200 Sinn Feiners in Ulster Put in Internment Camps

Decision of Belfast Government to Take Vigorous Action Following Disorders Leads to Greatest Raid In Recent History of Ireland.

Belfast, May 23.—The greatest raid in the recent history of Ireland was carried out early to day when swarms of police swept through Ulster and rounded up 200 Sinn Feiners, the majority of them officers of the "Irish Republican Army."

The Northern Government's action was taken, it was stated, in an effort to suppress not only the "Irish Republican Army" and the "Irish Republican Brotherhood," but all other Sinn Fein organizations in the six-county area.

The Government's move follows swiftly upon "Irish Republi

can Army" raids and burnings of buildings in the counties of Down and Antrim and the intensified hostilities in Palfast recently, ilminating in the murder yesterday of W. J. Twaddell, a member of the Ulster Parliament.

of the Ulster Parliament.

Nearly every town and village in Ulster was visited, but the most of the prisoners were taken in the country districts, from farm houses. Comparatively few captures were made in Belfast, as most of the men of the "Irish Republican Army" living in the Sinn Fein districts of Belfast, anticipating action by the police as a result of the Twaddell assassination, had gone "on the run."

The captures include some of the most prominent Sinn Feiners in the Ulster area.

Stern Measures.

Belfast, May 23.—The Ulster Government is taking immediate, stringent steps to suppress in Northern Ireland the "Irish Republican Army," "Irish Republican Brotherhood," Irish Volunteers and the Sinn Fein Girl Guides and Boy Scouts, The members of these organizations, it is announced, are liable to arrest and recognitions.

As part of the comprehensive scheme embracing all of Ulster, the special police were very active in Fermanagh during the night and early morning, arresting every Sinn Feiner known to be an officer or to have executive authority in the ranks of the "Irish republican army." Only about sixty officers of "the Irish Republican Army" were captured in Fermanagh, but it is learned the authorities are making a fairly clean sweep of the men who exercise influence and control in the ranks of the army in that part of Ulster.

Among those arrested in Enniskillen were Capal Healey, a member of the Fermanagh County Council and well known leader of the Sinn Fein party in that district; W. J. Nethercut, a member of the Enniskillen Urban Council, and Thomas Corrigan, accountant for the Fermanagh County Council.

While the raids were proceeding tenders were busy conveying the special police and their prisoners from the outlying districts.

Building activity in the down-town part of Victoria which will be stimulated by the reconstruction of the Arcade Building, will be further accelerated by the construction of the two-story office building on the vacant corner on Fort and Government Streets.

The building will cover the part of the block which has been vacan since the destruction by fire of the block which has been vecan since the destruction by fire of the three-story Five Sisters buildings, about fifteen years ago. Recently it has been used as a taxi stand.

The property was bought by the Canadian National Railways as a site for their Victoria offices. Proposals to build there has been made on several occasions, Now plans for the work are in the hands of a local architect and contractor.

Alderman Harvey Appeals for **Store Decorations**

All Ready for To-morrow's

Alderman R. W. Perry, who will crown the May Queen at to-morrow's Victoria Day celebration in Beacon Hill Park will plant a kiss on the lady's brow, Mayor Marchant announced to-day. The Mayor last night instructed Alderman Perry in his duties, telling him that he must deliver a "snappy" address, place the crown on the May Queen, and kiss her.

The request for permission to prosecute the stores which opened Sunday was signed by the Mayor blimself and not by the Chief of Police as in former cases. The Mayor's letter to the Attorney-General enclosed a list of the fifty-nine establishments which the Police Board wishes to prosecute.

The Sunday closing question now is settled as far as the Police Commission is concerned, it was made clear to-day. The Commission feels that the issue is now up to the Attorney-General and is for him to decide one way or the other.

Mr. Manson replied. "All my sympathies and prejudices are in favor of soldiers' organizations. He would be a poor man who is not that way.

"As far as the sale of beer goes, that is another thing."

He went on to point out that some clubs have been selling beer, and it was reported that some of them had been even selling whisky. He pointed out that the matter had been up in the Legislature and the House decided that there should be no sale of beer by any other than a Government vendor.

EMPIRE DAY MOVEMENT.

Empire Day was officially recognized by the British Government at home in 1916. India having, in this year, practically obtained the status of a self-governing Dominion, its Government is stated in the Press to have determined officially to recognize throughout that great Continent the observance of Empire Day on May 24. For many years "Empire Day' has been a statutory holiday in the self-governing Dominions. The work I set myself to accomplish in 1899 in the interests of Imperial unity may now be said to be completed. The moment is, therefore, propitious for my retirement from all active participation in the work, though as long as health is vouchsafed me I shall do what little I can to make the movement even more successful than at present.—Lord Meath, Founder of the Movement, in a letter to The London Times.

Fielding Explains Federal Taxation Readjustment Plans

Commons Asked to Reduce Duties on Farm Implements and Certain Other Duties; Tax on Bank Circulation and Confectionery; British Preference to Be Increased In Some Respects.

Ottawa, May 23.—(Canadian Press)—Opening his budget speech in the House of Commons this afternoon, Hon. W. S. Fielding, the Minister of Finance, laid stress on the inadequacy of the present tax system and indicated the probability of increases. He foreshadowed the floating of further loans. There would be a domestic loan-if market conditions were favorable. The British preference would be increased in some respects.

Mr. Fielding announced that Canada had offered Australia preferential rates in return for the preference now given to Great Britain by Australia. No answer had yet been received.

Every change made in tariff, except one, would be a reduction, Regarding reciprocity with the of the other fellow, but they could all United States, Mr. Fielding said the produce some particular reason why Government would await developments at Washington. It would not reduce the tariff on American goods except in a few cases.

APPLAUSE FOR

FINANCE MINISTER

Hon. W. S. Fielding was greeted with prolonged applause as he entered the chamber at 3.30 p. m.

