A Sketch of Our Clubhouse

Shortly after the organization of the Woman's Club of Raleigh in 1904 it was felt that a home was a prime necessity, that without it the work was hampered and the members' interest desultory. How could it be done, without resources, or income save the small dues, was the problem the Executive Board faced in 1906. But they had the vision of pioneers, and, led by Miss Fannie Heck, a house and lot on Capitol Square was purchased for \$7,000. It was an old residence that required remodeling, and a canvass of the members raised the money for this, and in October, 1907, the Club took possession of its first home, the first woman's clubhouse in North Carolina. Here it grew and flourished, the debt was finally paid, but hardly before the Club felt the need of a modern, up-to-date building to house its increased membership. In the years that had elapsed the organization had found itself, and assumed this heavy undertaking with confidence. A building committee composed of Dr. Dixon-Carroll, chairman, Mrs. W. S. Primrose, Mrs. T. Palmer Jerman, Mrs. T. P. Harrison, and Mrs. Clarence Johnson, was elected, the property on Capitol Square sold for \$14,000, and a lot on Hillsboro Street purchased for \$11,000. Step by step the Club passed on the work of the building committee and endorsed it. Plans were submitted and selected, the contract let and ground broken in September, 1915. Interesting exercises marked the laying of the corner-stone on Wednesday, November 3, 1915. The speakers on this occasion were the founder of the Club, Mrs. E. E. Moffitt, Mrs. R. R. Cotton, and Mrs. W. R. Hollowell, and it marked a gala-day for Raleigh club women. In June, 1916, the building was completed and accepted in time for the last meeting of the season to be held in its auditorium June 1, 1916. It represents, lot and building, in round numbers, \$36,000.

This sketch would be incomplete without grateful acknowledgment of the invaluable aid the Club has had from the men of Raleigh. From the beginning, by word and deed, they have helped this home to completion, and it is dedicated for service to our city and State with the earnest hope that it prove itself a worthy factor in Raleigh's life.

GENERAL INFORMATION—*Continued.*

The Club meets at four in October, from then until May at three-thirty; in May and June at five o'clock.

The State Federation will meet in Durham the first week in May, 1917.

The Raleigh Woman's Club is represented in the Council of the State Federation by Mrs. Clarence A. Johnson, First Vice-President of the Federation; Mrs. Jacques Busbee, Chairman of Art; Mrs. J. R. Chamberlain, Chairman of Legislation, and Mrs. J. Bryan Grimes, Chairman of District Reciprocity.

Our Club will be hostess to the clubs of the Sixth District on Reciprocity Day, which will be observed early in the Fall. This district includes the Federated Clubs of Raleigh, Chapel Hill, Roxboro, Burlington, Durham, and Smithfield.

The week beginning Wednesday, November first, is to be called Federation Week, and a concerted effort is to be made by all the Clubs throughout the State to raise funds to complete the endowment for the State Federation.

Some of the Things Done the Past Year

During the Teachers' Assembly held in Raleigh in November the Club had the pleasure of entertaining the seventy-odd boys and girls who came as representatives from the Canning and Corn Clubs of Wake County to demonstrate to the Assembly the best methods of conservation of food on the farm.

The opening of the State Fair in October was celebrated by a beautiful parade gotten up by the Rotary Club of Raleigh. The parade was formed of lovely and unique floats representing nearly every business and organization in the city. The Woman's Club Better Babies Float won one of the four beautiful loving cups which were presented by the Fair Association as prizes.

The Better Babies contest during the last Fair was considered the most successful one ever held. There were about 200 babies entered.

During March a campaign was conducted in the city which resulted in the raising of funds amounting to \$35,000. This was mostly used in the furnishing and equipment of the building.

The expenses of two patients at the Sanatorium have been paid this year from the proceeds from the sale of Red Cross seals.

The War Relief Work resulted in the making of 822 articles of hospital supplies and the collection of a quantity of old linen, which was shipped to the May Fair Relief of New York, and 1,259 baby garments, which were sent to the Belgian Relief Commission.

