DEMENTED MALTESE ON VESSEL AT VANCOUVER KILLED TWO OF CREW

Armed With Two Knives, Lyman Ben Baba Wounded Three Sailors and Cut His Own Throat After Being Shot Down in Dark Passage By Police; Now a Prisoner in Terminal City

Vancouver, Jan. 24.—Running amok, armed with two doubleedged knives, Lyman Ben Baba, a Maltese sailor on the steamship Pilar de Larrinaga, at anchor in the harbor here, killed Chief Officer Alexander James and Antonio Armo, a seaman, and wounded three men this morning before he was shot down by a posse of ci McLaughlin. of city detectives led by Detective-Sergeant George Armo died within a few minutes, but James lived until he had

been brought ashore, passing away as he was about to be put into an ambulance. The wounded men were brought-to the Government grain

elevator in the police patrol boat and a private launch and were rushed to the General Hospital.

SUDDENLY LOST REASON

This morning about 9 o'clock he suddenly became demented. A sudden demoniacial shrink was the first warning his shipmates had of his intentions and before they could flee from the forecastle he was among them, with eyes blazing, mouth frothing and two long-bladed knives in his hands. He struck at those nearest to him, plunging his knife into the body of. Armo. Hearing the cries of fear and horror, their Officer James ran forward in an effort to step the man. Glaring at the officer for an instant, Baba festiated and then lunged forward, sinking, the snife to the hilt in the lungs of the anfortunate man before him. The Boatswain, Antonio Flores, was next knifed, and in quick succession Sam Balles and Leonard Mathews, seamen, all men of his own rationality, were stabbed. LENINE'S POLICIES

SUMMONED POLICE Thomas Tiffeld, who operates a motor launch, was passing and hearing the scuffling and cries from the teck of the Plan de Larrinaga, ran a close and asked what was the matter. He was told to rush police help to the ship as a crazy man was runging amost

RECOVERY DESIRED

Herlin, Jan. 24—When the reparations experts now meeting in Paris come to Berlin to ascertain the truth, said Minister of Finance Luther in an address at Hamburg yesterday. "then the world will determine that the reparations problem must be settled in a manner permitting Germany's recovery.

"We must first use all our endeavors to regulate internal affairs. The rentenmark idea brought the banknote presses to a standstill, but we must do everything to prevent fresh cepression of the currency."

Dr. Luther urged the necessity of exercising the utmost economy in all departments of the Reich Government. Only by this means could formany prepare her 1924 budget, which, according to the Minister, will cover internal expenditure, but not the cost of the occupation for the reparations account.

London, Jan. 24.—No official announcement has yet been made respecting appointments to the Royal Household, but it is generally belleved Premier MacDonaid will depart from tradition and defer to the King's decision, only stipulating in that case that the appointmees shall refrain from political activity.

Another report given by The Daily Mail, is that Premier MacDonald has decided to fill the appointments to the Royal Household with members of his own party, and Tom Griffiths member of Parliament for Pontypoel, and J. A. Parkington, representing Wigan, probably will receive the winction of being the first woman in Great Britain to hold such a post.

LEAGUE OF NATIONS

The new Prime Minister's interest in the League of Nations is well known, and, according to the diplomatic correspondent of The Daily Telegraph, he contemplates an expansion of the league section of the Foreign Office in order to use it to the utmost as an instrument of general pacification. For this reason, according to the writer, Mr. MacDonald means to devote every effort toward the early inclusion of Russia and Germany in the league.

The Daily Telegraph also asserts the Premier has invited Lord Parmoor, Lord President of the Council, to represent Great Britain on the league council, replacing Viscount Cecil of Chetwood until recently Lord Robert Cecil), who is retiring. LEAGUE OF NATIONS

DEVELOPING THE PORT

It has been often said, and it can be repeated, that the time is not far distant when all the Canadian Pacific Coast ports will have to take a much larger share in the business of handling the country's grain. Vancouver already has made very considerable headway in this connection and there is an extremely bright prospect for much heavier traffic through the Terminal City.