In opening his speech he referred to the fact that it was eleven years since he had last made a budget speech. During these years a great change had taken place in the firancial situation. Some times he feared that the full nature of this change was not understood by the people as a whole. He referred to the great growth in Canada's national debt and in her pension obligation. The country was now facing enormous obligations which were understood in but a more or less hazy way by the man in the street. The average person has an idea that things were rather serious, but had not grasped the extent of the change.

Larger Appropriations

In provincial, municipal and local bodies there vere constantly increasing appropriations for work to be conc. These municipal bodies frequently demanded works to be carried out by the Federal Government and sent petitions and delegations to Ottawa by the carload to limpress upon the Government the need of helping their particular plan.

They all admitted that there was a great need for economy on the part

Taxation proposals in to-day's budget include reductions on agricultural implements. This applies to imports from the United States.

Mr. Fielding announced that the Marking Act was not desirable, but might be applied in special cases.

There would be a law requiring "fair price" under the Customs Act to be equal to the cost here plus a fair profit to be repealed.

Requirement that foreign currencies should not be valued at less than 50 per cent. of par would be abolished, as also the requirement of certificate of invoice.

The duty on alcohol would be reduced to \$2.40 per gallon to druggists.

In 1920-21, he said, there had been a so-called surplus of \$73.268, 391. Old members would recall the discussions on the manner in which surpluses had been reached. Sometimes when a surplus was established, it was found that the country actually had no surplus. The ordinary expenditure against the revenue were higher then to say there was a surplus. For 1921-22, the accounts were not yet closed. Income and business profits showed an increase of \$14.176.700, but there was a decrease of \$570,000,000 in collections from customs.

DEAN SPEAKS ON ENGLISH LANGUAGE

Addresses Kiwanis Club on Proper Use of Words

Dean Quainton, who for some time

Dean Quainton, who for some time has been carrying on an agitation here for the better use of the English language, told the Kiwanis Club to-day how to talk and write properly. He sharply assailed politicians and the Press for the most hideous literary sins, and asserted that the newspapers existed to supply the world with fun and fiction.

The Dean told of classical writers who often searched for a day for the right word to use in a certain sentence and then demanded if public men of the present generation showed such care in the choice of their speech. "The English of some of our politicians, to put it midly is rather surprising," he remarked. "Precision seems to be at a discount in public life its far as language is concerned. The greatest care is lavished on the dress of the body but little on the dress of the body but little on the dress of the body is short. You may consider me a fanatical purist but I reply that exact thought involves exact language."

The Dean quoted-mait a dozen sentences from newspapers to show that they existed only to convey fiction and fun. Having left the press of the world without a literary leg to stand upon, the Dean proceeded to treat the Kiwanians to what he admitted was a lesson on grammar and composition. He told of the various figures of speech and the many literary faults that are found in medern journalism and public speaking.

"There is a time for everything," he concluded. "There is a time for

medern journalism and public speaking."
There is a time for everything."
he concluded. "There is a time for the bathing suit and for the dress suit. There is a time for us to be free in our language—a time for slang if you will—and also there is a time for serious and dignified English."

OBITUARY RECORD

There passed away at the Royal Jubilee Hospital yesterday morning Mrs. Ann Maria Earl, beloved wife of William Joseph Earl, aged sixty-seven years. Born in Staffordshire, England, she had been a resident of this city for the past thirty-one years, lately residing at 1271 Denman Street. She is survived by her husband, seven sons and four daughters. The funeral will take place on Thursday, May 25, at 2 o'clock, at the Sands Puneral Chapel. Interment will be made at Ross Bay Cemetery.

The death occurred yesterday morning at the residence, 474 Superior Street, of Violetta May, only daughter of Mr. and Mrs. Frederick Clemo, after an illness of some weeks. She was born at Butte, Montana, eighteen years ago, and had spent most of her life in this city. She was attending the Victoria High School and her untimely death came as a great shock to her family and school friends. Besides her parents, three brothers survive, Thomas, in Seattle, and Fred James and William H., of this city. The remains are reposing at the B. C. Funeral Chapel, where Dr. T. W. Butler will conduct the funeral service

SUTHERLAND, JUDGE

Liberal Speaker of Commons for Four Years

Toronto, May 23.—Hon. Robert Franklin Sutherland, a judge of the Supreme Court of Ontario, died at the General Hospital here this afternoon. Mr. Justice Sutherland had been ill for some weeks with a complication of diseases.

He was born in Newmarket, Ontario, in April, 1859. For nine years he was Liberal member of the House of Commons for North Essex, having been first elected in 1909.

He was speaker of the House of Commons from January, 1905. till his resignation to accept appointment to the Supreme Court of Ontario in 1909. In the House he was held in high esteem, his rulings as speaker earning for him a reputation for impartiality and courtesy.

He was given the honor of appointment to the Privy Council in 1909.

treated as good assets; but now it was necessary to distinguish between active and non-active. The change had been made by Sir Henry Drayton and Mr. Fielding considered it a proper one. When the active assets were set off against the gross debt, it gave a very good idea of the position of the country. Treating the new railway expenditures as loans was creating a situation which must give criticis ground to find rault. If it was necessary to provide for the ordinary expenditure of the railways and the difference the receipts and expenditures and large sums for interest, it would be open to say with some justice, that the railways were no longer a special account but a part of the ordinary expenditures of the country. (Concluded from page 1)

INDICATIONS NOW OF IMPROVEMENT

The year which Mr. Fielding covered in his budget has been one of decline in trade and in the revenues of the country, but there are signs that a turn of the tide has come. The total trade figures of the fiscal year which closed on March 31 last, the year of which the Finance Minister gave an account, showed a big falling off from those of the year, before, but the figures for March ware larger than for those of any other month in the whole fiscal year. The revenue figures for the year were also much below those of the year previous, but again March, the last month of the year, was marked by an increase in income.

Surplus. The financial statement for the year closed in March shows a considerable surplus of ordinary revenue as announced is \$371,000,000, as compared with ordinary expenditures of \$324,000,000. This gives a surplus on consolidated account of some \$47,000,000. For the year previous there was an even larger surplus, the revenue being \$451,000,000 as against expenditures of \$357,000,000.

