FAMOUS ARGENTINE AIRMAN HERE

FIRE SITUATION IN PROVINCE IS VERY SERIOUS

MAJOR PEDRO ZANNI IS UNDAUNTED BY HARD LUCK ON WORLD FLIGHT

POLICE CONVENTION OPENS WITH HEARTY WELCOME BY LIEUT.-GOVERNOR NICHOL

Great Attendance Shows Crime Prevention Becoming Matter of Urgent Public Welfare

Welcoming the delegates to the Fifth International Convention of the Northwest Association of Sheriffs and Police, opened this morning at the Empress Hotel, Hon. Walter C. Nichol, Lieutenant-Governor of British Columbia, remarked, "I have had the honor and pleasure of meeting you in convention on three or four previous occasions, but never before have your gatherings been so well attended. This increase in the interest in your deliberations has a very serious reason, the great development of crime. Much of this increase, I believe, is due to the automobile and the aeroplane, and their usage by the criminal world to prosecute their schemes and to aid their escape."

VALUABLE MEETING

The convention was described by His Honor as one of the most important discussions of the year, and he hoped that great progress would result from the deliberations of the officers, who represent the complete range of crime preventive work in Western Canada, and the United States.

Lieut.-Governor Nichol recalled his early experiences as a police reporter, and declared that the changes in the tactics of criminals and preventive officers filled him with amazement.

TOO MANY LAWS

Advising the law enforcement officers to practice the Golden Rule, Hon. Mr. Nichol remarked, "In your duties I believe you will find the possession of a sense of humor to be a greater asset towards good work than drastic legislation. There is now too much legislation infringing upon the personal liberty of the subject. It is no crime to smoke a cigarette or to take a drink, yet many states, by statutory enactments, have made crimes of such personal matters."

SMOOTH MACHINERY

Delegates are being handled by the Victoria convention organization with an efficiency which attracted the direct praise of President Luke S. May. When the convention opened this morning less than one-half the delegates expected were present, and President May announced that great numbers have sent telegraphic announcements of arrival this afternoon or to-morrow morning. Despite these absences, the convention is already far ahead of any previous session in attendance and importance.

This morning's session at the Empress Hotel ballroom was chiefly devoted to introductions. Dean Quinlan pronounced the invocation, Mayor Pendray tendered a brief but hearty civic welcome to the delegates, endorsed by Reeve Ansonby of Oak Bay.

300,000 FRAME HOUSES TO GO UP IN BRITAIN

Canadian Firms Urged to Bid on Lumber Needed on Vast Scale

Further information on the opportunities offered Canadian lumber firms by the plans under consideration for wooden houses in Great Britain is contained in a report received by the Victoria Chamber of Commerce from the G. B. Johnson, Canadian Trade Commissioner at Glasgow. Mr. Johnson has forwarded to the Department of Trade and Commerce at Ottawa complete sets of blueprints and specifications for frame houses for Glasgow and other cities and towns in the United Kingdom in connection with the subsidized housing scheme of the British Government, and involving the use of lumber on a vast scale.

In bidding for orders on material for these houses it is pointed out that the smallest unit for which offers are to be provided in multiples of 500 houses. The total number of frame houses to be built will probably reach from 200,000 to 300,000. In Glasgow alone there are 40,000 families living in one room houses for whom new accommodation must be provided.

Canadian lumber firms are strongly urged to give this matter their consideration, Mr. Johnson states.

SHARES IN ACTION IN DAYTON COURT; W. J. BRYAN JR.

Engaged in the final phases of the Scopes evolution trial in Dayton, Tennessee, is William Jennings Bryan Jr., who is associated with his father and the other attorneys for the prosecution. He addressed the judge once last week, but in the final test of the prosecution addresses to the judge and jury to-morrow is expected to stand aside in favor of his more experienced father. He is a foe of the theory of evolution and declares the United States will go to ruin if it allows the doctrine in the schools.

INQUIRY MADE INTO DEATH OF LOCAL FIREMAN

J. G. Dodd Died From Abscess on Brain, Post-mortem Shows

Inquiry into the death of J. G. Dodd, a fireman who succumbed here yesterday, was ordered by the Attorney-General's Department to-day, following the receipt of reports that the matter deserved careful inquiry. Provincial Police, acting on instructions from the Attorney-General's Department, commenced investigations this morning to determine the precise cause of death. J. G. Dodd, since February, 1907, a member of the Victoria Fire Department, died yesterday afternoon at 4:30 o'clock at the St. Joseph's Hospital, and, according to a post mortem examination, succumbed to a brain abscess caused from infection of the ear.

The late Mr. Dodd had resided at the Columbia Rooms for some time, but recently was camping at Prospect Lake. While there he was taken suddenly ill, and after two days away from medical care was rushed to hospital here.

The remains repose at the B. C. Funeral Chapel.

Medical men of this city who were interested in the case said this morning that although it could not be said definitely that the deceased was suffering from mastoiditis, it was infection from the region of the mastoid bone which caused the abscess and the man's death. This conclusion was arrived at following a post mortem.

The man had been subject to drowsy spells for several years, but this had nothing to do with his death, doctors believe.

PEACE TERMS ARE OFFERED RIFFIANS

French Premier Foreshadows Big Offensive if Moroccans Reject Them

Cabinet in Paris is Told French Front Has Been Greatly Strengthened

Paris, July 20.—France will start a great military offensive in Morocco against Abd-el-Krim, Premier Painleve said to-day, if the Rifian leader refuses the peace terms offered by him by semi-official Franco-Spanish agents.

The Premier told to-day's Cabinet meeting Abd-el-Krim knew the terms upon which he could have peace with France and Spain in (Concluded on page 2)

E. G. WAGNER ENDED LIFE IN CHICAGO TO-DAY

Chicago, July 20.—E. G. Wagner, formerly one of the biggest figures in the Chicago grain trade, whose firm failed for millions a few years ago, plunged to death from the fifteenth story of the Westminster Building, in the central business district, to-day.

WEEK-END BRINGS NO RELIEF IN BLAZING B.C. FORESTS: SITUATION GROWING GRAVER

With no improvement over the week-end, British Columbia started this week with an extremely grave forest fire situation on its hands. Reports from all districts, assembled by the forestry service here to-day, indicate that conditions in almost every part of the Province are cause for extreme alarm. After examining these reports Z. P. Caverhill, chief forester, issued another strong appeal for caution in the woods.

Fires reported this year far outstrip in number the total for a similar period last year. Up to date 1,029 forest fires have been reported in the Province as against 568 last year. This year's total is rapidly nearing the figure of the disastrous year of 1924 when, up to this time, 1,212 outbreaks had been recorded.

The southern interior is ablaze now. No less than 245 fires have been reported in this area, and others are feared as the woods are growing more and more parched with every hour of scorching heat. The task of fire fighters in these districts is daily becoming more difficult and dangerous. Only a change in the weather, it is believed, can bring relief.

In the Vancouver district, including Vancouver Island, 24 fires have been reported: in Prince Rupert, 133; in Prince George, 108; in Kamloops, 46, and in Cariboo, 109.

The official fire warning issued by the Forest Branch of the Lands Department to-day ran as follows: "The week-end reports received, indicate a very serious condition over the Province at large, and more particularly in the Kootenay and Cariboo districts, where temperatures are high, humidity low and heavy winds blowing. Meteorological reports give no promise of any amelioration of the present dangerous condition, in fact, they indicate an extended dry period. (Concluded on page 2)

FIVE-YEAR-OLD STOWAWAY HERE FROM MAINLAND

Buckley Mitchell Wilson Was Looking For Parents in Seattle

Without doubt the youngest stowaway that ever came to Victoria, Buckley Mitchell Wilson, five years old, with large brown eyes, is in the city police station to-day, awaiting word from Seattle and Port Angeles as to what shall be done with him.

"My name is Buckley Mitchell Wilson," said the diminutive youngster to the big desk sergeant behind the station desk this morning. "I live at 3720 49th Avenue, Southwest Seattle."

The words came out as though he had learned them for the occasion. And his story followed. Buckley is no more than a baby. But he has no fear of the big officers in blue, who are looking after him, and the kindly police matron. In fact, he is having a good time there, swinging on the desk sergeant's arm, and looking at the big officers in blue, who are looking after him, and the kindly police matron.

He was staying with a friend in Port Angeles, it seems. According to his story he lived in Seattle, and wanted to find his mother. He wanted to get to see her and the only way he could was to take the boat. That he would ultimately arrive in Seattle he was certain. He arrived here yesterday afternoon and was handed over to police officers, who took the little fellow in charge when the ferry boat docked here from the American port.

Although the police department here has made every effort to locate the parents of the little boy, no word has come from the mainland helping them out of their difficulty. There is no report from Port Angeles of any child missing from that city. Nor do the Seattle police say anything as yet concerning the youngster. So the men at the station are giving the little fellow a home until they find his parents.

AUSTRALIAN LOAN QUICKLY TAKEN UP IN NEW YORK TO-DAY

New York, July 20.—The \$75,000,000 Commonwealth of Australia five per cent external loan, floated by a banking group headed by J. P. Morgan & Company, was oversubscribed within one hour after the books had been opened to-day.

The revolt ended a few hours after it had started early in the morning, due to the prompt action of the Government. Captain Baptista, the organizer of the plot, and four of his aides are under arrest, having given themselves up when it was seen the authorities had the upper hand. (Concluded on page 2)

Rains After Heat Wave On Prairies Were Welcomed

Calgary, July 20.—Central Alberta's long hot spell was broken by heavy rains last evening, which greeted in the Calgary district. The country along the Goose Lake Railway line, almost as far as the Saskatchewan border, including Drumheller and intermediary points, was well soaked, rain falling all night in some areas.

Both the south lines, the Aldersyde branch, passing through Vulcan, and the Macleod branch, received much rain. Vulcan reported three hours of rain. At Marlow, on the New Lomond C.P.R. extension, it rained all night. A quarter of an inch of rain fell at Carmangay, Claresholm, Granum and Macleod.

The rain skipped Lethbridge, Taber, Bow Island and other southern districts, where it was badly needed, only ineffectual showers falling there. Farther south, on the Cardston line, however, there were good showers. (Concluded on page 2)

RETURNING SOUTH AFTER ADVENTURE ON MOUNT LOGAN

CAPT. A. H. MCCARTHY

of Wilmer, B.C., is on his way home from the north after having led the party of six men which scaled lofty Mount Logan, 19,539 feet high, in the southwest corner of the Yukon Territory. Two of the men, Norman H. Read of Boston and Robert M. Morgan, a graduate of Harvard University, reached Seattle yesterday aboard the steamship Alaska. Mount Logan is the second highest peak on the North American continent, Mount McKinley, Alaska, being the highest.

FIRST HARVESTING OF 1925 DONE IN ALBERTA

Lethbridge July 20.—Harvesting of Spring grain started Saturday at Taber when three fields of wheat were cut. They will give average yields. The binder started in a field of barley at Raymond to-day. Harvesting will be fairly general throughout Southern Alberta by August 5, one of the earliest harvest dates on record. Indications are that the fifteen-year average will be harvested in the wheat fields of Southwestern Alberta, with irrigated fields giving about the only bumper crops.

UPRISING IN LISBON WAS SOON CRUSHED

Three Killed and Fifteen Are Wounded; Five of Leaders Under Arrest

Lisbon, July 20.—Three were killed and fifteen were wounded in yesterday's revolution here. Lisbon is under martial law and the situation is calm.

The revolt ended a few hours after it had started early in the morning, due to the prompt action of the Government. Captain Baptista, the organizer of the plot, and four of his aides are under arrest, having given themselves up when it was seen the authorities had the upper hand. (Concluded on page 2)

TWO GIRLS ENTERED CANADA ILLEGALLY

One Eighteen and One Nineteen, From Montana, in Custody in Fernie

Fernie, B.C., July 20.—Alice Lyons, aged eighteen, and June Brooks, a year older, two United States girls who illegally entered Canada from Montana by evading officers at Coutts, Alberta, according to Royal Canadian Mounted Police officers, are being held by the local authorities pending instructions from the Immigration Department.

The girls arrived here last week from Calgary, where they had been employed during the annual Stampede, and were placed in charge of the Salvation Army when it was discovered they had entered the country irregularly. They came in boys' clothes on a westbound freight train on the first night of their detention, however, and were apprehended when they reached Wardner, B.C., and brought back to Fernie, where they are now in jail.

Wave Smashed Wing Float of Last Machine as Pacific Flight Was Commencing at Osaka; Flight at Times Carried on Only Thirty Feet Above Ground in Torrential Downpours of Rain; Ready to Link North and South American Continents by Air if Given Leave.

Hearty congratulations from the Argentine war department awaited the arrival of Major Pedro L. Zanni, the Argentine aviator whose plucky attempt to circle the globe by air was the talk of the world-flight events last year, and who arrived at Victoria on board the Ss. Africa Maru this morning. Major Zanni is now on his way to Buenos Ayres where a great welcome awaits him.

To The Times on board to-day the aviator gave the story of his sensational flight from Amsterdam to Osaka, approximately 11,000 miles in a flying time of 130 hours. The machine used was a Fokker aeroplane, engine with a 450 horsepower Napier-Lion.

Through Holland, Belgium and France the Fokker sped without incident until Paris was reached. There Lieut. Page (his navigator) became ill with an infection of the leg, and was taken to a hospital when the machine landed.

Major Zanni waited at Paris until July 14, in the hope of picking up his pilot companion, and also to see if he could meet the American world-fliers coming up the other way. He took off from Paris on the morning of July 14, just seven hours ahead of the landing-in of the American machines.

Then began the stretch of the flight that drew the eyes of the world on Major Zanni. With his engine working in perfect order, Zanni raced south through France, Italy, Greece and northern India at the phenomenal speed of 180 kilometres an hour.

For days on end he put 1,000 miles between his taking-off and landing, between sunrise and sunset. Then came the rains, the torrential downpour of the monsoons and water-logged landing grounds. All through India and Burma this continued, each landing ground being more inundated than the last. The end came at Hanoi, Cochinchina, when Zanni's machine raced nearly a mile over muddy fields and crashed in a desperate attempt to take-off at all costs.

Major Zanni was accompanied from Paris on by Lieut. Evaristo Velo and Felipe Beltrame, relief pilot and mechanic respectively. Through the soggy days of skimming the machine out of the mud and the torrential rains of the monsoon, where vision was so restricted that flight was only possible thirty feet off the ground, Major Zanni and his party persevered in the hope that they would reach Hanoi. At Hanoi Zanni saw the complete wreck of his first machine and called for his spare craft. (Concluded on page 2)

CARDINAL BEGIN FUNERAL IS SET FOR SATURDAY MORNING

Arrangements Are Made For Burial in Crypt of Basilica in Quebec City

Apostolic Delegate to Canada and U.S. Cardinals Are to Be Present

Quebec, July 20.—The funeral of the late head of the Roman Catholic Church in Canada, Cardinal Begin, will be held next Saturday morning. The service will be held in the restored Basilica, his cathedral. While the Basilica is not ready to be used for the ceremony, special arrangements have been made so the body may be received at the door of his own cathedral. A special corps of workmen started to-day to prepare the church for the service.

