8 VF from VC-92 and 8 VT from VC-83 on station at orbit point near Iwo Jima were instructed to make a strafing and bombing attack against target areas 234 V,W,X, and Y. The primary purpose of the strike was to divert the enemy's attention from our troops which were moving forward in the area. The area was close to our own front lines and the planes were instructed to make one run only, expending all armament and the one run.

All bombs were dropped in train by intervalometer. So much smoke and dust covered the area that it was impossible to observe results. However, the Air Coordinator said that the bombs were "right on."

No AA was encountered.

Pilots: Lieut. M.S. Worley; Lieuts.(jg) W.R. Andrews, R.G. Perry, C.A. Kent, Jr., W. Zuentz; Ensigns J.T. Parady, W.O. Gundlach, G.M. Roberts.