Sentiment throughout the great grain-produc more even distribution of the business as between spirit. by virtue of her unrivalled geographical position offers nothing to the man with creative genius? and her manifold adaptable advantages. NOT ALL AS ADVERTISED

Still come the letters of straight talk from those former British Columbians who have gone to California and have discovered that some of the pictures which have been painted of conditions down there lose a good deal of their glamor when examined at close range. Here is one from a former Vancouverite:

"Here I am in Santa Monica. The sunshine is warm, but one cannot live on sunshine any more than one can live on sunshine any more than one can live on scenery, and I wish to tell you that there will be many 'Canadians hitting for the tail timbers this Spring. There are more persons out of work here in California than in all Canada, and I advise anyone with a good position up there to stick to it. If one can sell real estate he can make a living here, but It's hard work. If people in British Columbia would work as hard as they do here and boost as, much, we would not only have Americans but people from all over the continent going to the Pacific Coast Province.

From all over the continent going to the according to the Province.

"I have sized up the situation in Los Angeles, and when I answered an advertisement in one of the papers there were fifty-nine applicants ahead of me. The advertisement was for a woman, but there were just as many men applying. Do, not believe all the stories you hear about the gold bricks here, for instead of gold they are rocks and are ready, to strike one at every turn. We hear of companies making millions, but never of the ones that lose out, so my advice to those holding good Jobs in Vancouver is for them to stay there.

This is a posther good argument in favor of the content of the stay there.

To The Editor,—I noticed in to-day's issue of The Colonist a news item to the effect that one "Joe Wong" was charged in the police court yesterday with being found in an opium-smoking resort in Theatre Alley. My mame is Joseph Wong, but mostly addressed as "Joe Wong," and in order to remove any wrong conclusions that my friends and business acquaintances might arrive at, I should be much obliged if you would publish this letter, in which I state I am not the "Joe Wong" referred to in your valuable paper as above stated.

SAANICH ELECTION.

SAANICH ELECTION.

To The Editor,—May I beg a little space in your valuable columns to voice my sindere appreciation for the spiendid support given me all over the municipality last Saturday?

I knew I was up against a stiff proposition, my opponent being a lifelong resident in the district, and a business man.

Although defeated I am: by no means discouraged, and can assure the people who supported me that I shall be as active as ever (although on the outside), during the year.

For my opponent I have the greatest respect, for his gentlemanly conducted uring the campaign convinced me that if all elections could be conducted in the same manner as the police commissioners conducted theirs, politics would be a pleasure and there would be no lack of good inconsummants for office.

A. Evans Will Stand Trial on Charges of Retaining Pos-session of Stolen Property

Charged on two counts with retaining possession of stelen property.

A. Evans, proprietor of the Dallas Hotel, was committed for trial by higher court in a preliminary hearing before Magistrate Jay in the city police sourt yesterday.

Evans, it was alleged, received army glores, stolen by certain members of the ordnance staff of the permanent force stationed at Ogden Point. F. C. Elliott appeared for the accused, who elected trial by higher court. Witnesses were bound over to appear. R. C. Lowe appeared for the Crown.

The hearing closed the army stores case which has engaged the city police court for the past few days. Witnesses at this and previous trials admitted that the exact loss of Government property taken from the stores at Ogden Point could not be learned until there had been a stock, taking of the entire stores. The thefts were discovered when the Ordnance Department moved the stores, valued at \$1,000,000, from Ogden Point to Esquimalt barracks. Three soldiers, two non-commissioned officers and a private, on Tuesday were granted suspended sentence by the court—upon conviction of theft.

Evans was charged on account of retaining possession of sixteen army blankets, two sets of scales, a fire extinguisher and a coil of hemp rope. On a second count he was charged with retaining possession of fifty blankets, knowing them to have been stolen.

Ex-Sergeant C. W. Bickford, ex-Cpl. L. C. Impey and ex-Private H.

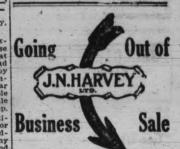

blankets, knowing them to have been stolen.