After the losses resulting from the floods in Western North Carolina became known, five large boxes of clothing were collected and shipped to the sufferers.

The War Department having ordered mobilization of our North Carolina National Guard at Camp Glenn, pre-

paratory to going to the Mexican border if necessary, the Woman's Club took the initiative in calling together the women of Raleigh to plan a farewell celebration for our soldiers. As a result of a meeting of representative women in the Club Auditorium, invitations were issued to the officers and men of Company B, the Third Regiment Band, the officers of the Coast Artillery Corps, and the staff officers of the Third Regiment in Raleigh, to a barbecue to be given in the Club auditorium. On the appointed day, June 30, at 1 o'clock, dinner was served to one hundred and fifty men, the auditorium having been beautifully decorated by the young ladies of Manly's Battery. Music was furnished by the Third Regiment Band.

The Public Health Nurses may be reached at the office of the City Health Department, phone 166. It is hoped that a greater number of Club members will make use of them. Their services may be obtained by payment of a small fee—50 cents a visit. Reports of their work are published each month in the Raleigh Health Bulletin.

Some of the Work Accomplished During the Past Year

The Club had the pleasure of being hostess to the clubs in our district on Reciprocity Day, October last. Members of the Federated Clubs of Durham, Chapel Hill, Roxboro, Burlington, Elon and Smithfield, as well as of the Raleigh Club, attended the interesting session in the morning, hearing the reports from the different clubs and having luncheon together after the business meeting.

With the coming of war nearer to us, the need of Red Cross work became more pressing, and in order to help on the work the use of the Club was offered to the Raleigh Chapter. During the late winter and spring the Red Cross has met on Fridays and in the summer meetings have been held each Thursday and Friday mornings. A number of First Aid Classes have also been held in the building.

In July a meeting was called by the Social Service Department to arouse interest in the need of a Travelers' Aid for Raleigh. This meeting was held at the Governor's Mansion and it is hoped that as a result this important safeguard for the traveling public may be established in the near future.

During the summer canning was done for the benefit of the Associated Charities by a number of Club women at the High School, and a very good beginning was made for work of this kind on a larger scale if it should be necessary next year.

Two very successful Flower Shows were held at the Club, one in November and one in May. These were managed by a committee from the Chamber of Commerce and the Civics Department.

A committee from the Club helped very efficiently in getting subscriptions for the Liberty Loan Bonds when the campaign was held in Raleigh in June, succeeding in having bonds to over the amount of \$22,000 taken.

At Christmas time 103,848 Red Cross Seals were sold. This is more than twice as many as sold previously, and Raleigh came second only to Greensboro in the number of seals disposed of. With the funds thus derived and by cooperation with the Tuberculosis Commission and other agencies, two Public Health nurses have been employed. They have been placed at the disposal of the City Physician.

During the winter the sum of \$340 was collected and sent to the Fund for the Belgian Children's Lunches.

In July a meeting was held at the Club at which were represented all the Women's Associations of the City and County, and at which Mrs. J. R. Chamberlain, who had been previously appointed Temporary Chairman of the Woman's Committee of the Council of National Defense for Wake County, was made permanent Chairman.

General Information

The Club House is entering on its third year of usefulness, as a social center and community gathering place for all kinds of wholesome service and recreation.

Mrs. Marian H. Mason is our House Secretary, and arrangements for the use of the Club's equipment for entertaining and meetings must be made thru her. Non-club members are to be served in this way as well as those who are on our rolls. Mrs. Mason's hours at the Club Building are from 9 A. M. until 1 P. M. each week day.

Ladies visiting Raleigh are welcome to all meetings on invitation from the members or by applying for visitors' tickets to Mrs. Mason at the Club House, or to Miss Elsie Haywood or Miss Lillian Thompson, of Raleigh, for visitors' tickets, which give all the privileges of the Club to those making some stay in the city.

Ladies living in the city, not members of the Club, can be admitted to single meetings upon payment of 25 cents at the door.

Application blanks for membership may be obtained from and must be returned to Mrs. W. M. Allen, Corresponding Secretary, ten days before each monthly business meeting. Names presented for membership must be endorsed by two Club members.

