New Shipping Act of States Provides for a Reversal of Policy

If Strictly Applied It Will Do Away With Free Reciprocal Treatment of Foreign Shipping; State Department Studies Commercial Treaties.

Washington, June 17.—Study of the new Shipping Act and of the various commercial treaties which under its provisions must be amended or abrogated, has been started by the United States State Department. It was learned from officials acquainted with American commercial treaties that approximately twenty-four of the provisions will have to be denounced in whole or in part within the next few months if the President follows the directions of the section 24 clause of the new Act.

So far no formal protests have been lodged with the Department against the Act, though the British Prime Minister stated that representations on the subject would be made. There have, however, been informal discussions between State Department and Shipping Board officials and the diplomatic representatives of some of the maritime powers and the gravity of the negotiations which must soon begin is freely admitted by the officials.

Complete reversal of the policy of free reciprocal treatment of foreign shipping which has prevailed in the United States since President Madison's administration is said by officials to be involved in a strict application of the new law, which in the section mentioned authorizes the imposition of discriminatory tonnage dues on foreign vessels entering American ports. Extensive subsidies granted to their own shipping by other powers have been held by the advocates of the act to justify some such protective measure by the United States.

Protests. Though Great Britain, as a leading maritime power, is regarded as the one most likely to be affected, in British circles it is believed that the strongest representations and protests will come from other quarters. This reasoning is founded upon the fact that under their free trade system, the British are not able to offer any equivalent concessions to the United States, having already given away freely all that she could offer.

A VANCOUVER DEATH. Vancouver, June 17.—Collapsing at the corner of Main Street and Broadway while on his way to work shortly before 8 o'clock this morning, William Daniels, an electrical worker, died while being taken to a hospital.

MEXICAN RAILWAY TURNED OVER TO LONDON OWNERS. Mexico City, June 17.—Orders that the Mexican Railway will be turned over to a London company in liquidation, to-morrow, were issued today by Provisional President Adolfo de la Huerta.

PAY OFFICE STAFF WARMLY PRAISED. Brig.-Gen. Ross, Paymaster-General Overseas, Heard by Ottawa Committee.

Ottawa, June 17.—(Canadian Press)—Following considerable examination at the hands of the Public Accounts Committee to-day, Brigadier-General G. J. Ross, Paymaster-General Overseas of the Canadian Expeditionary Force, stated that there had been a distinct audit of all accounts in England. All vouchers were now in Ottawa, and in his opinion it was not worth while to go over them again. The vouchers would fill three large rooms.

A Tribute. General Ross paid a glowing tribute to the work of the Pay Office staff overseas. "It did just as effective work as any accounting staff of any large commercial firm in the United Kingdom or Canada. Yet this," added the general, "in spite of many new difficulties arising almost every day."

"This staff accomplished one of the finest pieces of work in the whole Canadian army," he concluded. The Committee spent this morning discussing the 1914-1919-20 account, from England was now in Ottawa. One box was damaged in shipment.

Mostly Pay. Eighty per cent of the sum named was paid, and the balance expenses, he said. A sharp discussion broke out in the Committee just before adjournment when General Ross said that since he took office in 1917 there was not one dollar lost by defalcations in England, and in France the amount involved in "differences" was four million francs.

Any men overpaid were mostly those killed in action. There were 1,798 cases of vouchers shipped from 1914 to the 1919-20 account from England was now in Ottawa. One box was damaged in shipment.

General Ross, when questioned at length, suggested that the Committee visit the building where the vouchers were stored.

Board of Commerce Case Before Privy Council. Ottawa, June 17.—(Canadian Press)—The question of the jurisdiction of the Board of Commerce of Canada as a profit-fixing tribunal will be taken to the Privy Council in London. E. L. Newcombe, K.C., is on his way to the United Kingdom to make application on behalf of the Government for leave to appeal against the finding of the Supreme Court of Canada in the case of the Board of Commerce versus the Ottawa clothiers.

The case, involving the right of the Board to limit the profit which merchants in Ottawa might make on the sale of men's clothing, was argued before the Supreme Court, which divided in its opinion, three judges upholding the legality of the Board's order and three judges dissenting.

WORLD EXPOSITION MAY BE STAGED IN JAPAN IN 1922

Washington, June 17.—Plans of holding either a pan-Atlantic or world exposition at Kyoto, Japan, in 1922, to commemorate the victorious conclusion of the war are being considered by Japanese business interests, the Department of Commerce was informed today.

Labor Ask Government of U.S. to Own Railways

Montreal, June 17.—Government ownership with democratic operation of American railroads was endorsed today by the American Federation of Labor convention here after a bitter fight. The roll call showed that Government ownership was endorsed by a vote of 81,349 to 29,059.

Disorder reigned several times during the roll call when delegations of the various crafts divided on their vote. Charges of "steam rolling" were hurled at the chairman by James Duncan, of Seattle, and other delegates when he denied the right of roll call to delegations that were split on the question.

Applause, boos and hisses alternately greeted the various delegates as they cast their votes. The building trades delegations presented almost a solid front against Government ownership, supporting President Gompers and the administration forces.

Support. The railroad workers were supported by the great voting power of the United Mine Workers, machinists, textile workers, garment workers and the metal trades craft. Mr. Gompers' ruling resulted in the maulers' delegation casting its entire vote for the proposal, despite the fact that John Frey, one of their members, had opposed Government ownership.

Prices Falling. Paris, June 17.—Prices of various commodities in every day use continue to decline in this city and newspapers state that coffee costs less in Paris than in Brazil. Cotton, which for several days was firm, has again undergone an important decline at Havre.

SPANISH LOAN TO FRANCE RENEWED. Spanish Bankers' Consortium Reported to Have Arranged It; 35,000,000 Pesetas.

Paris, June 17.—Renewal of the Spanish loan to France of 35,000,000 pesetas (normally about \$7,000,000) has been arranged by a Spanish bankers' consortium, according to Madrid dispatches, quoting gossip in financial circles. It is said this step was taken with the authorization of the Spanish Government.

SPANISH PRINCE AS A SOLDIER. Crowds in Madrid See Heir-Apparent March in Ranks.

Madrid, June 17.—After marching through streets of Madrid in the company of his father, King Alfonso, thousands gathered along the route of the procession to see the young Prince carrying his rifle and bayonet as an ordinary soldier.

Old Ceremonial. For the first time in several years the old court ceremonial at which the wives of grandees will be presented to the Queen will occur Saturday evening. Duchesses, countesses and marchionesses, newly created or who have inherited titles, will go to the palace in court dress, each carrying a hussack upon which she will kneel before the Queen and place her services at the monarch's disposal. Afterward the noblemen will take turns in serving as lady-in-waiting on the Queen.

NEW YORK NEEDS 16,000 APARTMENTS MORE THAN IT HAS.

New York, June 17.—At least 16,000 additional apartments, involving an investment of \$500,000,000, must be erected to overcome the present housing shortage, according to a report made public today by Edward P. Doyle, secretary of Mayor Hylan's housing conference committee. Banks, insurance companies and other financial houses will be urged to loan money to the limit of building projects designed to bring housing relief.

HON. WALTER SCOTT CIRCLED THE GLOBE

Studied World Affairs and Returns to Victoria With Interesting Views.

Pan-Islam Sentiment in India Appears to Be Growing.

Much improved in health and with many valuable and interesting additions to the storehouse of his memory, the Hon. Walter Scott, former Premier of Saskatchewan, has just returned to his home in this city after making a complete circle of the globe. Leaving San Francisco early in December last year Mr. Scott included in his itinerary the Hawaiian Islands, the principal cities of China, Japan, India, Italy, Switzerland, France and Great Britain.

In India. Mr. Scott took every opportunity which presented itself during his sojourn in various parts of the Indian Empire to gauge the effect of the various phases of discontent in the Moslem world. He found opinion fairly divided both in official and unofficial circles. There were those, he said, who resolutely clung to the old traditionalism which resolutely pinned its faith in the justice of British rule and the benefits of free institutions. This section, while perturbed at times, saw very little to fear from what they chose to describe as a part of the state of mind in which the people of the earth found themselves as a result of six years of unparalleled upheaval.

See Dark Signs. On the other hand keener students of the trend of events were wont to display considerable uneasiness by reason of a growing interest on the part of the Hindu in matters which hitherto had neither concern nor interest for him. For example, Mr. Scott's attention was directed to the significance of the several mass gatherings instituted by the Mohammedans and freely participated in by the Hindus, a condition which (Continued on Page 4)

WILL MINE MORE COAL AT CASSIDY. Granby Company Will Extend Operations There, Says New Manager.

Vancouver, June 17.—Greatly impressed with Granby Mining Company operations in British Columbia, H. S. Munroe, formerly general manager of the Consolidated Copper Mines of Kimberley, Nevada, and recently appointed to the position of general manager of the Granby Consolidated Mining, Smelting & Power Company, passed through Vancouver this week on his way to Anxoy, where he will establish headquarters. Mr. Munroe is yet a young man who has wide experience in copper mining. He is optimistic to a degree over the future of copper mining in British Columbia.

Coal Mining. "I have just made an inspection of the Cassidy coal holdings on Vancouver Island," he said. "Cassidy is a miniature Gary and we expect to continue and expand our coal holdings at that point. The Granby Company has achieved prominence in the mining world under its former management and our policy will continue to be one of progress. We hope to increase copper production at Anxoy and to mine more coal at Cassidy."

Vancover Offices. In a statement given for publication just before his departure for Vancouver, Mr. Munroe said, that to correct any mistaken impression, he would like to have it understood that the Vancouver offices of the Granby Company are to be retained in almost their complete status, under the direction of Valentine Quinn, controller of the company, with headquarters in the Birks Building. He expected, he said, to see Granby remain as an institution in Vancouver, Mr. Munroe continued.

BILL REFERRED TO SPECIAL COMMITTEE. Measure Providing For Prohibition of Exports Given Second Reading.

Ottawa, June 17.—Second reading was given in the House of Commons this afternoon to the bill amending the Customs Act, giving the Governor-in-Council power to prohibit or restrict the export of any necessary commodity from Canada, except under license.

Immediately after the bill had been read a second time, Sir Robert Borden moved that it be referred to a special committee composed of himself, Hon. Martin Burrell, Hon. J. A. Calder, Hon. T. A. Crerar, Sir Henry Drayton, Hon. W. S. Fielding, Hon. W. L. Mackenzie King, Ernest Lapointe and R. F. Green, "Kootenay West."

TURK NATIONALISTS ATTACKED BRITISH ON ISMID FRONT. Constantinople, June 15.—Via London, June 17.—Turkish Nationalist troops yesterday attacked a company of British Indian troops on the Ismid front, who were withdrawing under an agreement. The Turks wounded thirty and captured a British intelligence officer. With the exception of an occasional shot, all was quiet to-day.

ARMY SERVICE IN FRANCE TO BE KEPT AT TWO YEARS. Paris, June 17.—Reduction of military service to less than two years is impossible at the present time, said M. Leverf, Minister of War, while explaining the main points of the projected reorganization of the army to the Military Committee of the Chamber of Deputies yesterday.

Use of French troops in the Orient, was discussed by the Minister, who declared that the forces now in the Near East numbered 70,000 men, most of the organizations there being colonial regiments.

Criticism is Called Forth By Decision of League of Persia

Postponement of Action on Persia's Plea For Defence Against Bolsheviki Is Scored By Section of Press of London; League a Farce, Says Times.

London, June 17.—Sharp criticism of the decision reached by the Council of the League of Nations to postpone action on the plea of Persia for defence against the Bolsheviki is expressed in some quarters here, and one section of the press openly attacks the Council for its action.

