NO. 142.

DEAN DOULL IS INSTALLED

INTERESTING CEREMONY AT THE CATHEDRAL

Canons Cooper and Leakey Also Instituted—New Dignitaries Take Their Seats

At 3 o'clock this afternoon the ceremony of the installation of the dean and two canons of Christ Church cathedral took place. The dignitaries being Rev. A. J. Doull, rector of the cathedral parish; Rev. C. E. Cooper, rector of St. Saviour's, Victoria West, and Rev. J. A. Leakey, rector of St. Peter's, Cowichan.

The services opened with a professional hymn. This was followed by the Bishop of Columbia reading the statutes of the diocese and afterwards giving a short address.

After the singing of the hymn, Rev. A. J. Doull was instituted as dean, and conducted to his chair in the sanctuary. Mr. Lindley (Crease, chancellor of the diocese, declared him duly elected to office and honored with the title of dean.

The bishop then instituted Rev. C. E. Cooper, M. A., and Rev. J. A. Leakey as canons of the cathedral. They were then conducted to their seats by the chorists.

The services closed with prayers by the bishop and the blessing. They were attended by all the Anglican clergy of the city and by many of the clergy of other denominations.

This afternoon, from 4 to 7, Bishop and Mrs. Perrin will hold an at home at Bishopsclose.

PROPOSED COURT OF ARBITRATION

U. S. SECRETARY OF STATE CONFIDENT OF SUCCESS

Says Foreign Powers Have Informally Approved Scheme—Relations With China

(Times Leased Wire.)
Philadelphia, June 15.—In one of the most significant speeches yet made by a member of the War cabinet, Secretary of State Knox today declared that the establishment of an international court of arbitration practically is assured. Knox's speech was made at the commencement exercises of the University of Pennsylvania. His utterance is regarded as the most important restatement of the administration's attitude on foreign relations that he has made since he became secretary.

Knox declared in the course of his speech that the present administration had carried America's foreign policies to greater lengths than had any preceding administration.

Speaking on the subject of "the spirit and purpose of American diplomacy," Knox said:

"The United States has always uniformly exhausted every resource to amicably adjust international difficulties."

He then recited the efforts of America to make The Hague tribunal a real arbitration court and said that he believed those efforts would soon result in the establishment of such a court.

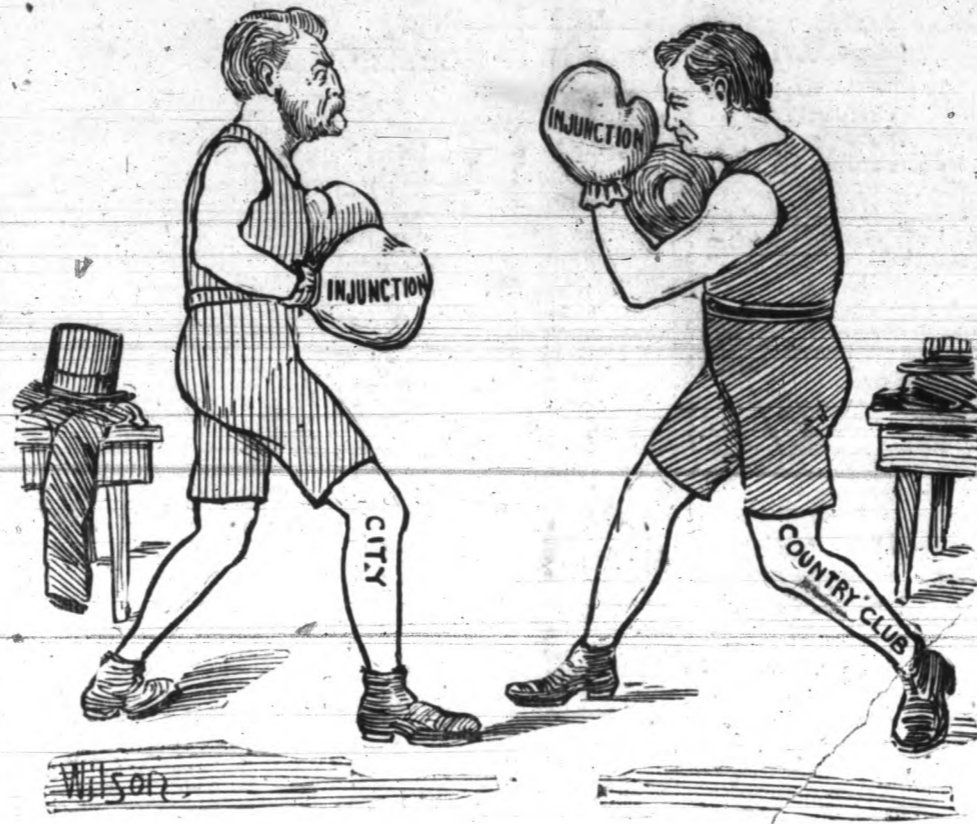

Knox intimated that the foreign powers had gone so far as to informally approve of America's plans regarding the court.

Referring to existing relations between the United States and China, Secretary Knox declared:

"American diplomacy in that Empire is marked by a regard for China's rights as a sovereign power. In spite of an insistent desire of Americans in China that this government should cooperate in warlike measures, we have adhered to a policy of peace."

Knox referred to Zelaya, recently deposed Nicaraguan president, saying:

"Inherent sympathy for self-government had a large part in America's sympathy with the recent revolution of the tyrant Zelaya and Castro, whose cruel governments soon will be succeeded by governments that are really republican and responsible."

SIXTEEN PERSONS LOSE LIVES

BOARDING HOUSE AND CABIN DESTROYED

Twelve of Victims Trapped in Rooms and Their Bodies Are Cremated

(Times Leased Wire.)
Niagara Falls, N. Y., June 15.—Twelve employees of the Caledonia Power Development Company were burned to death to-day in a fire which destroyed their boarding house at Falls View, Ont., near here.

The men were trapped in their rooms and cremated. All were foreigners. The origin of the blaze is not known. The authorities are investigating the case.

Besides the twelve foreigners who perished in the house, a man, woman and two children were burned to death in a nearby shack.

The flames had free play because of lack of water and burned themselves out.

One report says that the men were drunk and fell into the flames while attempting to escape down the stairs.

NEXT IMPERIAL CONFERENCE

PROPOSAL TO HAVE KING OFFICIATE AT OPENING

London Times Suggests That His Majesty Pay Visit to Various Dominions

(Special to the Times.)
London, June 15.—The suggestion is made that the King should open the imperial conference in 1911.

The Morning Post says the proposal accords with the present tendency of imperial thought and events.

The Times says: "It is hardly open to doubt that if it could be found possible for the King to hold courts in the capital cities of his various dominions that the effect upon the unity and solidarity of the Empire would be conspicuously beneficial."

The Times thinks the whole Imperial idea towards which we are moving is a new thing which may well call for a revision and expansion of the accepted ideas of royal activity. The designation of the Duke of Connaught as governor-general of Canada, although not directly determined by the conscious adoption of this expanded view of the place of monarchy in the Empire, does undoubtedly operate in that direction. It is perhaps all the more valuable as an indication of the probable trend of events just because it came about in the ordinary course without definite intention to open up a new Imperial epoch.

AEROPLANES FOR MAIL ROUTES

Postmaster-General of United States Will Be Asked to Investigate Proposal

(Times Leased Wire.)
Washington, D. C., June 15.—A resolution is awaiting consideration in Congress to-day which calls upon the postmaster-general to investigate the feasibility of establishing aeroplane mail routes. The resolution was introduced by Representative Sheppard of Texas.

BOY SCOUTS MOVEMENT SPREADS IN CANADA

Capt. Birdwhistle Has Been Appointed General Secretary of Dominion Branch

(Special to the Times.)
Ottawa, June 15.—Capt. Birdwhistle, secretary of the Dominion Rifle Association, has been appointed general secretary for the Dominion of Canada branch of General Baden-Powell's boy scouts. The work for some time has been looked after by Lord Lansborough, military secretary to the commander-in-chief.

The movement is becoming more general and Dominion and provincial councils are being appointed to look after the work.

RAILWAYS ARE RETRENCHING

MANY MEN DISCHARGED IN NORTHWESTERN STATES

Northern Pacific President Says Action is Due to Increased Taxes and Wages

(Times Leased Wire.)
St. Paul, Minn., June 15.—The railways of the Northwest with offices here, issued orders to-day stopping practically all construction work. The Northern Pacific road discharged 2,500 men, the Great Northern 3,000, the Northwestern 600 and the Milwaukee system 1,200.

Later the offices of the Santa Fe announced the discharge of 4,000 and the Rock Island 1,500 men.

President Elliott, of the Northern Pacific, gave as causes for the retrenchment policy of the railways increased taxes, wages, cost of materials and the better service demanded by the public; also the increased power of the state and national railway commissions with reference to rates.

NEW INDUSTRIES FOR THE ISLAND

(Special to the Times.)
London, June 15.—The Middleborough Steel Strip & Hoop Company is interested in a project for establishing iron and steel mills, including blast furnaces and rolling mills, on Vancouver Island.

STAMPEDE TO NEW DIGGINGS

GOLD REEF TRACED FOR TWENTY MILES

Arrivals from Stewart City, B. C., Enthusiastic Over Find of Free Milling Ore

(Times Leased Wire.)
Seattle, Wash., June 15.—The rush to the interior has died away as suddenly as it arose. Steamship travel to Alaska is very little above the normal again.

Continual reports from Fairbanks, such as a cablegram yesterday from W. B. Coon, that the new diggings were a "rank failure" has killed the wild enthusiasm that arose over the tales that came out of the interior of "thirty-five miles of pay streak."

While the reports are constant from Alaska that the interior never has been promising, the depreciation of the new diggings is not unanimous, and a fairly steady travel will continue all summer.

Coincident with the sudden end of the interior stampede, comes sensational reports from Stewart City, B. C., near the Alaskan line.

A mammoth gold reef, twenty miles in extent but traced for twenty miles, lies at the door of Stewart City, according to passengers on the steamer Camosun, which arrived at Vancouver yesterday.

It is the greatest free milling reef ever discovered in the North, and perhaps in the world, according to the enthusiastic arrivals and they are confirmed by special dispatches from Stewart. They bring an extra issue of the Portland Canal Miner of June 10th, which tells the same story. The "extra" says in part:

"It is purely a free milling proposition and the first rock of the kind in any quantity that has been found here. News of the discovery was brought to camp Thursday by C. M. Delgrove and Louis Anderson. They kept closed mouths until Clotter & Richie received assays of \$49 an average for 3,000 feet, and \$6 an average from five claims. As the result of the news the entire town is now headed for the south fork of Bitter Creek, about thirteen miles inland from Stewart."

ELUDES OFFICERS

Accused Leader of Band of Smugglers Has Again Disappeared

Portland, Ore., June 15.—Frank Caviness, for who the federal authorities of Canada and the United States have been searching on a warrant charging him with smuggling, has fled just when the United States officials believed they had him.

Late last night Deputy United States Marshal Griffin hurried to Eugene, Ore., where the man was supposed to be, only to find that Caviness had departed. Federal detectives began the search for him again to-day.

Caviness is wanted as the accused leader of a gang of daring smugglers, which for more than a year has been eluding the vigilance of customs officials and which, during that time, smuggled in opium over the border between Canada and the United States.

Charges against Caviness come through the office of the United States district attorney in Seattle, and are removed to the jurisdiction of the federal court of Oregon. About two weeks ago, after customs officers tried in vain for more than a year to capture Caviness, detectives found he had made a farm near Eugene his hiding place for months.

MILITARY DEFENCES OF THE COLONIES

Lord Lucas Makes Suggestion in Regard to Improvement of Forces

London, June 15.—In the House of Lords on Monday Lord Lucas, parliamentary secretary to the war office, speaking in connection with Lord Kitchener's resignation, said that so much benefit to the forces of the Dominions was anticipated from the recent visit of Lord Kitchener to Australia and that of General French to Canada, that as a result of the next colonial conference visits to the Dominions for the purpose of inspection and advice on military matters could be made more or less systematically by an officer of high rank and distinguished military service, the government believed it would produce more useful results. If this should be agreed to the most appropriate officer to carry out such a duty would be the commander-in-chief of the Mediterranean.

Lord Lansdowne remarked that he could imagine nothing more unfortunate than that the Canadian and Australian governments should read this proposal for the first time in the public press.

Lord Lucas said he had made qualifications with regard to Canada and Australia. The governments of these countries certainly would be consulted before anything was decided.

COINING OF GOLD

Washington, D. C., June 15.—A bill coining of gold will be in the San Francisco mint and all silver will be coined at Denver hereafter, according to an order of Secretary of the Treasury MacVeagh. This means that only pennies and nickels will be coined in the Philadelphia mint, and when enough are in circulation the eastern mint will be idle. Secretary MacVeagh says gold can be coined cheaper in San Francisco, if only coined there and nowhere else.

SUSPECT TAKEN

Newport, Ky., June 15.—Rossario Granger was arrested here to-day on suspicion that he is Joseph Wendling, a janitor of Louisville, suspected of having murdered Alma Kellner.

WOMAN DEAD BEFORE BEING PLACED IN TRUNK

Italian Police Fail to Solve Murder Mystery—Search for Missing Husband

(Times Leased Wire.)
Comp, Italy, June 15.—Convicted that Porter Charlton, suspected of the murder of his wife, Mary Scott Castle Charlton, formerly of California, whose body was found in Lake Como, sailed for New York on the steamship Verona, the local authorities to-day sent a wireless message to the captain of the ship requesting him to detain passengers answering Charlton's description. The authorities also cabled the New York police to await the arrival of the Verona and co-operate in arresting Charlton if found.

Later, the police sent a wireless to the captain of the Virginia, which left Genoa June 9th, asking that officer to take similar action. The Verona left Genoa June 8th, and the police here are certain that Charlton is on one of the two vessels.

