## INDEX TO VOLUME 119

January 1 to June 30, 1925

### EXPLANATORY NOTE

Illustrated articles are denoted by an asterisk (\*); editorials by the letter "e"; and news items by the letter "n", as indicated at the foot of every page.

This index is made comprehensive but concise. Pains are taken to bring together matter belonging to the same subject so that when a reader looks up an article he will also be referred to related data.

Following is a list of the pages included in the numbers of the volume by date:

Jan. 3.....	1	to	40
Jan. 10.....	41	to	80
Jan. 17.....	81	to	152
Jan. 24.....	153	to	192
Jan. 31.....	193	to	232
Feb. 7.....	233	to	272
Feb. 14.....	273	to	312
Feb. 21.....	313	to	352
Feb. 28.....	353	to	392
Mar. 7.....	393	to	432
Mar. 14.....	433	to	472
Mar. 21.....	473	to	512
Mar. 28.....	513	to	552
Apr. 4.....	553	to	592
Apr. 11.....	593	to	632
Apr. 18.....	633	to	672
Apr. 25.....	673	to	712
May 2.....	713	to	752
May 9.....	753	to	792
May 16.....	793	to	832
May 23.....	833	to	872
May 30.....	873	to	912
June 6.....	913	to	952
June 13.....	953	to	992
June 20.....	993	to	1032
June 27.....	1033	to	1072

### A

A E G floats in U. S. ....	e333
Accidents (see also Safety)—In 1923, technical publication .....	825
Lightning kills miner repairing steam pump underground .....	n896
Metallurgical, technical publication .....	744
Miner no worse for 60-hour stay behind caved ground .....	n1061
Randfontein Estates, thirty-one killed, safety first! .....	n341
Accounting, mine factors in (G. A. Denny) .....	letter 211
Acetylene generator, portable .....	n986
Aerpe plans new concentrator .....	n1058
Activated carbon, technical publication .....	825
Adams, C. W., new manager Selby plant .....	n581
Adams, H., on France's solvency .....	letter 333, see also e194
On nitrate in 1924 .....	160
Advice on mining investments .....	e915
Aerial tramway, see Tramway.	
Aeronautics, see Airplanes.	
Afghanistan, deposits not exploitable .....	n70
Africa (see also South Africa), developing mineral wealth .....	e595
From Kenya Colony to Cairo, views .....	*516
From Rhodesia to the Congo, views .....	*196
oddities .....	e835
Afterthought flotation plant to be moved .....	n577
Tram contract let .....	n257
Agglomerating ore, patent .....	744
Agricultural and mineral claimants, conflicts (J. E. Busch) .....	letter 371, see also 412 and e593.
Ahmeek, see Calumet & Hecla Consol.	
Ahumada Erupcion may build concentrator .....	n975
Ahumada Lead may be listed on New York Stock Exchange .....	n415
Report .....	750
Air, compressed, and compressors, see Compressed air.	
Air, excess, and cost of fuel, see Fuel.	
Air, oxygenated, in metallurgy, technical publication .....	74
Air classifiers, see Ore Dressing, Classifying.	
Air lift, technical publication .....	74
Airplanes, daily hydroplane at Osisko Lake, Rouyn, Que. ....	*121
For transporting tailings .....	215
Guggenheim school .....	e994
Little, A., and others will fly to Dease Lake .....	n859
To aid Idaho placer mining .....	n701
Airways, see Ventilation.	
Ajax sold .....	n858
Ajo, see New Cornelia.	
Akim, Africa, diamond activity .....	n1062
Alabama minerals, technical publication .....	1025
Alarm, stench, empties iron mine in 29 min. ....	n379
Alaska—Mapping, 20,000 sq. mi. by Smith party, technical publication .....	*301
Mining, technical publication .....	825
Parks, G. A., nominated Governor .....	n342
Smith, Dr. P. S., new chief geologist .....	n665
Technical publication .....	545
Tin production small .....	815

