goods, other than those woven in looms the reed space of which is 32 inches or narrower.

PART II

METHOD OF TESTING PARAFFIN OR MICROCRYSTALLINE WAX FOR THE PRESENCE OF POLYCYCLIC HYDROCARBONS

Principle of method

1. The method is based on the maximum absorbance within four wavelength ranges of an extract prepared by chromatography on silica gel and partition of the adsorbate between cyclohexane and nitromethane followed by a second chromatography on silica gel impregnated with nitromethane. Some of the

polynuclear hydrocarbons are susceptible to photo-oxidation. The entire procedure subsequent to the addition of the wax to the chromatographic column must therefore be carried out under subdued light. No grease is to be used on stopcocks or joints.

Apparatus to be used

2. The following apparatus shall be used—

- (a) a spectrophotometer capable of accurate measurement over the range 280–400 millimicrons ;
- (b) fused quartz cells 10 mm. optical path length ; and
- (c) chromatographic apparatus consisting of—
 - (i) a glass tube approximately 35 cm. by 3.5 cm. constricted at the lower end to fit a suction flask and capable of being heated to 85°C ; and
 - (ii) a glass tube approximately 115 cm. by 1.7 cm. sealed to a stopcock at the lower end and fitted with a solvent reservoir of approximately 500 ml. capacity.

Reagents to be used

3. The following reagents shall be used—

- (a) solvents—namely iso-octane (2,2,4 trimethylpentane), benzene, cyclohexane, n-hexadecane, methanol, and nitro-methane freshly distilled under reduced pressure in a current of nitrogen on the day of use ;
- (b) silica gel—which shall pass a 100 B.S. sieve and be retained on a 200 B.S. sieve, washed with methanol, and activated by heating at 150°C. for 16 hours in a current of clean air or nitrogen ; and
- (c) nitrogen—which shall be oxygen free.

Method of conducting test

4. Any person conducting this test shall proceed as follows—

Dissolve 100 gm. \pm 0.5 gm. of the molten sample in 500 gm. of hot iso-octane. Prepare a dry column (about 125 gm.) of silica gel in the tube mentioned in paragraph 2(c)(i) of this Part of this Schedule, retaining it by a glass wool plug at the constricted lower end. Heat the column to about 15°C. above the melting point of the wax, and pass through it 200 ml. of hot iso-octane at the rate of about 12 ml. per minute, using suction. A layer of solvent must cover the silica gel from this point until the elution of the column is completed. Pass the wax solution through the column and follow it with 500 ml. of hot iso-octane. Discontinue the heating and suction and let the column cool. Pass a further 50 ml. of iso-octane at room temperature through the column. Change the receiver at the bottom of the column and elute adsorbed material from the silica gel with 200 ml. of benzene. To the benzene eluate add 1 ml. of n-hexadecane and evaporate the benzene in a stream of nitrogen under reduced pressure. Transfer the residue to a separating funnel with 50 ml. of cyclohexane, add 25 ml. of nitromethane saturated with cyclohexane, and shake vigorously for three minutes. Draw off the lower layer into a second separating funnel and repeat the extraction with four separate portions of 25 ml. of nitromethane saturated with cyclohexane. To the combined nitromethane extracts add 20 ml. of cyclohexane and shake as before. Draw off the lower layer into an evaporation flask, add 1 ml. of n-hexadecane and remove the solvent in a stream of nitrogen under reduced pressure. Allow the flask to cool and dissolve the residue in 10 ml. of iso-octane.

Prepare by shaking together for one hour a mixture of 100 gm. of silica gel and 40 ml. of nitromethane. Plug the stopcock end of the tube mentioned in paragraph 2(c)(ii) of this Part of this Schedule with glass wool and fill with nitromethane silica gel mixture. Transfer the solution of the residue to the column and wash with 160 ml. of iso-octane saturated with nitromethane, discarding the first 90 ml. of eluate. Percolation through the column

can be accelerated if necessary by the application of a pressure of nitrogen gas on the reservoir. Add 250 ml. of benzene to the solvent reservoir and continue the elution collecting the whole eluate. Add 1 ml. of n-hexadecane to the eluate and remove the solvents in a stream of nitrogen under reduced pressure. A residue of about 1 ml. should remain. Dissolve this residue in iso-octane and dilute to 100 ml. Determine the absorbance of the solution against pure iso-octane in a 1 cm. cell over the range of 280-400 millimicrons. Correct the absorbance values for any cell differences and for any absorbance derived from reagents as determined by carrying out the procedure without a wax sample.

Result of test

5. The tested paraffin or microcrystalline wax shall be deemed to have satisfied the test if the following result is obtained, namely if the light absorbance of the extract in a 1 cm. cell is below the following limits:—

Wavelength range (millimicrons)			
280-289	290-299	300-359	360-400
Absorbance Limit			
0.50	0.42	0.27	0.07

Check of test

6. The efficacy of the test shall be checked by determining the recovery of the polycyclic aromatic hydrocarbon Pyrene added at the level of 0.5 p.p.m. to a wax. The recovery should be not less than 40 per cent. of the amount added.

Citation, commencement and period of operation

1.—(1) These regulations may be cited as the Education Authority Bursaries (Scotland) (Amendment No. 1) Provisional Regulations 1964.

(2) These regulations and the Education Authority Bursaries (Scotland) Regulations 1963(b) (hereinafter referred to as “the principal regulations”) shall be construed as one and may be cited together as the Education Authority Bursaries (Scotland) Regulations 1963 to 1964.

(b) S.I. 1963/1132 (1963 II, p. 1914).

EXPLANATORY NOTE

(This note is not part of the regulations, but is intended to indicate their general purport.)

As a result of the operation of sections 32(4) and 49(2)(c) of the Education (Scotland) Act 1963 handicapped children between the ages of 15 and 16 in attendance at special schools were not eligible for higher school bursaries. Section 3 of the Education Act 1964 makes such children eligible for bursaries, and these regulations, which amend the Education Authority Bursaries (Scotland) Regulations 1963, provide that the maximum rates of allowances for children in attendance at special schools are £70 a year for those between the ages of 15 and 16 and £100 a year for those over the age of 16.

Under paragraph 6(2) of Schedule 2 to the 1963 Regulations, education authorities are required to reduce the parental contribution where the period of attendance at the educational establishment is not more than 15 weeks. There is no power, however, to reduce the contribution where the period of attendance during a session is more than 15 weeks but less than 3 normal terms. The opportunity has been taken of amending this paragraph to enable education authorities to reduce the parental contribution in all cases where attendance is for a session of less than 3 terms.

(c) On the weekly short day in any week during which, under subsection (3) of section 40 of the Shops Act 1950(a), the employer is relieved of his obligation to allow the worker a weekly half day

for all time worked after 1.30 p.m. ... double time

(d) In any week, exclusive of any time in respect of which a minimum overtime rate is payable under the foregoing provisions of this paragraph, for all time worked in excess of 44 hours ... time-and-a-half :

Provided that in any week which includes one customary holiday "36 hours" shall be substituted for "44 hours", and in any week which includes two customary holidays "28 hours" shall be substituted for the said "44 hours".

(2) Overtime rates in accordance with this paragraph shall be payable to a shop manager or a shop manageress only if the overtime worked is specifically authorised in writing by the employer or his representative.

WAITING TIME

6. A worker shall be entitled to payment of the minimum remuneration specified in this Schedule for all the time during which he is present on the premises of the employer, unless he is present thereon in any of the following circumstances, that is to say—

(1) without the employer's consent, express or implied ;

(2) for some purpose unconnected with his work, and other than that of waiting for work to be given to him to perform ;

(3) by reason only of the fact that he is resident thereon ; or

(4) during normal meal times, and he is not waiting for work to be given to him to perform.

GUARANTEED WEEKLY REMUNERATION PAYABLE TO A FULL-TIME WORKER

7.—(1) (a) Notwithstanding the other provisions of this Schedule, where in any week the total remuneration (including holiday remuneration but excluding the amount specified in (b) of this sub-paragraph) payable under those other provisions to a full-time worker is less than the guaranteed weekly remuneration provided under this paragraph, the minimum remuneration payable to that worker for that week shall be that guaranteed weekly remuneration with the addition of any amount excluded as aforesaid.

(b) The amount to be excluded from the total remuneration referred to in (a) of this sub-paragraph is the whole of the remuneration payable in respect of overtime (as specified in paragraph 5).

(2) The guaranteed weekly remuneration is the remuneration to which the worker would be entitled under paragraph 2, 3 or 4 for 44 hours' work in his normal occupation :

Provided that—

- (a) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week and the worker has informed the employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to which the worker would be entitled (calculated as in paragraph 8) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies ;
- (b) where in any week a worker at his request and with the written consent of his employer is absent from work during any part of his normal working hours on any day (other than a holiday allowed under Part II of this Schedule or a holiday allowed to all persons in the undertaking or branch of an undertaking in which the worker is employed), the guaranteed weekly remuneration payable in respect of that week shall be reduced in respect of each day on which he is absent as aforesaid by one-sixth where the worker's normal working week is six days or by one-fifth where his normal working week is five days.
- (3) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week (excluding any time allowed to him as a holiday or during which he is absent from work in accordance with proviso (b) to sub-paragraph (2) of this paragraph) is—
- (a) capable of and available for work ; and
- (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.
- (4) Guaranteed weekly remuneration is not payable in respect of any week if the worker's employment is terminated before the end of that week.
- (5) If the employer is unable to provide the worker with work by reason of a strike or other circumstances beyond his control and gives the worker four clear days' notice to that effect, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or during part of which the employer continues to be unable to provide work as aforesaid:

Provided that in respect of the week in which the said notice expires there shall be paid to the worker in addition to any remuneration payable in respect of time worked in that week, any remuneration that would have been payable if the worker had worked his normal hours of work on every day in the week prior to the expiry of the notice.

HOURS ON WHICH REMUNERATION IS BASED

- 8.—(1) Subject to the provisions of paragraph 7, the minimum remuneration specified in this Part of this Schedule relates to a week of 44 hours exclusive of overtime and is subject to a proportionate reduction according as the number of hours worked is less than 44.
- (2) In calculating the remuneration for the purpose of this Schedule recognised breaks for meal times shall, subject to the provisions of paragraph 6, be excluded.