Initiation fee, \$3.00. Annual dues, \$3.00. Ladies become members on payment of \$6.00. Membership is renewed annually on payment of \$3.00 in April.

The Treasurer is Mrs. John W. Harden.

The Club meets from the first of October to the first of November at 4 P. M. From November first till April first at 3:30 P. M. During May and June at 5 P. M. These hours refer to regular meetings, business and departmental. Thursday is recognized Club day.

Charter members (1904), 146.

Present enrollment (1918), 371 members.

The State Federation will meet in Hendersonville the third week in May, 1919.

The Raleigh Woman's Club is represented in the Council of the State Federation by Mrs. Clarence A. Johnson, President of the Federation; Mrs. W. Thomas Bost, Corresponding Secretary of the Federation; Mrs. J. R. Chamberlain, Chairman of Legislation; Miss May H. Davis, Chairman of Art.

Delegates to the Raleigh Federation were:

MRS. T. W. BICKETT	MRS. GEORGE J. RAMSEY
MISS DAISY DENSON	MRS. W. B. GRIMES
MISS LILLIAN THOMPSON	MRS. ALFRED WILLIAMS
MRS. J. T. FLEMING	MRS. FRED MAHLER

The Public Health Nurses may be reached at the office of the city Health Department, phone 166. It is hoped that a greater number of Club members will make use of them. Their services may be obtained by payment of a small fee—50 cents a visit. Reports of their work are published each month in the Raleigh Health Bulletin.

What the Woman's Club of Raleigh Has Accomplished in War-Time

The organized womanhood of America has been busy day by day in meeting the needs which have almost daily arisen. The Red Cross has been made welcome to anything of ours they could use—our building, our trained workers, and our unstinted aid in the campaigns for funds.

The Liberty Loan has also been served by the Woman's Club with all the earnestness of patriotism and the energy of well-directed endeavor. Other war work, the Victory Commission, the Y. W. C. A., the Y. M. C. A., the War Savings Campaign—all we have helped to put "over the top." A committee from the Woman's Club succeeded in getting 452 subscriptions amounting to \$109,250.00 for the Third Liberty Loan.

The Woman's Committee of the Council of National Defense, as regards its specific demands on the entire womanhood of the city, has always had its fullest response from Club members, and its chairmanships have been regularly filled by our members.

In January, the "Save the Seventh Baby Campaign" was carried out with much assistance from the Club, and a health survey of the City of Raleigh, demonstrating the weaknesses as well as the advantages of the city, was published for distribution.

Besides all these things, all regular programs have taken turn as usual. The record is very incomplete without mention of the distinguished visitors entertained by the Club during the year.

Miss Jeanette Rankin was tendered a reception during Fair Week last October.

The ladies of the French High Commission, distinguished foreign guests, were given a luncheon in our Auditorium, which was an occasion and scene long to be remembered. This was not distinctively a Club function, but almost every representative of a patriotic or a National organization was also a Club member, altho representing another line of women's association that day.

The Social Service Department was responsible for a reception given to the Social Service Conference in the early spring, at which Mrs. Maude Ballington Booth was the guest of honor, and the speaker at a meeting in the Auditorium.

Finally, we must mention the meeting of the State Federation of Women's Clubs, which put the cap-stone of distinction on our year's work, and enabled us to receive the inspiration of the ideas of the whole State's enlisted womanhood. This convention will long be a red-letter day in our history.

This Federation meeting was better attended than any one has ever been since the beginning, in spite of war conditions at this time. At this meeting, one of our own ex-presidents, Mrs. Clarence Johnson, now President of the State Federation, presided to our exquisite pride and delight.

We had with us as guests, Mrs. Josiah Evans Cowles, President of the General Federation of Women's Clubs; Mrs. Antionette Funk, Vice-Chairman of the Woman's National Liberty Loan Committee, and our own Mrs. Russell Langdon, of New York City, who was with us for the first time since she left us.

At this meeting of the State Federation of Women's Clubs of North Carolina was passed an almost unanimous and overwhelming vote in favor of equal suffrage for women.