Some of those present at the meeting of the Council, it is declared, were given a bad impression, and it is understood Prince Mirza Firouz, Persian Foreign Minister, though outwardly acquiescing, was considerably disappointed. The Times captions its editorial subject "A Pompous Farce," and calls yesterday's proceedings "humiliating."

"This body (the Council) was pledged to the furtherance of open diplomacy," complains The Daily News, "but threw no light on the text of the correspondence which has passed between the Persian and Soviet Governments and certain conditions alleged to have been imposed. This is one way of killing the League."

A Copenhagen dispatch to The Herald refers to the unpublished correspondence between Persia and Soviet Russia, and championing the latter, claims Persia has not answered the Soviet Government's protest against what it calls Persia's violations of international law.

CHILEAN RAILROADS NEED MORE COAL. Santiago, Chile, June 15.—Railroads are seriously handicapped by a lack of coal as a result of agitation among the miners. Trans-Andean transportation has been restricted.

TACOMA POLICE MAY QUIT WORK. Constables Object to Extra Work to Protect Transient Shriners.

Tacoma, June 17.—Tacoma to-day was threatened with a walkout of its police force Saturday. Following an order from the Commissioner of Safety, Fred Shoemaker, that each police officer must work four hours overtime Saturday, Sunday and Monday in order to afford protection during the visit of several thousand Shriners on their way to their convention in Portland, the police force unanimously voted to work no more than the customary eight hours.

Mr. Shoemaker to-day declared the men would work overtime. The policemen declared they would not, that they would quit work first—in an ultimatum to Mr. Shoemaker.

O. M. BIGGAR NEW ELECTION OFFICER. Dominion Franchise Bill May Be Amended and Post Given Him.

Ottawa, June 17.—(Canadian Press)—When the Franchise Bill again comes before the House, there is likely to be an amendment of the bill now provides that the Chief Parliamentary Counsel will also be Chief Election Officer. An Amendment is mooted, it is understood, which will not limit choice to the Chief Parliamentary Counsel.

It is stated that appointment as Chief Election Officer probably will be offered to O. M. Biggar, K.C., should the bill be amended as indicated.

GIOLITTI SPEAKS OF ITALIAN POLICY. Rome, June 17.—Giovanni Giolitti, the Italian Premier, in a talk with the Haves correspondent here justified the foreign policy of Italy before the war, and pointed out that his influence was thrown at the outbreak of the war towards England, Italy, then a member of the Triple Alliance, in a position of neutrality.

The new Premier assured the correspondent of Italy's strong friendship for France.

## URGED TO CANCEL JAPAN AGREEMENT

U. S. Congress Pressed by Labor Federation to Exclude Orientals

Montreal, June 16.—The American Federation of Labor, in convention here yesterday, called upon the Congress of the United States to cancel the "gentlemen's agreement" with Japan, and absolutely exclude Japanese and other Asiatic immigration into this country. The exclusion of "picture brides" also was demanded. Federation departments and international unions were instructed to "co-operate and press" this legislation.

### Rejected.

The plan proposed by E. L. Edger-ton, of Schenectady, N. Y., to have organized labor form with the employers and business interests of the country a "voluntary arbitration body" to settle labor's grievances in the future, was rejected. Other legislation along the same lines will be brought before the convention later, it was announced.

Organized labor declared war on courts of industrial relations, when the Federation adopted a resolution which condemned such legislation as "confiscatory of the liberty and property and a denial of the human rights of organized labor."

### Non-Partisan.

The non-partisan political policy of President Samuel Gompers was unanimously endorsed by the convention.

Declaring that "the cost of living must go no higher," the convention

## HUGHES ATTACKS GENERAL CURRIE

Makes Charges in Commons; Answered by Guthrie and Griesbach

Mackenzie King's Motions to Reduce Militia Money Votes Defeated

Ottawa, June 17.—Discussion of the militia estimates in the House yesterday afternoon brought a bitter attack by Maj.-Gen. Sam Hughes, former Minister of Militia, on Gen. Sir Arthur Currie, who commanded the Canadian Expeditionary Forces at the front.

Sir Sam Hughes had attacked Gen. Currie before, but yesterday he went further in his criticism. He repeated the charge of Gen. Currie having been "kicked" out of a dug-out near Ypres by a British general; added that Gen. Currie had admitted being there, an "honour" which Gen. Currie had allowed Col. "Jack" Currie, M. P., to remain for two years under the odium of being a coward. Lucien Cannon, Dorchester, interrupted. "If such be the case," he asked, "how did Gen. Currie come to be promoted afterward?" "Gen. Currie was promoted before these facts were known," Sir Sam called back. "Had I remained in office six weeks longer, not only Gen. Currie, but several other officers would have been asked to hand in their resignations."

And, referring to the Cambrai fight, Sir Sam declared: "I understand that the plans for that battle were the tactics and strategy of Gen. Currie. I have no hesitation in saying that many Canadians would be above the sod-to-day if he had not carried out his tactics and strategy in relation to Cambrai."

"On the other hand, Gen. Currie was warmly praised by Hon. Hugh Guthrie, Minister of Militia, by Brig.-Gen. Griesbach, who served under Gen. Currie in France, and by Hon. W. L. Mackenzie King, Leader of the Opposition.

"He was in every way a soldier and a man," said Gen. Griesbach.

**Keen Debate.**  
A vote in the estimates for \$120,000 for active militia allowances gave rise to a keen debate.

Mr. Guthrie had observed that it was proposed to increase the military force by three or four infantry battalions, twenty-five additional batteries of artillery and fourteen machine gun units—the last named being a new branch of the militia.

Mr. King moved that the item be reduced to \$100,000, last year's figure. It was evident, he said, that the Government had made up its mind to replace the militia by a standing army.

"There is nothing further from the thought of the Government than a standing army," retorted Mr. Guthrie. "No standing army is mentioned or concerned in the item."

As the debate progressed, there was a division on a chairman's ruling. Mr. Cannon was speaking on the acquisition of guns in the United Kingdom. The point of order was asked and the Deputy Speaker ruled it to be well taken. Mr. Cannon appealed, and the decision of the chair was upheld by ninety-three to forty-eight. The Progressives voting with the Government.

**Defeated.**  
Following prolonged debate, Mr. King's motion to reduce the vote was defeated by sixty-nine to fifty-four.

"The Progressives voted solidly with the Opposition."  
**Big Debt.**  
On taking up an item to provide \$1,500,000 for annual drill, Hon. Mackenzie King referred to the budget speech of Sir Henry Drayton to show that Canada's debt had reached enormous figures and retrenchment was vitally needed.

Mr. King moved an amendment reducing the vote by \$150,000. The \$150,000 voted for militia training last year would cover routine expenses this year, and the rest could be saved and the country lose nothing in military efficiency, if men already skilled in war did not drill this year.

**No Drill Camps.**  
Mr. Guthrie said there would be no annual drill this year. Training of city corps would take place in the evenings, and would not interfere with production. Canada was spending only \$38,000,000 this year to clean up the war, compared with \$300,000,000 last year. Canada was nearer to complete demobilization than any other war country.

Answering Hon. T. A. Crerar, the Minister said the cancellation of the summer camps would mean a saving of approximately \$400,000. The city units would train at their own local

headquarters. The artillery would also train at local headquarters, and for the first time in the history of Canada an effort would be made to establish machine gun units, this being one direct result of the great war.

As to cadet services, the estimates in the year before the war were \$392,000. Last year the figure was \$390,000, and this year it was \$390,000. It was proposed to re-establish the cadet service on a proper footing.

**Cost Greater.**  
The increase in the estimates, which totalled \$12,500,000, was due to increased cost of maintenance. The average increase in cost was eighty or ninety per cent. higher than it was before the war.

Mr. Guthrie admitted that he was disappointed at the slowness of recruiting both for the permanent and the militia forces. The greatest drawback was the lack of barracks. During the winter months there had been desertions, the reason given being that living conditions were such that a civilian would not tolerate them.

**Fewer Districts.**  
The Government had under consideration reduction in the number of military districts. The districts now numbered eleven. Mr. Guthrie thought that perhaps three or four might be cut off without injury to the service.

Re-organization of the military units had been committed to competent militia officers with actual fighting experience.

**Barracks.**  
The chief problem facing his Department, said Mr. Guthrie, was that of barracks. With the exception of Winnipeg, every military district lacked adequate barracks. The soldiers must be housed and he was going to suggest that one way of raising the money to build barracks was to dispose of the various properties held by the Department. There was the St. Andrew's College property in Toronto, which was bought by the Department of Militia two years ago for \$500,000, and which could be sold at a good price. A deputation of Toronto interests had represented that a barracks there would ruin \$25,000,000 worth of residential property.

Sir Sam Hughes urged that the policy of the late Sir Wilfrid Laurier was that every man should be ready to take up a rifle in defence of his country.

The King amendment was defeated on a vote of forty-seven to sixty-four, the Progressives voting with the Liberals.

The item was then declared carried on division.

## BRITISH LABORITES AND IRISH QUESTION; CONGRESS PLANNED

London, June 17.—The parliamentary committee of the Trade Union Congress decided at a meeting yesterday that a special trade union congress should be convened in order that the whole trade union movement may define its attitude toward the production and handling of munitions of war for Ireland and Poland. Irish delegates, and the entire executive committee of the National Union of Railwaymen, in conference at Bristol yesterday, considered the Irish strike situation for three and a half hours. Adjournment was taken until to-day without a definite decision being reached. James Henry Thomas, general secretary of the Railwaymen's Union, told the conference that the executive committee desired from all sections of the Irish people "their views on the very serious state of affairs now existing."

Charity's argument is short, but it has a long reach.

## EGGS WITH FLAVOR OF WINTERGREEN

Winsted, Conn., June 17.—Eggs with a wintergreen flavor are now produced by Winsted hens, according to a local poultryman. The flock, thirteen in number, has had access to a large bed of wintergreen for the past month and has had many a feast on the bright red berries. The poultryman declares his customers consider the wintergreen flavor a very agreeable change.

## TOO MUCH ALCOHOL IN PEACH MELBAS

Kansas City, Kan., June 17.—Peach Melbas became so popular in Kansas City that prohibition officers decided to try them. They went to a local tavern and ordered a couple. They declare the sample of the sauce which they carried away with them contained 15 per cent. alcohol. A number of arrests followed—the officers' little-Melba experiment.

One way to get rich is by attending to one's own business—but it is awfully monotonous.

## PACIFIC MILK IS ALONE

Pacific Milk is now the only milk canned in our Province.

The demand for it increases every month. The factory out at Ladner has been enlarged, and still they are as busy as they can be. We may have to increase it again.

Women have learned that this milk is natural in flavor and is the best they can find for cooking.

THAT RESOLUTION.

The resolution urging the recognition of the Irish Republic and the withdrawal of the military forces of occupation from Ireland which was passed by the American Federation of Labor at its convention in Montreal yesterday not only should not have been adopted by the gathering but should not even have been introduced.

It is an amazing thing that the Canadian authorities, who knew such a resolution was going to be introduced, did not remind the leaders of the convention that Montreal is on British soil and that, in fact, the step which was proposed would not be permitted.

APPLYING THE LEECH.

According to the Dominion Income Tax Collector for British Columbia it is expected that the Federal income tax from this Province in the current fiscal year will reach the sum of thirty-five million dollars.

MANKIND'S SOLITARY HOPE.

The League of Nations has been and continues to be the target of jibes and sneers from certain quarters in all countries whom the bare mention of it offends because it is designed to be an obstacle to armament competition and militarism.

