The Norwegian Ambassador presents his compliments to His Excellency the Secretary of State and has the honor to ask his kind assistance in the following matter.

The Norwegian Government has been informed by its diplomatic representative in Tokyo that permission will be given to 400 foreign businessmen to visit Japan from August 15th, next, and that the allocation of this number to the different interested countries will be made by the Interallied Trade Board of the Far Eastern Commission.

The Norwegian Ambassador has been instructed by his Government to ask for the assistance of the Secretary of State in order to obtain permission for 4 - if possible - Norwegian businessmen to visit Japan.

OC TO EUR

The Acting Secretary of State presents his compliments to the Chargé d'Affaires ad interim of Norway and refers to the Embassy's Note No. 243, July 1, 1947, inquiring whether Norwegian businessmen may go to Japan.

This Government, in consultation with the Inter-Allied Trade Board for Japan, has endeavored to work out an equitable division of the four hundred businessmen among the various countries on a quota basis. Each country desired a greater number than was possible to accommodate under the difficult conditions now prevailing in Japan. Consequently, every nation was forced to accept a smaller quota than it had deemed necessary. Although the Norwegian Ambassador requested assistance in obtaining the entry of four businessmen into Japan, and that assistance was sincerely attempted, the provisional quota for Norway is of necessity two traders every twenty-one days, unless renewals have been obtained by the original businessmen on the approval of the Norwegian Government and of the Supreme Commander for the Allied Powers.

He is named as a reference in a form airgram sent to the Department by the American Consul at Panamá on June 11, 1945 regarding Regina T. de Perez, an Argentine national, concerning whom VD had no derogatory information.

A check with Miss Zarger (ES) reveals only that Mr. Missri is a member of the firm Homsany Hermanos. A report of November 20, 1942 concerning the aforementioned firm states that it is a favorable outlet for American trade.

My dear Captain Keough:

There is enclosed an application for permission for Mr. Teófilo Monsany Misri, a Panamanian merchant, to enter Japan. Although it is indicated on the application that Mr. Misri forwarded it to the Department of State, this Department actually received the application from the Panamanian Embassy at Washington.

It would be appreciated if, in bringing this matter to the attention of the Supreme Commander for the Allied Powers at Tokyo, the Military Permit Section would indicate that application is being made for the above-mentioned Panamanian businessman to enter Japan under the quota assigned to "other" nations by the Inter-Allied Trade Board.

Dear Sir:-

Chosaku Oishi residing at Merritt in the County of Yale in the Province of British Columbia is a Japanese who is being repatriated to Japan, although the date of his repatriation is a little uncertain. Chosaku Oishi wishes to receive a shipping permit to ship merchandise to Japan of the cubic measurement of approximately 85 cubic feet and a weight of approximately 2500 pounds. I understand that the procedure is for first a permit to be issued by you to ship the merchandise and that subsequently this permit is forwarded to the American mail line with an application for steamer space. If this application for permit is in order I would be obliged by your sending it to me at your earliest convenience.

The Ambassador of Iran presents his compliments to The Honorable The Secretary of State and has the honor to inform him that this Embassy has been asked to obtain permission for Mr. Hussein TOUTY, an Iranian merchant residing in Shanghai, China, to visit Japan on and after August 15, 1947, for the purpose of purchasing Japanese products for export to Iran and of arranging for importations of Iranian products into Japan.

The Ambassador would, therefore, appreciate it if The Secretary of State would secure from the Supreme Command of the Allies in the Pacific the necessary permission to enable Mr. Touty to visit Japan at the time mentioned above.

Miss Wolberg called in reference to the Iranian Embassy's note No. 1523 of July 2, 1947 regarding the above-mentioned subject. She referred Mr. Aram to the Department's Circular Note of April 24, 1947 with which there were enclosed ten copies of Form DS-513 (Application for Permission to Enter Japan). She pointed out that the Iranian Embassy had not transmitted with its note a form application for Mr. Touty and that some of the information required by the military authorities when considering requests for permission to enter Japan was not included in the Embassy's note (such as place and date of birth; final destination in Japan; number, date of issuance, issuing authority and period of validity of passport). She indicated that time would probably be saved in the end if, before bringing this matter to the attention of the appropriate military authorities, the Department could receive from the Embassy a form application for Mr. Touty including all of the required information.

