#### PART II:

#### PART III:

PUBLIC AND PRIVATE NONPROFIT ORGANIZA-TIONS—GSA proposes uniform administrative standards for agreements; comments by 3-12-75

6303

# reminders

(The items in this list were editorially compiled as an aid to FEDERAL REGISTER users. Inclusion or exclusion from this list has no legal significance. Since this list is intended as a reminder, it does not include effective dates that occur within 14 days of publication.)

#### Rules Going Into Effect Today

EPA—Asbestos manufacturing point source category; effluent guidelines and standards....... 1874; 1–9–75

#### List of Public Laws

This is a listing of public bilis enacted by Congress and approved by the President, together with the law number, the date of approval, and the U.S. Statute citation. Subsequent lists appear each day in the FEDERAL REGISTER, and copies of the laws may be obtained from the U.S. Government Printing Office.

NOTE: No acts approved by the President were received by the Office of the Federal Register for inclusion in today's LIST OF PUBLIC LAWS.

ATTENTION: Questions, corrections, or requests for information regarding the contents of this issue only may be made by dialing 202–523–5266. For information on obtaining extra copies, please call 202–523–5240. To obtain advance information from recorded highlights of selected documents to appear in the next issue, dial 202–523–5022.

# federal register

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$5.00 per month or \$45 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.O. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

# list of cfr parts affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, follows beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1974, and specifies how they are affected.

# rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code-of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER Issue of each month;

#### Title 7-Agriculture

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF
AGRICULTURE

[Navel Orange Reg. 337: Amdt. 11]

PART 907—NAVEL ORANGES GROWN IN ARIZONA: AND DESIGNATED PART OF CALIFORNIA

#### Limitation of Handling

This regulation increases the quantity of California-Arizona Navel oranges that may be shipped to fresh market during the weekly regulation period Jan. 31-Feb. 6, 1975. The quantity that may be shipped is increased due to improved market conditions for Navel oranges. The regulation and this amendment are issued pursuant to the Agricultural Marketing Agreement. Act. of 1937, as amended, and Marketing Order No. 907.

§ 907.637. Navel Orange Regulation 337.

(a) Findings: (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907); regulating the handling of Navel oranges grown in Arizona and designated part of California: effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (T U.S.C. 601-674), and upon the basis of: the recommendations; and information; submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement: and order; and upon other available information, it is hereby found that the limitation of handling of such Navel oranges; as: hereinafter: provided, will tend to effectuate the declared policy of

(2) The need for an increase in the antity of oranges available for handling during the current week results from changes that have taken place in the marketing situation since the issuance of Naval Orange Regulation 337 (40) FR 4415). The marketing picture now indicates that there is a greater demand for Navel oranges than existed when the regulation was made effective. Therefore; in order to provide an opportunity for handlers to handle a sufficient volume of Navel oranges to:fill the current market: demand: thereby making a greater quantity of Naval oranges available to meet such increased demand, the regulation should be amended, as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice;

engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the Federal Register (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of Navel oranges grown in Arizona and designated part of California.

(b). Order, as amended. The provisions in paragraph (b) (1) (i), and (ii) of § 907.637. (Navel Orange Regulation 337. (40 FR 4415)) are hereby amended to read as follows:

"(i) District 1: 1,435,000 cartons;

"(ii) District 2; 215,000 cartons."

(Secs: 1-19, 46 Stat. 31, as amended; (7 U.S.C. 601-6741)

Dated: February 5, 1975.

CHARLES R. BRADER,
Acting Director, Fruit and Vegetable: Division; Agricultural
Marketing Service.

Title 10 Energy

CHAPTER: II-FEDERAL: ENERGY ADMINISTRATION

PART 211-MANDATORY PETROLEUM: ALLOCATION: REGULATIONS

Emergency Amendment to Special Rule.

On November 29, 1974, FEA issued the final rule for the allocation of old oil (39 FR 42246; December 4, 1974). Subsequent to the issuance of the rule, FEA cancluded that, in light of the special needs of many small refiners, an amendment was necessary to assist those small refiners that would be required to purchase entitlements under the program to adjust on a graduated basis to their entitlement purchase obligations. Accordingly on December 16, 1974, FEA adopted Special Rule No. 3 for Subpart C of Part 211.

FEA has determined that extension of the first phase of Special Rule No. 3 is required, for the reasons set forth below. Accordingly, FEA is hereby adopting the amendment set forth herein effective im-

Special Rule No. 3 (the Special Rule) provided specified relief for all small refiners that would otherwise be required to purchase entitlements under the program for the first 30,000 barrels per day of their daily average volume of crude oil runs to stills. The Special Rule applied to the months of November and December 1974, and January 1975. For small refiners having run levels under

30,000 barrels per day, no purchases of entitlements were required for November 1974. For December 1974 and January 1975, such small refiners were required to purchase one-third (1/3) and twothirds (%), respectively, of the entitlements they would otherwise be required to purchase under § 211.67(b). For small refiners with run levels in excess of 30,000 barrels per day, the Special Rule was applicable only to that number of entitlements which bears the same proportion to the total number of entitlements required to be purchased that 30,000 barrels per day bears to the average daily volume of crude oil runs to stills of that small refiner.

In adopting the Special Rule, FEA recognized that immediate imposition of the full entitlement purchase requirements of the program might have a severe short-term economic impact on certain small refiners which have been running a higher percentage of old oil in their refineries than the national average. In particular, many small refiners have recently had lower run levels than the industry average; phasing in the entitlement purchase requirements of the program as to small refiners would afford these refiners an interim period during which to bring their run levels back to more normal levels. FEA also realized that serious cash flow problems would be posed for some small refiners that are required to purchase entitlements. The Special Rule was intended to assist small refiners in arranging any necessary financing and instructuring their marketing operations with regard to compliance with the program. In addition, FEA expected that, at the outset of the program. changes would take place in the product prices of various refiners, depending on the impact of the program on each of them; delaying the impact of the program as to small refiners would permit these refiners to adjust their product prices so as to most effectively pass through their increased crude oil costs under the program. In adopting the Special Rule, FEA was aware that many small refiners will also have more difficulty in passing through these increased costs, due to their limited product slate.

One further significant consideration was present in the adoption of the Special Rule. To assure that small refiners were not placed in possible jeopardy during the processing of their exception requests, small refiners were given a reduction in their entitlement purchase requirements for a period that FEA felt was adequate to permit filing and evaluation of applications for exception prior to the point in time at which any significant purchase obligations would attach. In this connection, the FEA also announced that it was implementing an expedited exceptions procedure.

However, as of the current date, FEA has received relatively few exception requests from small refiners, due perhaps to the complexities inherent in the startup phase of the program and the difficulties in drafting the necessary applications, which have heretofore required a broad range of financial and

other information concerning the applicant. In light of the present situation facing many small refiners, FEA has concluded that the underlying considerations which led to the adoption of the Special Rule are still applicable and that more time is necessary to allow small refiners to make the appropriate adjustments required by the entitlement program. Accordingly, FEA has decided that the first phase of the Special Rule should be extended for one more month. Further, since FEA believes that numerous small refiners may still need exceptions relief from the full operation of the program, the first phase exemption will also be extended automatically upon filing of an exception application on or prior to February 21, 1975 to prevent any possible financial or competitive injury to those small refiners during the processing of their applications.

FEA wishes to emphasize that it considers the exceptions process the appropriate vehicle for final relief for small refiners that are required to purchase entitlements and that may be severely adversely affected by the program. In this connection, FEA would like to reiterate its earlier announcement that it has instituted an expedited exceptions process for the program and expects to evaluate each application with considerable care to ensure that relief is granted where a refiner would suffer a severe hardship or a gross inequity under the program.

The Special Rule as amended extends through December 1974 the purchase requirement exemption for the first 30,000 barrels per day of each small refiner's crude runs provided initially for the month of November. In addition, entitlement purchase obligations for January and February 1975 are exempted to the same extent as were purchase obligations for December and January under the Special Rule as originally issued.

To confirm FEA's policy to effect a reduction in entitlement purchase obligations pending decision on a small refiner's exception request, the amended Special Rule provides for extension of the first phase (November and December) of the Special Rule's exemption for entitlement purchase obligations upon the following conditions: first, the small refiner shall have filed an exception application (including the information called for by Schedule A to the Special Rule) on or prior to February 21, 1975; second, the extension terminates upon issuance of the decision on the application; third, the extension may be terminated by FEA if it determines that a small refiner has significantly delayed the decision on its exception application by not submitting additional financial or other information requested by FEA within a reasonable time which FEA deems necessary for decision of the case. Under this procedure, small refiners that file exception applications on or prior to February 21, 1975 will be exempted from entitlement purchase requirements as to the first 30,000 barrels per day of

their crude runs until a decision on their application is issued. The effect will be to preclude any significant impact of the program upon small refiners that might otherwise be required to purchase entitlements pending the decision on their exception applications.

Section 7(i)(1)(B) of the Federal Energy Administration Act of 1974 (Pub. L. 93-275) (FEAA) provides for waiver of the requirements of that section as to time of notice and opportunity to comment prior to promulgation of regulations where strict compliance with such harm or injury to the public health, harm or injury to the public helath, safety, or welfare. The FEA has determined for the reasons outlined above that strict compliance with the requirements of section 7(i) (1) (B) of the FEAA would thus cause serious harm and injury to the public safety and welfare. Accordingly, these requirements must be waived and this amendment is made effective immediately, prior to opportunity to comment thereon.

The review provisions of section 7(c) (2) of the FEAA are hereby waived for a period of fourteen days, as provided for in that section, upon a finding that there is an emergency situation which requires immediate action. FEA is submitting the text of this emergency amendment concurrently with its issuance to the Administrator of the Environmental Protec-

tion Agnecy for his review.

Because this amendment is being issued on an emergency basis, an opportunity for oral presentation of views will not be possible prior to its promulgation. A public hearing on the amendment, however, will be held beginning at 9:30 a.m. on Tuesday, March 4, 1975, in Room 3000, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C., to receive comments from interested persons. Any person who has an interest in the subject of the hearing, or who is a representative of a group or class of persons which has an interest in the subject of the hearing, may make a written request for an opportunity to make oral presentation. Such a request should be directed to Executive Communications, FEA, and must be received before 4:30 p.m., e.s.t., Monday, February 24, 1975. Such a request may be hand delivered to Room 3309, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C., between the hours of 8 a.m. and 4:30 p.m., Monday through Friday. The person making the request should be prepared to describe the interest concerned; if appropriate, to state why he or she is a proper representative of a group or class of persons which has such an interest; and to give a concise summary of the proposed oral presentation and a phone number where he or she may be contacted through Friday, February 28, 1975. Each person selected to be heard will be so notified by the FEA before 5:30 p.m., Wednesday, February 26, 1975, and must submit 100 copies of his or her statement to Executive Communications, FEA, Room 3315. Federal Building, Washington, D.C. 20461, before 9 a.m., e.s.t., Monday, March 3, 1975.

The FEA reserves the right to select the persons to be heard at the hearing, to schedule their respective presentations, and to establish the procedures governing the conduct of the hearing. Each presentation may be limited, based on the number of persons requesting to be heard.

An FEA official will be designated to preside at the hearing. It will not be a judicial or evidentiary type hearing: Questions may be asked only by those conducting the hearing, and there will be no cross-examination of persons presenting statements. Any decision made by the FEA with respect to the subject matter of the hearing will be based on all information available to the FEA. At the conclusion of all initial oral statements; each person who has made an oral statement will be given the opportunity, if he or she so desires, to make a rebuttal statement. The rebuttal statements will be given in the order in which the initial statements were made and will be subject to the time limitations.

Any interested person may submit questions, to be asked of any person making a statement at the hearing, to Executive Communications, FEA, before 4:30 p.m., Friday, February 28, 1975. Any person who makes an oral statement and who wishes to ask a question at the hearing may submit the question, in writing, to the presiding officer. The FEA or the presiding officer, if the question is submitted at the hearing, will determine whether the question is relevant, and whether time limitations permit it to be presented for answer.

Any further procedural rules needed for the proper conduct of the hearing will be announced by the presiding officer.

A transcript of the hearing will be made and the entire record of the hearing, including the transcript, will be retained by the FEA and made available for inspection at the Administrator's Reception Area of the FEA, Room 3400, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C., between the hours of 8 a.m. and 4:30 p.m., Monday through Friday. Anyone may buy a copy of the transcript from the reporter.

Interested persons are invited to submit data, views, or arguments with respect to the emergency amendment to Executive Communications, Federal Energy Administration, Box CD, Washington, D.C. 20461.

Comments should be identified on the outside envelope and on documents submitted to Executive Communications, FEA, with the designation "Emergency Amendment—Special Rule No. 3". Fifteen copies should be submitted. All comments received by February 28, 1975, and all relevant information will be considered by the Federal Energy Administration.

Any information or data considered by the person furnishing it to be confidential must be so identified and submitted in writing, one copy only. The FEA reserves the right to determine the

confidential status of the information or data and to treat it according to its determination.

(Emergency Petroleum Allocation Act of 1973; Pub. L. 93-159; Federal Energy Administration Act of 1974, Pub. L. 93-275; E.O. 11790, 39 FR 23185.)

In consideration of the foregoing, Part 211 of Chapter II, Title 10 of the Code of Federal Regulations, is amended as set forth below, effective immediately.

Issued in Washington, D.C., February 5, 1975.

ROBERT E. MONTGOMERY, Jr., General Counsel, Federal Energy Administration.

The Appendix to Subpart C of Part 211 is amended by revising Special Rule No. 3 to read as follows:

#### SPECIAL RULE No. 3

1. Scope. This Special Rule provides for a reduction in the entitlement purchase requirements of § 211.67(b) for specified volumes of old oil included in the adjusted crude oil receipts of small refiners for the months of November and December 1974, and January and February 1975.

2. Reduction in entitlement purchase requirements for small refiners. (a) Each small refiner, with a volume of crude oil runs to stills of less than 30,000 barrels per day in the month concerned, that would otherwise be required to purchase entitlements under § 211.67(b): (i) shall not be required to purchase any entitlements for the months of November and December 1974; (ii) shall not be required to purchase in excess of one-third (1/3) of the number of entitlements otherwise required to be purchased by that small refiner under § 211.67(b) for the month of January 1975; and (iii) shall not be required to purchase in excess of two-thirds (3/3) of the number of entitlements otherwise required to be purchased by that small refiner under § 211.67(b) for the month of February 1975.

(b) Each small refiner with a volume of crude oil runs to stills in excess of 30,000 barrels per day in the month concerned, that is required to purchase entitlements under § 211.67(b): (i) shall not be required to purchase a number of entitlements for months of November and December 1974, which is in the same portion to the total number of entitlements otherwise required to be purchased by that small refiner under § 211.67(b) in the particular month that 30,000 barrels per day is to the daily average volume of that small refiner's crude oil runs to stills for that month; (ii) shall not be required to purchase in excess of one-third (1/3) of that proportion (as calculated in (1) above) of the total number of entitlements otherwise required to be purchased under § 211.67(b) for the month of January 1975; and (iii) shall not be required to purchase in excess of two-thirds (%) of that proportion (as calculated in (i) above) of the total number of entitlements otherwise required to be purchased under \$ 211.67(b) for the menth of February 1975.

3. Filing of applications for exception. The provisions of subparagraphs (a) (1) and (b) (1) of paragraph 2 of this special rule shall remain in effect as to the entitlement purchase obligations of a small refiner for months subsequent to December 1974 upon the following conditions:

(a) The small refiner shall have filed an application for exception purusant to and in compliance with Subpart D of Part 205 on or prior to February 21, 1975. Any such application shall include the information set

forth in Schedule A to this special rule.

(b) The provisions of this paragraph 3 shall cease to be applicable to that small refiner as to entitlements issued cubsequent to the date of the issuance of the initial decision upon that small refiner's application for execution

for exception.

(c) FEA may in its discretion order that the provisions of this paragraph 3 shall cease to be applicable to any small refiner that has filed an application for exception in compliance with subparagraph (a) of this paragraph 3, if FEA determines that the small refiner has delayed to any significant extent the issuance of a decision on its application by failure to furnish to FEA within a reasonable time financial or other information requested and deemed necessary by the FEA in connection with the analysis of its application.

4. Adjustment to number of entitlements issuable to refiners and eligible firms. The total number of entitlements exempted from the purchase requirements of § 211.67(b) pursuant to paragraphs 2 and 3 of this special rule shall be deducted, on a pro-rata basis, from the number of entitlements otherwise issuable to and available for sale by each refiner and each eligible firm which has entitlements available for sale in the month concerned.

5. Provisions of Subpart C. The provisions of Subpart C of Part 211 (including, without limitation, the reporting requirements of \$211.66) shall remain in full force and effect except as expressly modified by the provisions of this special rule.

#### SCHEDULE A

INFORMATION REQUIRED TO BE SUBMITTED. IN-CONNECTION WITH EXCEPTION APPLICATIONS. PRODUCTION AND REFINING OF CRUDE OIL.

(1) Schedules of the following information on a quarterly basis for the period January 1; 1973 through December 31, 1974:

(a) Total refinery capacity;

(b) Crude oil runs (as that term is defined in 10 CFR 211.62);

(c) Volumes of crude oil receipts (as that term is dened in 10 CFR 211.62), specifying the volumes of crude oil received under the FEA Refiners' Buy/Sell List and the volume received from sources in which the applicant has a beneficial or operating interest. In addition, for each month since September 1, 1974 provide an indication of the percentage of crude oil receipts represented by old oil.

(d) The weighted average cost of the crude oil received from all sources.

(e) The nature and duration of any crude

oil processing agreements.

(f) The nature of any crude oil exchange agreements including any agreements under which crude oil is exchanged for refined petroleum products; and

(g) A description of any sales of crude oil specifying the volume sold, the name of each purchaser and the weighted average

price per barrel.

(2) A schedule for each quarter of 1975 showing the applicant's projected crude oil receipts, its anticipated sources of crude oil, the percentage of old oil which it anticipates receiving and the nature of any crude oil processing agreements the applicant expects to utilize.

PURCHASE AND SALE OF REFINED PRODUCTS

(3) A schedule showing the following data on a quarterly basis for the period January 1973 through December 1974:

(a) The types of refined petroleum prod-

ucts sold; and

(b) For each product which constitutes 10% of the total sales volume (1) the weighted average selling price per gallon and (2) the volume sold.

(4) A discussion of the reasons underlying the applicant's inability to increase the prices of the products which it sells so as to reflect the crude oil cost increases which it expects to incur as a result of the Crude Oil Entitlements Program. Such a discussion should include the following types of information:

(a) A list of the applicant's major com-

petitors:

(b) A description of the historical relationships between the prices of the applicant's refined products and those of the firms listed in (a); and

(c) A detailed description of the present competitive price posture of the applicant and the firms listed in (a) to the extent that such information is available to the applicant.

#### FINANCIAL DATA

(5) Complete financial statements and Forms 10-K (if available) for the fiscal years 1968 through the most recently completed fiscal year, and any available quarterly fi-nancial statements for the current fiscal year.

(6) A schedule specifying the firm's operating cost per barrel of crude oil processed in both 1973 and 1974, an explanation of the composition of these costs and the manner in

which these figures are derived.

- (7) A pro-forma profit and loss statement for each fiscal quarter of 1975 prepared under the assumptions that: (i) the FEA Crude Oil Entitlements Program (10 CFR 211.67) is in effect during that entire period; (ii) the national old oil supply ratio is 40 per-cent; and (iii) the price of each entitlement is \$5. These pro-forms statements should take into account the entitlement adjustment for small refiners set forth in 10 CFR 211.67(e) if applicable, and any other appropriate adjustments as required under § 211.67 shoud be made. An explanation of any other assumptions employed in the peparation of these statements should be provided.
  - (8) Copies of the following documents:
- (a) Contracts between the firm and the purchasers of its refined petroleum products which in any way restrict the firm's ability to pass through the added costs of entitle-ments to such purchasers in the form of higher prices:
- (b) Existing agreements between the firm and financial lending institutions; and
- (c) Copies of all Forms FEO-96 which the firm has filed to date.

[FR Doc.75-3644 Filed 2-7-75;8:45 am]

#### -MANDATORY PETROLEUM PRICE REGULATIONS

#### Redesignation of Section Numbers of Subpart K

On December 19, 1974, the Federal Energy Administration issued a new Subpart K, containing regulations covering the pricing of natural gas liquids and products produced from natural gas liquids, including propane, pursuant to authority granted by the Emergency Petroleum Allocation Act of 1973, to become effective on January 1, 1973. (39 FR 44407; December 24, 1974). Subsequent to the issuance of these regulations, FEA became aware that the individual sections in the new Subpart K had been numbered using a sequence which is out of phase with the numbering sequence used for previously existing subparts.

FEA has therefore determined that a corrective amendment to the regulations to redesignate the section numbers of Subpart K is warranted, and FEA is hereby redesignating each section number in Subpart K to comport with the numbering sequence previously used in Part 212. References to the section numbers of Subpart K which appear in various sections of FEA's mandatory petroleum price regulations are also being revised to reflect the redesignation of the sections of Subpart K. No other revisions of the regulations are contained in this amendment.

Since this amendment is issued solely to correct an error in section designations and is purely technical in nature, FEA finds that good cause exists to issue this corrective amendment immediately, without notice, opportunity for comment, or delay in the effective date of the

amendment.

(Emergency Petroleum Allocation Act of 1973, Pub. L. 93-159; Federal Energy Administration Act of 1974, Pub. L. 93-275; E.O. 11790, 39 FR 23185).

In consideration of the foregoing, Part 212 of Chapter II, Title 10 of the Code of Federal Regulations, is amended as set forth below, effective immediately.

Issued in Washington, D.C., February 4, 1975.

#### ROBERT E. MONTGOMERY, Jr., General Counsel, Federal Energy Administration.

1. Section 212.83 is amended in paragraph (c) (1) (iii) (C) to read as follows: § 212.83 Allocation of refiner's increased costs.

(c) Allocation of increased product costs-(1) General rule. \* \* \*

(iii) \* \* \*

(C) May apportion to propane the increased product costs attributable to propane produced from natural gas as determined pursuant to the provisions of § 212.166 of Subpart K of this part; and

#### § 212.141 [Amended]

2. Section 212.141 is amended by redesignating the section as § 212.161 and by revising paragraphs (b) (2) (ii), and (iii) to read as follows:

§ 212.161 Applicability and Relationship to other Subparts.

(b) \* \* \*

(2) \* \* \*

(ii) Calculation of increased product costs. Such refiners shall calculate the increased product costs of all natural gas liquids (except natural gas liquids which are separated from natural gas at the well head of an oil well, and purchased as crude oil) and the increased product costs attributable to natural gas liquid products pursuant to \$\$ 212.166 and 212.167 of this subpart, and shall add the amount of increased product costs so determined to the amount of increased product costs incurred in each

month of measurement and determined to be allocable to other than special products under the refiner's cost allocation formulae of § 212.83(c) (1), provided that the amount of such increased product costs allocable to propane prices is limited pursuant to the provisions of § 212.167(c) and § 212.83(c) (1) (iii).

(iii) Calculation of increased nonproduct costs. Such refiners shall calculate increased non-product costs attributable to natural gas processing pursuant to § 212.165, and shall add the amount of increased non-product costs so determined to the amount of increased non-product costs incurred in each month of measurement and determined to be allocable to prices charged for covered products pursuant to § 212.87(b), provided that the inclusion of such increased non-product costs determined pursuant to § 212.165 in prices charged by such refiners shall constitute the charging of an allowable price in excess of base price which will make such refiners subject to the profit margin limitation of \$ 212.82(d).

#### §§ 212.142—212.146 [Amended]

3. Section 212.142 is amended by redesignating the section as § 212.162.

4. Section 212.143 is amended by redesignating the section as § 212.163.

5. Section 212.144 is amended by redesignating the section as § 212.164. 6. Section 212.145 is amended by re-

designating the section as \$ 212.165. 7. Section 212.146 is amended by redesignating the section as \$ 212.166 and by revising paragraph (a) to read as follows:

#### § 212.166 Increased product costs.

(a) The first sale price of natural gas liquids or natural gas liquid products may be increased in each month as provided in § 212.167 to reflect, on a dollarfor-dollar basis, increased product costs since May, 1973 attributable to the production of such natural gas liquids or natural gas liquid products.

#### § 212.147-212.150. [Amended]

8. Section 212.147 is amended by redesignating the section as § 212.167.

9. Section 212.148 is amended by redesignating the section as \$ 212.168. 10. Section 212.149 is amended by re-

designating the section as § 212.169. 11. Section 212.150 is amended by re-

designating the section as \$ 212.170.

#### Title 12—Banks and Banking

CHAPTER I—COMPTROLLER OF THE CURRENCY, DEPARTMENT OF THE TREASURY

-STATEMENTS OF BUSINESS INTERESTS OF DIRECTORS AND PRIN-CIPAL OFFICERS OF NATIONAL BANKS

Clarification of Reporting Requirements

The Comptroller of the Currency is amending the regulation governing statements of business interests of directors and principal officers of national banks (12 CFR Part 23, 39 FR 41735, December 2, 1974). The amendment (a) eliminates collection of information relating to deposits; and (b) makes clear that extensions of credit to reporting individuals, as well as to their business enterprises, must be reported.

Under this amendment a director or principal officer no longer will be required to report deposits held by a national bank for a business enterprise in which he has an interest. Similarly, a reporting person will not file a Form CC-9030-29 for any personal or family trust nor for any charitable, social, fraternal, civic, governmental or recreational organization if the only connection of such trust or organization with the bank is a depository relationship.

This amendment also deletes certain references to a business enterprise in §§ 23.2 and 23.3, thereby focusing those sections on the definitions of transactions. These changes clarify the requirement that a director or principal officer report on a separate Form CC-9030-29 extensions of credit by the bank made to him or for his benefit, as well as extensions of credit to, or for the benefit of, his business enterprises. Transactions between a reporting individual and the bank other than those which involve extensions of credit need not be reported.

Since this amendment merely clarifles ambiguous provisions and relaxes certain reporting requirements, it is hereby determined that further proposed rulemaking and public participation procedures are not in the public interest. Accordingly, this amendment will become effective March 1, 1975, as part of the original regulation.

Part 23 of 12 CFR is amended as follows:

1. In § 23.2, paragraphs (b), (e) (2), and (h) (2) are revised to read as follows:

#### § 23.2 Definitions.

For purposes of this part:

(b) 'The term "business enterprise" means a corporation, association, business trust, partnership, joint venture, pool, syndicate, sole proprietorship or any other form of business not specifically listed herein, whether or not such enterprise has engaged in transactions with the designated bank. The term "business enterprise" also includes any personal or family trust and any charitable, social, fraternal, civic, governmental or recreational association, trust, club, agency or other organization if, and only if, such enterprise has engaged in any transaction with the designated bank, other than making a deposit or soliciting or receiving contributions, during the last year. The term 'business enterprise" excludes: (1) The designated bank; (2) a corporation, partnership, or joint venture which is 50 percent or more owned by the designated bank; joint venture which is 50 percent or more owned by the designated bank; and (3) a holding company whose control of the has amended its Rules Regarding Avail-

designated bank is registered with or approved by the Board of Governors of the Federal Reserve System, pursuant to sections 3 or 5 of the Bank Holding Company Act, (12 U.S.C. 1842, or 1844), or any of such holding company's sub-sidiaries the control of which has been registered with or approved by the Board of Governors of the Federal Reserve System pursuant to section 3, 4, or 5 of the Bank Holding Company Act, (12 U.S.C. 1842, 1843 or 1844).

(e) The term "excluded transaction"

(2) An extension of credit or agreement which is of such insignificance both to the designated bank and to the business enterprise involved that the senior management of both should not be expected in the normal course of business to be aware of the transaction.

(h) The term "material change" means:

(2) The creation, or termination, or significant change in the terms or conditions of any extension of credit or agree-

## 2. § 23.3 is revised to read as follows:

#### § 23.3 Filing of statement.

Every director or principal officer of a national bank is required to maintain on file with the bank as prescribed in this regulation one or more Forms CC-9030-29. The director or principal officer shall complete and file Forms CC-9030-29 with the designated bank within 30 days after becoming a director or principal officer, or by March 1, 1975, whichever is later. Thereafter, the reporting person shall complete and file with the designated bank a new Form CC-9030-29 within 30 days after the occurrence of any material change. The reporting person shall include on the Forms, in accordance with applicable instructions, the required information concerning any business enterprise in which he, his spouse, or his minor children have an interest and any extension of credit or agreement which is not an excluded transaction. If the reporting person has no interest in any business enterprise, he shall complete and file a Form CC-9030-29 so stating.

Effective date: This amendment becomes effective on March 1, 1975.

Dated: February 4, 1975.

JAMES E. SMITH, Comptroller of the Currency. [FR Doc.75-3633 Filed 2-7-75;8:45 am]

Title 13—Business Credit and Assistance CHAPTER IV-EMERGENCY LOAN GUARANTEE BOARD

# PART 402—RULES REGARDING AVAILABILITY OF INFORMATION

The Emergency Loan Guarantee Board

ability of Information, effective immediately, in order to comply with recent amendments to section 552 of Title 5, United States Code, known as the Freedom of Information Act, by prescribing time limits for responses to requests, extensions thereof, and defining the unusual circumstances which permit such extensions.

1. Effective immediately the Emergency Loan Guarantee Board's Rules Regarding Availability of Information are amended in the following respects:

§ 402.2 is amended by adding the following definition:

#### § 402.2 [Amended]

"Unusual Circumstances." For purposes of this Part "unusual circumstances" means, but only to the extent reasonably necessary to the proper processing of the particular request-

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the Board's office processing the request:

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request;

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the Board having substantial subject-matter interest therein.

§ 402.4(c) is deleted in its entirety and the following is substituted:

#### § 402.4 [Amended]

.

(c) Actions on requests. The Secretary of the Board shall within 10 days (excepting Saturdays, Sundays and legal public holidays) determine whether to comply with such request for records and shall immediately notify in writing the person making such request of such determination and the reasons therefor and the right of such person to appeal that determination, as provided in § 402.6. In unusual circumstances the time limit for the Secretary's determination may be extended by written notice to the person making such request setting forth the reasons for such extension and the date on which the determination is expected to be dispatched. No such notice shall specify a date that will result in an extension of more than 10 days; provided however, that the total days of extension under this section and § 402.6(b) shall not exceed, in the aggregate, 10 days. § 402.6(b) is deleted in its entirety and

the following is substituted: § 402.6(b) [Amended]

. . (b) The Executive Director of the Board shall make a determination with respect to any appeal within 20 days after the receipt of such appeal. In unusual circumstances, action on such appeal may be deferred by written notice to the person making such appeal setting

forth the reasons for the extension and the date on which the determination is expected to be dispatched. No such notice shall specify a date that will result in an extension for more than ten days; provided however, that the total days of extension under this section and \$ 402.4(c) shall not exceed, in the aggregate, 10 days. The granting or the denial of a request upon appeal shall constitute final Board action. If the appeal is denied in whole or in part, the Executive Director shall notify in writing the person making such request of the provisions for judicial review of that determination under section 552(a) (4) of Title 5, United States Code.

2. The provisions of section 553 of Title 5. United States Code, relating to notice and public participation and to deferred effective dates, are not followed in connection with the adoption of this action because the rules involved are procedural in nature and accordingly do not constitute substantive rules subject to the requirements of such section.

Dated: January 31, 1975.

ALAN N. VINICK,
Secretary,
Emergency Loan Guarantee Board.
[FR Doc.75-3682 Filed 2-7-75;8:45 am]

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMIN-ISTRATION, DEPARTMENT OF TRANS-PORTATION

[Docket No. 75 NE-6; Amdt. 39-2088]

# PART 39—AIRWORTHINESS DIRECTIVE Pratt & Whitney JT8D Aircraft Engines

Amendment 39-1835 (39 FR 16388), AD 74-10-12, requires operators of certain JT8D engines, exposed to a possible intermix of different type material second, third, and fourth stage turbine nozzle guide vanes, to determine if there is sufficient axial clearance between the turbine stators and their respective turbine rotors. If the clearance is below the minimum limit, the engine must be removed within the next 25 hours time in service and unapproved vanes removed. If the clearance is above the minimum, the engine shall be inspected prior to the accumulation of 6000 hours time in service after the effective date of the AD and any unapproved vanes removed.

It has come to our attention that certain serial number engines that have been listed were not exposed to the vane intermix, while others not listed were exposed. Therefore, the AD is being amended to delete and add engine serial

numbers.
Since a situation exists that requires immediate adoption of this airworthiness directive, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to be by the Administrator (31 FR 13697).

§ 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39-1835 (39 FR 16388), AD 74-10-12, is amended by changing the applicability paragraph by:

A. Deleting the following serial numbers from Group I, JT8D-9 and -9A engines affected: 665152, 665170, 665219, 665245, 665289, 665324, 665334, 665347, 665371, 665372, 665390, 665404, 665413, 665424, 665430, 665435, 665447, 665472, 665480, 665491, 665494, 665530, 665537, 665550, 665558, 665559, 665561, 665629, 665634, 665658, 665660, 665669, 665703, 665704, 674299, 674318, 674329, 674341, 674373, 674375, 674381, 674390, 674409, 674431, 674488,

B. Adding the following serial numbers to Group I, JT8D-9 and -9A engines affected: 665323, 665377, 674344.

C. Deleting the following serial numbers from Group II, JT8D-7 and -7A engines affected: 649494, 649528, 653660, 653748, 654153, 654605, 654608, 654666, 654724, 654757, 654793, 654842, 654865, 654895, 654915, 654976, 654987, 654997, 655048, 655060, 655073.

D. Adding the following serial numbers to Group II, JT8D-7 and -7A engines affected: 653683, 654898, 654925.

This amendment becomes effective February 20, 1975.

This amendment is made under the authority of Section 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Burlington, Massachusetts, on January 31, 1975.

WILLIAM E. CROSBY,
Acting Director, New England Region.
[FR Doc.75-3684 Filed 2-7-75;8:45 am]

[Docket No. 75-NE-3; Amdt. 39-2082]

#### PART 39—AIRWORTHINESS DIRECTIVES Sikorsky S-55 and S-62A Helicopters Certificated in All Categories, Including Military Types

A crack has been found in a lug of a main rotor spindle of an aircraft that is the military counterpart of the Sikorsky S-62 helicopter. Since this condition is likely to exist or develop in other helicopters of the same design, an Airworthiness Directive is being issued to require inspections of the main rotor spindle lug areas and replacement, if necessary, of the spindles.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 FR 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new Airworthiness Directive:

SIKORSKY AIRCRAFT. Applies to S-55, S-55B, S-55C and S-62A Helicopters certificated in all categories, including military type HRS-1, HRS-3, CH-19, H-19B, H-19C, H-19A, R-19D, H04S\$3G, UH-19D, H19D5, UH-19B, UH-19D helicopters, equipped with P/N S10-10-3325-1 and S10-10-3325-2 main rotor spindles.

(a) Within the next 10 hours' time in service after the effective date of this AD, unless already accomplished within the preceding 50 hours' time in service, conduct a dye penetrant inspection of the exposed areas of the lugs of the main rotor spindles.

(b) If a crack is found during the above inspection, replace the cracked spindle with a spindle that has been inspected in accordance with paragraph (a) above and found to be free of cracks, prior to flight.

(c) Report in writing any cracks found during the inspection of paragraph (a) to: Chief, Engineering and Manufacturing Branch, Federal Aviation Administration, New England Region, 12 New England Executive Park, Burlington, Massachusetts 01803. Each report must include the length and location of the cracks and the total time in service of the spindle.

Sikorsky message SST62A6C74.3 covers this inspection.

This amendment becomes effective February 19, 1975.

This amendment is made under the authority of Sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Burlington, Massachusetts, on January 28, 1975.

WILLIAM B. CROSBY,
Acting Director,
New England Region.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

#### **Designation of Transition Area**

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to designate a 700-foot transition area at La Pryor, Tex.

On December 20, 1974, a notice of proposed rulemaking was published in the Federal Register (39 FR 44036) stating the Federal Aviation Administration proposed to designate the La Pryor, Tex., transition area.

Interested persons were afforded an opportunity to participate in the rule-making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., June 19, 1975, as hereinafter set forth.

In § 71.181 (40 FR 441), the following transition area is added:

#### LA PRYOR, TEX.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of La Paloma Ranch Airport (latitude 28°53'30" N., longitude 99°51'09" W.) and within 3.5 miles each side of the 353° bearing from the La Pryor, Tex., NDB (latitude 28°55'47" N., longitude 99°51'16" W.) extending from the 5-mile radius area to 11.5 miles northwest of the La Pryor.

(Sec. 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1348); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Forth Worth, Tex., on January 31, 1975.

#### **Alteration of Transition Area**

On July 12, 1974, a Notice of Proposed Rule Making was published in the FED-ERAL REGISTER (39 FR 25668), stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Knoxville, Tenn., transition area.

Interested persons were afforded an opportunity to participate in the rule making through the submission of comments. All comments received were fav-

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901, April 24, 1975, as hereinafter set forth.

In § 71.181 (40 FR 441), the Knoxville, Tenn., transition area is amended as follows:

"\* \* \* excluding the portion within Morristown, Tenn., transition area \* \* \*" is deleted and "\* \* \* within a 6.5-mile radius of Monroe County Airport, Madisonville, Tenn. (latitude 35°42'45" N., longitude 84°22'47" W.); excluding the portion within the Athens and Morristown, Tenn., transition areas \* is substituted therefor.

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and of sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in East Point, Ga., on January 30, 1975.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING

PART 73-SPECIAL USE AIRSPACE

Temporary Alteration of Federal Airway and Designation of Temporary Restricted

On November 20, 1974, a Notice of Proposed Rule Making (NPRM) was published in the FEDERAL REGISTER (39 FR 40784) stating that the Federal Aviation Administration (FAA) was considering amendments to Parts 71 and 73 of the Federal Aviation Regulations that would designate temporary restricted areas in the vicinity of Onslow Beach, Camp LeJeune, N.C., to contain a mili-tary joint training exercise, AGATE PUNCH, scheduled from 0800 G.m.t., April 14, 1975, to 2300 G.m.t., April 26, 1975. Two of the restricted areas would contain airspace at or above 14,500 feet MSL, and they would therefore be included in the continental control area for the duration of their time of designation. During the period of the exercise, a portion of VOR Federal Airway, V-139, would also be reduced in width to three

On January 8, 1975, a Supplemental Notice of Proposed Rule Making was published in the FEDERAL REGISTER (40 FR 1518) that would alter the original Notice by changing the time of designation proposed for Restricted Areas R-5315 A, B, C and D and by proposing that an additional Restricted Area, R-5315E, be designated for use during AGATE PUNCH.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. Only one comment was received and it was favorable.

In consideration of the foregoing, Parts 71 and 73 of the Federal Aviation Regulations are amended, effective 0901 G.m.t., March 27, 1975, as hereinafter set forth.

#### § 71.123 [Amended]

1, § 71.123 (40 FR 367) is amended as follows:

In V-139 " \* \* \* From Wilmington, N.C., New Bern, N.C.; \* \* \* " is deleted and " \* \* From Wilmington, N.C., 7 miles wide from 13 miles NE of Wilmington to 44 mies NE of Wilmington (4 miles W and 3 miles E) New Bern, N.C.; \* \* \*" is substituted therefor for the duration of Exercise AGATE PUNCH from 0800 G.m.t., April 15, to 2309 G.m.t., April 27, 1975.

#### § 71.151 [Amended]

2. In § 71.151 (40 FR 343) the following temporary restricted areas are included for the duration of their time of designation from 0800 G.m.t., April 15, to 2300 G.m.t., April 27, 1975.

a. R-5315A Exercise Agate Punch. b. R-5315C Exercise Agate Punch.

§ 73.53 [Amended]

3. In § 73.53 (46 FR 687) the following temporary restricted areas are added:

a. R-5315A Exercise Agate Punch. Boundaries. Beginning at Lat. 34°17'45''N., Long. 77°37'50''W.; thence via the 13 nautical mile are of Wilmington, N.C. VORTAC (Lat. 34'21'05''N., Long. 77'52'29'' W.); to Lat. 34'28'00''N., Long. 77'39'00''W.; to Lat. 34'50'30''N., Long. 77'13''00''W.; to Lat. 34'49'30''N., Long. 77'10''00''W.; thence could be a second of the coul south along the westerly and southerly boundaries of R-5396C, E and D and W-122 to point of beginning.

Designated altitudes. 1,000 feet AGL to FL

Time of designation. Continuous, 0800 G.m.t., April 15 to 2300 GMT, April 27, 1975. Controlling agency. Federal Aviation Administration, Washington ARTC Center.
Using agency. COMSECONDFLT, Norfolk,

b. R-5315B Exercise Agate Punch. Boundaries. Beginning at Lat. 34°56′00′′ N., Long. 77°01′00′′W.; to Lat. 34°43′15′′N., Long. 76°47'30''W.; to Lat. 34°42'00''N., Long. 76°54'45''W.; to Lat. 34°51'00''N., Long. 77°05'30''W.; to Lat. 34°49'30''N., Long. 77°-10'00"W.; to Lat. 34°52'30"N., Long. 77°04'-30"W.; to point of beginning.

Designated altitudes. 1,000 feet AGL to

3,000 feet MSL.

Time of designation. Centinuous, 0800 G.m.t., April 15 to 2300 GMT, April 27, 1975. Controlling agency. Federal Aviation Administration, Washington ARTC Center.

Using agency. COMSECONDFT, Norfolk,

c. R-5315C Exercise Agate Punch.

Boundaries. Beginning at Lat. 34°43′15″ N., Long. 76°41′30″ W.; to Lat. 34°38′15″ N., Long. 76°41′30″ W.; to Lat. 34°37′30″ N., Long. 76°56′20″ W.; thence north and east along the easterly and southerly boundaries of R-5306C and B to point of beginning.

Designated altitudes. 1,000 feet AGL to FL

Time of designation. Continuous, 0800 GMT, April 15 to 2300 GMT, April 27, 1975. Controlling agency. Federal Aviation Administration, Washington ARTC Center.

Using agency. COMSECONDFLT, Norfolk,

d. R-5315D Exercise Agate Punch Boundaries. A circular area with a 3-nautical mile radius centered on OLF Camp Davis (Lat. 34°31′00′′ N., Long. 77°32′30′′ W.) Designated attitudes. Surface to 1,000 feet AGL.

Time of de signation. Continuous. GMT, April 15 to 2300 GMT, April 27, 1975. Controlling agency. Federal Aviation Administration, Washington ARTC Center.
Using agency. COMSECONDFLT, Norfolk,

Va.

e. R-5315E Exercise Agate Punch.

Boundaries. A circular area with nautical mile radius centered at Lat. 34°33′-25″ N., Long. 77°20′30″ W., excluding that airspace within existing R-5306D.

Desingated altitudes. Surface to 1,000 feet

Title 29-Labor CHAPTER I—NATIONAL LABOR RELATIONS BOARD

> PART 102-RULES AND REGULATIONS, SERIES 8

Miscellaneous Amendments.

By virtue of the authority vested in it by the National Labor Relations Act, approved July 5, 1935, the National Labor Relations Board hereby issues the following further amendments to its Rules and Regulations, Series 8, as amended, which it finds necessary to carry out the provisions of said Act.

1. Section 102.16 is revised to read as follows:

149 Stat. 449; (29 U.S.C. 151-166), as amended by act of June 23, 1947 (61 Stat. 136; (29 U.S.C. 151-167)), act of October 22, 1951 (65 Stat. 601; (29 U.S.C. 158, 159, 168)), and act of September 14, 1959 (73 Stat. 519; (29 U.S.C. 141-168).

Upon his own motion or upon proper cause shown by any other party, the regional director issuing the complaint may extend the date of such hearing or may change the place at which it is to be held.

2. Section 102.68 is revised to read as follows.

§ 102.68 Record: what constitutes; transmission to Board.

The record in the proceeding shall consist of: the petition, notice of hearing with affidavit of service thereof, motions, rulings, orders, the stenographic report of the hearing and of any oral argument before the regional director, stipulations, exhibits, documentary evidence, affidavits of service, depositions, and any briefs or other legal memoranda submitted by the parties to the regional director or to the Board, and the decision of the regional director, if any. Immediately upon issuance by the regional director of an order transferring the case to the Board, or upon issuance of an order granting a request for review by the Board, the regional director shall transmit the record to the Board.

