		junction where it meets with Koshi-no-gata (Hoshotsu-gata) and of the Jintsu River down Hagiura Bridge; and the waters of Iwase canal and of Tomikawa-canal above Nakajima lock-gate.
	Hiroi	The waters within a circle drawn with Hiroshima triangular surveying point (12 meters) as its center and radius of 1,900 meters, and the streams of the Amaru-gawa, Kamisho-gawa and Shin-kawa rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Ishikawa	Hanao	The waters surrounded by a line drawn from the southern end of Susono-byobu to the northwestern end of Ishizakino-byobu, a line drawn from Matsuga-saki (Miya-saki) of Noto-jima island to Misaki and the coast-line.
	Anamizu	The waters surrounded by a line drawn from Takoga-hana at 229 degrees and its coast-line, and the stream of the Komata River down Shiroyama Bridge.
	Udetsu	The waters surrounded by a line drawn from Ebisu-zaki at 270 degrees and the coast-line.
	Ogi	The waters surrounded by a line drawn from Kongo-zaki (37° 17' 35" N, 137° 13' 48" E) at 90 degrees, a line drawn from the tip of Joga-hana at 180 degrees and the coast-line.
	Iida	The waters within a circle drawn with a point at 210 degrees and 1,600 meters from Nao-mura triangular surveying point (58.5 meters) as its center and radius of 1,000 meters, and the stream of the Wakayama River down Azuma Bridge.
	Wajima	The waters surrounded by a line drawn from Ryuga-saki to the top of Hikata-yama and the coast-line, and the stream of the Wajima River down the bridge crossing over the lowest reach of the river.

Declassified E.O. 12065 Section 3/402/NNDC NO. 775009

	Fukuura	The waters within a circle drawn with Mon-saki as its center and radius of 1,000 meters.
	Taki	The waters within a circle drawn with Taki-minato Second Breakwater Lighthouse (36° 55' 5" N, 136° 45' 26" E) as its center and radius of 800 meters.
	Kanaiwa	The waters within a circle drawn with Kanaiwa Lighthouse (36° 36' 2" N, 136° 35' 36" E) as its center and radius of 2,500 meters, and the streams of the Saikawa and Onagawa rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Fukui	Wada	The waters surrounded by a line drawn from Omi-zaki to Tsu-saki and the coast-line, a line drawn from Miyagasaki (Atago-zaki) to Shiro-yama and the Coast-line.
	Obama	The water surrounded by a line drawn from Futako-jima (Tatsunokuchi-bana) to Namikake-bana and the coast-line.
	Tsuruga	The waters surrounded by a line drawn from Aka-zaki to Ko-zaki (Hiruko-zaki) and the coast-line, and the stream of the old Shono-kawa down Shono-Bridge.
	Mikuni	The waters within a circle drawn with Mikuni-ko Breakwater Lighthouse (36° 13' 1" N, 136° 8' 4" E) as its center and radius of 1,000 meters, and the streams of the Kuzuryu and Takeda rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Shizuoka	Atami	The waters surrounded by a line drawn from the coast boundary (36° 2' 28" N, 139° 5' 22" E) between Atami City and Ajiro Town to Benten Rock (8 meters), Izuyama Inamura and the coast-line.
		The waters within a circle drawn with the triangular

	Oshima	jima (Tatsunokuchi-bana) to Namikeke-bana and the coast-line.
	Tsuruga	The waters surrounded by a line drawn from Aka-zaki to Ko-zaki (Hiruko-zaki) and the coast-line, and the stream of the old Shono-kawa down Shono-Bridge.
	Mikuni	The waters within a circle drawn with Mikuni-ko Breakwater Lighthouse (36° 13' 1" N, 136° 8' 4" E) as its center and radius of 1,000 meters, and the streams of the Kuzuryu and Takeda rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Shizuoka	Atami	The waters surrounded by a line drawn from the coast boundary (36° 2' 28" N, 139° 5' 22" E) between Atami City and Ajiro Town to Benten Rock (8 meters), Izuyama Inamura and the coast-line.
	Ajiro	The waters within a circle drawn with the triangular surveying point (164 meters) near Tatoiwa of Ajiro Town as its center and radius of 2,000 meters, excepting the part belonging to Atami port.
	Ito	The waters within a circle drawn with a point at 270 degrees and 1,500 meters from Ito-ko Second Breakwater Lighthouse (34° 58' 11" N, 139° 6' 34" E) as its center and radius of 2,800 meters.
	Inatori	The waters surrounded by a line drawn from Inatori-misaki at Zero degree and the coast-line.
	Shimoda	The waters surrounded by a line drawn from Noroshi-zaki to the south-western end of Aka-shima and the coast-line, and the stream of the Inaozawa River down the bridge crossing over the lowest reach of the river.
	Matsuzaki	The waters surrounded by a line drawn from Ajihoga-hana at 180 degrees and the coast-line.
	Ukusu	The waters surrounded by a line drawn from the triangular surveying point (150 meters), southeast of Kome-saki, at 174 degrees and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77500 9

Dohi	The waters surrounded by a line drawn from Maruyama-saki at 28 degrees and the coast-line.
Numazu	Of the waters within a circle drawn with Ushibuse-yama triangular surveying point (62 meters) as its center and radius of 1,800 meters, the part north of a line drawn from the same triangular surveying point at 270 degrees and the coast-line, and the stream of the Kano River down Eitai Bridge.
Shimizu	The waters surrounded by a line drawn from Ma-zaki at zero degree and the coast-line, and the stream of the Tomoe River down Chitose Bridge.
Yaizu	The waters within a circle drawn with Yaizu Lighthouse (34° 51' 29" N, 138° 19' 38" E) as its center and radius of 2,500 meters, and the stream of the Seto River down Atemi Bridge, of the Koishikawa down Suna Bridge, of the Kuroishi River down Minato Bridge and of the Kiya River down Minato Bridge.
Sagara	The waters within a circle drawn with a point at 300 degrees and 2,400 meters from Ashitaka Rock (34° 40' 24" N, 138° 13' 36" E) as its center and radius of 2,000 meters, and the stream of the Hagima-gawa down Shinbashi Bridge.
Omaezaki	The waters surrounded by a line drawn from Motone-bana triangular surveying point (7 meters) to a point at zero degree and 1,500 meters off, a line drawn at 270 degrees from such point and the coast-line.
Hamana	The waters within a circle drawn with Bentan-jima Station (34° 41' 12" N, 137° 36' 30" E) as its center and radius of [illegible]

		the Seto River down Atemi Bridge, of the Koishikawa down Suna Bridge, of the Kuroishi River down Minato Bridge and of the Kiya River down Minato Bridge.
	Sagara	The waters within a circle drawn with a point at 300 degrees and 2,400 meters from Ashitaka Rock (34° 40' 24" N, 138° 13' 36" E) as its center and radius of 2,000 meters, and the stream of the Hagima-gawa down Shinbashi Bridge.
	Omaezaki	The waters surrounded by a line drawn from Motone-bana triangular surveying point (7 meters) to a point at zero degree and 1,500 meters off, a line drawn at 270 degrees from such point and the coast-line.
	Hamana	The waters within a circle drawn with Bentan-jima Station (34° 41' 12" N, 137° 36' 30" E) as its center and radius of 2,000 meters, and the waters of Lake Hamana surrounded by a line drawn at 90 degrees from the shore boundary (34° 42' 20" N, 137° 33' 27" E) between Washizu Town and Nii Town, Obumi Bridge and the coast-line.
Aichi	Irako	The waters within a circle drawn with Irako-saki Lighthouse (34° 34' 34" N, 137° 1' 10" E) as its center and radius of 2,000 meters.
	Fukue	The waters within a circle drawn with Muko-yama triangular surveying point (6.4 meters) 34° 37' 48" N, 137° 5' 53" E) as its center and radius of 1,500 meters.
	Izumi	The waters within a circle drawn with the tip of the west breakwater as its center and radius of 500 meters.
	Tahara	The waters within a circle drawn with Zoozan triangular surveying point (253 meters) as its center and radius of 3,000 meters, and the stream of the Shio-kawa down Funakura Bridge.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Toyohashi	Of the waters within a circle drawn with the tip of the right bank of Jikken-gawa river (34° 45' 8" N, 137° 19' 25" E) as its center and radius of 4,500 meters, the part north of a line drawn at 270 degrees from the tip of the right embankment of the Umeda River, and the streams of the Toyokawa and Yanagiu rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Miya	The waters surrounded by a line drawn from Miyaga-hana to the southern end of Take-shima island, the bridge connecting such island with Fuso coast- and the coast-line.
Gamagori	Of the waters within a circle drawn with Gamagori-ko Breakwater Lighthouse (34° 48' 42" N, 137° 13' 35" E) as its center and radius of 1,000 meters, the part not belonging to Miya Harbor.
Katahara	Of the waters within a circle drawn with the root of Kojo-ko east breakwater (34° 47' 16" N, 137° 11' 22" E) as its center and radius of 1,000 meters, the part north of line drawn at 90 degrees from the coast boundary (34° 48' 10" N, 137° 11' 21" E) between Hara-machi and Nishiura-towns.
Nishiura	Of the waters within a circle drawn with the root of Higashitogake breakwater (34° 46' 55" N, 137° 11' 26" E) as its center and radius of 1,000 meters, the part not belonging to Katabara Harbor.
Higashihaza	The waters surrounded by a line connecting the southern end of Nakashiba coast and the southern end of Terabe coast and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG NO. 77500 9

Gamagori	Of the waters within a circle drawn with Gamagori-ko Breakwater Lighthouse (34° 48' 42" N, 137° 13' 35" E) as its center and radius of 1,000 meters, the part not belonging to Miya Harbor.
Katahara	Of the waters within a circle drawn with the root of Kojo-ko east breakwater (34° 47' 16" N, 137° 11' 22" E) as its center and radius of 1,000 meters, the part north of line drawn at 90 degrees from the coast boundary (34° 48' 10" N, 137° 11' 21" E) between Hara-machi and Nishiura-towns.
Nishiura	Of the waters within a circle drawn with the root of Higashitogake breakwater (34° 46' 55" N, 137° 11' 26" E) as its center and radius of 1,000 meters, the part not belonging to Katabara Harbor.
Higashihaza	The waters surrounded by a line connecting the southern end of Nakashiba coast and the southern end of Terabe coast and the coast-line.
Yoshida	The waters within a circle drawn with the light pole at the mouth of the Yazaki-gawa (34° 46' 55" N, 137° 4' 49" E) as its center and radius of 1,400 meters, and the stream of the Yazaki-gawa down the bridge crossing over the lowest reach of the river.
Isshiki	The waters within a circle drawn with Isshiki Lighthouse (34° 47' 14" N, 137° 1' 15" E) as its center and radius of 1,000 meters.

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

Takatoyo	The waters surounded by a line drawn at 90 degrees from Fudo-mura starting point of mile-posts and the coast-line, and the stream of the Sakai-gawa south of a line drawn at 270 degrees from Kogakie Port Light Pole (34° 58' N, 136° 59' 54" E).
Morozaki	The waters surrounded by a line drawn from Tobiga-saki (Kaidaga-hana) at 90 degrees, a line drawn from Uto-saki to a point at 90 degrees and 500 meters off, a line drawn at zero degree from such point and the coast-line.
Shinojima	The waters surrounded by two lines drawn from Higashiyama-hana and Hirukoga-hana respectively to points at zero degree and 600 meters from each, a line connecting such two points, and the coast-line.
Toyohama	The waters within a circle drawn with Toyohama-ko West Breakwater Lighthouse (34° 42' 2" N, 136° 56' 20" E) as its center and radius of 000 meters.
Utsumi	The waters within a circle drawn with the root of the North breakwater as its center and radius of 1,000 meters, and the stream of the Utsumi River down Utsumi Bridge.
Tokoname	The waters within a circle drawn with Tokoname-ko South Breakwater Lighthouse (34° 52' 26" N, 136° 50' 20" E) as its center and radius of 1,000 meters.
Nagoya	The waters within a circle drawn with Nagoya-ko West Jetty Lighthouse (35° 2' 9" N, 136° 51' 29" E) as its center and radius of 7,500 meters, and the streams of the Arako-gawa down the conduit-gate, of

Declassified E.O. 12065 Section 3/402/NNDC No. 775009

Toyohama	The waters within a circle drawn with Toyohama-ko West Breakwater Lighthouse (34° 42' 2" N, 136° 56' 20" E) as its center and radius of 900 meters.
Utsumi	The waters within a circle drawn with the root of the North breakwater as its center and radius of 1,000 meters, and the stream of the Utsumi River down Utsumi Bridge.
Tokoname	The waters within a circle drawn with Tokoname-ko South Breakwater Lighthouse (34° 52' 26" N, 136° 50' 20" E) as its center and radius of 1,000 meters.
Nagoya	The waters within a circle drawn with Nagoya-ko West Jetty Lighthouse (35° 2' 9" N, 136° 51' 29" E) as its center and radius of 7,500 meters, and the streams of the Arako-gawa down the conduit-gate, of the Yamazaki-gawa down Chuji Bridge, of the Oye-gawa down Koto Bridge, of Tenpaku-gawa down Chidori Bridge, of the Hori-kawa down Asahi Bridge, of the Shinhori-kawa down its dike, of the Shonai-gawa down Isshiki-Ohashi Bridge and of the Nikko-gawa down Nikko Bridge, and Nakagawa Canal.
Kuwana	The stream of the Ibi-gawa between a line drawn at 118 degrees from Kogaisu triangular surveying point (0.0 meters)(35° 2' 54" N, 136° 42' E) and Ise-Ohashi Bridge.
Yokkaichi	The waters surrounded by a line drawn from the tip of the left bank at the mouth of the Asaake River to a point at 135 degrees and 2,000 meters off, a line drawn from the coast boundary (34° 53' 54" N, 135° 38' 39" E) between Suzuka City and Kusu Town to a point at 90 degrees and 3,000 meters off, a line connecting such two points, and the coast-line: and the streams of the Asaake, Kaizo Mitaki, Kabako, Uchibe and Suzuka rivers down the bridges respectively crossing over the lowest reaches of these rivers.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77500 9

Chiyozaki	The waters within a circle drawn with the tip of the right embankment of the Kanazawa River as its center and radius of 1,500 meters, and the stream of the Kanazawa River down the bridge crossing over the lowest reach of the river.
Tsu	The waters surrounded by a line drawn from Tsuoki triangular surveying point (34° 42' N, 136° 31' 6" E) to a point at 90 degrees and 2,000 meters off, a line drawn from such point at 357 degrees and the coast-line, and the streams of the Iwata, Ano and Shitomo rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Matsusaka	The waters within a circle drawn with Matsusaka-ko East Breakwater Light pole (34° 36' 50" N, 136° 33' 48" E) as its center and radius of 2,000 meters.
Ujiyamada	The waters within a circle drawn with a point at 215 degrees and 1,700 meters from Ujiyamada-ko West Light pole (34° 31' 20" N, 136° 45' 2" E) as its center and radius of 3,000 meters, and the streams of rivers.
Toba	The waters surrounded by a line connecting Nishi-zaki, the northern end of Hyuga-shima, Shimaga-saki of Toshi-jima, Maruyama-zaki of Sakate-jima and Kafurako-zaki, in the order, and the coast-line.
Namikiri	The waters within a circle drawn with Namikiri-ko Breakwater Lighthouse (34° 16' 42" N, 136° 54' 11" E)

Declassified E.O. 12065 Section 3/402/NNDG NO. 77509

rivers down the bridges respectively crossing over the lowest reaches of these rivers.

