VICTORIA, B. C., TUESDAY, JUNE 22, 1920

EIGHTEEN EIGHT-COLUMN PAGES

More Fighting To-day in Londonderry and People Stay Indoors

Usual Activities of City Stopped By Firing in Streets; Man Killed; Bonar Law Tells British Commons Military Force in Londonderry Is Adequate.

London, June 22.—Rt. Hon. Andrew Bonar Law, Government spokesman, declared in the House of Commons to-day that he considered there was an adequate military force in Londonderry to deal with the situation. This view also was held by the Chief Secretary for Ireland, he said.

Londonderry, June 22.—Civil war continued during to-day, with one more death, bringing the total to eight. Troops were protecting some of the principal streets this afternoon but enough firing was going on to terrify the citizens and keep them indoors, resulting in a stoppage of all usual activities.

General suffering is expected if deliveries of foodstuffs are not resumed soon. Mail from the morning train was taken to the post office by a military escort but was permitted to remain there undelivered, as the postmen feared to venture on the streets.

Cross-channel sailings have been suspended. Several boats, are lying up in the harbor awaiting an opportunity to discharge, which is impossible at present with firing going on about the docks.

The promised military reinforcements had not arrived up to a late hour this afternoon. Carry Arms Openly. During the night sand bags and other barricades were thrown up by Unionists and Nationalists.

Shortly after 11 o'clock this morning firing was heard in many parts of the town. Later crowds of the rival factions were seen marching about carrying arms openly.

One crowd wrecked a bar on the waterfront and what intoxicants the crowd did not drink were thrown into the street. The crowd did not disperse until the police had charged several times. There was much firing but no serious casualties.

Gave Murderer's Name. William Kane, who was shot at 8 o'clock this morning, died an hour later. He stated he had been held against a wall by a man whose name he gave, and shot.

Two others were wounded to-day, both non-combatants who were proceeding along a street.

Firing Resumed. Londonderry, June 22.—Firing was resumed in several parts of this city early to-day after a comparatively quiet night.

Several persons were killed in the rioting here yesterday, and scores were more or less seriously injured.

Military forces patrolled the streets during the night.

(Continued on page 2.)

BODIES RECOVERED. Winnipeg, June 22.—As a result of continued dragging operations, two more bodies of the victims of the Letellier ferry drowning accident on Sunday have been recovered.

Late yesterday the remains of Joseph Kinsey and Miss Edna Scott were taken from the water, leaving only the body of Mr. Kinsey's six-year-old son to be recovered.

POUND DID NOT HOLD HIGH LEVEL. Pound Sterling Touched Four Dollars at New York To-day

New York, June 22.—The British pound sterling touched four dollars in the money market here to-day, the highest quotation for it since April 6, when it touched \$4.02. On April 5, it touched \$4.07 1/4, which was the peak of an upward movement from the low of \$3.18 on February 4.

The strength of British exchange this morning was reflected on the discount rate of the Canadian dollar, which was enhanced in value to the extent of one per cent. The quotation at noon was \$8.50.

Sterling exchange declined at noon, demand being quoted at 3.93 3/4 and cables 3.93 1/4.

Later sterling demand dropped to 3.93 1/4 and cables to 3.93 1/4.

British and Bolshevik Negotiations May Cease

London, June 22.—A crisis has arisen in the negotiations going on between Premier Lloyd George and M. Krassin, Russian Bolshevik Minister of Trade and Commerce, which may result in the definite breaking off of conversations and the departure of M. Krassin from London, according to The Herald, organ of labor.

The newspaper adds the crisis was precipitated by the Prime Minister insisting that before the negotiations go any further the Soviet Government must promise compensation to British financiers who invested in Russia.

M. Krassin, it is said, offered to discuss this later at a peace conference, but was met by a virtual ultimatum.

FRENCH WARSHIPS REPORTED TO HAVE BOMBARDED TURKS

Paris, June 22.—The Temps says to-day that Turkish forces attacked Mersina, on the Mediterranean, southwest of Adana, and that French warships in the harbor bombarded the Turks.

CHINA WISHES TO BE MEMBER OF THE WORLD LEAGUE

Pekin, June 22.—China's ratification on the treaty of peace with Austria has been promulgated by the Government. It is held this will entitle China to participation in the League of Nations.

MUST HAVE SEVEN-CENT FARE, B. C. E. R. NOW SAYS

Victoria is now faced with a seven cent street car fare. Negotiations between the B. C. Electric officials and the Civic Legislative Committee of Aldermen Patrick, Johns and Sargent are halted to-day because the street railway company has informed the committee that an increase from the present fare of five cents to a fare of six cents is not enough to meet the running expenses.

Mayor Porter is alarmed over the situation as all parties have been working on the theory that a six cent fare would be acceptable.

The demand for the higher fare is based on the returns and increased transportation of the B. C. Electric during the last few weeks.

Mayor Porter has information of how, under a six cent fare in place of the present five cent fare, the street railway company would be losing money. On the fare returns of the company in this city for the last month, based on a six cent instead of the present five cent fare, the company would not have paid expenses, he says.

Transportation officials in figuring their fare demands have also had to take into consideration the fact that the increase from five to six cents would bring a decrease in traffic and partly offset the advance.

Act Says Six Cents. Alderman Patrick's civic committee in charge of negotiations with the B. C. Electric were puzzled to-day because of the new proposals of the company. Although they admit from information they have that a street railway company cannot be expected to meet higher costs of every kind on the old fare, they are faced in their negotiations with the company with the fact that the increase from five to six cents would bring a decrease in traffic and partly offset the advance.

Legal experts, however, assert that this difficulty can be overcome by their negotiations with the company and the city street railway fare shall be six cents.

Members of the civic committee are busy consulting among themselves to-day over the new problem that has arisen. Considerable progress between the city and the company has been made until this new difficulty arose to-day.

Two Points Block. So far the only two points that have been in dispute are the building of the Pandora Avenue extension up to Oak Bay Junction and the percentage of the revenue of the company that the city should receive. It is admitted by the company that a certain percentage will be paid, but just how much this should be cannot be determined to-day.

(Continued on page 2.)

OFFICIALS IN U. S. WATCHING STRIKES

But Taking No Steps Against Railroad Strikes in Eastern States

Washington, June 22.—Strikes of railroad employees which began several days ago in Philadelphia and Baltimore and since have spread to other eastern railroad centres are being watched closely by Government officials. So far as could be learned to-day, no step to combat the spreading epidemic of walkouts had been decided on by any Government agency, officials generally relying upon the ability of the strikers to bring about resumption of work.

Winnipeg, June 22.—The Manitoba Free Press, in presenting its third crop report, says it is most gratifying to find that in the last fifteen days there has been no general depreciation of the extremely satisfactory conditions which existed early in June. The amount of wheat in shot blade conditions is rather surprisingly large in view of the late seeding. When it is remembered that in the famous year of 1915 the crop was just beginning to recover from a bad frost, the condition of the present crop gives much ground for hope of an early and satisfactory harvest.

\$10,000 REWARD. Toronto, June 22.—A reward of \$10,000 has been offered by Abram Rosenthal, diamond merchant, for information leading to the arrest of the bandit who held up in his store on King Street, Friday evening, and stole diamonds and jewelry estimated at from \$50,000 to \$75,000 on which there was insurance of \$20,000.

CHOLERA OUTBREAK IN SOUTHERN JAPAN, DISPATCH STATES

Tokyo, June 22.—One hundred cases of cholera have been discovered in Southern Japan, some victims of the disease having been found here.

SIR T. WHITE NOT RE-ENTERING ARENA

Not Candidate For Leadership of Unionist Party and Premiership

Montreal, June 22.—Sir Thomas White, ex-Minister of Finance, is not a candidate for the Federal Premiership and under no conceivable circumstances will he accept the office. Sir Thomas White made this statement himself to friends to-day and to kill rumors that are going around in political circles to the effect that Sir Thomas is likely to re-enter political life as leader of the Unionist Party. He also stated that his participation in public is definitely over.

SYRIANS IN CANADA

Ottawa, June 22.—(Canadian Press)—There are 4,322 Syrians in Canada, according to figures given in the House of Commons.

Greater Pension Plan is Outlined at Ottawa

Ottawa, June 22.—(Canadian Press)—Increased pensions to retired soldiers and their dependents which will raise the country's annual pension bill from \$25,000,000 to \$33,000,000 were outlined and explained to the House this afternoon by Hume Cropp, chairman of the Committee of the Commons on Pensions.

After extensive inquiries into economic conditions throughout the country, the Committee found it necessary to recommend for the benefit of approximately 177,035 pensions in Canada, an average increase of fifty per cent. over the pension scale adopted a year ago. The pension scale now recommended, he said, will result in an average of twenty per cent. had gone into effect

PURSUE PARLOR BOLSHIEVIKI NOW

New Drive in U. S. Against Radicalism; Those Preaching Doctrines Sought

Washington, June 22.—Armed with broadened powers provided in the recently enacted Alien Exclusion Act, Department of Justice officials announced to-day a new drive against radicalism.

Orders have been issued for a strict watch on the activities of those who preach radical doctrines or assist in spreading such theories while themselves refraining from actual anarchistic activities.

The "theoretical Red" and the "parlor Bolsheviki" are to be especial objects of the campaign, it was said.

GREAT DAMAGE BY A CLOUDBURST IN REGION OF NAPLES

Naples, June 22.—A violent cloudburst has caused great damage in the neighborhood of this city. Torrents of rain and huge hailstones accompanied by severe thunder and lightning, caused destruction of property, especially in Positano, a suburb.

The children's hospital at Positano was damaged. Several villas near Naples were demolished, while damage was general in towns surrounding Mount Vesuvius. Crops have been seriously injured.

PORTLAND WELCOMES 75,000 VISITORS

Shriners Held Great Parade To-day; Big Programme; Rose Festival

Portland, June 22.—Imperial Shrinedom officially began its five-day Council sessions here to-day, a parade of uniformed Shrine bands and patrols over the principal thoroughfares of the city, preceding the calling to order of the Imperial Council. Seventy-three bands, nearly as many patrols and drum corps and other uniformed organizations participated in the procession. The line of march was more than three miles in length.

More than 75,000 visitors are in Portland, according to estimates. Including entertainment features, 214 events are scheduled for to-day, among them seventy separate band concerts, and a ship launching at Vancouver, Wash.

The Rose Festival this week will surpass all previous annual records.

Sign Crafts. A convention which was concluded here yesterday was that of the Associated Sign Crafts of North America. J. M. Brown, of Vancouver, B.C., was chosen president for the coming year. Luther Cliff, of Tacoma, was made vice-president; A. G. Ramsay, of Portland, was elected to fill the newly-created office of second vice-president, and Forest E. Smith, incumbent, of Seattle, was re-elected secretary-treasurer.

Vancouver, B.C., was chosen as next year's convention city.

WINNIPEG NOMINATIONS

Winnipeg, June 22.—When nominations closed at 1 p. m. to-day, forty-one candidates of various parties had been named to contest the constituency of Winnipeg City, where ten members will be selected at the provincial election one week from to-day.

POWER FOR MINE

Prince Rupert, June 22.—The Taylor Engineering Company has let a contract to provide hydro-electric power for the Dolly Varden mine at a cost of \$85,000.

WILL PRESENT CASE

Ottawa, June 22.—The case for the retail grocers as regards the sale of sugar will be presented to the Board of Commerce of Canada withing the next few days.

AT LOW FIGURE

Dealing with compensation generally, he stated that it was less than ten per cent. of the contracts involved, and much less than the sums allowed by Allied Powers in the war. At one point he stated that prices quoted in Canada for overcoats of army hoods were ridiculously low and that the hoods were traded to France through the Canadian Trade Commissioner at a good profit.

Valuable rugs or furs, if any, disposed of at a very low price. Borden would be sold through an imperial board.

\$15,000 JEWELRY THEFT IN WINNIPEG; NEGRO IS SOUGHT

Winnipeg, June 22.—Fifteen thousand dollars' worth of jewelry was stolen yesterday afternoon from the residence of E. F. Hudson, president of the Great West Saddlery Company, the police announced to-day.

Search is being made for a negro who was observed to leave the house but evaded a policeman who gave chase.

Supreme Council of Allies is to Meet in Brussels on July 2

Adjourns in Boulogne With Most of Problems Undecided; German Reparations Question in Experts' Hands; Germany Warned to Observe Treaty

Boulogne, June 22.—(Associated Press)—The Supreme Council of the Allies, after holding a three-hour session to-day, adjourned to meet at Brussels July 2, leaving most of the questions on its programme undecided.

The problem of the German reparations was transferred to experts, who will meet in Paris and endeavor to conciliate the conflicting viewpoints among the Allies regarding the division of the sums Germany is to pay.

The experts likewise are still confronted with the task of reaching a final decision as to the total amount of the reparation and the method of payment.

BOLSHEVIKI WERE REPULSED BY POLES

Reds Suffered Losses; The Ukrainians Successful in Fighting Bolsheviki

Warsaw, June 22.—The Poles have repulsed strong enemy attacks in the region of Smilga Szaozina, inflicting considerable losses upon the Bolsheviki, according to an official statement issued to-day.

The troops of General Romer in the Ukraine have been successful in fighting with Bolsheviki cavalry, the statement says, and Ukrainian troops north of the Dniester successfully raided Babynce, taking two quick-firing cannon and several parks of artillery.

BRITISH LABOR MEN DISCUSS QUESTIONS

Annual Conference of Labor Party; Attitude Toward Soviet Russia

London, June 22.—Nearly 1,000 delegates from trades unions and local labor parties attended the opening session of the twentieth annual conference of the Labor Party at Scarborough to-day. The programme of the conference, which will continue until Friday, is crowded with resolutions and amendments dealing with almost every question now engaging the attention of labor.

Among the most important matters to be discussed are nationalization of all the means of production and distribution; various aspects of the Irish situation, Great Britain's attitude toward Soviet Russia, British rule in India and Egypt and control of the liquor traffic.

TO MOBILIZE MONEY

Paris, June 22.—Recommendation that an international financial conference be held in Brussels to mobilize German money and issue international loans based on German revenues has been decided upon at the inter-Allied meetings at Boulogne, according to a special correspondent of the Havas Agency.

AMBASSADORS

Another point decided by the Boulogne conference, the correspondent says, is that the Allies should appoint Ambassadors to represent them at Berlin. These Ambassadors will be at their posts before the Spa conference, the date for which remains fixed for July 5.

Discussions at the meeting, it is said, have resulted in a decision that if Germany manifests bad faith concerning the execution of the Versailles Treaty, the Allies may employ other means of coercion than those already considered, occupation of parts of Germany being considered possible.

207,000,000 OUNCES OF SILVER NEEDED

American Government Buying Under New Legislation; Price Dollar an Ounce

Washington, June 22.—Purchase of 1,700,000 ounces of silver at \$1 an ounce for delivery at Philadelphia and San Francisco was announced to-day by the Director of the Mint. This makes a total of 3,200,000 ounces acquired by the Government under the authority of the Pittman Act this month.

Treasury officials estimate that 207,000,000 ounces of silver must be purchased under the provisions of the Pittman Act, but they do not expect this to increase the price of silver, as there is little demand for the metal abroad at this time because several Governments have ceased temporarily the coinage of silver money.

LIQUOR SEIZED AT FERNIE IS SENT TO TERMINAL CITY

Fernie, June 22.—Liquor valued at \$15,000, seized from a room in a business block occupied by W. Kerr ten days ago, was to-day forwarded to the Prohibition Commissioner at Vancouver on instructions from Victoria. On Saturday Kerr was convicted and fined \$100. The liquor was confiscated by the crown.

ITALIANS MADE ALBANIAN INSURGENTS FALL BACK

Rome, June 22.—Serious fighting between Albanian insurgents and Italian Arditti and Alpini occurred near Drasciovitza when the Italian troops attempted to make a reconnaissance in force with motor cars, according to an Aviona dispatch to The Giornale d'Italia. A considerable body of insurgents was encountered and violent fighting ensued. Unable to stand against the fire of the Italians, the Albanians retired to their own lines.

It is believed that upwards of 4,000 insurgents are camped over the Albanian lines near the Albanian coast and appear to be offered by professional

## TWO-YEAR SENTENCE FOR WAYWARD BOY

To Industrial School; Youth Sent to Jail; Trial at Chemainus

Duncan, June 22.—A nineteen-year-old youth from Ladysmith, a fifteen-year-old boy of Duncan, an eleven-year-old Chinese boy of Chemainus and a ten-year-old boy were arraigned before a magistrate in Chemainus on Saturday afternoon charged with stealing a boat from Crofton, breaking into a house at Green Point, Cowichan Bay, and with robbing mail boxes on the Maple Bay Road.

The two older boys are part Indian. The fifteen-year-old boy had served one term in the Industrial School and some months ago was let out on suspended sentence on a similar charge. Since his return from the Industrial School this lad has not gone to school and except for an odd job now and then has worked on the farm. He has been a source of contamination for the boys of the town.

The nineteen-year-old youth was given six months hard labor in jail. The fifteen-year-old boy was sentenced to two years in the reformatory. The young Chinese boy was allowed out on suspended sentence, and the other boy, who has been boarding in Duncan for some months past, was given in charge of his mother and is to be taken to Vancouver, where she lives.

The offences for which these lads were arrested were all committed last week. Constable Kler was most expeditious in tracing these young offenders and Constable Dawkin, of Duncan, has inspired a wholesome fear of the law in the minds of the youth of the city, who may be waywardly inclined.

In their attempts to evade pursuit two of the boys took to the woods and another swam the river. The Rev. E. M. Cook, of Chemainus, watched the case on behalf of the Cowichan Children's Aid Society, at the request of the president, G. A. Cheeke.

Society To Meet.

A meeting of the Children's Aid Society is to take place in Duncan on Saturday afternoon next to elect a vice-president and to make plans to strengthen the hands of the committee.

At the W. A. garden fete held at the grounds of Mrs. C. Dobson by the ladies of St. John's Church, Duncan, a sum in the neighborhood of \$60 was realized.