The canopy over the high altar is already in place and it will be used to cover a temporary altar. The scaffolding erected in other parts of the church will be removed and the whole church arranged so seating accommodations may be found for as many as possible.

While definite arrangements for the funeral service have not been made, it is certain that Monsignor Pietra Di Maria of Ottawa, Apostolic Delegate to Canada, or one of the four United States Cardinals will celebrate the funeral mass.

The funeral oration will be delivered by Monsignor Ross, Bishop of Gaspe.

On Friday of this week the body will be taken from the late-peak palace to the Basilica, where it will lie in state until Saturday morning. It will lie in state throughout the week in the palace.

The body will be interred in the crypt of the Basilica, beside the tombs of the Archbishops of Quebec. DIED SUNDAY MORNING

The death of Cardinal Begin caused the death of the late-peak palace to the Basilica, where it will lie in state until Saturday morning. It will lie in state throughout the week in the palace.

The body will be interred in the crypt of the Basilica, beside the tombs of the Archbishops of Quebec. DIED SUNDAY MORNING

RAINS AFTER HEAT WAVE ON PRAIRIES
(Continued from page 1)

RAIN IN MANITOBA
Winnipeg, July 20.—Weather forecasts held true in Manitoba during the week-end, with the mercury after record climbs during the last week, descending rapidly and many good showers being recorded throughout the grain belt. Despite the heat wave the crops have been making good progress and the showers will prove very beneficial.
Winnipeg district received heavy showers which proved very welcome to market gardeners, while the crop areas near the city were also benefited.
As compared with record high

temperatures of early last week, the top mark here yesterday was 76, and early last evening the sixty mark was reached. The rain continued last night.

RAINS OVER LARGE AREAS
After a day of cool weather, rain was reported from many sections of Saskatchewan and Alberta. At 10 o'clock Calgary reported an exceptionally heavy rain, and the Regina district received a heavy downpour at the same time. The rain will be of great benefit in those provinces as it is needed in many of the grain-growing sections.

WEEK-END BROUGHT NO RELIEF IN B.C. FOREST FIRE SITUATION
(Continued from page 1)

and the hazard will probably become worse rather than better.
"A large number of fires have been started by lightning, but, as usual, the careless person has contributed his quota to the general total, and warning must again be given to those using the forest areas to be careful with fire. Under present conditions debris or dry vegetation is a potential forest fire. Every forest fire is a destructive force, which jeopardizes life and property, perhaps your life or your property.
SETTLERS FLEE
"With the present hazard, and with the worst period of the year ahead, who can say where a fire will stop or what damage it may do before it can be controlled? We have reports of settlers taking refuge on the beaches or in boats, of others seeking safety on small islands on lakes in the interior.
"Please see to it that you do nothing to put your friends' property in jeopardy or put them to the necessity of fleeing for their lives during the period while the fire is raging."

Nelson, B. C. July 20.—Forest fire advice received here just before last midnight reported a high wind and a desperate fight being waged to save the C.P.R. buildings there.
At Kitchener, in the Creston area, there is a large fire in timber belonging to the Continental Lumber Company and a small one is reported on Summit Creek, a tributary of Kootenay Lake.

LITTLE WIND AND NO RAIN
Fire conditions in the West Kootenay district were better yesterday, with little wind, but also no rain.
"Advice does not confirm all the damage reported in the Summit Lake fire. Hunter's Mill at Hunter Bliding camp. On the other hand, the C.P.R. lost a section house, an outfit car and a flat car at Summit Lake. The fire is now working into the hills, and the C.P.R. men have been ordered for track patrol.
New Denver messages reported the fire to have skirted Roseberry and gone up Wilson Creek, but the fire had not yet reached hills at the head of Skookumchuck. Lindsay Brothers' Canadian Company's loss of a pole yard in the pass has been confirmed.
At Farron the C.P.R.'s 10 fire fighters have been released, and withdrawn, and the Forestry Department is handling the fire with its 100 men.

FIRES IN WASHINGTON
Seattle, July 20.—Three serious forest fires entailing heavy loss were burning to-day in different sections of Western Washington. One blaze had destroyed green timber at Lyman, 10 miles north of Seattle, in the Skagit Mill Company's holdings, another was burning in standing timber in the Olympic National Forest in Eastern Jefferson County, and the third was blazing in the edge of green timber on the Doty Lumber Company's holdings in Lewis County after destroying one of the company's camps and considerable felled timber.
More than 100 men are fighting at Lyman in an effort to check the blaze from sweeping through the green timber. It was reported the flames had burned a mile into the timber.
SPREAD RAPIDLY
The fire in the Doty Lumber Company's holdings started Friday night, and a high northerly wind caused it to spread rapidly. It burned over a large section of logged-off land and nearly 600,000 feet of cedar logs were destroyed.
A big crew of men is fighting the third blaze in an effort to check its course. Until Saturday the flames were confined to logged-off land on the edge of the company's holdings, but a change in the wind swept it across the boundary into the Olympic National Forest Reserve.

FOR SALE BY TENDER
Tenders are invited for the purchase of the stock and fixtures of the business lately carried on by Batley & Boulton, Tobacconists, 429 Fort Street. Tenders should be in separate amounts, for the stock, the fixtures and the cash register. The stock will be on view on Friday, the 24th inst., between the hours of 10 a.m. and 4 p.m. Tenders will be opened at the premises at 11 a.m., Monday, the 27th inst. The highest or any tender not necessarily accepted.

OLIVER PLANS NEXT B.C. MOVE IN LONG FREIGHT RATE FIGHT

Calls McGeer Into Conference to Decide on New Representations

Rail Board Orders Puts Whole Rate Situation in West on New Basis

Premier Oliver prepared to-day for British Columbia's next move in its long fight for lower freight rates by arranging for a conference on the question with G. G. McGeer, K.C., Government rate counsel, this week. The conference, which will endeavor to work out definite plans for the future conduct of the rate campaign, probably will be held Wednesday, either here or in Vancouver.

The Premier is anxious to go over the whole rate situation with Mr. McGeer because of the complete change in rate conditions brought about by recent orders of the Railway Board. The board's decision to scrap the old Crow's Nest—Pass freight rates, except on grain and flour moving eastward, has put the transportation situation in Western Canada on an entirely new basis. The Premier explained to-day. What British Columbia should do now in the face of changed conditions is new freight rates to make representations to it on the subject, the Premier pointed out. What representations British Columbia will make as a result of the invitation will depend largely upon the Premier's conference with Mr. McGeer this week.

Mr. Oliver read with interest Saturday's press reports outlining the Premier and the board's decision to scrap the old Crow's Nest—Pass freight rates, except on grain and flour moving eastward, has put the transportation situation in Western Canada on an entirely new basis. The Premier explained to-day. What British Columbia should do now in the face of changed conditions is new freight rates to make representations to it on the subject, the Premier pointed out. What representations British Columbia will make as a result of the invitation will depend largely upon the Premier's conference with Mr. McGeer this week.

EDISON CELEBRATES PHONOGRAPH'S BIRTHDAY—The forty-eighth anniversary of the invention of the phonograph was celebrated at Orange, N.J., by Mr. and Mrs. Thomas A. Edison. They are shown with the first phonograph at the left, and the latest development of the phonograph, used in dictating to stenographers.

SECURITY VIEWS ARE STATED BY GERMANY

Note on Proposed Western European Pact Delivered to Powers To-day

Reported to Propose Conference For Solution of Disarmament Question

GERMANY STATES SECURITY VIEWS
Paris, July 20.—The German security note was delivered to Foreign Minister Briand this afternoon. It will be published Wednesday.

CONFERENCE PLAN
London, July 20.—Germany's security note, delivered to the British and French Governments to-day, is understood to propose a conference of the powers to attempt to reach an agreement for permanent solution of the disarmament question and for security of the frontiers of Western Europe.

If this conference is successful, the note is understood to suggest that the military strength permitted Germany under the Versailles treaty, be more exactly defined and that the conditions of the Rhine-land occupation be made easier for Germany.
The note answers the Franco-British reply to Germany's original proposal in February and was delivered to the British Foreign Office this afternoon.

Swedish Promoters Decline to Accept Charges on Runners

Stockholm, July 20.—Swedish sports promoters responsible for the recent visit here of Charles Paddock, the American runner, are disinclined to accept the charges in Berlin newspapers that he and Loren Murchison, his companion, American sprinter, have made excessive demands for expenses during their European tour.

Paddock's demands for expenses in Stockholm, one of the local promoters said, "were certainly not low, but they were not excessive. When the Stockholm athletic meeting at which Paddock appeared proved an economic failure the American voluntarily offered to reduce his expense account."
Paddock is now in Finland, but is expected to return to Sweden next week.

Firpo Sends Jack Telegram Asking Bus Line Running From Nanaimo to Change Ownership

Buenos Ayres, July 20.—Luis Firpo, the Argentine heavyweight, says that he is anxious for another fight with Jack Dempsey, and that the proposed match between Dempsey and Harry Wills displeases him.
Firpo has sent the following cablegram to Jack: "For the sake of the game it would please me to hear that your bout with Wills is not coming off, because I sincerely believe the black panther is more of a wrestler than a boxer.
"I am going into training very soon, and intend to abandon all other business in order to improve my present physical condition with a view to meeting you again in the ring in 1925."

UPRISING IN LISBON WAS SOON CRUSHED

(Continued from page 1)
DEMANDS ISSUED
Malcontents in Lisbon had won over the officers of the cruiser Vasco da Gama, from which their leader issued demands to the Government. These were promptly rejected by President Gomes, who demanded surrender of the mutineers under threat of bombardment.
The officers of the cruiser found themselves isolated as the other warships had been ordered to Lagos and after a few hours of consideration they capitulated.
And Suffered More
Just Wedd—"It's outrageous! I merely criticized the biscuits Helen made and she hit me with one of them."
His Ma-in-law—"Foolish boy, you got off easy. Her father ate one of my first batch."—Boston Transcript.

Crowds at Week-end Fail to Halt Drop in Race Track Bets

Week-end crowds which swarmed to Hastings Park Saturday wagered less on the races than smaller mid-week crowds last year, according to official figures issued here to-day. These show that the betting at Hastings on Saturday amounted to \$140,290 as against \$144,183 on a week day, the fourth and corresponding day of racing last year. Last Friday the total wagers at Hastings were \$96,501, a big drop from the 1924 total of \$118,637 for a corresponding day.

U.S. NAVY PLANS URGED BY HALE

Swampscott, Mass., July 20.—Senator Hale, chairman of the Senate Naval Committee, told President Coolidge he believed immediate steps should be taken to establish a strong naval base on the Pacific coast and to strengthen the Pearl Harbor, Hawaii, defense.

SLIGHT EARTH SHOCK FELT IN MONTANA

Great Falls, Mont., July 20.—A slight earthquake was felt here at 10:17 this morning. It was not felt by pedestrians, but people in buildings reported they were conscious of a light shaking.

DEATH CALLS TO PIONEER MERCHANT

Barnett Aaronson, Resident Here Forty Years, Died Yesterday
Barnett Aaronson, a well-known member of the local Jewish community and a resident of this city for the past forty years, passed away yesterday morning at St. Joseph's Hospital. The late Mr. Aaronson was born in London, England, and for many years past had conducted a general store on Johnson Street.
He is survived by his widow, also one son, Jacob, who is in the business with him. The funeral will take place on Wednesday at 2:30 o'clock from the Sands Funeral Chapel. The remains will be laid at rest in the Jewish Cemetery.

PEACE TERMS ARE OFFERED RIFFIANS

(Continued from page 1)
The French front was so strengthened, the Premier said, that there is no longer justification for any uneasiness.
STRONGER PRESSURE
Paris, July 20.—Pending the acceptance or rejection of the Franco-Spanish peace terms by Abd-el-Krim, the French, more important, Morocco, and the Spanish by their action north of Loukkos and in the Larache section, are bringing all possible pressure to bear to heighten their prestige in the eyes of wavering tribesmen. At the same time they are organizing the situation to be ready to reply vigorously in case the Riffian chief's answer is in the negative.
France's famous Moroccan division, cited more times than any other similar war-time unit, is proceeding rapidly to Morocco, and other important detachments, including battalions of Madagascan infantry,

GOVERNMENT WILL NOT PAY DAMAGES TO ISLAND OWNERS

Nicomen Island farmers, who are asking the Government to compensate them for alleged damage to their land through floods (last Spring, are not entitled to assistance. This is Premier Oliver's opinion reached as a result of his careful investigations into the Nicomen Island situation, both on the ground and from a legal standpoint here. It is taken for granted that the Government will act on the Premier's findings when the question comes up formally.
Mr. Oliver explained to-day that he had been unable to find in his careful legal inquiries any point which entitled the Nicomen Island settlers to assistance from the Government. While at Nicomen Island he was not impressed much either by the extent of the flood damage suffered there.

POLICE CONVENTION OPENS WITH WELCOME FROM LIEUT.-GOVERNOR

(Continued from page 1)
WORK EXPANDS
When introducing to the convention an array of delegates prominent in their respective fields of crime prevention, Premier Luke May remarked: "In the past it has been the policy, at the annual election of officers, to name for the Board of Governors the very best men we have. This is an opportunity for those making criticisms to put their opinions into effect.
"Office in this association is now sought, as a result of the practical benefits following the work of the past few years, and the best men should be willing to stand for election, thereby working for the advancement of crime prevention which will result through the co-operation made possible by this association, now recognized throughout North America as a truly active and valuable organization for better police operation."

Train Derailed But no Deaths

Williston, N.D., July 20.—Four cars of the Oriental Limited, crack Great Northern coast train No. 1, were derailed five miles west of here this morning without injury to anyone. The engine and baggage car were thrown from the tracks by a broken rail, but remained upright. The front trucks of the smoker, a day coach and the diner left the rails.

Harding Municipal Course at 'Frisco Opened Saturday

San Francisco, July 20.—The Harding Golf Course, San Francisco's new \$500,000 municipal links, was officially dedicated to public service on Saturday with a suitable programme and tournament play. Stanton Haight, captain of the University of California Golf team, led the field in the first day's play with 38-37 over the 73 par course.
The links stand as a memorial to the late President Warren G. Harding. The tournament, in which 2,500 are competing will continue until July 26.

