

**C. V. HOME GUARDS**

**ORGANIZE WEDNESDAY AT CENTRAL AVENUE SCHOOL—ENROLLMENT CONTINUES.**

The meeting called to organize the Casa Verdugo Home Guards was held on Wednesday evening at North Central avenue school. Capt. W. B. Kelly, who put the movement on foot, presided and after a short talk explaining the necessity of having a home guard, presented Maj. Mattison B. Jones, who gave a very interesting talk. "We may never be called upon to act further than to drill," said Maj. Jones, "but we should be ready for the emergency should it come, and by readiness, I mean this: that we must be trained and we cannot wait until the enemy is on top of us to start training. I have many years of experience in this direction and will help Capt. Kelly in any way he may be able to use me."

Following this came a very pointed talk by Maj. J. H. Monahan of Canada, which was received with much applause and which held interest throughout. Mr. Kelly then introduced Mr. B. W. Davis, whom he told of as a very patriotic small boy at the time of the Spanish war. Mr. Davis spoke on patriotism and called to account all who did not wear a flag and made each one promise to pin one on by the next morning. Capt. Kelly then called for volunteers and the following patriotic citizens, seeing their duty, enrolled:

- John Beitter, 915 Mountain street.
- H. B. Dewing, 1024 North Central avenue.
- B. W. Davis, 927 Randolph street.
- Frank England, 1220 Burchett street.
- J. Walter Elliott, 1505 North Central avenue.
- L. Z. Gaylor, 1100 North Central avenue.
- Capt. W. B. Kelly, 927 Randolph street.
- Julius Kranz, 1317 Brand boulevard.

- O. C. Logan, 1020 Viola street.
- Capt. J. G. Monahan, 848 East Dryden street.

- Ralph Miles, 914 Randolph street.
- Ernest Martinez, Louise and Randolph streets.

- Owen Mosier, 1322 North Louise street.
- H. W. Peterson, 1225 Mountain street.

- Carl W. Peterson, 1420 North Central avenue.
- William E. Seitch, 1624 Ruth street.

- Frank W. Stadler, 1223 Campbell street.
- P. E. Taylor, 1100 North Central avenue.

- C. P. Taylor, 1100 North Central avenue.
- C. M. Walton, 1031 North Central avenue.

- Frank Weetman, La Ramanda, Brand boulevard.
- Menzo Williams, 1325 North Central avenue.

Considering that but forty-eight hours' notice of the meeting was had this is unquestionably a good showing for Casa Verdugo. Up to 9 o'clock this morning fifteen new names were added to this list, the enrollment going on at Logan's store. The next meeting will be held at the same place, Central avenue school, next Wednesday evening at 7:30 sharp for the purpose of enrolling new members and the appointment of officers. Capt. Kelly wishes it specially noted that the appointment of committees will not depend upon previous military experience. Active drilling and military instruction will follow immediately after the meeting Wednesday night, April 11.

Everyone over the age of 16 is eligible and is urged to attend this meeting, including the ladies, who will form an auxiliary organization. It is understood that the members will not be kept away from their business except in a case of extreme emergency. Contributions from a few patriotic citizens would be welcomed of a large tent for enrollment purposes, a table, few chairs and other equipment the company might need.

**DECORATE WINDOWS**

**MUCH INTEREST IS SHOWN IN MAKING C. OF C. ROOM BEAUTIFUL.**

Many people for two days have admired the beautifully decorated windows of the Glendale Chamber of Commerce, No. 1010 West Broadway, in the Gansert Building.

The east window contains pictures in oil, water color and china painting, by Mrs. Zetta Behne Richardson of Hollywood, the sister of Mrs. Charles Gansert.

Mrs. Richardson is quite noted as an artist. Among other well known pictures, she painted a portrait of John Cline, the Sheriff of Los Angeles county, which his friends describe as "a speaking likeness." She is now engaged in painting a characteristic portrait of a celebrated movie star in Hollywood.

The artist has kindly loaned those pictures to the Chamber of Commerce, having taken especial trouble to get them in place before Easter. As the former plain white of the show window did not make the pictures appear to the best advantage, the artist persuaded her sister to have the window interiors painted a soft gray-green. She has several noted pictures, which she has promised to exhibit there later—pictures of people, animals, landscapes and "still life."

The west window was decorated with plants and flowers by the Glendale Garden Society, organized for beautifying Glendale in whatever ways opportunity offers. That society has agreed to continuously take care of this window, changing the decorations, and keeping fresh flowers there all the time. Such civic service on their part is most highly appreciated by the Chamber of Commerce and by the public, judging from the numbers of interested observers who stop at those two windows at all hours of the day.

The lady who arranged and looks after the present decorations is Mrs. Mae N. Ackley, wife of Mr. Henry C. Ackley, 210 South Kenwood street in Glendale. Others will serve this turn in this public betterment work. Tonight, at 8 o'clock, in the library of the Third-street school, the Glendale Garden Society will hold an important meeting; object, "To be of social and education benefit to ourselves and to the city of Glendale at large," as stated on their card, set in the Chamber of Commerce window they have so artistically beautified with vase and basket plants and flowers.

At this meeting this evening one of their prominent members, the artist, Edward Sewell, will tell very interesting things personally known to him about "The Jungles of India"—perhaps the most mysterious, and little known regions on earth, in which Kipling's Jungle Stories aroused such abiding interest.

The entertainment is free, and the public is invited to a rare treat. Artist Sewell is a famous globe trotter; but Humboldt would not say of him as of Bayard Taylor: "He has traveled more and seen less than any man I know."

