ANNUAL MEETING CIVIC ASSOCIATION

The annual meeting of the Narberth Civic Association will be held Thursday evening, March 21, 8 o'clock, at the Y. M. C. A. Announcement of the speakers will be made later. An unusually interesting meeting is anticipated, and all Narberth organizations are invited to attend, as it is hoped to have a speaker thoroughly familiar with civic affairs, both local and national.

The co-operation of the Community Club has been secured, and reports are expected from the Treasurer of "Our Town," and from the Chairman of the Park Development Committee. The election of officers and directors for the coming year will also be held. Citizens are requested to keep this date open.

WATER'S BAD TASTE DUE TO MELTING ICE

Dissolving Snow, Too, Adds to Disagreeable Tang, Says Company Official—Water Now Clearing

For the last week or so residents of Main Line towns and other suburbs have noticed a most disagreeable taste in the water they drink. A great number fear that the drinking water is not the real aqua pura which is the pictured rarity of every suburban stronghold, but a breeder of malevolent disease. Accordingly, they have been using bottled water to slake their thirst. Meanwhile, the indignant inhabitants never have ceased to pour a stream of complaints into the offices of the Springfield Water Company, which serves the drinks to all the Main Line towns.

An official of the Springfield Water Company listened patiently to the recital of the Main Line water woes, assuming the mein of one to whom a story has been repeated times innumerable and then, with smiling countenance, pleaded guilty for the water to all that was said about it by the anxious householders. He said:

"It is true that many complaints have come into our office within the last week, and they are entirely justified. The cause of the bad taste in the water is traceable to the melting of the ice and snow. They enter into solution with the drinking water and take with them an unpleasant, acrid taste. When the ice covers the water gases collect and they cause a bad odor.

"There is no danger of the drinking water being contaminated, because we have a bacteriologist, make a thorough examination of it every morning. In general, there is little fear of disease from the decomposition of vegetable matter. Inside of a week, or perhaps less, the objectionable taste will disappear.

"Perhaps another reason for the protests may be found in the excellent service we have always rendered. It has made the people so accustomed to first-class water that when it gets a trifle off color they magnify its importance."

THRIFT STAMP SURPRISE FOR SCHOOL PUPILS

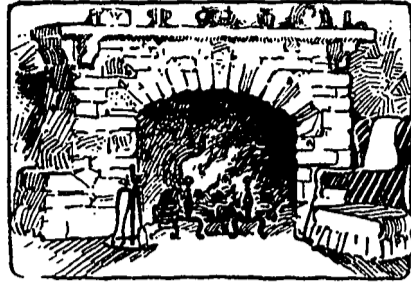

The 488 pupils attending the Public School of Narberth were given a pleasant surprise and a practical inducement to begin saving by purchasing Thrift Stamps at the Washington Birthday exercises on Thursday, when each pupil was presented with a Thrift Card with a twenty-five cent Thrift Stamp affixed thereto. It was found that a majority of the pupils of this school had begun buying the stamps, but these were also given a card and stamp.

The plan was proposed by Postmaster Edward S. Haws, who after submitting it to the school authorities, and receiving their approval, interviewed several influential and patriotic men who gladly contributed to the fund of \$122 required to purchase these stamps. The presentation was made to the assembled pupils as a part of the Washington Birthday exercises by Postmaster Haws, who explained the splendid opportunity the pupils have to help back up our soldiers in a practical way, and at the same time they will be taught thrift, a virtue very much neglected during recent years in our country. The object was to make the Narberth School a one hundred per cent, school in buying Thrift Stamps and War Savings Stamps. This is now accomplished. President McCarter, of the school board, then proposed that Narberth be made a one hundred per cent, town through the help of a one hundred per cent, school and the other agencies at work. Every man, woman and child in the borough should be prevailed upon to do his patriotic duty and purchase some stamps.

SUFFRAGE NOTES

Let Our Senators Know How You Stand. Are we going to align ourselves with our allies in this fight for democracy or with our foe? England has granted suffrage to its women; Canada has done the same; the French Chamber has promised it; the Italian Premier has pledged himself; King Albert of Belgium has said if his kingdom is ever restored, one of the first things he would endorse would be votes for women. Only in Austria and Germany has there been no progress in woman suffrage since the war. Will the United States remain in the class with the autocratic countries, while we are making the world sane for democracy?