The largest single item in the revenue of 1921-22 was derived as usual from the customs, which showed \$104,000,000, as compared with \$162,-000,000 in the year before. lncome Tax.

Second place in the last year was held by the income tax, which replaced the sales tax and other special war inland revenue in rank of importance. The revenue from the income tax for 1921-22 was \$78,000,000, as compared with only \$38,000,000 the year previous; while the sales and related taxes sank from \$76,000,000 to \$72,000,000.

CANADA'S NET DEBT INCREASED

In spite of the favorable showing on consolidated account, however, there was an increase of \$73,000,000 in the net debt of Canada. On March 31 last the net debt of Canada stood at \$2,384,996,391, as compared with \$2,311,284,443 at the end of the fiscal year previous. Curiously enough, the gross debt of the country did not rise during the year, but on the other hand showed a falling off of approximately \$87,000,000. The explanation of this condition is that there was a large decrease in the assets of Canada, especially in advances to banks, at the same time there was an increase in the list of assets which are regarded as "non-active." Among these latter are the loans which have been made to railways in recent years.

An encouraging development which the Finance Minister has to report is the rise in the gold basis of Dominion notes in circulation during the year past. At the end of March, 1921, the percentage of gold to Canada's note circulation was only 28.6, but at the end of March last it had risen to 33.4. When the note circulation of the banks was combined with the Government notes, thus including the whole note circulation of the country, the gold reserves were on March 31, 1921, 43.9 of the circulation, while on the corresponding date this year they had risen to 47.2 per cent.

EXPORTS GREATER THAN IMPORTS

TO RUPERT INTERESTS

Canada's external trade during the year recently closed fell off very heavily. For the year 1920-21 the total trade was \$2,450,588,000, while for 1921-22 it sank to \$1,501,731,000. The decline affected imports somewhat more seriously than exports, and the result was that for the year ended with March last there was an excess of exports over imports, which condition is usually referred to as a condition is usually referred to as a favorable balance of trade. For the year 1920-21 the imports were \$1,240-158,000, and for 1921-22 the imports were only \$747,804,000; while for the corresponding periods the exports were \$1,210,428,000 and \$753,927,000 respectively.

DOLLAR GROWS STRONGER ABROAD

There is a note of distinct optimism in another financial alteration which has taken place in the year under review. This is in the exchange rate as between Canada and the United States. At the end of March, 1921, New York funds were at a premium of nearly thirteen cents. To-day the premium is ranging about a cent and a half.

To-day the premium is ranging about a cent and a half.

A Problem.

Turning to the year that is now current, that is 1922-23, though the exchange and trade situation are showing an improvement, Mr. Fleiding has a difficult problem in making ends meet in national finance. The main estimates aiready down are for \$466,000,000, while the revenue for the last fiscal year was only \$371,000,000. This indicates a deficit of about \$95,000,000, but in addition there is likely to be a big decline in income tax and in business profits tax this year as compared with last. The decline in business profits tax is to be expected because that tax expired at the end of 1920, while last

C. HOPE

Indication has been given already that part of the money to fill this gap will be secured by loans. Aiready \$100,000,000 has been raised in this way in New York. In addition a domestic loan is expected in the Fall to meet the Victory Loan of \$184,000,000 and a sehool land loan of \$22,000,000 more, which are due this year. Mr. Fielding has also a special source of revenue in the monthly payments which are being made by the British Government in settlement of the balance of \$130,000,000 due to Canada on the war accounts between the two countries.

URGES RAILWAY BOARD DECIDE

Head of National Lines Gives Views on Freight Rates

Ottawa, May 23.—In his evidence before the Commons Committee on Transportation Coets yesterday, D. B. Hanna, president of the Canadan National Releases that the coming into the Canada of the Canada in the Common of the Canada in the Common of the Canada in the common of the Canada in the whole rate structure in Canada and would result in an estimated deficit on the system of \$26,46,991, or an increase of \$10,000,000 over that of last year. Those figures did not include the Grand Trunk, but they included the Grand Trunk pacific.

Mr. Hanna pointed out that if Parliament did not take action, but allowed the Crow's Nest agreement to come into full effect, rates would return to the scale of 1898. On this point he was strongly corroborated by C. A. Hayes, of the Canadian National, who said that no traffic manager in Canada could pretend to say what the rate under such conditions would be. As an example of this his structure to the scale of 1898. On this point he was strongly corroborated by C. A. On Commodities.

Mr. Hanna suggested a reduction of 16 per cent. on lumber, as against Mr. Gents per cent. Mr. Hanna said that while there had been important conductions in Canada from the 1820 rates, still there had been important provided from t and though he did not name these, still he gave the impression that his views on this matter were similar to those expressed by President Beatty of the C. P. R. He suggested a reduction of 16 per cent. on lumber, as against Mr. Beatty's 11.7 per cent. on lumber, as against Mr. Beatty's 11.7 per cent. Mr. Hanna said that while there had been important reductions in Canada from the 1320 rates, still there had been practically no reductions in the United States, so that rates were really lower in Canada. He did not think that reductions in rates such as those provided for in the Crow's Nest scale would' improve all class rates to British Columbia to the extent that some people thought, and political out that in so far as grain subments were concerned, the size determined the volum. Mr. Hanna said that as the present not grant such relief as searned just and warranted to all concerned.

VOTE FOR OUEBEC ARSENAL REDUCED

Commons, on Government's Advice, Makes Cut

Amount Made \$375,000 Instead of \$425,000

Ottawa, May 23.—Some lively tilting marked discussion in the Commons last night of a vote of \$425,000 for the Quebec Arsenal. Previously the House had adopted a vote of \$25,000 for the Lindsay Arsenal. Hon. G. P. Graham, Minister of Defence remarked that the Government would be willing to dispose of the arsenal if a fair price could be obtained for it and conditions remained unchanged.

Hon. Ernest Lapointe, for the Government, moved a reduction of \$50,000 in the vote for the Quebec Arsenal, bringing the item down to \$35,000.