Laborites Making Gains in Australia

Special to The Times
Sydney, Australia, July 20.—With the Labor parties back in power in New South Wales and Tasmania, Australia has passed under labor rule with the exception of the state of Victoria of which remains the only stronghold of more conservative politics. This general swing towards labor means trouble for the Federal Prime Minister, Stanley Bruce, who must shortly appeal to the electors. Already, encouraged by the Labor wins in the States, the Labor opposition in the Federal Parliament is moving motions of censure. The first, which was voted down, indicted the Government for placing a contract for two 10,000-ton cruisers in Britain instead of building them, incidentally at far greater cost, in Australia. New South Wales has had Premier who rose to office from the boiler-maker's workshop or the carpenter's bench, but the new Premier, Mr. Lang, is probably the first who started his career as a newsboy. At seven years of age through family misfortune the future premier had to sell newspapers on the streets. Eventually he collapsed on the pavement, and had to be sent into the country. At nine years old he was a farm boy. At thirteen he was driving a bus, and at fourteen a cart. Three years later he became a clerk, and at twenty he started in business as a real estate auctioneer. At thirty-seven he was elected to Parliament; seven years after that he was appointed treasurer. At forty-

Jews in Vienna To be Protected

Vienna, July 20.—A demonstration against Jews Saturday night by 100 members of an anti-Semitic organization who invaded a prominent cafe on the Ringstrasse and insulted Hebrew guests is expected to cause the Government to take energetic action to prevent disorders during the forthcoming international Zionist congress here.

CHARGE OF MURDER

Timmins, Ont., July 20.—Stating he had slain Donald Champagne, twenty-five, in a fit of jealous rage, Emile Baron, a laborer living in Moneta, was taken into custody by the police here Saturday and will face a charge of murder in police court next Thursday. His wife is held as a material witness. Baron told the police he had killed Champagne with an axe. Champagne was found at the Baron home, dying from wounds in the head. He succumbed in less than two hours. Champagne lived at Cochrane.

MAN WAS DROWNED

Regina, July 20.—Borne into deep water by a strong undertow, George Shadick, twenty-two, was drowned at noon Saturday at Regina Beach before the eyes of his fiancée and other friends.

WYOMING HAS A QUAKE, TOO—This lake was born overnight near Jackson's Hole, Wyoming, when an earthquake caused the top of Chief Mountain to fall off and slip down into the river valley, forming a dam half a mile across and 225 feet above the old river bed. Across the lake, to the right, the waters cover a ranch house that was on the bank of the stream before the landslide, and in the foreground the ragged stumps and limbs of uprooted trees can be made out.

LANGFORD PUPILS' RECITAL ENJOYED

Playing, Singing and Dance Draws Cordial Applause

Special to The Times
Langford, July 20.—Over sixty guests were present Saturday afternoon to hear the Summer recital of Mrs. Horace Simpson's music pupils which was held in her pretty garden at "Sherwood," Peatt Lane. The attractive programme included piano-forte solos and duets, while the quartette by four of the senior pupils was very cleverly executed and proved a novelty to all the listeners. The solo dance of "Spring" by Miss Mary Stewart was most graceful and very suitable and picturesque on the green lawn with its shady trees. The charming voice of Mrs. Pinkerton (Victoria) was heard in two pleasing songs, "I Love You Truly" and "Untill". Mrs. H. Thornborrow, also from Victoria, added much to the charm and variety of the programme by her two violin solos. Mrs. Grace Deaville (Victoria) accompanied in her usual sympathetic manner. PRESENTATIONS During the recital Rev. H. Pearson, who acted as chairman, handed

a roll of honor and prize to Miss Marjorie Tinker for attendance throughout the year; beautiful bouquets of flowers were also presented to each of the visiting ladies. The pupils presented Mrs. H. Simpson with a large box of chocolates as a small token of appreciation. A delightful conclusion to the pleasant event was the serving of ice cream, kindly provided by the hostess. A vote of thanks was accorded to her and the artists.

THE PROGRAMME

- The programme was as follows: Piano duet—"My Lesson To-day"..... Spaulding
- Misses Eileen Hincks and G. Cooney
- Piano solo—"Con Amore"..... Beaumont
- Miss Mary Stewart
- Vocal solo—"I Love You Truly"..... Mrs. Pinkerton
- Piano duet—"Angelus" Gounod..... Miss Margaret Peatt
- (b) "A Dance"..... Tschakowsky
- Misses Marjorie and Jean Tinker
- Piano solo—"Waltz"..... Weber
- (b) "Nuns' Procession"..... Meyerbeer
- Miss Ada Simpson
- Dance—"Spring"..... Miss Mary Stewart
- Piano solo—"The Lullaby"..... Bohn
- Miss Margaret Peatt
- Piano quartette—"Lorraine"..... Ed. Missa
- Misses M. Peatt, E. Smith, C. Setchfield and A. Simpson
- Piano solo—"Dance of the Kewpies"..... E. L. Ashford
- Miss Cicely Setchfield
- Vocal solo—"Untill"..... Mrs. Pinkerton
- Piano solo—"Le Torient"..... Smith
- Miss Evelyn Smith
- Piano solo—"Spring Leaves"..... Armstrong
- Master Donald Stewart
- Violin solo—"Selected"..... Mrs. Thornborrow
- Piano solo—"The Elfins' Story"..... Miss Stella Hincks
- Miss Stella Hincks
- Piano duet—"Zenita"..... H. Engleman
- Misses Irene Peatt and S. Hincks
- Violin solo—"God Save the King"..... Mrs. H. Thornborrow
- Mrs. G. Deaville accompanied. The strong rhythmic playing, clear, full tone and carefully memorized pieces gave evidence to the delighted audience of the thorough training which these pupils had received.

Mrs. Walter Thornburn of Millstream Road has Mrs. Duffy and two children visiting her from Regina.

Mrs. Young of Vancouver is the guest of Mrs. H. Simpson, Peatt Lane.

Mr. H. Simpson, "Sherwood," Peatt Lane, has been appointed fire warden for this district.

Several small fires have occurred recently, including two at the Ocean Beach Lagoon, due to pick-nickers omitting to put on their fires properly.

LIGHTNING CAUSED FIRES IN FORESTS

Banff, Alta., July 20.—Caused by lightning during the storm of two weeks ago, many fires are burning in the Blueberry district in the House Pass region, fifty miles north of Field, according to Captain Russell, superintendent of the western section of the national parks. There are, however, no fires in the national parks.

Fires have been reported at Donald, Cluster, Columbia Valley, Harrogate, Warm Spring Creek and Red Grave, and a small one on Mount Revelstoke.

VISITOR DECLARES WESTERN CANADA'S PROGRESS SURPRISING

Lake Louise, Alta., July 20.—"There is a growing opinion abroad that Canada has a wonderful future before it," A. Brit, vice-president of the Hudson Motor Car Company, Detroit, said here to-day. "Many thousands of people will be added to Canada by the completion of the bridge between Detroit and Windsor, which has now been taken in hand by the New York Trust Company. These will include many wealthy Detroit families, who by moving to Windsor can live nearer the business centre of Detroit and at the same time enjoy a rural environment."

Mr. Brit, who with his wife is spending a month at Banff and Lake Louise, expressed astonishment at seeing such good roads and modern hotels in Western Canada and he offered the opinion that Western Canada would play a greater part in the future of the Dominion than those who had not been here realized.

Thomas Urges Mine Dispute in Britain be Ended

London, July 20 (Canadian Press Cable)—Right Hon. J. H. Thomas, secretary of the Railwaysmen's union, speaking of the mining situation, thinks that now, within a few days of the expiration of the employees' notices, all symptoms indicate a bitter and prolonged battle, but that it would be a crime if a real effort were not made to bring the sides together.

He hopes neither pride nor dignity will stand in the way, for everybody with any knowledge of the country's financial and economic position is bound to be gravely apprehensive. Secretary Bromley of the Engineers' Union said he hoped the new labor alliance would be a useful body, but he observed that at Friday's conference of the unions a deliberate attempt was made to stifle it at birth. He trusted the rank and file would rise superior to such attempts. In his opinion, all unions ought to throw in their lot with the miners at the start.

AUTOMOBILE SMASH

Grenfell, Sask., July 20.—Thrown from their automobile when the bursting of a tire caused it to turn two complete somersaults, George E. Leary and Jack Staples, local business men, received severe injuries Saturday night. They were taken to Glenavon for medical attention, and later Mr. Staples, who had three ribs broken and sustained internal injuries, was sent to the Brandon hospital. Mr. Leary returned to his home here.

ACCUSED—Mrs. Minnie Reiser of Chicago is held on a charge of murdering four-year-old Elmer Sherman, who had been placed in her care by his poverty-stricken mother. She conducted a "baby farm," according to police, and insured Elmer's life for \$250 shortly before his death.

CRIPPLED WOMAN BURNED TO DEATH

Seattle Man Believes His Aged Wife Set Fire to Their House

Seattle, July 20.—George G. Adams expressed the belief to-day that his aged and crippled wife, Ellen, set fire to their home which early to-day burned her to death. Adams, who suffered from burns in trying to rescue his wife, said she had been dependent because of her crippled condition. He said he awoke shortly after midnight and found the interior of the bedroom ablaze and his wife sitting on the edge of the bed watching the fire as it advanced toward her. Adams seized his wife by the arm and attempted to drag her from the room, but she jerked away and ran toward the flames and the last he saw of her she had crept into a corner of the room. The house was burned to the ground.

BOOKS OF JAPANESE POETRY GIVEN TO SEATTLE LIBRARY

Seattle, July 20.—Twenty-five volumes of Japanese poetry depicting vividly life in Japan in the eighteenth century have been presented to the library of the University of Washington by Professor Anesaki, librarian of the University of Tokio. The volumes, which took nine years to compile, are part of an edition made from two copies of a collection saved from destruction in the Japanese earthquake in September, 1923. All but two unbound sets were destroyed by the earthquake.

FRUIT INQUIRY IN CITY OF TORONTO

Toronto, July 20.—Major J. Lewis Duncan, special investigator under the Combines Act, is exploring the business of the Toronto fruit market. Under the orders of Mr. Duncan, an official has been stationed in the market and is daily engaged in checking up sales and returns made to fruit growers and shippers to the Toronto market. There are some eighteen of the leading commission men of Toronto doing business on the market and they will all come under the investigation.

King Congratulates Winner of Prize

Bisley Camp, July 20 (Canadian Press Cable)—The King has wired Sapper A. Smith congratulations on winning his prize, "which I so gladly give to the National Rifle Association."

LORD CHEYLESMORE ACCIDENT VICTIM

London, July 20.—Major Gen. Lord Cheylesmore, chairman of the National Rifle Association, was seriously injured in a motor accident when returning to London from Bisley Camp Saturday evening. His son, Hon. Herbert Eaton, who was driving the car, making an effort to avoid a cyclist on the London-Southampton road near Virginia Water, apparently failed to notice a car coming in the opposite direction.

FIELD MARSHAL HAIG VISITED EDMONTON

Edmonton, July 20.—Field-Marshal Haig spent a busy day in Edmonton on Sunday. On his arrival from Jasper at 10 a.m. he was met at the C.N.R. station by an immense crowd. He proceeded to Government House and at 1 o'clock was the guest of honor at a banquet attended by ex-Service men and citizens at which 500 were present. Later in the afternoon he addressed members of the local units and citizens in front of the Parliament Buildings and was presented with a huge buffalo robe from the ex-Service men of the Edmonton district. The field-marshal in his addresses dwelt on the need for unity among his former comrades of the war.

Is Your Child Thin and Weak?

Cod Liver Extract in Sugar Coated Tablets Puts on Flesh and Builds Them Up

In just a few days—quicker than you ever dreamt of—these wonderful health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets will start to help any thin, underweight little one. After sickness and where rickets are suspected they are especially valuable. Most people know that from the livers of the lowly codfish vitamins of the first class are extracted—the kind that help all feeble underweight men, women and children. Try these wonderful tablets for thirty days and if your frail, puny child don't greatly benefit—get your money back. A very sickly child, age nine, gained twelve pounds in seven months. Ask Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co., or any druggists for McCoy's Cod Liver Extract Tablets—as easy to take as candy and sixty tablets, sixty cents. (Adv.)

"—the whole world seemed to have gone suddenly sour for him."

"Is it as bad as all that?"

"I feel terrible," he groaned. "And the worst part about it is that I have to pay this same penalty after almost every meal I eat."
"I used to be up against the same thing," his friend sympathized. "When I think of all the indigestion cures I tried, I gasp. Why, I used to be a regular walking apothecary shop. But never real relief. Until just recently I hit on something new."
"In the name of humanity, please tell me."
"It's the simplest thing you could think of," he went on. "Peppermint—you know, the same thing our grandmothers used to use. But I have it in a new and really convenient form—Pep-o-mint Life Savers; the little candy mints with the hole. Here's a package—try them."

It sounds very simple and old-fashioned. But Pep-o-mint Life Savers really do the trick. Try them after meals when that heavy, lousy feeling comes over you—or to relieve the gnawing distress of indigestion. These will include many wealthy Detroit families, who by moving to Windsor can live nearer the business centre of Detroit and at the same time enjoy a rural environment."
Mr. Brit, who with his wife is spending a month at Banff and Lake Louise, expressed astonishment at seeing such good roads and modern hotels in Western Canada and he offered the opinion that Western Canada would play a greater part in the future of the Dominion than those who had not been here realized.

Each day the human body requires a certain amount of energy building food. The carbohydrates supply this energy, and a pound of good bread—such as Shelly's bread—supplies 38% of the body's daily needs. Keep this fact in mind. Plan to eat more bread—more Shelly's bread—with your meals. It helps greatly in giving you the vigor and stamina necessary to perform your daily tasks.

GUARDIANS OF THE PEACE

MANY MATTERS OF

very considerable importance to society will be discussed by the delegates to the annual gathering of the Northwest Association of Sheriffs and Police which commenced its deliberations in Victoria to-day.

People these days very often fall into the common error of blaming the policeman because he is not always able to think and act just as quickly as the thief or the thug who may have pondered for weeks over his challenge of the law.

It is a comparatively simple matter for parliaments to make laws. It is not infrequently happens that the "man on the beat" is left completely out of the reckoning when the efficacy of this or that addition or amendment to the Criminal Code is under discussion by legislators.

OUR DRYDOCK

IF THE NAVAL CONTROVERSY in Great Britain does nothing else, it has already been the means of informing those who did not know before that there is being built on Vancouver Island the second largest drydock in the world.

Discussing the subject editorially the other day, The Westminster Gazette, as a rule unusually well informed on all matters relating to Empire politics and progress, said "the present Government has restored us the dangerous blessing of Singapore and apparently there is another large dock in process of construction 'near Vancouver'."

about Canada paying for the Skinner's Cove project. Nor did Mr. Lloyd George seem to think it worth while to pay this country the compliment in this connection when he made his appeal for more Empire funds for defence purposes.

Strangely enough, however, The Westminster Gazette itself carried an article in its columns the day following its editorial reference to the Esquimalt dock which quoted The Naval and Military Record as its authority for certain conclusions regarding its usefulness for naval operations.

HEALTH OF DISEASE

FLAT FOOT

Flat foot means falling of the long arch of the foot. And it is usually, but not always, accompanied by an inward twist of the foot. In fact this twist may be present when the arch is not flattened and may give rise to the same pain and discomfort as flat foot.

The principal causes are general weakness and rheumatism. And the two are enhanced by faulty position in standing and walking. In young people the so-called weakness of the muscles being the ligaments. These contract and stretch and let the arch down.

The remedies are proper support to the crippled foot, correction of faulty habits in standing and walking, and rebuilding of the general health of the body by nourishing foods, tonics and regular periods of intelligent general exercise and rest.