Let each man and woman who at this time feels that we must have democracy at home by granting equal suffrage, write a letter to our Senators, Hon. Boies Penrose and Hon. Philander C. Knox, Senate Chamber, Washington, D. C., urging their vote for the Federal Amendment. It is not necessary to be a member of the Suffrage party to do this small thing, but if you are an American who believes in this wonderful woman's movement, take a few minutes from the many duties of these strenuous times and let our Senators know how you feel.

THE FIRESIDE

Betty Baxter's Gossip

THE Narberth Guard drills every Thursday evening in the Fire House, 8.15 to 9.15 P. M.

Postmaster Edwin S. Haws spent the week-end in New York and Brooklyn.

Sergeant Henry T. Nash, Jr., of the 59th Aero Squadron, has arrived safely in France.

Mrs. Carroll Downes and Mrs. William S. Maddox are spending a few days in Atlantic City.

Mr. Harry Joslin entertained Private William C. Dennison, from the Navy Yard, over the week's end.

Russell Ross and family have come to Narberth to live; they have taken a house on Chestnut avenue.

Thrift Stamps are on sale at the following places in addition to the Post Office: The Bank, Fiedler's, Davis', Howard's and Mrs. Peters.

Bear in mind Food and Clothing Conservation demonstration to be held in Community Rooms of the Y. M. C. A., on Tuesday, March 5, at 2 and 7 P. M.

Mr. M. L. Hatch is a recent new arrival in Narberth, having lived formerly in Boston, Mass. Mr. Hatch is with the Pennsylvania Railroad Company.

Mrs. B. F. Siegert, of Sharon Hill, and Miss Lydia and Miss Mary Hess, of West Philadelphia, were entertained at luncheon by Mrs. Richard Gifford of Dudley avenue.

F. Alan Rose has passed an examination for the Naval Aviation and is now at the Naval Aviation base near Norfolk, Va., and just across the harbor from Old Point Comfort.

Miss Conway, sister of Mrs. S. A. Rudolph, and formerly of Narberth, will return to this town where she expects to make a two-family apartment house out of her property on Chestnut avenue.

Sales of War Stamps at Narberth amounted to almost \$800 for the week ending February 23. This is the "Banner Week" since the sale began in December. Every person in Narberth should buy some of these stamps.

You can get the address of your friend who is in the service by looking at the list posted in the lobby of the post office. When you get his address write him a letter or send a card, it may cheer him up a bit. The boys all like to hear from back home.

It will doubtless interest the friends of Miss Ethel Ridge to learn that she appeared with conspicuous success in a recital given in the auditorium of the Combs' Conservatory of Music, Philadelphia. The selection rendered by her was Schumann's "Soaring," and her work on this occasion was characterized by a musical understanding and interpretative power far above the average.

A lecture which should prove both entertaining and instructive is to take place in the Bryn Mawr Theatre, on

ARCADÉ THEATRE, NARBERTH

HELP PAY FOR THE Y. M. C. A. PIANO

A motion picture benefit is to be given at the Arcade Theatre on Thursday, Feb. 28th, both afternoon and evening, to help pay for this piano.

The afternoon performance at 3.15—Robert Louis Stevenson's Treasure Island was procured especially to please the children. It is a first-class film produced by the Fox Film Company with the same children who participated in Jack and the Beanstalk in the various roles. Parents may feel free to send their children unaccompanied, as chaperons will be in charge of the afternoon performance.

The evening performances at 7 and 9, include "Betty Takes A Hand" and "In Wrong Right." Betty Takes A Hand is a comedy drama produced by the Triangle Film Company, and additional interest is given to this photoplay by reason of the fact that One Thousand Dollars was given for the story on which the play is built in a competitive contest. It is a high class comedy drama well worth seeing.

In Wrong Right is a movie which produces much laughter and, a good laugh always does one good.

This Afternoon and Evening.

ARE YOU DOING YOUR BEST IN HELPING TO WIN THE WAR?

