INDEX TO ANNUAL VOLUME FOR 1964

PREFACE

Scope and arrangement of the Volume

1. *The Annual Volume of Statutory Instruments* is published in pursuance of the Statutory Instruments Regulations 1947(a), reg. 10. It gives the full text of all statutory instruments registered in the year concerned(b) which were classified as general, and gives particulars of those which were classified as local (as to this classification, see para. 6, below). Other instruments are contained in the Appendix (as to which see para. 3, below).

2. From the start of the series in 1890 until 1960, the general instruments in the Annual Volume were arranged according to their subject headings. In and since the Annual Volume for 1961, however, they have been arranged according to their S.I. numbers, that is to say, in the order of their registration as statutory instruments. The change has made it possible to publish successive Parts of the Volume as the contents of each are completed, and so to obviate the (unavoidable) delays in publication of the complete Volume previously experienced. Each volume is now in three Parts, containing the instruments registered between 1st January and 30th April, 1st May and 31st August, and 1st September and 31st December respectively, and each part is normally published within four or five months of the closing date for the material included in it.

Contents of the Volume

3. **Parts I and II.** At the beginning of each of these Parts is a list of the instruments whose text is contained in that Part, showing their S.I. numbers, titles or descriptions, and subject headings(c). The list is followed by the text of the instruments in that particular Part, in two sections: the first consists of the statutory instruments registered in the relevant period, the second is an **Appendix of Instruments not Registered as S.I.** issued in that period.

This Appendix contains Orders in Council issued under the royal prerogative or otherwise outside the definition of a statutory instrument, Letters Patent under the Great Seal, and Instructions passed under the Royal Sign Manual and Signet, which relate to the constitutions or the currency of overseas territories, or to appeals to the Judicial Committee of the Privy Council. It also contains all Royal Proclamations which are legislative and instruments (not S.I.) relating to War Pensions.

(a) S.I. 1948/1 (Rev. XXI, p. 498: 1948 I, p. 4002).

(b) Reg. 3 of the Statutory Instruments Regulations 1947 provides for instruments to be numbered in a separate series for each calendar year. It is also the practice that instruments made by the Secretary of State for Scotland, and other instruments relating only to Scotland, bear a second number with the letter "S" prefixed. Those relating to procedure or fees in courts in England or Wales bear a second number with the letter "L" prefixed. Those relating to commencement dates of statutes or parts of statutes bear a second number with the letter "C" prefixed.

(c) These subject headings are those under which the statutory powers by virtue of which the instruments were made appear in the *Index to Government Orders* (as to which, see para. 9 below); and the same classification also determines the subject heading printed at the head of each instrument on the copies sold singly as Queen's Printer's copies.

At the end of each of these Parts is a Table showing the modifications to legislation and an Index. Each Table is confined to the instruments in its own Part. The Table gives particulars of those Public General Acts and instruments which have been amended, extended, excluded, repealed or revoked by instruments in the Part. The Index to Part II will be cumulative to both Parts.

4. **Part III.** At the beginning is a list of the instruments in Part III similar to the lists in Parts I and II. It is followed by the text of the instruments comprising Part III, in two sections, as in Parts I and II.

At the end of Part III are the features which are required by reg. 10 of the Statutory Instruments Regulations 1947 to be included in the Annual Volume of Statutory Instruments. They cover the instruments in all three Parts. In the order in which they occur in the Volume, they are as follows:—

The **Classified List of Local Instruments** gives particulars, the dates of making, and the S.I. numbers, of all local statutory instruments registered in the S.I. series of the year to which the Annual Volume relates. They are grouped in classes according to their subject-matter.

The **Tables.** “Table A” gives particulars of the Public General Acts of Parliament and “Table B” particulars of statutory and other instruments the operation of which was affected by the instruments appearing in the Volume. They include the appropriate part of the information (amended, repealed, revoked, etc.) already given in the “Table of Modifications to Legislation” in Parts I and II, and corresponding information with respect to the instruments in Part III, but also give particulars of Acts or instruments respectively applied, with or without modification, or restricted, by general instruments throughout the Volume. In addition, Table B gives particulars of general instruments whose operation was affected expressly by Public General Acts of the year in question, or which ceased to operate through becoming spent during that year as a result of legislation of the year.

The **Numerical and Issue List** shows, in order of S.I. numbers, other particulars of all general statutory instruments and all local instruments which were printed and put on sale by the Queen’s Printer of Acts of Parliament under the provisions of the Statutory Instruments Act 1946(a), during the year, with, in each case, the date of making and the date of first issue by H.M. Stationery Office.

The **Index** will be cumulative to Parts I and II.

Definition and classification of statutory instruments

5. To determine whether or not any instrument is required to be a statutory instrument, reference must be made to the Statutory Instruments Act 1946, s. 1, the Statutory Instruments Regulations 1947, reg. 2 (made under s. 8 (1) (d) of that Act) and the Statutory Instruments (Confirmatory Powers) Order 1947(b), arts. 1 and 2 (made under s. 9 (1) of the Act).

It will be observed that, by s. 1 (2) of the Act and reg. 2 (1) of the Regulations, the definition of what constitutes a statutory instrument, as respects instruments made under any Act passed before the commencement of the Statutory Instruments Act 1946, is governed by the definition of “statutory rules” and “rule-making authority” contained in the Rules Publication Act 1893(c), the Act which was repealed and replaced by the Act of 1946.

(a) 9 & 10 Geo. 6. c. 36.

(b) S.I. 1948/2 (Rev. XXI, p. 504: 1948 I, p. 4008).
(c) 56 & 57 Vict. c. 66.

6. All statutory instruments are required to be classified as general or local (a). Those which are in the nature of public general Acts of Parliament are classified as general and those which are in the nature of local and personal or private Acts are classified as local. Exceptionally, a very small number of instruments, relating for the most part to London, which fall within the second category are classified as general and their text is reproduced in the Annual Volume.

Citation

7. For purposes of citation, most statutory instruments are given a title. In addition, all statutory instruments may be identified by the year and number. The first instrument in Part I of this Volume would, by this method, be cited as "S.I. 1964/1". When a statutory instrument is referred to by its title in another statutory instrument, a lettered footnote is provided in the latter, giving the identification of the first instrument as above, and also its Part and page reference in the Annual Volume. The footnote reference for the same instrument would therefore be "S.I. 1964/1 (1964 I, p. 1)".

If the text of the instrument is set out in the most recent edition of *S.R. & O. and S.I. Revised* (Third Edition, as at 31st Dec., 1948) the footnote references give the volume reference in that edition as well as the page reference in the Annual Volume (see, for example, footnote (b) on the previous page). If a footnote contains the references of a number of instruments, they may in certain circumstances be run together, so as to give all the instrument numbers together and all the volume references together, e.g. "S.R. & O. 1946/157; S.I. 1948/1073, 1961/1942 (1946 II, p. 26; 1948 II, p. 13; 1961 III, p. 3650)".

Production in Court

8. Under the Documentary Evidence Act 1868(b), s. 2, prima facie evidence of certain instruments (which include all instruments registered as S.I.) may be given in courts of justice, etc., by (inter alia) the production of a copy purporting to be printed by the Government Printer. The Documentary Evidence Act 1882(c), s. 2, provides that the same result shall follow if a copy is produced which purports to be printed under the superintendence or authority of H.M. Stationery Office. Any Part of this Volume may therefore be tendered as prima facie evidence of the instruments whose text is reproduced in it.

Up to date information on statutory instruments

9. The *Index* (formerly "Guide") to *Government Orders* contains, under subject headings, summaries of all powers to make subordinate legislation conferred by statute on H.M. in Council, the Privy Council, government departments and certain other public bodies. Below each summary appear particulars of the general instruments made in exercise of it which were in force at the date of publication of the *Index*. Details are also given of certain instruments made under prerogative powers. The work contains also a Table of Statutes showing the subject headings under which references to particular sections of enabling Acts appear. (The *Index* is published every two years.)

(a) See Statutory Instruments Regulations 1947, reg. 4.
 (b) 31 & 32 Vict. c. 37. (c) 45 & 46 Vict. c. 9.

10. Information as to whether an instrument in any annual volume is still in operation may be obtained from a smaller publication, "*Numerical Table, S.R. & O. and S.I.*". This table, if kept up to date by means of its Supplements, shows all statutory instruments which were still in operation at 31st December last before the date of publication of the most recent of them. The edition current at the publication of this Volume is the second (H.M. Stationery Office, price 9s. 0d., net) recording instruments in force at 31st December, 1958. Supplements, which can be fixed into prepared guards in the binding, are published annually (H.M.S.O., 1s. 3d., net), with particulars of deletions and additions to be made for their respective years.

11. For particulars of the fate of instruments which have ceased to be in operation since 31st December, 1948 (the date of *S.R. & O. and S.I. Revised, Third Edition*) and have therefore been removed from the *Numerical Table, S.R. & O. and S.I.*, and also for particulars of any amendments to instruments which are still in operation, reference should be made to another publication, "*S.I. Effects*" (H.M.S.O.), published annually.

That publication shows which instruments have been revoked, which have been superseded, and which have become spent. Where any instrument has been amended, particulars of the articles, etc., affected are given; a reader who is interested only in particular provisions of the earlier instrument can ascertain from "*S.I. Effects*" whether or not he need consult the text of the amending instrument at all.

The editions covering the years 1949 to 1958 were cumulative; each reproduced the contents of previous editions as well as its own new material. Accordingly, "*S.I. Effects, 1958*" shows all annotations for those years. Editions since 1959 are cumulative to each other.

Publication

12. The Annual Volumes of S.I. are prepared under the direction of the Statute Law Committee.

Any suggestion or communication relating to them should be addressed to the Editor, Statutory Publications Office, Queen Anne's Chambers, 41, Tothill Street, S.W.1.

 EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

The Iron and Steel (Compensation to Officers and Servants) (No. 2) Regulations 1953, provide that one of the conditions to be satisfied by a person claiming resettlement compensation for termination of employment is that the termination should have occurred not more than ten years after the coming into operation of those Regulations, i.e. not later than 31st December 1963.

 (a) 1 & 2 Eliz. 2. c. 15.

(b) S.I. 1953/1849 (1953 I, p. 895).

By substituting for that period a period of ten years from the exercise by the Iron and Steel Holding and Realisation Agency of their powers to secure the return of the employing company to private ownership (being the exercise which results in the loss of employment), the present Regulations extend the period during which claims for resettlement compensation may be made by persons who would otherwise have been prevented from doing so by reason of the postponement of the return of their employing company to private ownership. A necessary consequential extension is made to the time within which a claim must be put in.

Similarly, in the case of claimants for long term compensation, the present Regulations provide that one of the conditions to be satisfied is that the loss of employment or loss or diminution of emoluments or pension rights for which a claim is made must have occurred not later than ten years after the exercise by the Agency of their powers referred to above instead of ten years after the coming into operation of the 1953 Regulations, as hitherto provided.

These Regulations come into operation on the sixth day after their date and (under powers contained in Section 24(2) of the Iron and Steel Act 1953) are made to have effect retrospectively to 1st January 1964.

HILL FARMING

The Hill Sheep (England and Wales) Scheme 1964

<i>Made - - - -</i>	<i>5th May 1964</i>
<i>Laid before Parliament</i>	<i>12th May 1964</i>
<i>Coming into Operation</i>	<i>13th May 1964</i>

The Minister of Agriculture, Fisheries and Food, in pursuance of sections 13, 14 and 15 of the Hill Farming Act 1946(a), as extended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963(b), and of all other powers enabling him in that behalf, with the approval of the Treasury, hereby makes the following Scheme :—

Citation and commencement

1. This Scheme, which may be cited as the Hill Sheep (England and Wales) Scheme 1964, shall come into operation on 13th May 1964.

Application

2. This Scheme shall apply to England and Wales.

Interpretation

3.—(1) In this Scheme, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them, that is to say :—

“the Act” means the Hill Farming Act 1946, as amended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963 or any other enactment ;

“hill land” has the meaning assigned to it by paragraph 8 of this Scheme ;

“the Minister” means the Minister of Agriculture, Fisheries and Food ;

“relevant day” means, in relation to the year 1963 and to each of the three next succeeding years, 2nd December ;

“shearling ewe” means a ewe whose age on the relevant day to which an application for subsidy payment relates, exceeds one year, but does not exceed two years ;

“subsidy payment” means any payment falling to be made in respect of any ewe or shearling ewe in accordance with the provisions of this Scheme.

(2) The Interpretation Act 1889(c) shall apply to the interpretation of this Scheme as it applies to the interpretation of an Act of Parliament.

(a) 9 & 10 Geo. 6. c. 73.

(b) 1963 c. 11.

(c) 52 & 53 Vict. c. 63.

Subsidy payments

4. Subject to the provisions of this Scheme, the Minister may make a subsidy payment of such amount as may be prescribed by an Order made by the Minister in accordance with the provisions of section 14(3) of the Act in respect of any shearling ewe or any ewe more than two years old comprised on a relevant day in a flock of sheep kept on hill land, being sheep of a description and flock to which the Scheme applies, to the person who, at the beginning of that day, was maintaining that flock.

Person maintaining flock

5. For the purposes of this Scheme the person maintaining a flock of sheep is the person who owns or rents the flock and is responsible for its maintenance, provided that, where a flock of sheep includes ewes or shearling ewes taken into the flock for grazing under an agreement by which the person taking them in is entitled by way of payment to half the lamb crop, and half of the wool, or under any similar agreement, then, the person taking them in shall be deemed to be the person maintaining that flock.

Description of sheep

6.—(1) This Scheme shall apply to sheep of the following breeds :—

Cheviot, Dalesbred, Derbyshire Gritstone, Exmoor Horn, Herdwick, Lonk, Radnor, Rough Fell, Scottish Blackface, Shetland, Swaledale and Welsh Mountain, and such local breeds as the Minister may approve and to any crossbred ewe or shearling ewe derived solely from any of these breeds.

(2) Where in any particular case any sheep of the breeds referred to in the preceding subparagraph, or any such crossbred ewes or shearling ewes—

(a) are not of sufficiently hardy strain to be capable of living under natural conditions upon hill land for the greater part of the year, or

(b) except through illness, weakness after lambing or other good reason, do not conform to the requirements of paragraph 9 of this Scheme relating to the flock in which, but for the provisions of this subparagraph, they would be comprised,

such sheep shall be disregarded for the purposes of this Scheme.

Description of flocks

7. This Scheme shall apply to flocks of the following descriptions :—

Standard Rate Flocks—that is to say, breeding flocks of ewes and shearing ewes of a single breed or cross breed referred to in paragraph 6 which are kept (a) in regular ages so that there are at least three successive age groups, the youngest age group consisting of shearing ewes, and the two succeeding age groups consisting of ewes born respectively in the two lambing seasons preceding that in which the shearing ewes were born, and (b) so that a sufficient number of ewe lambs are bred, reared, and retained in the flock annually to maintain the number of breeding sheep in the flock without the introduction of ewes, shearing ewes or ewe lambs from outside the flock :

Provided that if the person maintaining the flock satisfies the Minister that any of the conditions set out at (a) and (b) above have not been fulfilled because of the small size of a flock, its recent formation, unavoidable and abnormal losses, or other exceptional circumstances, the flock may be treated as a Standard Rate Flock.

Reduced Rate Flocks—that is to say, flocks of a single breed or any cross breed referred to in paragraph 6, not being standard rate flocks, which otherwise satisfy the conditions of this Scheme, excluding flocks in which more than a small proportion of the ewes are mated with rams other than—

- (a) rams of any of the single breeds referred to in paragraph 6, or
- (b) rams of the following breeds for the production of crossbred ewes or lambs for sale:—

Border Leicester (including the blue-faced type of Leicester),
Wensleydale, Kerry Hill, Clun Forest, Llanwenog, Teeswater and
Devon Closewool.

Hill Land

8. In this Scheme the expression “hill land” means mountain and hill land in the areas specified in the Schedule to this Scheme which is suitable only for use for the maintenance of sheep of a hardy kind, provided that where land has been improved to an extent which renders it suitable for use for the maintenance of sheep other than a hardy kind the Minister may, if he is satisfied that the land was in its original and unimproved state suitable only for the maintenance of hardy sheep, regard such land as hill land for the purposes of the Scheme.

Management

9.—(1) It shall be a condition of the making of a subsidy payment in respect of any ewe or shearling ewe that it shall be one of a flock—

- (a) which is kept on hill land under natural conditions in accordance with the recognised practices of hill sheep farming,
- (b) which, except in severe weather or at lambing time, lives on the hill land by grazing, and
- (c) in which the ewes, when moved off the hill land for lambing, return to it with their lambs not later than the following 1st June and rear them on the hill land.

(2) The Minister may treat a flock as satisfying the requirements of the preceding subparagraph if, where any such requirement is not satisfied, the management of the flock in that respect conforms, in his opinion, to the recognised practice of hill sheep farming in the district, and such practice is not substantially different from the requirement.

Flying Flocks

10. No ewe or shearling ewe comprised in a flock in which a substantial proportion of the ewes or shearling ewes are kept for less than two breeding seasons shall be eligible for a subsidy payment.

Reduction in number of sheep eligible for subsidy payments on dispersal of flock

11. If at any time between a relevant day and 4th June next following the person who maintains a flock of sheep to which this Scheme applies, sells or otherwise disperses his flock, and in the opinion of the Minister the number of ewes or shearling ewes for which application for subsidy payments has been made exceeds the number which would have been eligible if the flock had not been dispersed, the Minister may reduce the number of ewes or shearling ewes in respect of which subsidy payments may be made to the number which in his opinion would have been eligible if the flock had not been dispersed.

Overstocking

12. If it appears to the Minister that any person has applied for subsidy payments for a number of ewes or shearling ewes exceeding the number which ought to be kept on the hill land on which they are grazed the Minister may reduce the number of ewes or shearling ewes in respect of which subsidy payments would otherwise be made to that person to the number which in his opinion may properly be kept on that land.

Application for subsidy payment

13. It shall be a condition of the making of a subsidy payment under this Scheme that any person who desires to be paid in accordance with the provisions of this Scheme shall apply in writing in such form and at such time as the Minister may require.

Computation of numbers of sheep

14.—(1) Where it appears to him to be advisable for the better computation of the number of ewes or shearling ewes in respect of which payment may be made, the Minister may require an applicant for subsidy payments to collect together the flock in respect of which he has applied and to permit it to be counted by a duly authorised officer.

(2) In that event, the number of ewes or shearling ewes in respect of which subsidy payments may be made shall be the number of eligible ewes or shearling ewes so counted, adding a reasonable allowance for strayed sheep and for any reduction in the numbers of the flock during the period between the relevant day and the day on which the flock is counted and deducting a reasonable allowance for any increase in numbers during that period.

(3) An applicant shall facilitate such counting of sheep to the best of his ability.

Assignment of Subsidy Payments

15. Any reference in this Scheme to the person who was maintaining a flock of sheep at the beginning of a relevant day shall be construed as including a reference to any person who, if any subsidy payment which might lawfully be made under this Scheme in respect of ewes and shearling ewes comprised in the flock were a debt which had at the beginning of that day accrued due to the person maintaining the flock, would have been entitled to claim the payment otherwise than by virtue of an assignment.

In Witness whereof the Official Seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 4th May 1964.

Christopher Soames,
Minister of Agriculture,
Fisheries and Food.

Any County Borough which is surrounded by or immediately adjoins any of the above-mentioned Administrative Counties.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport)

The Hill Farming Act 1946, as extended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963, provides that schemes may be made for subsidy payments in respect of hill sheep. This Scheme follows with minor changes the Hill Sheep (England and Wales) Scheme 1960. It is made by the Minister of Agriculture, Fisheries and Food with the approval of the Treasury and makes provision for subsidy payments in respect of flocks of ewes of mountain breeds (*including Dalesbred*) kept on hill land in certain counties of England and Wales (*excluding Worcester*) in accordance with the recognised practices of hill sheep farming. It defines "hill land" and the descriptions of sheep and flocks to which the Scheme applies. *Individual sheep which are not managed in accordance with hill farming practices are excluded from the Scheme.* The Scheme sets out the conditions under which the sheep must be kept, *taking into account recognised local practice*, and contains consequential provisions against overstocking; it also provides for the making of applications for subsidy payments, the counting of the number of sheep qualifying for subsidy payments, and other matters. The Scheme does not fix the amount to be paid by way of subsidy payment, which the Hill Farming Act 1946 requires the Minister to prescribe in a separate order; the amount for the season 1963-64 is fixed by the Hill Sheep Subsidy Payment (England and Wales) Order (S.I. 1964/657).

The principal changes from the previous scheme are set out above in *italics*.

EXPLANATORY NOTE

(This Note is not part of the order, but is intended to indicate its general purport.)

The Hill Sheep (England and Wales) Scheme 1964 is made under the Hill Farming Act 1946, as extended by the Agriculture (Miscellaneous Provisions) Act 1963, and sets out the conditions on which subsidy payments may be made to persons maintaining sheep of a hardy kind on hill land. This order prescribes the amounts of such payments for the season 1963-64. The payments vary according to the method by which the number of sheep in a flock is maintained.

EXPLANATORY NOTE

(This Note does not form part of the Order, but is intended to indicate its general purport.)

This Order provides for the amendment of heading 41.08 of the Customs Tariff to include imitation patent leather, in accordance with a corrigendum to the Brussels Nomenclature approved by the Customs Co-operation Council.

It also introduces a new sub-heading for imitation patent leather within heading 41.08 with a full rate of import duty of 20% ad valorem, which has been the rate effectively applicable to importations of imitation patent leather. It reduces the E.F.T.A. rate from 8% to 3% ad valorem, which is the E.F.T.A. rate applicable to patent leather.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order amends the Cotton Industry Development Council Order 1948, as amended.

The principal changes are that the industry ceases to be divided into the cotton section and the man-made fibre section, and that it is enlarged by the addition of certain activities carried on in the manufacture of yarn, thread and fabric made of silk or mixture of silk and other materials.

As a consequence—

(a) the functions hitherto exercisable in relation to the cotton section only may now be exercised in relation to the industry as a whole ;

(b) charges imposed by the Cotton Board in respect of any period beginning after 31st March 1964 are to be calculated at the same rates in respect of similar activities throughout the industry. Hitherto charges imposed on the man-made fibre section of the industry have been limited to 11 per cent. of the total charges imposed on the industry.

The principal Order as amended by this Order and previous amending Orders is set out in Schedule II.

STATUTORY MINIMUM REMUNERATION

PART I

GENERAL

1. The minimum remuneration payable to a worker to whom this Schedule applies for all work except work to which a minimum overtime rate applies under Part IV of this Schedule is:—
 - (1) in the case of a time worker, the general minimum time rate payable to the worker under Part II or Part III of this Schedule ;
 - (2) in the case of a worker employed on piece work—
 - (a) where a general minimum piece rate applies under Part II of this Schedule, that piece rate *increased by 11 per cent.*, or
 - (b) where no general minimum piece rate applies, piece rates each of which would yield, in the circumstances of the case, to an ordinary worker at least the same amount of money as the piece work basis time rate applicable to the worker under Part II or Part III of this Schedule.

DEFINITIONS

2. In this Schedule, unless the context otherwise requires,
 - (1) **HARD FIBRES** mean manila, sisal, maguey fibre, New Zealand hemp or coir or a mixture thereof ;
 - (2) **SHRINK NETTING** means that the netting is made by shrinking or gaining, that is to say, the process of putting two meshes into one mesh or vice versa in order to obtain the required taper, shrink or gain ;
 - (3) **PLAIN NETTING** is ordinary braiding, single selvedge, the net mesh when straight hanging diamond ;
 - (4) **A RAN SHORT REEL** is the amount of twine wound on a reel 69 inches in circumference in 400 revolutions or 766 $\frac{2}{3}$ yards ;
 - (5) **SIZE OF MESH** means in the case of all nets, other than the stack nets referred to in paragraph 10, the total length of two adjacent sides of the mesh, measured from the inside of one knot to the outside of the other.

PART II

NET SECTION OF THE TRADE

NETS MADE FROM DOUBLE OR TREBLE TWINE

8. The general minimum piece rates payable to female home-workers employed on handbraiding, handknotting or handbaiting nets made from double or treble twine from fibres not being hard fibres or man-made fibres of continuous filament are respectively three-quarters and two-thirds of the general minimum piece rates which would be payable under paragraph 7 if the nets were made from single twine.

HANDBRAIDING OF TRAWL, SEINE OR OTHER NETS FROM HARD FIBRES

- 9.—(1) The general minimum piece rates set out in the next following Table are per lb. of twine and are payable, subject to the provisions of this paragraph, to female workers (including home-workers) employed in the handbraiding of trawl, seine or other nets (other than stack nets to which paragraph 10 applies) from hard fibres.
- (2) The general minimum piece rates set out in the said Table are payable where the needles are filled at the expense of the worker. Where the needles are filled at the expense of the employer, the said rates shall be reduced by ten per cent.
- (3) Where a net section contains meshes of more than one size, the general minimum piece rate payable for the whole section is that for a mesh size ascertained by a weighted average arrived at as follows: Multiply the number of rows of each separate mesh size by the size of the mesh, add the product, and divide the result by the total number of rows in the net section.

For example: The belly of a new trawl net consisting of 75 rows of 3-inch mesh, 50 rows of 4-inch mesh, 25 rows of 5-inch mesh: Calculation of weighted average mesh—

$$\begin{array}{r}
 75 \times 3 = 225 \\
 50 \times 4 = 200 \\
 25 \times 5 = 125 \\
 \hline
 150 \quad 550
 \end{array}
 \left. \vphantom{\begin{array}{r} 75 \times 3 = 225 \\ 50 \times 4 = 200 \\ 25 \times 5 = 125 \\ \hline 150 \quad 550 \end{array}} \right\} \text{Weighted average mesh size} = \frac{550}{150} = 3\frac{1}{3} \text{ inches.}$$

The whole net section must be paid for as though the mesh was 3 $\frac{1}{3}$ inches throughout, viz., under Col. 8 of the said Table.

(2) In this Scheme “hill land” means—

- (a) subject to the provisions of head (b) of this paragraph, land which is livestock rearing land as defined in section 1(3) of the Livestock Rearing Act 1951, that is to say, land situated in an area consisting predominantly of mountains, hills or heath, being land which is, or by improvement could be made, suitable for use for the breeding, rearing and maintenance of sheep or cattle but not for the carrying on, to any material extent, of dairy farming, the production, to any material extent, of fat sheep or fat cattle, or the production of crops in quantity materially greater than that necessary to feed the number of sheep or cattle capable of being maintained on the land ; and
- (b) in a case where land falling within head (a) of this paragraph forms part only of an agricultural unit, such land in so far as it, in the opinion of the Secretary of State, comprises an area suitable to be dealt with as a unit and is capable, taking into account the numbers of any other livestock normally grazed thereon, of carrying a regular breeding herd :

Provided that hill land shall be deemed to include, in respect of the year 1964, land which at any time during the period of 12 months immediately preceding the qualifying day in that year was accepted by the Secretary of State as livestock rearing land as defined as aforesaid and in respect of any other relevant year, land which at any time during the period of 12 months immediately preceding the qualifying day in that year was accepted by him as hill land within the meaning of heads (a) and (b) of this paragraph.

(3) The Interpretation Act 1889(a), shall apply for the interpretation of this Scheme as it applies for the interpretation of an Act of Parliament.

Subsidy Payments

3. Subject to the provisions of this Scheme, the Secretary of State may, in respect of the year 1964 and of each of the next three succeeding years, make a subsidy payment in respect of every cow in the case of which the provisions of this Scheme have been complied with.

Description of Cattle and Management

4.—(1) Subject to the provisions of this Scheme, a subsidy payment may be made in respect of the relevant year in respect of a cow which is a

breeding cow on the qualifying day, is of a type and quality approved by the Secretary of State and in the case of which he is satisfied that it—

- (a) has been grazed and maintained for the production and rearing of calves in accordance with sound farming practice by the occupier of the hill land specified in the application made by him for that year in respect of it ;
- (b) has been so grazed and maintained on hill land throughout the relevant period ; and
- (c) except where the proviso to the definition of hill land in Article 2(2) of this Scheme applies, will continue to be grazed on hill land for a substantial part of its breeding life.