Mr. Aram said that he would bring this matter to the attention of the person who had drafted the Embassy's note under reference and that Miss Wolberg would probably hear from him in the very near future. Mr. Aram also stated that Miss Wolberg's call could be considered an acknowledgement to the Embassy's note.

MEMORANDUM

The Peruvian citizen Eduardo Cabada, who is traveling to Calcutta with a commission of the Government of Peru regarding the productions of bags of jute fibre used in the exporting of sugar, desires to obtain permission on his return trip to pass through Japan, where he will wait about eight days for his connection to Hawaii.

Mr. Cabada is the representative of the "Empresa Agrícola Chicama Ltda.", of Trujillo, Perú, who are one of the largest sugar producers in the country. Besides the Government Commission in Calcutta, Mr. Cabada will, on the way there, take care of some of his firm's business in England. He then expects to make the return voyage by way of Manila, the Philippines, China, passing in transit through Japan and Hawaii on the way to California. He has no special business in Japan, and the permission requested is simply in order that he may pass in transit. Mr. Cabada desires also to go through Java in order to study the conditions of production and the forms of cultivating sugar there.

The necessary personal data concerning Mr. Cabada, in conformance with Circular N°. 8 (annex to the Department's note 894.11/1-1747), are as follows:

1. Name: Eduardo Cabada (Merino).
2. Place and date of birth: Lima, Peru, January 31, 1904.
3. Citizenship: Peruvian.
4. Type of work in which engaged at present: That of representative a a sugar-producing firm in Peru.
5. Purpose of visit to Japan: In transit.
6. Expected length of stay: About 8 days.
7. Desired date of entry: August 31 to September 15.
8. Point of origin and final destination: Tokyo.
9. Route and means of travel: Proceeding from China, traveling alone, passport valid to May 28, 1948. (Passport No. 15069 from Ministry of Foreign Affairs of Peru).

MEMORANDUM

The Department of State refers to a memorandum of the Peruvian Embassy dated July 3, 1947^{hc} which conveyed the desire of Mr. Eduardo CABADA, a Peruvian citizen, to obtain permission to pass through Japan en route from Calcutta to the United States. The memorandum advised that the proposed visit to Japan of Mr. CABADA will not be for official or business purposes but merely for transit of that country.

The Department of State has been informed by the appropriate military authorities that the Supreme Commander for the Allied Powers in Japan has been compelled due to the acute housing and food situation in that country to continue restrictions on the entry into Japan of all foreign nationals. Permission to visit Japan has therefore been confined to government officials and those persons travelling to Japan for military or religious purposes or for essential business reasons.

It is regretted that because of this policy dictated by the prevailing conditions in Japan, permission cannot be granted at this time for Mr. CABADA to pass through Japan

in

transit. If at some later date Mr. CABADA still has an interest in visiting Japan a request for permission made on his behalf will be given sympathetic consideration providing the housing and food conditions by that time have ameliorated sufficiently.

After sending out our letter of Aug. 4 to Capt. Keough, it was found that VD, although it had no file on Isidoro, had jackets on various other members of the Azrak family. Consequently a follow-up letter was drafted to Capt. Keough on Aug. 14, 1947.

There is enclosed an application for permission for Mr. Isidore Azrak, a Panamanian merchant, to enter Japan. The aforementioned application was forwarded to the Department of State by the Panamanian Embassy at Washington.

It would be appreciated if, in bringing this matter to the attention of the Supreme Commander for the Allied Powers at Tokyo, the Military Permit Section would indicate that application is being made for the above-mentioned Panamanian businessman to enter Japan under the quota assigned to "other" nations by the Inter-Allied Trade Board.

