VOLUME 49.

VICTORIA, B. C., FRIDAY, MAY 13, 1910.

NO. 115.

SAYS A SETTLEMENT IS NOW WITHIN SIGHT

Senator Riley Very Hopeful That Present Negotiations Will Result in Removing the Long-Standing Grievance of Songhees Reserve.

"I have the utmost confidence that the present negotiations looking to a settlement of the Songhees Reserve question will result successfully. There is every indication that within a few weeks—possibly within a few days—the welcome announcement will be made to the people of Victoria that this large area in the heart of the city will be thrown open for development."

The above statement was made to the Times this morning by Senator George Riley, who, since his return from Ottawa a few days ago, has been busy with himself in this all-important question. Continuing, the senator said: "This new scheme for the settlement of the dispute was the outcome of a conference at Ottawa some weeks ago on the occasion of the visit to the capital of the delegates from the Victoria Board of Trade, Messrs. Joshua Kipling and Simon Leiser had several interviews with Hon. Frank Oliver, Hon. William Templeman and myself, when the whole question was gone into thoroughly."

"On the occasion of the last interview at Ottawa, I asked Mr. Oliver what he was prepared to do. The government will do anything in reason," replied Mr. Oliver. I then outlined to him the plan of settlement as set forth in the Times last evening, which is, that the land be subdivided and sold at current market prices, fifty per cent of the proceeds to be paid over to the heads of the families of the Songhees tribe forthwith and fifty per cent to be held in trust by the Dominion government for their heirs and successors. A further concession to the Indians which I proposed was that they should yearly be paid a portion of the interest on the trust fund."

"This appealed to the minister of the interior as a thoroughly feasible plan of settlement, and he expressed hearty concurrence in it, remarking, 'It is the best plan of settlement that I have yet heard of. I cannot see a

flaw in it.' Mr. Oliver also said that the government would be willing to pay the cost of the survey in making the subdivision. He told me to come to Victoria with full authority to enter into negotiations along the lines I suggested."

"On reaching Victoria a few days ago I took the matter up with Mayor Atorley and outlined the scheme to him, and informed him that the government would be willing to pay for the surveys which would be necessary in laying out streets. His worship said, in reply, that the matter was of such vital importance to the city that the corporation could afford to pay the cost of the surveys—and this was agreed upon."

"I next arranged an interview with Premier McBride and found him thoroughly sympathetic and desirous to aid in a settlement in every possible way. He thought the plan a good one, though there were a few minor points which he desired left over for further consideration. We came to a hearty agreement, however, on the main question. We spoke of the provincial government's reservation rights. The premier promised to deal very generously on that point, saying that it could probably be arranged on the same plan as had been followed in dealing with other Indian reserves throughout the province, where only nominal lands had been taken by the government for such rights. The premier said when I left him: 'By all means effect a settlement if you can. I am with you. I will do anything in my power to help Victoria get rid of this long-standing grievance.' I was much pleased with the result of my interview with the premier."

"I next called on H. D. Helmecken, K. C., and outlined the scheme of settlement to him. He believed it the best plan that had yet been devised, and thought there would be no difficulty in getting the Indians to accept such a fair offer. I spent a long time with Mr. Helmecken in going over the details of the proposition, and he agreed on every

(Concluded on page 7.)

HOW NOW FOR "A TOUCHER?"

THE BURDLY BOWLER—"Bending to this job is about as bad as tryin' to lace yer ain boots."

RULERS WILL PAY TRIBUTE TO PEACEMAKER

Seven Sovereigns Will Ride Behind King George in the Funeral Procession Through the Streets of London.

(Special to the Times.)
London, May 13.—The Times editorially says: "King Edward's funeral promises to surpass in solemn splendour all former funerals in our annals, or indeed in the annals of any other amongst the great monarchs of Europe. Seven reigning sovereigns, headed by the German emperor, will ride behind King George as he follows his father's coffin from Westminster through the streets of the capital, and each of them, in personally taking part in mourning for King Edward, will have the satisfaction of knowing his is an act as grateful to the feelings of English subjects as to his own. With them will be a representative of that mighty nation whose kinship with ourselves ever makes their sympathy with our sorrows as with our joys exceptionally dear and valuable and the greatest of presidents whom the United States has seen since Lincoln and who is the most prominent and most respected statesman in American life will bear official witness by his presence of the sincerity and earnestness which the citizens of the great Anglo-Saxon nation beyond the Atlantic bear in the grief of the mother nation at home."

Funeral Services.
The funeral service in Westminster Hall on Tuesday next will be brief. The music will be under the direction of Sir Frederick Bridge, but the voices will be unaccompanied. The Twenty-third Psalm will be sung as an ordinary chant, while "Blest Are Departed," and "The Last Judgment" will follow as solo quartettes and choruses only. The only other musical portion of the service will be the funeral hymn, "O God our Help in Ages Past," which

will be sung by the choir of fifty voices.
The home office has a limited number of wreaths to be accepted for the funeral of the King. Among representative wreaths those presented by self-governing colonies will have a prominent place. South Africa has agreed to act in concert, so that the wreath representative of that part of the empire will bear the names of all of four contributory colonies which are about to enter the union. Among important public bodies to which the privilege of presenting a wreath has been granted is the Royal Colonial Institute, which will present a wreath emblematic of the unity of the empire.

The Nova Scotia government's offices face the entrance to Marlborough house, and is the only colonial government office on the route of the funeral. Major Howard, agent-general, is making arrangements to drape the front of the building.

Troops Will Line Streets.
The royal police changed the intended route last Tuesday from Buckingham palace to Westminster hall, so as to avoid congestion of crowds at Trafalgar square. Thirty thousand picked troops will line the course of the funeral column.

The newspapers of the capital favorably mention the appointment of Theodore Roosevelt as special commissioner from the United States. His position in the procession has not been designated. Probably he will follow the royal mourners, with emissaries of other nations, not royally represented, such as France.

The erection of stands along the route from Westminster hall to Paddington station on the line of the funeral procession commenced yesterday. The cheapest seat on stands will sell for 5s, and from this they will run up to 50s and possibly 75s. House owners along the route have already sold window space sufficient for eight spectators for 50s and one balcony brought 80s. Even these prices are likely to be raised as the day for the funeral, May 20th, approaches.

CAUSES BOOM IN REAL ESTATE

MUCH INTEREST IN RESERVE SETTLEMENT

Properties on Waterfront, Johnson St. and Victoria West Now Held at Higher Figures

As a result of the publication in the Times last evening of the announcement that negotiations are proceeding looking to the settlement of the long-standing Songhees Reserve dispute, whereby that whole area may shortly be available for development, real estate speculators are displaying great interest in Johnson street, waterfront and Victoria West properties.

One agent said this morning that as a result of the announcement there has been already a great enhancement in values. Many of the Johnson street properties which had been on the market have been withdrawn from sale, the owners preferring to await developments. A similar situation is said to exist in Victoria West, where the residents are jubilant at the suggestion that an early settlement of the reserve question is in sight.

Mayor Morley will, at this evening's meeting of the board of works, lay before that body a tentative scheme of streets to be run through the reserve in the event of the present negotiations resulting in an agreement with the Indians. His worship has also had all the data bearing on the question of the reserve made ready for presentation at this evening's meeting, so that prompt action may be secured if necessary.

The imminent settlement of this reserve question is being much discussed in the city to-day, opinion being general that it is fraught with developments of the most important character to Victoria. All are agreed that the time has arrived when a solution of the problem must be reached if the interests of the city are not to be regarded, and the announcement that a move is being made in that direction is everywhere hailed with delight. The details of the proposal as outlined in last evening's Times are regarded as constituting a very fair proposition, and one which the Indians would hardly find sound reasons to justify their refusing.

That a settlement of the question would be followed by the immediate construction of a bridge to the reserve from the foot of Johnson street is taken as a foregone conclusion, and this would bring the Victoria West district by close to the city, in respect to advantages of speedy communication, as James P.

LURED CANADIAN GIRLS FROM HOME

MORE REVELATIONS IN WHITE SLAVE TRAFFIC

Man Deported From Port Arthur is Arrested by Officers Across the Border

(Special to the Times.)
Toronto, May 13.—The apprehension of James Vincent, who claimed International Falls as his headquarters, as an undesirable in Port Arthur by Provincial Constables Campbell and Symons and his deportation through the co-operation of federal officials, has occasioned some startling disclosures by United States authorities, according to advices received by Superintendent Rogers, of the provincial police.

Vincent was arrested by American officers immediately upon deportation, on a charge of abducting a girl under false promises. On his arrest investigations were inaugurated with the result that the police report having unearthed a syndicate operating in the white slave traffic as monetary business in northern Minnesota, of which Vincent is alleged to be head. The method employed, according to information received by the provincial police, was to lure Canadian girls over the border on promises of employment, dodging immigration officials and depositing them to houses in the red light districts for \$300 per head. Books were kept and orders taken in this nefarious traffic in human livestock.

TRIBUTE TO AMBASSADOR.

(Special to the Times.)
London, May 13.—The Daily News pays a tribute to Ambassador Bryce's work at Washington where, it says, he "appreciated as no other ambassador has the weight which must be attached to Canadian sentiment on the determination of problems wherein Canada was intimately involved."

GIRL KILLED BY WAGON.

Toronto, May 13.—While running across Alice street at the corner of Teraville yesterday, Sadie Haberman, the 3-year-old daughter of Phillip Haberman, grocer, was run over by a wagon and instantly killed.

STAMPEDE OF MINERS.

Ottawa, May 13.—Another gold find is reported from the township of Portland West, 18 miles north of Buckingham, Quebec. Assays of samples are said to have shown rich returns, and prospectors are rushing into the district.

FIVE GERMAN SAILORS KILLED

EXPLOSION WRECKS TORPEDO BOAT

Two Men Also Fatally Injured—Newspapers Demand Investigation Into Accident

(Times Leased Wire.)
Hamburg, Germany, May 13.—Five sailors were killed and two fatally injured to-day in an explosion aboard the German torpedo boat "S-35," cruising near Heligoland.

The craft was completely wrecked by the explosion, which is the seventh naval fatality occurring this year. The cause of the explosion is withheld by the authorities. The afternoon papers are clamoring for an investigation, and the immediate court-martial of those who may be responsible for bad conditions.

NEW CANADIAN IMMIGRATION LAWS

Hon. Sydney Fisher, Who is Now in London, Replies to Emigration Societies

(Special to the Times.)

London, May 13.—Lord Strathcona received a deputation from emigration societies respecting the new Canadian regulations. They reported hard cases of families having been separated from their bread-winners by the new restrictions. Lord Strathcona promised to submit their views to the Dominion government.

Hon. Sydney Fisher, minister of agriculture for Canada, who is in London, says there is nothing in the new regulations to prevent families joining their heads in Canada if the latter make the necessary arrangements.

MISSING CHILD FOUND.

Portland, Ore., May 13.—Kenneth, the two-year-old son of Mr. and Mrs. Tracy Wood, believed to have been kidnapped, was found to-day on the edge of a creek, nearly a mile from Kusa station, where it disappeared from a go-cart Wednesday afternoon. The child was found by a woman who heard his faint cries in the brush.

The body was lying on the edge of the stream, but a few inches from the water. It was so weak from two days' starvation that it could not move.

"The baby presumably had fallen from the go-cart and had crawled the entire distance.

FLORENCE NIGHTINGALE CELEBRATES BIRTHDAY

(Special to the Times.)

London, May 13.—Florence Nightingale, the famous nurse of Crimean war fame, and author of a number of books on nursing and the army, celebrated her 90th birthday yesterday. King George sent congratulations by message to Miss Nightingale, who was not told of King Edward's death, fearing the shock of the intelligence. King George's message was therefore read aloud to her as coming from "The King."

GRAMPIAN GROUNDS IN THE ST. LAWRENCE

Allan Liner Will Have to Go Into Drydock—Portion of Crew Sent Home

(Special to the Times.)
Montreal, May 13.—The injuries which the Allan liner Gramplan received when she grounded near Quebec on the way to this city are more severe than was first believed. Divers were at work all day yesterday and found extensive leakage in the fore part of the vessel, which will necessitate her being drydocked and the trip to Glasgow cancelled. Over one hundred of the Gramplan's crew were sent home this morning on the Virginian.

COLD WAVE STILL SWEEPING OVER FRANCE

Temperature Drops and Showers Follow Gales in Northern Part of Country

(Special to the Times.)
Paris, May 13.—The abominable weather continues in the northern half of France. The temperature yesterday seemed icy at times, yet at other times it was comparatively mild. Cold dismal showers came at intervals, and the high speed lasting, however, for brief periods.

Reports from various parts of France show that the common people believe pretty generally that the approach of the comet is the cause of the remarkable atmospheric disturbances. There is as yet, however, no open excitement among them. Notwithstanding that all the newspapers are speculating upon the question whether the comet's poisonous tail will destroy animal life on earth, among the cultured classes even in Paris, it is said that many more people fear that the comet will do earth's inhabitants more harm than they care to acknowledge.

ENTOMBED MEN LEFT TO FATE

OFFICIALS SEAL BURNING MINE

Rescuers Unable to Enter Workings, Owing to Fire Which Followed Explosion

(Times Leased Wire.)

Whitehaven, England, May 13.—The hundred and thirty-seven miners entombed in the Wellington coal mine have been left to their fate. The mine was sealed to-day in an effort to smother the flames that are raging in the lower workings.

The flames followed an explosion in the mine. Efforts were made yesterday to rescue the miners, but the rescue parties were driven back by the flames. Officials gave up hope of saving the men and the mine was sealed to check the flames.

DOMESTIC SERVANTS ARE IN DEMAND

Over Fifty Engaged at Toronto on Day of Arrival From Old Country

(Special to the Times.)
Toronto, May 13.—A party of sixty specially selected English, Irish and Scotch domestics arrived in the city yesterday in charge of Col. Howell and Brigadier Morris, of the Salvation Army. All day the hotels where the girls were cared for were besieged by ladies wanting help, and last night, of the sixty, less than half-dozen were left. The party was the first to be brought to Toronto by the Salvation Army, although similar parties will be taken to Vancouver and Winnipeg.

CANADIAN PREFERENCE

(Special to the Times.)
London, May 13.—The Times, in an article regarding the menace to imperial preference involved in Canada's commercial treaties and arrangements, says that unless the British public can be made to realize the immense importance of the issues involved the remainder of Canadian preference is bound to disappear in the course of the next few years.