3. Section 102.69(g) is revised to read as follows:

§ 102.69 Election procedure; tally of ballots; objections; certification by regional director; report on challenged ballots; report on objections; exceptions; action of the Board; hearing.

(g) The notice of hearing, motions, rulings, orders, stenographic report of the hearing, stipulations, exceptions, documentary evidence, together with the objections to the conduct of the election or conduct affecting the results of the election, any report on such objections, any report on challenged ballots, exceptions to any such report, any briefs or other legal memoranda submitted by the parties, the decision of the regional director, if any, and the record previously made as described in § 102.68, shall constitute the record in the case. Materials other than those set out above shall not be a part of the record; except that in a proceeding in which no hearing is held, a party filing exceptions to a regional director's report on objections or challenges, a request for review of a regional director's decision on objections or challenges, or any opposition thereto, may append to its submission to the Board copies of documents it has timely submitted to the regional director and which were not included in the report or decision. Immediately upon issuance of a report on objections or challenges, or both, upon issuance by the regional director of an order transferring the case to the Board, or upon issuance of an order granting a request for review by the Board, the regional director shall transmit the record to the Board.

4. Section 102.71(a) is revised to read as follows:

§ 102.16 Hearing; change of date or § 102.71 Dismissal of petition; refusal place. for review by Board of action of the regional director.

> (a) If, after a petition has been filed and at any time prior to the close of hearing, it shall appear to the regional director that no further proceedings are warranted, the regional director may dismiss the petition by administrative ac-tion and shall so advise the petitioner in writing, setting forth a simple statement of the procedural or other grounds for the dismissal, with copies to the other parties to the proceeding. Any party may obtain a review of such action by filing a request therefor with the Board in Washington, D.C., in accordance with the provisions of subsection (c) of this section. A request for review from an action of a regional director pursuant to this subsection may be granted only upon one or more of the following grounds:

(1) That a substantial question of law or policy is raised because of (i) the absence of, or (ii) a departure from, officially reported Board precedent.

(2) There are compelling reasons for reconsideration of an important Board rule or policy.

(3) The request for review is accompanied by documentary evidence previously submitted to the regional director raising serious doubts as to the regional director's factual findings, thus indicating that there are factual issues which can best be resolved upon the basis of a record developed at a hearing.

(4) The regional director's action is, on its face, arbitrary or capricious.

(5) The petition raises issues which can best be resolved upon the basis of a record developed at a hearing.

These amendments shall become effective on February 10, 1975.

Dated: Washington, D.C. February 5,

By direction of the Board.

ROBERT VOLGER, Acting Executive Secretary. [FR Doc.75-3637 Fued 2-7-75;8:45 am]

Title 32—National Defense

CHAPTER XVIII—DEFENSE CIVIL PREPAREDNESS AGENCY

1811—NONDISCRIMINATION FEDERALLY ASSISTED PROGRAMS OF THE DEFENSE CIVIL PREPAREDNESS AGENCY

**Definitions** 

In § 1811.2 of 32 CFR Part 1811, as published in the FEDERAL REGISTER of January 20, 1975 (40 FR 3212) paragraph (a) designated the title of DCPA manual number CPG 1-9. This manual provides detailed information to States and their political subdivisions regarding nondiscrimination in Federally assisted programs of the Defense Civil Preparedness Agency. The title is being changed so as to be more descriptive of the scope of the manual. Therefore, in 32 CFR Part 1811,

paragraph (a) is revised. § 1811.2 is revised to read as follows:

#### § 1811.2 Definitions.

(a) "CPG 1-9" means DCPA publication number CPG 1-9 entitled "nondiscrimination in federally assisted programs of the defense civil preparedness agency."

(32 CFR 300.14, 29 FR 19294, Dec. 31, 1964.)
Dated this 31st day of January 1975.

JOHN E. DAVIS,
Director,
Defense Civil Preparedness Agency.

Title 33—Navigation and Navigable Waters
CHAPTER I—COAST GUARD,
DEPARTMENT OF TRANSPORTATION

[CGD 3-75-2-R]

PART 127-SECURITY ZONE

Establishment of Security Zone, Marcus Hook, Pa.

Captain Dudley C. Goodwin, United States Coast Guard, Captain of the Port, Philadelphia, Pennsylvania, issued the following order establishing a Security Zone around the M. T. Corinthos at the BP Dock at Marcus Hook, Pa., effective February 3, 1975.

This amendment to the Coast Guard's security zone regulation establishes the remains of the M/T Corinthos at the BP Dock as a Security Zone. This Security Zone is established to protect evidence required by a Coast Guard Board of Inquiry into the circumstances surrounding an explosion on the Corinthos.

This amendment is issued without publication of a notice of proposed rulemaking and this amendment is effective in less than 30 days from the date of publication because good cause exists and public procedures on this amendment are impracticable because immediate action is necessary to protect the evidence.

In consideration of the foregoing, Part 127 of Title 33 of the Code of Federal Regulations is amended by adding \$ 127.317 to read as follows:

# § 127.317 Marcus Hook, Pa.—Delaware River.

The area within the following boundary is a security zone:

The M/T Corinthos and the area within the floating boom surrounding the vessel.

(46 Stat. 220, as amended, 6(B), 80 Stat. 937; (40 U.S.C. 191), (49 U.S.C. 1655(B)); E.O. 10173, E.O. 10277, E.O. 10352, E.O. 11249; 3 CFR, 1949-1953 Comp. 356, 778, 873, 3 CFR, 1964, 1965 Comp. 349, 33 CFR Part 6, 49 CFR 1.46(B)).

Effective date: This amendment becomes effective on February 3, 1975.

Dated: February 4, 1975.

R. I. PRICE, Rear Admiral, U.S. Coast Guard, Chief, Office of Marine Environment and Systems.

Title 36—Parks, Forests, and Public Property

# CHAPTER VI—AMERICAN REVOLUTION BICENTENNIAL ADMINISTRATION

# PART 602—EMPLOYEE RESPONSIBILITIES AND CONDUCT

The following are adopted as the American Revolution Bicentennial Administration (ARBA) regulations regarding employee responsibilities and conduct. The regulations were approved by the Civil Service Commission on January 29, 1975, and are effective February 10, 1975.

602.101 Adoption of regulations.

602.101 Review of statements of employment and financial interests.
602.103 Disciplinary and other remedial ac-

tion.
602.104 Gifts, entertainment, and favors.
602.105 Outside employment and other ac-

tivity. 602.106 Financial interest.

602.107 Miscellaneous statutory provisions.
602.108 Special provisions of Administration
regulations governing special
Government employees.

602.109 Statements of employment and financial interests

602.110 Supplementary statements. 602.111 Use of Government property.

602.112 Misuse of information. 602.113 General conduct prejudicial to the

Government.
602.114 Interpretation and advisory serv-

AUTHORITY: E.O. 11222; 3 CFR 1964-1965 Comp., p. 306; 5 CFR 735.104.

#### § 602.101 Adoption of regulations.

Pursuant to 5 CFR 735.104(f), the American Revolution Bicentennial Administration (referred to hereinafter as the Administration) hereby adopts the following sections of Part 735 of Title 5, Code of Federal Regulations: §§ 735.101-102; 735.201a; 735.202 (a), (d), (e), (f) 735.305(a); 735.406; 735.403(a); 735.404-411; and 735.412 (b) and (d). These adopted sections are modified and supplemented as set forth in this part.

## § 602.102 Review of statements of employment and financial interests.

Each statement of employment and financial interests submitted under this part shall be reviewed by the General Counsel. When this review indicates a conflict between the interests of an employee or special Government employee of the Administration and the performance of his services for the Government, the General Counsel shall have the indicated conflict brought to the attention of the employee or special Government employee, grant the employee or special Government employee an opportunity to explain the indicated conflict, and attempt to resolve the indicated conflict. If the indicated conflict cannot be resolved, the General Counsel shall forward a written report on the indicated conflict to the Administrator, American Revolution Bicentennial Administration.

## § 602.103 Disciplinary and other remedial action.

(a) An employee or special Government employee of the Administration who violates any of the regulations in

this part or adopted under § 602.101 may be disciplined. The disciplinary action may be in addition to any penalty prescribed by law for the violation. In addition to or in lieu of disciplinary action, remedial action to end conflicts or appearance of conflicts of interest may include but is not limited to:

Changes in assigned duties;
 Divestment by the employee or special Government employee of his con-

flicting interest; or

(3) Disqualification for a particular assignment.

§ 602.104 Gifts, entertainment, and favors.

The Administration authorizes the exception to 5 CFR 735.202(a) set forth in 5 CFR 735.202(b) (1)-(4).

# § 602.105 Outside employment and other activity.

(a) An employee of the Administration may engage in outside employment or other outside activity not incompatible with the full and proper discharge of the duties and responsibilities of his Government employment. An employee who engages in outside employment shall report that fact in writing in advance to the Administrator.

(b) Employees of the Administration may engage in teaching, writing, and lecturing provided, however, employees shall not receive compensation or anything of monetary value for any consultation, discussion, writing, lecturing or appearance, the subject matter of which is devoted substantially to the specific responsibilities, programs, or operations of the Administration or which draws substantially on official data or ideas which have not been published or otherwise publically released by the Administration. The foregoing limitaion on the receipt of compensation or anything of monetary value shall not be construed as applying to amounts received for reimbursement for travel and other expenses incurred in performing the outside employment.

#### § 602.106 Financial interest.

(a) An employee shall not:

(1) Have a direct or indirect financial interest that conflicts, or appears to conflict with his Government duties and responsibilities; or

(2) Engage in, directly or indirectly, a financial transaction as a result of, or primarily relying on, information obtained through his Government employment.

(b) This section does not preclude an employee from having a financial interest or engaging in financial transactions to the same extent as a private citizen not employed by the Government so long as it is not prohibited by law, the Executive Order, this section, or the Administration regulations.

## § 602.107 Miscellaneous statutory pro-

The Administration authorizes the adoption of the regulations regarding miscellaneous statutory provisions as set forth in 5 CFR 735.210.

§ 602.108 Specific provisions of Administration regulations governing special Government employees.

(a) Special Government employees of the Administration shall adhere to the standards of conduct applicable to employees as set forth in this part and adopted under § 602.101 (except 5 CFR 735.203(b)).

(b) Special Government employees of the Administration may teach, lecture, or write in a manner not inconsistent with

5 CFR 735.203(c).

(c) Pursuant to 5 CFR 735.305(b), the Administration authorizes the same exceptions concerning gifts, entertainment, and favors for special Government employees as are authorized for employees by § 602.104.

# § 602.109 Statements of employment and financial interests.

(a) Employees in the following named positions shall submit statements of employment and financial interests:

(1) Deputy Administrator and Assist-

ant Administrators

- (2) Division Directors (GS-13 and above)
- (b) Each statement of employment and financial interests required by this section shall be submitted to the Administrator, American Revolution Bicentennial Administration, Washington, D.C. 20276.
- (c) An employee who believes that his position has been improperly included in this section as one requiring the submission of a statement of employment and financial interests may obtain a review of his complaint under the Administration's grievance procedure.

#### § 602.110 Supplementary statements.

Notwithstanding the filing of the annual supplementary statement of employment and financial interests on June 30 as required by 5 CFR 735.406, each employee shall at all times avoid acquiring a financial interest that could result, or taking an action that would result, in a violation of the conflicts-of-interest provisions of section 208 of title 18, United States Code, or the regulations in this part or adopted under § 602.101.

#### § 602.111 Use of Government property.

An employee shall not directly or indirectly use, or allow the use of, Government property of any kind, including property leased to the Government, for other than officially approved activities. An employee has a positive duty to protect and conserve Government property, including equipment, supplies, and other property entrusted or issued to him.

#### § 602.112 Misuse of information.

For the purpose of furthering a private interest, an employee shall not, directly or indirectly use, or allow the use of, official information obtained through or in connection with his Government employment which has not been made available to the general public.

§ 602.113 General conduct prejudicial to the Government.

An employee shall not engage in criminal, infamous, dishonest, immoral or notoriously disgraceful conduct, or other conduct prejudicial to the Government.

§ 602.114 Interpretation and advisory services.

In accordance with 5 CFR 735.105, the General Counsel, American Revolution Bicentennial Administration, is designated as counselor to provide counseling and interpretations on questions of conflicts of interest and other matters covered by the regulations, and to serve as the Administration's designee to the Civil Service Commission for such purposes. Each Assistant Administrator is designated as deputy counselor for Administration employees within his jurisdiction. An employee who wishes advice or guidance on questions of conflicts of interest and on other matters covered by the regulations should consult his appropriate deputy counselor for assistance, or may refer his request for guidance directly to the Administration's counselor.

Note: This Part was approved by the Civil Service Commission on January 29, 1975 and is effective February 10, 1975.

JOHN W. WARNER,
Administrator.

FEBRUARY 3, 1975.

Title 39—Postal Service

# CHAPTER I—U.S. POSTAL SERVICE PART 111—GENERAL INFORMATION ON POSTAL SERVICE

#### **Nonmailable Matter**

The purpose of this document is to amend the headings of Parts 123 and 124 contained in § 111.5, which lists the entire contents of Chapter I of the Postal Service Manual, in conformity with the complete revision of Parts 123 and 124 of the Postal Service Manual, described elsewhere in today's issue of the Federal Register.

Accordingly, effective immediately, in 39 CFR 111.5 paragraphs (b) (3) and (b) (4) are revised to read as follows: § 111.5 Contents of Chapter I of Postal

Service Manual.

(b) Subchapter 120—Preparation for mailing.

(3) Part 123-Nonmailable matter-writ-

ten, printed and graphic matter.

(4) Part 124—Nonmailable matter—articles and substances; special mailing rules.

((5 U.S.C. 552(a)), (39 U.S.C. 401, 404, 407, 408, 3001-3011, 3201-18, 3403-05, 3621), and (50 U.S.C. 1463-64)).

ROGER P. CRAIC, Deputy General Counsel.

[FR Doc. 75-3650 Filed 2-7-75; 8:45 am]

# PART 111—GENERAL INFORMATION ON POSTAL SERVICE

#### Postal Service Manual; Miscellaneous Amendments

Chapter I of the Postal Service Manual, which has been incorporated by reference in the FEDERAL REGISTER (see 39 CFR-111.1), has been amended by the issuance of Post Office Services (Domestic) Transmittal Letter 34, Issue 97, dated February 7, 1975.

In accordance with 39 CFR 111.3 notice of these changes is hereby published in the FEDERAL REGISTER as an amendment to that section and the text of the changes is filed with the Director, Office of the Federal Register. Subscribers to the Manual will receive these amendments automatically from the Government Printing Office. (For other availability of Chapter I of the Postal Service Manual, see 39 CFR 111.2).

Description of these amendments to Chapter I of the Postal Service Manual

follows:

#### PART 112-DOMESTIC MAIL SERVICE

1. Part 112 is amended to delete Swan Islands from the list of territories and possessions of the United States. These islands are under the jurisdiction of Honduras.

PART 123-NONMAILABLE MATTER-WRIT-TEN, PRINTED AND GRAPHIC MATTER

PART 124—NONMAILABLE MATTER—ARTICLES AND SUBSTANCES; SPECIAL MAILING RULES

2. On June 5, 1974, there was published n the Federal Register (39 FR 19958) a notice of proposed rulemaking to revise completely parts 123 and 124 of title 39, Code of Federal Regulations. The period for receiving comments, originally ending on June 20, 1974, was extended to August 15, 1974, at the request of parties preparing comments (39 FR 24244), and the proposed September 1, 1974, effective date was cancelled when it became clear that the regulations would not be ready for publication by that time (39 FR 32036). Parts 123 and 124 are closely interrelated regulations that are concerned with matter the mailability of which is conditioned or prohibited by law. The regulations have been revised in an effort to treat differently "written, printed and graphic" materials (Part 123), which potentially involve First Amendment considerations, from "articles and substances" (Part 124). All comments submitted with respect to the proposed revised regulations were given due consideration.

As a result of comments received, the following changes are made:

a. In § 124.151 (proposed § 124.1(e) (1)) a new sentence is added at the end providing that hazardous materials subject to 49 CFR must be marked with the shipping name as set forth in 49 CFR 172.5.

b. In § 124.153 (proposed § 124.1(e) (3)) a new sentence is added at the end providing that any package transported by

aircraft must bear the appropriate Department of Transportation hazardous materials label.

c. In § 124.242a (proposed § 124.2(d) (2)) the second sentence is amended to provide that overseas and air mail are restricted to items with a flash point at or above 100° F, instead of only above 100° F.

d. In § 124.25 (proposed § 124.2(e)) the next to the last sentence is amended to more accurately refer to packaging requirements of title 49 CFR.

e. In § 124.282 (proposed § 124.2(h) (l)) a reference to 42 CFR 72.25 is added.

f. In § 124.544a (proposed § 124.5(d) (4) (i)) the proposed requirement that would have limited the use of regular mail to prescription medicines containing controlled substances listed in Schedule II in amounts not exceeding a 34-day supply or 100 dosage units, whichever is less, has been changed to permit the use of regular mail for amounts not exceeding 100 dosage units.

g. In § 124.544b (proposed § 124.5(d) (4) (ii)) the proposed requirement that would have limited the use of regular mail to prescription medicines containing controlled substances listed in Schedules III, IV and V in amounts not exceeding a 100 day supply or 200 dosage units, whichever is less, has been changed to permit the use of regular mail for up to 300 dosage units.

Certain minor printing errors were also corrected and other minor editorial corrections and revisions were made

where necessary.

In addition, new § 123.424 is added, consistent with Pub. L. 93-583, enacted January 2, 1975, exempting from the anti-lottery provisions an advertisement, list of prizes or information concerning a lottery conducted by a State contained in a newspaper published in that State. or the mailing to addresses within a State of tickets or other materials concerning a lottery conducted by that State.

As so modified and revised, parts 123 and 124 are hereby adopted.

#### PART 134-THIRD CLASS

3. Section 134.44c is amended to allow the permit indicia to be carried on the detached address card when merchandise samples are mailed using the detached address card procedure.

#### PART 144-POSTAGE METERS AND METER STAMPS

4. Section 144.13d is amended to update a meter manufacturer's mailing address.

5. Section 144.223 is amended to establish a corresponding requirement to \$ 144.962 which requires meter manufacturers to perform semi-annual inspections. Some meter users have refused meter manufacturers access to their meters, thereby weakening the effectiveness of such checks in detecting improper use of meters and faulty meters.

6. Section 144.351b is amended to simplify procedures for issuance of a receipt for postage printed in excess of the amount set in a postage meter.

#### PART 154-CONDITIONS OF DELIVERY

7. Section 154.143 is amended to provide for the immediate return to the sender of Treasury checks undeliverable because the addressee has moved and failed to file a change of address.

#### PART 156-RURAL SERVICE

8. Section 156.21 and 156.22 are amended to provide rural route extensions from an average of at least one family being served per 0.67 mile of additional travel, including retrace, to an average of one family being served per one mile of additional travel, including retrace.

#### PART 159—UNDELIVERABLE MAIL

9. Section 159.311 is amended to provide for the immediate return to the sender of Treasury checks undeliverable because the addressee has moved and failed to file a change of address.

10. Section 159.852 is amended to raise the minimum size of sale lots because of increased costs of auction sales.

#### PART 161-REGISTERED MAIL

11. Section 161.749 is amended to include the prohibition against cutting pouch straps, the removal of the damaged pouches from service, and the requirement for reporting the damage to the Inspection Service.

#### PART 153-COD MAIL

#### PART 171-MONEY ORDERS

12. Various sections relating to COD money orders in Part 163 and substantially all of Part 171 are amended in conformity with an improved money order system previously adopted by the Postal Service. The domestic part of this improved system went into effect on October 13, 1973 (see notice at 38 FR. 29651). All military post offices were converted to the new system on November 13, 1973, and the international part of the system went into effect on March 30, 1974 (see notice at 39 FR 12071). The money order system has been operating under interim regulations during an initial period of testing. That period having now been completed, the Postal Service hereby adopts permanent regulations governing the clerk issuance, accounting, and reporting procedures for its money order system.

#### PART 165-CERTIFICATES OF MAIL, RETURN RECEIPTS, AND RESTRICTED DELIVERY

13. Section 165.3 is amended to delete the present endorsements Deliver to Addressee Only and Deliver to Addressee or Order and substitute the single endorsement Restricted Delivery for all such mail. Mail so endorsed will be delivered to the addressee only, unless the addressee specifically authorizes in writing another person to receive his restricted delivery mail. The existing exceptions to the delivery of restricted delivery mail described in § 165.341 are revised in minor respects and retained.

The remainder of the changes are minor, technical, or editorial in nature. in section 3 of the Act of June 17, 1902,

#### PART 111—GENERAL INFORMATION ON POSTAL SERVICE

14. In consideration of the foregoing, 39 CFR 111.3 is amended by adding the following:

§ 111.3 Amendments to Chapter I of the Postal Service Manual.

. AMENDMENTS TO POSTAL SERVICE MANUAL

.

.

Transmittal Létter, Letter 34, Issue 97; Date, February 7, 1975; FR publication, 40

These amendments are effective immediately.

(5 U.S.C. 552(a), (39 U.S.C. 401, 404, 407, 408, 3001-3011, 3201-18, 3403-05, 3621) and (50 U.S.C. 1463-64)).

ROGER P. CRAIG, Deputy General Counsel.

Title 43—Public Lands: Interior

CHAPTER I-BUREAU OF LAND MAN-AGEMENT, DEPARTMENT OF THE IN-

> APPENDIX-PUBLIC LAND ORDERS [Public Land Order 5477]

#### **ARIZONA**

#### **Partial Revocation of Reclamation** Withdrawals

By virtue of the authority contained in section 3 of the Act of June 17, 1902, as amended and supplemented. (43 U.S.C. 416 (1970)), it is ordered as follows:

The departmental orders of July 2, 1902, January 31, 1903, September 30, 1904, June 18, 1914, and March 14, 1929, and any other order or orders which withdrew lands for reclamation purposes, are hereby revoked so far as they affect the following described lands:

#### GILA AND SALT RIVER MERIDIAN

T. 9 S., R. 23 W.,

Sec. 10, lots 1 thru 6, SE¼NE¼, E½SE¼; Sec. 11, Tract A, lots 1 thru 7, S½N½, SW4/SE4, N4/NE4; Secs. 12, 13, 14, 15.

The areas described aggregate, 3,402.27 acres in Yuma County.

Of the lands described above, E%W%W%SW%SW%NW% sec. 12, T. 9 S., R. 23 W., is appropriated for a canal right-of-way established by the Bureau of Reclamation pursuant to subsection P, section 4, of the Act of December 5, 1924, (43 U.S.C. 417 (1970)), and shall not be open to disposition under the public land laws. The remaining lands have been conveyed out of Federal ownership, or transferred to the jurisdiction of the military, and are not subject to use or disposition under the public land laws.

JACK O. HORTON, Assisant Secretary of the Interior. FEBRUARY 4, 1975. [FR Doc.E5-3672 Filed 2-7-75;8:45 am]

#### **ARIZONA**

Modification of Reclamation Withdrawals To Permit Grant of Right-of-Way

By virtue of the authority contained

32 Stat. 388, as amended and supplemented, (43 U.S.C. 416 (1970)), it is

ordered as follows:

The departmental orders of January 31, 1903, September 8, 1903, and March 14, 1929, withdrawing lands in Arizona for reclamation purposes, are hereby modified to the extent necessary to permit the location of a right-of-way under section 2477, U.S. Revised Statutes, (43 U.S.C. 932), by Yuma County, Arizona, over the following described lands, as delineated on a map filed by the Yuma County Department of Public Works with the Bureau of Land Management in Arizona 7378, for the construction of a public road:

GILA AND SALT RIVER MERIDIAN
T. 10 N., R. 19 W., Sec. 14, N½NE¼NE¼ (50' x 1044.33').

The area described contains 1.20 acres in Yuma County.

JACK O. HORTON,
Assistant Secretary of the Interior.

APPENDIX—PUBLIC LAND ORDERS
[Public Land Order 5472, Arizona 6882]

#### **ARIZONA**

#### Withdrawal of National Forest Lands

By virtue of the authority vested in the President by the Act of June 4, 1897, (16 U.S.C. 473) (1970), and pursuant to Executive Order No. 10355 of May 26, 1952 (17 FR 4831), it is ordered as follows:

1. Subject to valid existing rights, the following described national forest lands are hereby withdrawn from appropriation under the mining laws, 30 U.S.C. Ch. 2, but not from leasing under the mineral leasing laws, in aid of programs of the Department of Agriculture:

KAIBAB NATIONAL FOREST

GILA AND SALT RIVER MERIDIAN
Three Lakes Game Preserve

T. 37 N., R. 2 E.,

Sec. 6, SW4,NE4,NE4, SE4,NW4,NE4; E4,SW4,NE4, W4,SE4,NE4; NW4, NE4,SE4,NE4,NW4,SE4.

Lamb's Lake Game Preserve

T. 38 N., R. 1 E.,

Secs. 13 and 14, those lands included in M.S. No. 1655.

The areas described aggregate 178.03 acres in Coconino County.

2. The withdrawal made by this order does not alter the applicability of the public land laws governing the use of the national forest lands under lease, license or permit or governing the disposal of their mineral or vegetative resources other than under the mining laws.

JACK O. HORTON, Assistant Secretary of the Interior.

JANUARY 31, 1975. '[PR Doc.75-3616 Filed 2-7-75;8:45 am] [Public Land Order 5465; Riverside 1451] CALIFORNIA

#### Partial Revocation of Reclamation Project Withdrawal

By virtue of the authority contained in section 3 of the Act of June 17, 1902, (43 U.S.C. 416) (1970), it is ordered as follows:

1. The Departmental Order of October 19, 1920, withdrawing lands for the Yuma Project, now the All American Canal Project, is hereby revoked so far as it affects the following described land:

SAN BERNARDINO MERIDIAN

T. 7 S., R. 8 E.,

Sec. 18, S½ of lots 1 and 2 of SW¼.

The area described contains 76.83 acres in Riverside County.

2. At 10 a.m. on March 8, 1975, the lands shall be open to operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received on or prior to 10 a.m. on March 8, 1975, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

3. The lands will be open to location under the United States mining laws at 10 a.m. on March 8, 1975. They have been and will continue to be open to applications and offers under the mineral leasing laws.

Inquiries concerning the lands should be addressed to the Bureau of Land Management, Room E-2841, Federal Office Building, 2800 Cottage Way, Sacramento, California 95825.

> JACK O. HORTON, Assistant Secretary of the Interior.

JANUARY 31, 1975.

[Public Land Order 5476]

#### IDAHO

#### Withdrawal for National Forest Administrative Site

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 FR 4831), it is ordered as follows:

1. Subject to valid existing rights, the following described national forest lands are hereby withdrawn from location and entry under the mining laws (30 U.S.C. Ch. 2), but not from leasing under the mineral leasing laws, in aid of programs of the Department of Agriculture:

ST. JOE NATIONAL FOREST

BOISE MERIDIAN

T. 43 N., R. 9 E., Sec. 19, E4/SE4/SE4/SE4; Sec. 20, W4/SE4/NW4, W4/NE4/SW4, NW4/SW4, S4/SW4; Sec. 29, SW4/SW4/NE4, NW4; Sec. 30, E4/E4/NE4/NE4, E4/NE4/SE4

NE4, SE4SE4NE4.

The area described aggregates 360 acres in Shoshone County.

2. The withdrawal made by this order does not alter the applicability of those public land laws governing the use of the national forest lands under lease, license or permit, or governing the disposal of their mineral or vegetative resources other than under the mining laws.

JACK O. HORTON, Assistant Secretary of the Interior.

#### Title 46—Shipping

# CHAPTER I-COAST GUARD, DEPARTMENT OF TRANSPORTATION

(CGD 74-100R)

#### CO, FIXED FIRE EXTINGUISHING SYSTEMS

# Controls; Requirements for Additional Instructions

A notice of proposed rulemaking (CGD 74-100) was published in the FEDERAL REGISTER of Wednesday, May 8, 1974 (39 FR 16364). It proposed a revision of the existing regulations concerning specifications for controls of CO<sub>2</sub> fixed fire extinguishing systems.

The purpose of this amendment is to modify the requirements pertaining to the posting of operating instructions for fixed carbon dioxide fire extinguishing systems. This modification will require the posted instructions to be of a more

detailed nature.

During the thirty day comment period, three comments were received. One commenter requested clarification of the definition of "releasing control device." The term "releasing control device" refers to all pull boxes, stop valve controls, and cylinder valves. This clarification was made in the regulation. A second commenter expressed concern that the posting of alternate means of releasing the extinguishing system may encourage persons to enter hazardous areas on small vessels. It is felt that this comment has merit. Accordingly, the wording of the regulation has been altered to exclude all systems in which the CO2 cylinders are within the protected space. This exempts the systems normally found on small vessels. The final commenter suggested changing the terminology 'primary or secondary means of release." To clarify the intent of the regulation this provision was altered to read "manual release or stop value controls."

In consideration of the foregoing, Parts 34, 76, 95, 181, and 193 of Title 46 of the Code of Federal Regulations are amended as follows:

#### PART 34—FIREFIGHTING EQUIPMENT

1. By revising § 34.15-10(h) to read: § 34.15-10 Controls—T/ALL.

(h) Complete but simple instructions for the operation of the systems must be located in a conspicuous place at or near all pull boxes, stop valve controls and in the CO, cylinder storage room. On

systems in which the CO, cylinders are not within the protected space, these instructions must also include a schematic diagram of the system and instructions detailing alternate methods of discharging the system should the manual release or stop valve controls fall to operate. Each control valve to branch lines must be marked to indicate the related space served.

#### PARTS 76, 95, 181, AND 193 [AMENDED]

2. By revising §§ 76.15-10(h), 95.15-10(h), 181.20-15(d), and 193.15-10(h) to read the same as § 34.15-10(h)

(46 U.S.C. 375, 390b, and 391a (49 U.S.C. 1655(b)); 49 CFR 1.46(b) and 1.46(c)(4))

Effective date: This amendment is effective on May 15, 1975.

Dated: February 3, 1975.

O. W. SILER, Admiral, U.S. Coast Guard Commandant.

Title 47—Telecommunication
CHAPTER I—FEDERAL
COMMUNICATIONS COMMISSION
[Docket No. 19946]

PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

PART 83—STATIONS ON SHIPBOARD IN THE MARITIME SERVICES

Search and Rescue Communications, Order Extending Time for Filing Reply Comments

By the Chief, Safety and Special Radio Services Bureau.

In the Matter of Amendment of Parts 2 and 83—to make available the frequency 157.1 MHz for use by non-Government ship stations; to require that 157.1 MHz be fitted in VFH equipment installed in ship stations; and to designate 156.3 for search and rescue communications.

1. Northern Pacific Marine Radio Council (NPMRC) has requested a 45-day extension of time within which to file comments in the above-captioned rule making proceeding [December 6, 1974; 39 FR 42689], in order to permit solicitation of the views of its members considering the effects of the holiday season on the originally allowed time. The Coast Guard has informally joined in this request.

2. Accordingly, it is ordered, That the time for filing comments in the proceeding in Docket No. 19946 is extended to February 19, 1975, and the time for filing reply comments is extended to March 3, 1975. This action is taken pursuant to authority delegated by section 0.331(b) (4) of the rules.

Adopted: January 30, 1975.

Released: February 4, 1975.

#### [FCC 75-129]

# PART 73—RADIO BROADCAST SERVICES PART 76—CABLE TELEVISION SERVICE State Lotteries

In the Matter of Amendment of Part 73 (Radio Broadcast Services) and Part 76 (Cable Television Service) of the

By the Commission: 1. The Commission has under consideration § 73.122 for AM stations, § 73.292 for FM stations, § 73.656 for TV stations, and § 76.213 for cable television systems. These provisions contain the Commission's rules

concerning lotteries.

2. On January 2, 1975, Congress modifled the scope of the Federal statute prohibiting broadcasts of advertisements of or information concerning lotteries set forth in section 1304 of Title 18 of the criminal code by enacting a new provision (Pub. L. 93-583) for broadcasts about lawful State conducted lotteries. The new law set forth in 18 U.S.C. section 1307 exempts in specific circumstances described therein the broadcast of advertisements of or information concerning a State conducted lottery acting under authority of State law from the prohibitions contained in section 1304 when such information is broadcast: (1) by a radio or television broadcast station licensed to a location in that State or (2) by a radio or television broadcast station licensed to a location in an adjacent State also conducting such a lottery.1

3. For the purposes of the new exemption a lottery is defined as "the pooling of proceeds derived from the sale of tickets or chances and allotting those proceeds or parts thereof by chance to one or more chance takers or ticket purchasers. Lottery' does not include the placing or accepting of bets or wagers on sporting events or contests." See 18 U.S.C. section 1307(d). In addition, it should be noted that the legislative history indicates the word "adjacent" used in the exemption is intended to mean adjoining or contiguous, i.e., having a common boundary, at least in part. Further it should be noted that it is the licensed location of a station, rather than the actual location of a transmitter or studio, to which the statute refers in providing a limited exemption from the prohibitions of section

4. In more concrete terms, the new law permits a broadcast station licensed to a location in New York, which now conducts a lawful State lottery, to broadcast advertisements of or information concerning the New York State lottery as well as the lawful State lotteries of Massachusetts, Connecticut, New Jersey and Pennsylvania, since these States are adjacent to New York and since they also conduct a lawful State lottery. The exemption, however, would not permit a broadcast station licensed to a location in New York to broadcast information concerning the Maine or Michigan state lotteries since those states are not adjacent States to New York. Nor would the exemption permit a station licensed to a location in Virginia to broadcast information concerning the Maryland state lottery, since although Virginia is adjacent to Maryland. Virginia does not conduct a State lottery. Although the language of the new statute appears clear. the preceding example is included in the appended revised lottery rules to assist in understanding its basic application.

5. Finally, it should be emphasized that the exemption to the provisions of section 1304 provided by Pub. L. 93-583 is limited to the specific circumstances described therein, and that the general prohibition of broadcasts regarding lotteries set forth in section 1304 is applicable to broadcasts about all other

lotteries.

6. In order to conform the Commission's lottery rules to the new lottery exemption set forth in section 1307, §§ 73.122, 73.292 and 73.656 are, in effect, eliminated and their substance, as revised is set forth in a new § 73.1209, found in Subpart H of the rules applying to all broadcast services.

7. In 1970, the Commission adopted rules which in effect imposed the restrictions of section 1304 on cablecasts originated by cable systems. These rules are also being modified to reflect the exemptions contained in the statute. See § 76.213.

8. The amendments hereby adopted are issued pursuant to the authority contained in sections 4(1) and 303(r) of the Communications Act of 1934, as amended.

- 9. The amendments adopted simply conform existing lottery rules to the recent amendment of Chapter 61 of Title 18 of the United States Code by the addition of new section 1307. Therefore the notice and effective date requirements set forth in 5 U.S.C. 553 are inapplicable.
- 10. Accordingly, it is ordered, That \$\$ 73.122, 73.292, 73.656, and 76.213 are amended as set forth below.

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; (47 U.S.C. 154, 303))

Adopted: January 30, 1975. Released: February 5, 1975.

FEDERAL COMMUNICATIONS
COMMISSION,

[SEAL] VINCENT J. MULLINS, Secretary.

<sup>&</sup>lt;sup>1</sup>The new law also contains exemptions permitting the publication of information about a lawful State conducted lottery in newspapers published in the State and for the use of the mails to send tickets and other material concerning a lawful State conducted lottery to addresses within the State conducting the legal State lottery.

Effective January 30, 1975, Parts 73 and 76 of 47 CFR is amended as follows: \$\$ 73.122, 73.292, and 73.656. [Amend-

1. Sections 73.122, 73.292 and 73.656 are revised to read:

See § 73.1209 of this chapter which applies to all broadcast stations.

2 A new § 73.1211 is added to read: § 73.1211 Broadest of l'ottery infor-

(a) No licensee of an AM, FM or television broadcast station, except as in paragraph (c) of this section, shall broadcast any advertisement of or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes drawn or awarded by means of any such lottery, gift enterprise or scheme, whether said list contains any part or all of such prizes, (18 U.S.C. 1304, 62 Stat. 763);

(b) The determination whether a particular: program comes: within the provisions of paragraph (a) of this section depends on the facts of each case. However, the Commission will in any event consider that a program comeswithin the provisions of paragraph (a) of this section if in connection with such program a prize consisting of money or other thing of value is awarded to any person whose selection is dependent in whole or in part upon lot or chance, if as a condition of winning or competing for such prize, such winner or winners are required to furnish any money or other thing of value or are required to have in their possession any product sold, manufactured, furnished or distributed by a sponsor of a program broadcast on the station in question. (See: 21 FCC 2d: 846).

(c) The provisions of paragraphs (a) and (b) of this section shall not apply to an advertisement; list of prizes or other information concerning a lottery conducted by a State acting under authority of State law when such information is broadcast: (1) by a radio or television broadcast station licensed to a location in that State, or (2) by a radio or television broadcast station licensed to a location in an adjacent State which also conducts such a lottery. (18 U.S.C. 1307, 88 Stat. 1916)

(d) For the purposes of paragraph (c) of this section, "lottery" means the pool-

ing of proceeds derived from the sale of tickets or chances and allotting those proceeds or parts thereof by chance to one or more chance takers or ticket purchasers. It does not include the placing or accepting of bets or wagers on sporting events or contests.

Note.-Pursuant to the exemption set out in paragraph (c) of this section, a broadcast station licensed to a location in a State that conducts a State Lottery may broadcast advertisements of or information concerning such lottery in its State of license and advertisements of or information concerning such lotteries conducted in any adjacent State: (See 18 U.S.C. 1307, FCC.75). The exemption would, for example, permit a broadcast station licensed to a location in New York, which now conducts a lawful state lottery, to broadcast advertisements of. or information concerning the New York State Liottery as well as the lawful State Lotteries of Massachusetts, Connecticut, New Jersey and Pennsylvania, since these States are adjacent to New York, and also conduct a Lottery. The exemption, however, would not permit a broadcast station licensed to a location in New York to broadcast information concerning the Maine or Michlgan State lotteries since those states are not adjacent States to New York. Nor would the emption permit a station licensed to a location in Virginia to broadcast information concerning the Maryland State Lottery, since although Virginia is adjacent to Maryland, Virginia does not conduct a State lottery.

3. Section 76.213 (a), (c), (d) is amended to read: § 76.213 Loweries,

(a) No cable television system, except, as in paragraph. (c), when engaged in origination cablecasting shall transmit or permit to be transmitted on the origination cablecasting channels or channels any advertisement of or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains any part or all of such prizes:

(c) The provisions of paragraphs (a) and (b) of this section shall not apply to advertisements or lists of prizes or information concerning a lottery conducted by a State acting under the authority of (3) (e) (1),".

State law when such information is transmitted:

(1): by: a: cable: system: located in: that:

(2) by a cable system located in an adjacent State which also conducts such a lottery, or

(3) by a cable system located in another State which is integrated with a cable system described in (1) or (2) herein, if termination of the receipt of such transmission by the cable system in such other State would be technically infeasible.

(d) For the purposes of paragraph (c) lottery means the pooling of proceeds derived from the sale of tickets or chances and allotting those proceeds or parts thereof by chance to one or more chance takers or ticket purchasers. It does not include the placing of accepting of bets or wagers on sporting events or contests.

#### DEPARTMENT OF JUSTICE

**Immigration and Naturalization Service** [ 8 CFR Part 214 ]

NONIMMIGRANT (H-1) VISA PETITIONS FOR PHYSICIANS AND NURSES

**Evidence Submitted in Support of Visa** Petition

Pursuant to section 553 of Title 5 of the United States Code (80 Stat. 383), notice is hereby given of the proposed amendment of 8 CFR 214.2(h) (2) (iii) pertaining to the evidence to be submitted in support of a visa petition to accord a physician or nurse nonimmigrant classification as an alien of distinguished merit and ability under section 101(a)(15)(H)(i) of the Immigration and Nationality Act, as amended.

Current § 214.2(h) (2) (iii) requires that a visa petition to accord a physician or nurse H-1 nonimmigrant classification shall be accompanied by a statement from the petitioner certifying whether to the best of his information and belief the beneficiary is fully qualified under the laws governing the place of intended employment to perform the desired services; whether under those laws the petitioner is permitted to employ the beneficiary to perform such services, and whether under those laws the beneficiary is permitted to substantially perform the desired services. It is believed to be in the public interest to require the petitioner to submit certain relevant evidence from the state licensing authorities. It is, therefore, proposed to amend § 214.2(h) (2) (iii) to require that visa petitions to accord a physician or nurse H-1 nonimmigrant classification should be accompanied by evidence that a permanent license to practice medicine or professional nursing, as appropriate, has been issued to the beneficiary by the licensing authority having jurisdiction over the place of intended employment, or a written statement from such licensing authority that, based on the facts known to it, a temporary license or permit will be issued to the beneficiary once the beneficiary establishes residence in the area of intended employment. It is proposed to further amend that section to provide that if the state or other place where the desired services of the beneficiary are to be performed does not issue temporary licenses or permits, the petitioner shall submit a written statement from the Attorney General of such state or other place to the effect that the desired services may be performed without a license or permit; the submission of such statement by the petitioner shall be waived if the Service has previously obtained such a statement.

In accordance with the provisions of section 553 of Title 5 of the United States Code (80 Stat. 383), interested persons may submit to the Commissioner of Immigration and Naturalization, Room 7100-C, 425 Eye Street NW., Washington, D.C. 20536, written data, views, or arguments, in duplicate, with respect to the proposed rule. Such representations may not be presented orally in any manner. All relevant material received before March 14, 1975, will be considered.

In light of the foregoing, it is proposed to amend Part 214 of Chapter I of Title 8. Code of Federal Regulations, as follows:

#### PART 214-NONIMMIGRANT CLASSES

It is proposed to amend § 214.2(h) (2) (iii) to read as follows:

§ 214.2 Special requirements for admission, extension, and maintenance of status.

(h) Temporary employees.

(2) Petition for alien of distinguished

merit and ability.\* \* \*

(iii) Physicians and nurses. A petitioner seeking to accord a physician or nurse a classification under section 101 (a) (15) (H) (i) of the Act shall attach to the petition evidence that the beneficiary has obtained a full and unrestricted license to practice medicine or professional nursing in the country where he obtained his medical or nursing education, or that such education was obtained in the United States or Canada. or that he is a physician who successfully passed the examination given by the Educational Commission for Foreign Medical Graduates; also, evidence that a permanent license to practice medicine or professional nursing has been issued to the beneficiary by the licensing authority having jurisdiction over the place of intended employment, or a written statement from such authority that based upon the facts known to the licensing authority such authority will issue the beneficiary a temporary license or permit once the beneficiary establishes residence in the area of intended employment. If the state or other place where the desired services are to be performed does not issue temporary licenses or permits, the petitioner shall submit a written statement from the Attorney General of such state or other place to the effect that the desired services may be performed without a license or permit; however, the submittal by the petitioner of such Attorney General's statement shall be waived if the Service has previously obtained such a statement.

the services will be performed impose any limitations on the services to be rendered by the beneficiary, the petitioner shall submit a written statement describing the limitations and asserting whether he will observe them. The district director shall consider any such limitations in determining whether the services which the beneficiary would perform are of an exceptional nature requiring a person of distinguished merit and ability.

(Sec. 103, 66 Stat. 173; (8 U.S.C. 1103))

Dated: February 5, 1975.

