SUBJECT: Captured Letter from Leftist Koreans
in USA

TO: Assistant Chief of Staff, G-2
GSUSA
Washington 25, D. C.

1. The inclosed translation of a letter in Korean to KIM IL Song and PAK Hon Yong, North Korean puppet officials, from Korean communist sympathizers in the United States was seized at the Joint Cabinet Ministries Building, Pyongyang, Korea following the liberation of that city by United Nations Forces. The letter, dated 15 November 1948, outlined the communist version of the 1948 Presidential election, activities of party members in the United States and proposed liaison with North Korea. In addition, names of active communist sympathizers in the United States were transmitted in this captured document.

2. This information, with a copy of the translation, has been sent to the Assistant Chief of Staff, G-2, Sixth Army.

To Comrades: KIM Il Song (金日成)
PAK Hon Yong (朴憲永)

This letter is being written in the belief that it will be delivered through a trustworthy messenger, i.e. utilizing the return home of comrade NAMGUNG YOSOL (南宮堯西). This writer transmitted to comrade KIM Il Song for the first time since liberation in April 1947 the situation of Korean residents on this side of the PACIFIC, the progress of the independence movement, conditions in the US and activities of party comrades, through Dr HAN Hung Sa (韓興珠), who resided in the capital of CZECHOSLOVAKIA and through representatives who participated in the World Professional League which opened here.

In July of the same year a translation copy of "Dialectical Materialism" and a letter were sent through a representative who participated in the World Young Men's Meeting. In September of this year while I was staying in LOS ANGELES, CALIFORNIA a letter was sent to comrade KIM Il Song under the name of four comrades: PYON Chun Ho (下峻鶴), KIM Kang (金剛), HYON Alice (玄邑仁) and myself, LEE Sa Min (李思民) through comrade CHONG Wellington (鄭他光) who departed to study at the capital of CZECHOSLOVAKIA. It is unnecessary to write about the things reported in these letters, so I will write about conditions in the US as seen at this time of the recent elections, the activities of party members in the US and liaison with our home country.

Conditions in the US

Although everybody expected that the Republican Party would win the recent US elections, the Democratic Party finally won. It is difficult to state the reasons briefly but we can say that TRUMAN's election speech had a great effect. This speech was a repetition of the policies of the late President ROOSEVELT. On the other hand the Democratic Party victory could also be considered as a repulsion of the Wallace Progressive Party movement.

TRUMAN grasped the administrative power after the death of ROOSEVELT and it is a fact that he was acting as a tool of the monopolistic plutocrats, surrendering to the Republican Party Hooverism.

Prior to the elections, the Taft faction emphasized policies advocated by WALLACE's followers, such as opposing anti-labor laws, monopolistic plutocrats, the Un-American Activities Committee, and discrimination against Negroes, and advocating peace, price controls and health and housing programs. Although there is a trend of the general public sentiment to desire peace and reject monopolistic plutocrats, even if there had been three or four times as many enthusiastic members in the audiences at election speeches given by the Progressive Party's WALLACE as there were at the Democratic and Republican Party meetings, the people would have turned away from him and chosen TRUMAN because they knew that the Progressive Party had no chance to win the final victory.

Since the Republican Party's policies are traditionally centered around the plutocrats, the people, threatened by the panic of a chronic depression, had to vote for the Democratic Party if they were suspicious of TRUMAN. Both houses are now controlled by the Democratic Party so it is possible that

CONFIDENTIAL

US policy, which was heading for Fascism, may be slightly mollified as the people battle for realization of the promises made at the time of the elections.

Something of a compromise in foreign policy, especially Soviet policy, can be expected. Of course she is not in a state to make war. There is a difference in opinion between the President and Secretary of State MARSHALL regarding the problem of a military alliance in Western EUROPE, and the President was going to send the Chief Justice of the Supreme Court VINSON to MOSCOW. It is also rumored that Secretary of State MARSHALL and Secretary of Defense FORRESTAL will resign from their posts.

It is true that the Department of State and the Army had a slight difference of opinion regarding the withdrawal of troops from KOREA. The Army insisted on the withdrawal of troops as soon as possible from SOUTH KOREA and strengthening JAPAN because it is difficult to defend SOUTH KOREA from a strategical point, while the Department of State insisted on delaying the withdrawal until US power was established in SOUTH KOREA. Anyhow, it can be expected that troops will be withdrawn after the Paris UN General Assembly because of international dignity. Even after the withdrawal, intervention will be carried on as in CHINA and GREECE. Even after the withdrawal of troops, the US expects that the strategy of LEE Pm Sok (李範奭), Prime Minister and Minister of Foreign Affairs of the Puppet South Korean Government (南朝鮮傀儡政府), and the arming of his more than one million Youth Party Members will be able to win over NORTH KOREA. Anyhow, we believe utmost caution must be exercised with regard to LEE Pm Sok because he is a vicious antirevolutionary fascist dictator.

Activities of Party Members

We, the members of this party, following the pattern of the United States Communist Party activity, have been steadily performing our assigned duties in order to fulfill the mission of liberating the fatherland. The present party membership totals 26: 13 in LOS ANGELES, one in SAN FRANCISCO, five in SEATTLE, one in CHICAGO, four in NEW YORK and two in WASHINGTON.

Since the majority of members are in LOS ANGELES, and it being a center of the Korean settlement, we have reorganized the Korean group (once organized, but dissolved within a year), with the permission and approval of the United States Communist Party. Having resumed our activities and set our policies, a meeting is held once a month to collect information, receive reports from outlying members and discuss Korean problems.