Ex-Sergeant C. W. Bickford, ex-Cpl. L. C. Impey and ex-Private H. Kelly, former members of the ord-nance staff, told of their knowledge of the affair. All three denied that the accused had any knowledge that they, severally, had been employed in the army or were in charge of the stores at Oxden Point.

Captain Richard Nesbitt Cyrll Bishop, ordnance officer of Victoria and Esquimalt districts for the past year, identified some of the goods recovered by the Royal Canadian Mounted Police. A set of scales and a fire extinguisher he identified posi-

"The Child's Story of the Human Race," by Uncle Ray, will be a regular feature of The Times' Children's Page weekly, commencing on Saturday. This is the book that has been halled by educationists all over the continent as one of the most valuable additions to instructive reading programmes for children of all ages. How mankind lived in the far away ages; how he first got fire, and learned to cook his food; these and many other matters make absorbing reading. The Child's Story of the Human Race is a work that will be appreciated by old and young alike. Watch for the first instalment on Saturday, and read it to the children.

Oak Bay School Board Tables Controversial Matters in First Meeting of Year

Trustee F. F. Curtis, one of the survivors of the electoral hurricane, was chosen as chairman of the Oak Bay School Board at its inaugural meeting last night. The meeting was held in the High School when 1924 officers got together to dispose of outstanding routine matters so that a start on the business of the new year will be faced on Monday evening, when the next meeting of the board will be held. Trustees James McNelli, Edward McConnan and Herbert Carmichael, chosen at the polls recently, took their seats.

Though matters of policy were avoided by mutual consent the session lasted for three and a haif hours. Correspondence and accounts occupied the attention of the new board for the greater part of the evening. Discussion of the new board's stand on the High School and other questions of a like nature were tabled for closer attention at an early date.

Discuss Campaign Launched by Winnipeg Board of Trade

Approval of the campaign launched by the Winnipeg Board of Trade to cut the expenses of government was voiced by Alfred Carmichael, president, at the meeting of the Victoria Real Estate Board this afternoon. The letter announcing that the Winnipeg Board was fostering a Dominion-wide protest was commented upon by Carmichael, who roundly scored overlaaping in federal, provincial and civic government departments. A resolution to support the Dominion-wide fight against growing expenditures was carried.

The matter of a scale of fees and charges governing every branch of real estate business, introduced by F. B. Pemberton, was left over to the next meeting.

Strong criticism was leveled against the operations of the Real Estate Agents Licensing Act, members declaring that no attempt was made to make the act applicable to all persons carrying out real estate transactions. A committee was appointed to see the Attorney-General and lodge the protest of the board.

Satisfaction was expressed at the growing interest shown in the activities of the board by members of the larges firms in the city.

Raised \$5,601 in 1923

The twentieth annual meeting of the Columbia Diocesan Board was opened with a service in Christ Church Cathedral at 9.30 a.m. yesterday. Rev. Dr. Westgate, western field secretary of the M.S.C.C. preached a sermon on the power of prayer, and assisted the Lord Bishop of the Diocese, who was celebrant, at the Holy Communion service. Other clergy assisting were Ven. Archdeacon. Sweet, Rev. F. Comley, rector of Metchosin, and Rev. F. J. Fatt. There were 17s communicants. The united thank offering was presented with the alms, amounting to \$600.

The Diocesan President, Mrs. Belson, was prevented through Illness from being present, much to the regret, of everyone, and at the request of Mrs. Quainton, first vice-president, Mrs. Schofield, honorary president, took the chair. Mrs. Hiscocks gave the address of welcome to which Mrs. Comley, of Metchosin, repulied. Letters of greeting were read from the Dominion Board, and the Rev. A. W. Corker, of Alert Bay, who expressed his regret at being unable to attend the meeting. Mrs. Schofield conveyed the good wishes of the New Westminster Board received from Mrs. Sillitoe.