WORDS OF WISE MEN

There is no sculpturing like that of character. —Beecher.

Popular opinion is the greatest lie in the world. —Carlyle.

One of the most wonderful things in nature is a glance; it is the bodily symbol of identity. —Emerson.

He travels safe, and not unpleasantly, who is guarded by poverty and guided by love. —Sydney.

A proverb is the wit of one and the wisdom of many. —Russell.

The anger of an enemy represents our faults or admonishes us of our duty with more heartiness than the kindness of a friend. —Jeremy Taylor.

Liberty can be safe only when suffrage is illuminated by education. —James A. Garfield.

False men are not to be taken into confidence, nor fearful men into a post that requires resolution. —L'Estrange.

A true reverence shuns the evil more than the external suffering or the shame. —Shakespeare.

Vessels large may venture more, but little boats should keep near shore. —Benjamin Franklin.

You can never read bad literature too little, nor good literature too much. —Schoepenhauer.

Only those live who do good. —Tolstol.

Now Sir George Perley, who is a sincere believer in the Empire and would do everything possible to further its interests, has held important positions in the Conservative Party of Canada.

He is presumably loyal to the high protectionist faith and would think twice before going to the mat with Mr. Meighen and his friends. How then would he appease his conscience and give the Canadian people a better opportunity to double their present purchases from Great Britain? Would he urge Mr. Meighen to use his influence with the present Government, which has already increased the British preference, to extend the privileges now enjoyed by British goods entering Canada? How else can he create the other ten shillings' worth of business? And what would his high tariff friends and the Canadian Manufacturers' Association say about it? Mr. Meighen is on record as opposed to the continuation of the preference. His plan is to make Empire trading and all other trading as difficult as possible.

MORE LAURELS

ONCE AGAIN VICTORIA will extend their congratulations to Miss Marjorie Leeming on her success in retaining the British Columbia tennis title which she captured for the first time last year.

and three provincial major honors. She is thus now entitled to consider herself well within the charmed circle of net stars on this continent, while those who have seen her display her all-round court generalship fully expect her to add her name to those of the select half dozen or so who are already international figures.

From that success, too, this community will derive some benefit through the publicity which it has produced.

CARDINAL BEGIN FUNERAL IS SET FOR SATURDAY MORNING

(Continued from page 1)

rapidly thereafter. He was conscious to the end and died peacefully. It was due only to his remarkably strong constitution that Cardinal Begin battled so long with the illness that had overtaken him.

Saturday morning it began to be realized that the Cardinal was sinking rapidly and during that afternoon members of the clergy were summoned and the sacrament of Holy Communion was administered.

It became apparent as the evening wore on that the end was but a question of hours and the prayers for the dying were recited. Shortly after midnight the end came.

MANY PAID TRIBUTE

The body yesterday lay in state in the chapel of the Archbishop's Palace, and from the time the doors of the residence were opened to the public an unending stream of mourners made their way past the remains to pay their last respects.

His Eminence Louis Nazaire Cardinal Begin, the spiritual head and zealous leader of nearly 500,000 Catholics in the diocese of Quebec, sat in the chair of Francois de Laval de Montmorency, first Bishop of Quebec (1674), from April, 1898, until July 19, 1925. He was the successor of six other bishops in the most ancient Episcopal See in Canada.

Born of humble parents in Levis in 1840, he studied in the college and seminary of Quebec, afterwards taking a post graduate course in Rome, where he was ordained priest in 1865. He was professor of Theology, Master of Studies and Director of Students in Levis until 1884, when he was made principal of Levis Normal School. That position he filled with distinction until he was made Bishop of Chicoutimi in 1888. The coadjutorship of Quebec followed in 1891, with the title of Archbishop of Quebec.

In 1892, having been tried and not found wanting, the future Cardinal was granted the "right of succession" to the Archbishopric of Quebec. Cardinal Alexander Cardinal Tacheau died in 1898 and Archbishop Begin took possession of the See of Quebec.

The Archbishop took a leading part in the struggle of the Canadian bishops (1896) against the laws affecting separate schools in Manitoba.

MUCH ORGANIZATION

Many books on religious subjects came from his pen, but the organization of his great diocese and the spiritual and temporal welfare of his mind and heart and hand day and night. Schools of all kinds, primary, secondary and university, received the personal attention of the Archbishop.

He was so small and so frail as to be overlooked in matters educational. No child in his diocese was so poor that he might not receive a first class Christian education. All his labor was amply rewarded when in 1908 Quebec reached the proud station of leader in education in the Dominion of Canada, standing first in the number of schools, of teachers and of average attendance.

A LOVABLE MAN

The late Cardinal was a lovable man, simple as a child, and bearing all the marks of a saintly life. He was a Canadian. He knew no other country. His whole ecclesiastical life was dedicated to the betterment of Canada and Canadians. In his death the church has lost a well-loved son and prince, and Canada a most princely prelate.

SAN FRANCISCO DEATH

San Francisco, July 20.—John D. Mahoney, fifty-one, secretary to Archbishop Edward J. Hanna and a leader in Catholic and athletic activities in San Francisco, died here Saturday. He was born in Virginia City, Nevada. Death was due to a heart ailment.

WHIPPED 18 MEN BUT LOST

Calgary, July 20.—Despite the fact that Jimmy Carr, youthful hurler fanned eighteen men, Regina Juves failed to be content with a 4-6 reverse when they played Calgary Juveniles in a ball game here Saturday.

CONTRACT AWARDED FOR ROADWORK ON KOOTENAY LAKE

Rawlings and LaBrash of Nakusp Get Queens Bay-Ainsworth Work

At a figure said to be in the neighborhood of \$84,000 a contract has been awarded to Messrs. Rawlings & LaBrash of Nakusp for the construction of the last connecting link in the new highway between Nelson and Kaslo.

The contract calls for the construction of approximately 4 1/2 miles of macadam road through some of the most picturesque country in the interior. The road will run along the west side of Kootenay Lake and, owing to the rough nature of the country, the operations will comprise a good portion of rockwork.

Messrs. Rawlings & LaBrash, whose work was the lowest of about a dozen submitted by some of the leading road construction firms in the Province, will commence the assembling of equipment immediately and begin operations with as little delay as possible.

Tilden Forced by Lott to Capture Clay Court Final

St. Louis, July 20.—William T. Tilden II, Philadelphia, on Saturday won his fifth national clay court tennis tournament victory since 1918, defeating George M. Lott, Jr., Chicago. The score was 3-6, 6-3, 6-2, 8-6.

The success gave Tilden a second grip on the singles challenge trophy presented by the United States Lawn Tennis Association.

The fifth game of the final set proved the turning-point of the match, the champion beginning to get in his side line placements after depending chiefly on his cannon ball delivery. He won the game and swung into a 3-2 lead.

Lott, who appeared tired at the start of the set, fought defensively and brought the score to 4-all in the eighth game. He rallied in the ninth for a lead.

OREGON GOLF CHAMPION

Portland, Ore., July 20.—Frank Delp, Alderwood Club, Portland, yesterday won the Oregon state golf championship at Tualatin Links, by defeating C. D. Hunter Jr. of Tacoma, 5 up and 4 to play.

Mrs. I. W. Palmer Jr. of Oregon City won the women's state title by defeating Miss Frances Jacobs of Tualatin Club, 6 and 5.

English Varsities Win Tennis Matches

Seabright, N.J., July 20.—Oxford-Cambridge tennis team won the intercollegiate match from the Princeton-Williams combination, nine matches to three, winning four doubles yesterday.

Three victories, added to the five singles triumphs of Friday, showed conclusively how much the Britishers have improved since their defeat at the hands of the Californians.

MAN IN PARIS STREET FOUND TO BE INSANE

Paris, July 20.—"I'm the man that descended from the monkey," chattered a man walking on all fours in a crowded business street of Paris on Saturday when a policeman questioned him.

He refused to walk normally and was taken in a taxi-cab to a police station, where it was found he was the chief administrative officer of an insane asylum in the Orne department.

Two close association with his charges, and not the reading of the daily reports from the evolution trial at Dayton, Tennessee, is believed to be the cause of his condition.

A Baby was born today —the Father died yesterday

Tragic? Yes! But that isn't all. The young husband left his wife almost penniless. He had been so healthy and vigorous, he thoughtlessly put off securing life assurance until—too late.

Man! Life Insurance is something more than a duty. Fail to avail yourself of its advantages and your heart will fill with remorse when you realize that you are no longer insurable and are passing on, leaving wife and little ones unprotected for.

Is your estate protected against the contingency of your sudden death? If not, let us send you particulars of the Imperial Home Protection Policy, so that you can secure one while you are in good health.

You'll say it's the wisest thing you ever did.

THE IMPERIAL LIFE ASSURANCE Company of Canada

Montreal, July 20.—A message of welcome to the delegates to the Imperial Press Conference when they passed through here Saturday.

WOMAN'S DOMAIN

GOVERNMENT HOUSE HOSPITAL CHAPEL IS RESTORED AFTER FIVE YEARS' USE AS WARD

Little Rosamunde Joan Helena Oldfield, First Baby Born in New Jubilee Hospital, Christened at Special Service, Sunday.

After being in use as a ward for the past five years the beautiful little chapel at the Provincial Royal Jubilee Hospital was restored to its original purpose yesterday afternoon.

At the close of the little four-months-old daughter of Mr. and Mrs. K. J. Oldfield of Elk Lake, first baby to be born in the new Jubilee Hospital, was christened. The little girl received the names of Rosamunde Joan Helena, her initials being the same as the hospital.

After the ceremony the principals and a few intimate friends and relatives repaired to the office of Dr. E. M. Pease, medical superintendent. Chairman George McGregor, on behalf of the board of directors, then presented the baby with a beautiful little silver christening cup engraved with the baby's name and birthday, March 18, 1925.

DUTCH BARONESS VISITING CANADA LAUDS FLAPPERS

Baroness Van Tuyl Finds Type Refreshing After Convention of Europe

Baroness Van Tuyl, six feet tall and pretty, is on her first visit to North America, having come over from Washington, D.C., where she visited friends in ambassadorial circles.

After a nod of approval from her traveling companion, Madame Blanche, Baroness Van Tuyl added, "and if I ever have a daughter she must be a flapper, not the war-time Old Country type, but a true Westerner."

Baroness Van Tuyl, six feet tall and pretty, is on her first visit to North America, having come over from Washington, D.C., where she visited friends in ambassadorial circles.

Horse Racing

Vancouver, July 20.—Racegoers who attended the Hastings Park meeting on Saturday in larger numbers than on any of the three preceding days were awarded with a real thrill when Burlington Babo romped home to pay 22 to 1. Dairyman provided the second surprise of the day when he came in first in the fifth race and paid 116.45 to win.

The results were:
 First race, purse \$500, three-year-olds and up, about five furlongs—old and up, about five furlongs—Conductor, \$2.50, \$2.10, \$2.60; Jiggs, \$10.10, \$7.50; Hiram Taylor, \$3.55. Time 1:59 3/5.
 Second race, claiming, purse \$500, three-year-olds and up, about five furlongs—Lucky Cat, \$8.80, \$4.80, \$3; Marvel G, \$4.10, \$2.70; Dennis H, \$3. Time 1:59 3/5.
 Third race, claiming, purse \$500, three-year-olds and up, about five furlongs—Burlington Babo, \$45.85, \$25.15, \$10.25; Sky Lark, \$4.30, \$4.75; Lucy J, \$4.50. Time 1:59 4/5.
 Fourth race, claiming, purse \$500, three-year-olds and up, about five furlongs—Bill Blackwell, \$4.90, \$2.90, \$2.65; Bittern, \$3.45, \$3.20; Delancey, \$4.30. Time 1:59 2/5.
 Fifth race, claiming, purse \$600, four-year-olds and up, one mile and seventy yards—Dairyman, \$16.45, \$7.95, \$6.85; Mills Erne, \$5.75, \$4.60; Romaldo, \$4.40. Time 1:59 4/5.
 Sixth race, three-year-olds and up, about five furlongs—Lucky Hayes, \$24.05, \$9.30, \$4.20; Southern Gentleman, \$7.15, \$3.75; Riposta, \$3.05. Time 1:59 2/5.
 Seventh race, claiming, purse \$600, four-year-olds and up, one mile and seventy yards—Joe Campbell, \$5.95, \$3.55, \$3; Montale, \$3.50, \$2.20; Hot Muffin, \$3.35. Time 1:48 2/5.

ITS NEW COAT OF PAINT—The White House at Washington will be entirely renovated and redecored before the Coolidge family returns to the capital. This shows workmen painting the corridor leading to the president's office.

Chinese Strikers Seek Old Jobs

Canton, July 20.—Because striking Chinese are dissatisfied with the food and quarters provided by the strike committee, many are endeavoring to return to work at their old places, which they left when the anti-foreign agitation started.

Many strikers are being forced to join the army under uncertain conditions.

Two Japanese were mauled badly by a crowd of strikers, when the couple attempted to buy food supplies.

The Japanese were allowed to return to the Foreign Concession. There was a revival of the rumor that Chinese forces contemplated an attack on Shamen shortly, but the story was discredited.

Prediction was made that the "anti-foreign situation would last four or five months longer."

"There is nothing in the world I wouldn't do for you," "Would you really put yourself out for me?" "Certainly I would." "Well, please do. It's late, and I'm very tired."

SOOKE SPLITS ON SCHOOL MATTERS

Independent Meeting of Ratepayers Called to Discuss Accommodation

Special to The Times
 Sooke, July 20.—A meeting of the ratepayers of Sooke was held at the Sooke Hall on Saturday, July 18. Before the meeting was called to order a presentation was made to Dr. Felton in recognition of his work in the community. In a short speech Mr. Stahout pointed out the many services he had rendered, and that he would long be remembered as a lover of truth and a fighter for right and justice. Mr. Stahout called upon Dr. Felton, who was elected chairman, to explain the reason of the meeting. It was stated that the committee responsible for calling the meeting had no wish to antagonize any part of the Sooke district, but that some of the methods employed in connection with school affairs had not met with the approval of all the ratepayers.

Mr. Helgeson spoke at some length as to the great importance of retaining a graded school at Sooke, and suggested that the meeting declare in favor of adding a room to the Sooke School in lieu of supporting a one-roomed school in Saseneo. The cost to be approximately \$1,500, half of which was to be paid by the ratepayers in twelve yearly instalments on the amortization plan. This addition being necessary in order to house the Superior School, which at present was without accommodation. After considerable discussion, the plan being put in the form of a motion, was adopted by the ratepayers present. The meeting favored efforts being made during the coming year to consolidate the schools of Shirley, Scarf, North Sooke and Sooke. Upon motion it was decided to form a ratepayers' association, the organization to be in the hands of the committee calling the meeting. A committee was also appointed to interview the Department of Health, to find ways of securing a medical practitioner or a district nurse for the Sooke area.