PART II

HOLIDAYS AND HOLIDAY REMUNERATION

CUSTOMARY HOLIDAYS

9.—(1) An employer shall allow to every worker to whom this Schedule applies a holiday (in this Schedule referred to as a “customary holiday”) in each year on each of the days specified in the next following sub-paragraph, provided that the worker (unless excused by the employer or absent by reason of the proved illness of, or accident to, the worker) has worked for the employer throughout the last working day on which work was available to him immediately prior to the customary holiday.

(2) The said customary holidays are:—

(a) (i) In England and Wales—

Christmas Day (or, if Christmas Day falls on a Sunday, such week day as may be appointed by national proclamation, or, if none is so appointed, the next following Tuesday), Boxing Day, Good Friday, Easter Monday, Whit Monday, August Bank Holiday, and any day proclaimed as a public holiday throughout England and Wales;

(ii) In Scotland—

New Year's Day (or, if New Year's Day falls on a Sunday, the following Monday);

the local Spring holiday;

the local Autumn holiday;

Christmas Day (or, if Christmas Day falls on a Sunday, the following Monday);

two other days, observed by local custom as holidays, to be fixed by the employer and notified to the worker not less than three weeks before the holiday, and any day proclaimed as a public holiday throughout Scotland;

or (b) in the case of each of the said days (other than a day fixed by the employer in Scotland and notified to the worker as aforesaid) a day substituted by the employer therefor, being a day recognised by local custom as a day of holiday in substitution for the said day.

(3) Notwithstanding the preceding provisions of this paragraph, an employer may (except where in the case of a woman or young person such a requirement would be unlawful) require a worker who is otherwise entitled to any customary holiday under the foregoing provisions of this Schedule to work thereon, and, in lieu of any such holiday on which he so works, the worker shall be allowed a day's holiday (hereinafter referred to as a “holiday in lieu of a customary holiday”) on a week day on which he would normally work within the period of 28 days immediately following the customary holiday.

(4) A worker who is required to work on a customary holiday shall be paid:—

(a) for all time worked thereon, in accordance with paragraph 5; and

(b) in respect of the holiday in lieu of the customary holiday, holiday remuneration in accordance with paragraph 13.

ANNUAL HOLIDAY

10.—(1) In addition to the holidays specified in paragraph 9 and subject to the provisions of sub-paragraph (2) of this paragraph, an employer shall, between the date on which this Schedule becomes effective and 31st October 1964,

and in each succeeding year between 1st April and 31st October, allow a holiday (hereinafter referred to as an "annual holiday") to every worker in his employment to whom this Schedule applies who has been employed by him during the 12 months immediately preceding 1st April in that year for any one of the periods of employment (calculated in accordance with the provisions of paragraph 17) set out in the first column of the table below and the duration of the annual holiday shall in the case of each such worker be related to that period as follows:—

Period of employment	Duration of annual holiday	
	Where the worker's normal working week is six days	Where the worker's normal working week is five days or less

" " " 7 " " " " " 8 " " " " "	7 "	5 "

" " " 2 " " " " " 3 " " " " "	2 "	1 day
" " " 1 month " " " " 2 " " " " "	1 day	1 "

(2) Notwithstanding the provisions of the last foregoing sub-paragraph—

(a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;

(b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year, and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the commencement of the next following holiday season then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;

(c) where a worker has, on 1st August in any year, been in the employment of the employer for not less than six months, the duration of his annual holiday in that year shall be not less than the number of days constituting his normal working week ;

(d) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.B.C. (28) between 1st April 1964 and the date on which the provisions of this Schedule become effective.

(3) In this Schedule the expression "holiday season" means, in relation to an annual holiday during the year 1964, the period commencing on 1st April and ending on 31st October 1964, and, in relation to each subsequent year, the period commencing on 1st April and ending on 31st October in that year.

11.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.

- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may be allowed in two periods of consecutive working days; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a holiday allowed to a worker under paragraph 9 or a day on which he does not normally work for the employer intervenes.
- (4) Where a day of holiday allowed to a worker under paragraph 9 immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any such holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case that day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season or after the holiday season in the circumstances specified in sub-paragraph (2)(b) of paragraph 10.
- (5) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday or to a half-holiday under any enactment other than the Wages Councils Act 1959:

Provided that where the total number of days of annual holiday allowed to a worker is less than the number of days in his normal working week, the annual holiday allowed under this Schedule shall be in addition to the said day of holiday or the said half-holiday.

12. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR CUSTOMARY HOLIDAYS

- 13.—(1) Subject to the provisions of this paragraph, for each day of holiday to which a worker is entitled under paragraph 9 he shall be paid by the employer holiday remuneration equal to the appropriate statutory minimum remuneration to which he would have been entitled if the day had not been a day of holiday and he had been employed on work for which statutory minimum remuneration is payable for the time usually worked by him on that day of the week:

Provided that payment of the said holiday remuneration is subject to the condition that the worker (unless excused by the employer or absent by reason of the proved illness of, or accident to, the worker) presents himself for employment at the usual starting hour on the first working day following the holiday.

- (2) The holiday remuneration in respect of any customary holiday shall be paid by the employer to the worker on the day on which the wages for the first working day following the holiday are paid.
- (3) The holiday remuneration in respect of any holiday in lieu of a customary holiday shall be paid on the day on which the wages are paid for the first working day following the holiday in lieu: Provided that the said payment shall be made immediately upon the termination of the worker's employment in the case where he ceases to be employed before being allowed a holiday in lieu of a customary holiday to which he is entitled, and in that case the condition specified in sub-paragraph (1) of this paragraph shall not apply.

REMUNERATION FOR ANNUAL HOLIDAY

- 14.—(1) Subject to the provisions of paragraph 15, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
15. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 16 of this Schedule, or with Order R.B.C. (28)) in respect of employment during a period referred to in paragraph 16, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration, unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.B.C. (28).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

16. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter called "the termination date"), pay to the worker as accrued holiday remuneration:—
- (1) in respect of employment occurring in the 12 months up to 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal;
- (b) where, during the period or periods in respect of which the said accrued holiday remuneration is payable, the worker—
- (i) has at his written request been allowed any day or days of holiday for which he had not qualified under the provisions of this Schedule, any accrued holiday remuneration payable as aforesaid may be reduced by the amount of any sum paid by the employer to the worker in respect of such day or days of holiday; or
- (ii) has been allowed an annual holiday under (c) of sub-paragraph (2) of paragraph 10 of this Schedule or Order R.B.C. (28), any accrued holiday remuneration payable as aforesaid may be reduced by one day's holiday pay in respect of each day by which the said holiday exceeded the number of days of annual holiday to which he would have been entitled under the provisions of sub-paragraph (1) of the said paragraph 10 or Order R.B.C. (28);
- (c) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker without the consent of his employer terminates his employment without having given such notice or before one week has expired from the beginning of such notice, the amount of

accrued holiday remuneration payable to the worker shall be the amount payable under the foregoing provisions of this paragraph less an amount—

- (i) in the case of a worker who leaves without giving notice, equal to the statutory minimum remuneration which would be payable to him at the termination date for one week's work if working his normal working week and the normal number of daily hours worked by him ;
- (ii) in the case of a worker who leaves without working the full period of his week's notice, equal to one day's holiday pay for each day during the said period on which he failed to work.

CALCULATION OF EMPLOYMENT

17. For the purpose of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

- (b) shall have been tested for the presence of polycyclic hydrocarbons by the method set forth in Part II of this Schedule with the result described in paragraph 5 of the said Part II.

PART II**METHOD OF TESTING PARAFFIN OR MICROCRYSTALLINE WAX FOR THE PRESENCE OF POLYCYCLIC HYDROCARBONS***Principle of method*

1. The method is based on the maximum absorbance within four wavelength ranges of an extract prepared by chromatography on silica gel and partition of the adsorbate between cyclohexane and nitromethane followed by a second chromatography on silica gel impregnated with nitromethane. Some of the polynuclear hydrocarbons are susceptible to photo-oxidation. The entire procedure subsequent to the addition of the wax to the chromatographic column must therefore be carried out under subdued light. No grease is to be used on stopcocks or joints.

*Apparatus to be used***2. The following apparatus shall be used—**

- (a) a spectrophotometer capable of accurate measurement over the range 280–400 millimicrons ;
- (b) fused quartz cells 10 mm. optical path length ; and

(c) chromatographic apparatus consisting of—

- (i) a glass tube, approximately 35 cm. by 3.5 cm., constricted at the lower end to fit a suction flask and capable of being heated to 85° C. ; and
- (ii) a glass tube, approximately 115 cm. by 1.7 cm., sealed to a stopcock at the lower end and fitted with a solvent reservoir of approximately 500 ml. capacity.

Reagents to be used

3. The following reagents shall be used—

- (a) solvents—namely iso-octane (2,2,4 trimethylpentane), benzene cyclohexane, n-hexadecane, methanol, and nitro-methane freshly distilled under reduced pressure in a current of nitrogen on the day of use ;
- (b) silica gel—which shall pass a 100 B.S. sieve and be retained on a 200 B.S. sieve, washed with methanol, and activated by heating at 150° C. for 16 hours in a current of clean air or nitrogen ; and
- (c) nitrogen—which shall be oxygen free.