DEATH CLAIMS WM. NEWBURY

OLD PIONEER PASSES AWAY IN HIS SLEEP

Was One of Victoria's Best Known Citizens—Much Sympathy Felt for Family

Death, coming unexpectedly, last night removed one of the most prominent and popular figures of pioneer days in the person of William Newbury, father of J. C. Newbury, collector of customs. Although he had complained of heart weakness during the past few days, he was in good spirits when he retired last evening. He failed to answer his daughter's call this morning, having passed away peacefully in his sleep. Dr. Helmecken, who was immediately called, stated that death had taken place several hours before dawn from heart failure.

The late Mr. Newbury was born in Hanslope, Buckinghamshire, England, in 1837, and was one of Victoria's old timers, having come to this city by way of the Panama canal in 1862. He opened one of the first stores in the city and followed his business of saddler and harness maker on Yates street. About fifteen years ago he retired from business, and until his death, had been living quietly at his residence in the James Bay district, where the family has resided for 25 years past. Although greatly interested in all public matters, he never entered the arena so far as to actively engage in them. One of his strongest characteristics was his great love of flowers, and he often exhibited fine blooms, taking prizes for dahlias at the agricultural show.

He was very widely known in Victoria, and the news of his death will everywhere be received with regret. On every hand sympathy with the members of the family in the sudden and irreparable loss which they have sustained is being expressed.

The late Mr. Newbury is survived by six children, his wife having died in 1888. The eldest son, John C. Newbury, is the present collector of customs at this port. C. W. Newbury, the second son, was for many years connected with the Victoria post office. The daughters are: Mrs. J. A. Wilson and Miss Hattie Newbury.

Arrangements for the funeral, which will take place from the family residence, 136 South Government street, on Monday, have not yet been completed.

FIRST DRAFT OF STATIONS

PASTORAL CHANGES IN METHODIST CHURCH

Opening Proceedings of British Columbia Conference, Which is Being Held in Nelson

(Special to the Times.)
Nelson, B. C., May 13.—The B. C. Methodist conference opened in general session with both ministerial and lay delegates present yesterday. At roll call 53 ministers and 58 laymen were reported as present. Rev. James Calvert, New Westminster, the retiring president, opened the proceedings, Rev. A. E. Roberts, Victoria, read the Scripture lesson, and prayers was offered by Rev. John Robson, Nanaimo, and Rev. A. N. Miller, Victoria.

A message of sympathy was sent to Rev. T. E. Holing, Victoria, from whom a letter of regret was received, and to other members kept from attending the conference by illness. Veteran pastors who are greatly missed are Rev. Dr. Ebenezer Robson, Rev. James Turner and Rev. Dr. Thomas Crosby.

The conference accepted the resignations of Revs. G. A. Love, Alberni; C. H. M. Sutherland, at present in California, and R. G. Fulton, Vancouver.

Rev. Dr. Dawson, of London, Eng., gave a telling address on "The Changed Ministry." This was a sketch of Dr. Dawson's own experience and made a profound impression on the large audience. Rev. James Allen, Toronto, home missions secretary, also gave an address.

Rev. R. N. Powell, of Nelson, was elected president of the conference, and Rev. A. E. Roberts, Victoria, was elected secretary. The first draft being: Victoria District: Metropolitan—T. E. Holing, A. E. Roberts, G. W. Dean, Wm. Sheridan, Vancouver; A. J. Brace, superintendant; John P. Hicks, editor Western Methodist Recorder.

Central—Andrew Henderson, Victoria West—James A. Wood, now at Sidney.

ILLINOIS LEGISLATURE BRIBERY SCANDAL

Democratic Leader, Who is Under Dictation, Will Be Placed on Trial Monday

(Times Leased Wire.)
Chicago, May 12.—District Attorney Wayman created a sensation here today when he announced that he would call the case of Lee O'Neill Brown, indicted for bribery in connection with the election of United States Senator William Lorimer, for trial on Monday.
Brown was Democratic leader of the lower house of the Illinois legislature. He was indicted following an investigation of a confession by Charles A. White, who said Brown had paid him \$500 to vote for Lorimer.
The grand jury investigation of the case is not yet completed and an investigation of the alleged bribery is under way at Springfield, the state capital. The sudden decision to bring Brown to trial came as a surprise.

PRINCESS MAY IS DELAYED HERE A DAY

Sent Out to Quarantine as a Precautionary Measure, Through Illness of a Passenger

Steamer Princess May will not leave for Skagway to-night, as scheduled, but has proceeded to the quarantine station at William Head, where she will be kept till to-morrow. The steamer arrived here early this morning and soon after her arrival the provincial health department ordered the officers and crew to remain on board, as some infectious disease had been discovered at Vancouver on one of the passengers who had come down on her. According to the officers of the steamer the man seemed to be in perfect health on the trip and landed as usual at Vancouver.
There he has evidently been taken ill, and the provincial health department, acting on information furnished from the sister city, quarantined the steamer. At the time of going to press Capt. Troup said he expected the Princess May would leave for the north to-morrow night, one day later.

NEW PARLIAMENT OF SOUTH AFRICA

(Special to the Times.)
London, May 12.—It is stated that the Duke of Connaught is going to South Africa to inaugurate the new parliament.

SEATTLE TRAGEDY

Man in Jail on Charge of Murder—Murder in the Dark

Seattle, Wash., May 12.—R. M. Faulkner, who last February kidnapped his little girl from his mother and hid away in Spokane, and since that time has been in and out of the courts of King county in constant trouble with his wife, is back in jail to-day, facing a charge of murder in the first degree.
Within twelve hours after he had told a judge, in dramatic tones, yesterday, that he intended to leave his wife alone and become a good citizen, and was released from the county jail, it is alleged he plunged a knife into the heart of William Lewis, a total stranger. Harbin died a few minutes later. At the same time Faulkner severely wounded William Lewis, a roomer at the Harbin home.
The tragedy occurred at 10.15 last night. For some time Mrs. Faulkner has been living in a house in the rear of the Harbin home, and the police suppose, by accident, that Faulkner entered the wrong house. Knocking at the Harbin door he brushed past Mrs. Harbin who answered the knock, and dashed into a bedroom where her husband had just retired. As Harbin rose, Faulkner drew a long jack knife and plunged it into his victim's chest. Hearing the scuffle, William Lewis, the roomer, ran out and grappled with the man. They fought through the hall, down the steps and finally into the street, where Lewis got Faulkner down. Faulkner got an arm free, however, and stabbed Lewis over the right eye. Lewis fell back and Faulkner ran.

SEEKS SHELTER FROM STORM

Paris, May 12.—The cruiser New York, badly buffeted by a storm sweeping the Mediterranean, put into Toulon Harbor to-day. It was forced to seek shelter from the storm. It is reported that the cruiser suffered no serious damage.

—The special committee in connection with the Victoria Day celebration will meet this evening to decide whether or not the 24th of May celebration shall go on.

—The Parliament of Women will be held on the evening of Wednesday, June 1st, in the A. O. U. W. hall. This is the postponed meeting from the 11th inst.

—Among the passengers who will go north on the Princess May when she leaves will be E. M. Anderson, assistant curator of the provincial museum. He is to make a collecting trip to Masset Inlet at the north of Queen Charlotte Islands, where he will spend a month or two.

—There will be a meeting of delegates of fraternal societies at the Grand hotel on Monday evening next at 8 o'clock to arrange details for the societies' parade on Friday, 20th inst. On the occasion of the memorial services. A circular letter has been sent out to all fraternal societies asking them to appoint a delegate.

Little Willie says, no, what's the difference between a farmer and an agriculturist?
Pa—A farmer, my son, makes his money on a farm, and spends it in the city; an agriculturist makes his money in the city and spends it on a farm.—Chicago News.

NOTICE TO CREDITORS.
IN THE MATTER OF THE ESTATE OF DUNCAN NICOL FINLAYSON, DECEASED, AND IN THE MATTER OF THE TRUSTEES AND EXECUTORS ACT.
NOTICE is hereby given that all persons having claims against the late Duncan Nicol Finlayson, who died on the 11th April, 1909, in Victoria, B. C., are required to send by registered post, prepaid or deliver to the undersigned, solicitors for the executor of the above estate, full particulars in writing of their claims and statements of their accounts, and the nature thereof, and the securities (if any) held by them, duly verified by statutory declaration.
AND TAKE NOTICE that after the 12th day of June, 1910, the executor will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which said executor shall then have had notice.
Dated this 12th day of May, 1910.
MOSELEY & O'REILLY,

EIGHT STUDENTS LOSE LIVES SIX GIRLS AND TWO BOYS PERISH

Drown When Boating on Mill Dam —Bodies of the Victims Recovered

Wilkesbarre, Pa., May 13.—Eight high school students, six girls and two boys, lost their lives yesterday while boating on what is known as the old paper mill dam at Huntington Mills, about 20 miles below this city. The dead: Maud Suttler, aged 18 years; Carolyn Ous, aged 16 years; Ruth Bonham, aged 15; Iris Davenport, aged 16; Rachel Thompson, aged 16; Madeline Good, aged 17; Robert Minnich, aged 18; Ray Dodson, aged 17. Twelve students of the Huntington High school secured two boats at the noon hour, and started for a row on the dam. The dam is nearly half a mile in width, and when the craft had reached the centre of the body of water it was noticed that one of them had sprung a leak. The two boats were then pulled together by the young men in the party, and an effort was being made to transfer the girls from the leaky boat to the safer craft. The last one of the party had scarcely set foot in the boat when it began to sink, owing to the combined weight of the party. The girls were helpless to save themselves, and the boys of the party, with the exception of Dodson, being expert swimmers, struck out for the shore, which all reached in safety.

Minnich, in the excitement, it is presumed, thought all the young women had succeeded in reaching land. He had no sooner gained the bank than he noticed the girls hanging to the rapidly sinking boat. The boy dashed into the water and swam swiftly back to the water-filled craft. Only one of the girls was clinging to the boat, the others having gone down for the last time. Saving Iris Davenport, Minnich again started for the shore, but the exertion was too much for the gallant lad, and the two went down together when they were within a stone's throw of the bank. There was no excitement among the members of the party who had sprung a leak, but as soon as the boat began to fill with water it appeared as though every member became terror-stricken. The shrieks of the drowning girls could be plainly heard on the bank of the dam, but there was no one near who could launch another boat and go to the rescue of the imperiled party. Not one of the parents of the drowned boys and girls knew of the accident until all the bodies had been brought to shore.

RIVALRY IN LOVE COMMIT SUICIDE

Two Young Men Plunge From Railway Bridge in Red River —Bodies Recovered

Winnipeg, May 13.—That two friends and fellow-countrymen left their respective homes in St. Boniface at the same time, and walked to death together to carry out a pre-arranged death pact, has been established by the identification of the second body. Wednesday.

The cause which prompted two young men to seek destruction was not, as previously believed, insanity, but a three-cornered love affair, which dated back to Belgium. There was a woman in it, and rather than have one take her while the other fought out his life in anticlimactic loneliness and misery, they walked hand in hand off the C. N. R. bridge and terminated the love dilemma by death.

One was Victor Divalder, the other Isador Ventenoot. The first was 27 years of age, and the second a few years his senior. Divalder, after coming to the west, worked on various dairy farms in St. Vital; the other had a brother who owned a dairy in St. Vital. Not only their former careers, but also their careers in this country were thrown together. On Wednesday they left their homes simultaneously. Where they met is not known, but in company, and probably holding to each other, they dived from the piers of the bridge into the silent murky depths beneath.

Divalder was found Wednesday morning, his body remaining almost where he had plunged into the stream. The body of Ventenoot was picked up floating from the river near Middlechurch in the afternoon.

QUARTER OF MILLION INVOLVED IN LAWSUIT

Lester W. Daniel Defendant in a Timber Case—Action Against Electric Railway

Vancouver, May 13.—Justice Clement yesterday commenced the hearing of the quarter million dollar lawsuit in which E. F. Swift, the Chicago millionaire meat packer and lumberman and D. Davidson, Alex. D. McRae and ex-Senator Peter Jansen are plaintiffs and Lester W. Daniel, defendant. Plaintiffs claim that defendant, when he transferred two-thirds of the assets of the Fraser River Mills to them in July, 1907, made an agreement that if there was a shortage in timber, David would repay in whatever proportion the shortage was to the purchase price. Plaintiff's allege that there is a shortage upon which they set a value of \$250,000, and for which they now sue.

Herbert W. Smith, who was employed by plaintiffs to survey the limits which David transferred, in the witness box stated under examination by E. F. Swift, K. C., who appears for plaintiffs, that he had surveyed a large number of the properties which were in litigation. There had, he said, been 50 licenses transferred, and he had surveyed 40 of these. From his access coming to plaintiffs, whereas they only received 23,362.

"You are not a cruiser at all?" questioned E. V. Bodwell, K. C., who appears for David. "I am not."
"No one would be likely to take a great deal of stock in your cruising?" "No, I am not a cruiser. I am simply a surveyor."

Collision Case.
In the third case arising out of the Lakeview train collision in November, in which nineteen men were killed, the jury awarded John D. Taylor, Blacksmith, of this city, thirteen thousand dollars against the British Columbia Electric Railway. He had a narrow escape and is a nervous wreck. The damages in three trials reach thirty-six thousand dollars.

McLACHLIN MURDER TRIAL

Whitby, Ont., May 13.—All the evidence in the trial of Archie McLachlin charged with the triple murder of his wife and two young boys at Uxbridge on October 19th last, was completed by the Crown at ten last night, with the examination of Dr. J. Johnson, chief coroner for the city of Toronto. Dr. Johnson's expert evidence was most convincing as to the cause of death in the case of Mrs. McLachlin. He said that there was no question from the condition of the body, after a post-mortem examination but that she died from poisoning, before exposure to smoke from the fire which partly burned the McLachlin house.

Prof. Ellis, who analysed the organs of the deceased woman and two children found over a grain of strychnine in her stomach, besides a further quantity in the intestines. These quantities were what had not been absorbed. He said there had possibly been several grains administered.

Frank Vicars, clerk in Nichol's store, told of McLachlin's having purchased on the afternoon of the day before the tragedy ten grains of strychnine, which he said he wanted to mix with rat poison previously purchased, which he had not done. His work effectively, Vicars advised him that five grains of strychnine would kill a large number of rats. McLachlin told him to double the quantity, and so signed the poison book for the ten grains.