Two of the plants in that Chamber of Commerce window, and all those setting back within the hall, were kindly loaned by Mr. F. McG. Kelley, from his greenhouses at No. 422 South Brand boulevard. Mr. Kelley so placed these plants in time for the Christian Endeavor decorations two weeks ago, and is very generously allowing them to remain over Easter. A visit to his greenery and colory is worth while, even in this flowery kingdom of Glendale. All these kindly courtesies, showing such commendable civic pride and personal interests, are most sincerely appreciated by the Glendale Chamber of Commerce. Other citizen have promised various interesting objects and soon the Chamber of Commerce will have an exhibit of which Glendaleans may be proud, in addition to what the county commissioners contribute from the San Diego and San Francisco expositions.

**KEEP UP COURAGE.**

There is a chance just now for every man, woman and child to be a good soldier.

It matters not whether in war or at home there is ample opportunity to bear the burden of a loyal citizen. Good, reliable men are needed at the front, and good, reliable men are needed at home.

A good citizen is a good soldier wherever he may be. The man at home must keep up courage and truly believe that our country is the best country in the world.

Hollywood Christian Endeavorers have sent to the Glendale Chamber of Commerce for fifty of the cards circulated during the C. E. convention in Glendale. On one side of the card is: "Greetings and good wishes to the Endeavorers who achieve. May their legions increase. Welcome and come again to the Chamber of Commerce of Glendale, the paradise of Los Angeles county, the Italy of California, March 16, 17 and 18, 1917." On the reverse side are suggestions as to how to use the Bible in times of need.

The Glendale Chamber of Commerce will be glad to send these cards to Christian Endeavorers anywhere.

**RED CROSS**

**BRANCH SOCIETY WILL BE ORGANIZED AT HIGH SCHOOL TONIGHT.**

A mass meeting will be held in the auditorium of the high school, Fifth and Louise streets, this evening at 8 o'clock, for the purpose of organizing a Glendale branch of the American Red Cross Society and electing officers. The addresses of the evening will be given by Red Cross workers from Los Angeles, including Mr. A. West, Mrs. A. J. Scott and Miss Margaret Scott, secretary of the Los Angeles chapter of the Red Cross. Miss Scott will answer any questions and the speakers will give all the information desired on the necessary steps to be taken in organizing, regarding the work of the organization, etc. Rev. W. F. McCrea, who was in charge of Red Cross work in China at the time of the famine, will also be one of the speakers. Preceding the main addresses of the evening a number of five-minute talks will be made by leading Glendale people, including Mrs. H. E. Bartlett, president of the Tuesday Afternoon Club; Mrs. C. E. Hutchinson, president of the Glendale Parent-Teacher Association Federation, and Mr. A. T. Cowan, representing the Glendale Chamber of Commerce.

Rev. C. Irving Mills of St. Mark's Episcopal Church will preside at the meeting. Patriotic songs will be sung with piano accompaniment, and a big enthusiastic meeting is anticipated. It is hoped that every citizen in Glendale will be present, ready to join and do his part in whatever work is before us to do.

**TROPICO SCHOOL ELECTION.**

The voters of the Tropic school district should rally to the support of Mr. Irving H. Oliver, candidate for trustee, at the election to be held Friday, April 6, at the Ceritos street school. Mr. Oliver has very successfully filled the vacancy on the board, caused by the death of Mr. Rich. He has given much of his time to school matters and has personally kept in touch with teachers and pupils by often visiting the schools.

Many residents of Tropic forget that lack of funds caused the closing of the Magnolia street school. There were only thirteen scholars to be enrolled and the expense per capita did not warrant opening the school for the present term. While Mr. Oliver was not a member of the board when this property was purchased he is in favor of selling the property to make many needed improvements in the other schools.

The board was also forced to inaugurate the kindergarten when the second petition with twenty-seven signers was submitted.

The taxpayers will place a business man on the board by electing Mr. Oliver and in these days a man of this kind is to be greatly desired.

**HORSE SHOE CLUB NOTES.**

The Home Club will send five teams (ten men.) to Pasadena next Saturday, the 7th, to play a return match of fifty games with the Pasadena club. The Home Club expect to win a majority of these games, but may not this game, like other outdoor games will have its off days. The teams may work fine today and go all to pieces tomorrow. So boys don't think you have a snap, but be on your guard every minute and bring home the bacon, for that article is mighty high these times.

Eight new members have joined the club since January 1. Among the number Mr. Church, secretary of the Glendale Chamber of Commerce. Say what about you, Ye Editor (only 50 cents.) This is not a political ring, only a Horse Shoe Ring-er.

**MRS. ROBINSON GOES EAST.**

Mrs. Lona Ingham Robinson, 114 South Maryland avenue, leaves Friday of this week for Atlantic City, N. J., where she will attend the Single Tax conferences, to be held April 13, 14 and 15. Mrs. Robinson says this conference is called in unqualified approval of the California "Great Adventure," whose direct method of attack on land monopoly gained for the Single Tax cause more than 260,000 votes in this State. More than 200 single taxers from various sections of the country have declared their intention to attend the conference, inspired by the spontaneous call to do honor to Luke North, the leader of the movement.

Mrs. Robinson will be absent four weeks.

GLENDALE, CALIFORNIA, THURSDAY, APRIL 5, 1917

CONGRESSMAN RANDALL GIVES REASONS

Congressman Charles H. Randall of California has issued the following statement of his reasons for voting with the Democrats in organization of the House of Representatives:

"As a Prohibitionist, a Progressive, a conservationist, an anti-militarist and a friend of pensions for war veterans and their widows, the consistent thing to do in the Sixty-fifth Congress is to vote for Democratic organization of the House, instead of Republican.