The local authorities have abandoned the theory that Charlton was murdered, and they discredit the robbery theory held by American Ambassador Lelsham and Consul Caughy.

Caughy to-day discovered that a second trunk is missing from the Villa Legnazzi, where the Charltons lived. He believes that it has been used to hold Charlton's body.

The police authorities this afternoon announced that an autopsy on Mrs. Charlton's body showed that her skull was fractured and that she died before being placed in the trunk in which she was found in the lake.

DEATH ROLL AT MONTREAL INCREASES

Four More Persons Reported Missing—Bodies of Four of Victims Identified

(Special to the Times.)
Montreal, June 15.—The names of the following have been added to the list of missing as a result of the collapse of a water tank and fire in the Herald building on Monday: George Gundy, 75 years old, a messenger; Reuben Morrison, who was in the building applying for a position as stereotyper; Etienne Pilon, an employee of the bindery, and Henry Dufasse, Fabre street.

The bodies absolutely identified so far are Laura Amessette, forewoman in the bindery; Etienne Pilon, rubber machinist; Frank Consitt, printer; Rose Campbell, binder.

GERMANY'S TRADE WITH THE DOMINION

Appointment of Special Commissioner to Canada is Now Being Urged

(Special to the Times.)
Berlin, June 15.—Referring to the appointment of W. C. Fisher as trade commissioner here, the Tagesspiegel organ of the industrial and exporting interests, says that Germany ought promptly to reply by sending a special trade commissioner to the Dominion for the purpose of giving German exporters practical support in their ambitious plans for the conquest of the Canadian market. It is stated that Fisher's mission is not only to look after the interests of Canadian trade with Germany, but to pave the way for a commercial treaty more favorable to Canada than one now in operation.

WOMAN BURNED TO DEATH

Police Believe She Was Robbed and House Sat on Fire.
Vallejo, Cal., June 15.—Mrs. Edward Campton was burned to death here to-day under circumstances that probably will result in a rigid police investigation.

The woman was found in the centre of a blazing room. Her clothing had been burned off.

There was nothing to indicate the origin of the fire and the police are working on the theory that she may have been robbed and that the murderer set fire to the house.

ATTEMPT TO KILL GENERAL

Socialist, After Missing Governor-General, Mortally Wounds Himself

Sarajevo, Bosnia, June 15.—Dogdan Karajic, a Socialist, to-day fired five shots at General Varesnin, Austrian governor-general of the province, chief shot missed Varesnin and Karajic then shot and mortally wounded himself.

INVENTOR KILLED BY SAFETY POWDER

Son, Also Meets Death—Bodies Cremated by Fire Which Follows Explosion

(Times Leased Wire.)
Corning, N. Y., June 15.—Following an investigation to-day it is believed the fire which destroyed the Buck Manufacturing Company's plant at Coudersport, Penn., and cremated Clarence Buck and his son Bernard, started in the mixing room, where the senior Buck was explaining to his son the secret of a safety powder of which he was the inventor.

For years Buck had closely guarded his secret, but he had decided to make the process of the powder manufacture known to his son.

COPYRIGHT QUESTION

London, June 15.—The subsidiary conference on the copyright question was resumed yesterday. It is understood that in regard to copyright within the Empire a satisfactory conclusion has been reached in respect to Canadian copyright, which hitherto has proved an embarrassing factor in all similar negotiations.

PREDICTS RECORD CROP

Ottawa, June 15.—From present appearances this will be the greatest crop year in the history of the west. Dr. Wm. Saunders, of the Experimental farm, declared enthusiastically on the lookout, having returned from a trip in which he travelled over 2,000 miles after leaving Winnipeg.

MORE MEN MAY STRIKE AT PORTLAND

(Times Leased Wire.)
Portland, Ore., June 15.—Two hundred strike breakers are expected here some time this afternoon to mount the idle wagons and attempt to break the teamsters' strike, which for three weeks has tied up shipments and caused the loss of thousands of dollars to warehouses, wholesalers and shippers.

To-day mounted police were stationed at every dock along the waterfront and at the warehouses. This is but one of the many evidences of trouble to come.

President Banfield, of the Employers' Association, said to-day that he would walk out of Portland penitentiary, before he would give in to the demands of the strikers for a 25-cent daily wage increase.

Banfield's declaration is taken to represent the attitude all the employers have adopted.

The teamsters have trebled their picket lines along the waterfront. They have offered no violence.

If the plans announced by union leaders are carried into effect Portland will face one of the biggest labor strikes in her history, if not of the Northwest. The strikers say if the employers insist in continuing the fight that all teamsters will be called out and then elevator men, warehouse men and workmen in all other crafts will be ordered to strike.

FLAMES THREATEN ONTARIO VILLAGE

Rangers on Way to Scene of Fire—Large Area of Timber Destroyed

(Times Leased Wire.)
Winnipeg, June 15.—It is believed that there is little chance of the village of Hymers being saved from destruction by a forest fire which surrounds it, according to reports here to-day. Rangers are en route from various points to assist in extinguishing the fire which already has burned out a large area of timber for fifty miles north and west of Hymers.

Every available man is out fighting desperately to keep the flames from spreading.

TWO LEAP TO DEATH

Montreal, June 15.—Albert Enough, a builder, of St. Lambert, and his adopted daughter, Lena Healy, jumped from the centre of Victoria bridge and down sixty feet into the swift current of the St. Lawrence River. Both were drowned. Enough leaped first and was followed a moment later by the girl, but whether she jumped in the excitement of the moment or deliberately is not known.

Enables the

MONTELIUS PIANO HOUSE, LTD.

To offer the people of Victoria the

Best Pianos in the World

At lower cost than is often paid for the "just as good" kind.

See our window and floor display of genuine Piano values and get our prices and terms.

We arrange easy monthly or weekly terms on all musical instruments, also on Edison and Victor Talking Machines.

MONTELIUS Piano House, Ltd.

1104 Government Street, Corner Fort Street.

The work of completing the interior equipment of the big Pemberton block is rapidly approaching completion. All the apartments have been let. The second story will be occupied by the Pacific Club.

A meeting of the executive, Victoria branch, Vancouver Island Development League, is being held this afternoon, at which plans for the forthcoming annual league meeting at Alberni are being discussed.

The Fifth Regiment band of forty pieces will render a programme of popular and classical music at the Macaulay Plains camp this evening, at 8 o'clock. The camp is conveniently situated, being but a short distance from the Esquimalt car line.

On the application of J. A. Aikman, yesterday afternoon, a writ of habeas corpus was granted by Mr. Justice Gregory in the case of Clater, Black and Bolt, three firemen of the steamship Prince Rupert, who were sentenced to ten days for refusing duty.

A number of the houses at the rear of the legislative buildings, which were recently sold by public auction, have been removed or demolished and in a few days the area will be free of all structures and made to conform with the balance of the space which is popularly described as "parliament square."

The real estate commission case of Globe Realty Company v. Carruthers has been dismissed by Judge Langmuir. Plaintiffs alleged an agreement for the payment of 5 per cent or else "the usual custom" of 2 1/2 per cent, each by vendor and purchaser. C. K. Courtney appeared for plaintiff and D. S. Tait for defendant.

The secretary of the British Columbia board of trade has received a letter from Harrison Watson, office of the high commissioner for Canada in London, stating that J. Romero Sanson, Caracas, Venezuela, is inquiring for Canadian firms who can quote prices on barrels and other supplies. Mr. Sanson has received a concession from the Venezuelan government to pack fish.

Ald. Bannerman, chairman of the streets committee of the city council, has three notices of motion on the bulletin board, to-day which will be considered at this evening's special meeting of the board. They are to the effect that Bay street, from Douglas street westerly to Point Ellice bridge, be paved by material to be selected by the city engineer; that Fort street, easterly from Richmond avenue to the city limits, be paved with bituminous macadam; and that Government street, between Niagara street and Dallas road, be macadamized.

A great deal of excitement was caused last night at a hotly-contested game of quoits, played between H. T. Knott and J. B. McCallum and J. O. Stinson and A. S. Huxtable, the former winning by a very narrow margin. The feature of the game was the excellent work of H. T. Knott, which very often brought victory out of certain defeat, as J. O. Stinson was in excellent form and was always on the job. The pitching of J. B. McCallum and A. S. Huxtable was greatly admired. Mr. Stinson made an admirable referee, often being called upon to make some very fine decisions. A return match is likely to take place.

COURT MUST SEE CITY'S RETAINER

INJUNCTION ARGUMENT HELD UP MEANWHILE

Mayor's Action Towards Preventing the Races Comes Before the Courts

In Chambers this afternoon the application made by Fred Peters, K. C., and entitled "Victoria City versus the Country Club," for an injunction to prevent the defendants trespassing upon the Driving Park, was stayed by Mr. Justice Gregory until Mr. Peters can produce a retainer for the city.

H. W. R. Moore, for the defendant club, argued that Mr. Peters was not retained by the corporation, and filed affidavits to show that the proceedings, although taken in the name of the city, were instituted by Mayor Morley not only without the consent of, but against the wish of, the city council.

Mr. Peters, when challenged to produce his retainer, produced a letter from the mayor to J. P. Mann, acting city solicitor, instructing Mr. Mann to have Mr. Peters make the application. His lordship said that the mayor had no right to initiate litigation against the wish of the council and stayed the proceedings until Mr. Peters can produce a retainer showing that he is acting for the corporation.

IN POLICE COURT

Ex-Alderman J. A. Turner was fined \$20 this morning in the police court for driving his automobile in Beacon Hill Park on the 7th June to the common danger of the public. The prosecution called Mounted Constable Wright, who gave evidence that Mr. Turner had driven to the common danger.

Mr. Turner and two witnesses who were in the machine gave evidence for the defence that the machine was not being driven by one on the road, and that the speed was not excessive. The case had been adjourned twice at the request of the defendant's solicitor, W. C. Moresby, who, however, did not appear this morning, and Mr. Turner conducted his own case.

A Chinese and a white, charged with stealing a bicycle and cash, were remanded till to-morrow on \$100 cash bail, deposited by his uncle.

AEROPLANE DAMAGED.

Topeka, Kas., June 15.—J. C. Mars, in the Curtiss bi-plane, started to-day started for Overland Park, near Kansas City. After two had starts, caused by failure of the motor to work properly, Mars succeeded in getting away at 7:30 a.m. The distance is 26 miles by air line. The price is \$5,000.

Mars passed Perry at 8:15 and flew 15 miles in 20 minutes to Lawrence, where he was forced to descend to repair his engine. The aeroplane was damaged when it landed at Lawrence.

In the course of his flight, Mars reached a height of 1,200 feet. According to the rules of the flight there is no limit as to the number of stops, the terms merely requiring a flight from Lawrence to Kansas City. Mars considered the distance designated too short and voluntarily undertook the longer distance from Topeka.

MONTREAL DISASTER.

Six More Bodies Taken From Ruins of Herald Office.

Montreal, June 15.—The inquest into the Herald office disaster opened this morning, but adjourned until Friday afternoon, after hearing the evidence of Mr. Archibald, the architect, who executed the plans for the building of the collapsed water tank. His evidence was of a technical nature and advanced no theory as to the cause of collapse.

Six additional bodies taken from the ruins this morning bring the total number of bodies recovered so far up to sixteen, leaving it is estimated, 17 more still in the ruins. Of the bodies recovered ten have been identified.

FIGHT FOR CAPITOL.

Guthrie, Okla., June 15.—The financial affairs of Oklahoma are at a standstill. State Treasurer Menefee and Auditor Trap have closed their offices. They declare that they will do no business until the injunction suits to determine whether Guthrie or Oklahoma City is the capital are settled. The temporary capitol is still guarded.

FLOODS IN SWITZERLAND.

Berne, Switzerland, June 15.—The lowlands of western Switzerland are inundated to-day as the result of heavy rains. Many landslides have occurred, but no fatalities have been reported. The resorts of Meringen and Grandevald are flooded.

POLICE INVESTIGATING DEATH OF WOMAN

Found Dead on Floor of Room in Home at Norwich, Ontario

(Special to the Times.)
 Norwich, Ont., June 15.—The authorities are investigating the death of Mrs. Dr. Riddell, of Norwich, who was found dead in her home about a week ago. When Dr. Riddell returned home in the evening he found his wife dead on the dining room floor. A bruise on the forehead gave rise to the suspicion that she had met with foul play and there was also some talk of poison having been the cause of death. How long the woman had been dead is not known, but she must have been alive an hour before her husband's arrival, as neighbors say she had been talking to them and appeared to be in good spirits, which in their estimation does away with the thought of suicide.

HOMESEEEKERS FLOCK TO CANADIAN WEST

Twenty-Six Thousand Have Already Left Toronto This Season for New Fields

(Special to the Times.)
 Toronto, June 15.—Seventeen coaches carrying home-seekers left Union station for the West on two special C. P. R. trains yesterday. The total number of home-seekers who have left Toronto this season is 2,600, which is one thousand and in excess of the number last year. The men who have gone have been above the average, practically all of them being English speaking and being drawn from farming in this province. The number of women and children average about one-third of the total number.

WOMAN DIES AT AGE OF ONE HUNDRED AND FOUR

(Special to the Times.)
 Cornwall, Ont., June 15.—Mrs. Alex. Ross died this morning, aged 104 years and 7 months. Despite her great age she was able to move about with a cane until a short time ago.

WOULD STOP FIGHT.

San Francisco, June 15.—It is reported here authoritatively to-day that General Gillett has notified Attorney General Webb to take steps to prevent the Jeffries-Johnson fight.

FOUND DEAD.

(Special to the Times.)
 Valleyfield, Que., June 15.—A man about thirty-five years of age and of small stature and well dressed was found dead in the yard of the New York Central railway yards here this morning. It was evidently a case of suicide. Documents in his pocket would indicate that his name is Owen O'Brien, who recently resided at 186 Jarvis street, Winnipeg. By trade he was a carpenter, and had bought considerable property through Birkett & Chalmers, real estate agents, Winnipeg. He was apparently a man of means.

