Shortage of Coal Becoming Acute in Old Country Cities

British Mine Owners and Strikers Probably Will Not Meet Before Friday; Employers Have Proposals Ready to Submit.

London, April 20.—It is improbable that the British coal mine owners and representatives of the striking coal diggers will meet before Friday, and in the meantime the coal shortage is becoming acute in London and other large cities in England.

The mine owners who met in this city yesterday have announced that the meeting completed proposals which would be submitted in an effort to secure a settlement of the strike. These proposals, it was declared, met many of the demands of the miners and would care for men who were inadequately paid.

London, April 20.—Demands for establishment of a national wage board and a national wage pool have been reaffirmed with large majorities by district committees of the striking coal miners throughout the country, it is claimed by The Daily Herald, the organ of Labor here. The newspaper claims that these meetings, which were held preparatory to the conference of the Miners' Federation of Great Britain here on Friday, stood fourteen to one in favor of the demands of the union.

Where It Stood. A statement was issued by the Miners' Federation last night, declaring that Premier Lloyd George's address in the House of Commons on Monday did not carry the possibility of a settlement further than where it stood last week.

The statement declared Mr. Lloyd George "has not yet grasped the essential features of the national wage pool," and that he is "obsessed by the view that the miners demand a pool of profits, whereas their proposal is a scheme for the averaging of profits."

The statement suggested that there should be a national wage pool, on each ton of coal, this money to be used for the purpose of establishing the wage pool. It proposed that the sum levied should be figured as one of the elements of the cost of production. The statement asserted that this method of providing funds for the pool was perfectly feasible, but that the mine owners had refused to accept it "on inadequate and mistaken grounds."

TWO CONSTABLES IN IRELAND MURDERED

Taken From a Train and Shot Dead

Dublin, April 20.—Police Constables Kelly and Hetherington were taken from a train last evening near Ballyvaughan, County Sligo, and shot dead by armed men, who held up the train for two hours.

Tried to Escape. Cork, April 20.—Timothy Sullivan, a prominent Sinn Feiner, was shot and killed by members of the constabulary last night. He had been called on to bail, and was shot as he was endeavoring to escape.

Sullivan was a juror at the inquest of the late Lord Mayor McCurtain which rendered a verdict of wilful murder against Premier Lloyd George, Viscount French, Lord-Lieutenant of Ireland, Rt. Hon. Ian Macpherson, former Chief Secretary for Ireland, and others.

Two Killed. Belfast, April 20.—Two armed civilians were shot dead, and another was seriously wounded when a party of Crown forces came upon them while searching the Loughlyn Wood.

Candidates. Belfast, April 20.—Michael Collins, commander-in-chief of the Irish Republican Army, is among the Sinn Fein candidates selected to represent South Armagh in the Northern Parliament.

B.C.E.R. Makes First Move To Adopt New Road Rule

Steps preliminary to the actual start of work by the B. C. Electric in changing its tracks and cars in Victoria, Vancouver and New Westminster so as to conform to the new right-hand rule of the road at the end of this year were taken to-day by George Kidd, general manager, W. G. Murrin, assistant general manager, and A. T. Goward, Island manager of the company.

At a long conference with the Hon. J. H. King, Minister of Public Works, the officials of the street railway got down to discussing with the Government the basis of compensation on which the Government will pay half the cost of the work with a limit of \$400,000 as far as the expenditure of force will be held before a decision is reached. The B. C. Electric will then be ready to start work on the changes.

Changes to be made by the B. C. Electric before the street cars can adopt the right hand rule of road include changing the points of all switches and the wiring overhead. Both sets of doors at both ends of double-ended cars will have an altered and the platform railings for the pay-as-you-enter system. For single-ended cars the whole back platform will have to be completely changed around.

New Railway Committee Starts Work at Ottawa

Ottawa, April 20.—(Canadian Press)—The newly organized standing Parliamentary Committee on Canadian National Railways and Shipping met this morning under the chairmanship of Major-General Mewburn and heard D. B. Hanna, president of the Canadian National Railways, who made a statement upon the status and policy of the Government lines. The National Railways, he said, now included the Intercolonial, the Prince Edward Island, the National Transcontinental and the Canadian Northern Railways, and for purposes of management, the Grand Trunk Pacific and the Hudson Bay Line. The very large increase in expenditure which was so much discussed, said Mr. Hanna, was largely accounted for by the desire of the management to bring the lines up to a good standard of efficiency.

FREE TREATMENT BY DOCTORS URGED

Ottawa, April 20.—(Canadian Press)—Major W. A. Parkinson, Deputy Minister of the Department of Soldiers' Civil Re-establishment, submitted a statement of the estimated cost of the proposals placed before the Parliamentary Committee on Re-establishment by G. G. Macneil, secretary of the G. W. V. A. Free medical treatment for soldiers for five years would cost at least \$12,000,000, he said.

## COTTAGE GARDENING BEING ENCOURAGED

### Way to Oust Oriental Suggested; Local Enthusiasts Meet

When there is so much talk about the Chinese invasion of local markets, and the cry is sent up that Orientals are getting into everything and beating the white man out of a decent existence, it is time for people to realize that by growing their own vegetables they can become independent of the Oriental to that extent at any rate, said a member of the Victoria and District Cottage Gardeners' Mutual Improvement Association last night following a meeting in the City Hall.

The Cottage Gardeners are anxious to promote interest in growing more and better vegetables, making the lots of the city productive in every possible way.

At last night's meeting James Black gave an interesting talk on "Gardening for Pleasure and For Profit," which was greatly enjoyed by the large number of members present.

The president announced that the Association had been asked to take charge of the garden and flower exhibits at the Fall Exhibition of the B. C. Agricultural Association to be held at the Willows. It was decided that one of the members should be appointed to supervise the entries and details of exhibition and all members were asked to put forward every effort to make as fine a showing as possible.

The schedule of the various garden products to be exhibited at the Fall Fair is published elsewhere in this issue, and copies of the schedule may also be obtained from the secretary, F. E. Boulter, 1465 Woodlands Road, Phone 944L.

## CENSUS INSPECTOR OUTLINES PLANS

### A. J. Pelletier Reaches Coast to Confer With Commissioners

A. J. Pelletier, of the Dominion Bureau of Statistics, Ottawa, arrived in Vancouver from Prince Rupert yesterday and is due in Victoria tomorrow to confer with W. G. Gaunce, local census commissioner, and commissioners of other adjoining districts. Although Mr. Pelletier has been eighteen years in the bureau, this is his first visit to the Pacific Coast.

After his visit here Mr. Pelletier will go to Revelstoke and Calgary. He left Ottawa on Easter Sunday and visited the principal urban districts en route West.

"I am anxious to have it under-

stood, especially in the rural places," says Mr. Pelletier, "that nothing in the census replies will be used for taxation purposes. This will be the most exhaustive census yet taken in the Dominion. It is not merely a human enumeration, but applies to all horses and cattle, farm buildings and lands, and when completed will comprise remarkable data of great value.

There will be 12,000 enumerators employed in getting in returns and the work begins May 31 midnight, and the turning in will be done June 1. In the urban centres the totals will be counted within ten days or so, and the rural places from three to four weeks. All enumerators, commissioners and bureau employees are under oath not to divulge these figures. When the grand total is known, the Dominion statistician, under instructions of the Minister of Trade and Commerce, will divulge it."

### SEEKS TO SECURE CHURCH BELL FOR ST. COLUMBA

Since the Rev. Thomas McConnell accepted a call to the pulpit of St. Columba's Episcopalian Church, Mitchell and Granite Streets, Oak Bay, the membership and attendance has grown so rapidly that the Ladies Aid Society of the church has become inspired with the laudable ambition to present the church with a bell.

The proceeds from its Primrose Tea and Bazaar to be held Friday next, from 3 to 5 p. m. in the church parlors will be devoted to that purpose. The district has never heretofore possessed a church bell, and as the one soon to be installed at St. Columba's will serve as a universal call to all church going people in the Oak Bay section, it is fair to presume that members of other denominations will give encouragement to the project by attending in goodly numbers the Primrose Tea and Bazaar next Friday at the church.

### TO EDINBURGH.

AU REVOIR.

His Excellency the Duke of Devonshire has said farewell to Victoria as the Governor-General of this great Dominion. Victoria has said au revoir to the Duke of Devonshire. In this is expressed the hope that His Excellency will be spared to come to this part of the country at some future date when he may devote his sojourn to the less exacting and more pleasurable pursuits of a visitor in private life.

The present Governor-General of Canada is the eleventh of the line of distinguished personages who have come to this country to represent His Majesty at Ottawa. His unflinching tact, his peculiar ease of adaptability, and his understanding of the Western world and its peoples have enabled him to discharge the duties of his high office with consummate skill and judgment.

THE PROFIT POOL

Early reports from the various mining districts in Great Britain indicate a re-affirmed determination on the part of the miners to insist upon the establishment of a pool of profits as a condition of settlement. The owners and the Prime Minister do not intend to satisfy the demand. As the result of a conference between officials of the Government and the coal operators it has been decided to offer to set up a national wages board and to apply national principles to wages in each district in accordance with the financial condition of the industry.

The miners attempt to justify their demand for a pool of profits by the ingenious argument that it should be treated as an element in the cost of production. In other words they continue to regard the consumer as an object for indefinite exploitation, for it goes without saying that if the cost of production is to be increased the general public will have to find the money. In this connection it is interesting to observe that although the cost of mining coal in Great Britain has increased to an enormous extent since 1913 the output has steadily decreased, and it was not until there appeared to be the promise of greater advantages under the settlement which followed last year's strike that production began to overtake the low figures of that period.

Government is asked to consent to the establishment of any system which threatens to add to the burden of the average household whose salary did not keep pace with the tremendous increase in the cost of living. His attitude towards the strike and its happily averted extension was proof of his determination to withhold his consent to the more extravagant demands of the miners. And a pool of profits—if additional profits are to be guaranteed from "an element in the cost of production"—means more expensive coal.

IMPORTED CHAMPIONS.

