WHY THEY THINK SO. The correspondent of a London newspaper in Holland reports marked activity in airship construction in Germany.

At this moment they first must crush the chief enemy. But what about the nations now neutral? Have they no responsibility in the matter? Does their duty to humanity end with their territorial boundaries?

A NEW CRITERION.

Success or failure of a policy can be determined only by results. If that test be applied to the land policy of this province, the verdict must go overwhelmingly against the government.

THE ARMENIANS.

Horrible beyond description is the story of the Armenians to-day. There are the cadavers of the devil's brood of Potsdam have surpassed themselves.

gricultural progress, British Columbia must be at the foot of the column. The area of land under settlement in the prairie provinces is largely the basis of Canada's prosperity.

Perhaps in another speech Mr. Ross will explain why eighty-eight per cent. of provincial land remains "vacant and unoccupied" and what it consists of.

REJOICING WAS PREMATURE.

The Seattle Post-Intelligencer pertinently points out that the sinking of the Ancona shows conclusively that the cessation of Germany's submarine campaign against British shipping was due to the fact that it had been completely checked by the counter measures taken by the British admiralty.

The other details are exactly the same. The sunken vessel was a regular liner, carrying passengers from an American port to Europe.

That Austria acts under the orders of Germany throughout this entire war is not a matter of argument. It is the known and settled fact. The Austrian act in the German act in this particular instance.

THE ARMENIANS.

Horrible beyond description is the story of the Armenians to-day. There are the cadavers of the devil's brood of Potsdam have surpassed themselves.

As his exemplar in this orgy of massacre and rapine the Turk points to the Armenians of the Lusitania, the perpetrator of the Lusitania monstrosity, the midnight assassin who drops bombs on defenceless women and babes while they sleep in their beds.

WHEREFORE PEACE?

Back to the God of all ages, Back to the God we forgot, In this war-mad world of fighting To a God the world knows not.

Back to the God of all ages, Back to the God we forgot, A world "blood-red" cries out for peace, Lord God 'wilt thou hear us not?

Peace comes, and swift as a torrent, Our thoughts again turn from thee; We forget the God of all ages, And the light He would have us see.

Peace comes, no prayer of thanksgiving, No praise for the work of His hand, You, we spurn the God that made us, Then cry send peace to Thy land.

Go back to the God of all ages, Go back to the God we forgot, There's peace that is everlasting, If we go back to the God we know not.

EMPIRE BETTERED BY WAR. London Daily Telegraph.

The die was cast a year ago. Neither the nation nor the empire regrets it, as Sir Robert Borden declared in words of eloquence and significance.

What's the use, Calgary Herald.

Stefansson is said to have discovered much new land in the far north of Canada—almost enough to make a new continent.

Well, less than fifty years ago there were many people in Canada, some of them statesmen, who asked the same question with respect to western Canada.

At the beginning of things the German newspapers sneered at the Canadians as "cowboys in slouched hats."

Now their military experts describe the soldiers from over the Atlantic as the "Kerntruppen"—the finest fighting material in Europe.

Happy warrior should possess. More often we saw them arrive, we had them among us for many more months than they could wait, and when they went to the fighting line they won instant glory.

DAVID SPENCER, LTD. Sharp, Crisp November Weather Brings Further Price Inducements in Women's Warm Coats, \$10 and \$14.90

We have again sorted up our special offerings in Women's Coats—after another week of quick selling. We have done away with our \$12.50 special for what balance remained we have included in the \$10.00 range—a few \$15.00 values, too.

That women in general will appreciate these offerings we doubt not, for the values are so good. Never has there been a better opportunity for women to secure a good winter coat at such price inducements so early in the season.

See the large windows on View street for samples or visit the department and investigate at close range.

Choosing Your Winter Furs Made Easy by Selecting From Our Large Assortments Marked at Most Reasonable Prices

A good quality fur is always worth its value, and if it's required for more than one season's use can be remodeled at a modest cost. When selecting furs, therefore, you want to run no chances; so make your choice from an old reliable firm that has many years of reputation to back up the merchandise offered.