Matsusaka	The waters within a circle drawn with Matsusaka-ko East Breakwater Light pole (34° 36' 50" N, 136° 33' 48" E) as its center and radius of 2,000 meters.
Ujiyamada	The waters within a circle drawn with a point at 215 degrees and 1,700 meters from Ujiyamada-ko West Light pole (34° 31' 20" N, 136° 45' 2" E) as its center and radius of 3,000 meters, and the streams of rivers.
Toba	The waters surrounded by a line connecting Nishi-zaki, the northern end of Hyuga-shima, Shimaga-saki of Toshi-jima, Maruyama-zaki of Sakate-jima and Kafurako-zaki, in the order, and the coast-line.
Namikiri	The waters within a circle drawn with Namikiri-ko Breakwater Lighthouse (34° 16' 42" N, 136° 54' 11" E) as its center and radius of 2,000 meters.
Hamashima	The waters within a circle drawn with Shirioyama-saki as its center and radius of 1,500 meters.
Gokasho	The waters surrounded by a line drawn from Kami-saki to Taso-zaki (misaki) and the coast-line.
Nagashima	The waters surrounded by a line drawn from the triangular surveying point (137 meters) south of Naga-shima Town to Chidori-hana Via Oishi and the coast-line.
Hikimoto	The waters surrounded by a line drawn from Onaso-bana to the eastern end of Sabaru island, a line drawn from the northern end of such island to Ino-hana Via Hadaka-jima (Nage-ishi) and the coast-line; the stream of the Funatsu-gawa south of a line drawn at 31 degrees from the boundary between Aiga town and village on the left bank of the Funatsu-gawa and the stream of the Choshi-gawa down Choshi Bridge; and the Shiroishi Lake.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

	Owase	The waters surrounded by a line drawn from Moto-yama-hana to the southern end of Sabaru island, a line drawn from the northern end of such island to Ino-hana via Hadaka-jima (Nage-ishi) and the coast-line,
	Kinomoto	The waters within a circle drawn with Chigashiro triangular surveying point (159 meters) as its center and radius of 2,000 meters.
Kyoto	Kumihama	The waters surrounded by a line drawn from Minato-mura triangular surveying point (173.5 meters) to a point at Zero degree and 1,000 meters off, a line drawn from such point to another point at 90 degrees and 1,500 meters off, a line drawn from the latter point at 180 degrees and the coast-line.
	Asamo-gawa	The waters within a circle drawn with a point at 45 degrees and 2,400 meters from the triangular surveying point (285.7 meters) as its center and radius of 300 meters.
	Taiza	The waters within a circle drawn with Tobiguchi-misaki as its center and radius of 1,000 meters.
	Nakahama	The waters surrounded by a line drawn from Oro-misaki to Tomoga-hana and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77009

Kyoto	Kumihama	The waters surrounded by a line drawn from Minato-mura triangular surveying point (173.5 meters) to a point at Zero degree and 1,000 meters off, a line drawn from such point to another point at 90 degrees and 1,500 meters off, a line drawn from the latter point at 180 degrees and the coast-line.
	Asamogawa	The waters within a circle drawn with a point at 45 degrees and 2,100 meters from the triangular surveying point (285.7 meters) as its center and radius of 300 meters.
	Taiza	The waters within a circle drawn with Tobiguchi-misaki as its center and radius of 1,000 meters.
	Nakahama	The waters surrounded by a line drawn from Oro-misaki to Tomoga-hana and the coast-line.
	Honjo	The waters surrounded by a line drawn from the top of Hayashinoshita (35° 44' 34" N, 135° 15' 36" E) to Kame reef at Ko-saki and the coast-line.
	Ine	The waters surrounded by a line drawn from Shiroyama-bana to Suki-zaki via the southern end of Aoshima island and the coast-line.
	Miyazu	The waters surrounded by a line drawn from Katashima-bana to Hioki-zaki and the coast-line, and the stream of the Ote-gawa down Ote Bridge.
	Maizuru	The waters surrounded by a line drawn from Kanega-saki at zero degree, a line drawn from Bakuchi-misaki at 270 degrees and the coast-line, and the streams of the Tekano, Isazu, Tera, Yohoro, Soboya and Shiraku rivers down the bridges respectively crossing over the lowest reaches of these rivers.
	Nohara	The waters surrounded by a line drawn from Kottoi-saki to Mitsugori-bana and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

	Tai	The waters surrounded by a line drawn from Kozaki Shii-zaki (35°34'1"N, 135°27'7"E) and the coast-line.
Osaka	Fuke	The waters surrounded by a line drawn at Zero degree from Tokokuni-zaki (34°19'12"N, 135°7'6"E), a line drawn from Naga-saki at 270 degrees and the coast-line, and the streams of the Okawa down Yamato Bridge and of the Higashi-kawa down Ochiai Bridge.
	Kishiwada	The waters within a circle drawn with a point at 339 degrees and 1,000 meters from the triangular surveying point at the old castle ground in the city as its center and radius of 1,000 meters.
	Otsu	The waters within a circle drawn with Otsu-ko Breakwater Lighthouse (34°39'32" N, 135°23'42" E) as its center and radius of 1,500 meters.
	Sakai	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Ishizu-gawa toward Osaka-ko South Jetty Lighthouse (34°38'9"N, 135°24'E), the south boundery of Osaka Port and the coast-line.
	Osaka	The waters surrounded by a line drawn from the tip of the left bank at the mouth of the Kanzaki-gawa at 214 degrees, a line drawn from the tip of the right bank at the mouth of the Yamato-gawa at 270 degrees and the coast-line; the streams of the Kizu-gawa down Onami Bridge, of the Shirinashi-gawa down Iwasaki Bridge, of the Aji-gawa down Funatsu Bridge and of the Shin-Yodo-gawa down the railway Bridge crossing over the lowest reach of the river; and the canal waters west of a line connecting the southern end of Funatsu Bridge and the eastern end of Onami

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

	Otsu	The waters within a circle drawn with Otsu-ko Breakwater Lighthouse (34°39'32" N, 135°23'42" E) as its center and radius of 1,500 meters.
	Sakai	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Ishizu-gawa toward Osaka-ko South Jetty Lighthouse (34°38'9"N, 135°24'E), the south boundery of Osaka Port and the coast-line.
	Osaka	The waters surrounded by a line drawn from the tip of the left bank at the mouth of the Kanzaki-gawa at 214 degrees, a line drawn from the tip of the right bank at the mouth of the Yamato-gawa at 270 degrees and the coast-line; the streams of the Kizu-gawa down Onami Bridge, of the Shirinashi-gawa down Iwasaki Bridge, of the Aji-gawa down Funatsu Bridge and of the Shin-Yodo-gawa down the railway bridge crossing over the lowest reach of the river; and the canal waters west of a line connecting the southern end of Funatsu Bridge and the eastern end of Onami Bridge.
Hyogo	Amagasaki	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Mukogawa to a point at 200 degrees and 2,000 meters off, a line drawn from such point at 90 degrees, the northern boundary of Osaka port and the coast-line, and the steeam of the Shoge-gawa down the bridge crossing over the lowest reach of the river.
	Nishinomiya	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Shuku-gawa at 158 degrees, a line drawn from the tip of the left bank at the mouth of the Saru-kawa at 225 degrees and the coast-line.
	Kobe	The waters surrounded by a line drawn from the tip of the left bank at the mouth of the Myohoji-gawa at 93 degrees, a line drawn from the tip of the left bank at the mouth of the Ashiya-gawa at 222° 30' and the coast-line.

Akir

Akashi	The waters within a circle drawn with Akashi-ko Jetty Lighthouse (34°38'23"N, 134°59'34"E) as its center and radius of 900 meters.
Futami	The waters surrounded by a line drawn from the tip (34°41'7"N, 134°53'51"E) of the left bank at the mouth of the Seto-gawa to a point at 240 degrees and 2,000 meters off, a line drawn from such point at Zero degree and the coast-line.
Beppu	The waters within a circle drawn with Beppu-ko Breakwater Lighthouse (34°42'42"N, 134°50'55"E), as its center and radius of 1,000 meters.
Takasago	The waters within a circle drawn with Takasago-ko Jetty Lighthouse (34°43'42"N, 134°48'7"E) as its center and radius of 900 meters, and the streams of rivers.
Iho	The waters within a circle drawn with Iho-ko Lighthouse (34°45'10"N, 134°46'20"E) as its center and radius of 1,000 meters, and the steam of the Arai-gawa down Chidori Bridge.
Yagi	The waters within a circle drawn with the root of the breakwater at the right bank at the mouth of the Yake-gawa as its center and radius of 500 meters, and the stream of the Yake-gawa down Mihashi Bridge.
Himeji	The waters surrounded by a line drawn from a point at 295 degrees and 800 meters from the root of the breakwaters at the right bank at the mouth of the Yake-gawa to a point at 180 degrees and 1,800 meters from the same breakwater root, a line drawn from the

Akir

Akashi	The waters within a circle drawn with Akashi-ko Jetty Lighthouse (34°38'23"N, 134°59'34"E) as its center and radius of 900 meters.
Futami	The waters surrounded by a line drawn from the tip (34°41'7"N, 134°53'51"E) of the left bank at the mouth of the Seto-gawa to a point at 240 degrees and 2,000 meters off, a line drawn from such point at Zero degree and the coast-line.
Beppu	The waters within a circle drawn with Beppu-ko Breakwater Lighthouse (34°42'42"N, 134°50'55"E), as its center and radius of 1,000 meters.
Takasago	The waters within a circle drawn with Takasago-ko Jetty Lighthouse (34°43'42"N, 134°48'7"E) as its center and radius of 900 meters, and the streams of rivers.
Iho	The waters within a circle drawn with Iho-ko Lighthouse (34°45'10"N, 134°46'20"E) as its center and radius of 1,000 meters, and the steam of the Arai-gawa down Chidori Bridge.
Yagi	The waters within a circle drawn with the root of the breakwater at the right bank at the mouth of the Yake-gawa as its center and radius of 500 meters, and the stream of the Yake-gawa down Mihashi Bridge.
Himeji	The waters surrounded by a line drawn from a point at 295 degrees and 800 meters from the root of the breakwaters at the right bank at the mouth of the Yake-gawa to a point at 180 degrees and 1,800 meters from the same breakwater root, a line drawn from the latter point at 270 degrees, a line drawn from the tip of the right bank at the mouth of the Naka-gawa at

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

Takasago	The waters within a circle drawn with Takasago-ko Jetty Lighthouse (34°43'42"N, 134°48'7"E) as its center and radius of 900 meters, and the streams of rivers.
Iho	The waters within a circle drawn with Iho-ko Lighthouse (34°45'10"N, 134°46'20"E) as its center and radius of 1,000 meters, and the steam of the Arai-gawa down Chidori Bridge.
Yagi	The waters within a circle drawn with the root of the breakwater at the right bank at the mouth of the Yake-gawa as its center and radius of 500 meters, and the stream of the Yake-gawa down Mihashi Bridge.
Himeji	The waters surrounded by a line drawn from a point at 295 degrees and 800 meters from the root of the breakwaters at the right bank at the mouth of the Yake-gawa to a point at 180 degrees and 1,800 meters from the same breakwater root, a line drawn from the latter point at 270 degrees, a line drawn from the tip of the right bank at the mouth of the Naka-gawa at 180 degrees and the coast-line; and the streams of the Ichi-kawa, Senba-gawa, Yumemae-gawa, Otsumo-gawa, Ibo-gawa and Naka-gawa down the bridges respectively crossing over the lowest reaches of these rivers.
Aioi	The waters surrounded by a line drawn from Hama-zaki to Kanega-saki and the coast-line.
Ako	The waters surrounded by a line drawn from the coast boundary (34°44'14"N, 134°22'E) between Okayama and Hyogo prefectures to Mi-saki via the northern end of Toriage-jima and Omae Rock and the coast-line, and the streams of the Otsu-gawa down Ishiga-saki Bridge, of the Nonouchi waterway down its gate, of Chigusa-gawa down Ako Bridge and of the Misaki waterway down Genroku Bridge.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Tsuiyama	The waters surrounded by a line drawn from Saruga-shima of Tsuiyama-jima toward Ake-shima and the coast line and the stream of the Maruyam River north of a line drawn from Nagoyama triangular surveying point (77 meters) at 345 degrees.
Kasumi	The waters surrounded by a line drawn from the northern end of Shiroishi-jima toward the northern end of Kuro-shima a line at 244 degrees from the northern end of Shiroishi-jima, and the coast-line.
Shibayama	The waters surrounded by a line drawn from Koyagadani-hama to the southern end of Usugaura-shima island, a line drawn from the Takagasu-hana of the island to the northern end of Oshima Island, a line drawn from the southern end of such island toward the top of Mt. Oyama, and the coast-line.
Hamasaka	The waters surrounded by a line drawn from Yashiro-hana to the top of Kannonji-yama and the coast-line, and the stream of the Kishida-gawa down the bridge crossing over the lowest reach of the river.
Iwaya	The waters within a circle drawn with Iwaya-ko East Jetty Light Pole (34°35'14"N, 135°1'29"E) as its center and radius of 1,000 meters.
Sumoto	The waters within a circle drawn with Sumoto-ko Lighthouse (34°20'38"N, 134°54'3"E) as its center and radius of 1,000 meters, and the stream of the Sumoto River down the bridge crossing over the lowest reach of the river.
Yura	The waters surrounded by a line drawn from the end of Taka-saki at 220 degrees, a line drawn from the northern end of Ume-saki at 295