WOULD PROHIBIT FIGHT REPORTS

Washington, D. C., May 13.—Representative Smith, of Iowa, yesterday introduced in the house of representatives a bill, which if passed, will practically prohibit the Jeffries-Johnson fight on July 4th.

The bill prohibits the interstate transportation of prize fight pictures or reports of prize fights.
The bill introduced by Smith makes special reference to the transmission of betting odds and provides that the odds must not be used in any way for the transmission of any puristic data either between states or within a state.

Smith says that he intends to press the measure but believes that it is extremely improbable that much progress will be made during the present session.

FOUND NOT GUILTY

Vancouver, May 13.—"Not guilty." Immediately the words fell from the lips of Foreman Ladner of the jury with which rested the fate of Julia Lewis, charged with the murder of Peter Seury, colored, the trembling woman collapsed in the prisoner's box and fell to the floor. The strain of ten days had told severely upon the nerves of the emotional woman, who throughout the trial frequently sobbed aloud and had to be supported to and from the court.
The trial had been half completed when, out of respect for the memory of King Edward all court business was suspended for three days. Rather than keep the jury locked up in a hotel room for that period, it was discharged and the case begun again before a new jury.

MUNICIPAL STREET RAILWAY. Voting on Referendum at Regina in Favor of Proposal.

Regina, Sask., May 13.—If the result of the voting on the referendum is any indication, there is very little opposition to the building of a municipally owned street railway in Regina. Out of a total voters' list of nearly three thousand there were only 432 votes polled, and of these only 26 were opposed to the building of the street railway. The referendum was taken on the question "Are you in favor of the immediate construction of a street railway as a municipal undertaking?" From the vote it is apparent that 97 per cent of the people who took the trouble to vote, the majority is overwhelmingly in favor of the street railway.

ROOSEVELT LECTURES.

Kaiser and Crown Prince Among Audience at University of Berlin.

Berlin, May 12.—Sunshine and warmth aided Roosevelt yesterday and helped the famous specialist who has been trying to cure his throat. The favorable weather did as much as the treatment he has received to lessen his hoarseness, and he was able to deliver his lecture before the University of Berlin without great inconvenience. The Kaiser yesterday presented Roosevelt with four large water colors, the work of famous artists, showing the changes made in German army uniforms since 1890. The pictures are explained by notations made by the Kaiser himself.
Roosevelt's speech was enthusiastically received by a great gathering at the University of Berlin.
The Kaiser, the crown prince and the chancellor and most of the ministers and many royal persons heard the lecture.

DAMROSCH'S FAVORITE COMPOSER

If you ask Damrosch, as sentimental ladies often do, "who is your favorite composer?" he smilingly replies, "The one I happen to conduct." But yet he is known to have favorites. He says of Strauss, that he "admires his music greatly, but does not love it." Brahms' Symphonies Nos. 1 and 2; Mozart's "Jupiter" symphony and Tschalkovsky's No. 5 are still favorite works, but if you want to see his face light up, just mention "Beethoven" to him.
He has always considered the Beethoven Cycle, which he gave in New York two years ago, in which he performed all of the principal works in six concerts, his best achievement. Damrosch deplores the tendency of certain modern conductors of doubling the

Tenders for Addition and Alteration to Fire Halls

Sealed tenders will be received by the undersigned up to 4 p.m. of Monday, May 16th, 1910, for additions to and alterations at Yates street and Victoria West fire halls. Plans and specifications can be seen at the office of the purchasing agent, City Hall.
Lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT,
Building Inspector.

Applications

For the position of Assistant Librarian of the Public Library will be received in writing by the undersigned until Tuesday, the 17th instant, at 4 p. m. Salary at the rate of \$75 per month.
Applicants must possess a thorough knowledge of the Dewey and Cutter systems of classification and be graduates of some recognized school of library training.
References required.

AMERICAN TRIBUTES TO KING EDWARD.

Nothing could be more truly indicative of the remarkable change which has occurred in the sentiments of the people of the United States towards Great Britain than the comments of the press of the republic upon the death of King Edward. We have taken occasion to examine with care the editorial expressions of opinion which have appeared in a great many of the leading United States newspapers, and in every instance the references have borne testimony to the high statesmanship displayed by the King during the nine short years of his reign and to the commanding influence His Majesty exercised in promoting cordial relations between nations whose natural inclinations tended in the direction of jealousy and distrust.

The New York Times in its issue of Sunday last says that all the flags in that city floated at halfmast as a tribute to the memory of Great Britain's dead King. Britons will cherish these things in their memory as bearing direct testimony to the fact that there was more truth than poetry in the sentiment of the American admiral who upon a memorable and dramatic occasion exclaimed "blood is thicker than water!" in times of great national calamity there is a wealth of consolation in the cordial clasp of "hands across the sea." When Lincoln and Garfield and McKinley fell before the bullets of assassins and Twain crossed the last divide Britons at home and abroad mourned just as deeply as Americans. Affliction draws nations, and particularly nations of common origin, common laws and common literature, as it attracts families, more closely together. Stephen Chalmers, it seems to us, strikes a much higher note in the following verses published in the New York Times, than the British poet laureate:

Not so forgetful of the ancient ways,
In sense, thought, custom, instinct,
reverence,
Has the world grown in freedom's latter days,
But that the yester-mind knows
strange suspense,
And the warm blood a chill of primal dread,
As phantom couriers cry: "A King is dead!"
Not so regardless of the ancient rite,
Wherein crowns pass, surviving even death,
Where might, earth-fallen, rises living
night,
And kingly power is born of kingly breath,
But the heart thrills as echoes backward fling,
"A King is dead!" in "Hail! Long live the King!"

Wherever shines the sun o'er bush and plain,
From polar rim to glaring tropic shore,
From Asian sea, o'er field of rice and cane,
To the lone tides where time is time no more—
Stripped is the ancient heart and race is fled,
In Alfred's royal line a King is dead!

All Canadians will rejoice to learn that the pioneer steamship company of their country, the Allan Line, has decided to build two vessels of a guaranteed speed of 21 knots and of a size equal to the best ships in the New York trade. That is what has been wanted to illustrate the advantages of the Canadian short route across the Atlantic. There is little doubt that the result will be a tremendous increase in the business of passenger transportation between Europe and Canada. The time is surely not far distant when the Canadian route will be supreme. We shall have an "all-red route" in process of a very short time without paying an exorbitant price for it.

The ranks of the pioneers are being gradually decimated. Two more links with the golden days of the past were severed with the death of Alexander Gilmore and Wm. Newbury. They were both men of the sterling character peculiar to the original settlers in British Columbia, and they leave many sorrowful relatives and friends to mourn their departure.

The following account of the meeting between the late King Edward and the late Mark Twain may be of interest now that the two great men have been "called up higher." It was given by Mark himself, and is doubtless intended to be humorous: "I knew we were

the centre of all eyes, and I felt my outa. When I approached King Edward, he extended his right hand, and as I took it he placed his other hand on my shoulder. I thought to myself if the King could put his hand on my shoulder I could put mine on his, and so I did. There were two great men stood before all the people 'layin' on of hands."

A writer in the National Review, in an appreciation of the services of Mr. Fielding to Canada and the Empire, says: "It is surely no exaggeration to say that the Canadian-Preferential Tariff must stand out forever as one of the greatest strokes of Imperial statesmanship which the world has seen."

The New York Times, commenting on the political situation in Great Britain and the influence of the King's death upon it, says "nobody believes the throne is in danger." Quite true. Republicans in Great Britain are probably as scarce as annexationists in Canada.

Did you have an eerie feeling yesterday as of some dread impending calamity? If you did, ascribe it to the comet. Sir Robert Ball, who ought to know, says the 12th of May was the day the earth was to pass through the tail of Halley's famous luminary.

Attribute it to the comet if you will. There is no doubt that many tragic events have thus far been recorded during the year 1910.

QUARTER MILLION FOR METHODIST CHURCH

Charles D. Massey's Conditional Gift Secured—Increase in Membership Reported

(Special to the Times.)
Nelson, B. C., May 12.—At the educational anniversary of the British Columbia Methodist conference, yesterday, Rev. W. J. Sippell, D. D., principal of Columbian college, announced that \$75,000 had been subscribed in British Columbia to the Jubilee endowment fund, thus securing the conditional gift of Chester D. Massey of \$25,000.

The money will be spent for the needs of Columbian college and to establish a theological school in connection with the provisional university. The college report presented shows excellent progress and a large number of students.

Rev. James Allen, home mission secretary, gave a splendid address, commending the work of the conference on missionary lines, and promising the continued help of the Methodist Missionary Society.

The conference expressed appreciation of the proposal of the general conference of the Methodist church to meet in Victoria.

The statistical report of membership of the Methodist church in British Columbia totals 2,890, an increase of 764. The total amount raised for all purposes was \$264,071, an increase of \$46,511. The missionary givings were \$27,314, an increase of \$7,411.

BURNING OF SCOW CAUSES EXCITEMENT

First Message Reported Steamer on Fire and Vessels Hurried to Scene

(Times Leased Wire.)
Seattle, Wash., May 12.—Unknown steamer burning off Point-No-Point, came a wireless message floating through the ether this morning. Instantly "S. O. S." and "C. Q. D.'s" were cracking back and forth on the sound, newspapers were piling up long distance tolls in reckless fashion, the government was ordering out its life-savers and the Merchants' Exchange was equipping a motor boat for a hurried trip to the scene.

"Steamer State of Washington has taken off the passengers," came a second wireless message, and the excitement grew, for still no one could furnish a clue as to the identity of the burning steamer.

Then a newspaperman caught a rancher near Point-No-Point by long distance telephone and found that the "burning steamer" was a shingle scow. The lighthouse tender Manzita arrived on the scene in time to rescue a few shingles. In a few minutes the Princess Victoria steamed up with offers for "help, and Round" boats were bearing down from every direction.

The ownership of the shingle barge is unknown.

AVIATION MEET.

International Contests Will Be Held on Long Island—Nearly \$200,000 Prizes.

New York, May 12.—The international aviation meet of 1910 will be held on Long Island, according to an announcement by the board of directors of the Aero Club of America. The site has not been determined but in all probability it will be either Hempstead Plains or Belmont Park.

It also was announced that satisfactory arrangements with the Wright brothers have been made for the use of their patents during the exhibition. The Dayton aviators demanded \$25,000 for the privilege and four per cent. of the gate receipts. It is understood these terms have been accepted.

An effort will be made to raise between \$100,000 and \$200,000 for prizes. Nearly \$100,000 is said to have been guaranteed.

She—I'm living on brown bread and water to improve my complexion.
He—How long can you keep it up?
She—Oh, indefinitely, I guess.
He—Then let us get married.—Boston Transcript.

EARTHQUAKE IN COSTA RICA

PEOPLE ARE IN STATE OF PANIC

Serious Damage Reported—Relief Will Be Rushed to Town in the Interior

(Times Leased Wire.)
Port Limon, Costa Rica, May 12.—A great earthquake, rocking the interior of Costa Rica, has levelled scores of buildings in San Jose. Details are not obtainable owing to prostration of telegraph wires. Serious loss of life has undoubtedly been inflicted by the tremor. A low tidal wave here followed the shock.

All reports indicate that another earthquake has shaken Cartago, San Jose and vicinity.

First reports of the disaster reached here by courier. These reports, while undoubtedly exaggerated, indicate that great damage has been done.

The people of the interior are reported to be terror stricken, and many are said to have been driven insane by fright.

Preparations are being made here to rush relief to the towns of the interior and to re-establish telegraphic communication.

New Orleans, May 12.—Cable dispatches received from Colon late this afternoon deny the report that the Panama canal was injured by the earthquake which visited Central America early to-day.

Other dispatches from Port Limon say that no news of any injury to the canal in Panama has been received, and the report is not credited here.

Port Barrios, Guatemala, May 12.—A heavy earthquake shock rocked the city of Guatemala and the interior late last night, according to reports received here to-day.

Cleveland, O., May 12.—The seismograph here registered a heavy earthquake shock to-day. The vibration began shortly after 7 o'clock in the morning and continued for many minutes. The indications are that the quake occurred in Costa Rica. The shock was greater than that which recently wrecked Cartago.

St. Louis, Mo., May 12.—An earthquake shock lasting 53 minutes was recorded by the seismograph at the St. Louis University this morning. The shock, the record shows, was heavy, but was probably some thousands of miles away. It is believed by professors at the university that the shock affected the western coast of South America.

San Bernardino, Cal., May 12.—This city was shaken by an earthquake at 10:20 o'clock last night. No damage was reported.

Redlands, Cal., May 12.—Redlands was visited by a slight earthquake shock at 10:22 o'clock last evening. No damage was done.

Needles, Cal., May 12.—Needles was shaken by an earthquake at 10:25 o'clock last night. No damage was reported, but scores of frightened people rushed into the streets.

WILLIAM NEWBURY.
A Pioneer of Victoria, Who Passed Away Early To-day.

GOES TO BERLIN.

Ottawa, May 12.—W. G. Fisher, Canadian trade commissioner at Glasgow, Scotland, has been appointed to a similar post at Berlin. Mr. Fisher, although Canadian born, is of Prussian extraction, and speaks German fluently. His appointment creates a vacancy in Glasgow.

SHOT FROM AMBUSH.

Sonora, Cal., May 12.—Thomas Laird, a miner, shot twice by Jack Whiteford, is in a critical condition to-day. Whiteford concealed himself in a room in a hotel and fired at Laird from a window as he was passing. One bullet entered Laird's left thigh and another his right leg.

Whiteford, who was arrested by Sheriff Sweeney, declared that Laird had been paying attentions to Mrs. Whiteford.

Ten thousand French vines yield but 60 gallons of wine a year. The same number of vines in Cape Colony will produce 2,000 gallons.

The authorities of churches in Liverpool object to the throwing of confetti in cause of the work cleaning it away.

Splendid Showing of Famous "Gage" Millinery to Be Seen Here, Priced From \$10, Upwards

Gage Millinery is world-famed for its distinctiveness. We have just opened up a large shipment which only reached us yesterday, and exquisite creations they are, too. There is an exclusiveness and touch of individuality about Gage Millinery that is really hard to describe. This year, the efforts of this famous maker seem to have outclassed any hats heretofore shown. They are in all shapes, to suit all faces, with trimmings so characteristic of Gage design as to place them far in advance of any others shown.