Method of conducting test

4. Any person conducting this test shall proceed as follows—

Dissolve 100 gm. \pm 0.5 gm. of the molten sample in 500 ml. of hot iso-octane. Prepare a dry column (about 125 gm.) of silica gel in the tube mentioned in paragraph 2(c)(i) of this Part of this Schedule, retaining it by a glass wool plug at the constricted lower end. Heat the column to about 15° C. above the melting point of the wax, and pass through it 200 ml. of hot iso-octane, at the rate of about 12 ml. per minute, using suction. A layer of solvent must cover the silica gel from this point until the elution of the column is completed. Pass the wax solution through the column and follow it with 500 ml. of hot iso-octane. Discontinue the heating and suction and let the column cool. Pass a further 50 ml. of iso-octane at room temperature through the column. Change the receiver at the bottom of the column and elute adsorbed material from the silica gel with 200 ml. of benzene. To the benzene eluate add 1 ml. of n-hexadecane and evaporate the benzene in a stream of nitrogen under reduced pressure. Transfer the residue to a separating funnel with 50 ml. of cyclohexane, add 25 ml. of nitromethane saturated with cyclohexane, and shake vigorously for three minutes. Draw off the lower layer into a second separating funnel and repeat the extraction with four separate portions of 25 ml. of nitromethane saturated with cyclohexane. To the combined nitromethane extracts add 20 ml. of cyclohexane and shake as before. Draw off the lower layer into an evaporation flask, add 1 ml. of n-hexadecane and remove the solvent in a stream of nitrogen under reduced pressure. Allow the flask to cool and dissolve the residue in 10 ml. of iso-octane.

Prepare by shaking together for one hour a mixture of 100 gm. of silica gel, and 40 ml. of nitromethane. Plug the stopcock end of the tube mentioned in paragraph 2(c)(ii) of this Part of this Schedule with glass wool and fill with nitromethane silica gel mixture. Transfer the solution of the residue to the column and wash with 160 ml. of iso-octane saturated with nitromethane, discarding the first 90 ml. of eluate. Percolation through the column can be accelerated if necessary by the application of a pressure of nitrogen gas on the reservoir. Add 250 ml. of benzene to the solvent reservoir and continue the elution collecting the whole eluate. Add 1 ml. of n-hexadecane to the eluate and remove the solvents in a stream of nitrogen under reduced pressure. A residue of about 1 ml. should remain. Dissolve this residue in iso-octane and dilute to 100 ml. Determine the absorbance of the solution against pure iso-octane in a 1 cm. cell over the range 280-400 millimicrons. Correct the absorbance values for any cell differences and for any absorbance derived from reagents as determined by carrying out the procedure without a wax sample.

Result of test

5. The tested paraffin or microcrystalline wax shall be deemed to have satisfied the test if the following result is obtained, namely if the light absorbance of the extract in a 1 cm. cell is below the following limits:—

Wavelength range (millimicrons)		300-359	360-400
280-289	290-299		
Absorbance Limit		0.27	0.07
0.50	0.42		

Check of test

6. The efficacy of the test shall be checked by determining the recovery of the polycyclic aromatic hydrocarbon Pyrene added at the level of 0.5 p.p.m. to a wax. The recovery should be not less than 40 per cent. of the amount added.

- (2) The guaranteed weekly remuneration payable in respect of any week to a full-time worker is the remuneration to which he would be entitled under paragraph 2 or 3 for 44 hours' work in his normal occupation:

Provided that—

- (i) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for

work for more than the number of hours he normally works in the week, and the worker has informed his employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to which the worker would be entitled (calculated as in paragraph 13) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies :

PART II

ANNUAL HOLIDAY

- 14.—(1) Subject to the provisions of sub-paragraph (2) of this paragraph, an employer shall between the date on which this Schedule becomes effective and 31st October 1964, and in each succeeding year between 1st April and 31st October allow a holiday (hereinafter referred to as an "annual holiday") to every worker (other than a street news vendor) in his employ-

ment to whom this Schedule applies who has been employed by him during the 12 months immediately preceding 1st April in that year for any one of the periods of employment (calculated in accordance with the provisions of paragraph 21) set out in the first column of the table below, and the duration of the annual holiday shall in the case of each such worker be related to that period as follows:—

Period of employment	Duration of annual holiday where the worker's normal working week is—

12 months	12 days	10 days
Not less than 11 but less than 12 months	11 "	9 "
" " " 10 " " " 11 " " " "	10 "	8 "
" " " 9 " " " 10 " " " "	9 "	7 "
" " " 8 " " " 9 " " " "	8 "	7 "
" " " 7 " " " 8 " " " "	7 "	6 "
" " " 6 " " " 7 " " " "	6 "	5 "
" " " 5 " " " 6 " " " "	5 "	4 "
" " " 4 " " " 5 " " " "	4 "	3 "
" " " 3 " " " 4 " " " "	3 "	2 "
" " " 2 " " " 3 " " " "	2 "	2 "
" " " 1 " " " 2 " " " "	1 day	1 day

(2) Notwithstanding the provisions of the last foregoing sub-paragraph:—

(a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;

(b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the commencement of the next following holiday season, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;

(c) where a worker has, on 1st August in any year, been in the employment of the employer for not less than six months, the duration of his annual holiday in that year shall be not less than the number of days constituting his normal working week ;

(d) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.N.T. (30) between 1st April 1964, and the date on which the provisions of this Schedule become effective.

(3) In this Schedule the expression " holiday season " means in relation to the year 1964 the period commencing on 1st April 1964, and ending on 31st October 1964, and in each succeeding year, the period commencing on 1st April and ending on 31st October of the same year.

15. Where at any time between 1st January in any year and the commencement of the holiday season in the same year an employer, at the written request of a worker, allows to the worker any day or days of holiday (other than customary holidays or holidays in lieu of customary holidays) and pays him for the day or days so allowed an amount not less than the remuneration to which he would be entitled if each such day were a day

of annual holiday allowed in the holiday season, then the duration of the annual holiday to be allowed to the worker under this Schedule in the holiday season in that year shall be reduced by the number of days of holiday so allowed before the commencement of the holiday season:

Provided that the annual holiday to be allowed to a worker in any one holiday season shall not be reduced in pursuance of this provision by more than six days.

- 16.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may be allowed in three periods of consecutive working days; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer, or a holiday in lieu of a customary holiday, or a day on which he does not normally work for the employer intervenes.
- (4) Where a customary holiday on which the worker is not required to work for the employer or a holiday in lieu of a customary holiday immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday or holiday in lieu of a customary holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season or after the holiday season in the circumstances specified in sub-paragraph (2)(b) of paragraph 14.
- (5) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday or to a half-holiday under any enactment other than the Wages Councils Act 1959:

Provided that where the total number of days of annual holiday allowed to a worker under this Schedule is less than the number of days in his normal working week, the said annual holiday shall be in addition to the said day of holiday or the said half-holiday.

17. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR ANNUAL HOLIDAY

- 18.—(1) Subject to the provisions of paragraph 19, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
19. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 20 of this Schedule or with Order R.N.T. (30)) in respect of employment during any of the periods

referred to in that paragraph, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration, unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.N.T. (30).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

20. Where a worker (other than a street news vendor) ceases to be employed after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration:—

- (1) in respect of employment occurring in the 12 months up to 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
- (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal;
- (b) where, during the period or periods in respect of which the said accrued holiday remuneration is payable, the worker—
 - (i) has at his written request been allowed any day or days of holiday (other than days of holiday allowed by the employer under paragraph 15) for which he had not qualified under the provisions of this Schedule, any accrued holiday remuneration payable as aforesaid may be reduced by the amount of any sum paid by the employer to the worker in respect of such day or days of holiday; or
 - (ii) has been allowed an annual holiday under (c) of sub-paragraph (2) of paragraph 14 of this Schedule or Order R.N.T. (30), any accrued holiday remuneration payable as aforesaid may be reduced by one day's holiday pay in respect of each day by which the said holiday exceeded the number of days of annual holiday to which he would have been entitled under the provisions of sub-paragraph (1) of the said paragraph 14 or Order R.N.T. (30);
- (c) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker without the consent of his employer terminates his employment without having given not less than one week's notice or before one week has expired from the beginning of such notice, the amount of accrued holiday remuneration payable to the worker shall be the amount payable under the foregoing provisions of this paragraph less an amount equal to the statutory minimum remuneration which would be payable to him at the termination date for one week's work if working his normal working week and the normal number of daily hours worked by him.

CALCULATION OF EMPLOYMENT

21. For the purpose of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer.

 - (3) by reason only of the fact that he is resident thereon ; or
 - (4) during normal meal times in a room or place in which no work is being done, and he is not waiting for work to be given to him to perform.

WORKERS WHO ARE NOT REQUIRED TO WORK ON A CUSTOMARY HOLIDAY

- 7.—(1) Subject to the provisions of sub-paragraph (2) of this paragraph, where a worker is not required to work on a customary holiday he shall be paid for the customary holiday not less than the amount to which he would have been entitled under the provisions of this Schedule had the day not been a customary holiday and had he worked the number of hours ordinarily worked by him on that day of the week.
- (2) Where the customary holiday is a day which has been allowed to a worker and taken by him as a day of annual holiday under the provisions of Part II of this Schedule or where the customary holiday falls upon his weekly rest day—
- (a) the worker shall be allowed within 28 days of the customary holiday, except in the case where (b) of this sub-paragraph applies, a day of holiday in lieu thereof fixed—
 - (i) by agreement between the employer and the worker ; or
 - (ii) failing such agreement, by the employer with a minimum of seven clear days' notice to the worker ;
 and the worker shall be paid for the holiday so allowed in lieu of the customary holiday not less than the amount to which he would have been entitled had he worked for the number of hours ordinarily worked by him on that day of the week ; or
 - (b) if there is an agreement between the employer and the worker that no day of holiday in lieu of the customary holiday be so allowed, the worker shall be paid for the customary holiday not less than the amount to which he would have been entitled under the provisions of this Schedule had the day not been a customary holiday and had he worked the number of hours ordinarily worked by him on that day of the week :

Provided that where the customary holiday is a day which has been allowed to and taken by the worker as a day of annual holiday, such payment shall be in addition to the remuneration to which he is entitled in respect of that day as a day of annual holiday under Part II of this Schedule.

8. Where a worker works on a customary holiday his employer shall, except as provided in paragraph 9, allow him within 28 days of the customary holiday a day of holiday in lieu thereof on a day other than the weekly rest day or weekly half-day fixed (a) by agreement between the employer and the worker, or (b) failing such agreement, by the employer with a minimum of 7 clear days' notice to the worker, and the worker shall be paid at the rate payable to him under the provisions of this Schedule other than paragraph 9 for all time worked on the customary holiday and for the day given in lieu of the customary holiday not less than the amount to which he would have been entitled under the provisions of this Schedule had he worked the number of hours ordinarily worked by him on that day of the week.