Declassified E.O. 12065 Section 3/402/NNDG NO. 77500 9

	Ryugahana-hana to the southern end of Usugaura-shima island, a line drawn from the Takagasu-hana of the island to the northern end of Oshima Island, a line drawn from the southern end of such island toward the top of Mt. Oyama, and the coast-line.
Hamasaka	The waters surrounded by a line drawn from Yashiro-hana to the top of Kannonji-yama and the coast-line, and the stream of the Kishida-gawa down the bridge crossing over the lowest reach of the river.
Iwaya	The waters within a circle drawn with Iwaya-ko East Jetty Light Pole (34°35'14"N, 135°1'29"E) as its center and radius of 1,000 meters.
Sumoto	The waters within a circle drawn with Sumoto-ko Lighthouse (34°20'38"N, 134°54'3"E) as its center and radius of 1,000 meters, and the stream of the Sumoto River down the bridge crossing over the lowest reach of the river.
Yura	The waters surrounded by a line drawn from the end of Taka-saki at 220 degrees, a line drawn from the northern end of Ume-saki at 285 degrees and the coast-line.
Fukura	The waters surrounded by a line drawn from Tsuri-shima-hana at 135 degrees and the coast-line.
Minato	The waters within a circle drawn with the tip of the north breakwater as its center and radius of 1,000 meters, and the streams of rivers.
Toshi	The waters within a circle drawn with the tip of the west breakwater as its center and radius of 500 meters, and the stream of the Toshi-gawa down O-hashi- Bridge
Gunke	The waters within a circle drawn with the tip of the scugh breakwater as its center and radius of 500 meters, and the stream of the Gunke-gawa down O-hashi Bridge.

name	Iwami
	The waters within a circle drawn with the coast boundary (34°41'39"N, 131°49'12"E) between Yoshida and Takatsu of Masuda Town as its center and radius of 1,500 meters, and the stream of the Takatsu-gawa down Takakado Bridge.
Hamada	The waters surrounded by a line drawn from Kuro-saki to Mizushima-bana of Majima, a line drawn from Senjojiki-hana of the same island to Nyudo-bana and the coast-line, and the stream of the Hamada-gawa down the bridge crossing over the lowest reach of the river.
Kotsu	The waters within a circle drawn with a point at 270 degrees and 1,500 meters from Watatsu triangular surveying point (138.8 meters) (35°08'45"N, 132°14'43"E) as its center and radius of 2,300 meters, and the stream of the G-kawa down Gokawa Bridge.
Nima	The waters surrounded by a line drawn from Aramun-bahana to the western end of Mogoshima, a line drawn from the eastern end of same island to Hirod-hana and the coast-line.
Kute	The waters within a circle drawn with the coast boundary between Kuto Town and Torii village as its center and radius of 1,300 meters.
Taisha	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Kobe River toward the northewestern end of Sasado-jima and the coast-line.
Hiomo	The waters surrounded by a line drawn from Ikesu-

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

	270 degrees and 1,500 meters from Watatsu triangular surveying point (138.8 meters) (35°08'45"N, 132°14'43"E) as its center and radius of 2,300 meters, and the stream of the G-kawa down Gokawa Bridge.
Nima	The waters surrounded by a line drawn from Aramun-bahana to the western end of Mogoshima, a line drawn from the eastern end of same island to Hirod-hana and the coast-line.
Kute	The waters within a circle drawn with the coast boundary between Kuto Town and Torii village as its center and radius of 1,300 meters.
Taisha	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Kobe River toward the northewestern end of Sasado-jima and the coast-line.
Edomo	The waters surrounded by a line drawn from Ikesu-hana toward the northern end of Otoko-jima and the coast-line.
Kaga	The waters surrounded by a line drawn from the tip of Kugurido-hana to the northern end of Jajima, a line drawn from the southwestern end of the same island to the western end (Matsuga-saki) of Uomiyama-hana and the coast-line.
Shichirui	The waters surrounded by a line drawn from the western end of Ku-shima at 222 degrees, a line drawn from the eastern end of the same island to the northern end of Aoki-jima, a line drawn from the southern end of Aoki-jima at 222 degrees and the coast-line.
Mihonoseki	The waters within a circle drawn with the stone lantern as its center and radius of 500 meters.
Matsue	The waters within a circle drawn with the tip of the right band at the mouth of the O-hashi-gawa as its center and radius of 2,000 meters , and the waters of Lake Shinji and the stream of the O-hashi-gawa both east of a line drawn from Suetsuga-hana toward Yomega-shima.

Declassified E.O. 12065 Section 3/402/NNDG NO. 75009

Yura	The waters surrounded by a line drawn from Kamiya-zaki to the northern end of Ari-shima, a line drawn from the southern end of such island to Naga-saki and the coast-line, and the stream of the Yura-gawa down Yura Bridge.
Yuasahiro	The waters surrounded by a line drawn from Tata-kino-hana at 172 degrees and the coast-line, and the streams of the Hiro-kawa down Hiro-hashi Bridge and of the Yamada-gawa Suhara Bridge.
Minoshima	The waters surrounded by a line drawn from Miyazaki-bana to the western end of Karimo-jima, a line drawn from Karimo-jima at 135 degrees and the coast-line and the stream of the Arita-gawa down Antai Bridge.
Wakayama-Shimotsu	The waters surrounded by the two line drawn from Shikano-kubi of Iino-shima to Takura-zaki and Metori-bana respectively and the coast-line, and the steams of the Kino-kawa down Kitajima Bridge, of the Kamo-gawa down Suzuri Bridge and of the Mera-gawa down Asahi Bridge.
Sakai	The waters of Nakaeno-seto and Miho Bay surrounded by a line drawn from the western end of Sotono-ye to the top of Mt. Konpira, the coast-line joinning with the anove mentioned line and east of such line, and the areaof a circle drawn with the front light of Sakai-ko Leading Light (35° 32' 40" N, 133° 14' 30" E) as its center and radius of 4,000 meters.
Yonago	The waters surrounded by a line drawn from Yahiro-hana at 315 degrees and the coast-line.
Akazaki	The waters within a circle drawn with the electric light on the west breakwater (35° 30' 34" N, 133° 39' 37" E) as its center and radius of 1,000 meters.
Tottori	The waters within a circle drawn with a point at 132 degrees and 270 meters from Karo-ko Breakwater

Declassified E.O. 12065 Section 3/402/NNDG NO. 76009

down Asahi Bridge.

Sakai	The waters of Nakaeno-seto and Miho Bay surrounded by a line drawn from the western end of Sotono-ye to the top of Mt. Konpira, the coast-line joinning with the anove mentioned line and east of such line, and the areaof a circle drawn with the front light of Sakai-ko Leading Light (35° 32' 40" N, 133° 14' 30" E) as its center and radius of 4,000 meters.
Yonago	The waters surrounded by a line drawn from Yahiro-hana at 315 degrees and the coast-line.
Akazaki	The waters within a circle drawn with the electric light on the west breakwater (35° 30' 34" N, 133° 39' 37" E) as its center and radius of 1,000 meters.
Tottori	The waters within a circle drawn with a point at 132 degrees and 270 meters from Karo-ko Breakwater Light pole as its center and radius of 1,500 meters and the streams of rivers.
Ajiro	The waters surrounded by a line drawn from Niwatori-jima at 270 degrees, a line drawn from Shishisan-saki at Zero degree and the coast-line, and the stream of the Gamogawa down the bridge crossing over the lowest reach of the river.
Tajiri	The waters within a circle drawn with Muko-jima as its center and radius of 800 meters.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77500 9

Shimane	Iwami	The waters within a circle drawn with the coast boundary (34° 41' 30" N, 131° 49' 12" E) between Yoshida and Takatsu of Masuda Town as its center and radius of 1,500 meters, and the stream of the Takatsu-gawa down Takakodo Bridge.
	Hamada	The waters surrounded by a line drawn from Kuro-saki to Mizushima-bana of Majima, a line drawn from Senjojiki-hana of the same island to Nyudo-bana and the coast-line, and the stream of the Hamada-gawa down the bridge crossing over the lowest reach of the river.
	Kotsu	The waters within a circle drawn with a point at 270 degrees and 1,500 meters from Watatsu triangular surveying point (138.8 meters) (35° 08 45" N, 132° 14' 43" E) as its center and radius of 2,300 meters, and the stream of the G-kawa down Gokawa Bridge.
	Nima	The waters surrounded by a line drawn from Aramuto-bahana to the western end of Mugishima, a line drawn from the eastern end of same island to Hirodebana and the coast-line.
	Kute	The waters within a circle drawn with the coast boundary between Kuto Town and Torii village as its center and radius of 1,300 meters.
	Taisha	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Kobe River toward the northwestern end of Sasako-jima and the coast-line.
	Edomo	The waters surrounded by a line drawn from Ikesu-bana toward the northern end of Otoko-jima and the coast-line.
	Kaga	The waters surrounded by a line drawn from the

Declassified E.O. 12065 Section 3/402/NNDC NO. 77509

and the stream of the O-kawa down Ookawa Bridge.

Nima	The waters surrounded by a line drawn from Aramushabana to the western end of Mugishima, a line drawn from the eastern end of same island to Hirodebana and the coast-line.
Kute	The waters within a circle drawn with the coast boundary between Kuto Town and Torii village as its center and radius of 1,300 meters.
Taisha	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Kobe River toward the northwestern end of Sasako-jima and the coast-line.
Edomo	The waters surrounded by a line drawn from Ikesubana toward the northern end of Otoko-jima and the coast-line.
Kaga	The waters surrounded by a line drawn from the tip of Kuguridc-bana to the northern end of Jajima, a line drawn from the southwestern end of the same island to the western end (Matsuga-saki) of Uomiyamabana and the coast-line.
Shichirui	The waters surrounded by a line drawn from the western end of Ka-shima at 222 degrees, a line drawn from the eastern end of the same island to the northern end of Aoki-jima, a line drawn from the southern end of Aoki-jima at 222 degrees and the coast-line
Mihonoseki	The waters within a circle drawn with the stone lantern as its center and radius of 500 metersl
Matsue	The waters within a circle drawn with the tip of the right bank at the mouth of the O-hashi-gawa as itsccenter and radius of 2,000 meters, and the waters of Lake Shinji and the stream of the O-hashi-gawa both east of a line drawn from Suetsugu-bana toward Yomegashima.

Declassified E.O. 12065 Section 3/402/NNDC NO. 775009

	Yasugi	The waters surrounded by a line drawn from Aburatsubo-bana to the northern end of Kame-shima, a line drawn from the latter point to the tip of the right bank at the mouth of the Hakutai-gawa and the coast-line.
	Saigo	The waters surrounded by a line drawn from Takase-zaki to Karasugai-saki and the coast-line.
	Urago	The waters surrounded by a line drawn from Shiro-saki-bana to Migu-bana, a line drawn from Shishi-bana to Shimane-bana and the coast-line.
Okayama	Hinase	The waters surrounded by a line drawn from Matsuga-hana to Tsuburo-bana and the coast-line, and the stream of the Nakasu-gawa down Shinbashi bridge.
	Katakami	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Iri-gawa to the eastern end of Mae-jima(Biwa-jima), a line drawn from the northern end of the same island to Iku-saki and the coast-line.
	Tsurumi	The waters surrounded by a line drawn from Hesono-o-bana to Takame-bana and the coast-line.
	Ushimado	The waters surrounded by a line drawn from Umadate-bana to Ara-saki of Mae-jima, a line drawn from Joga-hana of the same island at zero degree and the coast-line.
	Saidaiji	The waters surrounded by a line drawn from the tip of the west jetty of Kuhata to Sotoha-zaki and the coast-line, and the stream of the Yoshii-gawa down Eian Bridge.
	Ogushi	The part in front of Kogushi village of the waters surrounded by a line drawn from the eastern end of Higashi-yama to Sotoha-zaki, a line drawn from the root of the west jetty of Kuhata

Declassified E.O. 12065 Section 3/402/NNDG NO. 776009

from the northern end of the same island to Iku-saki and the coast-line.

Tsurumi — The waters surrounded by a line drawn from Hesono-o-bana to Takame-bana and the coast-line.

Ushimado — The waters surrounded by a line drawn from Umadate-bana to Ara-saki of Mae-jima, a line drawn from Joga-hana of the same island at zero degree and the coast-line.

Saidaiji — The waters surrounded by a line drawn from the tip of the west jetty of Kuhata to Sotoha-zaki and the coast-line, and the stream of the Yoshii-gawa down Bian Bridge.

Ogushi — The part in front of Kogushi village of the waters surrounded by a line drawn from the eastern end of Higashi-yama to Sotoha-zaki, a line drawn from the root of the west jetty of Kuhata toward Oura Reef and the coast-line.

Okayama — The waters surrounded by a line drawn from the northern end of Taka-shima at zero degree, a line drawn from the southern end of the same island at 180 degrees, a line drawn from Matsuo-bana at zero degree and the coast-line, and the streams of the Asahi-gawa down Kyo-bashi, Naka-bashi and Ko-bashi bridges.

Uno — The waters surrounded by a line drawn from, Takabe-zaki to the western end of Shimo-Karasu-shima, drawn from Takabe-zaki to Tako-zaki via Tobisu and the coast-line.