Alaska Juneau, deficit, April .....	n859
Election .....	n740
Mineral investigations in southeastern Alaska, technical publication .....	1026
Operating profit in Dec. ....	n220
Report .....	749
Alberta, bituminous sands of northern Alberta, technical publication .....	306
Alderson, V. C., dropped by Colorado School of Mines .....	n178
Aldridge, W. H., portrait .....	*344
Alice control bought .....	n620
Aligning raises (F. Montijo) .....	*251, (A. Manning) *813.
Allen, A. W., on diatomite in 1924 .....	96
On hydrometallurgy in 1924 .....	*112
Review of "Textbook of Rand Assay Practice" .....	624
Allen, H. B., on marketing crushed stone .....	490
Allenby, see Granby.	
Alloy, new for bearings .....	n827
For valves .....	n347
Alpena, Mich., gold field, state geologist cannot "see" it .....	n454
Alpha Quicksilver Mining Co., promoter convicted .....	n375
Alta district, Utah, to have aerial tramway .....	n738
Alum deposits, technical publication .....	186
Aluminum (see also Bauxite)—And competition .....	e273
Biggest producing states (P. H. Falter) .....	letter 854, 694
In 1924 (J. M. Hill) .....	*95, 806
Italy, production planned .....	n1018
Leading states .....	694, 854
Metallurgy, patent .....	826
New plant in Germany has hydro-electric power .....	n937
Norway's industry grows .....	n578
Production figures wanted .....	e674
Smelting, patent .....	744
Aluminum Co. of America .....	e273
Alunite, Utah, to be mined .....	n1015
Amalgamation, see Metallurgy	
Amazon River, trip down (Prof. J. T. Singswald, Jr.) .....	*18
Amber, marketing (G. F. Kunz) .....	*361
Amer. Ass'n for Advancement of Science, Bryan applies for membership, is reported .....	e41
Amer. Ass'n of Engineers defended (E. T. Telford) .....	letter 453, see also 304.
Amer. Ass'n of Petroleum Geologists, election .....	n742
Amer. Bauxite Co., "boy-police" force .....	n818
Amer. Blower Co., unit heater of larger capacity .....	n307
Amer. Cable Co., improved wire rope .....	n626
Amer. Ceramic Soc., meeting .....	n184
Amer. Ceramic Soc. arranges summer meeting .....	n1023
Amer. Chem. Soc. proposed as model for A. I. M. E. ....	n1063
Will feature petroleum .....	n1064
Amer. Cyanamid Co., buys Stirling zinc mine .....	n221
Amer. Eagle shaft sunk 600 ft. in 11 mos. ....	n499
Amer. Engineering Co., novel speed reduction unit .....	*1067
Amer. Engineering Council, see Engineering Council.	
American Fork district expects good season .....	n817
Amer. Institute arranges inventions exposition .....	n622
Amer. Inst. of Mining and Metallurgical Engineers—	
Amer. Chem. Soc. proposed as model for A. I. M. E. ....	n1063
Bain, H. F., to become secretary .....	*935, e953
Bain, H. F., biography .....	*996
Fall meeting program .....	n903
Meeting program .....	n184
Report .....	*343, e353
Officers, portraits .....	*344
San Francisco Section discusses employment bureau .....	n464
Election .....	n580
Opposes licensing bill .....	n304, see also 453.
Amer. Iron and Steel Institute meeting .....	n464, n783
Amer. Lead Pencil Co., new colored pencil .....	n423
Amer. Manganese Steel Co., dipper front of new design .....	n986
Amer. Metal Co., report .....	590, 790
Amer. Mining Congress defends mine valuations .....	n501
Grass Valley, Calif., chapter established .....	n384
Amer. Refractories Institute planned .....	n580
First meeting .....	n702
Program .....	n622
Amer. Smelting & Ref. Co.—Arkansas Valley smelter runs at capacity .....	n414
Buy's Bingham dump .....	n376