**WORKERS WHO WORK ON A CUSTOMARY HOLIDAY AND
WHO ARE NOT GIVEN A DAY OFF IN LIEU**

9. Where a worker works on a customary holiday and there is an agreement between the employer and the worker that no day of holiday in lieu of the customary holiday shall be allowed to the worker, he shall be paid for all time worked on the customary holiday:—

(2) where the time worked exceeds 3 hours double time for all time worked

Provided that where a customary holiday falls upon the worker's weekly rest day the worker shall be paid in addition to the amount payable under this paragraph the amount to which he would be entitled for work performed on a weekly rest day under paragraph 4 (1) (b).

**GUARANTEED WEEKLY REMUNERATION PAYABLE TO A
FULL-TIME WORKER**

- 10.—(1) Notwithstanding the other provisions of this Schedule, where in any week the total remuneration (including holiday remuneration) payable to a full-time worker under those other provisions is less than the guaranteed weekly remuneration provided under this paragraph, the minimum remuneration payable to that worker for that week shall be that guaranteed weekly remuneration.

- (2) The guaranteed weekly remuneration is the remuneration to which he would be entitled under paragraph 2 or paragraph 3 for 44 hours' work in his normal occupation:

Provided that—

- (a) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week, and the worker has informed his employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to which the worker would be entitled (calculated as in paragraph 11) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies;
- (b) where in any week a worker at his request and with the consent of his employer is absent from work during any part of his normal working hours on any day (other than a holiday allowed under Part II of this Schedule or a customary holiday or a holiday allowed to all persons in the undertaking or branch of an undertaking in which the worker is employed), the guaranteed weekly remuneration payable in respect of that week shall be reduced in respect of each day on which he is absent as aforesaid by one-sixth where the worker's normal working week is six days or by one-fifth where his normal working week is five days.
- (3) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week (excluding any time allowed to him as a holiday) is
- (a) capable of and available for work; and
- (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.
- (4) Guaranteed weekly remuneration is not payable in respect of any week if the worker's employment is terminated before the end of that week.

- (5) If the employer is unable to provide the worker with work by reason of a strike or other circumstances beyond his control and gives the worker four clear days' notice to that effect, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or during part of which the employer continues to be unable to provide work as aforesaid:

Provided that in respect of the week in which the said notice expires there shall be paid to the worker, in addition to any remuneration payable in respect of time worked in that week, any remuneration that would have been payable if the worker had worked his normal hours of work on every day in the week prior to the expiry of the notice.

HOURS ON WHICH REMUNERATION IS BASED

- 11.—(1) Subject to the provisions of paragraph 10, the minimum remuneration specified in this Part of this Schedule relates to a week of 44 hours exclusive of overtime and is subject to a proportionate reduction according as the number of hours worked is less than 44.
- (2) In calculating the remuneration for the purposes of this Schedule recognised breaks for meal times shall, subject to the provisions of paragraph 6 (which relates to waiting time), be excluded.

PART II

ANNUAL HOLIDAY AND HOLIDAY REMUNERATION

ANNUAL HOLIDAY

- 12.—(1) Subject to the provisions of sub-paragraph (2) of this paragraph an employer shall, between the date on which the provisions of this Schedule become effective and 31st October 1964, and in each succeeding year between 1st April and 31st October, allow a holiday (in this Schedule referred to as an "annual holiday") to every worker in his employment to whom this Schedule applies who was employed by him during the 12 months immediately preceding the commencement of the holiday season for any one of the periods of employment (calculated in accordance with the provisions of paragraph 18) set out in the first column of the table below and the duration of the annual holiday shall in the case of each such worker be related to that period as follows:—

" " " " " " " " " " " " 1 day	"	"	"	"	"	"	"	"	"	1 day

- (2) Notwithstanding the provisions of the last foregoing sub-paragraph:—
- (a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;

- (b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the commencement of the next following holiday season, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;
- (c) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964 shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.N.T.S. (26), between 1st April 1964 and the date on which the provisions of this Schedule become effective.
- (3) In this Schedule the expression " holiday season " means in relation to the year 1964 the period commencing on 1st April 1964, and ending on 31st October 1964 and, in each succeeding year, the period commencing on 1st April and ending on 31st October of the same year.
- 13.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may be allowed in two periods of consecutive working days ; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
- (3) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week, then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday season (or after the holiday season in the circumstances specified in sub-paragraph (2) (b) of paragraph 12).
- (4) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday or to a half-holiday under any enactment other than the Wages Councils Act 1959:
- Provided that where the total number of days of annual holiday allowed to a worker under this Schedule is less than the number of days in his normal working week, the annual holiday allowed shall be in addition to the said day of holiday or the said half-holiday.
14. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR ANNUAL HOLIDAY

- 15.—(1) Subject to the provisions of paragraph 16, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay-day preceding such holiday, one day's holiday pay in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.

16. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 17 of this Schedule or with Order R.N.T.S. (26)), in respect of employment during either or both of the periods referred to in paragraph 17, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period or periods shall be reduced by the amount of the said accrued holiday remuneration, unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.N.T.S. (26).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

17. Where a worker ceases to be employed after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration :—

- (1) in respect of employment occurring in the 12 months up to 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment ; and
- (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it :

Provided that no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal.

CALCULATION OF EMPLOYMENT

18. For the purposes of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration under this Schedule, the worker shall be treated :—

- (1) as if he were employed for a month in respect of any month throughout which he has been in the employment of the employer and in which—
 - (a) he has worked for the employer for not less than 72 hours and has performed some work for which statutory minimum remuneration is payable ; or

- (b) an arrangement in relation to which the responsibility for making payments was placed on a Board or the Holding Company by the Scheme made by the Commission under the British Transport Reorganisation (Pensions of Employees) (No. 2) Order 1962.

(2) Every existing scheme shall, subject to the provisions of paragraph (3) of this Article, be construed and have effect as if the provisions of this Order were terms of the scheme, any other term thereof, whether express or implied, to the contrary notwithstanding, and each nationalised transport body shall, for the purposes of giving effect to this Order, be bound by the terms of every such scheme.

(3) The rights to continue to participate in, and to re-enter, an existing scheme given by this Order shall be additional to any similar rights subsisting under the terms of that scheme apart from the provisions of this Order and nothing in this Order shall derogate from such similar rights where they subsist.

Continuing participation in pension schemes

3.—(1) This Article shall apply to any person who—

- (a) participates in an existing scheme in connection with his employment by a nationalised transport body,

(a) 52 & 53 Vict. c. 63.

- (b) at any time after the vesting date ceases to be in the employment of that nationalised transport body, and
- (c) enters the employment of another nationalised transport body immediately after the cessation of his former employment.

(2) Subject to the provisions of paragraphs (3) and (4) of this Article, any person to whom this Article applies shall not be required, solely by reason of the cessation of his former employment, to cease to participate in the existing scheme in which he participated in connection with that employment, but shall, if the terms of the scheme (other than the terms which would require participation to cease for the reason aforesaid) so permit, continue to participate in that scheme in connection with his new employment upon and subject to the terms of that scheme (which shall have effect in relation to his new employment as it had effect in relation to his former employment), and for the purposes of that scheme the former employment and the new employment shall be treated as continuous, and so long as he continues to participate in that existing scheme by virtue of the provisions of this paragraph the terms of any other pension scheme of the new employing body which require employees of that body to participate therein shall not apply to him.

(3) If a person to whom this Article applies, within three months of the date of his entering the new employment or the date of the coming into operation of this Order (whichever date is later), gives notice in writing to the former employing body, the new employing body and the trustees of, or the persons administering, the relevant scheme, that he does not desire to continue to participate in that scheme (each such notice to be given on the same date), then, upon the giving of that notice, the provisions of paragraph (2) of this Article shall be deemed never to have applied in relation to that person and his participation in the relevant scheme (in so far as it depends on the provisions of this Article) shall be deemed to have ceased when he ceased to be in the employment of the former employing body.

(4) Where in connection with the cessation of his former employment any withdrawal benefits are paid from the relevant scheme to or in respect of a person to whom this Article applies, the provisions of paragraph (2) of this Article shall not apply in relation to him and his participation in the relevant scheme (in so far as it depends on the provisions of this Article) shall be deemed to have ceased when his former employment ceased, unless within three months of the date of entering his new employment or the date of the coming into operation of this Order (whichever date is later), or such longer period as the trustees of, or the persons administering, that scheme may allow in relation to him, he pays to them a sum equivalent to the amount of such withdrawal benefits, together with (where the trustees or the persons aforesaid so require) the amount of any income tax deducted therefrom when those benefits were paid.

Permission to re-enter pension schemes

4.—(1) This Article shall apply to any person who—

- (a) participates in an existing scheme in connection with his employment by a nationalised transport body,
- (b) at any time after the vesting date ceases to be in the employment of that nationalised transport body, and

(c) re-enters the employment of that nationalised transport body, or enters the employment of another nationalised transport body, after an intervening period not exceeding twelve months.

(2) Subject as hereinafter provided, the trustees of, or the persons administering, the relevant scheme shall have power, with the consent of the former employing body and the new employing body, and, where the scheme is an insurance scheme, the insurance company, to grant to a person to whom this Article applies permission, in accordance with the provisions of this Article, to re-enter that scheme in connection with his new employment upon the terms hereinafter mentioned.

(3) A person desiring to re-enter an existing scheme under the provisions of this Article shall, within three months of the date of his entering the new employment or the date of the coming into operation of this Order (whichever date is later), make application in writing to the trustees of, or the persons administering, that scheme for permission to re-enter it, and the trustees or the persons aforesaid shall consider that application and may, if they think fit, and subject to the consents specified in paragraph (2) of this Article, decide to grant that application, or they may decide to reject that application, and in any case they shall, as soon as may be after making their decision, notify the applicant thereof in writing.

(4) The terms upon which a person may be permitted to re-enter an existing scheme under the provisions of this Article shall, subject as hereinafter provided, be such terms (including terms for the repayment of any withdrawal benefits) as the trustees of, or the persons administering, that scheme may prescribe.