Kure	The waters surrounded by a line drawn from Mamekura-hana to a point at 199 degrees and 1,800 meters off, a line drawn from such point to Maimaijiri-hana (34°12'15"N, 132°32'45"E) and the coast-line, the waters surrounded by a line drawn from Shimo-neko-zaki at 270 degrees and the coast-line, and the waters surrounded by a line drawn from Inumodoriga-hana 265 degrees and the coast-line.
Hiroshima	The waters surrounded bya line connecting Kannon-zaki, the southern end of Toge-shima, the southeastern end of Ninoshima-Jigoku-hana of Ninishima, the southern end of Otakuma-jima, the southern end of Kume-jima, and the tip of the left bank at the mouth of the Yawta River in the order, and the coast-line.
Hatsukaichi	The waters within a circle drawn with the southeastern end of Symiyoshi-shinkai as its center and radius of 700 meters.
Otake	The waters within a circle drawn with a point at 65 degrees and 1,600 meters from Maruke-yama triangular surveying point (301 meters) as its center and radius of 2,300 meters.
Dosho	The waters surrounded by a line drawn from the northern end of Heinai-jima at 329 degrees, a line drawn from the eastern and of Heinai-jima to Hamoda-hana of Ikuna-jima, a line drawn from the tip of Itsu-kushima of Ikuna-jima to Isega-hana of Yuge-jima, a line drawn from the said Isega-hana to Uzaki, Inno-shima, and the coast-line.
	The waters surrounded by a line drawn from Nagakushi-hana to the northern end of Koboso-jima, a line drawn from the western end of the same island

and of Iyamyoshi-shimmai as its center and radius of 700 meters.

Otake — The waters within a circle drawn with a point at 65 degrees and 1,600 meters from Marukb-yama triangular surveying point (301 meters) as its center and radius of 2,300 meters.

Dosho — The waters surrounded by a line drawn from the northern end of Heinai-jima at 329 degrees, a line drawn from the eastern and of Heinai-jima to Hamoda-hana of Ikuna-jima, a line drawn from the tip of Itsukushima of Ikuna-jima to Isega-hana of Yuge-jima, a line drawn from the said Isega-hana to Uzaki, Innoshima, and the coast-line.

The waters surrounded by a line drawn from Nagakushi-bana to the northern end of Koboso-jima, a line drawn from the western end of the same island at 188 degrees and the coast-line.

Setoda — The waters within a circle drawn with Kozoji-yama triangular surveying point (67 meters) as its center and radius of 2,000 meters.

Mebaru-zaki — The waters surrounded by a line drawn from Mebaruzaki-bana to the eastern end of Sagumi-jima, a line drawn from the western end of the same island to Matori-bana (34°17'6"N, 132°55'42"E) of Ikuno-jima, a line drawn from Enoshiseko bana (34° 16'56"N, 132°55'40"E) of the same island to Kogotono-hana (34°16'46"N, 132°55'46"E) and the coast-line.

Kinoe — Teh waters surrounded by a line drawn from Taka-yama-bana to Takarazaki-bana, and the coast-line.

Onishi — The waters surrounded by a line drawn from Nagashima triangular surveying point (75 meters) to Muko-yama triangular surveying point (121 meters), a line drawn from Naga-shima triangular surveying point to Gongen-yama triangular surveying point (207 meters) and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

	Mitarai	The waters surrounded by a line drawn from the western end of Okamura-jima toward the northern end of Heira-to, a line drawn from Kannon-zaki at the southern end of Okamura-jima, and the triangular surveying point (449 meters) on Ippoji-san at Onaga village, and the coast-line.
	Kamagari	The waters surrounded by a line drawn from Taihei-zan triangular surveying point (282 meters) on Shimo-kamagari Island at 95 degrees, a line connecting a point at 80 degrees and 5,200 meters from Shirasaki on the same island, a point at 107 degrees and 2,600 meters from such point and Misaki on Kami-kamagari Island in the order, and the coast-line.
	Itsukushima	The waters surrounded by a line drawn from Onakiri-misaki (14 meters) to the eastern tip (34° 17' 35" N, 132° 18' 57" E) of Suisho-zan and the coast-line.
Yamaguchi	Iwakuni	The waters surrounded by the two lines drawn from Nagaura-bana of Atada-jima to the tip of the right bank at the mouth of the Imatsu River and to Shozoku-bana respectively and the coast-line, and the stream of the Imatsu down the bridge crossing over the lowest reach of the river.
	Kuga	The waters surrounded by a line drawn from the coast boundary (33° 57' 35" N, 132° 14' 50" E) between Kuga town and Kabano village to Osaki-bana and the coast-line.
		The waters surrounded by a line drawn from Age-saki to Tatsu-zaki and the coast-line.
	Komatsu	The waters surrounded by a line drawn from Tsunaga-bana at 17 degrees and the coast-line, and the stream of the Yashiro-gawa down Yashiro-gawa Bridge.
	Yanai	The waters within a circle drawn with a point at 347 degrees and 1,950 meters from Kuro-shima-bana as its center and radius of 2,000 meters, and the stream

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

	Mitarai	The waters surrounded by a line drawn from the western end of Okamura-jima toward the northern end of Heira-to, a line drawn from Kannon-zaki at the southern end of Okamura-jima, and the triangular surveying point (449 meters) on Ippoji-san at Onaga village, and the coast-line.
	Kamagari	The waters surrounded by a line drawn from Taihei-zan triangular surveying point (282 meters) on Shimo-kamagari Island at 95 degrees, a line connecting a point at 80 degrees and 5,200 meters from Shirasaki on the same island, a point at 107 degrees and 2,600 meters from such point and Misaki on Kami-kamagari Island in the order, and the coast-line.
	Itsukushima	The waters surrounded by a line drawn from Onakiri-misaki (14 meters) to the eastern tip (34° 17' 35" N, 132° 18' 57" E) of Suisho-zan and the coast-line.
Yamaguchi	Iwakuni	The waters surrounded by the two lines drawn from Nagaura-bana of Atada-jima to the tip of the right bank at the mouth of the Imatsu River and to Shozoku-bana respectively and the coast-line, and the stream of the Imatsu down the bridge crossing over the lowest reach of the river.
	Kuga	The waters surrounded by a line drawn from the coast boundary (33° 57' 35" N, 132° 14' 50" E) between Kuga town and Kabano village to Osaki-bana and the coast-line.
		The waters surrounded by a line drawn from Age-saki to Tatsu-zaki and the coast-line.
	Komatsu	The waters surrounded by a line drawn from Tsunaga-bana at 17 degrees and the coast-line, and the stream of the Yashiro-gawa down Yashiro-gawa Bridge.
	Yanai	The waters within a circle drawn with a point at 347 degrees and 1,950 meters from Kuro-shima-bana as its center and radius of 2,000 meters, and the stream

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

at the mouth of the Imatsu River and to Shozoku-bana respectively and the coast-line, and the stream of the Imatsu down the bridge crossing over the lowest reach of the river.

Kuga — The waters surrounded by a line drawn from the coast boundary (33° 57' 35" N, 132° 14' 50" E) between Kuga town and Kabano village to Osaki-bana and the coast-line.

The waters surrounded by a line drawn from Age-saki to Tatsu-zaki and the coast-line.

Komatsu — The waters surrounded by a line drawn from Tsunaga-bana at 17 degrees and the coast-line, and the stream of the Yashiro-gawa down Yashiro-gawa Bridge.

Yanai — The waters within a circle drawn with a point at 347 degrees and 1,950 meters from Kuro-shima-bana as its center and radius of 2,000 meters, and the stream of the Katano River down the railway bridge crossing over the lowest reach of the river.

Murotsu — The waters surrounded by a line drawn from Karakama (19 meters) to Nakoya-zaki of Naga-shima, a line drawn from Akaiwa-hana of Naga-shima to Oishibana of Yoko-jima a line drawn from the said Oishi-bana at 45 degrees and the coast-line, excepting the part belonging to Kaminoseki Port.

Declassified E.O. 12065 Section 3/402/NNDG NO. 77500 9

Kaminoseki	The part, in front of the land belonging to Kaminoseki village, of the waters surrounded by a line drawn from Karakama (19 meters) to Nakoya-zaki of Naga-shima, a line drawn from Akaishi-bana of the same island to Oishi-bana of Yoko-jima, a line drawn from the said Oishi-bana at 45 degrees and the coast-line.
Hirao	The waters surrounded by a line drawn from Kajitori-misaki (Kajitori-zaki) to Uma-jima triangular surveying point (110 meters), a line drawn from the same surveying point at 64 degrees and the coast-line, and the stream of the Tafuse-gawa down Hakkai Bridge.
Murozumi	The waters surrounded by a line drawn from Tsuzumigaura-bana to Aka-iwa and the coast-line.
Tokuyama-Kudamatsu	The waters surrounded by a line drawn from the top of Oaausu-yama to Kamaishi-misaki of Kasado-jima, a line drawn from Kame Rock of the same island to Kame-saki of Uma-jima, a line drawn from Maruyama-zaki of Otsu-jima to Shiju-bana, and the coast-line.
Mitajiri-Nakanoseki	The waters surrounded by a line drawn from Ryugu-Misaki to Okina-zaki, of Muko-jima, a line drawn from Ushigakubi of Muko-jima to Nakanoseki-ko Light Pole (33° 59' 45" N, 131° 25' 36" E) and the coast-line
Akiho	The waters surrounded by a line drawn from Sengoku-iwa (33° 59' 10" N, 131° 25' 36" E) to Iwayano-hana and the coast line.
Ube	The waters surrounded by a line drawn from Ube-misaki at 260 degrees, a line drawn from Motoyama-bana at 110 degrees and the coast-line, the stream of the Shintai-gawa (Shin-kawa) down the railway bridge crossing over the lowest reach of the river, and the stream of Koto-gawa down O-hashi Bridge.
Onoda	The waters within a circle drawn with Onoda-ko Breakwater Lightthouse (33° 58' 10" N, [illegible]

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Kaminoseki	The part, in front of the land belonging to Kaminoseki village, of the waters surrounded by a line drawn from Karakama (19 meters) to Nakoya-zaki of Naga-shima, a line drawn from Akaishi-bana of the same island to Oishi-bana of Yoko-jima, a line drawn from the said Oishi-bana at 45 degrees and the coast-line.
Hirao	The waters surrounded by a line drawn from Kajitori-misaki (Kajitori-zaki) to Uma-jima triangular surveying point (110 meters), a line drawn from the same surveying point at 64 degrees and the coast-line, and the stream of the Tafuse-gawa down Hakkai Bridge.
Murozumi	The waters surrounded by a line drawn from Tsuzumigaura-bana to Aka-iwa and the coast-line.
Tokuyama-Kudamatsu	The waters surrounded by a line drawn from the top of Oaausu-yama to Kamaishi-misaki of Kasado-jima, a line drawn from Kame Rock of the same island to Kame-saki of Uma-jima, a line drawn from Maruyama-zaki of Otsu-jima to Shiju-bana, and the coast-line.
Mitajiri-Nakanoseki	The waters surrounded by a line drawn from Ryugu-Misaki to Okina-zaki, of Muko-jima, a line drawn from Ushigakubi of Muko-jima to Nakanoseki-ko Light Pole (33° 59' 45" N, 131° 25' 36" E) and the coast-line
Akiho	The waters surrounded by a line drawn from Sengoku-iwa (33° 59' 10" N, 131° 25' 36" E) to Iwayano-hana and the coast line.
Ube	The waters surrounded by a line drawn from Ube-misaki at 260 degrees, a line drawn from Motoyama-bana at 110 degrees and the coast-line, the stream of the Shintai-gawa (Shin-kawa) down the railway bridge crossing over the lowest reach of the river, and the stream of Koto-gawa down O-hashi Bridge.
Onoda	The waters within a circle drawn with Onoda-ko Breakwater Lightbouse (33° 58' 10" N, 131° 10' [illegible]

Declassified E.O. 12065 Section 3/402/NNDG NO. 75009

zaki of Otsu-jima to Shiju-bana, and the coast-line.

Mitajiri-Nakanoseki — The waters surrounded by a line drawn from Ryugu-Misaki to Okina-zaki, of Muko-jima, a line drawn from Ushigakubi of Muko-jima to Nakanoseki-ko Light Pole (33° 59' 45" N, 131° 25' 36" E) and the coast-line

Akiho — The waters surrounded by a line drawn from Sengoku-iwa (33° 59' 10" N, 131° 25' 36" E) to Iwayano-hana and the coast line.

Ube — The waters surrounded by a line drawn from Ube-misaki at 260 degrees, a line drawn from Motoyama-bana at 110 degrees and the coast-line, the stream of the Shintai-gawa (Shin-kawa) down the railway bridge crossing over the lowest reach of the river, and the stream of Koto-gawa down O-hashi Bridge.

Onoda — The waters within a circle drawn with Onoda-ko Breakwater Lighthouse (33° 58' 12" N, 131° 10' 2" E) as its center and radius of 1,700 meters, and the stream of the Ariho-gawa down the bridge crossing over the lowest reach of the river.

Asa — The waters surrounded by a line drawn from M ya-zaki to Nawaikega-hana and the coast-line, and the stream of the Asa-gawa down Shimotsu Bridge.