Both the prohibitionists and Liberty League of Ontario imported some of their heavy artillery for the recent referendum battle from the United States. The prohibitionists employed the services of Wm. ("Pussyfoot") Johnson, while the Leaguers brought in one C. A. Windle, editor-in-chief of Brann's notorious Iconoclast (Chicago).

The Liberty Leaguers of Ontario must have been hard pressed for campaign material to import the editor of a publication which is continuously indulging in obscene tirades against Great Britain and during the war and afterwards was full of insulting references to the Allies. A champion of British liberty indeed! Whatever may be the eccentricities of Johnson he is a staunch friend of this Empire and does not try to dissemble that friendly sentiment in his own country.

THAT SITE.

An auditorium capable of seating 3,000 people and containing facilities for functions and meetings of various kinds is one of the main features of the amusement centre plan recommended by a special committee of the Chamber of Commerce. This is a sensible provision, for an auditorium such as the committee described would supply an immediate demand, and would furnish the assurance of financial success which the taxpayers of Victoria would require before embarking upon the remainder of the project.

The fact that an auditorium is an indispensable feature of the whole amusement centre scheme is being kept in mind by the committee of the Chamber of Commerce which has been asked to recommend the most suitable sites. This at once raises the point of convenience and accessibility. Another vital point is that of cost, and this in turn virtually imposes a preference for property belonging to the city.

LITTLE NEED OF WORRY.

Lumber manufacturers in this Province would do well to take the promise of an American shingle tariff with a grain of salt. The people of the United States want British Columbia lumber and they will be very unwilling to pay an additional two and a half dollars per thousand if there is a means to be found to avoid the necessity. And when the American objects to proposed legislation that is going to stretch his purse strings a little too far he has a peculiar knack of applying the brake at the proper time. Already opposition is beginning to become marked in many quarters and it is probable that the people in the North-Western States will have more to say upon this subject before the measure assumes a too threatening prospect of materializing. Even a Republican Government to-day cannot do with impunity what the Taft Administration did to its cost. The world has progressed and sentiment has changed in spite of a political landslide which had more to do with imported phases of American policy than it did with Republican favor for the big interests. When Washington ignores the people and assails the individual budget it is tampering with dangerous weapons. But it is doubtful whether there is any more real intention to hinder the downward trend of living costs by a resumption of the party policy than there is an intention to stand aloof from some sort of

a League of Nations to satisfy the ultra-isolationist section of Mr. Harding's supporters. In the meantime British Columbia might drop the hint that a high tariff against her lumber would result in the re-imposition of restrictions upon the export of logs and other raw materials which the people over the line want in large quantities for their own manufacturing purposes.

THE BOARD'S TASK.

If the Provincial Liquor Control Board is contemplating the provision of liquors to accommodate the epicurean tastes of all the races of mankind it may look forward to an interesting period of administration. It is reasonable to suppose that due regard should be paid to our Oriental population, and should, perchance, the city permit the assembly of the annual convention of the Patagonian Progressive Party to drop its tent in our midst British Columbia may not incur the danger of a slur upon its hospitality by any act of discrimination against that enterprising and enlightened Southern kingdom. And in view of the inroads which man is making into the frozen confines of the Arctic circle and his attempt to tap the oil of the earth it may be expected that a deputation of Eskimos will invade the sacred precincts of James Bay and plead for the preservation of their solitude. Nothing less than a gusher of the sparkling would prevent a blubber from this quarter. These and allied contingencies may be noted by the Board.

NOTE AND COMMENT

Fishing stories no longer hold the field. The poultryman with the largest egg is the real hero these days.

They do things thoroughly in the Far Eastern Republic. Corruption has been discussed in the National Assembly and it has been found that graft and corruption is rampant. To put an end to it a super-inspector is now on the job. Other countries please note.

Mrs. Lloyd George has gone to Bedford to assist the newly-appointed Postmaster-General in his fight against the Labor candidate and she is making her chief appeal along lines similar to those taken by her distinguished husband when he accused the leaders of British Labor of revolutionary designs. These tactics would appear at this range to be somewhat indiscreet in view of the fact that the Government candidate's opponent is an official of the Postal Workers' Union with extremely moderate views, and equally by reason of the fact that the Leaders of British Labor did everything they could to prevent the calamity which threatened a week ago. To ally the workingman of the Motherland with Russianism is to apply something of an insult to the masses as a whole. The majority of Trades Unionists who want industrial peace will find a way to get rid of the "red" element.

HOROSCOPE

WEDNESDAY, APRIL 20, 1921.
Copyright, 1921, by The McClure Newspaper Syndicate.
This is an uncertain day, according to astrology. Although Neptune is in strongly beneficent aspect Mercury is adverse. It is a sway under which commerce should benefit and there is the forecast of exceedingly favorable treaties that will increase trade. There is the forecast that statements will have a clear vision regarding international affairs, but there is a sign making for mistakes in diplomacy, especially those due to unwise treaties of the past. This should be a lucky day for journeys, especially those that are made on the water. There will be much travel across the ocean during the Summer months. This is not a favorable rule under which to enter into new partnerships or to sign important contracts. During this sway disappointing messages are likely to be received and for this reason it is well to have an optimistic point of view. Again the seers prognosticate war and there will be heated discussions over the navy, the stars seeming to forecast the navy, the stars seeming to forecast the navy, the stars seeming to forecast the navy. A Summer of great heat is forecast for certain parts of the world, and there may be a great deal of epidemic sickness. Surgeons and physicians are subject to a direction of the stars making for extreme demands on them. They will make much money, but may be hampered by the need of hospitals and nurses. Persons whose birthdate it is should have a fortunate year in which they attain their heart's desire in many unexpected ways.

CITY TO KEEP ON TRAIL OF MONEY FROM LIQUOR SALE

Hope to Secure Aid Through Government Profits This Year

Every effort will be made by the city to secure some of the Province's anticipated liquor profits this year. Mayor Porter intimated this morning. "While we have not made any formal application to the Government on the subject, we have made it clear to them that we really need some of the liquor money this year," the Mayor stated. "We don't intend to let the matter drop. As a matter of fact, we asked the Government not only to let us have some of the money this year but, if possible, to make such grants retroactive. We certainly will keep right after the money."

While hoping that liquor profits will be received later on in the year, the civic authorities have not taken much money into their calculation in making the financial arrangements for the year. The annual tax rate will be fixed without regard to such possible aid.

MAKE PLANS FOR BIG CELEBRATION

Meeting To-night to Discuss Victoria Day Arrangements

Mayor Porter has called a meeting to be held in the City Council Chamber to-night to consider plans for the celebration of Victoria Day, May 24. "We want everybody interested to be present to-night," the Mayor said to-day, "as we are anxious to make a great success of the celebration. I hope that the public and public organizations will give the project their support, for we shall need it if we are to put over the plans we have in mind."

A tentative programme for the celebration already has been compiled, but it probably will be subjected to considerable alteration. The programme includes a Victoria Day celebration and broom festival. On the first day, May 23, a parade of broom-decorated automobiles would take place in the morning and the afternoon would be devoted to sports, baseball and other athletics. A water carnival would be the chief event on Tuesday, May 24. This would include a water polo championship swimming and boat races. It is planned to stage lacrosse and baseball games in the afternoon. The evening would be given over to cabaret and dancing, and to fireworks displays. It is suggested that cabaret entertainments and fireworks displays take place at the Willows agricultural grounds, where there are facilities for dancing.

May 25 would be Children's Day and would be featured by a parade of boy scouts and school children, followed by school sports in the morning and cabaret dancing in the evening.

Governor-General Learns at First Hand of League's Work

Representing the Navy League of Canada, Secretary R. A. Raynor, of the Victoria Division of the League, waited upon the Duke of Devonshire, Governor-General of Canada, at Government House yesterday afternoon, and explained to him the work which was being done by the League. His Excellency expressed his pleasure to learn that so many cadets trained in the vision of the Boys' Naval Brigade had joined the merchant service. He declared that he had been greatly pleased to see the fine turnout of the boys at the unveiling ceremony of the Queen's statue, and stated that he would recommend strong support of the League in Canada to his successors.

RAILWAY BOARD HEARS ARGUMENTS AT EDMONTON

Brown, chairman of transportation committee of the Board of Trade and Major W. A. McInnis strenuously opposed to-day the proposed Rule 10 of the new freight classification. They also opposed the application of the Railway Association regarding higher revenues for flag stations before installing stations and agents. Stopovers. The first case considered to-day was the application of the Telephone Department of the Alberta Government for stopover privileges for the crossing of telephone poles. The railway directly affected is the Canadian Pacific and W. B. Lanigan, freight traffic manager, objected, first on the grounds that it was outside the Board's jurisdiction, and secondly because it would open the door for hundreds of applications. E. Plintoff, representing the Railway Association, also opposed the application, as did A. Fraser, counsel for the Canadian National Railways. All Powerful. In discussing the Board's jurisdiction, Chairman Carvell remarked that he was a member of the Parliamentary committee, which framed the addition to the Act of 1919. "It will tell you what my idea was then," said Mr. Carvell. "I thought it gave the Board power to make the railway companies do anything it wanted." "Parliament might order man to wear skirts," related Mr. Lanigan.

Proctor, Vancouver; Mrs. W. J. Watson, Chemainus; and Mrs. Andrew Wright, Victoria.

The National Chapter's refusal to recognize the primary chapters on the question of the presentation of a jewelled badge to Mrs. John Bruce, who for eighteen years was honorary national treasurer, was the inspiration of the following resolutions passed by the Provincial resolutions committee: "The Provincial Chapter of British Columbia in annual session assembled have received with much surprise the refusal of the national executive to recognize the national chapters in Canada be circularized with the view of ascertaining their pleasure and securing their cooperation in presenting to the national executive the request for her long and distinguished services, a jewelled badge of the Order at the forthcoming National annual meeting. The Provincial Chapter of British Columbia do not consider the reasons set forth by the national executive of sufficient consequence to support such refusal; moreover the Provincial Chapter of British Columbia has always under the Chapter of the Order are the voice of the Order, and that any request from a large body of the Order to speak with the other Provinces and chapters cannot be rightly or ever legitimately refused; always providing that the request is preferred through the proper channels. The Provincial Chapter of British Columbia would therefore, respectfully request the national executive to re-consider their decision, feeling sure that this will meet with their approval and afford a much desired opportunity to a large majority of the Order in Canada."