## EVER-SOOTHING POSLAM HEALS BROKEN-OUT SKIN

Let Poslam act for you as a soothing, concentrated, healing balm, to cover right over that itching skin trouble and subdue it, taking out the fire and soreness, and then, as applications are repeated, causing the disorder to grow less and less each day. Poslam cannot harm. There is no risk in trying it to see if it really will eradicate your eczema, pimples or other surface disorder. And the burden of proof is on Poslam for you will watch for visible results. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

Urges your skin to become fresher, brighter, better by the daily use of Poslam Soap, medicated with Poslam.

## MEMBER OF SCHOOL BOARD IN VANCOUVER GIVES RESIGNATION

Vancouver, June 22.—Stating that since the ratifiers, by defeating the by-laws, had refused to provide the money necessary for carrying on the proper education of the children of the city he felt that he could be of no further assistance to the School Board, Trustee Lamb tendered his resignation at a meeting held last night.

## TAXATION RULING MADE AT OTTAWA

Montreal, June 22.—Word has been received by the secretary of the Canadian Manufacturers' Association that goods imported for use in manufacture in Canada will not be subject to the double sales tax, amounting to two per cent, but only to the importers' sales tax of one per cent. The information comes direct from George Slayter, Deputy Minister of Inland Revenue.

This ruling has particular importance for Canadian utilities, steamship companies and other companies which import enormous quantities of material.

## Stomach and Liver Trouble

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and often-times wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa Liver Pills. They live up to their name, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Cachette, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headache," Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## TO LINK VETERANS OF CANADA AND U. S.

One Grand Army of Anglo-Saxons Wanted by Winnipeg "Vets"

Winnipeg, June 22.—To checkmate the Hearts of America and the Bottom-locks of Britain, who would raise a barrier of hatred between the two nations, the war veterans of Canada are to unite with the veterans of the United States in one Grand Army of Anglo-Saxons, if the "doughboys" are willing.

A resolution that negotiations be opened with the American Legion and the Grand Army of the Republic with the object of effecting a close affiliation, if not an actual physical union, of the American with the Canadian veterans' organization has been adopted unanimously by the Executive Council of the Great War Veterans' Association here. This is the first step toward a national movement, the purpose of which is to be submitted to the Dominion command of the association and according to local veterans' officials, its adoption by that body is a foregone conclusion.

The announced purpose of the movement is to offset jingoism on both sides of the international boundary by keeping alive and developing the friendship between "Canucks" and "doughboys" that grew out of their close associations in the trenches.

"There are people and newspapers who are trying to foment strife between Britain and the United States," said Leo Ward, President of the Veterans' Council, in urging the adoption of the resolution by that body. "But they are reckoning without the men of this country and the men of the United States who fought side by side against the common enemy overseas. There is no hostility between us, and it would be well that we let our people know there is none by joining together in one great Anglo-Saxon War Veterans' Association."

## WHEAT BOARD ORDERS FLOUR FOR EXPORT

Winnipeg, June 22.—The Canadian Wheat Board issued orders yesterday to Western mills for 250,000 barrels of flour at the standard price. The flour is for export purposes.

Local millers report that domestic trade is very good, and with the order from the Wheat Board they expect to have their mills running to full capacity for at least a month.

All the mills in the West have been helping to supply the demand for bran from the Federal and the Manitoba and Saskatchewan Provincial Governments, which was needed in the fight against the grasshopper. One thousand tons have been supplied, often at the expense of regular customers, as, owing to the light demand for flour that has existed in the past, supplies of bran were very short. Additional supplies of bran are needed, especially for Saskatchewan, and further Government orders were placed Saturday.

## HEALTH WORKERS MEET IN VANCOUVER

Canadian Public Health Association Hears Dr. Young and Others

Vancouver, June 22.—Sickness and death are no longer received passively as visitations of Providence, declared Dr. H. E. Young, of Victoria, Secretary of the Provincial Board of Health, President of the Canadian Public Health Association, in his annual address at the opening session of that body's annual convention here yesterday afternoon.

"The value of a human life as a public asset is realized and efforts for its conservation are made," Dr. Amyot, Deputy Minister of the Federal Department of Health, conducted an interesting symposium on public health, leading with an analysis of the functions of the new Federal Department. He stated that several acts previously administered by various Government departments had been brought under his control, such as the immigration and quarantine regulations, the Adulteration Act and the Drug Act. His Department also was establishing a research department, and was endeavoring to co-operate with the Provincial Health Departments.

Others who spoke were the health officers of various Provinces—Dr. McCullough, representing Ontario; Dr. Gordon Bell, Manitoba; Dr. Middleton, Saskatchewan; Dr. Baudoine, Quebec, and Dr. Whitelaw, Alberta.

Dr. Young also spoke for British Columbia, and expressed gratification at the appointment of a Dominion health officer to co-ordinate the activities of the various Provincial Departments.

## CLAIMS SWEETHEART WENT WITH \$7,000

Seattle, June 22.—Alleging that Miss Josie Pierce, formerly of Ketchikan, Alaska, defrauded him of \$7,000 on a promise to marry him, John Setka, of Ketchikan, swore out a warrant here yesterday formally charging her with grand larceny.

Miss Pierce, who had been in his employ at Ketchikan, came to Seattle for the wedding. Setka alleges in his complaint. As a pre-nuptial settlement he had deposited \$7,000 in a local bank. Then she disappeared and with her went the Alaskan's money. Her whereabouts are still unknown.

## DEATH LIST IN VANCOUVER FIRE STANDS AT FIVE

Vancouver, June 22.—With the establishing of the identity of the two charred male bodies found on the fifth floor of the ill-fated Balmoral Apartments here as being those of S. A. Spencer, suite 2, and Theodore Hanson, of Long Beach, Calif., the police believe that the death list of Sunday night's disastrous fire is now complete. All persons first reported missing have been located.

The death list stands at five. The body of the heroic janitor, S. A. Spencer, who sacrificed his life when caught on the fifth floor while alarming the tenants, and to whom many owe their lives, was identified by his daughters.

It was through a statement made by John Holland, suite 18, who was injured when attempting to escape by way of the roof and was carried to safety by a fireman, that the police were able to establish the identity of Theodore Hanson.

Investigation made by the police found that Hanson, who was an upholsterer, had arrived in Vancouver on June 18, taking a room at the

## USE "TIZ" FOR SORE, TIRED, ACHING FEET

No More Puffed-up, Burning, Sweaty, Calloused Feet or Corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns; callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get! how comfortable your shoes feel! You can wear shoes a size smaller if you desire.

# Wool Jersey Smocks

at \$14.75

Regular \$18.75 and \$19.75

These practical Smocks are just the thing for Tennis, Golfing, Motoring, Boating, and, in fact, all outdoor wear. They come in a wide range of colorings, and are beautifully embroidered and trimmed. All sizes.

## Only \$14.75

# "I Cannot Go"

BILIOUS headache spoils many an expected enjoyment.

When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.

Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.

Constipation, indigestion, back-ache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine.

Those Pearly Teeth Learn how people get them

All statements approved by high dental authorities

Millions of people have adopted a new teeth cleaning method. Wherever you look you see pearly teeth nowadays. Let this ten-day test reveal what this method means to you.

End the cloudy film

Most teeth are dimmed by film. A viscous film clings to them, enters crevices and stays. Most tooth troubles are now traced to it.

It is this film-coat that discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea, and very few people escape it.

The ordinary tooth paste does not dissolve it, so the tooth brush does not end it. Thus most people suffer from that film.

Now dental science, after years of searching, has found a way to combat it. Able authorities have amply proved its efficiency. Now leading dentists everywhere advise it, and millions of people have come to employ it.

Everyone is welcome

Now this new method is embodied in a dentifrice called Pepsodent. And everyone is welcome to a ten-day test.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has found a harmless activating method, and pepsin can be every day applied.

Two other new-day requisites are combined in Pepsodent. So this method in three ways brings unique results, and everyone should know them.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears. It will be a revelation.

Do this for your sake and your family's sake. Judge the method by results. Cut out the coupon now, for few things are more important than whiter, safer teeth.

A scientific film combatant which, after 5 years' tests, is now advised by leading dentists everywhere

SEA VOYAGE CAUSED "LOVE TRIANGLE"

New York, June 22.—Immigration authorities at Ellis Island for the second time within six weeks faced to-day the problem of straightening out a "love triangle," born of moonlight nights on the swelling Atlantic.

of the British army, who, in a three-day courtship, made her forget the Canadian officer whom she had intended to wed when she sailed ten days ago for Halifax. Canadian authorities refused to permit Miss Butler to land for other purpose than to marry the Canadian and put her on the steamship Caronia, bound for England, via New York. Captain Miller wireless her to stop at New York, whither he was hurrying by train. When she stopped, the Ellis Island authorities took her in charge.

CROSSES INTO STATES.

Mexico City, June 21.—General Juan Barragan, former chief of staff to the late President Carranza, who was arrested following the assassination of the latter and escaped from custody June 15, is reported to have crossed the Rio Grande into the United States at Laredo.

It is easier for a man to acquire a bad reputation than it is for his children to live it down.

PREPARATION OF FRANCHISE BILL ADVANCED IN COMMITTEE OF COMMONS AT OTTAWA

Ottawa, June 22.—While the Franchise Bill was in committee in the Commons yesterday there was a whole series of technical amendments, adopted generally with little discussion. A declaration made by Hon. Hugh Guthrie, Solicitor-General, however, aroused keen discussion.

It was on the clause relating to the preparation of voters' lists. When last before the House the clause gave rise to controversy. There were conferences, between representatives of the two sides of the House, although the conferences failed to result in a satisfactory solution.

Mr. Guthrie frankly declared his intention of asking the House to adopt the principle laid down in the bill as presented to the House. The system of preparing lists therein laid down would involve some expenditure. But, in Mr. Guthrie's view, it would give as honest a list as it would be possible to get.

Opposition members strongly disagreed. Hon. W. L. Mackenzie King argued that it was perpetuating the enumerator method which had been so objectionable a feature of the War Times Elections. Adding thought the Government would be employing an army of enumerators for the purpose of "making the election lists partisan."

D. D. McKenzie declared that the Minister would have control over the voting, lock, stock and barrel. Eventually the clause carried on division.

Amendments. The more important among the amendments to the bill provide that: (1) The last Provincial lists shall be used as a basis for preparing Federal lists when such lists are not more than two years old (instead of not more than one year old, as the bill originally provided).

(2) In Ontario, where no regular Provincial list is available, but a list is in course of preparation under the Provincial law of 1920—a list revised by a county judge—this latter list will be accepted as the basis.

(3) One registrar is to be appointed in places of less than 4,000 population, with an additional registrar for each 4,000 more of population.

(4) Advanced polls to apply only to railway employees, sailors and commercial travelers.

(5) An elector disfranchised under Provincial statute by reason of race and color, is entitled to vote in the Dominion elections if he served in the Canadian forces.

Returning Officers' Pay. There was discussion on the amendment to give the Chief Election Officer power to fix scales of pay for returning officers and election bills. Much dissatisfaction, it was said, had existed in the past, and it was feared that when some new arrangement was made it would be difficult to secure capable officials for the future. The scales of pay, about five in number, would not necessarily be permanent.

Appointment. Answering Mr. Mackenzie King, Mr. Guthrie said several names for the position of Chief Electoral Officer had been considered. While a joint conference embracing all sides of the House would be held before final decision on the ultimate official, the Government would have to assume the responsibility for such an appointment.

Uncompleted. When the committee rose, consideration of the bill was still uncompleted, the committee reporting progress. The House subsequently discussed the bill to amend the Naturalization Act, which passed the committee stage and received third reading.

The House adjourned at 12:30 a. m. This evening Sir Herbert Ames is to speak on the League of Nations.

DEMONSTRATION IN TOKIO YESTERDAY

Tokio, June 22.—Indignation caused by the recent massacre of the Japanese garrison at Nikolalevsk, Siberia, by Bolsheviki forces, has been voiced at almost daily mass meetings here. This culminated to-day in a re-union arranged by advocates of universal suffrage, at which 20,000 persons were present.

Following the re-union, the Government for the massacre, many of the crowd tried to reach Premier Hara's residence for the purpose of demanding his resignation.

The demonstration, however, was broken up by the police, who dispersed the crowd.

Bad Blood Fatal To Good Looks

Easy Enough to Restore Both By Simple Home Remedy That Costs But a Quarter

Bad looks and bad health go together. To look young, to be happy, to enjoy life, and be always at your best you must keep your blood pure. Your liver active, your bowels well regulated. These are the prime essentials to a happy, healthy old age.

If you want a positive guarantee of good health, you can easily find it in the regular use of Dr. Hamilton's Pills, which for forty years have been keeping thousands of people in the pink of condition. It's no experiment to use Dr. Hamilton's Pills as a regular daily mass meeting. They are composed of certain extracts and herbs that search out disease, that regulate, tone and strengthen the system.

If in need of better health, if lacking in strength, if subject to headaches, blood disorders, constipation, lack of appetite and indigestion, 'tis safe to say you will be cured quickest by using Dr. Hamilton's Pills, sold everywhere in 25c boxes.

RHEUMATISM FOR OVER 16 YEARS

No Return of the Trouble Since Taking "Fruit-a-tives"

163 Church St., Montreal. "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good.

"Then I began to use 'Fruit-a-tives,' and in 15 days the pain was easier and the Rheumatism much better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

P. H. McHUGH. 50c a box. 4 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

CODE OF LAWS 5,000 YEARS OLD

Clay Tablets From Nippur at Pennsylvania University Are Translated

Philadelphia, June 22.—The oldest known written code of laws in the world, probably antedating that of Hammurabi by at least a thousand years, has been discovered in part among the hitherto untranslated clay tablets from Nippur at the University of Pennsylvania museum. The Hammurabi code was prepared about 2,100 B. C., and was discovered about twenty years ago on a large diorite stone by French explorers.

The laws, which have just been translated by Abbe Schell, of Paris, deal with responsibilities of hired servants, trespass on farms and orchards, harboring of slaves, rentals, rights of slave women who have borne children to their masters, punishment for adultery, etc.

One interesting statute provides that rentals must run for three years in case a man has taken over a house the owner does not know how to manage. This is somewhat obscure, and may mean that all rentals were for that term. In any event, property could not lie idle or be improperly used if someone was willing to use it for private benefit.

The discoveries are considered of the highest importance, and search will be made for further tablets containing additional laws.

WOULD NOT IMPORT EXPERTS FOR WORK

Senate Declares Canadians Able to Reorganize Departments at Ottawa

Ottawa, June 22.—In the opinion of the Senate, the work of reorganization of the civil service can be done by Canadians. By a vote of twenty-three to ten, the upper Chamber yesterday approved a motion introduced by Senator Turritt, reading as follows:

"That in the proposed reorganization of the various Departments of the Government, it is the opinion of this Senate that men with expert ability, of a high order can be secured in Canada who are capable of doing this work in a thoroughly satisfactory manner."

Senator Turritt, in moving his resolution, said he believed in reorganization of the service, but the work should not be performed by an imported firm. It was unfortunate that the Government should advertise Canada as lacking in citizens with capacity to perform the work.

Reclassification had been put through by an American incorporated firm, and it could not have been more poorly performed by any possible group of Canadians.

Senator Fowler supported Senator Turritt, and stated that there would be found in the Senate a committee willing and able to reorganize the service without remuneration.

Defended Government. Senator Robertson, Minister of Labor, defended the Government, saying that leading business concerns in Canada had gone to other countries for experts when they were not obtainable at home. An organization with special experience in the work to be done did not exist in Canada.

Senator McLennan agreed with Senator Robertson, and stated that there was no efficiency business firm in Canada. He stated that in many instances the United States secured accountants in Great Britain, while many American efficiency experts found employment in the United Kingdom.

Senator Bostock said that Arthur Young & Company had promised to reclassify the civil service in five months, but had taken two years and at a much greater expense that anticipated.

TRAINS RUN AGAIN.

Mexico City, June 21.—Train service between Mexico City and Vera Cruz was resumed to-day after a suspension of three weeks on account of the presence of bubonic plague in Vera Cruz.

EARTH SHOCKS ARE FELT IN CALIFORNIA

Inglewood, Near Los Angeles, Suffer Most; One Woman Died

Los Angeles, June 22.—A survey early to-day of the damage done by the earthquake which occurred last night indicated that Inglewood, ten miles southwest of here, suffered much more severely than was at first reported.

Many plateglass windows in Los Angeles were shattered by the shock, several buildings were otherwise damaged and persons were struck by bricks shaken from chimneys. San Pedro, Long Beach, Santa Monica and Venice also reported minor damage.

The earthquake area was confined to Los Angeles County, Inglewood bearing the brunt of its severity. Another slight shock was felt in the Inglewood district at 5 a. m. to-day. There was no additional damage.

The shock which caused the damage last night was followed by two slight tremors, two minutes apart, and at 10.40 o'clock a fourth tremor was felt in the southwest section of Los Angeles and in Inglewood. No damage resulted.

Dropped Dead. Mrs. William Sippy, of Los Angeles, dropped dead at Venice, when, following the shock, she attempted to jump from an automobile. Heart disease was given as the cause of death.

Buildings damaged at Inglewood included the sub-station of the Southern California Edison Company, where three walls collapsed, damaging dynamo and cutting off the town's lights. Lighting service was restored three hours later through a connection with another power station.

The front walls of the Inglewood Hotel, a theatre, an undertaking establishment, a real estate office, three grocery stores, two meat markets, two garages, a pool room, a drug-store, furniture store and other downtown buildings collapsed at Inglewood. The steeple of the Episcopal Church toppled into the street and the buildings occupied by the Citizens' Savings Bank and the First National Bank of Inglewood were virtually destroyed.

Injuries. Several persons in Inglewood were slightly injured by falling plaster and bricks and broken glass. The Edison building and the Laughlin building, Los Angeles, normally separated by a space of a few inches, were discovered to have become closely joined after the shock.

Damage of \$100,000. Los Angeles, June 22.—Earth shocks which started at 6:47 p. m. last night and continued intermittently until 5 o'clock this morning, caused property damage in Los Angeles County estimated at \$100,000, three-fourths of which was in Inglewood, ten miles southwest of this city.

The shocks appear to have been almost entirely local. Ventura, Riverside and Orange County points bordering on Los Angeles County reported having felt a slight tremor about the time of the heaviest shock here, Inglewood, where twenty-one business buildings were wholly or partially demolished and nearly every dwelling damaged to some extent, seems to have been the centre of the disturbance.

