RAILWAY WAGE DECREASE ACCEPTED

Favorable Action by Employees in Canada Much Depends on Condition of Business

Montreal, Jan. 17.—Wage questions affecting 140,000 employees of Canadian railways were settled here Monday morning as a result of a conference between union leaders and railway officials here.

The degree of agreement is confined to a clause which provides that the agreement is terminable within thirty days on notice from either party to it. It is not anticipated, however, that any move for its termination will be advanced before July next and the entire situation hangs on the degree to which railway traffic increases or recedes during the Spring months.

Other decisions are confined to a clause which provides that the agreement is terminable within thirty days on notice from either party to it. It is not anticipated, however, that any move for its termination will be advanced before July next and the entire situation hangs on the degree to which railway traffic increases or recedes during the Spring months.

Clynes Describes Conditions in Britain as Appalling

London, Jan. 17.—(Canadian Press Cable)—J. R. Clynes, leader of the Labor forces in the House of Commons, speaking in Manchester last night, said public men should be thinking, not about elections, but the appalling industrial conditions. Local authorities and relief agencies, he said, were distracted by the demands made upon them. The unemployed were now reduced to such slender resources that they could not live for long on the allowances received from the state. Shortly after the measure drawn to the attention of the House of Commons, he said, was the necessity would have exhausted their patience and privation might drive them to excesses.

AGED WOMAN MAYOR "DUSTS" OHIO VILLAGE

Magnetic Springs, Ohio, Jan. 17.—Twenty-four hours after assuming the duties of mayor of this health resort village, Mrs. Mary McPadden, aged eighty, said to be the oldest woman mayor in the United States, announced to-day that she intends to "give this town a little dusting."

Householders cherishing memories of the recent severe cold snap in the shape of heavy plumbing bills are warned to keep a close watch on pipes and taps for a day or two, for Victoria is in the grip of Jack Frost. A sharp frost last evening, accompanied by a piercingly bitter wind which continued throughout the night and nipped the fingers and toes of pedestrians this morning. The only cheery people this morning were the plumbers who envisioned a harvest of burst pipes and flooded bathrooms.

WILSON OPPOSES FOUR-POWER PACT

Ex-President of United States Against Treaty

RATIFICATION BY U. S. SENATE IS UNCERTAIN

Washington, Jan. 17.—(Canadian Press)—Decision of Former President Wilson to oppose ratification of the four-power treaty because he does not regard it in harmony with the League of Nations has become known to Democratic Senators. His attitude, along with previous existing conditions in the Senate, as well as the doubt of any arrangement in Far Eastern affairs which will be satisfactory to the Senators, makes the outlook as to ratification of the four-power treaty more uncertain than at any previous time.

THE WAR OFFICE HAS ANNOUNCED THAT WITHDRAWAL OF THE BRITISH FORCES IN SOUTHERN IRELAND WILL COMMENCE IMMEDIATELY AND THAT THE MEN WILL BE MOVED AS RAPIDLY AS CONDITIONS PERMIT.

Dublin Castle. The Morning Post, a newspaper which has steadfastly shown hostility to Irish home rule and has upheld the principles of Unionism, to-day printed the following dispatch from its Dublin correspondent: "The Provisional Government will make a great mistake if it does not level Dublin Castle to the ground. There is an evil spell upon it. Its spirit of intolerant bureaucracy, the type of politician that it harbored and the kind of administrators it bred did more to destroy the Union than agitators and treason mongers."

LABOR'S VIEWS

Copenhagen, Jan. 17.—Former Minister Stauning, on behalf of the Danish trade unionists, has telegraphed to Arthur Henderson and Ramsay MacDonald in London, a request that a workers' international conference be called before the Genoa Economic Conference is held. PARTIES IN INDIA PLAN CONFERENCE

Representatives to Meet Government Officials; Gandhi's Attitude

Bombay, Jan. 17.—At a discussion which lasted eight hours, a sub-committee of all shades of public opinion in India, called in an endeavor to ameliorate the political situation, passed a resolution favoring a round table conference.

The resolution expressed the opinion that in order to create a favorable atmosphere in the conference, political prisoners should be released, and

that, pending the result of the conference, hartals, picketings and civil disobedience should cease.

Later the resolution was carried unanimously by the full meeting of the delegates to the conference.

Gandhi, leader of the Non-Co-operationists, who is taking part in the conference, said on behalf of his followers, called in an endeavor to persuade his adherents to abstain from hostile activities provided all political prisoners were released and the round-table conference came into existence before January 21, with the reservation that the enlistment of volunteers and preparations for civil disobedience should continue.

Gandhi said he anticipated that the Non-Co-operationists would blame him for succumbing to the blandishments of the moderates, but that he desired his fellow countrymen and the Government should not remain under any delusion regarding the demands he would make at the

conference table, for he would not abate them one jot. Self-government for India on a dominion basis must be granted, declared Gandhi.

Arrested.

Calcutta, Jan. 16.—(Associated Press)—The North Calcutta Congress committee attempted Sunday to hold a meeting in contravention of a Governmental prohibition. The police dispersed the gathering and arrested the chairman and nineteen others.

An attempt later to hold another meeting resulted in the arrest of 114 persons.

Ottawa, Jan. 17.—The rate of exchange in connection with shipments of freight between points in Canada and the United States from January 15 to January 31, inclusive, will be 9-16 per cent and the surcharge on such traffic will be 3 per cent. The rate of surcharge on international passenger business will be based on six per cent exchange.

AID UNEMPLOYED IN TORONTO

Federal Government Considers Further Assistance

Ottawa, Jan. 17.—A promise that the unemployment situation in Toronto would be dealt with at the earliest possible date, but that the pending by-elections interfered with immediate consideration by the Government, was stated by Hon. H. S. Bland, Minister of Soldiers' Civil Re-Establishment and Hon. James Murdock, Minister of Labor, yesterday to a deputation representing Toronto ex-soldier organizations. Mr. Murdock indicated that unemployment was receiving the most earnest consideration. The Federal Government had already expended \$219,000 in bearing one-third of the share of special municipal works for the relief of unemployment, and of that sum \$108,000 had gone to the city of Toronto.

The deputation emphasized that work was being sought and said the system of unemployment doles or charity was unsatisfactory. For Toronto they urged the construction of a customs house and the building of a viaduct in connection with the new Union Station, and asked for provision for housing loans. The delegation was unanimous in recommending that all employment be centralized under the Department of Labor, this to include employment provisions for disabled ex-servicemen.

RUM-RUNNING PLANE SEIZED

Washington, Jan. 17.—Seizure of the first rum-running aeroplane this year was announced yesterday by prohibition headquarters. The plane, with 125 bottles of Mexican tequila, the prohibition bureau stated, was seized on the Mexican border at Del Rio, Tex., and the pilot and two men arrested.

South Vancouver, Jan. 17.—Two armed men threw S. W. Taylor, a local grocer, into his lard barrel yesterday afternoon, looted the till and got away with \$270.

RAILWAY WAGE CUT IS ACCEPTED

Vote of Canadian Shopmen Is Announced

Winnipeg, Jan. 17.—(Canadian Press)—A small majority of shopmen employed on all Canadian railways have voted to accept the wage cut of 12 1/2 per cent, which has been in force since July 18, 1921. Charles Dickie, secretary-treasurer of Division 4 of the Railway Employees Department of the American Federation of Labor announced here. The vote which effects approximately 50,000 men, was compiled by various organizations affiliated with Division 4 and forwarded to Mr. Dickie for final computation. It has been in progress since December 11.

The decision to accept a wage cut will mean a saving to Canadian railways of approximately \$3,000,000. Mr. Dickie estimated, for under the terms of the agreement made last July the difference of eight cents an hour in the pay was turned into a pool, to be kept until the final vote was taken.

The men affected comprise all branches of the shop trades, including machinists, boiler-makers, blacksmiths, electrical workers and sheet metal workers.

SIR SAM HUGHES LEFT \$392,844; WILL PROBATED

Lindsay, Ont., Jan. 17.—The will of the late Sir Sam Hughes has been filed for probate. The total value is \$392,844, consisting of personal estate and effects, \$218,876, and real estate, \$73,968.

Requests were made as follows: To three grandchildren, Sam Hughes, Ailie Green and Mary Green, a legacy of \$5,000 each. To Lady Hughes, all household goods and furniture for her own use and benefit. All the rest and residue of my property, whether real or personal, and wherever situated, I say the will, I bequeath as follows: One-third to my wife, and the other two-thirds to be divided equally among my three children, Major-General Garnet Hughes, London, England; Mrs. Byron Green, Chatham, Ont., and Miss Aileen Hughes, Lindsay, Ont.

MONTREAL WILL HAVE GREAT NEW GRAIN ELEVATOR

Montreal, Jan. 17.—The construction of an immense grain elevator which may be the largest in the world is scheduled to begin in the Spring on the deep water front at Maisonneuve. It will have a total capacity of 10,000,000 bushels.

HOMESTEADING IN ALASKA

Washington, Jan. 17.—The Senate yesterday passed the House bill providing for entry by homesteaders on mineral lands in Alaska. The measure provides for a reservation in the title of the land, however, so that if at any time after the entry is made, coal, oil or gas is found, the Government shall retain its royalty rights.

MONTREAL GUILTY OF NEGLIGENCE

Montreal, Jan. 17.—The city of Montreal was yesterday found guilty of gross negligence in connection with the death of Lillian Manning, the eight-year-old daughter of Joe Manning, who fell through an open manhole into a sewer last Winter, and was ordered to pay \$65 to the child's parents. Mr. Manning originally sued for \$2,500.

LIQUOR CONTROL MEASURE URGED IN MANITOBA

Winnipeg, Jan. 17.—A Bill dealing with the Government control and sale of intoxicating liquor, as prepared by the Prohibition League of Manitoba, will be put before the Manitoba Legislature this afternoon by Joseph Bernier, M.P.P. for St. Boniface.

The measure, which it is said is supported by 50,000 persons who signed the petition, calls for establishment of Government liquor stores throughout the Province.

The stores would be under a Government commission and sale would be by permit only. An annual permit would cost \$2; single purchase permits 50 cents, and temporary permits for non-residents \$5.

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine

BURDOCK BLOOD BITTERS

and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes: "I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them'."

B. B. B. has been on the market for the past forty-five years, so you are not experimenting with some new and untried remedy.

Will Be Appeal in Clarke Timber Case

Toronto, Jan. 17.—Judgment was given yesterday by Mr. Justice Logie against the Shevlin Clarke Co., of Port Arthur, for \$169,991 in favor of the Attorney-General of Ontario, with costs. It was also ordered that the Company must pay \$17.60 per thousand feet of timber cut and not yet returned on the Quebec Park berths 45 and 49.

The judgment declared that agreement between the Ontario Department of Crown Lands and the Shevlin Clarke Co., was invalid.

It is estimated that the Province of Ontario will be entitled to about \$10,000,000 additional timber dues from the Shevlin Clarke Co. in regard to the Quebec reserve as the result of the judgment.

It is expected the Shevlin Clarke Co. will appeal from the judgment.

SASKATCHEWAN AND LIQUOR QUESTION

Regina, Jan. 17.—A delegation of thirty prominent citizens, including two city clergymen, waited on the Government yesterday and urged a change in liquor legislation, asking the Government to take sole control of the traffic.

"The Government has no intention of changing its attitude toward the present law," said Premier Martin in reply to the delegation.