THREE THOUSAND AT BIG FAIR YESTERDAY. Y. W. C. A. Fete Proves Delightful Attraction; Gorgeous Pageant. Conservative estimates place the number of patrons of the "Fair of Nations" yesterday afternoon and evening at over three thousand, fully two-thirds of this number being attracted by the presence of Her Excellency the Duchess of Devonshire, who formally opened the fete in the afternoon.

HUNDREDS AT VICE-REGAL RECEPTION. Their Excellencies Received Last Night at Brilliant Function. Government House was the scene of a brilliant function last evening when Their Excellencies the Governor-General and the Duchess of Devonshire held a formal reception, which was attended by over five hundred guests.

Art Studies. The Arts and Crafts Club section included a series of striking studies in famous pictures: Mrs. Fred B. Pemberton, a study by Reynolds; Mrs. M. B. Shaw, Miss Sara Spencer and Mrs. Basil Hartley, after Gainsborough; Miss Maude Lettice, "Rebecca at the Well," after Sir Frederick Leighton; Mrs. W. F. Loveland, "Naomi," by Paton Reid; Mrs. M. Grute, "Romney's Parson's Daughter," while Miss Josephine Crease looked as if she had stepped out of a Dutch canvas in her "Study after Rembrandt."

Pretty Dances. The Maccebaes who took part in the pageant staged an imposing drill under the direction of Mrs. Mary Cochenour, while later in the afternoon a series of Morris dances were given under the auspices of the District Women's Institute.

Fine Concerts. Mrs. R. Baird was the convener of the excellent programmes given by the Ladies' Musical Club, those assisting in the afternoon being Major Bullock-Webster, Mrs. R. H. Pooley, Mr. R. B. MacKenzie, Mrs. Aldous, Mrs. Alwood, Miss Lily Chan (a Chinese girl who played on a native instrument), Miss Gertrude Hickman, who gave a classical dance, while Mrs. Hamilton and the Misses Mabel Hickman, Margaret Butler and Agnes Stuart Robertson contributed a dance from "Thais." In the evening were Mrs. Chas. Wilson, Mrs. R. H. Pooley, Mrs. R. Morrison, the Redfern Orchestra, Major Bullock-Webster and Miss Lily Chan. Mrs. Warren acted as accompanist.

Chicken Dinner. The pageant and concerts will be repeated this evening for the last time, and at six o'clock the women of the various Spanish Institutes will serve a sumptuous chicken dinner, at which all kinds of home-made delicacies will be served.

Social Personal. Her Excellency the Duchess of Devonshire, Miss Saunders, Lady-In-Waiting; Mrs. Walter C. Nichol and the officers and visiting delegates of the Provincial Chapter, I. O. D. E. were the guests of Mrs. Curtis Sampson at tea at her charming home, "Molton Combe," Oak Bay, yesterday afternoon.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT. THE IVY LAND AND THE KING. Part II. "As I told you, my mother is the Queen of the Sky Witches," said the King, "and one day she took me for a ride on the end of her golden broomstick. As we passed Mr. Sunman, who is a very good friend of mine, I slid off on a sunbeam path and ran up to see him."

THE SANDMAN STORY FOR TONIGHT. THE IVY LAND AND THE KING. Part II. "It was love at first sight, and how long we waited, we never knew, before they found us, but it seems that when my Mother missed me she thought I had tumbled off the golden stick and fallen on the earth, so she asked the Fairy Queen to help her look for me."

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSEW

"If there should be need of me, don't forget that I am Bill Jones, salarman, once of Jamaica, now of the Factory, Saltfleet. And stick to the code. A wire will fetch me." He hopped out upon the platform just here, in his "cut-throat" make-up, a little hastily done for the time being at the stations had been short—but excellent, nevertheless; then as Mr. Narkom gripped his hand, he put his head into the carriage again. "My love to Alisa if you see her, and tell her all goes well with me, like a good friend," whispered Cleek, softly. Mr. Narkom nodded, waved his hand, and then the two navvies swung away from the train, gave up their tickets to the porter—having procured third-class as well as first for just this very arrangement—after enquiring just how far it was to Saltfleet Bay, and learning that it was a matter of "two mile and a half by road, and a couple of mile by the fields," strode off through the little gate and on to the highroad. Just how adventurous their quest was going to turn out to be even they did not fully realize outside of the bay, just as a clock in the church tower half a mile away struck out nine, in deep-throated, sonorous tones. To the right of them the "Pig and Whistle" flared its lights and its noise, its hilarious laughter and its coarse-throated jests. Cleek sighed as he turned toward it. "Now for it, boy," he said softly, and then started to whistle and to laugh alternately, making his way across the cobbles to the brightly-lit little pub. Someone ran to the doorway and peered out at sound of his voice, trying to penetrate the darkness and discover who the stranger might be thus gaily employed. Cleek sang out a greeting. "Good evening to yer, matey! This 'ere's Bill Jones and 'is pal. 'Ow I'll tye the 'ighroad, and you'll tye the 'low road; and I'll be in Scotland afore 'yer." "Ere, Sammie, me lad, come along o' me an' warm yer witals. I could drink the sea—strite I could!" He heard the man in the doorway laugh, and then he beckoned to him to come along. And so they entered the "Pig and Whistle" and were greeted enthusiastically by the red-headed barmaid, while many voices went up to greet them, showing that already they had got on the right side of the men who were to be their fellow-workers. "Gentlemen 'ere yet?" queried Cleek jerking his thumb in the direction where Borkins had stood the night before. "I've what you call an appointment wiv 'im, yer know. And 'ere 'is the bightest in 'Good evening ter see yer again, though lookin' a bit pale abant the

more, they were put to work side by side. This gave Cleek a good opportunity of passing remarks now and then to Dollops and telling him to take note of things. The factory was a smallish place, with not too large a payroll, and Cleek gleaned from the first morning's work that it was run solely for the purpose of making electrical fittings. "Where do they ship 'em to matey?" he asked next-door neighbor, a pleasant-faced chap about twenty-three or four. "Over ter Belgium. Big firm there what buys from the master?" "Oh?" So they were trading with Belgium, were they? That was interesting. "Well, then, 'ow the dickens do they send 'em out?" "Doats, idiot!" The man's voice was full of contempt for the nincompoop who couldn't use his head. Above the clang of the machinery Cleek's voice rose a trifle higher. "Well, any fellow would know that," he said with a laugh. "But what I means is, what sort er boats? Big uns, I should say, fer stuff like this." The man looked about him and bent his head. His voice dropped to a low murmur. "Fishin' boats," he said softly, and could be made to say no more, in spite of the scornful laugh with which Cleek greeted this news. "Fishin' boats?" "H'm. That was devilish peculiar. Sending out electrical fittings to Belgium in fishin' boats! Funny sort of way to do trade, though no doubt it was quite permissible up to a point. Well, he must guess something more out of this good fellow before the day was over. (To Be Continued).

WELL-KNOWN MINING EXPERT PASSES

Late E. A. Jacobs Well-known in B. C. Mining Activities

With the passing of the late E. A. Jacobs, whose death is reported to have taken place at Morenci, Arizona, recently, the Province loses one of the best informed mining writers of its latter-day history. Mr. Jacobs was widely known in mining circles in the Province and held in great esteem by all who had the honor to make his acquaintance. For some years owner and editor of The B. C. Mining Record, his writings were known from one end of the country to another, and his articles in American publications created much interest in the mining possibilities that lie latent in this Province. An Englishman by birth, the late E. A. Jacobs resided as a youth in New Zealand, where his widow now resides. Mrs. Jacobs has been crippled for some years and could not accompany the late Mr. Jacobs on his journey to this country. At the time of his death he was employed as accountant for the Arizona Copper Company at Morenci, Arizona. The new incinerator plant for the joint use of the town of Timmins and the township of Tisdale is near completion.

Had An Annoying Hacking Cough GOT NO REST AT NIGHT

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue. There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks. Mrs. E. J. Ross, Penhold, Alta., writes:—"About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four bottles, my cough had all gone. Now I always keep it in the house." "Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, price 50c. and 60c. a bottle. Manufactured only by The W. M. Burn Co., Toronto, Ont.

WILL SETTLE HERE UPON RETIREMENT

Veteran Missionary Has Held Many Appointments in Canada and Japan

Victoria gains a veteran Methodist missionary and pastor of several prairie churches by the decision of the Rev. Dr. J. W. Saunby and Mrs. Saunby to settle here on their retirement from the Canadian Methodist Mission field in Japan.

Dr. Saunby, who is registered at the Dominion Hotel, pending arrangements to move to 2929 Sumas Street, where he will in future make his home, told The Times last evening that he went out to Japan many years ago, and was located for some years in a mission on the West Coast, then he returned to Canada, and commenced a pastoral career at Fort Arthur, receiving appointments at various points in the prairies. Then in 1910 he was a member of the great General Conference of the Methodist Church, which met here that August, and he determined to return to his earlier love in Japan.

He was for a considerable time on his return to the Orient attached to the section of the West Coast mission which operates under the auspices of the Methodist Church, and later has been engaged in social service work in the poorer quarters of Tokyo.

It gave an interesting description of conditions in the great metropolis of Japan. "Work is so much easier," he said, "in the cities from the point of view of evangelizing than in the country districts of Japan. The fierce opposition of the priests has not to be encountered, and as the religious hold is very weak over the Japanese of the cities, it is quite easy to bring the masses into conformity with Christian ideals in the larger centres. There is also the backing accorded by the authorities, and the wealthy classes, to Christianity in settlement schemes in the large centres. Tokyo slums are districts of concentrated industries," he continued, "where people of one occupation inhabit, pursuing their avocations throughout the city, and returning at night to their humble homes. There is, however, every encouragement for evangelization, and the prospects are very bright for Christian work there."