The damage in Inglewood was estimated at \$75,000. The buildings which suffered the most damage there were on Commercial Street, the main business thoroughfare. In most cases the fronts of the buildings fell into street, leaving three other walls standing. Several of the business houses had been patched up so that their proprietors resumed trade early to-day.

Stone facings on a group of five buildings at Hyde Park, between Los Angeles and Inglewood, tumbled down, the damage being estimated at \$5,000.

Series of Shocks. The first two shocks, which were the most severe, came in quick succession, the two covering a period of about fifteen seconds. Following shocks, variously reported as numbering from three to six, were slight tremors, perceptible chiefly because of the rattling of buildings.

The earth shocks in California were not recorded by the seismograph at the Victoria Meteorological Observatory.

STILL ON STANDARD TIME

What the City Council makes itself look like does not matter very much, but what it makes the city look like is quite a different thing.

Having passed the original resolution, no doubt on the assumption that the majority of the Victoria public wanted the change, the Council should have fortified its action by applying to the Government to proclaim daylight saving for this city so as to give it a basis of authority and ensure general recognition for it.

We note the determination of a number of organizations in the city to adhere to daylight saving regardless of the idiosyncracies of the Council, but that becomes a matter of private arrangement, involving nobody else and possessing no official significance.

FIGHTING TUBERCULOSIS

Dr. George D. Porter, secretary of the Canadian Association for the prevention of tuberculosis, told the Canadian Public Health Association at its annual gathering in Vancouver yesterday that in twenty years the accommodation at the disposal of the country in its fight against tuberculosis had grown from one institution and one hundred beds in 1900, to forty establishments and four thousand beds in 1920.

But in spite of the remarkable strides that have been made towards preventing and combating tuberculosis during the last twenty years, there are two important factors in Dr. Porter's address which call for special reference.

MR. BOWSER'S HUMOR

In an address at Creston on Saturday the Leader of the Opposition in the local Legislature told his audience that the present administration in British Columbia was getting near to the end of its financial tether.

But the people of Creston and the electorate of other ridings to whom Mr. Bowser will address himself during the next few weeks are not to be gulled by twaddle of this sort.

It may be that this Province will have to reduce its programme of expenditure for the current fiscal year. If such a course should be necessary it will be due to the same causes which will demand retrenchment everywhere.

THE OFFER TO TAFT

We wonder what ex-President Taft thought when he received an invitation from the Dominion Government to act on the board of arbitration which will determine the financial terms on which Canada will acquire the Grand Trunk Railway.

WILL NOT TRUCKLE

Premier Oliver told a meeting of his constituents at Port Haney on Saturday night that he "would not sacrifice his manhood to truckle" for public support.

NOTE AND COMMENT

We have heard about . . . . . in the lap of Spring. Just now it appears to be lingering in the lap of midsummer.

Emulating the example of the Norris Government, which will employ aeroplanes for advertising purposes and the conveyance of speakers during its election campaign, it may be supposed that Premier Oliver will soon be seen flitting about the country in the modern "trail blazer."

According to Dr. Charles D. Walcott, of the Smithsonian Institute, the first forms of life appeared on this earth 45,140,000 years ago.

On some hitherto untranslated clay tablets from Nippur the University of Pennsylvania authorities have discovered what they assert to be the oldest known written code of laws in the world, or those in vogue about 3,000 years B.C.

Emma Goldman, who with Henry Berkman and a number of other undesirables was deported from the United States to Russia because they were trying to promote Bolshevism in the republic, has had her fill of the Soviet rule.

OTHER NEWSPAPERS' VIEWS

A CURIOUS PROPOSAL

The old controversy over the refusal of the medical authorities to recognize formally Mr. H. A. Barker's skill in manipulative surgery has taken a sudden excursion into the middle ages.

MUST HAVE SEVEN-CENT FARE, B.C.E.R. NOW SAYS

The B. C. Electric in their appeal for the seven-cent fare point out how fifty-nine cities in the United States already have a ten-cent fare, twenty-one an eight-cent fare and 147 cities a seven-cent fare.

MORE FIGHTING TO-DAY IN LONDONDERRY AND PEOPLE STAY INDOORS

Dublin, June 22.—Premier Lloyd George's demand that the Irish railwaymen handle munition trains gives rise to an issue which must be fought out, according to statements made by leaders of the railroad workers here.

The railroad workers' refusal to run munition trains has been progressive and now extends to the point of declining to carry either soldiers or police, and even rifles. There have been cases where soldiers, to secure places in trains, have attempted to prove they did not have ammunition, and others where they have left their rifles behind.

London, June 22.—Another man was shot dead in Londonderry last evening, according to a dispatch received here. Horace McKay was the victim.

A dispatch from Dublin said yesterday's addition to the number of troops in Ireland was 700 men, with material which the railroad men and dock workers refused to handle.

Another Dublin dispatch said: "An authoritative contradiction is given to the widely published statement that the Government contemplates a general round-up of Sinn Féin and extensive operation of martial law. Raids and arrests will only be relative to specific crimes."

An official statement issued at Dublin Castle says that a train was stopped at Cloughjordan owing to the railway workers refusing to continue with armed policemen aboard.

He was one of the much-talked of New Poor Bill owning a rather shabby motor car, he was forced to drive it himself, since he couldn't afford a chauffeur.

The head of the house where the party was held was, for similar reasons, acting as his own butler.

"What is it?" "You know that night when you drove your daughter to my daughter's party?" "Yes."

"Well, when I came to open the door I thought you were your chauffeur."

"Oh, that's all right! I thought you were the butler!"—Answers.

NEWS AND NOTES OF THE MINES

In Indian Reserves. A number of applications are being made for permits to prospect for precious metals within Indian reservations.

The procedure was defined in Order-in-Council passed September 23, 1919, and according to W. E. Ditchburn, Chief Inspector of Agencies, there have been a number of applications for licenses to search for gold and silver. In case of a find being made, the locator has to comply with both Provincial and Federal regulations, resulting in mining.

Trail Shipments. Receipts of ore and concentrates at the trail smelter for the week ending June 14, were 6,913 tons, of which 25 tons is concentrates. This brings the total for the year to date to 12,882 tons of smaller feed, of which 128,825 tons is ore, and 2,536 tons is concentrates.

Receipts for the past week in detail were as follows: Blue Bell, Riondel, 492; Bell, Beaverdell, 70; Emerald, Salmu, 31; Electric Point, Boundary, Wash, 219; Florence, Princess Creek, cont., 35; Josie, Rossland, 115; North Star, Kimberley, 345; Spokane-Trinck, Ainsworth, 29; Company Mines, 5,898.

Nelson Convention. That the international mining convention will be held in Nelson on July 20-24 inclusive, with special attention paid to staging a first class exhibit of ores, particularly from new mines, and of machinery, was decided at a meeting of the Nelson, Slocan & Eastern Mining Association, representatives of the 1919 mining convention committee, and citizens, held last week at Nelson, at which officers were elected, and committees appointed to organize the convention.

J. R. Hunter, vice-president of the Nelson, Slocan & Eastern Mining Association, occupied the chair. Fred A. Starkey, secretary of the Nelson, Slocan & Eastern Mining Association, stated he had had numerous inquiries from Seattle, Portland, Coeur d'Alene, points in California, and Spokane, besides many points in this province, respecting the intention of the association, and as to when a convention would be held; and further that he had received word from Hon. William Sloan, provincial minister of mines, commending the last convention held in this city, and giving assurance of his continued support, which he intimated might possibly exceed that given last year.

Though the programme is not definitely decided, it was stated that the first day of the convention would be devoted to arranging the samples of ores, a very large collection of which is anticipated, and to erecting the machinery, it being the intention to have several mills and various mining tools operating for exhibition purposes.

The next two days will cover the convention proper, while on the fourth day excursions to mining properties in the neighborhood will be arranged. One excursion will be to the Slocan country, and to Kaslo, with possible visits to Riondel and Ainsworth on the return journey.

Silver Standard. Speaking of the Silver Standard mine at Hazelton the Prince Rupert News says: The Silver Standard mine at Hazelton has been shipping steadily this Spring with considerable development proceeding at the same time. The new tunnel which is being put in 200 feet below the present outlet, has now reached two veins and the work will continue until the main lead is struck. This has not been tapped so far, as even the present tunnel has not gone into the original vein which first caught the eye of the prospector at the surface showing.

At the present time the ore is transported to the mill by means of a Packard truck which runs steadily all the year, as even in the winter time the grade is such that it becomes very efficient when the roadway turns to ice and the car rides gently. Wire cables are used on the wheels to prevent skidding. The mill has a capacity of 500 tons per month but at the present time about 38 tons of concentrates are being turned out daily. Much of the ore has been coming out of the mine so rich in late that it has required three men to keep sorting the fine grade and sacking it for direct shipment to Trail.

RADIUMISING THE SOIL

Prof. Scammell's LIGNAITE. Produces Earlier, Bigger and Better Crops. Immediate Delivery Guaranteed. Phone 4188. 145.00 per ton, \$2.50 per sack 100 lbs. Canadian Lignite Company, Ltd. 403 and 404 B. C. Permanent Loan Building, Victoria, B. C.

The method of working is known as the shrinkage system which has proved very convenient as all the veins have sufficient dip to allow the work to be carried out very easily. Boards are built from the roof of the tunnel and then the miners go up and work above these by means of a manhole. Only sufficient ore is drawn out from the chutes to keep the top of the pile at the right level to allow the miners to continue the work overhead.

Highland Valley. The Highland Valley Mining & Development Co. has sunk a shaft 65 feet, and at that depth the shaft is in high-grade ore. A cross-cut is to be driven to find the extent of the vein and levels will be driven on the vein from the 65-foot level.

FLOUR MILL DESTROYED. Columbus, Nebraska, June 22.—The Columbus Flouring Mill, owned by Gus A. Schroeder, was destroyed by fire. A high wind handicapped the firemen. The loss is \$75,000.

## Secure Your Sweater From These All-Wool Qualities All at Moderate Prices

### Violins

Cannot be judged by appearances; you must rely to a certain extent upon the dealer from whom you purchase your instrument.

Violins range in price from \$10.00 to thousands but they all look alike.

Of course, when played you soon detect the richer tone qualities of the fine violin.

We have a good line of better grade violins and others which are not so high in price. If you will come to our store, we will be pleased to show you our other musical instruments as well as violins.

## SOIL CULTURE AND SCHOOL SUBJECTS

Ward 7 Saanich Ratepayers Hear Able Addresses on So-called "Frills"

A meeting of the Ward VII Ratepayers' Association held last night in the Tillicum School, decided to accept the resignations tendered by the president, R. H. Huddleston, and Secretary Thomas Knight, and that R. E. Collis, vice-president, should carry on the dual role of the president, of chairman and secretary, assisted by an executive of five.

One of Series.  
Last night's meeting was one of a series called with Mr. Collis in the chair, to entertain speakers on the question of educational adjuncts, so-called "frills." The speakers were Mr. Newton, of the Department of Agriculture, who having just returned from California, gave an interesting talk on the value of "Paper Farming," and Mrs. Carter, who spoke on Domestic Science, and made a very strong plea for its inclusion in the standard curriculum in the schools of the day.

Mr. Collis said in opening: "There are many things today that we feel need re-adjustment; we have visions, new responsibilities, and bigger rights to attain and maintain than ever previously. The needs of the coming generation are all important; we cannot consider yet that a strawberry plant is of more value than a child. With the idea of fairness to all before us, and with the added idea of getting some re-adjustment on these problems I have been calling these meetings."

Reeve Watson was invited to be present to hear the arguments in favor of these sides of the school training, speaking briefly to the point at the conclusion of the evening. The speakers of the evening were listened to with relish, and on the conclusion of their separate talks were subjected to a number of questions all along the line of what was needed to instill in the growing generation a love for the simpler spheres of life, farming and successful home management.

"British History" versus "Natural History," and "Waterloo versus Water Rate" received animated discussion, it being contended that much might be done in the training of the young to-day to familiarize them with the more practical problems of the time in which they are called upon to live and work.

### "History of Soil Contents"

"If you were the father of six boys what would you teach them, British History or soil contents?" asked Mr. Collis of the first speaker, Mr. Newton, who disclaiming the possibility of such a situation, nevertheless replied that it would be more to their advantage to be taught soil contents, market control, and the new science of paper farming.

Mrs. Carter, after the lecture on domestic science, was similarly interrogated, with a like result, namely, that the education system of to-day might be made a great deal more practical and of vital use to the growing generation, she claimed.

The meeting was not without animated discussion, and at various times divulged a heat that had to call forth all the persuasive eloquence of the chairman to keep the proceedings in order. Mr. Newton gave an intensely interesting address on modern farm methods, but many in the audience were impatient to hear the more personal issue of the education difference between the Council's stand on "Frills," and that of a section of the Ward VII ratepayers.

Book Farming.  
Mr. Newton referred to the scorn that "Book Farming" is apt to call forth, and cited a number of incidents to show that in spite of that general feeling, paper farming, and an accurate knowledge of the actual business of the profit and loss account of general farming was necessary to success. He advocated general, rather than highly specialized, farming, with, however, the provision that at least one good specialty be carried.

The election of Association officers, which was to have been the main business of the meeting, when considered, was left in abeyance as described, the chairman stating that he did not consider the attendance was sufficient to warrant the permanent election taking place.

### DEATH OF ADOLPH CARNOT.

Paris, June 22.—Adolph Carnot, former president of the Democratic Alliance, brother of the late President Sadi-Carnot, died yesterday. He was born January 27, 1839.

**The Ladies of St. Barnabas Church**

are completing preparations for a fete to be held on Tuesday, June 23. Among those who will assist are: Apron stall, Mrs. Watson; Mrs. Gernan; home-cooking, Mrs. Gernan; Mrs. Jones; Mrs. Edeen; candy, Mrs. W. Basset; ice cream, Mrs. Knox; Mrs. A. Jones; painting the butterfly; Miss Sinclair; touch and take, Misses Abbott, Leitch, Edeen; afternoon teas served by the Guild of St. Cecilia clock and ladder golf. In the evening the affair will conclude with an outdoor entertainment by St. Barnabas Pierrot Troupe.

Mrs. A. G. Malcolm announces the marriage of her eldest daughter, Helen Ross, to Vernon Hughes, second son of Mr. and Mrs. W. E. Hughes, formerly of Vancouver, now of Vernon, B.C. The ceremony took place at Powell River, B.C., on the 12th inst. Rev. R. McLean officiating. After touring Vancouver Island, Mr. and Mrs. Vernon Hughes passed through Victoria and Vancouver en route for Stillwater, B.C.

Mrs. W. H. Bates, accompanied by three of the children, Misses Nora, Kathleen and Master Kenneth Bates, have reached here from Summerland, to join Mr. Bates and Muriel, now resident here. Mr. Bates, since contracting a heavy cold recently has not been so well again and has been ordered to bed for a complete rest.

The graduate nurses in Vancouver entertained the visiting ladies at the medical convention at tea in the Hotel Vancouver this afternoon. On Monday there was a tea at the Rotary Club given by the board of governors of the clinic. The Women's Canadian Club will give a luncheon on Thursday.

Mr. and Mrs. Jack Gault, formerly of Winnipeg, are expected in Vancouver shortly, and will visit Mrs. Gault's mother, Mrs. Henderson, at 414 Nelson in the Fall. Mr. and Mrs. Gault expect to return to make their residence in Victoria, where they have purchased a home—Vancouver Sun.

Rev. Mr. McIntyre, of Wesley Church, Vancouver, in a recent discourse, said: "It is more play we want, organized play, and supervised play." He said it would be healthy for the parents to take an interest in the games of their children and sometimes take part themselves.

Misses Ida, Edna and Annie Smith of Nelson, are on their way here, and later will proceed to Portland and San Francisco, returning probably by way of Spokane. They will be away from four to six weeks.

Edwin C. Van Dyke, of Berkeley, and E. V. Van Duzee and Mrs. Van Duzee, of San Francisco, are registered at the Dominion Hotel en route to the Biological Station at Departure Bay.

Miss M. Simpson, private secretary to Vice-President Ogden, of the Canadian Pacific Railway, accompanied by Mrs. William H. Pettigrew, her friend, are at the Empress Hotel from Montreal.

The death of Miss Margaret Mary Damer-Dawson, O.B.E., commandant of the women police service in London, has been the cause of much regret among admirers of her work.

Mrs. H. P. Upham, of St. Paul, Minn.; Mrs. Upham Bigelow, of Rome, Italy, and Mrs. B. F. Brunder, of Oil City, Pennsylvania, are guests at the Empress Hotel.

Mrs. B. F. MacLachlan, of Victoria, Secretary of the British Columbia Women's Institute on Public Health and Child Welfare, arrived in Nelson, Thursday night.

Mr. and Mrs. Dewhurst and Miss Nelson, of Ganges, arrived in the city on the Island Princess and are registered at the Strathcona Hotel.

Miss Gertrude Growther, of Victoria, who spent a vacation at Sumnerland, as the guest of Mrs. Ibbotson, has returned to her home.

Mr. and Mrs. J. H. Hanna and Mr. and Mrs. T. R. Scott, from Calgary, are visiting the city, and are guests at the Strathcona Hotel.

Melville G. Waites, of Parland, Cal., who has been the guest of his uncle, George F. Waites, Camosun Street, has left for the South.

**Reduce the high cost of stylish dressing!**  
You like pretty clothes, and you want to look spic and span every day. But this is expensive, unless you can manage to make your blouses, dresses, hosiery, etc., last longer. Often by changing the color of a garment it will look like new, and will be actually as good as new. You can do this easily, quickly and economically by re-coloring with Rit.  
**RIT** Fast Colors  
Rit washes and colors in one simple operation. No trouble—no stained hands—no streaked or injured fabric. Rit will re-color silks, cottons or light woollens. And there is a wonderful variety of fashionable and beautiful shades to choose from. A few minutes' work, and you may have practically a new gown, blouse or skirt. Think of it! In what other way can you practice such clothes economy and at the same time be well dressed? **10c**

**WANT DOCTORING DONE FOR PUPILS IN SAANICH SCHOOLS**

Parents Also Want Technical Courses Made Useful; Homework Criticized  
Home work for pupils attending the Saanich public schools, particularly in the Tolmie School, should be abolished, members of the Tolmie Parent-Teachers' Association told the Saanich School Board last night. Then they pleaded that the Board should get its own doctor and dentist who could start to work and fix up the children as soon as anything wrong was discovered. Parents told the Trustees they saw little use in medical inspectors discovering all sorts of defects in the health of their children and then pass on to the parents the job of getting medical attention for the pupils and paying for it.