IN MEMORIAM

“THE OPEN FORUM”

MRS. J. R. CHAMBERLAIN, *Chairman.*

MRS. W. R. CAMP, *Vice-Chairman.*

During the Club year we intend to take up a series of grave subjects which may seem quite severe for women to be studying.

Times change, however, and one of our friends, a man of the greatest State-wide reputation and official responsibility, Judge W. R. Allen, of the Supreme Court of North Carolina, has given us the assistance of his counsel in forming a program which will bring out the serious questions which women now consider if they may ever become ready for duties which seem quite possible in the near future.

These subjects will be brought up at meetings which are to be open to the women of Raleigh irrespective of their membership in the Club, and after the address of each evening is over, a question box is opened for further discussion.

A program is printed hereafter, and we also append the names of our speakers, to give an idea of what is really to be the quality of the brain which has placed itself at our service. Here again we point to our co-operating friends and are justly proud.

The Club is represented on the State Executive Board of Armenian Relief by Mrs. B. H. Griffin, Wake County Board of Health by Mrs. C. B. Barbee; School Board by Mrs. W. A. Upchurch; Wake County Welfare Board, Mrs. Crawford Biggs; Fair Price Commission of Wake County by Mrs. J. R. Chamberlain, Chairman.

Our War Retrospect

The Woman's Club has established the habit of including in each Year Book a short account of the work done by its members and the influence of its ideals upon the community and upon the broader limits of State and country.

Our War record for the last year is a most unique and most proud record of unusual duties excellently performed. We offer no apology for our boasting. From the beginning till the mustering out of our armies, now nearing completion, this body of wives, mothers and sisters have been doing large organized work in many lines, keeping camp-fires and home-fires both alight.

Besides war work, we have won recognition on the Raleigh Township school board, we have a member who is on the county board of health; we are represented on the Executive Committee of the Democratic party for the State of North Carolina, and the food administrator of Wake County during the last year of the Great War was a member of this Club. We have been represented on the State Council of National Defense.

A prominent member has been hostess at Camp Merritt, and received the whole 27th Division on its return from overseas.

Each Liberty Loan has broken our record, and been handled with vigor and success. An ex-president has become President of the State Federation, and has finally assumed one of the most important positions of the State, namely, supervision of the Juvenile Courts.

One of our members is aiding in the work of the State Board of Health for the children of North Carolina.

The wonderful President of the Wake County Red Cross Unit had begun her magic rule over the great body of patriotic workers before she came into our Club, but we may assert that we furnished her from the first with her best helpers.

Our beloved Public Health Nurse has been called to State-wide tuberculosis work in organizing. Our county extension work has one of our members at the head of the Woman's work who is the oracle of the entire rural womanhood, the best-known and most beloved woman in the county.

The terrible epidemic of influenza found one of us with the ability and the desire to organize the volunteer nursing at school and camp, and there is another member of the board who was the faithful worker at the enrolling of volunteer nurses for the U. S. Government needs.

Never forget those who were the rank and file in the terrible influenza epidemic.

Besides, there have been gracious women in high place who have given us prestige. I mean Mrs. Bickett, who went to France on a Y. W. C. A. mission; Mrs. Daniels, Madame Secretary of the Navy, whose work for hostess houses has done so much for the need of the time and suggested so much for the direction of further work.

Mrs. Russell Langdon of New York, who is high in the counsels of the Red Cross, is still our member.

Our President, Mrs. B. H. Griffin, for whom we all feel such devotion, without whose gentle counsel nothing for good has been done in term or out.

We have been represented in France, and are but just now welcoming home a member whose service there has been inspiring to herself and to us.

Indeed, we are a Club whose deeds praise us in the gates, and we have much to live up to in the year just beginning.

President's Address

To Our Club Members:

Greetings and congratulations on your achievements for the past year. You have accomplished all that we had planned or hoped for.

Your hearty response and co-operation have been both an incentive and an inspiration to your President.

The members of the Executive Board, Officers, Chairmen of Departments, and Chairmen of Standing Committees have been most faithful and efficient.