"The cause of National Prohibition would be endangered by the fact that the republicans have only three dry members upon the Judiciary Committee, while the democrats have seven dries. The constitutional amendment for national prohibition must be passed upon by that committee.

"Prohibition in Hawaii and remaining territories which are still wet, is subject to the will of the Committee on Territories. The democratic chairman is Judge Houston, one of the strongest dries in the House. The republican chairman would be Charles F. Curry of California, who is violently opposed to prohibition.

"Chairmanship of the District of Columbia Committee would pass under republican control to William J. Cary, the strongest champion of the liquor interests in Congress. Cary is from Milwaukee and recently introduced a bill proposing to move the capital of the United States to the city of beer.

"The Committee on Public Lands, which passes upon the timber, water power and those great natural resources of the country, is now headed by a champion of the peoples' interests, Scott Ferris of Oklahoma. Upon this committee the democrats have nine conservationists, the republicans only three.

"If the republicans control, the Committee on Military Affairs will be under the Chairmanship of Julius Kahn of San Francisco. He ranks with Congressman Gardner of Massachusetts, as the most extreme militarist in Congress. Kahn wants a million men in our regular standing army, he wants universal military training, conscription and every extreme that the militarists propose.

"The granting of pensions to our Civil War veterans and their widows would pass from that grand old union soldier, General Sherwood, to a Southern Republican, Lankley of Kentucky.

"The greatest committee of the House, Ways and Means, would pass to Joseph W. Fordney of Michigan, the lumber king. While I am a reasonable protectionist, the tariff bill to be written by Fordney would make the Payne-Aldrich bill resemble a free trade text book.

"These are a few of my reasons for choosing democratic control instead of republican, in the Sixty-fifth Congress."

THE KITCHEN THE FIRST LINE TRENCH

The domestic life of a modern army should be an example to every American housewife. In the army the ration is well balanced, the cheapest, nutritious and palatable foods are purchased, and the most economical means of preparing them are used.

It is a patriotic duty at this time and all the time, whether there is war or peace, for every American woman, rich or poor, to keep her home "prepared." Home preparedness means substitution of cheap, appetizing dishes for costly foods, practical elimination of waste, and scientifically balanced rations.

There are two great groups of foods that enter into a balanced human ration—the protein group, like meats, eggs and beans, and the starch group, such as potatoes, rice, cereals, bread, etc. The protein foods as a rule are more expensive than the starchy foods. Some protein foods, however, are cheap. The prime factor in economy in foods is the choice of protein foods that are at the same time cheap and palatable.

A cheap food, rich in protein and fats is the ordinary field soy bean, often sold under the name "Togo bean." Ten cents worth at the price of 15 cents a quart will supply over 5 ounces of protein, while average beef at 20 cents a pound will supply little over 1 ounce of protein for the same money.

Excellent soups can be made from the water in which soy beans are cooked, as well as from the water in which most vegetables are boiled. Save also vegetable tops, skim milk, bones and meat scraps for soups. Make the butcher give you all the fat that he weighs with your cut of meat—it's valuable grease.

Don't depend on one kind of food. When potatoes are dear remember that 1 pound of dry corn meal provides about 5 times as much fuel or energy and 5 times as much tissue-building protein as 1 pound of raw potatoes and cost from one-third to one-sixth as much.

Raisins are rich in sugar, mineral salts, and the natural grape acids, and their cost is low.

Whole wheat, cooked till it bursts open, or cracked in a little \$2.50 hand mill, is one of the most delicious and nourishing breakfast foods known—and inexpensive even at the present high price of wheat.

Save fuel and labor by making hot breads only when using your fire for the cooking of other foods. Avoid the danger of overcooking, and conserve the flavor of your dinner by using a fireless cooker. You can make a good one yourself very cheaply.

By such expedients as these every woman can "prepare" her home not only against war but also against sickness and hard times.

INDIANS SETTING THE PACE IN STOCK BREEDING IN U. S.

Indians are setting a rapid pace in stock breeding, Indian Commissioner Cato Sells announced to-day. Sells is arranging purchase of 5,000 heifers, largely Herefords, 500 milch cows, 500 Hereford and Shorthorn bulls and 500 young mares out of Indian Funds to improve the aborigines' stock farm. More than \$2,000,000 has been spent out of Indian funds in the last three years for stock, Sells said. In every case, he said, the investment has paid.

STATE NEWS

WOMAN JURORS BILL MAY PASS. SALOON INCLUDED IN SUNDAY CLOSING BILL.

SACRAMENTO, April 5.—Senators Benson, Kehoe and Luce, with convincing arguments, pulled the "women jurors" bill through the Senate by a vote of 28 to 10, in the face of brisk attacks by Senators Ballard and Duncan. The bill is in the hands of the Assembly committee today. It will undoubtedly be reported out and in all probability will pass that branch of the Legislature also and gain the Governor's signature.

The bill amends the present law so that instead of the word "men" in the section relating to jury service "men and women" and "persons" is used. Also it provides for a new exemption from jury service "if the care of any member of the family makes it impossible for a person to appear." In such case excuse could be gained through affidavit to the court.

In his argument Benson, answering his opponents, said: "The objections voiced here are along the same line as those which were used against women's suffrage."

While the present machinery of the law makes it possible for women to serve on juries according to the interpretation of some judges, others hold that the working of the present law excludes women. The amendment is for the purpose of making the service of women as jurors without question.

The ten Senators who voted against the amendment were Ballard, Burnett, Chandler, Duncan, Irwin, McDonald, Maddux, Purkitt, Rigdon and Shearer.