CITIZENS' LEAGUE WINS IN HULL

Reformers' Leader Elected Mayor of Quebec City

Ottawa, Jan. 17.—The Citizens' League of Hull, which has been waging a fight for better conditions in that city, scored a decisive victory at the polls yesterday when it returned its candidate, Hercules Therin, as mayor of that city for the next two years, defeating Mayor Louis Cousineau by a majority of 254 votes.

A DOCTOR'S DAUGHTER & Zam-Buk

Well-known Salvationist Tells of Mother & Son Saved from Blood-Poison & Disablement.

"One cannot speak too highly of this wonderful Zam-Buk," says Mrs. Jane E. Zealley, an ex-Major of the Salvation Army and daughter of the late Dr. Bevan, of St. David's, South Wales.

Called upon at her home, 3, Bushness Avenue, Toronto, Mrs. Zealley said: "Eight years ago my boy Alfred scratched his leg with the brass tag of a shoe lace and blood-poisoning set in. I had used various ointments on the sore, without doing good, when, hearing splendid reports about Zam-Buk I decided to give it a trial. You can imagine my relief, when, after a few applications of Zam-Buk, I saw that healing had already started. Continued treatment quickly removed every trace of the obstinate sore. It made me realise what pain and suffering I might have saved the boy, had I got Zam-Buk at first.

"When I fell over a steel fender and injured my knee badly, I again used Zam-Buk. My daughter, who was a nurse, thought an operation would be necessary to remove the mass of inflammation and pus, but I hadn't forgotten my previous experience with Zam-Buk. Again regular applications of the balm took out all pain and swelling and healed the wound in a few days. The knee has never given further trouble." Herbal Zam-Buk is 50c. box, all dealers.

ELECTION TALK

Adjustment of political affiliations in Great Britain will have to be undertaken sooner or later if only to correct some of the extraordinary party anomalies which exist at the present time.

CO-OPERATION WANTED

Although the parallel may not be perfect Dr. Tormie is on firm ground in pointing to Great Britain as an example which Vancouver Island should follow in her desire to conquer insularity with industrial expansion.

WORLD FINANCES

No presiding officer of any of the great banks of this country can assume an attitude of detached interest in the financial conditions of the world when he is called upon to review the year's business of his own particular institution.

charge of the European debt to the United States and to the proposal to repay in twenty-five years at five per cent. interest.

NOT EXPECTED HERE

Those people who are not reading the Old Country newspapers are getting information from cabled dispatches about the influenza epidemic that seems to have taken hold of the Midland and Northern Counties of Britain.

SMILLIE'S CHASTENING

When Mr. Robert Smillie was a field marshal of discontent among the miners of Great Britain he expended a good deal of eloquence in justifying the commencement of the great strike of last year.

THE PRESS NOT INFALLIBLE

To the Editor.—Trenchant criticism upon public affairs is always an excellent thing for a City. You are to be congratulated on welding a vigorous pen, although I am more than doubtful whether your review of the Police Commissioners' decision at their first meeting can be characterized as either just or discriminating.

NOTE AND COMMENT

Premier Poincare is anxious that the Anglo-French agreement should be amended to permit of a provision that would

assure French support to Britain in case the latter were attacked by any other power.

Great Britain has her own special Ponzi. This time a gentleman has been able to promise a return of seventy dollars a week upon an investment of four hundred by a system which he advertised as infallible at race meetings.

Scotland is beginning to wonder why she should not be given home rule and put on a similar basis to the rest of the Dominions.

LETTERS

Letters addressed to the Editor and intended for publication must be short and highly written.

BIRTH CONTROL

To the Editor.—In your issue of the 14th a letter appeared advocating birth control as a remedy for financial stringency.

BIRTH CONTROL

To the Editor.—May I say just a few words in answer to Hugh Brenton under the heading of Birth Control in Saturday evening's Times.

THE PRESS NOT INFALLIBLE

You are to be congratulated on welding a vigorous pen, although I am more than doubtful whether your review of the Police Commissioners' decision at their first meeting can be characterized as either just or discriminating.

phatic protest of the Chief of Police. Yes, but you did not have the benefit of the private advice of the Chief of Police to the late Commissioners.

For your information, I assert absolutely, unequivocally, and without the slightest fear of contradiction that the new Commission had not acted in accordance with a pre-arranged programme based upon the policy of the Board of 1921.

In the appointment of Constable Headley to the position of Inspector and second in command, the Commission believe that they are not merely undoing an act of injustice to a man who has been in the service of the City for many years.

Perhaps your criticism of my reference to Mr. Palmer's "silvered hair" is not unfair, yet you will allow me to explain that I tried in that reference to suggest that his physical powers, which is an all-important factor in policemen's work, were on the decline.

I concur in your view that it is usually wise for new Commissioners to be "gilded" by the majority of the public for all decisions to which the public do not hold the Chief responsible for appointments or policy.

VETERANS' AMALGAMATION

To the Editor.—In view of the interest taken by the citizens of Victoria on the Veterans' Amalgamation matter, you will be kind enough to publish the enclosed official statement from the above association.

VETERANS' AMALGAMATION

Executive Council of the Victoria Branch of the Great War Veterans' Association issues statement on the unification of all ex-service men in Canada.

The Port Arthur Conference which dealt at some length with the question of amalgamation of all ex-service men's organizations in Canada, should have re-convened in Winnipeg on January 10, 1922, but for some unknown reason the meeting has been postponed by the request of the Army and Navy Veterans in Canada.

At the Dominion Convention of the Great War Veterans' Association of Canada, which was held in Port Arthur during the week following the conference, the matter occupied the time of nearly three sessions and resulted in almost unanimous approval of the following resolution: "That the most feasible means of laying the foundation of complete amalgamation is that this convention is in favor of a non-sectarian, non-partisan federation of ex-service men's organiza-

and conjoining with the Legion as affiliated bodies, so that, in effect, the British Legion is a federation.

The result of an ill-advised effort to bring about immediate amalgamation can be seen in our own city; some two months ago the Victoria Branch of the G. W. V. A. decided to return their charter to their National Headquarters, understanding that the other ex-service organizations in the city would disband, but they did not do so and consequently we now have in Victoria, instead of six, which we had two months ago.

This situation was foreseen by several prominent returned men here, who advocated the slow and sure route instead of scrapping everything overnight and taking a chance.

There are four organizations which might be considered as representative in Canada.

The oldest of these is the Army and Navy Veterans in Canada, embracing veterans of all wars and men who have had service with permanent forces and militia units.

The Grand Army of United Veterans has expressed itself unreservedly in favor of amalgamation, this action being taken at its convention in Winnipeg last year.

The Great War Veterans' Association of Canada has gone on record by a ninety-seven per cent vote as favoring complete unity, to be achieved in the first instance through

A social gathering was held Saturday evening at the home of Mr. and Mrs. Wm. McKay, Cornwall Street, by a party of young friends of Sydney McKay, to celebrate her birthday. A very enjoyable evening was spent in music and games of various kinds, dainty refreshments being served during the evening by Mrs. McKay, assisted by Miss Flora Hunt. The party consisted of Miss Flora Hunt, Miss Hilda V. Margetts, Miss Iris Peers-Scott, Miss Norma G. Beal, Raymond Hunt, Basil Brooks, Forrest W. Beal, Mr. and Mrs. E. C. Hunt and Mrs. Margetts.

The Victoria Amateur Swimming Club were hosts at a delightful dance at the Elks Club last evening, nearly two hundred swimmers and their friends participating in the gaiety. Ozard's orchestra gave a splendid programme of dancing music, Mr. Hunt and his musicians furnishing the supper "extras." At one o'clock, the time scheduled for closing, the dancers united in a request for an extension of time, dancing continuing until 2 a.m. The great success of the evening was due to the unselfish work of the Social Committee of the V. A. S. C., including Mrs. McAllister, Mrs. Catterall and Mrs. Kennell.

The Friendship Club is still continuing their weekly dances in the K. of P. Hall every Saturday evening and the management feels that there are several people in town who would avail themselves of this pleasant social gathering but are not in possession of invitations, neither do they know where they can obtain them. Anyone who desires an invitation can obtain one by either phoning R. E. Glover at 1105 or addressing the Secretary at the K. of P. Hall. The dances are in charge of a capable committee who spare no efforts to make everyone feel at home

MRS. J. C. BARNACLE RESIGNS REGENCY

Much regret was occasioned at the meeting of the Camosun Chapter I.O.D.E. in the headquarters yesterday afternoon by the announcement of Mrs. J. C. Barnacle, Regent, to the effect that she would not accept nomination for office for the ensuing year. For four years Mrs. Barnacle held vice-regencies and for the past year has been the presiding officer and under her able guidance the Chapter has accomplished much useful work. Nomination of officers were made at the meeting.

Plans for the bridge-tee to be held in aid of the V.O.N. have been left to the new executive to deal with. Correspondence read at the meeting included Christmas greetings from the Municipal Regent, Mrs. Curtis Sampson, and a letter from Miss Agnew thanking the Chapter for its presentation of life membership. A resolution was made that Miss Ravenhill has commenced work on the colors for the 67th Battalion, and the sum of \$100 has been made at the completion of the colors.

The Chapter voted the sum of \$100 as the nucleus of a fund for the furnishing of a room for the new Jubilee Hospital building. The matter of a further donation to the War Memorial was discussed and the Chapter, which has already subscribed more than its quota will forward a letter to the Municipal Chapter suggesting that in the near future an entertainment be held on a large scale to raise Victoria's full quota to the fund.

The Regent expressed the Chapter's thanks to Mrs. Wriglesworth and Mrs. Kippen for their care of soldiers' graves at Christmas. Mrs. J. Chambers was enrolled as a new member.

PROVINCIAL TROOPS TO BE REPRESENTED HERE ON SATURDAY

Commissioners, captains and representatives of Girl Guide companies from Vancouver, New Westminster, Burnaby, Prince Rupert, Nanaimo, Duncan, Metchosin, Sooke and other provincial points have been invited to attend the annual conference of the Canadian Guides in British Columbia to be held in the I. O. D. E. headquarters in this city on Saturday at 2 o'clock.

The Divisional Commissioner, Mrs. Tyrell Godman, and the District Commissioner, Miss Leighton, are in charge of the arrangements. The programme will include the business meeting at 2 o'clock after which those taking part have been invited to tea at Government House by Mrs. W. C. Nichol, provisional Provincial Commissioner for British Columbia.

In the evening at headquarters, Stadacona Park, addresses will be given by the Commissioner, also an entertainment by local Guides.

Church parades will be held for all Guides and officers on Sunday, January 22.

All those interested in the Guide movement are cordially invited to attend the conference, and it is hoped that as many parents of Guides as possible will be present.

TO HOLD DANCE IN AID FRIENDLY HELP

C.P.R. Social Club to Be Hosts at Empress Thursday

The Canadian Pacific Railway Social and Athletic Club were the hosts at a friendly game held in the comfortable dining room of the Empress Hotel on Friday evening. It was a very enjoyable affair, thirty-four tables being in play. The highest score, 28, was made at two tables, so a representative of each, Miss Key and Mrs. Edwards, "cut the deck" at the lower cut being the winner, while the loser got second prize. The following was the final result: 1st, Mrs. Edwards, Mrs. Fulton, Messrs. Hogan and D. C. Robertson; 2nd, Miss Key, Mrs. Barber, Mrs. Kilpatrick and Mr. T. Miller. Some excitement followed when the parcels containing the booty prizes were unwrapped by the winners Mrs. Reah, Mrs. Chinnerall, Messrs. Wilby and J. Waters. The ten bid, recognised after the tenth game, had been played, was made at six tables and the result of the cut game the prize to Miss Robertson and Mrs. Butterfield.