The membership of the club has been increased by 189 new members.

The attendance at both club and departmental meetings has been most gratifying.

The scope of the splendid programs of the departments has been so extensive that every club member has found something of special interest or something that met her need. The programs and work of the Home Economics and Literature Departments deserve special mention. The Literature Department, as outlined and enlarged by our beloved club woman, Mrs. W. R. Camp, has been ably carried out by her successor, Mrs. Frank Castlebury and her co-workers.

The Home Economics Department, under the progressive leadership of Mrs. Chloe Blalock, has been developed and extended by adding many new practical features.

It is especially gratifying to the members that our club is not only a home for them, but is becoming more and more a community center, thus fulfilling its mission.

The club contributed much to the intellectual, civic, and social life of Raleigh last year by bringing to the city many prominent men and women. Among the most notable were Judge Ben Lindsey, of juvenile court fame, and Susanna Cocroft, the noted physical culturist.

Perhaps the most constructive and far-reaching

piece of work undertaken by the club was the organization and promotion, under the direction of Miss Cocroft, of the Southeastern Division of the United States Training Corps Camp for Women, which was established at Asheville, N. C., and operated under the personal supervision of Miss Cocroft from July 16 to August 28. The object of the camp is to train the women of America physically, morally, mentally, and spiritually, that they may become better wives, mothers, and co-workers in every sphere of life.

Among the new features of this year's work is the class in physical training, under the supervision of Mrs. C. A. Shore, Misses Thompson and Dortch, who attended the United States Training Camp.

The Sir Walter Raleigh Pageant will be given in the early fall, under the auspices of the club.

We will continue the club and community singing under the personal supervision of Mrs. Charles E. Johnson, Jr. The Class in Parliamentary Usage, which was so popular last year, will also be continued.

We have crossed the threshold of a new era, and with the crossing come new responsibilities and new obligations. These will be met in the same spirit and with the same determination women have ever met and overcome.

Those far-seeing women who organized our clubs and patriotic societies, unconsciously, perhaps, looked unto this day. We have learned the value of organization, team work and community interests.

With this in mind, the club has provided a course in Citizenship, under the direction of our splendid leader, Mrs. Palmer Jerman.

I bespeak for your Executive Board and committees the same wonderful co-operation that made the work of last year such a pleasure.

With deep appreciation for the many courtesies extended to me as your President, I am gratefully yours,

MARGARET S. GRIFFIN.

She's won her way into our hearts, so warmhearted
and kindly is she,

And we'd like to tell her in this small way what she's
meant to you and me.

In economic, social and civic work her heartiest sup-
port she has lent,

And because of that fine community spirit the club
stands preeminent.

Her vision of service and usefulness we pass on to
each of you.

For "The Union of All for the Good of All" is the
motto of club women true.

And in recognition of her labor of love and all that
she's ever done,

With affection and pride we dedicate now the Year

MESSAGE FROM THE PRESIDENT

Dear Club Members :

With the Get-together Dinner in October we propose not only to get-to-gether then but to stay together throughout the year, working shoulder to shoulder that our club may continue to be a force for good in our community.

The policy of one president, if in harmony with the general policy of the club, is little different from that of other presidents. Our constitution says that the object of the club is the intellectual, philanthropic, social, civic, and domestic betterment of the city. One may stress the social, recreational and good health features, another may urge even closer co-operation with the public schools and public libraries but all are working toward the same end, that of civic betterment generally, more of neighborliness, more of community interest. The preservation of the home, the home in its broadest sense, which includes our neighbor as our responsibility, is woman's supreme obligation, it is claimed. To the club women of Raleigh, trained in a continual effort for the betterment of humanity, does the city look to promote whatever tends to civic improvement.