Declassified E.O. 12065 Section 3/402/NNDG NO. 776009

Declassified E.O. 12065 Section 3/402/NNDC NO. 77509

	Ogushi	The waters surrounded by a line drawn from the northern end of Ryugu-jima at 73 degrees, a line drawn from the southern end of the same island to Matsutani-hana and the coast-line.
	Kottoi	The waters surrounded by a line drawn from Kottoi Lighthouse (34° 18' 58" N, 130° 53' 38" E) at 180 degrees and the coast-line.
	Awano	The waters within a circle drawn with a point at 90 degrees and 800 meters from the triangular surveying point (56 meters, west of Awanoguchi-zaki as its center and radius of 800 meters, and the stream of the Awano-gawa down the railway bridge.
	Senzaki	The waters surrounded by a line drawn from Yakawa-bana (Yakai-bana) to Senganse-bana of Aomi-shima, a line drawn from Oji-bana at 180 degrees and the coast line, and the stream of the Misumi-gawa down the bridge crossing over the lowest reach of the river.
	Hagi	The waters surrounded by a line drawn from Ose-bana to the top of Kasa-yama and the coast line, and the stream of the Matsumoto-gawa down the bridge crossing over the lowest reach of the river.
	Susa	The waters surrounded by a line drawn from Noriishi toward Tenjin-jima triangular surveying point (46.1 meters) and the coast-line.
	Ezaki	The waters surrounded by a line drawn from Ushoga-saki to Muno-bana (34° 39' 41" N, 131° 38' 12" E) and the coast-line.
Yamaguchi and Fukuoka	Kanmon	The waters surrounded by a line drawn from the top of Mt. Tobigasu-yama at 320 degrees, a line drawn from Daiba-bana of Takenoko-jima to the top of Wagora Island, a line drawn from the same top of the island at 230 degrees, a line drawn from the top

		a line drawn from Oji-bana at 180 degrees and the coast line, and the stream of the Misumi-gawa down the bridge crossing over the lowest reach of the river.
	Hagi	The waters surrounded by a line drawn from Ose-bana to the top of Kasa-yama and the coast line, and the stream of the Matsumoto-gawa down the bridge crossing over the lowest reach of the river.
	Susa	The waters surrounded by a line drawn from Noriishi toward Tenjin-jima triangular surveying point (46.1 meters) and the coast-line.
	Ezaki	The waters surrounded by a line drawn from Ushoga-saki to Muno-bana (34° 39' 41" N, 131° 38' 12" E) and the coast-line.
Yamaguchi and Fukuoka	Kanmon	The waters surrounded by a line drawn from the top of Mt. Tobigasu-yama at 320 degrees, a line drawn from Daiba-bana of Takenoko-jima to the top of Wagora Island, a line drawn from the same top of the island at 230 degrees, a line drawn from the top of Nedake-yama to Tarogase-bana, and the coast-line.
Tokushima	Muya	The waters within a circle drawn with Myoken-zan triangular surveying point (64.2 meters) as its center and radius of 2,300 meters and the stream of the Muya-gawa down the bridge crossing over the lowest reach of the river.
Tokushima		The waters within a circle drawn with a point at 301 degrees and 1,050 meters from Tokushima-ko Boha-dosui Breakwater Lighthouse (34° 2' 5" N, 134° 35' 59" E) as its center and radius of 1,500 meters, and the streams of the Shinmachi-gawa, Sonose-gawa and their tributaries down the bridges respectively crossing over the lowest reaches of these rivers.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Declassified E.O. 12065 Section 3/402/NNDC NO. 77509

Komatsujima — The waters surrounded by a line drawn from Wadano-hana Light Pole (34° 0' 21" N, 134° 38' 15" E) to Osaki and the coast-line, and the streams of the Kamiyose-gawa down the railway bridge crossing over its lowest reach and of the Tachie-gawa down the bridge crossing over its lowest reach.

Tomioka — The waters within a circle drawn with a point at 30 degrees and 1,600 meters from Hari triangular surveying point (66.1 meters) as its center and radius of 1,300 meters, and the streams of the Oka-gawa down Tomioka Bridge and of the Naka-gawa and old Naka-gawa down the bridges respectively crossing over the lowest reaches of these rivers.

Tachibana — The waters within a circle drawn with Ryuo-zaki as its center and radius of 2,30 meters and the streams of rivers.

Yuki — The waters surrounded by a line drawn from Ashizuri-misaki to the southern end of Higashi-yuki-ura via the northern end of Herano-jima and the coast-line.

Hiwasa — The waters within a circle drawn with the tip of the right bank at the mouth of the Hiwasa-gawa as its center and radius of 1,000 meters.

Mugi — The waters surrounded by a line drawn from Kobari-zaki to Hotoke-zaki (33° 29' 12" N, 134° 25' 12" E) and coast-line, and the stream of the Mugi-kawa down the bridge crossing over the lowest reach of the river.

Asakawa — The waters surrounded by a line drawn from Ajiro-zaki at zero degree and the coast-line.

Shishikui — The waters within a circle drawn with a point at 74 degrees and 1,550 meters from the triangular surbeying point (196 meters) south of Shishikui Town as its center and radius of 1,000 meters, and

streams of rivers.

	Yuki	The waters surrounded by a line drawn from Ashizuri-misaki to the southern end of Higashi-yuki-ura via the northern end of Herano-jima and the coast-line.
	Hiwasa	The waters within a circle drawn with the tip of the right bank at the mouth of the Hiwasa-gawa as its center and radius of 1,000 meters.
	Mugi	The waters surrounded by a line drawn from Kobari-zaki to Hotoke-zaki (33° 29' 12" N, 134° 25' 12" E) and coast-line, and the stream of the Mugi-kawa down the bridge crossing over the lowest reach of the river.
	Asakawa	The waters surrounded by a line drawn from Ajiro-zaki at zero degree and the coast-line.
	Shishikui	The waters within a circle drawn with a point at 74 degrees and 1,550 meters from the triangular surbeying point (196 meters) south of Shishikui Town as its center and radius of 1,000 meters, and the streams of the Shishikui-gawa down Shishikui Bridge and Shinminato Bridge.
Kagawa	Toyohama	The waters within a circle drawn with a point at 355 degrees and 700 meters from the level point (4.57 meters) (43° r' 6" N, 133° 38' 28" E) as its center and radius of 1,000 meters.
	Kannonji	The waters within a circle drawn with a point at 72 degrees and 440 meters from Kannonji-ko South Breakwater Lighthouse (34° 7' 28" N, 133° 38' 6" E) as its center and radius of 1,500 meters and the streams of the Zaida-zawa and Ichinotani-gawa down the bridges respectively crossing over the lowest reaches of these rivers.
	Mio	The waters surrounded by a line drawn from the northeastern end of Otsuta-jima at 54 degrees, a line drawn from the southern end of the same island to the northwestern end of Kotsuta-jima, a line drawn from the southern end of the same island at 135 degrees and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDC NO. 775009

Takumi	The waters surrounded by a line drawn from Kada-bana at zero degree, lines drawn from Iwashima (34.4 meters) at 270 degrees and 180 degrees respectively and the coast-line, and the stream of the Takase-gawa down Susaki Bridge.
Tadotsu	The waters within a circle drawn with a point at 30 degrees and 260 meters from Tadotsu-ko Naiko Lighthouse (34° 16' 7" N, 133° 44' 44" E) as its center and radius of 1,300 meters.
Marugame	The waters surrounded by a line connecting the tip of the left bank at the mouth of the Doki-gawa, Kami-Ma-jima triangular surveying point (37 meters), Shimo-Ma-jima triangular surveying point (32 meters) and the tip of the right bank at the mouth of the Kanakura-gawa and the coast-line, and the stream of the Shioiri-gawa down Gokusho Bridge.
Sakaide	The waters surrounded by a line drawn from Tako-zaki to Mamako-bana of Shami-jima, a line drawn from the same Mamako-bana to the tip of the left bank at the mouth of the Sosha-gawa and the coast-line.
Kosai	The waters within a circle drawn with a point at zero degree and 150 meter from the top of Shibayama (45 meters) as its center and radius of 1,000 meters.
Takamatsu	The waters within a circle drawn with a point at 95 degrees and 500 meters from Takamatsu-ko West Breakwater Lighthouse (34° 21' 7" N, 134° 3' 9" E) as its center and radius of 2,800 meters, and the streams of the Shin-kawa and Kasuga-gawa within the same circle and the stream of the Morota-gawa down the railway bridge.
Shido	The waters surrounded by a line drawn from Toro-bana at 274 degrees and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

the stream of the Shioiri-gawa down Gokusho Bridge.

Sakaide	The waters surrounded by a line drawn from Tako-zaki to Mamako-bana of Shami-jima, a line drawn from the same Mamako-bana to the tip of the left bank at the mouth of the Sosha-gawa and the coast-line.
Kosai	The waters within a circle drawn with a point at zero degree and 150 meter from the top of Shibayama (45 meters) as its center and radius of 1,000 meters.
Takamatsu	The waters within a circle drawn with a point at 95 degrees and 500 meters from Takamatsu-ko West Breakwater Lighthouse (34° 21' 7" N, 134° 3' 9" E) as its center and radius of 2,800 meters, and the streams of the Shin-kawa and Kasuga-gawa within the same circle and the stream of the Morota-gawa down the railway bridge.
Shido	The waters surrounded by a line drawn from Toro-bana at 274 degrees and the coast-line.
Tsuda	The waters surrounded by a line drawn from Nagao-bana (Ube-bana) at 319 degrees and the coast-line, and the stream of the Tsuda-gawa down Tsudagawa Bridge.
Sanbonmatsu	The waters within a circle drawn with a point at 270 degrees and 1,200 meters from Teramachi triangular surveying point (3.8 meters) at the mouth of the Minato-gawa as its center and radius of 1,500 meters.
Hiketa	The waters surrounded by a line drawn from Hiketa-bana to the tip of the left bank at the mouth of the Majuku-gawa and the coast line, and the stream of the Konmi-gawa down Miyuki Bridge.
Sakato	The waters within a circle drawn with a point at 247 degrees and 1,850 meters from Goishi-yama triangular surveying point (435 meters) as its center and radius of 1,500 meters.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77500 9

	Kusakabe	The waters surrounded by a line drawn from zaki at 315 degrees and the coast-line.
	Ikeda	The waters surrounded by a line drawn from Tobihi-zaki (Tobi-misaki) to Okino-hana, and the coast-line.
	Tonosho	The waters surrounded by a line drawn from Miyano-hana at 180 degrees, Eitai Bridge and the coast-line.
	Naoshima	The waters surrounded by a line connecting the northeastern end of Tsuno-zaki of Naoshima, Araga-hama of Muko-jima, the eastern end of Ie-jima, the western end of the same island and Omoishino-bana of Naoshima in the order and the coast-line.
Ehime	Fukaura	The waters surrounded by a line drawn from Niba-hana at zero degree and the coast-line.
	Uwajima	The waters surrounded by a line drawn from Ebisu-bana at zero degree and the coast-line.
	Yoshida	The waters surrounded by a line drawn from kimiga-ura level point (3.59 meters) at 270 degrees and the coast-line.
	Mikame	The waters furrounded by a line drawn from Mitarai-bana to Ryuo-zaki and the coast-line.
	Yahatahama	The waters surrounded by a line drawn from Joga-ura-bana at 340 degrees and the coast-line.
	Kawanoishi	The waters surrounded by a line drawn from Matsuga-hana to Maruiwa-hana and the coast-line.
	Misaki	The waters surrounded by a line drawn from Omi-misaki to Otorii via Otoriiiwa and the coast-line.
	Mitsukue	The waters surrounded by a line drawn from Fusuma-bana to Hashito-hana and the coast-line.
	Nagahama	The waters within a circle drawn with a point at

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

Yoshida	The waters surrounded by a line drawn from Kimiga-ura level point (3.59 meters) at 270 degrees and the coast-line.
Mikame	The waters furrounded by a line drawn from Mitarai-bana to Ryuo-zaki and the coast-line.
Yahatahama	The waters surrounded by a line drawn from Joga-ura-bana at 340 degrees and the coast-line.
Kawanoishi	The waters surrounded by a line drawn from Matsuga-hana to Maruiwa-hana and the coast-line.
Misaki	The waters surrounded by a line drawn from Omi-misaki to Otorii via Otoriiiwa and the coast-line.
Mitsukue	The waters surrounded by a line drawn from Fusuma-bana to Hashito-hana and the coast-line.
Nagahama	The waters within a circle drawn with a point at 249 degrees and 400 meters from Nagahama-ko Break-water Lighthouse (33° 36' 54" N, 132° 29' 18" E) as its center and radius of 900 meters.
Gunchu	The waters within a circle drawn with a point at zero degree and 350 meters from Sakae-machi level point (2,88 meters) (33° 35' N, 133° 42' E) as its center and radius of 1,000 meters.
Matsuyama	The waters surrounded by a line drawn from Kuro-saki of Gogo-jima island at 167 degrees, a line drawn from Kanzaki of the same island and the coast-line.
Hojo	The waters within a circle drawn with Hojo-ko Light Pole (33° 58' 21" N, 132° 46' 24" E) as its center and radius of 1,000 meters.

Declassified E.O. 12065 Section 3/402/NNDG NO. 715009

Kikuma	The waters within a circle drawn with Kikuma-ko Breakwater Lighthouse (34° 2' N, 132° 50' 22" E) as its center and radius of 700 meters, and the stream of the Kikuma-gawa down the railway bridge crossing over the lowest reach of the river.
Imabari	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Sosha-gawa at zero degree, a line drawn from Okama Lighthouse (34° 5' 12" N, 132° 59' 38" E) at 120 degrees and the coast-line.
Nibugawa	Of the waters surrounded by the area of a circle drawn with the triangular surveying point (4.7 meters) (33° 57' 8" N, 133° 5' 12" E) at the mouth of the Myojin-gawa as its center and radius of 4,000 meters, the part south of a line drawn from the same surveying point at 67 degrees and the coast-line.
Saijo	The waters within a circle drawn with the triangular surveying point (4.4 meters) (33° 55' 30" N, 133° 10' 42" E) as its center and radius of 2,000 meters.
Niihama	The waters within a circle drawn with a point at 135 degrees and 1,000 meters from Miyoshima triangular surveying point (75 meters) as its center and radius of 2,000 meters.
Mishima	The waters within a circle drawn with a point at 203 degrees and 350 meters from Mishima-ko Breakwater Lighthouse (33° 59' N, 133° 32' 42" E) as its center and radius of 1,000 meters.
Kawanoe	The waters within a circle drawn with a point at 31 degrees and 600 meters from Shiroyama triangular surveying point (62.2 meters) as its center and radius of 1,000 meters.
Okamura	The waters surrounded by a line drawn from Kannonzaki of Okamura Island to Ryujin-misaki of the same Island and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG NO. 77509