(5) The terms referred to in the last preceding paragraph of this Article may (to the extent specified thereby) provide, in respect of the person concerned, for the periods of his former employment and his new employment to be aggregated for the purposes of the relevant scheme and may also (to the extent specified thereby) provide for the intervening period to be taken into account in calculating any minimum qualifying period of service under the terms of that scheme, but except as aforesaid, and except also in so far as any transfer value from another pension scheme may (under reciprocal arrangements for the preservation of pension rights) be received in respect of the intervening period by the trustees of, or the persons administering, the relevant scheme, such terms shall not provide for any part of the intervening period to be regarded as a period of pensionable service for the purposes of that scheme nor shall they permit the person concerned to acquire pension rights in respect of that period by making payments (whether calculated on the basis of employer's or employee's contributions or otherwise) to the trustees of, or the persons administering, that scheme.

5.—(1) This Article shall apply to any person who—

(a) participated in an existing scheme in connection with his employment by the Commission, or by a subsidiary of the Commission, before the vesting date,

(b) before the vesting date ceased to be in such employment, and

(c) enters the employment of a nationalised transport body after the vesting date and after an intervening period not exceeding twelve months.

(2) Subject as hereinafter provided, the provisions of paragraphs (2) to (5) of Article 4 of this Order shall apply in relation to a person to whom this Article applies.

(3) For the purpose of this Article and of paragraphs (2) to (5) of Article 4 of this Order as applied by paragraph (2) of this Article (including the interpretation of any expressions therein which are defined in Article 1 of this Order)—

- (a) the expression “nationalised transport body” shall be deemed to include, in respect of any period before the vesting date, the Commission and any subsidiary of the Commission, and
- (b) the expression “former employing body” shall, in relation to a person to whom this Article applies, mean, so far as regards anything occurring or to be done after the vesting date, the nationalised transport body which would have become the employer of that person on the vesting date had his employment by the Commission, or by a subsidiary of the Commission (as the case may be), continued from the date of its cessation until the vesting date.

Non-contributory schemes

6. Where by virtue of a person’s employment by a nationalised transport body on or after the vesting date or by the Commission or a subsidiary of the Commission before that date pension rights accrue or have accrued to him under an existing scheme without his having himself contributed under the scheme, and that scheme is a scheme from which the benefits are or will be receivable as of right, the provisions of this Order shall apply in relation to that person as if he had been a participant in that scheme, and the references in this Order to participation shall be construed accordingly.

Obligations of Employing Bodies

7. Where in consequence of the provisions of this Order an existing scheme includes among its participants any person whose employing body is not the successor body, or one of the successor bodies, for that scheme, then—

- (a) any sums required by the terms of that scheme to be paid by that person as his contributions to the scheme shall be deducted by the employing body from his salary or wages and shall be paid by that body in accordance with those terms to the trustees of, or the persons administering, the scheme; and
- (b) any sums required by the terms of that scheme to be paid in respect of that person by his employer as the employer’s contributions to the scheme shall be paid by the employing body in accordance with those terms to the trustees of, or the persons administering, the scheme.

8.—(1) Where in consequence of the provisions of this Order—

- (i) an existing scheme includes among its participants any person whose employing body is not the successor body, or one of the successor bodies, for that scheme, or
- (ii) an existing scheme has included among its participants any person whose employing body was not the successor body, or one of the successor bodies, for that scheme, and a pension or other benefit is payable thereunder in respect of that person’s service in the employment of that employing body,

the following provisions shall apply in relation to that scheme—

- (a) the employing body aforesaid shall make such payments to the successor body or successor bodies by way of contributions towards

the administrative expenses of the scheme or (subject to the provisions of paragraph (2) of this Article) towards any payments which any successor body is obliged to make in the discharge of the liabilities, or in the performance of the functions, transferred to it by the appropriate Transfer Order in relation to the scheme, or to implement any guarantee given by such successor body or binding upon it by virtue of the provisions of that Order in relation to the scheme, as may be equitable having regard to all the circumstances of the case, including the number of participants, or former participants, who are or were in the employment of that employing body (being participants whose continuing or resumed participation depends, or has depended, upon the provisions of this Order), and in the case of any disagreement between the employing body and any successor body, or between the successor bodies themselves, as to their obligations under this Article, the matter shall on the application of any of the bodies concerned be determined by the Minister whose decision shall be final; and

(b) the Minister may, on the application of the employing body aforesaid or of any successor body, direct that any power in relation to that scheme (whether a power of appointing trustees, amending rules, approving the admission of members, or otherwise howsoever in relation to that scheme) exercisable by any successor body shall be exercisable by the employing body to such extent (whether instead of such successor body or jointly with that body) and in such manner as may appear to the Minister to be appropriate, and where any such direction is so given the terms of the scheme shall, whilst the direction remains in force, have effect subject to the provisions of the direction.

(2) Except in pursuance of an agreement made, with the consent of the Minister, between the employing body and the successor body concerned, the employing body shall not by virtue of paragraph (1) of this Article be required to make any payment to any successor body by way of a contribution towards any payments which the successor body is obliged to make in the discharge of any liability transferred to it by the appropriate Transfer Order, being a liability in connection with any pension fund monies which were deposited with the Commission before the vesting date for the purposes of any existing scheme.

Given under the Official Seal of the Minister of Transport the 21st August 1964.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order provides for staff of the nationalised transport bodies (the British Railways Board, the London Transport Board, the British Transport Docks Board, the British Waterways Board, the Transport Holding Company and their subsidiaries), who move from one body to another within the nationalised transport industry, to continue in membership of their pension schemes.

A person who leaves a nationalised transport body and immediately enters the employment of another such body is entitled to remain in membership of his pension scheme unless he gives notice to the contrary within three months of the date of transfer, and provided the terms of the scheme (other than those requiring membership to cease on transfer) permit (Article 3). Where there is an intervening period, not exceeding twelve months, between a person's leaving a nationalised transport body and his re-entering the employment of that body or entering the employment of another such body, the trustees of, or the persons administering, the appropriate pension scheme are empowered to re-admit that person to membership on such terms and conditions as they may prescribe (Article 4). These provisions apply to all persons who transfer after the vesting date (the date on which all the property, rights and liabilities of the British Transport Commission were vested in the British Railways Board, the London Transport Board, the British Transport Docks Board, the British Waterways Board and the Transport Holding Company) (Article 1), and also to those persons who left the British Transport Commission before that date but who, before the expiry of a period of twelve months, enter the employment of a nationalised transport body (Article 5). Members of non-contributory pension schemes are included (Article 6).

Provision is also made for the nationalised transport body to whose employment a person moves to make appropriate contributions for the purposes of the pension scheme to which that person belongs (Article 7). In addition, certain adjustments can be made in relation to the administration of pension schemes (Article 8).

CUSTOMS AND EXCISE

The Composite Goods Order 1964

<i>Made - - - -</i>	<i>24th August 1964</i>
<i>Laid before the House of Commons</i>	<i>28th August 1964</i>
<i>Coming into Operation</i>	<i>1st September 1964</i>

Whereas the continued use of the Customs Tariff 1959, in classifying goods for customs purposes, has been authorised by the Import Duties (General) (No. 3) Order 1961(a) and the composite goods to which this Order applies require to be classified accordingly:

And whereas it appears to the Treasury on the recommendation of the Commissioners of Customs and Excise that, in respect of composite goods of any description specified or indicated in this Order which are chargeable with duty in respect of hydrocarbon oil contained in them as a part or ingredient, it is inconvenient, and of no material advantage to the revenue or to importers of goods of any such description, to charge duty according to the quantity of hydrocarbon oil appearing to be used in the manufacture or preparation of the goods (as provided by section 259(1) of the Customs and Excise Act 1952(b), which section is in this Order referred to as "the principal section"):

Now, therefore, the Lords Commissioners of Her Majesty's Treasury by virtue of the powers conferred on them by Schedule 2 to the Finance Act 1957(c), hereby make the following Order:—

1. Any composite goods which, apart from small proportions of colouring matter or of additives, consist wholly of hydrocarbon oil shall be treated for the purpose of the duty of customs chargeable thereon as consisting wholly of hydrocarbon oil.

2. In the case of composite goods, other than those mentioned in Article 1 of this Order, which fall to be classified in any of the tariff subheadings indicated in the first column of the schedule to this Order (the general descriptions of which are indicated in the second column of that schedule) the duty of customs chargeable under the principal section in respect of hydrocarbon oils contained in the goods as a part or ingredient of them shall be calculated at the rate of 5½ per cent. of the value of the goods.

3. In this Order, unless the context otherwise requires, the following expressions have the meanings respectively assigned to them:—

"additive" means any substance commonly added in small proportions to hydrocarbon oils for the purpose of improving or modifying their quality or characteristics as fuel or as lubricants;

"composite goods" means goods which contain as a part or ingredient of them any article chargeable with hydrocarbon oil duty;

(a) S.I. 1961/403 (1961 I, p. 585).

(b) 15 & 16 Geo. 6 & 1 Eliz. 2. c. 44.

(c) 5 & 6 Eliz. 2. c. 49.

“hydrocarbon oils” and “light oils” have the same meanings as in the Customs and Excise Act 1952;

“tariff subheading” means a subheading of the Customs Tariff 1959 as defined in Article 1(1) of the Import Duties (General) (No. 3) Order 1961.

4.—(1) This Order may be cited as the Composite Goods Order 1964.

(2) The Interpretation Act 1889(a) applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

(3) This Order shall come into operation on the 1st September 1964.

(4) The Composite Goods Order 1963(b) is hereby revoked.

EXPLANATORY NOTE

(This Note does not form part of the Order, but is intended to indicate its general purport.)

This Order revokes and replaces the Composite Goods Order 1963, so as to take account of Section 6(3) of the Finance Act 1964, which provides that no hydrocarbon oil duty shall be charged on imported composite goods containing hydrocarbon oil as a part or ingredient unless they are goods which should, according to their use, be classed with hydrocarbon oil.