That the Mouser constitutional amendment, which would give to justice courts in counties of more than 150,000 population, jurisdiction over civil cases in which not more than \$1000 is involved, would enable the justice courts to take care of 40 per cent. of the cases which now go upon the Superior Court calendar, was the declaration made by Assemblyman George Gelder, while the bill was up for the first discussion in the Assembly. He urged adoption of the amendment as the best means of relieving congestion in the courts. The measure was re-referred to the Judiciary Committee for a bit of straightening out and will probably be acted upon favorably when it comes up for final action.

As finally passed by the Assembly, the C. W. Lyon bill, providing for visual education or education through motion pictures and stereoscopic slides in the public schools fixes one-half cent per \$100 assessed valuation as the maximum rate that can be used for the purpose. Originally the bill set the rate at 2 cents. The Senate is yet to act upon the bill.

The night of April 19 will be a big one for the attaches of the Legislature. It will mark the biennial ball engineered by the attaches and promises to eclipse all previous affairs of this kind. Most of the Legislators will attend. There are any number of pretty stenographers to serve as a special incentive.

Senator Ballard comes through with a couple of "new ones." He refers to the Rev. D. M. Gandier of the prohibition forces as "an elongated specimen of intolerance" and the anti-booze people he calls "prohibition pussyfooters." Both expressions were used by the veteran solon on the floor of the Senate and drew smiles even from the persons he was "rapping."

When the Morris Sunday closing bill comes up for final action in the Assembly it will carry an amendment so that saloons also would come under the provisions. In its original form the bill excepted the saloons along with other "necessities" but the Assembly, by a vote of 44 to 27, tacked on the saloon closing amendment.

SHE'S UP THERE, "OLD GLORY!"

This morning, as I passed into the Land Office, the Flag dropped me a most cordial salutation, and from its rippling folds I heard it say: "Good morning, Mr. Flag Maker."

"I beg your pardon, Old Glory," I said, "aren't you mistaken? I am not the President of the United States, nor a member of Congress, nor even a general in the army. I am only a government clerk."

"I greet you again, Mr. Flag Maker," replied the gay voice, "I know you well. You are the man who worked in the swelter of yesterday straightening out the tangle of that farmer's homestead in Idaho, or perhaps you found the mistake in that Indian contract in Oklahoma, or helped to clear that patent for the hopeful inventor in New York, or pushed the opening of that new ditch in Colorado, or made that mine in Illinois more safe, or brought relief to the soldier in Wyoming. No matter; whichever one of these beneficent individuals you may happen to be, I give you greeting, Mr. Flag Maker."

"I was about to pass on, when the flag stopped me with these words: 'Yesterday the President spoke a word that made happier the future of ten million peons in Mexico; but that act looms no longer on the Flag than the struggle which the boy in

The gross business transacted by the Whittier Citrus Association during the past six months is \$470,485.61, just \$155,862.22 greater than the amount of business done during the same six months in 1915-16. The navel season just closed has been a record breaker for the Whittier house. The crop was much larger than a year ago and the price received for the fruit the best in several years. The above figures are but for one of the four packing-houses at Whittier.

"Yesterday the Congress spoke a word which will open the door of Alaska; but a mother in Michigan worked from sunrise until far into the night to give her boy an education. She, too, is making the Flag.

"Yesterday we made a new law to prevent financial panics, and yesterday, maybe, a school teacher in Ohio taught his first letters to a boy who will one day write a song that will give cheer to the millions of our race. We are all making the Flag."

"But," I said impatiently, "these people were only working."

Then came a great shout from the Flag.

"The work that we do is the making of the Flag.

"I am not the Flag; not at all. I am but its shadow.

"I am whatever you make me, nothing more.

"I am your belief in yourself, your dream of what a people may become.

"Sometimes I am strong with pride, when men do an honest work, fitting the rails together truly.

"Sometimes I droop, for then purpose has gone from me. And cynically I play the coward.

"Sometimes I am loud, garish and full of that ego that blasts judgment.

"But always I am all that you hope to be, and have the courage to try for.

"I am song and fear, struggle and panic, and ennobling hope.

"I am the day's work of the weakest man, and the largest dream of the most daring.

"I am the constitution and the courts, statutes and the statute makers, soldier and dreadnaught, drayman and street sweeper, cook, counselor and clerk.

"I am the battle of yesterday, and the mistake of tomorrow.

"I am the mystery of the men who do without knowing why.

"I am the clutch of an idea, and the reasoned purpose of resolution.

"I am no more than what you believe me to be and I am all that you believe I can be.

"I am what you make me, nothing more.

"I swing before your eyes as a bright gleam of color, a symbol of yourself, the pictured suggestion of that big thing which makes this nation. My stars and my stripes are your dream and your labors. They are bright with cheer, brilliant with courage, firm with faith, because you have made them so out of your hearts. For you are the makers of the flag and it is well that you glory in the making."—Franklin K. Lane, member of President Wilson's Cabinet.

The Odd Fellows will put on the initiatory work at its regular meeting this evening.

Mrs. Fred Griggs and little son, Dean, are spending the day in the city.

Mrs. Lola Reel of 1455 Oak street went to Orange this morning for a week-end visit with her cousin.

Mrs. McCann of 1500 Oak street is entertaining friends from Los Angeles today.

Mr. J. Fletcher Tatlow and family of 1411 Oak street are moving to South Wooster street, Pasadena. Their loss is greatly regretted by their Glendale neighbors.

Mrs. C. E. Cunningham and Miss Maud Cunningham, who have been residing at 332 South Orange street, go next Tuesday to Culver City to make their home for the present.