(2) Where a breeding cow is included in a regular breeding herd, head (c) of the last foregoing paragraph shall be deemed to be complied with in the case of that cow in any year if the Secretary of State is satisfied that the said occupier intends to continue to maintain a regular breeding herd on hill land.

5.—(1) This Article shall have effect for the purpose of determining whether the provisions of Article 4(1)(b) have, in the relevant year, been complied with in the case of any cow in respect of which an application is made in respect of that year—that is to say, in determining whether the cow has been grazed and maintained for the production and rearing of calves in accordance with sound farming practice on hill land throughout the relevant period.

(2) Where the cow is owned by the occupier of a holding to which the Small Landholders (Scotland) Acts 1886 to 1931(a), or, as the case may be, the Crofters (Scotland) Acts 1955 and 1961(b), apply, being a holding comprised in a township, and has been grazed and maintained either on the common grazings or common pasture of the township or on that holding or partly on the common grazings or common pasture and partly on the holding, and those grazings or that pasture or holding, or both those grazings or that pasture and that holding, as the case may be, are hill land, the provisions of Article 4(1)(b) shall be deemed to have been complied with.

(3) No account shall be taken of any period (hereafter in this paragraph referred to as “the wintering period”) during which the cow, if it is included in a regular breeding herd, has in the winter months occurring in the relevant period, been grazed and maintained on land other than hill land if the Secretary of State is satisfied that—

- (a) in all the circumstances it was necessary, other than on account of excessive stocking, to maintain all or some of the breeding cows or in-calf heifers included in the herd during the wintering period on land other than hill land during that period ;
- (b) the maintenance of the breeding cows or in-calf heifers during the wintering period conforms to sound farming practice ; and
- (c) the wintering period was not longer than was in all the circumstances necessary.

(4) Where the cow was not being grazed and maintained at the commencement of the relevant period on hill land but was, on a date before the date of the December Return made in that period, brought on to such land for the first time then no account shall be taken of any period occurring before the cow was brought on to that land.

(a) 49 & 50 Vict. c. 29; 50 & 51 Vict. c. 24; 54 & 55 Vict. c. 41; 8 Edw. 7. c. 50; 1 & 2 Geo. 5. c. 49; 9 & 10 Geo. 5. c. 97 and 21 & 22 Geo. 5. c. 44.

(b) 3 & 4 Eliz. 2. c. 21 and 9 & 10 Eliz. 2. c. 58.

(5) Where the cow dies, or in accordance with sound farming practice ceases to be grazed and maintained on hill land, then provided a suitable replacement is brought on to such land within such time as is in the opinion of the Secretary of State not unreasonably long, the provisions of Article 4(1)(b) shall be deemed to have been complied with in the case of that cow.

(6) If during any period between the commencement of the relevant period and the date of the June Return made in the relevant period, the cow was an in-calf heifer, references in Article 4 to a breeding cow shall, in their application to that cow, in respect of that period include references to it as if it had then been a breeding cow.

Application for subsidy payment

6.—(1) Subject to the following provisions of this Article, a subsidy payment in respect of a cow shall not be made in respect of the year 1964 or any of the next three succeeding years by the Secretary of State, unless an application therefor in respect of that cow in respect of that year is:—

- (a) made, in such form as the Secretary of State may prescribe, by the person who is the occupier of the hill land specified in the application as at the beginning of the qualifying day in that year; and
- (b) received by the Secretary of State not later than 30th June in that year:

Provided that the Secretary of State may, in the case of any such application as is not received by 30th June aforesaid, but in regard to which it appears to him that the circumstances are exceptional and that the application should be entertained, treat the application as having been received before 30th June aforesaid.

(2) An application made in respect of a cow belonging to the occupier of a holding to which the Small Landholders (Scotland) Acts 1886 to 1931, or the Crofters (Scotland) Acts 1955 and 1961 apply, being a holding comprised in a township having common grazings or a common pasture, may, if not made by the occupier, be made in accordance with the following provisions of this paragraph, that is to say—

- (a) where a committee has been appointed for the management of the common grazings or common pasture, and there is in office a Clerk to that committee, by the Clerk;
- (b) in any other case, by a person who has been duly authorised by the occupiers of all the holdings in that township, in a manner satisfactory to the Secretary of State, to make the application.

Persons eligible for subsidy payment

7.—(1) Subject to the provisions of this and the next succeeding paragraph, a subsidy payment shall be made only to the person who is the occupier as at the beginning of the qualifying day of the hill land specified in his application.

(2) Where, in accordance with Article 6(2) an application is made by the Clerk or by such other person as may be authorised the subsidy payment falling to be made by virtue of the application shall be made to the Clerk or as the case may be to that other person, and the Clerk or that other person shall make payment to the person referred to in paragraph (1) of this Article of the subsidy payment, diminished by such amount (if any) as may be determined by the committee for the purpose of the management of the common grazings or common pasture.

Number of cows, etc., qualifying for subsidy payment

8.—(1) Subject to the provisions of this and the next succeeding Article, the number of subsidy payments to be made to an occupier in respect of the relevant year shall be equal to the number of breeding cows grazed and maintained on hill land (being the land specified in his application or in the application made on his behalf) at the date of the June Return made in respect of that land in that year and included in the Return or the number of breeding cows and in-calf heifers so grazed and maintained on the date of the December Return next preceding that date and included in that Return, whichever is the less:

Provided that if the number of subsidy payments so determined is greater than the number of breeding cows which in the opinion of the Secretary of State the hill land on which the herd was grazed and maintained during the relevant period was, taking into account the number of any other livestock normally grazed on that land, capable of carrying, the Secretary of State may make payment of such lesser number of subsidy payments as he may determine.

(2) Where the Secretary of State is satisfied that—

- (a) no such Returns as are referred to in paragraph (1) of this Article have been made ; or
- (b) any such Return made as aforesaid is inaccurate in respect of the number of breeding cows or in-calf heifers included therein ; or
- (c) the number of breeding cows or in-calf heifers included in any such Return made as aforesaid is less having regard to the provisions of Article 5 of this Scheme than the number of breeding cows or in-calf heifers grazed and maintained by the occupier on hill land throughout the relevant period ;

the number of subsidy payments to be made as aforesaid shall be equal to such number of breeding cows as the Secretary of State, having regard to all the circumstances, deems to be the number of breeding cows in respect of which subsidy payments are to be computed.

Disqualification

9. If, in the opinion of the Secretary of State, any breeding cows in respect of which subsidy payments have been made to any person under this Scheme, or under the Hill Cattle (Scotland) Scheme 1957(a), were not in the year to which the subsidy payments related grazed and maintained in accordance with the provisions of the Scheme under which payment was made, the number of breeding cows, computed in accordance with the provisions of this Scheme, in respect of which subsidy payments would otherwise fall to be made to that person in respect of any subsequent year shall be reduced by such number as the Secretary of State may determine.

Amount of subsidy payment

10. A subsidy payment shall be of such amount as is prescribed by the Secretary of State by Order made under section 14(3) of the Hill Farming Act 1946.

11. A subsidy payment shall not be made in respect of any cow if the Secretary of State is satisfied that—

- (a) it was not grazed on hill land at such time or times during the relevant period as is consistent with sound farming practice ;

- (b) it was not grazed on hill land during the relevant period in such a manner as to bring about the maximum improvement of that land ;
- (c) it was kept during the relevant period for production of milk for sale, or of milk to be used for the making of milk products for sale or of a domestic milk supply ; and
- (d) the management of the cow, including the selection of the bull used to produce a calf, was not in accordance with sound farming practice.

Improvements to land

12.—(1) The Secretary of State may, by notice in writing, require any occupier to whom a subsidy payment has been, or is to be, made, to carry out such works of improvement to the hill land on which the breeding cow, in respect of which that subsidy payment falls to be made, was grazed during the relevant period, as are, in the Secretary of State's opinion, necessary to bring that land into a good state of fertility and may, if the works are not carried out by the occupier within a reasonable time after any such notice has been given to him, withhold payment of that subsidy payment or, where that subsidy payment has already been made, of any other subsidy payment falling to be made to the occupier under this Scheme in any succeeding year.

(2) For the purposes of this Article, " occupier " shall include a committee appointed for the management of any common grazings or common pasture, such as is mentioned in Article 6(2)(a).

Subsidy payments to persons entitled to claim otherwise than by virtue of an assignation

13. Any subsidy payments falling to be made under this Scheme, being payments which might be made to the person who at the beginning of the qualifying day was the occupier of the hill land specified in his application may be made to a person who, if any such payment had been a debt which, at the beginning of that day accrued due to the first mentioned person, would have been entitled to claim the payment otherwise than by virtue of an assignation.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

The Hill Farming Act 1946 as extended by the Livestock Rearing Act 1951, the Hill Farming Act 1956 and the Agriculture (Miscellaneous Provisions) Act 1963 empowers the Secretary of State with the approval of the Treasury to make schemes providing for subsidy payments in respect of cattle grazed and maintained on hill land.

This Scheme, the Hill Cattle (Scotland) Scheme 1964 relates to Scotland and makes provision for subsidy payments from 1964 to 1967. It defines hill land and the descriptions of cattle to which it applies. It also specifies the conditions under which the cattle must be grazed and maintained and contains provisions against over-stocking, for making applications for subsidy annually, for the computation of the number of cattle qualifying for subsidy, and other matters.

The Hill Farming Act 1946 requires the amount of subsidy payment in respect of an animal to be prescribed in a separate Order; the Order for this purpose is the Hill Cattle Subsidy Payment (Scotland) Order 1964 (S.I. 1964/674).

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order extends the provisions of the Copyright Act 1956, with certain exceptions and modifications, to form part of the law of Mauritius.

The Order also extends, to form part of the law of that country, two Orders in Council, as amended, made under the provisions of the Copyright Act. Works produced by the international organisations specified in the Copyright (International Organisations) Order 1957 as amended, and broadcasts to the public made in countries to which section 14 of the Copyright Act has been extended by Order in Council will now enjoy in

Mauritius protection similar to that which they at present enjoy in the United Kingdom and broadcasts made in Mauritius will enjoy similar protection in each of those countries to which the Copyright (Broadcasting Organisations) Order 1961 has been extended.

Works originating in certain foreign and Commonwealth countries are also being protected by the extension to Mauritius of the Copyright (International Conventions) Order 1964 (S.I. 1964/690) which comes into operation at the same time as this Order.

The Order also takes account of—

The Queen's Most Excellent Majesty in Council

Whereas the question whether the Merchandise Marks (Imported Goods) No. 4 Order 1928(a), as amended(b) (hereinafter referred to as "the principal Order") should be further amended in the manner hereinafter appearing was referred to the appropriate Committee appointed under the Merchandise Marks Act 1926(c); and, the reports of the Committee having been taken into consideration, the Board of Trade have represented to Her Majesty that it is desirable that the principal Order should accordingly be further amended;

And whereas a draft of this Order has lain before Parliament for a period of 40 days in accordance with section 7 of the said Act and section 6(2) of the Statutory Instruments Act 1946(d) and neither House of Parliament has resolved that the draft be not submitted to Her Majesty;

W. G. Agnew.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The Merchandise Marks (Imported Goods) No. 4 Order 1928, as amended, prohibits the importation into, or the sale or exposure for sale in, the United Kingdom of imported ball or roller bearings unless they bear an indication of origin applied in the manner specified in the Order.

This Order varies the manner in which the indication of origin is to be applied to bearings with an outside diameter of over 12·7 mm. and not over 25·4 mm. (that is to say, very slightly over $\frac{1}{2}$ inch and 1 inch respectively), and to ball bearings with a single split through the outer race at right angles to the path of the balls. In these cases the indication of origin is now required to be printed or stamped on the wrapper or container. This requirement continues to apply to bearings with an outside diameter of 12·7 mm. or less. In the case of any other bearing the indication must still be die-stamped or otherwise impressed or etched on the visible surface of the outer ring of the bearing.

This Order revokes an earlier amending Order (S.I. 1961/1498), the effect of which is incorporated in this Order.

The Reports referred to in this Order are contained in Command Papers No. 2136 and No. 2234.

ARTICLE I

In this Schedule:

(b) "contracting carrier" means a person who as a principal makes an agreement for carriage with a passenger or consignor or with a person acting on behalf of the passenger or consignor;

(c) "actual carrier" means a person, other than the contracting carrier, who, by virtue of authority from the contracting carrier, performs the whole or part of the carriage contemplated in paragraph (b) but who is not with respect to such part a successive carrier within the meaning of the principal Rules. Such authority is presumed in the absence of proof to the contrary.

ARTICLE II

If an actual carrier performs the whole or part of carriage, both the contracting carrier and the actual carrier shall, except as otherwise provided in this Schedule, be subject to the principal Rules, the former for the whole of the carriage contemplated in the agreement for carriage, the latter solely for the carriage which he performs.

ARTICLE III

1. The acts and omissions of the actual carrier and of his servants and agents acting within the scope of their employment shall, in relation to the carriage performed by the actual carrier, be deemed to be also those of the contracting carrier.

2. The acts and omissions of the contracting carrier and of his servants and agents acting within the scope of their employment shall, in relation to the carriage performed by the actual carrier, be deemed to be also those of the actual carrier. Nevertheless, no such act or omission shall subject the actual carrier to liability exceeding the limits specified in Article 22 of the principal Rules. Any special agreement under which the contracting carrier assumes obligations not imposed by the principal Rules or any waiver of rights conferred by those Rules or any special contract in writing contemplated in the said Article shall not affect the actual carrier unless agreed to by him.

ARTICLE IV

Any complaint to be made or order to be given under the principal Rules to the carrier shall have the same effect whether addressed to the contracting carrier or to the actual carrier. Nevertheless, orders referred to in Article 12 of the principal Rules shall only be effective if addressed to the contracting carrier.

ARTICLE V

In relation to the carriage performed by the actual carrier, any servant or agent of that carrier and of the contracting carrier shall, if he proves that he acted within the scope of his employment, be entitled to avail himself of the limits of liability which are applicable under this Schedule to the carrier whose servant or agent he is unless it is proved that he acted in a manner which, under the principal Rules, prevents the limits of liability from being invoked.

ARTICLE VI

In relation to the carriage performed by the actual carrier, the aggregate of the amounts recoverable from that carrier and the contracting carrier, and from their servants and agents acting within the scope of their employment, shall not exceed the highest amount which could be awarded against either the contracting carrier or the actual carrier under this Schedule, but none of the persons mentioned shall be liable for a sum in excess of the limit applicable to him.

ARTICLE VII

In relation to the carriage performed by the actual carrier, an action for damages may be brought, at the option of the plaintiff, against that carrier or the contracting carrier, or against both together or separately.

ARTICLE IX

1. Any contractual provision tending to relieve the contracting carrier or the actual carrier of liability under this Schedule or to fix a lower limit than that which is applicable according to this Schedule shall be null and void, but the nullity of any such provision does not involve the nullity of the whole agreement, which shall remain subject to the provisions of this Schedule.

2. In respect of the carriage performed by the actual carrier, the preceding paragraph shall not apply to contractual provisions governing loss or damage resulting from the inherent defect, quality or vice of the cargo carried.

3. Any clause contained in an agreement for carriage and all special agreements entered into before the damage occurred by which the parties purport to infringe the rules laid down by this Schedule by deciding the law to be applied, shall be null and void. Nevertheless, for the carriage of cargo arbitration clauses are allowed, subject to this Schedule.

ARTICLE X

(This Note is not part of the Order, but is intended to indicate its general purport.)

(2) If any person on whom a notice issued under the provisions of this Article has been served fails to comply with any requirement of such notice, he shall be guilty of an offence against the Act.

Prohibition of Voyages during adverse weather

8. Animals which are required to be rested under this Order or in respect of which a licence has been granted under Article 9 of this Order shall not be carried on any voyage of a vessel if, in the judgment of the master of the vessel, there are reasonable grounds for anticipating that, owing to adverse weather conditions, the voyage would be attended by serious injury or suffering to, or loss of life among, the animals.

- (a) is a pedigree animal intended for use for breeding; or

(2) An application for any licence under this Article shall be made in such manner and within such time as may be required by the Minister or Secretary of State, and any licence so granted may have attached thereto such conditions as the Minister or Secretary of State may impose for the prevention of unnecessary suffering in transit.

(2) When such notice shall have been given the approved premises or such part thereof as may be specified in the notice or such things as aforesaid, as the case may be, shall not be used for animals unless and until the cleansing and disinfection required by the said notice has been carried out to the satisfaction of an inspector, and dung, food or litter shall not be disposed of otherwise than in accordance with the notice.

It requires the provision of adequate and accessible food and water and shelter and bedding and limits the number of each species of animal which may be put at one time into any one pen or enclosure on approved premises.

It further provides that animals may not be loaded into any vessel or aircraft unless a veterinary inspector has certified that he has examined the animals and found them fit to be shipped and empowers an inspector appointed by the Minister or by the local authority to prohibit the carriage of any animal or to require an animal to be removed from a vessel or aircraft if it is likely to be exposed to unnecessary suffering during transit.

“ termination ”, in relation to an arbitration under the 1948 Act, means the date on which the arbitrator’s award is delivered to the tenant.

4. The Interpretation Act 1889(e) shall apply to the interpretation of this Order as it applies to the interpretation of an Act of Parliament.

NOTICES TO DO WORK

Notice requiring arbitration

5.—(1) This Article shall have effect for the purpose of determining any question arising under a notice to do work served after this Order comes into operation.

(a) 11 & 12 Geo. 6. c. 63.

(b) 6 & 7 Eliz. 2. c. 71.

(c) 1963 c. 11.

(d) S.I. 1959/81 (1959 I, p. 91).

(e) 52 & 53 Vict. c. 63.

(2) Where the tenant wishes to contest his liability under the terms or conditions of his tenancy to do any of the work specified in the notice, he shall do so by serving on the landlord within one month after the service of the notice to do work a notice in writing specifying the grounds on which and the items in respect of which he denies liability and requiring the question to be determined by arbitration under the 1948 Act.

(3) Where the tenant wishes to contest any question other than or in addition to that mentioned in paragraph (2) above, he shall do so by serving on the landlord within one month after the service of the notice to do work a notice in writing requiring the question to be determined by arbitration under the 1948 Act, so, however, that a tenant who has not required arbitration under this paragraph or paragraph (2) above shall not be precluded from requiring arbitration under Article 9 below in respect of any question other than one as to his liability under the terms or conditions of his tenancy to do any of the work specified in the notice.

(4) Nothing in paragraph (3) above shall preclude a tenant who has required arbitration under this Article and who has been found liable to do work from subsequently requiring arbitration under Article 9 below on the ground that, in consequence of anything happening before the expiration of the time for doing the work as extended by the arbitrator in pursuance of Article 6 below, it would have been unreasonable to require the tenant to do the work within that time.

Extension of time for doing work

6. Where a tenant requires any question to be determined by arbitration under Article 5 above, the time specified for doing the work which is the subject of the arbitration shall be extended until the termination of the arbitration, so, however, that, where the arbitrator finds that the tenant is liable to do any work, he shall extend the time for doing the work by such further period as he thinks fit.

Date of termination of tenancy on failure to do work

7.—(1) Where the time specified for doing any work is extended by virtue of Article 6 above, the arbitrator may, either of his own motion or on the application of the landlord made not later than 14 days after the termination of the arbitration, specify a date for the termination of the tenancy by notice to quit in the event of the tenant's failure to do the work within the extended time, being a date not earlier than whichever of the two following dates is the later, that is to say—

(a) the date on which the tenancy could have been terminated by notice to quit served on the expiration of the time originally specified in the notice to do work, or

(b) six months after the expiration of the extended time.

(2) Where the landlord applies to the arbitrator under paragraph (1) above, he shall at the same time give written notice of the application to the tenant (except where the application is made at the arbitration) and the tenant shall be entitled to be heard on the application.

(3) A notice to quit on a date specified in accordance with paragraph (1) above shall be served on the tenant within one month after the expiration of the extended time, and shall be valid notwithstanding that it is served less than twelve months before the date on which the tenancy is to be terminated or that that date is not the end of a year of the tenancy.

Recovery of cost of work

8. Where on an arbitration under Article 5 above it appears to the arbitrator that the tenant has done work required by a notice to do work which he was under no obligation to do, the arbitrator shall determine the reasonable cost of such work, which shall be recoverable from the landlord by the tenant in accordance with the provisions of section 71 of the 1948 Act.

NOTICES TO QUIT

Notice requiring arbitration

9. Where it is stated in a notice to quit an agricultural holding or part thereof that the notice is given for one or more of the reasons specified in paragraphs (b), (d) and (e) of section 24(2) of the 1948 Act and the tenant wishes to contest any of the reasons so stated, he shall within one month after the service of the notice serve on the landlord notice in writing requiring the question to be determined by arbitration under the 1948 Act.

Service of counter-notice

10. Where, in consequence of an arbitration under Article 9 above, subsection (1) of section 24 of the 1948 Act applies to a notice to quit, the time within which a counter-notice may be served by the tenant on the landlord under that subsection shall be one month from the termination of the arbitration.

Postponement of operation of notice to quit

11. Where a tenant requires a question arising out of a notice to quit to be determined by arbitration under Article 9 above, the operation of the notice shall be suspended until the termination of the arbitration.

12.—(1) Where a notice to quit has effect in consequence of an arbitration under Article 9 above, or the Agricultural Land Tribunal has consented to the operation of the notice under section 24(1) of the 1948 Act, and the notice would, but for the provisions of this Article, come into operation on or within six months after the termination of the arbitration or the giving of the consent, the arbitrator or the tribunal may, either of his or their own motion or on the application of the tenant made not later than 14 days after the termination of the arbitration or the giving of the consent, postpone the termination of the tenancy for a period not exceeding twelve months.

(2) Where the tenant applies to the arbitrator or the tribunal under paragraph (1) above, he shall at the same time give written notice of the application to the landlord (except where the application is made at the arbitration or at the hearing before the tribunal) and the landlord shall be entitled to be heard on the application.

Extension of time under notice to remedy after notice to quit

13.—(1) Where notice to quit is stated to be given by reason of the tenant's failure to remedy a breach of any term or condition of his tenancy within the time specified in a notice to remedy, or within that time as extended by the landlord or in pursuance of Article 6 above or of this Article, and it appears to the arbitrator on an arbitration under Article 9 above that, notwithstanding that the time originally specified or extended was reasonable, it would, in consequence of anything happening before the expiration of that time, have been unreasonable to require the tenant to remedy the breach within that time, the arbitrator may treat the time as having been extended or further extended and make his award as if the time

had not expired ; and where the breach has not been remedied at the date of the award, the arbitrator may extend the time by such period as he considers reasonable, having regard to the length of time which has elapsed since the service of the notice to remedy.

(2) Where the time specified for doing any work is extended under paragraph (1) above, the arbitrator may, either of his own motion or on the application of the landlord made not later than 14 days after the termination of the arbitration, specify a date for the termination of the tenancy by notice to quit in the event of the tenant's failure to do the work within the extended time, being a date not earlier than whichever of the two following dates is the later, that is to say—

(a) the date on which the tenancy would have been terminated by the notice to quit which was the subject of the arbitration, or

(b) six months after the expiration of the extended time.

(3) Where the landlord applies to the arbitrator under paragraph (2) above, he shall at the same time give written notice of the application to the tenant (except where the application is made at the arbitration) and the tenant shall be entitled to be heard on the application.

(4) A notice to quit on a date specified in accordance with paragraph (2) above shall be served on the tenant within one month after the expiration of the extended time, and shall be valid notwithstanding that it is served less than twelve months before the date on which the tenancy is to be terminated or that that date is not the end of a year of the tenancy.

Notice to sub-tenants

14.—(1) The provisions of section 24(1) of the 1948 Act shall not apply where notice to quit an agricultural holding or part thereof is given to a sub-tenant by a tenant who has himself been given notice to quit that holding or part thereof and the fact that the tenant has been given such notice is stated in the notice given to the sub-tenant.

(2) Any such notice as aforesaid given to a sub-tenant shall have effect only if the notice to quit given to the tenant by the landlord itself has effect.

(3) Where a tenant accepts notice to quit part of a holding as notice to quit the whole under section 32 of the 1948 Act, then, for the purpose of this Article, the notice shall be deemed to be a notice to quit the entire holding.

Dated 11th May 1964.

NOTES

In these Notes, " the Order " means the Agriculture (Notices to Remedy and Notices to Quit) Order 1964 (S.I. 1964 No. 706)

What to do if you wish to contest your liability to do any of the work required by this Notice

1. If you dispute your liability to do the work, or any part of the work, required by this Notice to Remedy, you can refer this question to arbitration under Article 5(2) of the Order.

2. If you wish to refer this question to arbitration, you must do so now on receipt of this Notice to Remedy ; you will not be able to refer it to arbitration later, on receipt of a notice to quit.

3. To refer this question to arbitration you must, within one month of the service upon you of this Notice to Remedy, serve a notice in writing upon your landlord specifying the items for which you deny liability and requiring the matter to be determined by arbitration under the Agricultural Holdings Act 1948.

4. If you refer this question to arbitration, you are not obliged to carry out the work which is the subject of the reference to arbitration unless and until the arbitrator decides that you are liable to do it ; but you must carry out any work for which you do not dispute liability.

5. You may, if you wish, carry out any of the work which is the subject of the reference to arbitration without waiting for the arbitrator's award. If you do this and the arbitrator finds that you have carried out any such work which was not your liability, he will determine at the time he makes his award the reasonable cost of any such work which you have done and you will be entitled to recover this from your landlord. (See Article 8 of the Order.)

What to do if you wish to contest any other question arising under this Notice to Remedy

6. If you wish to contest any question arising under this Notice other than your liability to do the work, you should refer the question to arbitration in either of the following ways, according to whether you are also questioning your liability to do the work or not:—

- (a) If you are referring to arbitration the question of your liability to do work, then you must also refer to arbitration at the same time any other questions relevant to this Notice which you may wish to dispute. To do this, you should include in the notice to your landlord referred to in Note 3 above a statement of the other questions which you require to be determined by arbitration under the 1948 Act. (See Article 5(3) of the Order.)
- (b) If you accept liability for the work specified in this Notice, but wish to contest some other question arising under the Notice, you may refer that question to arbitration either now, on receipt of this Notice to Remedy, or later, if you get a notice to quit. To refer the question to arbitration now, you should serve on your landlord within one month after the service of this Notice to Remedy a notice in writing setting out what it is you require to be determined by arbitration under the 1948 Act. (See Article 5(3) of the Order.)

Extensions of time allowed for complying with this Notice to Remedy

7. If you refer to arbitration now any question arising from this Notice to Remedy, the time allowed for complying with the Notice will be extended until the termination of the arbitration. If the arbitrator decides that you are liable to do any of the work specified in this Notice to Remedy, he will extend the time in which the work is to be done by such period as he thinks fit. (See Article 6 of the Order.)

Warning as to the effect which any extension of the time allowed for complying with this Notice to Remedy may have upon a subsequent notice to quit

8. If your time for doing the work is extended as mentioned in Note 7 above, the arbitrator can specify a date for the termination of your tenancy should you fail to complete the work you are liable to do within the extended time. Then, if you did fail to complete that work within the extended time, your landlord could serve notice to quit upon you expiring on the date which the arbitrator had specified, and the notice would be valid even though that date might be less than 12 months after the next term date, and might not expire on a term date. The arbitrator cannot, however, specify a termination date which is less than 6 months after the expiry of the extended time to do the work. Nor can he specify a date which is earlier than would have been possible if you had not required arbitration on this Notice to Remedy and had failed to do the work. (See Article 7 of the Order.)

- (a) is agricultural land ;
- (b) is, in the opinion of the Minister, suitable for ploughing and cropping ;
- (c) is not less than one acre in area ;
- (d) was ploughed up from grass within the period beginning with 1st June 1964 and ending with 31st May 1965 ; and

- (c) the sowing on that land of a crop, unless the Minister otherwise determines.