The Order provides that, in respect of certain composite goods which should be so classed, some shall be charged with hydrocarbon oil duty as if they consisted wholly of hydrocarbon oils, and others (described in the schedule to the Order) shall be charged with that duty at an average rate of 5½ per cent. *ad valorem*.

The Regulations further prescribe that gas oil which is to be used otherwise than as road fuel, and light oil which is to be used as furnace fuel, shall be marked and coloured with specified quantities of two chemical markers and a colouring substance, as a condition of obtaining rebate of duty. The Regulations prescribe the method of adding these markers and colouring substance to the oil, storage requirements, and accounts to be kept.

EXPLANATORY NOTE

(This Note is not part of the licence, but is intended to indicate its general purport.)

3.—(1) When a management order is made as respects any house it shall be the duty of a person who is manager of the house by virtue of being an owner or lessee thereof who receives the rents—

(a) if he does not live in the house, to make such arrangements (including arrangements for adequate supervision of the house) as may be necessary to enable him, directly or through an agent authorised in that behalf, to discharge effectively his obligations under the following regulations ;

(b) in any case, to inform any person who is his agent or trustee, and through whom he receives the rents, that the order has been made and that these regulations accordingly apply to the house and impose obligations on that person.

(2) Where a person who is manager of a house by virtue of being an agent or trustee through whom rents are received is aware that some action is required to discharge an obligation of the manager under the following regulations, he shall, unless he discharges that obligation himself, take such steps as may be necessary to bring the need for action promptly to the attention of the owner or lessee of the house who receives the rents through him ; and where he receives from the local authority a material complaint with respect to management of the house of which he is manager as aforesaid, such a person shall, if required by the authority so to do,—

(a) transmit that complaint to the said owner or lessee, and

(b) provide the local authority with the name and address of the person to whom the complaint is accordingly transmitted ;

but this paragraph shall not be taken as exempting a person who is a manager of a house by virtue of being an agent or trustee through whom rents are received from the obligations imposed on managers by the following regulations or from liability for failure without reasonable excuse to comply with them.

(3) Nothing in the following regulations shall be taken to require or authorise anything to be done in connection with water supply, drainage, or the supply of gas or electricity otherwise than in accordance with any enactment relating thereto, or to oblige the manager of a house to take, in a matter connected therewith, any action which is the responsibility of a local authority or statutory undertaker, other than such action as may be necessary to bring the matter promptly to the attention of the local authority or statutory undertaker concerned.

(4) In this regulation—

(a) “enactment” includes an enactment in any local act and an order, rule, regulation, byelaw or scheme made under or by virtue of any Act, including any order or scheme confirmed by Parliament ;

- (b) "statutory undertaker" means any person authorised by an enactment to construct, work or carry on any undertaking for the supply of gas, electricity or water or other public undertaking.

Water supply and drainage

4.—(1) The manager shall ensure that all means of water supply and drainage in the house (including the curtilage, if any) are in and are maintained in a proper state of repair, a clean condition and good order, and shall, in particular, ensure—

- (a) that any tank, cistern or similar receptacle, provided for the storage of water for drinking or other domestic purposes is effectively covered, and that all such receptacles and the water stored in them are kept in a clean and proper condition ;
- (b) that any water fitting which is so placed, whether inside or outside the house, as to render it liable to damage by frost shall (unless it is an overflow pipe) be reasonably protected against such damage.

For this purpose "water fitting" includes any pipe (other than a main), tap, cock, valve, ferrule, meter, cistern, bath, water closet, soil pan or other similar apparatus used in connection with the supply or use of water.

(2) The manager shall not unreasonably cause a supply of water to any tenant or lodger in the house to be interrupted.

Supply of gas and electricity and installation for lighting and heating

5.—(1) The manager shall ensure that the installations in the house—

- (a) for the supply of gas and electricity,
- (b) for lighting, and
- (c) for space heating or heating water,

serving any part of the house used in common by persons living in the house, are in and are maintained in repair and proper working order, and that installations for lighting in places to which this regulation applies are readily available for use by tenants and lodgers to such extent and at such times as those persons may reasonably require.

(2) The last foregoing paragraph shall extend to installations for lighting on staircases and at entrances to the house which are used by tenants or lodgers, whether in common or otherwise, except any staircase which is comprised in a part of the house let to a tenant or lodger as his living accommodation and which either does not open directly on to a part of the house used in common or is separated from such part by a door.

(3) The manager shall not unreasonably cause a supply of gas or electricity to any tenant or lodger in the house to be interrupted.

Rooms and installations used in common by persons living in the house

6.—(1) The manager shall ensure that the following rooms and installations in the house (including the curtilage, if any) are in and are maintained in a proper state of repair (including, where appropriate, reasonable decorative repair), a clean condition and good order:—

- (a) all rooms used in common by persons living in the house, not being parts of the house to which the next following regulation relates ;
- (b) such of the following installations as are used in common by persons living in the house, namely, sanitary conveniences, baths, sinks, wash-basins, and installations for cooking or for storing food ;

(c) in the case of any room used in common by persons living in the house, being a kitchen, bathroom, water closet, lavatory or washhouse, such installations therein (if any) as are not subject to any of the foregoing provisions of these regulations.

(2) Nothing in this regulation shall oblige the manager to repair, keep in repair or maintain anything which a tenant or lodger is entitled to remove from the house.

Other parts of the house used in common by persons living in the house

7.—(1) The manager shall ensure that such of the following parts of the house as are used in common by persons living in the house are in and are maintained in a proper state of repair (including reasonable decorative repair), a clean condition and good order and are kept reasonably free from obstruction:—

- (a) staircases, passageways and corridors ;
- (b) halls and lobbies ;
- (c) entrances to the house, including entrance doors, porches and entrance steps ;
- (d) balconies.

(2) The last foregoing paragraph shall extend to any staircase, passageway, or corridor which gives access to the living accommodation of a tenant or lodger in the house and which, though not itself used in common, opens directly on to a part of the house so used from which it is not separated by a door.

(3) The manager's duties under this regulation shall, without prejudice to the generality thereof, include duties to ensure (in places to which this regulation applies) that all handrails, railings, balustrades, and banisters are kept in good order and repair, that any missing handrails, railings, balustrades, and banisters are replaced, and that such additional handrails, railings, balustrades, and banisters as are necessary for the safety of tenants or lodgers living in the house are provided.

Accommodation let to tenants or lodgers

8.—(1) The following provisions of this regulation shall have effect with respect to the repair and maintenance of premises (being a room or set of rooms in a part of any house to which the regulations apply) which are let to a tenant or lodger as his living accommodation, and to the repair and maintenance of the installations therein, but shall be without prejudice to other provisions of these regulations insofar as they may extend to such premises or installations.

(2) It shall be the duty of the manager, when he lets any premises as aforesaid, to ensure at the commencement of the letting—

- (a) that the premises are, internally, in a reasonable state of structural repair, and in a clean condition ; and
- (b) that the installations therein for the supply, and for making use of the supply, of water, gas and electricity, and for sanitation (including installations therein for space heating or heating water) are in a reasonable state of repair and proper working order.

(3) With respect to premises which on the date of the making of the relevant management order are let to a tenant or lodger as his living accommodation, it shall be the duty of the manager, subject to the provisions

of paragraph (5) of this regulation, to take within a reasonable time thereafter such steps (if any) as may be necessary—

- (a) to put the premises, internally, in a reasonable state of structural repair; and
- (b) to put in a reasonable state of repair and proper working order the installations in the premises—
 - (i) for the supply of water, gas and electricity, and for sanitation (including basins, sinks, baths and sanitary conveniences but not, except as aforesaid, fixtures, fittings and appliances for making use of the supply of water, gas or electricity), and
 - (ii) for space heating or heating water.

(4) While premises to which this regulation applies are occupied by a tenant or lodger as his living accommodation it shall be the duty of the manager, subject to the provisions of the next following paragraph, to ensure that the installations falling within sub-paragraph (b) of the last foregoing paragraph are kept in repair and proper working order:

Provided that the manager shall not be required by this paragraph to carry out any repair the need for which arises in consequence of use of the premises otherwise than in a tenant-like manner by the person to whom they are let.

(5) Nothing in this regulation shall oblige the manager to repair, keep in repair or maintain anything which a tenant or lodger is entitled to remove from the premises.

Roof, Windows and Ventilation

9.—(1) The manager shall ensure that all windows and other means of ventilation in any part of the house occupied or used (whether in common or otherwise) by tenants or lodgers, are in and are maintained in good order and repair:

Provided that, save insofar as may be necessary for the proper discharge of any other of his duties under these regulations, the manager shall not be required to carry out, in a part of the house which is for the time being let to a tenant or lodger as his living accommodation, any repair to a window or other means of ventilation the need for which arises after the date of the relevant management order in consequence of use of that part otherwise than in a tenant-like manner by the person to whom it is let.

(2) The manager shall ensure that the roof of the building comprising the house or, so far as under his control, the roof of the building of which the house forms part, is in and is maintained in good order and repair.

Means of escape from fire

10.—(1) The manager shall ensure that all means of escape from fire in the house (including any escape apparatus) are in and are maintained in proper repair and good order and are kept free from obstruction, and that there are displayed in the house with respect to such means of escape as aforesaid (other than any exit in ordinary use) such notice as the local authority, after consultation with the fire authority for the area in which the house is situated, may, if they think fit, reasonably require.

(2) In this regulation, the expression “fire authority” means in relation to any area, the authority for the time being constituted the fire authority for that area under the Fire Service Act 1947, except that in relation to an

area the fire brigade for which is administered by such a joint committee as is mentioned in section 36(4)(b) of that Act, it means that joint committee.

Miscellaneous parts of the premises

11.—(1) The manager shall ensure that every outbuilding, yard, area and forecourt, which belongs to the house and is used in common by persons living in the house, is in and is maintained in a proper state of repair, a clean condition and good order, and that any garden so used belonging to the house is kept in a tidy condition.

(2) The manager shall ensure that boundary walls, fences and railings (including basement areas railings), insofar as they belong to the house, are kept and maintained in reasonable repair so as not to constitute a danger to persons living on the premises.