Marmot Furs. In shoulder cape effect, lined with satin at \$17.50. Lined with satin at \$19.75.

The restaurant in charge of Mrs. Walker, Mr. Tribe and Mr. Galea, was busy all day long serving teas and suppers, and the proceedings were further enlivened by the presence of the Dolly Varden orchestra.

Among the visitors at the opening yesterday afternoon beside those connected with St. Andrew's cathedral were His Worship the Mayor, Alderman Dilworth, Mrs. Galliber, Mrs. H. E. Young, Mrs. Helmcken, Mrs. S. Leiser, Mrs. H. Leiser, Commander and Mrs. Hose, Admiral and Mrs. Story, Mrs. Monk and others.

HELPERS WANTED

Committee to Meet Saturday Evening to Arrange Details for Belgian Tag Day.

Although many ladies have volunteered their services in connection with the tag day to be held next Monday in Victoria in recognition of the fete day of the king of the Belgians, many more helpers are required for this undertaking.

Mayor Stewart has given his unqualified endorsement of the holding of the tag day, and has expressed the hope that the citizens will respond with the same generous spirit that has characterized their contribution to all the good works which have been undertaken in the city during the past year.

### AT THE THEATRE

DATES ARE CHANGED.

Owing to the fact the Rex Beach's "The Spoilers" will play the Variety theatre all next week, the management desires to announce that the eighteenth episode of "The Broken Coin" will be shown to-night, to-morrow, and Saturday, instead of Monday, Tuesday and Wednesday as usual.

#### ROYAL VICTORIA.

"The Voice in the Fog," based on the widely read novel by Harold McGrath, was shown for the first time this afternoon at the Royal Victoria, and will be repeated for the rest of the week. The adventures of an impetuous lord, the plottings of a gambler and criminal are woven into a very pretty love story, in which Addie Gleason as "Kitty Killigrew," the American heiress, figures to decided advantage. The development of the plot gives the directors a welcome opportunity for charming realism in the settings and for the introduction of those life-like types to which every Lasky play caters as a matter of course. The scenes have been contrived with great originality, notably the fatal ride of the American heiress, the robbery of the Moncton pendant, and "The Voice in the Fog." This feature gives the audience full value for their money, and is a splendid entertainment. There is also shown an English weekly with views that are bound to be of interest these days.

#### "PROSPERITY EIGHT."

A very picturesque group in connection with this week's bill at Pantages is the octet of instrumentalists traveling under the title of "Prosperity Eight." Seen last evening in the tiny green-room of the theatre by a Times reporter the leader of this troupe of instrumentalists and singers told something of the individual members of the company. Gathered from Kansas, Michigan, South Dakota, Ohio, Illinois, Nebraska and Iowa, the musicians represent a wide territory, and are an advertisement for the music-producing abilities of their respective states. Three or four of the members are graduates of colleges of music, notable among these being Harold Hall, who is a graduate of the Coldwater Barber College of Music. His instrument is the clarinet, and he takes tenor parts in the choral work of the company. "All the boys in the act are either college graduates or under-graduates," said the stalwart leader of the eight. "They are in the act more for the opportunity it gives them to see the country than for any other reason. We started our present tour in September, although some of the boys have been with me for four years, most of the time in connection with the Red Path Lyceum company. During our association with that we worked a good deal harder, giving full evening concerts for colleges, schools and other organizations. In the summer time we did Chautauqua work. The Pantages circuit is more of a side-line." The headquarters of the company are at Chicago, where rehearsals are carried on in the mid-season period, and the choral as well as instrumental work of the organization brought up to the highest standard.

### COW STRAYED TOO FAR

Hindu Fined Because Tethered Animal Crossed Sidewalk into Roadway.

A Hindu cow-keeper, Moan Singh, was before the police magistrate yesterday on a charge of obstructing the pound-keeper, Frank Clough, in the execution of his duty.