Out of this last struggle there arises the same old welter of conflicting international interests, secret intrigue, back-stairs diplomacy, complicated strategic frontiers and competition in armaments, the sacrifices of those terrible five years will have been in vain.

In this war civilization was fighting less German militarism than general militarism exploited by Germany, and it has gained nothing at all from the overthrow of Germany if the result of its effort is merely the enthronement of that militarism in some other country or countries.

COMPANIES SHOW

- SOME DECREASE. Few Registrations Are Recorded in Current List of Incorporations. During the week ending at noon today certificates of incorporation have been issued by the Registrar of Joint Stock Companies in respect of the undernoted concerns, official notification of which will be made in this day's issue of The British Columbia Gazette.

the world, stirred by public conscience and morality, shall develop some such institution as the League of Nations for the peaceful settlement of disputes, either militarism will break out again, or its continued development will provoke an even more grisly alternative, the lurid flames of revolution and anarchy in every country on earth.

THE HOUSING PROJECT.

If some of the municipalities in this Province were more or less sceptical of the benefits of the national housing proposals at the outset the fact that British Columbia has absorbed one and a half million dollars in new construction—the total amount allocated by the federal authorities—is ample proof that sufficient interest was taken in the plan to insure the comfortable settlement in homes of their own approximately five hundred returned men or their dependents.

WHAT WILL GIOLITTI DO?

After a short period of uncertainty the new Italian ministry under the Premiership of Giovanni Giolitti has taken the oath of office. Not a little speculation has been indulged in concerning the course the new leader will adopt towards the Entente in general and towards Germany in particular.

NOTE AND COMMENT

Although the Dominion Income Tax Collector is about to extract thirty-five million dollars from the people of this Province during the present fiscal year British Columbians have the satisfaction of knowing that their climate has "no truck nor trade" with the officials of any Department.

From his own intuition and analysis of external appearances, however, he is under the impression that many of the reports of threatened calamity have been overdrawn.

HON. WALTER SCOTT

Touching briefly upon the Amritsar incident, the ex-Premier voiced his surprise at the attitude taken in India to General Dyer's action in firing into the mob. On all hands, he declared, the opinion existed that by taking the course he did General Dyer although officially condemned and censured—saved an outbreak of serious proportions and, in effect, dampened the ardor for revolt which the white residents actually believe would have led to a repetition of the Indian Mutiny itself.

Arriving in Italy in April the ex-Premier was able to dip into the European atmosphere at a time when the international pot had reached the boiling point in connection with the occupation of Frankfurt and Darmstadt by French troops.

A NUISANCE.

To the Editor.—I wonder if it is possible to be advised under what heading of nuisance come the following: Dogs that bark day and night; fowls, male and female, that commence their infernal celebration at 3.30 a. m. and then on?

DAYLIGHT SAVING.

To the Editor.—On reading an article in your paper, to-day about the "daylight saving" question, I feel prompted to add a few remarks on the matter.

ARE YOUR EVENINGS SPENT LIKE THIS?

To the Editor.—A letter with the above heading appeared in the press. Now, there is not only one, but several opportunities that the Province of British Columbia has failed to take advantage of.

ARE YOUR EVENINGS SPENT LIKE THIS?

For instance: Little has been done to develop the fishing industry, outside the canneries, such as copper, lead, proper curing and packing of herrings has not been attempted on a large scale, although our Coast waters teem with countless millions of those most important commercial fish.

ARE YOUR EVENINGS SPENT LIKE THIS?

Something should be done at once to place the control of the fisheries entirely in the hands of the Provincial authorities.

ARE YOUR EVENINGS SPENT LIKE THIS?

Again, mining has been carried on quite extensively, but raw materials from the mines, such as copper, lead and silver, have been shipped out of the Province and refined, and otherwise manufactured, in the United States instead of within the Province.

**BOYS MADE FINE  
SHOWING ON PARADE**

Gen. Lake Joined Inspecting Officers to See Boys Central Cadets Yesterday

Brigadier General J. M. Ross, C.M.G., the General Officer Commanding, brought with him General Sir Percy Lake, former commanding officer of the British Expeditionary force in Mesopotamia, to see the cadet inspection of the Boys' Central School yesterday afternoon.

Major Porter attended, and several of the Trustees. Major Wilby's work with this battalion, both before he went overseas, and since his return, is shown in the fine display afforded. In view of the fact that 125 served from the corps in various phases of active service during the war, the high standard the corps takes could be readily appreciated by the visiting generals, who accompanied Col. W. H. Balson, the inspecting officer, on the parade ground.

There were 256 cadets on parade, the corps being the largest in the city marshalled under six platoons. Every class of military drill was shown, based on practical actual service conditions, and the whole of the orders were left to the cadet officers headed by Capt. R. Crawford, no instructors being allowed to give orders. In that way an efficient test of the work was secured. The cadet officers were, with Captain Crawford: Adjutant, Lieut. R. H. Ferguson; Quartermaster, Lieut. V. Grant; Lieuts. Baylis, G. Knox, J. Ross, T. Jolly and W. Blankenhach. The bandmaster, Eric Lloyd Young, had trained his band, while a singular position applied to Sergt. Dick Tanner, leader of the stretcher bearer corps.

Several different phases of military work were under way at once on different parts of the ground. The bombing of a machine gun nest, bayonet fighting, tent pitching, guard mounting and a demonstration of a C.O.'s orderly room were among those features of the display unique in cadet work of this city.

A demonstration was also given of an attack on a trench system. The method of advancing slowly, 100 yards in three minutes, behind a barrage, was clearly shown, this differing from the old system of attack which was a feature at former inspections.

Refreshments were served in the school following the inspection.

**NEW TAXES BRING \$5,000**

But Vancouver Collector So Far Refuses to Collect: Curtain Tax Announced.

During the first four weeks of the operation of the luxury and sales taxes, since May 9, \$5,000 has been collected by Inland Revenue officials in Victoria.

In Vancouver the collector has so far refused to collect the new taxes because he says he has no detailed instructions from Ottawa.

Latest tax orders are:

"Curtains of all materials in excess of 75¢ each subject to the luxury tax of 20 per cent."

"Electrical refrigerators, toasters and iron, not plated exempt from luxury tax."

**IT KEPT HIM ON  
JOB SAYS JOHNSON**

Wouldn't Have Been Able to Work But For Tanlac, He States

"I simply wouldn't take a thousand dollars cash money for the good Tanlac has done me," said O. B. Johnson, a well-known fisherman living at Tillamook, Oregon, while at the Owl Drug Store in Portland the other day.

"About two years ago," declared Mr. Johnson, "I began to suffer from stomach trouble and rheumatism, and I firmly believe that I would be a sick man right now if it hadn't been for Tanlac. My appetite was very poor, and what little I did eat soured on my stomach forming gas which bloated me up as tight as a drum, and kept me miserable nearly all the time. I was on a fishing boat most of the time, and my joints swelled up so with rheumatism that at times I just had to stay in my bunk, as my arms, legs and body were so sore that I could hardly move. I took all kinds of medicines in an effort to get relief, but none of them did me any good."

"I finally met a fellow who told me Tanlac would fix me up alright, so I got a bottle and began taking it, and it was just what I had been needing all the time. I have taken six bottles now, and am enjoying the best of health. My stomach is in good shape, and I haven't had a sign of rheumatism since I finished the third bottle. Why, I've been feeling so fine that I've been able to fish all the Spring without any trouble whatever. My friends have been asking me what in the world I've been taking to build me up so, and I don't hesitate to tell them Tanlac did it. I don't believe that I would have been able to have done any work this Spring without Tanlac, and I'm constantly telling someone about it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

**Scott's Emulsion**

A quiet but very pretty wedding took place at the First Congregational Church, on Wednesday, at 1:30 o'clock, when Kathleen, youngest daughter of Mrs. A. Hovey, of 529 Empress Avenue, became the bride of Walter J. Knott, formerly of Courtenay. The bride, who entered the church on the arm of her brother, Mr. Ernest Hovey, looked lovely in her travelling costume of dark blue serge, with a white picture hat of satin and silk crepe de chine. She carried a shower bouquet of pink and white carnations. Miss Olive Logan was in attendance on the bride, and looked charming in a suit of blue, with white hat. Her flowers were pink carnations. The little niece of the bride, Margaret Heap, made a sweet flower girl, dressed all in white and scattering flowers in the path of the bride. The best man was Mr. Fred Welsh, who served overseas with the groom, Mr. Knott having seen service with the 48th Battalion for four years. The bride and groom were the recipients of many beautiful gifts, which showed the esteem in which the young couple are held. They left on the afternoon boat for Vancouver and other Sound cities, where the honeymoon will be spent, and on their return will be at home to their friends on July 7 from 8 until 10 p. m. at 323 Empress Avenue. The groom's gift to the bride was a gold wrist watch, to the bridesmaid a pearl bar pin, and to the little flower girl, a turquoise ring.

The nineteenth annual provincial convention of the King's Daughters opened at St. Andrew's Church this morning with the president, Miss Leitch in the chair. The delegates were welcomed, and the opening routine business of reading the minutes and hearing correspondence was conducted.

The afternoon's business included the president's message and circle reports. Adjoining early the delegates were guests at tea at "Hobmead," Lamson Street, when Mrs. A. T. Watt was hostess. The committees appointed for the business of the convention are: Press convener, Mrs. A. T. Watt; regulations, Mrs. Christians and Mrs. McKenzie; Mrs. Dean, Mrs. Gardner and Miss Mackie. The scrutineers for the election on Friday will be Mrs. McNair and Miss Wilson.

**LADY KINDERSLEY CAPTIVATED WITH BRITISH COLUMBIA**

Canadian Summer Homes Appeal to Titled Visitors

Lady Kindersley, wife of Sir Robert Molesworth Kindersley, Governor of the Hudson's Bay Company, has announced her intention of bringing out her family to this province, and having a summer home in the Kootenay district. Lady Kindersley accompanied her husband on his recent visit to Nelson, and was delighted with the scenic beauties of the country. The two great cataraacts at Bonnington, the mountains, and the beautiful stretch of water known as the West Arm completely captured Lady Kindersley's fancy. It is possible that next year the family will spend a typical Canadian "out-door summer" in the Kootenays.

While in Victoria recently Lady Kindersley frequently expressed her pleasure at the beauties of British Columbia, and as she is well-known for her love of outdoor life, there was much in the country to gratify her love of nature.

ing, candy, and other stalls were in capable hands and a brisk trade was done in all lines of articles useful and ornamental.

A departure that was extremely popular was that of serving something akin to a "High tea," over which Mrs. Hallam presided with competency. The gentlemen favored this section of the grounds and made every use of the more solid articles of food provided. Mrs. Hallam was assisted by Mesdames Oates, Sabin, Baines and Devereaux, with the Misses Hella Huntley and O'Brien.

The stalls were allocated as follows: Fancy work, Mrs. James Hunter; home cooking, Mrs. Clarke; candy, Mesdames Orme and Reid; soft drinks, Mesdames Schroeder, Munro and King; "Aunt Sally," Miss Sehl and Mr. S. Sehl; clock golf, Mesdames J. Adams, Brady and McCormick.

At 5 o'clock there was a musical programme arranged by Miss Mamie Fraser, in which Mrs. D. B. McConnan, Miss D. Dorrell, Miss Switzer, Miss M. Fraser, and Mr. Kelway rendered attractive numbers, to the accompaniment played by Mrs. Gibson.