T. G. McBride, Progressive, Cariboo, followed with a motion to reduce it by \$110,000.

Mr. Graham contended that by doing away with one arsenal and cutting \$50,000 off the vote for the other, the Government was doing very well in the way of reductions. "One shot from an enemy cruiser would send the Quebec Arsenal to destruction," remarked Hon. Hugh Guthrie, former Minister of Militia. Hon. R. J. Manion remarked that Canada had a navy without ships, and an army without training, and now wanted shells without guns.

Information Obtained.

Mr. Graham said the reduction of

now wanted shells without guns.

Information Obtained.

Mr. Graham said the reduction of \$50,000 had not been moved without consultation with competent officials.

Hon. J. B. M. Baxter asked why the Minister should reduce his estimates. Was it a real bona fide reduction or "cheap, political stage play the result of a morganatic alliance."

J. L. Brown, Progressive, Lisgar, objected to the words, "morganatic alliance." and was called to order.

Mr. Meighen said in that point of danger from war activities, the Lindsay Arsenal was clearly placed as the one to be used.

"Is this the first time you have spoken?" queried Mr. Duff.

"We might import movies, if this is going to be an entertainment association." Mr. Meighen retorted.

"We don't need them when you're here," said Mr. Duff.

The amendment to reduce the vote by \$110,000 was lost without division and the original amendment, proposed by Mr. Lapointe to reduce it by \$50,000, carried. The item as amended was approved.

"Although, according to the last report from the World's Committee, Canada stands fourth in membership among the 26 countries carrying on association activities, numbers are really no clue to the breadth of our influence," said Mrs. Rowell. "Board and committee members and Secretaries, both national and local, have given much time to strengthening the work of the Girls' Work Board, to organizing and assisting clubs where no association membership is asked, and in helping large humbers, through immigration and travellers' aid,

Nearly two thousand men and women heard her address delivered at a dinner in her honor.

Local Apathy.

Selecting "political education" as her topic, Lady Astor said that while America constantly had suffered from politicians and political crooks, we have managed that no party has ever dared nominate or bring forward any man but an honest man spreadent."

She remarked that people were apt to feel indifferent about local politics, that "so long has the taxes don't go to high and the local 'bosses' don't get too rich, we shrug our shoulders and go on."

Moral Persuasion.

"I see Mr. Hoover is going to bring pressure on the mine owners not to let profiteering go on during the coal strike," she said. "They say he is going to use moral persuasion. That's just what I feel would have helped at Genoa, and I hope will help at The Hague.

"I'm not concerned to say whether the United States should join the League of Nations as its exists; this is a question of comparative detail, but I am convinced that Americas and the must appeal to hink that they will clear and kind-thinking Americans if they want to do so. I believe they do. They need not fear to enter a League of Peace, but had better fear not entering if they desire peace.

Nee managed that while Americans if they want to do so. I believe they do. They need not fear to enter a League of Peace, but had better fear not entering if they desire peace. Arranged on several large tables were the exhibits of the administration department, showing the several card index systems used; the forms used to keep track of absentees; a complete outfit showing how the quarterly written reviews are carried out; copies of the many entertainments given both within the church and also to various Homes and Orphanges in the city; samples of text books, quarterlies and papers used by various departments; files of the Weekly Bulletin and The Screech; copies of the last three yearly programmes of the Mother and Daughter and the Father and Son Banquets, and many other exhibits of considerable interest. Another display was a library of about 150 books, everyone of which dealt with the science of Religious Education. It was apparently quite a new thought to many people that so many books were on the market dealing with that subject alone. The Cradle Roll showed their recently completed roll, beautifully siluminated, the work of two

As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamine which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamines, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass luke warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

"No. I'm going to walk—I want to walk. Look here! What about this Mr. Russell? I forgot all about him. What about him?"

"Well, what about him?"

"Well, what about him, papa." she gasked, calmly enough.

"You don't think he'd be the—the cheap kind it'd make a difference with of course."

"Oh. no: he isn't cheap. The difference," she explained, "was made without his hearing anything about Walter. Fil tell you some time. You eat your eggs and toast; you can't keep going on just coffee."

"No," he said, irritably. "I don't want any dang food! And I don't want any dang faxi, either! You look after your mother when she wakes up. I got to be at work!"

He went through the quiet mornling streets at a sickety, rapid gait, whispering angrily to himself as he went. He stumbled heavily as he crossed the baked mud of his broad lot.

The glue-works foreman stood in the doorway of the brick shed. "Well they ain't no particular use gettin' so upset over it," he said, as Adams came up. "When a thing's so, why, it's so. All you can do about it is think if there's anything you can do; and that's what you better be doin' with this case."

"What—case?" he said, with difficulty.

"Why!" the foreman exclaimed.
"Look! Look yonder!"

Adams turned and saw a great sign upon the facade of the big factory building across the street.

"AFTER THE FIFTEENTH OF NEXT MONTH THIS BUILDING WILL BE OCCUPIED BY THE J. A. LAMB LIQUID GLUE CO. INC."

A gray touring-car had just come to rest before the principal entrance of the building, and J. A. Lamb himself descended from it. He saw his old clerk, and immediately walked across the street and the lot to speak to him.

"Well, Adams." he said, in his husky, cheerful voice, "how's your glue-works?"

Adams found a haif-choked voice somewhere in his throat. "Do you-would you step into my affice a minute, Mr. Lamb?"

"Why, certainly Pm. "willing to have a little talk with you," the old gentleman said.

Adams threw open the door of the rough room he called his office.

asked Mr. Fox hurriedly looking about.

"It is at the back but there is a look on it. Mr. Man is so fond of me and prizes me so highly that he locks the door at night," said Billy. "It think you might be able to dig a place large enough for me to push the chicken through if you work fast.

"If you go around to the back of this place Mr. Dog wont see you for his house is near the poultry house. He would never think of coming over here unless he heard a noise."

Mr. Fox ran to the back of Billy Rabbit's prison and then he seemed to have a sudden thought." "Are you sure you have a chicken?" he asked. "Let me see it."