HON. F. OLIVER.

(Special to the Times.)
 Ottawa, June 15.—Little credence is placed here in the report from Edmonton that Hon. F. Oliver is to resign as minister of the interior in order to become a member of the railway commission. It is regarded as unlikely that he would be going to the Yukon in the interest of the interior department if he intended resigning that portfolio.

MAY BE DEPORTED.

(Special to the Times.)
 Cleveland, June 15.—Mrs. Elizabeth Dalton, 22 years old, of Palmyra, Ont., is held at the county jail by the immigration authorities for coming to Cleveland with Joseph Stanley, a friend of her husband. She takes all the blame for her husband's desertion, the husband, is a farm hand at Palmyra, and Stanley was porter and porter-train at a Chatham, Ont., hotel. It is expected both will be deported.

TOO LATE TO CLASSIFY

GORGE VIEW PARK, Ker Addition, on Monday next, 19 a.m. Get plans and price list from L. W. Bick, or Helms, Forman & Co.

GORGE VIEW PARK, Ker Addition, on Monday next, 19 a.m. Get plans and price list from Helms, Forman & Co., or L. W. Bick.

BARGAINS to be had in Gorge View Park, Ker Addition. Prices from \$25 to \$1,500. Get plans and price list and have your lot chosen before the sale starts.

WANTED—Woman, on Monday a week, light washing and house work. 448 Superior street.

TO LET—Centrally situated office or hall, \$250. Will be rented to suit tenants; lease given. Apply 1104 Broad street.

\$550, Lot, 6x120 more or less, Blackwood Ave., close to Hillside, high dry, fine view of city, water on street, \$550; 6 acres, balance 6 months. Pemberton & Son, 614 Fort.

WANTED—Comfortable room and board, within 15 minutes from post office, for young man. Box 31, Times.

ROOM AND BOARD for 2 men, 715 Van-coover street.

SECOND-HAND SAFES FOR SALE. Hicks & Lovick Piano Co., Douglas St.

FOR SALE—Kitchen, tables, chairs, crockery, camp utensils. 301 Butler's, 301 to 306 Yates.

LAWN MOWERS SHARPENED and repaired. H. M. Wilson, MacNet Building, Courtenay street.

CARD OF THANKS.

The family of the late John Moore wish to thank the members of the Odd Fellows and United Workmen and their numerous friends for their kind sympathy and generous gifts of flowers in their sad bereavement.

Notice

The ceremony of laying the corner stone of the new Baptist mission takes place this (Wednesday) evening at 7:15 o'clock. The public generally is invited.

WANTED—City lot, in Fairfield Estate, on Dallas road. Box 454, Times. 315

JAPANESE DRIVEN FROM WASHINGTON TOWN

Consular Agent is Investigating and Protest Will Be Sent to Federal Capital.

Darrington, Wash., June 15.—Sunday there were thirty Japanese in Darrington. To-day there is not one in or near the town.

A mob of 100 white men Monday marched on the Japanese, practically all of whom were employed by the United States Lumber Company, gave them an hour to gather up their effects and then accompanied them to the station and saw them aboard a Seattle bound train.

The Japanese arrived here three weeks ago from Seattle, the first large party of Orientals ever brought into the town. Saturday night a mass meeting was held and the move decided on. The Japanese offered no resistance and there was little disorder. Darrington is a town of 400 people, in the extreme northern part of Snohomish county about 40 miles back from the Sound, the terminus of a Northern Pacific branch line.

Will Protest. Seattle, Wash., June 15.—Kingiro Hayashi, Japanese vice consul in charge of the local consulate, refused to discuss the driving of thirty Japanese out of the town of Darrington.

After repeated requests for a statement, Mr. Hayashi stated that he would go as far as he could to protest against the treatment of the Mikado's subjects. He admitted that he had wired a consular agent at Everett to investigate the case thoroughly and that he would communicate with the embassy in Washington.

ROOSEVELT'S RETURN TO UNITED STATES

Taft Will Not Be Present at the Demonstration in Honor of Former President

Washington, D. C., June 15.—The capital will be deserted on Saturday when Roosevelt returns to America. Many of the leading officials are preparing to depart for New York to welcome the former president home.

Among those who will go from Washington will be Secretary of the Navy Meyer and Secretary of Agriculture Wilson and Captain Archibald Butt, who have been appointed by President Taft officially to receive the ex-president. Comptroller of the Currency Murray, Commissioner of Immigration O'Keefe, Labor Commissioner Neill and Assistant Secretary of the Navy Winthrop also will go to New York.

President Taft will not be in New York Saturday. He will speak at Villa Nova, Pennsylvania, on that day.

Rough Riders Assemble. St. Louis, Mo., June 15.—Three hundred rough riders who were with Col. Theodore Roosevelt in the Spanish-American war assembled here yesterday from the southern and southwestern portions of the United States. From here they will go to New York on a special train to be present Saturday when Col. Roosevelt arrives home. They will be among the first to greet Roosevelt upon his arrival in New York and will form part of his escort in the parade.

ANTI-TRUST SUIT.

Jefferson City, Mo., June 15.—The International Harvester Company yesterday filed its brief in the suit brought by Governor Hadley, then attorney-general of Missouri, to enjoin the corporation from the state under the anti-trust laws of Missouri. The company, in its brief, declares that no plants were dismantled when they were purchased by the International, but that they were enlarged and the output increased. The company also denies that it controls 85 per cent. of the farm implement trade of Missouri.

Talc Powder is Needed

During the warm weather, it is really indispensable to woman, man or child. We can well recommend

CENSURE PRESENT DAY EVANGELISTS

Ministers Declare Churches Delegate Too Much of Their Work to Professionals

Tacoma, Wash., June 15.—As a preliminary to the preparatory meeting of the Puget Sound Baptist association, which convened at South Tacoma yesterday, several visiting ministers took occasion to censure the work of evangelists, "who deal in funny stories and vituperative language."

Among these was Rev. Arthur L. Wadsworth of Pasadena, Cal., and Rev. J. G. Springston of Portland. The present day evangelist received a liberal scolding, as well as some praise. It was the generally expressed opinion of the speakers that the churches are delegating too much of their greatest work—that of saving men—to professional evangelists, who lash the churches and thus seek to make their message popular.

"Our churches are getting to be mere automatons," said Rev. Mr. Springston. "They go through their singing, their praying, their preaching like the electric pressed figures in the show windows. We should get out of that and get to where the folked that need the gospel and then we never could get that way."

"Every pastor should be an evangelist, that is the only reason for his being a minister."

ANXIOUS TO KEEP FARMERS AT HOME

Louisiana Representative on Exodus to Canada—South Would Welcome Settlers

Washington, D. C., June 15.—With "Go South, young man, and not emigrate" as his keynote, Representative Randall, of Louisiana, yesterday addressed the House as a sort of advance agent for the southland in general and Louisiana, in particular. He based his remarks on the exodus of many of our best citizens into the British possessions north of the United States, and the rapid congestion of our cities, caused by the growing unpopularity of life on the farm, and the large influx of immigrants, many of whom settle in cities.

As a remedy for all these problems he suggested that the House that the persons concerned should be induced to come to the south. He showed that during the last five years 314,614 citizens, carrying with them material in money and property valued at over \$12,000,000, to say nothing of the personal value of the United States, emigrated to Canada from the United States. He commented at length upon the concentration of aliens in the cities of the United States.

"The southern states would gladly furnish homes to every one of our own citizens," said he, "who have gone to Canada, or contemplated such a move, and would welcome our own boys and girls who have left or expect to leave the hardships of northern farms for the unfamiliar surroundings in the congested cities. Moreover, a man supply farms to a great many of the foreigners who seek our shores, and we are anxious to receive all good immigrants of the Teutonic, Scandinavian, British and French races." Then he entered into a description of what they could offer.

FISHERIES CASE BEFORE THE HAGUE TRIBUNAL

Sir R. Finlay, on Behalf of Great Britain, Reviews Questions Submitted to Court

The Hague, June 15.—At the fisheries tribunal yesterday Sir Robert Finlay, on behalf of Great Britain, reviewed from a judicial standpoint the various questions submitted to the court, and received out that Great Britain has never abandoned her sovereign right to contest the fisheries rights of her territorial waters and off her coasts.

HUNT FOR MURDERER.

Lakeview, Ore., June 15.—A message left by Herbert Newell, one of the brothers killed by Ike Harold, a sheepherder, has been sent here by telephone from the scene of the crime. The letter was found yesterday where Newell had cached it after being shot the first time, before the back of his head was shot off, on Harold's return to camp. The letter follows: "I was shot by Ike Harold and so was Walter. He turned the sheep loose and I fired him and told him he was no good, and then he pulled his gun and Walter said: 'I am not afraid of you.' At that he shot him in cold blood, then shot me. I had strength enough to crawl to camp, but any such awful pain I cannot stand it any longer and I know I will die, anyway. Walter is about three-quarters of a mile southeast of here.

"Herbert Newell." The sheriff's posse is hunting in the Jupiter mountains for Harold. It was believed that the man-hunters had him surrounded in the hills Monday, but he escaped.

CAR FERRIES ON THE ST. LAWRENCE

G. T. P. Trains Will Be Running to St. John and Halifax Before Snow Flies

St. John, N. B., June 15.—Trains will be running into St. John and Halifax over the Grand Trunk Pacific by way of Moncton and the Intercolonial before the snow flies.

President Hays, of the G. T. P. is coming to St. John about ten days hence to inspect Courtenay Bay and the terminal site recently purchased by his company, as well as to make personal observation of St. John and such of the surrounding territory as is of interest to him in his company's great enterprise. It has been decided that as soon as the Transcontinental is completed through to New Brunswick and Quebec this section will be operated, and while the Quebec bridge cannot be opened for some years yet car ferries will be employed to carry trains across the St. Lawrence at this point. The G. T. P. of course has running rights over the I. C. P., and so will be enabled to reach both St. John and Halifax as soon as the new trackage from Moncton westward has been finished. It has been feared in some quarters that the eastern section would remain idle even after the rails were down, because of the lack of a bridge across the St. Lawrence, but there is no doubt now that trains will be ferried across there.

LINGERING WEAKNESS FOLLOWING DISEASE

Can Be Banished by the Wonderful Tonic Powers of Dr. Williams' Pink Pills

How often it is that the victims of disease—fevers, measles, la grippe or any other contagious troubles are weak and ailing, even after the disease itself has disappeared. They do not pick up strength as they ought; remain listless, tired and discouraged. The reason for this is that the blood has become impoverished by the ravages of the disease through which the victim has passed. Strength will not return until the blood is enriched. The blood can be enriched by no other medicine as quickly and as surely as by Dr. Williams' Pink Pills for Pale People—to enrich the blood and strengthen the nerves is the whole duty of these pills—thousands have found them beneficial in bringing strength after disease had left them weak and run down. Among those who owe good health to these Pills is Miss Laura Hisco, New Ross, N. B., who says: "Following an attack of measles I was left greatly run down and suffered from a bad cough. I was advised to use Dr. Williams' Pink Pills and procured half a dozen boxes. Before they were all gone I had regained my strength; my cough had disappeared and I was once more enjoying perfect health."

The experience of Miss Hiscos that of many others. Dr. Williams' Pink Pills make new, rich, red blood. This new blood strengthens the nerves and banishes such ailments as rheumatism, neuralgia, lumbago, dyspepsia, etc., and brings the glow of health to pale cheeks. The Pills are sold by all medicine dealers or at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

To hesitate is to yield, to deliberate is to be lost; we must act always on principles; we must never pause to calculate consequences.—Agrippinus.

ILLINOIS BRIBERY SCANDAL.

Senator Lorimer Will Probably Be Witness for the Defence.

Chicago, June 15.—Senator William Lorimer probably will be a witness for the defence in the trial of Lee O'Neill Browne, charged with bribery in connection with the election of Lorimer to the United States senate. It is believed that Lorimer will testify that Browne is the victim of a gigantic political plot.

Charles A. White, member of the lower house of the Illinois legislature and principal witness against Browne, under cross examination to-day denied that he had sold his confession to the Chicago Tribune because he was hostile to Lorimer and Browne.

ORE SHIPMENTS.

Kaslo, June 14.—The ore shipments through Kaslo for the month of May totalled 1,384 tons. Of this amount the bulk was zinc; only 120 tons of silver-lead being produced. The largest shipper was the Witwater Deep with 1,102 tons of zinc, the output being divided as follows:

Silver-Lead—Rambler, 60 tons; Whitewater, 40 tons; Whitewater Deep, 20 tons; total 120 tons.
Zinc—Whitewater Deep, 1,102 tons; Lucky Jim, 162 tons; total, 1,264 tons.

The Whitewater zinc was consigned to the National Zinc Co. at Bartlesville, Okla., and the Lucky Jim to the Mineral Point Zinc Co., Dupue, Ill.

MR. BARNARD'S EXPOSITION.

We suppose the idea behind the "reception" tendered Mr. George Henry Barnard last night, a very long time after our esteemed Parliamentary representative had returned "unhonored and unsung" from his legislative duties, was to remind the people of Victoria, in case they might have forgotten, that Mr. Barnard is still alive and an active political force.

Of course no Tory, and particularly no Tory of the Barnard type, could make a public declaration of policy without charging the Liberal party with harboring traitorous designs against the British Empire. Mr. Barnard is either lamentably ignorant of the facts of the history of his own country—or he deigns to consider himself a Canadian—or he deliberately falsifies the records when he makes the assertion that Sir Wilfrid Laurier said "not a man nor a gun" when the question of Canada lending assistance during the progress of the South African war was raised.