(2) A grant shall not be made under this Part of this scheme in respect of any land unless before the commencement of any operations in respect of which such a grant may be made the Minister has approved those operations in relation to that land and is satisfied that the carrying out thereof on that land is likely to involve expenditure which is substantially heavier than normal for operations such as are specified in subparagraph (1) of this paragraph.

(3) The person to whom such a grant may be made shall be the occupier of the land on completion of the operations in respect of which the grant is payable.

7. The rate of grant to be made in accordance with this Part of this scheme shall be £12 per acre :

10. Where in the opinion of the Minister—

(a) the ploughing or any other operation in respect of which a grant under Part I, or, as the case may be, Part II, of this scheme may be made has been inefficiently carried out, or

12. A grant shall not be made under Part I of this scheme unless an application for the grant—

(a) is made to the Minister by the occupier of the land ploughed up, in writing in such form as the Minister may from time to time require, and

(b) is received by the Minister not later than the last day of the month following that in which the land is ploughed, or before such later date as the Minister may by reason of the special circumstances of any case allow.

SCHEDULE

Paragraph 3(1)

FURTHER OPERATIONS

The following shall be further operations after ploughing for the purposes of Part I of this scheme:—

- (a) Ploughing a second time, rotavating, discing, cultivating, rolling, harrowing or any similar operation carried out for the purpose of producing a tilth.
- (b) Spreading lime or fertiliser.
- (c) Sowing or planting.

EXPLANATORY NOTE

(This Note is not part of the scheme, but is intended to indicate its general purport.)

This scheme, which is made under the Agriculture (Ploughing Grants) Act 1952, provides for the making of grants by the Minister of Agriculture, Fisheries and Food at two different rates in respect of land ploughed up from grass, where after ploughing the operations described in the scheme are carried out.

Part I of the scheme differs from the 1963 scheme (S.I. 1963/1019) in that qualification for the £5 per acre grant is no longer based upon the full range of operations necessary to produce a crop, but on ploughing followed by one of the operations specified in the scheme. Such grant is however restricted to agricultural land which is suitable for ploughing and cropping. Notice of ploughing is no longer required, but applications for grant must be made by the end of the month after that in which the land has been ploughed, unless in special circumstances the Minister allows more time.

All other qualifying dates have been advanced by one year, but in other respects the scheme is materially the same as the previous one.

Subsidy payments

4. Subject to the provisions of this Scheme, the Minister may, in respect of the year 1964 and each of the three next succeeding years, make subsidy payments in respect of cattle grazed on hill land (being cattle of a description to which this Scheme applies), to the person who was the occupier of the land at the beginning of the qualifying day:

Provided that—

- (a) in the case of cattle grazed on hill land that is subject to rights of common of pasture, payment may be made to the person who at the beginning of the qualifying day was entitled so to graze the cattle by virtue of his rights of common of pasture, or
- (b) in the case of cattle grazed on other hill land that is by custom subject to rights of grazing, payment may be made, at the Minister's discretion, either to the person at the beginning of the qualifying day responsible for the care and management of the cattle, or to the person then owning the cattle.

Description of cattle

5.—(1) Subject to the provisions of the next succeeding subparagraph, this Scheme shall apply to breeding cows and in-calf heifers of such type and quality as may from time to time be approved by the Minister forming part of a regular breeding herd, that is to say, a herd of cows and in-calf heifers maintained throughout their normal breeding life for the purpose of breeding store cattle for sale.

(2) This Scheme shall not apply to cows kept wholly or mainly for the production of milk for sale or for the making on the farm of cheese for sale, or solely for domestic milk supply.

Hill land

6. In this Scheme "hill land" means—

- (a) land in those parts of England and Wales specified in Part I of the Schedule to this Scheme which is—
 - (i) land situated in an area consisting predominantly of mountains, hills or heath, or
 - (ii) land situated outside such an area in the county districts and parish specified in column 2 of Part II of the said Schedule, shown opposite the counties and county borough in which such districts and parish are respectively situated specified in column 1 of the said Part II,

being in either case land which is, or by improvement could be made, suitable for use for the breeding, rearing and maintenance of sheep or cattle but not for the carrying on to any material extent, of dairy farming, the production, to any material extent, of fat sheep or fat cattle or the production of crops in quantity materially greater than that necessary to feed the number of sheep or cattle capable of being maintained on the land;

- (b) in relation to any year, land (not being hill land as mentioned in sub-paragraph (a) of this paragraph) which at any time within the period of twelve months immediately preceding the qualifying day in that year, was accepted by the Minister as having satisfied the conditions of the said subparagraph (a).

Subsidy payments (supplementary provisions)

7.—(1) Subject to subparagraphs (2) and (3) of this paragraph a subsidy payment shall be of such amount as shall be prescribed by an order made by the Minister in accordance with the provisions of section 14(3) of the Act.

(2) Except in special circumstances where the Minister, with the consent of the Treasury, otherwise directs, subsidy payments shall not be made under this Scheme in respect of hill cattle grazed on hill land as mentioned in paragraph 6(a)(ii) of this Scheme unless the land in respect of which subsidy payments are claimed was, for the purposes of the Hill Cattle (Breeding Herds) (England and Wales) Scheme 1953(a), as extended (b), accepted by the Minister in respect of the year 1962, as being livestock rearing land as defined in section 1(3) of the Livestock Rearing Act 1951(c).

(3) Subsidy payments shall not be made under this Scheme in respect of hill cattle grazed on hill land as mentioned in paragraph 6(b) of this Scheme unless the Minister is satisfied, having regard to the applicant's livestock rearing commitments entered into before the beginning of the year in respect of which subsidy payments fall to be made, that to withhold subsidy payments would involve hardship.

Number of cows, etc. qualifying for subsidy payment

8.—(1) Subject to the provisions of this paragraph the number of cattle for which subsidy payments may be made to any person in respect of any year shall be—

(a) the number of breeding cows and in-calf heifers in the breeding herd on 1st January next preceding the qualifying day, or in the case of a newly established herd such other day, if any, as the Minister may appoint, or

(b) the number of breeding cows in the herd on the qualifying day, whichever of these numbers is the less.

(2) If the number of cattle in respect of which an application is made—

(a) includes cows (not being cows to which paragraph 5(2) of this Scheme applies) from which at any season in the year an appreciable quantity of the milk produced is sold, or used for the making on the farm of cheese for sale ;

(b) is greater than the total number which, in the opinion of the Minister, is capable of being properly grazed on the hill land on which they are grazed ; or

(c) is greater than the relevant number (computed in accordance with subparagraph (3) of this paragraph) ascertained by reference to a stocking ratio of one cow for each six acres of hill land in respect of which the application for subsidy payments is made,

the subsidy payments shall be restricted to such number as may be determined by the Minister.

(3) The relevant number referred to in subparagraph (2)(c) of this paragraph shall be computed as follows, that is to say—

(a) the number of acres of hill land, in respect of which the application for subsidy payments is made shall be divided by six ; and

(a) S.I. 1953/1179 (1953 I, p. 42).

(b) S.I. 1957/691 (1957 I, p. 128).

(c) 14 & 15 Geo. 6. c. 18.

- (b) where the quotient so ascertained contains a fraction, no account shall be taken of the fraction if it is less than a half, but if the fraction consists of a half or more than a half it shall be taken to be the next highest whole number.

Management

9. It shall be a condition of the making of subsidy payments under this Scheme that, subject to the provisions of this Scheme, cattle to the number in respect of which subsidy payments may be made—

- (a) have been maintained throughout the period of the year before the qualifying day on hill land or on land used together with such hill land for their breeding, rearing and maintenance and other activities carried on in connection therewith, and, except—

(i) in the case of cattle grazed on hill land as mentioned in paragraph 6(b) of this Scheme,

(ii) where after the qualifying day a change of occupation occurs (whether by death or otherwise) of any hill land in respect of which an application for subsidy payments is made,

are to be so maintained for the remainder of the year ; and

- (b) are grazed on the hill land at appropriate seasons in accordance with sound farming practice of the district in which the land is situated, in such manner as to bring about the maximum benefit to the grazings :

Provided that where by reason of exceptional circumstances it is impracticable to comply with the aforesaid condition so far as it requires the maintenance of the cattle throughout the year on hill land or on other land used together therewith, the Minister, if, in his opinion, having regard to all the circumstances including the length of the period for which the cattle have been or are to be so maintained on such land, it is right so to do, may relax the requirement to such extent as he may determine.

Disqualification

10. If, in the opinion of the Minister, any cattle in respect of which subsidy payments have been made to any person under this Scheme, or under the Hill Cattle (Breeding Herds) (England and Wales) Scheme 1953, as extended as aforesaid, were not in the year to which the subsidy payments related grazed and maintained in accordance with the provisions of the Scheme under which payment was made, the number of cattle, computed in accordance with the provisions of this Scheme, in respect of which subsidy payments would otherwise fall to be made to that person in respect of any subsequent year shall be reduced by such number as the Minister may determine.

Application for subsidy payment

11. It shall be a condition of the making of a subsidy payment under this Scheme that any person who desires to be paid in accordance with the provisions of this Scheme—

- (a) shall apply in writing in such form and at such time as the Minister may from time to time require ;

- (b) shall to the best of his ability facilitate any counting or inspection of the cattle, which the Minister may consider necessary, and shall, if so requested, gather them at some convenient place for the purpose.

Improvements to lands

12. If in the year 1964, or any of the three next succeeding years, in the opinion of the Minister, it is necessary for the efficient use of hill land for the purposes of this Scheme that improvements to such land or to other land used together therewith for the maintenance of the cattle should be carried out, he may require an applicant for subsidy payments in respect of cattle grazed on the hill land to carry out any such improvements the total cost of which to the applicant will not exceed forty per cent. of the total subsidy payments estimated to be payable to him in respect of that year according to the information in his application and, if the applicant fails to do so, the Minister may reduce the amount of any subsidy payments otherwise falling to be made to the applicant in respect of that year by such sum as the Minister, having regard to all the circumstances of the case, shall determine. If it is not practicable to make such reductions in subsidy payments in respect of the year in which the Minister requires the improvements to be made, the reductions, or any part thereof, may be made in any subsidy payments falling to be paid in respect of any subsequent year.

Subsidy payments to persons entitled to claim otherwise than by virtue of an assignment

13. Any subsidy payments falling to be made under this Scheme, being payments which might be made to the person who, at the beginning of the qualifying day was the occupier of the hill land or a person to whom subsidy payments might otherwise be made under this Scheme, may be made to the person who, if any such payment had been a debt which, at the beginning of that day accrued due to either of the first mentioned persons, would have been entitled to claim the payment otherwise than by virtue of an assignment.

Withholding or reduction of subsidy to persons failing to participate in or bear their share of the cost of improvement to common land

14. Where the Minister has in accordance with the provisions of section 12 of the Act done work for making improvements for the benefit of any land which is subject to rights of common of pasture, then, if the Minister after giving any person enjoying rights of common over the land an opportunity to make representations, is satisfied that such person has derived benefit from the doing of the work, and has failed to agree to bear a part of the cost of the work done, or has made default in the payment of the amount which can be recovered from him under section 12(7) of the Act, or any part of that amount, the following provisions shall apply to the making of any subsidy payments otherwise falling to be made to that person—

- (a) if any such person did not agree to bear part of the cost of the work done, or has defaulted in payment of the whole of the amount which can be recovered from him under section 12(7) of the Act, no subsidy payment shall be made to him ;
- (b) if any such person defaults in payment of any part of the amount so due, subsidy payments payable to him may be reduced by the extent to which he is in default:

Provided that, if any person from whom subsidy payments have been withheld in whole, or in part, under the foregoing provisions subsequently pays in whole, or in part, any amount due from him, the Minister may pay to him subsidy payments previously withheld, or such proportion thereof as he may determine to be appropriate.

In witness whereof the official seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 11th May 1964.

Christopher Soames,
Minister of Agriculture, Fisheries and Food.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

This Scheme, made by the Minister of Agriculture, Fisheries and Food, with the approval of the Treasury, under sections 13 to 15 of the Hill Farming Act 1946 (as extended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963), specifies, in respect of the years 1964 to 1967, the conditions subject to which subsidy payments may be paid in respect of "hill cattle" grazed on "hill land"—as these terms are respectively defined in the Scheme.

The principal changes between this Scheme and the Hill Cattle (Breeding Herds) (England and Wales) Scheme 1953 as extended (S.I. 1953/1179, 1957/691), which expired in 1963, are as follows:—

- (1) the definition of hill land is widened so that (read with other provisions) the Minister will henceforth be able to pay subsidy in respect of hill cattle grazed—
 - (a) on "livestock rearing land" (as defined in section 1(3)(c) of the Livestock Rearing Act 1951) in specified counties and county boroughs—which hitherto has alone constituted "hill land",
 - (b) on land in specified districts in those counties and county boroughs which the Minister accepted in respect of the year 1962 as being livestock rearing land, but which now appears to him not to be situated in "an area consisting predominantly of mountains, hills or heath" but in other respects fulfils the statutory definition of livestock rearing land, and
 - (c) in relation to any year, on land which the Minister accepted as being "hill land" (in either of the senses used in sub-paragraphs (a) and (b) above) at any time within a period of twelve months preceding the qualifying day (normally 4th June) in that year, —but only if the Minister is satisfied that, by reason of the applicant's livestock rearing commitments entered into before the beginning of the calendar year, to withhold payment would involve hardship;
- (2) the Scheme provides for the reduction of subsidy payments where the number of hill cattle on which subsidy is claimed exceeds the relevant number ascertained by reference to a stocking ratio of one cow to every six acres; and
- (3) land in Worcestershire is no longer eligible.

The amount of subsidy payment per animal for each year to which the Scheme relates is separately prescribed by order made under section 14(3) of the 1946 Act.

Subject to the provisions of this Scheme, the Minister may, in respect of the year 1964 and each of the three next succeeding years, make subsidy payments in respect of cattle grazed on hill land, (being cattle of a description to which this Scheme applies), to the person who was the occupier of the land at the beginning of the qualifying day :

Provided that—

- (a) in the case of cattle grazed on hill land that is subject to rights of common of pasture, payment may be made to the person who at the beginning of the qualifying day was entitled so to graze the cattle by virtue of his rights of common of pasture, or
- (b) in the case of cattle grazed on other hill land that is by custom subject to rights of grazing, payment may be made, at the Minister's discretion, either to the person at the beginning of the qualifying day responsible for the care and management of the cattle, or to the person then owning the cattle.

- (b) in relation to any year, land which at any time within the period of twelve months immediately preceding the qualifying day in that year, was accepted by the Ministry as being livestock rearing land.

Subsidy payments (supplementary provisions)

7.—(1) Subject to subparagraph (2) of this paragraph a subsidy payment under this Scheme shall be of such amount as shall be prescribed by an order made by the Minister in accordance with the provisions of section 14(3) of the Act.

(2) Subsidy payments shall not be made under this Scheme in respect of hill cattle grazed on hill land as mentioned in paragraph 6(b) of this Scheme unless the Ministry is satisfied, having regard to the applicant's livestock rearing commitments entered into before the beginning of the year in respect of which subsidy payments fall to be made, that to withhold subsidy payments would involve hardship.

Number of cows, etc., qualifying for subsidy payment

8.—(1) Subject to the provisions of this paragraph the number of cattle for which subsidy payments may be made to any person in respect of any year shall be—

(a) the number of breeding cows and in-calf heifers in the breeding herd on 1st January next preceding the qualifying day, or in the case of a newly established herd such other day, if any, as the Ministry may appoint, or

whichever of these numbers is the less.

(2) If the number of cattle in respect of which an application is made—

(a) includes cows (not being cows to which paragraph 5(2) of this Scheme applies) from which at any season in the year an appreciable quantity of the milk produced is sold, or used for the making on the farm of cheese for sale ;

(b) is greater than the total number which, in the opinion of the Ministry, is capable of being properly grazed on the hill land on which they are grazed ; or

(c) is greater than the relevant number (computed in accordance with subparagraph (3) of this paragraph) ascertained by reference to a stocking ratio of one cow for each six acres of hill land in respect of which the application for subsidy payments is made,

the subsidy payments shall be restricted to such number as may be determined by the Ministry.

(3) The relevant number referred to in subparagraph (2)(c) of this paragraph shall be computed as follows, that is to say—

(a) the number of acres of hill land, in respect of which the application for subsidy payments is made shall be divided by six ; and

(b) where the quotient so ascertained contains a fraction, no account shall be taken of the fraction if it is less than a half, but if the fraction consists of a half or more than a half it shall be taken to be the next highest whole number.

Management

9. It shall be a condition of the making of subsidy payments under this Scheme that, subject to the provisions of this Scheme, cattle to the number in respect of which subsidy payments may be made—

(a) have been maintained throughout the period of the year before the qualifying day on hill land or on land used together with such hill land for their breeding, rearing and maintenance and other activities carried on in connection therewith, and, except—

(i) in the case of cattle grazed on hill land as mentioned in paragraph 6(b) of this Scheme,

are to be so maintained for the remainder of the year ; and

(b) are grazed on the hill land at appropriate seasons in accordance with sound farming practice of the district in which the land is situated, in such manner as to bring about the maximum benefit to the grazings :

Provided that where by reason of exceptional circumstances it is impracticable to comply with the aforesaid condition so far as it requires the maintenance of the cattle throughout the year on hill land or on other land used together therewith, the Ministry, if, in its opinion, having regard to all the circumstances including the length of the period for which the cattle have been or are to be so maintained on such land, it is right so to do, may relax the requirement to such extent as it may determine.

Disqualification

10. If, in the opinion of the Ministry, any cattle in respect of which subsidy payments have been made to any person under this Scheme, or under the Hill Cattle (Breeding Herds) (Northern Ireland) Scheme 1953(a), as extended(b), were not in the year to which the subsidy payments related grazed and maintained in accordance with the provisions of the Scheme under which payment was made, the number of cattle, computed in accordance with the provisions of this Scheme, in respect of which subsidy payments would otherwise fall to be made to that person in respect of any subsequent year shall be reduced by such number as the Ministry may determine.

Application for subsidy payment

11. It shall be a condition of the making of a subsidy payment under this Scheme that any person who desires to be paid in accordance with the provisions of this Scheme :—

- (a) shall apply in writing in such form and at such time as the Ministry may from time to time require ;
- (b) shall to the best of his ability facilitate any counting or inspection of the cattle, which the Ministry may consider necessary, and shall, if so requested, gather them at some convenient place for the purpose.

Improvements to lands

12. If in the year 1964, or any of the three next succeeding years, in the opinion of the Ministry, it is necessary for the efficient use of hill land for the purposes of this Scheme that improvements to such land or to other land used together therewith for the maintenance of the cattle should be carried out, it may require an applicant for subsidy payments in respect of cattle grazed on the hill land to carry out any such improvements the total cost of which to the applicant will not exceed forty per cent. of the total subsidy payments estimated to be payable to him in respect of that year according to the information in his application and, if the applicant fails to do so, the Ministry may reduce the amount of any subsidy payments otherwise falling to be made to the applicant in respect of that year by such sum as the Ministry, having regard to all the circumstances of the case, shall determine. If it is not practicable to make such reductions in subsidy payments in respect of the year in which the Ministry requires the improvements to be made, the reductions, or any part thereof, may be made in any subsidy payments falling to be paid in respect of any subsequent year.

Subsidy payments to persons entitled to claim otherwise than by virtue of an assignment

13. Any subsidy payments falling to be made under this Scheme, being payments which might be made to the person who, at the beginning of the qualifying day was the occupier of the hill land or a person to whom

(a) S.I. 1953/1180 (1953 I, p. 47).

(b) S.I. 1957/844 (1957 I, p. 129).

subsidy payments might otherwise be made under this Scheme, may be made to the person who, if any such payment had been a debt which, at the beginning of that day accrued due to either of the first mentioned persons, would have been entitled to claim the payment otherwise than by virtue of an assignment.

In witness whereof the official seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 11th May 1964.

Minister of Agriculture, Fisheries
and Food.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

This Scheme, made by the Minister of Agriculture, Fisheries and Food, with the approval of the Treasury, under sections 13 to 15 of the Hill Farming Act 1946 (as extended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963) specifies, in respect of the years 1964 to 1967, the conditions subject to which subsidy payments may be paid in Northern Ireland in respect of "hill cattle" grazed on "hill land" as these terms are respectively defined in the Scheme.

The principal changes between this Scheme and the Hill Cattle (Breeding Herds) (Northern Ireland) Scheme 1953 as extended (S.I. 1953/1180, 1957/844), which expired in 1963, are as follows:—

- (1) the definition of "hill land" is widened so that (read with other provisions) the Ministry will henceforth be able to pay subsidy, in relation to any year, in respect of hill cattle grazed on land which the Ministry accepted as being "livestock rearing land" (as defined in section 1(3)(c) of the Livestock Rearing Act 1951) at any time within a period of twelve months preceding the qualifying day (normally 1st June) in that year,—but only if the Ministry is satisfied that, by reason of the applicant's livestock rearing commitments entered into before the beginning of the calendar year, to withhold payment would involve hardship;
- (2) the Scheme provides for the reduction of subsidy payments where the number of hill cattle on which subsidy is claimed exceeds the relevant number ascertained by reference to a stocking ratio of one cow to every six acres.

The amount of subsidy payment per animal for each year to which the Scheme relates is separately prescribed by order made under section 14(3) of the 1946 Act.

The Hill Sheep (Northern Ireland) Scheme 1964

<i>Made</i> - - - -	13th May 1964
<i>Laid before Parliament</i>	27th May 1964
<i>Coming into Operation</i>	28th May 1964

The Minister of Agriculture, Fisheries and Food, in pursuance of sections 13, 14, and 15 of the Hill Farming Act 1946(a), as extended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963(b), and of all other powers enabling him in that behalf, with the approval of the Treasury, hereby makes the following Scheme:—

Citation, application and commencement

1. This Scheme, which may be cited as the Hill Sheep (Northern Ireland) Scheme 1964 and applies to Northern Ireland, shall come into operation on 28th May 1964.

Interpretation

2.—(1) In this Scheme, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“the Act” means the Hill Farming Act 1946, as amended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963 or any other enactment;

“hill land” means mountain, hill and heath land which is suitable for use for the maintenance of sheep of a hardy kind but not of sheep of other kinds;

“the Minister” means the Minister of Agriculture, Fisheries and Food;

“relevant day” means in relation to the year 1963 and to each of the three next succeeding years, 1st December;

“shearling ewe” means a ewe whose age on the relevant day to which an application for subsidy payment relates, exceeds one year, but does not exceed two years;

“subsidy payment” means any payment falling to be made in respect of any ewe or shearling ewe in accordance with the provisions of this Scheme.

(2) The Interpretation Act 1889(c), shall apply to the interpretation of this Scheme as it applies to the interpretation of an Act of Parliament.

(a) 9 & 10 Geo. 6. c. 73.

(b) 1963 c. 11.

(c) 52 & 53 Vict. c. 63.

Subsidy payments

3. Subject to the provisions of this Scheme, the Minister may make a subsidy payment of such amount as may be prescribed by an Order made by the Minister in accordance with the provisions of section 14(3) of the Act in respect of any shearing ewe or any ewe more than two years old comprised on a relevant day in a flock of sheep kept on hill land, being sheep of a description and flock to which the Scheme applies, to the person who, at the beginning of that day, was maintaining that flock.

Person maintaining flock

4. For the purposes of this Scheme the person maintaining a flock of sheep shall be the person who owns the flock and is responsible for its maintenance.

Sheep eligible

5.—(1) This Scheme shall apply to sheep of the following breeds:—

Blackface, Cheviot, Dalesbred, Derbyshire Gritstone, Exmoor Horn, Herdwick, Lonk, Radnor, Rough Fell, Scottish Blackface, Shetland, Swaledale and Welsh Mountain, and such local breeds as the Minister may approve and to any crossbred ewe or shearing ewe derived solely from any of these breeds.

(2) Where in any particular case any sheep of the breeds referred to in the preceding subparagraph, or any such crossbred ewes or shearing ewes—

(a) are not of sufficiently hardy strain to be capable of living under natural conditions upon hill land for the greater part of the year, or

(b) except through illness, weakness after lambing or other good reason, do not conform to the requirements of paragraph 7 of this Scheme relating to the flock in which, but for the provisions of this subparagraph, they would be comprised,

such sheep shall be disregarded for the purposes of this Scheme.

Flocks eligible

6.—(1) This Scheme shall apply to flocks of the following descriptions:—

Standard Rate Flocks—that is to say, breeding flocks of ewes and shearing ewes of a single breed or cross breed referred to in paragraph 5 which are kept (a) in regular ages so that there are at least three successive age groups, the youngest age group consisting of shearing ewes, and the two succeeding age groups consisting of ewes born respectively in the two lambing seasons preceding that in which the shearing ewes were born, and (b) so that a sufficient number of ewe lambs are bred, reared and retained in the flock annually to maintain the number of breeding sheep in the flock without the introduction of ewes, shearing ewes or ewe lambs from outside the flock—

Provided that if the person maintaining the flock satisfies the Minister that any of the conditions set out at (a) and (b) above have not been fulfilled because of the small size of a flock, its recent formation, unavoidable and abnormal losses, or other exceptional circumstances, the flock may be treated as a Standard Rate Flock.

Reduced Rate Flocks—that is to say, flocks of a single breed or any cross breed referred to in paragraph 5, not being standard rate flocks,

which otherwise satisfy the conditions of this Scheme, excluding flocks in which more than a small proportion of the ewes are mated with rams other than—

- (a) rams of any of the single breeds referred to in paragraph 5, or
- (b) rams of the following breeds for the production of crossbred ewes or lambs for sale :—

Border Leicester (including the blue-faced type of Leicester),
Wensleydale, Kerry Hill, Clun Forest, Llanwenog, Teeswater and
Devon Closewool.

(2) The minimum number of eligible breeding ewes and shearling ewes required to constitute a flock shall be four.

Management

7.—(1) It shall be a condition of the making of a subsidy payment in respect of any ewe or shearling ewe that it shall be one of a flock—

- (a) which is kept on hill land under natural conditions in accordance with the recognised practices of hill sheep farming ;
- (b) which, except in severe weather or at lambing time, lives on the hill land by grazing ; and
- (c) in which the ewes, when moved off the hill land for lambing, return to it with their lambs not later than the following 1st June and rear them on the hill land.

(2) The Minister may treat a flock as satisfying the requirements of the preceding subparagraph if, where any such requirement is not satisfied, the management of the flock in that respect conforms, in his opinion, to the recognised practice of hill sheep farming in the district, and such practice is not substantially different from the requirement.

Flying flocks

8. No ewe or shearling ewe comprised in a flock in which a substantial proportion of the ewes and shearling ewes are kept for less than two breeding seasons shall be eligible for a subsidy payment.

Reduction in number of sheep eligible for subsidy payments on dispersal of flock

9. If at any time between the relevant day and 1st June next following the person who maintains a flock of sheep to which this Scheme applies sells or otherwise disperses his flock, and in the opinion of the Minister the number of ewes and shearling ewes for which application for subsidy payments has been made exceeds the number which would have been eligible if the flock had not been dispersed, the Minister may reduce the number of ewes and shearling ewes in respect of which subsidy payments may be made to the number which in his opinion would have been eligible if the flock had not been dispersed.

Improved land

10. If land has been improved to an extent which renders it suitable for use for the maintenance of sheep of breeds other than those specified in paragraph 5, such land may be regarded as hill land for the purposes of the Scheme if the Minister is satisfied that the land in its original and unimproved state was suitable only for the maintenance of hardy sheep of the breeds referred to in paragraph 5 of this Scheme.

Overstocking of hill land

11. Payment of subsidy shall not be made under this Scheme for any ewes and shearing ewes in excess of the number which, in the opinion of the Minister, could properly be maintained on the area of hill land which an applicant for subsidy payments is entitled to use for the maintenance of sheep.