Meetings and demonstrations will be held as follows: March 5, Community Room, Y. M. C. A. Building, Narberth, Pa., at 2 and 7.30 P. M. Mrs. Edward Y. Hartshorne, of Haverford, chairman of Food Conservation will also officiate.

Our boys in the trenches can only use certain foodstuffs. Are you saving these for them? We must know what foods to save for the boys, and what substitutes to use at home for ourselves so that we may keep healthy for the strenuous work that Uncle Sam expects of us during the war.

We must also know what clothing materials to use so that we can save our very limited supply of wool for the comfort of our soldiers boys who are exposed to every kind of weather. Because of the world food situation and the scarcity and high prices of textile fabrics every woman wants to know more about food and clothing materials.

These facts will be included in FREE PUBLIC demonstrations to be given by Miss Belle Hubbard, of the Extension Department of Home Economics of The Pennsylvania State College. The meetings are under the direction of the Country Fair Bureau co-operating with the Food Supply Departments of the Women's Council of National Defense and the Committee of Public Safety.

Do not fail to attend these meetings.

FIELD GLASSES FOR OUR SOLDIERS

If you have a pair of field glasses on the shelf or in the closet, advise Postmaster Haws, who will call for them and forward them to the Chief Signal Officer at Camp Hancock, Ga. High power glasses are very essential in war, by their absence an officer might lose a number of his men or a ship. Let us not consider our own pleasure when the boys need them so badly.

Open Your Heart and Your Mind to This Fact, Kind Narberthites

Home charities should not be penalized in order to give relief to the suffering folk abroad. All of us must open our hearts and our pocketbooks and give more freely and generously than ever before. There's no compromise possible—those who have only a little must make it possible for those who have less to have a little more.

Each year in normal times the Junior Circle King's Daughters, has given an amateur theatrical of one kind or another—and this show has been one of the social events of our home-town season. The money made by staging this show has been turned over to the Holiday House Fund, which, briefly, means that children from Philadelphia's crowded tenement districts get a chance to know that there is such a thing as "the country." They live in and enjoy this "green paradise" for at least one week.

This year, because of war conditions, there are so many things to be done that the girls of the Junior Circle felt it unwise to spend the required time in preparation of their usual show.

EDITORIAL

The intersections of Grayling, Hamden and Iona avenues with Haverford avenue are in very bad condition. Foot passengers are compelled to make wide detours at these crossings, and avoid piles of rough stones on both the Narberth and Anthwyn sides of Haverford avenue, or else use the roadway in place of the sidewalks. This could be remedied at very little expense.

We understand that the suggestion recently made to convert the station building on the north side of the track into a Postoffice is receiving serious consideration by the engineering department of the Pennsylvania Railroad, and that detailed plans and drawings are being made. The inconveniences both to the public and to the Postoffice officials is so great under present conditions, that this is very welcome news. That some definite announcement will be made in the near future is the wish of every citizen.

Last year's community gardens were such a decided success, that still better results are anticipated this year, due to the experience gained by our amateur gardeners. The necessity is very much greater, as the prospects of food shortage are daily becoming more apparent. The more we are able to raise for our own use, the more will be available for those

who have no opportunities for gardening.

In this connection, we call attention to the importance of securing seeds as soon as possible, before the supply becomes exhausted. Many have already placed their orders, and the high prices are a sure indication of the great demand existing. In a very short time, it will be necessary to prepare the soil, and arrangements should be made for ploughing or digging and fertilizing.

From the Reporters' Nosegay of the Philadelphia Record we clip the following article, which will, undoubtedly, interest our readers, inasmuch as Mr. Braden is a resident of Narberth:

There are a lot of people who believe that a man who drinks any alcoholic beverage is either crazy or a fool, but to have conditions reversed and be accused of being a lunatic because he drank coffee after his dinner instead of wine was the novel experience of George W. Braden, Director of Instruction at the Central Y. M. C. A., who is now on his way to Italy to assume charge of athletics and recreation for the armies of that nation. In a letter received from Mr. Braden last week by the workers at the Central Association, he told of this experience. While on his way to Italy Mr. Braden toured France studying the methods employed there to keep the armies of Great Britain, the United States and heroic France in physical condition. One night he stopped at a small hotel near a French training centre. A party of French civilians were dining at a table near where he sat. After dinner he ordered a cup of coffee and pushed the ever-ready flagon of wine to one side. The party of Frenchmen immediately started an investigation to ascertain whether he was sane, but he convinced them he was.