It is said, "that the past quarter century during which the club movement has been gaining headway now looks as though it had been merely a time of preparation for a service to our country based on the study of her human needs and now crowned with the power of citizenship." This political change has affected the status, the potentiality of every club in the country. Our club, for instance, has been changed from a club of so many women members to a club of more than (600) six hundred voting women citizens—more than six hundred women strong with a voice in the government of civic, state and national affairs. As Marjorie Shuler says, "whether or not you ever wanted to vote you are doing so now because you are a patriotic American and to vote is the most direct way you can serve your nation and its government. And you want to make yours the very best kind of a vote". Apply that locally. If you want to have a voice in naming the governing body of our city or in municipal affairs generally, study the situation and let your vote be an expression of your honest convictions. As a club, however, we must guard against letting local politics "creep into the ranks", as Mrs. C. C. Hook says, for we are not a political organization.

If I have a definite policy regarding the club work during the coming year it is to stress the develop-

ment of our club women. Let us make our club in truth a training camp for citizenship, a training camp for every day life. I believe that the best way to elicit interest and support is by giving them some definite piece of work to do, whether it be the decoration of the club for a reception, the filling of a Christmas stocking, participation in an opera or a Shakespeare play.

In our departmental programs we have tried to correlate the work as far as possible with the program of work as outlined by our state departments with concession, of course, to our own local needs. With state departments of education, public welfare, health, and civics though the fire prevention division, with the state home demonstration work and the library commission, we have unlimited opportunities for keeping in close touch with the work as studied and outlined by experts. It is our purpose to dovetail our club work with the great public aims.

A varied and instructive program has been arranged by the capable chairman you have named to head the departments but unless you uphold their hands and show your interest and co-operation by attending their meetings the program will not be a success. The departmental work is really the backbone of the club. We want to stabilize the departments, organize them into smaller clubs, as it were, and have you register with the departments in which you desire to work during the year. Let the chairmen know that they can depend upon you to help them carry out the program. They have "united in one grand sweet conspiracy" to give you something that is truly worth while and make you feel that you cannot afford to miss these meetings. From the woman who wants to learn how to make a hat or design a dress to the would-be Portia in the Shakespeare class something has been planned. We have the tastes of more than 600 women to consider and in view of that we are planning various study classes for various groups of women. It is for you to say which one or how many you desire to join. You will have classes in millinery, costume designing and cooking; you will be taught interior decoration and an appreciation of art in all its forms; you will have an opportunity to study American music and at the same time, American literature; you will have a course in story-telling, and study classes in citizenship, you will be given a chance to study at close range your own conditions as to health and sanitation, social and industrial relations, city schools and civic affairs generally.

As a club let us stand by our public institutions-the Olivia Raney Library, Rex Hospital, the public schools of our city. Let us interpret the library to the community as a vital element in their lives and a free institution established for the benefit of the men, women and children of this city. And let us continue our efforts until Raleigh children have been provided with a real "Children's Library". Rex Hospital which belongs to the city is an institution in which we should take the greatest pride and to which we should give our most loyal support. The public schools need our co-operation as never before and I urge you to uphold the hands of the new school administration in the great work that lies ahead. Through the big program of community service in which our club is a shareholder we want "to make our community an extension of our home where we people of all kinds and temperaments shall be friends with each other."

I count it a great privilege to have served my apprenticeship under Mrs. B. H. Griffin, first as your second vice president and later as your first vice president. It has prepared me in a large measure for the work ahead. Having caught glimpses of her vision of the big possibilities of the club's service to the community I hope that I have caught some of her enthusiasm and energy that fulfillment may be possible. I am deeply indebted to the nominating committee for naming so splendid a board to help me serve you and I bespeak the gladness of every club member in having our own Mrs. Josephus Daniels home again and a member of that board.

May I again express my grateful appreciation of this mark of your confidence. With your continued faith in me I will do my utmost to serve you to the best of my ability.

Faithfully yours,

Annie Kizer Bost

THE "CLUB MOTHER" OF NORTH CAROLINA
TO WHOM WE DEDICATE THIS

Dear Book

Mrs. Cotten was the pioneer Club woman of North Carolina. Before our State Federation was formed (1902) she was chairman of the State Committee which co-operated with the General Federation in promoting the Club movement, organizing Clubs and urging the organization of a State Federation of Clubs.