12. Every person who makes application for hill sheep subsidy shall, if required to do so, satisfy the Minister that he is entitled to use the hill grazings on which his sheep were kept.

Application for subsidy payment

13. It shall be a condition of the making of a subsidy payment under this Scheme that any person who desires to be paid in accordance with the provisions of this Scheme shall apply in writing in such form and at such time as the Minister may require.

Computation of numbers of sheep

14. In any case where it appears to the Minister to be advisable for the better computation of the number of ewes and shearing ewes in respect of which subsidy payment may be made, the Minister may require an applicant for subsidy payments to gather the sheep in respect of which he has applied and to permit them to be inspected and counted by an officer authorised by the Minister and the number of eligible ewes and shearing ewes in respect of which subsidy may be paid shall be determined as the result of such count. An applicant shall facilitate such counting of sheep to the best of his ability.

Inspection of flocks for which subsidy payment is claimed

15. No subsidy payment shall be made under the terms of this Scheme until the flock of sheep for which application for payment is made has been inspected by an officer authorised by the Minister.

Prohibition of assignment of subsidy payments

16. Any reference in this Scheme to the person who was maintaining a flock of sheep at the beginning of a relevant day shall be construed as including a reference to any person who, if any subsidy payment which might lawfully be made under this Scheme in respect of ewes and shearing ewes comprised in the flock were a debt which had at the beginning of that day accrued due to the person maintaining the flock, would have been entitled to claim the payment otherwise than by virtue of an assignment.

In witness whereof the official seal of the Minister of Agriculture, Fisheries and Food, is hereunto affixed on 11th May 1964.

(L.S.)

Christopher Soames,
Minister of Agriculture, Fisheries and Food.

We approve

Two of the Lords Commissioners of
Her Majesty's Treasury.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

The Hill Farming Act 1946, as extended by section 2 of the Agriculture (Miscellaneous Provisions) Act 1963, provides that schemes may be made for subsidy payments in respect of hill sheep. This Scheme follows with minor changes the Hill Sheep (Northern Ireland) Scheme 1960 (S.I. 1960/657). It is made by the Minister of Agriculture, Fisheries and Food with the approval of the Treasury and makes provision for subsidy payments in respect of flocks of ewes of *specified* mountain breeds kept on hill land in Northern Ireland in accordance with the recognised practices of hill sheep farming. It defines "hill land" and specifies the descriptions of sheep and flocks to which the Scheme applies. *Individual sheep which are not managed in accordance with hill farming practices are excluded from the Scheme. The number of breeds of ram which may be mated with ewes in reduced rate flocks for the production of cross bred ewes and lambs for sale has been increased.* The Scheme sets out the conditions under which the sheep must be kept, *taking into account recognised local practice, including a provision that after lambing the ewes must return to the hill land with their lambs not later than 1st June.* It contains consequential provisions against overstocking and provides for the making of applications for subsidy payments, the counting of the number of sheep qualifying for subsidy payments, and other matters. The Scheme does not fix the amount to be paid by way of subsidy payment, which the Hill Farming Act 1946 requires the Minister to prescribe in a separate order; the amount for the season 1963-64 is fixed by the Hill Sheep Subsidy Payment (Northern Ireland) Order 1964 (S.I. 1964/740).

The principal changes from the previous scheme are set out above in italics.

matter to the Council. The Council shall thereupon investigate the case in the manner provided by regulation 25(2). If on such investigation the Council are satisfied that the replacement is not necessitated by such lack of care as aforesaid, they shall so inform the patient and the practitioner. Where the overpayment is not so admitted, the Council may refer the matter under regulation 4(5) of the National Health Service (Service Committees and Tribunal) Regulations 1956(a) for investigation, and if the Council or the Minister on appeal decide that there has been an overpayment, the amount overpaid shall be recovered by deduction from the practitioner's remuneration or otherwise.

(b) A practitioner shall not set out in part 2 of the form treatment not necessary in his opinion to render the patient dentally fit.

(c) Before sending the form to the Board for approval of the estimate therein, in any case in which under these terms of service such approval is required before treatment is commenced, the practitioner shall complete part 4 of the form.

(d) Upon completing treatment for a patient, a practitioner shall enter the required particulars (including the name, initials and profession of any anaesthetist, and the name and initials of any person other than himself operating during anaesthesia) in part 7 of the form and sign such part in his own handwriting, insert the date of completion in the appropriate place in part 2, and obtain in part 11 a certificate from the patient or other duly authorised person that, to the best of his belief, treatment has been completed.

(2) Where the extent of the treatment which the patient is willing to undergo does not include treatment specified in column B of schedule 2 to the regulations, the practitioner may proceed with and complete the treatment before sending the dental estimate form to the Board for approval.

(3) Where the treatment which the patient is willing to undergo includes treatment specified in column B of schedule 2, the practitioner shall as soon as may be, and in any case within 10 days after making the examination, send the dental estimate form to the Board for approval, and shall not proceed with any treatment specified in the said column B other than emergency treatment until such approval is received:

Provided that the practitioner may proceed immediately with the treatment of British merchant seamen and deep sea fishermen about to go to sea, and in such event shall send the form to the Board for approval immediately after making the examination.

(4) (a) If during the course of treatment in respect of which prior approval of an estimate is not required, any variation or addition such as would have made the treatment subject to prior approval is found to be necessary, the restrictions on treatment provided by paragraph 7(3) hereof shall apply to such part of the treatment as has not been commenced and the practitioner shall as soon as reasonably practicable submit to the Board an estimate of the whole of the treatment necessary (including that which has been begun).

(b) If during the course of treatment in respect of which prior approval of an estimate is required, any variation of or addition to such estimate is found to be necessary, and relates to an item of treatment requiring prior approval, the practitioner shall without delay re-submit the estimate to the Board for approval and the Board may withdraw or vary their original approval in so far as treatment has not yet been carried out in accordance with such approval, or add thereto and, until the decision of the Board is received by the practitioner, the restriction on proceeding with treatment contained in paragraph 7(3) hereof shall apply.

(c) Where in consequence of any proceedings under the National Health Service (Service Committees and Tribunal) Regulations 1956 in respect of general dental services provided in the area of any Council, a practitioner is required for any period to submit to the Board for prior approval all estimates in respect of any treatment (other than examination or emergency treatment), he shall during that period submit all such estimates whether relating to services in that or in any other area within 10 days after making the examination to the Board for approval and shall not carry out such treatment until the approval of the Board has been obtained.

(5) The practitioner shall complete treatment with reasonable expedition and shall not take longer than 6 months from the date upon which the patient is accepted by him for treatment, or where prior approval of the estimate is required, from the date on which such approval is received by him, as the case may be:

Provided that:—

- (a) the time limit shall be 12 months in the case of treatment including extractions and the consequent provision of dentures or such period as may be allowed by the Board in the case of orthodontic treatment ;
 - (b) treatment so far as it relates to the provision of dentures shall not be regarded as completed unless the dentures have been delivered to and remain in the possession of the patient ;
 - (c) the time limit shall not apply where any delay is due to failure by the patient to attend for treatment or where the Board are satisfied that there is other sufficient reason.
- (6) Where a deputy or assistant signs a dental estimate form or any part of it on behalf of the practitioner whose name is inserted in part 5 of the form he shall do so in his own name, and except in the case of a partner whose name is included in the dental list shall also insert the name of the practitioner on whose behalf he is acting.
- (7) The practitioner shall within one month of the completion of the treatment send to the Board the dental estimate form.
- (8) Where a practitioner has been notified that a person for whom he has provided general dental services has been requested to submit himself for examination by a dental officer or that the dental services committee or denture conciliation committee set up under the National Health Service (Service Committees and Tribunal) Regulations 1956 will investigate a complaint or reference relating to such services, the practitioner shall not, until he has been notified that the examination has been carried out or cancelled, or that the investigation has been completed by the committee, or that the committee has no objection, provide any treatment other than emergency treatment to that person, and shall take all reasonable steps to facilitate the said examination or investigation.

Use of modified dental estimate form

8.—(1) Notwithstanding anything contained in paragraph 7 hereof, a practitioner may in providing such treatment as is mentioned in sub-paragraph (2) of this paragraph (being treatment which may be carried out without the prior approval of the Board) submit a dental estimate form with the following modifications—

(3) Where a practitioner submits a dental estimate form modified in accordance with the provisions of this paragraph, no fee shall be payable for a clinical examination and report.

(4) A practitioner shall not submit a dental estimate form modified under the provisions of this paragraph in respect of treatment of the kind specified in sub-paragraph (2) of this paragraph, where he has previously accepted the same patient for other treatment, not yet completed, or where on the same day he accepts him for other treatment. For the purposes of this sub-paragraph other treatment shall not include orthodontic treatment only.

Inability or unwillingness of practitioner to complete treatment

9.—(1) If owing to any cause beyond the control of the practitioner or because the practitioner refers a patient for treatment under paragraph 4 hereof, he is unable to complete any treatment which has been commenced, he shall forthwith notify the Board in writing of the amount of treatment completed, and of the reason for his inability to complete the remainder, and shall be entitled to such payment as may be approved by the Board in respect of such treatment as has already been provided.

(2) The Council may, on the application of a practitioner, authorise him on such terms as they think just to discontinue any treatment which he has commenced, but before doing so they shall consider any representations which the patient may wish to make with respect to the application. If the application is granted the patient and the Board shall be so informed and the practitioner shall be entitled to such payment as may be approved by the Board in respect of such treatment as has already been provided.

(2) A deputy or assistant shall in addition to signing his own name on any prescription form insert therein the name of the practitioner for whom he is acting.

(3) The form shall not be used for persons other than patients for whom the practitioner is providing general dental services and a separate form shall be used for each patient.

Deputies and assistants

12.—(1) Save as provided in this paragraph or in paragraphs 4, 13 and 14 hereof, all treatment shall be given by a practitioner personally, provided that where he is prevented by reason of temporary absence from his practice through illness or other reasonable cause, treatment may be given by a deputy.

(2) In the case of two or more practitioners practising in partnership or as a principal and assistant, treatment may at any time be given by a partner or assistant of the practitioner who is responsible for the patient's treatment, if reasonable steps are taken to secure continuity of treatment.

(3) A practitioner shall not employ more than two assistants for the provision of general dental services without the consent of the Council or on appeal the Minister, and before giving any consent under this sub-paragraph the Council shall consult the Local Dental Committee:

Provided that:—

(ii) Any consent given by or under this sub-paragraph shall be subject to review by the Council in consultation with the Local Dental Committee not less than once a year.

(4) A practitioner shall notify the Council of the employment of an assistant within 7 days of the first day of employment, and forward to the Council such particulars concerning the assistant as the Council may require. (5) If a practitioner intends to absent himself from his practice for more than 21 consecutive days he shall notify the Council or the persons for whom he is providing general dental services of his intended absence and of the deputy or assistant (if any) responsible for giving treatment during his absence.

(6) A practitioner who intends to be or is absent from his practice for more than 2 months shall notify the Council in writing and shall not employ an assistant after that period without the consent of the Council.

(7) A practitioner shall not employ as an assistant any practitioner who is included in the Council's dental list as a practitioner undertaking to provide general dental services at a surgery or suite of surgeries at which the first named practitioner undertakes to provide general dental services.

(8) Where a practitioner employs an assistant who to the practitioner's knowledge is subject to a requirement to submit estimates of any treatment (other than examination or emergency treatment) to the Board for prior approval, he shall not allow that assistant to carry out such treatment unless the prior approval of the Board has first been obtained.

- (b) On the weekly short day in any week during which, under sub-section (3) of section 40 of the Shops Act 1950(a), the employer is relieved of his obligation to allow the worker a weekly half day,

for any time worked after 1.30 p.m. ... time-and-a-half
- (d) In any week, exclusive of any time in respect of which a minimum overtime rate is payable under the foregoing provisions of this paragraph,
for all time worked in excess of 44 hours time-and-a-half

Provided that in any week which includes one customary holiday "36 hours" shall be substituted for "44 hours", and in any week which includes two customary holidays "28 hours" shall be substituted for the said "44 hours".

- (2) Overtime rates in accordance with provisions (a), (c) and (d) of sub-paragraph (1) of this paragraph shall be payable to a shop manager, temporary shop manager, shop manageress or temporary shop manageress only if the overtime worked is specifically authorised in writing by the employer or his representative.

WAITING TIME

6. A worker is entitled to payment of the minimum remuneration specified in this Schedule for all the time during which he is present on the premises of the employer, unless he is present thereon in any of the following circumstances, that is to say—
- (1) without the employer's consent, express or implied;
 - (2) for some purpose unconnected with his work, and other than that of waiting for work to be given to him to perform;
 - (3) by reason only of the fact that he is resident thereon; or
 - (4) during normal meal times and he is not waiting for work to be given to him to perform.

WORKERS WHO ARE NOT REQUIRED TO WORK ON A CUSTOMARY HOLIDAY

- 7.—(1) Subject to the provisions of sub-paragraph (2) of this paragraph, a worker who is not required to work on a customary holiday shall be paid for that holiday not less than the amount to which he would have been entitled under the foregoing provisions of this Schedule had the day not been a customary holiday and had he worked the number of hours ordinarily worked by him on that day of the week.
- (2) A worker shall not be entitled to any payment under this paragraph unless he:—
- (a) worked for the employer throughout the last working day on which work was available for him preceding the holiday; and
 - (b) presents himself for employment at the usual starting time on the first working day after the holiday:

Provided that (a) or (b), as the case may be, of this sub-paragraph shall be deemed to be complied with where the worker is excused by his employer or is prevented by his proved illness or injury from working or presenting himself for employment as aforesaid.

GUARANTEED WEEKLY REMUNERATION PAYABLE TO A FULL-TIME WORKER

- 8.—(1) Notwithstanding the other provisions of this Schedule, where in any week the total remuneration (including holiday remuneration but excluding the amount specified in sub-paragraph (2) of this paragraph) payable under those other provisions to a full-time worker is less than the guaranteed weekly remuneration provided under this paragraph, the minimum remuneration payable to that worker for that week shall be that guaranteed weekly remuneration with the addition of any amount excluded as aforesaid.
- (2) The amount to be excluded from the total remuneration referred to in the foregoing sub-paragraph is the whole of the remuneration payable in respect of overtime.

- (3) The guaranteed weekly remuneration is the remuneration to which the worker would be entitled under paragraph 2, 3 or 4 for 44 hours' work in his normal occupation :

Provided that—

- (a) where the worker normally works for the employer on work to which this Schedule applies for less than 44 hours in the week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week, and the worker has informed his employer in writing that he does not so hold himself out, the guaranteed weekly remuneration shall be the remuneration to which the worker would be entitled (calculated as in paragraph 9) for the number of hours in the week normally worked by the worker for the employer on work to which this Schedule applies ;
- (b) where in any week a worker at his request and with the written consent of his employer is absent from work during any part of his normal working hours on any day (other than a holiday allowed under Part II or a customary holiday or a holiday allowed to all persons employed in the undertaking or branch of an undertaking in which the worker is employed), the guaranteed weekly remuneration payable in respect of that week shall be reduced in respect of each day on which he is absent as aforesaid by one-sixth where the worker's normal working week is six days or by one-fifth where his normal working week is five days.
- (4) Guaranteed weekly remuneration is not payable in respect of any week unless the worker throughout his normal working hours in that week (excluding any time allowed to him as a holiday or during which he is absent from work in accordance with proviso (b) to sub-paragraph (3) of this paragraph) is
- (a) capable of and available for work ; and
- (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available in the establishment in which he is employed.
- (5) Guaranteed weekly remuneration is not payable in respect of any week if the worker's employment is terminated before the end of that week.
- (6) If the employer is unable to provide the worker with work by reason of a strike or other circumstances beyond his control and gives the worker four clear days' notice to that effect, guaranteed weekly remuneration shall not be payable after the expiry of such notice in respect of any week during which or during part of which the employer continues to be unable to provide work as aforesaid :

Provided that in respect of the week in which the said notice expires there shall be paid to the worker in addition to any remuneration payable in respect of time worked in that week, any remuneration that would have been payable if the worker had worked his normal hours of work on every day in the week prior to the expiry of the notice.

HOURS ON WHICH REMUNERATION IS BASED

- 9.—(1) The minimum remuneration specified in paragraphs 2, 3 and 4 relates to a week of 44 hours exclusive of overtime and, except in the case of guaranteed weekly remuneration under paragraph 8, is subject to a proportionate reduction according as the number of hours worked is less than 44.
- (2) In calculating the remuneration for the purpose of this Schedule recognised breaks for meal times shall, subject to the provisions of paragraph 6, be excluded.

BENEFITS OR ADVANTAGES

10.—(1) The benefits or advantages set out in (a), (b), (c) and (d) of this sub-paragraph, being benefits or advantages provided, in pursuance of the terms and conditions of the employment of a worker to whom this Schedule applies, by the employer or by some other person under arrangements with the employer, are authorised to be reckoned as payment of wages by the employer in lieu of payment in cash in the following manner :—

PART II

ANNUAL HOLIDAY AND HOLIDAY REMUNERATION

ANNUAL HOLIDAY

11.—(1) Subject to the provisions of paragraph 12, an employer shall, between the date on which this Schedule becomes effective and 31st October 1964, and in each succeeding year between 1st April and 31st October, allow a holiday (hereinafter referred to as an "annual holiday") to every worker (other than a worker who normally works for the employer for less than 9 hours in a week) in his employment to whom this Schedule applies who has been employed by him during the 12 months immediately preceding the commencement of the holiday season for any one of the periods of employment (calculated in accordance with the provisions of paragraph 18) set out in the table below and the duration of the annual holiday shall in the case of each such worker be related to that period as follows:—

- (2) Notwithstanding the provisions of the last foregoing sub-paragraph—
- (a) the number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week ;
 - (b) where a worker does not wish to take his annual holiday or part thereof during the holiday season in any year and, before the expiration of such holiday season, enters into an agreement in writing with his employer that the annual holiday or part thereof shall be allowed, at a date or dates to be specified in that agreement, after the expiration of the holiday season but before the first day of January in the following year, then any day or days of annual holiday so allowed shall be treated as having been allowed during the holiday season ;
 - (c) the duration of the worker's annual holiday during the holiday season ending on 31st October 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order R.D.O. (40) between 1st April 1964, and the date on which the provisions of this Schedule become effective.
- (3) In this Schedule the expression " holiday season " means in relation to the year 1964 the period commencing on 1st April 1964, and ending on 31st October 1964, and, in each succeeding year, the period commencing on 1st April and ending on 31st October of the same year.
12. Where at the written request of the worker at any time during the three months immediately preceding the commencement of the holiday season in any year, his employer allows him any day or days of holiday and pays him holiday remuneration in respect thereof calculated in accordance with the provisions of paragraphs 15 and 16, then—
- (1) the annual holiday to be allowed in accordance with paragraph 11 in the holiday season in that year shall be reduced by the day or days of holiday so allowed prior to the commencement of that holiday season ; and
 - (2) for the purpose of calculating accrued holiday remuneration under paragraph 17 any day or days of holiday deducted in accordance with sub-paragraph (1) hereof shall be treated as if they had been allowed in the holiday season.
- 13.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.
- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may by agreement between the employer and the worker be allowed in two periods of consecutive working days ; so however that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
 - (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a customary holiday on which the worker is not required to work for the employer or a day on which he does not normally work for the employer intervenes.
 - (4) Where a customary holiday on which the worker is not required to work for the employer immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any customary holiday, exceeds the number of days constituting the worker's normal working week then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on a day on which the worker normally works for the employer (not being the worker's weekly short day) in the holiday

season or after the holiday season in the circumstances specified in subparagraph 2(b) of paragraph 11:

- (5) No day of annual holiday shall be allowed on a customary holiday.
- (6) A day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday (not being a customary holiday) or to a half-holiday under any enactment other than the Wages Councils Act 1959:

Provided that where the total number of days of annual holiday allowed to a worker under this Schedule is less than the number of days in his normal working week, the said annual holiday shall be in addition to the said day of holiday or the said half-holiday.

- 14. An employer shall give to a worker reasonable notice of the commencing date or dates and of the duration of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

REMUNERATION FOR ANNUAL HOLIDAY

- 15.—(1) Subject to the provisions of paragraph 16, a worker qualified to be allowed an annual holiday under this Schedule shall be paid by his employer, on the last pay day preceding such holiday, one day's holiday pay (as defined in paragraph 19) in respect of each day thereof.
- (2) Where an annual holiday is taken in more than one period the holiday remuneration shall be apportioned accordingly.
- 16. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 17 of this Schedule or with Order R.D.O. (40)), in respect of employment during any of the periods referred to in that paragraph, or that Order, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule or of Order R.D.O. (40).

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

- 17. Where a worker (other than a worker who normally works for the employer for less than 9 hours in a week) ceases to be employed by an employer after the provisions of this Schedule become effective the employer shall, immediately on the termination of the employment (hereinafter referred to as the "termination date"), pay to the worker as accrued holiday remuneration:—
 - (1) in respect of employment in the 12 months up to 1st April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment; and
 - (2) in respect of any employment since 1st April immediately preceding the termination date, a sum equal to the holiday remuneration which would have been payable to him if he could have been allowed an annual holiday in respect of that employment at the time of leaving it:

Provided that—

- (a) no worker shall be entitled to the payment by his employer of accrued holiday remuneration if he is dismissed on the grounds of misconduct and is so informed by the employer at the time of dismissal;
- (b) where during the period or periods in respect of which the said accrued holiday remuneration is payable the worker has at his

written request been allowed any day or days of holiday (other than days of holiday allowed by the employer under paragraph 12) for which he had not qualified under the provisions of this Schedule, any accrued holiday remuneration payable as aforesaid may be reduced by the amount of any sum paid by the employer to the worker in respect of such day or days of holiday ;

- (c) where a worker is employed under a contract of service under which he is required to give not less than one week's notice before terminating his employment and the worker, without the consent of his employer, terminates his employment without having given not less than one week's notice or before one week has expired from the beginning of such notice, the amount of accrued holiday remuneration payable to the worker shall be the amount payable under the foregoing provisions of this paragraph less an amount equal to the statutory minimum remuneration which would be payable to him at the termination date for one week's work if working his normal working week and the normal number of daily hours worked by him.

CALCULATION OF EMPLOYMENT

18. For the purpose of calculating any period of employment qualifying a worker for an annual holiday or for any accrued holiday remuneration, the worker shall be treated as if he were employed for a month in respect of any month (as defined in paragraph 19) throughout which he has been in the employment of the employer.

GUARANTEED WEEKLY REMUNERATION

- 10.—(1) Subject to the provisions of this paragraph, a worker who ordinarily works for the employer at least 34 hours weekly on work to which this Schedule applies shall be paid the guaranteed weekly remuneration in respect of any week in which he is in the employment of the employer, and either performs no work to which this Schedule applies or works for less than 34 hours on such work.

- (2) The guaranteed weekly remuneration is 34 hours' pay calculated at the general minimum time rate ordinarily applicable to the worker:

Provided that where in any week a worker is absent from work by reason of a recognised holiday allowed by his employer, not being a holiday allowed to the worker under the provisions of the Wages Councils Act 1959, the worker's guaranteed weekly remuneration in that week shall be reduced by an amount which is in the same proportion to 34 hours' pay, calculated as aforesaid, as the number of hours for which the worker is absent from work in that week by reason of the recognised holiday is to the number of hours ordinarily worked in a week by him for the employer on work to which this Schedule applies; and for the purposes of this proviso the expression "recognised holiday" means—

- (3) The guaranteed weekly remuneration in any week shall be reduced by the amount of any holiday remuneration paid, or payable, by the employer to the worker in respect of any holiday allowed to, and taken by, the worker in that week under the provisions of the Wages Councils Act 1959.
- (4) In calculating the number of hours worked in any week for the purposes of this paragraph, the worker shall be treated as though he had worked on any holiday allowed to, and taken by, him in that week under the provisions of the Wages Councils Act 1959, the number of hours ordinarily worked by him on that day of the week, provided that the worker shall not be treated as having worked in any week throughout which he is on holiday.
- (5) Payment of the guaranteed weekly remuneration in any week is subject to the condition that the worker throughout the period of his ordinary employment in that week, excluding any day allowed to him as a holiday, (whether under the Wages Councils Act 1959, or because the day is, or forms part of, a recognised holiday, as defined in the proviso to sub-paragraph (2) of this paragraph) is—

 - (b) willing to perform such duties outside his normal occupation as the employer may reasonably require if his normal work is not available to him in the establishment in which he is employed.
- (6) The guaranteed weekly remuneration shall not be payable to a worker for any week—
- (a) in which work is not available for him by reason of a strike or lock-out; or
 - (b) in which the worker has been dismissed on the grounds of serious misconduct; or
 - (c) if at any time in the week the worker is absent from work by reason of sickness; or

FACTORIES**The Examination of Steam Boilers Regulations 1964**

<i>Made</i> - - - -	26th May 1964
<i>Laid before Parliament</i>	4th June 1964
<i>Coming into Operation</i>	27th June 1964

The Minister of Labour—

(a) by virtue of the powers conferred on him by section 33(2) and (3) and section 180(3) of the Factories Act 1961(a) and of all other powers enabling him in that behalf ; and

(b) after publishing, pursuant to Schedule 4 to the said Act of 1961, notice of the proposal to make the Regulations and not having received any objection to the draft in regard to which he is required by the said Schedule to direct an inquiry to be held,

hereby makes the following special Regulations:—

Citation and commencement

1. These Regulations may be cited as the Examination of Steam Boilers Regulations 1964 and shall come into operation on 27th June 1964. Provided that as respects any steam boiler that was thoroughly examined by a competent person before the coming into operation of these Regulations they shall not apply until its first examination thereafter ; so, however, that the interval between the said two examinations shall not in the case of any boiler exceed the relevant period prescribed by Regulation 4 or, in the case of a boiler as respects which an exemption order was in force immediately before the coming into operation of these Regulations, such greater period as may be specified in the exemption order.

Interpretation

2.—(1) The Interpretation Act 1889(b) shall apply to the interpretation of these Regulations as it applies to the interpretation of an Act of Parliament.

(2) In these Regulations, unless the context otherwise requires, the following expressions have the meanings hereby assigned to them—

“ **excepted boiler** ” means a boiler belonging to or exclusively used in the service of Her Majesty or belonging to and used by the United Kingdom Atomic Energy Authority or the boiler of any ship or of any locomotive which belongs to and is used by any railway company ;

“ **exemption order** ” means an order made, or having effect as if made, under the substituted subsection (3A) of section 33 set out in paragraph 3 of Schedule 6 to the principal Act ;

“factory” means a factory as defined in section 175 of the principal Act or any place to which the provisions of Part II of that Act with respect to steam boilers are applied by any of the following provisions of that Act, that is to say, section 123(1) (which relates to electrical stations), section 124 (which relates to institutions), section 125(1) and (3) (which relates to certain dock premises and certain warehouses) and section 127 (which relates to building operations and works of engineering construction);

“the principal Act” means the Factories Act 1961 as amended by or under any other Act;

“section 33” means section 33 of the principal Act;

“steam boiler” does not include any excepted boiler but save as aforesaid means any closed vessel in which for any purpose steam is generated under pressure greater than atmospheric pressure, and includes any economiser used to heat water being fed to any such vessel, and any superheater used for heating steam, and any reference to a steam boiler shall include a reference to all its fittings and attachments.

Manner of examination

3.—(1) The manner in which a steam boiler shall be examined as required by section 33(2)—

(a) before it is used in any factory; and

(b) thereafter before the expiry of each of the relevant periods prescribed by Regulation 4 or 5,

shall be the manner specified in this Regulation.

(2) In the first place, the boiler shall be thoroughly examined by a competent person when it is cold after the interior and exterior have been prepared in the manner described in the Schedule to these Regulations, and secondly, except in the case of an economiser or superheater, the boiler shall be thoroughly examined by a competent person when it is under normal steam pressure, and each part of the examination may be made by a different person. The examination under steam pressure shall be made on the first occasion when steam is raised after the examination of the boiler when cold, or as soon as possible thereafter, and the person making the examination shall see that the safety valve is so adjusted as to prevent the boiler being worked at a pressure greater than the maximum permissible working pressure to be specified in the report of the examination pursuant to section 33(4).

