Greetings

It is our pleasure to again offer the highest quality of Flowering Bulbs to our old friends and customers, and to those who have not been on our list of satisfied buyers, we assure you that by a proper selection this fall of our high quality stock, it will cheer and brighten your home and garden the coming winter and spring.

At this time we desire to call your attention to our convenient location, **JUST A FEW DOORS FROM THE NORTH END OF THE SIXTH STREET BRIDGE**, where ample parking facilities are available for a two hour period on the streets surrounding our store.

We will be pleased to have you drop in and inspect our high grade stock of Bulbs and Supplies and discuss with our experienced men your garden problems and requirements.

BECKERT'S SEED STORE,

Oscar M. Beckert, Manager

SEND US YOUR ORDER AS EARLY AS POSSIBLE

We prepay the forwarding charges on all flowering bulbs at prices quoted. Six bulbs of a variety furnished at the dozen rate; twenty-five of a variety at the hundred rate; and two hundred and fifty at the thousand rate.

Darwin Tulip Dream, Planted in a Clump

Beckert's Giant Darwin Tulips

MAY FLOWERING

NO tulip has enjoyed such an ever increasing popularity as the Darwin Tulip. Whether planted in large formal beds, in the border, in group planting, or in beds on the lawn, the combinations of delicate shades which may be had will never fail to attract attention. The chief characteristics of the Darwins are the perfect cup-shape flowers, exquisite colorings, long wiry stems, and the lasting qualities of the bloom. They are of the late flowering class, following several weeks after the Early Tulips. Darwins grow 24 to 36 inches high and excel all other tulips in color, ranging from softest pink to brilliant scarlet and crimson, blue, mauve, lavender and black. The numerals following the varieties indicate the height in inches.

	Doz.	100	1000
Afterglow. 26. Deep salmon-orange	.70	\$ 5.00	\$45.00
Baronne de la Tonnaye. 26. Vivid pink, margined blush	.70	5.00	45.00

For Early Blooms Use Double Early Tulips

Narcissi or Daffodils

THESE are among the most charming of our spring flowers defying in their earliness the rough winds of April to grace our borders and lawns. Plant them in masses, or have a few pots or pans in your window garden, but by all means grow some.

The Giant Trumpet class is recognized by the central crown or cup being as long or longer than the perianth (the petals surrounding the crown). The Medium Trumpets are distinguished by the crown or cup being shorter than the Giant Trumpets, measuring from those having a very shallow cup to the ones whose cups run one-third the length of the surrounding petals.

GIANT TRUMPET NARCISSI ALL MAMMOTH DOUBLE CROWN BULBS

	Each	Doz.	100
Emperor. Large rich yellow trumpet	\$.12	\$1.20	\$9.00

GIANT EXHIBITION HYACINTHS

Our Exhibition Hyacinths are furnished by the most dependable growers in Holland and selected for their large sized spikes, elegance of form and richness of color. Our mammoth size bulbs are admirably adapted for growing indoors and should be planted one bulb to a 5-inch pot. Numerals following the varieties indicate comparative blooming period—1 early, 2 medium, 3 late.

- Arentine Arendsen. 1. Large bells, pure white.
- Gertrude. 1. Deep pink; good forcer.
- Grand Maître. 2. Deep lavender-blue, strong spike.
- King of the Blues. 3. Dark blue; fine forcer and bedder.
- Lady Derby. 1. Finest rose-pink; good forcer.
- LaGrandesse. 3. Large white bells.
- LaVictoire. 1. Brilliant carmine-rose.
- L'Innocence. 1. Pure white, large bells.
- Perle Brilliant. 2. Light blue, large bells.
- Queen of the Blues. 3. Porcelain-blue, strong spike.
- Queen of the Pinks. 3. Clear rose-pink.
- Yellow Hammer. 1. Creamy yellow, large bells.

	Each	Doz.	100
Giant Exhibition Hyacinth Bulbs	\$.25	\$2.00	\$16.00
Selected First Size Hyacinth Bulbs	.20	1.75	14.00

BEDDING HYACINTHS

These Bedding Hyacinths are not as large as the Exhibition size above, but are better adapted for the purpose of outdoor planting. The bulbs offered are top size bedding stock, producing strong, sturdy spikes well filled with bells. Not suitable for forcing.

	Dark Blue Shades Light Blue Shades	Pink Shades Red Shades	Pure White Yellow Shades
Each of the above	\$.12 each	\$1.20 per dozen	\$9.00 per 100

MINIATURE OR DUTCH ROMAN HYACINTHS

These are suitable for planting indoors in pots or pans. The graceful spikes produce smaller bells than the larger bulbs, with less bells to the spike and make a delightful fragrant house plant.