It is to be presumed that Mr. Barnard has a copy of the blue book containing a report of the proceedings of the Defence Conference at which the views of the Admiralty were set forth. If he will consult that authority he will find that his unjustifiable insinuation that the aims of the Admiralty were disregarded for political reasons is absolutely unwarranted.

Mr. Barnard apparently identifies himself to a limited extent with the Borden naval policy, one of the seven individual policies enunciated by the Conservative as represented in the House of Commons. That policy calls for an immediate contribution of twenty millions of dollars to assist in the construction and maintenance of ships for the Imperial navy.

This is the immediate effect of the "policy" Mr. Barnard lauds, a policy which no less an authority than the Governor-General has pronounced not a policy at all but a sop.

COST OF THE G. T. P.

We have seen many estimates of the cost of the National Transcontinental Railway, but none quite up to those furnished his confiding hearers by Mr. G. H. Barnard, M. P., last evening. Mr. Borden, as becometh the leader of an opposition which never could see any real necessity for such a line of railway, has thus far proved himself the boss calculator.

"Let him look up the cost of building railways at a time when material was not nearly so expensive or labor nearly so high as at present. Let me give a few samples of what roads have cost in years gone by. In New South Wales, the roads have cost \$64,000 a mile; in Germany, \$107,000 a mile; in France, \$126,000 a mile; in Italy, \$109,000 a mile; in Austria-Hungary, \$87,000 a mile; in Great Britain and Ireland, \$272,000 a mile.

Canada, including cheaper colonization roads, is \$56,000 a mile. Take the intercolonial—and my hon. friend will not complain if I use this as a comparison, for his friends had something to do with the construction of that line as well as ours—the intercolonial has cost for construction \$63,000 a mile.

But Hon. Mr. Graham does not look for Mr. Lennox's extravagant figures being realized. He presented a careful computation from estimates made by the chief engineer, Mr. Gordon Grant, showing the probable total cost of the railway, including its terminals, to be \$123,826,826.

The action of the United States Senate, which has time and again stood in the way of treaties leading to better trade relations, is thus strongly characterized by the New York Journal of Commerce: "Our treatment of Canada in the matter of reciprocity agreements has been shabby, and it is no wonder that she has grown sly of renewing negotiations, but it has been no worse than that accorded to other countries.

Premier McBride is still original in his ideas, although it is regrettable to observe that he appears to have lost his formerly unique power of epigrammatic expression. Mr. McBride pointed out last evening to a startled audience that the effect of the visit of Sir Wilfrid Laurier to this province will be a further consolidation of the Conservative party.

There is no question as to the patriotism of the Lords. But neither is there any doubt that the majority of their lordships believe that their privileges and patriotism are synonymous, that if the first be swept away the Empire will be doomed.

MISREPRESENTATION CORRECTED.

To the Editor:—Last week my attention was called to a report of the sitting of the University Site Commission held in Vancouver, published in the World of that city. Among those who presented their views to the commission was Dr. D. J. Fraser, professor of New Testament Literature in the Presbyterian College, Montreal, who is now giving a special course of lectures to the students of Westminster Hall.

PERSONAL.

Mr. and Mrs. T. H. Matthews, Gladstone avenue, have left on a visit to their old home in Cornwall, Eng., after an absence of 26 years. They left on the C. P. R. and will visit friends in Toronto and Belleville en route.

Mr. and Mrs. N. J. McConnell, of Boston, have purchased a new house at 225 McBride avenue and intend returning to Victoria. Mrs. McConnell will receive the last Friday of the month.

Mrs. J. M. C. Smith, Government street, will be the hostess at a garden party to-morrow afternoon. In case of rain, which is unlikely, the guests will be received in the house.

Miss Jean E. Hartley, Lethbridge, Alta., who has been the guest of Mr. and Mrs. J. M. Mellis, left yesterday for Vancouver, where she intends to spend the summer.

Mr. Ross, manager of the Coronado hotel, Coronado Beach, Cal., and Mrs. Ross, arrived in this city on the Inverness this morning to spend a short time here. Miss Bell and her sister, Mrs. Rolland, 1026 Edmonton road, will receive on Friday and not again during the summer.

Kola Tonic Wine

Contains No Alcohol

No need to purchase unreliable "soft drinks," although many are sold. Indeed, one sample of a mysterious decoction called dandelion stout when analyzed was found to contain 12.3 per cent alcohol. The chief offending drinks were ginger beer and herb beer; these contained more alcohol than a pint of champagne. Particular people are drinking Kola Tonic Wine which contains no alcohol. It is made from the pure extract of kola nuts combined with celery and pepsin. It not only builds up the nervous system, but cures indigestion, liver complaint, kidney trouble, etc. Unrivalled as a summer drink and delicious, too. Call for a glass of Kola Wine at your hotel or cafe. Order a bottle from your licensed grocer for home use.

—The last meeting of L'Alliance Francaise for this season will be held this evening in the Alexandra Club parlors at 8:30. Madame Fausch de Kerpedron will speak on the career of Edmond Rostand, author of "Cyrano de Bergerac" and "Chanteclair," and will read selections from his works.

—Robert Winfield Gardiner, the five-year-old son of William Gardiner, druggist, corner of Pandora avenue and Cook street, met with a painful accident yesterday afternoon. He, with several playmates, was trying to discover the mechanism of a bicycle, when one of the boys moved it forward. Gardiner's hand was caught in the gear and his little finger and a part of two others on his right hand were severed.

SPECIAL MEETING OF COUNCIL THIS EVENING

Some Important Matters Expected to Crop Up at To-night's Session

A special meeting of the city council will be held this evening for the purpose of dealing with some delayed business which has accumulated. The important matters expected to develop are reports from the chief of the fire department in respect to the circumstances of the blaze at Spring Ridge, a report from the sanitary inspector in regard to the erection of new stables and the action of the mayor relative to the Country Club's race meet which opens on Saturday next.

Ald. Bannerman, at the last meeting of the council, objected to what he termed discrimination shown people in Victoria in dealing with the affairs of the sanitary department. He instanced the new stable recently erected by Steve White on View street. In this case there was no cement floor and no sewer connection. But in regard to Mr. Caldwell's stable, recently erected on Cormorant street, the inspector had insisted on the cement floor and the sewer connection, and in a third case which Ald. Bannerman cited there were no sanitary arrangements whatever. L. Lancaster, the sanitary inspector, will

VERY REV. A. J. DOULL, DEAN OF COLUMBIA.
Who was installed by Rt. Rev. W. W. Perrin, Bishop of Columbia, in Christ Church Cathedral this afternoon.

submit a report in writing on these matters this evening.

DR. BAPTY BACK.
Returns From Stewart—Tells of Rich Strike of Free Gold at Bitter Creek.

After making a visit to Stewart to report on sanitary conditions for the provincial government Dr. W. Bapty, of Douglas street, has returned to the city. Speaking of the Portland Canal mining town and the surrounding district Dr. Bapty says that Stewart is a pretty city; well situated and with a future before it. While he was there a stampedie gold has been found in a rich streak, was taking place.
An engineer who had examined the strike was interviewed by Dr. Bapty, and expressed the opinion that the ore was the same as that found at the Red Cliff mine. The rock is a soft, honey-comb substance, from which the snow and water appears to have eaten the hard quartz and lighter metals, leaving only the free milling gold.
Dr. Bapty has not yet made his report to the government, but it is understood that he was satisfied to a large extent with conditions at Stewart.

NEW STREET CARS

Three new cars for the B. C. electric railway's service will be here in a few days and will replace some of the older cars now in use. Passengers on the Outer wharf and Douglas street line are hoping that one of the cars to be replaced will be No. 29, an old rattlesnake of an early vintage. Its windows shake, so that conversation is well-nigh impossible, one door jams tight and another has to be kept open with a wedge, and the whole thing rattles and sways in an alarming manner.

ABSENCE OF COUNSEL CAUSES ADJOURNMENT

Insurance Commission Will Take Further Evidence To-morrow—City Clerk Subpoenaed

Owing to the enforced absence of E. V. Bodwell, K. C., who is counsel for the insurance companies, the final sitting of the Insurance Commission in the board of trade building was today adjourned until to-morrow morning.

R. S. Lennie, chairman; D. H. Macdowell, and A. B. Erskine, Vancouver, the commissioners, were present with J. J. Shallicross, representing interests of the policy-holders, and J. W. De R. Farris, who is counsel for the B. C. Lumber and Shingle and the B. C. Packers' associations.

Mr. Shallicross, after asking an adjournment until Mr. Bodwell could appear, said that he thought a strong case would be made out against the companies. He would produce a number of further witnesses, among them being H. F. Bullen, who would give evidence concerning policies covering a variety of risks; Mr. Scanlon, who would make comparisons between policies as issued in British Columbia and in the United States; and Mr. Short, of Challoner & Mitchell, Limited, who would produce a policy previously asked for by the commission. Mr. Scanlon had told him that his company had to place two or three million dollars' worth of insurance at one point and that licensed companies could not meet such a demand.

Mr. Shallicross asked the commission if more evidence would be required on the point of rates. "If the commission will say it is satisfied that the rates are extortionate we will not need to produce further evidence," he said.

"I don't think the commission will commit itself to anything like that," replied the chairman.
Mr. Lennie asked if any evidence concerning municipal license fees would be placed before the commission. Mr. Shallicross promised to have City Clerk Dowler and probably other municipal representatives appear and give evidence. He would also produce evidence in refutation of the statement made before the commission at Vancouver that there was no fire marshal in Victoria.

The Wonderful Sale of a Simple Car

The Overland—the simple and trouble-proof Overland—now commands a larger sale than any other car in existence. And the demand is now growing five times faster than it ever grew before.

The Car That Sells Itself

The second year's sale of the Overland was ten times as large as the first. And this year's orders are already five times as large as last year's.

Now we are making 140 Overlands daily. Last year at this time our output was from 20 to 25.

Two years ago we had one little factory. To-day we have five factories employing 4,500 men.

But never before has the demand increased as fast as it is increasing to-day. The more cars we get out the greater the call for the Overlands sell themselves.

The Reasons

One of the Overland's greatest attractions lies in its utter simplicity. It has fewer parts than any other car. It has none of the usual complexities.

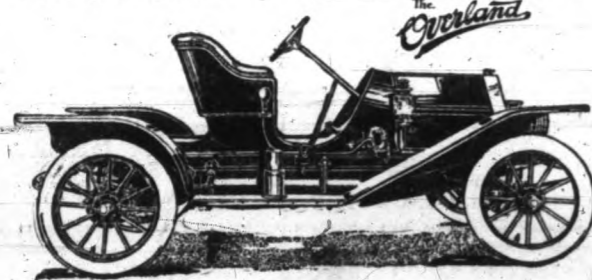

And it has the pedal control. Push a pedal forward to go ahead and backward to reverse. Push another pedal forward to get on high speed. It is as simple as walking—so simple that a child can master the car in ten minutes.

Then the Overland is almost trouble-proof. Many an owner has run from 7,000 to 10,000 miles without even cleaning a spark plug. Any novice can handle and care for it.

It is a car which always keeps going. In the Post office service, where Overlands are used, these cars have been run for 500 days, winter and summer, without missing a trip.

The \$1,000 Car

This year we are selling a 25-horse-power Overland for \$1,000 in roadster style, and for \$1,100 with complete toy tonneau.

The \$1,000 Overland 25 Horse Power—102-inch Wheel Base. Same car with Tonneau, \$1,100.

taking steps to hold a reunion of the Vancouver Island members about the middle of July. The local committee has decided that Duncan shall be the scene of the gathering, and arrangements will be made at once with the outside courts. Sub-committees were appointed and have already got to work. The A. O. F. excursions and entertainments are always popular and enjoyable and the committee will make every endeavor to render this a banner event.

DOUBLE-HEADER FOR BALL FANS

Ladies Free for Future to All the Games Played on Friday Nights

The Victoria ball team will again this week have a double-header for the entertainment of Victoria's five thousand ball fans, when the Seattle Sprites, recently reorganized, will pay its first visit to Victoria this season. Some of the men who were on previous teams here this year were formerly on the Spirit ball team, but until Manager Wattleit receives the line-up he will not be able to say which of the former players have joined the new team.

The Sprites last year played high-grade ball, and took into camp many of the best amateur teams that play round the State of Washington.

The Friday night game will start at 8.30 and the Saturday afternoon game at 2.30 o'clock. George Burns will manage as usual. The team to represent Victoria is not yet named definitely, but Peden will probably dispense the curves on Friday night and Rube Steenson will send his speed-burners across on Saturday.

Whatever changes are made in the line-up, there will be a good, errorless ball team in the field. Pete McQuade signaled his return into the game last week by perfect ball, and all the other positions were held down with ease. Those games were too easy.

The Victoria ball team is in good condition; there are no loose cogs in the wheel. Wattleit has his men in working trim. There is a general feeling among the players that keeps them working on their merits, and the team consequently pulls together better than any team Victoria has had. The nine is fast getting its signals down to perfection and is improving in its team play every week.

Following the double-header this week, the manager has booked Ballard city team for June 24th and 25th, another double-header. Following Ballard, will be George Engle's nine from Bellingham, and this is the one team that Victoria wants to beat, for any team under George Engle's guidance is a ball team. This nine will be here July 1 and 2, and is the fastest nine outside the Northwest league. Snohomish and Mount Vernon will follow for double-headers after the opening July dates.

For the future there is a new order of things for the Friday night games. The manager, flattered by the number of ladies who came last week to see him and George Burns, will make an order to the gate-keeper that "every lady is for the future admitted free to the Friday night games."

Bob Peden is learning to hit. Last night he hit a two-bagger off Ed Steele in a little practice game between Beacon Hill and Victoria nines. A home run Friday night, Bob.

SPORT NOTES

The big lacrosse game in the city league takes place to-night. North Ward and Cloverdale meet at the Royal Park. The game will decide the positions of the teams in the first round of the series.

