ISSUED EVERY WEDNESDAY

MARCH 22, 1916

CARMEL, CALIFORNIA

VOL. 2, NO. 8

\$ 27.50

This is the total amount subscribed to date toward the \$100.00 fund being raised to properly equip our volunteer fire department.

Not a cent was paid in by permanent residents during the past week, but an "absentee landlord" sent in a five-dollar check with the following communication:

Pasadena, Cal. Mar. 15, '16
Mr. W. L. Overstreet,
Editor Pine Cone,

Dear Sir: Am enclosing my check for \$5.00 to apply toward the fire fund. Regret not having sent some amount before, for I believe, especially non-resident property owners, should only be too glad to contribute at least a small amount to such a cause.

Sincerely yours,
Geo. W. Collis

There will be another election in our town next month. A school trustee is to be chosen on Friday, April 7. The term of Mrs. J. W. Hand expires.

Carmelites Turn Out For Irish Night

Were the patron saint of the people and the land of the shamrock and the harp alive today he surely would pause long enough in his task of chasing reptiles to pronounce a blessing on Mother Carrington.

She remembered that "somewhere in France" the sons of Ireland were fighting for their country and their King.

During the rendition of the familiar Irish songs, there was not one in the audience but who would have voted "Home rule for Ireland" at once.

The stage production and musical given at the Manzanita Theatre Friday night, entitled "The Blind Musician and a Merry Company," was a decided success in every respect.

In a large measure, the artistic success of the affair may be attributed to the surprises and novel ideas the producer was able to introduce.

Who, save Mrs. Carrington, would have had the patience to rehearse a drill corps of mere babies?—"My babies," as she affectionately terms them. And who could make of tin pans, in the hands of children, a genuine musical novelty?

And the costumes, from the Potato to the shapely Cadets, were appropriate and pretty.

During the evening the splendid ability of Mrs. Carrington as a piano instructor was demonstrated by the artistic rendition of a number of difficult compositions by the pupils.

Begorra, it was a fine show, and there was a large attendance.

As the Captain of the Cadets remarked toward the close of the entertainmen: "This will be a red-letter day in the history of the town."

More Regular School Attendance Urged

The apportionment of funds for the maintenance of primary and grammar schools in California is based upon attendance.

At a recent meeting of the Carmel school board, while the matter of finances was under discussion, the question of the need of better attendance was referred to.

At county headquarters attendance records are computed very closely. Suppose, for instance, a pupil is tardy five minutes on six occasions during the term—that makes half an hour. If ten children are similarly late—and this does occur—that is nearly a school day lost.

This school day, together with other absences, excuses for early dismissal for one thing or another, holidays and special occasions, is deducted from the attendance records—and cannot be made up.

Thus, because of the decreased attendance, the money allowed for maintenance is cut down.

Parents are urged to see that children attending the local school be as regular and prompt as possible.

Monterey to Fresno Direct

Through the efforts of the Monterey and the Fresno Chambers of Commerce a passenger coach will be attached to train No. 27, leaving Monterey at 8:20 a.m., straight to Fresno. At Fresno, Train No. 83 will have a coach direct to Monterey. When it gets too hot in Fresno, relief is assured by a visit to Carmel-by-the-Sea.

School Trustees to Meet

There will be a School Trustees' institute held at Salinas next Saturday. It is expected that every school district in Monterey county will be represented. At the meeting of the Sunset School trustees last Thursday, W. L. Overstreet was chosen to represent Carmel. Miss A. C. Edmonds is alternate.

"An Evening With Shakespeare"

On or about April 28, there is to be presented, under the auspices of the Arts and Crafts Club, an affair which may be termed "An Evening With Shakespeare."

The program will be made up of a series of songs, dances, readings and tableaux. Most of the action is based upon adaptations from "Twelfth Night." Much of the music is that in vogue during the life of Shakespeare, and will make a decided hit.

So far as possible this will be a performance in which children will take the main parts, and dressed in the costumes of the period, should be most picturesque.

It is rumored about town that efforts are being made to consolidate the Forest Theatre and the Western Drama societies.

Martin Estate Petition to be Heard

A petition to terminate the life estate of the late Mrs. Jane Martin was filed in the Superior Court at Salinas last Thursday morning by William J. Martin, who is represented by attorney Charles B. Rosendale. The petition recites that the property in question, certain real estate in Monterey county, belonged to Daniel Martin until his death on June 30, 1882. Since that time it has been the life estate of Mrs. Jane Martin with reversionary interest to the six sons of Mrs. Martin. The latter are William J., Daniel R., Thomas, John, Robert and Andrew Martin, each to receive a sixth interest in the life estate of Mrs. Martin. The petition will be heard tomorrow morning.

Mother of Local Resident Passes Away

On March 9th last there died at San Juan, in San Benito county, within a few hours of each other, Frances Arcello and the venerable Father Closa.

Mrs. Arcello was the grandmother of Mrs. H. M. Clevenger, a resident of Carmel, and is survived also by two children—Mrs. Elizabeth Twitchell mother of Mrs. Clevenger, and John Estrade; a brother, several grandchildren and great grandchildren are also left to mourn her loss.

Mrs. Arcello was born about 1830 near Laurellas, some sixteen miles from Carmel, at which place her father farmed one hundred acres of land acquired by means of a Spanish grant in recognition of military service.

It is interesting to relate the fact that Mrs. Arcello was baptised at Carmel Mission by Rev. Father Ramon Abella, during the presidency of Jose Bernardo Sanchez.

For many years the deceased was an intimate friend of Father Closa, and frequently in late years they would speculate as to which would survive the other. The former died at 4:30 in the morning and the latter at 2 in the afternoon of the same day.