Bills amounting to \$122 were ordered paid at 'yesterday's monthly meeting of the Women's Auxiliary to the Provincial Royal Jubilee Hospital. Warm acknowledgement was made of the generous donations of \$50 from Mrs. Dunsmuir and \$5 from Mrs. Strangman for the purchase of Christmas cheer for needy patients. It was decided to turn over the requisite money promised for linoleum and tiling on the ground floor of the new wing as soon as requested.

Three new members were received into the Auxiliary. Mrs. Hermann Robertson, convener of the collection committee, announced the payment of dues by the following members: Mrs. Taylor. Mrs. Paterson, Mrs. Rathom, \$4 each; Mrs. Andrew Gray, \$5; Mrs. Shalleross, Mrs. R. H. Walker, Mrs. John Sampson, Mrs. W. O. Wallace, Mrs. R. L. Miller, Mrs. H. E. Publicity Commissioner Tells Bureau of Visit to South

Co-operation in the Victoria Publicity Bureau's effort to swell the increasing number of tourists from California to Victoria has been secured from influential organizations in the South.

This is shown in the report of Commissioner George I. Warren on his recent trip, given to the executive of the Victoria and Island Publicity Bureau. Mr. Warren told of visits to tourist agencies, transportation and hotel men, and reported that many of them had promised to increase their efforts to turn the tide in this direction.

His report in part read;

His report in part read:

"We arrived in San-Francisco on Sunday morning and stopped there until Monday, at 2, pm., during which time Mr. Hollingsworth and I-visited and conferred with H. H. Yost, mainland representative of the Hawaiian Tourist Bureau, Mr. Scott, manager of the Railway Folder Service, W. J. Craagan, general passenger agent of the Admiral Line, and Mr. Macdonald, assistant manager of the Fairmont Hotel.

"On Sunday night, in San Francisco, I displayed the beautifully colored pictures of Vancouver Island in private, to about twenty of my personal friends. Mr. Collin MacDonald, assistant manager of the Fairmont Hotel, introduced us to Mr. Linnard, who controls four or five of the hotels in Southern California, as well as several hotels in other locations. I was handed a personal letter to the manager of the Marymont Hotel, the Vista Del Arroye and the Huntingdon Hotel, all at Pasadena, requesting that every courtesy and help be furnished to us in our efforts to carry on a publicity campaign in Southern California. These letters were indeed very useful to us in our work, and the Linard interests are very friendly disposed towards Victoria and Vancouver Island.

TO HELP VICTORIA

"On Monday afternoon we left for Los Angeles, and on Tuesday night we arrived at Wilmington at about 6 p.m. and took the surburban train for Los Angeles, arriving at the New Rosslyn Hotel at about 8 p.m. Our first call was upon the "Ask Mr. Foster" Bureau, and H. H. Hanna, the vice-president of that company, appeared very favorable to the mission and introduced us to several peoples in Los Angeles. We were handed introductions to the Los Angeles Club and pledged every assistance by his firm.

which to reach htm. We conferred with David Whitcomb, president-elect of the Seattle Chamber of Commerce, who was on the same boat going South with us, and also with Col. Windsor, president of the Tacema Chamber, in connection with the cooperative advertising scheme.

"At Los Angeles, Mr. Whitcomb met us and accompanied us on several calls, introducing us to the president and secretary of the Office Building Association of Los Angeles, as well as the manager of the new Biltmore Hotel. After our conference with Mr. Whitcomb, we both decided to wire to Victoria and Seattle respectively, asking that the co-operative meeting be postponed until after Mr. Whitcomb's return to the Northwest. "Mr. Hollingsworth and I visited the city of Hollywood and went to Santa Monica where we interviewed Mr. Hooper, who is the president of the Canadian Tourist Association in that district, and who seems to be a live British Columbia booster, although, unfortunately, not very favorable towards Victoria. Our conference with Mr. Hooper was not very encouraging although, eventually, he promised us his active support in our endeavors to attract tourists to the Island.

We made two seperate visits to the offices of the Automobile Club which are located a considerable distance from the centre of the city of Los Angeles and we spent an entire day at that Club conferring with the different officials.