Mr. and Mrs. Geo. Herald of 1218 West Ninth street, accompanied by their sons, Frank and George, and Miss Margaret Crawford, motored to Laguna to spend the day Wednesday morning.

The Sunday-school of the First Baptist Church enjoyed a delightful picnic at Eagle Rock Park Tuesday, about 102 going over for the day. The young people climbed the famous Eagle Rock and played games, and a bountiful repast was enjoyed. All had a most enjoyable time.

The First Congregational Church wishes contributions of flowers for Easter decorations—Easter lilies, calla lilies, purple or white iris and plumosus fern. Anyone who can furnish any of these will please notify Mrs. E. H. Willisford, Glendale 918-W, and they will be called for Saturday afternoon.

The regular monthly meeting of the Public Affairs Committee of the Friday Morning club, of which a number of local women are members, will be held Tuesday, April 10, and is open to the public. There will be a special civic program, including a talk by Mrs. E. K. Foster on "What Our City Needs," and a resume of recent activities by committee chairmen.

The N. A. C. Girls, a club composed of 37 girls at the intermediate school, enjoyed a delightful picnic up in Dead Horse Canyon Tuesday, where, under the trees, they enjoyed a bountiful lunch. The young misses were chaperoned by Mrs. Sawyer. The girls included in this frolic were Eleanor Sawyer, Eleanor Widney, Lorin Stubbs, Marjorie McLouth, Ruth Ward, Marjorie Yarick, Beatrice Bolen, Evelyn Gregg and Virginia Hunchberger.

The eighty-seventh birthday anniversary of Mrs. M. M. Winslow was honored by a family luncheon at the home of her daughter, Mrs. Edgar Leavitt, 512 Orange street, Wednesday. Mrs. Winslow is also the mother of William Winslow of Glendale and has lived here for a number of years. Wistaria blossoms formed the beautiful and appropriate table decorations and the delicious luncheon served was enjoyed by the following guests: Mr. and Mrs. William W. F. Farrington of Los Angeles, Mrs. R. S. Wheeler of Venice, Mr. and Mrs. Frank Ayars and Mr. William Winslow.

**PLANT PARTY.**

Another Plant Party will be held this Thursday evening in the library of the Third street school. If you are a new-comer, and would like to meet people who grow things and are fond of gardens, just drop around at 8 o'clock and find a cordial welcome. All who can, both members and friends, are invited to bring any young plants they do not need, either flowers or vegetables. If forty people will do this, there will be enough for fifty or sixty people to take home all they need. It is a kind of exchange business—or polite grab. Everybody brings, and everybody takes away. You get what you want, and the other fellow gets rid of what he does not want. So everybody is happy.

The Glendale Garden Society welcomes everybody. It is the only local organization into which an utter stranger can walk without fees or formal introduction, and be made welcome on the spot. If you are lonesome, come to the Garden Society—either this Thursday or the third Thursday of the month. If you need a friend, or feel the want of meeting congenial, cultured men or women, just phone to the president, Glendale 394, or to the chairman of the Visiting Committee, Mrs. James Pearson, Glendale 1225-W, who will be delighted to make a social call upon you, and to introduce you to wholesome friends. The Garden Society works for home and civic beauty. It promotes enthusiasm among children as well as grown-ups. Its scope is limitless, its energy unabated, its welcome ever cordial.

**DANIEL HEALD.**

Daniel Heald was born in Temple, N. H., February 28, 1834. He passed to another life from his home at 806 West Ninth street, Glendale, Cal., March 29, 1917, aged 83 years and 29 days. He spent his boyhood and early manhood in his native State, following for several years the trade of a mechanic. When his country called for volunteers he enlisted in August, 1862 in Co. C, Eleventh N. H. Infantry Volunteers, for three years' service and continued to the close of the war, being mustered out at Alexandria, Va., in June, 1865. In 1867 he located in Audubon county, Iowa, and engaged in farming. In 1872 he decided to change his occupation and took up the jewelry and watch repairing business, working as an employee for a short time, but soon after embarking in business for himself, which he followed continuously for almost thirty years in the States of Iowa and Missouri.

In December, 1900, he disposed of his business and other interests in Burlington Junction, Mo., and located in Glendale, Cal., where he resided until the time of his death.

His last illness covered a period of nine months and eight days, which he bore with a cheerfulness and fortitude that were remarkable. He would not wish to be eulogized but those who knew him as neighbor, friend or business associate can bear witness that his life was consistent with his highest understanding of what constitutes an honorable manhood. He died as he had lived—quietly and peacefully. The funeral service was held Monday, April 2, from the Scovern-Letton-Frey chapel, conducted by Dr. J. M. Peebles, venerable traveler, lecturer and writer, with whose life, philosophy and writings the deceased had been familiar for more than forty years. The body was laid to rest in Forest Lawn Memorial Park.

His widow, a son, Willis E., and a daughter, Millie S., survive him.

**BRITISH AMBULANCE SOCIETY.**

The regular meeting of the British Ambulance Society took place as usual last Monday afternoon in spite of adverse circumstances. Owing to the fact that the storeroom occupied by them for the past few weeks is now rented, after being vacant for two years, it was necessary to move headquarters again. The Bank of Glendale has come to the rescue and offered a fine big room in their building with a promise to take care of the society elsewhere in case this should be rented. The society wishes to call attention to the fact that it has apparently created a fine boom in that part of Glendale as before their advent nothing was doing up there and now all is changed and this corner bids fair to be very busy and popular. Two weeks ago we made an appeal in these columns for subscriptions to the Belgian Child Fund. One dollar will provide a child with the extra ration a day for one month. This ration consists of a biscuit made with lard or fat and a cup of cocoa and means the difference between life and death by slow starvation. The Literary Digest is making an appeal and started a subscription list with \$6000, enough to provide for 500 children for a year. The Glendale branch of the British Ambulance Society is collecting a fund to send to the Literary Digest and has already raised a fair amount but not nearly enough. All contributions will be gratefully received, no matter how small and everyone is urged to come in and see the workers on Red Cross and hospital supplies of every kind. Every Monday in the storeroom next door to the Bank of Glendale on Broadway. Come and see us and give us a helping hand.