"Oh, I can't drag it out, it is too hard work," replied Billy. "That is the reason I want you to dig at the back of this box so I can easily push it out to you. I worked hard enough to push it in the corner."

cow, Ltd., Esquimalt, tendered on the contract for the installation of a hammer head electrically operated travelling crane at the Old Esquimalt Drydock was stated to-day by Norman A. Yarrow, head of that firm. The actual contract went to the Coby Steel and Engineering Firm at Vancouver for a figure understood to be in the neighborhood of some \$40,000, as stated in yesterday's issue. The bid from the local tenderer, states Mr. Yarrow, was \$44,000 flat. "It will be a great asset to the dock to have a piece of equipment of that description," stated Mr. Yarrow to-day, "I am sorry, of course, that we did not get the work, but very pleased to bear that the crane is to be in-stalled. It will mean a freat improvement in facilities here." At least one American firm is known to have tendered, in addition to other bids. The crane to be inment published in these columns eshay J. P. Forde, resident engineer for the Dominion Department of Public Works, will have a reach of 55 feet from the deck side, and will, it is said, be capable of lifting a minimum of five tons at that extreme reach.

The installation of the crane, it is understood, will proceed very shortly, and as far as possible the successful tenderer has undertaken to make use of local labor and materials.

MARINE NOTES

Bound for Vancouver the Selma City is expected to pass up to-day, from Columbia River to load, according to advices received by the B. C. Pilotage Association. Positions for other vessels were approximated as follows: Empress of Japan, arriving Wednesday night, to dock early on Thursday meraling. El Lobe to pass up for Vancouver with oil from Peru on Wednesday: Protesilaus to dock Thursday afternoon or evening, from Orient; Takiwa Maru, Orient for Vancouver to pass up on Thursday.

The next steamer of the Royal Mall Steam Packet Company to come here will be the Cardiganshire, which is expected in port from the United Kingdom and other continental ports on or about June 2. No advice as to her cargo has yes—been received by the local office of the company.

RUTH ALEXANDER UP.

Inbound from the South the Ruth Alexander of the Admiral Line made port last night at a late hour, with an excellent passenger list and some small freights. Perishable produce formed the bulk for local discharge. The liner met heavy northerly winds on the last leg of her journey off the Cape, and had dropped some hours before she came alongside at the piers. Nothing untoward octoward occurred during the run. The liner was held by W. M. Allen, local agents, until 6 a. m. this morning for the convenience of passengers.

The Ruth will get away for the South egain on Friday, standard time.

SS. ANDREA STRUCK BY H. F. ALEXANDER IN NIGHT COLLISION

SS. Andrea Filled and Commenced to Sink; Was Beached

Washington, May 23.—The Italian steamer Andrea, of 2,234 tons regis-ter, was in a collision off the Phila-

steamer Andrea, of 2,234 tons register, was in a collision off the Philadelphia Nayy Yard last night and was sunk. No lives were lost.

The Andrea was struck by the H. F. Alexander opposite Fort Mifflin, Pa. The blow was so serious that the Andrea started to sink. She was headed into shallow water on the New Jersey side, where she anohored. The H. F. Alexander was leaving Philadelphia for San Francisco, Seattle and Victoria, to enter the coastwise service of the Admiral Line, by whom she was recently bought from the U. S. Government. The versel had just been refitted at a cost of \$500,000.

Bad luck seems to haunt the one-time Hill liners. The Northern Pacific, first of the twain to be purchased by the Admiral Line, was burnt and destroyed at sea some months ago, through. The H. F. Alexander, once known as the Great Northern, and sister ship to the lost vessel, was acquired in her place. Now she figures in a collision as she departs from Philadelphia on her first voyage for her new owners.

MARINE INTELLIGENCE

Seattle, May 23.— Arrangements were completed here yesterday between the Northern Pacific Railway Company and the Luckenbach Steamslip Company by which the vessels of the Luckenbach Company, beginning about June 20, will berth at the Northern Pacific pier 1, at the foot of Yesler Way here. It was announced that extensive alterations will be made on the piler.

Announcement was made here yesterday by representatives of the Pacific Steamship Company that the steamer Cold Harbor of the Nawsco Line is due in Seattle next Wednesday with 2,200 tons of steel. It will be transshipped here for the Far East on the liner President McKinley. The steamship Astronomer, of the Harrison Direct Line, arrived here yesterday with a general cargo.

Announcement was made here yesterday by the Royal Mail Steam Packet Company that the freighter Cardiganshire would be in the last of the week from London, Hamburg and Rotterdam. She will have 1,200 tons of general cargo and will load 3,000 tons outward in Seattle, Vancouver, B.C., and Portland.

Arrangements are bing made here for a public reception for the liner H. F. Alexander, which will arrive in Seattle on her first voyage in the coastwise trade early in July. She is scheduled to sail from New York next Saturday.

New York, May 23.—Martin J. Gillen, former trustee of the Emergency Fleet Corporation, who was indicted with Charles W. Morse & Sons, the shipbuliders, for using the mails to defraud investors, to-day made public a letter he said he had sent to President Harding, Attorney-General Daugherty and sixteen members of the senate Judiciary committee, attacking Elmer Schlsinger, general counsel to the shipping board in charge of the Morse matters and his special assistant. Fletcher Dobyns, He declared they used the sacred and powerful machinery of the department of Justice and the federal Jury to indict an innocent man who withholding from the grand Jury all of the pertinent facts, eleven distinguished material witnesses and important public documents.

Delightful Resort to Be Cre-ated in Fairfield District on City-owned Land

Preliminary Work This Year, and Big Improvement in 1923 Planned

Only work of a preliminary nature will be done this year on the new park set aside in the Fairfield district by the City Council last night

park set aside in the Fairfield district by the City Council last night to commemorate the work of the late Mayor R. J. Porter, it was announced at the City Hall to-day.

The new park will consist of twenty-three lots in the block bounded by Woodlands Road, Walton Street, Fairfield Road and the Sir James Douglas School grounds. During the last few days the Civic Reverted Lands Committee discovered that the City owned all this property, having taken most of it over at tax sales. The committee promptly suggested that this area should be converted into a park for the people of the Fairfield district, which does not enjoy park privileges now. The City wishes to secure a small piece of land adjoining the new park area, and now in private hands. Unless this land can be secured for a reasonable price, however, the City will not purchase it. The Reverted Lands Committee is endeavoring to arrange a transfer with the owners of the desired land.