	Gertrude. Deep lavender blue.	King of the Blues. Dark, rich blue.	L'Innocence. Pure glistening white.	La Grandesse. Pure white bells.	Queen of the Blues. Porcelain blue.	Queen of the Pinks. Clear rose-pink.
Each of the above	\$.10 each	\$.90 per dozen	\$7.00 per 100

AMARYLLIS—Giant Hybrids

Pot the bulbs so that they are firmly imbedded in the soil with half of the bulb exposed above the surface. Place in the dark for three to four weeks in a temperature of 50 to 60 degrees until well rooted. Bring to a sunny window and water sparingly until growth starts, after which water regularly and add a little liquid manure once a week. After blooming, take good care of the leaves until they turn yellow, then store bulbs in a cool dark place until repotting time next fall.

Large Bulbs, Mixed colors.....each \$.50 per doz. \$5.00
Mammoth Bulbs, Mixed colors.....each .75 per doz. 8.00

FRENCH ROMAN HYACINTHS

Six or more bulbs in a bowl make a charming table decoration. Each bulb produces 3 or 4 spikes of graceful, fragrant blooms. Grow the same as Paper-White Narcissus, but leave in the dark for a longer period.

Pure White, Ex. Large Size...ea. \$.15 doz. \$1.50 per 100 \$12.00
Blue Roman, Virginia. A recent introduction that can be bloomed by Christmas. Large porcelain-blue bells and stronger stems than White Romans. Monster Size. Ea. \$.35, doz. \$3.75, 100 \$25.00

Hardy Garden Lilies

HARDY Lilies are of two classes, the stem rooting kind designated below as S sends out roots from the base of the bulbs and also from the stem at the top of the bulb and should be planted 6 to 10 inches deep, depending on the soil. The base rooting kind designated as B forms roots from the base only and should be planted about twice the depth of the bulb.

----------------------------	-------------	-------------	--------------

NARCISSUS—Paper White

The bulbs are of easy culture and can be grown in dishes or bowls with pebbles and water. A constant supply of fragrant blooms can be had indoors by planting different lots from October to February. After planting, place the dishes in a dark, cool place for about two weeks, then bring to the light in as cool a room as possible.

Large Size Bulbs.....each \$.05 per doz. \$.45 per 100 \$3.50
Mammoth Size Bulb.....each .07 per doz. .70 per 100 5.00

NARCISSUS—Grand Soleil d'Or

Golden yellow with orange cup, sometimes called Yellow Paper-White. They do not bloom as quickly as the white variety.

Mammoth Size Bulbs.....each \$.15 per doz. \$1.50 per 100 \$11.00

OXALIS

Popular indoor pot plants of a trailing nature, making them desirable for hanging baskets. After potting, put in the dark for about a week and then bring to a sunny window.

Lavender, Pink, White or Yellow...ea. \$.05, doz. \$.45, 100 \$3.50

FRAGRANT FREESIAS

The flowers are gracefully branched and have a delicate fragrance. Plant the bulbs early in deep pots in a mixture of loam, leaf mold and sand. Place in an indirect light indoors, or in a protected spot outdoors if the weather permits, until growth appears. Water regularly and place fine twigs around the edge of the pots. Grow in a fairly cool temperature.

Fall Lawn Making

SEPTEMBER, with its warm days and cool, dewy nights, is an admirable time to make a new lawn or renovate the old one. The September sun has plenty of warmth to properly germinate the seed and a good root growth will be secured before cold weather. Lawns started in the fall withstand the hot summer months better than those sown in early spring.

BECKERT'S "SPECIAL" LAWN MIXTURE

The utmost care and attention has been devoted to our "Special" Lawn Mixture and it comprises the finest assortment of re-cleaned grasses, carefully blended in the proper proportions so as to insure a perfect and luxuriant lawn of velvety green texture. The different grasses in this formula are all selected for a special purpose; some for their deep rooting and spreading nature, others for their fine leaves and color, others for their ability to make a close, dense turf and season of growth, some for their ability to thrive under trying conditions of heat and drought. Use 1 pound to 250 square feet, 100 pounds to the acre. 1 lb., 60c; 2 lbs., \$1.15; 5 lbs., \$2.75; prepaid. Not prepaid, 10 lbs., \$5.00; 25 lbs., \$11.75; 100 lbs., \$45.00.

BECKERT'S EVERGREEN LAWN MIXTURE

We offer in our Evergreen Mixture a well balanced blend of the finest and most enduring grasses we know—the result of years of study and trial. Tested and proved, we can recommend it with the highest confidence for permanent and satisfactory results. Its ingredients are the highest grade of re-cleaned seeds only. Use one pound to 250 square feet, 100 pounds to the acre, 1 lb., 45c; 2 lbs., 80c; 5 lbs., \$1.75; prepaid. Not prepaid, 10 lbs., \$3.25; 25 lbs., \$7.75; 100 lbs., \$30.00.

BECKERT'S CHOICE LAWN MIXTURE

This is a high grade Lawn Mixture composed of re-cleaned grasses that will produce a rich green turf of lasting quality. Use one pound to 250 square feet. 1 lb., 35c; 2 lbs., 65c; 5 lbs., \$1.50; prepaid. Not prepaid, 10 lbs., \$2.75; 25 lbs., \$6.50; 100 lbs., \$25.00.