Mothers in the meeting demanded that girls who take sewing should make real garments or something useful. It was also proposed that sewing be taught by mothers at one gathering a week during the winter. It was explained this would save the cost of a supervisor and result in the young girls learning the kind of sewing of which the mothers approved.

Should Be Mother's Job. One woman declared that each mother should be the domestic science, gardening and manual training teacher of her children and thus save the work of the paid supervisor.

"That's it," said Trustee Holloway. "The more that is done for some people the less they will do for themselves."  
"I would like to see all the homework buried," said Trustee Raven. Chairman Cones said the Board believed in having a good school dentist. He asserted that the Board would appoint one as soon as the ratepayers demanded it. He proposed that the whole matter be passed on to the Central Parent-Teachers' Association for action.

Against Small Libraries. The trustee-teacher library investigating committee reported that libraries in Saanich should be opened only in districts that are too far from the city for convenient use of the Carnegie public library. It was explained that there is a great advantage in using a library as large as that of Victoria, while the schools could not have anything of an efficient size.

Teachers asked the Board for supplementary readers for giving children more and greater variety of study, but the trustees decided they had no money.

**AT ESQUIMALT.**  
To-morrow's garden party in the beautiful grounds of the Esquimalt Hospital promises to be perhaps the success of the season. The matron and her band of willing helpers are working hard in the final touches, and there is every indication they will justify all promises.

During the last few months many alterations have taken place in the grounds, and they are now a blaze of Summer bloom.

All work in this direction has been done by returned soldiers in vocational training.

All kinds of lawn games, including tennis and croquet will be among the many attractions. The patients will have a large lunch, "Red Cross," will, during the afternoon, make several trips around the harbor. Tea and other refreshments will be served continually. There is nothing lacking in the musical programme, some of the finest talent in the city having promised to assist, amongst whom are Mrs. Harry Pooley, Mrs. Jesse Longfield, Miss Grace Rosher, R. G. McKenzie, Arthur Gore and Ernest Patch. The programme will open at 3 p. m. sharp. Visitors will take the Esquimalt car to Admiral's Road.

**FOR "Y" UNIT CHAPTER.**  
Preparations for the cabaret and dance to be given at the "Criterion" this evening by "Y" Unit Chapter, I. O. E. E., promise an interesting evening's entertainment. The arrangements for the concert programme are in the hands of Miss W. Howard. Among those who have promised their services are Miss M. Middleton, Lieut. Webb and R. L. McKenzie, who will give vocal numbers, and Miss Dorothy Cox, who will dance. Mrs. Bowen Wooten and Miss Howard will act as accompanists.

**COOKING KINKS.**  
Pastry always shrinks in cooking. Poor pastry is very hard to digest. Heavy watermelons are always the best. Cold cereal makes an excellent fried mush. Better pastry can be made with pastry flour.

**Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.**

**Gouraud's Oriental Cream**

## HADN'T LICK OF WORK IN 18 MONTHS

Napoleon Laroque Was Flat on His Back When He Began Taking Tanlac

"I had dropped down to less than one hundred pounds in weight, and was too weak to stand up alone, much less walk a step at the time I started taking Tanlac, but in two months I have gained thirty-five pounds and simply feel like I've been made all over again." The above remarkable statement was made a few days ago by Napoleon Laroque, who resides at 264 Chambers Street, Winnipeg.

"It was eighteen years ago that my troubles started, and since then I have spent the savings of a lifetime searching for health. I had stomach trouble in its very worst form, and suffered with every kind of disagreeable symptom that goes with indigestion and dyspepsia. I could hardly force down enough to keep body and soul together, and for two months I lived entirely on milk and tea. I would blot up with gas until I felt like I could not stand it, and the pains and cramps in my stomach simply drew me double. My kidneys were all out of order, and my back hurt so bad I could hardly stoop over to tie my shoes. I had rheumatism in my arm, shoulders and legs, and at times I thought every bone in my body was aching. For months I was down in bed flat on my back, unable to walk, I could not lie on my left side at all, and when I wanted to change positions in bed I had to lift my left leg with my hands. I was often in such pain I would lie awake day and night and simply didn't know what good sleep was. My elbows would get stiff and the muscles would get so sore I couldn't bend my arm. At times I could not even comb my hair, and my fingers would get so stiff I couldn't even hold a paper. Last October I gave out completely under the strain, quit my job and haven't been able to come back, and I began to lose weight from one hundred and seventy to less than one hundred pounds, and was only a living skeleton, and many of my friends actually didn't know me.

"When I started taking Tanlac two months ago I was so weak my nephew had to give me the doses. By the time I had finished about half the first bottle my appetite commenced to come back, and I began to eat without suffering. The rheumatism started leaving me, and I began to sleep better. Day by day I steadily improved until now I have just finished my fifth bottle, and it's a fact, the change it has made in me does not seem possible. My appetite is fine, and I can eat anything I ever could in my life without a sign of pain. My kidneys are in the best sort of shape, and I begin to praise me at all. The rheumatism has just about completely gone, and I am as active as I ever was. I have gained thirty-five pounds, and I feel, and from the way I'm picking up every day it won't be long until I'm back at my normal weight. I feel better and stronger in every way, and am planning to go back to work right away. Tanlac has been worth a fortune to me, and I could stand here and talk all day and still not say enough about it."

Tanlac is sold in Victoria by D. E. Campbell, corner Park and Douglas, and Leung's Drug Store, Esquimalt Road.

Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name "California" on the package; then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love the fruit taste. Full directions on each bottle. You must say "California."

## MINISTER MANS UPON IMPORTANT APPEAL

Succession Duty Will Be Determined by Total Estate, Not Solely B.C. Property

In fixing the rate of succession duties on big estates where part of the estate lies outside the Province, the Province is allowed to take into account the total value of the estate, according to the judgment of the Supreme Court of Canada handed down today.

This decision, Government officials say, will mean the addition of hundreds of thousands of dollars to the revenue of the Government as the larger the estate is assessed the higher the percentage rate that can be charged on it.

At present some twenty large estates in this Province are held up in the Parliament Buildings all awaiting this decision. The case on which the decision has just been handed down has to do with the estate of Sir William Van Horne, former president of the C. P. R. When he died a few years ago his total estate was valued at \$6,000,000 of which \$200,000 was in British Columbia.

The Hon. John Hart, Minister of Finance, claimed that in fixing the rate of succession duty he could strike the rate for the \$300,000 in this Province on the basis of the rate for a \$6,000,000 estate. It is argued that in assessing the succession duty he could take into account the property of the deceased person both within and outside the Province both as to the liability of the estate to pay duty and as to the rate.

The executor of Sir William took exception to this method of assessment, holding that only property within the Province could be taken into account. W. D. Carter, K.C., of the Attorney-General's Department took the case to the Supreme Court of B. C. Chief Justice Hunter, however, ruled that the executor was right and that the B. C. Act was ultra vires.

From that decision Mr. Carter went to the Court of Appeal, the court held that it was competent for the Minister of Finance to take into account the outside property of the deceased to establish its liability to pay duty, but not in fixing the duty. Mr. Justice Martin, Mr. Justice McPhillips, however, dissented from this.

Mr. Carter acting for the Minister of Finance then placed the case in the hands of J. A. Ritchie, K.C., who took it to the Supreme Court of Canada, which has now confirmed in every respect the stand of the Province and the Minister, asserting that the Minister can take into account both outside and inside property in fixing both liability and the rate of succession duty. Mr. Justice Anglin and Mr. Justice Mignault dissented, however.

Charles Wilson, K. C., of Vancouver, represented the executor of Sir William Van Horne in all courts.

## OAK BAY SCOUTS

Successful Concert; Boxing Contests Closely Watched

The Oak Bay (Gonzales) Troop of Boy Scouts, the Oak Bay and Gonzales Packs, held a concert and entertainment on Friday evening. The particular pieces that seemed to please the large audience especially were the boxing by four Scouts and four Cubs selected according to age, representing the difference between the small and the big boy in this work, the scoutmaster emphasizing the difference between this work as practised by the Scouts and boxing that developed only prize fighters. This, he explained, was to develop the body, and encourage foot work, and especially to give the boy knowledge of self-defence if attacked being particularly taught to try for points, not hard hits.

Mr. Gioima and Mr. Webb acted as judges of the boxing. The first two boys to box were Hugh Maurice and Robert Crombie. Crombie was awarded the first place. The next two were Stanley Webb and Leonard Heming. Heming won this bout. The next two were Cubs, Vivian Gioima and Harry Robson. Robson was given the best of this bout, but Vivian Gioima was much praised for his foot work. The bout that gave the most satisfaction to the judges was that of Kirby Herchermer and Frank Barkley. This was held to be a tie, as both were so equally matched. The most exciting bout was that between Stanley Webb and Leonard Heming, and caused much amusement to the audience.

The signalling display put on by Lieut. W. A. Greene and A. Sykes was considered excellent, while the First Cubby by the Oak Bay Troop was much admired. Dr. Barty being the judge. The hit of the evening from the point of view of the audience, outside of the scouting work, was the "Crinson Coconut," under the direction of Lieut. R. R. Webb, and was voted the best farce any one had seen for years, thanks to the services of Mrs. Allwood and Miss Stewart Robertson. Messrs. Clark, Allwood, Webb and Fairburn. Mr. Fairburn as the waiter was simply beyond mere praise, being super-excellent if that is possible. Major Goodeve represented General J. M. Ross, C.M.G., who was unable to be present. Major Goodeve addressed the audience and praised the work of the boys. Acting Commissioner the Rev. and Hon. T. R. Henegage presented the Scoutmaster with his warrant, signed by His Excellency, the Governor-General of Canada.

## BAPTIST SESSIONS AT THE CONVENTION

Women's Society Elects Officers and Hears Report of Branches

The sixth annual convention of the Baptist Women's Missionary Society of B. C. opened this morning in the Douglas Street Baptist Church, Mrs. Spofford presiding. Reports of committees, election of officers, and resolutions occupied the morning and afternoon sessions, which concluded the convention today. Mrs. W. J. Litch led the opening devotions in the morning, and Mrs. W. de B. Farris gave the address of welcome to the delegates in the afternoon. Mrs. F. H. McEwan, of New Westminster, responding. Luncheon was served at the church and about forty delegates attended.

**Mrs. Spofford President.**  
Mrs. Spofford was elected by acclamation as president. Other officers are: First vice-president, Mrs. Sheldon, of Vancouver; second vice-president, Mrs. Wolverton, of Nelson; corresponding secretary, Mrs. Russell, of Victoria; recording secretary, Mrs. Lewis, of Ladner; and treasurer, Mrs. E. P. Miller, Vancouver.

**Treasurer's Statement.**  
The treasurer's statement, given by Mrs. E. P. Miller, showed that a total sum of \$2,274.12 had passed through the treasury during the year. Mrs. William Russell, corresponding secretary, gave the annual report, which showed that the society had 32 mission circles and bands with a membership of 784, an increase of 97 over last year.

Following the report of Mrs. Sheldon, secretary for Italian work, a resolution was passed recommending that the Board consider the advisability of appointing two women missionaries in the non-English speaking section of Vancouver. Reports of the Mission Bands were given by Miss Boyer, Baby Bands; Mrs. R. McCullough, secretary Bureau of Literature; Mrs. L. B. Fulton, Home Department; Miss Reekie; Women's Board of the Baptist Union, Mrs. Wolverton.

Mrs. E. Lewis, recording secretary, gave a detailed report of the routine business of the Board.

**The Delegates.**  
Board members and delegates included: Mrs. O. Mohrman, Jackson Avenue, Vancouver; Miss G. J. Partridge and Miss R. H. Boyer, Mount Pleasant, Vancouver; Mrs. S. Sheldon, Mount Jackson Avenue; Mrs. A. A. McLeod, First Church, Vancouver; Mrs. and Mrs. Varsickis, Marpole; Mr. and Mrs. Walter Daniel, Grandview, Vancouver; Mrs. C. E. Clapham, Emanuel, Victoria; Mrs. J. Shampney, Emanuel, Victoria; Mrs. E. P. Miller, Mrs. W. G. Morlock and Mrs. T. B. Fulton, First Church, Vancouver; Mrs. Burnell, Grandview; Mrs. John Hall and Mrs. Thorpe, Emanuel; Mrs. G. Galbraith, Edmonds; Miss Matthews, Edmonds; Mrs. H. H. Welsh, First Baptist, Vancouver; Mrs. J. G. Atcock, First Baptist, Vancouver; Mrs. W. L. Moore, Grandview, Vancouver; Mrs. P. H. McEwan, New Westminster; Mrs. A. H. Daley, Kenisdale; Mrs. John Davidson, Kenisdale; Mrs. G. H. Millar, First Baptist, Vancouver; Mr. and Mrs. R. Tyrell, Mount Pleasant, Vancouver; Mrs. S. B. Hendry, Mount Pleasant, Vancouver; Mrs. J. H. G. Atcock, First Church, Vancouver; Mrs. F. W. Ottewill, Mrs. H. Lewis, Mrs. D. Black and Mrs. A. McNeill, Ladner; Mrs. M. B. Costar, New Westminster; Mrs. E. Lenry, Emanuel, Vancouver; Miss G. E. Cook, Ruth E. Maguire and Mrs. E. L. Webber, First Baptist, Vancouver; Mrs. J. H. Curiale, Mr. and Mrs. Aurache and Mrs. H. Welsh, Sapperton; J. S. Pirie, Kenisdale; Isaac Page, Summerland; Mrs. H. W. Swidager, Kelowna; Mrs. F. G. Williams, First Baptist, Vancouver; Mrs. H. Ferguson, Trill; Mr. and Mrs. Rickett and Mrs. Litch, Ruth Morton, Vancouver; Mrs. Hodges, Tabernacle; Mrs. P. P. Pridie, Central Church, Vancouver.

## DISTRESSED FATHER SEARCHES FOR SON

Some pathetic history apparently lies behind the following letter which has been received at the City Hall from B. Bass, of Apartment 21, 172 Sherman Avenue, New York City:

"My son Michael H. Bass, aged 26, left me in Chicago, Ill., in the year 1911, since which time the last word I had from him was a few weeks after his departure, in the city of Toronto, Canada.

"My response to this letter was never delivered; the same was returned to me, and since then his whereabouts has been a mystery.

"I have lately been informed that he settled down in your city, and it is in feverish hopes that he will read this, that I entreat of you, to please print in your paper conspicuously the following plea:

"Michael, my boy, write to me, for God's sake do before it is too late."

## SOLDIER-PROSPECTORS

Fifteen Parties Already Have Gone in Search of El Dorado; Enthusiasm Among Hopefuls.

Under the Government's soldier-pro prospector scheme fifteen parties already have gone their several ways to try their fortunes in the potentially wealthy mineral areas of the Province.

Reports reaching the Hon. William Sloan, Minister of Mines, who has taken, and is taking, a keen interest in the new plan indicate enthusiasm among the hopefuls who will get the benefit of exploring prospectors in their early endeavors.

Each party consists of two men, one experienced and the other a "underfoot."

Vancouver Island has been selected by a number of the parties, while others have gone into the hinterland and along the mineral bearing regions of the northern coast line.

## QUITE WELL, THANK YOU.

A young Scottish recruit was put on guard outside the general's tent. In the morning when the general looked out, he said to the young Scot in a stern voice:

"Who are you?"

The young soldier, turning smartly, replied:

"Fine, sir, thanks. Hoos' yerself?"

## MEDICAL MEN AND CHIROPRACTORS

Question of Right to Practice Goes to Court of Appeal

Sir Charles Hibbert Tupper today opened his fight before the Court of Appeal here for the rights of chiropractors to carry on their calling without being blocked and interfered with by the Medical Practice Act.

The legal battle has come up in the form of an appeal from the decision of a magistrate in Vancouver in the prosecution of a chiropractor named Irwin.

Sir Charles said that the whole question was whether the "unlawful manipulation of a man's spine," which was what Irwin was doing, could be called the practice of medicine and contrary to the Medical Act.

"When I go to a man and ask him what is the matter with me, that is the practice of medicine," said Mr. Justice McPhillips.

"But if a man playing football throws out his leg and hires a man on the field for \$1 to pull it back he is not really practicing medicine," said Sir Charles. "But the fact that he received \$1 for doing this comes within section 63 of the Act, and he is declared to be practicing medicine."

Sir Charles explained that the prosecution and punishment of twelve chiropractors in Vancouver alone is awaiting a decision on this Act from the Court of Appeal.

Justices on the bench declared that the case was not properly stated and remitted it to the magistrate for a restatement, pointing out that the Court of Appeal is not supposed to try facts, but to decide points of law.

## OBITUARY RECORD

The funeral of the late Magnus Rogers will take place from the Sands Funeral Chapel tomorrow 2:30 p. m. Rev. O. W. Howard will officiate. Interment will be made in Ross Bay Cemetery.

The death occurred at the St. Joseph's Hospital Sunday of Chow Hing Shue, aged 47 years, a native of China and a resident of Vancouver for the last 23 years, residing on Fisgard Street. The remains are resting at the Thomson Funeral Home and will be embalmed and forwarded to China for interment.

The remains of the late Joseph Johnston whose death occurred June 20, are resting at the Thomson Funeral Home, 1625 Quadra Street. Relatives are being communicated with in North Carolina, U. S. A., in regard to funeral arrangements, which will be announced later.

The remains of the late Mrs. Cope land who died in Seattle on June 19, arrived here yesterday afternoon. The body was accompanied by Mrs. James Carroll, daughter of the late Mrs. Cope land, who was born in Seattle, U. S. A., in regard to funeral arrangements, which will be announced later.