Amer. Smelting & Ref. Co.—Continued	
Carson patent case, see Carson.	
Closes Aguascalientes smelter .....	n663
Dividend rate on common stock increased .....	n174
Durango smelter at capacity .....	n890
Earned \$11,186,990 net in 1924 .....	n415
El Paso smelter (G. J. Young) .....	*1041
Receives shipments from Pinos Altos, N. M. ....	n27
Facts for the stockholder .....	751
Hattie property examined .....	n977
May buy Utah-Apex .....	n391
May increase earnings .....	n934
Opens office in Seattle .....	471
Report .....	*57
Smelter at Durango, Colo., view .....	471
Tacoma copper smelter and refinery (G. J. Young) .....	*557
Van Zelm, J. L., elected member of executive committee .....	1031
Amer. Soc. for Testing Materials meets June 22-26 .....	n464
Amer. Tungsten Co. produces ore regularly near Mina, Nev. ....	n775
Amer. Welding Soc. meeting .....	n580
Amer. Zinc Institute, meeting .....	n622, (P. Coldren) *782
Miners and smelters air views .....	e834
Tri-State Branch, election .....	n29
Amer. Zinc-Lead & Smelting Co., report .....	709
American, unique (A. Layman) .....	letter 852
Amphibole, report .....	1070
Amphibole, see Asbestos.	
Amulet reports new finds .....	n939
Anaconda—Andes Copper Co., bond issue of \$40,000,000 announced .....	e1
Breaks record at Great Falls zinc refinery .....	n339
Butte consolidation, rumored, would exclude Anaconda .....	n179
Cuts copper production by 7,500,000 lbs. ....	n734
Great Falls plant, improvement .....	e355
Report .....	831
Stope contracting in Butte .....	815
Will increase zinc-plant capacity one-third .....	n981
Analysis, mineral, tested methods, book review .....	744
Analysis of titanium and zirconium .....	374
Analysis of xanthate rapid (W. Hirsch, kind) 968, see also 690	
Andes Copper Co., see Anaconda.	
Annell, Prof. R. C., criticizes college students .....	e42
Anglo-Amer. Corp. of South Africa takes Rhodesian Congo Border shares .....	n1022
Anglo-Canadian Explorers buy interest in WAD .....	n862
Gets option on Rice Lake claims .....	n222
Increases capital .....	n1022
Anglo-French Exploration Co., options Rouyn Gold Pan Syn. ....	n698
Ankerite, see Porcupine Goldfields.	
Anhydrite, technical publication .....	186
Annapolis Lead damaged by tornado .....	n549
Falls .....	n700
Antamina, Peru, world's next big copper producer? .....	n540
Antimony—Assurance of current prices would stimulate output .....	n69
Canadian prices, technical publication .....	304
High prices snare Australian mines .....	n740
In 1924 (H. K. Masters) .....	92
Increased use, researchers disappointed .....	n662
Ores, technical publication .....	545, 624
Smelting, singling and doubling in .....	495
Antimony-lead separation, patent .....	944
Antler Creek, see Kafue.	
Autofagasta and Lautaro nitrate companies combine .....	n418
Anyox, see Granby Consol.	
Aquamarines, marketing (G. F. Kunz) .....	*361
Arcadian Consol has funds for development .....	n69
Argentina, foreign capital needed for non-ferrous metals .....	n820
Lead mining gains .....	n779
Argonaut buys Plymouth .....	n738, see also n455, n460, n695, n1018
Gets Plymouth mine for \$75,000 .....	n1018
Arizona—Copper mine employees, 30% increase .....	n537
Map, technical publication .....	32
Mining companies respond to "trade at home" slogan .....	n579
Quicksilver ores found .....	n898
Three new mills reflect fair activity .....	*1059
Ariz. Commercial, report .....	670
Ariz. Commercial-Iron Cap decision reversed .....	n178
Iron Cap appeals case .....	n663
Arizona-Globe ships first ore .....	*1017
Arizona Quicksilver Corp., may build reduction works .....	n1062
Arkansas, manganese mines produced 11,000 tons in 1924 .....	n68
Northern, zinc properties active .....	n701
"Armorframe" crushers .....	*467
Armstead snow-motor (F. E. Wormser) .....	*945