BANKS WILL CO-OPERATE

Replies to the telegrams of Secretary McAdoo to all the banks of the country announcing the offering for subscription every two weeks between now and the opening of the next Liberty Loan of Treasury Certificates of Indebtedness in amounts of \$500,000,000 or more, have been received in large numbers.

The thousands of telegrams from the banks all strike one patriotic note, and the whole-hearted co-operation of banks and trust companies is assured the Government "without stint or limit."

A BIT OF FINANCIAL HISTORY

The credit of the United States was so high and unquestionable that in 1900, two years after the Spanish War, 2 per cent. bonds were offered at par and oversubscribed. This is a financial performance no other nation has ever equaled.

United States 4 per cent. bonds in 1888 sold as high as 130 and in 1901 brought 139 7-8 on the stock market.

The United States has never defaulted on any of its bonds. Not one of its bondholders has ever lost a cent of principal or interest except those who voluntarily have taken losses by selling their bonds in a period of temporary price depression. One hundred cents on the dollar, principal and interest, has the United States always paid.

Back of the \$250,000,000,000 to \$300,000,000,000 of our national resources stands the rugged honesty of America. Liberty Loan Bonds are the safest security in the world.

DEPENDENCY RULE DECIDED

Select With Wife or Children Needing Support Will Go Into Class VI

The status of married men with either wife or children mainly dependent upon them for support has been established by the Adjutant General in correspondence with Walter Willard, chairman of District Appeal Board No. 2 of Philadelphia. In all cases where either the wife or children or both are largely dependent upon the registrant for support, the classification will be under Section A, Class IV.

Local boards have been puzzled in regard to the question of classifying married men.

This ruling from Washington disposes of any possible question as to the class of dependency. Local boards were devised definitely upon the problem that has given them so much difficulty and henceforth no married man with dependents will be placed in Class II.

COMMUNICATIONS

To the Editor of Our Town:

Some one has said, "People who live in glass houses should not throw stones." Here is the CUB heaving rocks at poor me who only now and then makes use of a nome de Plum, while the Cub never does anything else; it is not fair!

Dear Cub:

I am taking your suggestion under consideration and may offer a shrub, tree, etc., free, but only if it is planted in front of the property where it may be seen. A flowering tree in front of each of the newer houses would be worth while. I will see.

My Dear Sir:

Several days since we received from you a Parcel Post package containing glasses as follows: Mrs. Norman Jeffries, one pair; Mr. A. A. Chalker, one pair; Mr. George W. McKee, one pair; Mr. W. G. McDowell, one pair; Mr. J. H. Jeffries, one pair; Mr. F. H. Hewitt, one pair glasses and one telescope.

We have acknowledged receipt to each of the above parties and shall also endeavor to have the men to whom these glasses are issued send direct acknowledgment to the respective donors.

The efforts you are making in our behalf are greatly appreciated and we wish to commend you and all the good people of Narberth for patriotism and generosity.

Very respectfully yours,

To the Editor of Our Town:

The reason a bear can climb a tree is because he has no collar-bone—at least, so I have been told. And a to what kind of criticism it is, if what has been going on can be called such at all, I really do not know. Destructive and constructive, bromidial though they are, I cannot define them, and it might be just as well to say the first can apply to what we don't like and the second to what we do. The copy-books may have it different, but most of us have been away from the copy-books for a long, long while, 'tis pity. Let it be known, however, that it's an earnest quest I make, a well-intentioned one, and I did feel a jarring note would not be amiss in a constant chorus of mutual adulation, for isn't there another copy-book maxim which is something to the effect that uninterrupted serenity makes for stagnation? And married man that I take you to be, Cub, surely you must know that one equally situated is hardly likely to start anything unless he feels very sure that something real, tangible, worth while and wholly praiseworthy is to come out of it all. That, then, is what I have in mind and you must come and say that there's a bit of merit in the pokes I feel it is proper to distribute. Look at your poor editor, there, with his weekly struggle to fill the paper. He doesn't say so, it's true, but I know those with a similar job, and the earmarks of a short supply are plain to me. Do you think, for instance, he would have let the auditors' report this week run over two pages if something else had come along to fill the extra space? Not for a minute would he, says I, when he knows as well as you or I that a single column set in agate type would have presented the results in a much more effective fashion. And what better could come along than the excellent reports of the various civic committees to which work has been assigned—committees which have accepted on behalf of all of us certain duties which make for the welfare and progress of the community and about which we are very keenly interested. Why, then, keep us always and forever in the dark, says I, for after all some of us might lend a hand, if it were wanted, and neither will it do a bit of harm to be a little more clubby, let's say, or, as the gentleman who wrote before said, a little more democratic, though like you Cub, I'm a mite suspicious of the Democrats. Wasn't it for some such thing the paper was started, after all, not altogether to record the fact that Bessie Jones has gone to Oriskany to determine the probable balance of her rich aunt's life, or that Luke

