BOARD.

DEPARTMENTS OF MUSIC AND ART.

The teacher in charge of these branches has had the best advantages for study and is prepared to do good work. These departments are open to both sexes.

THE PRIMARY DEPARTMENT.

This department is under the direction and supervision of the Faculty of the College, and is presided over by a teacher of experience and acknowledged ability and adaptedness for instructing the younger students. Rare advantages are offered in our Primary Department.

PREPARATORY DEPARTMENT.

Students of this department are also under the direction and supervision of the Faculty of the College, and are instructed by the Faculty of the College.

MATRICULATION.

In order to become a member of the College, the student must call upon the President, enroll his name, and pledge conformity to the laws of the College, and make arrangements for the expenses of the term.

Students are received at any time, but we would emphasize the importance of entering at the beginning of the term. No deduction will be made for absence, unless it be for protracted sickness or other unavoidable circumstances.

GOVERNMENT.

An important part of education is self-government. The discipline of Weaverville College first proposes to the student self-government as the highest type of government, and seeks to surround him with a social atmosphere toned with purity, honor and piety. The department enjoined for maintaining membership and good standing in the College is defined by the morality of the

Bible, the proprieties of gentlemen, and the fitness of our positive rules.

Every student is required to be present at chapel service, which consists of the reading of the Scriptures, singing and prayer.

Want of moral character and reckless indifference to law and order, the use of ardent spirits, carrying pistols, card playing and gambling of any kind, profanity, lying, fighting, or any other gross violation of order, will disqualify any one for membership in the College.

Every student is expected to assist in maintaining good order.

PUBLIC WORSHIP.

Public worship is held on Sunday, at which all students are required to attend. Students, with the advice or permission of their parents, and with the consent of the Faculty, may attend worship elsewhere. Every student is urged to attend Sunday-school.

A Christian character is considered the great essential, and no pains will be spared to surround the students with such influence as may be necessary to restrain them from vice and encourage them in virtue.

EXAMINATIONS.

At the close of each term, examinations are conducted in writing, as a test of proficiency and advancement, and each student's grade is recorded. If a grade of seventy in one hundred is not reached, the subject must be reviewed. No one can graduate until this grade has been reached on all the studies in the course.

DEGREES.

The degree of Bachelor of Arts is conferred on those who complete, in a satisfactory manner, the studies of the entire Classical Course.

Graduates in the Scientific Course receive the degree of Bachelor of Science. Diploma fee, \$5.00. All dues to the College must be satisfactorily settled.

The degree of Master of Arts is conferred on the graduates of three years' standing, who have sustained themselves honorably in scholarly pursuits, upon their application for the degree, accompanied by the usual diploma fee, \$5.

TERMS AND VACATIONS.

There are two terms in the year. The Fall Term begins on the first Thursday in September and continues eighteen weeks. The Spring Term begins at the close of the first, and continues eighteen weeks.

LITERARY SOCIETIES.

REPORTS.

Reports will be sent to the parent or guardian of each student at the close of the term or oftener, and will contain an account of the student's proficiency and diligence in study, and general deportment.

FREE SCHOLARSHIPS.

Ministers of the gospel, preparing for the regular pastoral work, are not charged tuition, provided, however, they engage in that work; if they do not, they will be expected to pay as other students. Deductions are made in favor of the children of ministers in the pastoral work.

APPARATUS, LIBRARY AND MINERALS.

We will secure apparatus as soon as we are able. Our chemical apparatus is sufficient for our present purposes. A fee of \$1.00 per term is charged for laboratory work.

We have some books as the beginning of a library. We hope to add to these from year to year. Any donations of books will be gratefully received.

A good nucleus for a cabinet of minerals has been collected. Additions will be made from time to time. Our friends will confer a favor on us by sending us specimens of minerals, fossils or woods.
