# GENERAL INFORMATION, TERMS, ETC.

**WOOD'S SEEDS** are selected and grown with special reference to their adaptability to Southern soil and climate, and give most excellent and satisfactory results. Our trade is increasing very rapidly, and merchants handling our seeds are increasing their trade every year, as they find our seeds much more popular and reliable than seeds from other sections. We carry all seeds required for the farm and garden, and merchants can effect considerable saving in time and freight rates by placing their orders with us.

**Garden Seeds.**—General orders for Vegetable and Flower Seeds, placed between January 1st and June 1st, to approved customers, are due June 1st, or a cash discount of one per cent. per month will be allowed if paid before that date. Turnip and other Garden Seeds ordered after June 1st, are due November 1st.

**Special Orders.**—Special orders for Beans, Peas, Bird Seeds, Poultry Supplies and Fertilizers are net 60 days. Two per cent. off for cash in ten days.

**Field Seeds.**—Grass and Clover Seeds, Seed Grain, Seed Potatoes, Onion Sets, and all Field Seeds, are net cash, and are due on receipt of goods.

We make no charge for packing or cartage. Prices include bags for Grain and Grass Seeds, except when cotton are required; these hold 2½ bushels, and are charged at 15c. each. Sacks for Beans, Peas and Sweet Corn are also charged. Packet and Onion Sets are charged extra.

## Ordering by Telegraph.

page 16.

**About Warranting Seeds.**—While we expect to have all Seeds pure and reliable, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter. We warrant the goods we send out, and will not be in any way responsible for the results. Every order for articles named in this price-list will be executed on the conditions only.

December, 1904.

**WOOD & SONS.**

## DISCOUNTS TO MERCHANTS FROM RETAIL CATALOGUE PRICES.

Many merchants get orders for seeds which they do not carry in stock. For orders of this class we make the following discounts from our retail catalogue prices:

- On seeds at packet price, 40 per cent. discount.
- On seeds at ounce prices, 25 per cent. discount.
- On seeds by the quart, pint or quarter-pound, 20 per cent. discount.
- On fruit trees, 10 per cent. discount.

The above discounts do not include premiums, postage, etc., mentioned in our retail catalogue. When seeds at the above rates are ordered to be sent by mail, postage will be added to the invoice.

## BEANS, PEAS AND CORN IN ONE-THIRD PINT PACKAGES.

Packages of Beans, Peas and Corn which retail at 5c. are put up at the rate of \$2.00 per 100 packets. We also put up larger size packages of Peas, Beans and Corn (one-third pints) to retail at 10 cents each, for which we charge at wholesale 5 cents per package.

## ABOUT COMMISSION SEEDS.

We do not send out seeds on commission. Merchants will find that in handling our seed the profits are not only larger, but the seeds are more satisfactory to your customers, and so aid you in building up a better trade in seeds.

**WOOD'S SEEDS** are put up from the best and freshest seeds, and with the possible exception of Parsnip and Sweet Corn, are good for sale the following season, even if you have a few left over. So you see that the advantage of handling **WOOD'S SEEDS** is not only that you give your customers better satisfaction, but that you make more money, and build up a larger and more remunerative trade in seeds.

# WOOD'S GARDEN SEEDS

This applies to all Vegetable and Flower Seeds, including Peas, Beans and Corn, which do not retail at over five cents per packet. Seeds which retail at over 5 cents per packet we allow merchants a discount of 50 per cent. from retail catalogue prices.

### A NEW AND UP-TO-DATE DISPLAY BOARD FOR WOOD'S SEEDS.

HOLDS FROM 200 TO 250 PACKAGES OF SEED. IT MAKES A MOST EFFECTIVE DISPLAY, AND WILL INCREASE YOUR SALES 25 TO 50 PER CENT. OVER THE CABINET OR BOX SYSTEM. TAKES UP A VERY LITTLE SPACE, AND IS ONE OF THE MOST ATTRACTIVE METHODS OF DISPLAYING SEEDS THAT HAS YET BEEN DEvised.

Every merchant handling WOOD'S SEEDS should use this form in place of the old display cabinets. It shows off all the seeds at one time. Selections can be made easily, and it will prove to be altogether the handiest and most effective method of displaying seeds. WOOD'S SEEDS are supplied to merchants in handsome colored lithographed packets. The high quality and large quantity of the seeds which we put into our packets make them very popular, and salable, everywhere. WOOD'S PACKET SEEDS not only sell better, but pay better profits than commission seeds, and are unquestionably the best for the South.

Price of Display Board, .....	\$1.00 each.

## ORDERING BY TELEGRAPH.

In order to reduce the expense of ordering Seeds by telegraph, we have embodied the telegraphic code-word to each variety, and below we give the code-word for any quantity. Always write the code-word for the quantity before the word for the Seeds. Thus: "Freight Quapode Pergot, Quanomia Chaffen, Chame," would mean, "Ship by first freight ten bushels of Wood's Lightning Excelsior Peas, and two pounds each of Wood's Selected Jersey Wakefield and Wood's Prize Head Late Flat Dutch Cabbages."