Moan appeared in court to the accompaniment of clinking chains, which

irresistibly called up visions of prisoners in dungeons. It was not easy to localize the sound, but it finally was traced to a newspaper parcel which the man carried in his hands. This later appeared as containing portion of the tether which had secured the cow in the case.

The pound-keeper stated that on Monday he found a cow tethered on a lot at the corner of Princess and Blanshard avenues by a chain and a rope secured to a boulder. The tether

was so long that the cow was out in the roadway with the chain trailing across the sidewalk. As he was taking the cow away Moan struck at him, and three times took off the rope he had put around its legs to lead it away. It was not Moan's cow, he swore.

Moan's story was that the cow was eight feet within the lot from the sidewalk and he was standing by it. The pound-keeper told him that if he did not pay him \$5 he would take the cow

to the pound. He wanted the police sent for, and offered to abide by what they said; but the pound-keeper took the cow off. Moan said the cow was his, and produced a receipts from W. Southam, Chemainus, for the purchase price of an animal which was guaranteed to give four gallons of milk daily.

Clough was re-called and gave the size of the lot, which was not so large that a 40-foot length of rope and chain, tied to a 20-pound stone, would not allow an animal to wander outside its bounds. The pound-keeper denied that any money was mentioned but on closer questioning he remembered that he had told the Hindu he would release the cow for \$2 on the spot, or \$3 at the pound. A fine of \$10 was imposed.

Physician (with his ear to patient's breast): "There is a curious swelling over the region of the heart, sir, which must be reduced at once." Patient (anxiously): "That swelling is my pocket-book, doctor. Please don't reduce it too much."

## SENIOR LEAGUE TEAMS ENTERING LAST LAP OF CHAMPIONSHIP RACE

### Thistles Play Jacksons, and Wests Oppose the Western Scots; Leaders Have Been Strengthened; Old Country Gossip

On Saturday afternoon the Senior League teams will enter on the last lap of the City Soccer League championship race. When the teams arrive at the half way mark last Saturday, the Thistles had completed the route without suffering a reverse, but were leading the Jacksons by the nearest margin of one point, while the latter club had but a one point advantage over the Western Scots, Victoria West make a poor fourth, with the 88th Fusiliers and the Fifth Regiment dropping at the bottom of the heap. The latter club has dropped from the league because of the departure of their three best players.

To maintain possession of the league leadership the Thistles must either defeat the Jacksons on Saturday or secure a draw. Should they lose the Quartermen will advance into first place, and a victory for the Western Scots over the Wests would tie the former up with the Thistles for second place. On the other hand should the leaders win, and the Wests also triumph over the Scots, the Thistles would have a clear road towards winning the championship, while the Wests would be running the Jacksons and soldiers a hot race for second honors.

These teams were opposed on the opening date of the Senior league, the Wests suffering a 1-0 defeat at the hands of the Western Scots, while the Thistles gained a decisive victory over the Jacksons by the score of 3 to 1. The victory of the Scots over the Wests was rather lucky. They had been outplayed, but managed to break into the scoring column, and while the losers pressed hard they showed very poor form in shooting.

Although the Thistles gained a two-goal advantage over the Jacksons on their opening clash, the score did not indicate the play, for while the winners were entitled to a win on this day's play, the margin does not give the Quartermen their due credit, their downfall being mainly due to their inability to shoot. Since the opening day the Jacksons appear to have recovered from this weakness, and their second meeting with the Thistles should provide some splendid football. Victoria Wests possess a strong attack, but their weakness is in attack.

ing, and unless they can eliminate this defect they will be defeated in their game with the Western Scots. The latter team has an aggressive line of forwards who also are quick shots. Thistles Add Strength. Now that the Fifth Regiment has dropped from the Senior Soccer League, its players will be scattered among the various senior teams. Yesterday the Thistles signed on a pair of Fifth stars who will add considerable strength to the club. The men signed are Hayward, outside right, and Green, right half. With these men on his list, Secretary Grey is confident that the Thistles will have little trouble in maintaining the league leadership.