All good things perverted to evil purpose are worse than those that are naturally bad.

Migratory Bird Law

A misleading statement has recently become current to the effect that the federal Department of Agriculture had suspended the enforcement of the regulations under the migratory bird law, and thereby has enabled sportsmen, under the state laws, to shoot wild fowl.

The facts are that under the federal regulations, now in force, the season on all migratory wild fowl is closed until next fall throughout the United States. Inspectors and wardens are required, and others interested in the protection of wild fowl requested, to report to the Department of Agriculture all cases of violations of the regulations.

Protecting the Buyer

For the first time, this year growers of berries will be obliged to standardize their boxes and baskets. The state sealer of weights and measures has instructed county sealers of weights to demand a standard weight of berries when offered for sale in containers.

According to a law recently enacted berries must be packed in the various containers which shall hold berries in the following amounts: Eight and twelve ounces, one and two pounds. The minimum contents must approximate the true net weight.

Perhaps

A correspondent of the New York Times, discussing Presidential possibilities, writes as follows:

"There can be only one outcome of the issue: the Americans of 1916 are sons of the Americans of 1861 and grandsons of the Americans of 1776. Theodore Roosevelt will be nominated for President on the first ballot of the Republican convention in Chicago, and will receive an electoral vote which will even break into the solid South."

Literary Notes

The lectures on "The Art of Writing," recently delivered by Sir A. Quiller-Couch in the University of Cambridge will shortly be published in book form?

A new monthly periodical which has made its debut in England is entitled "The Irishman." The paper is strictly non-political. It contains reviews of books, original poetry, fiction and "The Irish Woman's Outlook," which is to be one of its regular features.

Hall Caine's new one-act drama, "The Iron Hand," was recently presented in London by Dion Boucicault. The play was printed in a recent issue of the San Francisco Examiner.

John Ward in his "Life Histories of Familiar Plants" has chosen the flowers which are to be found everywhere in garden and hedge-row, and written about them with all the comprehension and appreciation of the true flower lover.

An fine edition of Bret Harte's "Stories and Poems" has been issued, containing a larger number of his works than have hitherto been published in one volume. The book is prefaced by an interesting biographical essay and a criticism of Harte's writings by William Macdonald, the editor.

Thew Stephenson has written a scholarly handbook for the use of student of Shakespeare, bearing the title, "The Study of Shakespeare." It discusses the social conditions of the day and the state arrangements in vogue when the plays were first presented to the public.

Notice to TAXPAYERS

All taxpayers are required by the constitution to annually make and deliver to the Assessor a statement, under oath, setting forth specifically ALL the real, personal, or other class of property, owned by such persons, or in their possession, or under their control, as the same stands of record at 12 o'clock Meridian on the first Monday of March.

The Political Code provides, that all property must be assessed at its "full cash value," and defines "full cash value" as being "the amount at which the property would be taken in payment of a just debt from a solvent debtor."

Unsecured Personal Property

The taxes on all unsecured personal property are due and payable and must be paid at the time the assessment is made.

Exemptions

Any person or association, claiming any property to be exempt from taxation, MUST make the claim and affidavit, for such exemption, every year, in the manner provided by law. This applies to the \$100 allowed on personal property of householders; the \$1000 allowed soldiers, sailors, marines, etc., and property used solely and exclusively for religious worship.

Assessments

Any information desired relating to assessments will be gladly furnished on application, and all objections should be made before the Board of Equalization adjourns, instead of waiting until it is time to pay taxes.

Remember, that if you fail to make a statement you fail to comply with the law and you lay yourself liable to arbitrary assessment, which is expensive to yourself and causes much trouble to others.

Oyer Cites the Law

In reply to a published statement to the effect that the fish and game law relative to gathering of abalones is being violated by catching them with diving apparatus near Pebble Beach, Phil H. Oyer, Deputy Fish and Game Commissioner, writes as follows:

There is no law prohibiting the catching of abalones at that point with diving apparatus.

The only law existing on abalones in Districts 17 and 18, which constitutes the coast from Santa Cruz to the southerly line of San Luis Obispo county, prohibits the use of a spear in catching abalones and makes no mention of diving apparatus.

Fishermen are not allowed to gather abalones for commercial purposes in District 10, which comprises waters and tide lands to high water mark of that portion of Monterey bay lying to the south of a line drawn from the extreme northerly point of Point Pinos in a straight line Easterly to the eastern shore of Monterey Bay to a point north of Seaside, said point being marked by a permanent monument placed by the United States government surveyors and designated as "Monterey N.O.T.C. and G. S. Station."

A. Letter and Verses

The publisher of the Pine Cone is pleased to print the following letter and verses contributed by a San Jose subscriber:

Mr. W. L. Overstreet,
Editor Carmel Pine Cone,
Dear Sir: I came across this little poem by Margaret L. Ferrand in a recent number of the "Independent," and the beautiful lines call to my mind just such a "curve in the road," and "a tall tree," and straight ahead a green "hillside." One sees this picture on the way to the old Mission, on San Carlos road, just after passing Twelfth avenue, looking south.

Had the author ever been in Carmel, and breathed the artistic atmosphere of the place, she could not have written more appropriate lines.

Very truly yours,
Louise Friant

THE SEEING EYE

A curve in the road and a hillside
Clear.....
A tall tree tossed by the autumn
wind
And a white cloud riding high;
Ten men went along that road;
And all but one passed by.

He saw the hill and the tree and
cloud
With an artist's mind and eye;
And he put them down on canvas—
For the other nine to buy.