MEMORANDUM FOR THE FILES:

A check with VD (Miss Flinn) and FC (Miss Jenkins) reveals no information regarding Mr. Enrique Bravo. ES (Miss Zarger) has record of an intercept dated July 13, 1947 concerning an article which appeared in a Nuevo Leon (Mexico) newspaper indicating that "Enrique Gonzales Bravo" and eight leaders of the "CTM" were accused of being fifth columnists. It is not certain whether Enrique Bravo and Enrique Gonzales Bravo are one and the same person. At any rate, there appears to be no definitive derogatory information concerning Mr. Bravo in the Department's files. *(The files of DC/R and SPD were likewise checked, with negative results.)*

Miss Wolberg called in reference to the Mexican Embassy's note of July 8 on the above-mentioned subject. She referred Mr. Madrid to the Department's Circular Note of April 24, 1947 with which there were enclosed ten sets of form applications for permission to enter Japan. Mr. Madrid recalled the note and said that he thought all the form applications had been sent to Mexico. Miss Wolberg pointed out that the applications called for certain information which the military authorities in Japan require before passing on applications for permission to enter that country. As much of the information is not contained in the Embassy's note under reference, Miss Wolberg suggested that the Embassy submit the necessary form application for Mr. Bravo. Mr. Madrid said that if Miss Wolberg would send him a few sets of the form application he would be glad to have one filled out for Mr. Bravo and send it to the Department.

My dear Captain Keough:

I refer to the Department of State's letter of August 4, 1947 enclosing an application for permission for Mr. Isidoro Azrak, a Panamanian merchant, to enter Japan. In accordance with a recent telephone conversation between Mrs. Flickinger of your office and an officer of this Department, there is set forth below additional information which it is considered advisable to transmit to the Supreme Commander for the Allied Powers at Tokyo in connection with Mr. Azrak's application:

The files of the Department of State contain a great deal of material on various members of the Azrak family, a number of whom are merchants with a reputation for engaging in sharp business practices and for generally dubious ethics. Although Isidoro Azrak appears to be a native-born Panamanian national, other members of the family have immigrated both to the United States and to Panamá from Syria.

In recent years Isidoro Azrak and his brother, Victor Azrak, have operated a dry goods and general merchandise business, reportedly called the Panama Trading Company, at Panamá, Panamá. According to a report which the Department of State received in June 1944 from the Federal Bureau of Investigation, Department of Justice the

aforementioned company in September 1942 apparently had branches in New York, New York and Mexico City, Mexico. Victor Azrak is understood to have dealt heavily in Japanese goods prior to the war. On November 6, 1943 Isidoro Azrak stated to a representative of the Office of Naval Intelligence that he and his wife, Lily Sassoon Azrak, lived in Japan from November 1939 to July 1941. He owned a general merchandise store, "The American British Trading Company", at Kobe, Japan. There he purchased goods for shipment to New York, Panama and Egypt. When Isidoro Azrak and his wife left Japan, the business was turned over to Murad Attia, a Panamanian national, and to a Japanese national whose name Mr. Azrak could not remember. From Japan the Isidoro Azraks came to the United States from whence they later departed for Mexico. It is understood that they left Mexico in May 1942 for Panama.

During the war the Department of State for security reasons refused permission for Isidoro Azrak's mother and father, Reina and Murad Azrak, to leave the United States for the purpose of visiting Panama. Subsequently, in July 1945, Mrs. Azrak was permitted to visit Panama. Although visitors visas for entry into the United States have been issued to various members of the Azrak family residing in Panama, the American Embassy there was for a time reluctant to issue them in view of the recommendations of local Canal Zone intelligence agencies and the close connections which various members of the Azrak family had with the Japanese before the war. The Embassy at Panama has indicated that through their representatives the family could even be said to have continued their business connections with the Japanese after the outbreak of the war.

In connection with the foregoing there is enclosed a residence permit which was issued to Mr. Azrak by the Japanese authorities at Kobe, Japan in 1941. The

TO : Mr. Williams
Mr. Hibbard

DATE: July 14, 1947.

FROM : Miss Wolberg

SUBJECT:

Reference the attached draft circular airgram which was sent over by Mr. Bowman, JK. I would suggest that the end of the third paragraph (see first half of page 2) be changed to read as follows:

Nationals of other FEC countries should apply to their governments, who will select on bases similar to those of U.S. In the case of nationals of other FEC countries and of nationals of non-FEC countries, application to SCAP should be made through the interested governments. Where such country has no mission at Tokyo, Department of State will, upon request of interested government, transmit application to SCAP.