SALE OF WORK
 The Knox Presbyterian Church held a very successful sale of work on Friday, July 17. It was declared open at 3 o'clock by the Rev. Mr. Lundie, who gave a short address. The needlework, home-cooking and candy stalls were well supplied with a variety of good and worthwhile things, which were entirely sold out before the close of the meeting. A most gratifying result. A Mother Goose dip for the benefit of the children was a great success. The guessing competition was won by Mrs. McBride. During the evening Miss Dawson sang two solos, and an encore, which were much appreciated. A substantial sum was realized.

SHARP EARTHQUAKE FELT IN CALIFORNIA

Centre Believed Under Pacific Ocean 200 Miles Northwest of San Francisco

Congregations in San Jose Churches Hurried Out Into Streets

San Francisco, July 20.—The sharp earthquake which was felt yesterday morning in the San Francisco Bay district and south along the peninsula for a distance of fifty miles subsided without causing any damage, although momentary alarm was occasioned.

The seismograph at the observatory at the University of Santa Clara recorded the shock as commencing at 11:24 a.m. and terminating gradually five minutes later. For twenty seconds, however, the pen on the seismograph vibrated to their full amplitude of ten centimetres.

The quake was described as a local disturbance.

Church congregations at San Jose, approximately fifty miles south of here, hurriedly made their way to the streets, but the excitement soon subsided.

The centre of the disturbance appeared to be at a point in the Pacific Ocean about 200 miles northwest of here.

I love a girl. I have been going with her for five years and I have reason to believe she loves me.

HYDROGRAPHER IS APPOINTED TO FILL VACANCY

Capt. Frederick Anderson to Succeed Late W. J. Stewart

Ottawa, July 20.—Capt. Frederick Anderson has been appointed to the position of Chief Hydrographer to the Canadian Department of Marine and Fisheries, in succession to the late W. J. Stewart, who held this position since the hydrographic branch was opened in 1905, until the time of his death last May.

Capt. Anderson graduated from the Royal Military College, Kingston, Ont., in 1890, and joined the hydrographic survey in 1892, under Capt. J. E. Boulton, R.N., and had acted as Mr. Stewart's principal assistant since 1923, when he took charge of the survey.

PIONEER MASTER CROSSES THE BAR

Capt. E. McCloskie, Well-known Navigator, Died at Prince Rupert

Prince Rupert, July 20.—Captain E. McCloskie, former master and a pioneer navigator of coast waters, died at his home here Sunday. He was a former resident of Vancouver and widely known. He had been in failing health for some time. Recently he was hit by an automobile since when he had been unable to leave his home.

GERMAN MARKETS IS SHOWING LIFE

Canadian Foodstuffs Find Ready Markets in European Country

Montreal, July 20.—The value of the German and continental markets for Canadian foodstuffs is being more than ever exemplified this season in the huge imports of grain and flour from the Dominion through the free port of Hamburg. In addition to more than 12,000,000 bushels of grain shipped from Montreal since the opening of navigation, Hamburg has received 6,014,411 sacks of flour in the period between September and June.

AFRICA MARU MAKES PORT FROM ORIENT

Fine General Cargo and Good Silk Shipment Features of Voyage

Inbound from the Orient with 2,159 bales for the silk train and a general cargo of 4,874 tons, the O.S. K. Africa Maru docked at 10:20 this morning. Captain K. Komita reported a fine run from Yokohama, where the ship sailed for this port on July 8.

Included in her cargo was 324 tons for Vancouver, and a light shipment for Victoria. Five cabin and thirty-four stowage passengers, from a total list of eighty-nine persons, are docked here. The cargo included shipments of bean cake, porcelain, wood oil, hen yok and silk.

Noted passengers on board were Major Pedro Zanni, Lieutenant Evartio Vello and the Argentine Felipe Beltrame of the Argentine aviation party, returning from the world flight attempt which ended at Osaka recently.

Patricio D. Murphy, advance agent for the flyers, joined the party at Osaka after a tour along the Pacific stretch of the intended flight in making arrangements for supplies.

OYSTER HATCHERY FOR BELLINGHAM

New Plant Will be One of Three Similar in World

Seattle, July 20.—An oyster hatchery to produce several million eggs a season is the work in progress of Professor Trevor Kincaid, in charge of the zoology department of the University of Washington.

His object is to commercialize the Japanese oyster which lays 7,000,000 eggs in a few days. Kincaid seeks to retain these eggs and develop them into oysters, though the hatching of Japanese oysters has not previously been successful in this country.

The hatchery is near Bellingham, 140 miles north of here, and is one of three oyster hatcheries in the world, the other two being in New York and Connecticut.

MAJOR ZANNI UNDAUNTED BY HARD LUCK ON WORLD FLIGHT

(Continued from page 1) Fokker seaplane with a Napier Lion engine. The flight continued to Osaka where the end came.

At Osaka, Major Zanni was taking off in his last leg of the flight. He was in a state of nervousness at the time, but he was to duplicate again in a lifetime. While taxiing forward in a choppy sea, the port wing broke away from one support and swung around broadside on the wind.

The next wave played on this flattened surface, and drove the machine around, finally spinning it up on to its nose and completely over. Zanni and his fellow aviators were sitting waist deep in water from the effect of the wave that broke the port wing.

When the end came, and they were thrown out into the sea. The pounding of the waves, followed by ineffectual help in rescuing the machine led to the breaking of a longerone, one of the main longitudinal members of the aircraft, thus wrecking the machine. A mainsail in the port wing also broke and this, it proved, was the last straw.

"One cannot always have good luck," he stated to The Times this morning. "Sometimes bad luck and my experience is necessary. So they may learn from it. They tell me

BROUGHT MAJOR ZANNI HERE FROM JAPAN

Ss. AFRICA MARU

They are satisfied (The Argentine War Department). I am satisfied, too, for though I was not able to finish the flight around the world I learned a great deal from the experience."

Major Zanni admitted to a desire to fly between New York and Buenos Aires, thus linking the capitals of the two American continents together, but says that he cannot get permission to make the attempt just at this time. A cordial appreciation for his treatment at the hands of the Canadian authorities who offered duty concessions on his spare engine, and a warm tribute to his competitors in the world flight event, concluded his statement here.

It was in 1912 that then Lieutenant Zanni had his first flight in an aeroplane. It was a Farman, with a fifty-horse power Gnome engine. The pilot, recalls Major Zanni, sat mostly on nothing and in advance of the machine. To-day, he sits in the enclosed fuselage of a boat-like hull and in very much greater security.

Speaking of his experiences on the trip Major Zanni stated that he was received with the greatest courtesy at every turn. The actual flying, including the two accidents which wrecked his machines, was accomplished without injury to anyone, though often under conditions not at all pleasant.

At Hand, where the first machine went down, they sat in a sweater of mud and water in the waterlogged fuselage of a boat-like hull and in very much greater security.

The noted aviator and his party proceeded on the Africa Maru to Seattle, where the Argentine flyer will route east to take boat for Buenos Ayres.

Customs Make Seizure

Two fishing boats, one alleged to have been taken with fifty cases of whisky on board and a clearance for Bowen Island, were brought into port this afternoon by the Customs authorities.

TWO SHIPS AGROUND ON SABLE ISLAND BAR

Crew Taken Off French Trawler Labrador by Lifeboats

Halifax, July 20.—The crew of the French trawler, Labrador, stranded on the northeast bar of Sable Island yesterday morning, were rescued early this afternoon by a life-saving crew from the government station on Sable Island, and the crew of the Halifax trawler Venosta, according to word received here this afternoon by the Department of Marine and Fisheries. The position of the West Cohas, also stranded on the bar, is unchanged.

HANNA NIELSEN WILL LOAD HERE

Upwards of One Million Feet of Lumber Will be Taken From C.P.S. Mill

Inbound to load 1,000,000 feet of lumber at the Canadian Puget Sound mills here the Ss. Hanna Nielsen was spoken by wireless last night and is expected to make port sometime this evening. She will load for Boston and New York. The shipment will be one of the largest to leave this port on the decks of a single ship for some time past.

NAVY VOTE THIS WEEK IN BRITAIN

Parliament is to Decide How Much Construction to be Undertaken

Premier Reported to Have Ironed Out Churchill-Admiralty Differences

London, July 20.—Premier Baldwin was busy over the week-end endeavoring to smooth out the differences among his Ministers on the crucial problem of naval shipbuilding and in the opinion of most parliamentary writers the resignation of W. C. Bridgeman as First Lord of the Admiralty and of Admiral Earl Beatty and the other Sea Lords, which were threatened at one time, will be withheld.

NEW ZEALAND AUSTRALIA

Apply to Agents Everywhere - C.P.S. Steamship Co. Ltd. Telephone 2222, Victoria, B.C.

FAST CRUISERS

The differences hinge on the Admiralty's demand for new naval construction, involving a fleet of fast cruisers to cost from 2,000,000 to 3,000,000 apiece. The Chancellor of the Exchequer, Winston Churchill, supported by Lord Birkenhead and various other Ministers, has been strenuously opposed to this making the plea that state of the country's finances should govern future construction.

It was the task of the Premier to find a way to reconcile their differences of opinion and one of the things he had to bear in mind was that to give up construction on an elaborate scale would mean the loss of an opportunity to find places for the large number of unemployed men. But it is reported a promise has been made that there will be modification of the Admiralty's programme and that when the Cabinet meets to-day the difficulties will be overcome.

POSTPONEMENT PROMISED. One report is that the Admiralty has promised that five of the proposed fast cruisers would not be laid down during the present financial year. If the Admiralty's original programme should be carried out it would mean an additional £10,000,000 added to the estimates for next year.

DECISION THIS WEEK. London, July 20.—This week is expected to see a decision on the British navy problem, which the more sensational press asserts is likely to involve a ministerial crisis, possibly through the resignation of W. C. Bridgeman, First Lord of the Admiralty, and the Sea Lords, including Admiral Earl Beatty, in the event that the Admiralty's demands for new construction are substantially cut down.

Winston Churchill, Chancellor of the Exchequer, desires to keep the estimates at a low point and the Admiralty wants a cruiser building programme extending over a period of years.

COMPROMISE EXPECTED. That a conflict of opinion exists within the Cabinet is self-evident; otherwise it would be needless to defer to the fig end of the parliamentary resignation of such importance. It is believed, however, a compromise will be found which will eliminate a ministerial crisis. The Admiralty's demands are said to be for a programme of new construction extending over the next five years of a large fleet of 10,000-ton fast cruisers costing from £2,000,000 to £3,000,000 in addition to the replacement programme sanctioned by the Washington Conference.

Mr. Churchill, in the interest of national economy, declines to commit the government to any building programme beyond the current year.

OBITUARY Joseph Gilbert Dodd passed away yesterday afternoon aged forty-three years. Mr. Dodd was a son of the late Martin James Dodd and Mrs. Jessie Dodd, and for the past twenty years had been a member of the Victoria Fire Department. He is survived by one sister and four brothers, Mrs. J. W. Rowland, J. H. Dodd, M. E. Dodd and J. C. Dodd, all of Victoria, and W. A. Dodd of Atlin. The funeral will be held from the B.C. Funeral Chapel on Tuesday at 8 o'clock. Interment will be made in the family plot in Ross Bay Cemetery.

was a resident of Victoria for thirty-eight years before leaving for Portland a year ago. She is survived by three daughters and four sons, Mrs. G. H. Redfern, Portland; Mrs. L. Tomlinson, Oakland; Mrs. L. M. Fairbridge, Detroit; R. H. Anderson, Seattle; E. M. Anderson, Vancouver; S. R. Anderson, Parksville, and A. D. Anderson, San Francisco. The funeral will be held from the B.C. Funeral Chapel on Wednesday at 11 o'clock. Interment will be made in Ross Bay Cemetery.

LARGE AREAS ARE SWEEPED BY FIRES Forests Ablaze at Cape Lazo and Bevan on Vancouver Island Vancouver, July 20.—Fanned by a strong northerly gale, fire has swept 4,000 acres of logged-over ground at Cape Lazo, near Comox, Vancouver Island, and threatens summer residences on Little River. From Lazo, the site of a wireless station and lighthouse, the fire has extended nearly two miles. Fought by a crew of 120 men, the fire is held on its northern and western boundaries, but on the south is out of control, and on that side a guard is being constructed to connect with breaks on the other boundaries.

SIXTY FIGHT FIRES Sixty men are fighting at Bevan, Vancouver Island, a fire which has burned up again after being extinguished. The fire near Village Bay, Valdez Island, has burned to Open Bay and on that front is out of control.

THREE SUSPECTED SUICIDES WITHIN TWENTY-FOUR HOURS Vancouver, July 20.—Three alleged suicides are reported to have occurred in Vancouver within the last twenty-four hours. Albert Musket, music dealer, died today from taking rat poison. C. E. Robin was found hanged in his home last night. A man is reported to have leaped into False Creek from the Connaught Bridge last night.

NEWS IN BRIEF

The Esquimalt Council holds its regular meeting to-night at 8 o'clock in the municipal hall. Johnnie Crocker, nine, burned by hot pitch, was rushed to St. Joseph's Hospital on Saturday. To-day he is said to be recovering. An executive meeting at 7:30 and the regular club meeting at 8 o'clock has been announced for to-night by the Tuberculous Veterans' Association. All records for numbers of cars were broken at the Victoria Tourists' Camp Sunday. Fifty-five cars registered Saturday night bringing the total on Sunday to 105. The peak is usually experienced in August. Last August the highest number of cars at the camp in one day was 101.

Mrs. A. A. Skeen and her little son, who were slightly bruised when their car ran off the Jordan River Road yesterday afternoon, are progressing nicely at the Jubilee Hospital to-day, it was stated. Mrs. Skeen is suffering from shock. Her little son is only slightly bruised. Both are from Seattle. Dr. M. Raynor is attending. The Kiwanis Club weekly luncheon this week has been deferred from the regular Tuesday midday gathering to Wednesday at 1:10 o'clock, when the club will be hosts to about seventy New Westminster Kiwanians. The visitors will provide the entertainment and have a strong programme. During the afternoon the local members will take the visitors for a motor tour around Victoria. L. Griffiths being in charge of the arrangements.

Tuberculous Veterans will hold their annual picnic on August 1, under the auspices of the tuberculosis committee, members of Victoria Women's Institute. The party will leave from the public library at 2 p.m., and will proceed to Little Cordova Bay. Refreshments will be donated by the ladies committee. T.V.A. members are requested to take part in this event and to write Secretary, P.O. Box 1146, not later than July 25, stating number of family attending, and ages of children. Special arrangements are being made in order that tuberculous patients in hospital may avail themselves of this outing.

The prairie market for British Columbia lumber and wood manufacturers is opening up with every prospect of creating a record demand if the grain crop measures up to its present glowing promise according to A. A. Garrow, Winnipeg, western Canadian promoter. The Canadian Abundant manager of the Canadian Abundant of Toronto. Mr. Sara came to the coast recently to speed up delivery of material for the "ready cut" houses. "We did what we thought a very good business last year, but this year our orders are seventy per cent ahead, and the mills furnishing our material will have to hustle to keep up," Mr. Sara says.