The park area, while rocky in parts will be converted in the course of a few years into a beautiful resort, under the City's present plans. The first work will be the clearing away of underbrush, which at present covers much of the land. As no appropriation for improving the area is included in this year's City budget it will only be possible to do preliminary work. Next year, however, a substantial sum for improving the park will be included in the annual estimates.

The Reverted Lands Committee The Reverted Lands Committee proposed that the park should be known simply as Porter Park but, at Mayor Marchant's suggestion this was changed to Robert J. Porter Park, "This trips more lightly on the tongue," the Mayor declared, "We should make the name as euphonious as possible," he urged.

In the junior contest Royal Oak took the lead in the first half and retained it throughout the game. The scores for the first period were 10-7 in favor of the visitors, and at the close of the game they were still four points ahead, the score being 22-18. In the senior game, the Saanichton team upheld its excellent season's record, and with four points to the good in the first period easily kept the lead and finished with a score of 36 to 23 in its favor.

The story, opening in Scotland, is shifted to Northwest Canada. It is filled with deeds of daring, of course—or it would not be a Buck Jones drama. It presents exciting pursuit, fierce—personal conflict, and the triumph of law and love. It is entertainment of the liveliest and most engrossing sort. As for the details—see the picture. Bebe Daniels, popular Realart star, is charming in her latest picture, "A Game Chicken," which is on view at the Variety theatre this week. Unforgettable Scene at This Afternoon's Concert at

At the Royal Victoria theatre again o-day will be shown "The Last Trail," a special production screened by William Fox from the well-known lovel by Zane Grey—whose stories have made him as famous with motion picture followers as in the faction world. This latest Grey picture, made under the skilful direction of Emmet J. Flynn, is described as nost thrilling in incident—as it must lost it in the stories of the Royal Victoria theatre should be not a genuine treat. Adult spectators privileged to attend the concert given by the Scots Guards' band at the Arena this afternoon will not in a hurry forget the vivid impression created by the sight of five thousand children massed in the vast auditorium, all keyed to the highest tension and listening with the spontaneous enthusiasm of childhood to the wonderful programme arranged for their special delectation. And perhaps the band littelf will retain memories of this unfergettable concert, for seldom has such a gathering of kiddies been assembled for such a purpose—educational, uplifting and entertaining.

As a study of childhood, the scene was memorable. Faces beamed and eyes danced to the illt of the music. The Children's Overture (Quilter) a charming fantasy, which is founded upon the well-known old nursery rhymes, appealed with marked favor and little heads nodded and little feet tapped at the quickly recognized airs of 'Girls and Boys Come Out to Rlay,''."Sing a Song of Sixpence, ''Oranges and Lemons,'' and other nursery airs.

The processions of pipers was also a warm favorite together with the Highland dancing, the skirl of the pipes and the swing of the kilt arousing much enthusiasm. Mendelsohn's Spring Song and Barnby's beautiful old lullaby, "Sweet and Low," proved familiar tunes to a large number, while the children's dance, "Thistiedown," by Jewell Hennesy, set little toes twinkling with its dainty lilting air.

And who will ever forget the sound of "Abide With Me," as sung by the

down," by Jewell Hennesy, set little toes twinkling with its dainty litting air.

And who will ever forget the sound of "Abide With Me," as sung by the children to the accompaniment of the band? The audience at last evening's concert was invited to sing a verse of this beautiful old hymn, but the adult attempt was noticeably weak in volume, owing to an evident ignorance of the words, compared to the paean of sound which emanated from the kiddles. The same applies to the National Anthem, which was sung this afternoon with a verve and gusto representing the cumulative effort of ten thousand lusty young lungs.

The children represented the public and high schools of the Victoria, Oak Bay. Esquimalt and Saanieh municipalities, in the care of nearly five hundred teachers. In addition representatives of the various school boards, as well as of the I. O. D. E., were included in the vast audience.

Municipal Inspector George H. Deane had charge of the arrangements for the affair, and under his able management. every precaution was taken for the safety of his little charges. To cope with any emergency, a staff of uniformed nurses with stretchers and first-aid equipment was on hand, while Fire Chief Stewart had a chemical engine in the vicinity in readiness for any untoward incident. In addition a squad of police assisted the busy teachers in marshalling the children into the huge building.

To avoid any possibility of crushing, the children were all assembled as in their schoolrooms and marched out at the finish in the same orderly precision, returning to their several schools under the care of the teachers and there being dismissed.

GREATER TEA CONSUMPTION in GREAT BRITAIN

The stock company at the Princess Theatre will present to-morrow evenness the second musical offering of the Summer season when "Other People's Money" is the play. This play is anneunced as delightful Summer entertainment, especially for the tired
ousiness men. It is full of nonsense,
with never a serious moment and interspersed with tuneful musical numners put on by the principals of the
company, aided by the chorus that
made such a distinct hit last week in
"Twin Beds." New coatumes have
been secured for the girls, and once
again they will present a most pleasing appearance. Clever dancing numbers have been arranged by Nellie
Dooley; and she claims that the girls
will surprise their many friends by
their cleverness. Earl Moore and Lity
Dooley will do several new up to date
numbers with the girls, while yivian
Moore has another delightful musical
offering. Nellie Dooley is again going
to put on a pretty danse number with
her sister. The parts in the play are
in the capable hands of Jack Phipps,
Violet Neitz, Harry J. Leland, Arthur
Elton and Addeline Rundle, and as
all the parts are comedy ones it is an
assured thing that these players will
give a good account of themselves.
Only one matinee will be given on
Saturday afternoon. "Other People's

Mann Cup-Holders Anxious For Fray

World's Amateur Lacrosse Champions Will Make First Appearance In Two Years At Stadium To-morrow Morning at 11 o'Clock; Will Entertain Vancouver, Which Is Very Keen On Securing Possession of Mann Cup; Great Battle Expected

"Vancouver is sending over a cracking good team as they are anxious to see the Mann Cup jaunt back to the Mainland this Summer, but we're not worrying one little bit and believe that we have a team that will be able to give a good account of itself and more than likely achieve the honor of winning the first game of the new British Columbia Amateur Lacrosse Association, which was few British Columbia Amateur Lacrosse Association, which

more than likely achieve the honor of winning the first game of the new British Columbia Amateur Lacrosse Association, which was formed to provide inter-city lacrosse between Victoria and Vancouver. The boys feel confident that they will win, so a keen, fast game should be on tap."