I don't understand why these entrance permits will be valid for only 21 days and will ask Bowman about this. Before calling him, however, I wonder if there are any other questions either of you would like to raise.

Bowman told me about the 21 days. SCAP wants rapid turnover of the 400 who are permitted in Japan at one time. All permits will be extended by SCAP however, on basis of necessity as judged in Japan.

MEMORANDUM FOR THE FILES:

At Mr. Williams' instance, Miss Wolberg endeavored to track down a rumor to the effect that SCAP had placed a limitation on the amount of baggage which may be taken to Japan by Japanese nationals, not in an internee or a deportee category, who are returning to Japan at their own expense for permanent residence. (SPD had previously drawn up an "Information Sheet Concerning Baggage and Effects" which is being made available to all Japanese whose departure from this country for repatriation to Japan is approved by the Department. The aforementioned sheet was drafted with the idea in mind that SCAP had placed no limitation on the amount of baggage which these Japanese could bring with them, except that it must be for their own personal use and that they must conform with Department of Commerce export regulations. The sheet was drafted after several exchanges of telegrams between SCAP and the Department, and it was believed that if SCAP had placed any limitation the Department would have been informed in one of the incoming cables.)

Miss Wolberg called Mr. Allen, Water Transportation, War Department (Extension 6652) who said he would check on this matter, although he was under the impression that the limit on the amount of baggage which the Japanese could take was 400 pounds. He checked with Major Bailey, Office of the Assistant Chief of Staff, G-4 (Extension 6158) and called back to say there is no limitation--that the 400-pound figure applies only to the amount which may be taken by Japanese who travel on Army vessels.

In order to make doubly sure, Miss Wolberg checked with Major Bailey who assured her that, so far as he knew, SCAP had placed no limitation on the amount of baggage these Japanese may take and that the information sheet drawn up in SPD is probably quite correct.

With reference to the Department's telegram No. 238 of July 1, 1947 to the Embassy-Montevideo explaining procedures for the entry of a Uruguayan commercial agent to Japan, there is enclosed the original copy of a note from the Uruguayan Embassy in Washington requesting the Department's good offices in obtaining permission for Mr. Carlos Hounie Fleurquin to go to Japan in this capacity and forwarding application Form DS-513, in duplicate, for the necessary permit.

An informal translation of this note is attached for convenience, and it is hoped that arrangements for Mr. Hounie Fleurquin's entry can be made at an early date since latest advices from Embassy-Montevideo (A-292, July 9, 1947) indicate that he and his wife plan to sail from Uruguay for the US on the SS DEL NORTE August 8th, en route to Japan.

July 15, 1947

Mr. Secretary of State:

I have the honor to address Your Excellency in order to inform you that the Government of Uruguay wishes to establish a commercial office in charge of a commercial delegate in Japan.

To this end the Uruguayan Government has appointed (its) Consul, Mr. Carlos Hounie Fleurquin, Commercial Delegate of Uruguay in Japan with residence in Tokyo.

In accordance with the regulations adopted by the Supreme Command of the Allied Powers in Japan, I beg Your Excellency to have the kindness to communicate this wish of the Government of Uruguay to the Supreme Command of the Allied Powers, interceding, at the same time, so that a decision be made favorable to the proposal of my Government to reestablish commercial relations with Japan.

I take pleasure, likewise, in sending with the present note Form DS-513, in duplicate, in which the corresponding permit to enter Japan is requested for Mr. Carlos Hounie Fleurquin, in accordance with the provisions of circular No. 8 of the Supreme Commander of the Allied Powers in Japan.

I salute Your Excellency with my highest consideration.

Miss Wolberg called Mr. Yriart in regard to the Embassy's note of July 15, 1947 on the above-mentioned subject. She informed Mr. Yriart that according to information received from the American Embassy at Montevideo, Mr. Hounie plans to have his wife accompany him to Japan. Mr. Yriart, after looking up the file, confirmed that Mrs. Hounie is to accompany her husband to Japan. Miss Wolberg pointed out that the Embassy had not submitted an application for Mrs. Hounie and that consequently some of the information normally required by the military in Japan when passing on applications for permission to enter that country is not available to the Department. Mr. Yriart requested that Mr. Hounie's application be forwarded to the military in Japan and that SCAP likewise be informed of Mrs. Hounie's desire to enter Japan. He said that he would try to get the necessary information regarding Mrs. Hounie, but asked that meanwhile the matter not be held up. Miss Wolberg indicated that there was some chance that Mrs. Hounie's application might be referred back to the Department for lack of information. Mr. Yriart said he would prefer to take that chance.