Mr. Salisbury, the Outing and Tourist Manager who visited the Island last year, was a strong booster for us although Mr. Mitchell the executive secretary and the other officials were not very sympathetic in their attitude towards our mission. We made two seperate calls on the officials of the Los Angeles Chamber of Commerce, and Mr. Wales, the Director of Exploitation and Publicity of that organization was also very cordial, even though Frank Wiggins, the executive manager, appeared rather indifferent. After some persuasion we were able to secure their consent to display our slides to their directors, after which Mr. Wiggins, emphatically stated that the pictures were some of the best he had ever seen and that Victoria was following the correct course in going after the tourist traffic as an industry.

"We interviewed Mr. McElroy, the Southern California representative of the Canadian Pacific Railway, as well as H. R. Bullen, general agent of the Canadian National, both of which gentlemen promised us every assistance. We interviewed the Enangers of three or four of the largest hotels in Los Angeles, who were not so cordial in their reception. We interviewed the Los Angeles manager of the Thomas Cook & Son, and several of the other tourist booking agencies, who promised to assist in the distribution of our literature. We interviewed the managers of the two large sight-seeing companies who also promised to co-operate with us and, on Saturday and Sunday, I made the trip to the southern portion of the State and stopped off at Long Beach, Whittier, San Juan Capistrano, Dei Mar, Lajolia, San Diego, and Tia Juan. At San Diego I interviewed the manager of the U. S. Grant Hotel and called upon the officers of the Chamber of Commerce.

No action was taken on the recommendation that the Publicity Bureau should repay Dr. M. Raynor the \$150 he paid to insure pictures being taken of the Johnson Street Bridge opening ceremony, the matter being left to the new executive which will be named at the annual meeting next month. End

WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E.Pinkham's Vegetable Compound

Webbwood, Ont. — "I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—

Hockey: Hams Win

Police Called in

Seattle, Jan. 24—Beginning in the second period, Victoria and Vancouver, of the Pacific Coast Hockey Association, scored turn and turn about until the Marcons made an overtime tally here last night, winning four to three. The fans relaxed into detached enjoyment of the game, their own Mets being far off on the prairies.

The northern rivals warmed up in the second period and played fast hockey from then on.

Despite the final result, Victoria had a distinct edge in the play. The Cougars forced the attack and looked like winners most of the way, a Boucher was the lad who gave Vancouver the game, the little forward scoring the winning goal after two minutes are play in the overtime session. Frederickson, the rangy Icelander, shared the scoring honors, with Captain Duncan of the winners. Freddie put his team into the fore in the second period, but Duncan came back with a pretty shot from a corner seven minutes later. Archie Briden broke through with a marker a minute later after hooking a pass from Loughlin. Again Captain Duncan tled it up with another very pretty score from a difficult angle.

LOOKED LIKE A WINNER

LOOKED LIKE A WINNER In the third period Frederickson picked up a loose puck in front of the net, and passed Lehman for the score, which looked like the winning goal. Just before the bell, Boucher tied it up again after a well-executed rush from centre ice. The same boy won it in the overtime session.

mickey Mackay furnished the fans with a few thrills by his spectacular dashes, while Frederickson led the attack for the losers.

Like many other games here, the Cougars were the victims of the naughty old finx again. Mickey Ion took away what looked like a perfectly legitimate goal in the third period when he called Meeking's effort offeide. Frederickson passed to Harry in front of the net and the scrappy little left-winger pulled Lehman out of his cage and shoved the rubber into the net. Then Mickey ordered a face-off and the goal did not count.

Vancouver and Victoria hockey teams will resume their hockey stryggle here to-morrow night at the Arens. The teams had a merry overtime session in Seattle last night, with the Maroons finally winning out. In the last four games played between these clubs three have gone into overtime, which show how evenly the teams are matched.

The Marcons are in first place in the P.C.H.A., leading the Cougars by one point. A win to-morow night will boost Victoria to the top again.

The Victoria team returned from Seattle this afternoon and say that they had an edge on the Maror in last night's game. They pe to be able to prove it decisively to-morrow night. ordered a face-off and the goal du not count.