These words came from the skipper of the Victoria team, Fred Kroeger. Fred is a veteran of the gutted stick game and he has been in some titanic struggles. He helped the Foundation team to win the Mann Cup for Victoria in 1919. He was chosen captain of the team this year and his leadership will no doubt be of great value on the field. "Cotton" Brynjolfson, who has been acting as manager of the elub, will relinquish that honor to-morrow so that he can spend all his time boring in after goals. "Billie" Moresby will handle the team from the side lines and the fans can rest assured that that work will be in capable hands.

This is the first time that the amateurs of the Island and Mainland have mingled for two years. Last season there was no competition through the fract that Victoria stepped out of the Pacific Coast Lacrosse Association the previous year.

Formed New League
Owing to the stand taken by New
Westminster it was impossible for
Victoria to gain admission to the
Pacific Coast League this year, so the
Vancouver Lacrosse Club decided to
turn down the Salmonbellies and line
up with Victoria. A new association
was formed and a schedule drafted.
The first match of the league will be
played here to-morrow.
The officials of the Victoria Lacrosse Club have done a great deal of
hard work in lining up the team. The
players have taken hold of the sport
with renewed enthusiasm and have

trained assiduously for the past month.

The heads of the club are highly satisfied with the talent they have to display to the fans to-morrow morning. The home will be fast and the defence looks like a pretty tough proposition to break through.

The exact line-up has not been decided upon. Allie McGregor, who has played on the home for many years, has switched to the defence, and is shated for point. "Stew" Thompsos will start at centre. The players who will appear in uniform to morrow are at follows: M. Simpson, Allie McGregor, Fred Kroeger, Everett Taylor, Steve Redgrave, Stan Ross, Johnny Johnson, "Stew" Thompson, Angy McInnes, Ted Menzies, Sid. Humber, Cliff Steele, Mamy Norton, Toots Plump and Cotton Brynjoitson.

The Vancouver line-up will be a strong one as averal walk-known.

Two Champions, Doris and Victory to Perform at Stadium To-night

The above picture shows Miss Doris Oxley McCleave, the champion dy rider of the continent, and Victory, the champion heavyweight hunter the Pacific Coast. This pair will be among the star performers at the orse show which is to be held at the Stadium this evening and to-morrow

horse show which is to be held at the Stadium this evening and to-morrow evening, commencing at 7.15 o'clock.

This will be the first time the McCleave stable has put on its show in Victoria. For the past few years it has been fulfilling many important engagements at various cities across the line and has always wound up with a grand display at the Portland Horse Show, where the local hunters have been in competition with horses from famous Pasadena, San Francisco and Denver stables, and have always come out with the bulk of the ribbons.

Mr. McCleave has arranged a very interesting programme of events. There will be no end of variety. Tandem hurdling, bending races, fire jumping, bucking, ribbon performances, hurdle jumping in singles, pairs, three's and fours, high jumps, trick performances and jumping with two horses.

"Professor," the trick horse which Doris McCleave has developed, will be one of the hits of the show, especially among the children.

Knocked His First One of Season Against. St. Louis and **Tied Up Score**

New York, May 23.—Babe Ruth has begun his delayed 1922 home run campaign. His first circuit clout of the season yesterday started the Yankees toward a raily that tied the score and enabled them to win a stirring battle with the St. Louis Browns in the 13th, 4 to 3.

Camp Skinner, Yankee recruit, who is earning a reputation as a pinch litter, knocked in the tieing run with a single and Joe Bush's relief pitching alded in the victory which gave New York a lead of three games.

N. P. A. A. O. Crewe.

The Boating Committee picked the tentative crews which will represent the Bays in the N. P. A. A. O. regatta to be held this year at Portland, Ore. The Bays will not enter a senior four but should their junior four win that event it will row in the seniors. The Bays are fortunate in having their 140-pound crew in fact for this season. Last year these youngsters won their event handily and had they been favored with a little luck would have won the senior fours from the heavier crews of Vancouver and Portland.

The Bays junior crew will be stroked by Bob Travis, with Bond at No. 3, Moses at No. 2 and Tommy Temple in bow.

MARKET RECEIVES QUIET SESSION

Trading was dull at the Victoria Public Market at the mid-week session this morning, owing perhaps to the fact that the change in the market day offset a large majority of the traders, who were not sufficiently informed of the change in date. The holiday session took place to-day or account of to-morrow's celebration. There were no changes in any of the commodities on the various stalls, and farmers evidently anticipated a slow day, for the displays were of a small kind, no startling features occurring at any of the booths. The only thing of notable interest on the market is the steady increase in tomatose, and the fresher appearance of this fruit.

IS NEW PRESIDENT

DOUBLE WORK OF DOUBLE

"Got to get a birthday present for my wife to-day. This making birthday presents is an expensive business."

"Why don't you do as I do? I have never failed to give my wife a birthday present for five years and I'm not out a cent thus far."

"How in the world do'you manage it?"

"It's very simple. After we were married, when her birthday came around I gave her a \$20 gold piece. When my birthday came around she gave me the \$20 piece back, and we have kept that up ever since and neither of us is out a cent."—Boston Transcript.

DUNCAN PASTOR

Duncan.—A very pleasant evening was spent by members of the Presbyterian congregation in the Women's Institute rooms. The programme had been arranged by the wives of the elders, Mrs. W. Paterson, Mrs. R. S. Henderson, Mrs. A. W. Johnson and Mrs. J. A. Thomson, and included songs by Mrs. Haddon-Smith. Mrs. O'Neil, J. Dick and W. H. Hopkins. The feature of the evening was the presentation of a purse from the congregation to the Rev. A. F. Munro, who with his wife was the guest of honor. They have recently been in quarantine for several weeks.