(3) If any part of the house is subject to a closing order, or not in use, the manager shall ensure that such part, including any passage and staircase directly giving access to it, is kept reasonably clean and free from refuse and litter.

(4) In this regulation “closing order” means an order made by a local authority under section 9(1) of the Housing (Scotland) Act 1950.

Disposal of refuse and litter

12. The manager shall ensure that refuse and litter are not allowed to accumulate in, or in the curtilage of, the house save where properly stored pending disposal, and to that end he shall, in particular,—

(a) provide, and maintain the provision of, suitable refuse and litter bins or other suitable receptacles on a scale adequate to the requirements of tenants and lodgers in the house except insofar as such provision is made by the local authority, and

(b) make such supplementary arrangements for the disposal of refuse and litter from the house as may be necessary having regard to any existing service provided by the local authority.

General safety of occupants

13. The manager shall ensure that such precautions are taken as are reasonably required, having regard to structural conditions in the house and to the number of persons living there, to protect tenants and lodgers and members of their households from injury as the result of those conditions; and in particular he shall (without prejudice to any of his foregoing obligations) ensure as respects any roof or balcony which is not in all respects safe, either that reasonable measures are taken to prevent access thereto or that it is made safe, and that such safeguards as may be necessary are provided against the danger of accidents resulting from the presence on staircases and landings of windows, the sills of which are at or near floor level.

PART III—ANCILLARY PROVISIONS

Manager's duty to display certain documents for information

14.—(1) The manager of a house to which these regulations apply shall cause to be displayed in a suitable position in the house so as to be readily accessible to the occupants—

(a) a notice containing the name and address of the person (or of each person) who is a manager of the house, describing him as manager and, where appropriate as agent or trustee for the receipt of rents;

- (b) a copy of the relevant management order and a copy of these regulations ; and
- (c) if the local authority so require, such notice as the authority may provide for indicating briefly the main provisions of these regulations relating to management of the house and the provisions of the Act of 1961 as respects failure to comply with them ;

and he shall take all reasonable steps to ensure that the documents which are displayed in accordance with this regulation remain so displayed (with any requisite amendments) while the relevant management order is in force.

(2) The manager shall make such amendments to the foregoing documents as may from time to time be required, and, in the case of amendments of these regulations and to the notice referred to in subparagraph (c) of the last foregoing paragraph, as are brought to his attention by the local authority.

Manager's duty to inform local authority about occupancy of the house

15. The manager of a house to which these regulations apply shall, when required by the local authority so to do, provide the authority with such of the following particulars as they may require (and in such time and manner as they may reasonably specify) with respect to occupancy of the house, or, where part only of the house is occupied by tenants or lodgers, with respect to occupancy of that part:—

- (a) the number of individuals and households accommodated ;
- (b) the number of individuals in each household ;
- (c) the ages and sex of those individuals ;
- (d) the purpose for which each room in the house, or in the relevant part of the house is being used.

Duties of occupants

16. With a view to ensuring that the manager can effectively carry out the duties with which he is charged by these regulations, it shall be a general obligation of tenants and lodgers and members of their households, accommodated in the house, to take reasonable care not to hinder or frustrate the due performance of those duties, and in particular, every such person, insofar as he is able, shall—

- (a) allow the manager, at all reasonable times, to enter any room or other place comprised in that person's tenancy or lodging, for purposes connected with the carrying out by the manager of his duties ;
- (b) provide the manager, at his request, with all such information as he may reasonably require for the purpose of his duties ;
- (c) comply with any reasonable arrangements made by the manager for the storage and disposal of refuse and litter ; and
- (d) take reasonable care to avoid causing damage to anything which the manager is obliged by these regulations to keep in repair.

Register of managers

17.—(1) The local authority shall maintain a register of the names and addresses of persons who are for the time being managers of houses to which these regulations apply, and shall include therein such particulars as they reasonably believe to be correct relating to the capacity in which such persons are managers, that is to say whether as owners or lessees receiving rents, or as agents or trustees through whom rents are received.

(2) As soon as may be after making or amending an entry in the register in reliance on information obtained otherwise than from the person to whom such entry relates the local authority shall take reasonable steps to bring the entry or amendment to the notice of the said person.

(3) The local authority shall, at the request of a person who appears to them to have an interest or prospective interest in a house, to be resident therein, or to be otherwise sufficiently concerned therewith, disclose to him the contents of any entry in the register relating to that house.

Provision of information by persons with an estate or interest in a house

18.—(1) When a management order is made in respect of a house, an owner or lessee of the house who receives or is entitled to receive the rents shall, on being served with a copy of the order and warned in writing (whether by means of a note appended to the copy of the order or otherwise) of the requirements of this paragraph, provide the local authority with the following information—

- (a) his name and address,
- (b) particulars of his estate or interest in the house,
- (c) particulars sufficient to show what parts of the house are let to tenants, or lodgers, from whom he is in receipt of rents, and
- (d) the name and address of any agent or trustee through whom he receives such rents.

(2) Without prejudice to any other requirement of this regulation, a person who has an estate or interest in a house or any part of a house to which these regulations apply shall, at the request of the local authority, provide the authority, with such of the following items of information as they may require, namely :—

- (a) any of those mentioned in the last foregoing paragraph ;
- (b) the name and address of any other person known to him to be manager of the house, with particulars showing how he knows that such person is manager ;
- (c) if he is a person who receives the rents through another person as his agent or trustee, whether, and in what respects, such other person is authorised to act in matters connected with the management of the house apart from the receipt of rents.

(3) An owner or lessee of a house to which these regulations apply shall, if at any time he appoints a person to receive the rents as his agent or trustee, forthwith give the local authority notice of the fact together with the name and address of the person appointed.

(4) A person who acquires or ceases to hold an estate or interest in a house to which these regulations apply shall, if he thereby becomes or ceases to be manager of the house, forthwith give the local authority notice of the fact together with particulars of the estate or interest which he has acquired or ceased to hold, and, where he has sold or transferred the estate or interest to some other person, the name and address of that person.

(5) The information called for by or under this regulation shall, except insofar as the local authority may in any particular case otherwise allow, be provided to the authority in writing ; and any information requested by the local authority under paragraph (2) of this regulation shall be given to them within such time, if any, as they may reasonably specify.

Procedural arrangements with managers

19. To assist the efficient management of houses in accordance with these regulations a local authority may, by agreement with a person who is manager of any house in respect of which they have made a management order, make arrangements as to the manner in which business relating to management of the house shall normally be conducted between the authority and that person, and, where there is more than one person who is manager of the house, such arrangements may provide for any business as aforesaid to be conducted with one such person in the first instance; but arrangements made in pursuance of this regulation shall be without prejudice to any of the local authority's powers in relation to houses to which these regulations apply.

NOTE

Penalties

Section 13(4) of the Act of 1961 provides that if any person knowingly contravenes or without reasonable excuse fails to comply with any regulation under that section as applied under the Act in relation to any house he shall be liable on summary conviction—

- (a) where he has not previously been convicted of an offence under that section, to a fine not exceeding £20, and
- (b) where he has previously been convicted of an offence under that section, to imprisonment for a term not exceeding three months, or to a fine not exceeding £100, or to both.

EXPLANATORY NOTE

(This Note is not part of the regulations, but is intended to indicate their general purport.)

These regulations, which are made by the Secretary of State for Scotland under section 13 of the Housing Act 1961, as amended and extended to Scotland by section 71 of the Housing Act 1964, provide a Code of Management which a local authority may apply, by order under section 12 of the Act of 1961, to any house wholly or partly let in lodgings or occupied by members of more than one family, which is in an unsatisfactory condition in consequence of defective management. In the case of a building or tenement which comprises separate dwellings, all of which are owned by the same person, the regulations may be applied in certain circumstances to the building as a whole instead of to individual dwellings therein.

The regulations are in three parts. In Part I, regulation 2 provides for the interpretation of expressions employed.

Part II contains the principal duties of management, with introductory provisions in Regulation 3. Managers of premises to which the regulations apply are required to ensure the good order, repair and cleanliness, as appropriate, of the following—

means of water supply and drainage (Regulation 4); lighting and heating installations (Regulation 5); rooms, and installations of certain kinds, used in common by persons living in the house (Regulation 6); other parts of the premises (mainly used in common by persons living in the house), such as halls, staircases, passageways, etc. (Regulation 7); roof, windows and other means of ventilation (Regulation 9); means of escape from fire (Regulation 10); common outbuildings, yards, gardens etc. (Regulation 11).

Managers are also required to ensure that refuse is satisfactorily dealt with (Regulation 12) and that reasonable precautions are taken to protect residents from injury as a result of structural conditions in the premises (Regulation 13). In addition, managers have certain obligations under Regulation 8 in respect to parts of premises (and installations therein) let to tenants or lodgers as their living accommodation. These are, primarily, to ensure that such accommodation is in a fit condition when they let it (Regulation 8(2)), but defects in accommodation which is already let when the regulations are applied must be remedied (Regulation 8(3)), and there is a continuing obligation to keep certain installations in repair except where the tenant or lodger is at fault (Regulation 8(4)).

The provisions of Part III are ancillary. The manager of a house to which the regulations apply is required to display therein certain documents (including a copy of the regulations) for the information of the occupants (Regulation 14) and to provide the local authority, on request, with particulars of the occupants and use of rooms (Regulation 15). Regulation 16 imposes obligations on the occupants of premises for the purpose of ensuring that the manager can effectively carry out his duties. Regulation 17 requires the local authority to keep a register of managers, containing their names and addresses and other relevant particulars, and provides for the disclosure of entries to persons concerned. Regulation 18 enables local authorities to obtain, from persons who have an estate or interest in premises to which the regulations are applied, relevant information about the managers of such premises. Regulation 19 provides for arrangements which local authorities may consider it expedient to make with managers, where practicable, to assist compliance with the regulations, particularly in cases where more than one person is by definition manager of a house.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These regulations replace in a consolidated form, with minor amendments, the Town and Country Planning (Building Preservation Order) Regulations 1948 with their Amendment Regulations of 1960, the Town and Country Planning (General) Regulations 1948 with their Amendment Regulations of 1960, the Town and Country Planning (Tree Preservation Order) Regulations 1950, the Town and Country Planning (Development by Local Planning Authorities) Regulations 1951, the Town and Country Planning (Prescribed Forms of Notices) Regulations 1959, and the Town and Country Planning (Delegation) Regulations 1959, all of which were made under provisions of the Town and Country Planning Acts 1944, 1947 and 1959 (now repealed on consolidation by the Town and Country Planning Act 1962).