The Cougars played at a terrific pace in the last ten minutes of the third period, and only the phenomi-enal work of Lehman saved them from scoring. They went through the Cook-Duncan combination time after time.

SIXTH OVERTIME GAME

This was the sixth overtime game the Cougars had played in this season, and marked their second loss in the prolonged combats. It was their third extra-session game with Vancouver, and the Marcons figured that they had the game coming to them. In both previous games Victoria had won, Hart scoring goals in the overtime that gave the Cougars victory. The teams were:

Cranleigh House Held Tommies in First Period But Wilted in Second

W. F. L. STANDING

Cranleigh House . 11 1 10 0 2

Coming through with a 4-1 victory over the Cranleight House eleven yesterday afternoon at Beacon Hill, the Garrison widened the gap between themselves and the Tomasters. They now hold an advantage of three and one-half games and nave yet to taste defeat this season in the Wednesday League. Esquimalt, of the First Division, is the only club that holds a verdict over the Wednesday leaders, having defeated them in the Jackson Cup series.

A second game was scheduled for yesterday afternoon between the Broad Street and the Hudson's Bay but the ground at the Royal Athele the Ferree ordered the players to head back for home.

STUDENTS TRIED HARD
In the first half of the game between the Garrison and Cranleigh the scoring was even although the Tommis had an edge on the play. The school team which had been bolstered up considerably by the signing of outside talent, is better able to give the other clubs a battle than was the case earlier in the season.

The teams went through the greater part of the half without scoring.

Calgary, Jan. 24.—Edmonton Eskilmos' dream of ending Calgary Tigers' winning streak on their own ice falled at the Arena last night when the Bengals turned in a 4-1 victory in a game that, for variety and excitement, had any previous contest here beaten. It was the Tigers' eighth straight win at home, and the result kept them in second place, within one point of Saskatoon Crescents, league leaders. A fight, in which several players participated during the second period, required the assistance of several policemen before it was stopped.

The melle which threatened to terminate the game happened when Tobin, the Eskimo goalie, used his hickory on Crawford. The Calgary player retaliated, when Tobin was the college took the ball to safety on many occasions. Manoeuvering the College took the ball to within two hickory on Crawford. The Calgary player retaliated, when Tobin was sent sprawling on the Ice. Then Keats mixed with Oatman near the penalty box, and Crawford got back into action when he cut the Edmonton captain down with his stick. There was a general mix-up, and when everything quieted down Tobin escaped a penalty, while Crawford, Oatman, Keats and Sparrow were banished from the game for five minutes.

Special to The Times Caigary, Jan. 24.—"It has not been all rosy for the Eskimo Club, I can say that much, but from now on I hope to keep going, although I admit the going will not be entirely smooth," said Kenny Mackenzie, manager of the Edmonton Eskimos here last night after the game with the Calgary Tigers. "I have turned Hal Winkler loose without any strings, which means that he is not connected with the Eskimos any longer. Certain things compelled me to take this action, which I am not propared to discuss. I had to do considerable dickering with the Patricks to secure their permission to use Bill Binney, as he is their property. I also have Billy Tobin, and between them I figure the interests of the Eskimos will be well cared for in goal." Commenting on the reported trouble with Joe Simpson, star defence man, and Spunk Sparrow, the fair-haired forward, Mackenzie said there was a little difference for a time, but declares that everything has been patched up, and there should not be any further trouble from that source. He admitted having tacked a fine on both players for breach of discipline. Pacifics Successful in Trimming Sons: League Leadership Still Tied

Securing a two-goal lead in the first period, the Shells held The Colonists to one lone goal in the next two frames and won a hard-fought contest from the Newsies last night at the Arena by the score of two goals to one. In the second battle fie Pacifics were successful in taking a fast game from the Native Sons by the close score of \$-2. Both games provided plenty of excitement, and were clean, with the exception of one fistics combat between Mathews and Murray. As a result of the games the Pacifics and Shells are still tied for the leadership of the league.