### Noted Footballer Killed.

Lieutenant J. R. Spensley, of the R. A. M. C., who was recently killed in Flanders, kept goal on one or two occasions for Sunderland in minor matches. At the time of volunteering a year ago, at the age of 47, he was the doctor for the Port of Genoa, and was offered a commission in the Italian army, but preferred serving under the British flag. While in Italy he started the boy scout movement there.

### Comic Is Wounded.

The matter of a half-dozen years ago there was no better known half-back in Scotland than George Comrie, of Dundee. F. C. George was a burly lad, and many a fine game he played for Dundee. He comes of a famous football family in Stirling. George was secured by Dundee from Millwall. When war broke out he joined the colors, and has seen a good deal of fighting, and has been promoted to the rank of sergeant. He is meantime lying in one of the Red Cross hospitals in Manchester, having been wounded in the recent fighting.

### Heart Wink Man Killed.

The death is reported from France of W. H. Speedie, the first of the Heart of Midlothian players to enlist last autumn. Speedie, who played as an amateur, was a fine young left winger, and when the Hearts were put out of the Scottish Cup competition two seasons ago he rendered valuable services to St. Mirren. He was in one of the Cameron's battalions, and took part in the recent heavy fighting. A clever footballer, and a man of a companionable disposition, he was very popular.

### WESTHOLME BILLIARD TEAM TO DEFEND CUP

A meeting of the Victoria English Billiard League was held in the Westholme Hotel last evening and owing to the fact that a number of the members of the league teams have enlisted, it was only possible to form a two-team competition this season. Mr. Richardson, on behalf of the Richardson & Wagstock Billiard Parlor, challenged the Westholme Billiard Parlor representatives for the Burroughs & Watts challenge cup, which is the emblematic of the billiard championship. The challenge was accepted, and the teams will meet in a five-games series of 30 points each game. The team scoring the greatest number of points in the series will win the trophy. The first of the series of games will be played in the Westholme parlors on Nov. 24.

### SMITH WON DECISION.

St. Louis, Nov. 11.—"Gunboat" Smith of Philadelphia outpointed Joe Cox of Springfield, Mo., in a slow eight-round bout here last night. The men are heavyweights. Smith led all the way, while the Missouri "bant" was on the defence throughout. Cox seemed content to let Smith set the pace, but he kept himself well covered and took few telling blows. A left hook and a right jab at the "Gunboat" every now and then was all Cox tried for.

There was not a clean knockdown in the fight. Smith fell in the third but was up again in a flash. He brought blood from Cox's nose in the fifth. A packed house was visible disappointed by the apparent fairness of the affair and at times "boomed" the fighters.

For Rent—Sewing Machines, phone 633.

## INTER-CITY GAMES TO BE PLAYED NEXT MONTH

### Local High School Teams to Visit Vancouver for Annual Event

Victoria High school's rugby and basketball teams are hard at work in preparation for their inter-city annual competition with the Vancouver High school, to be played the first Saturday in December at the Terminal City. On the same date the local High school girls will oppose the Vancouver High school girls at basketball and field hockey. It is the local boys' one wish to down the Vancouver team at rugby, and judging from the manner in which they are preparing they will just about win this event. Twice a week they go through a strenuous work-out, besides playing numerous test matches. Last season the Victoria boys broke even with the Vancouver boys. The locals won the basketball game, but were beaten at rugby. On the same date, on the Mainland, the local High school girls were opposed to the Vancouver High school girls, and the Victoria teams captured both the field hockey and basketball matches. A large contingent of local High school rosters will accompany the teams on their visit to the Mainland.

### BREEZY BITS

Knockout Brown refuses to stay dead. He steps out of retirement on November 17 to battle Joe Weiling ten rounds at Milwaukee. The same evening Andre Anderson and Fred Fulton, contenders for the title held by Jess Willard, will swap punches for ten rounds at the same club.