**WOMEN WHO OVERWORK.** "Man may work from sun to sun, but woman's work is never done." In order to keep the home and attend to the children well dressed and tidy, women continually overdo and suffer the effects, doing along from bad to worse, knowing full well that they need help to overcome the pains and aches which daily make life a burden. Lydia E. Pinkham's Vegetable Compound, a medicine with specific value which overcomes many of the worst forms of female complaint, as the letters constantly being published in this paper will prove.

GOOD PROGRESS ON COMMUNITY HALL

Residents of Garden City Engaged in Excellent Enterprise

Splendid progress has been made on the construction of the Community Hall on Marigold Road, which is being fostered by the Garden City branch of the Women's Institute.

Plans were drawn up by Architect Hubert Savage, who is also directing additions to Stanich schools, and construction work is in the capable hands of F. Harrison.

Business houses in the city have been most generous in donating money and material, and donations from anyone interested in the district will be welcome, and may be sent to the President of the Building Fund, Mrs. Harold Nix, or to the secretary-treasurer, Mrs. J. K. Stansfeld.

Considering that the work is only carried on in spare time, and that a start was made but two weeks ago, the committee is delighted with the result of their efforts. It is hoped, however, that there will be a more generous response by the men of the district, and any volunteers with saws and hammers will be welcome on Wednesday and Saturday afternoons. The social committee combine pleasure with business by serving tea on these occasions.

On Friday evening next the Institute will hold a 500 drive in Carne's Hall at Marigold Station in aid of the Building Fund, and the committee is working hard to make this a financial success.

Identity of the unknown man who was run down by a C.P.R. train near Sudbury on March 12 still remains a mystery.

YOUNG PEOPLE'S SOCIETY ENTERTAINS BOYS

The Young People's Society of Emmanuel Baptist Church assumed the role of hosts on Monday evening, their guests being the boys of the W. P. S. Club, of the Y. M. C. A. A banquet was prepared by the ladies of the social committee, under the leadership of Miss Violet Davies, which commenced at 8:30 o'clock. At the close of this part of the programme a toast to the King was proposed by the president of the Y. P. U., George Francis, and was responded to by everyone rising and joining in the singing of the National Anthem. Miss Adah Hunt proposed a toast to the W. P. S. Club, which was responded to by Mr. Stacey, President of the W. P. S. Club, who proposed one of the Y. P. U. The last toast was responded to by Miss Winnie Sherwood. While seated round the table an impromptu debate was held, the subject being, "Resolved that the man is more original, sportsmanlike and broadminded than the woman," the ladies taking the affirmative, the gentlemen the negative. The judges rendered their decision in favor of the ladies. A short musical programme was provided, those taking part being: Miss Violet Parfitt, vocal solo; Miss Lillian Parfitt, violin solo; Miss B. Shampney, vocal solo; Miss Sylvia Boyden, pianoforte solo; Mr. Robert Jones, vocal solo. The singing of "Auld Lang Syne" brought a very pleasant evening to a close. A professed who had bought an estate in the country was told that it was customary for squires to worship at the village church. After he had dropped a note to the vicar announcing his forthcoming visit, he entered the church at the same moment as the choir. The whole congregation stood up. The next day he wrote a letter of thanks to the vicar, asking him to thank the congregation for their courtesy.

## MADISON CYLINDER GRINDER

We have just installed a new Madison Cylinder Grinder, which is the latest and most up-to-date grinder on the market. This machine is being used by all the leading automobile and traction engine factories in Canada and the United States. When your cylinders get worn and your engine loses its power, let us grind the cylinders and fit in new pistons and rings, which will make them as good as new, besides the saving in gas and oil in a short time will more than pay for having the work done, to say nothing about the satisfaction you will get out of your engine.

## KATORI MARU IS BOUND HERE FROM PORTS IN ORIENT

N. Y. K. Boat Left Yokohama Friday and Is Expected to Arrive April 28

Sailing from Yokohama on Friday last, the Nippon Yusen Kaisha liner Katori Maru is now well on her way across the Pacific and is due to reach here April 28.

W. R. Dale, local agent, has been advised that the Katori Maru has 50 passengers for Victoria, there being 5 first class, 5 second class and 39 steerage passengers, including a Japanese touring party of 8. The inbound Japanese liner has a big list of passengers for Seattle and a fair cargo. The eastbound freight movement has been falling down in recent months, but vessels now arriving from the Far East report that the freight situation is gradually improving.

Remaining on Run. The Katori Maru is being retained in the North Pacific service of the Nippon Yusen Kaisha. When she left here on her last homeward voyage it was reported that the company proposed to send her to Europe and replace her on this route by the former German liner Cap Finisterre. The Cap Finisterre, however, is a very costly ship to operate, and the Nippon Yusen Kaisha, which had the first chance, declined to take her over. Since that time the Cap Finisterre has been taken over by the Toyo Kisen Kaisha, renamed the Taiyo Maru, and will shortly leave Hong Kong in the T. K. K. San Francisco service.

## DELIVERY OF LINER KEYSTONE STATE WILL BE DELAYED

Extensive Alterations Have Been Ordered by U. S. Shipping Board

The liner Keystone State, which will follow the liner Wematchee in the Pacific Steamship Company's service between Seattle, Victoria and other ports, is expected to have been delivered April 19, will not be ready for her official trials until May 15. Extensive alterations of an extensive nature have been ordered by the United States Shipping Board.

Myron Holzer, who has been named purser of the second Pacific liner, will leave for New York this week.

From New York to this Coast the Keystone State will probably be commanded by Capt. Gerard T. January, at present acting as port captain for the Admiral line in the conditioning of these ships at the Camden shipyard. Capt. January will be relieved at Seattle by Capt. E. P. Bartlett, who will command the Keystone State in the trans-Pacific service. The former will return to New York to supervise the conditioning of the steamship Bay State, third of the fleet to enter commission, and which is expected to be ready in July.

The following is the schedule for the Keystone State from New York to Seattle: Leave New York June 4, arrive Havana June 7 and leave that port June 9; arrive Colon June 12 and leave Balboa June 13; arrive San Pedro June 20 and leave June 21; arrive San Francisco June 22 and leave for Seattle June 23, arriving here June 25.

## MOERDYK DELAYED IN LOADING FLOUR ON COLUMBIA RIVER

As she was leaving Astoria for this port the Holland-American steamship Moerdyk received orders to shift up the Columbia River to Portland to load 14,000 barrels of flour for Czechoslovakia, to be discharged at the German port of Hamburg. Consequently the Dutch freighter will be delayed about three days in reaching Victoria. She has about 200 tons of freight for this port.

## MELITA REACHES PORT OF ST. JOHN

St. John, N.B., April 20.—The liner Melita, the last C. P. O. B. steamship to come to this port this season, arrived last night. She carried 517 cabin and 1,919 steerage passengers, in addition to a large general cargo, mail and parcel post matter. The liner brought a new relief crew for the British cruiser Cambrian, which has been on duty in the West Indies and arrive at Halifax on Monday to await their arrival. A British party on board the Melita brought under the auspices of the Canadian Pacific Railway Colonization Department had £50,000 sterling between them.

## RAILROAD IN CHINA WILL BE COMPLETED

Dr. J. W. Shotman, of Netherlands Syndicate, Leaves on Japan For Orient

Dr. J. W. Shotman, representative of a Netherlands syndicate behind railway construction in China, was a passenger by the liner Empress of Japan, which cleared from this port last night for Hongkong. A railroad was being constructed in 1912 by a Franco-Belgian syndicate between Haichow and Shanghai, but the war interfered with construction, when the road had 250 miles to go, and work was definitely stopped. Since the armistice the exchange rate has been so unfavorable that the interests concerned have dropped out. This is where the Netherlands syndicate for China enters. Well-financed and with some of the best engineers procurable, there is being assembled just now in the Orient, members of the syndicate's personnel. Dr. Shotman is a medical advisor to the corporation.

"The remaining stretch of steel will be laid from Su-chow-fu to the coast, and it will be two years before the road is completed and a port site selected for its outlet," says Dr. Shotman. The line will be known as the Lanzhou Railway. Dr. Shotman is a graduate of Leyden University.

## SPECIAL TOURIST RATES TO THE EAST TO BE RESTORED

Restoration of Summer tourist fares by the American railroads to all principal points in the East are announced by E. E. Blackwood, local agent for the Northern Pacific Railway. The special Summer tourist rates were suspended in 1917 when the United States Government took over the railroads. The sailing dates will be from June 1 to August 15 with a final return limit to October 31.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach, gas of pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

**Sunday School Concert.**—The young people of the First Presbyterian Church presented a splendid programme at the entertainment given in the schoolroom last night. Instrumental music, recitation, songs and sketches were contributed and were greatly enjoyed by the large audience. Attendance on Sunday school is now over 400, and the proceeds of the concert will go toward the extension of the school-room. A hearty vote of thanks was tendered to the several artists who took part in the programme.

**W. A. Regular Meeting.**—The regular meeting of the W. A. to the Army and Navy Veterans was held last night in the Hamley Building, with Mrs. Chapman in the chair. Several reports were read, one from the Winnipeg Headquarters in connection with the convention held in October. Mrs. Ruddock was appointed convener of a dance to be held in the first week in May. Miss Jessie Chapman was selected as a candidate for the May Queen contest, to represent the Army and Navy Veterans. McDonald is convener of a five hundred party to be held this evening in the Hamley Building, under the auspices of the W. A. to the Veterans.

**Held Mock Trial.**—The Young Peoples Forum of the Metropolitan Methodist Church Monday night maintained a large audience at a delightful mock trial. The Rev. Dr. Sippell, pastor of the church, acted as "Chief Justice" in a mock trial of a damage action, entitled "The Metropolitan Church et al versus The Daily Paper." A Lee appeared for the plaintiff, while the "editor" of "The Daily Paper" appeared in person in defense. After a long and intensely humorous "hearing" the damage action was concluded, the claim being allowed, but the damages being reduced from \$17,112.50 to \$15.15, by the learned "judge." During the entertainment several music numbers were given by Mrs. Downard, Mrs. S. Morton and J. O. Dunford.