Both Cloverdale and North Ward have out exceptionally strong teams. The match should be fast and scientific, for the teams have been at constant work, and the rivalry is as keen as red pepper.

The Y. M. C. A. Junior summer camp will be held at Saanich this year. Provision is made for 25 to 30 members. The outing will be for two weeks. Full particulars can be had from the Y. M. C. A. secretary.

Harry Griffiths, the point player of the Vancouver lacrosse twelve, will probably lose his eye as the result of an accident at last Saturday's game. He is in St. Paul's hospital.

California university has sent its messenger to England to arrange for the visit to the sunny state of a Rugby team next fall. He is negotiating with the B. C. clubs as regards the support to be obtained here.

W. E. Ditchburn has been selected to referee the lacrosse match between Vancouver and Westminster, to be played at the Royal City next Saturday. The game will be an exhibition, and will not count in the Minto cup series.

On Saturday the Albon cricket team goes away for the first time. It will play Seattle at the Sound city. The Albon B eleven is booked to play our advisory committee.

WATSON'S NO. 10 Scotch Whisky

Distilled in the Highlands of Scotland from pure Scotch Barley Malt.

Insist on "WATSON'S"

Canadian representative, J. H. Bonar, 22 Hospital St., Montreal, Que.

against Strawberry Vale at Beacon Hill

The University and Collegiate schools are moving in the right direction. As from all the big public schools in the world the cricketers and athletes are obtained, so it will be in Victoria.

"Jeffries has gone fishing to-day." This momentous news was flashed all over the world this morning.

Abe Attel and Owen Moran are practically matched towards the end of this month. The weight will be 124. The hitch is whether the contestants shall weigh at the inside or at 3 o'clock the afternoon of the fight. The match will be fought at night.

Trainer Delaney has divorced Jack Johnson from his big speeding automobile. The auto is at the paint shop, and Johnson at the training camp at Colma. That is how they will be till after, says Delaney.

PRIDES WIN THEIR THIRD LEAGUE GAME

U. C. T. Found the Cigar Men Too Strong on the Baseball Diamond

Teams	Played	W.	L.	Pts.
Prides	3	3	0	6
Beacon Hill	2	2	0	4
Fifth Regt.	2	0	2	0
Empress	1	0	1	0
K. Columbus	1	0	1	0
U. C. T.	1	0	1	0

The Prides were again victorious last night in the city ball league competition, when they met and defeated the United Commercial Travellers, by a score of 12 to 6.

The Prides, with one game more played than Beacon Hill, the only other team that has not suffered defeat, are at the top of the list, and will meet the Beacon Hill nine on Friday night for the first time.

To-night the Knights of Columbus and the Empress teams will meet in this league at the Beacon Hill diamond, the game commencing at 6 o'clock, or as nearly that time as possible, so as to get the full light.

The Commercial Travellers nine came into the league at the last moment and was not generally expected to put up the biggest fight for the pennant, but the play of the team on its first appearance last night surprised the natives and dope watchers who assemble round the Hill when these popular city league games are on. The U. C. T. took "a grip" (notice it) on the game early, and if they lost it, that was because the Prides took it away from them. When the U. C. T. settles down to team work, it will be a good nine.

The Prides played with their usual brilliancy. Spence and Loveridge being the battery. Hallett and McLaughlin were the battery for the Travellers.

New Team Formed. There are new ball teams springing up in Victoria every week. The latest is the Woodworkers, Ltd. Joe Fox is the trainer and manager, and he is confident he has a team of ball players with a future. Harold Twist is secretary. His address is 2843 Douglas street, and he will receive dates from all teams that think they can beat the Woodworkers, Ltd.

N. S. W. COLLEGE HEAD OF EMPIRE DAY SHOOT

Two-Hundred-Guinea Cup May Go to Antipodes for Second Year

The London Daily Mail gives the following score received of the Daily Mail Empire Day shoot, which was fired last month. The account in full is as follows:

"A large number of clubs have not yet forwarded their scores, but it is hoped to get a complete list of the club scores on Saturday. The highest score received so far is that of the Granville Technical College, Granville, New South Wales, and it appears, therefore, that the Daily Mail 200 guinea challenge cup will, for the second year in succession, go to New South Wales.

"A gratifying feature of this year's contest is the high standard of shooting of the competing clubs. It will be seen from the list published below that no fewer than forty-six rifle clubs have scored 700 and over of a possible 800, as against eleven in 1908 and thirty-four in 1909.

"Before the final awards are made the actual score-sheets signed by the independent range officers, which are being forwarded by mail, will be submitted to our advisory committee."

Gained Fifteen Pounds

MR. WILLIAM A. BURGESS.

"Am in better condition, physically than I have been for years. My stomach, kidneys and liver are in fine shape," says Mr. William A. Burgess.

"While serving in the U. S. Army, 1898 to 1901, I contracted stomach and kidney trouble, from which I have suffered ever since, and for which I receive a pension. I tried many remedies, but none gave any noteworthy effect. About three months ago, I began using Duffy's Pure Malt Whiskey as a medicine. I have used three bottles and have gained fifteen pounds since I began using it. I am still using it, and I do not think there is any medicine made that is equal to it. My stomach, liver and kidneys are in better order than they have been for years, and if these three organs of the body are kept in order one will have few doctor bills. I cheerfully recommend Duffy's Pure Malt Whiskey as a tonic, a stimulant and renovator of the whole system."—William A. Burgess, P. O. Box 575 Danville, Ill.

Duffy's Pure Malt Whiskey

Has been before the public for half a century and its curative value has never been questioned. It is an absolutely pure distillation of carefully malted grain. Overworked men, delicate women and sickly children will find in Duffy's Pure Malt Whiskey the health and strength-giving properties that are so necessary to them. It is prescribed by doctors and recognized as a family medicine everywhere.

If in need of advice, write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet containing rare common sense rules for health, which you cannot afford to be without, and some of the many thousands of gratifying letters from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health. Sold by druggists, grocers, dealers, or direct, \$1.50 a large bottle.

FIND REPORT FAIRLY OBTAINED AND USED

Police Commission Inquires Into Fire Chief's Charge Against Constables This Morning

That a reporter on civic buildings detail obtained the news, obtained in a perfectly legitimate manner, and reported it correctly, was the decision of the police commissioners this morning.

When the fire chief took up the matter of the complaint, Commissioner Tait went into the news item sentence by sentence, and had the fire chief answer it.

Patrol Driver Bradley said: "The patrol wagon was slow in turning out, but it was on the street and off before the fire brigade automobile."

The fire chief denied the constable's statement, and P. C. Blackstock replied: "They laid the hose the wrong way on."

Commissioner Tait, when it was asked what could be done to control the reports that went out, said: "You cannot control a reporter."

Patrol Driver Bradley - The fire chief threatened me. He used bad language and tackled me like a wild man.

The fire chief got up to explain when the chairman, Mayor Morley, interrupted, saying: "I think there have been mistakes on both sides."

MAY DIE FROM WOUND

Man Under Arrest Charged With Stabbing His Brother-in-Law

Oshawa, June 15.-John McAdam, middle-aged, is lying at his home here, having been wounded by a knife thrust into his side, five inches deep, by Bernard Sheridan, his brother-in-law, who was arrested.

**HUMID,
HEALTHY HEAT**

SCIENTISTS tell us man originally lived in the water. Be that as it may, health still demands a plentiful supply of moisture in the air we breathe as well as in the food we eat. The commonest cause of colds, sore throats, pneumonia and similar troubles in winter is the over-dry, over-heated atmosphere of so many furnace-heated houses.

Of course the average Furnace gives off heat—that's what it is for—but it's a dry, parching, suffocating heat that cracks your skin and affects your lungs and throat and makes you feel "chilly" in spite of an overheated house.

It is moisture that is wanting in the air—real natural humidity of the outside atmosphere—and the ordinary Furnace is not built to provide this moisture. The Solution is the

**"Circle Water Pan"
OF THE
"Good Cheer" Furnace**

A good big water pan—not a mere makeshift—placed where the water can be best evaporated, evenly distributed, breathing refreshment and "Good Cheer" air over the whole house.

The "Good Cheer" Furnace gives a natural, humid heat—an atmosphere which is perfectly comfortable at 65°, and as healthy as it is comfortable.

WILL ASK CITY TO CONDUCT HOME CHILDREN'S AID WILL INTERVIEW COUNCIL

**Reports Adopted and Officers
Elected at Annual Meeting
Last Night**

At the annual meeting of the Children's Aid Society held last night it was unanimously decided that the city should be asked to take over the maintenance of the children's home recently established by the society. A deputation which will include Charles Hayward, president of the society; Mrs. Gordon Grant, secretary; Bishop Perrin, Bishop Macdonald, A. E. McPhillips, K. C.; George Jay, Rev. W. Leslie Clay, Rev. Hermon Carson, Mrs. Jenkins, Mrs. Cooper and others, will wait upon the city council shortly and place before the aldermen the views of the organization. In this connection the executive of the society has empowered to turn over to the corporation, in case the city consents to the proposition, the furniture of the home.

There was considerable discussion dealing with the advisability of taking early steps to have a juvenile delinquents' court, as provided for in recent legislation, established in the city, and the meeting unanimously expressed itself in favor of this course.

The president, Charles Hayward, read the following report:—The past year has been one of exceptional activity, and our work has we confidently believe, accomplished satisfactory results. In addition to many cases dealt with by our office, whose report is appended hereto, and whose honor and painstaking efforts have been singularly successful, there have been special calls upon us by reason of several neglected children having fallen into the hands of the police and requiring immediate attention. Quite recently four boys and a girl were on our hands at one time, and not having suitable foster homes available, it was necessary to provide some refuge or shelter for them. We succeeded in placing one boy in the provincial home at Vancouver, but there was no room for the others. Temporary lodging was found for one of the lads in the Jubilee hospital, while the girl was kindly taken in charge by the authorities of the Oriental home. In the meantime the two other boys, aged 9 and 11 years respectively, were running wild, and getting into all kinds of trouble, and for whom there seemed no place but the reformatory, or gaol. Your committee, then, after much anxious consideration, resolved to open a home in Victoria, relying upon contributions from the charitable and patriotic citizens to defray the expenses. Consequently a suitable house in the suburbs was rented, furnished, and an experienced matron engaged, and the good work was thus fairly started.

Although at first there was much to discourage, we now hope and believe that this effort will be crowned with complete success. The initial expenditure, and the running expenses have so far been met by generous voluntary contributions, and there is sufficient in hand to carry on for a short time, but it is quite evident that if the home is to be continued, a certain permanent source of income must be assured. There seems to be a general feeling that the principal part of this burden should be borne by the civic authorities, and we therefore have some hope that the favorable opportunity now presented to establish at almost nominal cost, a juvenile court, and children's home, will commend itself to His Worship the Mayor and board of aldermen, so as to provide for neglected or delinquent children being trained into good citizens, rather than allowing them to grow up, developing criminal instincts, and becoming a menace to society, and a charge upon the public. The city school trustees are, we also understand, about to engage a very necessary transient officer; we therefore respectfully suggest that the time is opportune for the corporation, and school trustees, to join forces, so that the appointment might combine with it the duties of the delinquent officer of the children's court.

The detailed report of the treasurer makes the gratifying showing that the actual outside preventive work of the society, including many cases brought before the magistrate, has been accomplished almost without cost, owing to the kindness of Mr. A. E. McPhillips, K. C., in making no legal charges for his services, and to the unpaid efforts and economies of our excellent secretary. The local press and the officers and men of the city police, have also rendered valuable assistance.

The list of members and donors whose subscriptions have been actually received is also appended.

CHAS. HAYWARD,
President.

Mrs. Gordon Grant, secretary of the society, reported on the work done during the year in the way of assisting children, and quoted a score of cases in which the society had successfully intervened. In her report Mrs. Grant dealt with truancy and the evils arising from it in the following terms:—

"The work of the Children's Aid Society has increased very much during the past year. As the city grows, the work among neglected and delinquent children must necessarily increase. As long as there are children who play truant from school, just so long will there be delinquent children—the idle hours of truancy being too often the cause of the first missteps of the children, which, with the lack of parental control at home, very quickly develop into delinquency."

The election of officers for the ensuing year resulted as follows: President, Charles Hayward (re-elected); vice-president, Rev. W. Leslie Clay; treasurer, Mr. J. E. Andrews; secretary, Mrs. Gordon Grant; board of management, Bishop Perrin, Aldermen Bishop and Humber, Rev. H. A. Carson, Mesdames Burns, Jenkins, Wilson, E. B. Marvin, Spofford and R. S. Day.

In re-appointing A. E. McPhillips, K. C., counsel for the society, a vote of thanks for his great assistance in the past was adopted.

A balance on the right side of the bank ledger was shown by the report of the

treasurer, which, in company with other reports, was adopted. His report was as follows:	
Receipts.	
Balance on hand, Dec. 15th, 1909, as per audited statement	\$ 77 29
Subscriptions and donations	501 50
City of Victoria, per order of council for maintenance of Clark's family	378 00
	\$ 956 79
Expenditures.	
Maintenance, Clark's family	\$ 78 00
Telephone, telegram and messages	19 40
Travelling expenses of children	4 50
Interpreter's fees	2 00
Postage and stationery	2 00
Furnishing home	298 00
Clothing for children	14 50
Matron's salary for May 21st, 1910, and board of inmates to May 31st, 1910	41 93
Balance in Bank of Montreal	192 01
	\$ 956 79

In the general discussion evoked by the reading of their reports by the officers, Bishop Perrin referred to the enthusiasm of the last meeting, when the noted juvenile jurist, Judge Lindsay, was present. He hoped to see continued interest in the work of society, and thought that its effect upon the care and upbringing of children in Victoria was being felt to advantage.

Those present were: Bishop Perrin, Bishop Macdonald, Chas. Hayward, Rev. W. Leslie Clay, Rev. H. A. Carson, George Jay, Alderman Bannerman, Mesdames Gordon Grant, Jenkins, Cooper, Mr. and Mrs. Lee and others.