Saturday Night Sale of Ladies' Belts, Reg. Value 35c and 40c. at 7.30, Your Choice at 15c

Another of our popular Belt Sales takes place Saturday night at 7.30, and splendid bargains they are, too. They are made of a specially fine quality belt material finished in various distinctive and attractive styles—some in plain effects, others fancy embroidered in shades of white, sky, pink, rose, tan, wisteria, greys, reseda, greens, navy blue and black; also a number of extra stylish effects. These if sold in the ordinary way would sell at 35c and 40c. Special, Saturday night, at 7.30. 15c

Boys' and Youths' Pants, sizes 28 to 31, Waist, Reg. \$1.50 to \$2.00, Sat. \$1.25 Pair

Excellent value indeed in Boys' and Youths' Pants is being offered. The materials are exceptionally good wearing, being made mostly of very heavy tweeds. For an everyday wearing pair of pants these are unequalled. Regularly sold at \$1.50 and \$2.00. Price \$1.25

Men's Shoes, Saturday, at \$3.50

MEN'S OXFORDS in tan, Russia, patent leather and velour calf. There are many styles here, some with the new two-hole tie effect. Price \$3.50

MEN'S BOOTS, in patent leather, tan or black kid, tan Russia, velour calf, etc. All shapes of toes and styles up to date. Some very snappy; others conservative. \$3.50

Comfortable Summer Dresses For Children

Warm weather days will soon be here. How about the little one's wearing apparel? Surely you don't intend keeping them dressed in the same heavy material, especially when there is a whole department devoted to this line. This season our stock is greater than ever, from the colored gingham to the finest white muslin, most exquisitely trimmed. Prices are within reach of the most modest purse.

CHILD'S DRESS, made of English print, in dainty pink and white and blue and white stripes, in Buster Brown styles, nicely trimmed with buttons and braid.

ANOTHER STYLE is made of plain blue chambray, with collar, cuffs and belt of white lawn.

A VERY PRETTY DRESS is made of blue and white striped gingham, with two rows of embroidery insertion down front, Dutch neck and three-quarter sleeves finished with embroidery. These dresses run in sizes from 1-year to 8. Saturday special. \$1.50

Remnant Bargain Day on Our Third Floor

—Brown's Brown Teapot Depot—Headquarters for the best teapots. Best in regards to brewing qualities, as to looks, as to finish, as to durability. Large variety from 15c to 75c. R. A. Brown & Co., 1202 Douglas St.

—Joe' Calwell, whose Saturday stage trips through Sooke have popularized him with the local fishing fraternity, has let a contract for a handsome new stage which will be operated twice or three times a week between Sooke Lake and Welsh Crossing, the nearest railroad point.

—Instructions have been issued by the provincial secretary and minister of education for the observance of the birthday of federated South Africa on May 31st. Flags at the public schools will be flown and the pupils will carry out appropriate exercises having reference to the geography, history and importance of the Empire's latest dominion. The suggestion for this observance came from the South African government, and the day will be similarly honored in all provinces.

—That the owners of property on Ormond street have no claim to be relieved from taxation is the opinion of the acting city solicitor. These owners recently petitioned the city council to be relieved of a part of the personal property tax under the local improvement scheme, relying on a deed of conveyance of a portion of the street for widening purposes made in 1880 by the late Theodore Davie in favor of the city. The acting city solicitor will advise the council that the covenant was a personal one with Mr. Davie.

Nothing Healthier Than Beer or Ale

At this time of year. All the best brands are stocked by us—those recognized by connoisseurs as a glorious triumph of the brewers' art. In these good, wholesome brews it is a question of proper aging—quality. Not how quick, but how thorough. Not how cheap, but how good.

SWEENEY'S SANDWICH MAN GETS ONE MONTH

Jack Frost Becomes Heated and is Arrested—He Will Cool Again in the Cells

Jack Frost, sandwich man for John P. Sweeney and the J. B. A. A., went to jail for a month this morning, without the option of a fine, pleading guilty, under extenuating circumstances, to a charge of using abusive language to Constable Harry Macdonald on Johnson street yesterday afternoon. Frost's extenuating circumstance was drunkenness.

John P. Sweeney did not appear on behalf of his erring employee. Jack Frost was employed to advertise the J. B. A. A. boxing bouts by means of a sandwich board. He was given 50 cents and a bundle of hand bills to distribute among the cigar stores. He threw the hand bills on the street and refused to pick them up again when ordered by the constable. When told to choose between picking up the bills and going to jail, he became abusive and was arrested.

Four drivers of vehicles were fined 45 each and two trunks went to jail for the prescribed period.

WARD TWO HAS MOST VOTERS ON REGISTER

Least Number Registered in Ward Four—Revision Has Removed Many Names

Nearly one thousand names have been taken off the old list of voters for Victoria district by the registrar of votes. Harvey Combe, the number of names on the new roll being 7,000 against 8,125 on the old. The exact number of names removed is 965, while 119 new applications were received.

The work of dividing the list into polling districts is completed. Ward one has 1,527 electors; ward two has 1,881, the largest number of the five; ward three has 1,486; ward four has only 774, the smallest number; and ward five 1,687 voters.

In Equinixit the cleaning of the list resulted in a still greater proportion of removals, 130 names being taken off, leaving a total registration of 860, against 1,040 on the old list.

OBITUARY RECORD

Abraham Dinsmore passed away at an early hour this morning at the family residence, 85 Queen's avenue. Deceased came to this province in the year 1888. For 16 years he was in the employ of the C. P. R. Upon retiring from the company's service Mr. Dinsmore purchased a farm at Chilliwack, but about a year ago was forced to retire owing to ill-health. He was born in Donegal, Ireland, and was 75 years of age. A widow, three sons and four daughters are left to mourn his loss. The funeral will take place tomorrow afternoon at 2:30 o'clock from the family residence. Rev. Mr. Letts will officiate. Interment will be made in Ross Bay cemetery.

The death occurred yesterday at the Royal Jubilee hospital of John Wallis, after a lingering illness. He was a native of Leiston, England, and was 25 years of age. Deceased leaves a wife to mourn his loss. The funeral takes place tomorrow afternoon at 2:30 o'clock from the B. C. Funeral Company's parlors, from where the cortege will proceed to St. John's church, where services will be conducted at 2:30 o'clock by the Rev. A. J. Stanley A.R.

At the Royal Jubilee hospital yesterday the death occurred of William Stanford at the age of 35 years. He was born in Ireland. Little was known of him locally. The remains have been removed to the Hanna undertaking parlors. The funeral arrangements will be announced later.

The Oak Bay municipality has issued a permit for the construction of a six-room dwelling house on Oliver street at a cost of \$2,500. The architect is Ridgeway Wilson, and the house, which is being built for the Island Investment Co., will be constructed by Alton & Brown.

The jury trial, Bull vs. Victoria & Sidney Railroad Company, in which the plaintiff claims \$377 compensation for damages alleged to have been caused to his horse and rig on the defendants' tracks, was yesterday adjourned to the 20th inst.

An opportunity will be given to the people of Burnside to attend the Baptist mission on Sunday and hear Rev. James Moyes from Thibet. Mr. Moyes spent many years travelling and preaching among the people so quaint, reserved and uncivilized.

The Cowichan and Koksilah Rivers are now in good condition. Anglers should stop at KOKSILAH HOTEL opposite E. & N. Depot, and within ten minutes' walk of fishing.

PROVINCIAL GAZETTE IS A LARGE VOLUME

This Week's Issue Contains 314 Pages—Appointments—Companies Incorporated

Henry Lovick Edmonds, New Westminster, has been appointed police magistrate for that city, vice G. E. Corbould, K. C., who has resigned. The following appointments are also gazetted:

Justices of the peace—G. A. Graham, Comaplix; L. G. Tolson, Salt Spring Island.

Notaries public—J. W. Donaldson and G. J. Phillipps, both of North Vancouver.

Deputy game warden—Nevill A. D. Armstrong, Shawnigan Lake. Provincial constable—Abraham Jagoe, Savona.

The Imperial Power Co., Ltd., Vancouver, gives notice of its intention to apply for water rights on the following streams: Spuzzam creek, Boulder creek, Salmon river, Shuzy creek, Yale creek, Texas creek, Anderson river, Emory creek, Siwash creek, Coquihalla river, Silver creek, Clearwater river, Barrier river, Raft river, Mad river. Other new applications are those of Colin Murray, on China creek, Red Cliff Mining Co. on Lydden creek, A. L. Smith on Canyon creek and M. F. Smith on Antler creek.

New companies incorporated are: Kelowna Tennis Club, Nelson Iron Works, Ltd.; Prince Rupert Steam Laundry Co., Ltd.; the A. C. Frost Co. and the Grand Trunk Pacific Land Co. incorporated in other provinces, have been registered and a license has been granted to Semi-Ready, Ltd., of Montreal.

Free miners are reminded of the necessity of renewing their licenses on or before May 31st.

The Gazette this week contains 314 pages.

SIXTY-FOUR BOWLERS IN COMPETITION GAME

Captains of Rinks Which Play at Opening Match of Victoria Bowling Club

The bowling green at Beacon Hill will be festive to-morrow afternoon, when the Victoria bowling club will be suitably decorated and the proceedings of the successful pioneers in Victoria of the ancient game promise to eclipse the very successful gatherings of last season.

The teams to play in the competition will be captained by Alexander Stewart, president of the club, and William Walker, vice-president. Each captain will have eight teams of four men under him. Each of these four men teams will be captained. The skips of the separate rinks are:

President's side—Alexander Stewart, W. Oliphant, sr., George Mowatt, Wal-

ter Staneland, Arthur Rea, G. Young, J. Dillworth and R. C. Coleman.

Vice-president's side—William Walker, J. A. Turner, W. Brice, A. E. Hamilton, H. Dunn, H. H. Jones, P. Brown, and W. Oliphant, jr.

Each of the teams will play against the team of the other side in the order named. The club executive extends an invitation to all in Victoria who have a liking for the game of bowls. There will be plenty of time, during the afternoon to play other matches besides completing the programme set out, and members and their friends and those who are interested will be welcomed by the club.

Refreshments for the players and visitors are being provided by the ladies connected with the club, and as these gala occasions in the past have always been very successful, it is calculated that to-morrow's event will be quite up to the first season the club played.

"There are in London 10,000 acres of unused land, which, if put to growing potatoes, cabbages and beans, would help us to support 50,000 families," said Joseph Fels recently at a dinner in his honor.

RESULTS OF GAMES IN BASEBALL LEAGUES

AMERICAN.

Boston, May 13.—The scores in yesterday's game follow:

St. Louis	R. H. E.	2 7 3
Boston	R. H. E.	1 3 1
Batteries—Lake and Stephens; Collins, Cloutte and Carrigan.		

Washington, May 13.—Chicago Washington game was postponed yesterday on account of rain.

Philadelphia, May 13.—The scores in yesterday's game follow:

Cleveland	R. H. E.	0 0 5
Philadelphia	R. H. E.	4 9 0
Batteries—Lynke and Easterly; Bender and Thomas.		

New York, May 13.—The scores in yesterday's game follow:

Detroit	R. H. E.	3 5 0
New York	R. H. E.	5 7 1
Batteries—Browning, Killian and Stanga; Warhop and Sweeney and Mitchell.		

NATIONAL.

Chicago, May 13.—The scores in yesterday's game follow:

New York	R. H. E.	9 11 1
Chicago	R. H. E.	1 6 4
Batteries—Wiltse and Meyers; McIntyre, Carson and Kling.		

Pittsburg, May 13.—The scores in yesterday's game, 12 innings, follow:

Brooklyn	R. H. E.	17 2
Pittsburg	R. H. E.	9 17 2
Batteries—Rucker, Wilhelm and Erwin; Cannitz, Philipp, Moore and Gibson.		

Cincinnati, May 13.—The scores in yesterday's game follow:

Philadelphia	R. H. E.	1 8 1
Cincinnati	R. H. E.	8 11 1
Batteries—Foxy, Maroney, Humphreys and Doolin; Suggs and McLean.		

St. Louis, May 13.—The scores in yesterday's game follow:

Boston	R. H. E.	4 9 2
St. Louis	R. H. E.	5 11 1
Batteries—Brown, Mattern and Smith; Buckman and Bresnahan.

Tacoma	R. H. E.	2 9 9
Vancouver	R. H. E.	0 4 2
Batteries—Schultz and Bliss; Jensen and Suggs.		

Seattle, May 13.—The scores in yesterday's game follow:

Seattle	R. H. E.	5 16 6
Spokane	R. H. E.	9 9 3
Batteries—Seaton and Shea; Hickey, Brooks and Ostleik.		

CANADIAN RIFLE LEAGUE.

Ottawa, May 13.—Lieut.-Colonel W. H. Dennison, of the Royal Rifles, as first vice-president of the Canadian Rifle League, has taken over the duties of president for the time being. The position of president was left vacant by the death of Lieut.-Colonel H. A. Bate.

Urging that his sweetheart would marry him unless he got his discharge, George Grant, a bankrupt carpenter, East Ferring, was granted an immediate discharge at Brighton Bankruptcy court.

AUGUST IS DATE OF KETCHIKAN BOAT RACE

Forty to Sixty Feet Motor Racers Are Eligible for Main Event

A big entry is expected for the Ketchikan to Puget Sound motor boat race, to be started August 15th, this date having been selected by the committee during the present week. Among the entries are expected several eastern boats. Saturday night there will be another meeting in Seattle to perfect the arrangements. At the last meeting the committee voted to restrict the entries to bona fide cruising boats of forty to sixty feet over all length. This is to be the main event, and is thus restricted on account of the system of handicapping employed by the Pacific International Power Boat Association, but if two or more boats of

ATHLETIC MEETS

May 21—Y. M. C. A. Juniors.
May 24—Nanaimo field meet.
May 25—Scottish sports, Oak Bay.
June 18—Duncan meet.
July 1—Cowichan sports.
July—Championship meeting.

greater length are found whose owners care to race them, suitable prizes will be forthcoming. Further details may be obtained of the secretary.

The committee will recommend to the association a division of prizes as follows: For the boat finishing first under the handicapping system, the custody of the perpetual challenge cup and \$500 in cash; for the boat making the best time over the course, regardless of handicap, a cup and \$200 in cash; for the boat finishing third under the handicap, a cup and \$200 in cash. Other trophies will be forthcoming sufficient to make this event the most attractive race ever held on the Pacific coast.