Mr. and Mrs. McDermott, with the president of the Guild, Mrs. E. H. Fletcher, welcomed the guests, and were in turn rendered a hearty vote of thanks for their kindness in allowing the function to be staged there.

### APPEAL HERE FOR HUNGRY NESTORIANS

Effort Will Be Made by Fellow Countryman for Distressed Caldean Christians

Many and varied have been the appeals sent out from distressed countries of Europe and Asia. Another section of the Western Asiatic peoples, who like the Armenians are Christians, is making an appeal to charity under the name of the Nestorian Christians.

One of their number, Mr. Michael is her from Moose Jaw on a holiday, and is spending the time collecting for distressed countrymen. He does not wish to handle any funds himself, but gives the name of the Rev. W. D. Spence, as the local representative to forward funds to his countrymen.

These little known people, the Nestorians or Chaldean Christians, occupy the territory between the Mountains of Kurdistan and the Syrian desert, and from Mosul north into the ranges which bound Armenia, and which were formerly in Turkish and Persian vilayats, that are now more or less under British protection.

The lower valleys contain the greater sufferers, who have been caught between the conflicting forces, while in the mountain fastnesses to which they retreated owing to persecution, the people have kept a faith and policy distinct absolutely to the Roman and Greek churches, though they follow the Latin churches in organization and the Byzantine church in liturgy. Before the war Catholic and Protestant missions existed to supply the needs of the oldest faith of Christendom, but there has been much disorder during the stress of war.

Much poverty exists with the Nestorians as with the sister peoples in Armenia, and while there have been considerable collections made in the United States for these people, nothing has hitherto been done in this section.

Mr. Michael stated to The Times yesterday that the funds he hopes to secure should go direct to Rev. Mr. Spence, minister of the First Congregational Church, as he is practically unknown here, and his efforts might be misinterpreted.

### VANCOUVER ISLAND NEWS

#### Lost in Bush.

Nanaimo—Mrs. Botha, an elderly lady who lives on a farm at Nahoose Bay, left home last Saturday afternoon to bring in the cow from the bush for the evening milking, and, losing her bearings and becoming bewildered, wandered aimlessly on. Her family and neighbors organized a search party, but without success. Chief Stephenson, being called upon late at night, took up the search with the assistance of the Provincial Police, and at 4 o'clock on Sunday morning found her, completely unnerved by the exposure and terrifying experience. She stated that she had heard one of the search party pass quite close to her in the night, but had been too frightened to call out for fear that the noise they made might have been made by wild beasts. Latest reports indicate that Mrs. Botha is recovering from the dreadful hours she spent lost in the bush.

#### To Conduct Mission.

Nanaimo—Rev. Dr. Robinson, of Toronto, who conducted an evangelistic mission last Fall in St. Andrew's Church, has been invited by the session of the church for two weeks of meetings, beginning October 31. It is expected that he will accept the invitation.

Among them were no cases originating from this province, most of them referring to settlers on the prairies whose cattle had died during the past winter from lack of feed.

### ROTARIANS TOLD HOW REAL MEN ARE MADE

Stanley Brent Addresses Rotary Club on Work of Y. M. C. A.

"We're born with three outstanding characteristics—helplessness, ignorance and selfishness," Stanley Brent, of the Vancouver Rotary Club, and national secretary of the Y. M. C. A. for British Columbia, told Victoria Rotarians at his weekly luncheon to-day in his inspiring address on "Service."

And having started out with this rather gloomy premise, Mr. Brent went on to show how these qualities could best be eliminated from the human character. The work of the Y. M. C. A., he felt, was perhaps the best, the most systematic antidote for the three evils as it replaced helplessness with vigorous health, a perfect body; superseded ignorance with knowledge of the truths of life and annihilated selfishness with self-sacrificing service.

In describing the endeavors of the Y. M. C. A. to build up the health of its members, Mr. Brent held out two ideals of sport—the too general plan of assembling a number of amateur athletes to make a winning team and that of allowing all to play at the cost of losing if necessary. The Y. M. C. A. aims to make athletes, rather than to use athletes to make sport.

In the mental realm the Y. M. C. A.'s programs included training boys up to avoid many of the things in life which otherwise they might encounter disastrously, to teach them plainly those sound moral truths which in future years would form the foundation of manly character.

Lastly, the Y. M. C. A. taught boys the ideal of service which is the fundamental principle of Rotary—by showing the importance of triumph by teamwork in place of personal glory. In every department of work he observed, unselfishness was inculcated all the time.

It was for these reasons that Mr. Brent declared that the Rotary's activities in boys' work was one of the most important things it could do. He felt that by inculcating broad principles into growing boys the Rotarians could do more to bring the world than in almost any other way. Therefore he appealed to the club to support in all ways possible the Summer camp which the Y. M. C. A. will stage at Patricia Bay this summer.

Russell Westcott, the well-known drygoods dealer, entertained the club with a most interesting talk on the clothing situation of the world. Mr. Westcott expressed the view that the present price slumping in the world, which he thought, would come not before another twelve months have passed.

### TO BECOME CANADIANS

Franchman Was One of the Original Princess Pats; Native of Jutland Also Seeks Papers.

Alexander Francis Troome, of 431 Hillside Avenue, Franchman, born at Dourneuse, Brittany, France, in December, 1886, applied to Judge Lampan to-day to become a Canadian. His application will be heard by the Court early in the Fall.

M. Troome was one of the first of the "Princess Pats" enlisted here. He signed up on August 8, 1914, to go overseas with the Canadians to fight for France. He set up a great fighting record and was known among the Canadians because of his ability to speak French and communicate with the natives wherever the armies were fighting. In May, 1916, he was discharged because of his wounds, and has been in Victoria since.

He originally came to Canada from Newcastle, N.S.W., Australia, in June, 1910. James Elmore, of 1160 North Park Street, who was born at Aarhus, Province of Jutland, Denmark, in January, 1884, is also applying to the Judge to be made a Canadian. He testified that he is an Anglo-Saxon, came here from Seattle in April, 1911, and was overseas with the Canadians from April, 1916, to April, 1919. His application will also be heard in the early Fall.

### LAND PURCHASE IS HOLDING UP BRIDGE NEGOTIATIONS NOW

Bridge Plans Cannot Be Approved Until Munn Property Secured

No material step forward in the Johnson Street Bridge negotiations can be made until the city has gained control of the Munn property, it was learned at the City Hall to-day. And as it is feared that some time will be required for the purchase of the property, the civic authorities are a little bit worried over the delay which, they fear, will occur.

It is explained that, until the ground on which either end of the bridge will stand is in the city's hand, the Federal authorities cannot approve the bridge plans. Nor can the bascule plans be completed by the Strauss Bridge Company, of Chicago, until the final O. K. of the Government departments can be secured. Thus the whole progress of the bridge project at present rests upon the activity of the City Council in purchasing the Munn land.

In case of a disagreement between the city and the Munn interests on the price of the land, it is likely the Council will determine upon expropriation proceedings. In case this were done, though a considerable time would be consumed in the subsequent arbitration, the bridge could proceed without a stop as, for the purposes involved, the property could then be deemed to be in the city's hands.

Purchase of the Munn property has been deferred by the City Council for many months now. Each week a letter relating to the matter has been brought before the aldermen, but each week it has been laid on the table. Finally last week the Council instructed the City Solicitor to make an offer for the land.

### ISLAND SOFT FRUIT.

Notwithstanding the increase in acreage on Vancouver Island, the strawberry crop is estimated to be from 20 to 25 per cent. less than last year. This may be accounted for by the very dry weather last August and September, which retarded the growth of the plants, and the damage caused by weevil. The first car is expected to move about June 20. Loganberries promise a fair crop. On the lower mainland the strawberry crop is estimated at 75 per cent. of normal. Raspberries show indications of winter injury, and will not exceed 90 per cent. of the normal crop. Blackberries, currants and gooseberries give promise of normal yields. ### LUMBER CARGOES HALTED FOR TONNAGE

Special Committee of Board Objects to Ogden Point Tie-up

At a meeting of the special committee of the Board of Trade, appointed to develop the Ogden Point docks, held this morning in the local offices, the Dominion Government was roundly scored for its alleged action in holding up two ships built by the Coughlan yards, Vancouver, with the results that their prospective lumber cargoes were piling up in the local mills which were becoming congested with the immensity of the order that they were prepared to fulfil.

The special committee, comprising Messrs. Joshua Kingham, G. A. Kirk and H. Goulding Wilson, conferred with a large representation of the lumber interests at the meeting to-day, and discussed ways and means of relieving the congestion, and turning the lumber to account.

In the discussion it was explained that there are two vessels that Coughlan's claim to be completed, but which the Government refuses to accept, giving the reason that Lloyds is withholding registration. The two vessels, Mr. Elworthy told The Times, have been lying idle in Vancouver for about two months now, and the sale of the cargoes that had been arranged for had to be cancelled. Some of this lumber is now accumulating at the local mills, and this, he claimed, could be remedied immediately if the vessels were put in commission, with arrangements made for the assembly of the lumber cargoes at the Ogden Point Pier.

"The apathy of the Dominion Government in having these two vessels, costing \$1,750,000 apiece, in addition to the delay in appointing a local authority to develop the Ogden Point Ocean Docks, now lying idle and which cost the country \$5,000,000 additional, is simply appalling," Mr. Elworthy stated.

The meeting adjourned after arranging with the lumber interests to supply information on the business they are prepared to handle at the Ogden Point. Upon receipt of this information the committee will add this to the list of other data that they have in hand for the development of the Ogden Point Piers.

The meeting was well attended by the lumber men, and the members of the special committee, headed by President J. L. Beckwith, who took the chair.

### BANS SLANG PHRASE

"Kept Hanging Around" Is Not Appropriate Expression for Cultured Lawyers, Court Asserts.

Such undignified phrases as "kept hanging around" are not harmonious with the classical and cultured atmosphere of a Supreme Court, according to Mr. Justice Macdonald. John R. Green and Henry Hall, M.P.P., were arguing a case to-day in which it appeared that costs were being discussed because witnesses and lawyers lost time through being kept while a trial was delayed.

"We were kept hanging around," said Mr. Green.  
"Don't use that," said Mr. Justice Macdonald. "Put it that you were required to remain in attendance."  
A few minutes later Mr. Green arose to address the court for the other side. It was not long before he was talking of people being "kept hanging around."  
"Required to remain in attendance," the Justice said.

### CREDITS OF LITTLE VALUE TO PAUPERS

Situation in Central Europe Cannot Be Applied to Eastern Peoples

A dispatch dated June 4, from Paris, stated that the new and substantial credits for the relief and reconstruction of Central Europe have been arranged by the governments of Great Britain, Denmark, Holland, Norway, Sweden and Switzerland. The French government is also preparing to advance \$2,000,000 francs and Italy 100,000,000 lire, and the United States is arranging extensive commodity credits.

Meanwhile what is becoming of the starving children of Eastern Europe, for credits are little use to them, for their chance of repayment is remote. It is food and clothing that they want, given not lent, for how can these forlorn people repay loans. It is impossible for them to live so how can they expect to carry a load of debt.

The debt is, as a matter of fact, owing to them, for they were non-combatants and were innocent victims of the terrible war machine, trampled over by the armed forces of the opposing armies.

Unless relief of a voluntary nature is given these people will be speedily demolished. While you are sitting down to your comfortable meals will you not give some kindly thought to these wretched people who are actually starving to death?

Subscriptions will be gratefully accepted and duly acknowledged if addressed to the Treasurer, Canadian Jewish Relief Association, 1347 Government Street, Victoria.

### ELKS PLAN NEW CLUB

Proposed to Take Whole Third Floor of New Weller Building.