WOHLERT HEAPS COALS ON HEAD OF CUB

To the Editor of Our Town:

The Cub suggests that I donate a plant or a tree to all comers—that my judgment in such matters would be accepted without question because of my experience, etc., or words to this effect.

Narberth aims to have showy Japanese flowering cherry trees in each yard to attract favorable attention to the town during the season of bloom. A great many trees have been planted during the past two years, but the plan has not been the quick success we all desired. This is due, in part, because the trees have not been cared for as well as they should have been and have grown but little.

To this movement, the Garden Nurseries have given aid in many ways. Further, I have already donated a large number of Japanese flowering cherry trees to the community, having planted them, with a good assortment of other flowering trees, in Narbrook Park. They should very soon prove an attraction to our own residents and those outside the Year-Round Home Town as well, if properly cultivated. I am convinced that they should draw as many persons to Narbrook Park as the Horticultural Hall flower show does to Fairmount Park.

The space in Narbrook Park is limited and I have often wished to plant flowering trees of quick growth where they would attract attention. Tentatively, I have decided on Dudley and Conway avenues, and on the lots facing Montgomery avenue and on Wynnewood avenue, South Side.

The trees, of course, must be planted where they can be seen from the street, as the object is to increase the beauty and attractiveness of the town—not particularly of the individual lot. To be sure, the appearance of each lot would be enhanced; but what we wish to accomplish is to have the scheme appear as a community plan, so that when one stands on Windsor avenue, and looking up any of the avenues referred to he will see a blaze of glory in pink, white and crimson.

I shall try to put over this plan, in spite of the Cub, this year and have hopes that I can get some support from the public, generally; but I believe I can count on at least three men of our town to help, if the cost is too great for me alone.

The trees I propose to use are the flowering Persian double peach. They come in snow white, blush, pink, rose and crimson. The trees grow equally as fast as the common peach, which is quick. Planted this spring they would be big enough in 1919 to make a grand display.

As my reward, I shall get a lot of free publicity when the trees bloom. And then it will be possible for my

friend the Cub to hand me another bouquet.

How many would like to have the suggestions outlined put into effect? Let's hear from you through Our Town.

A. E. Wohlert.

CUB'S WEEKLY LETTER

To the Editor of Our Town:

Only because the "Public Ledger" is a daily and Our Town is a weekly was the former enabled to get a beat on us and publish our Burgess' lecture to the Narberth school children on the "Evils of the Cigarette Habit."

It is now rumored that the Burgess will endeavor to have Council pass a law discharging any one on the borough payroll who smokes cigarettes during working hours or at any other time. The famous lecture will be delivered to the members of the Forum at its next "smoker." Our leading public official, who seems to be Burgessing with a vengeance, will furnish the cigars. It is said that he's aiming his crusade at the Street Commissioner and one of the School Directors.

As the story came out originally, Ed Haws presented the school children with one hundred and twenty-five dollars in Thrift Stamps. As a matter of fact, Ed conceived the notion of eliciting the aid of several open-handed and public spirited residents of Narberth and vicinity and with their help carried the project through. In consequence every student received a card bearing a 25-cent stamp. This will encourage the youngsters to save their money and fill the cards, which will incidentally teach them the value of saving and, what is more, patriotism. Of course, it isn't necessary to mention the fact that the Narberth Postoffice furnishes the stamps and also that our wily Postmaster received substantial publicity, but why shouldn't he?