		42" E) as its center and
	Niihama	The waters within a circle drawn with a point at 135 degrees and 1,000 meters from Miyoshima triangular surveying point (75 meters) as its center and radius of 2,000 meters.
	Mishima	The waters within a circle drawn with a point at 203 degrees and 350 meters from Mishima-ko Breakwater Lighthouse (33° 59' N, 133° 32' 42" E) as its center and radius of 1,000 meters.
	Kawanoe	The waters within a circle drawn with a point at 31 degrees and 600 meters from Shiroyama triangular surveying point (62.2 meters) as its center and radius of 1,000 meters.
	Okamura	The waters surrounded by a line drawn from Kannonzaki of Okamura Island to Ryujin-misaki of the same Island and the coast-line.
	Miyaura	The waters surrounded by a line drawn from Tomariga-hana of Ogushi-yama of Daisan-jima to Domyoga-hana of the same island and the coast-line.
	Hakata	The waters surrounded by a line drawn from Kanega-saki of Hakata Island to Mutsuga-hana (Yarito-saki) of the same island and the coast-line.
Kochi	Kannoura	The waters within a circle drawn with the eastern end of Tojinga-hana as its center and radius of 1,000 meters. Murotozaki.
	Murotozaki	The waters within a circle drawn with the southern end of Teono-iwa as its center and radius of 1,000 meters.
	Murotsu	The waters within a circle drawn with the southwestern end of Uma-iwa as its center and radius of 1,000 meters, and the stream of the Murotsu-gawa down the bridge crossing over the lowest reach of the river.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Nahari	The waters within a circle drawn with the tip of the left bank at the mouth of the Nahari-gawa as its center and radius of 1,500 meters, and the stream of the Nahari-gawa down the bridge crossing over the lowest reach of the river.
Kochi	The waters surrounded by a line drawn from Ryuzu-saki Lighthouse (33° 29' 34" N, 133° 34' 33" E) to a point at 180 degrees and 500 meters off, a line drawn from such point to another point at 90 degrees and 1,800 meters off, a line drawn from such point at zero degree, and the coast-line, and the streams of the Kagami, Kokubu, Hori, Shimoda and Nagahama rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Usa	The waters surrounded by a line drawn from Shirono-hana at zero degree and the coast-line.
Suzaki	The waters surrounded by a line drawn from Tsunotani-no-misaki to Kogino-hana (Kamikino-hana) and the coast-line, and the stream of the Sakura-gawa down the bridge crossing over the lowest reach of the river.
Kuro	The waters surrounded by a line drawn from Ono-saki at 215 degrees and the coast-line.
Kaminokae	The waters surrounded by a line drawn from Kao-saki to Oshioka-saki and the coast-line.
Saga	The waters within a circle drawn with the eastern end of Shika-jima as its center and radius of 1,000 meters, and the stream of the Iyoki-gawa down Saga Bridge.
Kamikawa-guchi	The waters within a circle drawn with Kamikawaguchi triangular surveying point (47.5 meters) as its center and radius of 1,100 meters, and the stream of the Mina-gawa down the bridge crossing over the lowest reach of the river.
Shimoda	The waters within a circle drawn with Michizaki triangular surveying point (55 meters) as its center and

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

		coast-line, and the stream of the Sakura-gawa down the bridge crossing over the lowest reach of the river.
	Kuro	The waters surrounded by a line drawn from Ono-saki at 215 degrees and the coast-line.
	Kaminokae	The waters surrounded by a line drawn from Kao-saki to Oshioka-saki and the coast-line.
	Saga	The waters within a circle drawn with the eastern end of Shika-jima as its center and radius of 1,000 meters, and the stream of the Iyoki-gawa down Saga Bridge.
	Kamikawa-guchi	The waters within a circle drawn with Kamikawaguchi triangular surveying point (47.5 meters) as its center and radius of 1,100 meters, and the stream of the Mina-gawa down the bridge crossing over the lowest reach of the river.
	Shimoda	The waters within a circle drawn with Michizaki triangular surveying point (55 meters) as its center and radius of 3,000 meters, and the streams of the Ato and Shimanto rivers east of a line drawn at zero degree from the Yamaji ferry of the Shimanto River.
	Shimizu	The waters surrounded by a line drawn from Oura-hana toward Tomi-saki and the coast-line.
	Katashima	The waters surrounded by the two lines drawn at zero degree from the eastern end and the western end of Oura-hana respectively and the coast-line.
Fukuoka	Kaburi	The waters surrounded by a line drawn from Saginokubi to Hai-zaki and the coast-line.
	Hakata	The waters surrounded by a line drawn from Michikiri (Mitsukiri) to Tengu-bana

Declassified E.O. 12065 Section 3/402/NNDG NO. 77500 9

of Nokori-jima, a line drawn from Tengu-bana to Goishi-bana and the coast-line, and the streams of the Ishido and Naka rivers down the bridges respectively crossing over the lowest reaches of these rivers.

Oshima — The waters surrounded by a line drawn from Kayo-bana of Oshima at 180 degrees, a line drawn from Sono-bana of the same island at 90 degrees and the coast-line.

Ashiya — The waters within a circle drawn with Nomi-yama triangular surveying point (43 meters) as its center and radius of 1,700 meters and the streams of rivers.

Karita — The waters within a circle drawn with Kami-jima triangular surveying point (56.9 meters) as its center and radius of 3,000 meters.

Ujima — The waters within a circle drawn with Ujima Breakwater Light Pole (33° 37' 33" N, 131° 7[illegible] 39" E) as its center and radius of 2,500 meters, and the stream of the Keisai-gawa down the bridge crossing over the lowest reach of the river.

Miike — The waters within a circle drawn with Miike-ko Lighthouse (33° 0' 4" N, 130° 23' 40" E) as its center and radius of 2700 meters (including Funa Kiyo).

Omuta — The waters surrounded by the area of a circle drawn with a point at 8 degrees and 1,900 meters from the top of Yotsu-yama as its center and radius of 4,500 meters, north of the boundary line of Miike Port and the coast-line, and the stream of the Suwa-gawa down the railway bridge crossing over the lowest reach of the river.

Wakatsu — The waters within a circle drawn with Kawatake-ura triangular surveying point (7.1 meters) (33° 8' 30" N, 130° 22' 27" E) as its center and radius of 2,700 meters, and the part, in front of the land belonging to Fukuoka Prefecture, of the stream of the Chikugo River south of a line drawn at 135 degrees from the northeastern end of Onaka-jima of the Chikugo River.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77509

	lowest reach of the river.
Miike	The waters within a circle drawn with Miike-ko Lighthouse (33° 0' 4" N, 130° 23' 40" E) as its center and radius of 2700 meters (including Funa Kiyo).
Omuta	The waters surrounded by the area of a circle drawn with a point at 8 degrees and 1,900 meters from the top of Yotsu-yama as its center and radius of 4,500 meters, north of the boundary line of Miike Port and the coast-line, and the stream of the Suwa-gawa down the railway bridge crossing over the lowest reach of the river.
Wakatsu	The waters within a circle drawn with Kawatake-ura triangular surveying point (7.1 meters) (33° 8' 30" N, 130° 22' 27" E) as its center and radius of 2,700 meters, and the part, in front of the land belonging to Fukuoka Prefecture, of the stream of the Chikugo River south of a line drawn at 135 degrees from the northeastern end of Onaka-jima of the Chikugo River.
Imari	The waters surrounded by a line drawn from the coast boundary (33° 20' 14" N, 129° 47' 36" E) between Saka and Nagasaki prefectures to Shiroiwa-bana of Fukushima island, a line drawn from Susuya-zaki at 315 degrees and the coast-line, and the stream of the Imari-gawa down the bridge crossing over the lowest reach of the river.
Yobuko	The waters surrounded by a line drawn from Tomo-zaki to iya-zaki of Kabo-shima, a line drawn from Tat ishi-zaki of Kabo-shima to Hato-zaki and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Karatsu		The waters surrounded by a line drawn from the northern end of Taka-shima at 293 degrees, a line drawn from the southeastern end of the same island at 180 degrees and the coast-line, and the stream of the Matsuura-gawa down Matsuura Bridge.
Suminoe		The waters surrounded by a line drawn from the tip (33° 10' N, 130° 16' 49" E) of the right bank at the mouth of the Funatsu River at 270 degrees and the coast-line, and the stream of the Suminoe River down the point where the Ushitsu-gawa flows in.
Morotomi		The part, in front of the land belonging to Saga Prefecture, of the streams of rivers surrounded by a line drawn from Karame triangular surveying point (4.8 meters) at 180 degrees, a line drawn from the southwestern end of Onaka-jima at 135 degrees, a line drawn from the tip of the left bank at the mouth of the Taido-gawa at 135 degrees and a line drawn from such point at 315 degrees.
Nagasaki	Shimabara	The waters surrounded by a line drawn at 270 degrees from Kajikake-se (32° 45' 26" N, 130° 23' 2" E), a line drawn from such point to the eastern end of Ryugu-jima via Kami-oboshi-se, Komochi-jima and Taka-shima, a line drawn from the northern end of Ryugu-jima at 337 degrees and the coast-line.
	Kuchinotsu	The waters surrounded by a line drawn from Miyazaki-Hana at 180 degrees, a line drawn from Usuma-zaki at 90 degrees and the coast-line.
	Obama	The waters surrounded by a line drawn from Taka-ishi to Odabana-ishi and the coast-line.
	Mogi	The waters within a circle drawn with Shiomi-zaki as its center and radius of 2,000 meters.
	Wakimisaki	The waters surrounded by a line drawn from Inoue-

Declassified E.O. 12065 Section 3/402/NNDG NO. 76009

		and a line drawn from such point at 315 degrees.
Nagasaki	Shimabara	The waters surrounded by a line drawn at 270 degrees from Kajikake-se (32° 45' 26" N, 130° 23' 2" E), a line drawn from such point to the eastern end of Ryugu-jima via Kami-obashi-se, Komochi-jima and Taka-shima, a line drawn from the northern end of Ryugu-jima at 337 degrees and the coast-line.
	Kuchinotsu	The waters surrounded by a line drawn from Hiyazaki-Hana at 180 degrees, a line drawn from Usuma-zaki at 90 degrees and the coast-line.
	Obama	The waters surrounded by a line drawn from Taka-ishi to Odabana-ishi and the coast-line.
	Mogi	The waters within a circle drawn with Shiomi-zaki as its center and radius of 2,000 meters.
	Wakimisaki	The waters surrounded by a line drawn from Inouehana (32° 34' 56" N, 129° 49' 44" E) to Gion-zaki via Hayase and the southern end of Naka-jima and the coast-line.
	Nagasaki	The waters surrounded by a line drawn from Kannon-zaki to Naginata-zaki of Kagenoo-jima via the western end of Kamino-shima, a line drawn from the triangular surveying point (46.2 meters) of Kagenoo-jima at 180 degrees to Koyaki-jima, a line drawn from Ishidorono-hana of Koyaki-jima to Dono-saki and the coast-line, and the streams of the Uragami and Nakajima rivers down the bridges respectively crossing over the lowest reaches of these rivers.
	Shikimi	The waters surrounded by a line drawn from Ha-zaki to the beacon of Kagura-jima, a line drawn from the same beacon at 45 degrees and the coast-line.
	Seto	The waters surrounded by a line drawn from the western end of Kama-zaki at 75 degrees, a line drawn from such point to the western end of Fuku-shima, a line drawn from the southern end of such island at 116 degrees and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Omura — The waters surrounded by a line connecting Kushima-zaki, the southern end of Usu-jima, the top of Karo-jima (39 meters), and the top of Soke-jima (25 meters) in the order, a line drawn from the top of Soko-jima at 25 degrees and the coast-line.

Sakito — The waters surrounded by a line drawn from Tsuru-zaki to the northwestern end of Sakito-jima a line drawn from the southern end of the same island to Imojima triangular surveying point (11 meters), a line drawn from such triangular surveying point to Orisenb-hana and the coast-line.

Sasebo — The waters surrounded by a line drawn from Kogo-zaki to Yorifune-zaki (Mizushiri-zaki), a line drawn from Inokubi-hana to chiki-zaki, a line drawn from Furu-saki to the top (28 meters) of Mitsudake-yama on Hario-jima and the coast-line.

Ainoura — The waters surrounded by a line drawn from Osaki at 340 degrees and the coast-line.

Usuura — The waters surrounded by a line drawn from Uomi-zaki to Kogo-se, a line drawn from Kogo-se toward Kuroshima and the coast line.

Emukae — The waters surrounded by a line drawn from Zenitachi-bana toward the western end of Takagushi-jima and the coast-line, and the stream of the Emu-kae-gawa down Emukae Bridge.

Tahira — The waters surrounded by a line drawn from Hato-zaki to Nanryu-zaki of Hirado Island, a line drawn from such point at 90 degrees and the coast-line.

Imafuku — The waters surrounded by a line drawn from No-zaki to Kobi-hana and the coast-line.

Fukue — The waters surrounded by a line drawn from Tenjin-zaki of Fukue-jima to a point at 30 degrees and 1,000

to the top (28 meters) of Mitsudake-yama on Hario-jima and the coast-line.

Ainoura — The waters surrounded by a line drawn from Osaki at 340 degrees and the coast-line.

Usuura — The waters surrounded by a line drawn from Uomi-zaki to Koge-se, a line drawn from Koge-se toward Kuroshima and the coast line.

Emukae — The waters surrounded by a line drawn from Zenitachi-bana toward the western end of Takagushi-jima and the coast-line, and the stream of the Emukae-gawa down Emukae Bridge.

Tahira — The waters surrounded by a line drawn from Hato-zaki to Nanryu-zaki of Hirado Island, a line drawn from such point at 90 degrees and the coast-line.

Imafuku — The waters surrounded by a line drawn from No-zaki to Kobi-hana and the coast-line.

Fukue — The waters surrounded by a line drawn from Tenjin-zaki of Fukue-jima to a point at 30 degrees and 1,000 meters off, a line drawn from such point to Ishikiri-bana and the coast-line.

Tomie — The waters surrounded by a line drawn from the northern end of Wa-jima at 315 degrees, a line drawn from the eastern end of the same island at 180 degrees and the coast line.

Tamanoura — The waters surrounded by a line drawn from the northern end of Fukue-jima Koura to the western end of Shi ayama-jima, a line drawn from Kurose-zaki of the same island at 90 degrees and the coast-line.