There has been considerable rivalry as to which town should have the honor of being the terminal point of the race. Cups or cash inducements have been offered by representatives of practically all of the big cities on Puget Sound. Tacoma especially has made a strong bid for the honor. The announcement of the race has attracted widespread interest all over the world, and so far twelve owners have expressed their intention of entering. Counting on past experience, at least half of those should actually start. The giving of a second prize is conditional upon more than three boats starting, and a third upon more than six entries. Cups valued at approximately \$5,000 have been offered to the committee upon the fulfillment of conditions insuring a satisfactory race.

Ammonia water that has been used for washing may be used for plants. It is an excellent fertilizer.

THE RING.

COULON WINS.

New York, May 13.—Johnny Coulon of Chicago, champion bantamweight, outfought and outpointed Phil McGovern in ten slashing rounds before the

Madison A. C. McGovern finished strong, but Coulon was clearly the winner. McGovern scored Coulon in the third, but Coulon retaliated by sending McGovern to the mat.

KIDNEY TROUBLES Are Overcome By Dr. Morse's Indian Root Pills

The kidneys have a very important work to perform in preserving health. All the blood passes through them over and over again and they filter it, removing all the impurities and worn-out muscle and tissue which the blood gathers up, in microscopic particles, in its flow through the body. These impurities are then expelled through the urinary system.

When the kidneys for any reason fail to perform this function, and the impurities are left in the blood, about the most distressing series of ailments which afflict mankind follow. First there is the aching back and a feeling of weariness, and then, as conditions grow worse, comes Rheumatism, Gravel, Diabetes, Gall Stones, Inflammation of the Bladder or the dreaded Bright's Disease.

The man or woman who allows kidney trouble to develop into any of these diseases is doing himself or herself a grave injustice, particularly when a cure can be had so readily. One of the constituents of Dr. Morse's Indian Root Pills is a Diuretic, which strengthens and stimulates the kidneys, enabling them to do their work thoroughly and with ease. These Pills also increase the action of the bowels and the pores of the skin, which remove some of the impurities, thus lightening the work of the kidneys.

Mr. Geo. Whitney, of Buffalo, N.Y., says they worked wonders for him. He writes:

"Your Doctor Morse's Indian Root Pills have worked wonders in my case. I suffered for six years from liver trouble and kidney ailment. If I tried one medicine I tried a dozen, but without good results. Your pills were recommended and they cured me after using four boxes."

Dr. Morse's Indian Root Pills should be taken at the first sign of back-ache, of rheumatism, or of any difficulty in urinating.

SAYS A SETTLEMENT IS NOW WITHIN SIGHT

(Continued from page 1)

point, and promised to take the matter up with the Indians at once.

"I understand that Mr. Helmcken has already had a conference with Chief Cooper and other members of the tribe, and that he found a majority of them in hearty accord with the proposal. There may be a few of them who are not ready to give their final word, but that they will be brought into line I have no doubt.

"Other conferences will be held within the course of the next few days, when we will know where we stand. But this reserve question has got to be settled one way or another, this time. That is all there is about it," concluded the Senator.

REFEREE SELECTION TO RESUME MONDAY

Berger, for Jeffries, Wants Eddie Smith and Johnson Either Welch or Graney

(Times Leased Wire.)

San Francisco, Cal., May 12. — Sam Berger is expected up from Rowardennan within a day or two, primed for his second battle with Jack Johnson over the referee question. While in the city last week Berger made a quiet canvass among sporting men and it is said that the great majority were with him in his selection of Eddie Smith, who has been the Jeffries choice throughout, the other men named being merely set up to fall back upon in case of a deadlock.

Berger puts up a consistent three-cornered argument in favor of Smith. "Eddie is competent, he is honest, and if he was good enough to referee for Johnson in the Kaufman fight he ought to be good enough to referee in the big battle," argues Sammy. But Johnson still cannot see it that way.

Welch or Graney, continues to be his cry, and he will take it with him into the conference room next Monday afternoon, when the second session over the matter will be held.

NINE UNDERGOES

SLIGHT CHANGES

First Base and Pitching Staff Will Split Game To-morrow Against the Pontiacs

MacDiarmid and Ed. McQuade will split the game to-morrow on first base, and Surphils and "Robe" Stevenson will split the game from the pitcher's box. Pete McQuade plays on third as usual on Saturday. Brown is still stop and Fryberg will catch again.

The complete team line-up to play against the Pontiacs will be in the batting order: Wattlelet, I. E. Murray, I. B. Moore, J. F. Whyte, J. F. McQuade, J. B. Fryberg, C. McDiarmid and Ed. McQuade, I. B. Brown, s. s.; with Surphils and Stevenson to pitch.

The following note was received in protest from L. A. Wattlelet this morning: "I take exception to the statement that there is no bald head on the team." Wattlelet never goes without his hat; in fact, he sleeps in it.

CRICKET.

SHEARWATER V. EMPRESS C. C. The Empress and Shearwater cricket clubs will play a match to-morrow afternoon at the Canteen ground. The Victoria eleven will practice at the hospital ground and the Albion first and second elevens will practice at Beacon Hill.

THE KENNEL POINTER CLUB MEETS

There will be a meeting of the Victoria Pointer and Setter Club on Tuesday night at the offices of T. P. McConnell, Government street. The club will talk over plans for holding a summer show.

TWO POISONED.

Eganville, May 12.—Word comes from Rockingham, in Bradenell township, 30 miles from here, of a tragic double poisoning case, the victims being Mrs. Kinder and Jose Kinder, wife and son of Dr. Kinder, the former 75 years of age, and the latter 30.

On Wednesday of last week each took a dose of what they believed to be Epsom salts. That evening the son was found by the roadside by a neighbor unconscious and the flesh darkening. He was taken to the neighbor's house and his father summoned, but he was beyond relief. The next morning he was removed to his home, where he died that evening. The mother lingered until Wednesday morning, when death resulted.

The father purchased his drugs from an Ottawa store, and his theory is that that in filling this order, some kind of poison was taken by mistake with the salts. He has sent what remained in the bottle to Toronto for analysis.

TWENTY PERSONS INJURED.

Hundred People Fall into Water When Stairs Leading to Pavilion Collapse.

Salt Lake City, Utah, May 12.—Searching parties who to-day dragged the Great Salt Lake around the Saltair pavilion, the outer stairs of which collapsed and threw a hundred people in eight feet of water, report that no bodies are in the lake. Twenty persons were severely injured in the accident, but physicians to-day declare that none are fatally hurt.

The accident came at the close of a boxing contest between Thompson and Sullivan. Five thousand people attended the exhibition. The stairway collapsed as the crowd was leaving the pavilion.

Fairfax Poole, son of Mr. and Mrs. Walter Poole, met with a painful accident last evening at Quamichan, breaking one arm at the elbow and both wrists. He was brought down on the train to-day and taken to St. Joseph's hospital. Dr. Jones is attending him.

SPORT NOTES

The North Ward Lacrosse Club last night elected the following officers: President, E. Christopher; secretary, treasurer, William Blake; captain, F. Sweeney; home captain, H. Sarigson; selection committee, H. Sarigson, F. Sweeney and F. Kroeger.

The North Ward soccer team that goes up the line to play Ladysmith in the second game of the finals for the intermediate island championship this week end is as follows: Goal, Baynes; full backs, McDonald and Lawson; half backs, Brown, Brynolfson and Taylor; forwards, Todd, McGregor, Peden, Lane and McInnes.

The date of the Ketchikan to Puget Sound motor boat race has been fixed. The race will start August 15th. Entries will be restricted to bona fide cruising boats of forty to sixty feet length over all for the main event.

In accordance with the wishes of King George, the international horse show to be held in London next month will not be postponed. The date is June 6th to 10th. The King Edward challenge cup, now held in France, will be competed for under the conditions of a year ago.

To-night Leach Cross and Tommy Murphy box ten rounds at New York. Saturday Papke and Thomas fight 35 rounds at San Francisco, and a week later at Los Angeles Lew Powell and George Memic are in a 25-round engagement.

That 24th of May mill between Rod Standen, the Nanaimo boy, and Lauder of Calgary, will be held just outside the Calgary city limits. The mill will be an open-air affair.

If J. Puvius will only remain in his home town of Vancouver every Saturday, Manager Wattlelet will be happy. It is hard though, on J. P. to have to stay in the Terminal city always, for he is making enemies among the fans there, having spilt two Northwestern games this season.

The Beavers have figured in two series and have won both. Bob Brown has made a good start, and the Northwestern pennant looks like a Vancouver cinch this season.

The Ontario Jockey Club has postponed its meet from the 20th to the 24th, on account of the death of King Edward VII. The meeting will continue until May 31st.

Vancouver has a homing pigeon club with flying dates arranged up till June 15th. The birds will be flown from North Bend, Ashcroft, Kamloops, Revelstoke and Glacier.

Eddie Graney, Jack Welch and Eddie Smith are in line for the referee of the big fight. Berger, representing Jeffries, wants Eddie Smith, sporting editor of the Oakland Tribune, and Johnson wants either of the other two. Charles Whyte of New York, has not been mentioned.

The Washington University track team goes to California on Monday next. The California Rugby team to tour Australia, will leave Vancouver May 20th. Twenty men are named and four are still to be selected.

Yachting should get such a boom in Victoria this year that will make it more popular than ever here. The July regatta committee will have things in shape before long and announcements are expected.

The lacrosse teams are earnest at practice. The men have been out nearly every night this week at Royal Oak park and the fastest kind of lacrosse is expected. Sam Lorimer and John P. Sweeney are confident that the Victoria twelve will defeat both Vancouver and Westminster in the series this year.

President Merrick, of the Canadian Athletic Union, has ruled that professional shall not play with amateur cricket clubs. The cricket clubs are not expected to take much notice of this.

NEW NAVAL ACCOUNTANT. Ottawa, May 12.—L. J. Beansoleil, of Montreal, has been appointed accountant of the new department of the navy.

"SALADA" is the same wherever or whenever you buy it—always of unvarying good quality.

Its native purity and garden freshness is perfectly preserved in sealed "SALADA" Packets.

Black, Mixed and Natural Green, 40c, 50c, 60c and 70c per lb.

Have You a Launch?

To own a launch is not such an expensive pastime as many seem to imagine. Certainly you can pay all kinds of prices, running from three figures to five, but to own a launch for pleasure seeking locally, is within the reach of many.

We not only build launches but carry a most complete stock of launch supplies. Have a little launch talk with us and see if we cannot interest you.

MEXICAN LINER LEFT YESTERDAY

LAST VOYAGE UNDER PRESENT ARRANGEMENT

Deputy Minister of Trade and Commerce Replies to Protest of Victoria Board of Trade

Steamer *Lonsdale*, of the Canadian-Mexican line, left yesterday afternoon for Manzanillo with a cargo of wheat which was loaded at Vancouver. She was delayed a couple of days at this port waiting for an engineer who came from Vancouver yesterday. While it seemed like a delay keeping the steamer here in port it was not really so for there are two steamers ahead to be discharged at Manzanillo. The Mexican port has not yet very good docking facilities, so that it was rather an advantage to remain here. The wheat has to be discharged at Manzanillo before the 31st of this month in order to escape the duty which is reimposed after that date.

The Victoria Board of Trade has been making a protest against the passenger accommodation on this line of steamers and they have chosen an opportune time for doing so. Both the *Lonsdale* and the *Georgia* are making their last voyage under the present contract with the Canadian-Mexican Company. If they continue it will be on time charter, and it is well known that Captain Worsnop is at present in the Old Country making arrangements for better steamers to take their place. The general opinion seems to be that there is now sufficient business to keep three steamers running between Salina Cruz and Victoria. It is possible that if more than two other steamers cannot be secured the Rupert City may be put on the run, she making a specialty of the passenger business. There is a good demand at the present time for steamers. Captain Worsnop is looking for vessels at a time when the market is looking up and it is not surprising that he is finding some little difficulty in finding just what he wants. Symonds & Co. are willing to allow their vessels to remain but they are not considered good enough for the amount of trade which is offering.

In reply to the protest of the board of trade the following letter has been received:

"Sir—I am directed by the right honorable the minister to acknowledge receipt of your letter of the 22nd April, and to say in reply that yours is the first complaint we have had with respect to passenger accommodation on the steamship service employed in the Canada-Mexico service under contract with this department.

"The contract requires accommodation for 20 first-class passengers and 100 tween deck passengers. Your correspondent does not state definitely what fault he had to find with the accommodation.

"The department understands that CATSPA W RUBBER HEELS are better than Accident Insurance. They don't slip; no slip, no fall; no fall, no accident. Wear Catspaw. All shoemen.

the company are negotiating for other steamships at the present time, which it is expected will be more adaptable to the service.

"F. C. T. O'HARA, Deputy Minister.

Secretary Elworthy has written the department, asking for a copy of the contract with the Canadian-Mexican Company insofar as the passenger accommodation is concerned.

WALTER ROSS REPRIVED.

(Special to the Times.)

Ottawa, May 13.—The cabinet has granted a reprieve until June 21st to Walter Ross, who was to have been hanged at North Bay on May 20th for the murder of Percy Parkinson, his companion. The reason given is that the jail at North Bay is under quarantine. In the meantime Ross's counsel will endeavor to have a further examination as to the condemned man's sanity.

MANY WHALES ARE CAUGHT ON COAST

Tees Brings Word of Great Activity—Logger Injured at San Juan

The catch of whales during the past few weeks has been a record one, according to news brought this morning from the stations on the West Coast of Vancouver Island—so many of the big fellows are brought in by the steamers that it is found necessary to move the third steamer from one station to the other from time to time, as the whales accumulate so fast that it is impossible to cut them up and take care of them as fast as they come in.

The Tees brought a number of passengers from the West Coast, among them being a number of loggers. One of these, a man named Gordon Hill, from San Juan, was sent to St. Joseph's hospital on his arrival.

While logging in the woods for the Graham Lumber Company with a gang of men, he was assisting to get out logs when the sawmill slipped from the log in which it was embedded, allowing the log to roll on the unfortunate man, painfully injuring his legs and bruising him about the body. On his arrival he was examined by Dr. Fraser and found to have sustained no very serious injuries.

The Tees arrived about 9 and left two hours later for Ladysmith and Departure Bay to load cargo. She will then return here and proceed as usual to West Coast points.