ENGINEERING AND  
MINING JOURNAL-PRESS

January 1 to June 30, 1925

Armstrong syndicate, Weaver placer dig- gings to be reworked	n220
Arsenic—Arsenopyrite deposits near The Pas to be developed	n26
In 1924, and prospects for 1925 (H. M. Brush)	*92
Production and stocks, U. S., in 1923 and 1924	146
Queensland production checked	n262
Recovery, patent	583
Situation in U. S.	e753
Arsenopyrite, deposits near The Pas to be developed	n26
Artificial minerals	e1
Asbestos—Amphibole deposits at Holly- wood, Ga., development and treatment (L. B. Reifmeider)	606
Canadian merger	e514, e955
Idaho-Montana Co. plans mill	n617
In 1924, and prospects for 1925 (N. R. Fisher)	94
Merger	e514, e955
Porcupine District deposit developed	n700
South African, production and grades	733
Technical publication	944
Asbestos Corp. favors merger, but on own terms	n776
Report	871
Ashanti roasting ore	691, see also 543
Ashanti Goldfields changes method of treat- ment	n543, see also 691
Pays 6d. dividend	n502
Ashland iron mine, shut down by water	n338
Aspen, Colo., rich silver ores, technical publication	32
Aspen Smelting Co. hopes to revive old camp	*457
Assaying—Chinese, curious method (A. P. Van Zwaluwenburg)	204
Computing, on total tonnages (M. Drun- zer)	252
Fake assays and assayers	e274
Give assayer time enough	e315
Nipissing assay for fine bullion (A. P. Van Zwaluwenburg)	*203
Practice on Rand, textbook	624
Problems, one of small mine owner's	e435
Assessable mining stock	e635
Assoc. Gold Mines of Western Australia plans to split interests	n70
Assoc. of Amer. State Geologists, election	n304
Assoc. of Consulting Engineers of Canada organizes	n1063
Assoc. of Professional Engineers elects Haultain	n304
Associations, trade, see Trade Associations.	
Atkins, P. M., on France wants mining journals	letter 413
Atlas Car & Mfg. Co., new car dumper	*75
Atomic disintegration, technical publication	1025
Atomic weights up to date	n580
Attorney General, see Dept. of Justice.	
Auburn mill and mine bought by Chil- dress	n256
Auction prices of mining stocks	79
Australasia in 1924 (P. G. Tait)	128
Australia—Gold, how Hargraves found it (T. A. Rickard)	49
Output declines	n418
Producers should receive bonus, is suggested	n740
Shipments from U. S.	n740
Radium mining	n303
Western, see West Australia.	
Year book, technical publication	825
Austria, magnesite industry now active	246
Vienna mint uses much silver	n820
Auto trucks, see Motor trucks.	

B

Bacon, Dr. R. F., on sulphur and pyrites in 1924, and prospects for 1925	*100
Bagdasarian, A. B., on influence of certain solids and gases on chloridization roast	*962
Bagley, E. M., on operations at United Eastern mill	*436
Bain, H. F., to become secretary of A. I. M. E.	n935, e953
Farewell dinner	n1063
Biography	*996
Bains, Prof. T. M., Jr., on continuous elec- trothermic furnaces for complex ores	*244
On oil-less flotation	*205
Balance, Eötvös torsion, new type	n424, n745
Balbach interest in Linndale bought by Nichols	n540
Ball, S. H., on Belgian Congo in 1924	127
On industrial use of diamonds	*847
On origin of diamonds	letter 371
Ball mills, see Mills.	
Bancroft, G. J., on Colorado's ore-testing laboratory	letter *62
Banka tin production, report on	529
Barbara Mountain, see United Eastern.	
Barnes, J. H., speaks on expansion of industry	*264
Barnes King, dissolution	n177, (L. S. Ropes) letter 371
Exploration campaigns	e395, see also n177
Barnsdall zinc mine sold to Grasselli	n617
Barron, G. D., portrait	*344
Barry-Hollinger starts new mill	n861
Barvtes, in 1924, and prospects for 1925 (S. W. Thompson)	*98
Base exchange in ground water by silicates, technical publication	666
Base-metal mines, British capital seeks in- vestment	n578
Base metals famine predicted	n983
Basic dikes and ore deposits	e554