(3) The examination of a boiler in the manner specified in the preceding paragraph of this Regulation may, at the discretion of the person making the examination, include all or any one or more of the following, that is to say, hammer testing, drilling, lifting, proving a clear waterway through tubes, withdrawal of sample tubes for determination of thickness, examination, testing or measurement by means of ultrasonic, radiographic, magnetic or electronic devices or of tube calibration gauges, steam trial and hydraulic testing.

Intervals between examinations

4.—(1) For the purposes of section 33(2) (which prohibits the use in any factory, for any greater period than may be prescribed, of a steam boiler since its last examination) the prescribed period shall be as follows, that is to say—

(a) in a case where a stationary steam boiler (other than a boiler used in the course of any building operation or work of engineering construction) after being used or installed in one factory is to be used in another factory, a period which expires after it has been installed, and before it is used, in the second of those factories ;

(b) in a case where a steam boiler of a kind specified in paragraph (2) of this regulation is taken into use in any factory for the first time in that factory (whether or not in the circumstances specified in the preceding sub-paragraph), a period which expires not more than 14 months after the date when it was so taken into use ; and

(c) in all other cases, subject to Regulation 5,

(i) 26 months as respects a steam boiler of a kind specified in paragraph (2) of this Regulation ; and

(ii) 14 months as respects any other steam boiler.

(2) Sub-paragraph (b) and (c)(i) of the preceding paragraph apply to a steam boiler of any of the following kinds in the case of which a period of 21 years has not expired since it was first taken into use, that is to say—

(a) a water tube boiler of which the drums and any headers are of fusion welded or solid forged construction which has an evaporative capacity of not less than 50,000 pounds of steam per hour ;

(b) a boiler in a group of water tube boilers of which the drums and any headers are of fusion welded or solid forged construction being a group in which—

(i) each boiler has an evaporative capacity of not less than 25,000 pounds of steam per hour ; and

(ii) the total evaporative capacity of all the boilers is not less than 100,000 pounds of steam per hour ; and

(c) a boiler which is a waste heat boiler or heat exchanger with fusion welded longitudinal and circumferential seams, or a super-heater of fusion welded construction, and which is an integral part of a continuous flow installation, in a chemical or oil refinery processing plant.

Boilers previously subject to exemption orders

5. In the case of any steam boiler, as respects which an exemption order was in force immediately before the coming into operation of these Regulations, being an order made on conditions by which a greater period is allowed between examinations than that specified in Regulation 4, the prescribed period for the purposes of section 33(2) shall be in accordance with the provisions of that order :

Provided that this Regulation shall not apply—

(a) in respect of any period after the expiration of 3 years from the coming into operation of these Regulations ; or

(b) as respects any steam boiler, after the expiration of the period of 21 years since it was first taken into use.

Examinations of boilers after repair

6. Where at any time there is carried out to any steam boiler the repair of a defect which, in the opinion of a competent person, will affect its safe working, that boiler shall be examined by a competent person in such a manner as will enable that person to satisfy himself that the repair has been properly carried out.

Signed by order of the Minister of Labour.

26th May 1964.

W. S. I. Whitelaw,
Parliamentary Secretary,
Ministry of Labour.

- (c) the sowing on that land of a crop, unless in special circumstances the Secretary of State otherwise determines.

(2) A grant shall not be made under this part of this scheme in respect of any land unless before the commencement of any operations in respect of which such a grant may be made the Secretary of State has approved those operations in relation to that land and is satisfied that the carrying out thereof on that land is likely to involve expenditure which is substantially heavier than normal for operations such as are specified in sub-paragraph (1) of this paragraph.

7. The rate of grant to be made in accordance with this part of this scheme shall be £12 per acre :

Provided that in calculating the amount of a grant fractions of an acre less than one-quarter of an acre shall be disregarded.

Where land is ploughed up by a landholder within the meaning of the Small Landholders (Scotland) Acts 1886 to 1931 or a crofter within the meaning of the Crofters (Scotland) Acts 1955 and 1961 or an eligible occupier then notwithstanding that the area of that land is less than one acre a grant may be made in respect thereof if :

- (a) the area so ploughed up and any areas of land ploughed up by neighbouring landholders or neighbouring crofters or neighbouring eligible occupiers, as the case may be, together in the aggregate amount to or exceed one acre,
- (b) the provisions of this scheme are complied with in relation to all the areas so ploughed up, or in relation to such number of them as, in the aggregate, amount to or exceed one acre, and
- (c) an application for grant in respect of all those areas is made on behalf of those landholders or crofters or eligible occupiers, as the case may be, by the Clerk of the Committee appointed for the management of the common grazings or common pasture in which the landholders or crofters or eligible occupiers, as the case may be, all have shares, or, where there is no such Clerk, or, where they do not all have such shares, by a person who has been duly authorised by the landholders or crofters or eligible occupiers, in a manner satisfactory to the Secretary of State, to make the application.

11. The Secretary of State may require an applicant for a grant under Part I, or, as the case may be, Part II, of this scheme to give to any person authorised by the Secretary of State in that behalf adequate facilities for the inspection of any land to which the application relates.

(a) the ploughing or any further operation in respect of which a grant under Part I, or, as the case may be, Part II, of this scheme may be made has been inefficiently carried out, or

(b) adequate facilities for the inspection of the land in respect of which such a grant may be made have not been given,

payment of the grant may be withheld or the amount of the grant may be reduced to such amount as the Secretary of State considers reasonable.

13. If in respect of any of the operations in respect of which a grant is payable under Part I, or, as the case may be, Part II, of this scheme payments of moneys provided by Parliament under any enactment other than the Act are available, the Secretary of State in determining the amount of grant payable under Part I, or, as the case may be, Part II of this scheme may take into consideration such payments, and may withhold or reduce the amount payable under this scheme accordingly.

14. A grant shall not be made under Part I of this scheme unless an application for the grant—

(a) is made to the Secretary of State, by the occupier of the land ploughed up, in writing in such form as the Secretary of State may from time to time require, and

(b) is received by the Secretary of State not later than 30th June 1965 or before such later date as the Secretary of State may by reason of the special circumstances of any case allow :

Provided that, where the occupier is a landholder within the meaning of the Small Landholders (Scotland) Acts 1886 to 1931 or a crofter within the meaning of the Crofters (Scotland) Acts 1955 and 1961 or an eligible occupier, an application under this paragraph may be made on his behalf in the manner specified in paragraph 10(c) of this scheme.

15. Nothing in this scheme shall authorise the Secretary of State to make a grant under both Part I and Part II of this scheme in respect of the same land.

16. A grant shall not be made under this scheme in respect of any land which has been the subject of a grassland renovation grant made by virtue of a scheme under section 11 of the Agriculture (Miscellaneous Provisions) Act 1963(a).

EXPLANATORY NOTE

(This Note is not part of the scheme, but is intended to indicate its general purport.)

This scheme, which is the fourteenth scheme to be made under the Agriculture (Ploughing Grants) Act 1952, provides for the making of grants by the Secretary of State at two different rates in respect of land ploughed up from grass, where after ploughing the operations described in the scheme are carried out.

Part I of the scheme differs from the 1963 scheme (S.I. 1963/1020) in that qualification for the £5 per acre grant is no longer based upon the full range of operations necessary to produce a crop, but on ploughing followed by one of the operations specified in the scheme. Such grant is however restricted to agricultural land which is suitable for ploughing and cropping. Notice of ploughing is no longer required, but applications for grant must be made by 30th June 1965, unless in special circumstances the Secretary of State allows more time.

All other qualifying dates in the scheme have been advanced by one year, but in other respects the scheme is materially the same as the previous one.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

This Scheme amends the Winter Keep (Scotland) Scheme 1963, by increasing the annual rates of winter keep grant by £1 per acre, and by removing the ploughing grant disqualification, so that payment of ploughing grant no longer disqualifies the land for winter keep grant.

Amendments have also been made in the definitions of “agricultural unit”, “croft” and “eligible occupier” to clarify the relationship between eligibility for winter keep grants and for grants available under crofting legislation.

4.—(1) A general levy or country levy shall be charged on those imports into the United Kingdom of specified commodities for which a rate of general levy or country levy, as the case may be, prescribed by order made by the Minister is for the time being in force.

(2) Notwithstanding any general or country levy, a consignment levy shall be charged on any consignment of a specified commodity imported into the United Kingdom for which a rate of consignment levy prescribed by order made by the Minister is for the time being in force.

(a) S.I. 1964/655 (1964 II, p. 1225). (b) S.I. 1964/687 (1964 II, p. 1305).

Prescribing of Levies

5.—(1) Subject to paragraph (2) of this article, before prescribing the rate of any general or country levy to be charged on any specified commodity imported into the United Kingdom the Minister shall compare the appropriate minimum import price level with prices, assessed on a similar basis to that which applies to the minimum import price level, at which consignments are or might reasonably be available for import into the United Kingdom having regard to prices at which supplies are or have recently been on offer—

- (a) in the case of a general levy, from any country or countries from which it appears likely to the Minister that supplies of the specified commodity might be imported ;
- (b) in the case of a country levy, from the country to which such levy is to relate ;

and the Minister shall take into account any other factors which he considers relevant with a view to maintaining the appropriate minimum import price level or to allowing for the effect for that or other specified commodities of its maintenance.

(2) In the case of any rate of country levy to be charged on any imports into the United Kingdom of any wheat flour (including wholemeal flour) or wheat meal (containing not more than 5 per cent. by weight of fibre at the prescribed standard moisture content of 14 per cent. by weight), excepted in each case from any general levy by article 6(2) of this order, the Minister may prescribe a rate equivalent to the appropriate rate of country levy prescribed, in accordance with the provisions of paragraph (1) of this article, for the description of wheat used, or deemed by the Minister to have been used, in the production of such flour or meal, increased by two-fifths thereof.

(3) The rate of any consignment levy may be prescribed as a rate equal to the amount, assessed by the Commissioners, by which the relevant minimum import price level exceeds the sum of the relevant amount prescribed in paragraph (4) of this article, the amount of any duty chargeable on the goods and the amount of any general or country levy applicable to the goods calculated at the rate in force at the time of the delivery of the customs entry with respect to such goods.

(4) The relevant amount referred to in paragraph (3) of this article is:—

- (a) in the case of goods imported under a contract of sale, the price paid or payable pursuant to the contract, inclusive of the cost of delivery at the port or place of importation ;
- (b) in the case of goods imported otherwise than under a contract of sale, for sale on behalf of a person outside the United Kingdom, the price at which the goods are so sold, diminished by the cost (to the extent that it is included in the price) of any transport or storage of the goods, and any operations carried out on them, after their delivery at the port or place of importation ;
- (c) in the case of other goods, the sum of the price at which the imported goods were last sold before importation or, if the imported goods were not so sold, the price at which the goods from which they were produced were last so sold, and of the cost (to the extent that it is not included in such price) of any transport or storage of the imported goods or the goods from which they were produced, and of any operations carried out on them (with such additions as may appear to the Commissioners to be reasonable in respect of profit), before their delivery at the port or place of importation.

(5) Any imports of a specified commodity may be distinguished for the purposes of any levy referred to in this article by reference to quality, origin or in any way which appears to the Minister to be required.

General Levy

6.—(1) Subject to the provisions of this order, any general levy for the time being in force shall be chargeable on all imports into the United Kingdom of the specified commodity to which it relates.

(2) No general levy shall be chargeable on any specified commodity imported into the United Kingdom which the Commissioners are satisfied falls within any of the cases described in Schedule 1 to this order ;

Provided that if at any time it appears to the Minister that imports of a description of wheat which fall within the provisions of paragraph 8 of that Schedule are available for importation into the United Kingdom at a price, assessed on a similar basis to that which applies to the minimum import price level, below the appropriate minimum import price level he may by order prescribe that the rate of general levy for wheat shall apply to imports of those descriptions of wheat covered by the said paragraph 8 as shall be specified in the order and during any such time and to such extent as the rate of general levy so applies the foregoing provisions of this paragraph of this article shall not have effect.

Classification of Certain Goods

7. If in any case any certificate or other information required by the Minister or the Commissioners to be furnished in order to establish the classification and qualification of any goods other than any mixture referred to in article 8 hereof for the charge of any levy or for any exception or relief from such a charge is not so furnished, the Commissioners may charge the highest rate of levy for the time being in force appropriate to whatever class of goods they deem them to be, having regard to such information as is available.

Classification of Certain Cereal Mixtures

8. In the case of any mixture of two or more specified commodities falling within Chapter 10 of the Customs Tariff which would, prima facie, be classifiable under two or more tariff headings and which, in accordance with the interpretative rules as they apply in relation to duties, would fall to be classified under the heading involving the highest rate of duty, that mixture shall be classified for levy purposes under the heading which includes the component specified commodity for which the highest minimum import price level is prescribed or, where that price level is prescribed for more than one component specified commodity, under the heading which includes that one of those component specified commodities which is subject to the highest rate of levy.

PART III—RELIEFS RELATING TO CERTAIN SPECIFIED COMMODITIES IMPORTED UNDER FORWARD CONTRACTS

Granting of Reliefs

9. Where in the case of any specified commodity a minimum import price level is prescribed or any general or country levy is imposed under section 1(2) of the Act, reliefs in respect of the levy, if any, chargeable on any imports of the specified commodity may be granted in such circumstances and subject to such conditions as are provided for in this Part of this order.

Prospective Rates of Levy

10. The Minister may, for the purposes of calculating any such relief, from time to time determine in relation to any imports of any such specified commodity prospective rates of general or country levy related to such periods as are specified in relation thereto ; and any such determination may be varied or withdrawn at any time.

Determining Prospective Rates

11.—(1) In determining any prospective rate of general or country levy in relation to any specified commodity (other than the prospective rate referred to in article 12(6) of this order) for shipment to the United Kingdom during any period, the Minister shall compare the appropriate minimum import price level with prices, assessed on a similar basis to that which applies to the minimum import price level, at which consignments of the specified commodity might reasonably be made available for shipment to the United Kingdom during the period to which the prospective rate of levy relates having regard to prices at which supplies are or have recently been on offer—

(a) in the case of a prospective rate of general levy, from any country or countries from which it appears to the Minister that supplies of the specified commodity may be available for shipment during the relevant period ;

(b) in the case of a prospective rate of country levy, from the country to which such prospective rate is to relate ;

and the Minister shall take into account any other factors which he considers to be relevant with a view to maintaining the appropriate minimum import price level or to allowing for the effect for that or other specified commodities of its maintenance.

(2) Any specified commodity may be distinguished for the purposes of any prospective rate of levy referred to in this article by reference to quality, origin or in any way which appears to the Minister to be required.

Registration of Forward Contracts

12.—(1) Subject to the provisions of this order, a person who contracts for the purchase of any specified commodity for shipment to the United Kingdom at any time during any period or periods for which a prospective rate of levy may be determined may apply for registration of the contract by the Minister and for a certificate (hereinafter called a "certificate of registration") to be issued by him acknowledging such registration and indicating the period during which shipment is to take place and the prospective rate of levy which, at the date of registration, relates to the period during which shipment is to take place.

(2) In any case where a period of shipment so indicated overlaps periods in relation to which different rates of prospective levy are determined, the highest rate shall apply.

(3) Where, in the case of any specified commodity, no rate of country levy is for the time being prescribed but it appears to the Ministers that it is likely, in order to fulfil the objects referred to in article 3 of this order, that such a rate will need to be prescribed, they may make an announcement to that effect and that the announcement shall have effect for the purposes of this article.

(4) Where any such announcement has been made and has effect as aforesaid any person who has previously to such date as is specified for this purpose in the announcement contracted for the purchase of any such

specified commodity to which such a rate of country levy would relate for importation after that date may, in such circumstances and subject to such conditions as are specified in the announcement, make an application in accordance with paragraph (6) of this article.

(5) Any person who has before the date of coming into operation of this Part of this order contracted for the purchase of any specified commodity for importation after that date may, in such circumstances and subject to such conditions as the Ministers announce, make an application in accordance with paragraph (6) of this article.

(6) Any person who, in accordance with paragraph (4) or (5) of this article, may make an application in accordance with this paragraph may apply for the registration of the contract by the Minister and for a certificate of registration to be issued by him acknowledging such registration and indicating the period during which shipment is to take, or took, place and any prospective rate of general or country levy, as the case may be, which the Minister decides is appropriate after making a comparison (where he considers this to be practicable) of the kind described in article 11(1) of this order in relation to the circumstances which would have applied at or about the date of the contract and taking into account any other factors he considers to be relevant with a view to maintaining the appropriate minimum import price level or to allowing for the effect for that or other specified commodities of its maintenance.

Applications for Registration

13.—(1) Any application for registration of a contract, which shall be made to the Minister, shall be made in such form and in accordance with such requirements as the Ministers may from time to time specify; and the applicant shall furnish the Minister with such information as he may require for the purposes of the application.

(2) Except in such circumstances as the Ministers may determine, no application for registration of a contract will be considered—

(a) which is received by the Minister more than 10 days after the date of the contract, unless it is an application made under and in accordance with article 12(4) or (5) of this order;

(b) in any case where the Minister considers that there is no adequate basis for the determination of a prospective rate of levy;

(c) in any case where the Ministers consider it inexpedient or unnecessary that any relief in respect of the levy, if any, be provided for.

Fees and Charges in connection with Reliefs

14. There shall be paid to the Minister in connection with applications made to him with a view to the granting of any relief under section 1(3) of the Act such fees or other charges as the Ministers may from time to time with the approval of the Treasury determine for such applications or any class or description thereof.

Certificates of Registration

15.—(1) Every certificate of registration is and shall remain the property of the Minister and shall be delivered up or produced, as the case may be, forthwith in accordance with any provision of this order, any request made

by or on behalf of the Minister or by or on behalf of the Commissioners and in accordance with any terms or conditions subject to which it was issued or subject to which any relief from levy may be granted.

(2) The Minister may cancel the registration of any contract, and any certificate of registration issued by him, for the purposes of any relief, if after reasonable enquiry he is no longer satisfied that the contract qualifies for registration or that the goods qualify for relief.

(3) If at any time the minimum import price level which applies in respect of imports of any specified commodity is changed the Minister may, having regard to the extent of the change, determine that any prospective rate of levy indicated in any certificate of registration which was issued before the change and indicates a period of shipment the whole or any part of which occurs after the change has become effective shall be adjusted by such an amount as is specified in the determination; and the Commissioners shall have regard to every such determination in the granting of any relief to which it relates.

Amount of Relief

16. Subject to the provisions of this order, where the rate of any general levy or country levy, as the case may be, chargeable on the import into the United Kingdom of any specified commodity is, at the time of delivery of the customs entry relating to any consignment thereof, greater than the prospective rate of levy indicated on a certificate of registration (adjusted where appropriate in accordance with a determination under article 15(3) of this order) which is delivered up to the Commissioners at the time of delivery of the customs entry, or at such other time and subject to such conditions as they may specify, and which the Commissioners are satisfied is valid and relates to goods in that consignment, so much of that consignment as is covered by the certificate may be imported without payment of so much of the rate of general or country levy, as the case may be, as represents the difference between that rate and the prospective rate of levy indicated on the certificate of registration (adjusted as aforesaid).

Conditions and Requirements

17. The Ministers shall in connection with the granting of any reliefs provided for in this Part of this order determine from time to time, with the approval of the Treasury, any conditions and requirements which they consider necessary or expedient in that behalf and the granting of any such relief is conditional upon the provisions of this order relating thereto and such conditions and requirements for the time being in operation being observed and complied with.

SCHEDULE 2

Canada.

United States of America.

EXPLANATORY NOTE

(This Note is not part of the order, but is intended to indicate its general purport.)

This order comes into operation by stages and provides in Part II thereof, which comes into operation on the 1st July 1964, for the charging of levies on imports of those cereals, cereal products and by-products which are specified commodities for the purposes of section 1 of the Agriculture and Horticulture Act 1964. Such levies may be charged in support of the minimum import prices already prescribed under that same section. Three kinds of levy are referred to—general levy, country levy and consignment levy—and criteria for prescribing the rate for each kind of levy are specified.

The general levy will be chargeable on all imports of any specified commodity other than those which are specifically exempt as falling within any of the cases described in Schedule I. These provide exemption from general levy for imports from a co-operating country and for imports of Canadian and United States wheat which has been transhipped via certain named European ports.

Part III of the order, which comes into operation on the 9th June 1964, provides for the granting, in the circumstances and subject to the conditions provided for, of certain reliefs from levy on imports made pursuant to forward contracts which have been registered with the Minister of Agriculture, Fisheries and Food. The order provides for the amount of relief to be the amount, if any, by which the actual rate of levy chargeable on importation exceeds a prospective rate determined by the Minister in accordance with criteria specified in the order. The prospective rate will be indicated on the certificate of registration issued by the Minister when the contract is registered.

The definition of "denatured", in relation to wheat, wheat flour and wheat meal, which is included in article 2(2) of this order, applies also for the purposes of the Price Stability of Imported Products (Minimum Import Price Levels) Order 1964 (S.I. 1964/687).

6. - (a) of a teacher to the calculation of whose salary Part III of these regulations applies, and

(b) of a teacher (not being a principal or depute principal) to the calculation of whose salary Part IV of these regulations applies,

there shall be taken into account as service any periods (hereinafter referred to as "periods of experience") during which the teacher, after having attained the age of 21 years, was gaining experience which in the opinion of the Secretary of State is or is likely to be of value to him as a teacher—

(2) This regulation shall apply to any part of a period of whole-time service under the National Service Act 1948, as amended by the National Service Act 1950, which may not be taken into account under paragraph (6) of Regulation 4 because of the limitation imposed by the proviso to the said paragraph.

(3) This regulation shall not apply to periods during which the teacher was undergoing whole-time education, or whole-time training for the teaching profession, or apprenticeship to a profession or trade, except in so far as the said experience was gained during holiday periods. Added years for late entrants to teaching

8. Subject to the provisions of Regulation 9, where a certificated teacher to the calculation of whose salary Part III of these regulations applies or a teacher (not being a principal or depute principal), whether certificated or not, to the calculation of whose salary Part IV of these regulations applies, had attained the age of 28 years before he became a certificated teacher or a teacher, as the case may be, he shall be deemed to have been in service for one-third of the period between his 28th birthday and the day upon which he became a certificated teacher or a teacher, as the case may be :

Provided that—

- (i) in the calculation of the length of the period to be deemed to be service under this regulation, there shall be left out of account any period subsequent to the said birthday which—

- (b) is subsequent to recognition as a certificated or qualified teacher by the Board of Education or the Ministry of Education or by any other authority approved for the purpose of this regulation ;
- (ii) where there has been taken into account as service to less than its full extent—
 - (a) a period spent in employment in a teaching or other capacity under Regulation 10, or
 - (b) a period of experience taken into account under Regulation 7— the part of the period left out of account under the last foregoing proviso shall bear the same relation to that part of the period of experience falling after the 28th birthday as the extent of the period taken into account as service bears to the whole of the period.

Limitations on reckoning of service

9.—(1) Where a teacher has been engaged for a period in any employment, service or occupation belonging to more than one of the categories described in the foregoing provisions of this Part of these regulations, that period shall be taken into account only once in the calculation of the length of his service :

Provided that, where the length of the period or of the aggregate of the periods of service which could be taken into account under Regulation 6 differs from the length of the period or of the aggregate of the periods which could be taken into account under paragraph (2), paragraph (3) and paragraph (4) of Regulation 4, only the period or the aggregate of the periods which is the longer shall be taken into account.

(2) The aggregate of the periods, other than periods of employment in an educational capacity, which may be taken into account as service under the three last foregoing regulations and paragraph (6) of Regulation 4 shall not, in the case of a teacher to the calculation of whose salary Part III of these regulations applies, who was in teaching service before 1st July 1961, exceed ten years, or, in the case of a teacher to the calculation of whose salary Part III of these regulations applies, who first entered teaching service on or after 1st July 1961, exceed seven years, or, in the case of a teacher (not being a principal or depute principal) to the calculation of whose salary Part IV of these regulations applies, who was in teaching service before 1st July 1961, exceed twelve years, or, in the case of a teacher (not being a principal or depute principal) to the calculation of whose salary Part IV of these regulations applies, who first entered teaching service on or after 1st July 1961, exceed eight years :

Provided that,

- (i) any teacher to the calculation of whose salary Part III of these regulations applies, who was in teaching service before 1st July 1961, but who by that date was not certificated shall not be entitled after the coming into operation of this regulation to salary placing of more than seven years and
- (ii) where an education authority have, in accordance with the provisions of Regulation 2 of the Regulations of 1945 or of Regulation 3 of the Regulations of 1948 or of Regulation 4 of the Regulations of 1951, taken into account a greater aggregate, the said greater aggregate shall continue to be taken into account for the purposes of this regulation.

Service reckoned under lapsed powers

10. Where the whole or part of any period of employment, service or occupation was taken into account for salary purposes in the calculation of the length of service of a teacher under a power which existed before the date upon which these regulations come into operation and where the said period or the said part thereof cannot be taken into account under any other provision of these regulations or can be so taken into account only subject to the fulfilment of a condition, the said period or said part thereof shall be taken into account under this regulation:

Provided that this regulation shall apply—

- (i) to a period or part of a period of service of a type described in Regulation 6 (irrespective of the age of the teacher at the time it was given) which was deemed to be service under the Regulations of 1945 or the Regulations of 1948, or
- (ii) to a period or part of a period of employment, service or occupation before 1st April 1945—

only so long as the teacher is in the employment of the education authority by whom the said period or the said part was first taken into account or by another education authority whose practice it was to take such periods or parts into account.

Service to be reckoned for days of employment on permanent and temporary staffs

11. For the purposes of this Part of these regulations, each day of whole-time employment on the permanent staff shall reckon as one day of service and each day of whole-time employment on the temporary staff shall reckon as 1.825 days of service:

Provided that

- (i) in calculating the length of service of a teacher who has served on the temporary staff for the whole or part of a salary year, the teacher shall not be credited with more than a service year in respect of his employment in that salary year, and
- (ii) where, under the Regulations of 1945, the Regulations of 1948 or the Regulations of 1951, a day of whole-time employment has been reckoned as a day of whole-time employment on the permanent staff, it shall continue to be so reckoned notwithstanding the definition of " permanent staff " contained in Regulation 2(1)(h).

Acceptance of record of service on change of employer

12. Where a teacher who has been employed by an education authority enters the employment of another education authority, that authority may for the purposes of these regulations accept as accurate the record of the service of the teacher which was last accepted as accurate by the education authority who last employed him ; and, on being requested to do so by the teacher, the education authority whose employment the teacher has entered shall furnish him with a copy of the record of service.

Re-assessment of length of service

13.—(1) It shall be in the power of the education authority at any time for the purposes of these regulations to re-assess the length of service of a teacher if they consider that it has been wrongly assessed, and they shall, with all convenient speed, re-assess it at the request of the teacher.

(2) Where a teacher to the calculation of whose salary Part IV of these regulations applies becomes employed as a head of department, senior assistant teacher or assistant teacher, whether at the desire of the education

authority or on his own application, his service on first becoming so employed shall be taken to be of the same length as his service at the termination of his last employment:

Provided that if, having regard to the difference prescribed in Regulation 9(2) in the length of the aggregate of certain periods, other than periods of teaching employment, which may be taken into account as service in the calculation of the length of service of a teacher to the calculation of whose salary Part III of these regulations applies and in the calculation of the length of service of the teacher (not being a principal or depute principal) to the calculation of whose salary Part IV of these regulations applies, the education authority are, or the teacher is, of opinion that the period or the aggregate of the periods, other than periods of teaching employment, which have been taken into account as service under Regulation 6, Regulation 7, Regulation 8 or Regulation 10, should, within the limits prescribed by the said regulations, be increased, the education authority shall, with all convenient speed, re-assess the length of the said period or of the aggregate of the said periods, and if, as a result of the re-assessment, the length of the said period or of the aggregate of the said periods is increased, the said period or the said aggregate, as re-assessed, shall be taken into account accordingly.