ARE HERE TO MEET BIG SHIPOWNER

Frank Waterhouse, President of the Frank Waterhouse Company, Arrived This Afternoon on Princess Victoria

Frank Waterhouse, president of the Frank Waterhouse Company, Andrew Baird, vice-president of the firm, and David Baird, marine superintendent, all arrived this afternoon from Seattle on the steamer Princess Victoria for the purpose of meeting Andrew Weir, the owner of one of the largest lines of freight steamers in the world. Frank Waterhouse & Co. operate the Bank line and are agents for all the Andrew Weir steamers when in these waters.

While the trio of visitors refused to discuss their plans until after the arrival of Mr. Weir, it is understood that their visit is something more than a friendly call. The Waterhouse company, it is understood, have big plans afoot for the improvement of their service which will have a great bearing on the future of Victoria as a shipping centre. This, however, they would not discuss.

Speaking of business conditions Mr. Waterhouse said that the homebound business was very good, but that freights out were small at present. In connection with the city of Victoria he said that he saw great changes every time he came to the city. He was not sure that Mr. Weir might not proceed to Vancouver just now, returning to Victoria later.

SIR W. HUGGINS DEAD

London, May 13.—Sir Wm. Huggins, the astronomer, died yesterday. He was born in London in 1824, and had long directed a private observatory, which he erected. He was formerly president of the Royal Astronomical Society and of the British Association for the Advancement of Science.

RECIPROCITY QUESTION

(Special to the Times.)

London, May 13.—The Daily Mail says the Montreal board of trade's anti-reciprocity resolutions will be welcomed here, but at the same time the British public will do well to remember that fresh and more strenuous efforts will be made by the United States to overcome Canada's repugnance.

SENTENCED TO DEATH

(Special to the Times.)

Toronto, May 13.—Pasquale Venturini, an Italian, convicted of the murder of Raffario Fabio in a house on Manning avenue on March 6th last, was sentenced this morning to be hanged on June 1st.

HAIR GROWTH

Promoted by shampoo of CUTICURA SOAP and light dressings of CUTICURA. This treatment drives itching and irritation, destroys hair parasites, cleans sea, purifies and beautifies and tends to make the hair grow upon a clean, healthy scalp.

THE KEYSTONE MINING COMPANY LTD.

(Portland Canal, B. C.)

(Non-Personal Liability)

CAPITAL \$200,000

Shares Par Value 25c

PROVISIONAL DIRECTORS:

C. Scott Whiting, Capitalist, President.

Frank W. Stevenson, Broker.

A. J. O'Reilly, Solicitor.

E. P. Colley, Land Surveyor.

V. A. G. Eliot, Broker.

Solicitors—Morseby and O'Reilly.

THE Keystone Mining Company, Limited, own two claims on Glacier Creek known as the Keystone and the Keystone Fraction adjoining the famous M. K. Rogers group. The Keystone claims were staked in 1907 by Angel Jones, who has done the necessary development work ever since, and has shown the property to have some of the richest prospective showings in the entire Portland Canal camp.

THE property is believed to have the same ledge as runs through the M. K. Rogers group, and assays of Keystone ore run as high as \$79.16 in gold, silver and lead.

Further development work will be continued at the earliest possible date, and enough funds will be raised by the sale of treasury stock to thoroughly prove the undoubted value of the property.

A Small Issue of This Stock Is Now Offered to the Public at 15c

CONVICTED MURDERER WILL ENTER APPEAL

Bases Effort to Set Aside Verdict on Ground of Illegal Drawing of Jury

Montesano, Wash., May 12.—"I will stick to you to the end, Billy. They want me to leave Broadway hill, that is why they have convicted you," said Mrs. Gohl yesterday as she entered the cell of her husband, found guilty of murder in the first degree. "I love you yet, Billy," continued Mrs. Gohl, within the hearing of others in the jail. "And I will walk my legs off to my knees and work my fingers and hands off to try and save you and get you justice. I am going to move to Montesano to be near you, and by the grace of God we will yet be happy."

With this Mrs. Gohl broke down completely, sobbing hysterically. Gohl at-

tempted to console her and finally burst into tears himself. Later he gave notice of an appeal. It will be based on the contended illegal drawing of the jury, which point was raised at the beginning of the trial.

RAILWAY SUPERINTENDENT.

Tacoma, Wash., May 12.—I. B. Richards, who has been general superintendent of transportation of the Northern Pacific railway at St. Paul, yesterday became general superintendent of the lines west of Paradise, Mont., with headquarters in Tacoma, succeeding B. E. Palmer, who has resigned. Richards began his railroad career as telegraph operator.

His old license being almost full of endorsements, Henry Sebbaars, a motorist of Brighton, obtained a new one under another name; it was stated at Guildford, Eng., when he was fined £3 and £1 16s. costs, with the suspension of his license for three months for exceeding the speed limit.

More than 17,000 farmers in the County of Cork have become owners in fee simple of their farms.

KNIGHTS OF PYTHIAS ELECT OFFICERS

J. Thompson, Cumberland, is Now G. C.—Next Meeting to Be Held at Kamloops

Vancouver, May 12.—The election of officers for the coming year was the principal business transacted at the meeting of the grand lodge of the Knights of Pythias held in Castle hall yesterday. This resulted as follows: G. C., John Thompson, Cumberland. P. G. C., R. A. Townley, Vancouver. G. V. C., Charles Rawlinson, Nanaimo. G. Pre. L., E. S. H. Winn, Rossland. G. K. R. S., E. Pferdner, Victoria. G. M. E., Thomas Walker, Victoria. G. M. A., R. Mackay, Kamloops. G. I. G., H. E. Reid, North Vancouver. E. Pferdner was returned to his old office of G. K. B. S. for the fourteenth year in succession. The next grand lodge meeting will be held in Kamloops.

INTEREST IN B. C. INCREASES.

Agent-General of Province Reports That United Kingdom is Becoming Acquainted With Province.

"The people of Great Britain are taking an increasing interest in British Columbia," says Hon. J. H. Turner, agent-general of the province in the United Kingdom, in a recent report. The report adds that the interest extends over the whole Empire and to some extent on the continent of Europe. Four thousand callers were received at the office in London during the year ending March 31st. Mr. Turner says that there is strong evidence of the importance of establishing a college of agriculture and a farm in connection somewhere in the province shown in the number of letters and personal inquiries which have reached him concerning this subject. He advises that the government furnish him with a telegraphic report each month informing him of industrial developments, surveys, municipal and provincial loans and sales of government land. He also asks that fuller information be supplied on the fisheries of the province as they are attracting much attention from possible immigrants.

NEW C. P. R. BOOKLET.

The latest in a long line of attractive C. P. R. publications is a new booklet entitled "The Challenge of the Mountains." In this are described the many mountain resorts along the transcontinental line; the fascinating descriptions in the letter press being born out by the reproductions from photographs which are scattered through. In its form and mechanical production the little book bears the artistic stamp of all the company's publications.

YOUNG LAWYERS DEBATE.

Law Students of Seattle and Victoria Meet To-night. This evening two students of the University of Washington will meet two representatives of the Law Students' Society of Victoria in international debate. The scene will be the hall of Carnegie library, and the hour 8 o'clock. Judge Langman has consented to preside. Glenn E. Hoover and Perry Chamberlain will represent Seattle, while D. S.

Tait and J. Edward Sears will endeavor to retain for Victoria the honors which they won for it a year ago. The subject of debate is: "Resolved, that free trade would be more beneficial to the United States of America than a system of protective tariffs." The visitors will espouse the Cobdenite ideas, the Victoria debaters upholding the McKinley, Dingley and Payne-Aldridge policies. Messrs. Hoover and Chamberlain are understood to be clever debaters and the local men will have a difficult task. A large number of "U. of W." students came over with their champions this afternoon.

The Evening Chit-Chat

BY RUTH CAMERON

I read in a newspaper the other day of the establishment of a "school of matrimony" which was to have courses in dressmaking and millinery, in domestic science and in the nursing and care of children.
I set out at once to visit this school, and found it, after all, merely a figment of the editorial writer's active imagination.

I wish it had not been. I wish there might be such a school publicly maintained in every city in the United States, and that a year or two it might be considered as indispensable a part of the middle class girl's education as her high school course.
We say most emphatically that no man has a right to marry unless he can provide a suitable home for the girl.
Why has a girl any more right to marry when she is incapable of running the suitable home after he provides it?
Of course, a girl might learn cooking and sewing, and all the other things that pertain to her profession of house-maker, right in her own home — and some girls do — but the majority of girls, left to learn the art of homemaking in this casual way, apt to put as much study and concentration upon it as if they were studying it in a regular school.

Besides, unless the mother is an exceptional housekeeper, it is unlikely that she would know much about each branch of domestic science as the experts who would be hired to teach them.
Now I know there are a good many people who are going to say that the new fangled ideas that these experts will teach our girls are all nonsense and that the young girl will do much better to learn the art of housekeeping just as her mother and grandmother knew it.

Isn't that rather short sighted? Aren't we altogether too willing to regard the science of housekeeping as something that can be left at a standstill while all the other sciences in the world progress?

My ideal school would have courses in simple economical cooking, making a specialty of the use of left-overs and the study of scientific food values, in plain sewing, mending and altering, in economical and intelligent buying not only of provisions but also of materials, and advanced courses for those who wished them in hatmaking, embroidery and dressmaking.
There are, of course, in some large cities industrial schools where these things are taught, but not in many, and only a small proportion of the girls even in these cities attend the industrial high.

I believe that such a school should be established in every city and town and that a one-year course in it should be made a requirement for a high school diploma for a girl, and graduate courses should be open to those who had time for them.
Why would not the study of the need of such a school and the possibility of having it established in your community be a good thing for the woman's club to which you belong?

Ruth Cameron
PUTTING IN NEW ORGAN.

The new pipe organ for the Centennial Methodist church, manufactured by Casavant Freres, of Ste. Hyacinthe, Que., the famous Canadian organ builders, arrived in the city last Saturday, and yesterday work upon the erection of the instrument was commenced by three of Messrs. Casavant's representatives, who are being helped by four workmen in the heavier part of the work. The erection is to-day well in hand. Some idea of the size of the organ may be gained by the fact that the framework, bellows and larger wooden pipes, which have been erected, take up a large part of the alcove.
The organ weighs fifteen and one-half tons, and entirely filled one railway car. The casement is constructed of very fine oak, and when finished will present a handsome appearance. The bellows will be operated by an electric motor. The action of the organ is pneumatic. It is expected that the instrument will be ready for use in two weeks' time.

SHINES IN SOCIETY.

Women With Fascinating Hair Always Attract Attention

If you are a woman with dull, lifeless, ordinary hair, do not feel distressed. Just make up your mind now that you can have just as luxuriant and captivating a head of hair as any other woman, and quickly, too.

Just go to D. E. Campbell this very day and get a bottle of Parisian Sage. Use it as directed, and in two weeks your scalp will be free of dandruff, your hair will be soft, lustrous and beautiful.

If your hair is falling out, Parisian Sage will stop it. Parisian Sage will make it grow in heavily.

If you have dandruff it will quickly vanish when Parisian Sage is used.
It prevents hair from turning gray; stops itching scalp almost instantly and is the ideal dressing for daily use. A large bottle costs only 50 cents.

A large bottle, or direct, all charges prepaid, from the Canadian makers, Groom Mfg. Co., Fort Erie, Ont.

"OUR BOYS" ON MONDAY.

The Victoria High School Alumni will repeat the play, "Our Boys," next Monday evening at 8.30 in the A. O. U. W. hall. As those taking part are all experienced in theatrical work, the audience can expect to see an amateur production paraded with professional skill. The last time this play was put on by the alumni the A. O. U. W. hall was filled to its capacity and it is hoped that it will be so again, as the alumni are anxious to raise a goodly sum in order to equip the High school with a new library. The play was to have been produced last Monday evening, but was postponed on account of the King's death.

The Railways are Making For Fort George

You have been told that the railway lines of Central British Columbia will center at Fort George. You have seen that the waterways of the interior converge from this point. You realize that the railways must follow the rivers in order to have feasible grades.

Another Railway British Columbia & Alaska Co., Will Send Out Survey Parties Tomorrow

Two survey parties now being organized here will leave tomorrow for Lytton to start locating a portion of the proposed line of the British Columbia & Alaska Railway Co., which was incorporated at the last session of the provincial legislature.

Mr. J. Early will have charge of one outfit of sixteen men. They will be employed between Lytton and Eagle Lake. The other engineering party will proceed direct to Fort George and then work south to Eagle Lake. As soon as this task is completed the surveyors will be transferred to the Lillooet district to locate a branch line into Vancouver.

Harry Smith, formerly of Duncan, but now of Stewart, the new town at the head of Portland canal, is in the city, a guest at the Empress. He is accompanied by Mrs. Smith. Mr. Smith says everything is booming at the Stewart and that the season also promises to be one of the greatest activity.

Mr. Smalles is a Canadian by birth, and has a wide knowledge of conditions in the West. The location of the line between Fort George and Lytton as the first step in the company's plans is regarded as a wise move, as the engineers will have the choice of location over more tardy rivals.

Mr. Smalles admitted to-day that the survey of the branch line into Vancouver would be started as soon as the engineers complete the survey between Lytton and Fort George.

FORT GEORGE

while it will center the railway system operating in Central British Columbia, will not be dependent upon them. It is the center of the great interior river system of the province—the center of 1,000 miles of water now navigated by steam-boats.

A second newspaper is being established. Hotels are being built. Four banks will soon have branches doing business here.

DIAMOND DRILL DEVELOPMENT BEGINS

Practical Proof Provided of Business Policy of Canadian Northern Coal and Coke Co., Ltd.

Only a Limited Number of Shares Remain for Wideawake Investors to Acquire.

It was announced in a Vancouver despatch of yesterday that at a meeting of the directors of the Canadian Northern Coal and Coke Company, Limited, a diamond drill and other machinery had been ordered and would be shipped to Kamloops at once, development work commencing on the property without delay.

The greater portion of the stock has now been subscribed, and the opportunity to acquire an interest in this Company will not be available for any length of time.

The property held by the company consists of twenty-seven square miles—17,280 acres. It might be mentioned that this is probably the largest area held by any one company in the province. It has been thoroughly examined and reported upon by competent experts as an area of exceptional prospective value.

When one is offered an opportunity of making a return of 2,000 per cent. on the amount of money invested within a very possible period of twelve months it may appear to be an unreasonable profit, but when it is considered that this would be accomplished at a value of \$100 per acre, it may appear in a different light on the face of the fact that British Columbia coal land has brought more than twice that figure.