**MEETINGS AT CHRISTIAN CHURCH.**

It would have done your heart good to see that throng of children last night. They were in the choir, on the front seats, and scattered all over the house. And they made music too. Then such a sermon as we had—clear, logical, convincing, heart-searching. "What shall it profit a man if he gain the whole world and lose his own soul?" What good the wealth of Golconda if it casts away your soul? We measure everything by the value we put on life. In the eighteenth chapter of Matthew, Jesus gives us lesson after lesson on values. He first rebukes the disciples for repulsing the children, then tells them the priceless value of child like faith. Then in the parable of the lost sheep. He shows the value God puts on the soul that strays away. All who heard this wonderful sermon glimpsed new meanings to that wonderful chapter. Beautiful solos by Miss Garnet Peters and by Mr. Harry Marple, were greatly appreciated. Tonight there will be special music again and another heart searching sermon. The subject is, "In the Shadow of the Cross." Jesus' last night on earth as a suffering man. The attendance has been excellent so far, but we look for a bigger crowd than ever.

**"AT HOME" AT BAPTIST CHURCH**

The Young People's Society of the First Baptist Church invite all the members of the church and congregation and their friends to an at home, to be held in the parlors of the church this (Thursday) evening at 8 o'clock. A good program is assured and light refreshments will be served. Come. Come.

**SCOUT DEMONSTRATION.**

One of the biggest things ever put on in Southern California by the Boy Scouts of America was the demonstration of their work at Bovard athletic field in Los Angeles Tues. Between 1000 and 1500 boys were in line in the parade. They were organized in seven divisions and marched four abreast through the principal streets of the city, attended by three bands, the P. E. Band, Whittier State School Band and the McKinley Home Band. Every body carried a flag and they made a very fine and imposing appearance.

At 2 o'clock the Scouts met at Bovard field, where each troop was assigned some part in the exhibition of Boy Scout work, including building bridges and signal towers, making fire by friction, making and breaking camp, and many other features of the instruction they receive. The outstanding exercise of the day was the flag raising exercises. Each boy in the ten lines composed of 100 boys each held two small American flags, and gave a drill under the direction of Mr. Miller. The thousand boys waving the Stars and Stripes were a most wonderfully patriotic and inspiring sight, and one worth going far to see.

The circus performance followed, with its circus clowns, animals, Chinese dragon and various stunts and novelties. The services of the afternoon began with the flag raising ceremony and closed with the lowering of the flag.

The Glendale, Tropic and Eagle Rock troops took part in the demonstration. Troop 1 and Troop 2, which meets at the Congregational Church and was organized chiefly through the encouragement of Rev. E. H. Willisford, has sixty-four members, the limited number, with some on the waiting list. C. B. Guthrie is scout master of Troop 1 and D. A. Lane scout master of Troop 2. Troop 3 meets at the Presbyterian Church and Joe Wilson is scout master of this troop. A group of boy scouts has been meeting at the First M. E. Church, which has not as yet registered as a branch of the Boy Scouts of America, though it is probable they will soon do so. M. W. Ludden is scout master of the Tropic troop. While not church organizations in any sense, the various troops are almost without exception connected in some way with a Sunday-school or church.

Any boy of any nationality, of any creed 12 years of age or older, may become a Boy Scout if he promises to keep the scout oath and laws and prepares himself for simple tests, on the composition and history of the American flag, and the significance

of the scout badge, and can make several cordage knots.

The Boy Scout movement is in no sense a secret organization.

The plan is to group a number of boys (not more than thirty-two in one "troop," as they are designated,) under the leadership of a "scout master"—a carefully selected, clean, intelligent, boy-loving, volunteer leader—always a man of sterling character and mature judgment. Each troop and scout master are under the supervision of a "Troop Committee" of responsible citizens, usually officials of the church, synagogue, school, settlement house, asylum or playground with which the troop is connected.

Through such leadership the boys of the troops are kept interested in a program of play-activities that are health-giving and educational. They take long tramps, studying nature in all its forms. They learn woodcraft, and how to take care of themselves in the open. They have troop meetings each week for study, handicraft, experiments, demonstrations, etc., and go into camp every summer under trained directions.

The Boy Scout is taught courtesy, honor, humanity, kindness, chivalry and service, and to exercise them at home, in school and outside, and such practical activities as first-aid, life-saving, cooking, swimming, etc.

The Boy Scout must do a "good turn" daily. The only membership cost is an

**LA CANADA.**

There will be a dance given by the La Canada Valley Club, May 5, 1917, at the La Canada Club Hall. The club is not giving this dance as a money-making affair, but they want everyone in the valley to come and have a good time. They will have the same music as last time.

Last Saturday the La Canada library moved from the old school building into the newly completed building. There is plenty of room now for anyone to go and spend the afternoon reading. The trustees purchased a large library table for the convenience of afternoon and evening visitors.

The new building has also been

occupied by the school. After vacation the school will meet in the new building.