#### DEPARTMENT OF AGRICULTURE

**Agricultural Stabilization and Conservation** Service

#### [ 7 CFR Part 729 ] **PEANUTS**

# Notice of Proposed Determination for 1975–76 Marketing Year

Pursuant to section 358(c) of the Agricultural Adjustment Act of 1938, as amended, (7 U.S.C. 1358(c)); the Secretary of Agriculture is preparing to determine whether the supply of any type or types of peanuts for the 1975-76 marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes. Section 358(c) (2) of the Act, as amended, reads in part as follows:

Notwithstanding any other provision of law, if the Secretary of Agriculture deter-mines, on the basis of the average yield per acre of peanuts by types during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type or types of peanuts for any marketing year, beginning with the 1951-52 marketing year, will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell such purposes peanuts owned or controlled by it, the State allotments for those States producing such type or types of peanuts shall be increased to the extent determined by the Secretary to be required to meet such demand but the allotment for any State may not be increased under this provision above the 1947 harvested acreage of peanuts for such State. The total increase so determined shall be apportioned among such States for distribution among farms producing peanuts of such type or types on the basis of the average acreage of peanuts of such type or types in the three years imme-If the laws governing the place where diately preceding the year for which the

allotments are being determined. The additional acreage so required shall be in addition to the national acreage allotment, the production from such acreage shall be in addition to the national marketing quota, and the increase in acreage allotted under this provision shall not be considered in establishing future State; county or farm acreage allotments.

Prior to determining whether the supply of any type or types of peanuts for the: 1975-76 marketing; year; will; be insufficient: under section 358(c) of the Act to meet the estimated demand for cleaning and shelling; consideration will be given to data, views and recommendations relating thereto which are submitted in writing to the Director, Tobacco and Peanut Division, Agricultural Stabilization: and Conservation: Service; United States Department of Agriculture, Washington, D.C. 20250. To be sure of consideration; any such submission must be postmarked not later than March 12, 1975.

All written submissions made pursuant to this notice will be made available for public inspection at the office of the Director, during regular business hours (8:15 a.m. to 4:45 p.m.) (7 CFR:1.27(b)).

Signed at Washington; D.C. on: February 4, 1975.

GLENN: A. WEIR, Acting Administrator, Agricultural Stabilization and Conservation Service:

[ 13 CFR Part 402 ]

ESTABLISHMENT OF FEES IN CONNECTION WITH REQUEST FOR INFORMATION UNDER THE FREEDOM OF INFORMATION ACT

**Notice of Proposed Rulemaking** 

Notice is hereby given in accordance with administrative rulemaking procedures of 5 U.S.C. 553 that the Emergency. Loan Guarantee Board, pursuant to the requirements of 5 U.S.C. 552(a) (4) (A) proposes to adopt the following amendment to its rules regarding availability of information in order to adopt a fee schedule for searching and duplication of records requested under the Freedom of Information Act.

Subject to the receipt of comments, it is proposed that 13 CFR 402.4 be amended by ending the second sentence of paragraph. (b) after the word "difficulty," deleting all that follows, redesignating paragraph (c) as paragraph (d) and adding the following new paragraph (c):

§ 402.4 [Amended]

(c) Fees. A fee based upon \$5 per hourfor the time required to locate such records and prepare them for inspection, plus 10 cents per standard page for any copying thereof shall be paid by any person requesting records other than published records described in \$402.3. In addition, the cost of postage and any

packaging or special handling shall be paid by the requester. Documents shall be provided without charge or at a reduced charge where the Beard determines that waiver or reduction of the fee is in the public interest because furnishing the information can be considered as primarily benefiting the general public.

Any person who wishes to submit written data, views, or arguments concerning the proposed fee schedule may do so by filing them with the Secretary, Emergency Loan Guarantee Board, c/o Department of the Treasury, Office of the General Counsel, Washington Building, Room 1001, Washington, D.C. 20220.

All written submissions made pursuant to this notice will be made available for public. Inspection at the Washington Building, 15th & G. Street NW., Room 1001, Washington, D.C., during regular hours of business (9 a.m. to 5:30 p.m., Monday through Friday, except holidays).

Subject to the receipt of comments pursuant to this notice; on or before February 18, 1975, the proposed amendment will become effective on February 19, 1975, but will later be revised (under the procedures of 5 U.S.C. 553), if necessary, to reflect comments received after the effective date but prior to the end of thirty days from the date of this notice.

Alan N. Vinick, Secretary, Emergency Loan Guarantee Board. [FR.Doc.75-9683 Filed 2-7-75;8:45 am]

# notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

#### DEPARTMENT OF DEFENSE

# Department of the Navy CHIEF OF NAVAL OPERATIONS EXECUTIVE PANEL

#### Rescheduled Advisory Committee Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (5 U.S.C. App. I), notice is hereby given that the Chief of Naval Operations Executive Panel Advisory Committee will hold a closed meeting on March 4 and 5, 1975, at the Naval Intelligence Support Center, Suitland, Maryland. The session will commence at 9 a.m. and terminate at 5:30 p.m.

The agenda will consist of matters which are classified in the interest of national security, including intelligence systems and applications, weapons and ship design, and long-range Navy plans and policy. For that reason, the Secretary of the Navy has determined in writing that meetings of the Chief of Naval Operations Executive Panel Advisory Committee should be closed to the public because they are concerned with matters listed in section 552(b) of Title 5, United States Code.

The above meeting has been scheduled in lieu of the one previously announced to take place on February 6 and 7, 1975.

Dated: February 3, 1975.

H. B. ROBERTSON, Jr., Rear Admiral, JAGC, U.S. Navy Acting Judge Advocate General. (FR Doc.75-3669 Filed 2-7-75:8:45 am)

#### Office of the Secretary

#### DEFENSE SCIENCE BOARD TASK FORCE ON SPECIFICATIONS AND STANDARDS IMPROVEMENT

#### **Advisory Committee Meeting**

Pursuant to the provisions of Pub. L. 92-463, effective January 5, 1973, notice is hereby given that the Defense Science Board Task Force on "Specifications and Standards Improvement" will meet in open session on Friday and Saturday 21-22 February 1975 at Hughes Aircraft, Building 373, Room 9567, El Segundo, California.

The mission of the Defense Science Board is to advise the Secretary of Defense and Director of Defense Research and Engineering on overall research and engineering and to provide long range guidance in these areas to the Department of Defense.

The primary responsibility of the Task Force is to provide an evaluation of current DoD Specifications and Standards and the related DoD organization, system and procedures to serve as a basis for DoD policy decisions to reduce costs

in systems/equipment design and acquisition.

At this meeting, the Task Force will evaluate the impact on acquisition costs of Military Specification MIL-D-1000, Drawings, Engineering and Associated Lists; review environmental and reliability specifications with a view toward consolidation and removing specification tiering; discuss, critique and offer alternatives to the DoD feedback process as it pertains to specifications and stand-ards; discuss and recommend actions aimed at the tailoring of specifications; discuss specification relationships between prime and subcontractors, and discuss and review other pertinent and related subjects as may come before the group.

Due to the limited time and space availability, it is requested that persons interested in attending the DSB Task Force meeting provide written notice to the address listed below by February 14, 1975. Notice should include information with respect to interest and degree of participation.

Mr. Lester Fox, Director, Defense Materiel Specifications and Standards Office, Cameron Station,

Alexandria, Virginia 22314.

Telephone inquiries may also be made to Mr. Fox at (292) 274-7061.

MAURICE W. ROCHE, Director, Correspondence and Directives, OASD (Comptroller).

FEBRUARY 5, 1975.

# DDR&E HIGH ENERGY LASER REVIEW GROUP, LASER HARDENED MATERIALS AND STRUCTURES SUBPANEL

#### **Closed Meetings**

Pursuant to the provisions of section 10 of Pub. L. 92-463, dated October 6, 1972, notice is hereby given that closed meetings of the DDR&E High Energy Laser Review Group, Laser Hardened Materials and Structures Subpanel will be held starting at 0830 on Tuesday and Wednesday, March 4 and 5, 1975, at Wright-Patterson Air Force Base, Ohio.

The subject matter of the meetings is classified in accordance with subparagraph (1) of section 552(b) of Title 5 of the U.S. Code.

MAURICE W. ROCHE, Director, Correspondence and Directives OASD (Comptroller).

FEBRUARY 5, 1975.

[FR Doc.75-3643 Filed 2-7-75;8;45 am]

# WAGE COMMITTEE Closed Meetings

Pursuant to the provisions of section 10 of Pub. L. 92-463, effective January 5, 1973, notice is hereby given that meetings of the Department of Defense Wage Committee will be held on:

Tuesday, March 4, 1975 Tuesday, March 11, 1975 Tuesday, March 18, 1975 Tuesday, March 25, 1975

These meetings will convene at 9:45 a.m. and will be held in Room 1E-801, The Pentagon, Washington, D.C.

The Committee's primary responsibility is to consider and make recommendations to the Assistant Secretary of Defense (Manpower and Reserve Affairs) on all matters involved in the development and authorization of wage schedules for Federal prevailing rate employees pursuant to Pub. L. 92–392.

At these scheduled meetings, the Committee will consider wage survey specifications, wage survey data, local reports and recommendations, statistical analyses and proposed pay schedules derived therefrom.

Under the provisions of section 10(d) of Pub. L. 92-463, the Assistant Secretary of Defense (Manpower and Reserve Affairs) has determined that these meetings will be closed to the public because the matters considered are related to the internal personnel rules and practices of the Department of Defense (5 U.S.C. 552 (b) (2)) and the wage survey data considered by the Committee have been obtained from private industry with the guarantee of confidentiality (5 U.S.C. 552 (b) (4)).

However, members of the public who may wish to do so, are invited to submit material in writing to the Chairman concerning matters felt to be deserving of the Committee's attention. Additional information concerning these meetings may be obtained by contacting the Chairman, Department of Defense Wage Committee, Room 3D-281, The Pentagon, Washington, D.C.

MAURICE W. ROCHE, Director, Correspondence and Directives, OASD(C).

FEBRUARY 4, 1975.

## DEPARTMENT OF THE INTERIOR

**Bureau of Land Management** 

[ES 11020] FLORIDA

Amendment to Notice of Filing of Plat of Survey

JANUARY 31, 1975.

In FR Document 74-28542 appearing on page 42698 in the issue for Friday,

December 6, 1974, there appeared an amendment of the notice of filing of the plat of survey for islands and omitted lands in T. 16 S., R. 28 E., Tallahassee Meridian, Volusia County, Florida. The last paragraph of that notice of amendment should read:

The total land area encompassed by the survey is over 50 percent swamp in character within the interpretation of the Swamp Land Act of September 28, 1850. Title to these lands inured to the State of Florida as of that date, and these lands are, therefore, open only to selection by the State under that Act.

> LOWELL J. UDY, Director, Eastern States.

#### **Bureau of Reclamation** WESTERN GASIFICATION CO.

Supplement on Dates of Public Hearings on Draft Environmental Statement

The public hearings, as announced in the FEDERAL REGISTER on Friday, February 7, 1975 (40 FR 5799), on the draft environmental statement for the pro-posed WESCO Coal Gasification Project and expansion of the Navajo Mine by Utah International, Inc. (INT DES 74-107), scheduled for March 11, 1975, in Window Rock, Arizona, and March 12, 1975, in Farmington, New Mexico, are revised as follows in order to allow additional time for the hearings in Window Rock. The public hearings will be held in Window Rock, Arizona, at the Window Rock Civic Center on March 11 and 12, 1975, and in Farmington, New Mexico, at the City Council Meeting Room, 800 Municipal Drive, on March 13, 1975, to receive views and comments from interested organizations or individuals relating to the environmental impacts of this project. All hearings will be held from 10 a.m. to 12 Noon, from 1:30 p.m. to 5 p.m. and from 7 p.m. to 10 p.m. All other information in the referenced notice remains as published on February 7, 1975.

The Bureau of Reclamation regrets the uncontrollable circumstances which delayed the submission of this document for publication.

Dated: February 7, 1975.

E. F. SULLIVAN, Acting Commissioner of Reclamation.

**Commodity Credit Corporation** 

[Amendment 7]

#### SALES OF CERTAIN COMMODITIES **Monthly Sales List**

The CCC Monthly Sales List for the fiscal year ending June 30, 1975, published in 39 FR 24684 is amended as fol-

1. The last sentence of section 1(b) entitled "General" published in 39 FR 24684 as amended in 39 FR 43413 is revised to read as follows: "Interest at 10½

percent will be charged for delinquent payments on consignment and track grain sales from the date of sale to the date payment is received."

2. The provisions of section 29 entitled "Butter-Unrestricted Use Sales" published in 39 FR 32042 as amended in 40 FR 3020 are deleted.

Effective date: 2:30 p.m. January 31,

Signed at Washington, D.C., on February 4, 1975.

GLENN A. WEIR, Acting Executive Vice President, Commodity Credit Corporation. [FR Doc.75-3692 Filed 2-7-75;8:45 am]

#### **Animal and Plant Health Inspection** Service

IMPORTED FIRE ANT COOPERATIVE FED-ERAL-STATE CONTROL AND REGULA-TORY PROGRAM

#### Availability of Addendum to Environmental **Impact Statement**

Pursuant to the National Environmental Policy Act (Pub. L. 91-190, (42 U.S.C. 4321, et seq.)) and Executive Order 11514 (35 FR 4247) of March 7, 1970, in providing timely public information on Federal plans and programs with environmental impact, notice is hereby given of the public availability of an addendum to the Environmental Impact Statement on the Imported Fire Ant Cooperative Federal-State Control and Regulatory Program (USDA-APHIS-ADM-73-2).

Copies of the addendum have been furnished to the Council on Environmental Quality and to those agencies, organizations, and individuals who submitted comments on the draft of said statement.

Copies of the addendum may be obtained or examined at any of the following locations:

Deputy Administrator, Plant Protection and Quarantine Programs, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, 14th and Independence Avenue, Reom 302-E, Washington, D.C. 20250.

Director, Southeastern Region, PPQ, APHIS, U.S. Department of Agriculture, 3505 25th Avenue, P.O. Box 989, Gulfpert, MS 39501.

Director, South Central Region, PPQ, APHIS. U.S. Department of Agriculture, 2100 Boca Chica Boulevard, Suite 400, Brownsville, TX 78520.

Done at Washington, D.C., this 4th day of February 1975.

JAMES O. LEE, Jr., Acting Deputy Administrator, Plant Protection and Quarantine Programs.

#### **Rural Electrification Administration** SIERRA TELEPHONE CO., INC.

**Proposed Loan Guarantee** 

Under the authority of Pub. L. 93-32 (87 Stat. 65) and in conformance with applicable agency policies and procedures as set forth in the proposed REA Bulletin 320-22, "Guarantee of Loans

for Telephone Facilities," published in FEDERAL REGISTER, September 16, 1974, (39 FR 33228-33229) notice is hereby given that the Administrator of REA will consider providing a guarantee supported by the full faith and credit of the United States of America for a loan in the approximate amount of \$5,950,-000 to Sierra Telephone Company, Inc., Oakhurst, California. The loan funds will be used to finance the construction of facilities to extend telephone service to new subscribers, and improve telephone service for existing subscribers.

Legally organized lending agencies capable of making, holding and servicing the loan proposed to be guaranteed may obtain information and details of the proposed project from Mr. Harry H. Baker, Jr., President, Sierra Telephone Co., Inc., P.O. Box 219, Oakhurst, Cali-

fornia 93644.

To assure consideration, proposals must be submitted on or before March 12, 1975 to Mr. Harry H. Baker, Jr. The right is reserved to give such consideration and make such evaluation or other disposition of all proposals received, as Sierra Telephone Co., Inc., and REA deem appropriate. Prospective lenders are advised that it is anticipated that financing for this project will be available from the Federal Financing Bank under a standing loan commitment agreement with the Rural Electrification Administration.

Copies of the proposed REA Bulletin 320-22 are available from the Director. Information Services Division, Rural Electrification Administration, U.S. Department of Agriculture, Washington. D.C. 20250.

Dated at Washington, D.C., this 3rd day of February, 1975.

DAVID A. HAMIL. Administrator Rural Electrification Administration. [FR Doc.75-3631 Filed 2-7-75;8:45 am]

#### DEPARTMENT OF COMMERCE SOUTHERN OHIO BANK

**Approval of Applicant as Trustee** 

Notice is hereby given that The Southern Ohio Bank, with offices at 515 Main Street, Cincinnati, Ohio, has been approved as Trustee pursuant to Pub. L. 89-346 and 46 CFR 221.21-221.30,

Dated: January 20, 1975.

BURT KYLE. Office of Domestic Shipping. [FR Doc.75-3694 Filed 2-7-75;8:45 am]

#### TANKER CONSTRUCTION PROGRAM

Revisions of Section 70 of the Standard Specifications for Merchant Ship Con-

Pursuant to the Final Opinion and Order of the Maritime Subsidy Board in Docket A-75 (served August 30, 1973), notice is hereby given that the following revisions to section 70 of the Standard Specifications for Merchant Ship Construction have been adopted by the Maritime Subsidy Board:

(1) Revise Article 4(c) (3, (d), and (e) to require a new standard for oil content meters and oily water separators (15

(2) Add a clarifying sentence to Article 2 for emergency cargo transfer to permit a reduction in the calculated oil outflow in the case of bottom damage.

(3) Revise Article 4(c) to permit recirculation as an alternative to requiring automatic oil/water separator shutdown in the event of high oil content.

(4) Revise Article 4(f) to standardize shore connections to meet IMCO and

USCG requirements.

(5) Add a clarifying sentence to Article 4(e) indicating alternative designs that may be used in the bilge and ballasting system of tank vessels.

(6) Add a clarifying sentence to Article 6(a) indicating design alternatives for

sewage treatment plant.

(7) Substitute in Article 7 known stack emission purity standard; for the presently required Environmental Protection Agency standards since there are no Environmental Protection standards for stack emissions at present.

(8) Add a new Article 8 detailing inert gas system requirements to comply with

Docket A-75.

(9) Add a new Article 9 to reference the collision avoidance radar system required by Docket A-75.

Further, the following revisions to section 70 were adopted by the Board as a result of comments received pursuant to notice by the Board's proposed revisions to section 70, published in the FEDERAL REGISTER of July 29, 1974 (39 FR 27483):

(10) Retitle Article 4 to read "Bilge, Ballast and Cargo/Ballast Systems" instead of "Bilge and Ballast Systems."

(11) Revise the wording of paragraph 4(a)(1) to clarify the intent of that subsection.

(12) Include in the first paragraph of Article 6(c) requirements for holding

tanks for grey water.

Section 70 of the Maritime Administration Standard Specifications consolidates all pollution abatement features of cargo and tanker construction and operation to control oil, sewage and air pollution. A complete text of the revised section 70 is published herein as an attachment to this notice.

Dated: February 5, 1975.

By Order of the Maritime Subsidy Board,

JAMES S. DAWSON, Jr., Secretary, Maritime Subsidy Board.

STANDARD SPECIFICATION FOR MERCHANT SHIP CONSTRUCTION

SECTION 70; POLLUTION ABATEMENT SYSTEMS AND EQUIPMENT

1. General (a) It is the general intent of this section to specify appropriate pollution control measures to be taken in the design and operation of all merchant ships in order

to protect and enhance the quality of the marine environment from ship-generated pollutants, such as oil, sewage, garbage and

(b) All vessels shall be so equipped and operated as to prevent the discharge of oil into or upon the navigable waters of the United States, adjoining shorelines and waters of the Contiguous Zone in such quantities as to cause a film or sheen upon or discoloration of the surface of the water or upon adjoining shorelines. (Implementation of section 11 of the "Water Quality Improvement Act of 1970" as published in the FEDERAL

REGISTER of September 11, 1970.)
(c) All vessels equipped with toilets and urinals shall be provided with marine sanitation devices designed to prevent the discharge of untreated or inadequately treated sewage into or upon the navigable waters of the United States. (Implementation of section 13 of the "Water Quality Improvement Act of 1970" as published in the FEDERAL

REGISTER of June 23, 1972.)

2. Cargo Oil Tanks on Tank Vessels: The size and arrangement of cargo tanks shall be such as to limit the oil outflow from tanks assumed to be breached by collision or grounding to a value of 30,000 cubic meters or 400 times the cube root of the deadweight 400 DWT, which ever is larger, but in no case exceeding 40,000 cubic meters. The oil outflow shall be calculated in accordance with the Intergovernmental Maritime Consultative Organization (IMCO) Resolution 246(VII) adopted 15 October 1971 by IMCO Assembly. Credit may be taken for reduction in oil outflow in case of bottom damage when a cargo transfer system is installed as prescribed in Article 3(c).

3. Cargo Piping Systems on Tank Vessels: (a) Remote shut-down of all main cargo pumps shall be provided at the loading and discharge manifold on the deck, port and starboard, and at the centralized cargo con-

trol station.

(b) Quick closing valves with means of local control shall be fitted at the loading

and discharge manifold.

(c) To reduce the calculated oil outflow due to grounding, an emergecny cargo transfer system may be installed having a high suction in each cargo tank, and capable of transferring cargo oil from a breached tank to any other segregated ballast tanks or other available cargo tanks. The pipes for the emergency suction should be installed at a point 3m (10 feet) below the load waterline, but not less than 6m (20 feet) from the bottom of the tank, Manual control of these valves shall be provided on the deck as well as remote control from the centralized control station. The requirements of this paragraph are not mandatory, except when this cargo transfer system is used to reduce the calculation for oil outflow. (By the use of this system larger tanks may be used.)

(d) Means shall be provided to contain any oil spillage around each oil loading and discharge manifold and oil transfer con-

nection area.

4. Bilge Ballast Systems and Cargo/Ballast

Systems: (a) General.

(1) All bilge and ballast systems shall be so arranged as to assure that all only blige or ballast water will be discharged either overboard, through an approved oily water separator, or directly into a designated slop tank which decants the effluent to 15 ppm or to a shore ballast reception and treatment facility.

(2) Cargo/ballast systems on tank ves shall be so arranged to insure that oily bal-last water or tank washings are: (1) decanted or discharged overboard via an appropriate oil content meter; (2) retained on board for

"Load-on-Top"; or, (3) discharged ashore to a reception and treatment facility.

(3) Vessels shall be fitted with slop tanks having a capacity to retain on board all oily wastes and oily bilge slops that may accumulate while operating in the navigable waters of the United States.

(b) General Cargo Vessel.

A 100 percent segregated ballast system shall be provided for ballasting and deballasting of the designated segregated ballast tanks in order to maintain the vessel's stability characteristic in accordance with the damaged stability requirements presented in section 1 for one compartment flooding without the use of oily ballast in the fuel or liquid cargo tanks. Means shall be provided for both direct sea flooding and pump discharge to the segregated ballast tanks. system shall be served by a clean ballast pump with standby service from a bilge and ballast pump or a general service or bilge

At no time shall ballast water be placed

in fuel tanks or cargo oll tanks.

Remote liquid level indicators shall be provided at the ballast control station for all segregated ballast tanks.

(c) Tank Vessels.

Tank vessels shall be designed to meet one of the three design alternatives described

(1) All tank vessels shall be designed to allow for deballasting and tank cleaning operations by means of the "Load-on-Top" method. The method shall allow the olly ballast and tank washings to be pumped to a designated slop tank or tanks. All decanted ballast water discharged overboard shall not contain oil in excess of the maximum limits prescribed for the receiving waters.

All tank vessels not equipped to handle deballasting and tank cleaning operations by the Loand-on-Top method shall be designed for segregated ballast operation. In such cases sufficient tankage for all weather operations in ballast condition shall be assigned ex-

clusively for segregated ballast.

(3) Alternatively, an effective oil/water separator system of full flow capacity equivalent to at least one main cargo oil pump shall be installed with automatic shut-down or recirculation of effluent when the oll content of the effluent exceeds 15 ppm. (See Article

(d) Oily Water Separators

Approved separators installed in the bilge and ballast system shall be capable of producing an effluent containing not more than 15 ppm. (See Article 1(b)).

(e) Oil Content Meters.

An oil content meter shall be installed in each bilge, oily ballast and tank washing overboard discharge line. The oil content meter shall be fitted with an alarm device set at a preset valve to shut-down the pump or operate an appropriate valve in the discharge line to recirculate the flow automatically when the oil content in the overboard discharge exceeds 15 ppm. The meter will be considered as meeting this standard of 15 ppm if the standard can be met in certified laboratory tests. (See Article 1(b)).

(f) Shore Connection.

Discharge stations shall be fitted for the bilge and ballast system on the main deck, port and starboard, to enable oily bilge and ballast water to be piped to shore facilities. Remote control of the bilge and ballast pumps shall be provided at the discharge stations on the main deck.

To enable flexible piping at shore reception facilities to be connected with the ships discharge pipe lines for residues from machinery biggs, both lines shall be fitted with a standard discharge connection in ac-

cordance with the following table:

#### Standard dimensions of flanges for discharge connections

Description:	Dir	nens
Outside diameter	215 mm (8½ in.).	
Inner diameter	According to pipe outside diam	eter.
Bolt circle diameter	183 mm (7% in.).	

Slots in flange\_\_\_\_\_ 6 holes 22 mm (% in.) in diameter equi-distantly placed on a bolt circle of the above diameter, slotted to the flange periphery. The slot width to be 22 mm (% in.).

Flange thickness\_\_\_\_ 20 mm (% in.)

Bolts and nuts:

Quantity, diameter ... 6, each of 20 mm (% in.) in diameter and of suitable length:

The flange is designed to accept pipes up to a maximum internal diameter of 125 mm (5 in.) and shall be of steel or other equivalent material having a flat face. This flange, together with a gasket of oilproof material, shall be suitable for a service pressure of

6 kg/cm<sup>2</sup> (85 PSI)
The steel materials used shall meet the material specifications of standard B 16.5 Steel Pipe Flanges and Flanged Fittings of the American National Standards Institute

(ANSI).

(g) Overboard Discharge Piping. Overboard discharge piping from oily/water separators and "Load-on-Top" operation shall be fitted with at least two shut-off valves as close to the shell as possible.

5. Fuel Oil System: All overflow piping in

the fuel oil system discharging everboard shall be fitted with an alarm with indicators at the filling station and control console.

 Sewage Treatment and Liquid Waste Disposal Systems: (a) General.
 Any vessel equipped with tellets, showers, lavatories, laundries or a galley shall be pre-vided with suitably sized holding tanks to retain the sewage and liquid waste while in port or in restricted waters. In lieu of holding tanks an approved sewage treat-ment plant which will meet the requirements of the U.S. Coast Guard may be provided to handle human wastes.

(b) Sewage Treatment Plant.
The design and operation of the sewage treatment plants shall meet the standards of the Environmental Protection Agency and U.S. Coast Guard.

Where sewage treatment plants are used to handle human body wastes only, holding tanks shall also be provided to handle other wastes (grey water).

The marine sanitation device shall be capable of discharging to dockside facilities. Provisions shall be made to facilitate internal cleaning.

(c) Holding Tanks.

When provided, holding tanks shall be of sufficient capacity to retain all accumulated drains from urinals, toilets, showers, lavatories, laundries and galleys and shall be capable of holding 56 cubic meters (15,000 gallons) of accumulated sewage and liquid wastes, or have a five day capacity based on the total ship complement at .26 cubic meters (70 gallons)/day/person. When using recirculation or vacuum flush systems, holding capacity for these low flow systems will be based on individual system require-ments. Holding tanks for "grey" water, where no sewage solids are discharged into the tank, shall only be fitted with manholes, air vents to the weather deck, an overflow to the sea above the deep water line, and all necessary piping connections. When organic solids are discharged into the tank, air shall be supplied to the tank to keep solids in suspension.

Each tank shall be fitted with means to discharge to dockside facilities.

Provision shall be made to prevent the accumulation of noxious and explosive gases in the holding tanks and vents.

The tanks shall be equipped with manholes, air vents to the weather deck, an overflow to the sea above the deep load water line, and all necessary piping connections.
All air vents that terminate above the
weather deck shall be located where odors
will not be objectionable.

Sufficient air shall be supplied to the sew age holding tank in order to prevent the contents from becoming anaerobic and to keep the solids in suspension. A pressure regulator and shut-off valve shall be provided to control the air flow into the tank. The capacity of air required shall not be less than .7 cubic meters (25 CFM) at 34 kPa (5

psig) per 28 m<sup>2</sup> (1000 ft.<sup>2</sup>) tank capacity. Each holding tank shall be fitted with a floatless type level indicator and a separate high level alarm. The remote level indicators and alarm annunciators shall be placed on the engine room control console. The level control electrodes should not be in direct contact with sewage and the unit should be

arranged for easy access and maintenance. On vessels where the engine room is aft, or where it is impractical to have the sewage system distributed throughout the ship, a holding tank or a small independent se age treatment system shall be provided for the engine room tollets and lavatory drains.

Provisions shall be made for the use of water and steam for tank cleaning purposes.

(d) Piping.
All liquid wastes from urinals, toilets, showers, lavatories and laundries shall be led to the sewage treatment tank. Sewage drains shall be led to the treatment plant or holding tank independent of other drains. Shore connections fitted with 102 mm (4" pipe) shall be located on the main deck, port and starboard, to enable sewage and liquid waste to be pumped to shore facilities.

(e) Pumps.

Each sewage system shall be equipped with two (2) sewage pumps connected in parallel. The pumps shall take suction from the hold ing tanks or sewage treatment plant and shall be capable of discharging everboard independently of other drain lines and to the shore connection. The sewage pumps shall be of the non-clog marine type, suitable for handling raw sewage and either sea or fresh water as required.

7. Stack Emission. (a) General.
All stack emissions shall meet the air purity standards established by the ports of call of the vessel, the standards of the San Francisco Bay Area or the standards of York City, whichever are most restrictive for the operation intended.

(b) Smoke Indicator.

Each botler shall be equipped with a combination visual-photo-electric smoke indi-cator which shall clearly indicate the ab-sence or presence of smoke. The indicator shall be provided with an alarm which actuates when the smoke intensity exceeds the value established by Article 7(a) above. The indicator shall be provided with an auto-semi-auto pressurized lens cleaning system to insure cleanliness of the lens. The indicator shall be visible in the vicinity of the

Central Control Console. A recorder shall be coordinated with the smoke intensity alarm to record the duration of pollution above the standards established by Article 7(a) above.

8. Inert Gas Systems: All tankers over 100,-000 DWT and having tank sizes greater than 10,000 cubic meters shall be equipped with an approved inert gas system to prevent tanker

casualties from fire and explosion.

9. Collision Avoidance Radar: All tankers must be equipped with a collision avoidance radar system which complies with the requirements of § 94.4 of this specification.

#### DRAFT ENVIRONMENTAL IMPACT STATEMENT

#### **Public Hearing**

In accordance with section 1500.7 of the Council on Environmental Quality Guidelines issued pursuant to the National Environmental Policy Act of 1969, and in compliance with Department Administrative Order 216-6, the Commerce Department's National Oceanic and Atmospheric Administration (NOAA) will hold a public hearing on the Draft Environmental Impact Statement for the proposed NOAA Western Regional Headquarters Facility. The hearing will begin at 10 a.m. on Saturday, February 22, 1975, at the View Ridge Elementary School, 7047 50th Avenue Northeast, Seattle. Washington. The purpose of the hearing is to receive comments on the Draft Environmental Impact Statement for the proposed NOAA Facility at Sand Point and to answer questions related to the development.

Hearing presentations should, if possible, include written comments summarizing the substance of the presentation. Those wishing to submit such comments prior to the hearing may address them to the Northwest Administrative Service Office, NOAA, 1700 Westlake North, Seattle, Washington 98109. Inquiries concerning the hearing should be directed to the Sand Point Coordinator, NOAA, at the same address, phone: (206) 442-1703. Copies of the Draft Environmental Impact Statement may be picked up at the Northwest Administrative Service Office after January 30th.

The length of individual presentations may be limited to ten minutes by the hearing officer, depending upon the number of presentations to be heard, in order to allow sufficient time for all presentations. Comments from government representatives will be heard in the morning, the remaining groups and individuals in the afternoon, A question and discussion period will follow the conclusion of the formal presentations. Dale C. Gough. Administrative Service Office Director, will convene and conduct the hearing.

ROBERT L. CARNAHAN. Acting Assistant Administrator for Administration.

#### NEW YORK BIGHT MESA ADVISORY COMMITTEE

#### **Public Meeting**

Pursuant to section 10(a)(2) of 5 U.S.C. App. I and section 8(b) of Office of Management and Budget Circular No. A-63 (March 27, 1974), the National Oceanic and Atmospheric Administration announces the New York Bight MESA Advisory Committee meeting scheduled for March 11, 1975, in Stony Brook, New York.

#### AGENDA

9:30 a.m.-Greeting: Dr. R. L. Swanson. Project Manager and Panel Chairman.

9:45 a.m.—The Implications of Ocean Dumping from a Biological Standpoint: Dr. Kneeland McNulty. 10:15 a.m.—The Implications of Ocean

Dumping from a Chemical Standpoint: Dr. Douglas Segar. 10:45 a.m.—Break.

11 a.m.—Questions and Discussion.

11:30 a.m.—Environmental Protection Agency Presentation.

12 noon-Lunch.

1 p.m.-Recommendations to the Committee from the Scientific and Technical Advisory Panel.

1:45 p.m.—Recommendations to the Committee from the User Information Advisory

2:30 p.m.-Break.

2:45 p.m.—Recommendations to the Committee from the Citizens and Industrial Advisory Panel.

3:30 p.m.—Framing of Advisory Committee Recommendations.

4:30 p.m.—Adjournment.

Agenda items are subject to change as

priorities dictate.

Interested persons are invited to attend and to submit written statements before or after the meeting or by mailing such statements within five days after the date of the meeting to: Executive Secretary, New York Bight MESA Advisory Committee, MESA Project Office, Building J-Room 121, State University of New York, Stony Brook, New York, 11794. Interested persons will be permitted to make oral statements to each Panel during the period reserved for questions and discussion, subject to the procedures which follow. Persons must register with the Panel meeting rapporteur, prior to the start of the meeting, in the Panel meeting room and provide their name, legal address, a list of any affiliations relevant to the topic(s) to be addressed, and a brief, written description of their proposed topic(s). Because of limited time available, it may be necessary to limit the number of persons permitted to speak to five, to limit the length of oral statements to no more than five minutes each, and to give preference to individuals based upon the relevance of their proposed topic(s), as judged by the Panel Chairman. The submission of written versions or oral statements within five days after the date of the meeting to the address above is encouraged. All statements received in typewritten form will be forwarded with

and Panel members for their consideration.

R. L. CARNAHAN, Acting Assistant Administrator for Administration.

#### DEPARTMENT OF HEALTH, **EDUCATION, AND WELFARE**

Office of Education

#### SPECIAL COMMUNITY SERVICE AND CONTINUING EDUCATION PROJECTS

Closing Date for Receipt of Applications

Notice is hereby given that pursuant to the authority contained in title V, parts B and C of the Economic Opportunity Act, as amended, applications are being accepted for Follow Through grants or contracts in the following three categories: (1) non-competing continuation grants or contracts for carrying out Follow Through programs, (2) non-competing grants or contracts for research and demonstration, and (3) grants or contracts for technical assistance to Follow Through programs.

In order to be assured of consideration for funding from appropriations for Fiscal Year 1975, applications for projects under the first two categories listed above should be received by the U.S. Office of Education Application Control Center on

or before March 10, 1975.

All other applications must be received by the U.S. Office of Education Application Control Center on or before March 10, 1975,

A. Applications sent by mail. An application sent by mail should be addressed as follows: U.S. Office of Education, Application Control Center, 400 Maryland Avenue SW., Washington, D.C. 20202, Attention: 13.433. An application sent by mail will be considered to be received on time by the Application Control Center

(1) The application was sent by registered or certified mail not later than March 5, 1975, as evidenced by the U.S. Postal Service postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service; or

(2) The application is received on or before the closing date by either the Department of Health, Education, and Welfare, or the Office of Education mail rooms in Washington, D.C. (In establishing the date of receipt, the Commissioner will rely on the time-date stamp of such mail rooms or other documentary evidence of receipt maintained by the Department of Health, Education, and Welfare, or the Office of Education).

B. Hand delivered applications. An application to be hand delivered must be taken to the U.S. Office of Education Application Control Center, Room 5673, Regional Office Building Three, 7th and D Streets SW., Washington, D.C. Hand delivered applications will be accepted daily between the hours of 8 a.m. and 4 p.m. Washington, D.C. time except Satthe minutes of the meeting to Committee urdays, Sundays, or Federal holidays.

Applications will not be accepted after 4 p.m. on the closing date.

C. Program information and forms. Information and application forms may be obtained from the Division of Follow Through, Bureau of School Systems, Office of Education, Room 3636, 7th and D Streets SW., Washington, D.C. 20202.

D. Enactment of Pub. L. 93-644. Applicants have constructive notice of the amendments to the Economic Opportunity Act affecting Follow Through which were enacted by section 8(a) of Pub. L. 93-644 (the "Community Services Act") on January 4, 1975. Among the changes made by those amendments are: extension of the legislative authority for Follow Through through fiscal year 1977, transfer of legislative authority for the administration of Follow Through from the Director of the Office of Economic Opportunity to the Secretary of Health, Education, and Welfare, and elimination of statutory geographic allotment criteria applicable to Follow Through.

E. Applicable regulations. Regulations for the Follow Through program were published as Notice of Proposed Rule Making, March 5, 1974 (39 FR 8341). A permanent final regulation, to be published and to be effective before the end of the current fiscal year, will govern the Follow Through program. Other regulations applicable to this program are contained in the Office of Education General Provisions Regulations (45 CFR

Part 100a).

F. Funding criteria. Projects for Follow Through grants will be funded according to criteria set forth in §§ 158.15, 158.42, and 158.52 of the Notice of Proposed Rule Making published in the FEDERAL REGISTER for the Follow Through program on March 5, 1974 (39 FR 8341). It is anticipated that a permanent final regulation for the Follow Through program, to be published and to become effective before the end of the current fiscal year, will contain funding criteria essentially the same as those published in the Notice of Proposed Rule Making.

G. Separate Identification of Cost of Entering Grades. Applicants for Follow Through grants under section 551(a) of the Economic Opportunity Act as amended (grants to local agencies and other organizations for the purpose of carrying out Follow Through programs) are requested to submit with their applications a budget which separately identifles, to the extent possible, the cost of the entry grade so as to facilitate adjustments due to limitations on available funds.

(Catalog of Federal Domestic Assistance No. 13.433; Follow Through)

(Title V, Parts B and C of the Economic Opportunity Act as amended (Pub. L. 93-644, section 8(a)).

Dated: February 3, 1975.

T. H. BELL. U.S. Commissioner of Education. [FR Doc.75-3731 Filed 2-7-75:8:45 am]

#### DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. 74-39; Notice 04]

FEDERAL MOTOR VEHICLE SAFETY **STANDARDS** 

Reconsideration of Seat Belt Warning System Requirements

This notice responds to petitions for reconsideration of an amendment of 49: CFR 571.208; Standard No. 208; Occupant: crash protection, that established optional seat belt warning system requirements until February 24, 1975, when the new optional requirements become mandatory. The petitions received from Peugeot, Inc., and Renault, Inc., to extend the optional period until June 3, 1975 (180 days following publication of the final rule), are denied:

The "Motor Vehicle and School Bus Safety Amendments of 1974" (15 U.S.C. § 1410(b)) require that, within 120 days of their enactment, Standard No. 208

not have the effect of requiring, or providing that a manufacturer is permitted to comply with the standard by means of, "continuous buzzer" warning system. This means that Standard No. 208 must not specify any "continuous buzzer" as a requirement or as an option after February 24, 1975.

The NHTSA concludes that these provisions clearly prohibit as a matter of law the Peugeot and Renault proposals to extend until June 3, 1975, the period for use of the present continuous buzzer. Accordingly the petitions of Peugeot and Renault for such an extension of the present options are denied.

(Secs. 103, 119, Pub. L. 89-563, 80 Stat 718 (15 U.S.C. 1392, 1407); Sec. 109, Pub. L. 93-492, 88 Stat 1470 (15 U.S.C. 1410(b)); delegation of authority at 49 CFR 1.51).)

Issued on February 3, 1975.

JAMES B. GREGORY. Administrator:

#### Hazardous Materials Regulations Board UNION CARBIDE CORP., INC. ET AL. Special Permits Issued

Pursuant to Docket No. HM-1, Rule-making procedures of the Hazardous Materials Regulations Board, issued May 22, 1968 (33 FR 8277) 49 CFR Part 170, following is a list of new DOT Special Permits upon which Board action was completed during January 1975.

Special permit	Issued to—Subject	Mode or modes of transportation
SP 6926	Union Carbida Corp., Bound Broak, N.J., to ship a Class B poisonous solid in a six-ply DOT Specification 44D extensible kraft paper bag having a minimum total basis weight of 320 pounds.	Motor vehicle, Rail freight.
SP 6027	Dow Chemical Co., Midland, Michigan, to ship Methyl bromide, liquid; and Methyl bromide and chlorpicrin mixture liquid in a non-DOT specification pertable tank having a design pressure of 175 paig and a capacity of 3,567 gallons.	Cargo vessel, Motor vehicle.
BP 6949	Mensanto Co., St. Louis, Missouri, to ship Elemental phosphorus in marine portable tanks, with external steam coils, each having a design capacity of 3.200 gallons.	Cargo vessel, Motor vehicle, Rail freight.
SP 6950	Ozark-Mahoning Co., Tulsa, Oklahoma, to ship Hexafluorophosphoric acid in 55-gallon capacity DOTriSpecification 6D cylindrical steel overpack with an inside specification 2SL polyethylene container. Maximum net weight 550 pounds.	Cargo vessel, Motor vehicle
SP 6960	Shippers registered with the Board, to ship certain corrosive liquids in non- DOT Specification stainless steel drams, tight-head, with rated capacity not exceeding 55-gallons.	Motor vehicle, Rail freight.
BP 6961		Cargo vessel Motor vehicle, Rail freight.
SP 6962	Sandia Laboratories, Albuquerque, N.M., to ship Argon or helinm in DOT Specification 3A A1500 or 3A A2000 cylinders forming an integral part of a leak transfer standard.	Motor vehicle,
SP 6965	National Aeronautics and Space Administration or the K2 Expeditionary Force, to make a onetime shipment of Oxygen in a limited number of non-DOT Specification seamless, aluminum high-pressure cylinders reinforced with continuous fiberglass filament winding embedded in epoxy resin.	Cargo vessel,

ALAN I. ROBERTS, Secretary.

CIVIL AERONAUTICS BOARD

[Order 75-2-18, Docket 27471]

CAPITOL INTERNATIONAL AIRWAYS, INC. Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 5th day of February, 1975.

By tariff revisions 1 filed January 10, 1975, for effectiveness February 10, 1975, Capitol International Airways, Inc. (Capitol) proposes new charges for cancellation of passenger charter contracts

1 Revisions to Capitol's Tariff C.A.B. No. 160 (Capitol Airways, Inc. series)

must have been amended so that it does prior to departure. The cancellation charges, proposed as fixed percentages of the total charter price, would be set at 10 percent for cancellation 61 to 89 days before departure; 25 percent for cancellations less than 61 days prior to departure; and 10 percent for cancellations at any time if the canceling charterer engages another carrier to perform the transportation contemplated in its contract with Capitol.2

In support of its proposal, Capitol alleges that the proposed charges are more favorable to the customer than those of other carriers. It alleges that liquidated damage cancellation conditions have been an important consideration for agents and chartering organizations proposing to contract for charter availability; and that its principal area of operation is dominated by large wholesalers who are capable of blocking a very significant proportion of a carrier's lift capability. Capitol further contends that, unless a firm commitment is secured by a substantial cancellation penalty, duplicating reservations and space blocking can occur on an indiscriminate basis. Because of the long lead time required in booking charters, this can allegedly create disastrous and last-minute gaps in a carrier's charter flight program. It asserts that in some markets a single cancellation may create an open ferry leg which could add in excess of \$25,000 per flight to the overall cost of operation.

The carrier claims that its business experience in the charter market makes it painfully clear that, absent a substantial cancellation charge, a higher "no show" and cancellation fallout rate will develop, as it has in the scheduled airline industry, and that this will be severely detrimental to the economic viability of the low cost charter industry. Finally, Capitol alleges that its proposed charges are the minimum necessary to assure that charterers make firm and not frivolous contracts for the company's charter availability.

No complaints have been filed.

Upon consideration of the tariff filing and all other relevant matters, the Board finds that the proposed charges may be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and should be investigated. The Board has also concluded to suspend the proposed charges as they would apply in interstate and overseas air transportation pending investigation.

