"SEEDS FOR THE SOUTH"

FALL, 1933

TO THE MAN BEHIND THE PLOW

The civilization of today is facing a crisis. The tremendous overhead in carrying on the various branches of industrial activities has become so heavy that every vocation is staggering under the load it has created.

This is not the first period of hard times that this country has experienced. Each time by slow process, recovery has come. The class that is the safest is the class that produces its own food. The Man Behind the Plow can grow the wherewithal to feed himself and family, he has first chance and first choice of the products of the soil which the teeming millions of the earth are fed. In those parts of the country where farming is diversified, the farmer is independent and self-dependent. Crops should be planted for self-protection.

Let us hope that we shall soon see the heralds of a brighter day looking on the horizon. Let us work to that end with a steadfast determination to rely upon the first great vocation of the human family.

STECKLER'S WHITE SHALLOTS

Planted August to March. For home consumption and Northern markets. About 6 bushels per acre in 4-foot rows.

The quantity to be expected from an acre, if planted in field culture, 4-foot rows, would be from 50 to 60 barrels, but if planted, as is done near New Orleans, in 2-foot rows, 100 to 125 barrels, if planted in August and September. If planted later, they do not multiply so well. Quart 20c; gallon 60c, postpaid. Write for quantity prices.

FLOWER SEEDS

FALL, 1933

BEAUTIFY YOUR HOME GROUNDS . . .
YOU CAN HAVE FLOWERS ALL SEASON

The Flower Seeds we offer are of the best strains and grown by the most reliable growers in America and Abroad.

Our Flower Seed list has been carefully revised and some new varieties added and the inferior kinds omitted, so that there is nothing in the list but what is worthy of cultivation and if reasonably cared for will give satisfaction. Our aim is to offer the best quality. No home is complete, whether large or small, without a Flower Garden, grown from STECKLER'S SELECTED FLOWER SEEDS.

Flowers beautify your home grounds, they are essential to happiness and what money is expended for them will bring full measure of enjoyment to the purchaser.

Better Lawns—Better Vegetables—Better Flowers

You can have better lawns, flowers, and vegetables, if you use hardy, disease-free seed and the right plantfood.

Plants, like human beings, must receive the right nourishment. Vigoro provides an economical, practical, and effective way to secure finest results. Economical because the cost is only 10c to 20c for every 100 square feet. Practical because it is clean, odorless, easy to apply—can be sown by hand like grass seed or applied with an ordinary kitchen colander. Effective because it contains all of the elements of plantfood required to produce early, vigorous growth and bring fruit, flowers, and foliage to full development. Complete directions in every bag.