Four talented minstrels, secured from Pasadena, will perform at the La Canada C. E. April Fool Fair, to be given at the church on the eve of April 13. These minstrels have just returned from a successful tour in the East. They have been induced to perform as a special request. This fair is unusual in that everything will be free. Fortune telling, grab boxes, fish pond and a dozen other things will be arranged to amuse you. This is to be one of the biggest and best socials ever given by the Christian Endeavor. They cordially invite everyone.

Awakened by familiar sounds of burglars, Ralph Cornwell, who experienced an exciting shooting adventure with two Mexican vagabonds last week, believed that the bandits had returned last Sunday night to complete the attempted job of a week before. Hearing the noises, young Cornwell took his gun and went out into the night. He heard the men and shot aimlessly a couple of times to frighten them. Cornwell and his young nephew, who came to the scene of action, saw the men climb a fence.

Cautioning his nephew to watch the men, Cornwell ran across the street and aroused Max Green, asking him to secure help. Green took a path through the orchard to North Commonwealth avenue. He brought Dr. Smally and Rufus Zans to the rescue. The four men spent the remainder of the night tracking the men, but without success.

A system of better police service has been discussed by different citizens. This is about the tenth robbery or attempt at robbery which has taken place in La Canada during the past two months.

That an effort will be made to top the eucalyptus trees surrounding the La Canada Congregational Church was the decision of the trustees' meeting, held last Tuesday night at the La Canada Church.

The trees have grown to an immense height and obstruct the view of several homes near the church. The trustees believe that by topping the trees they can secure just as good results as removing them entirely.

To postpone indefinitely the annexation of La Canada to Pasadena and the 6th class city proposition was the action taken by the La Canada Improvement Association, held last Saturday night at the La Canada Club Hall.

Expecting to hear La Canada's future discussed, an unusually large crowd came out Saturday night. But the decided action taken by vote dismissed all discussion of the question indefinitely. The sentiment of the association was strongly in favor of La Canada remaining as it now is.

Mr. Selleck of North School street gave an address on "The Liberation of Russia." This subject was interesting to the audience on account of the recent rearrangement in the history of that great country. Mr. Selleck emphasized the strong feeling of democracy among the common people. That this revolution was an expression of long restrained feelings.

With careful detail and vividness Mr. Selleck held his audience throughout the talk.

A Red Cross meeting will be held Tuesday afternoon at 3 o'clock at the home of Mrs. Howard on Michigan avenue to talk about the organization of a branch chapter of the American Red Cross Society.

**EFFICIENCY DEFINED.**

Efficiency is a state of mind which causes a man to mentally walk upright with his shoulders back, his eyes bright, and his face straight; a point of view which makes a correct balance between system and sweat; a method of action which accomplishes the maximum of result with the minimum of energy; a condition of hustling without hurry; something which makes a man think as well as work, and causes him to know that an increase of thought may mean a reduction of labor with a result of greater accomplishments.—Impressions.

**THE REASON**

Shop-walker—"Do you realize that you were four hours selling those two women a yard of ribbon?"  
Saleswoman—"I know, sir. But just as they got the counter they discovered that they each had a baby just learning to talk."—New York Times.

Mildmay is a philosopher in his way. The other evening Mrs. M. gave him a scolding that would make almost any other man crazy. But Mildmay never said a word in reply. He only murmured to himself:

"And that is the woman I used to hold on my knee and call my little tootsy wootsy."

**WAR PRICES**

Rube (sniffing the air): "Whew! That smells like scorched potatoes."  
Boob: "I shouldn't think people could afford to burn potatoes, the way they are priced now-a-days."  
Rube: "No, but with the present water rates in Redondo, it is cheaper to let them burn than to sacrifice extra water to cover them."—Redondo Reflex.

**WHAT EASTER SHOULD MEAN.**

Does Easter mean to you only the wearing of a new hat, a new frock and the studying of fashions as worn by others? Do you let it bring to your little ones only the rabbit's nest of colored eggs or the fluffs of yellow chicks? Does it strike no higher chord in your being than the fact that spring is at hand and you must have light and becoming apparel?

Easter is more than all these. It is the force in nature that brings the leaf, the bud and at last the glowing blossom from the clod. It is the resurrection of the life of those things we call inanimate because they cannot talk to us; how much more than the springing into being of the good that may be dormant in our hearts.

What the little ones should be told this Easter morning is that the life of the world itself is new; that the grave cannot hold within its confines the mighty spirit of growing things. So I beg of you to not dwell too largely upon the sadness of the cross and the crown of thorns, but rather upon the glorious truth that those were but small in comparison with the glory of Christ's rising.

If the remembrance of the freeing from the tomb means anything in teaching Christianity it means the beauty of the resurrection; it means that the very spirit of "Christ risen from the dead" is to be carried out in real life; that joy and fresh, glowing happiness are to be taught and believed in. Gloom has no place on Easter day. What is past is past; troubles that have come are gone; pain that has been suffered and cured is to be forgotten, and this is the meaning that Easter should bring into every mother's morning greeting to her little ones.

"You were ill yesterday, but you are well today." You are to live as if the sun was newly born, the skies newly washed in their sunny blue, the stars but just freshly placed to shine to give you pleasure, the moon sailing like a beautiful round globe for your eyes to see. All these mean a keener enjoyment, a better understanding, and you will find response in each small body and loving heart if the practice be the teaching of the Golden Rule, not only today, but all the year.—Emma Irene McLagan in St. Louis Globe-Democrat.

Speaking of the rapid advance of our times, have you heard of the man who used a dictaphone when dictating his letters, and, as is customary, concluded the letter with the words "Dictated but not read." When eating dinner at the hotel run by his client he was served with a plate of soup with a card attached which read "Cooked, but not tasted."