The funeral of the late Andrew Smith took place yesterday afternoon from the B. C. Funeral Chapel, where service was held by the Rev. Rev. W. E. Gray. There was a large attendance of friends and many floral tributes covered the casket. The hymns, "Nearer My God to Thee," and "Jesus, Lover of My Soul," were sung. Interment was made in Ross Bay Cemetery. The following acted as pallbearers: H. Wright, A. C. Tidout, H. G. Ulrich, J. S. Rennie, R. Doble and J. Barber.

The death occurred yesterday at James Island of Benjamin Riches, beloved husband of Emma Riches, of Northfield, B. C. Mr. Riches was 66 years of age, born in Quebec, and had been employed at the Island for the past year, formerly residing at Northfield. He is survived by, besides his widow, one son, James, residing at G. B. Riches and Miss Winifred Riches, at home and Miss Edith, residing at James Island. The funeral will take place on Thursday, June 24, at 11 o'clock, from the Sands Funeral Chapel, Rev. C. R. Litter will officiate. Interment will be made at Royal Oak Cemetery.

The death occurred yesterday at the Royal Jubilee Hospital of Frederick Rittley, beloved husband of Mrs. Emma Rittley, of 559 Jackson Avenue. Mr. Rittley was born in Buffalo, N. Y., was aged 60 years, and had been a resident of this city for the past nine years. He is survived by his widow, a nephew and a niece, of this city. The funeral will take place on Thursday, June 24, at 11 o'clock, from the Sands Funeral Chapel, Rev. C. R. Litter will officiate. Interment will be made at Royal Oak Cemetery.

## YACHT CLUB DANCE HELD AT COWICHAN

Cowichan Station, June 22.—The annual dance given by the Cowichan Bay Yacht Club in the C. A. C. Hall on Friday, June 18, was one of the most popular events of a season which has brought all-round in the way of good dances. Over 150 persons were present and, in spite of somewhat heavy expenses, the balance sheet shows a clear profit of nearly \$90.

The new Cowichan orchestra, Mrs. Coombe-Martin, violin; Mr. P. Garnett, drum and accessories, and Mr. Condy, piano, made its first public appearance and made a creditable showing. With practice, and with the addition of a few of the new dance hits to its repertoire the orchestra has a good chance of becoming a leading orchestra in the district.

Commodore Arthur Lane, who was in charge of the festivities, was untiring in his efforts to ensure enjoyment for everyone. Judging by the happy faces and cheerful buzz of conversation, he achieved a marked success.

A bountiful supper was served in true Yacht Club style, under the direction of Mrs. J. Kennington and Mrs. C. C. Waldy. Ice cream and lemonade proved a welcome treat in the intervals between dances.

## Street Railways' Need for Relief is Continent-Wide

Testimony before the Federal Electric Railway Commission at Washington, D. C., showed the bankrupt condition of street railways due to inadequate fares.

**William D. B. Ainey**

Chairman Public Service Commission of Pennsylvania, testified:

"The public which constitutes the patrons and provides the revenues, will not, in my judgment, have the least difficulty in agreeing with the Electric Railways that the increased costs of operation ought to—yes, must be reflected in the rates of fare they are called upon to pay.

"Neither will they controvert the fact that street railway service is a national necessity in the conduct of the business and in providing for the convenience of the country."

**Thomas J. Conway**

Professor of Finance, University of Pennsylvania, testified:

"With no chance of reducing from two-thirds to three-quarters of the operating expenses (which is paid for wages) the possibilities for economies are largely reduced.

"The Electric Railways are face to face with the necessity of paying high prices for materials and supplies. The cost of operation has been permanently placed upon a higher level, and IT IS IDLE TO EVADE THE CONSEQUENCES WHICH ARE ENTAILLED."

Continued Street Car Service Necessitates More Street Car Revenue

## B.C. Electric Railway Co., Ltd.

## CHINA FACTIONS MAY COMPROMISE

E. A. Nottingham, Shanghai Newspaper Proprietor, Predicts Settlement

"When I left Shanghai there appeared to be every prospect of a compromise being reached between the two political factions," said E. A. Nottingham, proprietor of The Shanghai Times, on his arrival here this morning aboard the Nippon Yusen Kaisha liner Kashima Maru from China.

"I am confident that we shall hear of a settlement of the differences between the North and South in the near future." "Just before I sailed from the Orient, Mr. Nottingham had been appointed northern delegate, to confer at Shanghai with Tang Shao Yi, southern delegate, with the object of arranging a compromise. When Yuan Shih Kai was elected President of the Chinese Republic there was a split in the party and there resulted a considerable defection from the North to the South. A separate government was formed in the South and frequent clashes occurred between the opposing forces. Widespread satisfaction exists in China, says Mr. Nottingham, over the prospect of an early settlement of the trouble.

### Japanese Slump.

Turning to the financial situation in Japan, Mr. Nottingham pointed out that the slump was not as bad as it had been painted. "The unsettled condition arose as the result of over-speculation, but the situation is much brighter now." The banks had plenty of money but were cautious about making advances because of the speculative and unsettled condition of the market.

### Newspaper Situation.

The newspaper situation in the Orient is affected by the paper shortage on this continent, says Mr. Nottingham. In past years Mr. Nottingham has been getting the bulk of his newspaper from the United States, but supplies were recently cut down and he was compelled to fall back upon Japanese newspaper. The output of paper in Japan is not very great as the pulp has to be largely imported.

A former London newspaperman, Mr. Nottingham has been at Shanghai for the past fourteen years, and now owns and controls the Shanghai Times, published in the English language.

Accompanied by his wife, he is bound to London via the United States, combining business with pleasure. This is the first trip Mr. Nottingham has made to this continent.

## NEW SKIPPER ON KASHIMA'S BRIDGE

Capt. K. Itsuno Was Formerly Chief Officer of Liner Inaba Maru

With Captain K. Itsuno, a new commander, on the bridge, the Nippon Yusen Kaisha liner Kashima Maru reached port at 8 o'clock this morning after a favorable passage of thirteen days from Yokohama. Captain M. Machida, who formerly navigated the Kashima Maru on her trans-Pacific voyages, on arrival at Kobe last trip, turned his ship over to Captain Itsuno and transferred the personal contents of his locker to the liner Fushima Maru, succeeding Captain T. Iriawara, who has been given a shore berth after many years of service afloat.

The new commander of the Kashima Maru is no stranger to the trans-Pacific route. Eight years ago he was chief officer of the liner Inaba Maru, at that time regularly plying between the Orient and West Coast, and subsequently he commanded the Atsuta Maru and other ships in the European service.

### Passed Outbound Suwa.

Three days out from this port the Kashima Maru passed the outbound liner Suwa Maru, running sixty miles to northward, and Captain Itsuno, who, while in Yokohama had heard of the fire aboard the Suwa, wrote his regrets to Captain T. Shimidzu over the loss of his personal property. Captain Shimidzu lost most of his valuable stamp collection when the fire which destroyed part of the ship's upperworks.

### May Double Back.

When questioned as to the possibility of the company pressing another passenger ship into the service to replace the Kashima Maru while that vessel is undergoing permanent repairs at Nagasaki, Captain Itsuno explained that, in his opinion, it would be impracticable as no suitable boat was available.

He intimated that the company, in order to overcome the difficulty, might temporarily eliminate the call at Hongkong and turn the regular liners back at Yokohama or Kobe. The output of a fast service could be in which case a fast service could be maintained for the time being by the company's boats plying between Yokohama and Hongkong.

The Kashima Maru experienced excellent weather during the voyage. She is discharging 1,790 tons of freight here and is expected to sail at 11 o'clock to-night for Seattle.

## CHIEF OFFICER DAVE OF PROTESILAUS WAS LEFT AT HONGKONG

While the Blue Funnel liner Protesilaus was at Hongkong, Chief Officer T. Dave suddenly became ill and was transferred to hospital ashore. Second Officer J. Murray, who was to have left the ship and return to Liverpool on reaching this coast, is now acting as chief officer and will make the trip back to Hongkong, where he will be relieved.

The Protesilaus reached Vancouver yesterday with nearly 3,000 Czech troops from Siberia. The vessel is now under the command of the master, having succeeded Captain Jimmy Read.

## JAPANESE CONSUL BOUND TO OTTAWA

Seizaburo Shimizu Courteously Received by Government Officials Here

mate, J. R. Elfort, D. S. O., R. N. R., was a lieutenant in the navy during the war, being in command of mystery ship. He was decorated with the D. S. O. for his work in accounting for Hun submarines. A sister ship of the Margaret Coughlan was laid down ten days ago at the Coughlan yards. The Coughlan Company realizes that reserve tonnage is needed and the concern is now building and operating its own ships.

GEORGE E. BUNTING

Newly appointed Australasian manager of the Canadian Government Merchant Marine Limited.

Mr. Bunting began in the transportation business with the Grand Trunk when nineteen years of age. Later he was with the Lehigh Valley at Buffalo and afterwards with the Canadian Atlantic Railway, at Ottawa. He became traveling freight agent for the Allan Steamship Company when the Canada Atlantic Railway was absorbed into the Grand Trunk system, and in 1913 was promoted to the general agency of the Allan steamship in Chicago, where he remained until 1917.

When the "National" Merchant Marine was organized, Mr. Bunting was made general agent for Ontario. Last December he was sent to Australia and New Zealand to organize agencies for the Canadian Government Merchant Marine, his appointment as Australasian manager following his work in that connection.

Col. G. Wickham, who took charge of the British Mission following the departure of General Knox from Siberia, was a passenger by the Kashima Maru en route from Vladivostok to England. His opinion regarding the Russian situation was to "leave it alone."

Mr. van Dyke, professor of the Princeton University, who has been lecturing in Japan, is returning to his home in the United States. Professor van Dyke gave several very interesting lectures during the voyage.

RETURNING TO SERVICE.  
New York, June 21.—After an absence of nearly a year the White Star liner Olympic, one of the largest passenger-carriers in the world, will be restored to the New York-Chebroug and Southampton service within a few days. She served as a transport during the war.

## COUGHLAN SHIP IS NOW AT CHEMAINUS

Margaret Coughlan Loading Cargo of Railroad Ties For United Kingdom

The Margaret Coughlan, an 8,000-tonner built and operated by J. J. Coughlan & Sons, of Vancouver, is now at Chemainus loading 4,700,000 feet of railroad ties for delivery in the United Kingdom.

The Margaret Coughlan ran her official trials in the Gulf on Saturday and averaged 12.69 knots. The ship is commanded by Captain J. Boyd, formerly master of one of the Weir Line boats, and she carries a staff of veteran officers. The first

## PIMPLES ON FACE CUTICURA HEALS

Caused Disfigurement, Itchy and Burning, Had Restless Nights.

"My face came out in little pimples that were sore, and I scratched them constantly, and then they turned into scales, causing much disfigurement. The skin was so itchy that I irritated it by scratching. The burning was fierce, and I had many restless nights.

"This trouble lasted about a year before I used Cuticura Soap and Ointment, and after using three cakes of Soap and two boxes of Ointment I was healed." (Signed) W. Byrnes, St. Basile, Que., Nov. 23, 1918. Make Cuticura Soap, Ointment and Talcum your daily toilet preparations.

Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Dept. of Health, Ottawa. Cuticura Soap shows without a trace.

## CANADIAN SHIPS FOR ORIENT ROUTE

Government Plans Inauguration of Service to Japan, China and India

Announcement that the Canadian Government will break into the freight-carrying trade between British Columbia ports, the Far East and India, within the next three months, is made by B. C. Keeley, general agent for the Canadian Government Merchant Marine on this coast, with headquarters at Vancouver.

Seven steamships will be placed on the Far Eastern and Indian routes, and it is planned to maintain a monthly service.

"We are only waiting for the tonnage to open up this new trade route," Mr. Keeley said. "Our plans are all laid and we expect to carry on an enormous trade with the Far East and India. With our line to Australia now fully established and the Oriental and Indian service in sight, we will be a big factor in the foreign trade."

## TRAVEL BY STEAMSHIP

### PACIFIC STEAMSHIP CO.

Sailings to California: Reduced Round Trip Fares.

S. S. Governor, June 26, S. S. President, July 3, from Victoria, 5 p. m., and from Seattle 3 p. m. Returning, leave Seattle daily except Saturday and Sunday at midnight, arriving Victoria 5.30 a. m. Secure information and tickets from R. P. RITHEK & CO., Agents, 1117 Wharf Street, Phone No. 4.

These Firemen's Pants.—J. A. Shanks, defeated aldermanic candidate, wrote to the City Council last night complaining that the uniforms worn by Victoria policemen and firemen are too elaborate and cost too much money. Mr. Shanks declared that if braids were abolished from firemen's trousers and shoulder straps from policemen's tunics a great deal of money could be saved. For the braids, he said, cost nearly \$150 for the whole of the Fire Department. Mr. Shanks favored abolishing vests for policemen, as they were never seen under the tunic anyway.

BRIEF LOCALS
Banking Hours.—The Victoria Banks and Clearing House will return to standard time to-morrow.
To Meet Wednesday.—There will be a meeting of the parishioners of St. Luke's Church to-morrow evening in the Parish Hall at 8 o'clock, standard time.
Flannel Dance.—The United Commercial Travellers, Victoria Council 454, will give a flannel dance in the Knights of Columbus Hall, 754 Fort Street, on July 16.
Four-Leafed Clovers.—Mrs. James Taylor, late on the mechanical staff of The Times, brings the editorial department a bunch of four-leaved clovers gathered in local pastures.
Will Choose Site.—Bdr. Gen. Ross, G. O. C., accompanied by Col. Bennett will proceed to Saanich this afternoon to choose a site for the summer cadet camp to be held next week.
Change Wholesale Hours.—Growing out of a meeting this morning in which the wholesalers of the Board of Trade took part, that body decided to close daily at five in the afternoon, and at one o'clock on Saturdays.

No Representative.—The City Council last night decided that it could not afford to send a delegate to the annual convention of the Union of Canadian Municipalities in Quebec City this year. The city was not represented last year.
Second Fire at Mill.—To-day at 10.23 the fire department had a second run to the Lemon Gonnason Mill, where a small roof fire was extinguished in some five minutes from the sounding of the alarm. A fire yesterday in the boiler room occasioned another alarm, and to-day three engines responded, but were not required.
Death Self-Inflicted.—Inquest on the body of Joseph J. Hook, who was found dead in the bathroom of his apartment of the Empress Hotel on Sunday night, was held to-day before Coroner Hart at the Thompson Funeral Home, a verdict of self-inflicted death being found. Sgt. Fry, Detective Macdonald and Constable Jones attended, and gave evidence of the finding of the body.

Post Office Arrangements.—On Dominion Day, July 1, the Post Office will be closed all day excepting that the general delivery and registration windows will be open from 8 to 10 a.m., and postage stamps will be sold during those hours. No delivery by letter carriers will be made, and all mail due for dispatch on the forenoon and evening of July 1 will close at 12 noon. One clearance only will be made from street letter boxes.
Fruitful Fairfield.—Unusually developed new potatoes for this time of the year were lifted yesterday from a dry knoll on Howe Street, near Dallas Road. The largest potatoes measured 1 1/2 inches and weighed 5 ounces, being therefore at the current market price worth 12 1/2 cents. These were cultivated by James Simpson, of 411 Superior Street, who on the same ground has carrots, beans and peas which are a remarkable tribute to the cultivation of the soil.

Producers Oppose Daylight Saving.—A number of resolutions passed by various organizations of Saanich producers were read at the City Council meeting last night before the vote was taken on the daylight saving issue. These resolutions had been forwarded to the Council by Councillor Brooks, of Saanich, who felt that the producers would be more satisfied to return to standard time if they knew that the producers were opposed to any change in the clocks.
Indian Weds Swede.—Another member of the Songhees tribe became a citizen yesterday when Miss Edith Jackson, formerly of the Cowichan School, Chilliwack, wedded Martin Martinson, of this city, and formerly of Stockholm. The ceremony took place at the Metropolitan Methodist Church and was conducted by the Rev. C. N. Tate, who is celebrating to-day his fiftieth anniversary of his life missionary work amongst the Indians in this Province. The happy couple may go on a visit to Sweden prior to settling here to live.

Interested in Suicide.—Information given to the police suggests that the man who committed suicide in the Empress Hotel on Sunday last might have been Sergeant Franklin E. Lanham, who left England to come to Canada recently. He is buried by his family in the Old Country. The informant requested that the police photograph the remains, to send a copy to England for possible identification.
Dr. Plaskett here told of the work of Professor McLennan, of Toronto University, who during the war discovered methods of abstracting the rare helium gas from the natural gases of Canada, and its consequent use in the aeronautical development of the Empire—it being used to fill airship envelopes—being non-combustible. Here he maintained the astronomer had found the helium 20 or 30 years previous to its discovery, and its presence was detected on earth in Norway by the same symptoms noted in its place and color in the solar spectrum.
"You know that the coal and oil resources of the world are running out," he continued, "and that the mind of man is trying to solve the problem of heating the world of to-morrow. Scientists are now trying to find a means of utilizing the energy stored in inanimate things—and I believe that here the astronomer will be of the most practical and vital use—and venture to predict that astronomical research will finally solve the problem."