The Elks Club, now occupying the whole of the eighth floor of the Campbell Building, at Fort and Douglas Streets, is planning to move to the new Weller Building now being erected at Douglas and Broughton Streets.

The proposals will be taken up and decided at a meeting of the Elks to-night. In the new building they will have twice the floor area that they have where they are now. The proposed new home would take the whole of the third floor of the new Weller Building. The Spratt-Shaw School is taking the whole of the second floor and the ground floor is to be divided between a garage and the Imperial Oil Co.

Plans that members of the Elks have for their new headquarters include a broad, easy-mountable stairway from the street direct to the club, appropriate insignia on the exterior of the building so that other Elks that has strayed into Victoria may know where the herd is, and artistic and original decorations for the interior.

Elks have been talking of moving for some time, because of the great increase in membership.

ROYAL VICTORIA

Capacity audiences have greeted "A Romance of Victoria," which will be shown at the Royal Victoria Theatre for the last time to-night. It is a pretty little story which gives a number of local people an opportunity to show what they can do as movie stars. There is no lack of comedy, and continuous laughter has marked the approval of every audience for the past three days. Nobody in Victoria wants to miss seeing the film, and those who have not already done so are likely to be out in full force to-night to take advantage of the last opportunity.

**DOMINION**

Martha Mansfield, whose cameo-like beauty is a pleasing feature of "Dr. Jekyll and Mr. Hyde," in which John Barrymore is starring at the Dominion Theatre this week, is a well known principal in the Ziegfeld Mid-night Frolic as well as a favorite model among artists. She has posed for such famous illustrators as Harry Fisher, Penrhyn Stanlaw, Hamilton King and Alfred Cheney Johnston. Miss Mansfield has appeared in several pictures previously, as well as playing stage roles in "The Women," "On With the Dance" and "The Midnight Girl."

As Millicent Carey in the remarkable screen version of "Dr. Jekyll and Mr. Hyde," Miss Mansfield has the role of an innocent young girl, fragile and ethereal in her beauty. She is well qualified for the role. The picture made from the Stevenson classic follows the book closely. Mr. Barrymore's performance ranks with the best in his distinguished career. John S. Robertson directed the photograph, and it is a paramount Artcraft.

**VARIETY**

"The Spite Bride," a Seznick picture, starring Olive Thomas, comes to the Variety Theatre to-day. It's simply a knockout—the best thing that the screen has seen in many moons. It has snap, dash and zest, a human picture of human people presented in a human way. And Olive Thomas was never better in her life. She is the essence of youth—youth at its finest—with its simplicity, grace, charm and wistfulness. "The Spite Bride" is a drama of youthful impulse with just enough thrills to make you a little bit creep—just enough to make your spine run cold—with enough suspense to keep you interested from start to finish—with enough laughs to give that nice warm feeling inside and a few tears when feeling afterwards. He did not know what to do, when Millicent Lee threw over Billy Swayne for another man, Billy thought the world had come to an end. He did not know what to do, when he married Tessa Doyle, a beautiful, sweet, little dancing girl, out of spite. He didn't love her—he hardly knew her. **COLUMBIA**

Beside dare-devil stunts, is a flood of humor in the new Tom Mix picture, "The Coming of the Law." Tom himself, as Kent Hollis, enacts all the big stunts and supplies much of the humor. But there is another character who will tickle motion picture fans. It is that of Jiggs Lenehan, "the devil" in the printing office shown in the play. This character is portrayed by Lewis Sar- gent, a youngster who has gained considerable fame with the William Fox picture series. Pretty Brownie Vernon is Mr. Mix's leading lady. Miss Vernon is one of the most accomplished girls on the screen. She is an excellent rider of Western horses, and like Tom Mix, can always be depended upon to play her part. She has no use for "doubles"—contending that no double can do the stunts half so well as she can do them. "The Coming of the Law" is shown for the first time at the Columbia Theatre to-day.

**PRINCESS**

"Believe Me Xantippe," the fourth week's offering of the Mildred Page Players, at the popular Princess Theatre, commencing Monday, June 21, promises to be the best offering of the company so far this season. Each year Harvard and Yale and several of the other educational institutions of the East offer prizes for the best play written and turned in by any of the students or professional authors, and the fact that \$5,000 is the prize for the best play from the best known authors of the world over. George Ade wrote "The College Widow" to compete for a prize, and the latest to gain fame via the Harvard-Yale contest route is "Believe Me Xantippe." This screamingly funny comedy, with the quaint name, won the \$5,000 prize for its author, as well as many thousands of dollars in royalties and an international fame. "Believe Me Xantippe" is now under rehearsal, and Mr. Byron Alden is personally directing the production.

A slight change in matinee prices will go into effect on Saturday, June 19.

**PANTAGES**

From beginning to end, this week's bill of Pantages vaudeville will be found entertaining. There is an unusual array of talent on the programme, in vehicles of exceptional smoothness, and the show ranks among the best bills that have come to Victoria this season. In the order of their appearance: "Adonis" presents a beautifully staged and executed hand balancing act that is made a striking novelty by the little dog he carries with him. Simpson and Dean offer "Honky Tonky Town," a miscellany of eccentric dancing, also well staged. Ross Valys, a wholesome sort of girl, sings several songs with a double-barrelled voice, a fine baritone and an excellent soprano and is a hit. So subtle is "The Peacemaker," the playlet in which Arthur De Voy & Company appear, that it must be listened to closely. It is a very funny analysis of domestic difficulties and it is given fine treatment by the company. Basil and Allen are the proverbial scream of Basil in "Recruiting." Basil is the "Wop" character de luxe. "The Haberdashery," a pretty musical farce in which the works of Lieut. Harrington Reynolds as an eccentric Englishman is a continuous laugh, completes the bill.

**NEXT ORPHEUM BILL**

Among the important acquisitions to high class vaudeville promised for this season a conspicuous name is that of Elsa Ryan, the charming little lady, who has toured the country in the stellar role of "Peg O'My Heart," "Out There" and "For Three." Miss Ryan was the first of the several players to be chosen as the successor of Laurette Taylor, and enjoys the distinction of establishing a record for reappearances in the same play in nearly all the larger cities of the country. In the entire history of the theatre no star has attained the enviable record of repeating one play two, three and four weeks in the same season in any American city. For her vaudeville debut Miss Ryan has been provided with a comedy sketch entitled, "Peg For Short." Dion Titherage is the author, and the tour is under the direction of Joseph Hart. The playlet is said to afford Miss Ryan ample scope for the display of her buoyant Celtic temperament and experienced histrionic talent.

**BOHEMIANS AT GORGE.**

The Bohemians at the Gorge in their programme of this week excel all previous efforts. The concerted numbers, trios, quartets and duets are well sung and gracefully executed. Each and every soloist is presenting a gem in their own line. Miss Eva Barclay is rendering in a most artistic manner "Love Here Is My Heart" and "Miami Shore," and is most pleasing. Miss Molly Ross, prettily costumed, tunefully sings "I Miss You Old Ireland," while Paddy Moore in her matty little bellhop costume sings "Taxi" with snap and vim, and wins the hearty applause of the audience. Miss Lily Donley is singing a most charming song in a bewitching style "Over the Top With the Best of Luck," in which she wears a military costume. Baby Brown

sings and smiles her way into the hearts of all. Will Marshall is putting over "The Kid From Madrid," in an appropriate costume with a pleasing and dashing manner. Ernie Impett has the people in a perpetual roar of laughter in his every appearance and his song, "Women Get the Best of It," brings forth a positive explosion of laughter. The boys sketches are flavored with the usual wit and humor enjoyable to all. Miss Violet Curry presides at the piano in a graceful and efficient manner and is a great acquisition to the organization which is fast becoming popular with the Gorge patrons.

**NAPOLEON EXTRA VIRGIN OLIVE OIL**

—that's a real Olive Oil cocktail—real in the sense that its continued use brings bloom to your cheeks, health to your body and peace to your mind. Try this cocktail.

**There is no fad about the taking of Olive Oil—ask your doctor!**

But be sure of the Olive Oil you use. There are three grades of pure Olive Oil—the first, second and third presses. The "Golden Oil" with its almost magic effect, told about in ancient days, was the flow from the first light crush of the tender Spring tree-ripened olives. And the "Napoleon" Oil you can now purchase from your grocer or druggist is the identical "Golden Oil" of those olden days. How carefully are those men, born and bred to the Olive Oil industry on the Riviera, to get just the very best of the finest olives that grow to be put into the "Napoleon" branded tins. You can't buy two grades of "Napoleon" because there is only one grade good enough to be so trade-marked. But when you get the real "Extra Virgin" you get the highest percentage of nutriment, the most delicious taste, the purest of pure Olive Oil.

It is not sufficient for you to ask for "Pure Olive Oil"—it can be pure without nourishment. Ask for "Napoleon Extra Virgin"—and see that you get it.

SENATOR RECOVERS.
Washington, June 17.—Senator Ashurst of Arizona, who was operated on at a local hospital last week for a minor ailment, returned to his home to-day. Attending physicians said he would be fully recovered in another week.

BRIEF LOCALS
Bank Clearings.—Bank clearings for the week ending to-day were \$2,723,444, as against \$2,713,315 in the corresponding week of 1919.
Applied Psychology.—Mrs. Hele Ash will lecture at her home, 1051 Fort Street, on Friday evening at 8 o'clock. Subject: "Christian Theosophy." These lectures have become very popular and always draw an interested audience. Three weeks ago she was to be announced later before Mrs. Hele Ash will leave for a short visit to California.

W. A. Meeting To-Morrow.—The monthly board meeting of Columbia Women's Auxiliary will be held at St. Luke's Church, Cedar Hill, to-morrow, the sessions beginning at 11 and 2 o'clock. Branch representatives are particularly requested to attend this meeting without fail, and are reminded that a motor bus, leaving the Owl Drug Store, corner of Johnson and Douglas Streets, at 10.40 a. m., will take members to the place of meeting.
A. O. U. W. Dance.—The regular fortnightly dance of the Victoria local of the A. O. U. W. took place last night at the Knights of Columbus Hall, Fort Street, with 100 guests. Mrs. Riogard's orchestra supplied the music, and a merry time was enjoyed by all. A committee headed by Sister McIlroy made all arrangements for the function, which took the nature of a shirt and calico dance, in which the ladies appeared in the latter, and the gentlemen in the former.

Lecture on Missions.—At the St. Andrew's schoolroom last night Mr. C. R. McGillivray, M. A., delivered an address on the useful work performed by foreign missions. He stated during his remarks that the ideals of Christianity were international in character, and of much greater benefit to the world at large than the League of Nations. St. Andrew's orchestra rendered a number of selections, and during the evening Miss Stevenson sang.

Thrown From Car.—When a motor car driven by Mr. J. Cummings crashed into a light standard at the corner of Johnson and Blanshard Streets yesterday evening at 6 o'clock, his passenger, Miss Ruth Baines was thrown from the car, and sustained slight injuries. The lady was picked up by the city police who responded to the call for the ambulance, and after resting a while was able to proceed to her home, 55 Dupplin Road. No cause was assigned to the accident, but the automobile was badly crumpled in front.

May Revise Constitution.—Recommendations for a revision of the qualifications necessary for membership in the Navy Veterans' Association will be proposed by the British Columbia executive at the Dominion convention in September at Victoria, according to a Vancouver message. It is proposed to ask that three years instead of six years with the imperial army or naval forces, three years instead of nine years in the Canadian militia, and six months in the C. E. F. be regarded as adequate service to qualify for membership.