**BUDDING GENIUS.**

"Our Tommy," said the boy's mother, "ought to make a success in life. He shows great determination to stick to anything he undertakes."  
"Does he?" queried the proud father.  
"Yes," she replied. "Why, he put in the whole day making soap bubbles and trying to tie strings to them."

**REWARDS OF PATIENCE**

"Patience and perseverance will accomplish all things," was the favorite saying of an old farmer.

He had just made this remark in a train one day on the way to market, when a pompous individual in the next seat turned to him and said:

"Nonsense, sir! I can tell you many things which neither patience nor perseverance can accomplish."

"Perhaps you can," said the farmer, "but I have never yet come across one thing."

"Well, then, I'll tell you one. Will patience and perseverance ever enable you to carry water in a sieve?"

"Certainly."

"I would like to know how."

"Simply by waiting patiently for the water to freeze."

**FOR PHILOSOPHERS ONLY.**

As for limericks, here's one from the "Spectator" that is new to us (and we like it):

There was an old man of Cadiz  
Who affirmed that life is what it is.  
For he early had learnt,  
If it were what it weren't,  
It could not be that which it is.

Try that on your argifyin' friends some rainy evening by the fire.—Collier's Weekly.

**ROMAN BRICKS**

When the preparations for rebuilding the Campanile in Venice were undertaken the archaeologists were afforded an opportunity to make some interesting studies of the bricks. It was found that they had been used in arches, fortifications, the tops of walls and in other ways before they were built into the campanile and that they were not Venetian but Roman bricks. These ancient bricks were made in slices, for in many the layers could be seen undisturbed. It is said that bricks made this way can bear a greater weight than modern bricks. The bricks examined were of the first century. One of them bore the imprint of a horseshoe, which may prove that Romans used a horseshoe like ours, although it is generally believed that their horseshoes were strapped on, not nailed.

**THE PRICE OF EXPERIENCE.**

You have to pay for experience. Some men buy it with the best years of their lives and do not even have the melancholy satisfaction of leaving it to their heirs along with their wealth.

Other men, gifted with the power of observation and trained in methods of application, buy experience by spending their years studying what the first class of men have done, wherein they have failed and succeeded—and why.

Still other men, busy with their own affairs, buy the hard-earned experience of the first class by bringing to bear upon their needs the systematic knowledge of the second.

Which is the best way?—The Market Voice.

**NOT RECKLESS.**

Percy Ames, who is just back from the warring side of the world, says a mustering officer—a sergeant—met on the street of an English coast village a strapping, upstanding youngster of 21 or thereabouts. The noncom hailed him:

"See 'ere, me lad," he said, "are you in good 'ealth?"

"I are," stated the youth.

"Are you married?"

"I aren't."

"Ave you any one dependent on you?"

"I 'ave not."

"Then your king and country need you. Why don't you enlist?"

"Wot?" he said. "With this bloom-in' war going on? You must 'im a silly fool."—Saturday Evening Post.

**VERIFIED.**

Captain—You say this man called you a hippopotamus four weeks ago? Why report it now?

Sergeant—Because I only seed a hippopotamus for the first time yesterday, sir!—London Opinion.

Sergeant Joe Gough of the Santa Monica police department took an automobile ride through Topanga canyon early Sunday morning. Just as he turned from the canyon road into the coast road a young fawn sprang from the top of the bluff and landed on the vacant seat in the rear of the car. Almost at the same time two dogs appeared at the top of the bluff. The fawn was so thoroughly frightened that it made no attempt to escape.—Monrovia News.

**TO THE POTATO.**

Twinkle, twinkle little spud,  
How I wonder how you skud  
Up among the clouds so high  
Like a diamond in the sky.  
You are doubtless feeling gay  
Chasing round that milky-way.  
You have reached to such a height  
You are surely out of sight.  
Like a diamond now you seem  
In your price, and that's no dream.  
Do not give another twink  
Or you'll drive us all to drink.  
Spud, so mighty, though so small  
You make diggers of us all;  
Farmers dig you with a hoe  
The consumer digs for dough.  
'Tis for you alone we yearn;  
Darling tater, please return.  
—St. John News.

**THE PEOPLE'S QUESTION.**

Monarchs on your thrones,  
What good have ye done  
With the tons of men's bones  
That blanch in the sun?

What good have you wrought  
By the blood ye have shed,  
By the wars ye have fought,  
With their millions of dead?

Answer, men of the sword,  
What ye think ye will gain  
When your hell guns have roared  
O'er the miles of your slain??

Ah, how must ye feel,  
And what can ye say,  
When your bloody thrones reel  
On the great judgment day?  
—Charles Coke Woods.

**BAZAARS IN ASIA**

Streets in the bazaar district of Asiatic cities are only eight to ten feet wide. The larger shops are eight by ten and the smaller ones five by six feet, with one side giving directly on the street. In each bazaar is a khan for every ten or twelve shops. These khans are two stories high, with an open court in the center and rooms on the four sides, all opening into the court. A door leads from the open court into the street. Rooms are let to different storekeepers for storage purposes.

**WIFELY OPTIMISM**

Husband—When I see all these bills I am tired of life. Do you think the time will ever come when we shall be out of debt? Wife (cheerfully)—Why not, darling? You know that you are carrying an exceptionally large life insurance.

It takes longer to figure out how to get money without working than it does to get the money by working, but we should remember that we can work best with two good eyes, two good hands and two good feet and a clear head.

Every man owes some of his time to the upbuilding of the profession to which he belongs.—Roosevelt.