F. L. Hoffman, L.L.B., F.S.S., F.A.S.A. will give a public address under the auspices of the Victoria Medical Association. His subject will be "Cancer Statistics," a subject on which he is well qualified to speak. He is in charge of the committee on statistics for the American Society for the Control of Cancer, a member of the American Association of Cancer Research, an Associate Fellow of the American Medical Association, and an associate member of the American Academy of Medicine. Ex-members of the 102nd Battalion in Victoria will be interested to learn that at a representative meeting held at the Comox Community Hall last night it was decided that the memorial to the 102nd battalion, which it is proposed to raise, shall take the form of a concrete cairn with a brass tablet. The memorial is to be erected near the new post office lot which the department has offered to give for that purpose.

Census of Homeless "Once a year the London County Council takes a census of homeless persons," says the London, England, Star. "Persons of whom it can be truthfully and literally stated that in a whole city full, home they have none." The figures for the last census, taken on the night of February 28, rather remarkable. Only five persons (all women) were found sheltering under arches or on staircases. In the streets 118 were found wandering, as compared with 174 in 1924. Licensed lodging houses contained 14,425 persons, as compared with 23,442 in 1924. These figures are neither exhaustive nor conclusive, but they suggest that in London at all events there is less of the utter extreme of destitution than we knew before the war. In part this may be due to the fact, but it is possible to believe that notwithstanding all our labor troubles and our crushing load of war debt, people are on the whole better off, or, at least, that the sum of national wealth is a little more widely and equitably distributed.

ITALIAN-JUGOSLAV AGREEMENTS SIGNED Nettuno, Italy, July 20.—Thirty-two agreements concluded between Italy and Jugoslavia at the recent conference in Venice were signed here to-day. Freedom of the Port of Plume is given equally to Italy and Jugoslavia. The language of either Italy or Jugoslavia may be used in Jugoslavia for all official transactions, except those of the customs services. Italian lawyers are permitted to continue to practice in Dalmatia and Jugoslavia. A motor traffic service is to be established from Zara, Dalmatia, to the interior.

SEVEN PERSONS DROWNED SUNDAY IN NEW YORK New York, July 20.—Seven persons were drowned in waters of New York and New Jersey yesterday. The thrilling news had just been received that "Big Sister" was the proud mother of a darling little girl. "Oh," said "Little Sister" June, "I'm so glad it's a little girl and not a little boy."

"Why?" asked the father curiously. "Because, Daddy," said June with a happy sigh, "I never wanted to be an uncle."

YOUNGEST KING GOES A-HUNTING—With thousands of gun-bearers, beaters and attendants upon the backs of his trained elephants, Maharaja Dhiraja of Nepal, the youngest ruler in the world hunts wild beasts in the jungles at the foot of the Himalaya. The king is no mean hunter-himself as can be evidenced by the dead tiger lying at his feet.

LIED TO SAVE SCOTT FROM GALLOWS FROM GALLOWES Detroit Telegraph Operator Admits Fake Story Chicago, July 20.—Another ray of hope, that one of the amazing last-hour developments which saved him from death on the gallows last Friday, would become tangible enough to prove his innocence during a seven-day reprieve, has been extinguished for Russell Scott, erstwhile Canadian promoter. James M. Ball, a Detroit telegraph operator, who last Friday declared that he witnessed the shooting of Joseph Maurer, Chicago drug cyer, and that Russell was innocent of the slaying, had admitted that the story was a romance, concocted "for the sake of humanity."

B.C. Cricketers Batting Well in Western Tourney Regina, July 20.—At the lunch hour after play had been in progress little more than an hour, British Columbia, batting against Alberta, had made 89 runs for the loss of one wicket in the interprovincial tournament open here to-day. Saskatchewan scored 45 runs for four wickets against Manitoba. For British Columbia Eaton Shore and Broadfoot secured a good start, scoring their runs quickly before Eaton Shore was run out by a brilliant piece of fielding with his score at 22. Broadfoot was not out with 39 and Rivers not out with 11 at recess.

C. DARROW SHAKES HANDS WITH JUDGE Threat of Sentence For Contempt of Court in Dayton, Tenn., Passes Dayton, Tenn., July 20.—An apology by Clarence S. Darrow, acceptance by Judge Raoulston and exchange of handclaps at the afternoon session of the John T. Scopes trial ended the incident of the morning, when Mr. Darrow was cited for contempt by the court as an aftermath of his remarks to the court Friday. As soon as this incident was ended Judge Raoulston announced from the bench that the great crowd literally packed into the court-room made the building unsafe, and he ordered the proceedings adjourned to the lawn. The exchange of kind words seemed to restore a general spirit of good cheer among attorneys on both sides of the case, and the court and attorneys were in rare good humor as the scene was shifted to the open air.

Chicago, July 20.—Another ray of hope, that one of the amazing last-hour developments which saved him from death on the gallows last Friday, would become tangible enough to prove his innocence during a seven-day reprieve, has been extinguished for Russell Scott, erstwhile Canadian promoter. Scopes trial ended the incident of the morning, when Mr. Darrow was cited for contempt by the court as an aftermath of his remarks to the court Friday. As soon as this incident was ended Judge Raoulston announced from the bench that the great crowd literally packed into the court-room made the building unsafe, and he ordered the proceedings adjourned to the lawn. The exchange of kind words seemed to restore a general spirit of good cheer among attorneys on both sides of the case, and the court and attorneys were in rare good humor as the scene was shifted to the open air.

SECOND BLOW This was the second blow that Scott has received since his dramatic reprieve six hours before he was to hang. The stay of execution was ordered by Governor Len Small when a Detroit telegram purporting to be from Robert Scott, the condemned man's brother, confessing the murder, was received. According to Russell's story, Robert, also under indictment, did the shooting. The sender of the telegram promised to surrender the next day, but nothing developed. Various other communications were received, however, one a letter purporting also to be from Robert, mailed in Chicago last Thursday night. In this it was stated that he was seriously ill, but would give himself up as soon as he was able.

CYCLONE—A baby cyclone swept down on Cincinnati and flamed out a good share of the buildings in the Union Stockyards with thousands of dollars' damage. This shows a small segment of the devastated area.

ORANGEMEN MEET IN TERMINAL CITY Vancouver, July 20.—With delegates from all parts of Canada present, the Grand Black Chapter of the Most Worshipful Lodge of British North America, Royal Orange Order, opened its fifty-first annual sessions here this afternoon.

AFFIDAVITS RECEIVED Scott's attorneys still are pinning hopes for a commutation on affidavits they said they had received from two unnamed women, reported to have been in the drug store at the time of the shooting. Ball indicated he might have been the one who sent the telegram from Detroit to the Governor, declaring Scott's predicament preyed on his mind.

ORANGEMEN MEET IN TERMINAL CITY Vancouver, July 20.—With delegates from all parts of Canada present, the Grand Black Chapter of the Most Worshipful Lodge of British North America, Royal Orange Order, opened its fifty-first annual sessions here this afternoon.

EXCHANGE OF WORDS "On last Friday," the judge said, "contempt was committed in this court." He quoted from the record Mr. Darrow's exchange with the court on the discussion after Judge Raoulston had excluded expert testimony. "Until passion had time to subside, the court withheld any action," the judge said. "I feel it is now time to speak. "Men may become prominent, but they should never hold themselves superior to the law. "He who would hurl contempt at my court, insults and outrages one of the greatest commonwealths in the country. "I feel further forbearance would cease to be a virtue."

CHILDREN WHO ATTEND CAPITOL MATINEES GET PUNCH AND JUDY SHOW

"Riders of the Purple Sage" is Tom Mix Screen Feature, From Pen of Zane Grey.

Whether in a seventeenth century costume or in his favorite cowboy garb, Tom Mix is always original in his exploits. Aided by Tony, his wonder horse, Mix outwits his foes and escapes by a clever ruse in his latest William Fox starring vehicle, based on Zane Grey's "Riders of the Purple Sage." Mix enjoyed the thrilling feats of Dick Turpin in Merle England, Sage, but there were many incidents in the course of producing "Riders of the Purple Sage" to indicate he was happy to be back in a Western setting.

One of his most brilliant feats in "Riders of the Purple Sage" is his escape when ambushed by hired assassins of his arch enemy, an unscrupulous cattleman. At the first volley, Mix tumbles from the saddle as if wounded, taking with him one end of his lariat. The other end is knotted to theommel of his saddle.

When he has tied the loose end of the lariat to a big sage bush, he signals Tony to proceed. Crunched on his improvised sage bush sledge, Mix is shielded from view of the gunmen by the intervening brush. By the time they have reached the spot where Mix tumbled from his horse, he has been drawn to safety by the faithful Tony. He mounts and gallops away. Mix had been studying the problem of how to escape from ambush. The

Columbia—"The Thundering Herd."

idea of the Sage bush sledge came to him spontaneously while making the scene. There are many other incidents of great daring in "Riders of the Purple Sage" which will be shown at the Capitol Theatre all this week.

As a special inducement for children to attend matinees at the Capitol Theatre this week, the management are giving away a complete Punch and Judy show, including scenery and dolls. This will be a great treat for the boy or girl who becomes the owner of same. They will be able to amuse their younger friends by giving them a real stage entertainment. Twice each evening during the week a Punch and Judy show will be given outside the theatre, and this same show will be the one to be given away.

Musical Programme At Capitol Theatre

To-night as usual the Capitol Theatre will present its Music Lovers' Night, the orchestra being under the direction of A. Prescott. The programme as arranged this week for the presentation of the feature "Riders of the Purple Sage," will be one that will fit the film, and will also be pleasing to music lovers of this city.

Some of the numbers to be rendered during the evening are as follows: Overture, "William Tell," Rossini; suite, "Prairie Sketches," Cadman; overture, "Dreisinger," Mahlson; "Western Land," Gay; suite, "The Frozen North," Rapee.

SPIRIT MESSAGES DECLARED FRAUDS

Portland, Ore., Man Wishes to Communicate With Wife in Other World

Many Mediums Tried to Win \$500 Reward, But All Failed

New York, July 20.—A reward of \$500 to anyone who could communicate for him with his dead wife brought J. Albert Gilbert of Portland, Oregon, 133 "spirit messages," but they all are fakes, he announces in to-day's issue of The Scientific American.

Before Mrs. Gilbert died in 1917 a password was agreed upon so her husband could identify messages coming from her after death. A copy of the password was sealed in a safe deposit vault.

Since the 1906 offer was made three years ago Gilbert has been flooded with alleged messages from his wife, variously signed "Susan," "Anna," "Louise" and "Sunbeam." Mrs. Gilbert's name was Florence.

The offer has been renewed. In announcing his rejection of all the messages, Gilbert said: "Those who knew my wife would certainly not imagine her saying, 'Jim, I am here, old boy' or 'Gill, I love you.'"

Some of the alleged messages, Gilbert said, were obtained by professional mediums, some on ouija boards and others through automatic writing, one specimen of which came ostensibly from the planet Venus. Descriptions of his wife varied so widely, Gilbert said, that they bordered on the ridiculous.

"Thundering Herd" Thrilling Trail Film at Columbia

Jack Holt and Noah Beery Meet, Which Guarantees Plenty of Action

Good news for local film fans! "The Thundering Herd," Paramount's celluloid version of the famous Zane Grey novel, is headed this way and will make its local debut at the Columbia Theatre to-day.

It is a romance of the "Old West" that will carry one from the pavements of to-day to the trails of yesterday, from the limousines of this period to the covered wagons of 1876. All the thrills and adventurous action of fifty years ago live again in this glorious epic story which was filmed under the direction of William K. Howard.

The picture deals with two of the many caravans of pioneers that started West to hunt buffalo and establish themselves in the new land. In one caravan are Jack Holt, Raymond Hatton and Charles Blythe; in the other, Lila Wilson, Noah Beery and Lillian Leighton, Beery, who is Miss Wilson's guardian, misrepresents her and she endeavors to help her but is himself shot in the attempt.

Viola Dana Will Be Seen To-day In "Beauty Prize"

Metro-Goldwyn Star to Appear in Story Filmed at Coliseum Theatre

Patrons of the Coliseum Theatre this week will have an opportunity to see a beauty contest is conducted when Viola Dana appears in "The Beauty Prize," her latest Metro-Goldwyn production. "The Beauty Prize" is a picturization of the Saturday Evening Post story of that name by Nina Wilcox Putnam, and is said to provide rousing good entertainment by virtue of its splendid comedy, really dramatic plot, and the details of the contest.

As if that were not enough, a very special cast supports Miss Dana. Pat O'Malley, who has lately scored a number of big hits, plays opposite the star, as a small-town radio enthusiast. Edward Connelly appears as her catchy old father, Eddie Phillips is a wise-cracking Broadway jazz hound, and others include Joan Standing, Edith Yorke, Eunice Vin Moore, and Fred Truesdale.

The story is a combination of comedy and drama that is sure to please everybody. Viola Dana plays the role of Connie DuBois, a pianist in a New York barber shop. One of her society customers, Mrs. Winthrop, engages Connie's mother to take care of her Fifth Avenue home while she is abroad. In this way Connie is mistaken for a member of the Winthrop family.

"The Beauty Prize" was directed by Lloyd Ingraham, was put into continuity form by Winifred Dunn, and photographed by John Arnold.

To-night the Coliseum Theatre will throw its doors open to its first stage production, under the leadership of George Olsen, the gifted tenor and late producer for the Brandon Opera Company. Gilbert and Sullivan's wonderful comic opera, "The Pirates of Penzance" will be the vehicle used and a brilliant cast has been chosen to portray the various characters.

George Olsen will take the leading tenor part of Frederic, in which his magnificent voice should be heard to its full advantage, while the role of Mabel is in the capable hands of Eva Hart; the duet work of these two will in all probability be one of the outstanding features of the opera.

STATEMENT MADE CANADA BARRING MANY BRITISH BOYS

Quebec, July 20.—The decision of the Immigration Department forbidding children under fourteen years old entrance into Canada from the British Isles will keep 7,000 British lads from coming to the Dominion this year, according to J. W. Hobbay of Toronto, Canadian Barnado Home boys' immigration agent, who has arrived here from overseas. Thousands of applications have been received by the Barnado immigration department, but owing to the recent ruling the applications will not be allowed entrance into the Dominion. Last year 2,500 Barnado boys entered this country.

Mr. Hobbay expressed the opinion the ban had been placed on the children as a result of social service organizations supplying erroneous information about the treatment of the boys in Canada. The order had been issued without any investigation on the part of the Canadian Government, he said, and his organization would gladly welcome an investigation at the present time.

"The Island King" New Hincks' Show Now at Playhouse

Mona Misener in Special Cast; "The Man from Brodnoy's" is Film Attraction

Reginald Hincks opens his Playhouse to-day with London's popular musical comedy of modern times, "The Island King," with one of the greatest casts ever assembled.

"The Island King" has been selected for the opening show in consequence of the special engagement of Mona Misener, better known to Victoria theatregoers as Miss Mona Misener. Mrs. Warren played in the original London production and will take the roll of "Princess Poppala," a role which will give the Victoria public a chance to see one of her most beautiful daughters in a wonderful setting.