Kishuku — The waters surrounded by a line drawn from Harinomenzu-hana on Naryu is land to Amaga-saki via the northern end of Okinohira-se, a line drawn from Dansuke-bana to Hiki-se and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG No. 775009

Narushima	The waters surrounded by a line drawn from Kakarisaki-hana of Naru-shima to the western end of Suetsu-jima, a line from the southern end of the same island to Narukami-hana of Naru-shima and the coast-line.
Marao	The waters surrounded by a line drawn from Fukami-saki of Nakadori-shima at 220 degrees and the coast-line.
Arikawa	The waters surrounded by a line drawn from Nokubi-zaki of Nakadori-shima at 249 degrees and the coast-line.
Fuefuki	The waters surrounded by a line drawn from Ippon-matsu-hana to Ebisu-hana, a line drawn from Anano-kuchi to Uchinokaminari-hana and the coast-line.
Hirado	The waters surrounded by a line drawn from Yamanba-saki of Hirado-jima to Bozusene-hana via the eastern end of Kuroko-jima and the coast-line.
Ikitsuki	The waters surrounded by a line drawn from Torise-zaki of Ikitsuki-jima to a point at 90 degrees and 1,500 meters off, a line drawn from such point at 180 degrees, a line drawn from Yobi-saki to Shioni-zaki and the coast-line.
Tsuyoshi	The waters surrounded by a line drawn from Boyama-saki of Hirado-jima to Machijika-zaki and the coast-line.
Oshima	The waters surrounded by a line drawn from Magari-bana of Matoyama-Oshima to a point at 180 degrees and 600 meters off, a line drawn from such point at 90 degrees a line drawn from Tsurunosagari-bana at 180 degrees and the coast line.
Ashibe	The waters surrounded by a line drawn from Wakamiya-zaki, Iki Island to Ryujin-misaki (Ryujin-hana) and the coast-line.
Gonoura	The waters surrounded by a line from Iki Hosa-zaki to Eboshi-zaki and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG NO. 71509

Ikitsuki	The waters surrounded by a line drawn from Torise-zaki of Ikitsuki-jima to a point at 90 degrees and 1,500 meters off, a line drawn from such point at 180 degrees, a line drawn from Yobi-saki to Shioni-zaki and the coast-line.
Tsuyoshi	The waters surrounded by a line drawn from Boyama-saki of Hirado-jima to Machijika-zaki and the coast-line.
Oshima	The waters surrounded by a line drawn from Magari-bana of Matoyama-Oshima to a point at 180 degrees and 600 meters off, a line drawn from such point at 90 degrees a line drawn from Tsurunosagari-bana at 180 degrees and the coast line.
Ashibe	The waters surrounded by a line drawn from Wakamiya-zaki, Iki Island to Ryujin-misaki (Ryujin-hana) and the coast-line.
Gonoura	The waters surrounded by a line from Iki Hosa-zaki to Eboshi-zaki and the coast-line.
Katsumoto	The waters surrounded by a line drawn from the southeastern end of Nagarasu-jima at 137 degrees, a line drawn from the northern end of the same island to the northeastern end of Wakamiya-jima, a line drawn from the northwestern end of the same island to Toriya-bana of Iki Island and the coast-line.
Hitakatsu	The waters surrounded by a line drawn from Idono-saki of Tsushima Kami-shima to Kakino-saki and the coast-line.
Sasuna	The waters surrounded by a line drawn from Tateba-saki of Tsushima Kami-shima to Toroku-saki and the coast-line, and the streams of the Uranohama and Oto rivers down the bridges respectively crossing over the lowest reaches of these rivers.
Izuhara	The waters surrounded by a line drawn from Tora-saki of Tsushima Shimo-jima to Yara-saki (Neshaka-bana) and the coast-line.

Declassified E.O. 12065 Section 3/402/NNDG NO. 77509

	Tsutsu	The waters surrounded by a line drawn from Itsutsu-zaki of Tsushima-jima to Komo-saki and the coast-line.
Kumamoto	Minamata	The waters within a circle drawn with Myojin-zaki as its center and radius of 1,700 meters.
	Sajiki	The waters surrounded by a line drawn from Tsurukiyama Bansho-no-hama (32° 17' 56" N, 130° 28' 24" E) to Kyohaku-hana via Karabune-iwa and the coast-line, and the stream of the Yuura-gawa north of a line drawn at 225 degrees from the boundary between Sajiki Town and Yuura-mura on the right bank of the Yuura-gawa and the stream of the Sajiki-gawa down the railway bridge crossing over the lowest reach of the river.
	Yatsushiro	The waters within a circle drawn with Kaga-shima triangular surveying point (28.7 meters) as its center and radius of 5,000 meters, and the streams of the Mae-kawa and Kuma-gawa down the railway bridges respectively crossing over the lowest reaches of those rivers.
	Mitsumi	The waters surrounded by a line drawn from Seto-no-hana toward Misumi-ko Lighthouse (32° 37' 18" N, 130° 26' 48" E), a line drawn from Toga-saki of Oyano-shima to Nokushiro-hana of Senzoku-jima, a line drawn from Kuro-saki at 180 degrees, a line drawn from Tobase-jima Lighthouse (32° 34' 23" N, 130° 29' 27" E) at 210 degrees and the coast-line.
	Hyakkan	The waters within a circle drawn with a point at 298 degrees and 2,850 meters from Gongenyama triangular surveying point (273 meters) as its center and radius of 1,800 meters, and the streams of the Shira-kawa and Tsubai-gawa west of a line drawn at 180 degrees from the same surveying point.
	Nagasu	The waters within a circle drawn with the point

Declassified E.O. 12065 Section 3/402/NNDC NO. 75009

	Tsutsu	The waters surrounded by a line drawn from Itsutsu-zaki of Tsushima-jima to Komo-saki and the coast-line.
Kumamoto	Minamata	The waters within a circle drawn with Myojin-zaki as its center and radius of 1,700 meters.
	Sajiki	The waters surrounded by a line drawn from Tsurukiyama Bansho-no-hama (32° 17' 56" N, 130° 23' 24" E) to Kyohaku-hana via Karabune-iwa and the coast-line, and the stream of the Yuura-gawa north of a line drawn at 225 degrees from the boundary between Sajiki Town and Yuura-mura on the right bank of the Yuura-gawa and the stream of the Sajiki-gawa down the railway bridge crossing over the lowest reach of the river.
	Yatsushiro	The waters within a circle drawn with Kaga-shima triangular surveying point (28.7 meters) as its center and radius of 5,000 meters, and the streams of the Mae-kawa and Kuma-gawa down the railway bridges respectively crossing over the lowest reaches of those rivers.
	Kitsumi	The waters surrounded by a line drawn from Seto-no-hana toward Kitsumi-ko Lighthouse (32° 37' 18" N, 130° 26' 48" E), a line drawn from Toga-saki of Oyano-shima to Kokushiro-hana of Senzoku-jima, a line drawn from Kuro-saki at 180 degrees, a line drawn from Tobase-jima Lighthouse (32° 34' 23" N, 130° 29' 27" E) at 210 degrees and the coast-line.
	Hyakkan	The waters within a circle drawn with a point at 298 degrees and 2,850 meters from Gongenyama triangular surveying point (273 meters) as its center and radius of 1,800 meters, and the streams of the Shira-kawa and Tsuboi-gawa west of a line drawn at 180 degrees from the same surveying point.
	Nagasu	The waters within a circle drawn with the point

Declassified E.O. 12065 Section 3/402/NNDC NO. 71500 9

of those rivers.

Mitsumi — The waters surrounded by a line drawn from Seto-no-hana toward Misumi-ko Lighthouse (32° 37' 18" N, 130° 26' 48" E), a line drawn from Toga-saki of Oyano-shima to Kokushiro-hana of Senzoku-jima, a line drawn from Kuro-saki at 180 degrees, a line drawn from Tobase-jima Lighthouse (32° 34' 23" N, 130° 29' 27" E) at 210 degrees and the coast-line.

Byakkan — The waters within a circle drawn with a point at 298 degrees and 2,850 meters from Gongenyama triangular surveying point (273 meters) as its center and radius of 1,800 meters, and the streams of the Shira-kawa and Tsubai-gawa west of a line drawn at 180 degrees from the same surveying point.

Nagasu — The waters within a circle drawn with the point where an alarm signal pole stood (32° 55' 44" N, 130° 26' 37" E) as its center and radius of 1,300 meters.

Himedo — The waters surrounded by a line drawn from Kojima-bana (32° 26' 15" N, 130° 25' E) Amakusa-kami-jima to Ryoryu-zaki via Kojima and the coast-line.

Hondo — The waters surrounded by a line drawn from Mogine-saki of Amakusa-shimo-jima 135 degrees, lines drawn from Goshiki-to triangular surveying point (17.8 meters) at 90 degrees and 270 degrees respectively and the coast-line, and the streams of the Hirose-gawa down Inakama Bridge, of the Funabashi-gawa down Komatsubara Bridge, of the Machiyama-guchi-gawa down Showa Bridge, of the Tinami-gawa down Shonan Bridge and of the Kamo-kawa down Meiki Bridge.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77500 6009

	Ushibuka	The waters surrounded by the area of a circle drawn with Miyazaki of Amakusa-shimo-jima triangular surveying point (52 meters) as its center and radius of 2,200 meters, part east of a line drawn from Amatsuke triangular surveying point (43 meters) on Gesu-jima at zero degree.
	Tomioka	The waters surrounded by a line drawn from Tomoe-zaki of Amakusa-shimo-jima at 160 degrees and the coast-line.
	Oniike	The waters within a circle drawn with Oniike-ko Breakwater Lighthouse (32° 32' 38" N, 130° 1' 31" E) as its center and radius of 800 meters.
Fukuoka Oita	Nakatsu	The waters within a circle drawn with Oyeshinkai triangular surveying point (4.3 meters)(33° 36' 46" N, 131° 12' 24" E) as its center and radius of 3,000 meters, and the stream of the Yamakuni-gawa down the railway bridge crossing over the lowest reach of the river.
Oita	Nagasu	The waters within a circle drawn with the east end of Komatsu Bridge crossing over the Ekidate-gawa as its center and radius of 1,800 meters and the stream of the said river down Komatsu Bridge.
	Takata	The waters within a circle drawn with the root of the east jetty at the right bank of the Katsura-gawa as its center and radius of 2,500 meters, and the streams of the Katsura-gawa down Katsura Bridge and of the Yorimo-gawa down Ukitono Bridge.
	Takedatsu	The waters surrounded by a line drawn from Biwa-saki to Kame-saki via Taro-iwa and the coast-line.
	Kunisaki	The waters within a circle drawn with the tip of the right bank of the Tabuka-gawa as its center and radius of 1,000 meters and the stream of the Tabuka-

Declassified E.O. 12065 Section 3/402/NNDG NO. 77009

		the railway bridge crossing over the lowest reach of the river.
Oita	Nagasu	The waters within a circle drawn with the east end of Komatsu Bridge crossing over the Ekidate-gawa as its center and radius of 1,800 meters and the stream of the said river down Komatsu Bridge.
	Takata	The waters within a circle drawn with the root of the east jetty at the right bank of the Katsura-gawa as its center and radius of 2,500 meters, and the streams of the Katsura-gawa down Katsura Bridge and of the Yorimo-gawa down Ukitono Bridge.
	Takedatsu	The waters surrounded by a line drawn from Biwa-saki to Kamo-saki via Taro-iwa and the coast-line.
	Kunisaki	The waters within a circle drawn with the tip of the right bank of the Tabuka-gawa as its center and radius of 1,000 meters and the stream of the Tabuka-gawa down Minato Bridge.
	Horie	The waters surrounded by a line drawn from Gongen-bana (Kuzure-bana) at 45 degrees and the coast-line, and the streams of the Yasaka-gawa down Kinko Bridge and of the Takayama-gawa down Bitai Bridge.
	Beppu	The waters surrounded by a line drawn from the top of Takasaki-yama to Matsuga-hana and the coast-line.
	Dita	The waters within a circle drawn with Oita-ko North Jetty Lighthouse (33° 14' 54" N, 131° 35' 24" E) as its center and radius of 1,800 meters.
	Tsurusaki	The waters within a circle drawn with a point at 187 degrees and 1,400 meters from Osu triangular surveying point (1.6 meters) (33° 16' 4" N, 131° 40' 44" E) as its center and radius of 4,000 meters, and the streams of the Ono-gawa and Otoku-gawa down the railway bridges respectively crossing over the lowest reaches of these rivers.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77509

	Saganoseki	The waters surrounded by a line drawn from Ryusen-bana to Umano-sho and the coast-line.
	Usuki	The waters surrounded by a line drawn from Tonjin-ga-hana at 337 degrees and the coast-line.
	Tsukumi	The waters surrounded by a line drawn from Chinu-saki to Yokaura-saki and the coast-line, and the stream of the Aoe-gawa down the railway bridge crossing over the lowest reach of the river.
	Saeki	The waters surrounded by a line drawn from the tip of the right bank at the mouth of the Bansho-gawa to the eastern end of Higashi-jima, a line drawn from Sagarimatsu-hana to Shugo-hana of Oiri-jima and the coast-line, and the stream of the Nagashima-gawa down Kaiun Bridge, and the streams of the Nakae and Bansho rivers down the bridges respectively crossing over the lowest reaches of these rivers.
	Kamae	The waters surrounded by a line drawn from Kometsuki-bana to Suzumega-sa-bana and the coast-line.
Miyazaki	Kitaura	The waters surrounded by a line drawn from Nageishi-iwa to Kooshi-iwa, a line drawn from the latter at 342 degrees, a line drawn from Nageishi-iwa at 346 degrees and the coast-line.
	Nobeoka	The waters within a circle drawn with a point at 260 degrees and 1,000 meters from the hill top (253 meters) of the right bank at the mouth of theKisa-gawa as its center and radius of 2,500 meters, end the stearm of rivers.