Part II of the regulations continues the provisions of the Delegation Regulations relating to the delegation of functions by local planning authorities to county district councils. Provision is now made for delegation agreements to be open to inspection by the public; and this part of the regulations applies (as the previous regulations did not) to that part of the former metropolitan area which lies outside Greater London.

Parts III and IV continue the provisions of the Tree Preservation Order Regulations and Building Preservation Order Regulations respectively, subject to minor procedural amendments relating to the submission of orders for confirmation.

Part V continues the provisions of the Development by Local Planning Authorities Regulations, with minor changes owing to the new form of the statutory provision (section 42 of the Act of 1962).

Part VI continues those provisions of the General Regulations and Prescribed Forms of Notices Regulations which are still effective: the other provisions are now spent, or have been revoked by other instruments.

Regulations 31, 32, 33, 34, 35 and 36 replace, respectively, regulations 3, 4, 5, 8, 11 and 12 of the General Regulations. Under regulation 32 the time for serving a purchase notice is extended from 6 months to 12 months. Regulation 35 continues the procedure for the approval or amendment of a development plan concurrently with the authorisation of the compulsory purchase of land designated by the plan, and empowers the Minister, in an appropriate case, to authorise the purchase of the land immediately after he has approved or amended the plan.

Regulation 37 (with Schedule 2) brings up to date the notice and counter-notice prescribed for the purposes of sections 139 and 140 of the Act of 1962, which deal with the purchase of property "blighted" by planning proposals.

Regulation 38 revokes the previous regulations mentioned in the first paragraph of this note, with savings to preserve the validity of action taken under those regulations, and to enable action on matters partially dealt with under those regulations to be continued under these regulations.

Commissioner not to make Proclamation touching certain matters without prior approval.

12. In preparing the annual estimates of revenue and expenditure in pursuance of section 85 of the Constitution, the Commissioner shall estimate his requirements for Commissioner’s expenditure as defined in the said section on the basis that a ratio of forty-nine per centum of the total of the annual estimates of expenditure presented to the Basutoland National Council shall be Commissioner’s expenditure and that the remaining fifty-one per centum shall be the ratio of Council expenditure as defined in that section. Nevertheless, the said

Ratio of Commissioner’s expenditure and Council expenditure in the annual budget.

Certain resolutions of the National Council.

13. If the Basutoland National Council shall pass any resolution relating to a public office under the provisions of section 86(4) or of section 88(2) of the Constitution, the Commissioner shall, if requested to do so by the terms of the resolution, forward the same with all despatch to Us through a Secretary of State together with a full report of the debate or debates in the National Council which gave rise to such a resolution.

14.—(1) Whenever any offender has been condemned by any civil court established for Basutoland to suffer death for any offence, the Commissioner shall cause a written report of the case of that offender from the Judge who tried the case, together with such other information derived from the record of the case or elsewhere as the Commissioner may require, to be taken into consideration at a meeting of the Executive Council.

(2) The Commissioner shall not pardon or respite any such offender unless it shall appear to the Commissioner expedient so to do, upon receiving the advice thereon of the Executive Council ; but in all such cases the Commissioner is to decide either to extend or to withhold a pardon or respite according to his own deliberate judgment, whether the members of the Executive Council concur therein or otherwise ; causing, nevertheless, to be entered on the minutes of the Executive Council a statement of his reasons at length, in case he should decide any such question in opposition to the judgment of the majority of the members thereof.

Oath of allegiance by public officer.

15. The Commissioner may, whenever he thinks fit, require any person in the public service of Basutoland to make an oath or affirmation of allegiance in the form set out in the Constitution together with any other oath or affirmation that may be prescribed by any law in force in Basutoland.

Commissioner's absence.

16. Except in circumstances in which he has appointed a deputy under section 2C of the Constitution the Commissioner shall not leave Basutoland without having first obtained through a Secretary of State leave from Us for so doing.

(3) Section 38(2) of the Interpretation Act 1889 shall apply to the annulment of any law under this section as it applies to the repeal of an Act of Parliament, save that any enactment repealed or amended by or in pursuance of that law shall have effect as from the date of the annulment as if that law had not been made.

Interpreta-

2. The provisions of section 1 of the Constitution of Gibraltar (hereinafter referred to as “the Constitution”) as set out in schedule 2 to the Order in Council shall apply for the purpose of interpreting these Instructions as they apply for the purpose of interpreting the Constitution.

Power to

3. observed

4.—(1) These Instructions, so far as they apply to any functions to be performed by a deputy to the Governor appointed under section 7 of the Constitution, shall be deemed to be addressed to, and shall be complied with by, the deputy.

(2) A deputy to the Governor may, if he thinks fit, apply to Us through a Secretary of State for instructions in any matter; but he shall forthwith transmit to the Governor a copy of every despatch or other communication by which he applies to Us for instructions.

Rules for
enactment
of laws.

5. In the making of laws the Governor and the Legislative Council shall observe, so far as is practicable, the following rules:—

- (a) all laws shall be styled “Ordinances” and the words of enactment shall be “Enacted by the Legislature of Gibraltar”;
- (b) all Ordinances shall be distinguished by titles and shall be divided into successive sections consecutively numbered, and to every section there shall be annexed in the margin a short indication of its contents;

(a) S.I. 1964 II, p. 3143, day appointed 6.8.64.

(b) S.I. 1955 II, p. 3188.

(c) S.I. 1956 II, p. 3008. (d) S.I. 1959 II, p. 3474.

(e) S.I. 1963 I, p. 1420.

- (c) all Ordinances shall be numbered consecutively in a separate series for each year commencing with the number one, so that—
- (i) an Ordinance assented to by the Governor is included in the series for the year in which it is passed or deemed to have been passed by the Legislative Council and its position in such series is determined with reference to the day on which the Governor shall have given his assent thereto ;
 - (ii) an Ordinance assented to by Us through a Secretary of State is included in the series for the year in which the Governor shall have signified Our assent thereto by proclamation in the Gazette and its position in such series is determined with reference to the day on which Our assent shall have been so signified ;
- (d) matters having no proper relation to each other shall not be provided for by the same Ordinance ; no Ordinance shall contain anything foreign to what the title of the Ordinance imports ; and no provision having indefinite duration shall be included in any Ordinance expressed to have limited duration.

6. The Governor shall not, without having previously obtained Our instructions through a Secretary of State, assent to any Bill within any of the following classes, unless the Bill contains a clause suspending its operation until the signification of Our pleasure, that is to say:—

Certain Bills not to be assented to without instructions.

- (a) any Bill for the divorce of married persons ;
- (b) any Bill whereby any grant of land or money or other donation or gratuity may be made to himself ;

- (g) any Bill affecting the discipline or control of Our naval, military or air forces ;
- (h) any Bill of an extraordinary nature and importance whereby Our prerogative, or the rights or property of Our subjects not residing in Gibraltar, or the trade, transport or communications of any part of Our dominions or any territory under Our protection or in which We have for the time being jurisdiction may be prejudiced ;
- (i) any Bill whereby persons of any racial or religious community may be made liable to any disabilities or restrictions to which persons of other such communities are not also made liable, or may be granted advantages which are not enjoyed by persons of other such communities ; and
- (j) any Bill containing provisions to which Our assent has once been refused or which have been disallowed by Us :

Provided that, if the Governor is satisfied that it is urgently necessary in the public interest that any Bill falling within the classes described

in this clause (other than a Bill falling within sub-paragraph (f) of this clause) be brought into immediate operation, he may assent to the Bill without such instructions as aforesaid and although the Bill contains no such clause as aforesaid, but he shall forthwith transmit the Bill to Us together with his reasons for so assenting.

Private Bills. 7.—(1) Every Bill (not being a Government measure) intended to affect or benefit a particular person, association or corporate body shall contain a clause saving the rights of Us, all bodies politic and corporate and all others except such as are mentioned in the Bill and those claiming by, from or under them.

(2) No such Bill shall be introduced into the Legislative Council until due notice has been given by not less than two successive publications of the Bill in the Gazette; and the Governor shall not assent to the Bill unless it has been so published.

(3) A certificate under the hand of the Governor signifying that such publication has been made shall be transmitted to Us with the Bill or Ordinance.

8. When any Ordinance has been enacted or any Bill has been reserved for the signification of Our pleasure, the Governor shall forthwith transmit to Us through a Secretary of State for the signification of Our pleasure a transcript in duplicate of the Ordinance or Bill, duly authenticated under the Public Seal, and by his own signature, together with an explanation of the reasons and occasion for the enactment of the Ordinance or passing of the Bill.

Collection of Ordinances to be published every year.

9. As soon as may be after the commencement of each year, the Governor shall cause to be published for general information a complete collection of all Ordinances enacted during the preceding year.

Power of pardon in capital cases.

10.—(1) Whenever any offender has been condemned by any court in Gibraltar to suffer death and the Governor has powers in relation to the offender under section 10 of the Constitution, the Governor shall cause a written report of the case of that offender from the judge who tried the case, together with such other information derived from the record of the case or elsewhere as the Governor may require, to be taken into consideration at a meeting of the Gibraltar Council.

(2) The Governor shall not exercise his powers under section 10 of the Constitution in relation to any such offender unless it appears to him to be expedient to do so upon receiving the advice of the Gibraltar Council thereon; but he is to decide either to extend or to withhold a pardon or respite according to his own deliberate judgment, whether the members of the Council concur therein or not; causing nevertheless to be entered in the minutes of the Council his reasons, in case he should decide any such question in opposition to the judgment of the majority of the members of the Council.

Governor's absence.

11. Except in circumstances in which he is not regarded as absent from Gibraltar for the purpose of section 6(4) of the Constitution, the Governor shall not quit Gibraltar without having first obtained leave from Us for so doing through a Secretary of State.