Ernie Petch, the man with the voice, will play the part of "Hopkins," the happy-go-lucky sailor who becomes king of a tropical island and has never had a better opportunity

to keep his audience in roars of laughter. The ever popular Peggy Lewis, who with her quick wit and unlimited "cheek," is always at hand to get the beautiful Princess out of trouble, playing the part of Iris, for which she is fitted. The rest of the cast will be the Bennett sisters, Ken Cutler, Bert, Mervyn Pearce and Reginald Hincks.

Interesting sidelights on real sheikhs are supplied by Wanda Hawley, who recently returned to Hollywood after spending six months in Egypt, and who will be seen here at the Playhouse Theatre all week in "The Man from Brodnoy's," a Vitaphone special production based upon the famous novel of the same name by George Barr McCutcheon.

In "The Man from Brodnoy's" Miss Hawley appears as the flirtatious Lady Deppingham, one of the heirs to the rich island of Japat, in the South Seas. J. Warren Kerrigan plays the title role. In the all-star cast besides Mr. Kerrigan and Miss Hawley are Alice Calhoun, Miss DuPont, Pat O'Malley and Kathleen Key.

BOY'S ADVENTURE
New York, July 20.—His ambition to "See America First," led twelve-

year-old Roden Johnston to start from his home on Kingston Avenue, Montreal, last Wednesday for "parts South." The trek was halted shortly after dawn yesterday, however, when a policeman found Roden wandering aimlessly about Broadway minus his hat and coat. Roden explained he had been taken in tow by a friendly autoist near the international border and brought to this city, but now he was hungry and ready to go back to his home. The boy's parents were notified.

RUHR EVACUATION
Bochum, Germany, July 20.—The French evacuation of this town in the heart of the Ruhr district was completed to-day. Hattingen and Witten were also evacuated. The entire Ruhr will be cleared of Allied troops by July 31.

TAKE A CHANCE WEEK AT DOMINION THEATRE IS CATCHY INNOVATION

Distinctly Novel Programme With the Feature Production Directed by Lewis Moomaw Will Test Curiosity of Movie-Patrons.

"Take-a-chance-week," a distinct innovation in local theatricals, will be inaugurated at the Dominion Theatre to-day. As the title suggests, patrons will not be informed about numbers on the programme. All that may be said of the feature attraction is that it was directed by Lewis Moomaw and is an ideal Summer picture. The comedy is one of the best released for some time and has been specially booked for this novel "Take-a-chance-week."

As to the musical part of the programme, it is given out by Manager J. Robertson that special selections, interspersed with popular melodies, will be rendered on the Dominion pipe organ. There will also be a splendid singing act that will prove popular.

"Take-a-chance-week" is the first programme of its kind ever staged at a local picture house. Not a number

or attraction showing at the theatre for the "week" will be announced, although the house manager asserts that it will be an exceptionally interesting programme.

The "Take-a-chance" ideal, promulgated by the Dominion Theatre this week has the earmarks of originality, but as a matter of fact, it is not original at all. The first motion picture patron, who nonchalantly dropped a nickel in the slot of a kine-toscope to see a horse slide along a race track, was taking a chance. He was betting his nickel, against tremendous odds, that five cents worth of entertainment would fill before his eyes. Sometimes he won, and sometimes he lost. Later, when remodeled stores blossomed forth as cinema emporiums, the ante was sometimes raised to a dime. Our sporting picture patron then wagered a tenth of a dollar that the sight of Mabel Normand lifting Charlie Chaplin on the point of her toe into a vat of whitewash would yield satisfactory dividends.

Times haven't changed much at that. Now the public magnificently wagers its half dollar on a "Peter Pan" or a "Great Divide," or a "Frisolous Sal," sometimes it plunges to the extent of a dollar and a half on a road show like "The Thief of Bagdad" or "The Ten Commandments." The element of risk persists, even today, though somewhat minimized by better production standards, miniature symphony orchestras, \$75,000 organs, news reels, Felix Kat cartoons and other short subjects and a varied assortment of tenors, singers, dance orchestras and child artists.

The Dominion Theatre management is offering this innovation to local theatre fans, and assures them that this week's show is well worth "taking in."

Bryan Now In Spotlight At Dayton

Among the hosts of Dayton residents who crowded around William Jennings Bryan before and during the evolution trial was the ever-present small boy, who found his way directly to the side of the great Commoner.

William Jennings Bryan finds Dayton, Tenn., has plenty of warm weather, but when he doffs his coat, finds an easy chair and picks up his fan he doesn't mind it so much.

for what they did, laying the blame upon their ancestors and their environment and relieving them of all personality or power to decide between good and evil.

Mr. Darrow's connection with this case and his conduct during this case ought to inform the Christian world of the real animus that is back of those who are attempting to enforce upon the schools the views of a small minority, regardless of the fact that the philosophy of life based upon evolution robs the individual of a sense of responsibility to God and paralyzes the doctrine of brotherly love.

SCIENTISTS BARRED

Mr. Darrow shouts that truth is being excluded from the jury, merely because a few so-called 'experts' whom he has selected are not permitted to put their prejudiced opinions up against the honest convictions of the people of Tennessee. The experts are selected by him and his associate. They do not represent unbiased science. Even the so-called 'Bible experts' whom he wanted to call were selected by Mr. Darrow and his associates. From Mr. Darrow's point of view, no Christian would be worthy to be called an expert on the Bible until after scientists, also selected by him, had performed a surgical operation on the Bible experts and removed from them faith in the Bible as the revealed word of God.

UNEXPECTED AIDS

"Yes, we are making progress and we can acknowledge our indebtedness to a number of unintentional aids. First, we are indebted to Mr. Scopes, whose devotion to the doctrine that gives him a jungle ancestry is so passionate that, though a school teacher, he was willing to become a violator of the law in order to test his constitutionality. But our indebtedness is much greater to Mr. Darrow. Mr. Scopes' chief attorney, Mr. Darrow was chosen by Mr. Scopes himself to represent his interests, if not his views. Mr. Darrow's hostility to Christianity, proclaimed for a generation, and his conduct in this case are now

known to the world and will arouse the devout Christians of the nation whose prayers ascend in gratitude for the courage of the State of Tennessee, and Mr. Darrow's attitude will compel Christians who take sides with him to explain to their Christian-brothers why they defend a doctrine that strikes at the root, not only at Christianity, but of civilization. If they know what evolution means? If so, do they prefer it to the Bible?"

WADING POOL PLANS GIVEN ADVANCEMENT

Kiwanis Club Willing to Promptly Construct Pool Anywhere Council Favors

Proposals for construction of a wading pool for children, in one of the city's parks, were advanced on

Friday afternoon, when the directors of the Kiwanis Club discussed with the City Council parks committee methods of co-operation. The Kiwanis Club offered to undertake the construction of the pool, under the supervision and direction of City Engineer Preston, and to provide any needed additional funds above the \$650 available to the parks committee.

The parks committee were divided as to the correct location of the wading pool. Alderman Shanks maintained the advantages of a salt water pool at Beacon Hill. Alderman Cullin advocated the cause of the Central Park, as being most centrally located, while Alderman Marchant favored Stevenson Memorial Park, as the centre of a district needing such a playing feature.

The Kiwanians expressed no preference as to the location of the pool, restricting their interest to securing the record of the parks committee to prompt commencement of construction, and a free hand to the club, to use its own methods, to get the best results at the least outlay of cash.

U.S. PACIFIC COAST AIR MAIL SERVICE

Sacramento, Calif., July 20—The new coastwise aerial air service to be started in October for the carrying of mails between Los Angeles, Sacramento and Seattle, under government supervision, will not be limited to the carrying of mails. An aerial passenger and freight service may also be operated in conjunction with the mail services.

This was made known to-day following receipt by the local postal authorities of an official bulletin from the Postmaster-General at Washington, advising postmasters to advertise formally for bids for the furnishing of the coastal aerial service.

IN DAYTON BRYAN SAID PROGRESS MADE

Declared Tennessee Evolution Trial Had Caused People to Take Sides

Dayton, Tenn., July 20—A note of progress was observed by William J. Bryan in a statement issued here Saturday night, in which he declared the Tennessee evolution case had uncovered a conspiracy against Bible Christianity. Declaring multitudes had been deceived by the use of the term "evolution," he added their eyes were now being opened. Evolution, as taught by scientists, he said, was an imaginary process, wholly unproved, that began with life but did not attempt to explain life.

"If the evolutionary hypothesis is true," he said, "man has come up through the animals below him by a cruel law under which the strong kill off the weak."

"The evolutionists bring their doctrine before the public in a jeweled case and praise it as if it were a sacred thing. They do not exhibit, as Darwin did, its bloody purpose. They do not boast barbarism is its only true expression. They do not tell the public that Darwin, who studied for the ministry and in his youth believed in a personal God and in the strict and literal truth of every word in the Bible was led away from Christianity by evolution and died an agnostic."

"The evolutionists have not been honest with the public. Even ministers who believe in evolution have assured their congregations there is no inconsistency between Darwinism and Christianity. The ministers should tell their congregations evolution leads logically to agnosticism."

DARROW'S PART
"But the Scopes trial has had another important effect. The presence of Clarence Darrow here, an avowed agnostic both as to God and immortality—he has so stated in court before the judge—represents the most militant and anti-Christian sentiment in the country. He protested against the opening of court with prayer and has lost no opportunity to stir the intelligence of those who believe in orthodox Christianity and to hurl the charge of bigotry against everyone who objects to the teaching of evolution in the schools. Mr. Darrow, in the celebrated Loeb-Leopold trial, boldly argued the boys were not responsible

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, July 20 (By R. P. Clark & Co.)—To-day dealings were relatively a repetition of those witnessed in the closing days of last week in so far as specialties are concerned and the list in general bore evidence of a sympathetic influence. However at times there appears to be a trace of liquidation in the nature of profit taking which we feel to be in order and suggest that advantage be taken of the present opportunity to reduce long lines.

New York, July 20 (By B.C. Bond Corporation's Direct Wall Street Wire)—The Wall Street Journal's stock market edition this afternoon says: After engaging in a series of corrective movements in the first three hours stocks developed renewed strength in the afternoon. With Mack Trucks, Sears Roebuck and other high-priced industrial stocks swinging about in the market, the general market regained the buoyancy which characterized the greater part of last week's dealings and further gains were scored in many sections of the list.

Resumption of the Nickel Plate hearings at Washington furnished the signal for a demonstration in the railroad group, featuring standard investments like New York Central, Reading and Atchafalaya, which Frisco common and Southern Railway attained further record highs.

Strength in Montgomery-Ward, Sears and Roebuck stocks of companies in similar fields reflected the heavy volume of the merchandise trade. One of the most significant evidences in general merchandising improved was the rise in the Fisher commodity price index to 165.3, the highest level reached since March.

Advices from the Mahoning Valley showed that additional blast furnaces were being placed in operation, while the announcement that Dodge Brothers planned to increase capacity to 1,500 cars daily from the present 1,100 was looked upon as illustrative of the outlook for continued prosperity in the motor industry.

Powerful banking interests continued to display confidence in the market by resumption of buying for their account. Despite the discouragement resulting from the way last Thursday's burst of strength in the oil group subsided, leading brokerage authorities expressed the belief that the next buying wave in this group would not stop until substantial progress had been made.

Steady gain in earnings shown by Marland Oil Company, which reached net income in the second quarter of a total of \$8,270,371 for the first six months of 1925, against \$3,662,448 in same period of 1924, clearly show the great improvement which has taken place in fundamental oil trade conditions. Inventories of Marland are still carried at prices prevailing December 31, 1924, which were much below present market. Despite the discount of high rate of profits may confidently be expected in the third quarter, when peak of gasoline demand will permit further conversion into cash of crude oil and refined products, which totalled over \$9,000,000 on June 30.

Demand for New York Tractions, which has been steadily growing the last three weeks as a result of political developments in the city, brought B.M.T. common within fractional distance of the record high of 55 and advance. In Interboro shares new high ground on the movement at 29 1/2.

Traders regard the political situation as of great significance, and are almost unanimous in their views that a change will take place in the administration of this country.

WINNIPEG GRAIN

Winnipeg, July 20—Improved crop conditions throughout the Spring wheat belt and restricted export demand brought about a sharp downturn in prices on the Winnipeg Exchange to-day. Early unloading on the part of longs started the price decline, which continued fractionally throughout the session, with periodic upward flurries. July delivery tobogganed 4 1/2 cents to 165 1/2 which was around the low for the day, October at 140 1/4 dropped 3 1/2 while December was 3 1/2 below Saturday's close at 137 1/4.

Trade volume was not particularly large with the traders inclined to follow the trend of the United States markets. The Liverpool market was very weak, closing from 2 to 2 1/4 pence down.

All the coarse grain markets declined in sympathy with wheat, lack of demand influencing the weakness.

Winnipeg, July 20 (By R. P. Clark and Company)—Wheat: With a decided change in the weather over the week-end the heat wave being broken and cool temperatures prevailing with scattered showers in all three prairie provinces combined with a total lack of export business for July and very heavy tonnage to-day and prices were lower throughout the day finally closing at the bottom and showing a loss of 4 1/2 for July and 3 1/2 for October and December. There was a slight recovery for sale at the close and the market looked very weak. Longs were liquidators right from the opening this morning but short selling was scattered until near the close.

Trade on the whole was not large and there was one or two reactions as the market opened but the bulls were difficult to hold and the market sank of its own weight. The American market displayed a decided recovery based on the decrease of 60,000 on the wheat visible which was larger than expected. The market had a tremendous advance last week based on the heat wave which had broken and the condition had changed to very favorable filling weather, to-day's action was only natural.

The Liverpool market was also quite weak and after opening from 1/4 to 1/2 higher, closed from 2 to 2 1/4 pence down. We look for a further decline and hence the market will widen its spread under Chicago. The main strength had been American market due to short Winter wheat crop and apprehension that damage would be done to the crop.

There has been some deterioration from different causes but it is not large and harvesting operations have been commenced in North Dakota and will be general in a few days. The forecast for the Canadian Northwest is for cool temperatures north and west with winds, with showers for to-day and Tuesday.

Coarse Grains: There was little export business in oats and barley reported over the week-end but the volume was some important developments in the way of crop damage wheat appears to be sale on bulgur.

Winnipeg, July 20 (By B.C. Bond Corporation's Direct Wall Street Wire)—Wheat: The market showed a decided change in sentiment and wheat was under pressure at all times, gradually working lower and closing around low ground for the day. There was some export buying orders on scale down but volume was not large. Weather throughout Canadian West and turned more favorable and unloading was some important developments in the way of crop damage wheat appears to be sale on bulgur.

Table of TO-DAY'S EXCHANGE rates for various currencies and commodities. Columns include item names, prices, and changes.

WHOLESALE MARKET

Table of Wholesale Market prices for various commodities including meats, oils, and other goods. Columns include item names, prices, and changes.