Alan Tuckwell, centre man of the Shells, starred in the first, game, scoring both goals for his team. Five minutes from the face-off the blondepivot man went through the entire Colonist team and lodged the puck behind Richardson, after he had drawn him out of his cage. Three minutes later Tuckwell duplicated the cage.

C.N.R. GRAIN CARS

Winnipeg, Man., Jan. 34.—A solid line of loaded grain cars placed end to end and stretching from Winnipeg to a point more than forty miles west of Edmonton, Alberta, is represented by the total car loadings of the Canadian National Railways from the opening of the crop year on September 1 to date, according to officials of the company here. During the period over 110,000 cars of grain were loaded at Canadian National points throughout the West, and with the allowance of 40 feet per car, including drawbar space, this would make a time of cars stretching for 490,000 feet or \$37 miles, with over 40 cars additional. The distance from Winnipeg to Edmonton, according to the company's time table, is 795 miles, leaving another 41 talles or grain cars to stretch to the foothills of the Reckey Mountains. New York, Jan. 24, 1924

SPECIALTIES LEAD STOCKS

(By R. P. Clark & Co. Lat.).

Such news items as were disclosed to-day were of a constructive insterpretation, particularly ndvices from Steel centres indicating increased activity there. Motor stocks were also helped by reports that auto centres were enjoying increased activity, and Studebaker, which had been under pressure lately, recovered further lost ground. Advices from Mexico were taken in a more favorable light and this found reflecting in some in substantial recovery in the Pan-American can. Fruit and others again were features on the upside. The betterment which has been recorded in the copper metal market of late did much to impart steadiness to the red metal shares. Another falling off in weekly crude oil production was reported and this of course was a constructive influence of the day.

The market has been acting in a manner which has fostered considerable buillish enthusiasm and we believe that the trend of the stock market will be upward for a while longer.

BROAD AND ACTIVE . WALL ST. MARKET

WALL ST. MARKET

(By B.A. Bond Wire)—The stock market broadened into an active buil market shortly after to-day's opening. Steels, motors and oils as weil as a few specialties, such as Corn Products and National Lead were very strong. The railroad list hung back, but the undertone there was firm.

The action of yesterday's market plainly indicated a stalemate and the strength this morning showed that the bulls had considerably the better of the argument. The average of twenty industrials made another new high to-day, and the rails are selling close to the high for this movement. Bonds also touched a new high recently. Sentiment is becoming more friendly to the long side of the market. There have been many traders working for lower prices, and no doubt a substantial short interest still persists in a few of the speculative favorites, especially the higher priced industrials.

Good market, observers contend that the market sooner or later will advance to new high levels as the bear news lately has had little or no effect upon prices.

President Wylle, of Mexican Pete, says operations in Mexico have been ordered resumed.

ket gaining a little in sympathy with corn.

Corn demand moderate but sales 60,000 bushels. Prices for cash oats were steady. This market has a sound basis in the strong cash conditions for a substantial advance.

Chicago, Jan. 24.— (By B. A. Bond)—Another demonstration was made against the short interest in corn futures to-day. Corn and oats led the market up in an active way and all grains closed at the high points of the day and the highest for this mevement. Undoubtedly a large short interest is tied up in corn contracts and has become quite stubborn. Until this short interest covers corn can be expected to go higher. Wheat is following corn pretty well and when crop reports appear, it too, should do better. A

"Lucretia Lombard" is a screen adaptation of Kathleen Norris' famous novel of the same name, and deals with Lucretia Lombard who, after eight years of disappointed marriage life, gets the chance to start all over again. She is attracted to a younger man. But he is in the same predicament—bound to a woman he has wed out of a sense of duty. On this the drama hinges.

In a career notable for its picturesque interpretations. Dustin Farhum has appeared in few-if any roles more adapted to his style than that in "The Grail," a William Fex production, opening at the Columbia Theatre for three days to-day. Farnum plays the role of Chic Shelby, a Texas Ranger, who has dedicated his life to duty, having been taught the principle from infancy by his father, a ranger who died "in harness." Love, daredeviltry and a stronge moral are carried through the story, by an exceptionally capable cast.