Her membership in the Pioneer Workers attests this.

When the N. C. Federation was formed she was elected first vice-president and later served as Chairman of various Departments of work, therein carrying into each line of work the enthusiasm which characterizes all her deeds.

She drafted our Constitution and By Laws and wrote our Federation Song, which expresses her patriotism and her faith in women. She was elected President in 1911. This larger opportunity redoubled her activity. She at once started a movement for an Endowment Fund, incorporated the N. C. Federation, designed and had made the Federation Seal, induced the women to purchase a stereopticon to promote the civic and educational work. She started the Federation Scrap Book and many other activities the influence of which is felt even today. In co-operation with the N. C. Teachers' Assembly, as President, she led the Club women in the successful struggle to

make women eligible to the School Boards. All this was long before women were enfranchised and when such progressive action was not popular. She always put into her activities an unselfish devotion and an unflinching fidelity which brought her the devotion of our women, and brought to the Federation the respect of men and women.

When she retired from the office of President the women sought to honor her and she was made our only Honorary President. At the same time the Federation started an Educational Loan Fund which fund was named in her honor—Sallie Southall Cotten Loan Fund. The education of girls has ever been her favorite activity and this Loan Fund grows and continues to bless worthy girls as the years go on. She was made and is yet a Trustee of the Endowment and Loan Fund. Later she was made Director for North Carolina on the General Federation Board of Directors, where she served four years—the limit of her eligibility.

No place of honor has ever lessened her interest in the smallest Club nor the humblest woman. She loves her sex and continues to work for the advancement of womanhood.

Wherever she serves North Carolina women love and trust her.

Message From the President

Dear Club Members:

In dedicating the 1922-1923 Year Book to North Carolina's pioneer Club woman—Mrs. Robert R. Cotten, a woman beloved of us all—let us not forget our own Club women whose big vision, courage, yea, daring, nearly a score of years ago made possible our splendid organization of today. It's easy enough to "Carry On" when once the way has been opened up and we must never cease to be grateful to those who made the first beginnings. As Mrs. Cotten says, "There is a wide difference now and long ago in the valuation of a Club woman. Years ago she was eyed with a veiled but very evident suspicion as being too advanced for safety, but now it is a mark of distinction to be a Club woman." It took courage and quite a bit of pluck, too, to finance a Club house in days when Club homes were rather looked upon with disfavor, and women as financiers, with distrust. The possession of a Club home has meant that our efficiency has been increased tenfold for we now have the tools with which to work. "More and more it becomes clear that the Woman's Club is the servant of the community, at least potentially" writes a well known Club woman, "and for its full efficiency it must have competent facilities." Therefore, I ask you who are now reaping the harvest of those early efforts to pay tribute with a grateful heart to our own pioneer Club women.

We are just across the threshold of a new era for Raleigh—an era of progress and growth. There is much that we Club women can do and the city looks to us for co-operation in the general plan of expansion and improvement. With the knowledge that the interests of Raleigh school children have ever been near to our hearts it is with a glow of pride in the vision of our people that we mark the improvements in our public schools, made possible by the

passage of the million dollar bond issue; and that we note the increased appropriation the city now makes the Olivia Raney Library which means the establishment of a Children's Library the first of the year. Better schools for our children and hand-in-hand with it a real Children's Library has been a dream of our Club women for many years. We note also the work of the City Planning Commission whose first constructive step was to bring to Raleigh a city planning and city zoning expert to assist the citizens in correcting some of the errors which attended the laying out of the city a hundred years ago, and in making our capital city a more beautiful place in which to live. This, too, is a movement in which the Club women have long been interested. There are other major needs of our city I ask you to consider, that we may be of the greatest possible service to our community.

There will be many calls on you for service this year for legislative winters are usually full. You'll have an opportunity at the December business meeting of hearing Mrs. Palmer Jerman, Chairman of the Committee on Legislation of the State Federation of Women's Clubs, discuss "Our Legislative Program." This is a program upon which the organized womanhood of North Carolina has agreed through the Legislative Council of Women and it is most important that you be informed along these lines. The Council needs your help for it is upon the Raleigh Club women that much of the work will devolve.