It was the intention of the Card Committee to hold another game this week, but the Club is holding a dance in the Empress Hotel on Thursday evening, accordingly the card game has been cancelled. The dance is under the distinguished patronage of the Lieutenant-Governor and Premier Oliver, and the proceeds, after expenses have been paid, are to be handed over to the Friendly Help to assist in their charitable work. Dancing will start at 9 o'clock and continue till 2 o'clock, while the orchestra will be under the able baton of Professor Ozard. A buffet supper is being arranged by the Empress Hotel management.

The Dance Committee report that the tickets, of which there are only a limited number, are being eagerly

DISRAELI IN FILM PICTURE

Famous British Conservative Leader Shown at Peak of Career

George Arliss in "Disraeli" is at the Dominion Theatre. This is the picture upon which this distinguished star of the legitimate stage has lavished so much of his personal care and attention, and those who retain memories of the great stage production of this play will expect some great things. "Disraeli" was given its first stage presentation in 1911, and for nearly six years it ran continuously, in the big cities, and on tour. The drama was written by Louis N. Parker, and translated into a "script" for Director Henry Kolker by Forrest Halsey. "Disraeli" is not an historical play in any sense. The author has given

AMUSEMENTS TO-DAY

Variety—"Partners of the Night."
Columbia—"The Thunderbolt."

us a charming view of the life and times of Mr. Disraeli, but the story of the play is very fanciful, and designed to show something of the prejudice of English aristocracy against the distinguished Jew, who on two occasions was appointed by Queen Victoria to be her Prime Minister. The story of "Disraeli" relates to the purchase by England of the Suez Canal as a means of defending India. There was no doubt but that Russia also wanted the canal. The "plot" surrounds Disraeli with many spies one of them a charming English woman, but the cleverness of the Prime Minister is shown as he upsets all of the plans of the Russians and compels the Bank of England to get back on his plan until Parliament meets and votes the money necessary for the purchase.

Two parallel love stories run through the photoplay. The attachment between Disraeli and his wife, Lady Beaconsfield, is one of the great love affairs of all times, and the scenes between little Clarissa, Louise Huff, and Viscount Deeford, Reginald Denny, will be found to be among the most charming ever seen on the screen.

As a result of photographing many of the exterior scenes at the beautiful residence of Mr. George D. Pratt at Glen Cove, Long Island, it is possible to promise a sequence of scenes that are among the most beautiful thus far obtained for the princely residences of America. All of the "sets" are gorgeous.

CAPITOL

Margaret Seddon, who plays the part of the mother in "Just Around the Corner," a Cosmopolitan-Paramount picture, which Frances Marion directed and wrote from a story by Fennie Hurst, hurried from Porto Rico to New York to appear in this picture. Miss Seddon, who was playing in another production in Porto Rico, received a cable from Cosmopolitan Productions returning her as speedily as possible because she was considered ideally suited to the role.

The actress caught the first ship leaving the island for home but when the vessel arrived in New York harbor it was detained at quarantine because of bubonic plague in Porto Rico. Production on "Just Around the Corner" was held up a few days until Miss Seddon was permitted to land by the health authorities.

"Just Around the Corner" will be presented at the Capitol Theatre all week. It tells the story of a poor East Side family in New York and the return of a worthy successor to "Humoresque" on which Miss Hurst and Miss Marion collaborated.

Besides Miss Seddon there are in the cast: Lewis Sargent, Sigrid Holmquist, Fred C. Thomson, Edward Phillips, Peggy Parr, Mme. Rose Rosanova and William Nally.

VARIETY

The production for Eminent Authors' Pictures, "Partners of the Night," by Leroy Scott, was made in New York. The scenario was prepared by Charles S. Whitaker. It is said that so much material was available in Mr. Scott's novel that another picture will be made from a second set of scenes. A new kind of detective story of New York is promised in the picture, which comes to the Variety Theatre to-day. Leroy Scott points out that Rex Beach has made the background a very interesting part of all his pictures, and taking his cue from that he has played up New York scenes for his first picture. As Mr. Scott says, "New York is to Americans the most wonderful and interesting city in the world. 'Partners of the Night' is a story of one phase of present-day New York life, and I believe, even though I wrote it, that it is an unusually interesting story."

COLUMBIA

Katherine MacDonald, starring in "The Thunderbolt," her initial production for First National Exhibitors' Circuit, which will be seen at the Columbia Theatre to-day, was responsible for nearly breaking up a fashionable dance in Los Angeles recently. When a well-known motion picture star, with whom Miss MacDonald was dancing, responded to the jazz music and began the well-known "shimmie" movement, Miss MacDonald decided to leave the ballroom immediately. A surprised hostess hurriedly ordered all "shimmie" dancing cancelled from the programmes.

ROYAL PRESENTS

"QUEEN OF SHEBA"

Wonderful Spectacle of Oriental Magnificence Is Here

In keeping with all the accounts and traditions of splendor and magnificence attending the arrival of the Queen of Sheba at the court of King Solomon, more than three thousand years ago, is the spectacular photodrama "Queen of Sheba," which opened a run at the Royal Victoria Theatre last night. The sensational success of this remarkable William Fox super-special in its opening run on Broadway, New York, is easily understood by all who see the picture.

Scene after scene of extraordinary power and splendor kept the audience gasping with surprise and admiration, and more than once cheering was heard—a thing to which motion picture audiences are not prone except when profoundly stirred.

Betty Blythe was a regally beautiful Sheba, Fritz Lieber an effective and convincing King Solomon, Neil Craig a dashing and fascinating Princess Vashti, and other members of the notable cast gave excellent portrayals.

As a stupendous spectacle, "Queen of Sheba" is unsurpassed. As a photoplay presenting a great love story with the utmost power of appeal, it is a dramatic triumph of the screen. William Fox, J. Gordon Edwards, the director, and all others who have had the privilege of taking part in the production of "Queen of Sheba," or presenting it to motion picture patrons, are entitled to be congratulated heartily. "Queen of Sheba" will be remembered long after most of the screen specials of the season are forgotten.

"CAMOUFLAGE" IS TO COME MONDAY

The famous fourth division "Maple Leafs" theatrical unit are now on a home coming tour of Canada, presenting their greatest overseas musical comedy success, "Camouflage," which they will offer at the Royal Theatre for two nights, commencing Monday, January 23.

This clever aggregation of all-soldier talent are touring under the direction of Captain M. W. Plunkett, whose "Dumbells" proved the big sensation of the Canadian theatrical world last season.

The "Maple Leafs" company includes a number of wonderful "girls" of all types, from the baby "vamp" to the grand society dame, and the piece derives its title from the way they fool the boys.

There are some twenty brilliant musical numbers interspersed throughout the action, while the costuming and staging leaves nothing to be desired.

Frank Shannon, in "The Bride's Play," starring Marion Davies, and "Boonaroo," with Lionel Barrymore, is scoring a great success in Eugene O'Neill's stageplay, "Anna Christie," in New York.

Children over-growing their strength.

When children grow very rapidly, it frequently happens that the bodily demand for food is greater than the ability to digest it.

The anæmic and weakly condition—not quite ill-health—which results, is medically described as "Malnutrition."

To overcome malnutrition, Doctors prescribe

in addition to the ordinary food. A cupful between meals and at bed-time is of the utmost benefit.

Benger's Food gives the extra bodily nutrition required, but places no extra task upon a child's digestion.

Benger's Food is obtainable from all Chemists, Stores and Dealers.

Benger's 64-page Booklet deals with this and many of the problems of feeding which mothers encounter. Copy may be obtained, post free, on application.

CO-OPERATIVE MISSION PROVES GREAT SUCCESS

Notable Services at Wesley Church on Sunday

There was a large attendance in the auditorium of Wesley Methodist Church last Sunday afternoon. W. H. McDonald, superintendent of St. Paul's Presbyterian Church Sunday School, presiding, W. Dunnington conducted a bright song service, which the young people thoroughly enjoyed. Rev. D. N. McLachlan, who is never better than when addressing young Canadians, received close attention throughout an interesting and impressive address.

The united service in Wesley Church in the evening is generally conceded to have reached the highest altitude in impressiveness and spiritual power since the commencement of the Mission. The large and well balanced volunteer choir sang as never before. The spirit of the movement is spreading and deepening; while there is little excitement, intense interest and enthusiasm prevail. Taking for his text Amos 5:4, "Seek ye Me and ye shall live," Mr. McLachlan preached a sermon of great doctrinal and practical importance.

The missionaries have no personal interest in the offerings taken at the church. There are marked for interdenominational settlement work in the down town districts of great cities; fresh air work for tired, troubled and poverty-stricken mothers; and work for the aged, underfed and sick children, and redemptive work for girls sorply in need of friends.

The members of the two co-operative churches have been drawn very closely together in this special effort. Mere denominational and congregational aspirations being laid aside, the social and spiritual needs of the community and of the world are pressing upon the hearts of the people, and stressed in every meeting.

At 8 o'clock every evening this week, except Saturday, the meetings will be held in Wesley Church, where also next Lord's Day a young people's service will be held in the afternoon, and a general meeting at 7.30. This meeting will close the Mission but all indications point to the probable necessity for the continuance of evangelistic co-operative effort in the district. The work in the judgment of many is only begun.

IF BACKACHE OR KIDNEYS BOTHER

Get Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse the kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clear and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. (Adv't.)

WOMEN'S INSTITUTE.

Sayward, Jan. 8.—The inaugural meeting of the Sayward Women's Institute was held in the schoolhouse on January 7. The meeting was well attended, notwithstanding the bad weather conditions, and a number of visitors were present. Directors were elected as follows: Mrs. J. Dalis, president; Mrs. O. Skogan, vice-president; Mrs. A. Brown, sec. treas.; Mrs. C. Collett and Mrs. J. Long. Mrs. J. E. Armishaw was elected auditor.

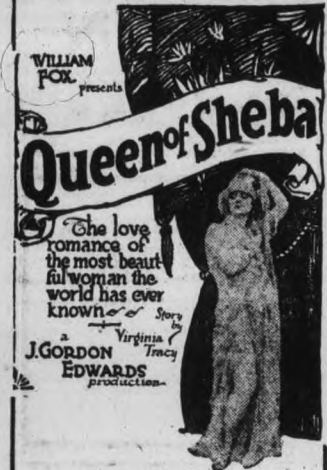

Mrs. George Armishaw was elected publicity agent. Mrs. O. Skogan was elected delegate to attend any meetings held in Victoria, or in any other place it might be found necessary to attend a delegate during the year. Alternative delegates chosen were, Mrs. S. Hinder, Mrs. C. Collett. The full programme for the year's work was arranged, and a meeting of the directors followed at the close of the meeting.

The next annual meeting is to be held one month from date, or thereafter.

NONAGENARIAN PIONEER OF NORTH HERE

Has Been Wanderer About Province Since Rush of 1858

Victoria entertains a real pioneer of pioneers in the conquest of the wilderness in British Columbia who is now at the Dominion Hotel in the person of Jean Caux, or as he is now familiarly known in the north "Cataline," a veteran of 92 years of age, who came from the Pyrenees to California at the time of the gold rush, and after various adventures there proceeded to Victoria with the flow of miners from San Francisco in 1858 going thence to the Fraser River.

In a chat with a Times man last evening, the veteran explained in a mixture of English and French, basque patois and Chinook, something of the character of the life he has lived in the woods, when he had the sky for a roof, and the animals of the forest for his nocturnal companions.