Adjudged for Afternoon.—The case in the city police court against John A. Ferguson for being in possession of liquor in the Gordon Hotel premises was called this morning, and most of the evidence taken. R. C. Lowe appeared for the defendant, and elicited the information that the five bottles of whiskey seized by Sergt. Fry and Constable Bishop belonged originally to Wm. Watson, who lost his life recently on board of the steamer Grey. The evidence will be continued this afternoon at an extra session of the court to terminate the case.

Will Withhold Float.—The tentative decision of the publicity committee of the Victoria and Island Development Association to enter a Victoria float at the Portland Rose Carnival with the object of attracting visiting Shriners to this island en route home to the East, has been reversed. It is stated to-day by J. G. Thomson, who pointed out that on the failure of the Vancouver representations to do likewise, it was hardly wise to attempt the project in the face of obstacles. The situation hinges on the point of order that the Rose Carnival floats must not carry advertising matter.

To Go North.—The Curtiss machine of the Aerial Service, Ltd., after completing aerial surveys in Victoria to-day, will be taken north by W. H. Brown and N. A. Goddard to the Summer headquarters at Courtenay.

High School Examinations.—The Department of Education announces that the High School examination will commence at 9 a. m. on June 21 and continue throughout the week. High School entrance and University matriculation examinations will be conducted simultaneously, and according to standard time.

Demonstrates Woollen Art.—The Lake Hill Women's Institute met yesterday afternoon, with Mrs. Tolmie in the chair. Plans were furthered for a flower show to be held in the schoolhouse next Wednesday, commencing at 2.30 p. m. After the conclusion of business Mrs. D. R. Jarriss addressed the gathering on the subject of spinning, exhibiting the varied products of the spinning wheel to illustrate her remarks. Mrs. Henderson gave a demonstration of the wheel in operation, which was much appreciated. At the conclusion of the meeting it was decided to adjourn until the third Wednesday in September.

To Consider Daylight Saving.—Alderman Joseph Patrick, father of the daylight saving scheme, which will go into effect here Saturday night, announced at the council that he would take the matter up with the City Council in Streets Committee Friday afternoon. If the majority of the council was against the scheme, he would consider the advisability of rescinding the whole plan. The Civic Employees Protective Association opposed to daylight saving on the ground that it will not be general and for other reasons, according to an official statement issued to-day.

Endorse President's Stand.—At the regular meeting of the Trades and Labor Council last night the stand of President Eugene S. Wilson, in opposing the new affiliated college at the High School—a move which Mr. Woodward considers an attempt to curtail the High School curriculum by one year—was unanimously endorsed. A committee, consisting of Mr. Woodward, the Vice-President, the Secretary and Delegate O'Neil was appointed to draft and issue a manifesto setting forth the views of the Council in defence of the "highest possible standard of free education in the public schools."

Military Appointments Listed.—An extract from military orders under date June 15 contains the following: Canadian Machine Gun Corps, 2nd Motor Brigade, to be quartermaster with rank of lieutenant, Frank H. Fallows; B. C. Regiment, Captain J. R. S. Lough, from reserve of officers, to be captain, and detailed temporarily for duty as adjutant of the Seaford Highlanders of Canada; to be acting captain, Lt. G. E. Gibson, adjutant of the North B. C. Regiment. The undermentioned officers are struck off the strength on demobilization: Major Thomas Lyon, Lieutenant Reginald H. E. Le Moine, and Nursing Sister Mary E. Morrison.

TO PRESENT PICTURES.
It is hoped that Friday afternoon will see "J" Unit Chapter of the I. O. D. E. well represented at the Quadra Street School, the occasion being the presentation by the Chapter of their historical pictures to the school.
In line with the other local Chapters of the I. O. D. E., "J" Unit has adopted the Quadra Street School as its particular protege, and the little ceremony will take place at 2.30 o'clock.

NELSON SCENE OF MASONIC MEETING
Two Hundred Delegates Attend Grand Lodge; Visit to Bonnington Falls
Nelson, B. C., June 17.—With two hundred delegates and members in attendance, the Grand Lodge of British Columbia and Yukon A. F. & A. M. opened in forty-ninth annual convention here this morning with W. H. Willis, of Victoria, Grand Master, presiding.
The Grand Lodge was officially welcomed by Major J. A. McDonald. The opening session was entirely taken up with reception of reports of the grand master and other grand officers, which showed satisfactory progress of the order both numerically and financially.

The membership during 1919 was over one thousand, the largest in the history of the Grand Lodge, which legislates for seventy-eight warranted lodges, and nine dispensations, seven of the dispensations being new this year.
The principal business will be dealing with the applications of these nine dispensations for advancement to warranted status.
The total membership in the jurisdiction is roughly 8,800.

To-morrow's Tour.
At 1 o'clock Friday afternoon a special train will leave Nelson, containing the grand lodge delegates, members of the craft and their families. A half hour stop will be made at Upper Bonnington for a look at the falls and a tour of the power plant of the West Kootenay Power & Light Company, and the train will then proceed to Tadanac, where the party will be taken through the smelter and refineries of the Consolidated Mining and Smelting Company of Canada, under the guidance of members of the smelter staff. This will be followed by a Masonic supper at Trail.

Returning a special leaving trail at 9 o'clock will bring the Masonic party back to Castlegar, where miners will connect three ways, the Kettle Valley for the Coast, the Kettle Valley for Nelson, and the boat train for the Arrow Lakes.
The Nelson arrangements are in the hands of a committee of which J. P. Forde is chairman.

OBITUARY RECORD
The death took place last evening of Percy Thompson, the two-weeks-old son of Mr. and Mrs. Thompson, of 1215 Chapman Street. The funeral will take place on Friday at 2.30 o'clock, from the Rev. Archibald Chapel. Rev. O. W. Howard will officiate. Interment will be made in Ross Bay Cemetery.

The death took place last evening at her residence, 2635 Blackwood Street, of Mrs. Marion Penman, beloved wife of Mr. R. Penman, aged 78 years. Mrs. Penman was born in Ramsey, Ont., and had been a resident of this city for the past ten years. She is survived by her husband, one daughter, Mrs. Archibald, of Kingsley, Man., also two sons, William and Newton Penman, at home. The funeral will take place to-morrow at 2.30 from the residence and fifteen minutes later service will be held at 2.30 o'clock at St. Andrew's Presbyterian Church. Rev. Dr. Clay will officiate. Interment will be made at Ross Bay Cemetery.

The death took place yesterday of Mrs. Edwina Logan Pearson, wife of Edward Pearson, 125 McKenle Street, in her fifty-fifth year. Notice of the funeral arrangements will be made later.
The funeral of the late Mrs. Marianne Walter, wife of John A. Walter, of 109 Simcoe Street, took place from the B. C. Funeral Chapel yesterday afternoon at 2.15 o'clock proceeding to St. James' Church, where service was conducted by the Rev. Archibald. Many friends attended, and the casket was covered with beautiful floral tributes. The hymn, "Jesus, Lover of My Soul" was sung. The remains were laid to rest in Ross Bay Cemetery. The following acted as pallbearers: E. Rogers, T. Rice, W. T. Phillips, A. S. Thomas, J. Raymond and A. W. Sadder.

The funeral of the late Pte. Philip Bertram Snape took place yesterday afternoon, leaving the B. C. Funeral Chapel at 1 o'clock and proceeding to Holy Trinity Church, Books, where service was conducted by Rev. Canon Hincliffe, assisted by Rev. C. Swanson. There was a very large attendance, including an escort and firing party from Work Point Barracks, the latter firing volleys as the remains were lowered in the grave, and Bugler Hannah sounded "Last Post" at the conclusion of the ceremony at the graveside. Two hymns were sung at the church, "Nearer, My God, to Thee," "My God, My Father, While I

Stray." The Union Jack was draped over the casket and a beautiful floral offering was sent. The remains were interred at Sooke. The pallbearers were: R. Bell, T. Willett, H. G. Anderson, J. W. Carscader, J. A. Murray and G. McIntosh.

NEWS AND NOTES OF THE MINES

Coal production in British Columbia for the period from January 1 to May 31 is running practically the same in quantity as for the similar period in 1919, according to returns made by the various coal producing concerns of the Province to the Provincial Department of Mines. The total production for the five months on Vancouver Island aggregated 709,408 tons, as follows: Canadian Western Fuel Co., 279,857; Canadian Collieries (Dunsmuir), Ltd., Comox, 167,152; South Wellington, 55,392; Extension, 58,829; Pacific Coast Coal Co., 43,834; Nanose Collieries, 11,982; Granby Company, 8,223; Van-Nanaimo Co. (Jingle Pot), 1,441.

Railway to Copper Mountain.
W. P. Tierney, contractor, was in Vancouver Monday and announced that within the next thirty days he expected to have the rails laid on the 15-mile road which he has been building to connect the great mines of the Canada Copper company at Copper Mountain with the Kettle Valley road. Some 18,000,000 tons of ore are reported to be developed and ready for shipment.
"The 15 miles of road are probably the heaviest construction in Canada. They have cost \$1,500,000 to build, without tracklaying. It has been heavy rockwork, bridges, and trestles all the way, and men have not been working like they used to," says the veteran builder.
The construction of the road has had a part in the prosperity which Merritt has been enjoying of late, as over \$1,000,000 of the cost was paid out in cheques in that city.

Oil Supplies
Development of the resources of foreign countries by American interests, with a view to insuring an adequate supply for the United States, was urged by Secretary of the Interior Payne in a letter yesterday to Senator Phelan, of California. The latter introduced a bill at the last session of Congress providing for creation of a United States Oil Corporation and the development of oil fields in other countries.

In the letter made public by Senator Phelan, the secretary said the purpose of the Phelan bill is "to provide the means for further promoting the world-wide search for oil," and added that "in that purpose I am in hearty accord."
"Every American company engaged in this pioneering search for oil that meets the international requirements of business conduct," Mr. Payne wrote, "should be given full support by its government. I believe, moreover, that the authorization of the special corporation along the general lines I have indicated will incidentally strengthen the position of American companies already exploring oil fields on other continents, and it is a matter of national concern that their activities be given all the protection and aid they deserve."

Galsheish Mine.
Several small shipments of ore have been made recently from the Galsheish mines at Silverster Bay, about three miles from Anyox. The ore is not only a number one fluxing product, but carries a content in silver and gold, that is worthy of being rated high-grade. Two assays so far of this ore have been made, and the second assay gave in value, gold, 182.11, and silver, 69.95, making an aggregate value per ton of \$3,731.15. The work is being pushed into shape rapidly, and the prospects are bright with respect to the full development of the property, at an early date. Stripping along the blossom of the vein has been done for a distance of 300 feet which is exposed for a distance of 1,500 feet, and the vein has a width on an average of six feet. A number of men are at present employed in the work of developing the property, and preparing the foundations at the water's edge for the erection of ore bins, wharf and the installation of a three-drill compressor. In addition, a new tunnel is being commenced at an elevation that will permit of the ready delivery of the ore from the mine directly into the bins, from whence it will be taken by scoops to the smelter at Anyox.

Are You Human?
A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no night so black.
Save them then. Use every precaution. Take no chance.
When sickness comes, as sickness will, remember it's just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.
Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

Children Cry For Fletcher's CASTORIA
A Word About Truth.
"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies.
From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.
All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.
And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.
Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little-ones. The BABY'S need for a medicine to take the place of Castor Oil, Purgative and Soothing Syrups was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.
MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
GENUINE CASTORIA ALWAYS

## Lawson Found Seattle To Be Pretty Tough Nut

### Tail-Enders Beat Capitals With Ninth Inning Rally; Two Home Runs Hedged Giants to Even Score in Fourth and Eighth Innings; James Relieved Lawson in Eighth.