The following seven members of our party have been appointed to represent the party: PYON Chun Ho (下波鎭), KIM Kang (金岡), and HYON Alice, all of LOS ANGELES; SONU Hak Won (鮮于學源), and LEE Sa Min, SEATTLE; SIN Tu Sik (申中湜), and KWAK Chong Sun (郭正淳), NEW YORK; for liaison work among members, investigations of party policies and for liaison with the United States Communist Party headquarters. As for the party front organizations there are the Democratic Peoples Front League and the Progressive Party Support Organization and they are openly keeping in contact with Korean peoples associations performing their present activities in groups with union organizations and other progressive parties.

CONFIDENTIAL

Doc No 2007

CONFIDENTIAL

Recently the Progressive Party and union organizations held a mass meeting with the cooperation of the Democratic Peoples Front League and the Progressive Party Support Organization which progressed successfully, using the following slogans:

1. The US Army must withdraw from SOUTH KOREA as USSR did from NORTH KOREA.
2. Announcement of the establishment of the North Korea Democratic Peoples Republic.
3. Abolition of segregation of orientals in the UNITED STATES.
4. Unconditional release of the leaders of the United States Communist Party and Progressive Party.

The national assemblies of HAWAII and the UNITED STATES have denied recognition to the North Korean Government. Months ago the national assembly and we recommended recognition of the Republic which was organized in NORTH KOREA, through the Democratic Peoples Front League but no answer has yet been received. We tried to send a message to the UN General Assembly in PARIS to advise withdrawal of the US Army from SOUTH KOREA as USSR troops were withdrawn from NORTH KOREA through a national assembly petition but failed. The Democratic Peoples Front League alone had sent the message.

"The Independence News"

We publish weekly, "The Independence News" as an organ of expression. During wartime prosperity when our party members' income was high we expended 10,000 dollars annually, but now our newspaper is maintained at a cost of 3,000 dollars per annum: pro-rated among standing party executives. This amount seems trivial but we, party executives, totaling less than twenty, have been devoting ourselves to this mission. We publish 2,000 copies per edition which are distributed widely among the political leaders, unions, schools, libraries, churches and Korean communities in GREAT BRITAIN, CHINA, CANADA, MEXICO, CUBA, HAWAII and the UNITED STATES. We realize that the quality and quantity of our newspaper are below par but since there are numerous handicaps, it is hard to expect further improvement.

We can, however, proudly say that we are the only ones who report correct ideas and news on Korean people. Even some foreigners as well as our fellow travelers state that "The Independence News" is the best among four other Korean newspapers. The news of NORTH KOREA has been reported only by "The Independence." We published your messages as soon as they were announced and we received the information. We printed the news and important announcements which were issued during the South-North Convention held last August and September. We have decided to continue publication of this newspaper until the 38th parallel is abolished.

Pertaining to Liaison

- I. It is absolutely imperative that liaison with our country be maintained through exchange of propaganda materials, news, information, newspapers, and periodicals. It seems, however, impossible under the present circumstances to maintain the flow of communications to our country through the North Korean missions in

CONFIDENTIAL

Doc No 2001

CONFIDENTIAL

east European countries (ie CZECHOSLOVAKIA, POLAND etc). We were able to communicate several times while HAN Hung Su (韓興洙) was in CZECHOSLOVAKIA, but we have not had any word from there for approximately one year. We have not heard from comrade CHONG Wellington who went over there a month ago. We have, however, received an uncensored letter in the UNITED STATES from comrade LEE Tuk Hwan (李得煥) in P'YONGYANG (平壤) through the USSR. If a letter is of a most urgent nature, it can be sent through our missions located in east European countries and the USSR during their trips to this country. It is requested that you inform us of appropriate channels. The addresses to be used for the purpose of communication to US follow:

- (1) Messrs H SUNOO (鮮于學源) and S LEE (李思民)
3668 Interlake Avenue
SEATTLE, WASHINGTON, USA
- (2) Messrs K KIM (金國) and C PYEN (下邊鎬)
1441 W Jefferson Blvd
LOS ANGELES, CALIFORNIA, USA.

II. Although almost all comrades here wish to repatriate, they were not permitted to repatriate even to SOUTH KOREA, in spite of the fact that they had made application for repatriation after the Liberation. Apparently the only way to repatriate is through east European countries. We believe that some helpful arrangements by the missions of the east European countries should be made for this purpose. It is also requested that you inform us what appropriate steps should be taken, and what preparations are necessary, and information which would be of reference value, during our stay here in the US.

III. Any requests for information pertaining to research or survey which will help in the country's reconstruction will be heartily welcomed by us. We shall do our best to comply. If you have something to state on the individual's problem of education, we can assure you that there are comrades who according to their technical qualification could engage in the field of industry, education, journalism, medicine and politics in the future. If possible it is requested that you send a reply to this letter through the same channels by which it will be sent or through the east European countries. We also want to know about the departure of Dr HAN Hung Su (韓興洙) from KOREA.

Hurrah! for the Korean Democratic People's Republic!

Hurrah! for Our true leaders, comrades KIM Il Song and PAK Hon Yong!

2) We wish to send left wing publications and other necessary books and magazines to you if possible. Please advise us on this matter also.

3) A casting mold for use in a linotype machine for Korean characters is made at a printing machinery company here. It can be purchased for only four or five hundred won (₩ Presumably dollars.) If you can buy a linotypewriter, we will send you the casting mold for Korean characters. By using this machine, it will be possible to speed up and increase publication of Korean books. It will help greatly in public enlightenment movements.

4) If there are any books which must be translated urgently, send them to us immediately so that our comrades can translate and ship them back. Please advise us on this matter also.