Mr. Caux has a venerable appearance, and his striking personality would make him a man to be noted in any company, his locks grown grey in many weathers. He told The Times that most of his time in this province had been spent in purchasing and dealing in freight animals, and in handling supplies for all classes of people. Many of the people whose record and history are familiar in every household were known to him personally during the long years he has lived in the province.

There were other things he did not tell, but which are known to Hazelton people now in the city, for in and around Hazelton he has made his headquarters for the past eleven years. This man, who shows that the veteran has used his skill in many ways. He has been a terror to evildoers, and has captured men who have successfully defied the police.

He is now visiting a relative here.

KNIGHTS OF THISTLE PLAN CELEBRATION OF BURNS' ANNIVERSARY

The Knights of the Thistle have completed their arrangements for the big night's celebration of Scotland's immortal Bard, and can assure everybody attending a grand Scotch night. A. McCloy will be the chairman, J. G. Brown the originator of Burns' concerts here will be ably assisted by Mrs. Morton, contralto; Mrs. Ogilvy, mezzo soprano; Miss Isa Taylor, soprano; Jean Wallace, juvenile vocalist; Bob Morrison, Scottish gold medallist; J. N. Pindlay, tenor; John Graham, tenor, from New Westminster; D. W. Ogilvy, basso; R. B. Law, violinist, and D. Wallace, accompanist.

The next annual meeting is to be held one month from date, or thereafter.

The supper arrangements are in the capable hands of Mrs. J. Nicol, who is leaving nothing undone to make this end of the affair a huge success. The tickets can be had from Fyrie Bros., Tailors and Diroms Horse Shoe Cigar Stand, Government Street, or any of the members.

A dance will follow for which Wallace's four-piece orchestra has been engaged.

THIN FRAIL PEOPLE SHOULD TAKE TANLAC

Hundreds of Men and Women in Victoria Appear To Be Physical Wrecks Simply Because Their Systems Are Starving for Nourishment.

There are hundreds of thin, run-down, nervous men and women right here in Victoria who should be strong, sturdy and vigorous, with rich, red blood tingling through their veins and feeling brimful of life and energy, if they would only profit by the experience of others all over the United States and Canada, and assist nature to digest the food they eat, by simply taking Tanlac.

Millions of people have not only been relieved of the most obstinate forms of dyspepsia and indigestion by Tanlac after other remedies have failed, but large numbers of them have reported a remarkable and rapid increase in weight and a return to normal health and strength by its use.

sons, the patient becomes thin and pale and in time various complications are apt to result.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by aiding nature to eliminate the impurities from the system in a natural way and enable the vital organs to properly perform their functions. That is why it is called Nature's Medicine.

In fact, so phenomenal have been the gains in weight by thin, frail people through the use of Tanlac that this remarkable preparation is now being proclaimed everywhere as the World's Greatest Tonic.

In fact, there is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs thereby enriching the blood and invigorating the entire system. Next it converts the food, worn-out stomach to thoroughly digest its food and convert the nourishing elements into bone, blood and muscle. The result is you feel strong, sturdy and well with the proper amount of flesh, and Tanlac intended.

Tanlac is sold in Victoria by The Owl Drug Co. and all other druggists everywhere.

SHIPPING NEWS FROM DAY TO DAY

FOOD BY THE TON WILL BE CONSUMED ON SINGLE VOYAGE

Majestic Will Carry 75 Tons of Meat to Satisfy Passengers' Appetites

Food by the ton will be required to stock the larder of the world's largest liner, the 56,000-ton Majestic, for her first round voyage across the Atlantic, in the coming Spring, according to a victualling list just received by the New York managers of the White Star Line, to which the ship belongs.

This list shows that in spite of staggering quantities of food that have been taken on great liners of the past, the Majestic will carry more for a single round trip across the ocean than any other vessel ever built.

Figures based on the full number of passengers which the ship can carry at 1,000 tons, 4,100 and a crew of 1,000, show that to feed 6,100 people for a single round trip it will be necessary to stock the ship's refrigerators with 75 tons of meats, besides 10 tons of bacon and hams, 28 tons of fish and 18 tons of poultry.

There will also be included in the stores for a voyage 1,000 each of plover, quail, snipe and a crew of 1,000, show that to feed 6,100 people for a single round trip it will be necessary to stock the ship's refrigerators with 75 tons of meats, besides 10 tons of bacon and hams, 28 tons of fish and 18 tons of poultry.

The vegetables to be served with these supplies will include about 30 tons of potatoes, 7 tons of carrots and turnips, and about 10 tons of cabbage, besides several tons of onions and miscellaneous vegetables, including 1,600 pounds of hot-house tomatoes.

Fruit for the voyage will include 600 boxes of apples, 400 boxes of oranges, 60 boxes of pears, and one ton of hot-house grapes.

For desserts there will be one ton of ice cream and of jams and marmalades to be served at breakfast and tea there will be three tons.

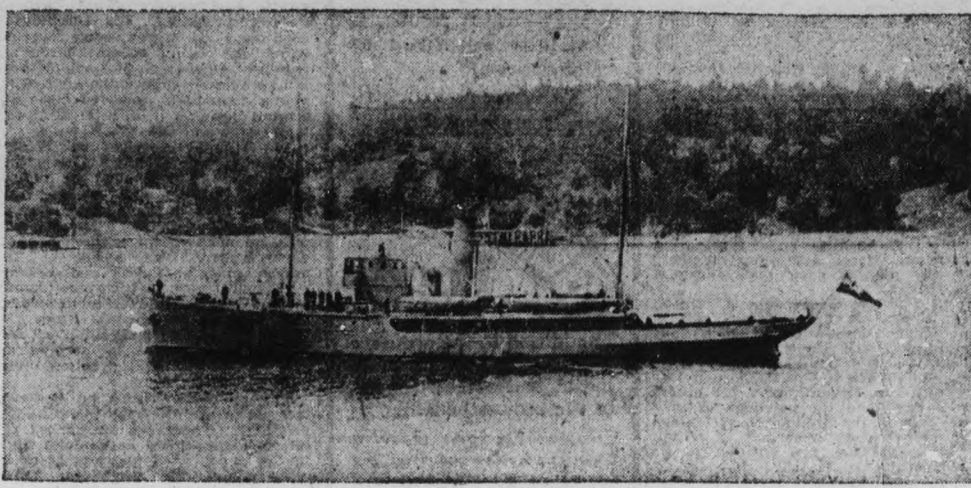

To supply the ship's tables with bread and pastry 35 tons of flour will be required for each round voyage. The list of supplies calls also for eight tons of sugar and five tons of butter per voyage, besides three tons of tea and coffee, 80,000 eggs and 500 gallons of milk.

There will be put on board each voyage 80,000 bottles of ale and stout, 1,000 quarts, 1,300 pints of champagne, 1,000 quarts, 1,300 pints of other wines, 4,000 bottles of whiskey, brandy and gin, and 300 bottles of liquors.

Smokers on board will be fortified with a supply of 250,000 cigarettes and 2,240 pounds of tobacco per voyage.

INNER HARBOR BODY TO MEET

Sixteenth Annual Meeting of Inner Harbor Association Set For To-morrow

The Inner Harbor Association will hold its sixteenth annual meeting at 3 o'clock to-morrow afternoon in the Directors' room of the Victoria Chamber of Commerce, Arcade Building.

Officers will be elected for the ensuing year.

New Business. Important business to be discussed will be the suggestion that the Canadian National Railway connect up the Ogden Point docks with the tracks of the B. C. Electric Railway and the Esquimalt & Nanaimo and Canadian National railways, on certain terms, with a view to "fostering the trade and industries of the port and promoting general transportation facilities."

The fifteenth annual report will be read by Thos. C. Sorby, secretary.

The report in part is as follows: The old, tortuous entrance to the Inner Harbor has been straightened and widened from Songhees (or Hospital) Point, westwards, forming a channel with a minimum width of about 600 feet, 20 feet deep at zero low water. This great work of development is now being followed up by continuing the removal of Hospital Rock, which fouls a large area of water on the east side of Songhees (or Hospital) Point. This is the natural turning area of the numerous passenger steamers docking at the wharves of the Canadian Pacific Railway and the Canadian Northern Railway, the Puget Sound Navigation Company, and others.

The southerly approach to the new Johnson Street Bridge has recently been improved by the Department by the removal of the easterly portion of Discovery Rock, which abutted into the Channel, and the approach at this point is now clear. The dredging required through the bascule opening of the new bridge will have to remain in abeyance until the existing railway bridge has been removed.

Turning Basin. The work of deepening the turning basin, involving the removal of approximately 100,000 cubic yards of clay and rock, is now in progress, and also the removal of shoal spots in the fairway west of Songhees Point, etc., where required to maintain the harbor grade to 20 feet below low water mark.

To give an idea of the extensive work accomplished by the Department in the way of Harbor improvements, it must be stated that recently 3,000,000 cubic yards of rock, hard pan, mud and gravel have, so far, been removed, at a cost of upwards of \$1,500,000.

To the casual observer this is not visible, but the steady work of the last 15 years has accomplished more for the Port of Victoria than can be appreciated. Vessels up to 400 feet in length can now navigate these waters in safety.

Industrial Development. The southern side of the old Songhees Reserve, between Songhees Point and Colville Island, presents a logical area for future industrial development, with the probable reclamation of the area bounded by the wharf head-lines approved by the Government, as shown upon the map in the Order-in-Council dated 15th May, 1914. This stretch of land, with the railway facilities on the north and the wharf frontage to the south of about 2,500 feet (in 20 feet of water), when developed presents first class advantages for manufacturing purposes that can hardly be long neglected. The sequel to this would involve the completion of the "North West Passage" (north of Pelly Island), to a width of 200 to 300 feet, as might be determined by the nature of the bottom. A small portion of this has already been dredged by the "Ajax." These industrial sites are to be let on lease by the Provincial Government on favorable terms.

Taking the tonnage of the shipping calling at the Outer Wharf and entering the Inner Harbor together, the entries and departures from the Port of Victoria total no less than 2,037,051 tons departures and 1,866,194 tons arrivals, a total of 3,903,245, ranking on a par with Montreal (\$,716,126), and Vancouver (\$,576,866), and as such is entitled to a proportional claim on the public funds for works of development.

AWARD TO SEIZED SEALING VESSELS

Final award has been handed down by the U. S. Sealing Arbitration Tribunal in the case of the Victoria schooners Jessie, Thomas F. Bayard and Pescawa, which are awarded respectively \$1,544, \$1,750 and \$1,500.

The three vessels were seized in June, 1909, Oscar C. Bass, of Victoria, acted as counsel for the claimants, and J. R. Clark for the United States. The claims, presented by the British Government, were: Jessie, \$38,700; Thomas F. Bayard, \$51,628; Pescawa, \$51,611.80, with interest retroactive from June 23, 1909.

CANADIAN MERCHANT MARINE IS WHOLLY CANADIAN INSTITUTION

The Canadian Merchant Marine is a Canadian institution—built with Canadian money—operated to further and facilitate the foreign commerce of this country. Somehow or other a report was circulated to the effect that "outsiders" were employed by the Canadian Merchant Marine to the exclusion of Canadians and British subjects. In denial of this report, the management of the Canadian Merchant Marine, in a statement that of the 1,574 employees on the payroll at December 31, 1920 exactly half were Canadians by birth or adoption and the balance were of British birth. It is the invariable practice of the management to employ only British subjects in the management and operation of this government-owned line of steamships.

