

A background collage of various line-art icons representing different fields: science (telescope, planet Saturn, microscope, globe), history/culture (pyramids, Sphinx, Egyptian pharaoh, kangaroo), geography (maps of North America, Europe, Australia, Africa, South America), and general concepts (gears, lightbulb, graduation cap, microscope, globe).

In 2019 we continue to discuss  
**the future of our movement**

In 2019 #wikimedia2030  
continues to be a  
**#CEErrious\_business**

## Since last year and conversations in Lviv, Ukraine

- Working groups have published **recommendations**;
- There has been a range of **in-person and online conversations** with diverse range of communities.

Photo by: JTs, CC BY-SA 4.0

And now ...

- Harmonising recommendations across the thematic areas - this is **one movement strategy**;
- Making sense of recommendations in local and **regional** contexts.