Play Presented.

On Thursday evening, the Senior Girls' W. A. of St. John's Church presented "Miss Molly" in the St. John's Hall. The Misses Madeline Payne, Kathleen Dwyer, Vivien Gray, Oilve Van Norman, Lydia Bartlett, Gladys Pitt, Hazel Castley and Kathleen Townsend took part in the play.

CRICKET GAME FROM SHAWNIGAN

(Times Correspondence.) (Times Correspondence.)

Duncan—A very excellent cricket game took place between the Cowlichan Second XI. and Shawnigan. Cowichan winning by 31 runs. Shawnigan was captained by Gooch, who was at one time the best lefthand slow bowler in B. C., and much of his cunning still remains, as was proved by the downfall of many Cowlichan wickets. The bowlers on both sides were much handicapped by the wet ball, and sawdust was frequently.

(Times Correspondence)
Ladysmith—A game of baseball was piayed on the local grounds between the Extension and Ladysmith nines for the benefit of Roy Nason, who broke his leg while practising baseball in the early part of the seamon. The local boys won the argument, the score being 19-0. The ball played was of a better brand than the score would indicate, although the players were handicapped by the wet condition of the field, owing to the heavy rains that fell during the night. The pitching of Stickey, the new addition to the local squad, and the work of Davis on second base came in for special comment. The local lads will meet the Chemainumine here next Sunday in the giral league fixture of the season.

NEWS AND NOTES OF THE MINES

That the Big Missouri is to be worked this season is now an assirted fact. According to latest advices from Vancouver, Dan Lindeborg has given out a statement to the effect that he has bonded the property and that extensive development will be undertaken this season. It is understood that the property has been bonded to an American mining syndicate for \$175,000. Whether this is an amplification of the former report to the effect that Messrs. Trites, Woods and Wilson had bonded the property, has not yet been made plain.—Portland Canal News.

lumberman who has been in the lumber business many years, I believe this camp idea is an impossibility. Let us spend our money on making streets or any work that will create some asset. This scheme will give us only experience."

"It's a dream." Alderman Andros agreed. "It's a little early anyway to talk about camping next Winter. When this camping scheme is over all we'll have is the memory of it. What we want is not a camp, but as place in the city with a high fence around it and give these men work cutting wood. It may be bad taste to compare the work of the Council with the old Council, but I remember we used to present the unemployed with buck saws, and most of them promptly disappeared. When you supply them with a launch and a captain and mate, as you did this year and let them go to sea when they wish, no wonder you have trouble."

The Council, however, decided to allow the Unemployment Committee—or the Industrial Committee, as it's now called—to make preliminary plans for a wood camp in the country and a wood yard in the City next. Winter.

Clerk Cowper Produces Engineers' Data to Convince

Ratepayers of Saanich

At Cloverdale school last evening, Municipal Clerk Cowper, as spokesman for the Saanich Council, continued the series of explanatory addresses to Saanich ratepayers interested in the proposed installation of sewers. George Hornsey officiated as chairman of a well attended meeting, marked by many questions upon the practical costs to individuals and the district affected.

Asked as to the manner in which estimates had been made, Clerk Cowper produced detailed engineers data for numbers of streets to be laid, as examples supporting his assurance that no guessing had been done. He stated the plans had received the approval of the Provincial Health Department. "For anyone to insinuate to the ratepayers that this is a half-baked scheme, well—" he remarked as a protest.

Mr. Cowper gave the following data as to finances of the sewerage scheme to be put in hand forthwith: Ordinary lots in area, 3,494; acreage plots, 159, and municipal and school lands, 12; a total of 3,655 properties.

The houses in the area to be served

and school lands, 12; a total of 3,665 properties.

The houses in the area to be served at once totalled 374 in 1920, and the average frontage worked out at 55 feet each. The payments required by the by-law will be: connection fee, 55 yearly; frontage at 10 cents per foot, \$5.50 yearly, and the average assessment being \$6.00 each, the six mill rate adds a further \$3.60, making a total payment by average householders of \$14.10 yearly.

The Clerk showed that, in addition to the 374 householders, 255 lots will pay frontage and assessment, totalling an average of \$9.10 yearly, while the remaining 3,032 lots in the area will pay only \$3.60 each yearly by the six mill rate, until a majority of the owners affected demand sewerage facilities on their streets.

The revenus from householders will total \$5,275.40; lots with sewer frontage contribute \$2,356.30, and the 3,032 lots bearing only the district assessment of six mills pay \$10,915.20, a total revenue in sight of \$18,545.50.

These figures, he plainly showed dealt only with frontages as provided by the expenditure of \$275,000, in part used to pay off the debt due Victoria, but the same principle of payment would finance all further extensions.

Sinking funds interest and main-

burden, although sewerage was a necessity.

J. W. Fullbrook denounced the method of conducting the meetings in the past, protesting that only pro-75, law speakers had the platform, opponents being confined to questioning the speakers.

Councillor Dooley explained the meetings as being called by the Council for educational purposes and to adduce suggestions from the rate-payers. He offered to support a wider platform policy at Tillicum on Friday night if constructive proposals would be advanced, but the audience adjourned without paying further attention to these criticisms.

CITY MUST PAY FLOODING DAMAGES

Award on Humpback Overflow Satisfies City Council

The City must pay \$575 in damages to owners of land lying about the Humpback Reservoir of Sooke Waterworks, because their rroperty was flooded by reservoir water last Winter. This is the substance of the award of A. D. Paterson, M. P. P., who acted as arbitrator to decide what damages, if any, the City should pay to the property owners.

Announcement of Mr. Paterson's award was received with great satisfaction by the City Council last night, as the property owners had claimed damages totalling \$3,167.

"It's a very satisfactory arrangemen," Mayor Marchant declared. He said that the original claims of the land owners had been "preposterous."

phur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a smail cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strang at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