During the meeting the secretary presented the following list of subscribers for the past year: Sundry small collections from friends, \$8; Mrs. T. Shottbolt, \$1; Mrs. R. L. Drury, \$1; Mrs. D. Coran, \$1; Mrs. Johnson, \$5; Mrs. Gillespie, \$5; Mrs. William Langley, \$1; Mrs. Nason, \$5; Mrs. Henty, \$5; Mrs. Foote, \$5; Miss Beatrice Heyland, \$5; Mrs. Wm. Rentree, \$1; Mrs. J. L. Brownlee, \$1; Mrs. M. M. Hedges, \$1; H. G. Beckwith, \$1.

TOO MANY CASTLES.

The civil list of the Emperor as King of Prussia is soon to be increased, probably to about \$2,000,000. Emperor William, who receives nothing from the Empire, has experienced difficulty during recent years in meeting the demands on his allowances from the Prussian Kingdom. These allowances amount at present to \$1,925,000, an increase of \$75,000 having been made in 1909.

The restoration or repairs upon His Majesty's numerous castles are said to be in part responsible for the royal need, but beyond these expenditures the Emperor is a generous supporter of the opera and the royal theatres of Berlin and Weisbaden Castle, having for some years made up an annual deficit in the houses totalling some \$750,000. He also maintains a town and country residence, some of which he has not visited since the beginning of his reign.

The Finest of Scotch Whiskies and the Best Value in the Market

HUDSON'S BAY SPECIAL

BOTTLED IN SCOTLAND FOR

The Hudson's Bay Co.

Cook in Yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection WICK BLUE FLAME Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Steel Tug Boat for British Columbia," will be received at this office until 4.00 p. m. on Monday, July 4th, 1910, for the construction of a Steel Tug Boat.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department, at the office of G. A. Keefer, Esq., District Engineer, Post Office Building, New Westminster, B. C., and Wm. Henderson, Esq., Resident Architect, Post Office Building, Victoria, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Tenders must specify time of delivery of Tug Boat at New Westminster, B. C., free of all risks and charges.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLÉON TESSIER,
Secretary.

Department of Public Works,
Ottawa, June 8th, 1910.

(Newspapers will not be paid for this advertisement if they insert it without authority from the Department.)

NOTICE

Camper and Pleinlers are not permitted to land on Section 96, Esquimalt District, otherwise known as Rosebank.

June 13th, 1910.

Tenders

Tenders will be received by the Victoria School Board until the 25th June, for the painting of the High School. Specifications to be seen at the office of the Board.

ISABELLE MOORE,
Secretary of Victoria School Board.

Midsummer Sale

at

WATSON'S SHOE STORE

The Shoe Sale of the Season Begins Thursday Morning at Nine o'Clock

We have cut our prices till there's no profit left, and shoes will be obtainable at this store to-morrow at prices never before experienced in this city. We wish to emphasize the fact that there is not an old or shopworn pair among our stock. We would rather clear out every pair of summer shoes at cost than carry over till next spring, as we value our reputation for first class, up-to-the-minute footwear and intend to act up to it. We have had unusually cold weather so far this summer and it has affected the sale of our light shoes, leaving us, at the present time, midsummer, with the very cream of our stock on the shelves when they should be on our customers' feet.

We have bought heavily for our fall trade, and it has become a matter of necessity for us to clear out every pair of Summer Shoes. **NO MATTER WHAT PRICE WE GET.**

\$1.50 —FOR— \$1.15

Misses' White Canvas Oxfords, toe caps and low, commonsense heels. Fine for the holidays. To clear at..... **\$1.15**

\$1.25 —FOR— 65¢

A whole collection of little Children's Shoes and Slippers. Sizes 4 to 7½. To clear **65¢**

YOU CAN BUY a Spring hat in the fall at half price, get a bargain in summer clothing at the end of the summer, but we defy you to get new, up-to-date Summer Shoes like we're showing now at these prices **ANYWHERE AT ANY TIME.** We expect to be taken at our word and we have the goods all as advertised. **BRING THIS PAGE WITH YOU.** We don't need to tell our customers anything about the quality of our shoes. No, they count their shoe savings in dollars per month.

What we want is to become acquainted with the shoe buying citizens of Victoria who have never come this way.

Make No Mistake—The Only Place Where so Little Money Buys Such Good Shoes is at

VENTURE WILL SAIL ON MONDAY NEXT

Has Been Engaged to Carry Metropolitan Methodist Sunday School to Pedder Bay

Steamer Venture will leave this port on her first trip north on Monday next, calling at all the principal ports, including Bella Coola. She is still on the ways and will not be off until tomorrow. Even if she were ready the steamer John L. Card is in the way of her being launched. Already a number of bookings have been made on the new steamer, and it is expected that when she leaves she will have a full booking for her initial run.

For a month or two the Venture will run north every ten days, alternating with the Vado. On July 1st she is expected to carry the Metropolitan Methodist Sunday school on their annual holiday excursion, going this year to Pedder Bay, just the other side of William Head.

The steamer Vado will probably arrive here this evening, but will not leave for the north until tomorrow night. The St. Denis, of the same line, will be delayed a day next week, leaving on Thursday instead of Wednesday, in order that her sailing may not come too close to that of the Venture.

A BUSY MORNING AT THE OUTER WHARF.

BUSY SCENE AT OUTER WHARF

FOUR STEAMERS TIED UP THIS MORNING

Two Blue Funnel Liners, Cable Ship Restorer and Excursion Steamer Spokane

The outer dock was a busy place this morning and still wears quite a commercial air. Before 11 o'clock four steamers were moored, three in the inner basin and one across the end. These were the Blue Funnel liners Keemun and Oanfa, the cable ship Restorer and the Pacific Coast excursion steamer Spokane.

The Keemun left for the Orient in command of Capt. Conradi with a half cargo, consisting of about five thousand tons of lumber for Europe, Manila, Hongkong and Yokohama; flour for Manila and Hongkong; and a quantity of general merchandise. She also took about 60 Chinese passengers, of whom over 30 were from this port and six were deported by the immigration department, because they were unable to find the necessary \$500 tax payable in entering the country.

The Oanfa, another of the Blue Funnel liners, is here to-day discharging cargo. The most interesting item is the big cable for the C. P. R., 45 miles in length, which is being wound out into the cable steamer Restorer. The new cable is a three-core combination, 4 1/2 inches in diameter. It was brought out in an immense tank 21 ft. 10 in. in diameter and 9 ft. 4 in. deep, and was kept covered with sea water all the way. The tank will be taken to pieces in the hold and landed at Vancouver, where the C. P. R. telegraph department will use it for keeping enough cable for repair purposes.

It will take three days to wind the cable out on the one steamer and coil it in the tank of the other. The tank in which it is being placed in the Restorer already contains 100 miles of

TALK OF THE TOWN

Nearly Every One in Albion, Mich. Praises Mi-o-na, the Money-Back Cure for Indigestion.

Albion, Mich.—The people in Albion are elated to an unusual extent because of the many and remarkable cures which have lately been made by Mi-o-na, a dyspepsia cure with a world-wide reputation. Everybody is endorsing Mi-o-na. Here is what some respected residents say:

Mrs. E. C. Cass says: "Mi-o-na cured me of a stomach trouble that had bothered me a long time."

W. H. Mott says: "I had doctored for months without help. I used Mi-o-na and since using it three years ago I have been free from the distress."

Mrs. Emma Overy says: "For months I had dyspepsia, bad stomach, distress, pains and nausea. Nothing I used relieved or cured till I used Mi-o-na."

D. E. Campbell, the druggist in Victoria, B. C., sells the wonderful dyspepsia cure Mi-o-na for 50 cents a large box and he thinks so well of it that he will give your money back if it doesn't cure.

HYOMEI

WELCOME HOME TO MR. BARNARD

CONSERVATIVE SMOKER TO THE CITY MEMBER

All Asserted That He Had Made a Record in the House of Commons

What was termed a "rousing welcome home" was tendered last evening to G. H. Barnard, M. P., by the Victoria Conservative Association at the A. O. U. W. hall. There were present on the platform: Premier McBride, Hon. W. J. Bowser, Hon. Dr. Young, George H. Cowan, M. P.; A. E. McPhillips, M. P.; Mayor Robinson, of Kamloops; Mayor Lee, of New Westminster; Col. E. G. Prior, Leonard Tait, chairman, president of the Victoria Conservative Association; C. E. Redfern, W. Blackmore, Frank Davy, Reginald Hayward, H. D. Holmeken, K. C.; D. H. MacDowall, A. C. Burdick, Arthur Berwick, F. Buttacourt, John Haggerty, F. Maynard, J. W. Bolden, R. W. Perry, H. Cuthbert, George Anderson, M. T. Kelly, George Murphy, F. H. A. B. Erskine, W. T. Williams, F. B. Penberton, J. A. Aikman, George Fraser, S. S. Baxter, H. H. Molony, S. Williams and W. H. Price, secretary of the Victoria Conservative Association.

The attendance was large. Mr. Barnard dealt mainly with the naval policy of the Laurier government, contending that the scheme as it was devised by Sir Wilfrid Laurier and his colleagues, after consultation with the admiralty, was unwise and futile. There were speeches in corroboration of this by Premier McBride, Hon. Mr. Bowser, Hon. Dr. Young, G. H. Cowan, M. P. P., and others. All declared that Victoria

had never had a better representative at Ottawa than Mr. Barnard, and the gathering, being a Conservative one, there were no dissentient voices.

Mr. Barnard, after his introductory expressions, entered into an elaborate criticism of the provisions of the naval bill which had lately been passed by the Commons. He argued that if the people of Canada had been consulted in the matter the government would have had to amend its plans. He believed that a great blunder had been made in deciding to have the bulk of the Canadian fleet that is to be stationed on the Atlantic instead of the Pacific. He took issue with the government when it declared that the navy could only go to war with the consent of the governor in council, and said the Conservative party took the view that on every and all occasions when Great Britain was at war Canada was at war.

Turning from the naval question, Mr. Barnard made an allusion to the question of Better Terms. He mentioned that during the recent session he had asked for a statement of the amount of the wharf expenditures in this province, and the figures he got in reply had shown great discrimination against British Columbia. Mr. Barnard concluded by expressing his delight at being home again in Victoria, his native city.

Premier McBride, who followed Mr. Barnard, was given a great reception. He pleaded mainly that the "organization" of the party in British Columbia should be maintained at its present state of efficiency. The Conservatives of this province must be on the watch. Sir Wilfrid Laurier was coming and past experience had shown that such visits were the preludes to general elections.

Hon. Mr. Bowser made a brief speech in which he pointed out that the splendid meeting showed that in the Conservative party were the best citizens of British Columbia. No one present took exception to this statement.

Hon. Dr. Young described Mr. Barnard as a man in whom the Conservatives of the province had the fullest confidence.

G. H. Cowan, M. P. P., announced that Mr. Barnard had been first to

sound the Imperial note in the House of Commons.

This announcement was corroborated later by other speakers. H. E. Thomson, M. P. P.; A. E. McPhillips, M. P. P.; Col. E. G. Prior, Mayor Lee, of New Westminster, and Mayor Robinson, of Kamloops.

What Other People Think

MR. VILLIERS' LECTURES.

To the Editor: The last number of The Week reveals an unfortunate quality in its editor. One would have thought that the abusive and uncalled for attack on me in its previous number had exhausted all the malignity of its philosopher and guide, yet this last number, which is an ungracious and "elephantine" attempt at apology, pretends to make an "amende" while ignoring its usual associate of "honorable." Was it decent or respectable in any way to strike me that he might get at the Canadian Club for not entertaining Sir Ernest Shackleton, who could not in any event visit Victoria? I have too much respect for the good sense and manners of the people of Canada to think that any one would attempt to defend any conduct at once so despicable and cowardly.

It is only necessary for me to state that all the attack on me is at once false, wicked and unprovoked. In my humble way I have endeavored to do my duty as a journalist and war artist. I have been in nearly every campaign since 1876. In my wanderings I have suffered the hardships and rejoiced in the victories of our soldiers and sailors, and of my life I have given its best years to depict the horrors and glories of war to interest and instruct those at home and in the outlying portions of the Empire. It had occurred to me that many would be interested in hearing my account of the dangers and trials of campaigning, and so I have come amongst you as the only anxious way to give the public a fair and reasonable account of the scenes I have witnessed. To be traduced, abused and libelled by any paper for so doing is beyond comprehension. To add to the vicious attack the disreputable attempt at apology the low-bred and vulgar author states, when referring to my lecture, in which I gave some anecdotes of our late King: "He was guilty of the execrable taste of relating a string of anecdotes of questionable authenticity about the late King." The truth of these stories may be proved very easily, and I have no objection to their being published in book form after being submitted to his Majesty, who was pleased to allow me to make them public. I have lived too long and have seen too much to sit quiet while a "bounder"

attempts to avenge his vicious ill-breeding at my expense.

FREDERIC VILLIERS.

SCHOOLS DEVELOP YOUNG CRICKETERS

University Beat the Collegiate School in Under Fifteen Match

The University and Collegiate schools cricket teams, in which the players were all under fifteen years of age, met yesterday afternoon at the University grounds, and the University succeeded in winning by 21 runs at the close of a two-innings match.

The University eleven scored 44 runs in the first innings, and 55 for four wickets in the second. The Collegiate school scored 28 and 50.

For the University, Gerald Woodward hit up a well-made 23 not out, carrying his bat practically through the innings. Coburn for the University took six wickets for 14 runs, and Whitmore three for 4 runs.

In the University second innings, Woodward and Whitmore scored 19 and 22 respectively, and the side rested with 25 for four wickets. The Collegiate school wanted 72 to win, but failed to get beyond fifty by the time the tenth wicket fell. Bald was top score with 19, made by steady cricket. There will be a return match in a few days.