RALEIGH CREATES GOOD IMPRESSION AT SAN FRANCISCO

San Francisco, Jan. 17.—The light cruiser Raleigh, flying the flag of Vice-Admiral Sir William Pakenham, attracted thousands of admiring visitors to pier 39 yesterday afternoon. Except for an order for bidding cameras aboard, there were no restrictions imposed on the steady stream of San Franciscans who inspected the warship, which was voted to be an imposing sea fighter, spoke to the layman's eye. The Raleigh is called a light cruiser, but in reality she creates a new classification. She is anything but light, being of great length, 432 feet, with a displacement of 2,750 tons and having a speed of 32 knots.

TYNDAREUS BOUND HERE FROM ORIENT

The Blue Funnel Line steamship Tyndareus sailed from Yokohama January 13, according to advices received by Henry Davidson, agent for the Blue Funnel Line here. The Tyndareus is expected to arrive at this port January 26. She will sail outward February 17.

Winnipeg, Jan. 17.—Two men entered the North End branch of the Provincial Government's savings bank here at noon to-day, tied the cashier to a chair and escaped with a sum estimated at from \$1,500 to \$3,000.

MOERDIJK IS HERE UNLOADING FREIGHT

The Holland-American freighter Moerdijk is in port to-day discharging 200 tons of United Kingdom freight. She arrived at noon from Vancouver, where she has been loading 7,000 tons of grain, the largest single shipment of the season, for the United Kingdom. In addition to her grain cargo the Moerdijk is carrying lumber and fish for Continental ports. While here the Moerdijk will load small shipments of general freight and settlers' effects for delivery in England.

TOOK OIL FUEL HERE

After taking on fuel oil at Esquimalt, the freighter City of Victoria, of the British Canadian Steamships Ltd., cleared about 8 o'clock last night for Vancouver. The City of Victoria had a rough passage across the Pacific.

LECH KATRINE COMING

Findlay, Durham & Brodie, agents for the joint service maintained by the Royal Mail and the Holland-American lines, announce that the Lech Katrine, on her maiden voyage, is scheduled to sail from London February 1 for North Pacific ports, including Victoria.

The Nicerthy, of the Royal Mail Line, is now loading on the coast, but will not come to Victoria this trip. A sister vessel, the Narenta, is coming out from the United Kingdom to load 100,000 boxes of apples on this coast. She will arrive about the middle of February. The Nicerthy is taking out 120,000 boxes of apples, the greatest apple cargo ever carried from the Pacific Northwest.

SILVER STATE IS DUE ON THURSDAY

The Admiral Line steamship Silver State, inbound from the Orient, reported to-day that she would reach Victoria on Thursday. The Silver State did not give her position, but is expected to reach here early on Thursday next.

INQUIRY LIKELY INTO COLLISION

Wreck Commissioner Awaits Instructions to Hold Investigation

That an investigation will be held into the causes of the collision between the C. P. R. steamship Princess Royal and the B. C. tug Clinton, which occurred near the entrance to the Vancouver Narrows Saturday midnight, resulting in the loss of the Clinton, is the opinion of Capt. J. D. Macpherson, wreck commissioner for British Columbia.

Capt. Thomas Rippon was in command of the Princess Royal, which cut into the Clinton, commanded by Capt. L. H. Fraser.

Conforming with the customary procedure, following marine mishaps, Capt. C. D. Neroutsof, marine superintendent of the B. C. Coast Steamship Service, has submitted a report on the accident to the wreck commissioner.

No action will be taken by the wreck commissioner, however, pending instructions from the Department of Marine at Ottawa. In the event of an investigation being ordered, the inquiry will doubtless be held at Vancouver, as the collision took place in Burrard Inlet. It is probable that an inquiry will be held into the Princess Mary-Wakena mishap.

NEW ELECTION SEEMS ONLY WAY OUT FOR SAANICH

(Continued from page 1.)

The Situation. There is a general misunderstanding as to the error which has resulted in this impasse in Saanich, the following being a brief summary of the situation, as given by officials to "The Times."

The Municipal Election Act 1911 contained in clause 38 a requirement that candidates, if required at the time of the formal nominations before the Returning Officer, if a demand is made, shall lodge a declaration as to ownership of specified property on which they have their claim to qualification. This clause was amended in 1917 to eliminate this demand feature there being substituted a new clause 70, which makes the filing obligatory.

At all the succeeding elections since this amendment was enacted this procedure has been operative, but this year, when the time arrived for declaration filing, it was remarked that clause 38 had been amended and Returning Officer Sewell failed to recall the substitution of the compulsory clause as to declarations.

The argument advanced by the legal advisers of Saanich, when appearing before Premier Oliver, is that Section 94 of the Municipal Act provides a satisfactory way out of the

difficulty in view of the fact that none of the contestants for any office has been injured, all being on equal footing in regard to qualification certificates. This clause provides "The Lieutenant-Governor in Council" may cause to be adopted any measures necessary for the removal of any obstacle to giving effect to the expressed will of the people.

No Fear For Future. An interesting misconception is affixed that, if there is not a new election there is a possibility that in after years there will be a whole when the actions of the Reeve and Councilors elected last week may be successfully protested, with disastrous effects to Saanich as a whole.

Such a contingency cannot arise however, as Sections 493 and 493 A of the Municipal Act protect the ratepayers from any mischief caused by suit based on non-compliance with Clause 70 of the Municipal Elections Act.

It was this aspect of affairs which yesterday induced a delegation of ratepayers, headed by H. H. Grist and G. Robinson, to visit the Parliament Buildings, their desire being Municipal safety rather than a new election.

Had Namesake Here.—Wm. N. Mears, of Boston, in writing the Victoria and Island Development Association for information regarding the island, mentions the fact that Captain John Mears spent the Winter at Nootka Sound in 1788, where the Northwest America, the first vessel constructed on the Pacific, was built. The association is receiving a large number of inquiries from all parts of the world and publicity matter is being distributed covering all phases of Victoria and Island attractions.

No Appetite

Nervous exhaustion leads to distaste for food. As the nerves of the stomach are weak, digestion fails and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes:

"I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For sixteen months I ate nothing but Shredded Wheat biscuits, as I dare not eat anything else. I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally, I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

TONS OF DOCUMENTS TO GO UP IN SMOKE

Finance Committee Plans to Clear Out City Vaults

Thousands of dusty old papers, bearing the secrets of Victoria's civic administration for years past, will go up in smoke within a few days.

Preparations for clearing from the vaults of the City Hall all documents which are too old to be any use were put under way to-day. Late this week, or at the beginning of next week, a big bonfire of ancient stationery will be started. It will take considerable time to clear out all the old documents, as city officials in charge of the job will have to be careful not to destroy records which the City Council might wish to resurrect suddenly. It is expected, however, that several tons of papers and old books will be crammed into the City Hall furnace and put beyond the control even of the Mayor and Aldermen.

This housecleaning plan is one of the new Finance Committee's ideas. The committee wishes not only to clear out City Hall vaults and shelves but believes also that valuable files, at present filled with useless papers, will be discovered and used for filing away documents relating to modern civic history. In this way, it is hoped, expenses for office equipment will be cut down to a minimum.

CITY STARTS WORK ON TRUNK HIGHWAYS

Surfacing Hillside and Shelbourne Street; Start Wood Cutting

Following lengthy negotiations between the city and the Provincial Government, gangs of unemployed men have been put to work surfacing portions of Hillside Avenue and Shelbourne Street, City Engineer F. M. Preston announces to-day. The macadam base is being laid on these thoroughfares, and the surface will be like that laid on Oak Bay Avenue from Oak Bay Junction to Fowl Bay Road.

An extensive "trial" laying programme involving the improvement of small streets in various districts of the city also has been started. Mr. Preston stated under this programme practically all the "trials" required at present will be laid.

Altogether about 130 men are being employed in this work, Mr. Preston explained.

Money required for the work will come out of the city's general revenue for this year. The money is being set aside as a separate fund for each separate job. How much will be spent altogether has not been decided yet.

The new wood cutting "work test" which the civic authorities have decided to put into effect will be started here this afternoon or to-morrow morning, Alderman E. S. Woodward, Chairman of the Civic Finance Committee, announced to-day. Under this plan all men applying for relief at the City Hall will be given an opportunity to cut up cord wood on vacant land on Herald Street. For each cord of wood cut they will receive food and other necessities valued at \$2.50. This scheme will be put into operation to provide work for those men whom the city cannot employ on its street work, Alderman Woodward explained.

CITY LIGHTING COSTS ARE LOW

Arc and Cluster Lights Consume Power Costing \$19,365

How much it cost to light Victoria's streets last year is explained in the annual report of Mr. Hutchison, City Electrician, which was made public to-day.

The arc lights of the City operated 3,750 hours last year. The cost of power consumed amounted to \$14,275, the report states. The cluster light system operated 3,850 hours and consumed power costing \$5,090. The street lighting system now consists of 925 arc lamps and 1,010 cluster light standards, Mr. Hutchison explained.

The cluster light system, which is one of the most attractive city services, was operated very satisfactorily last year, the report says. The system is operated as a work of local improvement and all maintenance charges, except power supply, are a direct charge against the property benefited. As stated, the power last year cost \$6,990 and the other charges amounted to \$8,452. The total cost per lamp standard was \$6.46.

"The cost of maintenance is exceedingly low," Mr. Hutchison declares. "Data gathered from various sources indicate that the cost is far below the average for this class of lighting."

Regarding the matter of future improvements I would say that there would be no difficulty in presenting a list of recommendations, but in the present price of equipment and particularly underground cable are such as to warrant postponement of construction work," Mr. Hutchison adds. "I would therefore recommend continuation of the policy of gradual extension and that improvements be confined to the present program of titles for the economical maintenance of the equipment at present in service."

WEAK HEART NERVES BADLY SHATTERED

Many a woman who should be strong and healthy, full of life and energy is bound by the shackles of ill-health.

Some disease or constitutional disturbance has left its mark in the form of a weak heart, shattered nerves, impoverished blood and an exhausted condition of the whole system.

MILBURN'S HEART AND NERVE PILLS

they will find a remedy that will supply food for the exhausted nerves, one that will strengthen and regulate the weak heart and invigorate the whole system.

Mrs. W. W. Pearce, 14 Seaton St., Toronto, Ont., writes: "I was left with a weak heart and in a run down condition from the 'flu.' My nerves were badly shattered, and I had such pains around my heart I could not sleep much at night. I took several doctors' medicines without getting any better. My husband got me to try Milburn's Heart and Nerve Pills, and after I took one box I got relief, and after taking six boxes I have been well and not bothered since."

COURT OF APPEAL CONCLUDES HEARING

Judgment Reserved in Expropriation Case

Judgment was reserved by the Court of Appeal to-day on the question whether or not it had jurisdiction to hear an appeal in the arbitration proceedings relating to the expropriation of a lot owned by the late Solomon Weaver for use in the construction of the Ballantyne dock in Vancouver, details of which were published in The Times yesterday.

The next case on the preliminary list is that of Gillespie vs. Charlie Fong Song in which the defendant is the appellant. The appeal is taken from a judgment of Mr. Justice Morrison.

TUNNEY NOW WANTS BOUT WITH GEORGES

New American Light-heavy-weight King Sends Challenge to Carpentier

Rickard May Stage Bout Between These Former Soldiers Next July 4 in U. S.

New York, Jan. 17.—Young Gene Tunney, the first of the army trio—Tunney, Bob Martin and Bob Roper—to amount to much in the ring, will go right after Georges Carpentier. Tunney doesn't claim to be bad medicine or tough turkey, but fighting is his business, and he just reckons he might bust the chip-strap that holds the world's light-heavyweight diadem firm on the Frenchman's blonde coiffure. He doesn't say he would—he reckons he might.