**CHINESE DRUG RUNNING BEFORE COURT**

One Chinaman Is Given Three Months For Vagrancy

Fred J. Ford, Reulah Fisk and Hazel Murphr, charged variously with vagrancy and contributing to it, and allowed out on their own recognizance yesterday, failed to answer their names in court to-day, and were understood to have left town for Portland whence they came. Warrants were sworn out for all three, and if they should set foot in Victoria again they will be arrested.

Jos, the sole remaining member of the four arrested by Detectives Siciliano and Phipps, failed to get out, however, and was sentenced to three months' imprisonment with hard labor. Joe protested innocence of any connection with the cocaine running here, but was not believed. He has been previously arrested, and allowed out through lack of evidence, and the second occurrence was too much for the credulity of the court.

Three applications under the Deserted Wives Maintenance Act were dealt with, two being adjourned for a further month and the third being an order for the husband to pay \$1.50 a week towards the upkeep of his children, three of the mother.

In the Saanich police court, which followed the sitting of the city court, ten cases of automobile and motor cycle offences were dealt with, the court room being filled with those charged, witnesses and counsel for the various defendants. Mr. Mont-teith appeared to prosecute for Saanich municipality; Robert Nott, Hobson & Harrison, Ltd., J. H. Beatty, New Method Laundry, were each convicted for offences under the Motor Act and ordered to pay fines of \$15 each. Several other charges were laid, but the accused either successfully defended their case or the charge was withdrawn.

**APPEALING TO PRIVY COUNCIL.**

Before a special sitting of the Appeal Court, to-day, with Mr. Justice Gallihier, Mr. Justice McPhillips, and Mr. Justice Eberts to-day final leave to appeal to the Privy Council was granted in the case of Boyle versus Seguin. V. McDowall appeared for the plaintiff-appellant, and E. L. Tait for the defendant-respondent.

**Endorse Bonus Plan.**—The bond bonus plan proposed by Comrade E. A. Kidner, of the Veterans of France, for the re-establishment of returned men, has been endorsed by the Returned Professional and Business Association and the existing methods of the S. C. R. characterized as inadequate to meet the situation. The scheme calls for the provision of a \$400,000,000 fund to be drawn as required from the banks of Canada on the security of Canadian Government bonds, and in this way, instead of Canada paying the money direct, the banks would advance the money, and the Dominion Government would have to redeem the entire obligation in a certain number of years.

**WOULD SEND CITY SOLICITOR EAST TO FIGHT INCREASE**

Claim Victoria's Case in Telephone Application Distinct

Believing that Victoria's interests in the matter are individual and quite distinct from those of other cities, city aldermen are planning to send City Solicitor H. S. Pringle East to represent Victoria before the Railway Board in Ottawa, May 18, when the application of the B. C. Telephone Company for permission to charge higher rates will be considered.

Mayor Porter declared to-day that he would favor sending Mr. Pringle East if, as he understood, Victoria's case was not similar to those of other municipalities. The proposed increase in telephone rates, he pointed out, was of vital concern to nearly every person in Victoria, and he believed that the citizens' interest should be safeguarded in every possible way.

F. A. McDiarmid to Attend.

So far the City Council has contented itself with undertaking to pay a share of the expenses of F. A. McDiarmid, Parliamentary Agent of the Union of British Columbia Municipalities, who will represent that organization before the Railway Board. In addition, the solicitor of the Union of Canadian Municipalities has been asked to act. It is feared now, however, that these gentlemen will deal with the case in a general way, and that their interest claims will not receive the attention desirable.

Some of the aldermen feel that money used in sending the solicitor to Ottawa to endeavor to keep down telephone rates will be spent with better results than the money used to send two members of the Council to attend the convention of the Good Roads League of Canada in Halifax. Figures obtained by Mr. Pringle from the Telephone Company, it is claimed, tend to show that Victoria's case is different to that of Vancouver and other British Columbia cities. It is claimed further that Victoria is really more vitally concerned than any other place.

**OBITUARY RECORD**

The funeral of the late Matthew Bottrell was held this morning, the cortege leaving the B. C. Funeral Chapel at 11.30, proceeding to Christ Church Cathedral. The Rev. Bishop of Columbia conducted the impressive service. The hymns were: "Lead Kindly Light" and "On the Resurrection Morn'g." The pallbearers were Mayor Porter, E. E. Woodton, T. A. Wood, J. Johnston, H. M. Wilson and A. Richardson. The remains were forwarded on this afternoon's train to Duncan, en route to Maple Bay Cemetery for interment.

The funeral of the late Mrs. Charlotte Randolph, wife of J. J. Randolph, will take place to-morrow at 2.30 from the B. C. Funeral Chapel. Interment will be made at Ross Bay Cemetery.

The funeral of the late Ellen Amelia Tapley, whose death occurred at the Aged Women's Home last Friday, took place yesterday afternoon, the cortege leaving the Sands Funeral Chapel at 1.45 o'clock, and fifteen minutes later services were conducted at Christ Church Cathedral by Rev. E. H. Patt. The casket was covered with many beautiful flowers. Interment was made in Ross Bay Cemetery.

The funeral of the late Miss Mary Margaret Shaw took place yesterday afternoon from the late residence, Mount Phoenix, at 2.30, proceeding to St. Luke's Church, where service was conducted by Rev. W. Carroll. There was a large attendance of friends, and many floral tributes covered the casket. Two hymns were sung: "Now the Laborer's Task Is O'er" and "On the Resurrection Morn'g." The remains were laid to rest in St. Luke's Cemetery. The pallbearers were T. R. Miller, J. J. Miller, Munroe Miller, E. Outwait, F. E. Aitken and C. J. McRae.

Appearance of Princess Pats Under Col. Cadville at Presentation Buildings Ceremony

Lieut.-Col. F. H. M. Cadville, who had command of the detachment of Princess Pats from Work Point Barracks who formed the Guard of Honor to the Governor-General at the Parliament Buildings yesterday, is being congratulated on the smart appearance of the corps. For their appearance on the formal occasion yesterday, the Work Point men put in a lot of hard training under the personal instruction of Col. Cadville.

The only school attending the ceremonies of yesterday in a body was the Lamson Street, Esquimalt School. The pupils turned out at the Parliament Buildings 400 strong under their principal, Leonard Tait.

**MOOSE FROLIC IS SET FOR SATURDAY**

The Moose will have a big time on Saturday evening next in the K. of P. Hall. A Legion Frolic for the purpose of raising second degree candidates will be put on, and in addition to seventy from Victoria there will be fifty from Vancouver, as well as a large crowd from Seattle, Fort Angeles, Ladysmith and Nanaimo. The famous Moose band from Vancouver will arrive on the afternoon boat and will parade through the city, and play selections during the day. These events, which are held periodically cause a great stir and are anxiously looked forward to by all beginners. A convention of Moose will take place in Aberdeen, Wash., June 10 to June 12, and a large number of the members of Victoria Lodge No. 1398 have already planned to attend.

**Boys and Girls Win Story Competitions**

Several interesting stories by pupils who have won prizes in the paper's story competition are published in the April issue of the Public Schools Magazine, which is just off the press. The first prize, senior grade, has been won by Lucyle Shaw, aged thirteen years with her story, "The Wonderful Visit." Ethel G. Shaw's tale, "The Story" wins her the second prize in the senior grade, while Leonard Wheat won the first prize in the intermediate grade for his "A Successful Bear Hunt." Other contributions published include "Kind O' Big" by Geoffrey A. Joseph, and an article by John Stanley Rourke on the Tower of London.

With its many regular departments well maintained and a number of creditable articles in addition to the latest issue of the Magazine is well up to the usual high standard.

## Pooling of All Amateur Ball Players Suggested

**Scheme Introduced to Assure All Teams Being Evenly Balanced; Dave Macfarlane Will Head Amateur League This Season With Cecil Platt As Secretary; Schedule to Be Drafted At Once; K. of C.'s Stay In.**

In an effort to assure all teams in the Victoria Amateur Baseball League being evenly balanced a scheme for the pooling of players was introduced at the annual meeting of the league held last night. The sponsors of the scheme argued that this was the only means of obtaining teams of equal calibre. In a runaway race it was pointed out that interest in the league would wane. A close contest would increase the following in the amateur game.

There was, however, considerable opposition to the scheme. The managers, who have been busy all Spring talking players into signing contracts, do not feel that they should pass over their rosters for the league to allot as it sees fit. These managers will hold out against the pooling scheme. They do not wish to see their efforts come to nothing and be forced to take a chance on the personnel of their teams with those managers who have not strong line-ups signed.

No decision was reached in the matter last night. It will be further discussed at the next meeting of the league.

**Conservatives Come In.** There is no doubt but that the Capital will have one of the best amateur leagues it has had for some years. Franchises have been awarded to four fast clubs. The Elks, Yarrow and Knights-of-Columbus have all decided to retain theirs in the league, while the Conservative Club has been admitted to take the place of the Colliers Vets.

For a time it was thought that the K. of C. would drop from the league but last night Mickey O'Connell assured the league that the Knights would be in the league again this season.

The Garrison who were expected to combine with Pitt's Billiard Parlors and enter a team, are not likely to get in. The officials of the league are anxious to restrict the league to four teams so as to keep the brand of ball high.

**At Work on Schedule.** The schedule committee is to meet this week and draft a schedule for the season. It is expected that the league will get underway about the middle of next month.

Officers for the ensuing year were elected last night and George Warren and C. F. Moriarity succeeded in slipping out of the presidency and secretaryship respectively.

Dave Macfarlane who last year piloted the Colliers Vets, was prevailed upon to accept the presidency of the league this year. Dave has considerable experience in baseball and should prove a capable executive head. He will have Del Whittaker with him as vice-president and Cecil Platt will be the secretary-treasurer. Platt is a hot ball fan and keen on helping the game along. The governors will be: George Burns, D. W. Spence and H. R. Savage.

Before the meeting adjourned votes of thanks were tendered to Mr. Warren and Mr. Moriarity for their excellent services last season.

