NEW ROSES FOR 1874.

We have great pleasure in offering plants of the following thirty new varieties originated in Europe, in 1873, and recently imported by us. Judging from those that have already bloomed with us and from the general habits of the remainder, we believe them to be Roses of superior merit. As no other firm in America, that we are aware of, offers these varieties now, those who purchase plants of us, can have a stock to propagate from in advance of their general dissemination. For descriptions, see pages 1 and 2 of Retail Catalogue.

PRICE.—Purchaser's selection of sorts, \$1.25 each; \$13.00 per doz; \$100. per 100.