ASTRONOMERS NEAR LECTURE STARS
Dr. J. S. Plaskett Delivers Address on Work of Modern Astronomers
"Astronomers are generally diffident in expressing their views to a gathering of business men," stated Dr. J. S. Plaskett in opening an interesting address on the work performed by modern astrophysical research to a attentive audience at the Kiwanis Luncheon today. "There is generally a considerable amount of misapprehension on the part of the layman to the work performed by astronomers, unless they are prepared to be directly interested in scientific research. Since the war, however, the general public have taken a more sympathetic attitude to our work."
"Conditions of life have been made easier for man to-day, through the discoveries of science and he has more time to develop the intellectual side of his existence. The study of astronomy broadens the mind in no uncertain manner, and indeed is to some of more value than literature for that purpose. One cannot regard the working of the majestic motions of the heavenly bodies without being affected by the increased breadth of vision."
"Astronomy is the parent of many of the world's sciences to-day, and is certainly the oldest known of any established sciences. In 350 B. C. the Chaldeans were aware to some extent of the motions of the heavenly bodies; the ancient Hindus had knowledge of the stars, and the Hindus did not make such fools of themselves as modern scientists when they thought two planets were going to meet."
"Beheaded for Failure.—A record exists of two ancient Chinese astronomers, Hsi and Hoh, who were Royal advisers to the Emperor, failing in detecting the arrival of an eclipse for which they were beheaded, as the emperor had not sufficient time to perform the necessary rites to avert evil from the awe-inspiring occurrence. This shows that the science of astronomy was known in the very earliest days on record."
"Many of the sciences of the world to-day were developed solely for their use in astronomical research, to-wit: spherical trigonometry, mathematical astronomy, and again astronomy has aided all brother sciences such as geography, geology and allied art, with special utility in the navigation of the seas of the world. The navigator needs the results, found by the astronomer, in his business, and the surveyor cannot get along without a knowledge of the heavenly bodies."
Pursuit of Knowledge.
"These are some of the more obvious uses of astrophysical research but there are many phases to the work that do not appear on the surface. Being abstract pursuits of knowledge that may be found of incalculable benefit in the days of the world to come. For example, when the laws of electricity were discovered, the relation to magnetism, was only pursuing an abstract investigation, and it was not until late that the practical use was made of his knowledge of the subject, to aid man in the harnessing of the forces of power and energy to be obtained from the application of electricity to the needs of the world to-day."
"There exist, then, as I have said, a very general misapprehension as to the work of the modern astronomer. His work is one-tenth practical, and nine-tenths abstract research, which would not appear to have a value to the layman unless one considered the potentialities of his date development. As you know, we get visitors out to the Saanich Observatory every Saturday night; the first question they are likely to ask is, "How many new stars yet?"
The Actual Work.
"Larger telescopes only view a small field, as you know, and ours will only show one-fiftieth of the circumference of the moon at any one time. You can figure how much it would take us, and what a useless proceeding it would be to 'sweep the skies' in the manner their question suggests. What is done, however, is to map out a definite programme of investigation, and our work there has been to watch the movements of the stars. Incidentally with that duty which is performed in sections of the whole heavenly group, we have found 125 new double stars, though that is purely incidental to our research."

How on property valued now at \$32,000 taxes amounting to \$11,000 have accumulated during the last several years was told in the Supreme Court by Edwin C. Smith, city treasurer, in the Bailey expropriation case between the Cameron Investment Co. and the city, which is being brought to a close before Mr. Justice Macdonald this afternoon. This is the property at Pandora Avenue and Amelia Streets, which City Assessor Scowcroft went into the box and swore was assessed at \$30,700 in 1913 when the taxes were assessed, and that the assessment has been cut to \$1,500. In the meantime the city, the Bailey inquest claim, has seized 892.6 square feet of frontage of the lot and refuse to pay for it.
W. J. Taylor, K. C. and John R. Green are pleading for the Bailey, D. Cameron, interested in the property, and City Solicitor-Pringle for the city. The case will be concluded late this afternoon.

Under orders from Mayor Porter, G. Ridgeway, chief assistant to ex-Mayor Charles E. Redfern, who has had charge of Big Ben at the City Hall for a long term of years, climbed the tower at 7 o'clock this morning and moved the hands of the clock back one hour to conform with the action of the City Council last night. Employees at the City Hall who were nearby at the time, later on in the morning, how the hands of the clock struggled against being forced to go back on daylight saving after only one day's trial. So stubborn were the hands of the clock that for a few minutes it looked as if the big instrument would have to be stopped altogether for an hour for the time to catch up.
Although the big clock in the tower went back to old standard time early to-day, all other clocks in the City Hall are running on yesterday's time, which is an hour in advance. Practically all of the City Hall staff to-day were working on daylight saving time.

Fire in Progress.—Fire is in progress as the Times goes to press at the premises adjoining the Fort Bldg., Fort Street. The fire department is on the scene.

SAW NO REASON FOR COMPLAINT IN SOLICITOR'S ACTION
The Court of Appeal to-day threw out the action brought by H. A. Maclean, K.C., on behalf of his client, Park, against John R. Green for certain activities of Mr. Green operating as a trust company under the name of the Belmont Investment Co.
Mr. Maclean claimed that Mr. Green in dealing with Park was acting in the capacity of solicitor and being a legal counsellor was not allowed to make money by speculating in property—he was handling for various persons.
"I can't find the slightest indication of over-reaching on the part of the solicitor," said Chief Justice Macdonald. "The fact that he made a profit in handling a certain property has nothing to do with this case. He had a perfect right if he chose to speculate. The evidence falls far short of there being anything of the nature of the relationship of solicitor and client. I see no reason why Mr. Park should complain."

BAILEY CASE WILL CONCLUDE THIS AFTERNOON
How on property valued now at \$32,000 taxes amounting to \$11,000 have accumulated during the last several years was told in the Supreme Court by Edwin C. Smith, city treasurer, in the Bailey expropriation case between the Cameron Investment Co. and the city, which is being brought to a close before Mr. Justice Macdonald this afternoon. This is the property at Pandora Avenue and Amelia Streets, which City Assessor Scowcroft went into the box and swore was assessed at \$30,700 in 1913 when the taxes were assessed, and that the assessment has been cut to \$1,500. In the meantime the city, the Bailey inquest claim, has seized 892.6 square feet of frontage of the lot and refuse to pay for it.
W. J. Taylor, K. C. and John R. Green are pleading for the Bailey, D. Cameron, interested in the property, and City Solicitor-Pringle for the city. The case will be concluded late this afternoon.

BIG BEN PROTESTS
Struggles Against Being Forced Back to Standard Time When Mayor Sends Expert Up City Hall Tower.
Under orders from Mayor Porter, G. Ridgeway, chief assistant to ex-Mayor Charles E. Redfern, who has had charge of Big Ben at the City Hall for a long term of years, climbed the tower at 7 o'clock this morning and moved the hands of the clock back one hour to conform with the action of the City Council last night. Employees at the City Hall who were nearby at the time, later on in the morning, how the hands of the clock struggled against being forced to go back on daylight saving after only one day's trial. So stubborn were the hands of the clock that for a few minutes it looked as if the big instrument would have to be stopped altogether for an hour for the time to catch up.
Although the big clock in the tower went back to old standard time early to-day, all other clocks in the City Hall are running on yesterday's time, which is an hour in advance. Practically all of the City Hall staff to-day were working on daylight saving time.

Fire in Progress.—Fire is in progress as the Times goes to press at the premises adjoining the Fort Bldg., Fort Street. The fire department is on the scene.

PEEVISH RESTLESS CHILDREN
OFTENTIMES ARE SUFFERING FROM THE RAVAGES WORKED BY AN EFFICIENT CORRECTIVE THAT WILL QUICKLY RID THE SYSTEM OF THESE PARASITES. ONE THAT IS PLEASANT TO TAKE AND WHICH WILL NOT INJURE THE MOST DELICATE CONSTITUTION, IS FOUND IN MILLER'S WORM POWDERS

SHAWNIGAN LAKE NEWS
Shawnigan Lake, June 22.—Major and Mrs. J. D. Roe sustained a serious loss on Monday last when their lovely new home at Mill Bay was completely destroyed by fire. The house had just been occupied for a month and the origin of the fire is unknown.
Kingsley Bros. were showing the first local strawberries of the season on Saturday last. These berries were grown on Mr. James Craig's farm, Telegraph Road.
Four pupils from the Shawnigan Lake school are at Duncan this week writing on their entrance examination. Those who are trying are Grace Elford, Jessie Coull, Jessie Yates and Douglas Romney.
A new and very welcome resident in the district is Dr. J. S. McPherson, C.M.G., who with his family is residing at the Pickering place. The doctor will fill a long felt need as previous to this the nearest doctor was at Duncan.
A very enjoyable time was spent at the dance held in the S. L. A. A. on Saturday evening. There was quite a large attendance for so early in the season. The music was supplied by Robinson's orchestra. These dances, which are under the auspices of the S. L. A. A., will be held every Saturday evening during the Summer.
While working on the hand derrick loading large timbers at the Frondey Lumber Company's spur a Chinaman was seriously injured. He was taken to Shawnigan and attended by Dr. McPherson.
Shawnigan Lake has always been a favorite resort for honeymoon couples, but this year it seems to be more popular than ever. Last week there were no less than eight couples at Strathcona Lodge. The following guests registered at the Lodge last week: Mrs. Billing, Mr. Bute, G. Williams and wife, H. Schmitt and wife, Seattle; Mr. and Mrs. McMoran, Mr. and Mrs. Malloy, Miss K. Bower, Mr. Thrice, Mrs. Wallis, Mr. Melton, Miss Howard, Miss Gettins, S. Walker, L. McFarlane, F. B. Lane and wife, G. K. Berry and wife, Vancouver; F. A. Brownsey, W. Samuelson, Duncan; Mrs. Taylor, Miss Taylor, Mr. and Mrs. Pope, the Misses Pope, W. Hotham, Mr. and Mrs. C. A. Steele, Mr. and Mrs. Pettigall, Mr. Boulton, Mr. Crotty, Mr. and Mrs. Griffiths, Mrs. Love, Mrs. Keith Wilson, D. Keith Wilson, E. J. Keith, Wilson, Victoria; J. H. Ince and wife, Mrs. Hill, Toronto; Mr. and Mrs. F. Hughes, Stillwater; Mr. and Mrs. J. Morley, San Francisco; Mrs. J. Shields, Mrs. F. Morley, Colorado; Mr. and Mrs. Schrowder, Los Alto.
During the past week the following guests registered at Pen-y-wern Lodge: Mr. and Mrs. D. K. Kellar, Miss Keller and Nurse Harn, of Toronto; Mrs. Ferguson and child, Vancouver; Miss Russell and the Misses Ross, Mr. and Mrs. Taylor, Victoria; Mr. Hugh Davis.

BAILEY CASE WILL CONCLUDE THIS AFTERNOON
How on property valued now at \$32,000 taxes amounting to \$11,000 have accumulated during the last several years was told in the Supreme Court by Edwin C. Smith, city treasurer, in the Bailey expropriation case between the Cameron Investment Co. and the city, which is being brought to a close before Mr. Justice Macdonald this afternoon. This is the property at Pandora Avenue and Amelia Streets, which City Assessor Scowcroft went into the box and swore was assessed at \$30,700 in 1913 when the taxes were assessed, and that the assessment has been cut to \$1,500. In the meantime the city, the Bailey inquest claim, has seized 892.6 square feet of frontage of the lot and refuse to pay for it.
W. J. Taylor, K. C. and John R. Green are pleading for the Bailey, D. Cameron, interested in the property, and City Solicitor-Pringle for the city. The case will be concluded late this afternoon.

"Plus Service" Transmission Belting
Service, not price, should be the basis on which your purchases of transmission belting are made. The highest-priced belt is built to give maximum service and, in the final analysis, is the most economical. Low-priced belting is the most expensive, for it cannot be expected to wear for any length of time, and usually doubles its first cost in expensive repairs, power waste, idle machines and lost production.
Leaving price out of the question, no belt will prove economical unless it is the right size and construction to efficiently carry a given power load.
The possibilities of waste in buying and placing belts is so great that no one but a belting expert should ever be permitted to select a belt for even the most unimportant purpose. It isn't necessary that you maintain a belting expert. We have established a special service department in charge of belting engineers who will, without cost, gladly take the responsibility of making your transmission belting give Plus Service by keeping its cost at the minimum. They will specify
Dominion Friction Surface Belting
because of its unbroken record of satisfactory performance, but only when it will most efficiently meet your requirements. Phone or wire our nearest service branch that you may test the value of this service.

Seattle Boats Prepare for Big Regatta Here

The Imp Will Be Chief Representative of Sound City Here Next Week; Turenga, of Vancouver, Displaying Speed in Work Outs.

Seattle, June 22.—The Imp, Capt. Robert de Groff, will probably be Seattle's main representative in the yacht races to be held at Victoria July 1, 2 and 3, in the Class B division—sloops over 23 feet water-line length.

The Imp is 42 feet over all, 10.3 feet beam and 6.8 feet draft. She is a full-rigged sloop and was designed by B. B. Crowninshield.

Turenga will sail down to Victoria a week in advance for the purpose of working out the crew over the course. Capt. Rogers has announced that R. Cao, skipper of the Spirit, of the Vancouver Club, will act as captain on the Turenga during the regatta.

The Spirit will be taken out of the water Wednesday and given a thorough overhauling, painting and varnishing. From Wednesday on the Spirit's crew will be given a daily tryout. An effort will be made to interest Robert de Groff in sailing his Imp as a trial horse for the Spirit Tom during the coming week.

Capt. John Graham has been selected as one of the judges of the Victoria regatta. The Post Intelligence states, Capt. Graham will act in conjunction with judges from the Vancouver and Victoria clubs.

William G. Norris is having his schooner, La Viajera, put into shape for the Victoria regatta and will probably enter her in the cruiser race of July 3, from Victoria across the Straits of Juan de Fuca and return.

The newly formed Association decided to hold a smoking concert on July 3. Comrade Young took the opportunity to pay fitting tribute to the splendid efforts of Comrade Darke in the furtherance of sport in Victoria.

The trouble will start at half past six, standard time, as some of the players are employed in establishments where standard time is observed.

The Veterans feel that they have made a good start in their organization particularly in the selection of such a strong executive. Under the presidency of Mr. Clark, it is felt, the organization cannot but flourish.

The Katedna was launched last March at the Blanchard shipyard on Lake Union. She was designed by Ted Geary. For beauty of line she shows up like a diamond.

It has been agreed between Capt. Geary and Capt. Rogers that neither the Spirit Tom nor the Turenga will be potted for the cup series.

Will Petland Neither. It has been agreed between Capt. Geary and Capt. Rogers that neither the Spirit Tom nor the Turenga will be potted for the cup series.

ARMY AND NAVY VETERANS LAUNCH NEW SPORT BODY

Elect Officers and Plan Big Field Day on August 7

D. J. CLARK HEADS STRONG ASSOCIATION

Army and Navy Veterans of Victoria at a meeting last night launched a new athletic organization, the Army and Navy Veterans Amateur Athletic Association, which promises to be one of the most influential sporting bodies in the city.

Officers for the new organization were selected as follows: Chairman, D. J. Clark, former President of the Foundation Organizations; Vice-Chairman, Comrade Fagg; Treasurer, Comrade H. Brown; Secretary, Comrade Ingall; Councilors: Comrades Holden, Tebutt, Warden, Kench, Laughland, Down and H. J. Young.

After electing this capable directorate the meeting discussed sport generally and plans for the summer's programme. It was decided to hold a smoking concert on July 3.

Comrade Young took the opportunity to pay fitting tribute to the splendid efforts of Comrade Darke in the furtherance of sport in Victoria and a vote of thanks was enthusiastically passed as a record of the Association's appreciation for his work.

The Veterans feel that they have made a good start in their organization particularly in the selection of such a strong executive. Under the presidency of Mr. Clark, it is felt, the organization cannot but flourish.

The Katedna was launched last March at the Blanchard shipyard on Lake Union. She was designed by Ted Geary. For beauty of line she shows up like a diamond.

New Amateur Lacrosse Schedule Announced

The official schedule for the remaining lacrosse games in the senior amateur league was announced by League officials today as follows:

- June 26—Vancouver at Victoria. July 3—Victoria at New Westminster. July 10—Westminster at Vancouver. July 24—Westminster at Victoria. July 28—Vancouver at Westminster. August 7—Victoria at Vancouver. August 21—Vancouver at Westminster. September 4—Westminster at Vancouver.

Lester Patrick, long lean coach of the Victoria stickhandlers, declares that his pets will wipe the grass with the Vancouver bunch at the Royal Athletic Park Saturday. At Vancouver last week-end the Victoria team was minus four of its best players, so that with the addition to the line-up of Cyril Baker, Ernie Munro, Sugar McDougall and Joe Mitchell it is expected that the results will be very different.

The boys will practice at half-past six to-night and, in view of the sound drubbing they underwent on the Mainland, it is expected that they will turn out in large numbers in order to get in shape for Saturday.

KNIGHTS TO TRY FOR TOP OF LADDER

If They Win To-morrow They Will Mount to Highest Rung

Leadership in the amateur baseball league will depend upon the game between Yarrowas and the Knights of Columbus at the Stadium to-morrow night. If the Knights managed to hang up the contest they will go to the top rung of the ladder but the Yarrowas bunch are confident that they will be able to nip such hopes in the bud.

Parfit will be in the box for the Knights with Davis behind the bat. The Yarrowas team has not yet chosen its hurler but Potts will wear the pads.

The regular teams in the league are vitally interested in the result of to-morrow night's contest as it will affect their standing materially.

NEW EVENT TO MARK SWIMMING GALA

Race For Boys Who Learn to Swim During the Next Two Months

A special race is to be placed on the program of the Y.M.C.A. swimming gala, for all boys who cannot swim now but who learn before the end of August. The gala is to take place at the Gorge on August 28. Entries will be received at the Y.M.C.A. up to the end of June from boys under the age of fifteen, and not able to swim at the time of application. Application forms may be obtained from the Boys' Department.

A gentleman who is very keen on seeing all boys of this city able to swim is going to present a medal for the winner and it is hoped that this will encourage all boys to learn swimming this month. The cup has been put up by the Native Sons of this city to be competed for each year. It will be won by the fellow who makes the highest aggregate number of points out of certain swimming and diving events. The cup will be competed for at the Y.M.C.A. on August 28. This year and will be a perpetual challenge cup. The winner each year will receive a medal which he may keep to show that he has won the cup.

SASKATOON GOLFER MAKES WORLD RECORD

Saskatoon, June 22.—A. A. Turner, district accountant of the Soldiers' Settlement Board and one of the Saskatoon golfers, set what is believed to be a new world's record for a day's play when he made 167 holes over the local course Sunday.

GOLFERS TO MEET. LADYSMITH VICTORIOUS.

Ladysmith, June 22.—Ladysmith United were at home yesterday in the game with Wellington in the Nainaimo and District league, and after a grueling game defeated their opponents by one to nothing, the score coming in the second half as result of a penalty. Both teams played a great game, there being nothing to choose between them. As a result of this game Granby and Ladysmith tie for first place, each team having scored fifteen points. The final will be played very shortly, in all probability on Sunday.