(3) If agreement cannot be reached under either of the two last foregoing paragraphs as to the length of the teacher's service, the education authority or the teacher may apply to the Secretary of State for a direction as to the length of service to be taken into account, and it shall be in the power of the Secretary of State to give such direction as he thinks fit:

Provided that an application may not be made only on the ground that the education authority have failed to exercise a discretion vested in them by these regulations or by the Regulations of 1945 to 1963 or that the said discretion has not been exercised to the extent desired by the teacher.

(4) Where the length of service of a teacher or the length of a period or of an aggregate of periods is re-assessed under this regulation, the re-assessment shall be operative with effect from the beginning of the month next following the month in which the teacher requested the education authority to make the re-assessment, or, if the teacher made no such request, from the beginning of the month next following the month in which the education authority intimated to the teacher the result of the re-assessment.

Teachers to whose salaries Part III applies

15. This Part of these regulations and the relative schedules shall apply to the calculation of the salaries of all certificated teachers employed whole-time by an education authority throughout or at any time during the period beginning on 16th June 1964, and terminating on 31st March 1966, both days inclusive, and of the uncertificated teachers of technical subjects specified in paragraph 9 of Part I of Schedule 1 :

Provided that where after the said calculation has been made—

(2) Where the teacher—

- (a) holds a qualification described in any paragraph of Part I of the said schedule, or

the basic scale to which the said paragraph relates shall be the basic scale by reference to which the basic element to be included in the salary of the teacher is calculated :

Provided that—

- (i) where a teacher holds more than one qualification and his qualifications are not all described in one paragraph of the said Part, the basic element of his salary shall be calculated by reference to the basic scale to which one only of the said paragraphs relates as may be selected by the teacher ;
- (ii) where a teacher holds a qualification or combination of qualifications which is not described in the said Part, or where the conditions of award of a qualification described in the said Part have become more exacting and the qualification is awarded to a teacher who has fulfilled the more exacting conditions, it shall be in the power of the Secretary of State to approve the qualification or combination as equivalent in standard to the qualifications described in a paragraph or part of a paragraph of the said Part, and, if it is so approved, the said

- (3) In determining by reference to the basic scale found to be applicable under the last foregoing paragraph the rate of the basic element to be included in the salary of a teacher in any salary year—

In this sub-paragraph the word "month" shall be construed as meaning thirty days, and in the calculation of the number of months a remainder of fifteen days or more shall be reckoned as a month and a remainder of less than fifteen days shall be disregarded.
- (4) Where the annual rate of the basic element calculated in accordance with the foregoing provisions of this regulation exceeds a multiple of £1 by a sum of less than 10s. it shall be reduced to the said multiple, and where it exceeds a multiple of £1 by 10s. or a greater sum of less than £1 the said rate shall be increased to the next multiple of £1.

(b) by £85 if he holds a qualification referred to in paragraphs (1), (2), (3) or (4) of Regulation 7 of the Code, or any other qualification approved for the purpose of this sub-paragraph.

(5) Where a teacher is employed whole-time in a special school or in special classes and he does not hold a qualification in respect of which his basic scale may be increased under the last foregoing paragraph, his basic scale shall be increased throughout by £30.

Assessment of responsibility element of salary

18.—(1) Subject to the provisions of paragraph (3) of this regulation, where a teacher has been appointed to and is employed in a post of special responsibility described opposite to any serial number of Part I of Schedule 2 in column (2) of the said Part, there shall be included in his salary, in addition to the basic element, a responsibility element, being the sum, or sums in accordance with the scales prescribed in the entry in column (3) of the said Part opposite to the said serial number or in Part II of the said schedule, as the case may be:

Provided that—

(i) where the responsibility element so calculated exceeds a multiple of £5 by a sum of less than £2 10s. it shall be reduced to the said multiple, and where it exceeds a multiple of £5 by £2 10s. or a greater sum of less than £5 the said responsibility element shall be increased to the next multiple of £5;

- (ii) where the responsibility element to be included in the salary of a teacher is calculated by reference to the responsibility element in the salary of another teacher and a direction issued by the Secretary of State in relation to the responsibility element in the salary of the said other teacher under paragraph (1) of Regulation 37 in any of the circumstances set forth in heads (ii) to (v) both inclusive or in head (x) of the said paragraph is in force, the responsibility element in the salary of the said other teacher shall, for the purpose of calculating the responsibility element in the salary of the teacher, be deemed to be the responsibility element which would have been included in the salary of the said other teacher but for the said direction ;
- (iii) where the teacher is employed in more than one of the posts or combined posts (hereinafter referred to as "posts") included in Group A of the said Part I, a responsibility element shall be included in respect of only one of the said posts as selected by the teacher ;
- (iv) where the teacher is employed in one or more of the posts included in Group B of the said Part, the responsibility element to be included in his salary in respect of each such post shall be in addition to any responsibility element to be included in respect of a post included in Group A or Group C ;
- (v) where the teacher is employed part-time in a post included in Group C of the said Part, the responsibility element to be included in his salary in respect of that post shall be reduced ; and if the said teacher is also employed part-time in a post included in Group A of the said Part, the responsibility element in respect of that post shall also be reduced ; and the amount of each reduced responsibility element under this proviso shall be the sum which bears the same relation to the amount of the responsibility element prescribed in the said schedule for the post as the part-time employment bears to whole-time employment ; and
- (vi) where the teacher is employed in a post included in Group D of the said Part, no responsibility element shall be included in his salary in respect of any other post to which Schedule 2 applies.
- (2) Where a teacher has been appointed to a post of special responsibility the duties of which are substantially the same as those of a post named or described in column (2) of Part I of Schedule 2, the foregoing provisions of this regulation shall apply as they would have applied if the post had been so named or described notwithstanding that it may be differently named or described. If agreement cannot be reached as to whether the duties of a post are substantially the same as those of a post named or described in the said column, the education authority or the teacher may apply to the Secretary of State for a direction, and it shall be in the power of the Secretary of State to give such direction as he thinks fit.
- (3) Where—
- (a) a teacher has been appointed to and is employed in a primary school in a post of special responsibility described opposite to serial number 1, serial number 13, or serial number 14 or Part I of Schedule 2 in column (2) of the said Part, and
- (b) the average number of pupils in attendance in the school in which he is employed as calculated in accordance with paragraph (6) of this regulation is a number in grade (e) or grade (f) of Scale 10 of the said schedule—

it shall be in the power of the education authority to include in the salary of that teacher if he is employed in a post of special responsibility in a

school to which the said grade (e) applies the responsibility element shown in column (4) opposite to grade (f), and to include in the salary of that teacher if he is employed in a post of special responsibility in a school to which the said grade (f) applies the responsibility element shown in column (4) opposite to grade (e):

Provided that the number of responsibility elements of the amount shown opposite to grade (e) included in the salaries of teachers in posts described opposite to serial numbers 1, 13 and 14, respectively, of Part I of the said schedule shall not exceed the number which, but for the exercise of the power given by this paragraph, would have been included in the said salaries under paragraph (1) of this regulation, and the number of responsibility elements of the amount shown opposite to grade (f) included in the salaries of teachers in posts described opposite to the said serial numbers respectively shall not exceed the number which would have been included in the said salaries under the said paragraph (1).

(4) Where a teacher continues to perform the duties in respect of which he received a responsibility element under serial number 12 or serial number 13 of Part I of Schedule 2 to the Regulations of 1948, the education authority shall include in his salary the responsibility element provided for under serial number 17 or serial number 18 respectively of Part I of Schedule 2 to these regulations.

(5) Where a teacher continues to perform the duties in respect of which he received a responsibility element under serial number 14 of Part I of Schedule 2 to the Regulations of 1948, the education authority shall include in his salary the responsibility element provided for under serial number 19 or serial number 20 as the case may be of Part I of Schedule 2 to these regulations.

(6) (a) For the purpose of column (3) of Part II of Schedule 2 to these regulations—

(i) the expression “number of pupils in attendance” in relation to a week means the number of pupils whose names are shown by the Register of Summaries kept at the school in accordance with Schedule I to the Code to have been on the Daily Registers on the last day on which a meeting was held in that week, and

(ii) the average number of pupils in attendance during any period shall be calculated by adding the number of pupils in attendance on the last day of each week in which a meeting of the school is held during the period and dividing by the number of such weeks during the said period, and

(iii) the average number referred to in the heading of the said column shall be taken to be one-third of the sum of the average numbers of pupils in attendance during the school years beginning in 1959, 1960 and 1961.

(b) In calculations under the last foregoing sub-paragraph a fraction of less than a half shall be disregarded and a fraction of a half or more shall be treated as one unit.

(c) In the following circumstances it shall be in the power of the Secretary of State, on the application of the education authority or of the teacher concerned, to give a direction prescribing the number of pupils in attendance to be taken as the average number for the purposes of column (3) of Part II of Schedule 2 instead of the average number calculated in accordance with the foregoing provisions of this paragraph, or prescribing an alternative

method by which the average number for the purposes of the said column (3) shall be calculated. The said circumstances shall be—

- (i) where a school is opened or was opened after 1st August 1959, or
- (ii) where a change in the organisation of education in an area is made on or after 1st August 1959, or
- (iii) where, after 31st March 1962, a movement of population, or any other cause has brought or brings the average number of pupils in attendance, calculated in accordance with head (ii) of sub-paragraph (a) of this paragraph—
 - (aa) for a period during which meetings of the school were held in four, but not more than four, weeks, and
 - (bb) for the period of fifty-two consecutive weeks from and including the period referred to in sub-head (aa) of this head—
 - into one or more higher or one or more lower grades in a relevant scale in the said Part II than the average number of pupils in attendance during the period comprising the school years beginning in 1959, 1960 and 1961, calculated in accordance with head (iii) of sub-paragraph (a) of this paragraph, or
- (iv) where the responsibility element to be calculated is that to be included under serial number 26 of Part I of Schedule 2 in the salary of a teacher in charge of the education of pupils who are patients in a hospital :

Provided that a direction given in the circumstances to which head (iii) of this sub-paragraph applies shall come into force with effect from the commencement of the period referred to in sub-head (aa) of the said head, or from 16th June 1964, whichever is the later, or from such other date not earlier than 16th June 1964, as the Secretary of State may in exceptional circumstances specify in the direction.

Teachers employed temporarily in posts of special responsibility

19.—(1) Where a teacher is employed to perform in a school the duties of a post of special responsibility in place of a teacher who is temporarily absent from the post or pending a permanent appointment to the post—

- (a) if the teacher was not already in the employment of the education authority, or was employed by the authority elsewhere than in the school, the authority shall include in his salary a responsibility element at the same annual rate as that of the responsibility element included, or which would have been included under these regulations had the employment been after 31st March 1963, in the salary paid to the absent teacher or in the salary of the teacher who last held the post ; and
- (b) if the teacher was employed by the authority in the school, he shall not be entitled to have a responsibility element at the rate prescribed in the last foregoing sub-paragraph included in his salary until he has been employed in the post of special responsibility for twenty school days, whether consecutive or not ; and on the completion of the said twenty school days the said responsibility element in respect of his employment in the said post for the said twenty days shall vest in him, and thereafter the said responsibility element shall vest in him in respect of each day in which he is employed in the said post :

Provided that—

- (i) where, in a case to which sub-paragraph (b) applies, a period of six months has elapsed since the teacher was last employed in the said

post, he shall again have to be employed in the said post for twenty school days before he becomes entitled to have the said responsibility element included in his salary ;

- (ii) where, in a case to which either sub-paragraph (a) or sub-paragraph (b) applies, a responsibility element is already included in the salary of the teacher in respect of other special responsibilities, that responsibility element and the responsibility element for which this paragraph provides shall be subject to such of the provisos to paragraph (1) of the last foregoing regulation as may be applicable ; and
- (iii) where, in a case to which either sub-paragraph (a) or sub-paragraph (b) applies, a direction given under paragraph (1) of Regulation 37 of these regulations or of the Regulations of 1959 or 1963 in any of the circumstances set forth in heads (i) to (v), both inclusive, or in head (x) of the said paragraphs was in operation in relation to the salary of the absent teacher immediately before he became absent or of the teacher who last held the post immediately before he ceased to hold the post, the responsibility element to be included in the salary of the teacher employed to perform temporarily the duties of the absent teacher or of the teacher who last held the post shall be at the annual rate at which it would have been if the said direction had not then been in force.

(2) In this regulation the expression "school day" means a day upon which a meeting is held of the school in which the teacher is employed, or a meeting is held of any of the schools to which his special responsibilities under this paragraph extend, and "meeting" has the meaning attributed to it by Regulation 1(1)(i) of the Code.

(3) This regulation shall with any necessary modifications apply where a teacher is employed to be in charge of the education of pupils who are patients in a hospital in place of a teacher who is temporarily absent from the post or pending a permanent appointment to the post.

- (i) "Teacher-meeting" means, in the case of an assistant teacher, a period during which he teaches one or more classes or is required by the education authority to be present at the further education centre in which he is employed, and, in the case of a teacher in a post of special responsibility, a period during which he teaches, supervises, organises or otherwise performs the duties of his post, including any period during which a teacher-meeting for which he has responsibility, directly or indirectly, is held by another teacher ; and, "morning meeting", "afternoon meeting" and "evening meeting" mean respectively a teacher-meeting beginning before noon, a teacher-meeting beginning between noon and 4 p.m. and a teacher-meeting beginning after 4 p.m. :

Provided that—

- (i) no teacher shall be credited with holding more than one morning meeting, one afternoon meeting or one evening meeting on any day ; and
 - (ii) where a morning meeting or an afternoon meeting continues beyond noon or 4 p.m., the teacher shall not be credited with holding an afternoon meeting or an evening meeting, as the case may be, in respect of the continuance of the meeting beyond the said hours unless the total length of the meeting is more than four hours ; and

(2) Nothing in this Part of these regulations shall be construed as entitling a teacher belonging to more than one category of teachers to more than one salary to be selected by him being a salary prescribed for teachers belonging to one of the said categories.

Teachers to whose salaries Part IV applies

21. Subject to the provisions of Regulation 34, this Part of these regulations and the relative schedules shall apply in the calculation of the salaries of all teachers employed whole-time by an education authority throughout, or at any time during, the period beginning on 16th June 1964 and terminating on 31st March 1966, both days inclusive :

Provided that the said teachers are, in the opinion of the education authority, so employed wholly or mainly in the provision of, or in connection with, further education.

Classification of teachers by qualifications

22.—(1) The education authority shall classify the teachers to whom this Part of these regulations applies into groups according to their qualifications. They shall classify each teacher who holds a qualification described in Part IA of Schedule 3 as a teacher in Group IA. They shall classify each teacher who holds a qualification described in Part IB of the said schedule but does not hold a qualification described in Part IA thereof as a teacher in Group IB. They shall classify each teacher who holds a qualification described in Part II of the said schedule but does not hold a qualification described in Part IA or Part IB thereof as a teacher in Group II. They shall classify all other teachers as teachers in Group III. Where a teacher who has been classified into a group possesses or obtains a qualification described in Schedule 3 which entitles him to be classified into a higher group, he may apply to the education authority for reclassification and the education authority shall reclassify him accordingly.

(2) The provisions of the last foregoing paragraph, other than the last sentence thereof, shall not be construed as requiring the education authority to reclassify a teacher who was classified or deemed to have been classified under Regulation 22 of the Regulations of 1956 or of 1959 or of 1963, and a teacher who was classified or deemed to have been classified under the said Regulations in a group shall be deemed to have been classified in the same group under the last foregoing paragraph.

Classification of posts by level of work

23.—(1) The education authority shall classify the posts of heads of departments, senior assistant teachers and assistant teachers to whom this Part of these regulations applies into three grades according to the level of the work performed or to be performed by the occupants of the respective posts. Where, in their opinion—

(a) in the case of a post of assistant teacher, an essential part of the teaching work of the post, or

(b) in the case of a post of head of department or senior assistant teacher, an essential part of his teaching work or of other teaching work for the supervision of which he has special responsibility—

is, or is likely to be, in one of the categories described in Part I of Schedule 4, they shall classify the post as a post in Grade I. Where, in their opinion, any such essential part is, or is likely to be, in one of the categories described in Part II of the said schedule, but no such essential part is, or is likely to be, in one of the categories described in Part I thereof, they shall classify the post as a post in Grade II. All other posts shall be classified as posts in Grade III :

Provided that—

- (i) subject to the provisions of proviso (iii) to this regulation, where the education authority are of opinion that the level of the essential part of the work which determined the classification of a post has altered, or where the classification of a post falls to be determined by the essentiality of a new or of a different part of the work of the post, they shall intimate to the teacher occupying the post the grade into which they propose to reclassify it, and, if the teacher is dissatisfied with the proposed classification and the education authority do not abandon their proposal, the teacher may apply to the Secretary of State for a direction as to the grade in which the post shall be classified, and it shall be in the power of the Secretary of State to give such direction as he thinks fit ;
- (ii) subject to the provisions of proviso (iii) to this regulation, where the occupant of a post becomes dissatisfied with the classification of the post on the ground either that the essential part of the work which determined the classification of the post is such that the post should be classified in a higher grade than that in which it is classified, or that the classification of the post should be determined by the essentiality of a new or of a different part of the work of the post, he may so represent to the education authority, and, if the education authority do not reclassify the post, he may apply to the Secretary of State for a direction as to the grade in which the post shall be classified and it shall be in the power of the Secretary of State to give such direction as he thinks fit ;
- (iii) a post shall not be reclassified until after the expiry of one year from the date with effect from which it was last classified or reclassified ; and
- (iv) in deciding whether a particular part of the work of a post is an essential part of that work for the purpose of determining the classification of the post, the education authority or the Secretary of State, as the case may be, shall have regard to whether—
 - (a) one or more of the courses provided in the further education centre would be below standard if that part of the work were not included in the work of these courses, and
 - (b) that part was included in the work of the post primarily in order to enable the teacher occupying the post to gain experience of performing work at a more advanced level than the remainder of the work of the post, and
 - (c) a teacher in a higher group or occupying a post in a higher grade is available in the centre to perform that part.

(2) The provisions of the last foregoing paragraph shall not be construed as requiring the education authority to reclassify a post which was classified or deemed to have been classified under Regulation 23 of the Regulations of 1959 or of 1963, and a post which was classified or deemed to have been classified in a grade under the said Regulation shall be deemed to have been classified in the same grade under the last foregoing paragraph.

Assessment of volume and level of work in further education centres

24. The education authority shall make an assessment of the volume and level of work of each further education centre under their management in which teachers are employed whole-time and the said assessment shall be expressed by means of an index figure calculated in accordance with the provisions of Schedule 5. The said assessment shall relate to the year beginning on 1st August 1961 and ending on 31st July 1962, (hereinafter referred to as "the standard year"):

Provided that where after 1st August 1961—

- (i) a further education centre is or was opened, or
- (ii) the whole-time employment of teachers in a centre is or was begun, or
- (iii) new courses are or were instituted or discontinued in a centre, or courses are or were transferred to or from a centre—

it shall be in the power of the Secretary of State, on the application of the education authority or of a teacher, to give a direction prescribing the index figure for the centre and the date with effect from which the index figure so prescribed shall be used in the calculation of the salaries of the occupants of posts of special responsibility in the centre.

Salaries of principals and depute principals

25.—(1) The annual rate of the salary of a principal or of a depute principal (in this regulation referred to as "the teacher concerned") in any salary year shall be calculated by reference to the length on the first day of that salary year of his service in the post in relation to which the said calculation is being made, to the relevant index figure for the centre and to a scale set forth in Part II of Schedule 6 as augmented by any increase to which he is entitled under paragraphs (6) or (7) or (9) of this regulation or Part V of these regulations.

(2) Where the relevant index figure is within the range of index figures given in column (4) opposite to any serial number of Part I of Schedule 6, the salary of the teacher concerned shall be calculated by reference to the salary scale in Part II of the said schedule specified opposite to the said serial number—

- (a) in the case of a principal, in column (2), or
- (b) in the case of a depute principal, in column (3).

(3) In determining by reference to the scale found to be applicable under the last foregoing paragraph the rate of salary of the teacher concerned in any salary year—

- (a) where any year of service of the teacher concerned in his post begins on the first day of a salary year the rate shall be that prescribed by the said scale for that year of service in a post, and
- (b) where the teacher concerned has completed part of any year of service in his post on the last day of the immediately preceding salary year,

the rate shall be that prescribed by the said scale for that year of service in a post augmented by a fraction of the increment, if any, prescribed for the next following year of service in a post, the numerator of the said fraction being the number of months in the said part and the denominator being twelve. In this sub-paragraph the word "month" shall be construed as meaning thirty days, and in the calculation of the number of months a remainder of fifteen days or more shall be reckoned as a month and a remainder of less than fifteen days shall be disregarded, and

(c) where the rate exceeds a multiple of £1 by less than 10s. it shall be reduced to the said multiple, and where it exceeds a multiple of £1 by 10s. or a greater sum of less than £1 the said rate shall be increased to the next multiple of £1.

(4) Where under paragraph (2) of this regulation the salary of a depute principal may be calculated by reference to one or other of two scales, the education authority in selecting the scale to be used shall have regard to the way in which the work of the centre is organised, to the extent to which the depute principal is required to undertake teaching duties or special responsibilities other than those of a depute principal and generally to the whole circumstances of the centre.

(5) The date, whether before or after the date upon which these regulations came into operation, which was fixed by the education authority as the date upon which the teacher concerned should assume the duties of his post shall, for the purposes of this regulation, be taken to be the date upon which the service in the post of the teacher concerned began.

(6) Where the teacher concerned is classified in Group IA or Group IB or where, in the opinion of the education authority, an essential part of the work of the further education centre in which he is employed is, or is likely to be, in one of the categories described in Part I of Schedule 4, the scale by reference to which his salary is calculated shall be increased throughout by £265 but shall not be increased under the next following paragraph.

(7) Where the teacher concerned is classified in Group II or where, in the opinion of the education authority, an essential part of the work of the further education centre in which he is employed is, or is likely to be, in one of the categories described in Part II of Schedule 4, the scale by reference to which his salary is calculated shall be increased throughout by £70.

(8) Where the teacher concerned is dissatisfied with the opinion of the education authority under paragraph (6) or (7) of this regulation, he may apply to the Secretary of State for a direction as to the category described in Schedule 4 in which an essential part of the work of the centre is to be regarded as being, or is likely to be, and it shall be in the power of the Secretary of State to give such direction as he thinks fit. If the direction is that an essential part of the work is to be regarded as being, or as likely to be, in a category described in Part I or Part II of the said schedule, the scale by reference to which the salary of the teacher concerned is calculated shall be increased under the said paragraph (6) or (7) as the case may be.

(9) Where a teacher or other person is appointed principal or depute principal and the annual rate of his salary on the day fixed by the education authority as the day upon which he should assume his new duties is less than, or exceeds by less than £80, the annual rate of his salary on the

last day of his employment in his previous post, his salary shall be augmented by the smaller of the following increases, that is to say—

- (a) by the amount by which the annual rate of his salary on the last day of his employment in his previous post, increased by £80 exceeds the annual rate of the salary which would otherwise be payable under this regulation on the day fixed by the education authority as the day upon which he should assume his new duties, or
- (b) by such sum as will bring the annual rate of his salary, excluding the increase prescribed in this paragraph, to its maximum.

(10) In the last foregoing paragraph references to annual salary rate mean that rate excluding any increase payable under Part V of these regulations.

(11) The two last foregoing paragraph shall, with the necessary modifications, apply to a teacher or other person appointed principal or depute principal after 31st March 1959, but before 1st April 1963, as they apply to a teacher or other person so appointed after 31st March 1963.

Salaries of heads of departments, senior assistant teachers and assistant teachers

26.—(1) The annual rate of the salary of a head of department, a senior assistant teacher or an assistant teacher (in this regulation referred to as "the teacher concerned") in any salary year shall be calculated by reference to the length of his service on the first day of the salary year, to his group or to the grade of his post, and to a scale set forth in Part II of Schedule 7, as augmented by any increase to which he is entitled under paragraph (5) or (6) of this Regulation or under Part V of these regulations :

Provided that the annual rate shall be recalculated in accordance with the foregoing provisions of this paragraph—

- (i) where the teacher concerned is reclassified in a higher group, with effect from the date upon which he obtained the qualification which entitled him to reclassification, but if he did not make application for reclassification within six months of the said date, the reclassification shall, unless the Secretary of State on the application of the education authority or of the teacher and in exceptional circumstances otherwise directs, have effect from the date upon which he applied for reclassification ;
- (ii) where the post is reclassified in a higher or a lower grade, with effect from such date as may be fixed by the education authority, or as the Secretary of State may direct on the application of the teacher concerned ;
- (iii) where the teacher concerned becomes entitled to any such increase or to a further or additional increase, with effect from the date upon which he became entitled to the increase or further or additional increase ; and
- (iv) where the amount of the increase to which he is entitled is reduced or his entitlement to an increase ceases, with effect from the date upon which his entitlement was reduced or ceased.

(2) Subject to the provisions of paragraph (5) of this regulation, where the teacher concerned falls within the description set forth in column (3) opposite to a serial number in Part I of Schedule 7, the salary of the said teacher shall be calculated by reference to the scale in Part II of the said schedule specified opposite to the said serial number in column (2).

(3) In determining by reference to the scale found to be applicable under the last foregoing paragraph the rate of the salary of the teacher concerned in any salary year—

- (a) where the teacher concerned begins any service year on the first day of a salary year the rate shall be that prescribed by the said scale for that service year, and
- (b) where the teacher concerned has completed part of any service year on the last day of the immediately preceding salary year, the rate shall be that prescribed by the said scale for that service year augmented by a fraction of the increment, if any, prescribed for the next following service year, the numerator of the said fraction being the number of months in the said part and the denominator being twelve. In this sub-paragraph the word "month" shall be construed as meaning thirty days, and in the calculation of the number of months a remainder of fifteen days or more shall be reckoned as a month and a remainder of less than fifteen days shall be disregarded, and
- (c) where the rate exceeds a multiple of £1 by less than 10s. it shall be reduced to the said multiple, and where it exceeds a multiple of £1 by 10s. or a greater sum of less than £1 the said rate shall be increased to the next multiple of £1.

(4) Where the salary of the teacher concerned is calculated by reference to Scale 35 and the teacher does not hold one of the qualifications described in Part III of Schedule 3 he shall on completing his tenth service year, notwithstanding that he continues in teaching employment and notwithstanding anything in Part II of these regulations, be deemed to remain in his tenth service year for the purpose of the calculation of his salary :

Provided that if he subsequently obtains one of the said qualifications his eleventh service year shall be deemed to begin on the date upon which he obtains the said qualification and his service after the said date shall be taken into account accordingly in the calculation of his salary.

(5) Where the teacher concerned is a certificated teacher or has satisfactorily completed a course of teacher-training approved for the purpose of this regulation, the scale by reference to which his salary is calculated shall be increased throughout by the sum of £70.

(6) Where the teacher concerned is a head of department or a senior assistant teacher and the relevant index figure is within the range of index figures given opposite to any serial number of Schedule 8 the scale by reference to which his salary is calculated shall be increased throughout, in the case of a head of department, by a sum being a sum not less than that shown opposite to the said serial number in column (2) of the said schedule and not more than that so shown in column (3) thereof, and, in the case of a senior assistant teacher, by a sum being a sum not less than that so shown in column (4) and not more than that so shown in column (5) thereof.