Frank Bagley, manager of Tunney, meets Tex Rickard today to discuss the chances of putting Gene into the ring with Carpentier, perhaps at Jersey City next July 4. Any way, Tunney sent a personal cablegram to Carpentier, yesterday, demanding that Georges give him a fight for the world's light-heavyweight championship.

High-Sounding Name. Tunney got \$4,376 for defeating Levinsky. The battle received \$8,200. Incidentally, Tunney has decided to be known no longer as Gene but as James J. Tunney, his true name. He like the sound of James J., for it snaps Corbett and Jeffries.

Tunney now has a far stronger claim to a fight with Carpentier than Tom Gibbons has, although Tommy is matched to battle the Frenchman some time this winter or next Spring. Gibbons, having signed for very big money to fight Carpentier, took to playing the safe game, boxing set-ups for moderate money in small cities.

Tunney is described as a murderous puncher, but he is not as rough as that. His friends seem to have been carried away by the way he clipped Eddie O'Hara on the chin for a knockout a few weeks ago.

Assuming that the Carpentier-Levinsky fight was on the square, Carpentier just played with Levinsky and beat him in the fourth round. Tunney used every thing he had to get a decision over him in twelve rounds.

LOCAL NEWSPAPERS ORGANIZE IN SPORTS

New Club Is Formed and Enthusiasm Is Aroused Amongst Newsboys

At a meeting held last night in the Victoria office, the sporting element of the two Victoria newspapers organized under one banner and chose as their colors blue and white. From now on the new body will be known as the Victoria Athletic Club.

The combined forces of the two papers provides a larger field from which to pick players for various sports. A tentative list of members was drawn up and discussed. The combined forces of the two papers provides a larger field from which to pick players for various sports.

Millionaires Piled Up Score Record of Season Against Mets

Vancouver Ran In 10 Goals While Seattle Was Annexing Three; Mets Tried Hard and Fought Gently But Cook's Clan Was Invincible on the Defence and Deadly In Shooting, Especially In Last Ten Minutes

Vancouver, Jan. 17.—Vancouver slipped back into the lead in the coast hockey race last night, by trimming Seattle 10-3 in the heaviest scoring bee in several seasons, and sweetening their averages with four points apiece. Mickey Mackay and chunky Jack Adams galloped into the lead in the race for individual scoring honors. To-day they head the field with 18 points each. The champions are half a game to the merry in the pennant fight and if Seattle can frisk Victoria in to-morrow's match the Millionaires will have a comfortable, although not a commanding lead, in the scrap for the elusive gonfalon.

Brilliant Individual Performances. With some routing combination rushes by the Millionaires featured last night's contest. The Mets grabbed the opening counter 11 minutes after the start. Seattle 1, Vancouver got three more to Seattle's one in the second frame and in the last session again outscored the Mets, gathering in five goals while the opposition was snaring one.

Not One-Sided. The final score, 10-3, would indicate a one-sided argument, but it was anything but that. The Mets fighting gamely all through the proceedings but, the champions, quick on the breakaway, invincible on the defence and deadly in their shooting. The Mets did not make a goal until the fifth minute. They rang up five counters and had the visitors yelling for help. It was a complete rout. "Hap" Holmes played good enough for his goal but the Vancouver came at him from all angles and so frequently that he could not have accomplished much more with half a dozen sticks. Rowe also did well, but they took an awful mauling.

Riley playing on defence seemed a little lost, but shone each time he captured the puck and staged one of his dashing rushes. The big fellow worked heroically to save the fortunes of his team, maintaining the terrific pace he set himself through 50 minutes of heart-breaking effort. Rowe also did well, but they took an awful mauling.

Went At Wild Clip. In the third period the locals reached the apex of the manly exhibition they gave to-night. Mickey Mackay seemed determined to place himself well ahead of the scoring parade, and worked his hook check to perfection. With the result that he was constantly carrying the battle right into Seattle territory. The first goal he scored in this period he brought from behind the Seattle net, awarded a penalty shot. Fraser tried it, but carried the puck beyond the circle before he shot. Morris took the shot on a second trial but failed to convert.

Cleanest of Season. The game last night was the cleanest played this season. Every man on the ice devoted all his energies to getting the puck, and, as a result, not a single player went to the penalty bench. In the first period Mackay tripped the Seattle net, awarded a penalty shot. Fraser tried it, but carried the puck beyond the circle before he shot. Morris took the shot on a second trial but failed to convert.

The Line-Up. Vancouver—Position: Seattle. Lehman, Goal: Holmes. Cook, R. Defence: Riley. D. Defence: Rowe. MacKay, R. Defence: Walker. Harris, R. Wing: Morris. Adams, Centre: Foyston. Skinner, L. Wing: Briden. Parkes, Utility: Fraser.

Summary. First period—Seattle, Morris from Briden, 11:45; 2, Vancouver, Adams from Harris, 2:33; 3, Vancouver, Adams from Harris, 2:33.

Second period—4, Vancouver, Adams, 0:42; 5, Seattle, Fraser from MacKay, 1:00; 7, Vancouver, Duncan, 12:23.

Third period—8, Vancouver, Skinner from Adams, 8:10; 9, Vancouver, Adams from MacKay, 4:32; 10, Vancouver, Skinner from Duncan, 2:38; 11, Seattle, Fraser, 0:42; 12, Vancouver, Parkes, 2:26; 13, Vancouver, Adams from Cook, 2:07. Final—Vancouver 10, Seattle 3.

Penalties. First period—Penalty shot awarded Seattle (not converted). Second period—None. Third period—None.

Substitutes. First period—Seattle: Fraser for Foyston. Second period—Vancouver: Fraser for Skinner; Briden for Morris; Morris for Fraser; Fraser for Foyston.

BOY SWEEPING ICE KILLED BY A PUCK

Quebec, Jan. 17.—(Canadian Press)—Néree Tremblay, thirteen, of St. Gregoire, near Montmorency Falls, died in his home Sunday night as a result of having been struck on the head with a hockey puck. The lad was sweeping the rink previous to a game and the players were warming up. One of the players shot the puck in the direction of the net and struck the boy. The lad, apparently, was not seriously injured, but he developed a violent headache, and, reaching his home, died shortly afterward.

VICTORIA TENNIS COURTS IMPROVED

Officials Have Effected Important Improvements at Willows This Winter

Courts Now Rank Among Best on Continent; More Cinder and Clay Courts

Many changes have taken place at the Victoria Lawn Tennis Club since play ceased last Fall. A visit to the fine grounds of the premier tennis club in British Columbia, where so many championships have taken place and where so many distinguished exponents of the popular Summer game have taken part in these championships and exhibition matches, will disclose the fact that Victoria has within its city boundaries one of the most up-to-date tennis grounds to be found on this continent.

Opening Games of New League Will Be Played Tomorrow Night at Arena

Eagles Meet Newspaper Team and Weiler's Tangle Up With Hudson's Bay

Made way for the new troupe that has joined the hockey parade. Tomorrow night at the Arena the Victoria Commercial Hockey League will make its formal bow to the public. Five strong teams will make a bid for the championship, which will be designated by a handsome cup which has been donated by the McConnell Brothers.

Tennis Boom Broke Out. In 1920 the popularity of tennis became intense and players became very enthusiastic and played much earlier in the Spring and later in the Fall, and the Victoria Lawn Tennis Club Committee, ever on the alert for the improvement of the game and the provision of every convenience for its members, decided to put down two additional cinder-clay courts, and in February of last year they were completed.

Should Be Good Hockey. While the hockey may not be up to the calibre of the Victoria Senior Amateur League it should be quite interesting and each club should have a big crowd of supporters. The league will run along for six weeks.

Another Cinder-Clay Court. In addition another cinder-clay court has been put down, the original cinder-clay court is now in process of being resurfaced, and when this has been completed the club will have plenty of accommodation for those who desire to play early in the Spring and late in the Fall. With a view to encouraging the betterment of members' play huge practice boards have been erected, 40 feet long and 12 feet high, painted a dark green with a white line two inches broad at the exact height of a tennis net, where the younger players can practice. In front of this board a cinder-clay court has been laid for a distance of 45 feet, and the full width of the board.

Senators Come Back at Vets and Win, and Elks Beat Garrison

Amateurs Show Return to Form and Play Fast Games; Both Losing Teams Seemed to Have Edge on Play But Their Shooting Was Wild at Times and All Shots That Were Dead on Were Cleared by Good Goalies.

Things are warming up in the amateur hockey race. Last night the War Vets took their first trimming of the season, the Senators administering a 4-1 medicine, and the Elks corralled their initial win, wiping their feet on the Garrison for a 2-0 win. As a result of these games there is a tie for first place and another for the cellar honors. The War Vets and Senators each have three wins and one loss to their credit, while the Garrison and Elks stand with one win and three defeats.

The hockey last night was far better than it has been for weeks. The teams plugged along at a fast clip and there appeared to be a combination work, better stick-handling and the goaltending display by Alex Straith and Harry Stuart was of the Lehman order. In fact it was only the sensational work of Straith and Stuart which enabled their teams to turn in wins. On the evening's play the losers in both games seemed to have an edge.

ARIES ARE BAD BOYS OF LEAGUE

Way Out in Front in Team Penalties for First Half of P.C.H.A. Schedule

Bobby Rowe Leads "Badmen"; Vancouver Out in Front in Team Scoring

Victoria's prize Aristocrats are the bad boys of the P. C. H. A., according to the official figures given out yesterday by A. P. Garvey, the league statistician. In twelve games the Aries amassed a total of 27 penalties for 162 minutes. The twenty minutes more than Seattle has received and 31 minutes more than the supposedly "bad" Millionaires.

Something For Variety. Two lively encounters enlivened things during the evening. Jimmie Stewart, of the Garrison, and Hughie Burnett, of the Elks, got to thinking that they had chances of meeting Jack Dempsey and decided to stage the elimination bout right on the old duck pond. First they tried it in the fashion of the old stone age and he wielded their shillahs, but finally they resorted to uppercuts, swings and rabbit punches. The only decision that "Clem" caught in the referee, gave was "three minutes apiece."

Elks Did Very Well. The Elks had to open the game with only five men, neither Burnett nor George being ready to take the ice. As a result the Garrison made every effort to keep the advantage and they peppered the Elks' goal, but Stuart was kicking them out as fast as a rivetting machine. Before the wind had died down, as though the tummies would score, Rivard made an opening and gave Tuckwell a pass right at the goal-mouth, but "Tuck" shot wild.

Temple Scores Again. Bent on evening up the score the Garrison forced the play in the last period and they were the first to start in some hard shot but Harry Stuart left no gaps. After Stewart and Burnett had been sent to the bench to cool off the players rustled along at a great pace and the fans got a surprise when Rip Macdonald tore down the pond and gave Temple a pass for a goal. Rivard got in a wicked shot for the Garrison but Stuart cleared well.

Vets Died Hard. In the second game of the double-header the Vets tried gamely to trip up the Senators for the second time this year, but they were decisively outscored. The play opened very fast and both sides worked hard and checked well. Deidall showed some early speed and went through alone and beat Copas with a fast shot. Miller and Dudley slapped the puck against Straith, while Harry Smith and Deidall raced to the other end but didn't get. Dudley gave Miller a perfect pass in front of the net but Straith came out and fell on the puck. Wickson immediately afterwards tested Straith and Dudley and Miller missed with wild shots.