GLoucester BEATEN BY Kent in Cricket

London, June 22.—(Canadian Associated Press)—Fine bowling was seen in the Kent-Gloucester cricket match at Gravesend yesterday, the match being over in two days and Kent winning by 10 wickets. Fair-vescher had five wickets for 25 and Freeman four for 29 in the second. Scores: Kent, 154 and 8 for no wickets; Gloucester, 96 and 82. Northampton beat Derbyshire at Chesterfield by 114, scores being: Northampton, 184 and 89; Derbyshire, 71 and 106. At Taunton, Somerset, for whom Lyon scored 115, easily defeated Worcester by an innings and 155, the scores being: Somerset, 257, and Worcester, 55 and 114.

DEMPESEY WILL BE THIRD MAN IN THE LIGHTWEIGHT FIGHT

Benton Harbor, Mich., June 22.—Jack Dempsey, world's heavyweight champion, probably will referee the lightweight championship battle between Benny Leonard, holder of the lightweight title, and Charlie White, of Chicago, which will be staged here July 5, it was stated last night.

PRESS TEAMS WERE EQUALLY MATCHED

Times and Colonist Ball-Tossers Battled For Seven Frames Without Decision

The ball classic of the season was staged at the Stadium last evening when the Times and Colonist baseball teams battled for seven innings in an evenly matched encounter.

When Umpre Jack O'Brien called the game at the end of the seventh frame the rival teams had each chalked up nine runs. The decision saved a great deal of unnecessary argument relative to the superiority of either team and everybody went home satisfied that the umpire had done the right thing when he tactfully drew the curtain.

Twenty-one hits were knocked out during the game and a plentiful crop of errors contributed to the score. Milne, who pitched for the Colonist, had a flier that was sometimes deceptive. Buckett, for the Times, stepped out of the box in the second frame in favor of Jackson, but Haley's delivery failed to stem the tide.

Although the score was even, the Colonist aggregation were more aggressive and slightly had the edge. The box score follows:

Table with columns: Name, AB, R, H, PO, A, E. Rows include Nute, Hopkins, Pickup, Buckett, Clegg, Rowe, Yeamans, McIntosh, Colonist, Veitch, Shaw, Milne, J. Matson, Grice, Coleman.

Colonist scores by innings: 1-0, 2-0, 3-0, 4-0, 5-0, 6-0, 7-0. Summary: Three-base hits—Milne 3, Buckett 5, Pickup, Jackson, Yennan. Struck out—By Buckett, 6; by Jackson, 7; by Milne, 5. Double plays—Goward to Thomas, Buckett on base. Off Buckett, 1; off Jackson, 3; off Milne, 5. Hit by pitcher—Grice, by Jackson, Wild pitch—Milne, 3; Jackson. Favored ball—Grice, 3; Pickup. Time of game—1:30. Umpire—J. T. O'Brien. 3 runs, 5 hits off Buckett in 3 innings; 2 runs, 5 hits off Jackson in 6 2-3 innings. Called end of 7th.

TO HAVE "BASEBALL DAY"

Spokane, June 22.—"Baseball day" in the Pacific International League will be celebrated in Spokane Tuesday, June 29. A committee of fifty, made up largely of representatives of the different local clubs and organizations, has agreed to sell 2,500 tickets for the game Tuesday afternoon, to merchants in the city and their employees.

The Yakima club will oppose Spokane in the game set for "Baseball day." The game will be called at 4:30 instead of 2:15 p.m., to make it possible for many business men to attend.

## Audrey Griffin Carries Off Fifty-Yard Laurels For Pacific Northwest

Victoria Girl Gets First Place in Big Race in Seattle; Other V. I. A. A. Swimmers Find Places in P. N. A. Meet.

Miss Audrey Griffin, the star swimmer of the Victoria and Island Athletic Association, and leading woman swimmer of Canada, added the fifty yards indoor breaststroke championship of the Pacific Northwest to her laurels at a meet of the Pacific Northwest Amateur Athletic Association in Seattle last night. Miss Griffin, who covered the distance in 47.2-5 seconds, also holds the record for 100 yards.

In the same race another V. I. A. A. swimmer, Edna Curry, came third, while in the plunge for distance Muriel Daniels, also of the V. I. A. A., secured third place.

The party of V. I. A. A. swimmers who competed returned to Victoria to-day with W. H. Davies, superintendent of the V. I. Association. Mr. Davies expressed keen delight at Miss Griffin's performance and stated that Victoria swimmers probably would have captured further honors but for the fact that they reached Seattle too late last night to enter a number of important events. In addition, the conditions under which the races were swum were strange to the Victorians.

### WINS ANOTHER CHAMPIONSHIP

MISS AUDREY GRIFFIN

Makes World Record.

Mitrie Konowaloff, of the Crystal Swimming Club, Seattle, established what is claimed to be world's record in the 50-yard backstroke, covering the distance in 32.3-5 seconds, which is 1-5 faster than the record made by Duke Kahanamoku in San Francisco in 1913.

Konowaloff, who is only 17 years of age, leaves to-morrow night to compete in the Far Western championships and Olympic games try-outs in San Francisco.

The meet was held under official A. A. U. rules and Coach D. Vickers, of the Seattle team, announced he would claim a world's record.

Seattle swimmers carried off the lion's share of the Northwest championship firsts during the meet. Firsts in each event follow:

100-yard free-for-all (Men): Lambert Sternbergh, Crystal Swimming Club, Seattle. Time 1 minute 2-5 second.

Fancy diving, 10-foot board (Women): Helen Hicks, Mulnohah Amateur Athletic Club, Portland, Ore.

50-yard dash, (Men), Juniors: Harry Speidel, C. S. C. Time 29 1-5 seconds.

100-yard breast-stroke, (Men): Lambert Sternbergh, C. S. C. Time 1 minute 17 3-5 seconds.

220-yard swim, free style (Women): Mrs. Arthur Wagstaff, C. S. C. Time 3:16 4-5.

High dive, 24 feet (Men): Merlin Padden, C. S. S.

220-yard swim, free style (Men): Mitrie Konowaloff, C. S. C. Time 2:32 4-5.

Plunge for distance (Women): Beth Langley Langley, C. S. C. Distance 61 feet 5 inches.

Plunge for distance (Men): Lambert Sternbergh, C. S. C. Distance 70 feet 9 inches.

50-yard back-stroke (Men): Mitrie Konowaloff, C. S. C. Time 32 2-5 seconds.

50-yard breast-stroke (Women): Audrey Griffin, Victoria Athletic Association. Time 47 2-5 seconds.

Relay race, 500 feet (Men): Won by Crystal Swimming Club, Seattle.

### HARVARD ROWERS TRAIN ON THAMES

London, June 22.—The big squad of American representatives of the Union Boat Club, of Boston, all Harvard rowers, having established their headquarters at Henley on the Thames, had their first practice here Saturday. In their initial spin the eight tested their new boats.

The crew seemed to be in fine condition. They will compete in the Royal Henley regatta, June 30 and July 1.

### BALL PLAYERS OUT FOR FIVE SEASONS

Chicago, June 22.—Three players who deserted clubs in the American Association to accept attractive offers from independent teams have appealed to be taken back, President Hickey announced to-day. Under the ruling of the National Association of Minor Leagues, however, the contract jumpers will be barred from organized baseball for five years. The players asking for their former berths are: Ollie O'Mara, a third baseman, who deserted Indianapolis; Pitcher William Evans, of Kansas City, and William Wagner, a catcher, who quit the Columbus club.

### DISCUSS BOXING RULES.

Seattle, June 22.—The Seattle boxing commission will hold an important session this evening at which new rules regulating the ring game here will be acted upon. The reorganized body has taken up the matter of clean boxing with a vengeance and the two new members, Elmo Jones and Hervey Lindley, have been aiding Chairman Hanley in drawing an entire new set of regulations. Decisions by judges will probably be done away with to-night. The commission plans to appoint three official referees, and these officials will work in all local bouts, giving all decisions. The matching of heavy boys against boxers who are ten pounds lighter will also be stopped. Boxing promoters will meet with the commission and aid in formulating the new code.

## LADIES' GAMES FEATURE TOURNEY

Hot Matches Played in the Annual Tennis Competition

Though a violent wind swept the courts, a large number of matches in the annual handicap tournament were played at the Victoria Lawn Tennis Club yesterday. The outstanding matches were in the ladies' doubles and ladies' singles. Mrs. Horner and Miss Lawson defeating Miss M. Leeming in a fine exhibition. The chief surprise of the day was the defeat of Miss Mason and Mrs. Mogg by Miss M. Smith and Miss Hope Leeming. Long rallies and hot returns marked the ladies' single between Mrs. Boucher and Miss Archibald won by the latter.

The results of yesterday's games were as follows:

Yesterday's Results.  
Miss Archibald beat Mrs. Boucher, 2-6, 6-2, 6-4.  
Miss Taylor beat Miss M. Wilson, 6-1, 6-2.

Mrs. Sayer beat Miss Clay, 6-1, 6-1.  
Miss Fox beat Miss Flint, 6-1, 6-5.

Miss Rickaby and Mrs. Neame beat Miss Jackson and McNeill, 6-3, 6-4.  
Miss M. Smith and Mrs. H. Leeming beat Miss Mason and Mrs. H. Mogg, 4-6, 6-1, 6-2.

Christie and Steedman beat Church and Cameron, 8-6, 6-3.  
Mackenzie and Proctor beat Young and Meakin, 6-3, 6-1.

Denison and Knight beat Jackson and Gill, 6-3, 10-8.  
Bemer and Mrs. Saunders beat Dr. Harper and Mrs. Hodgins, 6-2, 6-3.

Mrs. Hodgins and Mrs. Donner beat Misses McClintock and MacEachern, 6-4, 6-4.  
Whittaker and Clerci beat Dr. Hudson and D. Hudson, 6-4, 6-4.

Miss Lawson and Mrs. Horner beat Miss M. Leeming and Mrs. Leeming, 7-5, 3-6, 6-3.  
Idiens and Leeming beat Allen and Beckett, 7-5, 6-3.

Miss Lawson and Mr. Mackenzie beat Hopkin and Miss Scott, 6-2, 6-0.

## BRITISHER BEATS AMERICAN IN BIG TENNIS CONTEST

J. C. Parke Defeats William M. Johnston For British Championship

Wimbledon, Eng., June 22.—J. C. Parke, the British international tennis player defeated William M. Johnston, United States singles champion, in their match in the contest for the British tennis championship here to-day, 7-5, 2-6, 6-2, 8-6.

The second day of the tennis championships here opened in warm sunshine. Six thousand tennis enthusiasts came to see the Americans play, especially the match of William M. Johnston, the United States singles champion, with J. C. Parke, who is considered one of the strongest British players.

In the first match to-day Captain Samuel Hardy, of Chicago, beat Major Moss, a well known army player, 6-2, 6-2.

Algernon R. F. Kingscote, Captain of last year's British Davis Cup team, informed the correspondent of the Associated Press to-day that he regarded the Americans as the finest team that had ever come to England.

## WINS ANOTHER CHAMPIONSHIP

Hot Matches Played in the Annual Tennis Competition

Though a violent wind swept the courts, a large number of matches in the annual handicap tournament were played at the Victoria Lawn Tennis Club yesterday. The outstanding matches were in the ladies' doubles and ladies' singles. Mrs. Horner and Miss Lawson defeating Miss M. Leeming in a fine exhibition. The chief surprise of the day was the defeat of Miss Mason and Mrs. Mogg by Miss M. Smith and Miss Hope Leeming. Long rallies and hot returns marked the ladies' single between Mrs. Boucher and Miss Archibald won by the latter.

The results of yesterday's games were as follows:

Yesterday's Results.  
Miss Archibald beat Mrs. Boucher, 2-6, 6-2, 6-4.  
Miss Taylor beat Miss M. Wilson, 6-1, 6-2.

Mrs. Sayer beat Miss Clay, 6-1, 6-1.

## Tell Your Cobbler You Want Cat's Paw Heels and Rinex Soles

You should insist on this combination, because it means greater economy and they are Dominion Rubber System Products.

You want Cat's Paw Heels because they are real live rubber cushions and have the non-slip, fabric plug. You want Rinex Soles because they will not crack, even when worn thin; because they are tough, resilient, and maintain their shape until worn out.

The first pair of shoes that you have soled with Cat's Paw and Rinex will give you the full realization of the real benefits of this wonderful combination for walking, for they eliminate the cause of tired feet and limbs; they enable you to walk further with greater ease and comfort than you have ever experienced with leather heels and soles, and they are far more economical, because they out-wear leather two-to-one.

You can purchase new shoes with this combination at all good shoe stores, and do away with the agony of breaking them in, for they are comfortable and easy from the first wearing until worn out.

Tell your cobbler to heel and sole all your old shoes with Cat's Paw and Rinex.

When you buy Rubber Goods insist on Dominion Rubber System Products

# Greater Tire Mileage and the Goodyear Service Plan

Every Goodyear Tire Saver, like the Outside Protection Patch illustrated, is designed to insure that greater mileage which is the purpose of the Goodyear Service Plan.

If these two Tire Savers prevent you driving a half-mile on a flat tire, they may have saved the full value of the casing. It is such Tire Conservation as this which is aimed at by the Goodyear Service Plan of Service Stations and Tire-Savers.

To the built-in mileage of Goodyear Tires, this plan adds effective means of prolonging the usefulness of injured tires.

It is such Tire Conservation with their inbuilt quality which has made Goodyear Tires possibly the lowest cost-per-mile tires in the world.

If you are interested in knowing why more motorists ride on Goodyear Tires than any other brand in the world, talk to a Goodyear Service Station Dealer and write us at Toronto for our free Tire Conservation Course.

A well-worn or injured tire may blow out on the road. The Goodyear Outside Protection Patch and the Goodyear Adjustable Blow-out Patch have been provided to enable you to make quick repairs on the road, in case of such emergencies.

London Bystander.

## DESCRIBES TOLL BY TUBERCULOSIS

Dr. George Porter Shows Curative Institutions Are Almost Entirely Private

In the section on tuberculosis at yesterday's session in Vancouver of the Canadian Public Health Association, an unusual survey was presented by Dr. George B. Porter, of Toronto, secretary of the Dominion Association, the president, Hon. Dr. Schaffner, Senator from Manitoba, in the chair.

Dr. Porter said in part: "The 4,000 beds for the tuberculous now available in the forty special institutions, where, in 1900, there was but one institution accommodating less than 100 patients, show a more enlightened public opinion regarding the necessity for such provision.

"While the Provincial Government has greatly assisted in the cost of maintenance of these, and in some cases materially helped towards the building of same, it is interesting to note that, with one exception, every sanatorium in Canada is the result of private initiative and philanthropy.

"While the mortality tables for the whole of Canada are not as complete as they should be, we may quote from the Dominion Census of 1901 which gives the deaths from tuberculosis as 8,700. This year's estimate, taking the reported deaths where available, with the estimated deaths in other Provinces, would give us about the same number of deaths as twenty years ago, but if we consider the increased population of Canada from 3,371,315 in 1901 to an estimated population in 1920 of over 5,000,000 we have a decrease in the death rate from tuberculosis during the past two decades of over thirty per cent.

"This decrease, I take it, is due to three factors. First, the lessened infection in the homes from which tuberculous patients have been removed to hospitals and sanatoria. Second, the earlier recognition and the earlier and better treatment of patients both in their homes and in sanatoria. Third, the better home and living conditions, especially in regard to ventilation, sanitation and personal hygiene.

Federal Aid

"We are pleased to say that the Federal Department of Health is in hearty accord with our activities and is co-operating in the matter of literature, having already printed a large edition of our pamphlet on Tuberculosis, to be distributed free by our Association and their Department.

"In regard to the returned tuberculous soldiers, I shall quote from Col. McLean's report regarding the activities of the Department of Soldiers' Civil Re-establishment under the Medical Branch of which the care of ex-service tuberculous soldiers devolves," Dr. Porter proceeded:

"Statistics recently compiled show that 5,676 ex-service men have been treated in sanatoria maintained by this branch. Of that total 4,648 had been discharged from these institutions, some as cured, and others in quiescent condition. At the time of the survey there were 2,040 patients undergoing treatment of whom 158 had had previous treatment and had been re-admitted to a sanatorium. This percentage of 7.7 per cent. of re-admission is regarded as being exceedingly low, and furnishes satisfactory evidence of coping with tuberculosis among ex-service men.

"Men who have been under treatment in sanatoria and whose condition on discharge from treatment is such that they require a certain amount of rest and relief from the necessity of earning a full livelihood, are, by arrangement with the Board of Pension Commissioners, usually granted a total disability pension for a period of six months after discharge from an institution.

"The Vocational Branch has given special attention to the re-training of the tuberculous patients who do not return to previous occupations, and similarly the Information and Service Branch has made provision for placing such men in touch with employment opportunities. The Social Service Nurses of the Medical Branch keep in touch with former patients and give assistance or advice, where personal initiative. There are medical representatives in every city, town or village of Canada to whom men may apply for medical attention.

"A special board composed of Doctors Miller, Byers, Parfitt, Hart and Stewart is just now completing an inspection tour of all the sanatoria and their reports should prove of great value in the solution of many problems, especially those dealing with Sanatoria work.

In British Columbia

"In British Columbia the magnificent work done by the Provincial Association whose efforts have been largely devoted to the erection of the sanatorium at Tranquille, and the care of the patients there is known to all. It was under the leadership of the late Dr. Fagan, one of our members, that this work was started, and to his whole hearted endeavors this sanatorium will always be a monument," the speaker remarked.

"The taking over by the Government of this year of that institution and the great benefit its acquisition is to the Province, needs no reminder from strangers.

"The splendid work of the Rotary Club here as evidenced in the building erected by their efforts, will prove a great investment for the health of the community, and the smaller but faithful work of the various local societies such as Kamloops, New Westminster, Victoria and Vancouver only go to show the value of voluntary personal initiative in the fight against this disease.

Co-operative Aid

"Every Province this year shows some new activity in the campaign against tuberculosis, while the Federal Government has through the Department of Agriculture, made some move towards eradicating bovine tuberculosis which is reported to be steadily increasing. As a result of a recent conference in Ottawa between representatives of the producers, packers and the Dominion Department of Agriculture it will likely be recommended that the charge of one half of one per cent, levied on all animals entering the stock yards be diverted so far as it affects animals which are not slaughtered, and the proceeds used to combat the tuberculosis among animals.