This afternoon the University senior eleven is playing the Empress cricket club at the Mt. Tolmie grounds.

SUICIDE AT NIAGARA.

Unknown Man LEAPS to Death—Steeplejack Has Narrow Escape, While Performing on Wire.

Niagara Falls, June 15.—At the height of carnival day festivities at noon yesterday, an unknown man jumped into the river from Luna Island bridge before the eyes of thousands of people, and was swept in a twinkling over the brink of Luna Falls, which never gives up its toll. Almost within an arm's length was a bridal couple from Detroit, who described the suicide as a man of fifty years, 200 pounds in weight, of dark complexion, close cropped black moustache, wearing dark clothes. An attempt to rescue the body at the cave of the winds, failed.

Niagara's first carnival came to an end when Oscar Williams, a local steeplejack, who essayed a trip across the catwalk, sustaining his weight by his teeth, came to a stop when above the middle of the river, and hung 45 minutes until rescued by the Maid of the Mist. Williams' apparatus American shore, and when it struck the upgrade to the Canadian side he came to a stop and then swung back to the

middle of the wire, which cleared the river by 125 feet, just over the swift power tunnel outlet. Firemen from this city rigged a pulley with a rope and sent it out to him. Hand over hand he made his way to the deck of the Maid of the Mist, which had taken up a position below him.

CITY OF VICTORIA

A complete list of Local Improvement Works authorized by By-Law from time to time will be found posted on the Bulletin Board at the Main Entrance to the City Hall.

Sidewalk Construction

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

- To construct a permanent sidewalk of concrete on the north side of Fairfield road from Cook street to Linden avenue; Belcher avenue, between Oak Bay avenue and Fort street, and to construct permanent sidewalks of concrete with curbs, gutters and boulevard (including maintenance) on both sides of said avenue;
- To construct permanent sidewalks of concrete on both sides of Davie street, between Fort street and Leighton road; And that each and all of said works shall be carried out in accordance with the provisions of the "Local Improvement General By-Law" and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of the works of local improvement, giving said works of local improvement, giving estimates showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within fifteen days from the date of the first publication of this notice, the council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER,
C. M. C.
City Clerk's Office, Victoria, B. C., June 2nd, 1910.

COURT OF REVISION

NOTICE IS HEREBY GIVEN that the first sitting of the Annual Court of Revision of the Municipality of the City of Victoria, will be held in the Council Chamber, City Hall, Victoria, B. C., on Tuesday, the 21st day of June, 1910, at 10 o'clock a. m., for the purpose of hearing complaints against the assessment as made by the Assessor, and for revising and correcting the assessment roll.

WELLINGTON J. DOWLER,
C. M. C.
City Clerk's Office, Victoria, B. C., May 19th, 1910.

FIRE SIGNALS

The public are hereby notified that Fire Gongs and Signal Lights have been placed at the corners of the following streets, namely:

CORMORANT AND DOUGLAS, CORMORANT AND GOVERNMENT, JOHNSON AND BROAD, YATES AND BROAD, FORT AND GOVERNMENT, YATES AND GOVERNMENT.

The sounding of these gongs and the flashing of the red lights are the signals for the instant stopping of all traffic on said streets in the business section of the city until the gongs cease to ring and the lights are extinguished. The strict observance of this rule is required, and all persons are expected to govern themselves accordingly.

WELLINGTON J. DOWLER,
C. M. C.
City Clerk's Office, Victoria, B. C., June 7th, 1910.

MORE PRIZES FOR ROSE EXHIBITORS

Management Decides to Add Several Prizes to Class for Novices

So many entries have been made in the novice class at the forthcoming rose show, to be held in Assembly hall on the 24th, that the management have decided to add several more prizes. The idea of giving prizes to those who never won a prize before was originated by the president, who decided to present \$10 for that purpose. Six dollars goes to the exhibitor of the best six roses and \$4 to the second. Now the society has decided to add more prizes for the same class in order to encourage those who have never shown before and to get them interested.

A promenade concert is being arranged for the evening of the 24th, several local vocalists having consented to give their services. This will be a considerable attraction, especially at this time of year, when there are not many evening entertainments.
The secretary reports that more tickets have been sold this year than ever before in the history of the society for the time of year. That the number of ticket-holders will be still greater is a certainty. The society does very little active canvassing. They do not permit the merchants of the city asking for special prizes, but they do ask for the joyful support of the flower-loving public to help to make the show a success, and, more important yet, to make Victoria better known as the "City Beautiful" of Canada.

SAYWARD AVE.—Well built 7-room house containing bath, hot and cold water, w.c. and other conveniences. The house stands on a good stone foundation, and is in splendid condition. Basement well kept garden, barn, workshop, etc. Lot 88x100. Price for the above is \$2,650, and easy terms can be arranged.

Note—To-day, not to-morrow, is the time to buy property in the Spring Ridge district, for that old eye sore, placed by a madman and up-to-date High school with the usual well kept grounds, etc., which will greatly enhance the value of property in that locality. So, therefore, do not procrastinate but investigate the above to-day.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of Saskatchewan and in Manitoba, certain areas in person at the Dominion Lands Agency, or Sub-Agent for the Dominion Lands Agency, or proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely occupied by himself or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may purchase a quarter section alongside his homestead. Price \$500 per acre. Duties—Must reside six months in each of six years from date of settlement entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$2.00 per acre. Duties—Must reside six months in each of three years.

COAL—Coal mining rights may be leased for a period of twenty years, at an annual rental of \$1 per acre; not more than 2500 acres shall be leased to one individual or company. A lease shall be collected at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior,
N. B. Smith Building, office of this advertisement will not be paid for.

NOTICE

NOTICE is hereby given pursuant to the provisions of Chapter 113 of the Revised Statutes of Canada that the Canadian Pacific Railway Company has made application to the Governor in Council for approval of the construction of an extension of its main line from the City of Victoria, in the Province of British Columbia, and that plans therefor and the proposed extension have been deposited with the Minister of Public Works, and a duplicate thereof with the Registrar General of Deeds at Victoria, in the said Province.

Dated this 15th day of May, 1910.
W. R. BAKER,
Secretary, Canadian Pacific Railway Co.

INTERIOR RIFLE ASSOCIATION MEETING

Over \$700 Distributed in Prize Money—Capt. Carrie, of Nelson, Has Three Cups

Nelson, June 14.—After last night's four days the second annual prize meeting of the Interior of British Columbia Rifle Association has just closed. Larger in numbers and far more representative than the meet of the previous year, the successful prize meeting just concluded set a standard for future years.

The winners of the 11 matches are given below in the order of the competitions:

Trail match—Cash prizes donated by the city of Trail, 7 shots at 200 yards, for tyros, won by A. W. Bleasdel, of Fernie.

Interior Association match—Cup put up by Interior Association, 10 shots at 500 yards, for active militia, won by Pte. F. E. Weir, of Nelson.

Freeway match—Cup, donated by the old Nelson Electric Tramway Company, 7 shots at 500 and 600 yards, for all comers, won by Capt. A. Carrie, of Nelson.

C. P. R. match—Cup donated by Canadian Pacific Railway Company, 7 shots at 200, 500 and 600 yards, for militia and rifle associations, won for the second time and now the property of Capt. A. Carrie, Nelson.

Ladies' match—Prizes in kind, 10 shots at 500 yards, for all comers, nominated by ladies, won by Col. Serrg. L. W. Ashton, Nelson.

The Nelson Daily News match—Cup donated by the News Publishing Company, Limited, this year, 7 shots at 200, 500 and 600 yards, service conditions, for militia and rifle associations, won by A. Donaldson, Trail.

Merchants' match—Prizes in kind donated by the merchants of Nelson, 10 shots at 600 yards, for militia and rifle associations, won by J. Buchanan, of Trail.

Bankers' match—Cup donated by the banks of Nelson, this year, 10 shots at 200 and 600 yards, for militia and rifle associations, won by Rev. W. H. Simpson, Rossland.

Nelson Agricultural Association match—Cup donated by the Nelson and District Agricultural and Industrial Association, 7 shots at 200 and 600 yards, for militia and rifle associations, won for the second time and now the property of Capt. A. Carrie, Nelson.

Team match—Cash prizes donated by the Interior Association, for best aggregate of scores in C. P. R. and Daily News matches by teams of five men from single association or club, won by the team from Trail.

Grand aggregate Silver and bronze medals donated by the Dominion Rifle Association for best aggregates of the six matches earlier designated, silver medal won by J. Buchanan, of Trail; bronze medal won by Capt. A. Carrie, of Nelson.

The only possible of the meet was made when Capt. Carrie made 35 points in the 500 yard stage of the freeway match, with seven bullseyes.

The annual meeting of the Interior of British Columbia Rifle Association will be held at Nelson on December 1st when the business of the present meet and year will be closed out, and officers will be elected, while the plans for the 1911 meet will be laid.

A prize fund of over \$700 was distributed at the recent meet.

BEAR NEARLY KILLS CHILD.

Phoenix, June 14.—Little Effie Larson, the eight-year-old daughter of Gus Larson, of Phoenix, narrowly escaped an awful death from the paws of a bear here. Serious wounds were inflicted on her neck and shoulders by the claws of the animal, and but for the timely arrival of assistance her life would undoubtedly have been squeezed out.

The bear was captured a year ago when a cub, and is kept in a public square in the city as a pet. The little girl was feeding it when the animal playfully grabbed her with both paws and began hugging her. The screams of the child attracted the attention of Mrs. Arthur Webster, who was at some distance, but hurried to the scene and beat the bear over the head with a club until it released its hold of the child.

The child's wounds were immediately dressed by a physician and the little girl is now out of danger, except for a possibility of blood poisoning.

Ker Addition

Victoria, B. C.,
Attorney for the Executors.

HATCHERY AT KENNEDY LAKE

WORK ON BUILDING TO BE COMMENCED AT ONCE

Settlers Complain Regarding the Small Amount Set Aside for Roads

(Special Correspondence.)
Clayoquot, June 13.—Steamer Restless was in the latter part of last week bringing Mr. Cunningham, superintendent of hatcheries, and Inspector Taylor, of the fisheries department, to the site in locating a site for a hatchery at Kennedy lake. They have chosen a site on the Clayoquot Arm of Kennedy lake, about ten miles from the Kennedy river. The site is a very good one. An acre of land is to be cleared and the building started immediately under the supervision of B. Anstie.

Men are repairing the buildings and boat tracks at Leonard island light-house. Mr. Pollock, the lightkeeper, has taken a vacation of a month to his old home in Ontario, the first visit in thirty years.

Messrs. Macdonald and Macleod have a party of men clearing land on their ranch in Deception Pass. They are going into chicken raising, intending to get 2,000.

H. C. Brewster, M.P.P., came in the mail of last week and is now making preparations for the season's salmon catch at the Clayoquot cannery.

Mr. Gordon, the school inspector, came in on last boat and looked over the site for the new rural district school at Tofino, for which Geo. Mally has the contract.

W. Ashton, Nelson, is here visiting her sister, Mrs. E. B. Ganard.

Mr. Knox and son also came in on last boat and are taking up land here. Messrs. Stone are building a thirty-five foot launch, to be run by a fifteen horsepower engine.

Considerable dissatisfaction is expressed around here at the very small amount of road money set aside for this district out of the large Alberta grant. For the twelve miles of main road on the peninsula a sum of \$150 is to be spent, for the road from Deception Passage to Schooner Cove, where almost all the land has been taken up by settlers, a sum of \$250 is set aside. This road is almost impassable in winter and over it the settlers have to pack their effects a distance of four miles to Schooner Cove.

Mr. Dawson, who has just completed a house about two miles back from salt water, the lumber for which, over 4,000 feet, they had to pack a plank at a time. Another \$150 is to be spent at Bear creek, just why people here don't know, as there is no settlers there. A sum of \$100 to \$200 is to be expended in joining up Long Bar and Wreck Bay beaches, but this is of very little benefit to the people of Clayoquot or Clelelet, unless they have business at Clelelet. The biggest drawback this district has to contend with is poor trails or the lack of them.

Mr. Dawson's wharf, the sum of \$2,000 is being spent, although it is a private wharf and the public are not in any way benefited by the expenditure. Mr. Dawley, it will be remembered, was election clerk in the recent provincial election.

WILL NOT CHANGE NAME.

Vancouver, June 14.—The ancient and honorable name of Westminster avenue will stand for a while as a member of Vancouver street nomenclature, while the equally ancient but less honorable name of Main street has been given a name which is probably indefinite. Some time ago Ald. Stevens gave notice of a by-law to change the name of Westminster avenue to Main street. Later this was introduced and received a reading or two. Monday night the council passed it up after they had made agreement of hickering among the members as to the need for the suggested change.

In view of the division of opinion, Ald Ramsay moved that the committee of the whole rise and report with leave to sit again. His motion was carried and the subject is now on the shelf.

CONVENTION IN NOVEMBER.

Vancouver, June 14.—At a meeting held at the Y. M. C. A. building, at which there were present some fifty representative members of the clergy and laymen's missionary movement, preliminary arrangements were made for the holding in Vancouver, on November 14th, 15th and 16th, one of the series of four conventions that will be held in western Canada this year, when all the different missionary boards of the Dominion unite with the laymen's missionary movement. An effort will be made to secure for the convention here two or three of the leading speakers who are taking part in the world's missionary convention at Glasgow.

TRANSIENT AGENTS.

Phoenix, June 14.—At the last meeting of the city council a by-law to provide for the licensing of transient real estate agents or land agents, at the rate of \$100 per year, was read, and on motion passed its first reading.

The chief of the city fire department was instructed to see that all stove-pipe chimneys in the city are removed.

At the beginning of last century Great Britain and Ireland exported to the United States, in London, weights 1,500 tons, and is 177 ft. high.