BOARD CONSIDERS

SCHOOL ESTIMATES

The board will discuss the question of suleries, and the suggestion of suleries, and the suggestion of suleries, and the suggestion of suleriannuation of teachers at a meeting on January 30. The question of superannuation was raised by the chairman. Trustee Jay, who pointed out that the board might rightly consider the question at the stage of preparing its estimates.

The connection with the present teachers extrain annual in the connection with the present teachers salary schedules, the board must maintain that schedule to the end of the present school year in July it was stated.

Trustee Beckwith pointed out that the board found itself with difficulties to prune to the figures of 1923 being a determination to cut the school estimates to the limit the City School Board settled down last every lendance, and in a large number of the figures of pupils.

buildings and grounds, so that the committee might know what to do. He raised the following questions: In connection with the High School of grounds he asked whether the green-house plan, sanctioned by the board last year, was to be carried out?

Was it the susgestion to carry out the gradual improvement of the grounds from year to year?

In regard to the Boys' Central School, a great deal of work was required to be done, and to what extent did the board want the work carried out?

At Victoria West and Oaklands serious questions would also arise, he added.

Trustee Beckwith thought that with regard to the greenhouse the committee might consult the supervisor of agricultural instruction. He understood the matter had remained in abeyance because the cost was greater than expected.

With regard to the grounds, he said the City Council had treated the applications as extraordinary expenditure, and it had been improvements.

Trustee Brown said estimates had been prepared, which would be placed before the board in due course.

WANT EXPERT DATA

Trustee Litchfield declared that

before the board in due course.

WANT EXPERT DATA

Trustee Litchfield declared that the building at Boys' Central wanted much thought and careful advice.

He personally was not prepared to recommend work going on without some practical advice of an expert. Trustee Litchfield urged the trustees to reach a policy before proceeding to discussion.

Trustee Brown stated that the City Euitding Inspector had recommended some work at the Boys' Central School, but such work need not be undertaken until the Summer holidays.

undertaken until the Summer holidays.

Turning to the King's Road School Mr. Litchfield pointed out that the building foreman had asked for a considerable sum, and rather it might be better to spend the money in new permanent buildings.

Trustee Peden said it resolved itself, into a question whether, new work or repairs should be done.

Chairman Jay did not foresse much hope for money for construction, as no by-law could be passed, he thought.

No resolution was adopted the board then considering the estimates in detail.

LIBERALS PLAN SOCIAL EVENTS

To Make Dance Annual Event; Father and Son Smoker

The executive of the Victoria Liberal Association have decided to make the ball held last year in the Armories an annual affair, and committees have been struck to arrange for a similar event to that of last February to be held sometime next month.

February to be held sometime next month.

The general committee comprises all members of the executive. Hall committee, Mrs. Zala and H. Norman and F. R. Carlow, president; Checking and cloak room accommodation. I. Herman; music and lighting effects, F. R. Carlow. Floor committees to be chosen under the supervision of T. Veitch; refreshments, Mrs. Lang, chairman, and Mrs. Benwell; advertising. W. G. Lemm and I Herman and Tom Walker.

The ball will be strictly an invitation affair, and limited to about three hundred.

Soon after the ball a "Father and Son Smoker" will be held at which old time Liberals will meet the younger members of the party. Three minute talks will be given and a good programme of music provided.

SAYS GYMNASIUM IS UNSUITED FOR BOY SCOUT DISPLAY

With some reluctance the City School Board last evening agreed to allow the use of the High School gymnasium for a Boy Scout demon-stration at a date to be specified. Trustee Beckwith took objection to the project without some guarantee being given that the demonstration would be under proper supervision, and with proper care of the floor and equipment. He said there had not been strict observance of the regulations laid down when the J-B-A-A. had been permitted to organize the had been permitted to organize the welcome to the university students recently, and for his part he could not see how a demonstration of that kind could be given without the boys leing required to wear rubber shoes. Trustee Smith supported the aplication. He foresaw no difficulty carrying out a display at the gymnum.