Most any gift will depreciate with time, but the gift of two \$5 Thrift Stamps presented by the Ninth Grade to the High School will not. A more graceful and patriotic medium of giving would be difficult to imagine, especially as it represented the savings of the scholars, obtained by much self-denial.

Headline in last week's paper—"War Instructions for Women of Narberth." Wonder if it was a married man who suggested that.

According to the Borough's Treasurer's report, there is a nice little sum due for taxes, same dating as far back as 1910. We don't need to feel ashamed, though, you ought to see the reports from some of the high-brow places not so far away.

One of our new Councilmen suffered a unique experience last week. He decided to give a theatre party, but bought the tickets before sending out the invitations. He received but one acceptance and that was his own. Never mind, Bill, invite me next time and you'll be sure to have company. "Cub."

Information regarding Thrift Stamps or War Savings Stamps fully furnished at the postoffice.

PLANT A FLOWERING TREE

And help to make our town the most attractive village in the Philadelphia Suburban District

The double flowering peach is the quickest growing flowering tree and the most showy. Plant the tree where it can be seen from the street. I offer them at cost to help introduce the plan.

25c each, five trees for \$1.00

The Japanese flowering cherry is, on the whole, a finer tree, but not so strikingly showy, nor as fast growing:

7.45 P. M.—Evening worship. Sermon theme, "The Balm of Gilead."

Church Notes

The prayer meeting this week is at the home of Mr. W. J. Peebles, 109 Iona avenue. Next week it will be held at the home of Mr. L. W. Nickerson, 111 Elmwood avenue.

The Men's Bible study class is making elaborate plans for the social on next Friday night at which every man in the congregation is invited. The meeting is at the home of Mr. Peebles and will be in the nature of a reception to the teacher of the class, Mr. Howard A. Banks.

A communicants' class for children will be organized on Sunday afternoon, March 10, by the pastor. On the morning of that day there will be a special sermon for parents.

BAPTIST CHURCH OF THE EVANGEL

Rev. Avery S. Demmy, Pastor

Hours of service:—

Sunday

9.45 A. M.—Bible school. Classes for all. Everyone welcome.

11.00 A. M.—Morning worship. This will be a communion service.

7.00 P. M.—Young people's meeting.

7.45 P. M.—Evening worship. Sermon by the pastor; subject, "The Value of the Soul."

Week Day

8.00 P. M.—Mid-week service. This will be a service of song and prayer. A large number are finding in these services great help and encouragement in times of distress.

Church Notes

In spite of the many handicaps that are now placed upon nearly all organized religious work, it is quite gratifying to know that this church is experiencing a steady and natural growth in all lines of her church work. The constant attendance in good numbers at the various services and the deep interest manifested make the services attractive and helpful.

Any who are not regularly attending divine services elsewhere are invited to worship with us. We shall be glad to welcome you to any or all of our services. If you are looking for a church home, come; we can help you; if you are looking for church work, come; you can help us.

All communications must bear the writer's signature, although the signature will not appear in the published article, unless wanted. We cannot publish unsigned communications.

WEATHER-WISE POLITICS STIRS OLD MONTGOMERY

"Wet" and "Dry" Get Ready for the Tussle of Their Lives, Splitting the G. O. P.

WATSON AND STITES AT IT

Congressman Likely to Have Lively Opposition for Attitude On Suffrage

Norristown, Pa., Feb. 23.—Both District Attorney Anderson and First District Assemblyman Fletcher W. Stites had a splendid opportunity this week to show themselves before powerful political workers, the township supervisors, who were assembled from all parts of the county in annual convention.

Anderson has been mentioned as a possible candidate for the Republican nomination for Representative in Congress. So has Stites. Stites' record is of progressive Republicanism, while Anderson has been identified with the old organization. Each had a well-prepared speech, and put his best foot forward.

That Henry W. Watson, present Congressman, will be given his "bumps" this time it is predicted on all sides. Aside from his small service in the House he has brought down the wrath of the prohibition and woman suffrage elements upon his head, by his opposition votes on these progressive measures, indicating that he is imbued with Penroseism and all for which that stands. He has the backing of many manufacturers, through the influence of Joseph R. Grundy, president of the Pennsylvania Manufacturers' Association. But when it comes to going along with a political program the manufacturers of Montgomery country are different from those of Bucks county.

