SUBJECT: Repatriation

TO: Supreme Commander for the Allied Powers

1. References:

a. Occupation Instructions Number 5, 1 April 1950, Supreme Commander for the Allied Powers (Incl 1).

b. Letter, General Headquarters, Supreme Commander for the Allied Powers, AG 370.05 (7 May 46)GG-C, 9 March 1949, subject as above (Incl 2).

c. SCAPIN 927/17 (Incl 3).

2. In accordance with the policy outlined in reference 1a above that the Japanese Government will generally be permitted and encouraged to exercise the normal powers of government, and that with this end in view commanders will reappraise critically and continuously the methods whereby occupation missions are accomplished, the mission of this command has been analyzed to determine what surveillance functions it would be appropriate to discontinue.

3. Reference 1b above addressed to the Commanding General, Eighth Army, requires routine supervision of compliance by the Japanese Government with the provisions of SCAPIN 927/17, 9 March 1949, subject: "Repatriation," which is the basic directive governing mass repatriation of Japanese Nationals (Incl 3).

4. No mass repatriation activities are currently being conducted. However, during past operations, the personnel of the Ministry of Welfare, Japanese Government, has proved to be capable of efficiently and independently receiving and processing large numbers of returnees. It is therefore considered practicable and consistent with the announced policy of the Supreme Commander for the Allied Powers to discontinue supervision of this activity.