Charlie White and Young Saylor have been re-matched to box twelve rounds at Boston on Nov. 16. These boys met recently the outcome being a draw.

Robert J. Meredith, a bridge to the famous Ted, has joined the Fish-American Athletic club, and is expected to be a valuable addition to the middle-distance runners of that organization. The younger Meredith is but 19 years old and is a student of Mercersburg academy, where he is credited with covering a quarter-mile in 50 seconds. He will make his debut as a member of the Irish-American club when he takes part in the games at Madison Square Gardens on Nov. 21.

Jimmy Duffy, of Lockport, will box Jimmy Coffey, the Mobawk lightweight, ten rounds on Saturday in the main event before the Broadway Sporting club, of Brooklyn.

Bill West, the Portland pitcher who injured his arm last season, is trying an experiment to see how much work he can stand. He is pitching one game a week for Bill Goodman's "Time-Time" club in California.

George Pickett, third baseman of the Richmond International league club, is in California to play winter ball. It is reported from the south that he will be a member of the Philadelphia Athletics next season.

Frankie Burns and Kid Williams will not meet in New Orleans for the bantamweight title on Nov. 29 as recently advertised. Burns cannot agree to terms with the promoters, so the match was called off.

### HIGH SCHOOL HELD CHAMPIONS TO DRAW

University school champions of the School Rugby league played a scoreless draw with the High school yesterday afternoon at the University school grounds. Throughout there was little choice between the rival teams, most of the play being in mid-field. On one occasion the champions almost broke into the scoring column. Innes was almost across the High school line when he was dragged down. The ball soon passed out of the danger zone. For the High school Fred Copas, Roy Copas, Bendroit and Percy Lipsky started, while for the University team Innes, Tolmie, de Benger and Corsan did good work. The teams lined up as follows: High school—Full back, Huxtable; three-quarters, R. Copas, H. Copas, Bendroit and Chadwick; half-backs, Hudson (captain) and Gubb; forwards, McNamee, Lumden, Fred Copas, Lipsky, James, Perfit, Milby and Culbert. University—Full back, Heinken; three-quarters, Innes, Jackson, de Peneter (captain) and Aylard; half-backs, Holms and Annance; forwards, Tolmie, Garrard, Corsan, Appleton, Thurburn, Fraser, I. Alexander and Bale.

### MEETING ADJOURNED.

French Liek Ind., Nov. 11.—Most of the Federal League club owners, who adjourned their annual meeting at Indianapolis yesterday, to gather here, had left for their homes this afternoon without making any visible progress on the way to baseball peace.

### PLAY DRAWN GAME.

Shoshone, Idaho, Nov. 11.—American 4, Nationals 4 (nine innings tie).

# On the Move Again

Once more we have determined to return to our first love—Government street—having leased premises in the fine new Spencer Block. This entails the disposition of our big new stock all freshly bought.

## TO THE PUBLIC

The decision to move into a new location in the Spencer Block now in course of completion on Government street is not a sudden one on our part. We have contemplated a return to the locality in which we first earned for ourselves the trade of a wide range of Victorians, for some time. However, it was only within the past few days that final definite arrangements were made.

It was on Government street, opposite the post office, that we first introduced ourselves to Victoria several years ago. Since that time we have moved three, each time believing that we were following the trend of the city's business growth and placing ourselves in the best location to be of the greatest service to the largest number of customers.

Conditions have undergone a change, and it is with the same aim in view that we again pack our grips and prepare to move a fourth time. We firmly believe that our friends will approve of this step and that we shall make many new friends in the new location.

In moving, it is not our intention to take with us any more of our present stock than we can help. It will pay us to take a loss of profits rather than pack, move and unpack the stock. We never had a finer stock in our career. We have bought generously of the best manufacturers. In quality and style we have no superiors. Our prices have been most reasonable.