Teachers employed temporarily in posts of special responsibility

27.—(1) Where a teacher is employed to perform in a further education centre the duties of a post of special responsibility in place of a teacher who is temporarily absent from the post or pending a permanent appointment to the post,—

- (a) if the teacher was not already in the employment of the education authority, or was employed by the authority elsewhere than in the further education centre, the authority shall pay him in respect of his

employment in the said post a salary assessed in accordance with the foregoing provisions of these regulations; and

- (b) if the teacher was employed by the education authority in the further education centre, he shall not be entitled to the said salary until he has been employed in the post of special responsibility for twenty days, whether consecutive or not, during each of which a teacher-meeting was held in relation to which the teacher had special responsibility; and on completion of the said twenty days the said salary in respect of his employment in the said post for the said twenty days shall vest in him, and thereafter it shall vest in him in respect of each day in which he is employed in the said post:

Provided that—

- (i) where, in a case to which sub-paragraph (b) applies, a period of six months has elapsed since the teacher was last employed in the said post, he shall again have to be employed in the said post for twenty such days before he becomes entitled to the said salary; and
- (ii) where, in a case to which either sub-paragraph (a) or (b) applies, a direction given under paragraph (1) of Regulation 37 of these regulations or of the Regulations of 1959 or 1963 in any of the circumstances set forth in heads (vi) to (x), both inclusive, of the said paragraphs, was in operation in relation to the salary of the absent teacher immediately before he became absent or of the teacher who last held the post immediately before he ceased to hold the post, the salary of the teacher employed to perform temporarily the duties of the absent teacher or of the teacher who last held the post shall be at the annual rate at which it would have been if the said direction had not then been in operation.
- (2) No salary other than that provided for in this regulation shall be payable by the education authority to the teacher in respect of the period for which he is employed in the said post of special responsibility.

the teacher shall be deemed for the purposes of this regulation to be a teacher whose whole-time employment is in a remote school.

(6) The education authority shall maintain a list classifying the schools and further education centres in their area in which the basic scales or the scales by reference to which the salaries of the teachers employed in the schools or centres, as the case may be, are increased—

It shall be in the power of the Secretary of State, after consultation with the Scottish Joint Council, to direct that these regulations shall apply to the said salary with such modifications as he may prescribe.

- (a) in which he has remained at the desire of the education authority, or

and if the application of these regulations to his salary would result in—

- (i) a reduction in the basic element of his salary, or
- (ii) a reduction in the responsibility element of his salary, or
- (iii) the calculation of the said responsibility element by reference to a lower grade on any scale set forth in Part II of Schedule 2, or

(ix) the calculation of his salary by reference to a lower grade on any scale set forth in Schedule 8—

(x) a salary which, in the opinion of the Secretary of State, would be inequitable having regard to any direction in relation to his salary given under the Regulations of 1945 to 1959, where either Part III or Part IV applies—

it shall be in the power of the Secretary of State, on the application of the teacher or of the education authority, and subject to the provisions of paragraph (2) of this regulation, to issue such direction as he thinks fit.

(2) A direction shall not be issued under this regulation—

(a) where the teacher has been employed temporarily in one or more of the posts in which his qualifications entitle him to an increase in his basic scale under Regulation 17—in respect of the ending of the said increase, unless he has received such increases for a continuous period of not less than two years or, within three years, for an aggregate of periods amounting to not less than two years; or

(b) where the teacher ceases to perform the duties of a post of special responsibility in place of a teacher who is temporarily absent from the post or pending a permanent appointment to the post—in respect of the loss of responsibility element payable under Regulation 19 or of the ending of the payment of the salary appropriate to the said post under Regulation 27; or

(d) where the teacher remains in a post to which he was appointed between 1st August 1939 and 31st March 1948, both days inclusive, unless the average by reference to which his responsibility element falls to be calculated under these regulations is in a lower grade of the relative scale—

(i) than the corresponding average in the school year when he was appointed to the post or in any subsequent school year before that beginning on 1st August 1948, or

(ii) than the average used under the Regulations of 1959; or

(3) For the purpose of sub-paragraph (a) of the last foregoing paragraph a teacher shall be deemed to be employed temporarily in a post if the Secretary of State is satisfied that, when his employment in a post began, he was informed or the circumstances clearly implied that he was to occupy the post only until the occurrence of a particular event or until a particular date.

(4) Before issuing a direction under this regulation, the Secretary of State shall send a copy of any application by or on behalf of a teacher to the Scottish Joint Council for consideration by the Teacher Members of the Council. Where the said teacher was already in the employment of the education authority as a member of the permanent staff, a part of his salary equal in amount to the salary of his permanent post shall vest in him as salary vests in a member of the permanent staff and the balance shall vest in him as salary vests in a member of the temporary staff.

(3) Salaries may be paid in advance or in arrear, in such instalments and at such reasonable intervals as the education authority may think fit.

Teachers on the temporary staff

39. Subject to the provisions of—

- (1) sub-paragraph (h) of Regulation 14 and sub-paragraph (j) of paragraph (1) of Regulation 20 (in which the expression “whole-time employment” in relation to employment in schools and in further education centres respectively is defined),
- (2) Regulation 11 (which relates to the calculation of length of service on the temporary staff),
- (3) sub-paragraph (b) and sub-paragraph (c) of paragraph (1), and paragraph (2) of the last foregoing regulation (which relate to the vesting of salary in a teacher in whole-time employment on the temporary staff),

and to such other modifications as may be necessary, these regulations shall apply to the salary of a teacher on the temporary staff as they apply to the salary of a teacher on the permanent staff.

Resident teachers

40. The employment remunerated under these regulations shall be deemed not to include that part of the employment of a teacher resident at a school or at a further education centre which is not normally included in the employment of teachers not so resident.

Teachers absent from duty

41.—(1) Where a teacher to the calculation of whose salary Part III or IV of these regulations applies is absent as a result of illness or injury, or for the protection of pupils against infection to which the teacher has been exposed or against an illness from which the teacher has suffered, or in preparation for and recovery from confinement, the education authority may reduce the rate of the teacher's salary:

Provided that the reduction does not exceed the reduction applicable to the circumstances of his case recommended in any deliverance of the Scottish Joint Council in force during the teacher's absence, which contains provisions relating to—

- (b) the reduced rates,

Provided that the suspension or the reduction, as the case may be, is in accordance with any deliverance of the Scottish Joint Council in force at the time.

Postponement of increments

42.—(1) If a teacher is not performing his duties to the satisfaction of the education authority, it shall be in the power of the authority, notwithstanding anything in these regulations, to postpone for one salary year after the date of the adoption of the resolution for the said postponement the increments payable to him in accordance with the basic scale applicable to the calculation of the basic element of his salary if he is a teacher to the calculation of whose salary Part III of these regulations applies, or the scale applicable to the calculation of his salary if he is a teacher to the calculation of whose salary Part IV of these regulations applies.

(2) If at any time within six weeks after the adoption of a resolution under this regulation a petition is presented to the Secretary of State by the said teacher praying for an inquiry into the reasons for the postponement, the Secretary of State shall make such inquiry as he sees fit, and if as a result of such inquiry he is of opinion that the postponement is not reasonably justifiable he shall communicate such opinion to the education authority, and the resolution shall thereupon be deemed never to have been adopted.

(3) It shall be in the power of the education authority at any time to revoke any resolution adopted under this regulation, and the resolution shall thereupon cease to have effect in relation to the remainder of the salary year in which the education authority resolve to revoke the resolution and in subsequent salary years.

43. Where an application is submitted to the Secretary of State by an education authority or by a teacher for a direction under these regulations, the authority or the teacher shall specify in the application the direction which it is desired to obtain and shall state the reasons in support of the application. It shall be in the power of the Secretary of State to refuse

to issue a direction or, subject to the provisions of the regulation under which the application is made, to issue such direction as he thinks fit, and at any time to amend or revoke a direction so issued, after consultation with the Scottish Joint Council or any other body, if such consultation is prescribed by the said regulation, or, if no such consultation is so prescribed, after such consultation, if any, as he thinks necessary. The said direction shall specify the period for which it is to have effect, provided that the said period shall begin not earlier than 16th June 1964, and shall end not later than 31st March 1966, both days inclusive. - (2) the application may be submitted by the education authority on behalf of the teacher, and any application so submitted shall be held to have been submitted with the teacher's approval unless the contrary is proved.

Responsibility for establishment of facts in applications by teachers

45. Where an application is made by a teacher under these regulations which requires a decision by the Secretary of State, the responsibility for establishing to the satisfaction of the Secretary of State the facts upon which the application is based shall rest upon the teacher. This regulation shall with the necessary modifications apply to an application by a teacher requiring a decision by the Scottish Joint Council or the education authority.

Revocation of regulations

46.—(1) Subject to the provisions of section 38(2) of the Interpretation Act 1889, the regulations set forth in Schedule 9 to these regulations are hereby revoked, provided that such revocation shall not prevent the Secretary of State or the education authority from exercising any of their functions under any regulation so revoked in relation to the salary payable to any teacher in respect of employment in the period during which the regulation so revoked was in operation.

- (b) is less than the standard quantity and the average realised price is higher than the target indicator price the guarantee payment shall be the amount, if any, by which the guaranteed price exceeds the average realised price to which amount shall be added a proportion of the amount by which the average realised price exceeds the target indicator price, arrived at in accordance with arrangements determined by the Minister ;

(d) 1964 c. 28.

shall be the amount by which the guaranteed price exceeds the average realised price :

Provided that where the annual production falls short of the standard quantity by such amount as may from time to time be determined by the Minister and the average realised price is lower than the target indicator price, any guarantee payment under this paragraph shall be reduced by a proportion of the difference between the average realised price and the target indicator price arrived at in accordance with a scale determined by the Minister.

5.—(1) Any guarantee payment relating to wheat ascertained pursuant to article 4 of this order may be made by the Minister subject to such conditions as he may from time to time with the approval of the Treasury specify, in respect of every hundredweight of millable wheat which is shown to his satisfaction to have been despatched or delivered during the year to, or in accordance with the instructions of, a purchaser thereof.

(2) Any guarantee payment relating to barley ascertained pursuant to article 4 of this order shall be subject to such conditions as the Minister may from time to time with the approval of the Treasury specify and may—

(a) be made in respect of any land which is shown to the satisfaction of the Minister to have been used for the purpose of growing barley for harvesting during the year, being barley harvested as grain, or available at such date as he may specify for harvesting as grain :

(b) be made at such a rate per acre as may be ascertained by the Minister, being a rate calculated by reference to the guarantee payment ascertained pursuant to article 4 hereof and the average yield of barley in hundredweights per acre in the United Kingdom ascertained by the Minister during such period as may appear to him to be appropriate :

Provided that—

(i) in the case of any barley which is despatched or delivered by or on behalf of the registered grower during the year in question to, or in accordance with the instructions of, a purchaser thereof the Minister may, subject to such conditions as he may from time to time with the approval of the Treasury specify, make a deduction from or addition to the amount of any payment which might have been made under the foregoing provisions of this article (adjusted as circumstances may require in consequence of the provisions of sub-paragraph (ii) hereof) at such a rate in respect of each hundredweight of barley despatched or delivered as aforesaid as the Minister may, if he thinks fit and with the approval of the Treasury, specify in relation to that part of the year in which the barley is despatched or delivered ;

(ii) in the event of the total of any such additions in respect of barley despatched or delivered as aforesaid in any year exceeding or being less than the total of any such deductions in respect of barley so despatched or delivered in that year, the difference shall be taken into account by the Minister in ascertaining, in the case of that year, any rate of payment per acre in respect of barley under the preceding provisions of this order.

Guarantee payments for rye and oats and mixed cereals

6. In each year in respect of millable rye and oats—

(a) a guaranteed price shall be determined in each case at a price per hundredweight ; and

(b) an average realised price shall be ascertained by the Minister in such manner and at such time as may appear to him proper.

Rye

7. If in any year the average realised price of millable rye ascertained pursuant to article 6(b) hereof is less than the guaranteed price determined pursuant to article 6(a) hereof, the Minister may, if he thinks fit, and subject to such conditions as he may from time to time with the approval of the Treasury specify, make a payment of an amount equal to the difference in respect of every hundredweight of millable rye which is shown to his satisfaction to have been despatched or delivered during that year to, or in accordance with the instructions of, a purchaser thereof.

Oats

8.—(1) If in any year the average realised price of oats ascertained pursuant to article 6(b) hereof is less than the guaranteed price determined pursuant to article 6(a) hereof, the Minister may, if he thinks fit, and subject to such conditions as he may from time to time with the approval of the Treasury specify, make a payment in respect of any land which is shown to his satisfaction to have been used for the purpose of growing oats for harvesting during the year in question, being oats harvested as grain or available at such date as he may specify for harvesting as grain.

(2) Any payment under paragraph (1) hereof shall be at a rate per acre ascertained by the Minister, being a rate calculated by reference to the difference between the average realised price and the guaranteed price determined pursuant to article 6 hereof and the average yield of oats in hundredweights per acre in the United Kingdom ascertained by the Minister in respect of such period as may appear to him appropriate.

Mixed Cereals

9. Where any land has been used for the purpose of growing a crop consisting entirely of two or more cereals or consisting of a mixture of one or more cereals and other produce, the Minister may, if he thinks fit, and subject to such conditions as he may from time to time with the approval of the Treasury specify, make in respect of that land a payment—

(a) in the case of a crop consisting entirely of cereals, of an amount equal to, or

(b) in the case of a crop consisting of cereals and other produce, of an amount equal to such percentage as the Minister may from time to time with the approval of the Treasury specify of,

any payment which he might have made in respect of that land under article 8 of this order if the crop had consisted of oats.

10. The Minister may, without prejudice to his general discretion in respect of any payment under this order, in respect of any land to which articles 5(2), 8 and 9 hereof apply, if he is of opinion—

(a) that the crop of cereals obtained from the land is unduly small or has been adversely affected by the unsuitability of the land for growing the crop or by negligence in connection with the preparation of the land for, or the sowing, tending or harvesting of, the crop; or

- (b) that any of the land has been used in the twelve months preceding the harvesting of the crop in question in a manner likely to impair its fertility ; or
- (c) in the case of a crop of cereals, or of cereals and other produce, which has been undersown with other crops, that the cereal seed sown was not sufficient to provide a proper crop of cereals or that the undersowing was done in such a manner or with seed of such a kind as to be likely to reduce the yield of the cereals ; or
- (d) that the cereals were self-sown,

reduce to such extent as he thinks fit the amount of, or withhold, any payment which he might otherwise have made under that provision in respect of that land.

Persons to whom payments may be made

11. Any payment under this order shall be made to the registered grower of the cereals in question or, if the Minister is satisfied that the interest of the registered grower in that payment has passed to some other person, to that other person.

12. Subject to such terms and conditions as the Minister, with the approval of the Treasury, may specify, the Minister may for the purposes of this order make such payments by way of advance as he may from time to time in respect of any year think fit.

EXPLANATORY NOTE

(This Note is not part of the order, but is intended to indicate its general purport.)

This order replaces the Cereals (Deficiency Payments) Order 1955 (S.I. 1955/962) as amended, and provides for changes in the arrangements for guarantee payments to producers of cereals following the determinations of the Ministers after a review held under section 2 of the Agriculture Act 1947.

The changes effected by the order relate only to wheat and barley and provision is now made for the determination each year of standard quantities and target indicator prices which are used for calculating the guarantee payments in respect of these two crops in differing circumstances.

The provisions relating to rye, oats and mixed cereals remain unchanged.

Order 1964**

<i>Made - - - -</i>	<i>11th June 1964</i>
<i>Coming into Operation</i>	<i>26th June 1964</i>

Whereas the Minister of Labour (hereafter in this Order referred to as "the Minister") has received from the Flax and Hemp Wages Council (Great Britain) the wages regulation proposals set out in the Schedule hereto :

Now, therefore, the Minister, by virtue of the powers conferred on him by section 11 of the Wages Councils Act 1959(a), and of all other powers enabling him in that behalf, hereby makes the following Order :—

1. This Order may be cited as the Wages Regulation (Flax and Hemp) (Holidays) Order 1964.

2.—(1) In this Order the expression "the specified date" means the 26th June 1964, provided that where, as respects any worker who is paid wages at intervals not exceeding seven days, that date does not correspond with the beginning of the period for which the wages are paid, the expression "the specified date" means, as respects that worker, the beginning of the next such period following that date.

(2) The Interpretation Act 1889(b), applies to the interpretation of this Order as it applies to the interpretation of an Act of Parliament and as if this Order and the Order hereby revoked were Acts of Parliament.

3. The wages regulation proposals set out in the Schedule hereto shall have effect as from the specified date and as from that date the Wages Regulation (Flax and Hemp) (Holidays) Order 1963(c), shall cease to have effect.

Dated 11th June 1964.

Joseph Godber,
Minister of Labour.

SCHEDULE

The following provisions as to holidays and holiday remuneration shall be substituted for the provisions as to holidays and holiday remuneration set out in the Wages Regulation (Flax and Hemp) (Holidays) Order 1963 (hereinafter referred to as "Order F.H. (100)").

(a) 7 & 8 Eliz. 2. c. 69. (b) 52 & 53 Vict. c. 63. (c) S.I. 1963/401 (1963 I, p. 467).

PART I

APPLICATION

1. This Schedule applies to every worker for whom statutory minimum remuneration has been fixed.

PART II

CUSTOMARY HOLIDAYS

- 2.—(1) An employer shall allow to every worker to whom this Schedule applies a holiday (hereinafter referred to as a “customary holiday”) in each year on the days specified in the next following sub-paragraph, provided that the worker has been in his employment for a period of not less than four weeks immediately preceding the customary holiday and has worked for the employer during the whole or part of that period and (unless excused by the employer or absent by reason of the proved *incapacity of the worker due to sickness or injury*) has worked for the employer throughout the last working day on which work was available to him prior to the customary holiday.

- (2) The said customary holidays are :—

(a) (i) In England and Wales—

Christmas Day (or, if Christmas Day falls on a Sunday, such week-day as may be appointed by national proclamation, or, if none is so appointed, the next following Tuesday), Boxing Day, Good Friday, Easter Monday, Whit Monday and August Bank Holiday :

Provided that in the case of workers who normally work on each week-day except Saturday if Christmas Day falls on a Saturday the holiday shall be the next following Tuesday ;

(ii) In Scotland—

New Year's Day and the following day :

Provided that if New Year's Day falls on a Sunday the holidays shall be the following Monday and Tuesday ; if New Year's Day falls on a Saturday then in the case of workers who normally work on each week-day except Saturday the holidays shall be the following Monday and Tuesday and in the case of all other workers, New Year's Day and the following Monday ;

the local Spring holiday ;

the local Autumn holiday ;

and two other days (being days on which the worker normally works for the employer) in the course of a calendar year to be fixed by the employer in consultation with the worker or his representative, and notified to the worker not less than three weeks before the holiday ;

- or (b) in the case of each of the said days (other than a day fixed by the employer in Scotland and notified to the worker as aforesaid) a day substituted by the employer therefor, being a day recognised by local custom as a day of holiday in substitution for the said day.

- (3) Notwithstanding the preceding provisions of this paragraph, an employer may (except where in the case of a woman or young person such a requirement would be unlawful) require a worker who is otherwise entitled to any customary holiday under the foregoing provisions of this Schedule to work thereon and, in lieu of any such holiday on which he so works, the employer shall allow to the worker a day's holiday (hereinafter referred to as a “holiday in lieu of a customary holiday”) on a week-day on which he would normally work for the employer within the period of four weeks immediately following the customary holiday.

- (4) A worker who is required to work on a customary holiday shall be paid :—
- (a) for all time worked thereon at the minimum rate then appropriate to the worker for work on a customary holiday ; and
- (b) in respect of the holiday in lieu of the customary holiday, holiday remuneration in accordance with paragraph 6.

PART III

ANNUAL HOLIDAY

- 3.—(1) Subject to the provisions of paragraph 4, in addition to the holidays specified in Part II of this Schedule an employer shall, between the date on which this Schedule becomes effective and 30th September 1964 and in each succeeding year between 6th April and 30th September, allow a holiday (hereinafter referred to as an "annual holiday") to every worker in his employment to whom this Schedule applies who has been employed by him during the 12 months immediately preceding the commencement of the holiday season for any of the periods of employment (calculated in accordance with the provisions of paragraph 10) specified below and the duration of the annual holiday shall, in the case of each such worker, be related to his period of employment during that 12 months as follows :—

Workers with a normal working week of six days		Workers with a normal working week of five days or less	
Period of employment	Duration of annual holiday	Period of employment	Duration of annual holiday
At least 48 weeks	12 days	At least 48 weeks	10 days
" " 44 "	11 "	" " 43 "	9 "
" " 40 "	10 "	" " 38 "	8 "
" " 36 "	9 "	" " 33 "	7 "
" " 32 "	8 "	" " 28 "	6 "
" " 28 "	7 "	" " 24 "	5 "
" " 24 "	6 "	" " 19 "	4 "
" " 20 "	5 "	" " 14 "	3 "
" " 16 "	4 "	" " 9 "	2 "
" " 12 "	3 "	" " 4 "	1 day
" " 8 "	2 "		
" " 4 "	1 day		

- (2) Notwithstanding the provisions of sub-paragraph (1) of this paragraph :—
- (a) The number of days of annual holiday which an employer is required to allow to a worker in any holiday season shall not exceed in the aggregate twice the number of days constituting the worker's normal working week.
- (b) The duration of the worker's annual holiday in the holiday season ending on 30th September 1964, shall be reduced by any days of annual holiday duly allowed to him by the employer under the provisions of Order F.H. (100) between 6th April 1964 and the date on which the provisions of this Schedule become effective.
- (3) In this Schedule the expression "holiday season" means in relation to the year 1964 the period commencing on 6th April 1964 and ending on 30th September 1964, and, in each succeeding year, the period commencing on 6th April and ending on 30th September of the same year.
- 4.—(1) Subject to the provisions of this paragraph, an annual holiday shall be allowed on consecutive working days, being days on which the worker is normally called upon to work for the employer.

- (2) Where the number of days of annual holiday for which a worker has qualified exceeds the number of days constituting his normal working week, the holiday may, by agreement in writing between the employer and the worker or his representative, be allowed in two periods of consecutive working days ; so, however, that when a holiday is so allowed, one of the periods shall consist of a number of such days not less than the number of days constituting the worker's normal working week.
- (3) For the purposes of this paragraph, days of annual holiday shall be treated as consecutive notwithstanding that a day of holiday allowed to a worker under Part II of this Schedule or a day upon which he does not normally work for the employer intervenes.
- (4) Where a day of holiday allowed to a worker under Part II of this Schedule immediately precedes a period of annual holiday or occurs during such a period and the total number of days of annual holiday required to be allowed in the period under the foregoing provisions of this paragraph, together with any such day of holiday allowed under Part II of this Schedule, exceeds the number of days constituting the worker's normal working week then, notwithstanding the foregoing provisions of this paragraph, the duration of that period of annual holiday may be reduced by one day and in such a case one day of annual holiday may be allowed on any working day (not being the worker's weekly short day) in the holiday season.
- (5) Subject to the provisions of sub-paragraph (1) of this paragraph, any day of annual holiday under this Schedule may be allowed on a day on which the worker is entitled to a day of holiday or to a half-holiday under any enactment other than the Wages Councils Act 1959.
5. An employer shall give to the worker reasonable notice of the commencing date or dates and duration of the period or periods of his annual holiday. Such notice may be given individually to the worker or by the posting of a notice in the place where the worker is employed.

PART IV

HOLIDAY REMUNERATION

A—CUSTOMARY HOLIDAYS AND HOLIDAYS IN LIEU OF CUSTOMARY HOLIDAYS

- 6.—(1) Subject to the provisions of this paragraph, for each day of holiday to which a worker is entitled under Part II of this Schedule he shall be paid by the employer holiday remuneration as follows :—
- (a) in the case of a piece worker, an amount equal to the worker's average hourly earnings for the hours worked by him for the employer (exclusive of overtime) in the week immediately preceding that in which the holiday occurs multiplied by the number of hours normally worked by him (exclusive of overtime) on that day of the week ;
- (b) in the case of a time worker, an amount equal to the sum which would be payable to him by the employer if that day were not a holiday and he worked thereon the number of hours normally worked by him (exclusive of overtime) on that day of the week and if he were paid at the hourly rate payable to him under his contract of employment immediately before the holiday.
- (2) Payment of the said holiday remuneration is subject to the condition that the worker presents himself for employment at the usual starting hour on the first working day following the holiday and works throughout that day or, if he fails to do so, failure is by reason of the proved *incapacity of the worker due to sickness or injury* or with the consent of the employer.

- (3) The holiday remuneration in respect of any customary holiday shall be paid by the employer to the worker on the pay day on which the wages for the week including the first working day following the customary holiday are paid.
- (4) The holiday remuneration in respect of any holiday in lieu of a customary holiday shall be paid on the pay day on which the wages are paid for the week including the first working day following the holiday in lieu of a customary holiday :

Provided that the said payment shall be made immediately upon the termination of the worker's employment in the case where he ceases to be employed before being allowed a holiday in lieu of a customary holiday to which he is entitled, and in that case sub-paragraph (2) of this paragraph shall not apply.

B—ANNUAL HOLIDAY

- 7.—(1) Subject to the provisions of this paragraph and of paragraph 8, a worker qualified to be allowed an annual holiday under this Schedule shall be paid as holiday remuneration by his employer in respect thereof, on the last pay day preceding such annual holiday, an amount equal to four per cent. of his total remuneration (*determined in accordance with paragraph 11*) during the 12 months immediately preceding the commencement of the holiday season.
- (2) Where under the provisions of paragraph 4 an annual holiday is allowed in more than one period, the holiday remuneration shall be apportioned accordingly.
8. Where any accrued holiday remuneration has been paid by the employer to the worker (in accordance with paragraph 9 of this Schedule or with Order F.H. (100)) in respect of employment during any of the periods referred to in that paragraph or that Order, the amount of holiday remuneration payable by the employer in respect of any annual holiday for which the worker has qualified by reason of employment during the said period shall be reduced by the amount of the said accrued holiday remuneration unless that remuneration has been deducted from a previous payment of holiday remuneration made under the provisions of this Schedule.

ACCRUED HOLIDAY REMUNERATION PAYABLE ON TERMINATION OF EMPLOYMENT

9. Where a worker ceases to be employed by an employer after the provisions of this Schedule become effective, the employer shall, immediately on the termination of the employment (hereinafter called "the termination date"), pay to the worker as accrued holiday remuneration :—
- (1) in respect of employment in the 12 months up to and including 5th April immediately preceding the termination date, a sum equal to the holiday remuneration for any days of annual holiday for which he has qualified except days of annual holiday which he has been allowed or has become entitled to be allowed before leaving the employment ; and
- (2) in respect of any employment of *at least four weeks in duration* since the said 5th April an amount equal to four per cent. of the worker's total remuneration (*determined in accordance with paragraph 11*) since that date.

PART V

GENERAL

10. For the purpose of calculating any period of employment qualifying a worker for an annual holiday under this Schedule, the worker shall be treated—

(1) as if he were employed for a week in respect of any week *during the qualifying period* in which—

(a) in the case of a worker other than a part-time worker, he has worked for the employer for not less than 20 hours and has performed some work for which statutory minimum remuneration is payable ;

(b) in the case of a part-time worker, he has worked for the employer and has performed some work for which statutory minimum remuneration is payable ;

(c) in the case of a worker other than a part-time worker, he has worked for the employer for less than 20 hours by reason of *proved incapacity due to sickness or injury* or, in the case of any worker, for a like reason he has been absent throughout the week *or has been suspended throughout the week owing to shortage of work* : *Provided that the number of weeks which may be so treated as weeks of employment shall not exceed :—*

(i) *26 weeks in the case of proved incapacity in respect of which the worker is entitled to injury benefit under the National Insurance (Industrial Injuries) Acts 1946 to 1963 ; and*

(ii) *four weeks in the case of any other proved incapacity or of suspension owing to shortage of work.*

(2) as if he were employed on any day of holiday allowed under the provisions of this Schedule, or of Order F.H. (100), and for the purposes of the provisions of sub-paragraph (1) of this paragraph, a worker who is absent on any such holiday shall be treated as having worked thereon for the employer on work for which statutory minimum remuneration is payable for the number of hours normally worked by him on that day of the week.