Billy Miske Wins. New York, Jan. 17.—Billy Miske, veteran light heavyweight, received the verdict of a majority of newspapermen in his twelve-round bout last night with Charley Weinert, of Newark, N. J.

Jacklin, who skinned the net, cracked the upright again with a back-hand shot. Harry Smith then started on his goal-getting bee and hoisted in a shot from the blue line, which Copas did not see. Just before the period closed Straith saved twice from Wickson.

Vets Notch Only Goal. Shortly after the last spasm opened the Vets were rewarded with a goal. Dudley got in close on Straith and counted with a fast shot. Deidall got away on a fast rush but could not score and Straith had to save quickly from an invasion by Wickson and Miller. The Senators decided to wind up with a show of speed and produced some of the hockey which made the champions famous before H. Straith and Stuart. Miller and Smith went the length of the ice on a beautiful combination rush and Harry had Copas at his mercy with a terrific shot. Smith repeated less than a minute after with another of his fast specials. The Vets replied with a hot attack but Straith saved twice from Wickson and once from Miller.

Elks Did Very Well. The Elks had to open the game with only five men, neither Burnett nor George being ready to take the ice. As a result the Garrison made every effort to keep the advantage and they peppered the Elks' goal, but Stuart was kicking them out as fast as a rivetting machine. ADVICE OF PRESIDENT SIR EDMUND WALKER

Annual Meeting of the Canadian Bank of Commerce

The determined stand of the people of Canada against unnecessary imports, especially at a time when the buying power of the public has been seriously affected by the decrease in the price of agricultural products, and when the Fordney tariff has cut off the surplus market for Canadian live stock, is considered an urgent necessity by Sir Edmund Walker, in his address as president before the annual meeting of the shareholders of the Canadian Bank of Commerce.

Turning to the immigration and land settlement policies of Canada, Sir Edmund declared that as nations are conditioned by their own conditions, Canada would require as great a tide of immigration as ever.

He reviewed the situation abroad, especially in Europe, where the main necessity is to make budgets balance and to arrange for the payment of the national debt by amortization.

The satisfactory state of financial liquidation which has been accomplished in the business world, and was reflected in the annual statement of the Canadian Bank of Commerce, was dealt with by the General Manager, Sir John Aldrich, in his address.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Jan. 17.—Wheat prices again held within narrow limits on the local market to-day. After a firm opening the market weakened and prices receded, May touching a low of 109 1/2 and July 107 1/2.

Cash grain markets continued dull. Offerings of all grains are very light. Wheat and oats showed a fair demand with premiums fractional higher, but barley, flax and rye showed little change.

WESTERN BANK ISSUES STRONG STATEMENT

The Union Bank of Canada Makes Excellent Showing For 1921

Westerners always look forward to the publication of the Annual Report of the Union Bank of Canada, mainly because the Union is looked upon as a Western institution.

The 1921 balance sheet of the Union Bank, now available to the public shows that this institution has emerged from the difficult financial conditions which have prevailed this year in a satisfactory way.

THE SIGNS OF THE TIMES

Tell us, emphatically, to buy long term, high grade Bonds—while the prices are yet low.
Our list of offerings gladly supplied on request.

Princess, kept close watch upon the black cat, nor did she again change it into the form of the Princess. It was a long time before the Ogre Frog found a chance to carry off the black cat.

If there was one thing of which the old witch was fond, it was a rabbit pie, and one day as she sat by the doorway of the cave she saw a nice, plump rabbit run under some brush near by.

Of course, with her magic cane, all she had to do was poke into the brush with it and she could catch the rabbit, but it happened that the rabbit was not a rabbit at all but a mischievous little goblin that wanted to play a trick on the witch because she had driven away the goblins the night before full of place they had chosen to hold a frolic.

He had changed himself into a rabbit, knowing that the witch would see him and try to catch him for her dinner, for the goblins are able to creep into many places and learn many secrets, and they know more about the witch than she knows.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT. THE BROKEN SPELL Part II.

Of course, the black cat knew nothing about the spell that held her, for she was only a baby when the witch changed her into a black kitten, so she danced and did the bidding of the witch.

Now, down in a deep, black pool of the forest lived an Ogre Frog, much larger than a real frog, and he was the son of the old witch. But, because those who possess magic power cannot live together, he had renounced his mother's name and at night he often visited his mother.

To amuse herself the old witch would sometimes change the black cat into an animal, and she had just seen how beautiful the Princess would have been if she had remained a Princess.

As there was no mirror in the cave when the change took place and only for a second did the witch let the spell be broken.

On a night when the witch and the black cat had finished their wild dance around the magic pot the witch changed the cat to the form of the Princess, and before she could again throw over her the magic spell and change her back to the form of a cat into the cave hopped the Ogre Frog.

"Who is this?" he demanded of his mother, and then for the first time the Princess, now a beautiful girl, remained in her own shape just to see how beautiful the Princess would have been if she had remained a Princess.

When he found it was the black cat which his mother had danced with around the pot that held the form of the lovely girl, the Ogre Frog decided to steal her when his mother was about to carry her off to his castle under the dead black pool.

Once in his own home, he could change her into her own form now that he knew what this form was.

But the old witch, who had seen that her son was in love with the

Chess Club was held in the club room, 29 Arcade Building, last Saturday evening.

The secretary-treasurer reported the membership largely increased, and the number of playing members steadily growing, so much so that it has become necessary to make an effort to obtain more commodious quarters, and a committee was appointed to act accordingly.

HONORARY PRESIDENT, Mr. Gonson; president, Dr. Young; first vice-president, Mr. Sanders; second vice-president, Mr. Harlow; secretary-treasurer, W. J. Barker; assistant secretary, W. Harvey; committee of management, Messrs. Partington, Boyd and Dr. Miller.

It was decided that rural members, that is anyone residing beyond the street car service, should be admitted for an annual payment of \$3, to include entrance fee.

The question of rules governing the ladder competition was left to the committee, as was also the secretary's scheme for a tournament.

The assistant secretary reported that the editor of the Times had decided to institute a weekly chess column, which he, the assistant secretary, would edit, and it was announced that as soon as the necessary type was obtained this would become a regular feature of the Saturday evening issue. This intelligence was received with much favor by all present.

South Saanich F. I.—The regular meeting of the South Saanich Farmers' Institute will be held at the Temperance Hall, Keating, on Thursday. The speakers of the evening will be J. A. Grant, Markets Commissioner, and C. E. Whitney-Griffiths, member of the advisory board of the Department of Agriculture.

HOMERUN BAKER NOT THROUGH WITH GAME. Baltimore, Md., Jan. 17.—J. Franklin Baker, better known as Homerun Baker in baseball circles, was married to-day to Miss Margaret Elizabeth Mitchell, daughter of Mr. and Mrs. John R. Mitchell, at the home of the bride's parents. Baker vigorously denied to-night rumors that he would not play ball next season, though he did not definitely state his yawning comment on what a fool Dr. McManus was to try to use that cheap X-ray outfit of his on an epileptic, repaired a frock, drowsily heard Kennicott stoke the furnace, tried to read a page of The Stein Veblen—and the day was gone.

Except when Hugh was vigorously naughty, or whiney, or laughing, or saying "I like my chair" with thrilling maturity, she was always enfolded by loneliness. She no longer felt superior about that misfortune. She would gladly have been converted to a Gopher Prairie and moping the floor.

Carol drove through an astonishing number of books from the public library and from city shops. Kennicott was at first uncomfortable over her disconcerting habit of absorbing them. A book was a book, and if you had several thousand of them right in the library, free, why the dickens should you spend your good money? After wondering about it for two or three years, he decided that this was one of the Funny Ideas which had caught as a librarian and from which she would never entirely recover.

The authors whom she read were most of them frightfully annoyed by the "Vida Sherwins." They were young American socialists, young English realists, Russian novelists; Anatole France, Roland, Nexo, Wells, Shaw, Key, Edgar Lee Masters, Theodore Dreiser, Sherwood Anderson, Henry Menckel and the other subversive philosophers and artists whom women were consulting everywhere, in bath-curtained studios in New York, in Kansas farmhouses, San Francisco drawing-rooms, and in the schools for negroes. From them she got the same confused desire which the million other women felt; the same determination to be a putting Hugh out discovering the class of which she was to be conscious.

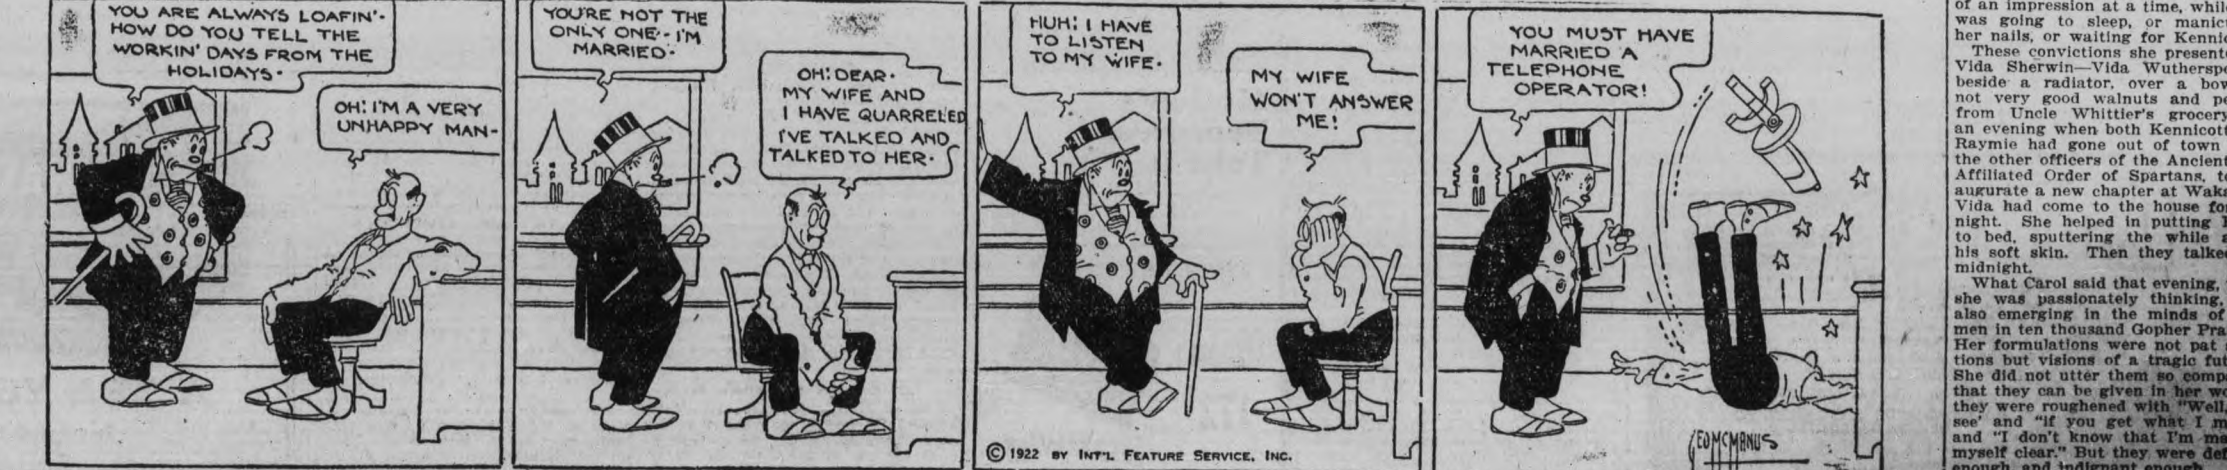

Certainly her reading precipitated her observations of Main Street, of Gopher Prairie and of the several adjacent Gopher Prairies which she had seen on drives with Kennicott. In her fluid thought certain convictions appeared, jaggedly, a fragment of an impression at a time, while she was going to sleep, or manuring her nails, or waiting for Kennicott.

