Dear Friend

Having got together our
contributions for the coming Anti-
Slavery Bazaar to be held at Boston
we hope to send them by C. L. Friend
who we expect will sail on
the 20th of this month. Should
he however not leave Liverpool
untill the 4th of December we
fear to obtain our box or boxes
untill that period - believing
they would be too late for
this years sale, and purpose
sending them by whatever steamer
shall sail from Liverpool on the 20th

Many of the articles are of superior quality
as they could not fail to be coming from
persons of such varied tastes - and many
of them from individuals whose pretensions
of taste and beauty must not very often
We rejoice however to know with all their
susceptions on their head" to have so much
to forward and must only request that
you will accept them as a demonstration
of ~~our~~ Anti Slavery sympathy and good-
feeling from this "Island of Secrest and
Shamrock."

Wishing you all success in
this - and every other labour of love in the
cause of the oppressed and down trodden

Believe me

Very truly Yours
Saml B. Allen

Should even our friend Charles
not be ready against that time.

We have had much pleasure
in receiving the various contri-
butions, which have been sent
from all parts of the 'Emerald
Isle' and from all classes of
persons exhibiting perhaps the "free
quote" and the very wealthy who ge-
nerally incline one to throw cold
water on any demonstration of
this or any other ^{of a} purely benevolent
kind - the former class urging the plea
I would pain hope a sincere tho'
most mistaken one, that no good
can be done except through
what they call evangelization -
Some poor persons have
denied themselves necessities in
order to have some articles to con-
tribute to the cause of freedom

In the event of Charles's not sailing on the
20th Our Anti-Slavery committee has
without writing to some influential
person in Liverpool - to tell the Captain
of the vessel and request his con-
cise attendance as far as practi-
cable —