C. W.

Col Pulliam 26-5915

	From: G-2 To: Govt Sec Date: 12 Feb 1951
2	1. PSD/G-2 has no objection to the proposed amendments to the Law of Fire Defense except Articles 15-3 and 26-2. 2. The last paragraph of Article 15-3 states that "'Shobodan' shall take charge of fire defense affairs . . . ." It is believed that this statement might be interpreted by the Shobodan Chief to mean that he is given authority over the chief of the paid fire department. Since Article 15-3, paragraph 1, covers Shobodan duties, the last paragraph appears unnecessary. 3. When the initial Law of Fire Defense Organization was drafted there were a few such "Unions," as outlined in Article 26-2, in various parts of Japan which had been organized for purposes of economy. It was agreed, at that time, to allow these to continue functioning as single entities. These were covered in Article 34 of the Law. Proposed amendment authorizing the establishment of "Unions" without limit, appears to be a political move whereby control of all fire departments in an entire prefecture could be centralized under one head. This would be the case if, for example, all the small towns and villages in Tokyo To joined a union with Tokyo. Such an arrangement would completely defeat the principle of local autonomy. 4. Some minor changes in wording should be made for the sake of clarity and accuracy as follows:

Draft Legislation

G-2 Govt Sec 12 Feb 1950

2 (cont'd) a. Article 9. As worded, "cities, towns and villages shall establish . . . ." appears to be mandatory. Suggest substitution of may for shall.

b. Article 11. The National Fire Defense Board has no authority to make by-laws. Suggest this article be changed to read "The standards and ranks of the fire defense personnel shall be fixed in accordance with the model rules and regulations of the National Fire Defense Board."

c. Article 24, paragraph 2 of initial law, and reference thereto in proposed amendments should be changed to read ". . . the National Rural Police." instead of National Local Police.

Bill for Partial Amendments
to the Law of Fire Defence

(Presented by KAWAMOTO, Sueji (L))

The Law of Fire Defence (Law No.226, 1947) shall be partially amended as follows:

Article 4, item 9 shall be amended as follows:

9. Matters concerning model specifications for apparatus for use of fire defence, equipment and material; OK.

Article 9 shall be amended as follows:

"In order to deal with affairs concerning matters of fire defence, cities,towns and village shall establish any or all of the following organs. may

1. Fire Defence Headquarters
2. Fire Station
3. "Shobodan"
4. Organs for training of the fire department personnel and members of "Shobodan"

Article 11, paragraphs 2 and 3 shall be made as paragraph 3 and 4 respectively, and the following one paragraph shall be added next to paragraph 1 of the same Article.

"The standard of the ranks of the fire defence personnel shall be (prescribed in a by-law of) the National Fire Defence Board." fixed in accordance with the model rules of - -

Draft

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

In Article 12, in accordance with bylaws "shall be amended as "in accordance with the provisions of the National Public Service Law." OK

In Article 15, paragraph 1, "performance of duties" shall be amended as "oath, performance of duties", and "shall be fixed by by-laws of cities, towns and villages in line with spirit of the National Public Servant Law" shall be amended as "shall be carried out in accordance with the provisions of the Local Public Service Law."

In the same Article, paragraph 2, "oath," shall be deleted.

Article 15-2, paragraphs 3 shall be amended as follows:

"The matters concerning to appointment, dismissal, wage, performance of ~~dities~~ duties and other matters of members of "Shobodan" shall be fixed in accordance with the provisions of the Local Public Service Law in the case of member of full time service and they shall be fixed by by-laws of cities, towns and villages in the case of part time service".

The following one paragraph shall be added to the same Article:

"The fixed member of members of "Shobodan" shall be provided by by-laws of cities, towns and villages, and matters concerning the training, formality and uniform thereof shall be prescribed by municipal regulations in line with model regulations enacted by the National Fire Defence Board.

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

The following two (2) Articles shall be added next to the same Article:

"Article 15-3. "Shobodan" of cities, towns and villages shall have a chief of the "Shobodan" and other members with the ranks necessary and appropriate for executing efficient fire defence in accord nce with the provisions of this Law.

The chief of "Shobodan" shall be appointed by the heads of cities, towns and villages upon recommendation by "Shobodan", and dismissed due to a certain cause.

The Chief of "Shobodan" shall appoint members of "Shobodan" with the approval of the head of city, town or village and dismiss them due to a certain cause.

The members of "Shobodan" shall take charge of fire defence affairs under the direction and supervision of their supervisors.

Article 15-4.

In case a member of "Shobodan " of part-time service died, sustained injury or contracted deseases due to official duties or died of injury or diseases sustained or contracted due to official duties, or became disabled, cities,towns and villages shall compensate the member concerned,the surviving family or the dependant for the losses arisen from such causes conforming to the example of such cases of the fire department personnel (in the case of cities, towns and villages where no fire defence personnel are stationed, the fire defence personnel in other cities, towns and cities similar thereto in financial and other conditions)"

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

In Article 17, paragraph2, "in accordance with by-laws of To" shall be amended as "in accordance with the provisions of the Local Public Service Law."

Article 20 shall be amended as follows:

"Article 20 The National Fire Defence Board may, according to the necessity, give advice in matters pertaining to fire defence, and, if requested by the Governers of To, Do, Fu and Prefectures, the heads of cities, towns and villages, or the Chief of fire departments of cities, towns and villages, may give guidances and suggestions to them concerning the matters pertaining to fire defence, or may assist in procurement of equipments, fire apparutus and materials.

In Article 24, paragraph 2, "the Police of Autonomous Entities" shall be inserted next to "the National Local Police."

In Chapter 4, the following one Article shall be added next to Article 26.

"Article 26-2. So far as application of the provisions of this law is concerned, a Partial Affair Union of fire defence of city, town or village of which the city is a member shall be considered as a city, and one of which the city is not a member as a town or village, and All Affairs Union and Office Affairs Union of town or village as a town or village."

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Supplementary Provisions

1. This Law shall come into force as from the day of its promulgation. However, concerning the matters of appointment, dismissal, wages, uniform and others, the ~~preceding~~ precedent under the former provisions of the Law shall be applied to the city, town and village concerned until each corresponding provision of the Local Public Services Law is applied without regarding the revised provisions of Article 12, 15, 15-2, paragraphs 3 and Article 17, paragraph 2.

2. The Public Offices Election Law (Law No.100 of 1950) shall be partially amended as follows:

In Article 89, paragraph 1, following one item shall be added.

"4. the Chief of "Shobodan" and other members of "Shobodan" (excluding the members of fultime service)".

In the same Article, paragraph 2, "items 1 and 2" shall be amended as "items 1, 2 and 4."

3. The precedent under the former provisions of the Law shall apply to the election whose date has been announced publicly or notified in accordance with the provisions of the Public Offices Election Law at the time of enforcement of this Law, without regarding the revised provisions of Article 89 of the same Law.

Note No.	
1	From: Govt Sec To: G2/PSD Date: 31 January 1951 Capt Norris 26-5075 1. Immediate introduction of the attached draft bill in the Diet is proposed by Transportation Ministry 2. Your prompt comment is requested. 1 Incl Amendments to Marine Accidents Insurance Law C. ...
2	From: G-2 To: Govt Sec Col Pulliam 26-5915 Date: 7 Feb 1951 PSD/G-2 concurs in principle in the proposed amendments, however, the following points are believed worthy of consideration. a. Based upon the successful use of single Hearing Examiners in the US, suggest that Article 16 be amended so that Local Marine Accidents Inquiry Agency cases are tried by only one judge in all instances. b. The proposed Article 40-4 appears unnecessary since it is the duty of any judge to determine the probative value of evidence presented. c. The proposed amendments fail to rectify the basic shortcomings of the present law to which PSD/G-2 previously has objected, namely: (1) It does not place the Marine Courts under the Maritime Safety Agency. (Similar Courts of Inquiry in the US are under the jurisdiction of USCG.) (2) It does not provide for expeditious hearings. Many cases fail of conviction due to loss of evidence and delay. (3) It appears that elevation of court status is preferable to service and efficiency as an inquiry agency. 1 Incl w/d C.A.W.

Bill for Partial Amendments to the Marine Accidents Inquiry Law

(Draft)

The Marine Accidents Inquiry Law (Law No. 135 of 1947) shall be partially amended as follows:

The following two paragraphs shall be added in Artidle 9-2:

The Director of the High Marine Accidents Inquiry Agency shall be appointed by the Minister of Transportation from among the persons who have experience as a judge of the Marine Accidents Inquiry Agency.

The Chief Judge of the Local Marine Accidents Inquiry Agency shall be appointed by the Director of the High Marine Accidents Inquiry Agency from among judges of the Marine Accidents Inquiry Agency.

In Article 10 paragraph 3, "The Minister of Transportation" shall be amended as "The Director of the High Marine Accidents Inquiry Agency".

In Article 11, "The judges of the Marine Accidents Inquiry Agency" shall be amended as "The judges (the Director of the High Marine Accidents Inquiry Agency and the judges of the Marine Accidents Inquiry Agency: the same hereafter)".

Article 12 shall be amended as follows:

Article 12. Deleted.

In Article 13 paragraph 2, "the judges of the Marine Accidents Inquiry Agency"

Declassified E.O. 12065 Section 3/402/NNDC NO. 77509

from among judges of the Marine Accidents Inquiry Agency.

In Article 10 paragraph 3, "The Minister of Transportation" shall be amended as "The Director of the High Marine Accidents Inquiry Agency".

In Article 11, "The judges of the Marine Accidents Inquiry Agency" shall be amended as "The judges (the Director of the High Marine Accidents Inquiry Agency and the judges of the Marine Accidents Inquiry Agency: the same hereafter)".

Article 12 shall be amended as follows:

Article 12. Deleted.

In Article 13 paragraph 2, "the judges of the Marine Accidents Inquiry Agency" shall be amended as "the judges".

The following one Article shall be added next to Article 13:

Article 13-2. Each Marine Accidents Inquiry Agency shall have a bailiff or bailiffs and the bailiff shall be appointed by the Chief Judge of Each Marine Accidents Inquiry Agency from among personnel of the Marine Accidents Inquiry Agency.

Declassified E.O. 12065 Section 3/402/NNDC No. 77500 9

The bailiff shall maintain order in the court in accordance with the order of the judge.

Article 15 shall be amended as follows:

Article 15. The Local Marine Accidents Inquiry Agency shall conduct a trial in the first instance and the High Marine Accidents Inquiry Agency shall conduct a trial in the second instance.

Article 16 shall be amended as follows:

The Local Marine Accidents Inquiry Agency shall conduct trial by a collegiate body composed of three judges. However, with respect to simple cases, the Local Marine Accidents Inquiry Agency shall cause one judge to conduct trial at the request of the Commissioner as provided for by order.

The High Marine Accidents Inquiry Agency shall conduct trial by a collegiate body composed of five judges.

With respect to the cases as provided for in Article 14 paragraph 2, each Marine Accidents Inquiry Agency shall, in accordance with orders, conduct trial by a collegiate body composed of judges as provided for in the principal clause of paragraph 1 or paragraph 2 and two commissioned judges designated by the Chief Judge of each Marine Accidents Inquiry Agency.

In cases as provided for in the principal clause of paragraph 1, paragraph 2 and the preceding paragraph, one of the judges shall be the Chief Judge.

Declassified E.O. 12065 Section 3/402/NNDC NO. 77600 9

The High Marine Accidents Inquiry Agency shall conduct trial by a collegiate * body composed of five judges.

With respect to the cases as provided for in Article 14 paragraph 2, each Marine Accidents Inquiry Agency shall, in accordance with orders, conduct trial by a * collegiate body composed of judges as provided for in the principal clause of paragraph 1 or paragraph 2 and two commissioned judges designated by the Chief Judge of each Marine Accidents Inquiry Agency.

In cases as provided for in the principal clause of paragraph 1, paragraph 2 and the preceding paragraph, one of the judges shall be the Chief Judge.

In Article 25, "the Court" shall be amended as "the Marine Accidents Inquiry Agency".

In Article 29, "the Merchant Marine Safety Division of the Maritime Safety Agency" shall be amended as "the Marine Inspection Division of the Maritime Safety Agency".

In Article 40 paragraph 3, "In addition to the provisions mentioned in the preceding paragraph, the Local Marine Accidents Inquiry Agency may examine evidence by the following methods:" shall be amended as "The Local Marine Accidents Inquiry Agency shall not examine evidence by any method other than the following prior to the day of

the first trial;" and paragraph 2 of the same Article shall be deleted.

The following three Articles shall be added next to Article 40:

Article 40-2. In case the Local Marine Accidents Inquiry Agency causes the witness to testify, the appraiser to appraise, the interpreter to interpret or the translator to translate in examining evidence under paragraph 1 of the preceding Article, these persons shall be caused to take an oath according to the procedures provided for by order. However, those persons provided by order may not be caused to take an oath.

Article 40-3. Facts shall be found on the basis of evidence examined at the day of trial.

Article 40-4. The probative value of evidence shall be left to the free discretion of judges.

The following one paragraph shall be added in Article 46:

In case a person who is authorized to make an application for second instance under the provision of paragraph 1 or 2 failed to do so within the term provided for in the preceding paragraph owing to the cause for which he is not responsible, he may make the said application within seven days from the day when the said cause ceased to exist.

FOMNO.28

Bill for Partial Amendment
to the Port Regulation law

The Port Regulation Law (Law No. 174 of 1948) shall be partially amended as follows:

The following two Articles shall be added next to Article 30:

(Fire Alarm)

Article 30-(2) Any vessel in a special port equipped with a whistle or a horn shall, when a fire has broken out in the vessel, give five prolonged blasts with its whistle or horn to report the outbreak of the fire, except when it is under sail.

The fire alarm as mentioned in the preceding paragraph shall be given repeatedly at proper intervals.

The prolonged blast in paragraph 1 shall mean a blast continuously given for from four to six seconds.

Article 30-(3) Any vessel in a special port equipped with a whistle or a horn shall put up the method of fire signal, as provided for in the preceding Article, in the vessel so that it may be easily seen by a person in charge of the whistle or the horn.

In Article 37-(2), "the Chief of the Maritime Safety Headquarters" shall be amended as " the Chief of the Maritime Safety Headquarters or any of the other Regional Mairtime Safety Offices as defined by the Ministry of Transportation Ordinance"

Supplementary Provision:

This Law shall come into force as from the day of its promulgation.

Draft

Declassified E.O. 12065 Section 3/402/NNDG NO. 775009

Reason

It is deemed necessary to stipulate the regulations concerning fire signalling to be given by a vessel within a special port in case a fire should break out in the vessel. This is the reason of submitting this bill.

Explanatory Note

The proposed amendment to the Law is based on the following principles:

1. That the amendment should be made by studying the practices in foreign countries, as advised by GHQ;

2. That the method of signalling should be effective and adequate for the prompt reporting of a fire breaking out on board a vessel lying at anchor in the harbor;

3. That the vessel on which a fire has broken out be obligated to give the prescribed fire alarm;

4. That the other means of giving the alarm, if any, may be used simultaneously.