As Capitol contends; the Board has permitted carriers to apply flat percentage charges for charter cancellations. However, we are not persuaded that the levels here proposed are either necessary to accomplish the stated purpose or reasonable. The maximum charge generally applied by charter operators is 10 percent for cancellation within two months

<sup>&</sup>lt;sup>2</sup> In effect, this latter charge is applicable only with respect to cancellations earlier than 89 days prior to departure.

of departure, which would appear sufficient to safeguard against frivolous charter contracts. Capitol has provided no data which would indicate that the costs actually incurred as a result of cancellation by the charterer warrant charges in the magnitude of 25 percent, or even 10 percent when the cancellation occurs more than two months prior to departure. Neither has Capitol advanced any basis for imposing a charge, whatever the level, simply because the charterer engages a different carrier upon its can-cellation with Capitol. In the absence of more explicit information, the Board concludes that the charges here proposed may constitute an unwarranted penalty for the charterer.

Accordingly, pursuant to the Federal Aviation Act of 1958, as amended, and particularly sections 204(a), 403, 404, and

1002 thereof,

It is ordered, That:

1. An investigation is instituted to determine whether the provisions of rule No. 44 on 1st Revised Page 13-A of Capitol International Airways, Inc's C.A.B. No. 160 (Capitol Airways, Inc., Series) and rules, regulations, or practices affecting such provisions, are or will be, unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly projudicial, or otherwise unlawful, and, if found to be unlawful, to determine and prescribe the lawful provisions and rules, regulations, and practices affecting such provisions in interstate transportation. the lawful minimum and/or maximum provisions in overseas transportation, and to take appropriate action to prevent the use of such provisions in foreign transportation:

2. Pending hearing and decision by the Board, the provisions of Rule 44 on 1st Revised Page 13-A of Capitol International Airways, Inc.'s C.A.B. No. 160 (Capitol Airways, Inc., series) are suspended insofar as they apply to interstate and overseas air transportation and their use deferred to and including May 10, 1975, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. The investigation ordered herein be assigned for hearing before an Administrative Law Judge of the Board at a time and place hereafter to be designated; and

4. Copies of this order be served upon Capitol International Airways, Inc., which is hereby made a party to this proceeding.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

EDWIN Z. HOLLAND, Secretary.

[FR Doc.75-3666 Filed 2-7-75;8:45 am]

[Order 75-2-22; Docket 25705]

NORTH CENTRAL AIRLINES, INC. Application for Realignment of Route 86; **Order Amending Certificate** 

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 5th day of February, 1975.

By Order 74-7-63, July 16, 1974, all interested persons were directed to show cause why the Board should not amend the certificate of public convenience and necessity for route 86 held by North Central Airlines so as to realign the carrier's system by consolidating its existing nine segments into one segment and by eliminating certain operating restrictions.

Objections have been filed by United Air Lines, Northwest Airlines, Frontier Airlines and North Central itself. Replies, accompanied by motions for leave to file, were submitted by Allegheny Airlines and the Flint, Michigan, Airport Commission. Subsequently, North Central moved for leave to reply to the objecting carriers which prompted United to move for leave to file a reply to North Central contingent upon the Board's acceptance of the latter's pleading. We have decided to grant the motions of Allegheny and the Flint Airport Commission and to accept their respective replies but to deny the motion of North Central. Consequently, United's contingent motion will be dis missed as moot. Allegheny and the Flint Airport Commission assert—correctly, in our estimation—that North Central, in its statement of objections to Order 74-7-63, raised matters regarding certain markets not previously in controversy in this realignment, Accordingly, good cause is demonstrated for acceptance of the otherwise unauthorized replies.1 On the other hand, North Central's justification for receipt of its responsive pleading is not persuasive in that it relies upon the fact that the Board provided for replies in the Allegheny Route Realignment order to show cause.' Nowhere in its motion does North Central allege that the objective carriers have made errors of fact or raised new matters not previously before the Board. In these circumstances, there is no purpose to be served by burdening the record with further responsive documents.

Upon consideration of the matters contained in the foregoing pleadings and all the relevant facts, we conclude that the tentative findings and conclusions set forth in Order 74-7-63 should be made final, except to the extent modified herein, and that an amended certificate in the form attached hereto should be issued to North Central.

#### Objections of Northwest

Northwest has renewed its objections to grant of nonstop authority in the Bismarck/Mandan (hereinafter Bismarck) -Grand Forks market and unrestricted one-stop authority in the Bismarck-

1 To the extent that the motions of Allegheny and the Flint Airport Commission rely upon the fact that replies were explicitly authorized by Order 73-10-24, October 4, 1973, in the Allegheny Route Realignment, we reject that justification. The Allegheny Realignment was substantially more complex and involved decisions by the Board in its order to show cause that had not been suggested by the pleadings. Procedural variations authorized in that case were the exception rather than the rule.

<sup>3</sup> See n. 1, supra. In the Frontier Route Realignment order to show cause, Order 73-12-45, December 11, 1973, which was issued two months after the Allegheny order, no replies

were authorized.

Minneapolis/St. Paul (Twin Cities) market. In support thereof, it is alleged that North Central would be able to mount a Bismarck-Twin Cities operation via Grand Forks directly competitive with Northwest's nonstop, one-stop and twostop service via Fargo and/or Jamestown (OAG, November 1, 1974). While North Central is presently authorized to offer one-stop Bismarck-Twin Cities service over the segment junction points Aberdeen and Minot, it is argued that the greater traffic pool available to support service over Grand Forks would induce North Central to institute directly competitive service in the Bismarck-Twin Cities market.\* Moreover, it is asserted that grant of nonstop Bismarck-Grand Forks authority to North Central would preclude Northwest, which must stop at the bifurcation point, Fargo, from obtaining similar authority because of the small size of the market (280 true O&D).

In view of Northwest's continuing objection and the fact that the level of traffic between Grand Forks and Twin Cities may induce North Central to provide service directly competitive with Northwest's, we will restrict North Central's one-stop Bismarck-Twin Cities authority by excluding Grand Forks as an intermediate stop. We will not, however, place any restriction upon North Central's Bismarck-Grand Forks authority. The tenor or Northwest's pleading suggests that its objection to nonstop authority for North Central in this market is lodged primarily to bolster its case in favor of a Bismarck-Twin Cities restriction rather than to preserve any future rights in this tiny Bismarck-Grand Forks market itself. We note, in this connection, that Northwest has not directed our attention to any pending application or motion to consolidate which constitutes a necessary predicate for any claim to comparative consideration. See Order 73-5-68, May 11, 1973. Moreover, we cannot conclude that the liberalization of North Central's authority in this realignment will, as a matter of eco-nomics, prevent any liberalization of Northwest's authority at some time in the future.

A total of 44,780 true O&D passengers traveled on the routing over Grand Forks as opposed to 34,350 over Minot and 29,750 over Aberdeen. (Consistent with Order 74-7-63, all O&D figures mentioned herein are for the year ended September 30, 1973. O&D Sur-

vey, Table 8.)

4 North Central has neither suggested nor demonstrated that there is a need for additional service in the market. In this regard, it may be noted that Northwest provides two nonstops and one two-stop eastbound and one nonstop and three one-stops westbound; in both directions the flights are well spaced throughout the day. OAG, November 1.

The Bismarck-Grand Forks market generates less than one daily passenger and the size and service in the local market would clearly not be determinative in deciding whether or not to modify Northwest's existing authority in the reasonably near future. Consequently, the case cited by Northwest to support its economic preclusion argument (Remanded Atlanta-Detroit/Cleveland/Cincinnati Investigation, Docket 20724), which involved competitive service between large. hubs, is inapposite.

Objections of Frontier

Frontier has interposed objections to grant of nonstop authority in the Bismarck-Kansas City market and unrestricted one-stop authority in the. Denver-Minot market. In support thereof, Frontier alleges, in the first case, that: North Central should not receive authority superior to Frontier's one-stop Bismarck-Kansas City authority and, in the second case, that unrestricted onestop Denver-Minot authority will expose Frontier's one- and multi-stop service to diversion. The Board is requested to maintain the mandatory stop at Twin Cities on flights between Denver and Minot. For the following reasons, we find. that Frontier's objections cannot be sustained.

First, the Bismarck-Kansas City market is extremely smil, having generated fewer than 10 daily passengers for the year ended September 30, 1973. Consistent with Board precedent, this is the type of market in which we believe it is ordinarily desirable to give the primary local service carrier unrestricted operating flexibility. See Order 73-12-45, December 11, 1973, p. 5. Moreover, Frontier has historically possessed extremely circuitous authority (one-stop via Denver) and has not participated in traffic to any measurable degree. Upon finalization of Frontier's route realignment, the carrier's best authority will be one-stop via Scottsbluff, or almost 50 percent more circuitous than North Central's present best authority, which is one-stop via Sioux City (North Central's one-stop

authority is only 3 miles longer than the. Bismarck-Kansas City nonstop distance). Therefore, Prontier's authority is essentially unusable vis-a-vis North Central's so that, in accord with Board precedent, improvement in North Central's authority is warranted on this basis in all but a technical sense. See Order 73-12-45 as p. 6. In view of North Central's historic participation, the improbability of diversion from Frontier, the past and prospective authority of each carrier and the size of the market, the proposed improvement is clearly warranted.

Second, it does not appear that Frontier's objection to "unrestricted" one-stop authority between Denver and Minot is well-founded. North Central will be precluded from offering one-stop service over Rapid City, the most logical and least circuitous intermediate; because all Denver-Rapid City flights are two-stop restricted. Service between Denver and Minot over Pierre or Bismarck; the next least circuitous intermediates, is also restricted." Therefore, North Central's best authority in terms of both circuity and available traffic would be one-stop over Aberdeen, a distance of 749 miles with an available true O&D traffic pool of 8,340.11 In contrast, Frontier's existing one-stop service over Rapid City entails a trip length of 613 miles and affords access to 32,990 true O&D passengers.<sup>13</sup> As a matter of economic reality, North Central will not be in a position to mount an operation in the Denver-Minot market that could divert a measurable amount of traffic from Frontier's nonstop and noncircuitous one-stop service. Accordingly, Frontier's objection mus the overruled.

Objections of United

United has objected to the improved authority proposed by the Board in eleven markets: Omaha-Grand Rapids/Lansing/Muskegon/Saginaw-Bay City-Midiand (herinagter Saginaw-South Bend; Denver-Grand Rapids/Lansing/Muskegon; and New York-Flint/Muskegon/Saginaw.

1. Omaha Markets. United takes issue with our statement in Order 74-7-63, at 5, that "no single-carrier service, either single-plane or on-line connecting" is offered in the Omaha markets and, in support of its argument, refers to Attachment A to its response dated November 14, 1973, and includes as exhibits copies of its city timetables distributed to the general public in the cities in question. Attachment A (Exhibit 2 in its statement of objections) indicated nothing more than the fact that a United.

flight serving Omaha and a United flight serving a Michigan/Indiana point would connect somewhere. As United is undoubtedly aware, the only published connecting schedules commonly noticed by the Board are those appearing in the Official Airline Guide and it was upon these that the Board relied in its order to show cause. United has now offered copies of its city timetables in Exhibit 3 which do, indeed, indicate that on-line connections of varying quality are available over Chicago; these timetables may be discussed herein to the extent that they are relevant.

More to the point, United alleges that it provides a level of service commensurate with the size of the Omaha markets, that it carriers virtually all of the local and connecting on-line O&D traffic and that award of better than two-stop authority to North Central cannot be justified. We disagree. Because of the operation of other restrictions upon North Central's flexibility, one-stop restrictions in the five Omaha markets are more than adequate to protect United from unwarranted diversion. Accordingly, our proposed nonstop authority in the Muskegon, Saginaw and South Bend markets will be modified to one-stop.

Realistically, North Central cannot be expected to mount one-stop operations in these markets for other than aircraft routing purposes because the traffic flow is so thin 14 and there are no strong intermediates available. For example, neither Chicago, Milwaukee, Twin Cities nor Madison can serve as the sole intermediate because of proposed restrictions between each of those points and Omaha or between each and the Michigan/ Indiana points. See Order 74-7-63. Appendix E. Service over any other point-Rechester, for example—would not be supported by appreciable traffic and would be more circuitous than United's one-stop connections over Chicago. In sum, if and when the Omaha-Michigan/ Indiana markets merit single-plane service; United, by virtue of superior authority (one-stop over Chicago), historicparticipation and access to more traffic, will be able to tap the markets without fear of directly competitive service by North Central.

2 Denver Markets. In the Denver-Grand Rapids/Lansing/Muskegon markets United has renewed its objection to the Board's proposal to grant one-stop authority (provided that the one-stop may not be Twin Cities). We have determined that United's position has merit although not necessarily for the reasons offered by United.

<sup>\*</sup>Frontier characterizes his grant of nonstop authority as an inadvertent exclusion. from those city-pairs subject to a one-stop restriction on the ground that North Central itself did not seek nonstop rights. In its detailed response to Order 78-9-66, September 17, 1973, North Central did request nonstop authority between Bismarck: and Kanasa: City (Exhibit NCA-B-200, p. 7) but Frontier did not answer in opposition. Nevertheless, Frontier's objection will be considered herein on the marits.

<sup>\*</sup>Trontier incorrectly characterizes its best Denver-Minot authority as one-stop. By Order 74-5-73, May 14, 1973, the Board granted exemption authority for Frontier to overfly Bismarck on flights between points on segment 7 and points on segment 8 thereby permitting nonstop Denver-Minot service which Frontier does, in fact, provide. OAG, November 1, 1974. Moreover, the Board has proposed to make such authority permanent in the Frontier Route-Realignment, Order 73-12-45.

<sup>\*</sup>Frontier requests a hearing in the event its two proposed restrictions are not adopted. However, Frontier has presented no testimony; statistical data, or evidentiary support for its objections as required by the terms of the Show Cause. In our judgment, the policy upon which we proposed to modify North Central's authority is well established in Board practice, the facts are readily apparent so that no dispositive factual issues need be resolved, and an evidentiary hearing would serve no useful purpose.

would serve no useful purpose.

For year ended September 30, 1973,
Frontier carried only 100 of the 2510 local
and connecting on-line O&D passengers
while North Central carried the balance.
O&D Survey, Table 10.

<sup>\*</sup>Denver-Pierre: one-stop; Denver-Bismarck: two-stop; Order 74-7-63, Appendix

Denver-Minot, 6,070; Denver-Aberdeen, 1,660; Aberdeen-Minot, 610.

Denver-Minot, 6,070; Denver-Rapid City, 25,100; Rapid City-Minot, 1,820. As noted at n. 7, supra, Frontier also operates a daily Denver-Minot nonstop round trip which serves Winnipeg, Canada, beyond Minot.

<sup>&</sup>lt;sup>18</sup> For the record, it should be noted that United chose not to pay for publication of these connections in the OAG, undoubtedly because of the small size of the markets. If the markets were generating at least 850 local O&D passengers per quarter, in view of the absence of single-plane service, publication in the OAG would have been automatic with no charge to United.

Musha-Grand Rapids, 2240; Lansing, 1510; Mushagon, 470; Saginaw, 1320; South Bend, 1860. See Order 74-7-68, Appendix B.

First, in United's other three Denver-Michigan/Indiana markets (i.e., Flint, Saginaw and South Bend), North Central itself proposed two-stop unrestricted authority to which United did not object." There is no apparent explanation for North Central's request for one-stop authority in three city-pair markets when it had voluntarily limited itself to two-stop authority in three others under essentially identical circumstances. Since the Board's realignment program is directed primarily toward removal of specific named intermediate points in order to afford some operating flexibility, restricting North Central to two-stop authority in all Denver-Indiana markets certificated to United will not detract from our principal objective.

Second, the Denver markets are much larger than the Omaha markets and, with one-stop authority, North Central might be encouraged to enter into competition with United. For example, a Denver-Green Bay-Grand Rapids service would afford access to more than 17,000 true O&D passengers.16 While United now carries virtually all Denver-Grand Rapids traffic, North Central carries virtually all Denver-Green Bay and Green Bay-Grand Rapids traffic, offering daily sin-gle-plane service in both markets." It would seem to be a relatively easy matter to alter this service pattern to accommodate at least one daily Denver-Grand Rapids one-stop through round trip which, coincidentally, would entail a trip length only 48 miles longer than United's one-stop connecting service over Chicago but with a considerable saving in time for the passenger who would not have to change planes. This is the type of potential competitive impact which the Board has sought to avoid in realigning routes under nonhearing procedures. Accordingly, North Central's Denver-Grand Rapids/Lansing/Muskegon authority will be restricted to two-stop as requested by

3. New York/Newark Markets. In the third group of markets-New York-Flint/Muskegon/Saginaw-United seeks to have the Board retain the present Milwaukee stop requirement imposed upon all flights serving New York by virtue of North Central's separate Milwaukee-New York segment.19 United alleges, inter alia, that the proposed improvement (two-stop authority in New York-

Flint, one-stop in New York-Muskegon/ Saginaw) is not supported by the Board's realignment rationale and that more than \$3 million of United's revenues would be subject to diversion. In its answer to United's pleading, the Flint Airport Commission expresses its support for the Board's tentative decision.

We have determined to accdee to United's objections. As in the case of the Denver markets, supra, some of the services North Central could operate pursuant to the authority proposed in the show cause order would afford access to sufficiently large pools of traffic, and would be sufficiently noncircuitous, to raise a distinct possibility that they might become significantly competitive with United's existing services. For instance, a Muskegon-Kalamazoo-New York service by North Central would have access to a total of 19,300 O&D passengers and would be only 2 percent more circuitous than United's best connecting service over Cleveland, Similarly, a Saginaw-Jackson-New York service would have access to 29,080 O&D passengers and would be only 15 percent more circuitous than United's nonstop flight. Finally, a Flint-Saginaw-Jackson-New York service, although 24 percent more circuitous than United's existing onestop flight via Cleveland, would have access to 44,790 O&D passengers.19 We do not undertake to determine whether such services would in fact, or would probably, inflict significant diversion on United; it is enough here that the possibility of such diversion is sufficiently plausible that the Board does not consider it appropriate to employ nonhearing procedures to grant improved authority in potential competitive markets. Accordingly. North Central's existing Milwaukee stop restriction will be retained in these markets as it has been in all of North Central's other Michigan/Indiana/Ohio-New York competitive markets.2 Objections of North Central

North Central's objections and Allegheny's reply thereto are directed toward nine markets " which were also in controversy in the Allegheny Route Realignment. In our order on reconsideration. Order 74-10-60, October 10, 1974, we refused to accede to North Central's objection to improvement of Allegheny's authority in these nine markets which was couched in terms of (1) the Ashbacker doctrine and (2) the Board's allegedly erroneous reliance upon North Central's initial acquiescence. We stated that,

first, the Ashbacker doctrine was not aplicable and, second, that our decision to improve Allegheny's authority by removing named stop restrictions (Indianapolis, in each case) was based upon consideration of the "merits in light of the carrier's route structure and the dissimilarity of North Central's route structure." Order 74-10-60 at 12. We did, however, assert that North Central's case for improved authority would be fully examined on the merits in its own realignment proceeding. Upon consideration of the facts enumerated below, we have determined to retain the Milwaukee stop restriction in the Grand Rapids-New York, South Bend-New York and Chicago - Cincinnati/Columbus/Dayton markets but to grant North Central the authority it seeks in the Grand Rapids/ Bend-Columbus/Dayton South

The Grand Rapids/South Bend-Columbus/Dayton markets are minor markets and, as such, do not present competitive considerations of a significant magnitude. Nevertheless, we have retained named intermediate points in several such markets when it has appeared that a competitor's objections were well-grounded. Here, however, they are not. In the two Grand Rapids markets, North Central presently offers some single-plane service while Allegheny does not serve these two markets at all (OAG, November 1, 1974) and is, in fact, suspended completely at Grand Rapids." In addition, North Central participates to a much greater degree in local and connecting on-line O&D in the two markets than does Allegheny,24 which fact also supports its requests for improved authority. Thus, while Allegheny has possessed less circuitous authority, it has made no effort to serve the Grand Rapids markets while North Central has. Accordingly, we discern no reason to "protect" Allegheny by restricting North Central.™

Similarly, the South Bend-Columbus/ Dayton markets are extremely small, having generated only 1390 and 670 true O&D passengers in the year ended September 30, 1973. No single-plane service is offered by any carrier but United carried virtually all of the on-line local and connecting passengers by necessarily circuitous connections. As in the case of Grand Rapids, Allegheny is now suspended at South Bend." Grant of unre-

<sup>36</sup> North Central's current best single-plane authority in these Denver markets is:

three-stop (Twin Cities+1+Detroit)

Grand Rapids: two-stop (Twin Cities+1). Lansing: two-stop (Twin Cities+1). Muskegon: two-stop (Twin Cities+1) Saginaw: th three-stop (Twin Cities+1

South Bend: two-stop (Twin Cities+).

<sup>16</sup> Denver-Green Bay, 3190; Denver-Grand Rapids, 7560; Green Bay-Grand Rapids, 6400.

<sup>&</sup>lt;sup>17</sup> Denver-Green Bay, one-three-stop round trip and one additional two-stop flight eastbound: Green Bay-Grand Rapids, three nonstop round trips.

<sup>&</sup>lt;sup>18</sup> Twin Cities-Milwaukee Long-Haul Investigation, Order 70-6-36, decided June 4,

<sup>10</sup> Although the hypothetical two-stop Flint-New York service described above may appear somewhat improbable, the fact that United's existing Flint-New York flight is operated pursuant to a Board adequacy-ofservice order is entitled to substantial weight on the other side.

<sup>20</sup> Since the Milwaukee restriction will patently suffice to preclude any competitive impact on United, we will not require an additional stop in the Flint-New York or South Bend-New York markets.

<sup>21</sup> Chicago - Cincinnati/Columbus/Dayton; Grand Rapids-Columbus/Dayton/New and South Bend-Columbus/Dayton/ New York.

one-stop; 22 Grand Rapids-Columbus, Grand Rapids-Dayton, nonstop; Scuth Bend-Columbus/Dayton, nonstop.

<sup>\*\*</sup>Order 74-1-5, January 2, 1974.

\*\*O&D Survey, Table 10 (Y.E. September 30, 1973). In the Columbus market, North Central and United each carried about 40 percent of such traffic, Allegheny about 10 percent. In the Dayton market, United, North Central and Allegheny carried about

<sup>70, 21,</sup> and 6 percent, respectively.

25 We note that United, which possesses one-stop authority over Chicago, the segment junction point, did not object to improvement of Allegheny's authority in these markets and, presumably, will not object to improvement of North Central's.

See n. 23, supra.

stricted authority in these two markets to North Central could hardly have competitive implications but might, on the positive side, encourage the carrier to offer some improved single-plane service beyond the two markets to points north and northwest. In contrast, Allegheny's system lies largely to the east of Ohio; therefore, in the unlikely event that Allegheny were to route aircraft over these markets, its effort would undoubtedly be to flow passengers in an entirely different direction. For the foregoing reasons and in view of other general principles of the Board's realignment policy, North Central will receive the authority it seeks in the Grand Rapids/South Bend-Columbus/Dayton markets.

North Central's request for unrestricted one-step authority in the Grand Rapids/South Bend-New York markets will be denied." Irrespective of our action in the Allegheny Route Realignment, the authority of, and service provided by, United in these markets warrants retention of the Milwaukee stop requirement. First, it must be noted that North Central agreed to such a restriction not solely on the basis of Allegheny's objection but also (perhaps primarily) on the basis of United's objection." Second, we have already considered and accepted United's objections to removal of the Milwaukee stop restriction in other relatively large Michigan-New York markets; the reasoning, discussed above, is equally applicable to the instant markets." Finally, United has objected to improvement in North Central's authority in these markets even though it did not object to improvement in Allegheny's and this factor must be considered as militating against grant of North Central's request.

Last, we have decided to retain the Milwaukee stop restriction in the Chicago-Cincinnati/Columbus/Dayton markets, principally for reasons similar to those articulated in connection with our discussion of the New York-Michigan markets. Again, these are large markets and North Central's best authority

"We will, however, eliminate the require-

serve a second intermediate point in addition to Milwaukee. Since North Central will have

would be anomalous and, obviously, is un-

unrestricted authority between South Bend and Milwaukee and between Milwaukee and

New York, the imposition of an additional stop requirement on flights serving both South Bend and New York over Milwaukee

\*See Reply of North Central, dated August 27, 1973 at p. 8 (leave to file granted

The Grand Rapids/South Bend-New York

markets are significantly larger than the Flint/Muskegon/Saginaw-New York mar-

Flint/Muskegon/Saginaw-New York mar-kets; therefore, North Central's incentive to

initiate one-stop service, albeit over a weak,

slightly circuitous intermediate such as Jackson, will be fairly great.

Chicago-Cincinnati: 202,370 true O&D:

that South Bend-New

necessary. See n. 20, supra.

under its own proposal, one-stop unre-stricted, would be only slightly circuitous." Although North Central's penetration of these markets would necessarily be quite limited in view of the volume of nonstop service they now receive from other carriers, we cannot say for certain that the competitive impact would be completely negligible in the particular context of a grant of improved authority by nonhearing procedures. In a case where hearing procedures were to be or had already been followed, of course, different standards would apply.

echnical Amendments

North Central suggests four additional minor changes which it characterizes as technical amendments. The first involves effectuation of the final decision in the Wisconsin Points Dehyphenation Case, Docket 21115, Order 74-7-45, July 11, 1974, while the other three involve minor modifications of the restrictions in the Fargo-Detroit/Twin Cities/Milwaukee markets. These four changes will be adopted.

Requirement of a Hearing

Finally, United has again questioned the appropriateness and legality of show cause procedures to realign route systems, implying that the Board may not deny its requests for the retention of restrictions absent a hearing. This issue has been considered in some detail and United's arguments have been rejected. See Order 74-10-60, October 10, 1974, at 3-4. We believe that all statutory mandates have been fulfilled, both to the letter and in spirit, and that the procedures utilized are otherwise fully consistent with general principles of due process.

For purposes of determining a license result of the new authority granted herein, will be within the \$100,000 to \$1,000,000 range.<sup>32</sup>

Accordingly, It is ordered, That:

1. The tentative findings and conclusions set forth in Order 74-7-63, July 16, 1974, as modified herein, be and they hereby are made final;

convenience and necessity for route 86 in the form attached hereto be issued to North Central Airlines, Inc.;

fee in accordance with the schedules set forth in section 389.25 of the Board's Organization Regulations (14 CFR 389.25), it is found that the additional gross transport revenues for the first full year of operations by North Central, as a

2. An amended certificate of public

<sup>31</sup> Under its proposal, North Central's least circuitous one-stop authority in the Chicago-Columbus/Dayton markets would be via South Bend. In the Chicago-Cincinnati market, because of a one-stop restriction on South Bend-Cincinnati flights, the carrier's least circuitous one-stop service would be via eBnton Harbor or alamazoo, entailing a relatively small increase in mileage

\$100,000; however, we cannot accept such a conservative estimate in light of the extent of liberalization of the carrier's authority.

25 Filed as part of original document.

3. Such certificate shall be signed on behalf of the Board by its Secretary, shall have affixed thereto the seal of the Board and shall be effective 60 days after service of this order: Provided, however, That the effective date of said amended certificate shall be postponed automatically until further Board order if the appropriate license fee is not paid pursuant to section 389.21(b) of the Regulations:

4. The motion of Allegheny Airlines, Inc. for leave to file an unauthorized reply and the motion of the Flint, Michigan, Airport Commission for leave to file an unauthorized answer be and they hereby are granted;

5. The motion of North Central Airlines, Inc. for leave to file an unauthorized reply be and it hereby is denied:

6. The contingent motion of United Air Lines, Inc. for leave to file an otherwise unauthorized document be and it hereby is dismissed; and

7. A copy of this order shall be served upon the parties listed in Appendix B. This order shall be published in the

FEDERAL REGISTER.

  - 2. Actions similar to those for which a significant number of
    - statements have been filed—Continued b. Brief Reason for Determination: This long-range program for the con-struction of approximately 3,000 military family housing units on a 750 acre site at Fort Stewart was carefully assessed and the commander determined that it will cause no significant adverse effects which cannot be avoided. Design of the project will include measures to minimize all avoidable adverse environmental
      - a. Family housing construction program, Fort Polk, La.

effects.

- b. Brief reason for determination: This long-range program for the construction of 3,000 to possibly 4,000 family housing units is to provide housing for officers, enlisted men and their families. The construction will be accomplished on the military reservation. Design of the project will include features to minimize all avoidable adverse environmental effects. A careful assessment of the project was made and the commander determined that it would cause no significant adverse environmental
- impact.

  a. Proposed legislative change to Clean Oct. 1974. Air Act.
- b. Brief reason for determination: The proposed change to the Clean Air Act would exclude military designed tactical vehicles from post 1974 emission standards. The small number of vehicles involved and their locations will not have a significant impact on ambient air quality.
- a. Control of blackbirds, Fort Campbell, Ky. and Milan Army Ammunition Plant, Tenn.
- b. Brief reason for determination; The project proposed spraying the star-lings and other blackbirds with a biodegradable detergent wetting agent which, when associated with certain weather conditions, subjects the birds to a quick death. The material used will have insignificant impact on nontarget animals and will not degrade air or water quality or damage plant life. The animals are destructive to the local farmers, produce filth and are generally hazardous to high speed aircraft and to the health of the local inhabitants and their live stock. A negative declaration was published in the FEDERAL REGISTER on Oct. 21, 1974.
- a. Renewal of lease, Fort Bliss, Tex\_\_\_\_
- b. Brief reason for determination: This 66,000 acre maneuver area (No. 2) has been leased by the Army from private landowners for a significant period of time. The environmental assessment of the proposed action to renew the leases concluded that the action including the land use would not cause a significant impact on the environment

Department of the Navy

# July to September 1974

(A) Final statements: Subject: "U.S. Navy Atlantic Fleet Air Combat Maneuvering Range, Atlantic Ocean Training Area". Date filed: 9 July 1974. Subject: "TRIDENT Support Site, Bangor, Washington". Date filed: 19 July 1974. Subject: "Camping Facility, Naval Air Station, Miramar, California". Date filed: 27 August 1974.

(b) Draft statements: Subject: "Berthing Pier No. 7, U.S. Naval Station, San Diego, California". Date filed: 30 July 1974. Subject: "Navy Family Housing, U.S. Naval Weapons Station, Charleston, S.C.". Date filed: 13

September 1974.

(c) Statements under preparation: Subject: Final EIS for "Berthing Pier No. 7, U.S. Naval Station, San Diego, California". Projected date: November 1974. Subject: Final EIS for "Land Acquisition and Construction of Two Helicopter Outlying Fields, Naval Air Station, Whiting Field, Milton, Florida". Projected date: January 1975. Subject: Final EIS for "Naval Submarine Base, New London, Groton, Connecticut". Projected date: January 1975.

Subject: Final EIS for "Improvement/Addition of Ship Berthing Spaces, Naval Station, Norfolk, Virginia." Projected date: January 1975. Subject: Final EIS for "Off-Road Vehicle Use, Naval Weapons Center, China Lake, California". Projected date: February 1975. Subject: Final EIS for "Abrasive Blasting of Ships Hulls" Projected date: June 1975. Subject: Final EIS for "Continued Use of Farallon de Medinila Bombardment Range, Marianas Islands". Projected date: December 1974. Subject: Draft EIS for "Proposed New Ammunition Facility at the Naval Air Station, North Island, San Diego, California". Projected date: November 1974. Subject: Draft EIS for "Uniformed Services University of the Health Sciences, Bethesda, Md.". Projected date: November 1974. Subject: Draft EIS for "Naval Personnel Administrative Complex, Belle Chasse, Louislana." Projected date: January 1975. Subject: Draft EIS for "Navy Family Housing at Forth Story, (Virginia Beach), Virginia.". Projected date: January 1975.

(d) List of actions for which a statement is not required: Subject: "CH-53E Helicopter System". Date of determination: 11 July 1974. Brief Reason for determination: Action did not constitute a "major Federal action significantly affecting the quality of the human environment" as operational usage does not indicate any direct or secondary impact and engines utilized will be designed for minimal pollutant (exhaust) emissions.

Subject: "Community Support Facilities and Land Acquisition, Naval Submarine

Base, New London (Groton), Connecticut". Date of determination: 9 August 1974. Brief reason for determination: Action was discussed in the Draft EIS for "Naval Submarine Base, New London" filed on June 19, 1974 and accordingly did not require decision for Draft EIS.

None.

None.

Subject: "DD 963 Class Ships". Date of determination: 9 August 1974. Brief reason for determination: Not considered a major Federal action significantly affecting the quality of the human environment as this class ships will incorporate the latest in pollution abatement devices as:

ution abatement devices as:

(1) Utilization of gas turbine engines
(burning distillate fuels) which are significantly cleaner (with respect to exhaust pol-

lutants) than their predecessor;
(2) Sewage collection/incineration systems facility no overhead discharge in port

or while operating in the contiguous zone;
(3) Trash compacted for ultimate disposal ashore whenever feasible;

(4) Olly ballast minimized through revised refueling procedures;

(5) Oily blige discharge minimized through provision of 9,000 gallon capacity holding tanks; and

(6) Plans for backfitting with oil/water separators and oil content monitors when

separators and oil content monitors when such devices are approved for military use. Subject: "AIM-9L (Air-to-Air) Missile". Date of determination: 9 August 1974. Brief reason for determination: Not considered a major action significantly affecting the quality of the human environment as peacetime use is primarily associated with training at an established and dedicated target range. Any minor "contamination" occurring unfortunately is a "fact of life" as dictated by the defense mission.

1. Actions which normally require a statement: Subject: "Dredge Piers SIERRA and TANGO, Naval Station, Charleston, S.C." Date of determination: 11 July 1974. Brief reason for determination: Proposed action did not constitute a "major Federal action significantly affecting the quality of the human environment" as:

Disposal of spoils was to be accomplished in an approved EPA site;
 A Corps of Engineers permit had been

(3) There were no identifiable "significant" impacts;

(4) The alternatives considered were not preferrable to the proposed action; and

(5) There was no evidence of "environmental controversy".

Subject: "Dredging at Naval Amphibious Base, Little Creek, Va." Date of determination: 9 August 1974. Brief reason for determination: Action was not considered a major Federal action significantly affecting the quality of the human environment as:

(1) Dredging was to involve removal of

(2) Spoil disposal was consistent with current EPA standards for land disposal;

(3) Dredging (and subsequent beach replenishment) is the preferred alternative; and

(4) There was no identifiable degradation or impact vs. long-term productivity and timing of the project would minimize any minor direct environmental impact.

Subject: "Land Acquisition for the Naval Research Laboratory at Leesburg, Fla.". Date of determination: 9 August 1974.

Brief reason for determination: Action would only change ownership of land and improvements (where Navy has been conducting underwater acoustic experiments) from private hands to government rolls. No change to existing site characteristics were involved or scheduled.

Actions similar to those for which a significant number of statements have been filed:

a. Subject: "Navy Family Housing Construction for Murphy Canyon Heights, Naval Complex, San Diego, California." Date of determination: 11 July 1974. Brief reason for determination: Proposed construction did not constitute a major Federal action significantly affecting the quality of the human

environment as:

(1) The action was consistent with appli-

cable land use plans and policies;
(2) There were no identifiable primary impacts;

(3) Secondary impacts were not considered significant;(4) Alternatives considered might have a

more adverse environmental impact; and
(5) There was no evidence of "controversy

with regard to environmental impact."
Subject: "Family Housing Project, Marine Corps Air Station, Cherry Point, North Carolina." Date of determination: 2 August 1974. Brief reason for determination: Proposed action will provide for replacement housing and will not add to the total housing at the station. There was no evidence of environmental controversy.

Subject: "Mobile Home Park, Marine Corps Recruit Depot Parris Island, South Carolina." Date of determination: 2 August 1974. Brief reason for determination: Proposed action will provide for replacement mobile home spaces and will not add to the total spaces available at the activity. There was no evidence of environmental controversy.

Subject: "Land Acquisition for the Naval Research Laboratory at Leesburg, Fla." Date of determination: 9 August 1974. Brief reason for determination: Action would only change ownership of land and improvements (where Navy has been conducting underwater acoustic experiments (from private hands to government rolls). No change to existing site characteristics were involved or scheduled.

Subject: "Mobile Home Park, Naval Weapons Station, Charleston, South Carolina." Date of determination: 9 August 1974. Brief reason for determination: This proposal, for 60 mobile home parking "spaces" was to utilize 13 of an estimated 9,000 acres in a forest management area at the Weapons Station, and accordingly note a very minor direct impact. Secondary impacts were also minimal, the predominant factor providing less than .01% of expected 1976 county enrollment into local schools.

Subject: "Mobile Home Park, Naval District, Washington, D.C.". Date of determination: 24 September 1974. Brief reason for determination: Action proposed to use existing Navy, substandard trailer park for renovation of 24 mobile home parking "spaces."

Accordingly, little if any impact on the quality of the human environment is in-volved, and in fact, action is an improvement due to the incorporation of updated and

more modern utilities/services.
Subject: "Mobile Home Park, Naval Weapons Station, Yorktown, Virginia.". Date of determination: 24 September 1974. Brief reason for determination: Action proposed to use existing, Navy substandard housing project for removal and renovation to provide for 40 mobile home parking spaces. Accordingly, little if any impact on the quality of the human environment is involved, and in fact, action is an improvement due to incorporation of updated and more modern utilities/services.

Subject: "Mobile Home Park, Naval Air Station, Alameda, California". Date of determination: 24 September 1974. Brief reason for determination: Identical case with Yorktown, Virginia, project as identified above.

Subject: "Navy Family Housing, Naval Facility, Nantucket Island, Massachusetts". Date of determination: 24 September 1974.

Brief reason for determination: Not considered a major action significantly affecting the quality of the human environment as 18 new units proposed will be constructed at (and as an addition to) existing housing on naval property with no secondary impacts identified. The basic differences in impacts being that families will remain through the summer season instead of vacating the island.

Subject: "Mobile Home Housing Project, Marine Corps Base, Camp Lejeune, North Carolina." Date of determination: 30 September 1974. Brief reason for determination: Proposed action provides for construction of mobile home sites on an existing but abandoned trailer park site. There were no identifiable significant impacts. For example, school loadings would not be changed as the

Federal

Authorized

children who will be located on the site are already located in the area and are enrolled in the local schools. In addition there was no evidence of environmental controversy.

Actions previously announced as requiring a statement: Final statement. Sub-ject: "Navy Family Housing Project, Naval Air Station, Glenview (at Fort Sheridan) Illinois." Date of determination: 15 July Illinois." Date of determination: 15 July 1974. Brief reason for determination: Requirement for Navy Family Housing was cancelled by the Department of Defense

4. Actions for which the CEQ requested a statement. None identified

#### DEPARTMENT OF TRANSPORTATION

URBAN MASS TRANSPORTATION ADMINISTRATION

LIST OF PROJECTS FOR PREPARATION OF EIS

In accordance with the CEQ Guidelines of August 1, 1973, this Office is sending you a list of projects requiring administrative actions for which environmental impact statements are being prepared for the third quarter.

1. Draft EIS on Transit-Mall Project by Tri-County Metropolitan Transportation Dis-

trict, Portland, Oregon.
2. Draft EIS on Embarcadero Spur Storage for Light Rail Vehicles, San Francisco, California.

3. Draft EIS on Extension to Shady Grove, Washington Metropolitan Area Transit Authority, Washington, D.C.

4. Supplemental EIS on Changes to MARTA

East-West Line, Atlanta, Georgia.

Projects which were previously reported for second quarter but now held in abeyance

until further notice are:
1. Draft EIS on Proposed Central Area Transit Project, Chicago, Illinois.

2. Draft EIS of Plainfield Corridor Extension PATH System Port Authority of New

York & New Jersey.
3. Draft EIS on Second Avenue South Project, New York City Transit Authority.

4. Final EIS on Center City Commuter Rail Connection, Philadelphia, Pennsylvania.

# **ENVIRONMENTAL PROTECTION AGENCY**

[FRL 331-7] BASF WYANDOTTE CORP.

# **Establishment of Temporary Tolerance**

SF Wyandotte Corp., 100 Cherry Road, Post Office Box 181, Parsip-, NJ 07054, submitted a petition (PP 43) requesting establishment of a orary tolerance for negligible resiof the herbicide fluchloralin (N-(2coethyl) -a,a,a - trifluoro-2,6-dinitroopyl-p-toluidine) in or on the raw cultural commodity soybeans at 0.05 per million.

has been determined that a temry tolerance for negligible residues of herbicide in or on soybeans at 0.05 per million will protect the public th. It is therefore established as rested on condition that the herbicide sed in accordance with the temporary nit being issued concurrently and ch provides for distribution under the SF Wyandotte Corp. name.

his temporary tolerance expires Feby 4, 1976.

esidues remaining in or on the above agricultural commodity after expiraof this temporary tolerance will not onsidered actionable if the pesticide egally applied during the term, and in ordance with provisions of the temary permit/temporary tolerance.

his action is taken pursuant to proviis of the Federal Food, Drug, and Costic Act (sec. 408(j), 68 Stat. 516; (21 S.C. 346a(j))), the authority transed to the Administrator of the Enonmental Protection Agency (35 FR 23), and the authority delegated by Administrator to the Deputy Assist-Administrator for Pesticide Programs FR 18805).

Dated: February 4, 1975.

EDWIN L. JOHNSON. Acting Deputy Assistant Administrator for Pesticide Programs.

[FRL 331-5; OPP-32000/185]

RECEIPT OF APPLICATIONS FOR PESTICIDE REGISTRATION

Data To Be Considered in Support of **Applications** 

On November 19, 1973, the Environental Protection Agency (EPA) pub-

lished in the FEDERAL REGISTER (38 FR 31862) its interim policy with respect to the administration of section 3(c) (1) (D) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This policy provides that EPA will, upon receipt of every application for registration, publish in the FEDERAL REGISTER a notice containing the information shown below. The labeling furnished by the applicant will be available for examination at the Environmental Protection Agency, Room EB-31, East Tower, 401 M Street SW., Washington, D.C. 20460.

On or before April 11, 1975, any person who (a) is or has been an applicant, (b) believes that data he developed and submitted to EPA on or after October 21, 1972, is being used to support an application described in this notice, (c) desires to assert a claim for compensation under section 3(c)(1)(D) for such use of his data, and (d) wishes to preserve his right to have the Administrator determine the amount of reasonable compensation to which he is entitled for such use of the data, must notify the Administrator and the applicant named in the notice in the FEDERAL REGISTER of his claim by certified mail. Notification to the Administrator should be addressed to the Information Coordination Section, Technical Services Division (WH-569), Office of Pesticide Programs, 401 M Street SW., Washington, D.C. 20460. Every such claimant must include, at a minimum, the information listed in the interim policy of November 19, 1973.

Applications submitted under 2(a) or 2(b) of the interim policy will be processed to completion in accordance with existing procedures. Applications submitted under 2(c) of the interim policy cannot be made final until the 60 day period has expired. If no claims are received on or before April 11, 1975, the 2(c) application will be processed according to normal procedure. However, if claims are received within the 60 day period, the applicants against whom the claims are asserted will be advised of the alternatives available under the Act. No claims will be accepted for possible EPA adjudication which are received after April 11, 1975.

Dated: February 3, 1975.

JOHN B. RITCH, Jr., Director, Registration Division.

[FR Doc.75-3621 Filed 2-7-75;8:45 am]

#### [FRL 333-5; OPP-210004] LOUISIANA

# Application for Emergency Exemption To Use DDT for Control of Tobacco Budworm on Cotton; Public Hearing

Pursuant to section 21 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973), notice is hereby given that the Environmental Protection Agency (EPA) will hold public hearings February 27-28, 1975, in Baton Rouge, Louisiana, and March 3, 1975, in Washington DC, regarding the State of Louisiana's application for an emergency exemption pursuant to section 18 of the FIFRA to allow the use of DDT for control of tobacco budworm on cotton this year. An announcement of the receipt of this application is published elsewhere in today's FEDERAL REGISTER.

Section 18 provides that the Administrator "may, at his discretion, exempt any Federal or State agency from any provision of this Act if he determines that emergency conditions exist which

require such exemption.'