Basic slag, see S'ag.	
Bassett, W. H., receives Douglas medal	*382
Batavia to study advisability of new tin smelter	n741
Bateman, G. C., on cobalt in 1824, and prospects for 1925	91
On meeting of Canadian Institute	n463
Batteries, see Electric.	
Baur, W. H., on What a prospector should know	letter 932
Bauxite (see also Aluminum)—British Guiana deposits (L. T. Emory)	*688
Deposit reported in Chihuahua, Mex.	n819
Discovery in Mississippi	e235
In 1924 (J. M. Hill)	*95, see also 768
Mississippi, technical publication	666
Bawdwin, see Burma Corp.	
Bellium, Biblical report (W. H. Staver)	letter 413
Bearings, new alloy for	n827
Beaver Consol., factions get together	n419
Belgian Congo, see Congo.	
Belgium—Belgians seek Idaho zinc con- centrates	n657
Consol. M. & S. resumes shipment of zinc concentrate to Belgium	n740
Needs zinc concentrate	n420
Zinc concentrate from Star mine for Belgian smelter	n774
Zinc shipments from Coeur d'Alene started	n936
Bell-Columbia Marble buys quarries	n658
Belmont Copper gets claims at Superior, Ariz.	n817
Belt, F. R., Co., new carbide lamp	n424
Belt, wire, continuous flexible	n866
Belt conveyor, giant (M. W. von Bern- witz)	204
Belt conveyors, speed of	694
Belt, leather, technical publication	1025
Belt, leather, care of (A. P. Child)	730
Benedict, P. C., see Fearing, J. L., Jr.	
Benguet Consol.	871
Bentonite (E. E. Wormser)	166
Characteristics and possible uses	n29
Berteaux, H. L., see Weeks, W. S.	
Best, C. L., Tractor Co. in consolidation	n627
Bethlehem Steel, report	590
Bible, mining report in (W. H. Staver)	letter 413
Big Elk mill burns	n176
Big Seven examined by Clark interests	n573
Bingham, report	590
Sells dump to Amer. Smelting & Ref. Co.	n376
Shipped 55,681 tons in Utah in 1924	n499
Bingo case, charges and countercharges, etc.	261, 341, e354, 379, 499, 659, 699, 736, 777, 857, 932.
Not Bingo Gold Mines, Ltd.	letter 932
Birch, S., biography	*556
Bisbee, Ariz., view	n341
Has Greenway day	n1063
Men and earnings	n177
Bishop, Calif., gold strike near	n659
Bismuth, in 1924 (F. Y. Robertson)	92
Determination in lead ores	1012
Ores, technical publication	624
Bits, see Drills.	
Bituminous sands, technical publication	306
Black, W. S., on mining hematite paint at Clinton, N. Y.	*927
On price and value of copper	*799, e913
Black & Decker Mfg. Co., portable electric tools	n75
Black Hills Fremont, Fremont mine to be reopened	n262
Blasting, safety in use of explosives, tech- nical publication	624
Explosives, technical publication	306
Liquid oxygen, technical publication	944
Bloomfield, A. L., leaves for Australia	*1065
Blowers, see Ventilation.	
Blowing sand filling into Champion stopes (M. W. Youngs)	*1049
Blue Bell will sink shaft	n298
"Blue sky" laws, see Legislation.	
Boggers, R. A., convicted under "blue- sky" law	n375
Boleo Copper, strike	n816
Strike may lead to long shutdown	n861
Strikers demand Governor's recall	n860
Strike settled	n900
Bolivia, mining, technical publication	225
Bonanza to build new mill	n617
Bond, F. C., on lead in silver bullion	170
Bonding refractories, technical publica- tion	74
Bonnet Co., coal pulverizer	n626
Bonus system, technical publication	944
Books—"Chapter in American Education"	666
"Coal and Civilization"	624
"Composition of Technical Papers"	944
"Constructive Merchandising"	582
"Crushing and Grinding Machinery"	704

"Year Book of Amer. Bureau of Metal Statistics"	1066
Booth, G. H., on equipment and operation of Inspiration's Porphyry shaft	*476, *477
Bootleggers, Colorado Fuel & Iron way with	n262, e275
Borates, technical publication	865
Borax, in 1924	101
Boston & Montana, property to be sold	n67
Botsford, R. S., see Butters, C.	
Boulder, Colo., plans to grubstake pros- pectors	n734
Boulder County mill, view	n178
Bowl classifiers, see Ore Dressing.	
Bowles, O., review of "Non-Metallic Minerals"	1025
Review of "Limestone Resources of Illinois"	1066
Braden, E. B., biography	*636
Braden producing 15,500,000 lb. a month	n65
Report	831
Bradley, F. D., on mining engineering edu- cation	letter 570, see also e234
Explains Bunker Hill cap- italization increase	n*24
Brick, fireclay, spalling of	766
Brightly, H. S., on marketing of Indiana limestone	*237
Brinell hardness, technical publication	582
Brinsmade, R. B., on Taxco	*1050
Briquetted mineral grains, new method of preparing, for microscopic study (R. E. Head)	*889
Briquetting, patent	865
Briquetting zinc ores, technical publica- tion	666
Bristol Silver will install hoist	n1059
Britannia, produced 26,400,000 lb. of cop- per in 1924	n176
British capital, etc., see Great Britain.	
Brit. Amer. & Foreign Corp. buys two mines	n540
Buys Yankee Girl and Dundee, is report	n737
Not bought by Mond or Internat'l Nickel	n817
Brit. Amer. Nickel Corp., \$5,000,000 bid for	n540
British Canadian Mines, Foley builds mill	n539
British Columbia—Dividends, mining	n897
Eastern, mining convention	n783
Geology, technical publication	74
Gold finds, Dease Lake and Cassiar dis- tricts	n177, (N. Thompson) letter 413
Lynn Creek, Trites will prospect	n417
Metal output gains 25.3%	n65
Metal production, 1924, \$48,600,000	n620
Mineral output, 1924	n463
Nickel find	n456
Ootsa Lake district, Trites bonds silver lead prospects	n414
Platinum discoveries reported	n898
Portland Canal, see Portland Canal.	
Power project in northern British Co- lumbia	n538
Roads to mines to be built	n981
Slocan district strike	n663
Brit. Col. Chamber of Mines, meeting	n224
Brit. Col. Div., Canadian Inst., meeting (T. A. Rickard)	*422
Brit. Col. Mining & Dev. Co. to develop Burns Lake claims	n65
British Guiana, bauxite deposits (L. T. Emory)	*688