Uncle Walt The Poet Philosopher

He came home with a string of fish; his wife soon had them fried; and, as he ate the fragrant dish, he lied, my friends, he lied. "The fish I brought were pretty fine," his children heard him say; "but ah! I had a rotten line, and the biggest got away!" He goes down town among his friends, and wears their patience out; he talks and talks till night descends, about his string of trout; "My heart," he says, "will know regret until my dying day; alas that fish so large and wet—the one that got away!" All people know the tale his springs is made of mist and smoke; and heated air and dragon wings, and prehistoric joke. But he will tell his weary tale till he is bent and gray; "The mem'ry makes my spirit wail—the fish that got away!" And you, perhaps, have some old yarn, as tiresome, stale and vain, that Adam told behind the barn, his sons to entertain. Though it may seem to you quite fine, it grates on others' ears; O put it down, my friend, in brine, and let it soak ten years!

Walt Mason

S. A. BAIRD

DEVELOPMENT WORK NOW IN PROGRESS

B. C. Copper Company Assumes Active Management of New Dominion Properties

In an interview with a representative of the Phoenix Pioneer on Friday, J. E. McAllister said: "The British Columbia Copper Company has assumed active management of the New Dominion Copper properties, and development work will commence next week at the Rawhide mine; Harry Jones, superintendent of the Jackpot mine, will be in charge of operations at the Rawhide."

Mr. McAllister, who is general manager of the controlling company, said he could not say definitely when shipments would commence from the Rawhide mine, but that the development work would be done first, opening up new drifts and getting the property in shape to keep up a regular tonnage. In the meantime shipping facilities would be got in shape.

Frederick Keffer, consulting engineer for the British Columbia Company, was in camp on Tuesday looking over the Rawhide and Brooklyn. During the past few months a number of surface improvements have been made at the Rawhide, including a new machine shop, which is thoroughly equipped and conveniently located.

The Dominion's Brooklyn mine will be unwatered for the purpose of later putting a diamond drill on the property, being under way. It is expected to remove water from the mine at the rate of 300 gallons per minute.

At the British Columbia copper smelter the enlarging of the furnaces are under way, two of which are expected to be completed by the end of July. By that time the smelter will be able to treat about 2,500 tons of ore daily, the tonnage coming from the Mother Lode, Oro Denoro, Jackpot and Rawhide mines.

Mr. McAllister states the properties will continue to run on the open-shop principle, a good percentage of the employees being union men. The company has but one object in view—the production of copper at the lowest possible cost, consistent with modern conditions of success. With an increased smelting capacity at its command, it should not be long before the British Columbia Copper Company will begin paying dividends.

With the hum of another compressor in camp, the hammering of more drills and employment for a large force of men, Phoenix will be enjoying a fair share of the mining activity of the province.

WILL BUILD SAWMILL.

Merritt, June 14.—A large sawmill will in all probability be erected by the Nicola Valley Lumber Co. at Candor. Ever since the old mill was burned down, nearly two years ago, the company has been operating at a great disadvantage. With 6,000 acres of timber limits at its disposal there is plenty of material to keep a good sized mill running for many years.

Negotiations are now under way for the erection of a big new mill and one that will meet the future as well as the present requirements of the company. It will be fitted out with the most modern machinery.

THE B. C. LAND INVESTMENT AGENCY, LTD.

SEEKING AID FOR AGRICULTURAL FAIR

Deputation Interviews Kamloops Council—Matter Referred to the Finance Committee

Kamloops, June 14.—A deputation from the Agricultural Association waited upon the city council asking for assistance.

J. L. Brown, one of the delegation, informed the council that the association is determined to this year make a special effort to make the exhibition a success. The association was receiving the support of the board of trade as representing the business men and the board had granted the exhibition \$200. It was intended that the general public should contribute a goodly amount to that end was through the council granting a substantial sum and be asked the council to grant \$1,500 to the exhibition. It was not fair to expect the business men to bear the whole burden of these affairs which are property general benefit and every citizen would benefit by the exhibition which must be made a success this year to wipe off all indebtedness.

J. Gill said it was in the interests of the citizens that the exhibition should be made a success and he strongly supported the application for a grant of \$1,500.

Dr. Wade supported the application, pointing out the intentions of the Agricultural Association. Last year with much economy and poor rate receipts the exhibition had made a splendid success, but it was felt that better attractions should be provided to afford entertainment to a large record attendance.

C. E. Lawrence urged that as all the money given in prices and in fixing up the grounds and buildings is spent in the city, it is desirable that the exhibition be kept to the front and made a success of. The sum granted by the provincial government is also spent here and that is good for the city. Keeping the exhibition going by making a substantial grant was like buying seed to secure a good harvest. They should not be asked to pay for it.

Ald. Nathan moved the request be granted. Ald. Norris and Vasey, as members of the finance committee, asked for time to look into finances before making a vote. They did not feel like voting a sum without knowing how the city stands financially. They were both strongly in favor of making the grant as large as consistently possible.

Ald. Baynton thought \$1,000 sufficient. Ald. Vasey moved the matter be referred to the finance committee and Ald. Bulman seconded it. Ald. Baynton and Ald. Bynnum seconded. On the vote being taken it was a tie and the mayor voted in favor of the original motion, stating that while he was thoroughly in accord with granting the sum asked for, it was right that the finance committee should first look into it.

The deputation thanked the aldermen and then withdrew.

ST. ANDREW'S SMOKER.

At the regular meeting of St. Andrew's Society on Monday evening, President Drayshaw, presiding, it was decided to hold a smoking concert on Monday, June 27th, and a committee was appointed to make the necessary arrangements.

The committee in charge of the sports and dance recently held submitted their report, which showed a gratifying surplus. The report was unanimously adopted, and the members of the committee were awarded a cordial vote of thanks for the excellent and business-like manner in which they carried out the arrangements.

TORN BY PILOT WHEEL ON CITY OF VANCOUVER

Captain of Ferry Steamer in Helpless Condition—When Rescued by One of Crew

(Times Leased Wire.)
Vancouver, Wash., June 15.—His suspicions aroused that something was wrong by the sight of blood dripping into the engine room of the ferry steamer City of Vancouver from the floor of the pilot house above, Engineer D. B. Brumagin sent Del Walker to investigate in time to save the life of Captain Wilbur Balbridge, who had been hurled to the floor by the pilot wheel, which had got beyond his control.

At St. Joseph's hospital to-day it is said that the injured man will recover. The flying spokes of the wheel tore off his left eye lid, cut a three-inch gash in his tongue, lacerated his arm and rendered him unconscious for three hours.

Captain Balbridge said to-day that his coat pocket became entangled with the big wheel and that he was lifted off the floor, hurled into the air and dashed downward. When he was rescued his head was being struck by the wheel, as it swung backward and forward, a plaything of the currents of the Columbia river.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, June 15, 5 a. m.—The pressure is only moderately high on the Vancouver Island and American coast and low over the Canadian Western provinces and the whole region of the American states from the Coast range to the Mississippi. Reed and Fibre Chairs

Look where you may you'll never find better styles in reed chairs than we are now showing on our fourth floor. These come from a big shipment just received direct from one of the largest makers, and they represent the very latest word in this class of furniture.

It's a timely shipment—coming just at the season when such invitingly comfortable chair styles are much in demand. The pleasing styles seem to "fit in" with the charming summer time. They are cool and comfortable—just the ideal chair for this time of year.

These chairs are superior in design, and they are also superior in workmanship and finish and materials. Made of selected reed or linen fibre. Workmanship the best and the finish specially good. These are shellaced, and this preserves as well as adds to the beauty of the chair.

Another feature of this display is the fairness of the pricings. Considering the superiority in quality and design, the prices are exceptionally interesting.

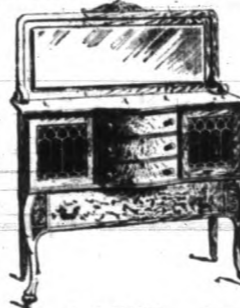

Right now is an opportune time to secure one of these chairs—opportune because the variety is best now and because this is the season when such a chair is particularly desirable. Come in and let us show you a big variety of styles in rockers or arm chairs with prices ranging from \$4.50.

REED ROCKERS AT \$4.50, \$5, \$6, \$7.50, \$8, \$9, \$12.50. REED ARM CHAIRS AT \$4.50, \$6.50, \$7, \$7.50 UP
SETTEES, COUCHES, ROUND AND SQUARE TABLES—A GREAT CHOICE OF STYLES.

New Styles In Furniture Here

Last week a carload of furniture for the dining room and parlor was received, and if you have not been a visitor to this store during the past few days, you'll find much of interest if you visit us to-day.

Here are a few new pieces—
BUFFET—Made of selected oak, finished a pretty golden. Has cupboard with 2 leaded glass doors, 1 full length linen drawer and 3 smaller drawers. 12x38 inch bevel plate mirror. Top measures 20x46 inches. Price \$40.00
CHINA CABINET—A corner style, made of solid oak, finished golden. Has 4 shelves and 2 mirrors. A most useful and decorative piece of dining room furniture. Priced at.....\$30.00

PARLOR CABINET—Mahogany finish. Has 2 mirrors, china cabinet, with plate glass shelf. Neat and attractive design. Priced at.....\$25.00

Dozens More

Many more interesting pieces are on display. You'll find our display of bedroom furniture one of the most complete to be found anywhere. You are welcome to come, and there's no obligation to purchase.

Better Towels

---and by "Better" Towels We Mean Towels That'll Stand Unusually Strenuous Service

In summertime the towel is used more than at any other season. There's so much more hard, strenuous use incident to morning "cold plunges," bathing at the seashore and summer camp, etc., that the towel must be a good one to withstand this extra "strain."

We have an excellent choice of towels, and you'll find they'll stand more use than most sorts. And the prices will compare most favorably with any quoted on any towels anywhere. We import them direct, hence these fair pricings.

Come in and see the recent additions to this stock and choose a few just to test the Weiler brand.

- HONEYCOMB TOWELS—White cotton. Per dozen, \$1.00, or, each.....10c
TURKISH TOWELS—White cotton. Per dozen, \$2.75, or, each.....25c
TURKISH TOWELS—Colored cotton. Per dozen, \$4.00, or, each.....35c
LINEN TOWELS—Rough style. Per dozen, \$8.00, or, each.....75c
LINEN HEMSTITCHED TOWELS, 60c
EMBROIDERED LINEN TOWELS, \$1
LINEN DAMASK TOWELS.....\$1.25
Roller Towels and Towellings.

Your Camp Should Have This Dinner Set

If there is any place where dinnerware is necessary it is the summer camp. Camp "works up" an excellent appetite. Perhaps you may say the "appetite" is strong enough to make the eatables taste "good" from any sort of tableware. But we think not, and anyway the cost of a dinner service suitable for the summer cottage or camp is so small that you might just as well enjoy its use.

We have an interesting collection of low-priced sets suitable for use in summer camps, and we call special attention to some 98-piece sets in floral designs—choice colorings—at, per set.

\$7.50, \$8, and \$9

"Open Stock" Dinnerware

The "open stock" idea in dinnerware appeals to the home-keeper who appreciates the convenience of being able to instantly replace broken pieces and to add to the service as necessity may require or "finances" permit.

16 DIFFERENT PATTERNS

We have 16 different patterns in our "open stock" dinnerware. There's a choice that's broader than a great many stores offer in their entire line of dinnerware. Some real interesting patterns are offered, and we have these pieces in china or semi-porcelain.

Choose just as many pieces as you wish—add to them as you like. Spend a few cents or a few dollars. Does that appeal to you?

Weiler Bros. Complete Home Furnishers Victoria B. C.

OBITUARY RECORD

The funeral of the late Edna Lyall, the infant daughter of Mr. and Mrs. L. A. Campbell, took place this afternoon at 2:30 o'clock from the family residence, 711 Wilson street. Rev. H. A. Carson conducted services of an appropriate nature. There were a number of sympathizing friends present and many beautiful floral offerings covered the little casket. Interment was made in Ross Bay cemetery.

The remains of the late Mrs. Frederick Brooks were laid in their last resting place this morning in Ross Bay cemetery. The funeral was largely attended, the deceased lady being widely known in this city. The cortege left the family residence, 535 Hillside avenue, at 8:30 o'clock, and proceeded to the Roman Catholic cathedral, where low mass was said by Rev. Father O'Hill. The officiating priest also read the services for the dead at the graveside. Numerous floral offerings were presented. The following acted as pallbearers: William Mable, Robert Anderson, E. H. McDonald, R. S. Fitzpatrick, J. P. Sweeney and M. Steel.

When the horse which he was driving last evening on the Saanich road, near the railroad crossing, became frightened, Thomas Alexander, a milk rancher at Prospect Lake, was thrown from his rig to the ground with such force that his shoulder was dislocated. He is now at St. Joseph's hospital.

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is now the most widely used balm in Canada, yet four years ago it was unknown here! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointment. Most of these consist of animal fads, low mass was said by Rev. Father O'Hill. The officiating priest also read the services for the dead at the graveside. Numerous floral offerings were presented. The following acted as pallbearers: William Mable, Robert Anderson, E. H. McDonald, R. S. Fitzpatrick, J. P. Sweeney and M. Steel.

While running a pack train at the Vancouver Power Company's works at Jordan river, C. C. Fuller was badly injured yesterday. One of the horses which he was driving became balky and

SHAWNIGAN DANCE.

So great was the success of the opening dance given a short time ago by the Shawnigan Lake Athletic Association that the forthcoming dance on Saturday evening is being looked forward to with pleasurable anticipation. Tickets for only one hundred and fifty

guests are being issued, and these can be had at Alex. Pedan's or at the Victoria Sporting Goods Co. These bear a stub entitling the holders to special rates at Koenig's hotel.

The floor at the new club house is described as one of the best in Canada. An excellent orchestra will be in attendance and the supper will be in the skilled hands of Mrs. Koenig.