Owing to the fact that British Columbia contains the only supply of bituminous coal on the entire Pacific seaboard, it is only a matter of a short time, with the increasing demand for coal, that the present prices will be increased many times, and the opportunity to buy an interest in a large area of coal land with exceptional commercial advantage is one that may in the near future bring an unusually profitable return on the investment of even a small sum of money.

Coal is regarded as one of the most conservative investments, and while it is not surrounded with the halo of romance investing the exploitation of the more precious metals, such as gold silver and copper, yet in the table of actual results it heads the list in the production of British Columbia's mineral wealth.

The officers of the Canadian Northern Coal and Coke Company, Limited, are as follows:

The Canadian Northern Coal and Coke Co., Ltd. Room 26, Five Sisters Block 616 Fort Street Victoria, B. C. R. Kenneth Lindsay, Fiscal Agent

OUTSIDE BUYING IS FEATURE OF REALTY

Vancouver—Capital Moving This Way—Interest in Metchoin District Continues

The feature of the realty business of the last few days is the fact that the sales which are being made are largely to outsiders. This was a necessity if the activity was to continue, and the fact that it is coming about is giving a great deal of satisfaction locally. The movement commenced in the spring largely from the fact that local people had faith in the value of the home properties. Now this has spread to outsiders and inquiries are pouring in from the prairies, from Vancouver, and other surrounding towns. It is especially marked from Vancouver, where the business has slackened off considerably. Prices had advanced abnormally and the result has been that there has been a slight set-back. Here, however, the move has been more steady. There is a growth in the town commensurate with the advance in prices and outside properties are still very cheap.

Outside of the city there is still a great deal of selling, especially in the Metchoin district. Farm lands along the route of the proposed Barkley Sound railway are fetching a good figure and wild lands are selling which a few years ago were considered valueless. As soon as ground is broken on the railway construction, the prices will go still higher, and local values also

are likely to advance. In the meantime there is considerable interest taken and a good deal of selling.

BUSINESS FOR BOARD OF WORKS

STREET'S COMMITTEE TO HAVE BUSY SESSION

Further Report From City Engineer on Improvements to Trunk Roads to Be Dealt With

It is anticipated that a further attempt will be made at this evening's meeting of the streets committee of the city council to arrive at some definite decision as to the policy to be pursued in improving the main trunk roads of the city. At the last meeting a report on the matter was received from the city engineer, but it went beyond what was intended by the board and that official was instructed to prepare another report, which will probably be submitted this evening.

Another matter which will no doubt be discussed this evening is that relative to the Spring Ridge gravel pits and the High School site, preparatory to the conference between the city council and the school board on Tuesday evening next. A majority of the members of the board, led by Ald. Bannerman, are strongly in favor of Spring Ridge as a site for the school, and it may be taken as a certainty that they will make every effort to aid the residents of that section of the city in accomplishing their purpose in this regard.

There is a possibility that the city engineer may have a report ready, respecting the plans which are to be followed in laying out streets through the Songhees Indian reserve, and the question of protecting the interests of the city in any settlement which may be arrived at with the Indians will furnish a theme for an interesting debate. The board will this evening deal with a communication from Herbert W. Lees, proprietor of a boathouse. This gentleman desires to be given the privilege of placing a large boathouse and landing stage in front of the causeway. He argues that at present there are inadequate facilities for mooring small craft in James Bay and that a serious inconvenience is resulting to many owners of boats. He is willing to come to the rescue and provide the necessary facilities to accommodate such owners, if the city will but grant him the privilege of mooring his own boathouse in front of the causeway. There is little probability that the request will be granted. Mayor Morley is strongly opposed to the suggestion that any privileges should be given to private parties at the public landing stage.

Another topic which may engage the attention of the board to-night is that referring to the respective powers of the water commissioner and the city engineer. Some few weeks ago the city council, by resolution, gave the engineer full charge of all of the water-works plant, and maintenance and improvements in connection with the same. Mr. Raymur, the water commissioner, has, however, apparently refused to relinquish his authority, this being shown by a communication from him, read at the last meeting of the council. Ald. Bannerman, chairman of the board, is determined that the engineer shall be entrusted fully with the powers conferred upon him by the board.

The difficulty which has arisen regarding a large shipment of cross-sets forth in a recent issue of the Times—will no doubt be discussed; and it is possible that the contract for supplying conduits for Douglas street will be awarded.

Hay's Hair Health

D. E. CAMPBELL & CO.

CONTRACTS LET FOR WHARF AT STEWART

Work Will Be Done by Victoria Man—Portland Canal Road to Operate in Fall

In an interview yesterday W. H. Grant, superintendent of construction on the Portland Canal short line railway, stated that work would be commenced within ten days, when the snow will have almost gone. Two survey parties are at present surveying the water front for the docks which Mackenzie & Mann will erect at Stewart. This wharf will be hurried to a stage where it will be possible to land construction materials upon it, and will be sixty feet wide and one hundred and sixty feet long. Before ore shipments are commenced from the mines the wharf will be enlarged and equipped with loading chutes.

Mr. Grant expressed the opinion that the road will be completed and in operation next fall. Work on the wharf will commence immediately, contracts having been let to James McDonald, of Victoria, for its construction, and C. Hickson & Co. for the supply of necessary piling. J. L. Coulson, M. E., has arrived from Toronto and will shortly set north to assist H. E. Knobel, M. E., who recently bonded ninety properties in the Stewart district for D. D. Mann.

What Other People Think

SCHOOL SITE

To the Editor:—It seems to me that both the city council and the school board have been taking the matter of the Spring Ridge site for high school purposes up in a less than heart-felt manner. This eyesore must be attended to either sooner or later, no matter what it costs, and the scar removed.

Up until the present there was no special purpose in view to which the site, these sand pits could be applied; but there is no such excuse now. As a site for a high school is needed, and as this would make an admirable site, and doubtless the best from many standpoints, by all means put all your heads together and for once give a great, vigorous pull together and kill two, three, four birds with one stone. By so doing I am sure you will secure the gratitude of the whole city.

A. R. SHERK.

IT DOES SEEM ABSURD.

To the Editor:—It is difficult to understand what there is to submit to the ratepayers regarding the lots which the school board is now proposing to purchase at Spring Ridge. The title and ownership of all school property is vested in the corporation of the city of Victoria, and as the city will own these lots should they be used as a part of the High school campus, no transfer of them to the school board is necessary or even possible. The latter body cannot own real estate. What, then, is there to submit to the people? We are told that these lots were bought for some other purpose. But who knows this? Who is in a position to prove the exact purpose for which they were purchased? If the matter were sifted to the bottom I think it would be discovered that the motive underlying the purchase was to help as far as possible in solving the Spring Ridge gravel pits difficulty, and to allow them to be used for High school purposes now would be putting them to that exact use. It certainly would not be difficult to prove that the Mayor and aldermen of last year had no intention of building an incinerator on these lots, and we have no evidence whatever that the present Mayor has any such intention. It may be that a technical error was committed in taking the money paid for them from the wrong fund, but that can easily be remedied, and it certainly does not affect in the slightest degree the validity of the city's title to these lots, or its right to use them for any purpose which may be deemed to be most in the public interest.

About the only possible question that could be submitted to the people seems to the writer to be something like this: Do the ratepayers prefer to have these lots used for High school purposes or to have them made a corporation dumping ground for old cars, superannuated water pipes, dilapidated wheelbarrows and diverse and sundry other varieties of old junk? There can be no question of transferring them to the school board submitted to the ratepayers, for the city will still own them if used for school purposes, and it is not very apparent to the lay mind how the city could legally transfer them to itself.

DUSTLESS BRITISH ISLAND.

In the middle of the Bristol channel stands Steep Holme—a bleak and barren-looking island, rising 250 feet from the water that washes its rocky coast—of which, it is reported, a well-known resident of Weston-super-Mare "has taken a 21 years' lease." The island is 40 acres in extent, of which 11 are leased by the government for 999 years, and five forts have been erected, guarding the channel like another Gibraltar. T. A. Reed, of Newport road, Cardiff, has been in possession of the remainder of the island for five years, and says it is the healthiest place in Europe. Dust is unknown, and the island would be an ideal place for a sanatorium. In olden times it was the home of smugglers.

We'd Take a Building Lot in Part Payment for This

If you have a good building lot which you would like to exchange in part payment for a pretty home don't fail to see us at once for this.

This 1 1/2 story bungalow, new and well situated on the Foul Bay road, close to the Willows carline, and just outside the city limits. The dwelling contains reception hall, drawing room, dining room, kitchen, scullery, pantry, basement, three bedrooms, bathroom, etc. All modern conveniences; two large lots; splendid soil.

MARRIAGE IN LION'S DEN.

There was a large attendance at the Boston jungle in Glasgow one night recently to witness the marriage of Alexander Gaston and Miss Mary Mackie in a den of performing lions by the Rev. E. Lloyd Morris, of Hutchesontown Congregational church. It is claimed for the event that it is the first of its kind to take place in Europe. Almost at the last moment a

serious hitch arose, as the minister who had arranged to perform the ceremony received a protest from the Moderator of the Glasgow Presbytery, in consequence of which he had to withdraw from his engagement. Fortunately for the sight-seers, a substitute was secured in good time.

The death has occurred in Aberdeen at the age of 81, of Alexander Smith, one of the few remaining old hand-loom weavers.

Particulars may be obtained by addressing the Secretary Soldiers' and Sailors' Home, Beaumont P. O., Victoria, B. C., or at the Home, by appointment. Neither the highest nor any offer necessarily accepted.

STEAM TRAWLERS ON THE PACIFIC

ATLANTIC FISHERMEN OBJECT TO USE THERE

Operation is Prohibited by Order-in-Council Within Three Miles of Shore

(Special Correspondence)

Ottawa, May 12.—In connection with the announcement which was made some time ago, to the effect that a company proposed to engage in steam trawling on the Pacific, it might be noted that a Canadian firm engaged in steam trawling on the Atlantic coast for the first time in 1908. A trawler named the Wren was imported to this country by a Halifax company, and was put in operation.

Immediately strong representations were made to the department of marine and fisheries, on behalf of the shore fishermen, remonstrating against the operations of the vessel. The objections advanced were that large quantities of small unmarketable fish were taken and wasted, and that the trawler was destructive to the gear of the hand liners, as well as to the fishing grounds.

The question of the use of steam trawlers in Canada had been engaging the attention of the department for some time, and all persons contemplating such method of fishing had been told, when they communicated with the department on the subject, that while there were no actual restrictions in the fishery regulations at the time, it was altogether likely that the use of these fishing engines, if introduced into Canada, would be prohibited within the three-mile limit.

So serious were the complaints against steam trawling, immediately following its introduction, that the department procured an order-in-council, dated September 9th, 1908, which is as follows:

"The use or operation of vessels known as 'steam trawlers' operating 'beam' or 'otter' or other trawls for the purpose of catching fish, is prohibited within the three-mile limit and in the bays and harbors of Canada."

This was as far as the department could go under existing legislation. Since that time, however, almost universal complaints have been received from fishermen's unions and others against the use of these fishing engines, and on the other hand the owners or operators of the Wren represented to the department that it was a hardship during the winter months, when the weather is rough and stormy, to compel them to operate outside the three-mile limit, while during the spring and summer no inconvenience or hardship is experienced, as there is plenty of ground in the open sea in which the trawl could be operated without interfering with the fishermen's nets or gear.

They asked that operations should be permitted inside the three-mile limit from December to April, inclusive, because of the development of new fisheries, such as plaice and soles, for which a good market could be found.

During recent years French fishermen have developed in the Gulf of St. Lawrence an increasing steam trawl fishery, operating from the islands of St. Pierre and Miquelon, and during the year of 1908 no less than nine trawlers were operated, securing 977,000 fish in numbers, or 19,000 quintals. These vessels range from 105 to 175 tons of gear.

This innovation met with considerable complaints in Newfoundland on the ground that the trawlers destroyed the gear of the hand trawlers. The action of the department in procuring the order-in-council which prohibited this method of fishing within the three-mile limit, and the bays and harbors of Canada, did away with any question of encroachment on the territorial waters.

There is a considerable diversity of opinion with regard to steam trawling, and it is a fact that wherever this innovation has been introduced strong complaints have been made against it by the shore fishermen, obviously because of its greater catching power as compared with less progressive methods, and the interference with their gear, and it is considered that the government is going the length of excluding the operation of this class of fishing engine from the bays and territorial waters. Jurisdiction has gone a long distance towards conserving the interests of the shore fishermen.

If by statute the government could control the operation of foreign steam trawling vessels beyond the three-mile

limit, then it might be possible to procure some class of legislation by which its operation might be curtailed or prohibited if deemed expedient; but as previously shown there are a number of French steam trawlers operating on the Atlantic coast of Canada and the grand banks, with which under the existing legislation it would be impossible for the Canadian government to interfere, and the question is therefore complicated by its international character.

If eventually it be regarded as expedient to further restrict steam trawling, the only effective way of dealing with the matter would, necessarily, be by way of international negotiations which would have to embrace at least the United States and French governments, as well as those of Canada and Great Britain, while doubtless it would be necessary to secure the adhesion of other foreign countries in the event of a prohibition of this method of fishing being deemed expedient by the governments in question.

Of course, it might be possible to procure legislation prohibiting the landing of fish caught by steam trawlers; but obviously under existing conditions this would be an undue discrimination against Canadian trawlers in favor of those from foreign countries, which no Canadian legislation could reach, and this it would seem would be an even worse position than the conditions now contemplated.

OF DOUBLE INTEREST IS THIS LETTER

It Reports a Remarkable Cure of Kidney and Bladder Disease From Belleville, Ont.

Also Recalls Mr. D. M. Waters' First Purchase of Dr. A. W. Chase's Kidney and Liver Pills from Belleville, Ont. and a Quarter of a Century Ago

When you read this letter you will readily understand why it is of special interest to us for the druggist who sold the pills in this case gave his first order in 1885.

For twenty-five years Mr. Waters has watched the growth in popularity of Dr. Chase's Kidney-Liver Pills and other medicines and can now point to hundreds of cures in Belleville and vicinity resulting from his recommendations of these well-known medicines.

If you are tired of experimenting why not use a medicine which has proven its undoubted control over diseases of the kidneys and liver? Let this letter convince you or send to us for records of hundreds of other cases.