11. *A worker's total remuneration shall include :—*

(1) *all payments paid or payable to the worker by the employer in respect of his employment except :—*

(a) *payments by way of annual holiday remuneration ;*

(b) *payments by way of accrued holiday remuneration ;*

(c) *payments in respect of overtime ; and*

(d) *payments in respect of any period of absence from work by reason of incapacity due to sickness or injury or by reason of suspension owing to shortage of work ; and*

(2) *in respect of any period of absence which under the provisions of sub-paragraph (1) (c) of paragraph 10 is to be treated as a period of employment, the amount to which he would have been entitled if he had worked during that period as a time worker for the number of daily hours (exclusive of overtime) normally worked by him.*

ment of the holiday season, or, where under paragraph 9 accrued holiday remuneration is payable on the termination of the employment, in the 12 months immediately preceding the termination date :

Provided that—

(2) no account shall be taken of any week in which the worker did not perform any work for which statutory minimum remuneration has been fixed.

“PART-TIME WORKER” means a worker who normally works for the employer for less than 20 hours a week by reason only of the fact that he does not hold himself out as normally available for work for more than the number of hours he normally works in the week.

These Regulations consolidate the Regulations specified in Schedule 4, which relate to the payment of certain allowances to justices of the peace. The only substantial amendment is as follows. Section 31 of the Administration of Justice Act 1964 amends section 8 of the Justices of the Peace Act 1949 under which these Regulations are made so as to substitute references to subsistence allowance for the references to lodging allowance and these Regulations accordingly are in terms of subsistence allowance instead of lodging allowance, the rates of subsistence allowance payable to justices being set out in Schedule 2.

PART II

GRANTS UNDER SECTION 184(1)(a) OF THE ACT IN CONNECTION WITH ACQUISITION, CLEARING AND PRELIMINARY DEVELOPMENT OF LAND FOR WAR DAMAGE REDEVELOPMENT

Expenditure eligible for grant under this part

5.—(1) Grant shall be payable by the Minister to local authorities in respect of expenditure incurred by them, whether before or after 1st April 1964, in connection with

(a) the acquisition for war damage redevelopment of land approved by the Minister for the purposes of this part of the regulations (referred to in these regulations as “part II approved land”) being land acquired under Part I of the Act of 1944 or section 38 or 40 of the Act of 1947 (including land acquired by virtue of section 19 of that Act) or section 68 or 71(1)(a) of the Act (including land acquired by virtue of sections 129 to 133 of the Act), and

(b) the clearing and preliminary development of any land falling within the last foregoing sub-paragraph.

(2) For the purposes of this part of these regulations land appropriated by a local authority to a purpose, being a purpose in respect of which grant would be payable thereunder in connection with the acquisition of the land had it been acquired for that purpose, shall be treated as if it had been acquired for that purpose and at a cost of such amount as shall be determined by the Minister.

(3) The expenditure which may be reckoned as expenditure incurred in connection with the acquisition, clearing and preliminary development of part II approved land shall for the purposes of these regulations be such as may be approved by the Minister with the consent of the Treasury after deduction of such contributions, receipts, credits, or other items received by or due to the local authority in respect of land concerned as the Minister with such consent may determine, and such expenditure may include any sums or any parts of sums paid by local authorities in connection with any restriction imposed on the development or use of the land by or under any enactment (whether by way of compensation or by way of contribution towards damage or expenses incurred in consequence of the restriction) provided that grant has not been paid or become payable in respect thereof under these regulations or any other regulations made under sections 93 or 94 of the Act of 1947 or section 184 of the Act.

Conditions of payment of grant

6. The payment of grant in pursuance of this part of the regulations shall be dependent upon the fulfilment of the following conditions:—

(a) that each case is approved by the Minister for the purposes of these regulations;

(b) that the local authority shall, where the carrying out of any works by them is necessary to achieve the purpose for which the land was acquired, carry out the works in a reasonably expeditious manner and shall, in a case where disposal of the land is necessary to achieve the said purpose, effect its disposal in a manner approved by the Minister.

Calculation and amount of grant

7.—(1) Subject to the provisions of regulation 4(2), grant in respect of part II approved land shall be payable annually for such period in relation

to any part II expenditure as the Minister may determine (but not exceeding 60 years) and shall be in respect of each financial year 50 per cent. of the amount arrived at by—

- (c) subtracting from the total amount arrived at under sub-paragraph (a) of this paragraph the total amount arrived at under sub-paragraph (b) thereof.

(2) In this regulation " the annual equivalent of the capital value " means the amount of the annual payment that would be required to repay the amount represented by the capital value if that last mentioned amount had been borrowed from the Local Loans Fund at the time of development, appropriation, sale or disposal, and were repayable, together with interest at the rate for such a borrowing (being the appropriate rate fixed by the Treasury for loans from the Local Loans Fund or, where there are two rates so fixed, the higher of those rates), by equal annual instalments of principal and interest combined over a period of 60 years.

Increased rate of grant in certain cases

8. As respects land of any of the following descriptions that is to say—

- (a) land comprised in a compulsory purchase order made by a local authority under the Act of 1944, or the Act of 1947, and confirmed before 26th February 1954, being land acquired for any of the purposes specified in subsection (5)(a) of section 93 of the Act of 1947 as that section had effect apart from the provisions of section 50 of the Act of 1954, and
 - (b) land acquired by agreement for any of those purposes with the consent of the Minister given before that date, and
 - (c) land appropriated by a local authority for any of those purposes before that date, and
 - (d) land acquired or appropriated for any of those purposes (whether before or after that date), being land contiguous or adjacent to and falling within any of the preceding paragraphs of this regulation,
- regulation 7 shall apply as if for the references in paragraph (1) thereof to 50 per cent. and part II expenditure there were substituted, respectively, references to 90 per cent. and to such portion of part II expenditure as relates to that land :

Provided that the land is in each case approved by the Minister for the purposes of this regulation and also that grant shall not be payable in respect of any such land at a higher rate in respect of a year or part of a year which together with the preceding years or parts of years in respect of which grants at a higher rate have been paid in the case of that land, would extend beyond the total period of 5, or, as the case may be, 8 years as determined by the Minister.

(3) No contributions shall be made in respect of any lime purchased from any person other than an approved supplier.

(4) No contributions shall be made in respect of any lime purchased from an approved supplier other than lime to which the certificate of approval (hereinafter referred to) of that approved supplier extends or lime in respect of which the Ministers have given their consent in pursuance of paragraph 9(7)(a) of this Scheme.

Provided that the Ministers may substitute for the said period of six months a period of nine months where the lime is first used in the growing of mushrooms and a period of twelve months where the lime is first used for the covering of silage if in either case the occupier or approved association has at the time of applying for contribution declared to the Ministers that it was intended so to use the lime.

(8) No contributions shall be made in respect of any lime, the addition of which to the land appears to the Ministers to be or to have been excessive and unreasonable in the particular circumstances.

Rates of Contributions

5.—(1) A contribution in respect of the acquisition and spreading of any one of the kinds of lime referred to in column 1 of Part I of Schedule 1 to this Scheme may be made at the rate appearing in column 4 of the said Part I which is appropriate according to the neutralising value and any degree of fineness appearing respectively in column 2 and 3 of the said Part I or at the rate mentioned in Part II of the said Schedule, together with any additional contributions, in accordance with the said Schedule, as may be appropriate in the particular circumstances.

(2) A contribution in respect of the transport of any one of the kinds of lime referred to in the preceding sub-paragraph may be made in accordance with the provisions of Schedule 2 to this Scheme.

(3) The amount of any contribution in respect of the acquisition, spreading and transport of lime shall not exceed three quarters of the total net cost incurred by the applicant in respect of those items.

(4) Any question whether, in relation to an application for contribution, any lime is or is not of a particular kind or quality referred to in Part I of Schedule 1 to this Scheme shall be determined by the Ministers.

Applications for Contributions

6.—(1) An application for a contribution shall be made in such manner and in such form as the Ministers may from time to time require.

(2) (a) An application for a contribution shall be made within three months of the delivery of the lime to the applicant or within such longer period as the Ministers may, in exceptional circumstances, allow.

(b) If the lime shall not have been spread on agricultural land at the time when the application is made the applicant shall notify the Ministers in writing within 21 days after the expiration of the period allowed for spreading by virtue of the provisions of paragraph 4(7) of this Scheme, or within such longer period as the Ministers may in exceptional circumstances allow, of the fact that it has been so spread and of the date of spreading.

(3) (a) In a case where an application for contribution is proposed to be made by an occupier in respect of lime which is to be acquired by him otherwise than by purchase the applicant shall before delivery to him of the lime inform the Ministers in writing of his intention to acquire, transport, and spread it and shall give to the Ministers such other information as they may require for the purposes of this Scheme and thereupon the Ministers shall inform the applicant whether they will be willing, subject to due compliance with this Scheme in all other respects, to entertain the application.

(b) If the Ministers shall have stated their willingness to entertain the application, any acceptance thereof shall *inter alia* be conditional on the applicant, after delivery of the lime referred to in the preceding subparagraph, affording to a person authorised by the Ministers an opportunity to inspect it and refraining from spreading it until either it has been inspected on behalf of the Ministers or the Ministers have informed the applicant that such an inspection has been dispensed with.

(4) An applicant for a contribution shall at all reasonable times allow any person authorised by the Ministers to inspect and take samples of the lime to which the application relates and to inspect the land on which such lime has been or is intended to be spread and, if so required, shall produce to such person any books, accounts, invoices, receipts or other documents which are in his possession or under his control and give to him such information as he may require so as to enable the application to be verified.

Recovery of Overpayments

7. Any sum paid by way of contribution under this Scheme which is found to have been improperly paid may without prejudice to any other means of recovery available to them or to any criminal proceedings be recovered by the Ministers as a debt due to them or may be deducted by them from any moneys payable or to become payable by them or by one of them to the person from whom they are entitled to recover the overpayment.

Approval of Associations

8.—(1) An application by an association to be an approved association shall be made to the Ministers in writing on its behalf by the Secretary or other authorised officer thereof.

(2) The approval of an association as an approved association may be revoked by the Ministers if it appears to them that the conduct of the association in relation to the administration of this Scheme has been such that it is inexpedient that contributions should be made to it.

Approval of Suppliers

9.—(1) A person may be approved as an approved supplier in either/or both of the following categories, namely,

(a) a producer of lime (hereinafter referred to as "an approved producer"),

(b) a distributor of lime (hereinafter referred to as "an approved distributor").

(2) (a) A person carrying on or proposing to carry on the business of supplying lime may apply to the Ministers for approval as an approved supplier.

(b) An application to the Ministers for such an approval shall be made in writing in such form and manner as the Ministers may require and

shall be accompanied by an undertaking in the terms of paragraph 10 or paragraph 11 of this Scheme as shall be appropriate in relation to the application.

(3) Upon approving a person as an approved supplier the Ministers shall issue to him a certificate of approval which shall be produced or delivered to a person authorised by the Ministers when he shall so require and shall be surrendered to the Ministers when the approval of the approved supplier is withdrawn (as hereinafter mentioned) or otherwise terminated.

(5) The certificate of approval of an approved producer shall specify the kinds and qualities of lime to which the approval relates and the places at which such lime is to be produced and shall extend only to the supply of lime to approved distributors.

(6) An approved producer may at any time make an application to the Ministers for alteration of the kinds and qualities of lime to which his approval relates or of the places at which such lime is to be produced and, to the extent that the Ministers shall grant such an application, his certificate of approval shall be amended accordingly.

(7) If it shall appear to the Ministers that any lime which has been sold, offered or prepared for sale by an approved producer (being a kind of lime in respect of which he has been approved) is of a quality lower than that to which it purports to conform—

- (a) the approved producer shall not sell or offer for sale any further lime of that description otherwise than as lime of the quality to which it appears to the Ministers to conform and with the consent in writing of the Ministers may so sell it notwithstanding that such lime is not for the time being specified in his certificate of approval and
- (b) the Ministers may withdraw or amend in such manner as they deem appropriate the certificate of approval of the approved producer.

(8) A person making an application for approval as an approved distributor shall in his application state the location of all the places, if any, at which he proposes to deposit or store lime of the kinds to which his approval will extend.

(9) The certificate of approval of an approved distributor shall extend only to the supply of lime acquired by him from an approved producer either directly or through an approved distributor, being lime of a kind and quality to which the approval of the approved producer relates or which the approved producer may sell by virtue of sub-paragraph (7)(a) of this paragraph, and where appropriate to the supply of shell sand taken by him from a place recognised by the Ministers as a suitable source of such sand.

an offence under the Agriculture Act 1937 or otherwise in respect of any matter to which the provisions of Part I of that Act or this Scheme relate and may

- (a) refuse to approve any person on the ground that within the twelve months immediately preceding his application for approval his approval or that of any person with whom he carries on business in partnership has been withdrawn under the preceding provisions of this sub-paragraph; and
- (b) withdraw the approval of any person on the ground that since his approval he or any person employed by him or carrying on business in partnership with him has failed to comply with such an undertaking as is mentioned in sub-paragraph (2)(b) of this paragraph and where the approval of any person has been withdrawn by reason of his or any other person's failure to give any information or to produce, or to permit the taking of copies or extracts from, any books or records the Ministers may refuse to approve him unless the information is given, the books or records are produced, or the taking of copies or extracts is permitted, as the case may be.

(11) Before refusing to approve any person as an approved supplier or withdrawing the approval of any person as an approved supplier and before amending the certificate of approval of an approved producer in pursuance of sub-paragraph (7) of this paragraph the Ministers shall give to such person or approved producer notice in writing stating the grounds on which they propose to act and shall give him an opportunity of being heard by a person appointed by the Ministers for that purpose and shall consider the report of that person.

10. The undertaking to be given by a person applying for approval as an approved producer shall be as follows:—

EXPLANATORY NOTE

(This note is not part of the Scheme, but is intended to indicate its general purport.)

This Scheme is made under the Agriculture Act 1937, as amended, and supersedes the Agricultural Lime Schemes 1947 to 1960. It provides for the payment of contributions towards the cost of acquiring, transporting and spreading lime for agricultural purposes where such lime is purchased from a supplier approved under the Scheme or is acquired otherwise than by purchase.

Contributions are payable at the various rates specified in Schedules 1 and 2 to the Scheme according to the kind and quality of the lime and the distance over which it has been transported. In no case is the contribution to exceed three quarters of the total net cost of acquiring, transporting and spreading the lime.

Suppliers are approved as producers or as distributors and are required to give certain undertakings to facilitate the proper administration of the Scheme. Their approval may be withheld or withdrawn in the event of misconduct or of failure to comply with the conditions which attach to such approval, but only after due notice and the giving of an opportunity to make representations.

(3) When a person is tried for any criminal offence, the accused person or any person authorized by him in that behalf shall, if he so requires and subject to payment of such reasonable fee as may be prescribed by law, be given within a reasonable time after judgment a copy for the use of the accused person of any record of the proceedings made by or on behalf of the court.

(11) Nothing in the last foregoing subsection shall prevent the court or other adjudicating authority from excluding from the proceedings persons other than the parties thereto and their legal representatives to such extent as the court or other authority—

(a) may consider necessary or expedient in circumstances where publicity would prejudice the interests of justice or in interlocutory proceedings; or

(b) may be empowered by law to do so in the interests of defence, public safety, public order, public morality, the welfare of persons under the age of eighteen years or the protection of the private lives of persons concerned in the proceedings.

(3) Where an officer retires by reason of injury or ill health in circumstances in which he could under the appropriate law be granted an additional pension the provisions of this paragraph shall have effect in relation to that officer as if references to the pension that may be granted under the appropriate law included references to that additional pension.

(4) Where an officer to whom this paragraph applies retires in consequence of the abolition of his office or for the purpose of facilitating improvements in the organisation of the part of the public service to which he belongs by which greater economy or efficiency may be effected in circumstances in which he could under the appropriate law be granted an additional pension, the provisions of this paragraph shall have effect in relation to that officer as if references to the pension that may be granted under the appropriate law did not include references to that additional pension.

(6) If an officer has not exercised the option conferred upon him by sub-paragraph (1) of this paragraph within the period in which it is required to be exercised he shall be deemed to have opted for the grant of a pension of such amount as may be granted under the appropriate law.

(7) In this paragraph—

Provided that in reckoning for the purposes of this sub-paragraph the years of pensionable service of an officer who is granted leave of absence pending his retirement, leave of absence granted in respect of service prior to the operative date the enjoyment of which had on the operative date been deferred shall not be taken into account.

(a) subtracting the annual amount of the pension granted to him by the Scheduled Government from the annual amount of the pension that would have been granted to him by that Government had he not elected to receive the gratuity granted to him by the Scheduled Government; and

(b) multiplying the resulting amount by the appropriate factor, exceeds the amount of the gratuity granted to him by the Scheduled Government.

(2) Subject to the provisions of paragraphs 16 and 17 of this Schedule, where an entitled officer to whom the provisions of the Oversea Superannuation Scheme (Consolidation) Regulations apply retires under this Schedule and is granted under those Regulations a pension and a lump sum—

(a) he may be granted a gratuity equal to the amount produced by subtracting that lump sum from the sum arrived by multiplying by the appropriate factor one-quarter of the annual amount of the pension he would have received if his pension had been calculated under the European Officers' Pensions Ordinance of Malawi; and

(b) he may be granted (in addition to any gratuity that may be granted to him under head (a) of this sub-paragraph) at his option—

(i) on assigning to the Government a part of the annual amount of the pension granted to him under those Regulations (not being in the case of an officer who retires within twelve years of the operative date, more than the permitted fraction); or

(ii) in the case of an officer who retires not less than twelve years after the operative date, on assigning the whole of the annual amount of such pension,

a gratuity equal to the amount of his pension so assigned multiplied by the appropriate factor; such option to be exercised before the date of retirement or, in the case of an officer to whom sub-paragraph (4) of paragraph 4 of the Schedule applies, within one month after that date.

(3) In this paragraph—

“the appropriate factor” has the same meaning as in paragraph 11 of this Schedule ;

“the permitted fraction”—

(a) in relation to an officer who retires within not less than one year but within two years of the operative date, means one-twelfth ;

(b) in relation to an officer who retires within not less than two years of the operative date, means the fraction obtained by adding one-twelfth for each completed year of his pensionable service after the operative date to one-twelfth :

upon any part of the compensation that did not then become payable and that interest shall become payable at the end of the period during which it accrued :

Provided that in the case of compensation payable under paragraph 10 of this Schedule the period during which interest accrues shall begin at the date upon which the first payment of compensation becomes payable under paragraph 10(4)(a) of this Schedule or the date on which the officer was given permission to retire under that paragraph, whichever is the later.

14.—(1) When disciplinary proceedings are taken, or are about to be taken, against any person who is serving as an entitled officer and those proceedings might lead to his dismissal, the payment of compensation under this Schedule and interest thereon shall be withheld pending the determination of those proceedings.

16.—(1) An entitled officer who, before he receives his initial payment of compensation, gives notice of retirement under paragraph 4 of this Schedule, or is required to retire under section 11 of the Malawi Independence Order 1964 or paragraph 9(1)(b) or 10 of this Schedule may at his option (such option to be exercised within three months of the commencement of this Order or, in the case of an officer who was not an entitled officer on the operative date, within three months of the date on which he became an entitled officer) become an officer to whom this paragraph applies.

8. If the non-resident party has resided in any part of the British Commonwealth outside Great Britain and Northern Ireland—

- (a) notice shall be given by that party in accordance with any law of that part of the British Commonwealth giving effect to this Order or to any repealed or future Order under the Foreign Marriage Acts, or in like manner as if the party were about to be married in that place; and a certificate by a marriage registrar or other like officer, of the giving of such notice, shall be obtained by such party, subject always to the law in force permitting of such notice being given and to the said officer being empowered to issue such certificate; or alternatively
- (b) but only in the case of any colony or of any territory under Her Majesty's protection, notice may be given by that party to the marriage officer in whose district such person has resided or to any person authorised by the Secretary of State to receive such notices as if he were a marriage officer; and such marriage officer or person shall receive, enter, and post up such notice in the manner and during the period provided by the Foreign Marriage Act 1892, in like manner as if the marriage were to be solemnised by or before himself under the said Act and shall, on payment of the proper fee, give a certificate that the notice has been so given and posted up and that he is unaware of any impediment.

9. A law enacted by the Parliament or Legislature of any part of the British Commonwealth outside Great Britain and Northern Ireland shall be deemed to give effect to this or to any repealed or future Order under the Foreign Marriage Acts if it makes provision (in whatever terms expressed) as follows:—

- (a) that a notice of a marriage intended to be solemnised under the Foreign Marriage Acts may be given by one of the parties intending such marriage who has had his or her usual residence for a period of not less than one week immediately preceding in some place in such part of the British Commonwealth, to such marriage registrar or other officer as may be designated by the law in this behalf;
- (b) that such notice shall be published either by proclamation of banns or in such other manner as the law may provide; and

(c) that such marriage registrar or other officer, unless he is aware of any impediment or objection which should obstruct the solemnisation of the marriage shall, on payment of such fee, if any, as the law may provide, give a certificate that the said notice has been so given and published as aforesaid.

10. If the non-resident party has resided in the district of a marriage officer in a foreign country, notice shall be given by that party and entered and posted up by the marriage officer in the manner and during the period provided by the Foreign Marriage Acts, in like manner as if the marriage were to be solemnised by or before such marriage officer, and such marriage officer shall, on payment of the proper fee, give a certificate that the notice has been so given and posted up, and that he is unaware of any impediment which should obstruct the solemnisation of the marriage.

11. If the place in a foreign country at which the non-resident party has resided is not within the district of a marriage officer, the notice to be given by that party may be given to any person authorised by the Secretary of State to receive such notices ; and such person may receive, enter, and post up such notice and give a certificate that the notice has been so given and posted up and that he is unaware of any impediment, as if he were a marriage officer.

12. Where neither party has resided for a period of not less than one week within the district of the marriage officer by or before whom the intended marriage is to be solemnised ; and

(a) the marriage cannot conveniently be solemnised at the place where either of the parties has had his or her usual residence ; or

(b) the permission of the Secretary of State has been obtained ;

notice shall be given by each of the parties in the place where he or she has had his or her usual residence for a period of not less than one week immediately preceding the giving of such notice in the manner provided by articles 7 to 11 of this Order, and a certificate of the giving of such notice shall be obtained, and one of the parties shall give or transmit to the marriage officer by or before whom the marriage is to be solemnised a notice stating the particulars and in the form given in Form No. 1 of Schedule 1 to this Order, and the marriage officer, if satisfied that the marriage cannot conveniently be solemnised at the place where either of the parties has had his or her usual residence or that the permission of the Secretary of State has been obtained, may accept the notice as if both parties had been resident within his district. The permission of the Secretary of State shall in any case be obtained where one of the parties has had his or her usual residence in the United Kingdom.

13. Where the Secretary of State is satisfied that for some good cause a party to an intended marriage has not been able to comply with the requirements of this Order as to notice, and is satisfied that the intended marriage is not clandestine, and that adequate notice has been given, he may give permission for the intended marriage to be solemnised.

14. In cases falling under articles 6 to 13 of this Order, the oath under section 7 of the Foreign Marriage Act 1892 shall, in addition to the matters specified in subsections (a) and (c) of that section, state the place where each of the parties has had his or her usual residence, and the notice which has been given in that place, or to the marriage officer.

15. At or before the time when a non-resident party appears before the marriage officer and makes the oath under section 7 of the Foreign Marriage Act 1892, he or she shall, unless the marriage is solemnised with the permission of the Secretary of State, give or transmit to the marriage officer the certificate that the notice prescribed by this Order has been given at the place where such party has had his or her usual residence.

PART III REGISTRATION

16.—(1) In the case of the registration under section 18(1) of the Foreign Marriage Act 1892 of a marriage solemnised in accordance with the local law of a foreign country, the consul shall forthwith, after he has by personal attendance satisfied himself as to the solemnisation of the marriage, register the marriage in duplicate in books furnished to him for the purpose by the Registrar General through a Secretary of State separate from any register books provided for marriages solemnised by him, and shall register the same in accordance with section 9 of the Foreign Marriage Act 1892, save that if the person by whom the marriage has been solemnised declines to sign the same, the consul shall enter the name of that person, and the fact that he declines to sign the same.

(2) The consul shall transmit certified copies of any entries made during each year, or if no such entry has been made a certificate of that fact, and one of the duplicate registers, when filled, in the like manner as is provided by section 10 of the Foreign Marriage Act 1892.

17. When a certified copy of an entry in a marriage register kept under the Foreign Marriage Acts, other than a register kept under section 22 of the Foreign Marriage Act 1892, relating to a party shown to be from Scotland or Northern Ireland is received by the Registrar General, he shall send a copy of that entry to the Registrar General for Scotland or Northern Ireland, as the case may require.

18.—(1) Where a marriage at which a British consul, or person authorised to act as such, has not attended has been solemnised or has taken place in any of the foreign countries specified in Schedule 2 to this Order in accordance with the law in force in such country, either party to the marriage, being a British subject, may produce to the consul of Her Majesty's Government in the United Kingdom for the district in which the marriage has been solemnised or has taken place (or in the absence of such officer to the appropriate consul of any other Government who, by arrangement with Her Majesty's Government in the United Kingdom, have undertaken consular representation in that district on behalf of Her Majesty's Government in the United Kingdom), a certified copy of the entry in the marriage register duly authenticated by the appropriate authority in that country or a marriage certificate issued by the appropriate authority of the country, accompanied by a translation into English, and may request him to accept the certificate as a certificate of marriage issued in accordance with the local law and to certify the translation; and the consul, on payment of the appropriate fee, shall, if he is satisfied that the certificate has been duly issued by the appropriate authority and that the translation is a true one, transmit the said certificate and translation to the Registrar General together with his own certificate regarding the accuracy of the translation.

(2) The Registrar General shall receive all marriage certificates which shall have been transmitted to him with a certified translation into English in the manner prescribed in the preceding paragraph and shall, in the case of any certificate relating to a party shown to be from Scotland or Northern Ireland, send a certified copy of that certificate, together with a certified copy of the certified translation thereof, to the Registrar General for Scotland or Northern Ireland as the case may require.

(3) Any person shall be entitled to have from the appropriate Registrar General a certified copy of any document received by that Registrar General as aforesaid, on payment of fees in respect of the provision of the copy and any necessary search for the document. The fees shall be the fees which are for the time being charged by the appropriate Registrar General for the provision of a certified copy of, and any necessary search for, an entry in the records in his custody of marriages performed in England and Wales, Scotland or Northern Ireland, as the case may be.

(4) Any copy of any foreign marriage certificate issued by the appropriate Registrar General under the provisions of paragraph (3) of this article shall, without further proof, be received in evidence to the like extent as if it were a certificate duly issued by the authorities of the foreign country in which the marriage was celebrated.

PART IV

MARRIAGE OFFICERS

19. Any member of an ambassador's diplomatic staff shall be an officer to whom the Secretary of State may issue a marriage warrant under the provisions of section 11(2)(a) of the Foreign Marriage Act 1892, for solemnising a marriage in the official house of the Ambassador.

20.—(1) A Secretary of State, by a written authority under section 11 of the Foreign Marriage Act 1892, may authorise a person to act in the place of a high commissioner or resident mentioned in that section.

(2) If a Secretary of State gives such authority, or, in pursuance of the said section, authorises any high commissioner, resident, or other officer, not being an ambassador or a consul, to be a marriage officer, then, for the purpose of marriages solemnised and registered by or before any high commissioner, resident, or officer, or person so authorised, expressions in the Foreign Marriage Acts shall be construed as follows:—

(a) expressions referring to the district of a marriage officer shall be construed to refer to the district for which such high commissioner, resident, officer, or person is authorised to act for the purpose of the Foreign Marriage Acts;

(b) the expression "official house of a marriage officer" shall be construed to refer to the building or part of a building or place specified in the document by which he is authorised to act;

(c) the expression "office" when used with respect to the place at which any act or thing shall or may be done, shall be construed to refer to such portion of the building, part, or place so specified as is ordinarily accessible to the public.