Therefore, the sale which we will inaugurate on Saturday morning, may be expected to strike a new record in value-giving in Victoria. **O'CONNELL'S, LTD.**

## GREATEST SALE OF EVERYTHING IN STOCK

NOT ONE ITEM SPECIALLY BOUGHT FOR THIS SALE, AND NOT ONE ITEM HELD BACK

STORE CLOSED FRIDAY

### RUNNERS ARE DECLARED INELIGIBLE BY BOARD

New York, Nov. 11.—The ruling of the registration committee of the Amateur Athletic union, metropolitan division, in declaring Abel R. Kiviat and Harry J. Smith, Olympic runners, ineligible for amateur competition, was upheld by the board of managers of the division last night. Kiviat and Smith appealed from the ruling of the registration committee in declaring them professionals. The managers, who heard arguments by counsel for the athletes, decided by a vote of 56 to 6 to deny the appeal. The runners had been accused of having demanded excessive expenses for their appearance at games at Schenectady, N. Y., last September. Kiviat, who is probably one of the best known athletes in America, is a middle distance runner, and Smith has held the national ten-mile and indoor two-mile championship titles.

### SEATTLE-OWNED HORSE ESTABLISHES NEW RECORD

Lexington, Ky., Nov. 11.—A world's record for a yearling trotting filly was made here at a meeting of the Kentucky Trotting Horse Breeders' association when a yearling filly by Prince Ansellahua Moko trotted a mile in 2:12.4. She is owned by the Woodland stock farm of Woodland, Cal. The former record was held by Miss Stokes when she trotted the mile over the same track as a yearling in 2:15.

"Now, Thomas," said the teacher, "give me a sentence, and then we'll change it to the imperative form." Thomas replied: "The horse drags the wagon." "Now put it in the imperative." "Gee-up."

The record-breaking performer is owned by C. A. Harrison, of Seattle, who controls the Woodland stock farm in California. The horse was bred and raised by John W. Condit.

WITH US, BUT NOT OF US.

To the Editor.—Presumably having in view the rumour the German-American newspapers are making in the United States, a Chicago paper thinks that after the war that country will allow only those citizens who will become naturalized citizens to enter it, and that those who are not naturalized will be regarded as aliens.

Without attempting to analyze conditions in the rest of the Dominion, the master with cutting out the newspaper reaching the British Columbia, which may happen in the future, has come right down to brass tacks and to away with some of the drawbacks along this line that British Columbia has at the present time experiencing.

At any rate, if there is any need to hand-pick emigrants of the future to prevent the entry of non-assimilative, it would please a lot of people already here, looking for a chance to make a better life, to have their country "responsible" by presenting before the people who can be classified as desirable in every way.

PREMIER AND PROHIBITION.

To the Editor.—Sir Richard McBride in his reply to the deputations of the People's Prohibition movement, published in today's papers, makes several objections to the deputation's suggested form of submission of a prohibition bill. He says: "As to the form of submission, you wish a referendum in the exact terms of a bill to be placed before the people and an absolute response, yes or no, to be required."

Richard's first objection to this proposition is that it restricts the voice of the people to only one method of dealing with the liquor problem, whereas there may be many, and he further adds that an act of parliament may be inspired by a right principle but a perfectly valid objection, but that there is no reason to believe that Sir Richard's objection is to the principle of direct legislation which is involved by the proposal of the deputation. He declares that it is contrary to the spirit of British representative institutions and responsible government, and adds that it is a form of legislation which has had very unsatisfactory and expensive results in the United States.

As far as the latter part of this objection is concerned I am not in a position to either affirm or deny Sir Richard's statement, as I am not in contact with that part which appeals to the spirit of British representative institutions and responsible government. Such a hasty and antiquated "spirit" was no doubt suited to the times in which it lived. I imagine that in those days when you and I, Mr. Editor, and our brother "tax-payers" were mere clods and peasants, it would have been most unbecoming of us to have witnessed by the means of a referendum a more manifest spirit of democracy permeates us to-day. Such a spirit is manifested by the incorporating with the Liberal platform of the initiative and referendum, that is, direct legislation.