Seattle, 8; Victoria, 6.

When Lefty Lawson sauntered out to the pitcher's box yesterday afternoon he had an idea in the back of his head that all he had to do to beat Seattle was to frown a couple of times and then look cross and the Giants, like a lot of school children who had done something wrong, would wilt away like flowers. Lawson, like the rest of the Capitals, thought he had the Giants over a barrel and that every game this week would go into Victoria's win column, so he was as unconcerned and ambitious as a swarty hula-hula girl at Walkiki. And while the Capitals were in this comatose condition the Giants swung around and maligned the league leaders for one day something shamefully.

Lawson was always reported to be a warm weather pitcher. He had all the heat he wanted yesterday, but it made him look worse than in the games he pitched when the cold breezes were blowing. With the score tied in the eighth inning, two out and one on Lawson threw his knee down and Russell-James went in to finish the game. Nine men faced James, and obtained the runs which won the contest.

### Got Away Well.

Tally did the hurrying for the Giants and yielded one run in the third on a base on balls to Kelley and Elliott and Leard's singles. In the fourth the Capitals collected three tallies without the assistance of a hit. Two base on balls, three errors and two fielder's choice put the Giants well down.

Seattle was unable to do much with Lawson's offerings until the fourth. Leard let Tally's grounder sift through his legs, and Grant and Nixon each singled filling the bases. Dutch Hoffman then evened up the score by slugging the ball over the right field fence.

Dempsey's home-run in the fifth put Victoria ahead. Elliott's double and Leard's triple added another tally for the Capitals.

### Homer Evened Things.

The Giants evened things up in the eighth. Hoelzele received a pass, and Paul lifted the ball out of the lot for another home run. With the score tied up the Giants went after James' slants in the ninth. Grant got his fourth single of the afternoon. Nixon was called safe when Elliott fumbled his drive. Hoelzele drove across the winning run with a striding drive to right field. James then hit Paul, and walked Cuyler, forcing in the last run.

Tally was invincible in the last inning. Both Leard and Brown struck out, and Carman lifted up a short fly, which Shannon grabbed after a pretty run.

The box score follows:

## GREAT BOXING CARD AT CRYSTAL TO-NIGHT

### Seven Pacific Northwest Titles at Stake and 27 Boxers Are After Them

Seven Pacific Northwest Amateur boxing titles will be at stake at the Crystal Theatre to-night and twenty-seven of the fastest grapplers in this part of the country will be seeking them. It is confidently expected that the tournament will be the finest ever staged here, and judging by the demand for tickets it is expected that the house will be packed with fans. The fights commence sharp at 8:15 o'clock.

## COOK'S GOOD NATURE BEATS HIS OWN TEAM

### Amateur League Standing.

Team	Won	Lost	Pct.
Elks	4	2	.667
Collegians	3	2	.600
R. of C.	2	2	.500
Yarrows	2	4	.333

Yarrows were anxious to win last night's game against the Elks, but after Cook had heaved a few balls they were quite certain that the ship-builders would be out of luck, and they lost 13-5. Yarrows certainly missed the Brown brothers who are now sporting Prince Rupert uniforms. Cook showed great ability to take punishment. In the first inning he walked four men, and two-base hits by Newman and Townsley were responsible for five runs. In the third Cook walked two more, threw in two wild pitches and yielded two hits, which netted three runs. Two singles and three base on balls gave the Elks five more tallies in the fifth.

Yarrows could do little with the offerings of Balcom. Eight of the shipbuilders struck out. Yarrows counted once in the fourth on a single and a double, and scored three times in the fifth on a base on balls, a wild pitch, two singles and an error. A base on balls and two singles gave Yarrows another run in the sixth.

The box score follows:

## RUTH LEANED HARD; GOT ANOTHER HOMER

The New York slugger in addition to hitting the home run made a triple which felt just a few feet from the fence. He walked on two other occasions and grounded out once. Faber pitched good ball in the early innings, but weakened later.

## ST. LOUIS SCORED ITS SEVENTH STRAIGHT VICTORY

St. Louis, June 17.—St. Louis scored its seventh straight victory, winning the opening game of the series with Philadelphia. Tobin made both of St. Louis' runs. The score: St. Louis, 7; Philadelphia, 2.

## CHICAGO SLUGGER IN ADDITION TO HITTING THE HOME RUN MADE A TRIPLE

Chicago, June 17.—Babe Ruth cracked out his eighteenth home run of the season, driving a man in ahead of him and put New York so far in front that Chicago was unable to overtake them. The game was delayed for forty-five minutes by rain following Ruth's homer in the eighth.

## CHICAGO SLUGGER IN ADDITION TO HITTING THE HOME RUN MADE A TRIPLE

Chicago, June 17.—Chicago made it three straight from Boston in the last of the series, winning behind Jim Yast's first homer since Memorial day in Chicago, making his seventh straight victory. Oeschger held Chicago to one run in the eighth and ninth innings and was forced by Flack, who scored on Hollocher's triple to left centre. The score: R. H. E. Chicago..... 1 2 0 Boston..... 0 1 0 Batteries—Vaughn and O'Farrell; Oeschger and Gowdy.

## Bays Will Now Have Fine Senior Crew in Regatta

### Wickson Will Stroke Boat With Day as No. 3, Moses No. 2 and Simpson Bow; Junior Crew is Also Strengthened and Chances of Locals Winning Big Events Are Enhanced.

With the return to this city of J. A. Wickson, the crack oarsman, the Boating Committee of the J. B. A. A. has altered its plans in respect to the entries in the N. P. A. A. O. regatta to be held at Shawnigan Lake on July 16 and 17. Followers of the rowing game will be glad to know that the Bays will now have a senior four as well as a junior four in the classic competition. With two 140-lb. crews this will give the Bays four entries in the main events of the regatta.

### FOOTBALL MEETING

A special meeting of the Victoria and District Football Association will be held to-night at 7:30 o'clock in the K-of-C. Hut to discuss important business connected with affiliation with the B.C.F.F.A.

### ELKS TO HOLD TEAM BILLIARD HANDICAP

After numerous elimination billiard handicaps, the Elks have now launched a team handicap under the supervision of Messrs. Hinson, Patton and Bayley, the Billiard Committee. Ten teams of four men each and a captain have entered the race, and as all are equally confident of success, the handicap promises to provide plenty of excitement and amusement. Each game will be 200 points, the total points for each team to count.

### In Shells Saturday.

Coach Dun O'Sullivan plans to put the four crews in the shells on Saturday afternoon. The crews have been in the lapstreaks for some weeks, and will now have their lighter boats to train in until the days of the regatta. It is planned to put the four-oared crews over a mile and a half course, and show them exactly what the distance is like. It is a most grueling race and requires careful training and unlimited stamina. After going the distance at a racing pace an oarsman is just about ready to topple into the water for a refreshment.

### Little news has been received as to the strength of the outside crews. Portland is found to have strong boats, and will now have their lighter boats to train in until the days of the regatta. It is planned to put the four-oared crews over a mile and a half course, and show them exactly what the distance is like. It is a most grueling race and requires careful training and unlimited stamina. After going the distance at a racing pace an oarsman is just about ready to topple into the water for a refreshment.

### ENTER THIS YEAR.

The Bays are making every effort to provide a great source of entertainment for the visiting oarsman, and have appointed a big committee to arrange the programme. The committee consists of the following: His Honor the Lieut-Governor, Hon. John Hart, M. P. F., Mayor R. J. Porter, K. Duncan, M. P. F., J. C. Beckwith, president of the Board of Trade; C. Denham, president of the Rotary Club; M. Graham, president of the Kiwanis Club; J. G. Thompson, publicity commissioner; J. H. Savage, president of the Duncan Board of Trade; G. D. Christie, president of the Island Automobile Association; G. I. Warren, V. B. A. A.; D. Spence, Elks Club; M. Savage, honorary president of the J. B. A. A.; R. F. Taylor, president of the J. B. A. A.; B. C. Nicholas, vice-president of the J. B. A. A.; J. J. Shallercock, Alderman; Todd, K. Ferguson, Dr. C. J. P. Higgins, L. Patrick, G. C. Bushby, H. M. Diggon, L. Sweeney, P. Austie, E. J. Hopkins, G. Simpson, R. Yates, F. Elford, S. L. A. A., Dyson, S. L. A. A., and C. Eardley-Wilmot.

Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to the Times office may phone in their ads, and the Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of the Times office. PHONE 1090

### JEWELRY BURGLARS

#### IN MONTREAL MADE

## A \$50,000 HAUL

Montreal, June 17.—Burglars last night blew out the fronts of two large safes in the premises of M. L. Laskar, manufacturing jeweler, at 7 Henry Street, in the heart of the city, and stole diamonds, platinum and gold jewelry valued at \$50,000. They broke open a neighboring office, and stole a cloth which they used to deaden the sound of the explosion.

## NATURALIZATION

### BILL INTRODUCED

Measure Amending Former Act Read First Time at Ottawa

Ottawa, June 17.—(Canadian Press)—At the opening of the House of Commons this afternoon, Hon. C. J. Doherty introduced a bill to amend the Naturalization Act. The Minister of Justice said that one purpose of amending the bill was to permit the issuing of naturalization certificates to persons of enemy alien origin resident in Canada for ten years before the passage of the Naturalization Act and of approved loyalty.

The Naturalization Act, as at present constituted, provided that such persons could not obtain naturalization until ten years after the close of the war. This provision was in line with the Imperial statute. The Government, but it had been found possible to modify the Canadian law in the way suggested and yet keep in line with the Imperial statute.

W. D. Euler (North Waterloo) asked if the Act could not provide personal naturalization for women as well as men.

Uniformity.

Mr. Doherty replied that the Dominion could not vary the provisions of the Act and maintain the uniformity of legislation throughout the Empire. The British Parliament had refrained from changing that phase of the original act without consulting the Dominions. Canada could not do otherwise than follow suit.

The bill was then read a first time.

Saturday Sitings.

The House adopted a motion by Sir Robert Borden to sit on Saturdays on and after Saturday next, June 19.

Hon. W. L. Mackenzie King said the Opposition would agree to this if it could be assured that all the legislation to be considered was now before the House.

Sir Robert Borden replied that it was, with the exception of a non-contentious bill dealing with the liquor smuggling traffic in alleged to have led to his killing Henry E. Maroney, of West Medford, Mass., a fellow student, early yesterday, was a prisoner to-day awaiting action by the grand jury on a charge of murder. His companion in flight, Cyril Nicely Wise, of Akron, Ohio, was held as a material witness.

Resignation.

The Prime Minister tabled in the House the resignation of W. F. O'Connor, K. C., from the Board of Commerce of Canada.

## News of Markets and Finance

### HAS NOW THREE BRANCHES HERE

### Bank of Montreal Expands Connections in British Columbia

The activities of the Bank of Montreal on the Pacific Coast are expanding in keeping with the growth of the community. In addition to the new branch recently opened on Douglas Street in Victoria, the bank has also opened a new branch in premises at the corner of Granville and Nelson streets, Vancouver. The Bank of Montreal has now three branches in Victoria and five in Vancouver.

The manager of the new branch in Victoria is Mr. E. Statham, who has been acting manager of the bank's branch at Esquimalt. Mr. Statham had many years' experience in banking and twenty years ago was employed as paying clerk in the Esquimalt branch of the Bank of British Columbia in Victoria.