Mr. Yriart stated that he hoped this would not be treated as an ordinary case in view of its official character. Miss Wolberg assured Mr. Yriart that the Department would do everything in its power to speed the matter up.

MEMORANDUM

The Department of State refers the Embassy of Uruguay to a telephone conversation of July 29, 1947 between Mr. Yriart of the Embassy's staff and an officer of the Department of State in connection with the Embassy's note of July 15, 1947 (No. 725/947, C. 18.6/947) regarding the desire of the Uruguayan Government to establish a commercial office in Japan and enclosing an application for permission for Mr. Carlos Hounie Fleurquin to enter Japan as Commercial Delegate of Uruguay. The Department understands from the American Embassy at Montevideo that Mr. Hounie plans to have his wife accompany him to Japan.

As stated to Mr. Yriart, the Department has not received certain information regarding Mrs. Hounie which is normally required by the military authorities in Japan in connection with applications for permission to enter that country. Pursuant to Mr. Yriart's request,

request, the desire of the Uruguayan Government to establish a commercial office in Japan, as well as Mr. Hounie's application for permission to enter that country and his desire to have Mrs. Hounie accompany him, are being made known to the Supreme Commander without awaiting the receipt of the required information concerning Mrs. Hounie. It is understood that the Embassy will endeavor to obtain the latter information and forward it to the Department for transmittal to the military authorities in Japan.

As soon as a reply is received from the appropriate military authorities in this matter, the Embassy will be informed.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Hibbard ✓

DATE: July 16, 1947.

FROM : Mr. Williams

SUBJECT:

I talked with Bowman of JK this morning. He is waiting for OK's from SCAP and USAMGIK before sending this circular airgram out. He has promised to talk to us again before letting it go.

He has accepted and written into his own draft our correction of lines six and seven on page two.

With respect to page six, paragraph one instructing non-U.S. nationals to apply to USAMGIK through the Consulate at Seoul, JK seems to be as much in the dark as we are. He expects to be somewhat enlightened on the possibilities of the situation by USAMGIK's reply to his request for clearance of the material set forth in the draft circular airgram.

He is not at all unwilling to have requests channeled through the Department after the manner of applications to enter Japan, if that appears desirable.

There is some question in my mind as to whether it is desirable from SPD's point of view. Principle may indicate the desirability of clearing such applications through the Department but SPD already has a growing work load on Japanese applications and the Korean business might well be more complicated, case by case, than the Japanese.

In any event, we are supposed to be kept informed. I suggest that we make some effort to find out what we (State) have in Korea and how much weight our outfit can be expected to carry.

I also offered Bowman the idea that nothing could be easier than splitting his airgram into two airgrams, since Japan and Korea are separate subjects, if the matter worked out so that consideration of the Korean problem was holding up the Japanese.

Was Isaac's application received from Foreign Office? As indicated in Department's instruction No. 34 of July 15, 1947 applications for permission to enter Japan should reach Department through Iraqi Government, i.e., either through Foreign Office or Iraqi Embassy at Washington. If Isaac's application was not received from Foreign Office, as exceptional measure inquire whether Foreign Office approves Isaac's travel to Japan for purposes stated. If Foreign Office approves, Department will transmit application to appropriate military authorities. Foreign Office should also be informed that Isaac's application will be considered with reference to current regulations which provide for the admission of businessmen to Japan on the basis of quotas assigned to the various nations by the Inter-Allied Trade Board (see Department's circular airgram of July 22, 1947, entitled "Reopening of Private Trade with Japan", and also separate circular airgram which will be forthcoming from the Department on this subject).

Only 1 copy of circ. airg. avail. in SPD & it is on another file. (Mw)

As it is expected that only one Iraqi businessman will be permitted in Japan at a time and as military permits for this purpose will be valid for a period of three weeks, subject to renewal upon application to SCAP and to the government of which the interested individual is a national, Foreign Office should be informed regarding application submitted by Victor Chouah Moche (see Department's instruction No. 34 of July 15).