## Capture Local Sunday School Basketball Laurels for Fifth Consecutive Season

The ladies' team of the First Presbyterian Church has reigned supreme in the Sunday School League for five years. They are reckoned as the second best team in the Province, taking second place only to the High School girls of this city. The team has been ably coached by the veteran Bob Whyte. The players in the picture are as follows: Standing, from left to right, Bessie Forbes and Betty Harkness. Sitting, Lily Christie, Bob Whyte, coach, and Mary Hannah. Front row, Dorothy Aird and "Bud" McKinnon.

The Presbyterian team will meet the St. Mark's ladies' team, champions of the Vancouver league, at the Y. M. C. A. on Saturday night. St. Mark's team has not met with a defeat this season, but the local girls hope to hand them one this week-end.

**LACROSSE EXECUTIVE WILL MEET TO-NIGHT**  
The first meeting of the new executive of the Victoria Lacrosse League will be held this evening at 8 o'clock at the Metropolitan Hotel. Representatives from the Sidney Club are expected at the gathering and arrangements will be made for the organization of the Island Lacrosse League.

**ED LEWIS FAILS TO THROW COLLEGE BOY**  
Wrestling Champion Ran Up Against Snag When He Met Carpenter, of Princeton

New York, April 20.—"Strangler" Lewis, world's heavyweight wrestling champion, lost a hand-pick match here last night when he failed to throw in twenty minutes Charles J. Carpenter, of Augusta, Ga., inter-collegiate champion. Carpenter is a student at Princeton University. The headline was not barred in the match. Carpenter, who is nineteen years old, six feet and three inches tall, and weighs 212 pounds, was the "unknown" whom the champion had agreed to throw without using his side-chamber headlock. The bout was under the auspices of the International Sporting Club. The collegian was on the defensive most of the time, but was able to avoid serious trouble from the numerous arm locks and hammerlocks tried by the champion. Carpenter turned to hold internets tournaments there. Lewis would force him back to the defensive by trying for a toe hold.

## Ball Game To-day Called Off By Immigration Folks

**WILL TWIRL AGAINST THE COLORED GIANTS**  
Great was the disappointment of a couple of thousand ball fans when they discovered that to-day there would be no game.

About 10 o'clock this morning a telegram was received by Manager Blankenship that the Colored Giants had been unable to pass the Canadian immigration authorities at Seattle in time to connect with the steamer.

As a result it was impossible to stage the advertised game at the Stadium between the dark tribe and the Victoria squad. The game scheduled for to-morrow afternoon will be held at 3 o'clock.

**SWIMMING TITLES AT STAKE AT GOLDEN GATE**  
San Francisco, April 20.—National swimming champions in the 220-yard senior breast stroke and the junior 400-yard relay and a Pacific Coast championship in the 220-yard free style race will be decided at the San Francisco Olympic Club to-night.

**WITH THE BOWLERS**  
In a close but exciting game last night the Wents overcame the Travelers by 52 pins. At the close of the second game the Travelers were leading by 52 pins, but in the final game the Wents came back strongly and won as above stated. The next game in the league will be to-morrow night between The Colonist Printers and Travelers. The score:

Table with columns: Travelers, Wents. Rows include West, D'Arcy, Hunter, Stuart, Steele.

**English Lady Golfer Wins.**  
London, April 20.—Miss Alexa Stirling, the American woman golf champion, this afternoon in the Pan-English Club competition, began yesterday, made the course in 73, giving her a total of 145 for the two days' play.

**Doctors Boost Golf.**  
The medical profession is a unit in prescribing the game of golf as one of the most health-giving exercises that mortal man indulge in. That the disciples of Aesculapius believe in taking the "medicine" they so freely prescribe for their patients is amply demonstrated by a perusal of the annual reports of golf clubs, which have been coming into me by the score the past few weeks, from every city and town in the Dominion. There is hardly a club that does not boast the name of a doctor, sometimes several, on its board of directors. The medicals, in increasing numbers, are taking up the game enthusiastically from coast to coast. It would not be a bad idea perhaps if they formed an association in every province and arranged for an annual tournament. From a numerical standpoint, at any rate, these would be the toughest difficulty in arranging such events. Doctors literally by the hundreds are now "playing the game" in the Dominion.

## WITHIN THE GOLF CIRCLE

**Lady Golfer a Wonder.**  
London, April 20.—Miss Alexa Stirling, of Atlanta, Georgia, the United States woman golf champion, has been playing some good matches since she arrived on this side of the water in preparation for her attempt to win the British championship, which begins at Turnberry, Ayrshire, on May 10.

**English Pros in Winnipeg.**  
Winnipeg, April 20.—It was announced here yesterday by the Manitoba Golf Association that George Duncan and Abe Mitchell, British golfers, will play exhibition games here on September 3 and 5 coming here from Montreal.

**BETTER PROTECTION FOR GAME IS WANTED**  
Victoria and District Fish and Game Association Holds Annual Meeting

Several important matters were discussed at the annual meeting of the Victoria and District Fish and Game Association which was held last evening at the City Hall. The association decided to take up with the proper authorities the securing of adequate bounties on vermin, the ear-marking of all furs from last season's game, and to hold separate revenue to be used for the protection and propagation of game, and the appointment of a strong force of game wardens to protect game and assist in the destruction of vermin.

**More Wardens Wanted.**  
More and better game wardens were wanted, said Secretary Thomas. He thought that the game wardens were wanted more now than when the shooting season is on.

**English Lady Golfer Wins.**  
London, April 20.—Miss Alexa Stirling, the American woman golf champion, this afternoon in the Pan-English Club competition, began yesterday, made the course in 73, giving her a total of 145 for the two days' play.

**French Captains Americans.**  
Chicago, April 20.—Emmett French, of Youngstown, O., has been selected to captain the team of American professional golf players which will play the English Summer to compete in the British open championship. Eleven players, to be selected later, will accompany him.

**Word comes from Banff, Alberta, that the new 9-hole course there has all been graded down and that this season will see the completion of greens and fairways, although it will not be until 1922 that the links will be open for play. In the meantime the old 9-hole course this season, greatly improved, will be available for golfers from all over this continent and Europe, who visit Banff and enjoy the unique experience of playing the game "on the roof of the world." The Banff links are now owned by the Dominion Government and are operated by the Dominion parks branch of the interior. In the years to come, it is the intention to make the course one of the classic in America, and to hold international tournaments there. The setting of the links is simply unrivalled—really nothing finer in the world.**

Comedy and Music Are Combined in Attractive Bill

A whole show in itself—a miniature circus—is the feature offering this week at Pantages Theatre. It is something that will interest children and adults alike, because, not only is the actual performance of high merit, but there is a newness in the way it is presented that makes it of outstanding fascination.

**COLUMBIA**

Blanche Sweet as "That Girl Montana" is the kind of girl who, when she has a hard task before her, squares her shoulders, tackles with-out any preliminaries and worries the devil out of sight. "That Girl Montana" is performed delightfully at the Columbia Theatre. Marah Ellis Ryan wrote the novel of the same name which Robert Thornby has directed the picture with all the innate love of the outdoor and the red-blooded dramatic power that stamped his direction of "Half a Chance," a previous Jesse D. Hampton-Pathé feature.

**VARIETY**

"The Furnace," at the Variety all this week, is one of the really big pictures that come along just occasionally; the story is a brand new English novel just off the press, written by "Pan," an anonymous writer who is creating a sensation abroad. It was scenarized by Julia Crawford Ives, who wrote the scenarios for the Tom Sawyer and Huckleberry Finn pictures and the original story and scenario for "The Soul of Youth," a recent Realart Special, produced by William D. Taylor, who is one of the big league men among motion picture directors. Picture patrons might find adequate entertainment merely in the spectacular element of the production, the many lavish English social functions wherein the latest in beautiful gowns and fashions are displayed, the big scenes in the hotel at Monte Carlo, the stately church in London, the storm, the landslide, and other big moments, all of which scenes were taken at an enormous expense of time and labor. But besides the spectacle there is a corking plot well worked out by capable actors and actresses.

**DOMINION**

From shining shoes to the spotlight in motion pictures is a journey not given to many people. Seven years ago Jim Bishop, an actor and shoe shop at one of the Hollywood studios. A director found he was a good actor and he has been playing colored roles ever since.

He has the important part of "Harvey" in "The Witching Hour," now at the Dominion Theatre. "The Witching Hour" was scenarized by Julia Crawford Ives from the Augustus Thomas stage success. It is a William D. Taylor production.

Local players are examining over the remarkable play appearing in "The Witching Hour," the William D. Taylor Paramount picture. It is seldom that one sees a single play such famous names as Elliott Dexter, Mary Alden, Ruth Renick, Edward Sutherland, Winter Hall and Clarence Geldart.

**IS YOUR NOSE PLUGGED? HAVE YOU CATARRH?**

If Subject to Colds, Here is Real Good Advice

Don't load your stomach with cough syrups. Send healing medication through the nostrils—send it into the passages that are subject to colds and Catarrh. Use Catarrhose, the CATARRHOZONE, which helps a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhose—all through the bronchial tubes, nostrils, and air passages—everywhere a trace of disease remains will Catarrhose follow. You'll not have colds, nor will you suffer from sniffles, bronchitis, or throat trouble if Catarrhose is used. Get it to-day but beware of dangerous substitutes meant to deceive you for genuine Catarrhose. Large size, two months' treatment, costs \$1.00, small size 50c, sample size, 25c. All dealers, or the Catarrhose Co., Montreal.

**HAROLD KIRBY TO HAVE "EVENING OF SONGS"**

From time to time Victorians have the privilege of having some of the most prominent artists of the day appear here, and without doubt the announcement that Harold Kirby, that popular young English baritone who is amazing the music-loving public of the West, and is now on his tour of Canada, has been booked to appear here, under the auspices of the Ladies' Aid, Metropolitan Church, on April 25, will be most eagerly welcomed.