EPA's regulations for implementation of section 18, which were issued December 3, 1973 (38 FR 33303), provide that an emergency will be deemed to exist

1. A pest outbreak has occurred or is about to occur and no pesticide registered for the particular use, or alternative method of control, is available to eradicate or control the pest;

2. Significant economic or health problems will occur without the use of the

pesticide; and
3. The time available from discovery or prediction of the pest outbreak is insufficient for a pesticide to be registered for the particular use.

In determining whether emergency conditions exist for the purpose of section 18, extensive balancing of risks and benefits and a determination of "no unreasonable adverse effects on the environment" are not required, as they are in other sections of FIFRA, as amended. Nevertheless, consideration of

the risks and benefits is desirable when, as in this case, a significant quantity of a cancelled pesticide is proposed for

EPA is holding these public hearings in order to provide all interested parties an opportunity to present information relevant to the foregoing questions as they relate to Louisiana's application.

The State of Louisiana has requested a decision on the application by April 1, 1975, to allow sufficient time for planning of cotton planting and pest control activities. EPA plans to meet this requested decision date. It therefore is necessary to hold the public hearings on less than 30 days' notice. It should be noted, however, that interested parties wishing to submit written comments will have until March 12, 1975, to do so, in accordance with the notice of receipt of Louisiana's request also published in today's FEDERAL REGISTER.

All individuals and organizations wishing to testify at the hearing in Baton Rouge should notify Dr. Norman Dyer, Pesticides Branch, EPA, 1600 Patterson Street, Dallas TX 75201. Dr. Dyer's telephone number is 214/749— 1121. Notification concerning participation in the Washington, D.C. hearing should be given to the Federal Register Section (Attn.: Mrs. Radinsky), Tech-nical Services Division, Office of Pesticide Programs, Rm. E-421, 401 M Street, Washington, D.C. 20460. Mrs. Radinsky's telephone number is 202/755-

EPA reserves the right to schedule testimony in such a manner as to ensure that sufficient time is allowed for orderly presentation of all substantive information and for appropriate questioning of persons presenting such information.

The hearing in Baton Rouge will be held in the Conservation Hearing Room, Natural Resource Building, 625 North 4th Street, beginning each day at 9 a.m.

The hearing in Washington, D.C., will be held in Room 305, Waterside Mall (EPA Headquarters), 4th and M Streets, SW, beginning at 9 a.m.

Dated: February 7, 1975.

EDWIN L. JOHNSON, Acting Deputy Assistant Administrator for Pesticide Programs.

# LAKE MICHIGAN COOLING WATER STUDIES PANEL

Pursuant to Pub. L. 92-463, notice is given that a meeting of the Lake Michigan Cooling Water Studies Panel will be held at 9:30 a.m. on Tuesday, February 25, 1975, at the O'Hare Hilton Hotel. O'Hare International Airport, Chicago, Illinois.

The purpose of this meeting will be to discuss the final revision of the Panel's program report. There will also be some discussion of priorities and studies regarding lake wide effects.

The meeting will be open to the public. Any member of the public wishing to attend the meeting should contact the Chairman, Mr. Karl E. Bremer, U.S. Environmental Protection Agency, Region V, 230 South Dearborn Street, Chicago, Illinois 60604. The telephone number is 312–353–1458.

Minutes of the meeting will be available for public inspection two weeks after the meeting at the EPA Region V

Office.

Dated: February 5, 1975.

FRANCIS T. MAYO,
Regional Administrator
Region V.

[FRL 331-6; OPP-180034]

#### LOUISIANA

#### Application for Specific Exemption and Solicitation of Public Views

On January 24, 1975, the State of Louisiana applied to the Environmental Protection Agency (EPA) for a specific exemption to use a pesticide formulation containing DDT to control the tobacco budworm (Heliothis virescens F.) infesting approximately 450,000 acres of cotton. This specific exemption, if granted, will be valid for no longer than one (1) year from the date of approval by EPA.

This application is in accordance with the provisions of section 18 (40 CFR Part 166) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973). Part 166 was issued on December 3, 1973 (38 FR 33303), and prescribes the requirements for exemption of Federal and State agencies for the use of pesticides under emergency conditions.

In its application, the State of Louisiana maintains that an emergency exemption permitting the use of DDT is

necessary because:

 Average cotton yields have declined significantly in 1973-74 compared with the average cotton yield for the previous ten (10) years when DDT was available.

 In 1974, Louisiana was subjected to the worst tobacco budworm outbreak in history.
 Tobacco budworm populations exhibit resistance to most of the alternative regis-

tered pesticides and the remaining registered alternatives are ineffective, phytotoxic, or un-

available in sufficient quantities.

A total of 2.25 million pounds of DDT would be needed for treatment of approximately 450,000 acres. This would assume that outbreak populations of tobacco budworm will occur in 1975 as they did in 1974, and the entire acreage will require five (5) applications of the proposed Toxaphene-DDT-Methyl Parathion formulation.

This notice does not indicate a decision by the EPA on the application. It has been determined that this application raises questions of such importance that public notice and opportunity for public comment should be given. Accordingly, interested parties may submit written views on this subject to the Federal Register Section, Technical Serv-

ices Division (WH-569), Office of Pesticide Programs, EPA, Room E-421, 401 M St. SW, Washington, D.C. 20460. Three copies of the comments should be submitted to facilitate the work of EPA and others interested in inspecting the documents. The comments must be received within 30 days from the date of publication of this notice in the FEDERAL REGISTER, and should bear the identifying notation OPP-180034. All written comments filed pursuant to this notice will be available for public inspection in the office of the Federal Register Section from 8:30 a.m. to 4 p.m. Monday through Friday.

In addition, the application itself is on file in the Registration Division, Office of Pesticide Programs, EPA, in Room E-315 at the same address given above for the Federal Register Section. Another copy of the application is available in the Office of the Chief, Pesticides Branch, EPA Region VI; the address is 1600 Patterson St., Suite 1100, Dallas Texas 75201. Interested parties may review this application during regular

business hours.

Dated: February 6, 1975.

RUSSELL E. TRAIN,
Administrator.

# FEDERAL COMMUNICATIONS COMMISSION

[FCC 75-118; Docket No. 20349]

WEST TEXAS MICROWAVE CO.

#### Memorandum Opinion and Order; Re Tariff Revision

1. On October 2, 1974, West Texas Microwave Co. (West Texas) filed revisions to its Tariff FCC No. 2 to become effective December 1, 1974. These revisions provide for an increase of 19.8 percent in its published tariff rates for point-to-point microwave service to its customers on the West Texas system. Petitions to suspend and/or reject the tariff were filed by United Cable Television Corp. (United Cable), Cablecom-General, Inc. (Cablecom), Lubbock Cable TV (Lubbock), and Texas Community Antennas, Inc. (Texas Community). The contentions of these petitioners were substantially similar in that it was alleged that West Texas had failed to comply with the requirements of \$61.38 of. our rules thereby impairing the ability of the aforementioned petitioners to ascertain the reasonableness of the proposed revised tariff schedules.

2. West Texas thereupon furnished additional information and economic data required by § 61.38 of the rules and requested permission to defer the effective date of the revised tariff to January 14, 1975. On January 9, 1975 in

<sup>1</sup>Application for Special Permission Number 7462 to defer the effective date filed November 14, 1974 and granted the same day. West Texas filed Transmittal No. 54 providing for an effective date of January 14, 1975.

response to an informal request of the staff of the Common Carrier Bureau (Bureau) for additional time to review Transmittal No. 53, West Texas filed a further application to defer the effective date from January 14, 1975 to January 31, 1975.

3. On December 10, 1974, United Cable, Lubbock and Texas Community after having an opportunity to examine the additional § 61.38 information and data filed by West Texas, advised the Commision that they now acquiesced in the West Texas filing and requested that their complaints be dismissed without prejudice. Accordingly, we will dismiss these pleadings without prejudice as

moot.

4. However, on December 10, 1974 Cablecom timely filed a petition for suspension of the proposed revisions to West Texas' Tariff and requested a full evidentiary hearing. Among other things, it contended that the proposed rates then scheduled to become effective on January 14, 1975 would be increased an average of 19.8 percent. It seeks the rejection of the tariff amendments proposed because of alleged deficiencies and ambiguities in the supporting information filed by West Texas in purported compliance with the requirements of § 61.38 of our rules. Cablecom contends that the proposal appears to be unjust, unreasonable and discriminatory, in violation of sections 201(b) and 202(a) of the Communications Act (47 U.S.C. 201(b) and 202(a)).

5. On December 18, 1974, West Texas timely filed a reply to Cablecom's petition for suspension of tariff and hearing. It contended, among other things, that rejection of its tariff would be inappropriate; that Cablecom's request for suspension and hearing is erroneously based on the grounds that West Texas' ratemaking methodology is founded on subscriber population rather than actual system costs whereas its figures generally have been based on actual costs for the extension of service to each customer. West Texas reiterated its explanation for the revised tariff. It alleges that at current rate levels, it projects net losses of \$18,113, \$2,343, and \$32,643 during 1975 through 1977, respectively. With the proposed revisions, net income for those years is projected at \$52,526, \$54,441 and \$48,015, respectively. As of July 1974 with a capital structure of \$422,000 in equity and \$2,096,000 in debt, West Texas further states that an average return to the equity holders of 12.2 percent over the

next three years would result.
6. Cablecom's contentions may be summarized, in substantial part as follows:

West Texas has (a) failed to adequately explain the need for the rate increase; (b) inadequately described the effect of the projected increase in its traffic; (c) imposed developmental risks

<sup>&</sup>lt;sup>2</sup> Application for Special Permission Number 7520 was granted on January 10, 1975.

on its customers; and (d) submitted questionable accounting and rate of return analysis because of the paucity of underlying data.

Cablecom contends that the tariff revisions are unreasonable and discriminatory on their face and, therefore should be rejected or designated for hearing.

7. We disagree with Cablecom's contention that West Texas filing is so deficient that it should be rejected. However, we believe that the matters of rate base and rate of return raise questions that should be resolved on the basis of a further record. Accordingly, we are unable to conclude at this time that all features of the tariff revision are just and reasonable and free from undue discrimination within the meaning of Sections 201 and 202 of the Communications Act. We shall therefore designate the revised tariff for investigation and suspend the effectiveness thereof, and enter an accounting order providing for possible refund. However, because three customers have acquiesced in the filing, the carrier's earnings position and the protection afforded by the accounting order we are providing herein, we will suspend the effectiveness of the subject tariff revisions for forty-five (45) days only. On January 27, 1975 a meeting was held between the representatives of West Texas, Cablecom and the staff to explore whether the furnishing of additional information by West Texas might result in the elimination of the necessity for a hearing or shorten any hearing which might be required. It became apparent that West Texas would not postpone further the effective date of its proposed increases and that Cablecom wanted a full 90-day suspension of the effective date of such increase. We believe the possibility of achieving a settlement will be enhanced by the 45-day suspension of the effective date of the proposed increased charges. This will allow time for the submission of additional information requested of West Texas. Accordingly, we will specify that the initial filing under the procedure prescribed in paragraph 15a will be on or before 65 days of the release of this

8. In the present case, due to the nature of the increases and the potential for harm to the petitioner, Cablecom is required to pay the rate increases to West Texas during the pendency of a prolonged trial-type hearing before the Commission, we shall order that "paper" proceedings be utilized to expedite the resolution of this controversy. Such proceedings provide for the submission of interrogatories and requests for information, which process merges cross-examination and the informal gathering of information traditionally undertaken during the prehearing and hearing states of rulemaking proceedings. We shall provide that upon close of the record the Administrative Law Judge assigned to this proceeding shall issue an initial decision. We believe the employment of the procedures noted above will best conduce

to the proper dispatch of business and the ends of justice and promote the objectives of the Act for expeditious resolutions of the issues herein. 47 U.S.C. 154(j) and 204. Should it develop that the procedures which we are establishing prove inadequate or result in unfairness to any person, orders in modification thereof shall be issued.

9. Accordingly, it is ordered, That pursuant to the provisions of sections 201, 202, 203, 204, 205 and 403 of the Communications Act of 1934, as amended, an investigation, hereby, is instituted into the lawfulness of the tariff schedule filed by West Texas Microwave Co. submitted with Transmittal No. 53 and into any subsequent revisions thereto or reissue

thereof.

10. It is further ordered, That, pursuant to the provisions of section 204, the tariff schedule filed by The West Texas Microwave Co. submitted with Transmittal No. 53 is hereby suspended until March 17, 1975, and that West Texas, as to the operation of such tariff schedule. shall, in the case of all increased charges and until further order of the Commission, keep accurate account of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts were paid, and upon completion of the hearing and decision herein, the Commission may, by further order require the refund thereof, with interest, pursuant to section 204 of the Act, and West Texas shall file such reports on the amounts accounted for as aforesaid as the Chief, Common Carrier Bureau, shall require;

11. It is further ordered, That without in any way limiting the scope of the investigation, it shall include consideration

of the following:

(1) Whether the charges, classifications, practices, and regulations published in the subject tariff are or will be just and reasonable within the meaning

of section 201(b) of the Act:

(2) Whether any such charges, practices, classifications, regulations, facilities, or services for or in connection with like communication sservice directly or indirectly will be free of any unjust or unreasonable discrimination and will not result in any undue or unreasonable preference or advantage to any person or class of persons or locality and will not subject any particular person, class of persons or locality to any undue or unreasonable prejudice or disadvantage.

(3) If any of such charges, classifications, practices, or regulations are found to be unlawful, whether the Commission, pursuant to section 205 of the Act, should prescribe charges, classifications, practices and regulations for the service governed by the tariff, and if so, what should

be prescribed:

12. It is further ordered, That the burden of proof on issues 1 and 2 above shall be upon West Texas.

13. It is further ordered, That pursuant to § 1.1209(d) of the Commission's rules, a sepaarted trial staff will participate in this proceeding. As provided therein, the Chief, Hearing and Legal

Division and his staff will be separated from the Commission, the presiding Administrative Law Judge, the Office of the General Counsel, and the Chief, Deputy Chief and all Division Chiefs of the Common Carrier Bureau, but are unrestricted in their access to all other Commission personnel.

14. It is further ordered, That the following procedures will apply in this pro-

ceeding:

a. The record for decision will consist of all matters submitted for the record by respondent, interested persons and the Common Carrier Bureau trial staff. Interrogatories and information requests and responses thereto shall be part of the record. Such submittals together with supporting documentation and workpapers will be available for public inspection as they are received.

b. All matters submitted for the record, including answers to interrogatories and responses to information requests, must be identified as to sponsoring party, numbered consecutively and identified with the name of a person by whom or under whose supervision the submittal

was prepared.

c. The source of all data must be clearly and specifically noted. Supporting documents which are not readily available and working papers must be presented with the submittals to which they apply. Statistical studies will be submitted and supported in the form prescribed in § 1.363 of the Commission's rules.

d. Original and five copies of all matters submitted for the record as well as of supporting documentations and workpapers must be filed with the Commission. Part I of our rules governs as to the number of copies and other submissions, such as briefs, pleadings and proposed findings. Matters submitted for the record shall be served on all parties and the Administrative Law Judge (ALJ).

e. Interrogatories and requests for information must be filed with the Commission and served on the ALJ and the parties to this proceeding. Objections to interrogatories and information requests should be resolved, if possible, by immediate informal conferences between the persons involved and the Trial Staff. If such persons are unable to resolve their differences, the ALJ shall be notified, and on notification shall provide for an immediate oral conference of the persons involved. After oral presentations by such persons and the Trial Staff, the ALJ shall forthwith issue a ruling. Appeals from such rulings shall be governed by 47 CFR § 1.301 except that the ALJ shall set an expedited procedure.

f. Requests for oral proceedings may be filed with, and acted upon, by the ALJ and must be specific as to the issues requiring further evidence, the persons to be cross-examined and the reason why such oral proceedings are required to avoid prejudice. Oral proceedings, if any, will be held before the ALJ who shall

issue an initail decision.

15. It is further ordered, That the following schedule will be adhered to:

order West Texas may supplement the materials submitted pursuant to § 61.38 of our rules. Any such supplementation, together with the material originally filed will form the evidence upon which it intends to rely. At the same time West Texas should place materials already filed into proper form as described in paragraph 14 at "b" above.

b. Cablecom and any other party may file with the Commission written interrogatories for West Texas witnesses and requests for information within 15 days following the filing of any supplement to West Texas' direct case. Answers to such interrogatories and requests for in-formation shall be filed within 20 days

of the filing thereof.

c. If necessary, further interrogatories and requests for information may be filed within 10 days of filing of answers to the first interrogatories and requests for information. Answers to such second interrogatories and requests for information should be filed within 10 days of the filing thereof.

d. Cablecom and any other party may file material in response to West Texas within ten days following the filing of answers to interrogatories and requests for information which they have submitted in accordance with subparagraph (c) above, except that this period will not be tolled pending resolution of conflicts with regard to answers which are not forthcoming but contested.

e. Any party may serve interrogatories and requests for information on other parties filing material in response to West Texas within 15 days of the filing of such responses. Answers to such interrogatories and requests for information shall be filed within 20 days of the filing

thereof.

f. Proposed Findings of Fact and Conclusions of Law may be filed by any participant within 30 days of the filing of the last filed responses to interrogatories and requests for information.

g. Replies to the Proposed Findings of Fact and Conclusions of Law may be filed by any participant within 15 days of the filing of such findings and con-

clusions.

16. It is further ordered, That the petitions to reject or suspend filed by United Cable, Lubbock, and Texas Com-

munity are hereby dismissed.

17. It is further ordered, That, Cablecom General's Petition to reject is hereby the ALJ in arriving at his decision. set for hearing is hereby granted to the extent indicated herein and otherwise denied.

18. It is further ordered, That West Texas is hereby made party respondent herein, and that pursuant to § 1.221(d) of the Commission rules Cablecom is made a party to the proceeding.

. 19. It is further ordered, That, upon closing of the record, the ALJ shall issue

an initial decision.

20. Objections to the admissability of evidence may be made in Proposed Findings of Fact and Conclusions of Law and

a. Within 65 days of the release of this Replies thereto and shall be considered by the ALJ in ariving at his decision. Procedural requests should be addressed to the ALJ who shall rule thereon unless a significant modification of the procedures here established is required in which case the request should be certified to the Commission.

Adopted: January 29, 1974.

Released: February 4, 1975.

FEDERAL COMMUNICATIONS COMMISSION.3

[SEAL]

VINCENT J. MULLINS. Secretary.

[FR Doc.75-3648 Filed 2-7-75;8:45 am]

# FEDERAL ENERGY ADMINISTRATION **ELECTRIC UTILITIES ADVISORY** COMMITTEE

#### Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770), notice is hereby given that the Electric Utilities Advisory Committee will meet Thursday, February 27, 1975, at 10 a.m., Conference Room B, Departmental Auditorium, Constitution Avenue between 12th and 14th Street NW., Washington, D.C.

The Committee was established to advise the Administrator, FEA, with respect to general electric utilities' aspects of interests and problems related to the policy and implementation of programs to meet the current and continuing national en-

ergy shortage.

The agenda for the meeting is as follows:

10 a.m.—Introductory remarks.

10:15 a.m.—Impact of President Ford's Energy Program on Electric Utilities.

11:45 a.m.—FEA "Power Plant Reliability Task Force Report".

12:30 p.m.-Lunch.

1:30 p.m.—FEA Program to Save One MMB/D of Oil by 1980.

2:30 p.m.-FEA Electricity Conservation Programs. 3:15

p.m.—Description of the Joint EEI/ EPRI/NARUC Rate and Load Management Study. 3:45 p.m.—Summary of Comments Received

on "The Industrial Response to Investigation of Electric Rates".

p.m.-Closing remarks.

The meeting is open to the public; however, space and facilities are limited.

The Chairman of the Committee is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the Committee will be permitted to do so, either before or after the meeting. Members of the public who wish to make oral statements should inform Lois Weeks, Advisory Committee Management Officer, 202-961-7022 at least 5 days before the meeting and reasonable provision will be made for their appearance on the agenda.

Further information concerning this meeting may be obtained from the Advisory Committee Management Office.

Minutes of the meeting will be made available for public inspection at the Federal Energy Administration, Washington, D.C.

Issued at Washington, D.C. on February 6, 1975.

> ROBERT E. MONTGOMERY, Jr., General Counsel.

[FR Doc.75-3822 Filed 2-7-75;9:14 am]

#### WHOLESALE PETROLEUM ADVISORY COMMITTEE

# Notice of Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770), notice is hereby given that the Wholesale Petroleum Advisory Committee will hold an emergency meeting on Monday, February 24, 1975, second floor, FEA Regional Headquarters-Dallas, 2626 Mockingbird Land. Dallas, Texas.

The Committee was established to provide the Administrator, FEA, with expert and technical advice concerning the wholesale trade of selling heating oil,

residual fuel, and gasoline.

The purpose of the meeting is to review the President's energy and economic programs proposed in the State of the Union message of January 15, 1975.

The meeting is open to the public; however space and facilities are limited.

The Chairman of the Committee is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the Committee will be permitted to do so, either before or after the meeting. Members of the public who wish to make oral statements should inform Lois Weeks, Advisory Committee Management Officer, 202-961-7022 at least 5 days before the meeting and reasonable provision will be made for their appearance on the agenda.

Due to the urgency of discussing the relation of the Administration's energy proposals and programs to the wholesale segment of the petroleum industry, this meeting is being held prior to expiration of the usual 15-day notice period.

Further information concerning this meeting may be obtained from the Advisory Committee Management Office.

Minutes of the meeting will be made available for public inspection at the Federal Energy Administration, Washington, D.C.

Issued at Washington, D.C. on February 6, 1975.

> ROBERT E. MONTGOMERY, Jr., General Counsel.

[FR Doc.75-3823 Filed 2-7-75;9:14 am]

<sup>3</sup> Commissioner Reid dissenting.

## FEDERAL POWER COMMISSION

[Docket No. RP75-44-2]

ALABAMA-TENNESSEE NATURAL GAS CO.

Order Granting Relief; Consolidating for Hearing Request for Additional Relief, and Modifying Order

FEBRUARY 3, 1975.

By order issued January 17, 1975, we granted pendente lite a request by Tennessee Valley Authority (TVA) for extraordinary relief from curtailment imposed by its supplier, Alabama-Tennessee Natural Gas Co. (A-T), and set for hearing TVA's request for permanent relief. On January 23, 1975, TVA filed for additional relief in the amount of 1,300 Mcf per day above the 5,000 Mcf per day previously granted to permit it to fully operate its fertilizer plant at Muscle Shoals, Alabama.

In support of its request, TVA states that the prior relief requested and granted only permits it to operate its plant at 76 percent capacity and that the additional volumes requested will permit it to operate at almost 100 percent capacity, which will result in increased production of an additional 54 tons of ammonia per day. The additional volume requested by TVA represents a portion of the interruptible gas usage under its contract with A-T. TVA states that it did not request the additional interruptible volumes because it erroneously understood that we would only consider relief for firm gas volumes.

On January 24, 1975, A-T filed its answer to TVA's additional request for relief reiterating its contention that any relief granted to TVA should contain a concommitant grant of relief to it from its supplier's curtailment. However, A-T has not filed for such relief and, as stated in our January 17th order in this proceeding, it would be inappropriate to condition any relief granted to TVA as suggested by A-T.

The grant of TVA's request pendente lite is justified for the same reasons that we granted interim relief initially in this proceeding as set forth more specifically in our order of January 17, 1975. The additional relief requested by TVA as granted herein pendente lite will not jeopardize service to the residential and commercial consumers on A-T's system.

The Commission finds: (1) Good cause exists to grant additional relief to TVA as requested by it in its filing of January 23, 1975, as hereinafter ordered and conditioned.

(2) The requests for relief filed by TVA on December 23, 1974, and on January 23, 1975, contain common questions of law and fact and therefore, good cause exists to consolidate for purposes of hearing and decision the requests for extraordinary relief filed in this proceeding by TVA on December 23, 1974, and on January 23, 1975, and to modify our order of January 17, 1975, as hereinafter ordered.

The Commission orders: (A) The additional relief requested by TVA in its petition filed January 23, 1975, is granted

pendente lite upon the conditions set forth in our order issued January 17, 1975, in this proceeding.

(B) TVA's request for additional relief filed January 23, 1975, in this proceeding, is hereby consolidated for purposes of hearing and decision with its request for relief filed December 23, 1974.

(C) The procedural dates heretofore established in our order of January 17, 1975, is hereby modified to permit TVA and all other parties to file their testimony on TVA's request for additional relief on or before February 6, 1975, and to convene the hearing commencing February 11, 1975. In all other respects, our order of January 17, 1975, remains in full force and effect.

By the Commission.

[SEAL] KENNETH F. PLUMB, Secretary.

[FR Doc,75-3602 Filed 2-7-75;8:45 am]

[Dockets Nos. RP73-98; RP73-74]

# ALGONOUIN GAS TRANSMISSION CO.

Request for Approval

JANUARY 31, 1975.

Take notice that on December 9, 1974, Algonquin Gas Transmission Co. (Algonquin) tendered for filing a Request for Approval to Make an Entry in Account 439—Adjustment to Retained Earnings.

Algonquin's December 9, 1974, filing states that on March 14, 1974, the Commission issued an order in Docket No. RP73-98 approving a settlement agreement and providing for refunds of \$750,273.79 applicable to the period year 1973. Algonquin further states that on September 24, 1974, the Commission issued an order in Docket No. RP73-74 approving Algonquin's rate increase in part and providing for refunds of \$214,946.59 applicable to the year 1973. Finally, Algonquin states that as required by Account 439, its December 9, 1974, filing requests Commission approval of an entry by which Account 439 will be charged with the above enumerated refunds less the related income taxes applicable to 1973 revenues and operations.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with sections 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 21, 1975.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, Secretary.

[FR Doc.75-3603 Filed 2-7-75;8:45 am]

[Docket No. E-8884]

# CAROLINA POWER AND LIGHT CO. Extension of Procedural Dates

JANUARY 31, 1975.

On January 28, 1975, Staff Counsel filed a motion to extend the procedural dates fixed by order issued August 26, 1974, as most recently modified by notice issued December 23, 1974, in the above-designated matter. The motion states that the parties have been notified and have no objection.

Upon consideration, notice is hereby given that the Phase I procedural dates in the above matter are modified as

follows:

The Phase II procedural dates are modified as follows:

> Kenneth F. Plumb, Secretary.

[FR Doc.75-3604 Filed 2-7-75;8:45 am]

[Rate Schedule Nos. 28, et al.]

# CHAMPLIN PETROLEUM CO., et al. Rate Change Filings

JANUARY 30, 1975.

Take notice that the producers listed in the Appendix attached hereto have filed proposed increased rates to the applicable area new gas or national ceiling based on the interpretation of vintaging concepts set forth by the Commission in its Opinion No. 699–H, issued December 4, 1974.

The information relevant to each of these sales is listed in the Appendix.

Any person desiring to be heard or to make any protest with reference to said filing should on or before February 12, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any party wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

> KENNETH F. PLUMB, Secretary.

[Docket No. RP75-391

# EL PASO NATURAL GAS CO. Order Granting Late Interventions

FEBRUARY 3, 1975.

By petition received January 15, 1975, The People of the State of California (People) and the Public Utilities Commission of California (PUCC) requested intervention in the El Paso Natural Gas Co. (El Paso) rate filing in this docket. Notice of the filing in this docket was issued on December 31, 1974, with protests and petitions due on or before January 6, 1975.

The People and PUCC state that the reason for this out-of-time filing stems from the slow course of the mail to the West Coast. They further state that their untimely intervention in no way prejudices or delays the RP75-39 rate proceeding.

The Commission finds: Participation by People and PUCC in this proceeding may be in the public interest and good cause exists for permitting such intervention.

The Commission orders: (A) The above-named petitioners are hereby permitted to intervene in this proceeding, subject to the rules and regulations of the Commission: Provided, however, that the participation of such intervenors shall be limited to matters affecting rights and interests specifically set forth in the respective petitions to intervene, and Provided, further, that the admission of such intervenors shall not be construed as recognition by the Commission that they, or any of them, might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(B) The late interventions granted herein shall not be the basis for delaying or deferring any procedural schedules heretofore established for the orderly and expeditious disposition of this proceeding.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, Secretary.

[FR Doc.75-3605 Filed 2-7-75;8:45 am]

[Docket No. E-9233]

# INDIANA AND MICHIGAN ELECTRIC CO. Tariff Change

FEBRUARY 5, 1975.

Take notice that Indiana and Michigan Electric Co. (I&M), on January 29, 1975, tendered for filing proposed changes in its FPC Rate Schedule No. 27 applicable to service rendered by I&M to the City of Anderson, Indiana (Anderson). According to I&M, the proposed changes would increase revenues from Anderson by \$633,621 if the proposed increases had been in effect for the twelvemonth period ending December 1974.

I&M states that the proposed changes implement the contractual obligations as set forth in the Service Agreement between I&M and Anderson and have been authorized by the decision of the United States Court of Appeals for the District of Columbia Circuit in Richmond Power & Light v. FPC, 481 F. 2d 490 (1973). I&M states further that copies of the filing were served upon Anderson and upon its counsel, as well as upon the Public Service Commission of Indiana.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 19, 1975. Protests will be considered by the Commission in de-

termining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

Kenneth F. Plumb, Secretary.

[Docket No. E-9234]

# KENTUCKY UTILITIES CO. Proposed Change in Rate

JANUARY 31; 1975.

Take notice that Kentucky Utilities Co. (KU Co.) on January 29, 1975 tendered for filing Amendment No. 2 dated October 10, 1974, to the Kentucky-Indiana Pool Planning and Operating Agreement between Kentucky Utilities Co., East Kentucky Power Cooperative, Inc., Indianapolis Power & Light Co. and Public Service Company of Indiana, Inc., dated July 9, 1971. An effective date of March 1, 1975 is requested.

The primary purposes of the proposed Amendment No. 2 is to amend certain definitions in section 2 of Service Schedule B—Unit Power and provide for a new Service Schedule C—Back-Up Power and amend Service Schedule F—Short Term Power. The demand charge in Service Schedule C and F would be changed from \$0.35 to 0.45 per KW per week. Other minor changes in wording and provisions are contained in the proposed Service Schedule C and F.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions and protests should be filed on or before February 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

[FR Doc.75-3606 Filed 2-7-75;8:45 am]

[Docket No. E-8547] MISSOURI EDISON CO.

Order Approving Settlement Agreement

FEBRUARY 3, 1975.

At issue in this proceeding is a proposed settlement agreement between the Missouri Edison Co. (ME) and the Staff of the Federal Power Commission. This

agreement was filed on November 19. 1974, by ME and notice was issued on November 26, 1974, with provision for comments to be filed on or before December 11, 1974. The only comments filed in this docket were by the Staff supporting the settlement agreement.

The proposed settlement agreement relates to ME's filing of December 12, 1973, as completed on January 18, 1974, revising their FPC Electric Tariff sheets pertaining to the City of Clarksville, Missouri. The revised sheets were filed by ME for the purpose of effecting a general revenue increase of approximately \$3,337 annually. On February 15, 1974, the Commission entered an order accepting the filing and suspending said proposed increase until February 19, 1974, at which time the proposed increased rates became effective, subject to refund. Following discussions among the parties, the settlement was filed on November 19, 1974.

The proposed settlement agreement includes a summary cost of service study flowing through the settlement rates approved by the Commission in Docket Nos. E-7571, E-7572, and E-8215. This cost of service study indicates that ME's proposed increase of \$3,337 based on the test period ending September 30, 1973, is justifled. The proposed agreement also includes a revised fuel adjustment clause which complies with the Commission's regulations.

The following results summarize the significant results of the settlement cost of service 1

01 001 11001	
Test period: C	larksville
Year ending Sept. 30, 1973:	
Revenue at proposed rates	\$68,856
Revenue under prior rates	\$65, 519
Proposed increase	\$3, 337
Increase (percent)	5.09
Rate of return at proposed rates	3
(percent)	. 5.72

Our review of the proposed settlement agreement, as well as the entire record in this proceeding indicates that the proposed settlement represents a reasonable resolution of the issues raised by the filing, is in the public interest, and should therefore be approved and made effective as hereinafter ordered and conditioned.

The Commission finds: Approval of the settlement agreement filed by ME on November 19, 1974, in this proceeding is reasonable and appropriate in the public interest in carrying out the provisions of the Federal Power Act.

The Commission orders: (A) The settlement agreement filed on November 19, 1974, by ME is incorporated herein by reference, approved and made effective as provided by the provision of the settlement agreement.

(B) Within 30 days of the date of issuance of this order, ME shall file revised tariff sheets consistent with the provi-

settlement agreement.

(C) This order is without prejudice to any findings or orders which have been made or which will hereafter be made by the Commission, and is without prejudice to any claims or contentions which may be made by the Commission, its staff, or any party or person affected by this order, in any proceeding now pending or hereafter instituted by or against ME or any person or party.

(D) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB. Secretary.

[FR Doc.75-3607 Filed 2-7-75;8:45 am]

[Docket No. RP74-100; PGA75-7] NATIONAL FUEL GAS SUPPLY CORP.

> **Filing of Tariff Sheets** JANUARY 31, 1975.

Take notice that on January 27, 1975, National Fuel Gas Supply Corp. (National Fuel) tendered for filing Alternate First Interim Revised Sheet No. 4; Schedule A-Statement to Adjust Base Cost of Gas Pursuant to Commission Order Issued January 10, 1975 at Docket No. RP74-100, PGA75-3; and Revised Sheets 1 and 2 of section 17 Test for Change in Sales Rates. National Fuel states that such were submitted in response to a Commission order issued January 10, 1975, in Docket No. RP74-100, PGA75-3. In addition, National Fuel tendered for filing Alternate Second Interim Revised Sheet No. 4; Revised Sheets 1 and 2 of section 17 Test for Change in Sales Rates; Alternate First Revised Sheet No. 4; and Alternate Original Sheet No. 35. National Fuel states that these latter submissions were filed as a result of reducing the effective purchased gas adjustment (PGA) from 5.90¢ to 5.79¢ pursuant to Commission

National Fuel states that all of the above changes reflect the elimin. ...ior. of all costs associated with manufactured gas from the average base cost of gas an 1 PGA adjustment. All sheets are prop-sed to become effective as of February 1, 1975, and National Fuel requests waiver of any of the Commission's rules and regulations as may be required to permit such an effective date.

order.

National Fuel states that copies of its filing have been mailed to all purchasers and interested state commissioners.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All uch petitions or protests should be filed on or before February 10, 1975. Protests will be

sions of this order and the approved considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

> KENNETH F. PLUMB, Secretary.

[FR Doc.75-3608 Filed 2-7-75;8:45 am]

[Docket No. E-8954]

NEW ENGLAND POWER CO.

Order Accepting Unit Sales Agreements for Filing

FEBRUARY 3, 1975.

On August 2, 1974, New England Power Company (NEPCO) tendered 1 for filing initial unit sales agreements which provide for the purchase by Vermont Electric Power Co. of 40,000 KW of power and by Hew Bedford Gas & Edison of 50,000 KW of power from NEPCO's Bear Swamp Project. This filing was completed in accordance with the Commission's Regulations on September 6, 1974,3 pursuant to a letter from the Secretary enumerating various deficiencies.

The contracts provide that they shall become effective on the date of commercial operation of the first of the two units at NEPCO's Bear Swamp Project and that they shall terminate on October 31, 1977. By letter dated October 18, 1974, this Commission was advised that the first unit was declared to be in commercial operation at 11:59 P.M. on September 30, 1974.

Notice of NEPCO's filing was issued on August 15, 1974, with protests or petitions to intervene due on or before August 23, 1974. No protests or petitions were received.

Our review of NEPCO's filing and the issues raised therein indicates that the proposed charges have not been shown to be just and reasonable and may be unjust, unreasonable, excessive, unduly discriminatory, preferential or otherwise unlawful. Accordingly, we shall establish hearing procedures under section 206 of the Federal Power Act to determine the justness and reasonableness of NEPCO's filing.

With respect to the transmission calculations contained in the agreement, NEPCO states that the NEPOOL Executive Committee has recently approved the NEPOOL Rules for determination of PTF (pool transmission facilities) costs. NEPCO advises that it is in the process of calculating its PTF costs based on these rules and will refile its transmission costs to be used in the Bear Swamp Project contracts as soon as this study

Data are taken from Attachment A of ME's settlement agreement attachments. See also Appendix A to this order, filed as part of the original document, for the settlement capitalization.

Letter dated July 31, 1974.

The Project is a pumped storage hydroelectric development located on the Deerfield River in Massachusetts.

<sup>\*</sup> Letter dated September 3, 1974.

is finalized. The PTF costs are currently under investigation in Docket No. E-7690 (PTF Cost Rules). Since the transmission charge in the instant submittal is in part based on NEPOOL Rules for determination of PTF costs, any changes in the method of determining the PTF costs resulting from the proceedings in Docket No. E-7690 should be made applicable to the subject rate schedules.

The Commission finds. It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Federal Power Act that the Commission enter upon a hearing concerning the lawfulness of the charges contained in NEPCO's initial unit sales agreements in this docket.

The Commission orders. (A) NEPCO's initial unit sales agreements, filed on August 2, 1974, in this docket are hereby accepted for filing to be effective September 30, 1974, subject to the terms and conditions of this order.

(B) Pursuant to authority of the Federal Power Act, particularly section 206 thereof, and the Commission's rules and regulations (18 CFR, Chapter I), a hearing for purposes of cross-examination concerning the lawfulness and reasonableness of the charges in NEPCO's initial unit sales agreements filed on August 2, 1974, shall be held commencing on June 24, 1975, at 10 a.m., e.d.t., in a hearing room of the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426.

(C) On or before April 29, 1975, NEPCO shall serve its prepared testimony and exhibits. The Commission Staff shall serve its prepared testimony and exhibits on or before May 13, 1975. Any intervenor evidence will be filed on or before May 27, 1975. Any rebuttal evidence by NEPCO shall be served on or before June 10, 1975.

(D) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (see Delegation of Authority, 18 CFR 3.5(d)) shall preside at the hearing in this proceeding, shall prescribe relevant procedural matters not herein provided, and shall control this proceeding in accordance with the policies expressed in the Commission's rules of practice and procedure.

(E) Any changes in the method of determining the PTF costs resulting from the proceedings in Docket No. E-7690 shall be made applicable to the subject rate schedules.

(F) Nothing contained herein shall be construed as limiting the rights of parties to this proceeding regarding the convening of conference or offers of settlement pursuant to § 1.18 of the Commission's rules of practice and procedure.

(G) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, Secretary.

[Docket No. E-9229]

# NORTHERN STATES POWER CO. Filing of Short Term Power Agreement

JANUARY 31, 1975.

Take notice that Northern States Power Co. (Northern States), on January 24, 1975, tendered for filing, a Short Term Power Agreement dated January 17, 1975, with the City of Lake Crystal.

The Agreement provides for either party to purchase Short Term Power from the other for periods of seven days or longer as agreed in advance. The rates for these transactions are contained in § 1.06. Northern States requests an effective data of March 3, 1975.

fective date of March 3, 1975.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.18, 1.10). All such petitions and protests should be filed on or before February 14, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, Secretary.

#### [Docket No. E-9213]

# NORTHERN STATES POWER CO.

. Filing of Short Term Power Agreements

FEBRUARY 5, 1975.

Take notice that on January 13, 1975, Northern States Power Company (Northern States) tendered for filing Short Term Power Agreements with the following wholesale customers:

City of Delano: dated December 26, 1974. City of Glencoe: dated December 16, 1974. City of Janesville: dated January 2, 1975. City of LeSueur: dated November 25, 1974. City of Madelia: dated January 2, 1975.

Each agreement provides either party to purchase short term power from the other for periods of seven days or longer as agreed in advance at rates contained in § 1.06.

Northern States requests an effective date of February 15, 1975.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions and protests should be filed on or before February 13, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any

person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

'Docket Nos. RP71-119; RP74-31-251

#### PANHANDLE EASTFRN PIPE LINE CO. AND OKIE PIPE LINE CO.

Order Granting Conditional Temporary Extraordinary Relief, Setting Matters for Hearing, Granting Interventions and Prescribing Procedures

FEBRUARY 3, 1975.

On January 8, 1975, Okie Pipe Line Co. (Okie), filed a petition pursuant to § 1.7 of the Commission's rules for emergency relief from the natural gas curtailments imposed by Panhandle Eastern Pipe Line Co. (Panhandle), upon Okie under the presently effective 467-B interim curtailment plan filed by Panhandle with the Commission on November 6, 1973.

Okie asserted in its petition that it had been advised by Panhandle that it would be completely curtailed during the month of December 1974, and that it was subsequently afforded emergency relief by Panhandle for a period of 60 days commencing December 1, 1974, on the condition that it repay all the emergency volumes provided. Okie contends that the prospects of its acquiring any natural gas during February and the remaining months of the winter are not bright and evidently feels that it will encounter operational problems due to its inability to obtain gas. It thus feels that it will not have the gas supply needed to repay the emergency relief volumes taken from Panhandle. It urges that the permanent emergency relief that it requests is war-

Okie operates a gas liquids pipeline that has a pumping station located at Liberal, Kansas. The station has a standby natural gas powered engine used to pump liquids in the event of failure of primary electric pumps. Okie also owns homes at Liberal Station used by company employees, each of which relies upon natural gas from Panhandle for heating and cooking.

Okie indicated that its annual requirements and monthly natural gas usages were as follows:

	Heating residences and offices	Operating industrial engines		
December 1974	700	2, 300		
January 1975	1 1, 000	2,500		
February 1975	800	1, 800		
March 1975	800	2, 500		
April 1975	600	1, 100		
May 1975	500	1, 000		
June 1975	800	1, 100		
July 1975	300	1, 200		
August 1975	300	900		
September 1975	450	1, 650		
October	450	2, 050		
November 1975	450	1, 950		
December 1975	700	2, 200		

Okie indicates its January requirements are 100 Mef for this usage. From the other figures presented it seems that it had intended to reflect a usage of 1,000 Mef for that month.

The space heating needs depicted by Okie on an average daily basis are well under 50 Mcf per day and therefore qualify for incorporation into Category No. 1 on the basis of the information contained in Okie's petition. Okie should be afforded the relief it seeks to meet these requirements on a temporary basis, pendente lite, to the extent that these requirements are being fully or partially curtailed by Panhandle.

Okie should not be afforded the relief. it seeks, pendente lite, for an exemption from curtailment to meet the full requirements of its standby natural gas powered engine that is used in the event of failure of primary electric pumps. The volumes requested for this purpose should be made available to Okie by Panhandle prior to a final determination of this proceeding only in the event that Okie loses the operation of its electric pumps due to a power interruption and this relief should be afforded only during the period of such power interruption. Okie should immediately advise Panhandle of such an occurrence by the most expeditious means available to it. After the termination of such an occurrence Okie shall file a report with Panhandle indicating the exact duration of such a power interruption.

The petition filed by Okie for permanent relief from Panhandle's curtailment plan raised legal and factual issues that require development in an evidentiary proceeding, including the extent to which Okie may be required to pay back any relief volumes taken by it. We will, therefore, set its petition for extraordinary relief for formal hearing.

The petitioners seeking intervention have already been permitted to intervene in the proceeding relating to a permanent curtailment plan for Panhandle in Docket No. RP71-119. Since many of the parties in the latter docket may also wish to participate herein, they shall also be deemed parties in Docket No. RP74-31-25 with all of the attendant rights attached thereto. However, in order to maintain orderly procedures any intervener desiring to record objections and protests to the requested relief must file a formal protest to the notice of the petition stating with particularity the nature of its objections.

The Commission orders. (A) The petition for extraordinary relief filed by Okie Pipe Line Co., is granted to the extent indicated above, on a temporary basis, pending notice and hearing.

(B) The grant of temporary relief in ordering paragraph (A) is conditioned as follows:

follows:

(1) That Okie Pipe Line Co. shall be required to repay any volumes of gas taken under this grant as may be determined appropriate in any final determination rendered by the Commission in

this proceeding.