MEMORANDUM FOR THE FILES

Mr. Williams called Mrs. Flickinger (Military Permit Section, War Department) to discuss the issuance by certain American consulates of military permits authorizing the transit of Japan by aliens traveling by air.

Mr. Williams referred to the CINCFE cable (ZX 49231 (MCN 51386) June 4, 1947) which authorized the adoption of such procedure for Americans making short stops in Japan while in an air transit status and which was thought broad enough to cover similar treatment for aliens.

Mr. Williams stated that DS had now obtained a copy of the cable and did not feel, after examining it, that the language was broad enough to justify authorizing American consulates to endorse alien passports for such transit.

After some discussion it was agreed that the Military Permit Section would cable Tokyo for assurance on the point. Mrs. Flickinger promised to let Mr. Williams know as soon as an answer came in.

Dear Mr. Bowman:

As you requested in our telephone conversation of a few minutes ago, I am quoting herewith the text of an immediate teletype which we have just received from the Canadian Department of External Affairs:

" Entry of Canadian business men into Japan.

1. In accordance with the provisions agreed upon in the Far Eastern Commission for regulating the entry of business men into Japan (FEC 088 series and C2-288 series) many applications have been received by the Department of Trade and Commerce from Canadian business men wishing to enter Japan on or after August 15th. Five applications which have so far been accepted and forwarded to us by that Department have in turn been forwarded to the Canadian Liaison Mission in Tokyo for formal submission to SCAP.

2. On June 28th a cable was sent from Tokyo with text as follows:

(1) General Headquarters officials state details for entrance and lodging of business men not completed as yet. This Mission will be informed when final plans are known. Assurance has been given that such information will be forthcoming in time to permit entry as predicted early in August.

(2) Under the present circumstances, Canadian applications would be rejected. Therefore, they will not be submitted until regulations favourable.

(3) There are indications that General Headquarters plan to set up some billet arrangements along the lines of a commercial hotel.

3. We have not since had any communication from Tokyo on this subject and we therefore presume that SCAP approval has not yet been granted the five Canadian applications.

4. The Department of Trade and Commerce informs us that they have received urgent letters from certain of these applicants stating that (a) they have had to cancel their boat passages already, and (b) they have been given a time limit of seven days by the airline to either pay for or cancel their reservations for August 14th. If they cancel, they will be unable to reach Japan before late September. If they pay for their passages but are unable to go because of non-clearance by SCAP, they will forfeit their passage money, and they have urgently requested guidance from the Department of Trade and Commerce as to which course they should follow.

5. On July 19th an immediate telegram was sent to Tokyo requesting an indication of when we might expect to have the applications approved by SCAP.

6. Unless action is taken in the very near future by SCAP it will mean that not only will the business men in the Canadian quota be unable to reach Japan in time to benefit from the provisions for which we pressed in the FEC over a period of several weeks, but it will also largely destroy the value of the work put in by the FEC in reach^{ing} the agreements as to quotas and procedures."

It is my understanding that you will use this teletype as the basis of a cable which you intend to send to SCAP asking him to clarify this position as quickly as possible.

Yours faithfully,

T.N. Beaupre
Assistant Commercial Secretary.

Dear Arthur:

In connection with my letter to you of July 1, 1947, copy of which is attached, the Council has now received a telegram from the San Mateo office of the Henningsen Produce Company quoting a cable received from their Shanghai office to the effect that the American Consulate in Shanghai in their cable number 1665 dated either June 27 or 28 transmitted Mr. A. B. Henningsen's application for travel to Japan. The Henningsen Produce Company has again asked the Council to check regarding the present status of this application.

I would be glad if you could transmit to the Council any information you may have with regard to whatever action may have been taken in the matter of Mr. Henningsen's application.

Dear Arthur:

For several months the Henningsen Produce Company in Shanghai has been carrying on correspondence with the Special Service Section, General Headquarters, Far East Command in Tokyo with regard to manufacturing candy, ice cream and other confectionaries for the occupation forces. Recently a representative of the Special Service Section suggested informally to Mr. A. B. Henningsen that he make application through the Consulate General in Shanghai to visit Japan for the purposes mentioned above.