The "wet" and "dry" question will enter into the primary campaign, and enter very strong. In all probability the "wet" candidate will be Watson, and the "dry" candidate, Stites. The latter, in his voting at Harrisburg, has demonstrated his "dry" proclivities. Stites is a good stumper, better than Watson, and in a campaign he could give a good account of himself, as he did in the campaign in the First Legislative district for Assembly, when he won the nomination against the organization candidate and influence. He is an old U. of P. athlete and a base ball pitcher, who was the best in the Main Line League. It would not be surprising if he would demonstrate this prowess with Watson and strike him out.

MAIN LINE LEAGUE

Prospect for Good Base Ball Organization This Season

Ardmore, Pa., Feb. 23.—At the re-organization meeting of the Main Line League recently the election of officers for the coming season was unanimous, with the following being chosen for the respective offices: President, David S. Ludlam, of Ardmore; first vice-president, A. A. H. Canizaris, of Wayne; second vice-president, M. B. McKenzie, of Philadelphia. Charles A. McCrear was re-elected to the office of secretary and treasurer for the sixth consecutive season.

The league officers and managers find considerable work ahead before finally completing the circuit and arranging the schedule. The fans are greatly elated over the fact that Harry Davis will be playing with the Autocar team in the Main Line circuit this season. Inquiries are being made as to whether the Berwyn Club will have the services of "Jack" Lapp, whose first work on the base ball diamond was with his home town club in that borough.

A Main Line Leaguer who will be found with the Athletics this season is James Dykes.

Application was received from Thomas W. Hammond, who wishes to place a team in the circuit from the Bryn Mawr Fire Company. This team would be captained by William Rogers, of Bryn Mawr.

WAR INSTRUCTION FOR WOMEN OF NARBERTH

Bryn Mawr and Vicinity Demonstrations in War Cooking Will Be Given at Ardmore February 26 and 27, and at Community Centre, Bryn Mawr, February 28 and March 1—Will Help Win War

The law regulating the sale of wheat flour has caused consternation in some families where the housewives cannot figure out how they are to use an equal amount of substitutes and have palatable and nutritious foods.

Miss Hubbard, an expert from State College, and working under the supervision of the State and National governments, will be in Ardmore on Tuesday and Wednesday of next week, February 26 and 27, to give practical demonstrations in war cooking and will also give information as to how women in the conduct of their homes can be of the greatest aid for the success of the war.

The meetings will be held in the Library Building on Ardmore avenue at 10.30 and 2.30.

The meetings are held under the direction of the Woman's Committee of the Council of National Defense of Montgomery county.

All the women of the community are invited to these lectures and demonstrations.

The topics covered in the discussions and demonstrations will be:

1. The value and uses of grains and grain products.
2. (a) The meat savers and substitutes to give the underlying principles which show what foods may be used in place of meat.
(b) The selection and use of clothing materials.
3. (a) What fats and sweets may be used and how.
(b) The making of a foundation pattern to be used for cutting and making undergarments, simple dresses and shirtwaists.
4. (a) The selection of food materials and the planning of meals to meet the body needs.
(b) The care and repair of clothing.

The league officers are: Robert G. Savill, president; George E. Mathias, first vice president; James Oakley, second vice president; Charles A. McCrear, secretary and treasurer.

NARBERTH GUARD

The officers desire to inform any recruit that we have separate squads for men who are not familiar with military tactics, so the fact of your not having had former experience need not prevent you coming out to drill, one hour Thursday evening, 8.15 to 9.15.

How we hate people who catch us in the act of doing things we ought to be ashamed of.

SALE OF WAR SAVINGS STAMPS AND THRIFT STAMPS IN NARBERTH

The people of Narberth are urged to take more lively interest in the sales of War Savings Stamps and Thrift Stamps. It is necessary to greatly increase the sale if Narberth is to establish a record in this sale to equal the splendid ones made in sales of Liberty Bonds and contributions to the Red Cross and Thirty-five Million Dollar Y. The above department should be of the greatest use to the community. The list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register. As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