Mr. Mark Oitrey, Bay Side, Ont., writes: "I purchased two boxes of Dr. Chase's Kidney and Liver Pills from my druggist, D. M. Waters, Belleville, Ont., and the amount of satisfaction my wife obtained from their use has led me to ask my druggist to send you this letter."

"Mrs. Oitrey suffered considerably with kidney and bladder trouble, causing great pain at times. The urine was very heavy and of a bad color. After taking a few doses of these pills she felt better and when she had used the two boxes she was entirely well."

The definite, direct and specific action of Dr. Chase's Kidney and Liver Pills on the liver, kidneys and bowels enables them to bring about cure in the most complicated cases. One pill a dose, 25 cents a box, at all dealers or Edmondson, Bates & Co., Toronto.

Stowell's Meadow, Latworth, Somerset, has just been let by means of the quaint old candle auction, Mr. W. E. Chick, bidding £13 as rent for the coming year just before the candle burnt out.

SCORES CONDITIONS AT VANCOUVER JAIL Grand Jury Makes Presentation—Suggests Shorter Hours for Nurses in Hospital Vancouver, May 12.—Arraignment of conditions at the city jail, especially with regard to female prisoners; recommendations that the arrangements for escape in case of fire be improved upon at the provincial industrial school, and that a girl's home be built along the lines of the present boys' home; suggestion that the hours of nurses at the city hospital be shortened, and the recommendation that the laws in regard to motor cars within the city limits be rigidly enforced, formed the features of the presentation of the grand jury, which was read to Mr. Justice Murphy by District Registrar Pottinger, in the Assize court.

RECORD TIMBER CUT IN RAILWAY BELT Over 116,000,000 Feet, Board Measure, Cut During the Past Fiscal Year New Westminster, May 12.—For the fiscal year ending March 31st, according to the report of Crown Timber Agent Leamy, 116,955,425 feet board measure of standing timber was cut under license in the Dominion railway belt in this province. The total revenue of the office for the year amounted to \$123,763.49. Both the amount of timber cut and the revenue obtained through license for this period is fully twice as large as that of last year, when it totalled \$5,923,157 feet. All records in this line have been broken.

UNCLE WALT THE POET PHILOSOPHER "This life's too short," said the bearded sage, who pondered over the mystic page; "if man lived longer, methinks I'd wrest a lot of secrets from Nature's breast; alas! I'm feeble, my eyes are dim, and Death's preparing to douse my gim, and all the triumphs that I have planned, and all my visions will soon be canned. If I could live for two-hundred years, I'd make the universe prick up its ears. "This life's too long," said, in languid tones, the slothful man with a heap of bones, whose highest aim, as he went his way, was just to murder another day; "one year's the same as the year before, and the whole blamed thing is a beastly bore." "This life's just right," said the Cheerful Jay, "and I wouldn't alter it by a day; the man who works as a man should do, enjoys his task till the day is through, and then he's glad that his task is sped, and gladder still when he goes to bed. And what is life?" asks the Cheerful Jay, "but a longer sort of a summer day! All day we hustle and do our best, and when evening comes we are glad to rest."

DR. A. W. CHASE'S CATARRH POWDER 25c. sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the sinuses, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. Box, free. Accept no substitutes. All dealers of Kinsmen, Eaton & Co., Toronto.

IMPROVEMENTS TO BE MADE BY RAILWAY SERVICE IN MEMORY OF LATE KING EDWARD Kamloops Militia Corps, City Churches and Fraternal Societies Will Take Part Kamloops, May 12.—The committee in charge of the arrangements for the memorial services to be held in Kamloops on Friday, the 20th instant, the day of the funeral of the late King, has completed its preliminary work. It was decided to ask the two local militia corps, the churches and the various fraternal societies to take part in the services. Major Harper of the C. M. K., as senior officer, will act as marshal of the procession, which will be headed by the members of the Masonic order, the Sons of England bringing up the rear. The procession will form at the school and proceed to Riverside park, where the services will be held at 2 o'clock. Rev. A. H. Akhurst will conduct the service, and the ministers of the various denominations will deliver short addresses. The different choirs will be asked to join as a massed choir in rendering the hymns.

MAN CRUSHED TO DEATH IN RAILWAY Immigrant Falls Under Wheels of Train While Attempting to Board Coach New Westminster, May 12.—A fatal accident happened on Tuesday morning's westbound C. P. R. train at North Bend, Herman Forsgren of Grishab, Umeao, Westerbaden, Sweden, being the victim. Forsgren, in company with many of the passengers, had left the train to obtain some refreshment at the lunch counter, some little distance from the depot. When the train started Forsgren was still eating. He made a rush for his coach, but failed to grasp the step rail and fell against the body of the coach, being drawn under the wheels and horribly mutilated. The train was immediately stopped and everything possible done for the victim, but in spite of all attention he died in a few minutes.

TWO MEN INJURED Vancouver, May 12.—While returning to the car sheds at 2 o'clock Wednesday morning, line car No. 500 met with an accident at the corner of Westminster Avenue and Harris Street, with the result that Conductor Sanbrook and Henry Walsh, a fireman, received injuries that necessitated their removal to the hospital, where they are now lying with broken limbs. The former's right leg was broken, and the latter sustained a broken left wrist, besides some bruises.

WEDDED AT KAMLOOPS. Kamloops, May 12.—At St. Paul's church last evening Mr. G. B. Foster of this city, was united in marriage to Miss F. J. Elliott of Manchester, Eng. Mr. George Hollington acted as best man, and Mrs. Hollington attended the bride. Rev. Mr. Akhurst tied the nuptial knot.

RICH STRIKES IN MINES. Kaslo, May 12.—J. P. Miller came to town with some rich specimens of ore from the Panama. The property is under lease and bond to himself and H. Giegerich, and work was commenced last summer. The Panama, when first taken by them, was merely a prospect, but it contained some rich surface showings. Last year a shaft was sunk twenty feet deep, and rich ore struck. Since then a crosscut has been driven 150 feet to get under the ore in the shaft, which has been completed, besides a 45-foot upraise. The latter was driven in ore all the way, the vein varying from one to two feet in width, and from which the rich samples were taken. While the crosscut was being driven two other ore bodies were cut into, one when in a distance of about 30 feet and the other at about 100. These were not exploited; the object being to complete the crosscut and upraise to the ore in the shaft. From the first of these ore bodies 85 sacks were taken out and laid aside, while in the second thirty more were piled up in tunneling through. The ore is all of the same rich grade, being permeated with gray copper and the vein in places intermingled with black sulphurets. Another big strike of ore has been encountered in the Rambler. This time it is from No. 9, and is a continuation of the vein recently cut into in No. 8, connection having been made through.

THE NORTH AMERICA AGENCY CO. 1404 BROAD STREET. Phone 1189. 2-STORY HOUSE, 8 rooms, on lot 33x120, Ladysmith street, two blocks from car line, near Beacon Hill Park. Price \$2,600; \$1,200 cash, balance \$1,400 12 months, 6 per cent.

HEWLINGS & CO. 1109 BROAD. Phone 1784. \$400—240 ft. LAKE FRONT, Shawinigan Lake. \$1,800—COTTAGE, fruit trees and 8 1/2 acres cultivated, waterfront, Shawinigan Lake. \$3,850—NEW COTTAGE, furniture and all, 6 ft. basement, cement walls and floor, lot 60x120, Menzies street. \$4,200—10 LOTS (2 corners), 5 minutes from High School site. \$10,500—9 ROOM HOUSE, 4 acres of garden, waterfront, Cadboro Bay (or will rent). \$3,000—COTTAGE, 1 1/2 acres land, waterfront, Victoria Arm.

C. H. RICHARDSON 615 FORT STREET. Room No. 1, Upstairs. TWO LOTS, 50 x 120 each, on Monterey street, Oak Bay avenue, \$1,000 each. ONE LOT, 68 x 120, on Monterey street, Oak Bay avenue, \$1,200.

CONTROL OF IRRIGATION. Kelowna, May 12.—At the last meeting of the council Ald. Jones brought up the question of municipal control of irrigation, stating that people in the east end of the city were wondering what steps had been taken by the city in the past in connection with it.

KEITH & CROSS Law Chambers, Bastion Street. \$12 PER ACRE—240 acres on waterfront. Good harbor; fruit soil; easily cleared. Has been logged. Good terms. \$40 PER ACRE—88 acres first class land. Heavy timber; no improvements. Good locality. 25 PER ACRE—40 acres, partly alder bottom; fenced; close to Shawinigan Lake. \$55 PER ACRE—100 acres, 8-roomed house, good barn and outbuildings; 400 apple trees, one acre strawberries, raspberries and logan berries. All fenced; good water.

ENCOUNTERED IN THE RAMBLER. This time it is from No. 9, and is a continuation of the vein recently cut into in No. 8, connection having been made through. A woman professor of music, who recently died at Marcellites, has been buried in her piano in obedience to her final wish. She gave as her reason for this strange request that the happiest hours of her life had been spent at her piano. Owing to the great size of this original coffin an immense grave had to be dug.

S. A. BAIRD Real Estate, Financial and Insurance Agent. 1210 DOUGLAS STREET. SMALL COTTAGE with about half acre of land, fruit trees and small fruit; just outside city limits. Price \$2,500. COMET GAZER FALLS FROM ROOF TO DEATH

Drops Forty Feet to Pavement and Dies on Way to Hospital

(Times Leased Wire.)

Oakland, Cal., May 12.—Frank Covert, an electric lineman employed by the Home Telephone Company, residing at 1312 Webster street, was killed today by falling off a roof, where he was viewing Halley's comet.
 Covert went to the roof last night with D. P. Brennan and L. Ackerman, where they arranged their beds to sleep until the comet rose.
 Covert and Brennan awoke about 2 o'clock, but on account of the clouds they could not see the comet and decided to return to their rooms downstairs. In the darkness Covert slipped over the edge of the roof and fell 40 feet to the pavement below. His skull was fractured and he died on the way to the receiving hospital.

PROHIBITS WRESTLING MATCH

Mayor of Chicago Will Not Permit Gutch-Zbyzsko Bout on Decoration Day

Chicago, May 12.—Mayor Busse announced this afternoon that he will not permit the Gutch-Zbyzsko wrestling match to be held on Decoration Day and instructed the police to arrest the promoters if they attempt to stage the match.
 "Decoration Day is sacred to our dead heroes and I won't permit its desecration by the promoters of a wrestling match," said the mayor.

Chief Davis, of the fire department, has issued a card containing instructions for the sending in of fire alarms, a list of the boxes placed throughout the city and other information for the general public.

Wouldn't You Like to See Newest in Furniture?

If you would like to see the very newest ideas in furniture just visit the third and fourth floors of this establishment. During the past few days several carloads of new furniture has been placed on display, and these represent the very latest creations from the best factories.
 The new arrivals are not confined to any one line, but include new things for the dining room, the bedroom, the parlor, the library, the hall—for every room in the home. A remarkable change in design is taking place—the "new" styles very much resembling the "old fashioned" styles of years ago. This is especially noticeable in the bedroom furniture.
 A carload of iron beds is being hauled to-day and another is due to arrive to-morrow. Then several carloads of furniture are due the next two days—altogether 7 carloads this week. Don't you think it best to come

"Where the Most Furniture is Shown and Sold"

For Summer Floors

You'll require some floor coverings for the summer cottage or camp, or for summer use in the city home. And we are grandly prepared to supply your wants.

For those who are partial to matting we commend our showings of Japan and China matting. A good choice of patterns and colorings offered and prices that make the owning easy. See what we have to offer at, per yard, 30c and 25c.
 Perhaps the ideal floor covering is the "Ragstyle" Rug. This rug is the craze throughout the country, and is a typical summer floor covering. This rug resembles the rugs and carpets made by the grandmothers of years ago—when the rugs were saved and sewn and woven into floor coverings. They differ, however, in that they are made from new, clean materials and are more attractive in appearance.
 We are sole Victoria agents and invite you to come in and see a complete assortment.

Curtains For Summertime

The Curtain Department is filled with summer curtains and summer curtains, and is a most interesting place to the homemaker looking for something dainty for her home. Come in and see the beautiful creations now offered here.

Go-Carts from \$5.00

ALLEGED ATTEMPT TO BRIBE JURY

One Man in Custody at Portland—Grand Jury May Investigate

(Times Leased Wire.)
 Portland, Ore., May 12.—Following the arrest of Howard A. Guildford on a charge of having attempted to bribe Juror Barton, sitting on the W. Cooper Morris embezzlement charges, District Attorney Cameron, with a corps of deputies, began a thorough investigation into the affair to-day. Cameron said that he expects to unearth evidence of a plan for wholesale bribery of jurors in the Oregon Trust & Savings Bank cases.
 Morris, formerly cashier of the bank, was convicted late yesterday afternoon of embezzling \$75,000 worth of notes from the institution. Previous to his conviction Juror Barton was approached and it is alleged was offered \$1,500 to hang the jury. He gave a non-committal reply to the agent, and then reported to the district attorney.
 Guildford was subsequently arrested. According to District Attorney Cameron he made a clean breast of the affair, and Cameron asserted implicated several prominent Portland attorneys in the alleged attempt to bribe Barton. Judge Gantenbein, before whom Morris was tried, probably will order

ROOSEVELT'S RETURN FROM FOREIGN TOUR

Former President Will Arrive at New York on June 18—Preparing Welcome

New York, May 12.—A cablegram received by Cornelius Vanderbilt from Theodore Roosevelt announces that the death of King Edward will not interfere with Roosevelt's plans to arrive in New York Saturday, June 18. Vanderbilt is chairman of the Roosevelt reception committee. Since the King's death the committee members felt some uncertainty concerning the time Roosevelt would arrive. Definite plans for the reception will now be made.
 Studies Social Conditions.
 Berlin, May 12.—That Theodore Roosevelt intends to apply himself to the study of social conditions when he returns to the United States, was indicated to-day when he substituted visits to model tenement houses for the poor, old people's homes and insane asylums for other features that

CHURCH WORK.
 London, May 12.—At a meeting yesterday of the Society for the Propagation of Christian Knowledge, the Bishop of Fredericton said that he hoped the day would not be far distant when the society would receive help from Canada instead of sending it there. He did not always want to be a "mild mendicant" coming to England looking for money.
 has been on his programme. He inspected each place closely, making copious notes. He has gathered statistics regarding such institutions and has announced his intention of making similar studies in England.
 On an average, every man, woman and child in London takes over 125 journeys a year on local railways, buses and trams.