Accordingly, Mr. Henningsen has made application to the Consulate General in Shanghai and he has informed us that the Consulate in turn had referred the application to the Department.

You are, of course, well aware of the standing of the Henningsen Produce Company as one of the oldest and foremost American firms in China. In view of the fact that the firm is so well and favorably known and because the application was made at the suggestion of a unit of SCAP I am writing you at this time to express the hope that action in this instance can be expedited.

Sincerely yours,

Dear Sirs:

For a number of years prior to the war we had our own office in Osaka, Japan, for the purpose of selling cotton to that country.

As you probably know, a Commission is now in Japan working out plans with the American Military Authorities for supplying cotton to the Japanese mills. A member of the Commission is from our Firm and we are in receipt of a cable from him today, advising us to apply to the State Department for permission to send our representative out there as soon as possible to re-engage whatever former Japanese employees are still available and to reopen our office in Japan.

We believe that the years of experience that we have had with the Japanese market should facilitate whatever system is decided upon to supply the Japanese mills and we request you to take under consideration granting to us authority to re-establish our office in Japan.

The present plan, as far as we know, is to start shipping cotton to Japan immediately as the mills are running short of raw material and therefore we believe that this matter is of some urgency.

Trusting for a favorable reply, we are

My dear Mr. McFadden:

This will acknowledge receipt of your letter of July 24, requesting permission for a representative of your firm to enter Japan to re-establish an office for the purpose of selling cotton to Japan.

It is our understanding that the Supreme Commander for the Allied Powers is not as yet prepared to admit foreign businessmen to Japan on a semipermanent basis. In the meantime a limited number of private businessmen are being admitted under a quota system for brief periods. At present entry permits granted by SCAP on the basis of recommendations of the U.S. Department of Commerce (in the case of representatives of U.S. firms) are valid for only 21 days, although they may be renewed under special circumstances. If your firm would wish to consider sending a representative for a relatively brief visit, application should be made to the Department of Commerce, Office of International Trade.

I would like to add that it is our understanding that during the initial period of operations under the proposed cotton procurement contract now being negotiated in Tokyo, U. S. cotton exporters would sell to the Japanese Government or an agency thereof rather than to individual mills. Should this prove to be the case and if cotton exporters were represented jointly by a representative of the proposed North American Cotton Corporation it might not be necessary for each of the cotton firms to have their own organizations in Japan.

CS/A

When the cotton mission returns from Tokyo in the near future it will be possible to review this matter with them. In the meantime we are sending a copy of your letter, together with a copy of our reply to SCAP headquarters for their information and possible comment.

Decreto. Se nombra Cónsul de Distrito en Japón

Ministerio de Relaciones Exteriores.

Ministerio de Hacienda

Montevideo, 17 de junio de 1947.

Vista la nota número 20, de 6 de febrero del año en curso, dirigida a este Ministerio por la Embajada de los Estados Unidos de América, en la cual se da a conocer el régimen establecido por el Comando Supremo de los Poderes Aliados para las futuras relaciones comerciales entre el Japón y las Naciones Unidas.

Considerando el interés existente para nuestro país en la reanudación de la corriente de intercambio comercial entre el Uruguay y el Japón, que puede volver a ser, como lo fué hasta el estallido de la última guerra mundial, un mercado de importancia para la colocación de nuestras materias primas, y productor, a la vez, de artículos de interés para nuestro propio mercado comprador.

El Presidente de la República, acuerda y

DECRETA:

Artículo 1.º Pase el Cónsul de Distrito de tercera clase, don Carlos Hounié Fleurquin, a desempeñar las funciones de su cargo en el Japón, con residencia en Tokio.

Art. 2.º Mientras no se efectúe la expedición del Exequátur respectivo, el referido funcionario actuará en carácter de Delegado Comercial de la República en aquel país.

Art. 3.º Fijase para el Japón el coeficiente 3 (tres), de acuerdo con lo dispuesto por la ley número 10.520 de 23 de agosto del 1944, y decreto reglamentario de 21 de noviembre del mismo año.