For one so young in years he has had a remarkable career, and has won an international reputation. In his appearances in London and the provinces, or on the continent of Europe, or in the United States, or in this country, he has never yet failed to win his audiences with his magnificent voice, rich in quality, and his attractive personality. As the press have referred to his programme as a "Feast of Song," so does this typify what his programme really consists of. He has a most extensive repertoire, from which he selects a programme of great variety, and characteristic of a singer with due consideration for the taste of every class of the music-loving public. His lyrics, especially the Oriental ones, contain that deep pathos that show to advantage the rich, warm and flowing tone of the singer. Without doubt he is an artist that the Old Country may well be proud of, for he is a master of his art.

It is not easy, nor always possible for artists of any distinction, such as Mr. Kirby is, to make a tour of the West, but throughout this tour Mr. Kirby has received an ovation seldom accorded any vocalist. The enthusiasm and appreciation of his audiences have been more than remarkable, and one cannot fail to recognize in him the true artist.

The programme he has selected here is one that will delight all, comprising all the way from Folk Song to Grand Opera, and in all these songs Mr. Kirby displays wonderful versatility and sings with such a freedom of manner that it is hard to realize that the voice can carry forth such wonderful harmonies.

**SOME FEATURES OF COMING GREEK PLAY**

Will Dance Clothed in Graceful Draperies of Classic Greece

Though "Danae" is going to be performed in June for which the next rehearsal is Thursday in a very different way to what was originally intended by the gifted authoress, Mrs. Brownlee, who wrote this play as a drama, in three acts, for a large theatre; yet from a popular point of view it will have gained much by the introduction of songs and dances. Most people have enjoyed those movies which show the beautiful outdoor dancing of the Maude Allen, and Ruth St. Dennis, school in California, but how much more interesting it will be to see Victoria native daughters frisking in the sunshine, clothed in the artistic draperies of classical Greece. It will indeed afford a feast of color and graceful movement. In the opening scene, Terpsichore (Miss Roberts, Ealton) and a boy of her devotees, perform a classical dance at the king's feast, for the entertainment of his guests. Later, when Pythia, under the influence of the fumes, is chanting her oracular prophecies, Terpsichore again interprets the spirit of the scene, and with her maids, dances the arrow dance, which is Egyptian in its origin, and

Have You A **"Twenty Pay Life Policy?"**

A true story of a Canada Life Policy issued over forty years ago.

At age 30 he secured his \$5,000 Twenty Pay Life Policy.

At age 35 he received his first Dividend, which was added to the Policy.

At age 50 he received notice that his Policy, with 20 years' Dividends, was fully paid for.

At age 60 his Policy, still earning Dividends, helped him to finance the purchase of a new home.

At age 70 he withdrew the Cash Value for his own personal use. He received a Canada Life cheque for \$6140 in return for his \$2830 paid in premiums. For many years his home had been protected by insurance of \$5,000 and Dividends.

**The Twenty Payment Life**

Our new up-to-date policy provides—

1. That premiums will cease in 20 years.
2. That dividends will be paid during the 20 years, and afterwards.
3. That if you should be totally and permanently disabled before age 60, all premiums will be cancelled, and a monthly income paid to you.
4. That such monthly payments will not be deducted from the policy at your death.
5. That after 3 years you may take a Cash Value, or receive a paid-for policy or pledge the policy as security for a loan.
6. That the policy cannot lapse while a cash value exists; that the policy is indisputable after one year; that you may reside or travel in any part of the world or engage in any occupation without affecting your insurance.

(There are many other valuable privileges.)

**An Immediate Estate**

The great advantage over any other form of investment is that a small percentage paid yearly creates immediately an estate of \$5,000, \$10,000 or more.

These active, progressive years of life in which you are earning the most money are the years in which premiums can be more easily met.

Twenty years is a convenient period and premiums spread over that length of time are moderate and easy to handle.

Do not delay this important matter. Ask for particulars today.

## DR. RUSSELL IS NEW PRESIDENT

Thirty-two Dentists Are Associated With Victoria Branch

Last evening at the annual meeting of the members of the Victoria Dental Society the chair was occupied by the vice-president, Dr. R. E. McKeon. The secretary, Dr. W. Russell, reported a membership of thirty-two. During the year eleven regular and four special meetings had been held, he said. Among the papers read for discussion were such subjects as "Block Anaesthesia," "Devitalization and Extirpation of Pulps," "Efficiency," and a report on the National Association meeting at Boston last Summer. Two study clubs have been formed under the aegis of the society, the members taking up special work in Pathology and Prosthetics. Special mention was made of the great loss sustained by the society in the recent sudden demise of Dr. Fred Proctor, who for many years had been actively associated in the membership. The treasurer's report was given by Dr. B. Cummings Richards, and Dr. R. E. McKeon reported on the work of the B. C. Dental Council.

The report of the nominating committee resulted in spirited contests for the various offices for the ensuing year, the following being elected: President, Dr. William Russell; vice-president, Dr. R. E. McKeon (re-elected); secretary, Dr. Charles A. Harding; treasurer, Dr. B. Cummings Richards (re-elected); executive committee, Drs. E. W. Hetherington, H. H. Hare and G. C. Walker. Those in attendance at the meeting were Drs. McKeon, Russell, Thomas, Poyntz, Verrinder, Griffiths, Henderson, Hare, Garesche, Hall, Nash, McInnes, Walker, Richards, Balcom, Tanner, Harding and Hetherington.

## WORK OF THE CHAMBER OF COMMERCE

A large attendance of members of the Chamber of Commerce at tonight's meeting called by Mayor Porter for discussion of May 24 celebration plans is requested by the Chamber. It is very necessary that Victoria furnish, if possible, the best event in the series of celebrations to be conducted on the Pacific Coast in Spokane, Seattle, Portland, Victoria and Vancouver. The plan outlined by the Pacific Northwest Tourist Association and all the assistance available in the way of suggestions and work will be required to make the affair a big success.

Yesterday afternoon a meeting of the committee having in hand the formation of the new members' forum was held. Twenty new members at a time will be grouped into this forum, which will be run by themselves and is for the distinct purpose of getting new members acquainted with other and getting in touch with the Chamber of Commerce work. This idea will give new members an opportunity of placing their ideas before the board of directors and bringing questions for discussion to the attention of the main forum. As new members join this forum the oldest members will drop out.

Captain Gordon Scott, managing secretary of the Chamber of Commerce, has been invited to address the Trades and Labor Council at tonight's meeting.

At the Forum meeting at 8 o'clock to-morrow night J. G. Thomson, Publicity Commissioner of the Victoria and Island Development Association, will give a report on his trip to the East. W. A. MacInnes, Civil Service Commissioner will explain to the forum the Government's pension plans.

## PLANS TO UNITE TWO JAPANESE ISLANDS BY RAIL

Work of Tunneling to Begin 1922 Progress of Survey

Tokyo, Japan, April 20.—The Department of Railways has practically completed the geological survey of the sea beds in the Shimonoseki Strait. It is going to frame a working plan of tunneling there with the intention of starting the actual works in 1922. The geological survey of the strait was started in the financial year 1919-1920 by effecting the boring of the sea beds at seven points. Later the depth of 100 to 120 feet has been reached and it is now ascertained that at most points the sea beds are of the same strata and that the tunneling work can be easily proceeded with, it is stated.

On the strength of this result, experts are now being commissioned to frame a working plan for tunneling while at the same time preparations will be pushed for actual works. According to a report from an official source, the preparatory work will be finished in the financial year 1921-22.

In the year 1922-23 the actual boring of the sea beds will be commenced to have an under sea line which will serve to connect the Kobe-Shimonoseki Railway Line with the Kyushu Railway terminus without the medium of the ferry service as at present. Pending the formulation of the working construction plan no particulars about the tunneling works can be obtained, but it is stated that boring will be effected at the depth of 150 feet from the sea beds. The war debt per head of the population of the United Kingdom is £157 5s.; of Germany, £128 6s.; of France, £114 4s., and of the United States, \$55 64.

## Drill Hall Handed Over; Liquor Board Busy But Still Without Own Home

Military officers to-day handed over the old Drill Hall and its connected buildings on Parliament Square to the Provincial Government, and fulfilled the agreement entered into by the Dominion Government when the Province bought the site for the new Bay Street Drill Hall, completed in 1914, in return for a deed to the old Drill Hall property. The Hon. J. H. King, Minister of Public Works, with John E. Griffiths, Deputy Minister, went over to the Drill Hall, and at 10 o'clock received the deed on behalf of the Province.

To Keep Down Expenses. Just what the Government will do with the Drill Hall has not yet been decided. It is now accepted as almost certain that some of the adjacent buildings will be used for offices for the Liquor Control Board, because of the decision of the Board to start out with the minimum of overhead expenses so that liquor prices will not be increased through the high cost of doing business. At present the Parliament Buildings are crowded. Even the members' committee rooms of the Legislature have been turned into departmental offices until the next session opens. There is a proposal being considered of making the Drill Hall the wholesale distributing centre for a large part of the liquor business of the Province.

The Board to-day got down to going over applications for jobs. Some 200 more applications arrived to-day. No total for the number of applications was given out to-day; but it was said that it was near the 3,000 mark. Wants Job As Bouncer. Most men now applying are now putting in credentials to prove that they are non-drinkers. One man sent in his application to the Board for the job of "bouncer." He explained that he was "99 pounds of athletic build" as his chief qualification, and intimated that he never touched a drop of liquor. James H. Falconer did not attend this morning's session of the Board, as he went to Vancouver yesterday to resign the office of President of the B. C. Manufacturers' Association. He returned to Victoria this afternoon. It is likely that some of the members of the Board will start out on trips to a number of British Columbia communities to make arrangements for the opening of the liquor business in them on a satisfactory and profitable basis.