(2) Okie Pipe Line Company's usage of the gas granted hereunder for space heating shall be considered as Category 1 and shall be subject to curtailment along with other Category 1 requirements. All other usage shall be considered as being in Category 2.

(3) This grant shall be effective until a final curtailment plan is established for Panhandle Eastern Pipeline Co. in Docket No. RP71-119.

(4) This grant shall be effective as long as the volumes provided for herein are delivered to Okie Pipe Line Co.

(C) Pursuant to the authority contained in and subject to the authority conferred upon the Federal Power Commission by the Natural Gas Act, particularly sections 4, 5, 15, and 16 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act, a public hearing shall be held commencing on March 24, 1975, at 10 a.m. (e.s.t.) in a hearing room of the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, concerning the application for interim and permanent extraordinary relief filed in this proceeding by Okie Pipe Line Co.

(D) An Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose [see Delegation of Authority, 18 CFR § 3.4 (d)] shall preside at the hearings in this consolidated proceeding and shall prescribe relevant procedural matters not

herein provided.

(E) All parties including interveners and staff will file and serve on all other parties their direct evidence and testimony on or before February 25, 1975. (F) Cross-examination shall com-

mence on March 24, 1975.

(G) Petitioners seeking permission to intervene in the proceeding entitled Panhandle Eastern Pipeline Co. (Okie Pipe Line Co.) in Docket No. RP74-31-25 along with all other parties previously granted intervention in the proceeding entitled Panhandle Eastern Pipeline Co. in Docket No. RP71-119 are permitted to intervene in and participate in the abovestyled proceeding relating to the petition for extraordinary relief filed by Okie Pipe Line Co. in Docket No. RP74-31-25 subject to the rules and regulations of the Commission: Provided, however, That the participation of such interveners shall be limited to matters affecting rights and interests specifically set forth in their petitions, to intervene: Provided, further, That the admission of such interveners shall not be construed as recogniton by the Commission that subject intervener might be aggrieved because of any order or orders issued by the Commission in this proceeding.

By the Commission.

[Docket No. E-9230]

SOUTHERN CALIFORNIA EDISON CO. Filing of Application and Request for Waiver

JANUARY 31, 1975.

Take notice that on January 27, 1975, Southern California Edison Co. (Edison) tendered for filing a September 30, 1969,

Interim Arrangement for Interconnected Operations (Navajo Interconnection Principles), and a September 13, 1974, Amendment No. 1 to the Navajo Interconnection Principles between the United States of America, Arizona Public Service Co., Department of Water and Power of the City of Los Angeles, Nevada Power Co., Salt River Project Agricultural Improvement and Power District, Tucson Gas & Electric Co., and Edison.

Edison states that the terms of the Navajo Interconnection Principles provide for the sale and purchase of emergency energy between the parties on a cash settlement basis. Edison further states that Amendment No. 1 establishes energy return at the option of the supplier as an alternate method of payment to settlement in cash for emergency service.

A waiver of the notice provisions of the Commission's regulations and an effective filing date of June 1, 1973, are

requested.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 14, 1975, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commision will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and is available for public inspection.

[Docket Nos. RP72-74, RP74-6, RP73-6]

SOUTHERN NATURAL GAS CO. AND MISSISSIPPI RIVER TRANSMISSION CORP.

Order Reopening Proceedings and Requiring Environmental Impact Statements

FEBRUARY 3, 1975.

In two separate proceedings captioned above, the Presiding Administrative Law Judges have certified the following question to the Commission for disposition: <sup>1</sup>

¹ Administrative Law Judge Max Kane submitted this question, filed on January 15, 1975, in Docket No. RP73-6, a proceeding concerning Mississippi River Transmission Corporation's (MRT) currently effective curtailment plan. An essentially similar submission was also filed on January 15, 1975, by Administrative Law Judge Nahum Litt, presiding over the Southern Natural Gas Co. proceeding, Docket Nos. RP72-74 and RP74-6. We note that in Docket No. RP73-6 JAF Corp., on June 20, 1975, filed a motion requesting an immediate decision on the lawfulness of MRT's permanent curtailment plan prior to consideration of the envir nmental impact issue. We will consider this request after the period for the filing of objections has expired.

Should the proceedings in Docket • • • involving a determination of the justness and reasonableness of a permanent curtailment plan filed by • • • be reopened for the limited purpose of permitting the Staff of the Commission to prepare, circulate and file an environmental impact sta ement in accordance with section 102(2) (c) of NEPA?

In both proceedings the applicants, Mississippi River Transmission Corr. (MRT) and Southern Natural Gas Co. (Southern), have filed permanent curtailment plans; and exhaustive hearings on the lawfulness of these plans have been conducted. The cases have been fully submitted to the Presiding Administrative Law Judges for decision. However, both Administrative Law Ju ges have determined that the respective records now before them are inadequate and do not contain all of the information which is necessary for the preparation of environmental impact statements.

We have concluded that the Commission Staff must prepare and circulate environmental impact statements evaluating these two proposed curtailment plans, and that the above captioned proceedings must be reopened for this limited purpose. This conclusion is compelled by the recent decision of the Court of Appeals for the Fifth Circuit in State of Louisiana v. F.P.C., No. 73-3478, decided November 8, 1974; in hicl. environmental impact statements were held to be a necessary ingredient in our consideration of permanent curtailment plans. We recognize that our action here will further delay the issuance of Initial Decisions and the permanent resolution of various curtailment procedure questions related to MRT's and Southern's operation of their transmission systems; yet we must attempt in good faith to comply with the requirements of NFPA. It is our expectation that this unavoidable delay will be minimized by the complete cooperation which MRT, Southern, and the other parties will give to the Commission Staff and, particularly, to Staff's requests for data. Similarly, we remind the parties of the Fifth Circuit's admonitions that the impact statement is not intended "to be a weapon for dis-

appointed parties", and that this Commission "should not pour an inordinate amount of its resources into environmental forecasting."

The Commission finds. The permanent curtailment plans proposed by MRT and Southern should be the subjects of environmental impact statements and, if any party desires cross-examination thereon, of reopened hearings before the Presiding Administrative Law Judges, so that the requirements of the National Environmental Policy Act, as construed in State of Louisiana v. F.P.C. can be met.

The Commission orders. These two proceedings are reopened so that all steps necessary may be taken to insure compliance with the National Environmental Policy Act, as construed in State of Louisiana v. F.P.C. In each proceeding the Final Environmental Impact Statement prepared by the Staff shall be made a part of the record, and if any party desires to conduct cross-examination thereon, an opportunity will be afforded. In that event, a further public hearing with respect to the Final Environmental Impact Statement shall be held before the Presiding Administrative Law Judge in Washington, D.C., commencing on such date as he may, in his discretion prescribe.

By the Commission.

[SEAL] KENNETH F. PLUMB, Secretary.

[Docket Nos. RI75-105 and RI75-106]

SOUTHERN UNION PRODUCTION CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund <sup>1</sup>

JANUARY 31, 1975.

Respondents have filed proposed changes in rates and charges for juris-

dictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds. It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders, (A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto [18 CFR, Chapter II, and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the Respondent or by the Commission. Each Respondent shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB, Secretary.

The proposed rate increases of Skelley Oil under FPC Gas Rate Schedule Nos. 102 and 105 which do not exceed the Opinion No. 658 ceiling rate are accepted. The remaining proposed rate increases exceed the applicable Opinion No. 658 area ceiling rate and they are suspended for five months.

In regard to any sale of natural gas for which the proposed increased rate is filed under the provisions of Opinion No. 699-H, issued December 4, 1974, in Docket No. R-389-B, no part of the proposed rate increase above the prior applicable area ceiling rate may be made effective until the seller submits a statement in writing demonstrating that Opinion No. 699-H is applicable to the particular increased rate filing, in whole or in part. The proposed increased rates for such support shall have been satisfactorily demonstrated on or before January 31, 1975, will be made effective as of June 21, 1974.

# VIRGINIA ELECTRIC AND POWER CO. **Delivery Point Change**

JANUARY 31, 1975.

Take notice that on January 28, 1975, Virginia Electric and Power Co. (Virginia) tendered for filing a cancellation of a supplemental agreement servicing Northern Neck Electric Cooperative from Virginia's Warsaw Delivery Point. Virginia states that the delivery point load was transferred permanently to Virginia as a general service customer.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 17, 1975, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered

by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and is available for public inspection.

# FEDERAL PREVAILING RATE ADVISORY COMMITTEE

#### SPECIAL COMMITTEE MEETING

Pursuant to the provisions of section 10 of Pub. L. 92-463, effective January 5, 1973, notice is hereby given that a special meeting of the Federal Prevailing Rate Advisory Committee will be held on Wednesday, February 12, 1975.

The meeting will convene at 9:30 a.m., and will be held in Room 1E801, Conference Room Number 4, The Pentagon, Washington, D.C.

The Committee's primary responsibility is to study the prevailing rate system and from time to time advise the Civil Service Commission thereon.

At a regular meeting held on February 6, 1975, the Committee determined that this special meeting was required to give priority consideration to the use of special wage schedules in localities where remote worksite allowances are determined to be appropriate. This emergency notice is published in lieu of the regular 15 day notice as required by section 8(b) (3) of OMB Circular A-63, revised.

The meeting will be closed to the public on the basis of a determination under section 10(d) of the Federal Advisory

Committee Act (Pub. L. 92-463) and 5 U.S.C., section 552(b)(2), that the closing is necessary in order to provide the members with the opportunity to advance proposals and counter-proposals in meaningful debate on issued related solely to the Federal Wage System with the view toward ultimately formulating advisory policy recommendations for the consideration of the Civil Service Commission.

However, members of the public who wish to do so, are invited to submit material in writing to the Chairman concerning matters felt to be deserving of the Committee's attention. Additional information concerning this meeting may be obtained by contacting the Chairman, Federal Prevailing Rate Advisory Committee, Room 5451, 1900 E Street, NW, Washington, D.C. 20415.

Dated: February 7, 1975.

DAVID T. ROADLEY. Chairman, Federal Prevailing Rate Advisory Committee.

## INTERNATIONAL TRADE COMMISSION

[332-73]

# FORMULATION OF AN INTERNATIONAL COMMODITY CODE

In accordance with section 608(c) of the Trade Act of 1974 (Pub. L. 93-618, approved January 3, 1975), the United States International Trade Commission has instituted an investigation, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)), to provide the basis for (1) a report on the appropriate concepts and principles which should underlie the formulation of an international commodity code adaptable for modernized tariff nomenclature purposes and for recording, handling, and reporting of transactions in national and international trade, and (2) the Commission's participation in the U.S. contribution to technical work of the Harmonized System Committee under the Customs Cooperation Council. The full text of section 608(c) follows:

(c) In further connection with its responsibilities pursuant to subsections (a) and (b), the United State: International Trade Commission shall undertake an investigation under section 332(g) of the Tariff Act of 1930 which would provide the basis for-

(1) a report on the appropriate concepts and principles which should underlie the formulation of an international commodity code adaptable for modernized tariff nomenclature purposes and for recording, handling, and reporting of transactions in national and international trade, taking into account how such a code could meet the needs of sound customs and trade reporting practices reflecting the interests of United States and other countries, such report to be submitted to both Houses of Congress and to the President as soon as feasible, but in any event, no later than June 1, 1975; and

(2) full and immediate participation by the United States International Trade Commission in the United States contribution to technical work of the Harmonized System Committee under the Customs Cooperation Council to assure the recognition of the needs of the United States business community in the development of a Harmonized Code reflecting sound principles of com-modity identification and specification and modern producing methods and trading practices, and, in carrying out such responsibilities, the Commission shall report to both Houses of Congress and to the President, as it deems appropriate:

As soon as practicable, the Commission will issue a preliminary draft for the purposes of receiving the views and comments of interested parties with respect to the report required by subsection (c) (1) of section 608. The draft will include a statement on the appropriate concepts and principles which should underlie the formulation of an international commodity code adaptable for the purposes indicated in section 608(c)(1).

To permit participation by the Com-mission in the U.S. contribution to technical work of the Harmonized System Committee of the Customs Cooperation Council as required by subsection (c) (2) of section 608, the Commission may obtain information by any of the methods specified in rule 201.9 of the Commission's rules of practice and procedure, i.e., from its own files, from other agencies of the Government, through questionnaires and correspondence, through fieldwork by members of the Commission's staff, and from testimony and other evidence which may be presented at public hearings. Specific opportunities for the U.S. business community and other interested parties to comment on draft provisions of a harmonized commodity code will be provided as appropriate.

Due notice will be given of any hearing which may be scheduled in the investigation.

Any correspondence relating to this investigation should be addressed to the Secretary, United States International Trade Commission, Washington, D.C.

By order of the Commission.

Issued: February 4, 1975.

KENNETH R. MASON, Secretary.

#### SANDLER-ETTE FOOTWEAR MANUFACTURING CORP.

Workers' Petition; Investigation

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962, on behalf of the workers and former workers of the Sandler-Ette Footwear Manufacturing Corp., Webster, Mass., a wholly owned subsidiary of the Kayser-Roth Corp., New York, New York, the United States In-Trade Commission, ternational February 3, 1975, instituted an investigation under section 301(c)(2) of the Act

to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with footwear for women, misses and children (of the types provided for in Items 700.45 and 700.55 of the Tariff Schedules of the United States) produced by said firm are being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such firm or an appropriate subdivision thereof.

The optional public hearing afforded by law has not been requested by the petitioners. Any other party showing a proper interest in the subject matter of the investigation may request a hearing, provided such request is filed within 10 days after notice is published in the FEDERAL REGISTER.

The petition filed in the case is available for inspection at the Office of the Secretary, United States International Trade Commission, 8th and E Streets, NW., Washington, D.C., and at the New York office of the International Trade Commission located at 6 World Trade Center.

By order of the Commission.

Issued: February 4, 1975.

KENNETH R. MASON. Secretary.

[FR Doc.75-3625 Filed 2-7-75;8:45 am]

# NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (75-6)]

# NASA LUNAR ADVISORY COMMITTEE Meeting

The NASA Lunar Advisory Committee will meet at the Jet Propulsion Laboratory on February 24, 25, and 26, 1975. The meeting will be held in Room 101 of Building 180 of the Laboratory located at 4800 Oak Grove Drive, Pasadena, California.

The meeting will begin at 9 a.m. on Monday, February 24 and 8:30 a.m. on February 25 and 26 and will end at 6 p.m. on the 24th and 25th and 4 p.m. on the 26th. The meeting is open to members of the public to within the 80-seat capacity of the room.

The 15-member Lunar Advisory Committee serves in a consultative capacity to the National Aeronautics and Space Administration to review the NASA lunar programs and objectives. From 9 a.m. to 10 a.m. on Monday, the Committee will review the status of previous recommendations and action items. The period from 10 a.m. until noon will be devoted to a discussion on the effects on the lunar program of recent budgetary decisions. From 1 p.m. until 6 p.m., the Committee will discuss NASA's science planning and develop procedures and formats for updating (1) NASA's advanced lunar planning and (2) revising the 1972 Lunar Science Institute's booklet "Post-Apollo Lunar Science."

On Tuesday and Wednesday the 25th and 26th, the Committee will be divided into two subcommittees which will meet in working sessions. One subcommittee will review the existing lunar advanced planning documents and recommend modifications to these plans. The other subcommittee will recommend changes to the Lunar Science Institute's document mentioned above.

The entire Committee will meet together from 2 p.m. to 4 p.m. on the 26th to review progress and assign to individual members tasks needed to complete the up-dating projects.

This notice of meeting may not be published in the FEDERAL REGISTER with the required 15-day notice. The reason for the late notice was due to the need to publish a detailed agenda which was not officially approved until February 6. 1975.

For further information regarding the meeting, please contact Dr. Richard J. Allenby, Area Code 202-755-1948.

Dated: February 7, 1975.

BOYD C. MEYERS, II, Assistant Associate Administrator for Organization and Management, National Aeronautics and Space, Administration

[FR Doc.75-3836 Filed 2-7-75;9:52 am]

# NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

**National Endowment for the Arts** MUSIC ADVISORY PANEL

Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that a meeting of the Music Advisory Panel to the National Council on the Arts will be held on February 26, 27, 28, and March 1, 1975, in the 14th floor conference room, 2401 E Street, Washington, D.C. The meetings will be held from 9:30-5 p.m. on February 27 and 28; from 1:30-5 p.m. on February 26; and from 9:30 a.m.-12 noon on March 1.

A portion of this meeting will be open to the public on February 26 from 1:30-5 p.m. and on March 1 from 9:30 a.m.-12 noon. There will be a report on the Music Policy Conference during these open sessions.

The remaining sessions of this meeting February 27 and 28, 1975, are for the purpose of Panel review, discussion, evaluation, and recommendation on applications for financial assistance under the National Foundation on the Arts and the Humanities Act of 1965, as amended, including discussion of information given in confidence to the agency by grant applicants. In accordance with the determination of the Chairman published in the FEDERAL REGISTER of January 10, 1973, these sessions, which involve matters exempt from the requirements of public disclosure under the provisions of the Freedom of Information ence, Rm. 418-W, National Science.

Act (5 U.S.C. 552(b) (4) and (5)), will Foundation, Washington, D.C. 20550, not be open to the public.

Further information with reference to this meeting can be obtained from Mrs. Luna Diamond, Advisory Committee Management Officer, National Endow-ment for the Arts, Washington, D.C. 20506, or call (202) 634-7144.

> EDWARD M. WOLFE, Administrative Officer, National Endowment for the Arts, National Foundation on the Arts and the Humanities.

[FR Doc.75-3676 Filed 2-7-75;8:45 am]

### NATIONAL SCIENCE FOUNDATION DIVISION OF PRE-COLLEGE EDUCATION IN SCIENCE

**Project Directors' Meeting** 

The Division of Pre-College Education in Science of the National Science Foundation customarily sponsors project directors' meetings to provide opportunities for the exchange of information and ideas among project directors, school system representatives and NSF program staff members. The schedule for project directors' meetings for 1975 is listed below.

FEBRUARY 13-15, 1975

SHERATON-BILTMORE, ATLANTA, GEORGIA; AND PALMER HOUSE, CHICAGO, ILLINOIS

February 13-2-5 p.m.; 7:30-9 p.m. February 14—9 a.m.—5 p.m. February 15—9 a.m.—12 Noon.

FEBRUARY 20-22, 1975

HOLLYWOOD ROOSEVELT, LOS ANGELES,

CALIFORNIA

February 20-3-5 p.m.; 7:30-9 p.m. February 21—9 a.m.-5 p.m. February 22—9 a.m.-12 Noon

The project directors' meetings are not considered to be meetings of "advisory committees" as that term is defined in section 3 of the Federal Advisory Committee Act, Pub. L. 92-463. However, it is believed that these meetings are of sufficient importance and interest to the general public to have them opened for public attendance and observation. Public attendance is encouraged especially on the first day and evening when the meeting will be devoted to a discussion of the current outlook with respect to the new thrusts introduced in the National Science Foundation's program in the Education Directorate in FY 1974. An optional informative conference emerging NSF curricula is scheduled for the first evening (7:30-9 p.m.) of each session. The second and third days of each meeting will encompass detailed discussions of plans for the operation of the 1975 projects.

Persons wishing to attend any of these meetings or requiring further information should contact Ms. Jane Stutsman, Program Manager, Instructional Improvement Implementation Section, Division of Pre-College Education in Sci-

telephone 202/282-7950.

R. GAIL ANDERSON, **Acting Committee** Management Officer.

FEBRUARY 5, 1975.

## **NUCLEAR REGULATORY** COMMISSION

[Docket Nos. 50-254 and 50-265]

COMMONWEALTH EDISON CO. IOWA-ILLINOIS GAS AND ELECTRIC CO. (QUAD CITIES, UNITS 1 AND 2)

**Facility Operating Licenses** 

The Nuclear Regulatory Commission (the Commission) is considering the issuance of amendments to Facility Operating Licenses Nos. DPR-29 and DPR-30 (respectively) issued to the Commonwealth Edison Company (acting for itself and on behalf of the Iowa-Minois Gas and Electric Company) for operation of Quad Cities Units 1 and 2, boiling water reactors located in Rock Island County, Illinois, and each currently authorized for operation at power levels up to 2511 MWt.

The amendments would change the provisions of the Technical Specifications for the facilities to incorporate operating limits based on the General Electric Thermal Analysis Basis in accordance with the licensee's application for license amendment dated December 13, 1974, as supplemented by December 20, 1974 and

January 27, 1975. Prior to issuance of the proposed license amendments, the Commission will have made the findings required by the

Act and the Commission's regulations. On or before March 12, 1975, any person whose interest may be affected by the proceeding may file a request for a hearing in the form of a petition for leave to intervene with respect to the issuance of the amendment to the subject facility operating license. Petitions for leave to intervene must be filed under oath or affirmation in accordance with the provisions of section 2.714-of 10 CFR Part 2 of the Commission's regulations. A petition for leave to intervene must set forth the interest of the petitioner in the proceeding, how that interest may be affected by the results of the proceeding, and the petitioner's contentions with respect to the proposed licensing action. Such petitions must be filed in accordance with the provisions of this FEDERAL REGISTER notice and Section 2.714, and must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section by March 12, 1975. A copy of the petition and/or request for a hearing should be sent to the Chief Hearing Counsel, Office of the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555 and to John W. Rowe, Esq., the attorney for the applicant, One First National Plaza, Chicago, Illinois 60670.

A petition for leave to intervene must be accompanied by a supporting affidavit which identifies the specific aspect or aspects of the proceeding as to which intervention is desired and specifies with particularity the facts on which the petitioner relies as to both his interest and his contentions with regard to each aspect on which intervention is requested. Petitions stating contentions relating only to matters outside the Commission's jurisdiction will be denied.

All petitions will be acted upon by the Commission or an Atomic Safety and Licensing Board designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board Panel. Timely petitions will be considered to determine whether a hearing should be noticed or another appropriate order issued regarding the disposition of the petitions.

In the event that a hearing is held and a person is permitted to intervene, he becomes a party to the proceeding and has a right to participate fully in the conduct of the hearing. For example, he may present evidence and examine and cross-examine witnesses.

For further details with respect to this action, see (1) the application for amendment dated December 13, 1974, and supplements thereto dated December 20, 1974 and January 27, 1975, (2) the nonproprietary General Electric Report NEDO-10958, and (3) the Commission's evaluation of the General Electric Report dated September 1974, which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Moline Public Library, 504-17th Street, Moline, Illinois 61265. As they become available, the Commission's related Safety Evaluation and license amendments and any attachments may be inspected at the above locations. A copy of the license amendments and attachments and the Safety Evaluation, when available, may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 3rd day of February, 1975.

For the nuclear regulatory commission.

DENNIS L. ZIEMANN, Chief, Operating Reactors Branch #2, Division of Reactor Licensing.

[FR Doc.75-3704 Filed 2-7-75;8:45 am]

[Docket No. 50-255]
CONSUMERS POWER CO. (PALISADES PLANT)

Order for Modification of License

FEBRUARY 6, 1975.

I. Consumer Power Company (the Licensee) is the holder of Provisional Operating License No. DPR-20, which

authorizes operation of the Palisades Plant (the facility) at power levels up to 2,200 megawatts thermal. The facility is located in Covert Township, Van Buren County, Michigan.

II. The facility is a pressurized water reactor which consists of a two loop system using two steam generators designated as "A" and "B". The facility commenced commercial operation on December 22, 1971, and, during the course of operation since that time, the tubes within both steam generators have experienced localized corrosion of the wastage type and intergranular cracking. The cause of this steam generator tubing corrosion is attributed to phosphate treatment of the water chemistry in the secondary coolant system.

It should be noted by way of back-ground that on January 15, 1973, after approximately one year of intermittent operation of the facility, the first leak in the facility's steam generator tubes developed. Eddy current inspection detected wall thinning in the tubes of both steam generators in the U-bend area. All tubes in the first eleven rows from the divider plates were plugged, and the facility returned to service early in March 1973, after which it operated at essentially 100 percent rated power. On August 11, 1973, the facility was shutdown because of steam generator tube leakage in excess of the limits established by the license technical specifications. Eddy current measurements performed during September 1973 showed measurable wall thinning on nearly half the tubes in each of the two steam generators. The inservice inspection and evaluation continued through April 1974, and all tubes with eddy current indications of 60 percent or more wall thinning were plugged. During a preoperational hydrostatic test early in May 1974, leaks developed in two tubes at a pressure differential of 200 psi. Reinspections of the steam generators showed that a number of tubes had developed a new type of degradation called "intergranular attack" during the nine-month period of shutdown. Thereafter, the Licensee plugged all tubes suspected of intergranular attack.

By September 1974, the Licensee had plugged all steam generator tubes which either were the subject of intergranular attack or exhibited eddy current indications of wall thinning of 50 percent or more. In addition, the Licensee proposed to avoid further corrosion effects by changing from a phosphate water chemistry regime to an all volatile water chemistry treatment of the secondary coolant system. Based on the then AEC Regulatory Staff's (hereinafter referred to as the "NRC Staff") Safety Evaluation Reports dated August 30, 1974, and November 27, 1974, resumed operation of the facility was authorized. Specifically, (i) the facility could be operated at first only at limited power levels consistent with the requirements of a program designed to flush residual phosphates from the secondary coolant system, and then at power levels up to 100 percent of rated power subject to the limiting of the maxi-

mum operating transient differential pressure across the steam generator tubes to 1530 psi; and (ii) because of the possibility of the recurrence of further corrosion, the facility would be subject to a further steam generator tube inspection at the end of ninety effective full-power days or six calendar months from the date of resumption of criticality-September 5, 1974—whichever occurs first. Based on the foregoing, the NRC Staff determined that, taking into account the number of tubes plugged, the steam generators met the requirements for reactor system performance, and that steam generator tube integrity could be maintained with adequate margins of safety during normal operation or under postulated accident conditions. Accordingly, on August 30, 1974, and November 27, 1974, Provisional Operating License No. DPR-20 was amended by Amendments Nos. 10 and 11 to reflect the foregoing requirements.

In December 1974, the Licensee, on its own initiative, conducted an eddy current inspection of steam generator tubes in the "A" steam generator. On January 3, 1975, the Licensee reported the results of this inspection. The Licensee tested a sample of 569 tubes selected with emphasis upon tubes which had eddy current indications of at least 40 percent wall thinning in previous tests. Within the inspection sample, 27 tubes had eddy current indications of corrosion exceeding 50 percent. Of the 27 tubes, one tube had indications exceeding 70 percent (which the Licensee has since plugged); three tubes, from 60 to 70 percent; and 23 tubes, from 50 to 60 percent. These test results suggest (i) the possibility of continuing corrosion, and (ii) that there may exist, within the facility's steam generators, a number of tubes with wall thinning significantly in excess of the limit established by the tube plugging criterion upon which the basis for operation of the facility has been authorized under Amendments Nos. 10 and 11, and that, therefore, such thinning could represent a significant reduction in the margins of safety needed to protect the health and safety of the public.

Although the facility is otherwise ready to resume operation, the Licensee has maintained the facility in a shutdown condition since the December 1974 inspection was performed. Under the present operating license, absent further action by the NRC Staff, the Licensee could return the facility to full power operation in its present condition until March 5, 1975, without any further inspections.

III. In view of the foregoing, the Acting Director, Office of Nuclear Reactor Regulation, finds that the additional license provisions set forth in part IV below are required, and that the public

- by September 1974, the plugging criterion had been revised from 60 to 50 percent.

<sup>&</sup>lt;sup>3</sup>As indicated supra, Amendments Nos. 10 and 11 require a further steam generator tube inspection after ninety effective full-power curs first. The six-month period expires first, and it occurs on March 5, 1975.

health, safety or interest require that these conditions be made immediately

effective upon issuance.

IV. Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and the Commission's rules and regulations in 10 CFR Parts 2 and 50, it is ordered, That:

1. The Provisional Operating License No. DPR-20 is amended by the addition of paragraphs 4.14.4 and 4.14.5 to the Technical Specifications as follows:

4.14.4 The Licensee shall conduct prior to further reactor operation the following steam generator in-service in-

spection program:

A. Inspect all steam generator tubes in both steam generators which previously had defect indications, not including plugged tubes) of greater than 20 percent wall penetration in the manner prescribed by Regulatory Guide 1.83 (issued June 1974), as that guide applies to inspections after the baseline inspection. All tubes with indications of 50 percent or more wall thinning shall be plugged; or in the alternative,

B. Conduct additional statistical in-

spections as follows:

1. With respect to each steam generator "A" tube with December 1974 test indications of 50 percent or more wall thinning, either plug such tube or reevaluate by the following procdure:

(a) Eddy current test such tube to obtain at least 2 additional readings.

(b) Average the 2 or more additional readings with the December 1974 reading.

(c) If the average indicated wall thin-

ning is 50 percent or more, plug the tube.

2. If the results of B.1 above require plugging one or more tubes (in addition to the one tube already plugged since the December 1974 inspection), an additional 3 percent of the total tubes in steam generator "A" shall be inspected. concentrating on those areas of the tube sheet array where tubes with defects were previously found. All tubes with indications of 50 percent or more wall thinning shall be plugged.

3. Continue the sampling procedure of B.2 above until a sampling results in no tubes found that require plugging, or all

tubes have been inspected.

4. Irrespective of the results of the inspection in B.1 through B.3 above, sample 3 percent of the total tubes in steam generator "B", concentrating on those areas of the tube sheet array where tubes with defects were previously found. Acceptance, plugging, and further sampling criteria shall be the same as described above for steam generator "A".

C. The results of the above-described inspection and tube plugging program, and a proposal for the conduct of future operations, including a recommended schedule for the next steam generator tube inspection shall be submitted to the NRC Staff for review and approval by letter prior to further operation.

4.14.5 Any steam generator tubes with eddy current indications of 50 percent or more wall thinning shall be removed

from service by plugging. Such indications may be confirmed by averaging during a given inspection, but such average shall be based on not less than three readings, in which case an average indication of 50 percent or more wall thinning shall result in tube plugging.

2. This order is effective immediately

upon issuance.

3. Within thirty (30) days of the date of issuance of this Order, the Licensee may file a request for a hearing with respect to this Order. Within the same thirty (30) day period, any other person whose interest may be affected may file a request for a hearing with respect to this Order. If a request for a hearing is filed within the prescribed time herein, the Commission will issue a notice of hearing or such other order as may be appropriate. A request for a hearing must be filed with the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section. A copy of the request for a hearing should also be sent to the Chief Hearing Counsel, Office of the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and to R. Rex Renfrow, III, Esquire, Isham, Lincoln & Beale, One First National Plaza, Chicago, Illinois 60670, attorney for the Licensee.

A petition for leave to intervene must be accompanied by a supporting affidavit which identifies the specific aspect or aspects of this Order as to which intervention is desired and specifies with particularity the facts on which the peti-tioner relies as to both his interest and his contentions with regard to each aspect on which intervention is requested. Petitions stating contentions relating only to matters outside the Commission's jurisdiction will be denied.

All requests for a hearing and petitions for leave to intervene will be acted upon by the Commission or an Atomic Safety and Licensing Board designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board

Panel.

In the event that a hearing is held and a petitioner is permitted to intervene, that petitioner becomes a party to the proceeding and has a right to participate fully in the conduct of the hearing. For example, the petitioner may present evidence and examine and cross-examine witnesses.

For further details with respect to this action, see (1) Provisional Operating License No. DPR-20, as amended, (2) the Licensee's inspection report dated January 3, 1975, (3) the Commission's Safety Evaluation Report dated August 30, 1974, issued in connection with Amendment No. 10 to the operating license dated August 30, 1974, which was issued in response to the Licensee's application for amendment dated August 20, 1974, and its letter to the Directorate of Licensing dated August 28, 1974, requesting interim technical specifications, and (4) the Commission's Safety Evaluation Report dated November 27, 1974, issued in con-

nection with Amendment No. 11 to the operating license dated November 27, 1974, which was issued in response to the Licensee's August 20, 1974, applica-tion for amendment as supplemented November 7, 1974. All of the above documents are available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and at the Kalamazoo Public Library, 315 South Rose Street, Kalamazoo, Michigan 49006.

Order dated and issued at Bethesda, Maryland, this 6th day of February, 1975.

#### [DOCKET NO. P-531-A] PUBLIC SERVICE COMPANY OF **OKLAHOMA**

Receipt of Partial Application for Construction Permits and Facility Licenses: Time for Submission of Views on Antitrust Matters

FEBRUARY 7, 1975.

Public Service Company of Oklahoma (the applicant), pursuant to section 103 of the Atomic Energy Act of 1954, as amended, has filed one part of an application, dated November 20, 1974, in connection with its plans to construct and operate two boiling water reactors in Rogers County, Oklahoma, near the town of Inola. The portion of the application filed contains the information requested by the Attorney General for the purpose of an antitrust review of the application as set forth in 10 CFR Part 50, Appendix

The remaining portion of the application consisting of a Preliminary Safety Analysis Report accompanied by an Environmental Report pursuant to § 2.101 of Part 2, is expected to be filed during August 1975. Upon receipt of the remaining portions of the application dealing with radiological health and safety and environmental matters, separate notices of receipt will be published by the Commission including an appropriate notice of hearing.

A copy of the partial application is available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. 20545, and at the Local Public Document Room, Tulsa City—County Library, Tulsa, Oklahoma 74102. Docket No. P-531-A has been assigned to the application and it should be referenced in any correspondence relating to it.

Any person who wishes to have his views on the antitrust matters of the application presented to the Attorney General for consideration should submit such views to the U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Office of Antitrust and Indemnity, Directorate of Licensing, on

or before March 18, 1975.

Dated at Bethesda, Maryland, this 9th day of January, 1975.

> For The Atomic Energy Commission.

WALTER R. BUTLER, Chief, Light Water Reactors Branch 1-2, Directorate of Licensing.

## OFFICE OF MANAGEMENT AND BUDGET

#### **CLEARANCE OF REPORTS**

### **List of Requests**

The following is a list of requests for clearance of reports intended for use in collecting information from the public received by the Office of Management and Budget on February 4, 1975, (44 U.S.C. 3509). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public.

The list includes the title of each request received: the name of the agency sponsoring the proposed collection of information; the agency form number(s), if applicable: the frequency with which the information is proposed to be col-lected; the name of the reviewer or reviewing division within OMB, and an indication of who will be the respondents to the proposed collection.

The symbol (x) identifies proposals which appear to raise no significant issues, and are to be approved after brief notice thru this release.

Further information about the items on this daily list may be obtained from the Clearance Office, Office of Management and Budget, Washington, D.C. 20503, (202-395-4529), or from the Reviewer listed,

# CHICAGO BOARD OPTIONS EXCHANGE, INC.

#### **Amendment to Option Plan**

Notice is hereby given that the Chicago Board Options Exchange, Inc. (CBOE) has filed proposed amendments to its Option Plan pursuant to Rule 9b-1 under the Securities Exchange Act of 1934 (17 CFR 240.9b-1). The CBOE proposes to amend Rule 14.5 and add a new Rule 6.25.

The proposed amendment to Rule 14.5 provides for the elimination of fixed minimum commissions on orders executed on the floor of the Exchange by Brokers. The amendments also provide for the continued regulation by the Exchange of commission rates charged by Board Brokers in the form of a schedule of standard commission rates from which departures could be permitted under certain circumstances. Any such departure would have to be nondiscriminatory among customers, filed with the Floor Procedure Committee at least thirty days prior to its effectiveness and not disapproved by that committee as being unreasonable or discriminatory and continuously displayed at the post.

Proposed Rule 6.25 would prohibit two or more member organizations, each of which does a public or correspondent business and has its own floor broker or brokers on the floor of the Exchange, from entering into any kind of a pooling arrangement whereby orders managed on the floor by one of such firms would be executed by the floor broker or brokers

of another of such firms.

CBOE has also withdrawn its previously filed amendments to Rules 14.5 and 14.6, noticed at 39 FR 40203 and 39 FR

43338, respectively.

The proposed amendments will become effective on March 12, 1975, or upon such earlier date as the Commission may allow unless the Commission shall disapprove the changes in whole or in part as being inconsistent with the public interest or

the protection of investors.

All interested persons are invited to submit their views and comments on the proposed amendments to CBOE's plan either before or after they have become effective. Written statements of views or comments should be addressed to the Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. 10–54. The proposed amendments are, and all such comments will be, available for public inspection at the Public Reference Room of the Securities and Exchange Commission at 1100 L Street NW., Washington, D.C.

[SEAL] GEORGE A. FITZSIMMONS, Secretary.

JANUARY 30, 1975.

[PR Doc.75-3661 Filed 2-7-75;8:45 am]

# CHICAGO BOARD OPTIONS EXCHANGE,

Non-disapproval of Amendments to Option Plan

Notice is hereby given that on January 28, 1975, the Commission considered

and did not disapprove proposed amendments to the Option Plan of the Chicago Board Options Exchange, Inc. (CBOE) pursuant to rule 9b-1 under the Securities Exchange Act of 1934 (17 CFR 240.9b-1). The CBOE proposed to amend rule 2.6 and add rule 6.6 which were originally noticed at 39 FR 44100.

The proposed amendment to rule 2.6 would change the definition of a quorum for the Floor Procedure Committee and would permit the Floor Procedure Committee to appoint additional Floor Officials. Proposed rule 6.6 authorizes Floor Officials to make a temporary response to unusual market conditions in a class of option contracts without imposing a

trading halt in that class.

All interested persons are invited to submit their views and comments on the proposed amendment and new rule to CBOE's plan either before or after it has become effective. Written statements of views and comments should be addressed to the Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. 10-54. The proposed amendment is, and all such comments will be, available for public inspection at the Public Reference Room of the Securities and Exchange Commission at 1100 L Street NW., Washington, D.C.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS, Secretary.

# CHICAGO BOARD OPTIONS EXCHANGE, INC.

### Notice of Amendment to Option Plan

Notice is hereby given that the Chicago Board Options Exchange, Inc. (CBOE) has filed a proposed amendment to its Option Plan pursuant to rule 9b-1 under the Securities Exchange Act of 1934 (17 CFR 240.9b-1).

The proposed amendment would modify paragraph (e) of rule 14.3 in order to make the 40 percent discount from non-member commissions available to Canadian brokers which are members of a Canadian securities exchange or association acceptable to CBOE.

The proposed amendment will become effective on March 12, 1975, or upon such earlier date as the Commission may allow unless the Commission shall disapprove the change in whole or in part as being inconsistent with the public in-

terest or the protection of investors.

All interested persons are invited to submit their views and comments on the proposed amendment to CBOE's plan either before or after it becomes effective. Written statements of views and comments should be addressed to the Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. 10-54. The proposed amendment and all such com-

ments will be available for public inspection at the Public Reference Room of the Securities and Exchange Commission at 1100 L Street NW., Washington, D.C.

Dated: January 30, 1975.

# CHICAGO BOARD OPTIONS EXCHANGE, INC.

#### **Notice of Amendment to Option Plan**

Notice is hereby given that the Chicago Board Options Exchange, Inc. (CBOE) has filed a proposed amendment to its Option Plan filed pursuant to Rule 9b-1 under the Securities Exchange Act of 1934 (17 CFR 240.9b-1).

The proposed addition to Rule 6.45 provides that, where necessary in order to achieve a single-price opening the Board Broker may give priority to market orders entitled to participate in the opening over limit orders at the opening price on the Board Broker's book, thus reversing the existing order of priority. This change will enable CBOE to eliminate the range of opening prices which occurs at some openings.

The proposed amendment will become effective on March 12, 1975, or upon such earlier date as the Commission may allow unless the Commission shall disapprove the change in whole or in part as being inconsistent with the public interest or the protection of investors.

All interested persons are invited to submit their views and comments on the proposed amendment to CBOE's plan either before or after it has become effective. Written statements of views or comments should be addressed to the Secretary, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. 10-54. The proposed amendment is, and all such comments will be, available for public inspection at the Public Reference Room of the Securities and Exchange Commission at 1100 L Street NW., Washington, D.C.

Dated: January 30, 1975.

# [File No. 24D-3363] MINCOMP CORP.

Order Temporarily Suspending Exemption, Statement of Reasons Therefor and Notice of Opportunity for Hearing

JANUARY 28, 1975.

Mincomp Corp. (Issuer), 1780 South Bellaire, Denver, Colorado 80222, incorporated in Colorado on January 15, 1970. filed with the Commission on July 13, 1973, a Notification on Form 1-A and an Offering Circular relating to a proposed public offering of 300,000 shares of its no par common stock of \$1.00 per share for an aggregate offering price of \$300,-000. The purpose of this filing was to obtain an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof, and Regulation A adopted thereunder. Mr. Edward R. Mellicker, Jr., vice president and director of the Issuer, 1130 Grape, Denver, Colorado, was designated as underwriter for the Issuer. The Issuer's Form 2-A Report filed on January 11, 1974, showed that the offering commenced on August 10, 1973, and terminated on January 10, 1974.

The Commission, on the basis of information reported to it by its staff has reasonable cause to believe that:

A. The notification and offering circular filed by the issuer contain untrue statements of material facts and omit to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, in the following respects:

1. The failure to disclose bank overdrafts and other corporate debts resulting from the Issuer's operations:

2. The failure to disclose the existence of repurchase agreements. between insiders and various persons purchasing pursuant to the offering;

3. The failure to accurately disclose the use to be made of the proceeds of the

4. The failure to disclose the issuance of restricted stock held by insiders as consideration for purchasing stock of the offering pursuant to the repurchase agreements:

5. The failure to disclose the sale by insiders of repurchased stock during the offering to persons believing the stock to be part of the offering:

6. The failure to disclose that securities would be placed in a nominee ac-

count: and

7. The failure to disclose an artificial attainment of the proceeds from escrow by reaching the minimum through the sale of stock pursuant to repurchase agreements.

B. The terms and conditions of Regulation A have not been complied with in

1. The offering circular failed to disclose the method by which the securities were to be offered and the terms thereof;

2. The offering circular failed to accurately state the financial condition of the Issuer.

C. The offering was made in violation of section 17 of the Securities Act of 1933,

as amended.

It appearing to the Commission that it is in the public interest and for the protection of investors that the exemption of Mincomp Corporation under Regulation A be temporarily suspended.

It is ordered, pursuant to rule 261(a) of the General Rules and Regulations under the Securities Act of 1933, as amended, that the exemption of the Issuer under Regulation A be, and it hereby is, temporarily suspended.

It is further ordered, pursuant to Rule 7 of the Commission's rules of practice, that the issuer file an answer to the allegations contained in the order within thirty days of the entry thereof.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for a hearing within thirty days after the entry of this order; that within twenty days after receipt of such request the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission, the order shall become permanent on the thirtieth day after its entry and shall remain in effect unless it is modified or vacated by the Commission.

By the Commission.

[812-3750]

# MOBIL ALASKA PIPELINE CO. **Filing of Application**

JANUARY 30, 1975.

Notice is hereby given that Mobil Alaska Pipeline Co., 108 South Akard Street, Dallas, Texas 75202, a Delaware corporation ("Applicant"), filed an application on January 15, 1975, and and amendment thereto on January 30, 1975, for an order pursuant to section 6(c) of the Investment Company Act of 1940 (the "Act") exempting Applicant from all provisions of the Act. All interested persons are referred to the application which is on file with the Commission for a statement of the representations made therein which are summarized below.

Applicant was organized as a wholly owned subsidiary of Mobil Oil Corp. ("Mobil"), a New York Corporation. Applicant contends that its sole purpose is to own, construct and operate a 5 percent undivided interest in the Trans Alaska Pipeline System (TAPS), a 48inch crude oil pipeline running approximately 800 miles from the Prudhoe Bay oil field on the North Slope of Alaska to a tank farm and marine terminal at the ice-free port of Valdez on Alaska's southern coast. Construction of TAPS commenced in 1974 and is scheduled for completion in the second half of 1977.

The other owners of TAPS are seven companies which also have interests in the Prudhoe Bay field. Each owner is separately responsible for raising its share of the cost of construction of TAPS. As the estimated total cost of TAPS is \$5.98 billion, Applicant's 5 percent share is approximately \$300 million (not including interest during construction).