These convictions she presented to Vida Sherwin. Vida, uttering how beside a radiator, over a bowl of not very good walnuts and pecans from Uncle Whittier's grocery, on an evening when both Kennicott and Raymond had gone to town with the other officers of the Ancient and Affiliated Order of Spartans, to inaugurate a new chapter at Wakamini. Vida had come to the house for the night. She hoped in putting Hugh to bed, sputtering the while about his soft skin. Then they talked till midnight.

What Carol said that evening, what she was passionately thinking, was also emerging in the minds of women in ten thousand Gopher Prairies. Her formulations were not pat solutions but visions of a tragic fatality. She did not utter them so compactly that they can be given in her words; they were roughened with "Well, you see" and "I don't know what I mean" and "I don't know that I'm making myself clear." But they were definite enough, and indignant enough.

Tender Gums —A Warning

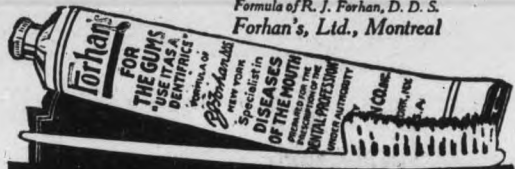

Beware of gum tenderness that warns of Pyorrhoea. Four out of five people over forty have Pyorrhoea—many under forty, also. Loosening teeth indicate Pyorrhoea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhoea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

VICTORIANS TO WEAR TAGS TWICE A MONTH

Council Decides to Allow Tag Days Every Two Weeks

Every two weeks this year Victorians will have an opportunity of digging down into their pockets to purchase immunity from taggers on the street corners. This will be the result of the City Council's new "Tag" policy as fixed last night. In all, twenty-six tag days will be held during the ensuing year, in accordance with the Council's decision.

The twice-a-month tag policy was not decided upon without considerable discussion. Alderman Dewar strongly protested against the tag days being held more often than once every six weeks, as last year.

"This new scheme of a tag day every two weeks would give us only two Saturdays a month we could call our own. I suggest a compromise of a tag every three weeks," said Alderman Patrick.

COUNCIL ADJOURNS TO BLOCK LINEHAM ECONOMY PROPOSAL

Alderman to Bring Salary Cut Plan Up Again at Next Meeting

Proposes Drastic Reductions in School Expenditures

Side-tracking discussion of the proposal by a sudden adjournment, the City Council last night showed that it was not prepared without long and earnest consideration, to commit itself to the sweeping civic salary cuts embodied in the Lineham economy scheme. Prevented by a closure from getting a vote on his salary cut plans, Alderman Lineham will continue his retrenchment fight at the Council's next meeting but it became clear last night that his support will be smaller than had been anticipated.

When Alderman Lineham had finished outlining his proposals and had argued that strict economy was necessary to prevent civic bankruptcy, opponents of his proposed salary reductions started to block a vote on the question. "We're not prepared to debate the question to-night," Alderman Robert Dewar protested, and Alderman Woodward suddenly moved an adjournment, asserting that his motion took precedence over any other motion.

Out of the tangle of notions and amendments Mayor Marchant put the motion to adjourn and it was carried over Alderman Lineham's protest.

Would Cut School Costs.
After the meeting Alderman Lineham handed out to newspapermen copies of a resolution urging sweeping reductions in school costs which he had intended to move but had been forced to hold over when the Council decided to adjourn. This resolution proposed that the School Board be asked to reduce salaries throughout the service in accordance with duties performed, and the decrease in the cost of living, and increased purchasing power of the dollar.

Abolish all supervisors in all departments and utilize the services of the municipal inspector in, this regard.

Abolish duplication of medical officer and nurses, building inspector, and inspector of playgrounds, using city health officer, building inspector and parks superintendent.

Increase the number of pupils per class to a minimum of 35 and a maximum of 40.

Entirely eliminate the college at Craigdarroch and give scholarships to those pupils who have the ability to secure them for a university course.

Entirely eliminate the technical school branch in the High School, which the motion says is another unjust charge on the taxpayers, and was only installed two years ago, and is optional only, no student being examined in this regard for university course.

Reduce Services.
* Reduce domestic science charges by confining teaching of sewing and cooking to pupils in last year of grade schools, instead of as at present trying to teach children of eight years of age to sew, and pupils of ten years to cook, which the resolution asserts is a waste of time and money.

Forbid the payment of wages to teachers who are away on holidays, other than the authorized periods.

Forbid the payment of differences in salaries to teachers who are away and who employ substitutes in their absence.

Look for legitimate sources of revenue from outside scholars using High School.

Revenue from transients and outside scholars using graded schools by imposing residence qualification.

Abolish entrance in High School through recommendation of teachers.

In High School should pay fees if they desire to continue their studies.

Pupils in High Schools should be given scholarships for university (same to be liberal enough to cover living expenses) if they pass with honors.

Make night schools self-supporting.

Generally reduce staff and expenditures in every direction.

Amends Motion.
Alderman Lineham amended his original salary cut motion. In its original form he proposed a reduction of 15 per cent for officers receiving salaries up to \$1,800 a year. In the case of officials receiving more than \$1,800 a year he proposed a reduction of 15 per cent instead of 20 per cent.

After outlining the serious financial condition of the city, Alderman Lineham declared that if members of the Council refused to vote on his salary cut motion they would be derelict in their duty. The people had elected the present Council to make revenue meet expenditure and, as it was inadvisable to increase taxation there must be economy.

Alderman Lineham was halted when Alderman Woodward declared that the motion had not been seconded. Alderman Leeming, however, seconded the Lineham motion to get it before the Council. He explained, however, that he was not in accord with the motion as drafted.

Effect of Proposal.
Alderman Lineham went on to say that Civic salaries last year amounted to \$538,538 while salaries paid by the School Board totalled \$355,782.—\$2—a grand total of \$894,320. By making an average cut of ten per cent throughout the service it would be possible to save \$99,432. If school salaries were cut fifteen per cent and other City's salaries 10 per cent, a saving of \$117,220 would result. He said that these reductions would cause no hardship, and were in line with the recent drops in the cost of living and the policies of railway companies and other industrial concerns.

At this point Alderman Lineham was brought to a halt by the sudden adjournment motion.

Earlier in the evening the Council agreed to meet Civic employees and firemen in conference before making salary cuts.

An application from the City Solicitor for an increase in salary of \$50 a month was referred to the Estimates Committee.

CITY ASKS JUDGE TO HURRY SMOKE ACTION

Declare Sawmill Nuisance Judgment Delayed 18 Months

No less a person than a judge of the Supreme Court of British Columbia came in for the censure of the City Council last night when the Mayor and aldermen tackled the sawmill "smoke nuisance" again.

City Solicitor H. S. Pringle, who had been asked to report upon the legal aspects of the "smoke nuisance" recalled that the Canadian Puget Sound Lumber & Timber Company had been fined for breaking the "Smoke Nuisance" By-law in 1920 and had appealed the case. No judgment, however, had been delivered by the Supreme Court since.

"I am under the impression that this matter was in Court twelve months ago but there should be some way to check up every a Judge of the Supreme Court when he is negligent enough in his duties to delay eight months in handing down decisions. This Council is often accused of being dilatory but it has nothing on this judge. I move we send to Mr. Justice Morrison a very polite request—as polite as the City Clerk can make it—inquiring at what time we can expect a judgment."

The Council decided, however, at the suggestion of Mayor Marchant, to let Mr. Pringle ask the judge when he was going to do something about the "smoke nuisance" case.

In the meantime City officials, on the instruction of the Council will ascertain whether local sawmill burners, as alleged, are defective.

ADVOCATE CUT IN ASSESSMENTS ON BUSINESS LANDS

Council Thinks Excessive Burden on Down-town Property

Drastic alterations in the assessment of semi-business and business property were endorsed by the City Council last night when such revision was urged in a report of the Reverted Lands Committee, headed by Alderman E. Todd.

The report, in part, follows: "The existing great over-assessment of many so-called semi-business lots has resulted in over-taxation to the extent of the value of those owners who are paying their taxes the taxation is exorbitant and inequitable, while in the case of properties that have reverted to the city, sales are rendered practically impossible, as prospective buyers immediately lose interest when they learn of the annual taxation to which, owing to over-assessment, the property is subjected.

"The assessments of these lands invariably are far in advance of any prices which your City Land Commissioner and the Reverted Lands Commissioner have been able to recommend for the sale prices of similar properties owned by the city."

"Your committee is of the opinion that this matter should be drawn to the attention of the Court of Revision, and that it is a subject that should receive the most earnest consideration of the court."

The committee recommended that in future assessments the condition of the streets should be taken into consideration.

Want Pandora Revision.
The Council decided at the suggestion of Alderman Todd to ask the Local Improvement Commissioners to reconsider all matters relating to the local improvement charges on Pandora Avenue from Government Street to McGregor Avenue with a view to distributing more equitably the present taxation burden.

Alderman Todd said that many ratepayers would appear before the

KAMLOOPS TO HAVE SECOND SEAPLANE

Dispatches state that two seaplanes from the Jericho Beach Air Station will be posted to Kamloops this Summer to carry on survey work. Lieut. H. W. Brown, M. C., a well-known Victoria aviator was in charge of the Kamloops sub-station last Summer and as a result of his work the sub-station activity there is to be doubled this year, it is stated.

The feature of the B. C. Air Station work this year, it is further stated, will be a photographic reconnaissance of the international boundary line, from which mosaics are to be compiled, which will show the border line between the United States and Canada in its entirety. Five machines at the head station are to be kept ready for all needs, and while the flying staff of the station is to remain fixed, increased flying is to be undertaken.

LITTLE HOPE FOR ROCK BAY BRIDGE

Council Finds Project Too Expensive; Mayor Proposes Bastle Span

Although admitting that it probably could not afford to go ahead with the scheme this year, the City Council last night decided to consider, when it takes up its estimates, the proposed installation of a new bridge at Rock Bay.

City Engineer F. M. Preston informed the Council as he did last year, that it would cost \$90,000 to move the centre span of the present Johnson Street Bridge and install it at Rock Bay. The aldermen appeared to agree that it would be impossible to provide that sum this year.

Alderman Todd came out flatly against any Rock Bay Bridge scheme at this time. He urged the Council to quash the plan immediately instead of delaying action and thus raising false hopes in the minds of Rock Bay property owners. "We shall have to do this in the end anyway," he declared.

Entitled to Relief.
Mayor Marchant said that these property owners were entitled to direct communication with the business section of the city. He suggested that a trestle bridge, costing

BICYCLE LICENSE PLAN ENCOUNTERS OPPOSITION

The plan advanced by Alderman Patrick for putting license number plates on all bicycles ran suddenly up against strong opposition when it came before the City Council last night in a communication from the city Police Commissioner.

Alderman Woodward declared the bicycles would be covered with license numbers.

Alderman Patrick, who sponsored the license plan when it was launched two years ago, warmly supported the Police Board's request for regulations forcing cyclists to attach number plates to their machines. He said that this scheme had worked out successfully in other cities. He asserted that the proposed regulation would give the police control over cyclists.

The matter will be taken up by the civic Legislative Committee.

Photography will be finished this week on Mr. Hughes' other new original screen story, "Sent for Out" and on the picturization of Anzia Zeizer-ska's "Hurry Heart."