He succeeded at Esquimalt by Mr. P. J. Daniels, who was formerly the Chief Government clerk in the Ottawa branch of the Bank of Montreal and was then appointed assistant to the accountant in the bank's chief branch in Victoria, which latter position he held until his present appointment.

Mr. P. J. Daniels, the manager of the new branch in Vancouver, Mr. Macrae who came to Canada from Auckland, New Zealand, 25 years ago, is well known on the Pacific Coast, having filled many posts of importance here in connection with the Bank of Montreal. He has served as accountant in Victoria, New Westminster, Nelson, Roseland and Greenwood branches; was manager of the North Vancouver branch from 1909 to 1911 and since that time has been attached to the superintendent's office in Vancouver. He has been an active member of the social, charitable and business organizations in the community in which he has resided, and has always been prominently identified with outdoor sports, particularly tennis and fishing.

### CONDITIONS STILL UNSETTLED IN JAPAN

Washington, June 17.—Japan's balance of trade for the first ten days of June was "very unfavorable," and the general financial and industrial depression showed no signs of improvement, said a dispatch to-day to the Department of Commerce from its representative at Tokyo.

The Mogi Bank at Yokohama, which was forced to suspend May 24, failed to open last Tuesday. The dispatch added that this indicated continued uncertainty in the silk market and the failure of the banks and silk merchants and manufacturers to reach an agreement as to the security value of silk.

### VON KAUFBEUREN REMAINS IN PARIS

Paris, June 17.—Dr. Mayer von Kaufbeuren, German Charge d'Affaires, here refused the offer of the German Chancellorship tendered him by Karl Trimborn, leader of the German Centre Party, who is trying to form a new German Ministry to be organized as a result of the recent election.

Dr. Mayer declared he considered the mission he has in Paris too important to give up.

### BOLSHEVIK CLAIM GAINS WERE MADE

London, June 17.—Russian Bolsheviki forces have again advanced on the northern end of the Polish front, according to a wireless dispatch from Moscow, quoting an official statement.

Soviet successes on other sections of the line also are reported.

Prairie Visitors Likely—Carl Pen-dray, who has just returned from a trip through Alberta and Saskatchewan, brings a tale of glowing promise for the coming season's crops of the prairie farmers. The crops were put in late, he states, but the mild and wet weather since has caused great satisfaction, and prospects of a bumper list of crops is evident. Mr. Pen-dray states that in conversation with many of the residents, the Coast was ever present in their minds, and that he would not be surprised if there would be a large exodus from that country if the year's work is productive.

## RESULTS MAY FOLLOW TRIP TO SOOKE LAKE

### After Investigation Aldermen Differ As to Flow Line Leakages

## AGREE RESERVOIR OUTLET NECESSARY

Yesterday's visit to Sooke Lake served to convince most of the aldermen who made the trip of a number of things in connection with the waterworks system. In the first place, they agreed that measures to make it possible for Humpback Reservoir to hold sufficient water to supply the city during the winter months should be taken as soon as possible. Secondly, after extensive investigations they appeared to join in the idea that, when Victoria's population shall have increased about five hundred per cent., a new water system involving tunneling from Sooke Lake to the city, will have to be installed; and some of the more optimistic members seemed to think that this would be a date not so very distant. Thirdly, examination of the Sooke flow line, which has been the storm centre of aldermanic debate for some time, convinced probably a majority of the aldermen that no extraordinary remedial measures were necessary to stop prevailing leakages. A minority, however, led by Alderman A. E. Todd, professed to be disconcerted over the leakages and declared that they were more than ever certain that an independent investigation by an outside engineer was required.

The Party. Leaving the City Hall at eight o'clock in the morning the following party sped over the old Nanaimo road to Sooke Lake yesterday: Alderman Sangster, chairman of the Streets Committee; Alderman A. E. Todd; Alderman Robert Dinadale, Alderman Robert Dewar, Alderman W. F. Fullerton, City Engineer F. M. Preston, and newspaper representatives. Other members of the Council did not go because they were not inclined to undergo the hardships of a tramp through the woods. Arrived at the lake shortly after ten o'clock, the party first inspected the dam, spillway, intake house and other waterworks equipment. It was explained that the party by Mr. Preston and William Campbell, supervisor of the lake equipment, that the watershed area tributary to the lake has an area of thirty square miles and that its uninhabited condition makes contamination of the water supply impossible. It will be recalled, indeed, that the city explored the lands of all settlers on the lake and those who owned summer cottages there—among them Alderman Todd. The party looked with interest over the circular intake tower, which is established to the west of the dam and spillway. This tower is equipped with seven gated valves or openings which are operated by wheels and which permit of water being drawn from various levels. Two 40-inch diameter riveted steel pipes, one of them a reserve, extend from the intake tower through the dam to the screen chamber. The latter is equipped with twelve sets of screens through which the water runs and is thus freed of any foreign substance which may have drifted in from the lake. After passing the screens the water runs over a measuring weir and rushes down concrete steps, to the intake leading to the reinforced concrete flow line.

Examine Flow Line. After examining these and other details of construction, the party set out to see how the pipe line was being laid. For the benefit of the aldermen the system was turned on full force, twenty-three million gallons of water entering the pipe every twenty-four hours. While the warm weather has caused the pipe to expand and seal the joints, the heavy pressure exerted by this volume of water, of course, naturally tended to increase leakages. However, the aldermen were greatly surprised by what they found along the intake mile from the Lake toward Humpback Reservoir. A few leaks were discovered, but apparently not nearly so much water was escaping as on the lower part of the line, visited some time ago.

All went well until the party reached the inverted siphon over Sooke River. The pipe at this point runs across a trestle some seventy-five feet from the stream below, and a number of the visitors did not care to negotiate it. Consequently only Alderman Sangster, Alderman Todd, Alderman Dewar, Alderman Fullerton and other representatives proceeded further. These gentlemen walked on another five miles, keeping along the Canadian National Railway grade for a considerable distance. They found several serious leaks at different points. Alderman Sangster said there was nothing to worry about, but Alderman Todd renewed his contention that the leaks should not have occurred, and that investigation should determine who was responsible for the condition.

They paid a visit to Leachtown. After returning to Sooke Lake the party lunched at Mr. Campbell's house and learned with some interest that a solitary bottle of champagne, left over at the celebration when the waterworks system was opened in May, 1915, was stored away somewhere in the neighborhood, even though, as Alderman Todd observed, two prominent members of the Council had spent the previous week at the Lake.

On to Humpback. Everyone then started for Humpback Reservoir along the cut-off road to the Malahat. This route is along the side of the lake for its entire length, so that the aldermen were able to secure a splendid view of the beautiful expanse of water. It was at this point that discussion regarding the advisability of installing a tunnel system of water supply began. Most of the aldermen appeared to agree that, when Victoria's population reached 250,000 such a system would be a necessity. Alderman Todd explained that, by this system, Sooke River would be diverted into Sooke Lake to augment the supply, and the outlet would be at the northern end of the Lake. As the aldermen visited the neighborhood of Findlay Swamp, where a balance-

ing reservoir, like Humpback, would be established. In this reservoir would collect the rainfall from a very large watershed area in the vicinity. Another tunnel would be driven from this point to Saanich Inlet, where a junction would be made with a steel pressure line to the city. The surplus water at this point would be dropped from beside the Malahat drive right down to the water's edge and used to manufacture electric power. This system would have several distinct advantages—it would supply the city sufficient water to fill the requirements of a huge population; the water would run through tunnels instead of pipes for a large distance upkeep would be cheap and finally a huge horsepower of electricity would be obtained.

Thirty Per Cent. Leakage. Discussing these possibilities the aldermen sped on to Humpback Reservoir in order that they might see how much of the water which they saw leaving Sooke Lake was reaching that point. It was discovered that of the 23,000,000 gallons entering the line at the lake 16,000,000 were pouring into the reservoir—a thirty per cent. leakage. The aldermen passed varied opinions on this circumstance, and proceeded to examine at the north end of the reservoir a possible overflow outlet. Mr. Preston explained to them that it was inadvisable in the winter months to fill the reservoir completely for fear a heavy rain would fall and, overflowing it, swamp the surrounding country. If, however, an outlet were installed, he said, it would be possible to keep the reservoir full at all times and, in the winter months the Sooke Lake line could be turned off altogether. This would be a great advantage, as it would afford plenty of time for repairs and would leave the line inactive when it leaked most.

Outlet Necessary. The alderman agreed that an overflow outlet was very necessary. As a matter of fact, the route of such an outlet has been surveyed from the north end of the reservoir to Goldstream into which the overflow would be emptied. It is probable that, as a result of the visit, such an outlet will be installed before long.

During subsequent investigations the aldermen were informed that the watershed at Humpback is 670 acres in extent, or slightly over one square mile. The total capacity of the reservoir is 18,000,000 gallons, and the height of the spillway at the big dam is 32.93 feet above sea level.

The party arrived in the city at about half past five.

## APPLE TREES OF MINING CAMP STILL BLOSSOM

### Aldermanic Party Visits Leachtown During Official Inspection

During the day several of the aldermen paid a visit to Leachtown, centre of the celebrated gold rush of 1864-5. They passed the road to the ancient mining camp by some two miles, however, before they realized their mistake. Returning, they managed to hit the right trail, and, led by Alderman Sangster, who prospected in the district some forty years ago, they found, near all that remains of a once bustling town. Little is left to mark this mushroom centre of excitement. A log bridge across the creek, some stone walls, the remains of old fireplaces, a few half rotten timbers from the old miners' cabins, some big holes in the earth where the fortune hunters dug for gold, that is about all there is left of Leachtown. After wandering about for a time, however, Alderman Sangster was able to lead the party to the ruins of the old Government and mining recorder's office, a huge cabin built of heavy timbers about two feet square. The walls of this old building still stand in place, a wonderful tribute to the workmanship and toil of the builders. Romantic traditions and memories still hover over the place which, by the way, had been visited by Alderman Sangster forty years ago, when it was still occupied and in good condition.

Beside the door of the big cabin are growing two huge gnarled apple trees planted during the gold rush, nearly sixty years ago. Some blossoms were seen. Alderman Sangster and Alderman Todd remembered having picked apples off them while hunting last year.

Nearly stand a few other cabins erected long since the gold excitement and occupied originally by Chinese and other prospectors who have returned to the scene of former riches to make a bare living panning the sands of Leach River, which flows nearby. Indeed, the aldermen met the man who at present is "placering" the river, and who, with his partner, has sunk a considerable shaft into the bank.

A Weary Tramp. Much interested in Alderman Sangster's account of his adventures about Leachtown in years gone by, the party started back along the old Leachtown Road, which curves up the mountain side and leads back to Sooke Lake. Nothing of any moment happened along the route, though some of the members of the party had a hard job negotiating the hills. The aldermen spent their time, excitedly, in listening to the anecdotes, wishing that Alderman Todd was along to share the grueling torture of the climb. Though on their return to the Lake and to people who did not dare to take the trip, many rumors were spread about the wolves, bears, panthers seen along the route, nothing of any exciting nature happened except when Alderman Todd, slipping from a log, found himself in a mountain torrent.

Less Leakage in Flow Line.—City Engineer F. M. Preston was informed by telephone from Humpback Reservoir this morning that of the 23,000,000 gallons of water per twenty-four hours leaving Sooke Lake last night 17,200,000 were reaching the Reservoir. The leakage was thus twenty per cent. When the aldermen visited the Reservoir yesterday afternoon only 16,000,000 gallons were arriving. Mr. Preston thinks that the full capacity returned into the pipes at the Lake had not commenced to reach the Reservoir when the aldermen were there.