Applicant proposes to finance its share of costs of TAPS by a single public offering of debt securities (the "Debt Securities"), which Debt Securities will be guaranteed as to principal, premium, if any, and interest by Mobil. In addition, Mobil will enter into an agreement with Applicant which will provide undertakings by Mobil to provide Applicant with any funds necessary to permit it to meet its obligations incurred under the Debt Securities.

The Debt Securities will be registered under the Securities Act of 1933 (the "1933 Act") and an indenture with respect thereto will be qualified under the Trust Indenture Act of 1939 (the "Trust Indenture Act"). Applicant filed on January 23, 1975, the applicable registration statement under the 1933 Act to register \$300,000,000 amount of Debt Securities. The Debt Securities will be offered to the public through a firm commitment underwriting to be managed by Morgan Stanley & Co. Inc.

Applicant submits that approximately \$79 million of the public offering net proceeds of \$297 million will be used to repay existing TAPS indebtedness. The remainder will be used to finance most of Applicant's share of the estimated cost of TAPS. Applicant estimates that monthly aggregate amounts averaging \$10 million in 1975 and \$8 million in 1976 will be disbursed to meet cash calls. The balance of the cost will be payable in 1977. Applicant proposes to lend funds in excess of current and continuing needs to Mobil for general corporate purposes or from time to time invest such funds pending their investment in TAPS in short-term securities, consisting only of United States government securities. Applicant estimates that the amount of excess funds available will be \$218,000 million after the public offering, \$121 million at year end 1975, and \$17 million at year end 1976.

Section 3(a)(1) of the Act defines the term "investment company" to include any issuer which "is \* \* \* engaged primarily, or proposes to engage primarily, in the business of investing, reinvesting, or trading in securities." Section 3(a) (3) of the Act defines "investment company" to include any issuer which "is engaged or proposes to engage in the business of investing, reinvesting, owning, holding, or trading in securities, and owns or proposes to acquire investment securities having a value exceeding 40 per centum of the value of such issuer's total assets (exclusive of government securities and cash items) on an unconsolidated basis. Applicant submits that, since its proposed loans to Mobil and U.S. government securities investments will constitute at least initially the greater part of its assets and since all of its income until TAPS commences operations will be derived from either the loans to Mobil or the U.S. government securities, it may be considered to be an investment company under the Act.

The Debt Securities to be publicly offered by Applicant will be guaranteed as to principal, premium, if any, and interest by Mobil. Applicant states that the guarantees will rank equal to all other indebtedness of Mobil and, upon liquidation of Mobil, would have a claim on the assets of Mobil equal to that of all other indebtedness of Mobil. Applicant submits that the payment of its Debt Securities will not depend on its investment policy.

Applicant asserts that Mobil is not an "investment company", as defined in section 3(a) of the Act and that had Mobil itself engaged in the proposed operations the Act would be inapplicable. Applicant further states that for business reasons, principally the applicability of Interstate Commerce Act regulation to the company owning an interest in TAPS, Mobil deemed it advisable to form Applicant to operate TAPS.

All equity securities of Applicant will be owned solely by Mobil. Any securities of the Applicant publicly offered will be registered under the 1933 Act, and an indenture with respect thereto will be qualified under the Trust Indenture Act. Applicant will be subject to the reporting requirements of the 1934 Act. Applicant also states that the proposed acts will help to make available to the economy of the United States extensive resources of low sulfur oil.

Section 6(c) of the Act provides that the Commission, by order upon application, may conditionally or unconditionally exempt any person or transaction from any provision or provisions of the Act to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicant has agreed, in the event that the Commission grants the application, to the insertion in the Commission's order of the following conditions:

(1) Applicant will file with the Commission, within 120 days after the close of each fiscal year of Applicant, commencing with the first fiscal year in which it issues and sells any debt securities: (a) the data required by Items 1.08 (except with respect to information relating to persons under common control with Applicant), 1.09, 1.10, and 1.11 of Form N-1R adopted by the Commission pursuant to section 30(a) of the Act and (b) an annual balance sheet income and surplus statment, and a schedule of investments.

(2) With respect to Applicant's excess funds other than amounts loaned to Mobil, Applicant will invest in short term securities which will consist only of U.S. government securities, that is securities issued or guaranteed as to principal or interest by the United States, or by a person controlled or supervised by and acting as an instrumentality of the Government of the United States pursuant to authority granted by the Congress of the United States; or any certificates of deposit for any of the foregoing.

Notice is further given that any interested person may, not later than February 18, 1975, at 12:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit, or in case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule O-5 of the rules and regulations promulgated under the Act, an order disposing of the application will be issued as of course following February 18, 1975, unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing. or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including

the date of the hearing (if ordered) and any postponements thereof.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.75-3658 Filed 2-7-75;8:45 am]

[Rel. No. 812-3712]

THE MUNICIPAL INCOME FUND, AND MERRILL LYNCH, PIERCE, FENNER & SMITH INC.

Filing of Application

JANUARY 31, 1975.

Notice is hereby given that the Municipal Income Fund, First Insured Discount Series (the "Fund") and Subsequent Series (hereinafter called the "Funds"), registered under the Investment Company Act of 1940 (the "Act") as unit investment trusts, and the sponsor, Merrill Lynch, Pierce, Fenner & Smith Inc., One Liberty Plaza, 165 Broadway, New York, N.Y. 10006 ("Sponsor"), (collectively the "Applicants"), filed an application on October 24, 1974, and amendments thereto on December 10, 1974, December 16, 1974, and January 28, 1975, pursuant to section 6(c) of the Act for an order of the Commission exempting the Funds from the provisions of section 14(a) of the Act and the provisions of rule 19b-1 under the Act and exempting the Sponsor from the provisions of rule 22c-1, under the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

The Fund, an unmanaged investment company, will be governed under New York law by a Trust Agreement (the "Trust Agreement") under which the Sponsor will act as such. The Bank of New York will act as Trustee, and Standard & Poor's Corp. will act as Evaluator. Pursuant to the Trust Agreement, the Sponsor will deposit with the Trustee \$50,000,000 principal amount of bonds (the "Bonds"), which the Sponsor will have accumulated for such purposes. The Bonds deposited with the Trustee are identified and the acquisition or substitution of any other securities for any of the identified Bonds is prohibited, except for bonds acquired pursuant to refunding or refinancing. The identified Bonds may be sold from time to time by the Trustee upon the Sponsor's direction only under certain circumstances set forth in the Trust Agreement including, principally, default in the payment of principal or interest, actions or proceedings instituted at law or in equity seeking to restrain or enjoin the payment of principal or interest on any such Bonds, breach of covenant or warranty in any document under which such Bonds are outstanding which might adversely affect the payment of principal or interest on such Bonds, or a decline in the price of any of such Bonds to such an extent, or other market or credit factors which in the opinion of the sponsor makes the retention of such Bonds detrimental to the interest of Unitholders. However, the proceeds from such dispositions must be distributed to the Unitholders. Interest on the Bonds also must be paid out to Unitholders.

The Bonds will consist of bonds issued by states, counties, territories, or municipalities of the United States and authorities, municipal corporations, and political subdivisions thereof. They are to be selected on the basis of yield, quality, and diversification and will be purchased at deep market discounts. Payments of principal and interest on the Bonds in the portfolio for the First Insured Discount Series will be insured under an insurance policy issued by MGIC Indemnity Corp. The assets of the Fund will consist of the Bonds, such bonds as may continue to be held from time to time in exchange for or in substitution of any of the Bonds upon refundings or refinancings, accrued and undistributed interest, and undistributed

Simultaneously with the deposit of the Bonds, the Trustee will deliver to the Sponsor for sale to the public registered certificates for 50,000 Units of fractional undivided interest in the Fund (the 'Units"), which will represent the entire ownership of the Fund. Units of the Fund will be offered to the public either separately or in "Combined Units" together with shares of Putnam Investors Fund, Inc. (an open-end management investment company). The offering will be made separately through a final prospectus at a Public Offering Price computed by adding to the offering side evaluation of the Bonds, divided by the number of Units, a sales charges. The sales charge on the Units will be 4 percent of the Public Offering Price of the Units whether the Units are purchased separately or in combination with Putname shares. Units are redeemable on the basis of the bid side evaluation of the Bonds.

The Sponsor, while under no obligation to do so, intends to maintain a market for Units of the Fund and to offer to purchase such Units at prices which are based upon the aggregate offering price of the Bonds. Should business reasons dictate, such as if the supply of Units exceeds demand, the Sponsor may purchase Units at prices below the offering prices of Bonds, with a minimum offer equal to the Unit redemption value, and in such cases the Sponsor will tender these Units to the Trustee for redemption and will not resell them in the secondary market.

The organization, operation and marketing of Units of Subsequent Series may vary in that one or more additional investment banking firms may act as sponsor in addition to Sponsor, the public sale of the Units may be done through the Sponsor as sole underwriter or through an underwriting account, and the trustee and evaluator may vary. With respect to the portfolio bonds in Subsequent Series, they may or may not be purchased at deep market discounts

and may be selected on the basis of different quality standards. The principal amount of bonds deposited, the number of Units issued, and the sales charge on such Units may vary in Subsequent Series, and the payment of principal and interest on bonds in the portfolios of Subsequent Series may not be insured.

Section 14(a) of the Act requires that a registered investment company (a) have a net worth of at least \$100,000 prior to making a public offering of its securities, (b) have previously made a public offering and at the time have had a net worth of \$100,000 or (c) have made arrangements for at least \$100,000 to be paid in by 25 or fewer persons before acceptance of public subscriptions.

Each Series of The Municipal Bond Fund at the date of deposit of the underlying Bonds and before any Unit is offered to the public is intended to have a net worth substantially in excess of \$100,000 represented by the market value of the Bonds on that date. However, the Sponsor's deposit in the Funds of Bonds with a net worth in excess of \$100,000, in exchange for Units of the Funds which the Sponsor intends to offer to the public, may not satisfy these provisions of the Act.

Applicants, therefore, request exemption from the provisions of section 14(a) of the Act in order that they may make a public offering of Units of the Fund and Subsequent Series as described above. Applicants state that investors will be offered interests in the Funds which will be unmanaged investment companies with portfolios composed of pre-deposited and identified Bonds.

As a condition to the requested exemption, the Sponsor has agreed that it will refund, on demand and without deduction, all sales charges to purchasers of Units of any Series from the Sponsor or from any underwriter or dealer participating in the distribution, and liquidate the Bonds held by any Series and distribute the proceeds thereof if, within ninety days from the time that the registration statement relating to the Units of such Series shall have become effective, the net worth of the Series shall be reduced to less than \$100,000 or if such Series of the Fund shall have been terminated. The Sponsor has further agreed to instruct the Trustee to terminate such Fund in the event redemption by the Sponsor of unsold Units results. in such Fund having a net worth of less than 40 percent of the principal amount of Bonds in the initial portfolio, and in the event of any such termination the Sponsor will refund, on demand and without reduction, all sales charges to purchasers of Units of such Fund from the Sponsor or from any underwriter or dealer participating in the distribu-

Applicants contend that in these circumstances it is appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policies and provisions of the Act to exempt the Fund and all Subsequent Series from the provisions of section 14(a) of the Act.

Rule 19b-1(a) under the Act provides, in substance, that no registered investment company which is a "regulated investment company" shall distribute more than one capital gain distribution in any one taxable year. Paragraph (b) of the rule contains a similar prohibition for a company not a "regulated investment company," provided, however, that a unit investment trust may distribute capital gains distributions received from a "regulated investment company" within a reasonable time after receipt.

Applicants state that the Funds are unmanaged investment companies with portfolios of pre-deposited and identified Bonds. Once the initial deposit is made, prior to the public offering of Units, other securities may not be acquired in addition to or in substitution for any of the Bonds except in the case of refundings or refinancings. Although Bonds may be sold by the Trustee upon the Sponsor's direction under certain circumstances stated in the Trust Agreement, such circumstances are limited.

Distributions of principal constituting capital gains to Unitholders may arise in the following instances: (1) an issuer might call or redeem an issue held in the portfolio and (2) Bonds might be liquidated in order to provide the funds necessary to meet redemptions.

Applicants contemplate making monthly distributions of principal and interest to Unitholders of a Series. Applicants state that the dangers against which rule 19b-1 is intended to guard do not exist in Applicants' situation since the events which may give rise to capital gains are substantially independent of any action by the Sponsor and the Trustee.

Any capital gains or return of capital distributions will be clearly distinguished from interest distributions in the accompanying report by the Trustee to Unitholders. Applicants contend that it would clearly be to the detriment of Unitholders if a Series is required to hold any money, which might be capital gains, until the end of its taxable year before distributing such gains to Unitholders.

Applicants further state that the purpose behind paragraph b of rule 19b-1 is to avoid forcing a Unit investment trust to accumulate valid distributions received throughout the year until year end and that the Fund's situation is within the intended objectives of such provisions even though each Series will not invest in regulated investment companies.

Rule 22c-1 provides, in part, that redeemable securities of registered investment companies must be sold, redeemed, or repurchased at a price based on the current net asset value (computed on each day during which the New York Stock Exchange (the "NYSE") is open for trading not less frequently than once daily as of the time of the close of trading on such Exchange) which is next computed after receipt of a tender of such security for redemption or of an offer to repurchase or sell such security.

Applicants seek an order pursuant to section 6(c) of the Act exempting the secondary market operations of the Sponsor from the provisions of rule 22c-1 under the Act. The Sponsor proposes to adopt the practice of valuing units of a Series, for purchase and resale by the Sponsor in the secondary market, at prices computed once a week as of the close of business of the NYSE on the last business day of the week, effective for all transactions made during the following week. The evaluation is to be made by the Evaluator.

Applicants state that rule 22c-1 has two purposes: (1) to eliminate or reduce any dilution of the value of outstanding redeemable securities of registered investment companies which would occur through the redemption or repurchase of such securities at a price above their net asset value or the sale of such securities at a price lower than their net asset value and (2) to minimize speculative trading practices in the securities of registered

investment companies.

Applicants assert that the pricing by the Sponsor in the secondary market will in no way affect the assets of a Series since the price at which units of a Series are sold or repurchased in the secondary market does not affect the value of either the underlying Bonds or the fractional undivided interest in those Bonds represented by each unit outstanding. Furthermore, Applicants state that sec-ondary market trading in the Funds is not attractive to speculators since the Funds are designed for investors who desire fixed income with diversification. The evaluation process involves highly complicated and specialized techniques. Only through a substantial transaction could a would-be speculator produce a profit. Applicants state that they anticipate that the number of Units available in the secondary market will be very limited.

Applicants state that while the purposes for which rule 22c-1 was adopted would not be served by its application to the Funds, the interests of investors would be significantly impaired by imposing upon them the cost of additional determinations of net asset value which would be required by the Rule, particularly in light of the anticipated low volume of secondary market activity.

Applicants represent that backward pricing is necessary in order that the Sponsor may be able to quote a price at which it will buy or sell Units. A price to be determined several days in the future would be unsatisfactory to the Unitholders as well as to the Sponsor

and prospective buyers.

A procedure will be instituted, without additional cost to investors, whereby the Evaluator will provide informal evaluations to protect Unitholders and investors. In the case of a repurchase, if the Evaluator cannot state that the current bid price is not higher than or equal to the previous Friday's offering side evaluation, the Sponsor will order a new evaluation. In the case of a resale of Units in the secondary market, if the Evaluator determines that the offering side evaluation has decreased by an amount greater than or equal to one-

half point (\$5.00 on a unit representing \$1,000 principal amount of underlying bonds) it will perform a new evaluation.

Section 6(c) of the Act provides, in part, that the Commission may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions from any provisions of the Act or of any rule or regulation under the Act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than February 25, 1975, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communications should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the address stated above. Proof of such service (by affidavit, or in case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application will be issued as of course following February 25, 1975, unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

### INTERSTATE COMMERCE COMMISSION

[Notice No. 692]

### ASSIGNMENT OF HEARINGS

FEBRUARY 5, 1975.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective as signments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notifled of cancellation or postponements of hearings in which they are interested. No amendments will be entertained after February 10, 1975.

MC 115667 Sub 8, Arrow Transfer Co., LTD., now being assigned April 8, 1975, at Olympia, Washington, in a hearing room to be

later designated.

MC 217 Subs 16 and 17, Point Transfer, Inc., MC 13569 Subs 27 and 30, The Lake Shore Motor Freight Company, MC 14552 Subs 50 and 53, J. V. McNicholas Transfer Company and MC 138286 Sub 2, John F. Scott Company; now assigned continued hearing March 17, 1975 (2 weeks), at Pittsburgh, Pa., in Room 2212, Federal Building, 1000 Liberty Avenue. FF 455, National Warehouse & Distribution Co., DBA, National Distribution Systems, now being assigned April 8, 1975 (2 days), at Salt Lake City, Utah, in a hearing room to be designated later.

MC 111812 Sub 509, Midwest Coast Transport, Inc., now being assigned April 10, 1975 (2 days), at Salt Lake City, Utah, in a hearing room to be designated later.

MC 134370 Sub 12, Osborne Trucing Co., Inc., now being assigned April 14, 1974 (1 wk.), at Denver, Colo., in a hearing room to be designated later.

MC-F 11787, N. N. C. Freight System-Purchase-William Louis Damon, DBA Damon Freight Lines, now being assigned April 21, 1975 (1 wk.), at Albuquerque, N. Mexico. in a hearing room to be designated later.

MC 95876 Sub 154, Anderson Trucking Service, Inc., now being assigned April 28, 1985, at St. Paul, Minn., in a hearing room to be later designated.

MC 139821 Sub 1, Haugen Transit, Inc., now being assigned May 1, 1975, at St. Paul, Minn., in a hearing room to be later desig-

MC-F-12269, R-W Service System, Inc.-Purchase (Portion)—Scherer Freight Lines, Inc., now assigned March 4, 1975, at Detroit, Mich., is postponed to April 1, 1975, at Detroit, Mich., in a hearing room to be later designated.

#### FOURTH SECTION APPLICATIONS FOR RELIEF

FEBRUARY 5, 1975.

An application, as summarized below, has been filed requesting relief from the requirements of section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the General Rules of Practice (49 CFR 1100.40) and filed on

or before February 25, 1975.

FSA No. 42933-Wrought Iron or Steel Oil Country Tubular Goods and Line Pipe to Ivanhoe, Louisiana. Filed by Southwestern Freight Bureau, Agent, (No. B-511), for interested rail carriers. Rates on wrought iron or steel country tubular goods and line pipe, in carloads, as described in the application, from Minnequa and Pueblo, Colarado, to Ivanhoe, Louisiana.

Grounds for relief-Rate relationship. Tariff-Supplement 64 to Southwestern Freight Bureau, Agent, tariff 259-F, I.C.C. No. 5080. Rates are published to become effective on March 6, 1975.

FSA No. 42934-Joint Water-Rail Container Rates-Nippon Yusen Kaisha. Filed by Nipon Yusen Kaisha, (No. 7), for itself and interested rail carriers. Rates on general commodities, between ports in Japan, Korea, Hong Kong, and Taiwan, and rail stations on the U.S. Atlantic and Gulf Seaboard.

Grounds for relief-Water competition.

FSA No. 42935-Joint Water-Rail Container Rates-Showa Line, Ltd. Filed by Showa Line, Ltd. (No. 11), for itself and interested rail carriers. Rates on general commodities, between ports in Japan, Korea, Hong Kong, The Philippines, Taiwan, Malaysia, Indonesia, and The Republic of Singapore, and rail station at Providence, R.I.

Grounds for relief-Water competition.

By the Commission.

#### IRREGULAR-ROUTE MOTOR COMMON CARRIERS OF PROPERTY

**Elimination of Gateway Letter Notices** 

FEBRUARY 4, 1975.

The following letter-notices of proposals to eliminate gateways for the purpose of reducing highway congestion, alleviating air and noise pollution, minimizing safety hazards, and conserving fuel have been filed with the Interstate Commerce Commission under the Commission's gateway elimination rules (49 CFR 1065(a)), and notice thereof to all interested persons is hereby given as provided in such rules.

An original and two copies of protests against the proposed elimination of any gateway herein described may be filed with the Interstate Commerce Commission on or before February 20, 1975. A copy must also be served upon applicant or its representative. Protests against the elimination of a gateway will not operate to stay commencement of the proposed

operation.

Successively filed letter-notices of the same carrier under these rules will be numbered consecutively for convenience in identification. Protests, if any, must refer to such letter-notices by number.

No. MC 78842 (Sub-No. E1), filed May 16, 1974. Applicant: DALEY & WANGER, 821 Nantasket Ave., Hull, Mass. 02045. Applicant's representative: Mr. Herbert F. Fleck (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Household goods, as defined by the Commission, (1) between points in Alabama, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 15 miles thereof) (2) between points in Florida, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof) \*; between points in Georgia, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof) \*; (4) between points in North Carolina, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof) \*; (5) between points in South Carolina, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof) \*; (6) between points in Tennessee, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof)\*; (7) between points in Maryland, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof)\*; (8) between points in Virginia, on the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass., and points within 5 miles thereof)\*; (9) between points in the District of Columbia, on

the one hand, and, on the other, points in Maine, New Hampshire, and Rhode Island (Quincy, Mass.; and points within 5 miles thereof)\*; (10) between points in Pennsylvania, on the one hand, and, on the other, points in Maine and New Hampshire (Brookline, Mass.)\*; (11) between points in Rhode Island, on the one hand, and, on the other, points in Maine (Hull, Mass.)\*; (12) between points in New Jersey, on the one hand, and, on the other, points in Maine (Brookline, Mass.)\*; and (13) between points in Connecticut, on the one hand, and, on the other, points in Maine (Brookline, Mass.)\*. The purpose of this filing is to eliminate the gateways indicated by asterisks above.

No. MC 106401 (Sub-No. E2), filed May 13, 1974. Applicant: JOHNSON MOTOR LINES, INC., P.O. Box 10877, Charlotte, N.C. 28234. Applicant's representative: Thomas G. Sloan (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: General commodities (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, livestock, and commodities injurious or contaminating to other lading), from points in that part of South Carolina south of a line beginning at the Georgia-South Carolina State line, thence along U.S. Highway 1 to junction U.S. Highway 76, thence along U.S. Highway 76 to the South Carolina-North Carolina State line, to points in Allegany, Baltimore, Frederick, and Washington, Counties, Md. (except points on a line beginning at the Maryland-Pennsylvania State line, thence along U.S. Highway 111 to junction Maryland Highway 45, thence along Maryland Highway 45 to Towson, Md., thence along U.S. Highway 111 to Baltimore, Md., thence along U.S. Highway 1 to the Maryland-District of Columbia State line; points on a line beginning at the Frederick County, Md., line, thence along Maryland Highway 194 to junction Maryland Highway 26, thence along Maryland Highway 26 to junction U.S. Highway 15, thence along U.S. Highway 15 to Frederick, Md., thence along Alternate U.S. Highway 40 to Hagerstown, Md.: points on a line beginning at the Pennsylvania-Maryland State line, thence along Maryland Highway 60 to Hagerstown, Md.; points on a line beginning at Baltimore, Md., thence along U.S. Highway 40 to the Harford County, Md. line), and to points in Berks, Bucks, Chester, Dauphin, Delaware, Lancaster, Lebanon, Lehigh, Monroe, Montgomery, Northampton, and Schuylkill Counties, Pa. (except points on a line beginning at the Delaware-Pennsylvania State line, thence along U.S. Highway 13 to Philadelphia, Pa.; points on a line beginning at the Susquehanna River, thence along U.S. Highway 30 to Lancaster, Pa., thence along U.S. Highway 222 to Reading, Pa.; points on a line beginning at Harrisburg, Pa., thence along U.S. Highway 422 to

Lebanon, Pa.; points on a line beginning at Lancaster, Pa., thence along Pennsylvania Highway 501 to Lititz, Pa.; and points on a line beginning at the New Jersey-Pennsylvania State line, thence along U.S. Highway 1 to Philadelphia). The purpose of this filing is to eliminate the gateway of Greensboro, N.C.

No. MC 106401 (Sub-No. E4), filed May 13, 1974. Applicant: JOHNSON MO-TOR LINES, INC., P.O. Box 10877, Charlotte, N.C. 28234. Applicant's representative: Thomas G. Sloan (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: General commodities (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, livestock and commodities injurious or contaminating to other lading, uncrated store fixtures, uncrated hotel equipment, and uncrated kitchen equipment), from Corning and New York, N.Y., Hagers-Md., Danville, Lynchburg, Roanoke, and Winchester, Va., points in Bergen, Burlington, Cumberland, Essex, Gloucester, Hudson, Mercer, Middlesex, and Passaic Counties, N.J., and points in that part of Pennsylvania on and east of a line beginning at the Maryland-Pennsylvania State thence along U.S. Highway 522 to Selinsgrove, Pa., thence along U.S. Highway 11 to the Pennsylvania-New York State line, and to points in South Carolina west or north of a line consisting of the western and northern boundaries of Horry, Georgetown, Williamsburg, Clarendon, Calhoun, Orangeburg, and Barnwell Counties, S.C. (except points on a line beginning at the Georgia-South Carolina State line, thence along U.S. Highway 123 to Greenville, S.C., points on a line beginning at the Georgia-South Carolina State line, thence along U.S. Highway 29 to Lyman, S.C., thence along Alternate U.S. Highway 29 to the South Carolina-North Carolina State line; points on U.S. Highway 1 between the Georgia-South Carolina State line and the South Carolina-North Carolina State line; points on U.S. Highway 76 between Columbia and Florence, S.C.; and points on a line beginning at Sumter, S.C., thence along U.S. Highway 15 to junction U.S. Highway 52, thence along U.S. Highway 52 to Cheraw, S.C.). The purpose of this filing is to eliminate the gateways of Nicholson, Pa., Newark, N.J., and Charlotte, N.C.

No. MC 106401 (Sub-No. E6), filed May 13, 1974. Applicant: JOHNSON MCTOR LINES, INC., P.O. Box 10877, Charlotte, N.C. 28234. Applicant's representative: Thomas G. Sloan (same as above). Authority sought to operate as a common carrier, by motor vehicle over irregular routes, transporting: General commodities except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, livestock,

and commodities injurious or contaminating to other lading, uncrated store fixtures, uncrated hotel equipment, and uncrated kitchen equipment, (1) from New York, N.Y., Hagerstown, Md., Winchester, Va., points in Bergen, Burling-Cumberland, Essex, Gloucester, Hudson, Mercer, Middlesex, and Passaic Counties, N.J., and points in that part of Pennsylvania on and east of a line beginning at the Maryland-Pennsylvania State line, thence along U.S. Highway 522 to Selinsgrove, Pa., thence along U.S. Highway 11 to the Pennsylvania-New York State line, and, to points in Alexander, Buncombe, Burke, Cabarrus, Caldwell, Catawba, Cleveland, Gaston, Henderson, Iredell, Lincoln, McDowell, Mecklenburg, Polk, Rowan, Rutherford, Stanly, and Union Counties, N.C. (except points on a line beginning at the South Carolina-North Carolina State line, thence along Alternate U.S. Highway 29 to Grove, N.C., thence along U.S. Highway 29 to Charlotte, N.C., thence along North Carolina Highway 49 to junction unnumbered highway, thence along unnumbered highway to Concord, N.C., thence along Alternate U.S. Highway 29 to junction U.S. Highway 29, thence along U.S. Highway 29 to the Rowan-Davidson County line; and points on a line beginning at Salisbury, N. C., thence along U.S. Highway 70 to Hickory, N.C., thence along U.S. Highway 321 to junction Alternate U.S. Highway 321, thence along Alternate U.S. Highway 321 to Valmead, N.C.); and (2) from Corning, N.Y., and Danville and Lynchburg, Va., to points in Buncombe, Burke, Caldwell, Catawba, Cleveland, Gaston, Henderson, Lincoln, McDowell, Mecklenburg, Polk, and Rutherford Counties, N.C., (except points on a line beginning at the South Carolina-North Carolina State line, thence along Alternate U.S. Highway 29 to Grover, N.C., thence along U.S. Highway 29 to junction North Carolina Highway 49, thence along North Carolina Highway 49 to the Mecklenburg-Cabarrus County line; and points on a line beginning at the Iredell-Catawba County line, thence along U.S. Highway 70 to junction U.S. Highway 321, thence along U.S. Highway 321 to junction Alternate U.S. Highway 321, thence along Alternate U.S. Highway 321 to Valmead, N.C.). The purpose of this filing is to eliminate the gateways of Nicholson, Pa., Newark, N.J., and Charlotte, N.C.

No. MC 106401 (Sub-No. E22), filed May 13, 1974. Applicant: JOHNSON MOTOR LINES, INC., P.O. Box 10877, Charlotte, N.C. 28234. Applicant's representative: Thomas G. Sloan (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: General commodities (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, livestock, and commodities injurious or contaminating to other lading, uncrated store fixtures, uncrated hotel equipment, and uncrated

kitchen equipment), between Corning and New York, N.Y., Hagerstown, Md., Danville, Lynchburg, Roanoke, and Winchester, Va., points in Bergen, Burlington, Cumberland, Essex, Gloucester, Hudson, Mercer, Middlesex, and Passaic Counties, N.J., and points in that part of Pennsylvania on and east of a line beginning at the Maryland-Pennsylvania State line, thence along U.S. Highway 522 to junction U.S. Highway 11 to the Pennsylvania-New York State line, on the one hand, and, on the other, points in that part of Georgia and South Carolina on a line beginning at Atlanta, Ga., thence along U.S. Highway 29 to Lyman, S.C., thence along Alternate U.S. Highway 29 to the South Carolina-North Carolina State line; points in that part of Georgia and South Carolina on a line beginning at Lawrenceville, Ga., thence along Georgia Highway 20 to junction U.S. Highway 23, thence along U.S. Highway 23 to junction U.S. Highway 123, thence along U.S. Highway 123 to Greenville, S.C.; points in that part of Georgia and South Carolina on a line beginning at Athens, Ga., thence along U.S. Highway 78 to junction U.S. Highway 1, thence along U.S. Highway 1 to the South Carolina-North Carolina State line; points in that part of South Carolina on a line beginning at Columbia, S.C., thence along U.S. Highway 76 to junction U.S. Highway 15, thence along U.S. Highway 15 to junction U.S. Highway 52, thence along U.S. Highway 52 to Cheraw, S.C.; points in that part of South Carolina on a line beginning at Sumter, S.C., thence along U.S. Highway 76 to junction U.S. Highway 52, thence along U.S. Highway 52 to Society Hill, S.C. The purpose of this filing is to eliminate the gateways of Nicholson, Pa., Newark, N.J., and Pineville, N.C.

No. MC 106920 (Sub-No. E57), filed June 3, 1974. Applicant: RIGGS FOOD EXPRESS, INC., P.O. Box 26, New Bremen, Ohio 45869. Applicant's representative: E. Stephen Heisley, 666 Eleventh Street NW., Washington, D.C. 20001. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Commodities classified as dairy products under B in the appendix to the report in modification of permits of motor contract carriers of packinghouse products, 48 M.C.C. 628, from points in Texas on and west of a line beginning at the Texas-Mexico International Boundary line and extending along U.S. Highway 80 to junction U.S. Highway 385, thence along U.S. Highway 385 to junction U.S. Highway 62, thence along U.S. Highway 62 to junction Interstate Highway 27, thence along Interstate Highway 67 to junction U.S. Highway 287, thence along U.S. Highway 287 to the Texas-Oklahoma State line, to points in Kentucky east of a line beginning at the Kentucky-Indiana State line and extending along Interstate Highway 64 to junction U.S. Highway 127, thence along U.S. Highway 127 to junction U.S. Highway 150, thence along U.S. Highway 150 to junction Interstate Highway 75.

thence along Interstate Highway 75 to junction U.S. Highway 25E, thence along U.S. Highway 25E to the Kentucky-Tennessee State line and on the west by a line beginning at the Ohio-Kentucky State line and extending along U.S. Highway 27 to junction Kentucky Highway 617, thence along Kentucky Highway 617 to junction U.S. Highway 62, thence along U.S. Highway 62 to junction Kentucky Highway 165, thence along Kentucky. Highway 165 to junction Kentucky Highway 32, thence along Kentucky Highway 32 to junction Kentucky Highway 201, thence along Kentucky Highway 201 to junction U.S. Highway 460, thence along U.S. Highway 460 to the Kentucky-Virginia State line. The purpose of this filing is to eliminate the gateway of Arke, Mercer, and Auglaize Counties, Ohio.

No. MC 106920 (Sub-No. E60), filed June 3, 1974. Applicant: RIGGS FOOD EXPRESS, INC., P.O. Box 26, New Bremen, Ohio 45869. Applicant's representative: E. Stephen Heisley, 666 Eleventh Street NW., Washington, D.C. 20001. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Commodities classified as dairy products under B in the appendix to the report in modification of permits of motor contract carriers of packinghouse products, 48 M.C.C. 628, from points in Michigan on and north of a line beginning at Lake Superior extending along U.S. Highway 41 to junction Michigan Highway 28, thence along Michigan Highway 28 to junction Michigan Highway 77, thence along Michigan Highway 77 to junction U.S. Highway 2, thence along U.S. Highway 2 to its intersection with unnumbered highway at Gulliver, Michigan, to points in Tennessee. The purpose of this filing is to eliminate the gateways of Darke, Mercer, and Auglaize Counties, Ohio,

No. MC 106920 (Sub-No. E61), filed June 3, 1974. Applicant: RIGGS FOOD EXPRESS, INC., P.O. Box 26, New Bremen, Ohio 45869. Applicant's representative: E. Stephen Helsley, 666 Eleventh Street NW., Washington, D.C. 20001. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Commodities classified as dairy products under B in the appendix to the report in Modification Permits of motor contract carriers of packinghouse products, 48 M.C.C. 628, from the upper peninsula of Michigan to points in Tennessee on and east of a line beginning at the Kentucky-Tennessee State line and extending along Interstate Highway 65 to junction U.S. Highway 31, thence along U.S. Highway 31 to the Tennessee Alabama State line. The purpose of this filing is to eliminate the gateways of Darke, Mercer, and Auglaize Counties, Ohio.

No. MC 106920 (Sub-No. E62), filed June 3, 1974. Applicant: RIGGS FOOD EXPRESS, INC., P.O. Box 26, New Bremen, Ohio 45869. Applicant's representative: E. Stephen Heisley, 666 Eleventh Street NW., Washington, D.C. 20001. Authority sought to operate as a common

carrier, by motor vehicle, over irregular routes, transporting: Commodities classified as dairy products under B in the appendix to the report in modification of permits of motor contract carriers of packinghouse products, 48 M.C.C. 628, from the Upper Peninsula of Michigan to points in Mississippi on and south of a line beginning at the Alabama-Mississippi State line and extend along Mississippi Highway 50 to juncton U.S. Highway 82, thence along U.S. Highway 82 to junction Mississippi Highway 12, thence along Mississippi Highway 12 to junction Mississippi Highway 43, thence along Mississippi Highway 43 to junction Interstate Highway 20, thence along Interstate Highway 20 to the Mississippi-Louisiana State line. The purpose of this filing is to eliminate the gateway of Darke, Mercer, and Auglaize Counties, Ohio.

No. MC 111496 (Sub-No. E1), filed June 4, 1974. Applicant: TWIN CITY FREIGHT, INC., 2550 Long Lake Road, Roseville, Minn 55113. Applicant's representative: R. E. Caturia (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular rotes, transporting: General commodities, except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, from Fargo, North Dakota, to those points in North Dakota on and North of North Dakota Highway 5. The purpose of this filing is to eliminate the gateway of points in Walsh County, North Dakota.

No. MC 113855 (Sub-No. E2), (Correction), filed June 13, 1974, published in the Federal Register January 7, 1975. Applicant: INTERNATIONAL TRANS-PORT, INC., 2450 Marion Rd., S.E., Rochester, Minn. 55901. Applicant's representative: Herbert J. Hilken (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: (2) Selfpropelled articles, each weighing 15,000 pounds or more and related machinery, tools, parts, and supplies moving in connection therewith (restricted to com-modities transported on trailers), between points in Idaho, on the one hand, and, on the other, points in Michigan. The purpose of this filing is to eliminate the gateway of (1) points in Utah, (2) points in Montana and other points in South Dakota east of the Missouri River, and (3) points in Wyoming and those in South Dakota east of the Missouri River. The purpose of this partial correction is to clarify the commodity description. The remainder of this letter-notice remains as previously published.

No. MC 113855 (Sub-No. E21) (Correction), filed May 30, 1974, published in the Federal Register January 8, 1975. Applicant: INTERNATIONAL TRANSPORT, INC., 2450 Marion Rd., S.E., Rochester, Minn. 55901. Applicant's representative: Michael E. Miller, 502 Pirst Nat'l Bank Bldg., Fargo, N. Dak. 58102. Authority sought to operate as a common

carrier, by motor vehicle, over irregular routes, transporting: Plastic and aluminum pipe (except oilfield pipe as described in Mercer Extension-Oil Field Commodities, 74 M.C.C. 459), the transportation of which because of its size or weight requires the use of special equipment; (a) from points in Delaware to points in Arizona, New Mexico, and those in Oklahoma on and west of U.S. Highway 83 (points in Hall County, Nebr.) \*; (b) from points in Maryland on and east of U.S. Highway 15 to points in Arizona (same as (a))\*; (c) from points in Maryland on, east, and south of Interstate Highway 83 from the Pennsylvania-Maryland State line to its junction with U.S. Highway 301, thence along U.S. Highway 301 to the Maryland-Virginia State line to points in that part of New Mexico, except points south and east of a line beginning along U.S. Highway 60 at the New Mexico-Texas State line, thence westerly along U.S. Highway 60 to junction U.S. Highway 54, thence southerly along U.S. Highway 54 to the New Mexico-Texas State line\*. The purpose of this filing is to eliminate the gateways indicated by asterisks above. The purpose of this partial correction is to clarify the commodity description. The remainder of this letter-notice remains as previously published.

No. MC 113855 (Sub-No. E37) (Correction), filed May 30, 1974, published in the Federal Register January 8, 1975. Applicant: INTERNATIONAL TRANS-PORT, INC., 2450 Marion Rd., S.E., Rochester, Minn. 55901. Applicant's representative: Michael E. Miller, 502 First Nat'l Bank Bldg., Fargo, N. Dak. 58102. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: (2) Self-propelled articles, each weighing 15,000 pounds or more and related machinery, tools, parts and supplies moving in connection therewith (restricted to commodities trans-ported on trailers), (f) between points in Wisconsin on and west of U.S. Highway 51, on the one hand, and, on the other, points in the District of Columbia and Virginia on and east of Interstate Highway 95. The purpose of this filing is to eliminate the gateways of Elgin, Ill., in (a); Elgin, Ill., and Scranton, Pa., in (b), Elgin, III., and Scranton, Pa., in (c) above; and Elgin, Ill., and Allentown, Pa., in (d), (e), and (f). The purpose of this partial correction is to clarify the commodity description. The remainder of this letter-notice remains as previously published.

No. MC 113855 (Sub-No. E39) (Correction), filed May 30, 1974, published in the Federal Register January 8, 1975. Applicant: INTERNATIONAL TRANSPORT, INC., 2450 Marion Rd., S.E., Rochester, Minn. 55901. Applicant's representative: Michael E. Miller, 502 First Nat'l Bank Bldg., Fargo, N. Dak. 58102. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: (2) Self-propelled articles, each weighing 15,000 pounds or more and related machinery, tools, parts, and supplies moving in con-

nection therewith (restricted to commodities transported on trailers), (d) between points in Nebraska west of U.S. Highway 81, on the one hand, and, on the other, points in North Dakota on and east of a line beginning at the North Dakota-South Dakota State line, thence northerly along North Dakota Highway 18 to junction Interstate Highway 94, thence westerly along Interstate Highway 94 to junction North Dakota Highway 1, thence northerly along North Dakota Highway 1 to the United States-Canada Boundary line (except points on North Dakota Highway 1 lying on or north of U.S. Highway 2). The purpose of this filing is to eliminate the gateways of points in South Dakota in (a) and (b) and points in Minnesota within 50 miles of Sioux Falls, S. Dak., in (c) and (d). The purpose of this partial correction is to clarify the commodity description. The remainder of this letter-notice remains as previously published.

No. MC 114019 (Sub-No. E418), filed May 14, 1974. Applicant: MIDWEST EMERY FREIGHT SYSTEM, INC., 7000 S. Pulaski Road, Chicago, Illinois 60629. Applicant's representative: Arthur J. Sibik (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Packinghouse products and byproducts, and packinghouse supplies, from Sioux City and Des Moines, Iowa, Omaha, Nebraska, Kansas City, and Wichita, Kansas, and St. Joseph and Kansas City, Missouri, to points in Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, Delaware, those points in Virginia on and east of U.S. Highway 501, those points in Maryland on and east of U.S. Highway 15. The purpose of this filing is to eliminate the gateway of Pittsburgh, Pennsylvania, and Chicago, Illinois.

No. MC 114211 (Sub-No. E492), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Self-propelled farm machinery and parts thereof, from points in that part of Minnesota on and west of a line beginning at the Minnesota-Wisconsin State line extending along Interstate Highway 94 to junction Minnesota Highway 3, thence along Minnesota Highway 3 to junction U.S. Highway 52, thence along U.S. Highway 52 to junction U.S. Highway 63, thence along U.S. Highway 63, to junction Interstate Highway 90, thence along Iowa Highway 90 to junction U.S. Highway 218, thence along U.S. Highway 218 to the Minnesota-Iowa State line, and from points in that part of Minnesota on and east of a line beginning at the Minnesota-Wisconsin State line extending along U.S. Highway 12 to the junction Interstate 694, thence along I 694 to junction Interstate Highway 494, thence along Interstate 494 to junction U.S. Highway 169, thence along U.S. Highway 169 to junction Minnesota Highway 22, thence along Minnesota Highway 22 to junction U.S. Highway 16. Thence along U.S. Highway 16 to junction U.S. Highway 69, thence along U.S. Highway 69 to Minnesota-Iowa State line, to points in that part of Michigan on and north of a line be-ginning at the Wisconsin-Michigan State line extending along U.S. Highway 8 to junction U.S. Highway 2, thence along U.S. Highway 2 to Escanaba, Mich., to points in that part of Wisconsin on and north of a line beginning at the Minnesota-Wisconsin State line extending along U.S. Highway 8, thence along U.S. Highway 8 to the Wisconsin-Michigan State line; to points in that part of Ohio on and east of a line beginning at the Ohio-Kentucky State line extending along Interstate Highway 71 to junction State Highway 13, thence along Ohio Highway 13, to junction U.S. Highway 250, thence along U.S. Highway 250 to Sandusky, Ohio; to points in that part of Tennessee on and east of a line beginning at the Tennessee-Mississippi State line extending along U.S. Highway 79, to the Kentucky-Tennes-see State line; to points in that part of Kentucky on and south of a line be-ginning at the Kentucky-Tennessee State line extending along U.S. Highway 79 to junction U.S. Highway 68, thence along U.S. Highway 68, to junction U.S. Highway 31 E, thence along U.S. Highway 31 E, to junction Interstate Highway 264, thence along Interstate Highway 264, to junction Interstate Highway 71, thence along Interstate Highway 71 to the Kentucky-Indiana State line, to points in that part of Arkansas on, south, and east of a line beginning the Arkansas-Texas State line extending along U.S. Highway 822 to junction U.S. Highway 79, thence along U.S. Highway 79 to the Arkansas-Tennessee State line; to points in that part of Texas on and west of a line beginning at the Texas-Oklahoma State line extending along U.S. Highway 83 to junction U.S. Highway 62.