"While it is to be commended for its grant this year to the Department of Health of \$200,000 towards stamping out venereal diseases, it is not time that something worth while should be done towards eradicating tuberculosis—a far greater menace to the health of our Canadian people, with its ten thousand deaths every year and its accompanying financial loss to the country of millions of dollars annually," argued Dr. Porter.

"That much has been accomplished during the past twenty years; that conditions are better, and that this work is full of hope, is true; but that does not excuse our apathy towards this insidious disease, one which is so interwoven with the whole texture of our social life. Unless we show more signs of interest how can we blame the Government for any indifference, for, to combat tuberculosis successfully, we must have not only suitable provision for those who are ill, but we must do everything that tends to ameliorate social conditions, especially bad housing with its mass infection and bad feeding which weakens the resistance of all those exposed," he concluded.

A CURE BY PROXY

"Doctor," said he, "I'm a victim of insomnia. I can't sleep if there's the least noise, such as a cat on the back fence, for instance."  
"This powder will be effective," replied the physician, after compounding a prescription.  
"When do I take it, doctor?"  
"You don't take it. You give it to the cat in some milk."—Maritime Baptist.

## SMOKE NUISANCE

CASE REMANDED

Lumber Interests to Fight Charge, and Case to Serve As Test

Fire Chief Stewart laid information against the Canadian Puget Sound Lumber & Timber Company in police court to-day, H. W. R. Moore appearing for the defendants, and being granted his request of a remand of the case for one week, to be heard next Tuesday.

The charge reads that the defendant company did in the city of Victoria, "Unlawfully fail to have such chimneys, furnaces or other apparatus of equipment that would consume the cinders and charred sawdust therefrom or should prevent same from falling or contaminating the atmosphere or being carried by the wind or otherwise to their shops house or premises to the inconvenience of detriment of the latter or injury of persons or property within the said limits of the city of Victoria."

The charge has been laid under the "Smoke Nuisance By-law, 1917," and will serve as a test case for the ul-

imate action of the department against the other operators of mills in the same predicament.

It is claimed by the lumber interests that the installation of the requisite equipment to offset these conditions would put them out of business.

## PRACTICAL SUPPORT TO ART WAS GIVEN AT RECENT EXHIBITION.

At the meeting of the Provincial Arts and Industrial Institute held last evening at the Provincial Library, the committee in charge of the first loan exhibition, which consisted of Walter Harvey (chairman), Mrs. Pemberton and Messrs. Forsyth, Bougds John Harvey and Shallock, reported as follows:

"The exhibition was opened by His Honor the Lieutenant-Governor (Col. E. G. Prior) on April 28, 1920, and was open to the public on week days from 9 a. m. to 5 p. m., on Sundays from 2 to 5 p. m., and on the evenings of Mondays, Wednesdays and Saturdays from 8 to 10 p. m.

"It was visited by approximately 5,000 people, including many school children. The visitors unanimously expressed themselves as delighted with the display, and many hoped that it might be made permanent.

"Short addresses were delivered by Mr. E. G. Prior, 'The Old Masters,' by Mr. Carter on 'Oriental Rugs and Carpets,' and by Mrs. Paget on 'Miniatures,' and Mr. Sanders on 'Oriental Pottery,' and Walter Harvey explained to the school children the artistic values and other points of interest of many of the articles exhibited.

"Too much thanks cannot be given to those owners of pictures and so forth, without whose generous loans the exhibition could not have been held, and it is a pity that they could not hear the many expressions of appreciation of their generosity made by visitors. Among these lenders of artistic things, not the least to be remembered are Dr. Leeder and Messrs. Shallock and Sanders, Mrs. Pemberton, Mrs. Napier and Mrs. Murdoch, whose beautiful cabinets not only were a great attraction in them-

**McClary's**

Make good stoves and Cooking utensils.

elves but served as a means of displaying valuable china in safety. The Institute is also indebted to Mr. Eve, whose picture of St. John and the Lamb, by Murillo, attracted much attention during the latter days of the exhibition.

"The Institute has benefited financially by the amount of \$164.99, being clear profit after all expenses are paid."

The sum of \$36 was received as subscriptions from new members who joined the Institute as a result of the exhibition.

A girl never thinks a young man's heart is in the right place unless she possesses it.

# Your Finances

## The Man who Saves

At age 19 his bills exceed his income.

At age 21 his Canada Life Policy creates a gap between income and expenditure.

At age 35 his "bills" include a "premium due" which checks extravagance.

At age 50 he can "afford" anything in reason.

At age 60 he has no anxiety for the future, and leisure for his many interests.

A man who sets aside only \$200 each six months and allows it to compound at 5½% interest will have at the end of thirty years a total fund of—

**Thirty Thousand Dollars**

You know many people who could set aside \$200 each six months. But—

Many a man who has had time to accumulate this moderate fortune, is still "drudging along" without it. For this reason:

Very few men will systematically "put by" a certain definite sum, and leave it untouched for any reasonable length of time. Human nature is seldom built that way.

## The Canada Life Plan

Our insurance policies will provide any sum, you name, to be delivered to you in cash at any age you desire, or to your Beneficiary should you die in the meantime.

You can thus anticipate the years, capitalize your present health and earning power, and make certain of many years' progress now.

## The Endowment at 65

issued by the Canada Life will solve the problem of your Future.

## It is a Certainty

The full amount of your Policy will be paid in any case, whether you live or die. Other investments may depreciate in value or fail. The Endowment is a certainty. The guarantee will take care of your home, or your business, or your personal interests, as nothing else can.

## Profits Will Hasten Maturity

A special clause in this Policy provides that if the profits be allowed to remain at your credit each year instead of being withdrawn, the face of the Policy will be payable to you some years before you reach age 65.

Whatever your circumstances may be later on in life, you will welcome this fund of a few thousand dollars. You may need it then.

Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to The Times office may phone in their ads, and The Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office.

## COURTS WILL DECIDE ON HIGH SCHOOL FEES

### City and Saanich Deadlocked Over Charges For High School Students

Deadlocked over the question, the Court will ask a Judge of the Supreme Court to decide what fees Saanich municipality ought justly to be charged for Saanich pupils attending the Victoria High School. The City Council last night discussed the matter, and instructed Mayor Porter to refer the dispute to the courts.

In a letter to the Council on the matter last night, City Comptroller James L. Raymond stated: "In 1915 the Council agreed with the Council of Saanich that the fee for educating pupils from Saanich at the Victoria High School be fixed at \$50 per annum. This arrangement obtained until the 30th of June, 1918. On the tenth of September, 1918, the Council passed a resolution that the fees for the future be on a basis of actual cost.

"On July 29th, 1919, I forwarded account to the 30th of June, 1919, amounting to \$7,132.52 based on the cost per pupil for the year ending 31st of December, 1918, which was \$47.25. The Council on the 24th of December, 1919, the Saanich Municipality forwarded a cheque for \$5,252.50, leaving a balance of \$1,879.23 which they claimed was not owing as the Council of Victoria had not sent in their notification in the change of rate until after the school year had commenced in 1919. This matter was referred to the Mayor and Reeve of Saanich. They met late in February or early in March and the Mayor agreed to recommend to the Council that Saanich pay at the rate of \$50 per annum for the last six months in 1918 and \$67.45 for the first six months of 1919. This offer the Mayor, Mayor Porter, definitely refused. Since then nothing was heard from Saanich and on the 27th of May, 1920, I wrote asking them to give a definite answer to the matter so that the Council could know what action to take. On June 1 the Clerk of Saanich wrote that the matter had been referred to the Board of School Trustees. Since then I have heard nothing but I understand that the Clerk of Saanich has written to the Victoria Council referring them to Section 489 of the Municipal Act. This section provides:

"All questions arising between municipalities shall except where otherwise in this Act specially provided, be decided by the Mayors and Reeves of such municipalities, respectively, or in case they cannot agree by a majority of the Supreme Court whose decision shall be final."

A letter received by Hector S. Cowper, Clerk of Saanich, stated that the Council had directed him to arrange that the question of fees be settled in accordance with section 489 of the Municipal Act.

## DISREGARD THREAT OF MILL SHUT-DOWN

### Aldermen Hear Plants Will Close, But Stand Pat on Smoke By-law

Despite strong protests from practically all local sawmill operators some of whom stated that strict enforcement of the civic regulations would force them to close their plants—the City Council refused Friday last night to alter its attitude on the smoke nuisance question. All the letters from the lumbermen were received and filed with little discussion and, consequently, the Council's instructions to Fire Chief Stewart to enforce the Smoke Nuisance By-law stand.

**Expensive to Enforce.**  
"Regarding the enforcement of this by-law (the Smoke Nuisance By-law) we have to advise you that if the interpretation placed thereon by the Fire Chief is correct it is not possible to operate a sawmill or shingle mill in the city without consistently violating the provisions thereof," wrote J. O. Cameron, head of the Cameron Lumber Company. Mr. Cameron stated that improvements which his company had installed for the purpose of complying with city ordinances had cost at least \$20,000. In conclusion, Mr. Cameron stated that his plant was employing 300 men, who are paid monthly wages aggregating more than \$30,000.

John D. Kinsinger, manager of the big Canadian Puget Sound Lumber Company, wrote that his company had gone to considerable trouble in an effort to eliminate the smoke nuisance. "We want," he said, "to do everything within reason to comply with the ordinance, but under present conditions, we do not feel that we can go to any unusual expense. We would much rather shut down. However with the large number of men in the city looking for work, we should like to keep our mill running as long as possible."

**Costly Experiment.**  
After reciting the various expedients adopted by his concern to prevent soot and ashes being ejected by the plant, P. E. McCarter, of the McCarter Shingle Company, stated: "We do not hesitate to say that the numerous experiments have cost our company well over \$5,000. We frankly admit that if this by-law is enforced as at present there is no other recourse but to close down. The seriousness of this to the city is apparent when we mention that our payroll is around \$5,500 a month, with far the greater percentage of white labor. We also operate a logging camp up the coast with a payroll of over \$6,000 a month, all to white labor."

Alderman Todd moved that the lumbermen's letters be received and filed. Alderman Johns, seconding the resolution, declared that more cinders than ever were being ejected by Victoria sawmills. He had no wish to put an end to the operations of any industry, but he felt that the people living in the sawmill district should be protected. At present, he said, some ten thousand persons were suffering from the operations of the mills. The letters from the lumbermen were then filed without opposition.

## CHANGING MIND, COUNCIL VOTES FOR OLD TIME

### Business Men Say They Will Not Accept Latest Aldermanic Advice

### BALLOTS SWITCH AND DAYLIGHT SAVING LOST

Though the Sangster forces of the City Council last night managed to get through a resolution reversing the Council's previous decision and putting the City Hall Clock back to standard time, a large section of Victoria business men declare that they will continue to operate their stores and offices by daylight saving time. Apparently time conditions in Victoria will get back to normal when one or other of the two sections of the community using the different systems prevails itself the stronger.

Last night's meeting was one of the most interesting and the spectators declared and the aldermen admitted, one of the most farcical that has been held for some years. About a hundred people were present to see what the Council would do with Alderman Sangster's motion asking the Council to rescind its daylight saving resolution. A considerable majority of the spectators appeared to favor daylight saving and interrupted the proceedings with frequent bursts of loud applause when members of the Patrick party spoke. Jeers and laughter swept through the Chamber, too, for many of those who had come to see the Council in action declared afterwards that it was the funniest performance they had ever witnessed.

When the vote actually was taken the aldermen lined up as follows: For the daylight saving, Mayor Porter and Aldermen Patrick, Sargent, Fullerton and Johns. Against daylight saving: Aldermen Sangster, Dinsdale, Cameron, Todd, Andros and Dewar.

Previously Alderman Cameron voted for daylight saving, while the vote of Alderman Dinsdale was also counted in favor of the new time as the alderman then refused to vote. Before last night, however, these gentlemen had changed their minds and their ballots, added to those of the original Sangster party, were sufficient to carry the Sangster resolution, killing daylight saving as far as the City Hall is concerned. Alderman Johns last night noted for daylight saving, though he opposed it before. He explained that he had found the system working so well in Vancouver that he now considered it an excellent idea.

Following the meeting a number of prominent business men present stated that they intended to continue under daylight saving, and they expressed their belief that they favored the system anyway and were not inclined to take the advice of a Council which changed its mind within a week.

They all appeared to agree that the evening's proceedings were a farce, as did Mayor Porter and a number of the aldermen. "I can't understand it at all," said the Mayor, "but certainly it is the limit! Everything was going along well and in a few days the city would have settled down to daylight saving. Now this situation will turn the city into chaos. It certainly is a farce!"

**"End This Farce."**  
In presenting his resolution asking for reconsideration of the Council's previous resolution, Alderman Sangster said nothing beyond urging his right to alter the farce.

Alderman Patrick suggested that if Alderman Sangster's resolution were passed another resolution asking for a further consideration might be presented.

## THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin, frail, nervous, and feeble people stout and robust, and replacing ugly hollows and angles by a soft, curved beauty, there are evidently thousands of men and women who are suffering from excessive thinness, or, in scientific parlance, "emaciation."

Thinness is often due to starved nerves. Our bodies need phosphorus, a substance which is contained in the modern food, Phospho-Phosphate.

Phosphorus is the element which gives life to the body cells. It is the element which gives life to the body cells. It is the element which gives life to the body cells.

## MANY VICTORIANS IN MUSICAL SUCCESSES

### Pass List of Royal Academy and Royal College of Music

The following candidates have been successful at the examinations of the Royal Academy of Music, held in Victoria during the past week:

**Local Centre Examinations.**  
Advanced grade, honors, Rachel Daniels; pass, Cordelia Corfield, Margaret Peseil, Henrietta Watkins, Marie A. North, Wilhelmina Stewart.

Intermediate grade, honors, Margaret Gladwin; pass, Phyllis Gates, Doris Taylor, Marguerite Genn, Marguerita McKay, Lillian Lutz, Myrial Sealey, Ivy G. Walkem, Alice Barnes, Elsie Graham, Madeline Dawley, Margaret Cartier, Irene Rust, George Dawley, Few Foster.

be introduced and the situation would become more farcical than ever. "At a regular meeting of this Council last Monday," the alderman went on, "a resolution was passed requesting the people to move their clocks one hour ahead—

"It was a tie vote and one alderman didn't vote," broke in Alderman Todd. "Who's running this business, you, Mr. Mayor, or Alderman Todd?" demanded Alderman Patrick. "It was a majority vote," the Mayor stated.

"Some say our resolution was snap judgment," pursued Alderman Patrick. "Absolutely," remarked Alderman Sangster.

**No Snap Judgment.**  
"No alderman who has any idea at all on parliamentary procedure would say it was a snap judgment," declared Alderman Patrick. "Some who are opposing daylight saving to-night voted in favor of it before," proceeded Alderman Patrick, recalling that the business men of the city had met and voted in favor of daylight saving.

"And in spite of this they call daylight saving farcical. If they want to appear farcical before the public just let them carry this resolution," Mr. Mayor.

Wild applause here punctuated the alderman's remarks.

"They say these are my friends," observed Alderman Patrick referring to the applause "I have never asked a single alderman to vote for my resolution," he said significantly. "I have asked you to come here to-night and I refused to go to the meeting of the business men Saturday to discuss the matter; I have solicited no one. I introduced this resolution because I thought the majority would make it. If the aldermen wanted to make us ridiculous again—we have been before—let them do it; let them play the boy. Reverse our decision."

"Three people who are opposed to daylight saving have threatened me with the results of the next election. Is it votes, then, we're looking for? Is it a case of gallery play or are we doing our duty by the citizens?" loud applause greeted these remarks.

**Satisfactory Elsewhere.**  
Alderman Sargent, pointing out that daylight saving was working most satisfactorily in large numbers of Canadian—and American cities, many of them of considerable experience should question the vote which had been taken on the daylight saving question as the previous meeting. "When a question is decided here, what is astounding to me to see members of the minority get up and work up a week's campaign against that resolution and switch about and disturb the composure of the city, as the resolution Alderman Sangster proposed audaciously will do. If this resolution is adopted it will certainly make this Council pretty ridiculous and will put the city in a very upset condition."

Alderman Johns explained that he had voted against daylight saving at the previous meeting because he anticipated that its inauguration would cause a great deal of confusion. Later, however, he had visited Vancouver, and so satisfactorily was the system working there, that he had changed his mind. He pointed out that the Council's previous decision had caused a large number of stores and other establishments to adopt daylight saving, and it would certainly work a hardship to reverse the order now.

Alderman Todd, Chairman of the Increased Production Committee, denied that daylight saving would aid production. As a matter of fact, he declared, it would hinder it. People who wanted to cultivate vacant lots should get up an hour earlier in the morning and do it, he felt.

**Benefit to Games.**  
There could be no doubt, he thought, that daylight saving would be of benefit only to people seeking sport and recreation. While this was important, production was more important and the farmers, as one man, were against the daylight saving system. Alderman Todd considered it a matter to be regretted that the aldermen who had introduced the daylight saving resolution in the first place had not forecasted it with a notice of motion. This would have avoided the snap vote that was taken last night.

Here some faint applause came from a section of the audience apparently opposed to daylight saving. Alderman Todd went on to plead for the children, who, he said, would suffer from daylight saving, as they would lose an hour's sleep each night. "I think we have some of the children here," remarked Mayor Porter when some of the spectators applauded.

In conclusion Alderman Todd warned against interfering with the rights of the minority unless a very great majority favored daylight saving.

When the question was put to a vote the Sangster resolution was adopted as recorded.

**A Snap in Sash Curtain Rods**

**Real-Fruit Desserts The Rarest Sort**  
The only gelatine dessert which has fruit-juice flavors sealed in glass is Jiffy-Jell.  
No artificial flavor can take the place of fruit. For Jiffy-Jell the fruit is crushed, condensed and sealed in vials. A bottle of this liquid essence comes in the package. And sugar is used—not saccharine—to sweeten Jiffy-Jell.  
Jiffy-Jell comes in ten flavors. Try loganberry and pineapple for desserts. Try lime-fruit flavor for tart salad jell. Try mint for a refreshing mint jell.