LIVESTOCK CONDITIONS IN WESTERN CANADA

Report No. 5, of the origin and quality of commercial live stock marketed in Canada, issued by the Dominion Stock Raisers' Association, referring to the fact that the output of hogs by Alberta in 1924 was easily the largest on record says, relating to cattle, that it is obvious that not only is a distinct improvement taking place as regards winter feeding practices, but also in the type of cattle produced. Referring to Saskatchewan, it is recorded that that Province made a very favorable showing as regards the quality of commercial cattle sold, that there was an increase of thirty-three per cent increase in the number of good cows offered, and a very appreciable improvement in the volume of heifers of good grading marketed. As regards hogs, which are being brought to market in large numbers, it is noted that the output of hogs in 1924 was easily the largest on record says, relating to cattle, that it is obvious that not only is a distinct improvement taking place as regards winter feeding practices, but also in the type of cattle produced.

VICTORY BONDS

Table of Victory Bonds prices for various denominations. Columns include bond names, prices, and changes.

PLAN FOR ISLAND SMELTER ENDORSED

Operation Will Probably Commence Again in Fall

After giving full consideration to the matter the Courtenay-Comox Board of Trade has decided to endorse the proposed plan for reopening the Lady-smith smelter as one that would be of considerable benefit to Vancouver Island. Mr. J. J. Chick, the representative of the Vancouver Smelters' Limited explained to the board their scheme of financing. The Lady-smith smelter was closed in 1918 when the price of copper went down after the war. It was built originally to handle only copper ores largely from the Tyee mine, but under the new process it will be able to handle other ores. The company owns and controls properties on Vancouver Island which it believes will provide 70 per cent of the smelter feed, but they also expect to get custom ores from various properties which would not operate unless there was a reduction plant near. It is fully expected that the smelter will be opened this Fall.

CHICAGO GRAIN

Chicago, July 20, 1925 (By R. P. Clark & Co.)—Wheat: Swung uncertainly in lower ground, Liverpool shorts near the last found offerings on the wave. Improved weather conditions over Amn. and Can. north-west was responsible for the decline. Temperatures over the Spirit area were somewhat lower and scattered showers noted but reports coming in continued to verify damage as a result of recent heavy rain. Liverpool closed sharply lower. The visible supply for week declined 640,000 for week. The market will remain subject to changes in climatic conditions over the Spirit area, fair advance and things considered market seems entitled to 5 cent reaction.

HIS MORNING BAWTH—Cleanliness is next to Godliness. Now, we've never had the pleasure of meeting the elephant's God but nevertheless we can see how clean he keeps himself. Unfortunately there are no muddy rivers nearby for Mr. Peter Pachyderm to wallow in so this elephant at the zoo in New York City finds his trunk quite useful to squirt water over his body several times a day to keep cool and chase the dirt.

BEDTIME STORY

Uncle Wiggily and the Spearmint

Copyright, 1925, by McClure Newspaper Syndicate.
(By Howard R. Garis)

Jackie and Peetie Bow-Wow, the puppy dog boys, were trotting along together on a path through the woods. First Jackie would wag his tail, and then Peetie would do the same thing. All of a sudden Jackie said: "Peetie, do you know I've been thinking of a sort of riddle, or puzzle, for ever so long."

The Bob Cat came sneaking along.

were going to run away, standing it might be the bad Fox or Wolf. But soon they saw two long ears flaring up out of the leaves and at once they knew it was a friend of theirs.

MILLIONAIRE PUSS—You've often heard of the "lucky dog."

Now we have the lucky cat. Irving Wood, a Boston millionaire, died and left the greater portion of his fortune to John Henry, his pet cat. John Henry can now live the rest of his feline days in perfect ease and contentment.

A New Serial "The Love Cycle"

By MILDRED BARBOUR

The estate of Henry Mansfield amounted to practically nothing, according to Weston. Mansfield had put less than the other two men into the founding of the Weston Motor Company. This latter, in the form of stocks, Mrs. Mansfield wished to sell because of her pressing need for ready money, but Weston advised against it.

do: If you'll be sensible and give up this college idea, I'll make a place for young Henry in my office and teach him something that will do him good in the future. My secretary is getting pretty old, he needs an assistant and young Henry, if he proves worth his salt, can work into his job in time.

CHARITY

On the morning that young Henry Mansfield entered Weston's office, Mrs. Marlowe and Mrs. Weston met at the market.

THE GUMPS—WHAT MIGHT HAVE BEEN

THAT'S WHAT EVERYBODY SAID BUT IF I HAD TO DO IT ALL OVER AGAIN I'D ONLY MARRY A MAN WHO WAS FAMOUS - A MAN WITH AN ANGLE'S EYE AND THE HEART OF A LION - A MAN WHO'D CONQUER THE WORLD FOR MY SAKE - OF COURSE I'D LIKE HIM TO BE IMMENSELY WEALTHY BUT I'VE OFTEN THOUGHT I COULD LOVE THAT KIND OF A MAN EVEN THOUGH HE WAS ONLY A RAG-PICKER -

I KNOW JUST HOW YOU FEEL AND I OFTEN WONDER DOES YOUR HUSBAND APPRECIATE WHAT A PRIZE HE WON IN THE MATRIMONIAL LOTTERY - WHO CAN SAY WHAT DESTINY MIGHT HAVE HAD IN STORE FOR YOU? YOU MIGHT HAVE BEEN A DUCHESS OR A WORLD FAMOUS ACTRESS IF YOU ONLY HAD THE OPPORTUNITY - YOU ALWAYS REMIND ME OF BUTTER-FLY CHAINED TO A ROCK -

SCHOOL DAYS By DWIG

own age." Mrs. Weston smiled grimly. "Well, I have no such trouble with Helen. She has reached the boy-crazy age and she can't primp enough. It takes all my time to make her party-dresses and all my allowance to buy her wash ribbons."

BRINGING UP FATHER

BY GOLLY I NEVER FELT THE HEAT LIKE THIS BEFORE - I WOULDN'T MIND BEIN' A TRAFFIC COP AT THE NORTH POLE ON A DAY LIKE THIS

BRINGING UP FATHER

I'LL TURN ON THE RADIO AN' SEE IF IT WON'T TAKE MY MIND OFF THE HEAT

BRINGING UP FATHER

SO FEW PEOPLE UNDERSTAND THE RIGHT METHOD - THE PROPER WAY TO BUILD A FIRE IN A FURNACE IS - FIRST TAKE -

—By GEORGE McMANUS

MONEY AT BISLEY WON BY CANADIANS

Cpl. Preece, Guelph, Third in All-comers' Aggregates; Others on List

Bisley Camp, July 20 (Canadian Press Cable)—The service rifle results announced to-day included the Martin Challenge and Gold Badge. The winner was Major Elliott, late of the Somerset Royal Field Artillery, with a score of 410. Corporal G. Preece, Guelph, Ont., was third, winning £4 in the All-comers' Aggregates, which was the aggregate of the scores made in the City of London, Daily Graphic, Daily Telegraph, Duke of Cambridge, Graphic, Wimbledon Cup and Alexandra matches. His score was 370. The winner of the aggregate, which included the challenge cup as a prize was Sergeant A. C. Fulton, G.M., with a score of 375. The Grand Aggregate Trophy and gold cross was won by Armorer Staff Sergeant J. Uglow, with a score of 639.

CANADIANS' SCORES
The Canadians in the All-comers' Aggregates, with their positions in the prize list and total scores, were: Corp. Preece, Guelph, third, 370, won £4.

FRENCH PREMIER'S FAMED FLIGHT TO RIFF FRONT

M. Painleve, Premier of France (right), leaving aeroplane after his recent flight to Morocco front where he conferred with General Lyauty on the Rif situation when pounding from the Chamber of Deputies made necessary this unique exploit and (left) decorating soldiers of the Foreign Legion fighting in the Rif.

LONDON'S NEW BOOKS

RAFEL SABATINI, "A Romance of Three Ladies" by J. G. Sarasin, "Soundings" by Hamilton Gibbs; brother of Sir Philip Gibbs; "The Lute Girl of Rainyvale" by Zora Cross, "Star Dust" by Charles V. Lewis, "The Green Ray" by Vance Thompson, with rejuvenation as its central theme, "The Bread of Wickedness," a modern and very realistic first book by Grace Rogers, and "Afrail of Love" by the Hon. Mrs. John Russell.

A SPIRITUAL TRAMP
How sore a trial being deprived of spiritual literature may be to a book lover is well illustrated in Mr. Stanley B. James' book "The Adventures of a Spiritual Tramp" (Longmans, 6s.). The author, who was trained for the Congregational Ministry, left the Church for the stage and then emigrated to Canada, where he became successively cow puncher, sheep herder, tramp, newspaper man, dramatic author and actor. On one occasion during his exile in the Far West, he found he had lost all his books and was finally reduced to consulting a pile of "Family Heralds" which he found in a disused shack. He records, however, one interesting find which he made when he was turning over a number of tattered novelettes: "One of these, without covers, and with the first pages missing, arrested my attention as soon as I opened it. It was real literature, and my thirsty mind absorbed page after page greedily. Not long afterwards did I learn that I had recognized one of the leading masters of modern English—Mark Rutherford."

NOTED CROOKS
Mr. Stanley Scott's book, "The Human Side of Crook and Convict" is a brilliant and stimulating work in which a host of notorious criminals are etched as ruthlessly as Dostoevsky or Gorki would have done it. There are remarkable glimpses of such men as Crippen, Ronald True, Grosse, the German spy, Stenne Morrison, the Dartmoor Shepherd and many others. We are also given some interesting details of Oscar Wilde's life. It is not generally known that Wilde's original script of "De Profundis" was actually written in Reading Goal and destroyed, and that judging by the accounts of those educated prisoners who saw the MS. it was a finer piece of writing than the subsequent version written after his release.

A ROLLING STONE
"Rolling Round the World for Fun" by Stedman Hope, is a thoroughly interesting book. (Hurst and Blackett, 18s.). The author, who has meandered through Canada, Alaska, China, Japan, Hawaii and Australasia, has seen many sides of life, and is able to recount his experiences with a vivid pen, and a lively sense of humor. He proves that it is still possible for those in search of adventure to start out with a shilling in their pocket and see more of life than many a millionaire.

SOME NEW NOVELS
Miss Winifred Graham's forthcoming novel "In Fear of a Woman," is a story of English country life in a hunting centre. Other new or forthcoming novels include "The Chip and the Block" by Miss E. M. Deland, "Under the Orange Trees" by Pearl Doles Bell, "Little Tiger" by Anthony Hope, "The Carolinian," by

SONS OF ENGLAND VISITORS TO CITY

Large Party From Vancouver and New Westminster Here Over Week-end

Some 250 members of the Sons of England lodges of Vancouver and New Westminster, were visitors in the city on Saturday as the hosts of the local lodges at the annual reunion of that order. The visitors were met at the Vancouver boat by a large number of members of the local lodges, and proceeded to the steps of the Parliament Buildings where they were photographed. Headed by the Sons of England band of Vancouver, the whole body, some 500 strong, paraded through the business section of the city to the Knights of Pythias Hall, North Park Street, where the visiting members were banqueted. The parade commenced from the Parliament Building steps and then proceeded to Government Street where it stopped in front of the Memorial Statue, the members paying silent tribute to the fallen brothers and a wreath was placed thereon bearing the words "In Memory of the Sons of England of British Columbia." The procession wended its way

along Government Street to Yates Street, up Yates Street to Quadra and then to the K. of P. Hall, along the whole route many interested spectators witnessed the parade. The visitors then listened to an address of welcome from Mayor Pen-drax, after which they were banqueted. In the evening a fine entertainment was staged at the K. of P. Hall at which there was large attendance of local members. The programme consisted of songs, recitations, several novelty events and dancing. On Sunday morning several of the visitors were taken for motor drives around the city, by the local members, and the majority of them left for their homes in the afternoon after a splendid week-end holiday.

MAN OF FIFTY-SEVEN IS AT HIGH SCHOOL

Baxter, Tenn., July 20.—Baxter Seminary, located in Putnam County on the Cumberland Plateau in the mountains of Tennessee, is unique in the age and poverty of its students. Of the fourteen students who were graduated this year, three were between thirty-five and forty years of age. The average age of the 110 students in attendance throughout the year was between twenty-five and thirty. "Our students are poor and needy,

live in little log cabins, have poor land, and are older than the average," said Rev. Harry L. Upperman, president. "Three students between thirty and thirty-five years of age are in the first, second and third years of high school, respectively, and some who are between twenty and thirty are in the first and second years of high school. One man is now fifty-seven and has been trying all his life to finish so he could have the honor of graduating from high school work before he died." Practically all the students work their way through the seminary, doing sweeping, farming, waiting on tables, etc., and most of them pay their tuition in cornmeal, flour, meat and beans. "We have never turned a student away because of poverty," said President Upperman.

MANY PILGRIMS WILL VISIT SHRINE

Quebec, July 20.—The little town of Ste. Anne de Beaupre will be the objective of many thousands of pilgrims, who will leave their homes shortly to attend the celebration of the feast of Ste. Anne on July 26. The blind, the lame and the diseased will be brought there to pray at the shrine where for many years miracles are said to have been performed in answer to the supplications of the faithful. The city of Quebec will house the pilgrims, who will, it is expected, total about 40,000.

Man Taken Back to Seattle For Trial

Vancouver, July 20.—Wanted on a charge of grand larceny, C. H. McGalm, aged twenty-three, who is alleged to have sold his employer's automobile in Seattle last week and then to have absconded to Victoria with his sweetheart, was arrested here Sunday morning and taken back to the Sound City under custody of Deputy Sheriff Hunter of King County, who followed the couple to Victoria on Friday, learned from the lady in the case that McGalm had come to Vancouver. He then wired the man's local address to the authorities here, who went to the hotel where he had registered, only to discover he had fled following a "long distance telephone message from Victoria. McGalm was apprehended, however, when he returned to the hotel yesterday morning for a letter which had arrived for him from the girl in Victoria.

Riches—Will You Be the One?

Here are the Figures

INSURANCE statistics show that out of 100 men, only one ever becomes rich. A prominent authority directly attributes this astounding fact to failure to take care of health. Too little exercise, too much food, faulty elimination often cause a break down of physical powers. Irregular habits sooner or later lead to the inevitable crash.

- Out of 100 men now 25 years old, at 65 years of age this is what will have happened:—
- 54 actually dependent on others
- 5 self-supporting
- 4 accumulating a surplus
- *1 rich

Post's Bran Flakes with Other Parts of Wheat helps to keep you fit by supplying the necessary food roughage that aids digestion, sweeps out unhealthful body poisons and keeps fresh vigor coursing through the blood. Here is distinct food value, too, because other nourishing parts of the wheat are retained. Its crisp, cooked flakes have a wonderfully appetizing flavor. Ready to eat right from your grocer in the wax-wrapped package. Help Nature help you!

Chicago Explosion Caused Excitement

Chicago, July 20.—A terrific explosion of gasoline and oil aboard a barge of the Texas Company anchored in the north branch of the Chicago River at noon yesterday caused damage estimated at \$300,000 and occasioned a near panic among residents of the congested district bordering the river.