Union Copper, report . . . 1030

Union Corp., San Francisco has ample funds n420

San Francisco report shows improvement . . . n303, 431, 698

Union, Minière, du Haut Katanga, see Katanga.

Union Sulphur Co., mine worked out . . . n220

United Eastern, Barbara Mountain development operations at (E. M. Bagley) . . . \*436

Options Barbara Mountain . . . n118

Sues Tom Reed . . . n298

United Filters Corp., design modified . . . n424

United States, concentration of industry. e833

Isolation or participation? . . . e795

Outlook for 1925 (A. B. Parsons) . . . \*118

Shall Government finance construction of debris dams? (Maj. H. A. Finch) . . . 805, e914

U. S. Bureau of Mines, see Bureau of Mines.

U. S. Bureau of Standards, see Bureau of Standards.

U. S. Chamber of Commerce, meeting . . . n604, n783, n904

U. S. Geological Survey, see Geological Survey.

U. S. Smelting, Ref. & Mining Co.—Buys Hammon dredges . . . n376

Buys Toledo-Gold Hill arsenic property. . . n70

Mammoth smelter to shut down in August . . . n937

Midvale smelter, flotation plant to be erected . . . n\*337

Report . . . 709

Zinc no longer the goat . . . e515

U. S. Steel Corp., leases zinc lands . . . n298

Report . . . 590

United Verde—Bonus system, technical publication . . . 944

Defendant in smelter smoke suit . . . n456

Employees benefit by Clark bequest . . . n900

Jerome, Ariz., water shortage . . . n700

Mining methods (G. J. Young) . . . \*357, \*397

Steam shovel mining . . . 892

Will have mill . . . n222

United Verde Extension, denies unfavorable mine conditions . . . n776

Holdings valued at more than \$30,000,000 . . . n776

Pays \$278,889 on 1924 tax; not enough . . . n1059

Report . . . 389, 791

Universal Exploration Co. to develop prospects in Joplin-Miami . . . n737

Universities, see Education.

Uranium, in 1924 (F. L. Hess) . . . 93

Urquhart, L., views on Russia . . . n70

Uses of metals in early times (C. A. Grabb) . . . \*247

Utah—Geology, technical publication . . . 625

Governor a mining engineer . . . e155

Iron ore, making pig iron from (G. J. Young) . . . \*209

Leads metal-mining states in output and dividends . . . n221

Mining and metallurgy, technical publication . . . 704

Ore shipments up . . . n539

Silver mine superintendents from Utah. e42

Southeastern, radium-bearing silts (G. O. Williams) . . . \*201

Southern, vanadium mining . . . n337

Utah-Apex—Earnings increase with lead price . . . n178

Earns quarterly dividends in month . . . n377

Heavy producer . . . n573

In good financial condition . . . n619

May be bought by Amer. Smelting & Ref. Co. . . . n260

No litigation with Utah-Delaware . . . n1015

Shipping 1,000 tons daily from Bingham . . . n260

Utah Chapter, Amer. Mining Congress, election . . . n622

Utah Copper, see Kennecott.

Utah-Delaware, no litigation with Utah-Apex . . . n1015

Utah Iron Ore Corp. will increase ore output . . . n663

Utah Soc. of Engineers meets . . . n29

Utah Univ., School of Mines, needs of . . . n29

Utility, public, see Public Utility.

Utilization, scientific, of mineral resources e673

V

Vacuum filter, patent . . . 1026

Valuation, revaluation of copper and silver mines by Treasury Dept. (A. B. Parsons) . . . n537

Valuations, mine, defended . . . n501

Valves, alloy for use in . . . n347

Vanadium, extraction, patent . . . 545

Hauling sacked ore from Mina Ragra, Peru . . . \*124

In 1924 (F. L. Hess) . . . 93

Ore quotations . . . 374

Patent, recovery . . . 744

Plan to start mining in southern Utah. n537

Recovery, patent . . . 826