Oil Drilling to Start in Peace River, Hon. Mr. Pattullo Announces

Buildings are now going up and lots being taken over in the new township of Oliver, in the Provincial Government's Osoyoos irrigated district in South Okanagan, according to the Hon. T. D. Pattullo, Minister of Lands, who has just returned from a visit to the area. He was accompanied by Comptroller Cleveland, of the Water Rights Department, and Major Clark, of the Soldier Settlement Branch. Hon. Mr. Pattullo said that 70 per cent of the bench lands in the 1,200 acres placed on the market this Spring have been sold. The 1,200 acres is only one-tenth of the total area of irrigated lands to be opened up. The Public Works Department has undertaken to construct a main highway through the area and through the township of Oliver. The Kettle Valley Railway is pushing ahead of its line to connect Penicton with the settlement area. Most of the settlers are now getting their ploughing done so that they will reap their first crop this Fall. In Penicton 186 new buildings have been erected during the last year. At Naramatta there is a drive of more than nine miles through orchards. On his return to Victoria Hon. Mr. Pattullo immediately completed arrangements with Lynch Brothers, of Vancouver and Seattle, to start drilling in the Peace River district, about twenty miles north of Hudson's Hope, on the advice of Professor John A. Dresner and Professor Edmund M. Spieker, the noted geologist who went and examined the district last Summer for oil.

# WHOLESALE WAREHOUSE SALE

After forty years in the Wholesale Dry Goods business, during which time he has established a reputation for honorable business principles, Mr. Lenz has decided, owing to the abnormal market conditions to place the entire contents of his warehouse under my supervision for disposal to the Victoria public.

This is a unique and tremendous opportunity. The very fact of this being a wholesale warehouse stock means that reductions on wholesale prices will result in a landslide of merchandise to the Victoria buying public.

Mr. Lenz's sense of honor insists that everything shall be above board, consequently as Mr. Lenz word is his bond, any article will be exchanged or money refunded on demand.

Do not confuse this sale with the usual faked stale tale of sales. The bargains will be so convincing, so compelling, so inducing that brass bands are not required to influence a favorable and lasting impression of this sale extraordinary. Yours respectfully FRED SPENCER

**Vancouver Man Has Suffered Terribly Since He Was 15 Years Old From Rheumatism—Tanlac Completely Restored Him**

"Although it was fifty-one years ago I remember just as well as if it was yesterday when the rheumatism first struck me," said George Finlay, well known carpenter living at 37 13th Ave. W., Vancouver. "I was a fifteen-year-old boy going along a country road and the pain in my leg was so bad that I had to sit down in a fence corner for a couple of hours before I could go on.

"In spite of the fact that I spent most of my earnings for medicine and treatment, I kept getting worse all the time, and I was finally told that there was no help for me. The pains hammered away at my legs until they hurt me worse than jump-

ing toothache, and my hands and wrists got so stiff and sore I couldn't hold a hammer. Every bone and muscle in my body seemed to ache at the same time, and I would have to lie about the house for days at a time in such pain and misery that I could scarcely sleep a wink. I was terribly discouraged, and thought I would never get well.

"Tanlac is the only thing that I found in all these years that has helped me any, and six bottles of this medicine has relieved me so completely of the rheumatism that I never have an ache since. I have a good strength and energy that I can do as good a day's work as anybody. I am feeling just fine in every way, but I am going to continue taking Tanlac a while longer to make sure of my wonderful health. Tanlac has been the greatest blessing of my life, and I know any number of others who are taking the medicine with splendid results after seeing what it has done for me."

**RETURNED MEN APPEAL TO DUKE ABOUT HOSPITAL**

But Governor-General Explains He Has No Power  
**250 BOY SCOUTS PARADE FOR INSPECTION**

The Duke of Devonshire, Governor-General of Canada, and Government House yesterday reminded returned soldiers of his constitutional position of being able to take no action in the government of Canada, when they appealed to him in their fight against having all the S. C. R. departments, including the hospital, removed from Vancouver Island, leaving no institution for the care of disabled soldiers here.

Fifteen representatives of the Red Cross and ex-service organizations appeared before the Duke with a petition setting out their protest. They called the action of the Dominion Government an injustice that should be righted. Capt. Gordon Grant, of the Pacific Coast Officers' Association, led the delegation. Mrs. Harold Fleming attended as chairman of the Victoria branch of the Red Cross.

No Holding Back in 1914.  
R. Macnicol, President of the Veterans of France, declared that it was unjust to force men to rely upon civil hospitals for treatment of war disabilities. He pointed out that there are two military hospitals in Nova Scotia and because of that there is no reason why British Columbia should not continue to have two. He said that the Government in wishing to cut down expenses should remember that in 1914 there was no hesitation in coming forward on the part of men who are now crippled, but who then did not hold back in their duty because of the prospects of financial loss.

James Axon, of the G. W. V. A., said that many men had come here on the advice of the S. C. R. for treatment and are now being forced to shift their homes.

Difficult For Amputation Men.  
Gus Lyons, of the Amputation Club, told how this move of the S. C. R. only precedes other similar moves, such as moving the orthopedic shops from this city. Mr. Lyons explained that he has to make four or five visits a month to the orthopedic shop to get his leg repaired and that other amputees are in the same predicament. The shop is taken away from here amputation men will have to journey to Vancouver to get adjustments and repairs.

Seymour Rowlinson, of the Army and Navy Veterans; E. A. Kidner, of the Veterans of France; and J. B. Clearburn, M.P.P., also spoke.  
W. C. Winkel, of the British Cam-paigners, explained to the Duke that the Esquimalt Hospital now closed accommodated 150 men and had been full most of the time. He told how the city had offered a free site at Elk Lake for the hospital for disabled men on the island.  
The Governor-General said that when he returns to Ottawa he will present the petition to the Government, but that he himself can make no statements or promises.

Scouts Inspected.  
Late in the afternoon the Governor-General inspected ten troops and ten packs, 250 altogether, of Boy Scouts under Scout Commissioner Scarrett. The Scouts stood at attention on the lines and complimented the Scoutmasters on their war decorations. The Scouts gave their formal march past, and salute. R. Ross Sutherland and H. J. S. Muskett accompanied the Governor-General.

The Duke spoke to the boys on the advantages of being a scout and as a Scoutmaster he regretted the early termination of his connection with the movement here as he is leaving Canada. He said he would recommend to his successor that no statement given the Scouts could be too lavish.

Chicken Dinner—Some real cream, fresh country butter, and everything will be served at the "chicken dinner" to be given by the ladies of the Women's Institutes at the Y. W. C. A. "Fair of Nations" in the new Drill Hall to-night. There will be a great scramble for seats. Fathers and mothers and all the small fry will be there. All sorts of tooth-ome delicacies will be there too, but they won't be there long.

**To Be Troubled With CONSTIPATION THE CAUSE OF MANY ILLS**

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. E. Harris, Box 984, Halifax, N. S., writes: "For two years I suffered with constipation. I could not find anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**IS CONGRATULATED ON APPOINTMENT**

Lieut.-Col. Winsby Speaks of Liqueur Board Positions; For Returned Men

Hearty congratulations on his appointment to the Liqueur Board were extended by the G. W. V. A. last night to Lieut.-Colonel Winsby, who is also president of the association. In his reply to the members Colonel Winsby assured the association that everything being equal, returned men would be given the preference in appointments necessary to carry on the work of the organization.

On behalf of St. George's Society, the secretary of that organization extended a hearty welcome to the G. W. V. A. to attend a patriotic service to be held after the regular Sunday evening service at the Metropolitan Methodist Church in commemoration of the battle of Ypres. Patriotic addresses will be given, and special music provided, and a collection will be taken to go toward the G. W. V. A. Relief Fund.

Comrade Axon reported on his attendance at the Board meeting of the Royal Jubilee Hospital, where he had succeeded in getting the Chinese cooks replaced with a number of white cooks who will assume their duties at the end of this month.

The \$100,000 worth of fixtures and equipment sent out by the Government for use at the Esquimalt Hospital occasioned some discussion as to its disposition, and the following resolution was passed: "That the members of the G. W. V. A. and the citizens of Victoria demand the retention in this city for the use of the disabled veterans here of all appliances and equipment recently in use in Esquimalt Hospital. We want this equipment held in trust by the Jubilee Hospital until a permanent hospital, and home for disabled returned men is established on Vancouver Island. The association asks for the elimination of red tape, and that it should not be allowed to stand in the way of humane treatment of such an important question."

Dr. Tomlin was telegraphed the resolution and copies sent to all ex-service and public organizations, including the City Council and Esquimalt Council.

The editorial criticism appearing in Sunday's edition regarding the statement of Dominion Secretary MacNeill affecting the present unemployment and labor situation, caused annoyance to members of the association. It was pointed out that Comrade MacNeill got his information from Government authorities and from the Provincial Commands of the G. W. V. A. before making his statement regarding the matter, and the contribution of the Government should first get his information from reliable sources was, therefore, considered a serious error.

The G. W. V. A. will hold a smoker on Saturday night, April 23, in honor of the anniversary of the Battle of Ypres.

A comprehensive survey of the needs for which the Salvation Army is asking contributions in Self-Denial Week, April 26 to May 7, is to be found in the letter of General W. Brantwell Booth, international chief of the Army, in an open letter received to-day.

General Booth's letter follows: "I have recently had opportunity of observing the operations of the Salvation Army in four of the five continents. Several vivid impressions remain with me.

"1. The Army is advancing in the confidence of all classes, and increasing in its ability to serve the friendless and needy.

"2. Our officers, by reason of their splendid toil and sacrifice, are being more and more widely recognized as true servants of all for Christ's sake.

"3. The high purposes of the Army's work are being effected not only in permanently changed lives—but in the raising up of men and women to carry far and wide our evangel of hope salvation.

"4. More young men and women than ever before are coming forward to be trained in Salvation Army service—for God and man.

"5. Insistent calls for the extension of our efforts, both at home and

**SHAKESPEARE PLAYS**  
London, April 20.—The London County Council Education Committee is hemmed in between two legal clauses in regard to the performances of Shakespeare's plays for school children. The Council failed to maintain financial control, and that the payment was extravagant and illegal as well. The Council can appeal to the Ministry of Health, expending through a teachers' committee on the performances. In his certificate, the auditor alleged that there was no authority to incur such expenditure, and that by placing the money at the disposal of the committee of teachers, the Council failed to maintain financial control, and that the payment was extravagant and illegal as well. The Council can appeal to the Ministry of Health.