Thence along U.S. Highway 62 to the Texas-Oklahoma State line; to points in that part of Texas on and south of a line beginning at the Texas-Oklahoma State line extending along U.S. Highway 283 to junction U.S. Highway 287, thence along U.S. Highway 287 to junction U.S. Highway 82, thence along U.S. Highway 82 to the Texas-Arkansas State line: to points in that part of Oklahoma on and south of a line beginning at the Texas-Oklahoma State line extending along U.S. Highway 62 to junction U.S. Highway 283, thence along U.S. Highway 283 to the Oklahoma-Texas State line: to points in that part of Oklahoma on and west of a line beginning at the Kansas-Oklahoma State line extending along U.S. Highway 83, thence along U.S. Highway 83 to the Oklahoma-Texas State line, and those points in Oklahoma on and south of line beginning at the Texas-Oklahoma State line extending along U.S. Highway 62 to junction U.S. 283, thence along U.S. 283 south to the Oklahoma-Texas State line; to points in that

part of Kansas on and south of a line beginning at the Colorado-Kansas State line extending along U.S. Highway 50 to junction U.S. Highway 270, thence along U.S. Highway 270 to the Oklahoma-Kansas State line: to points in that part of Colorado on and west of a line beginning at the Wyoming-Colorado State line extending along U.S. Highway 85 to junction U.S. Highway 287, thence along U.S. Highway 287 to junction U.S. Highway 50, thence along U.S. Highway 50 to the Colorado-Kansas State line; to points in that part of Wyoming on, north and west of a line beginning at the South Dakota-Wyoming State line extending along U.S. Highway 85 to junction U.S. Highway 18 and 85, thence along U.S. 18, and 85 to junction U.S. Highway 18 and 20, thence along U.S. Highway 18 and 20, to junction Interstate Highway

Thence along Interstate Highway 25 to the Wyoming-Colorado State line; to points in that part of South Dakota on, north and west of a line beginning at the. North Dakota-South Dakota State line extending along South Dakota Highway 10, thence along South Dakota Highway 10 to junction U.S. Highway 83, thence along U.S. Highway 83, to junction U.S. Highway 12, thence along U.S. Highway 12 to junction South Dakota Highway 20, thence along North Dakota Highway 20, to junction South Dakota Highway 65, thence along North Dakota Highway 65, to junction U.S. Highway 212, thence along U.S. Highway 212, to junction South Dakota Highway 73, thence along South Dakota Highway 73, to junction South Dakota Highway 34, thence along South Dakota Highway 34 to junction U.S. Highway 85, thence along U.S. Highway 85 to the South Dakota-Wyoming State line, to points in that part of North Dakota on and north and west of a line beginning at the Minnesota-North Dakota State line extending along Interstate Highway 94 to junction North Dakota Highway 32, thence along North Dakota Highway 32 to junction North Dakota Highway 11, thence along North Dakota Highway 11 to junction North Dakota Highway 3, thence along North Dakota Highway 3 to the North Dakota-South Dakota State line: and to points Washington, Oregon, California, Idaho, Nevada, Arizona, Utah, Montana, New Mexico, Louisiana, Mississippi, Alabama, Georgia, Florida, South Carolina, North Carolina, West Virginia. The purpose of this filing is to eliminate the gateway of Minneapolis, Minnesota.

No. MC 114211 (Sub-No. E554), filed June 4, 1974. Applicant: WARREN TRANSPORT, ING., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Cast iron pressure pipe and fittings and accessories therefor when moving with such pipe, the transportation of which because of size or weight, requires special equipment, from points in that part of Missouri on and north of a line beginning

at the Missouri-Illinois State line extending along Missouri Highway 180 to junction Interstate Highway 70, thence along Interstate Highway 70 to junction Missouri Highway 19, thence along Missouri Highway 19 to junction Missouri Highway 22, thence along Missouri Highway 22 to junction Missouri Highway 15. thence along Missouri Highway 15 to junction U.S. Highway 36, thence along U.S. Highway 36 to the Missouri-Kansas State line, to points in that part of New Mexico on and west of a line beginning at the Texas-New Mexico State line extending along Interstate Highway 25 to junction U.S. Highway 60, thence along U.S. Highway 60 to junction New Mexico Highway 32, thence along New Mexico Highway 32 to junction U.S. Highway 66, thence along U.S. Highway 66 to junction U.S. Highway 57, thence along U.S. Highway 57 to junction New Mexico Highway 44, thence along New Mexico Highway 44 to junction New Mexico Highway 126, thence along New Mexico Highway 126 to junction New Mexico Highway 4, thence along New Mexico Highway 4 to junction U.S. Highway 285. thence along U.S. Highway 285 to the New Mexico-Colorado State line; to points in that part of Colorado on and west and south of a line beginning at the New Mexico-Colorado State line extending along U.S. Highway 285 to junction Colorado Highway 17, thence along Colorado Highway 17 to junction U.S. Highway 285, thence along U.S. Highway 285 to junction U.S. Highway 24, thence along U.S. Highway 24 to junction Colorado Highway 82, thence along Colorado Highway 82 to junction Interstate Highway 70, thence along Interstate Highway 70 to junction U.S. Highway 6, thence along U.S. Highway 6 west to the Colorado-Utah State line. The purpose of this filing is to eliminate the gateway of Council Bluffs, Iowa.

No. MC 114211 (Sub-No. E558), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Self-propelled farm machinery and parts thereof from that part of Minnesota on, north. and west of a line beginning at the Minnesota-South Dakota State line extending along U.S. Highway 12 to junction U.S. Highway 52, thence along U.S. Highway 52 to junction Minnesota Highway 25, thence along Minnesota Highway 25 to junction Minnesota Highway 210, thence along Minnesota Highway 210 to junction Minnesota Highway 6, thence along Minnesota Highway 6 to junction U.S. Highway 71, thence along U.S. Highway 71 to the United States-Canada International Boundary line, to points in that part of California on and south of a line beginning at the Nevada-California State line extending along U.S. Highway 6 to junction U.S. Highway 395, thence along U.S. Highway 395 to junction California Highway 120, thence along California Highway 120 to junction California Highway 140, thence along California Highway 140 to junction California Highway 99, thence along California Highway 99 to junction California Highway 32, thence along California Highway 32 to junction Interstate Highway 5, thence along Interstate Highway 5 to junction California Highway 20, thence along California Highway 20 to Ft. Bragg, Calif.; to points in that part of Nevada on and south of a line beginning at the Nevada-Utah State line extending along Nevada Highway 25 to junction U.S. Highway 6, thence along U.S. Highway 6 to the Nevada-California State line: to points in that part of Utah on and west of a line beginning at the Utah-Nevada State line extending along Utah Highway 56 to junction Utah Highway 14, thence along Utah Highway 14 to junction U.S. Highway 89, thence along U.S. Highway 89 to the Utah-Arizona State line; to points in that part of Colorado on and south of a line beginning at the Colorado-New Mexico State line extending along U.S. Highway 160 to junction U.S. Highway 160 to junction U.S. Highway 84, thence along U.S. Highway 84 to the Colorado-New Mexico State line; to points in that part of New Mexico on, south, and west of a line beginning at the New Mexico-Colorado State line extending along U.S. Highway 84, thence along U.S. Highway 84 to the New Mexico-Texas State line; to points in that part of Texas on and south of a line beginning at the Texas-New Mexico State line extending along U.S. Highway 84 to junction U.S. Highway 82.

Thence along U.S. Highway 82 to junction U.S. Highway 75, thence along U.S. Highway 75 to the Texas-Oklahoma State line; to points in that part of Oklahoma on and east of a line beginning at the Oklahoma-Texas State line extending along U.S. Highway 69 to junction Interstate Highway 44, thence along Interstate Highway 44 to the Oklahoma-Missouri State line; to points in that part of Kansas on and east of a line beginning at the Kansas-Missouri State line extending along U.S. Highway 66 to junction Kansas Highway 26, thence along Kansas Highway 26 to junction U.S. Highway 69, thence along U.S. Highway 69 to the Kansas-Missouri State line; to points in that part of Missouri on and east of a line beginning at the Missouri-Kansas State line extending along U.S. Highway 69, thence along U.S. Highway 69 to the Missouri-Iowa State line; to points in that part of Iowa on and east of a line beginning at the Iowa-Missouri State line extending along U.S. Highway 69 to junction Iowa Highway 3, thence along Iowa Highway 3 to junction U.S. Highway 65, thence along U.S. Highway 65 to the Iowa-Minnesota State line; to points in that part of Michigan on and south of a line beginning at Lake Michigan extending along U.S. Highway 10 to junction U.S. Highway 31, thence along U.S. Highway 31 to junction Interstate Highway 96, thence along Interstate Highway 96 to junction Michigan -Highway 21, thence along Michigan Highway 21 to the United States-Canada

International Boundary line; to points in that part of Wisconsin on and south of a line beginning at the Wisconsin-Minnesota State line extending along U.S. Highway 12 to junction Interstate Highway 94, thence along Interstate Highway 94 to junction U.S. Highway 10, thence along U.S. Highway 10 to junction U.S. Highway 41, thence along U.S. Highway 41 to Green Bay; points in Arkansas, Tennessee, Mississippi, Alabama, Georgia, Florida, South Carolina, Louisiana, North Carolina, Kentucky, West Virginia, Ohio, Indiana, Illinois, and Arizona, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Minneapolis, Minn.

No. MC 114211 (Sub-No. E570), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Hod buggies and self-propelled sweepers, from that part of Kansas on and west of a line beginning at the Kansas-Nebraska State line extending along U.S. Highway 183 to junction Kansas Highway 9, thence along Kansas Highway 9 to junction Kansas Highway 23, thence along Kansas Highway 23 to junction U.S. Highway 83, thence along U.S. Highway 83 to junction U.S. Highway 40, thence along U.S. Highway 40 to junction Kansas Highway 25, thence along Kansas Highway 25 to junction U.S. Highway 160, thence along U.S. Highway 160 to the Kansas-Colorado State line; to points in that part of Pennsylvania on and east of a line beginning at the New York-Pennsylvania State line extending along Pennsylvania Highway 449 to junction U.S. Highway 6, thence along U.S. Highway 6 to the Pennsylvania-New Jersey State line; to points in that part of New Jersey on and east of a line beginning at the Pennsylvania-New Jersey State line extending along U.S. Highway 206 to junction New Jersey Highway 15, thence along New Jersey Highway 15 to junction U.S. Highway 46, thence along U.S. Highway 46 to junction New Jersey Highway 53, thence along New Jersey Highway 53 to junction New Jersey Highway 10, thence along New Jersey Highway 10 to Newark. N.J.; to points in that part of New York on and east of a line beginning at Silver Creek, N.Y., extending along New York Highway 428 to junction New York Highway 83, thence along New York Highway 83 to junction U.S. Highway 62, thence along U.S. Highway 62 to junction New York Highway 17, thence along New York Highway 17 to junction U.S. Highway 219, thence along U.S. Highway 219 to the New York-Pennsylvania State line; and points in Massachusetts and Connecticut, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Minneapolis, Minn.

No. MC 114211 (Sub-No. E577), filed June 4, 1974. Applicant: WARREN

TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Cast iron pressure pipe and fittings and accessories therefor when moving with such pipe, the transportation of which because of size or weight, requires special equipment, from points in that part of Missouri on and west of a line beginning at the Missouri-Iowa State line extending along U.S. Highway 71 to junction Interstate Highway 29, thence along Interstate Highway 29 to junction Interstate Highway 35, thence along Interstate Highway 35 to the Missouri-Kansas State line, to points in that part of Wisconsin on and north of a line beginning at the Minnesota-Wisconsin State line extending along Wisconsin Highway 54 to junction U.S. Highway 12, thence along U.S. Highway 12 to junction U.S. Highway 10, thence along U.S. Highway 10 to junction Wisconsin Highway 54, thence along Wisconsin Highway 54 to Lake Michigan, to points in that part of Michigan on and north of a line beginning at Lake Michigan extending along U.S. Highway 10 to junction Interstate Highway 75, thence along Interstate Highway 75 to Detroit, Mich. The purpose of this filing is to eliminate the gateway of Council Bluffs,

No. MC 114211 (Sub-No. E578), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Self-propelled tractors, road making machinery and contractors' equipment and supplies, from points in that part of Iowa on, north and west of a line beginning at the Iowa-Minnesota State line extending along U.S. Highway 169 to junction U.S. Highway 20, thence along U.S. Highway 20 to the Iowa-Nebraska State line, to points in that part of New York on and east of a line, beginning at Lake Ontario extending along New York Highway 57 to junction I Highway 81 to junction New York Highway 13, thence along New York Highway 13 to junction New York Highway 14, thence along New York Highway 14 to the New York-Pennsylvania State line, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of the plant site of Stinar Corporation at or near Minneapolis, Minnesota.

No. MC 114211 (Sub-No. E580), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa. 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Self-propelled farm machinery and parts thereof, from Portal, North Dakota, to points in that part of Texas on and east

of a line beginning at the Oklahoma-Texas State line extending along U.S. Highway 281 to junction Texas Highway 79, thence along Texas Highway 79 to junction U.S. Highway 283, thence along U.S. Highway 283 to junction U.S. Highway 377, thence along U.S. Highway 377 to Del Rio, Texas; to points in that part of Oklahoma on and east of a line beginning at the Kansas-Oklahoma State line extending along U.S. Highway 77 to junction H. E. Bailey Turnpike, thence along H. E. Bailey Turnpike to the Oklahoma-Texas State line; to points in that part of Kansas on and east of a line beginning at the Nebraska-Kansas State line extending along U.S. Highway 75 to junction Inter-state Highway 35, thence along Inter-state Highway 35 to junction U.S. Highway 77, thence along U.S. Highway 77 to the Kansas-Oklahoma State line; to points in that part of Nebraska on and east of a line beginning at the Iowa-Nebraska State line extending along U.S. Highway 2 to junction U.S. Highway 75, thence along U.S. Highway 75 to the Nebraska-Kansas State line; to points in that part of Iowa on and east of a line beginning at the Minnesota-Iowa State line extending along Iowa Highway 4 to junction Iowa Highway 9, thence along Iowa Highway 9 to junction U.S. Highway 71, thence along U.S. Highway 71 to junction Iowa Highway 3, thence along Iowa Highway 3 to junction U.S. Highway 59, thence along U.S. Highway 59, to junction Iowa Highway 2, thence along Iowa Highway 2 to the Iowa-Nebraska State line; to points in that part of Minnesota on, south and east of a line beginning at the Wisconsin-Minnesota State line extending along U.S. Highway 8 to junction U.S. Highway 61, thence along U.S. Highway 61 to junction Minnesota Highway 5, thence along Minnesota Highway 5, to junction Iowa Highway 494, thence along Inter-state Highway 494, to junction U.S. Highway 169, thence along U.S. Highway 169 to junction Minnesota Highway 60. thence along Minnesota Highway 60 to junction Minnesota Highway 4, thence along Minnesota Highway 4 to the Minnesota-Iowa State line; to points in that part of Wisconsin on and east of a line beginning at Ashland, extending along U.S. Highway 2 to junction U.S. Highway 63, thence along U.S. Highway 63 to junction U.S. Highway 8, thence along U.S. Highway 8 to the Wisconsin-Minnesota State line; and to points in Michigan, Illinois, Missouri, Arkansas, Louisiana, Indiana, Kentucky, Tennessee, Mississippi, Alabama, Georgia, Florida, South Carolina, North Carolina, West Virginia, Ohio.

No. MC 114211 (Sub-No. E581), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Agricultural machinery, and implements, other than hand, and parts when transported

with such agricultural machinery and implements as described in Sections B and C of Appendix XII to the report in Descriptions in Motor Carrier Certificates, 61 M.C.C. 209, except those requiring the use of special equipment, from Corpus Christi, Texas, to points in that part of Nebraska on, south and east of a line beginning at the Nebraska-Iowa State line extending along U.S. Highway 6 to junction U.S. Highway 77, thence along U.S. Highway 77 to the Nebraska-State line. RESTRICTED against the transportation of commodities the transportation of which, because of size or weight, requires the use of special equipment or special handling and restricted against the transportation of those commodities described in Mercer Extention—Oil Field Commodities, 74 M.C.C. 459. The purpose of this filing is to eliminate the gateway of points in Nebraska West of U.S. Highway 72.

No. MC 114211 (Sub-No. E582), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Tractors, tractor attachments, and parts between the Port of Entry of Miami, Florida, and Mobile, Alabama, on the one hand, and, on the other, points in Colorado, Kansas, Nebraska, and South Dakota. The purpose of this filing is to eliminate the gateway of Topeka, Kansas.

No. MC 114211 (Sub-No. E583), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Tractors, road making machinery, and contractors' equipment and supplies, the transportation of which, because of size or weight, requires the use of special equipment, between points in that part of Kansas on, north, and west of a line beginning at the Nebraska-Kansas State line extending along U.S. Highway 77 to junction Interstate Highway 70, thence along Interstate Highway 40 to junction U.S. Highway 156, thence along U.S. Highway 156 to junction U.S. Highway 56, thence along U.S. Highway 56 to the Oklahoma-Kansas State line, on the one hand, and, on the other, points in that part of Missouri on, north, and east of a line beginning at the Iowa-Missouri State line extending along U.S. Highway 65 to junction U.S. Highway 36, thence along U.S. Highway 36 to the Missouri-Illinois State line. The purpose of this filing is to eliminate the gateway of points in Nebraska.

No. MC 114211 (Sub-No. E584), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over

irregular routes, transporting: Grading, paving, and finishing machinery, equipment, parts, accessories and attachments, between that part of South Dakota on and east of a line beginning at the South Dakota-North Dakota State line extending along U.S. Highway 281 to junction U.S. Highway 14, thence along U.S. Highway 14 to junction South Dakota Highway 37, thence along South Dakota Highway 37 to junction South Dakota Highway 34, thence along South Dakota Highway 34 to junction South Dakota Highway 37, thence along South Dakota Highway 37 to junction South Dakota Highway 50, thence along South Dakota Highway 50 to junction South Dakota Highway 11, thence along South Dakota Highway 11 to the Iowa-South Dakota State line, on the one hand, and, on the other, points in Oklahoma and New Mexico. The purpose of this filing is to eliminate the gateway of Canton, S. Dak.

No. MC 114211 (Sub-No. E585), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, (except com-modities the transportation of which, because of size or weight, requires the use of special equipment or special handling), from points in that part of Nebraska on and south of a line beginning at the Nebraska-Wyoming State line extending along U.S. Highway 26 to junction U.S. Highway 30, thence along U.S. Highway 30 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction U.S. Highway 77, thence along U.S. Highway 77 to the Nebraska-Kansas State line, to points in Wisconsin and Michigan, with no transportation for compensation on return except as otherwise authorized restricted against the transportation of those commodities described in Mercer Extension-Oil Field Commodities, 74 M.C.C. 459. The purpose of this filing is to eliminate the gateway of Beatrice, Nebr.

No. MC 114211 (Sub-No. E586), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, (except commodities the transportation of which, because of size or weight, require the use of special equipment or special handling), between points in Illinois, on the one hand, and, on the other, points in that part of Colorado on and northwest of a line beginning at the Kansas-Colorado State line extending along U.S. Highway 36 to junction Colorado Highway 57, thence along Colorado Highway 57 to junction Interstate Highway 70, thence along Interstate Highway 70 to junction U.S. Highway 24, thence along U.S. Highway 24 to junction Colorado

Highway 115, thence along Colorado Highway 115 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Colorado Highway 67, thence along Colorado Highway 67 to junction Colorado Highway 96, thence along Colorado Highway 96 to junction Colorado Highway 165, thence along Colorado Highway 165 to junction Interstate Highway 25, thence along Interstate Highway 25 to junction U.S. Highway 160, thence along U.S. Highway 160 to junction U.S. Highway 285, thence along U.S. Highway 285 to the Colorado-New Mexico State line, restricted against the transportation of those commodities described in Mercer Extension-Oil Field Commodities, 74 M.C.C. 459. The purpose of this filing is to eliminate the gateways of Omaha and Beatrice, Nebr., and Council Bluffs, Iowa.

No. MC 114211 (Sub-No. E587), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, from points in that part of Iowa on and east of a line beginning at the Minnesota-Iowa State line extending along U.S. Highway 169 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction Interstate Highway 35, thence along Inter-state Highway 35 to the Iowa-Missouri State line, to points in New Mexico, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Ottumwa, Iowa.

No. MC 114211 (Sub-No. E588), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704, Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery, from points in that part of Illinois on and north of a line beginning at the Illinois-Indiana State line extending along Interstate Highway 80 to junction U.S. Highway 30, thence along U.S. Highway 30 to the Illinois-Iowa State line, to parts of Texas on and west of a line beginning at the Texas-Oklahoma State line extending along Interstate Highway 35 to junction U.S. Highway 77, thence along U.S. Highway 77 to junction U.S. Highway 87, thence along U.S. Highway 87 to the Gulf Coast with no transportation for compensation on return except otherwise authorized restricted against movement to oil field locations. The purpose of this filing is to eliminate the gateways of Nebraska City, Nebr., Beatrice, Nebr., and points in Iowa.

No. MC 114211 (Sub-No. E589), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over Highway 69 to junction U.S. Highway 30,

irregular routes, transporting: Farm machinery and parts thereof, from points in that part of Illinois on and north of line beginning at a point of the Illinois-Indiana State line extending along U.S. Highway 24 to junction Illinois Highway 116, thence along Illinois Highway 116 to junction U.S. Highway 34, thence along U.S. Highway 34 to the Illinois-Iowa State line, to points in that part of Texas on and west of a line beginning at the Oklahoma-Texas State line extending along U.S. Highway 75 to junction Texas Highway 288, thence along Texas Highway 288 to the Gulf of Mexico, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Des Moines, Iowa.

No. MC 114211 (Sub-No. E590), filed 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, from points in that part of Iowa on, north, and east of a line beginning at the Iowa-Illinois State line extending along U.S. Highway 34 to junction Iowa Highway 5, thence along Iowa Highway 5 to junction Iowa Highway 2, thence along Iowa Highway 2 to junction U.S. Highway 65, thence along U.S. Highway 65 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction U.S. Highway 275, thence along U.S. Highway 275 to junction Interstate Highway 80, thence along Interstate Highway 80 to junction Iowa Highway 191, thence along Iowa Highway 191 to junction U.S. Highway 59, thence along U.S. Highway 59 to the Iowa-Minnesota State line, to points in that part of Texas on, south, and east of a line beginning at the Texas-Oklahoma State line extending along Texas Highway 79 to junction U.S. Highway 82/ 277, thence along U.S. Highway 82/277 to junction with U.S. Highway 283, thence along U.S. Highway 283 to junction U.S. Highway 87, thence along U.S. Highway 87 to junction U.S. Highway 377, thence along U.S. Highway 377 to junction U.S. Highway 83, thence along U.S. Highway 83 to junction U.S. Highway 57, thence along U.S. Highway 57 to Eagle Pass, Tex., with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Des Moines,

No. MC 114211 (Sub-No. E591), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, from points in that part of Iowa on and east of a line beginning at the Iowa-Missouri State line extending along U.S.

thence along U.S. Highway 30 to junction U.S. Highway 71, thence along U.S. Highway 71 to junction Iowa Highway 7, thence along Iowa Highway 7 to junction U.S. Highway 59, thence along U.S. Highway 59 to the Iowa-Minnesota State line, to points in Texas, with no trans-portation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Des Moines, Iowa.

No. MC 114211 (Sub-No. E592), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof from points in that part of Iowa on and east of a line beginning at the Iowa-Missouri state line and extending along Interstate 35 to Junction Iowa Highway 92, thence along Iowa Highway 92 to Junction U.S. Highway 169, thence along U.S. Highway 169 to Junction U.S. Highway 18, thence along U.S. Highway 18 to Junction Iowa Highway 4, thence along Iowa Highway 4 to the Minnesota-Iowa State line, to points in Texas, with no transportation for compensation on return as otherwise authorized. The purpose of this filing is to eliminate the gateway of Ottumwa, Iowa.

No. MC 114211 (Sub-No. E593), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Cast iron pressure pipe (other than pipe used in or in connection with the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products), and fittings and accessories therefor when moving with such pipe, from points in that part of Illinois on and north of a line beginning at the Missouri-Illinois State line, thence along U.S. Highway 40 to the Illinois-Indiana State line, thence along the Illinois-Indiana State line to the Iowa-Illinois State line, thence along the Illinois-Iowa State line to junction U.S. Highway 34, thence along U.S. Highway 34 to junction IIlinois Highway 116, thence along Illinois Highway 116 to junction U.S. Highway 24, thence along U.S. Highway 24 to the Illinois-Indiana State line, to points in Idaho, Utah, and Arizona, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of the plant site of the Griffith Pipe Co., located at or near Council Bluffs, Iowa.

No. MC 114211 (Sub-No. E595), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative; Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, between points in that part of Illinois on and north of a line beginning at the Iowa-Indiana State line extending along Interstate Highway 80 to junction Illinois Highway 92, thence along Illinois Highway 92 to the Illinois-Iowa State line, on the one hand, and, on the other, points in that part of Missouri on, north, and east of a line beginning at the Iowa-Missouri State line extending along U.S. Highway 65 to junction U.S. Highway 36, thence along U.S. Highway 36 to the Missouri-Kansas State line. The purpose of this filing is to eliminate the gateway of Des Moines, Iowa.

No. MC 114211 (Sub-No. E596), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's repre-sentative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, from points in that part of Illinois on and north of a line beginning at the Missouri-Illinois State line extending along Illinois Highway 140 to junction U.S. Highway 40, thence along U.S. 40 to junction Illinois Highway 33, thence along Illinois Highway 33 to junction Illinois Highway 130, thence along Illinois Highway 130 to junction U.S. 50. thence along U.S. Highway 50 to the Illinois-Indiana State line, to points in New Mexico, with no transportation for compensation on return except as otherwise authorized. The purpose of this filin gis to eliminate the gateway of Ottumwa, Iowa.

No. MC 114211 (Sub-No. E597), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery, from points in that part of Illinois on and north of a line beginning at the Iowa-Illinois State line extending along U.S. Highway 136 to junction U.S. Highway 24, thence along U.S. Highway 24 to the Illinois-Indiana State line, to points in that part of Texas on and southwest of a line beginning at the United States-Mexico Boundary line extending along U.S. Highway 277 to junction U.S. Highway 83, thence along U.S. Highway 83 to junction U.S. 62, thence along U.S. Highway 62 to the Texas-Oklahoma State line with no transpor-tation for compensation on return except as otherwise authorized, restricted against movement to oil field locations. The purpose of this filing is to eliminate the gateways of Des Moines, Iowa, and Beatrice, Nebraska.

No. MC 114211 (Sub-No. E604), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's rep-

resentative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, from points in Illinois, to points in that part of New Mexico on and west of a line beginning at the New Mexico-Texas State line extending along New Mexico Highway 170 to junction U.S. Highway 64, thence along U.S. Highway 64 to junction New Mexico Highway 44, thence along New Mexico Highway 44, to junction New Mexico Highway 4, thence along New Mexico Highway 4 to junction U.S. Highway 84, thence along U.S. Highway 84 to junction New Mexico Highway 14, thence along New Mexico Highway 14 to junction U.S. Highway 54, thence along U.S. Highway 54 to the New Mexico-Texas State line. The purpose of this filing is to eliminate the gateway of Ottumwa, Iowa.

No. MC 114211 (Sub-No. E605), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Agricultural shredders, agricultural sprayers, scalpers, row crop shields, corn cribs (knocked down), and attachments and parts for said shredders, sprayers, scalpers, and corn cribs, when moving incidental to and in the same vehicle with said commodities. from points in that part of Missouri on and east of a line beginning at the Missouri-Iowa State line extending along Interstate Highway 29 to junction Interstate Highway 35, thence along Interstate Highway 35 to the Missouri-Kansas State line, to points in that part of Indiana on and north of a line beginning at the Illinois-Indiana State line extending along Interstate Highway 94 to junction U.S. Highway 20, thence along U.S. Highway 20 to the Indiana-Ohio State line; to points in that part of Ohio on and north of a line beginning at the Ohio-Indiana State line extending along U.S. Highway 20 to junction Ohio Highway 18, thence along Ohio Highway 18, to junction Interstate Highway 77, thence along Interstate Highway 77, to junction U.S. Highway 30, thence along U.S. Highway 30 to the Ohio-Pennsylvania State line; to points in that part of Pennsylvania on and north of a line beginning at the Pennsylvania-Ohio State line extending along U.S. Highway 30 to junction U.S. Highway 140, thence along U.S. Highway 140 to the Pennsylvania-Maryland State line; and to points in Michigan and New York (except points in Kings, Queens, Nassau, and Suffolk Counties), with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Oelwein and Des Moines, Iowa.

No. MC 114211 (Sub-No. E606), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representa-

tive: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof between points in that part of Iowa on, north and east of a line beginning at the Iowa-Nebraska State line extending along U.S. Highway 6 to junction U.S. Highway 59, thence along U.S. Highway 59, to junction U.S. Highway 30, thence along U.S. Highway 30, to junction U.S. Highway 17, thence along U.S. Highway 17 to junction U.S. Highway 20, thence along U.S. Highway 20, to junction U.S. Highway 69, thence along U.S. Highway 69, to junction U.S. Highway 18, thence along U.S. Highway 18, to junction U.S. Highway 52, thence along U.S. Highway 52 to the Iowa-Illinois-Wisconsin State lines, on the one hand, and, on the other, points in that part of Oklahoma on and west of a line beginning at the Kansas-Oklahoma State line extending along U.S. Highway 75 to junction Indiana Turnpike, thence along Indiana Turnpike to junction U.S. Highway 271, thence along U.S. Highway 271 to the Oklahoma-Texas State line, restricted against the transportation of commodities the transportation of which because of size or weight; requires the use of special equipment or special handling, and restricted against the transportation of those commodities described in Mercer Extension Oil Field Commodities, 74 MCC 459. The purpose of this filing is to eliminate the gateways of Omaha and Beatrice, Nebraska, and Council Bluffs, Iowa.

No. MC 114211 (Sub-No. E607), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, between points in that part of Iowa on and west of a line beginning at the Minnesota-Iowa State line extending along Iowa Highway 86 to junction U.S. Highway 71, thence along U.S. Highway 71, to junction Iowa Highway 10, thence along Iowa Highway 10, to junction U.S. Highway 59, thence along U.S. Highway 59, to junction Iowa Highway 175, thence along Iowa Highway 37, to junction Interstate Highway 29, thence along Interstate Highway 29, to junction U.S. Highway 6, thence along U.S. Highway 6 west to Iowa-Nebraska State line, on the one hand, and, on the other, points in Oklahoma, restricted against the transportation of commodities the transportation of which, because of size or weight, requires the use of special equipment or special handling, and restricted against the transportation of those commodities described in Mercer Extension Oil Field Commodities, 74 MCC 459. The purpose of this filing is to eliminate the gateways of Omaha and Beatrice, Nebraska, and Council Bluffs, Iowa.

No. MC 114211 (Sub-No. E608), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Self-propelled tractors, road making machinery and contractors' equipment and supplies. from points in that part of Illinois on and north of a line beginning at Indiana-Illinois State line and extending along U.S. Highway 30 to the Illinois-Iowa State line, to points in California, Nevada and Utah, and to points in that part of Arizona on and west of a line beginning at the Colorado-Arizona State line extending along U.S. Highway 16 to junction Arizona Highway 63, thence along Arizona Highway 63, to junction U.S. Highway 66, thence along U.S. Highway 66, to junction U.S. Highway 180, thence along U.S. Highway 180 to junction U.S. Highway 60, thence along U.S. Highway 60, to junction U.S. Highway 70, thence along U.S. Highway 666, thence along U.S. Highway 666 to the U.S.-Mexico Boundary line, and to points in that part of Wyoming on and north and west of a line beginning at the Wyoming-South Dakota State line extending along U.S. Highway 16 to junction Wyoming Highway 450, thence along Wyoming 450 to junction Wyoming Highway 59, thence along Wyoming Highway 59, to junction Wyoming Highway 387, thence along Wyoming Highway 387 to junction U.S. Highway 87, thence along U.S. Highway 87, to junction Wyoming Highway 220, thence along Wyoming Highway 220, to junction U.S. Highway 287, thence along 287, to junction Interstate Highway 80, thence along Interstate Highway 80, to junction Wyoming Highway 430, thence along Wyoming Highway 430 to the Wyoming-Colorado State line, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Minneapolis, Minnesota.

No. MC 114211 (Sub-No. E609), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, between points in that part of Minnesota on, west, and north of a line beginning at the Iowa-Minnesota State line extending along Minnesota Highway 15 to junction Minnesota Highway 23, thence along Minnesota Highway 23 to junction Interstate Highway 35, thence along Interstate Highway 35 to Duluth, Minn., on the one hand, and, on the other, points in Oklahoma. The purpose of this filing is to eliminate the gateways of Council Bluffs, Iowa, Beatrice, Nebr., and Nebraska City, Nebr.

No. MC 114211 (Sub-No. E610), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's repre-

sentative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Tractors (except truck tractors) scrapers, motor graders, wagons, engines (except aircraft and missile engines), generators, engines and generators combined, welders, road rollers, and dump trucks and parts attachments and accessories for the above described commodities from Aurora, Joliet, Mossville, Decatur, Morton, and Peorla, Illinois and points within 15 miles of Peoria, Illinois to points in North Dakota, Montana, Idaho, Washington, Oregon, and to points in that part of Wyoming on and north of the line beginning at the Wyoming-Nebraska State line and extending along U.S. Highway 26 to the Wyoming-Idaho State line; to points in that part of Utah on and west of the line beginning at the Idaho-Utah State line extending, along U.S. Highway 89 to junction U.S. Highway 6, thence along U.S. Highway 6 to Nevada-Utah State line, to points in Nevada north of U.S. Highway 6; and to points in that part of California on and west of a line beginning at the Nevada-California State line extending along U.S. Highway 395 to San Diego, California with no transportation for compensation on return except as otherwise authorized restricted to the transportation- of shipments originating at the above-named origins. The purpose of this filing is to eliminate the gateway of Minneapolis, Minnesota.

No. MC 114211 (Sub-No. E6111, filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery, between points in that part of Iowa on and east of a line beginning at the Missouri-Iowa State line extending along U.S. Highway 63 to junction Iowa Highway 92, thence along Iowa Highway 92 to junction Interstate Highway 35, thence along Interstate Highway 35 to junction Iowa Highway 141, thence along Iowa Highway 141 to junction U.S. Highway 71, thence along U.S. Highway 71 to the Iowa-Minnesota State line, on the one hand, and, on the other, points in Oklahoma. The purpose of this filing is to eliminate the gateways of Des Moines, Iowa, and Beatrice, Nebr.

No. MC 114211 (Sub-No. E613), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's rep-resentative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Tractors (except those with vehicle beds, bed frames, and fifth wheels), equipment designed for use in conjunction with tractors, attachments for the abovedescribed commodities, and parts, from Noyes, Minnesota, to points in Washington, Oregon, California, Nevada, Idaho, Utah, New Mexico, Texas, Oklahoma,

Kansas, Colorado, Wyoming, South Dakota, Nebraska, Iowa, Missouri, Arkan-sas, Louislana, Mississippi, Tennessee, Illinois, Wisconsin, Indiana, Michigan, Ohio, Kentucky, Alabama, Georgia, Florida, South Carolina, North Carolina, Virginia, West Virginia, Pennsylvania, District of Columbia, Maryland, Delaware, New Jersey, Connecticut, Rhode Island, New York, Massachusetts, New Hampshire, Vermont, Maine, and to points in that part of Montana on and southwest of a line beginning at the North Dakota-Montana State line thence along Interstate Highway 94 to junction Montana Highway 200 S, thence along Montana Highway 200 S to junction Montana Highway 200, thence along Montana Highway 200 to junction U.S. Highway 87, thence along U.S. Highway 87 to junction U.S. Highway 191, thence along U.S. Highway 191 to junction Fergus County Highway 236,

Thence along Fergus County Highway

236 to junction U.S. Highway 87, thence along U.S. Highway 87 to junction Hill County Highway 432, thence along Hill County Highway 432 to junction U.S. Highway 2, thence along U.S. Highway 2 to junction U.S. Highway 91, thence along U.S. Highway 91 to the United States-Canada Boundary line, and to points in that part of Minnesota on and south of a line beginning at the North Dakota-Minnesota State line extending along U.S. Highway 10 to junction Minnesota, Highway 87, thence along Minnesota Highway 87, thence along nesota Highway 64, thence along Minnesota Highway 64 to junction Minnesota Highway 210, thence along Minnesota Highway 210 to the Minnesota-Wisconsin State line, and to points in that part of North Dakota on and south of a line beginning at the Minnesota-North Dakota State line extending along Inter-state Highway 94 to junction North Dakota Highway 31, thence along North Dakota Highway 31, to junction North Dakota Highway 200, thence along U.S. Highway 200 to junction U.S. Highway 85, to junction Interstate Highway 94, thence along Interstate Highway 94 to the North Dakota-Montana State line, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of that part of the Fargo, North Dakota, commercial zone located in Moorhead, Minnesota.

No. MC 114211 (Sub-No. E614), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Cast iron pressure pipe (except pipe used in or in connection with the discovery, development, production, refining, manufacture, processing, storage, transmission and distribution of natural gas and petroleum and their products) and fittings and accessories therefor when moving with such pipe, from points in that part of Texas on and west of a line

beginning at the Oklahoma-Texas State line extending along U.S. Highway 75 to junction Interstate Highway 35E, thence along Interstate Highway 35E, to junction U.S. Highway 183, thence along U.S. Highway 183, to junction U.S. Highway 90, thence along U.S. Highway 90, to junction Texas Highway 123, thence along Texas Highway 123, to junction U.S. Highway 181, thence along U.S. Highway 181, to junction Texas Highway 72, thence along Texas Highway 72, to junction U.S. Highway 281, thence along U.S. Highway 281 to the Mexico-Texas State line, and from points in that part of Oklahoma on and west of a line extending along U.S. Highway 75 to junction Indian Nation Turnpike, thence along Indian Nation Turnpike. to junction U.S. Highway 69, Oklahoma-Texas State line, to points in New York, Vermont, New Hampshire, Maine, Massachusetts, Rhode Island, Connecticut, and to points in that part of New Jersey on and north of a line beginning at the Pennsylvania-New Jersey State line extending along Interstate Highway 80 to junction Interstate Highway 280, to the New Jersey-New York State line, and to points in that part of Pennsylvania on and north of a line beginning at Erie. Pennsylvania extending along U.S. Highway 19 to junction U.S. Highway 6, thence along U.S. Highway 6 to junction U.S. Highway 11, thence along U.S. Highway 11, to junction Interstate Highway 380, thence along Interstate Highway 380, to junction Interstate Highway 80, thence along Interstate Highway 80 to the Pennsylvania-New Jersey State line, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of the plantsite of the Griffen Pipe Company located at or near Council Bluffs, Iowa.

No. MC 114211 (Sub-No. E615), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Farm machinery and parts thereof, from points in that part of Iowa on, south, and east of a line beginning at the Iowa-Missouri State line extending along U.S. Highway 169 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction Interstate Highway 35, thence along Inter-state Highway 35 to junction Interstate Highway 80, thence along Interstate Highway 80 to junction U.S. Highway 6, thence along U.S. Highway 6 to junction Iowa Highway 149, thence along Iowa Highway 149 to junction Iowa Highway 151, thence along Iowa Highway 151 to junction Iowa Highway 64, thence along Iowa Highway 64 to the Iowa-Illinois State line, to points in South Dakota. The purpose of this filing is to eliminate the gateway of Des Moines, Iowa.

No. MC 114211 (Sub-No. E616), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Wa-

terlo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Grading, paving and finishing machinery, equipment, parts, accessories, and attachments, from points in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, and from points in that part of New York on and east of a line beginning at the U.S., Canada, Boundaries line extending along New York Highway 16 to junction New York Highway 17, thence along New York Highway 17, to junction U.S. Highway 219, thence along U.S. Highway 219 to the New York-Pennsylvania State line, and from points in that part of Pennsylvania on and east of a line beginning at the Pennsylvania-New York State line extending along U.S. Highway 219 to junction Pennsylvania Highway 879, thence along Pennsylvania Highway 879 to junction Pennsylvania Highway 453, thence along Pennsylvania 453, to junction Pennsylvania Highway 350, to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Pennsylvania Highway 641, thence along Pennsylvania Highway 641, to junction Pennsylvania Highway 997, thence along Pennsylvania Highway 977 to junction U.S. Highway 11, thence along U.S. Highway 11 to junction U.S. Highway 11, thence along Highway 11 south to the Pennsylvania-Maryland State line, to points in Washington, Oregon, Montana, and to points in that part of North Dakota on and west of a line beginning at the U.S.-Canada Boundary line extending along U.S. Highway 85.

Thence along U.S. Highway 85 to the North Dakota-South Dakota State line, and to points in that part of Idaho on and north of a line beginning at the Idaho-Wyoming State line extending along U.S. Highway 26 to junction Interstate Highway 15, thence along Interstate Highway 15, to junction U.S. Highway 30, thence along U.S. Highway 30, to junction U.S. Highway 93, thence along U.S. Highway 93 to the Idaho-Nevada State line, and to points in that part of Wyoming on and north of a line beginning at the Wyoming-Montana State line extending along U.S. Highway 26 to junction U.S. Highway 187, thence along U.S. Highway 187, to junction U.S. Highway 89, thence along U.S. Highway 89, to junction U.S. Highway 20, thence along U.S. Highway 20, to junction U.S. Highway 14, thence along U.S. Highway 14, to junction U.S. Highway 87, thence along U.S. Highway 87 to the Wyoming-Montana State line, and to points in that part of California on and north of a line beginning at the California-Nevada State line extending along U.S. Highway 395 to junction California Highway 70, thence along California Highway 70, to junction California Highway 149, thence along California Highway 149, to junction California Highway 99, thence along California Highway 99, to junction California Highway 36, thence along California Highway 36, to junction U.S.

Highway 101, thence along U.S. Highway 101 to Eureka, California, and to points in that part of Nevada on and north of a line beginning at the Nevada-Idaho State line extending along U.S. Highway 93 to junction U.S. Highway 40, thence along U.S. Highway 40 to the Nevada-California State line, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Canton, South Dakota, and Minneapolis, Minnesota.

No. MC 114211 (Sub-No. E617), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Selfpropelled farm machinery and parts thereof, from points in that part of Illinois on and north of a line beginning at the Illinois-Iowa State line extending along U.S. Highway 30 to junction Illinois Highway 56, thence along Illinois Highway 56, to junction Illinois Highway 5, thence along Illinois Highway 5, to junction Interstate Highway 90, thence along Interstate Highway 90 to the Illinois-Indiana State line, to points in Utah, California, and Nevada and to points in that part of Wyoming on north & west of a line beginning at the Wyoming-South Dakota State line extending along U.S. Highway 16 to junction Wyoming Highway 450, thence along Wyoming Highway 450 to junction Wyoming Highway 59, thence along Wyoming Highway 59, to junction Wyoming Highway 387, thence along Wyoming High-way 387 to junction U.S. Highway 87, thence along U.S. Highway 87 to junction Wyoming Highway 220, thence along Wyoming Highway 220 to junction Wyoming Highway 73, thence along Wyo-ming Highway 73, to junction Interstate Highway 80, thence along Interstate Highway 80, to junction Wyoming Highway 430, thence along Wyoming Highway 430 to the Wyoming-Colorado State line, and to points in that part of Arizona on and west of a line beginning at the Colorado-Arizona State line extending along U.S. Highway 160 to junction Arizona Highway 63, thence along Arizona Highway 63, to junction U.S. Highway 66, thence along U.S. Highway 66, to junction U.S. Highway 180, thence along U.S. Highway 180, to junction U.S. Highway 60, thence along U.S. Highway 60, to junction U.S. Highway 70, thence along U.S. Highway 70, to junction U.S. Highway 666, thence along U.S. Highway 666 to the United States-Mexico Boundary line, with no transportation for compensation on return except as otherwise authorized. The purpose of this filing is to eliminate the gateway of Minneapolis, Minnesota.

No. MC 114211 (Sub-No. E618), filed June 4, 1974. Applicant: WARREN TRANSPORT, INC., P.O. Box 420, Waterloo, Iowa 50704. Applicant's representative: Kenneth R. Nelson (same as above). Authority sought to operate as

# MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

FEBRUARY 3, 1975.

The following are notices of filing of application, except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application, for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC 67, (49 CFR 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field officials named in the FED-ERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

# MOTOR CARRIERS OF PROPERTY

No. MC 17812 (Sub-No. 2TA), filed January 27, 1975. Applicant: M. BURNS TRUCKING CO., 1860 Fall River Avenue, Seekonk, Mass. 02771. Applicant's representative: John M. Burnes or Robert J. Burns (same address as applicant).