In regard to the Club work this year our policy of stressing the development of the individual Club woman and of correlating the departmental programs with the program as outlined by our state agencies remains unchanged. The program is before you and you will agree with us, we believe, that it is worth while. The Chairmen of Departments desire most of all that you register for work so that they may know the Club members affiliating with their departments.

We are mailing this year a Year Book to every member. Please use it as you would use a handbook—every day. Read the programs carefully and see if there isn't some meeting you would like to

attend or some committee on which you would like to serve. Don't let the year pass and at its close say: "I haven't been to the Club this year; I don't get anything out of it." Just remember that the more of yourself you put into the Club the more you will get out of it and the more it will mean to you. Remember what the Woman's Club means to the community and take pride in the fact that as a member you are contributing your share in making it a civic asset.

In closing my message to you may I ask for your heartiest support during the coming year. I am serving you that you, in turn, may serve the public for that, after all, is the real reason for our corporate existence.

Faithfully yours,

ANNIE KIZER BOST.

Message from the President

This year we enter upon a biennial period that holds much of promise for the RALEIGH WOMAN'S CLUB, and for the community which it is our privilege to serve. We are within sight of the day when debt shall be lifted from this organization, and a day when we may begin to plan for the expansion of our material equipment commensurate with the measure of service that we should perform.

Our indebtedness has been reduced to about five thousand dollars. Although we may not discharge this obligation entirely within the time of my tenure of office, and that of the splendid Board of Directors, with whom it will be my privilege to be associated, yet we shall be enabled to look forward to this in our future development.

In any plans that it undertakes to consummate for the upbuilding of the community, the Woman's Club is peculiarly and particularly fortunate in that its membership is the most democratic and representative organization in the city. We are fortunate in that among us there is no conflict of interest, no confusion of aim; that we are not disturbed by circumstance that is founded upon factionalism.

Personally, the selection of the directors with whom I shall be associated in the formation of policies for the Club, during the coming two years, are of that splendid type of womanhood from whom will come the finest type of co-operation. I think that no organization could be more adequately represented on

such a board as is our Club, and I look forward with appreciation and confidence for the fruition of our efforts.

The inadequacy of our auditorium space must have long since become apparent to the membership of the Club. If we are to be able to offer the community a place of assembly for the discussion of civic questions, and for the more purely social demands that are made upon us, we must make provision for enlarging our auditorium. During these two years I hope that we may be able to work out plans for the extension of our facilities, and that we may be fortunate enough to bring about their materialization.

In the field of larger service to the community, I feel that if we can lay the foundation for a more adequate expression of the community's artistic impulses that we shall have rendered a service in which the city stands in great need. We have in Raleigh a citizenship trained for the appreciation of the finer things, men and women who are able to supply that need, and little means for bringing them together.

My dream is that we may be able to install in the City Auditorium a great organ, an instrument that will be a thing of pride in the city, a memorial worthy of the sacrifices that Wake County offered in the time of our Nation's travail. I think that with \$20,000, or at the most, \$25,000, we will be able to erect this memorial to sacrifice.

With this instrument the community could have weekly concerts, with the program, from week to week, in charge of the music department of one of

our schools. We have seen in recent years the deep interest with which Raleigh entered into community gatherings there, and with this organ we may lay the foundation for deeper and finer interest in the finer things of life, and about it we may rally the best that is in the community.

Our Club has been most fortunate in the recognition it has received at the hands of the State Federation of Women's Clubs in the past. This year we are doubly fortunate in that we have a beloved past president, Mrs. T. Palmer Jerman, as President of the State Federation of Clubs, and in May we are to have the pleasure of entertaining in our city this organization for its annual meeting.

It would be, I feel, almost discourteous, for me to appeal to you for your co-operation and support. You have always given that in generous measure to the officers and directors of your choosing. I know, in my heart, that you will continue to give it in that fine spirit in which you have always accorded it, and without which the best efforts of any would fail.

ADDIE WORTH BAGLEY DANIELS.
