

### GUESTS AT CATALINA

#### MR. AND MRS. FREDERICK BAKER ENTERTAIN HOUSE PARTY AT AVALON HOME

Since May Mrs. Frederick Baker of North Maryland avenue has been spending a great deal of time at her Avalon home on Catalina Island, but is now in Glendale for a few weeks. She and Mr. Baker had the pleasure of entertaining quite a house party at Catalina over the Fourth, which included Mr. and Mrs. Ralph Ensign of Los Angeles, Nelson Jones of San Francisco, Miss Cecilia Gillespie of Los Angeles and Miss Freda Grasmee (who has been a guest of the Bakers for some time), Mr. and Mrs. Baker and their son Frederick. Bathing, boating, fishing and dancing entertained the guests who declared they had a delightful time and who returned to the mainland Tuesday morning.

Mrs. Baker says a great deal of building is in progress on the island and she never saw such crowds there as were present on the Fourth. The Island Company kept their four boats going to and fro Saturday, Sunday and Monday bringing and returning visitors. The new hotel it has just built is not yet completed, but was thrown open to the public nevertheless and guests made very comfortable both as to lodgings and cafeteria meals. All the cottages built by the company last year have been sold. Another attraction is a Club House just completed by the Order of Foresters on Eucalyptus street for the accommodation of members, their wives and families when they visit the island.

#### BIRTHDAY SURPRISE PARTY

Eugene Kille was given a birthday surprise party Thursday night at his home, 465 Oak street, the occasion being in honor of his twelfth birthday. The guests assembled at an appointed place and went together and when Eugene was sent to the door in answer to the doorbell, he was completely surprised, so well had the plans for the party been executed. In keeping with the patriotic date the table was decorated with red, white and blue flowers and the refreshments of ice cream and cake were also in the national colors. The birthday cake was illuminated with a suitable number of red, white and blue candles. The evening was spent in playing numerous games. Mrs. Kille was assisted in the entertainment by Miss Marie Sorenson, of 453 Oak street.

Those present were: Dorris Davis, Margaret Clarke, Esther Stiene, Marjorie Tyner, Erma Lucas, Harry Clarke, Robert Starkey, William Gillette, Ralph Eckles, Harold Campbell and the host.

#### NEWS FROM HOGUE FAMILY

A card from Dr. R. V. Hogue, dated Fawnskin, Big Bear, July 7th, reads: "By the time this reaches you discontinue mailing the Glendale Evening News. We do not get them anyway. Mail and grub delivery are very uncertain. Have had only three papers out of eight possible. Gas very hard to get. Any good car should make round trip on full tank with a few extra gallons carried. The fishing is poor on account of the treating of the lake with bluestone to kill moss. The roads are only fair. The weather is perfect and our appetites better."

### TRACTOR SHOW

#### GRATIFYING PROGRESS BEING MADE ALL ALONG THE LINE

W. W. Rainey, president, and Mr. Hudson, secretary, of the Southern California Tractor & Implement Association and by virtue of their offices managers of the National Tractor Show to be held in Verdugo Park, Glendale, Sept. 20th to 26th, were out from Los Angeles Wednesday to note how the preparing of the grounds was coming on. They reported gratifying progress in the work of selling space for exhibits and said the greatest interest is being taken in the coming great event, not only in California and all along the coast but also in the central states. The Goodyear Company has applied for liberal space to show its products in the way of belting and auto truck tires, while all the big plow companies and tractor manufacturers have assured the management of their hearty co-operation.

The management has closed a contract with the Mercury Aviation Co. and one of the conditions of the contract is that there are to be five aeroplanes on the grounds all the time for the accommodation of pas-

(Continued on Page 2)

### ILLINOIS REUNION

#### FORMER NEIGHBORS IN ELMWOOD CELEBRATE INDEPENDENCE DAY WITH PICNIC

A very delightful day was enjoyed last Monday by a group of friends most of whom were neighbors once upon a time in Elmwood, Illinois. The party included Mrs. George Adams of 350 Ivy street, her brother and sister-in-law, Mr. and Mrs. G. S. Learned, of 309 North Maryland, her sister, Miss Learned and niece, Miss Ethel Learned, Mr. and Mrs. Amos Marshall, Mr. and Mrs. Frank Runyon and daughter, Miss Ethel Runyon, Mr. and Mrs. Frank Parr and little daughter, Barbara, recently from Peoria but now living on Windsor Road, Mr. and Mrs. William J. Smith of 305 North Maryland, and their two house guests, a sister-in-law, Mrs. George F. Smith, of Los Angeles, and a niece, Miss Eva Smith, of Minneapolis. The gathering took the form of a picnic under a big live oak tree near La Crescenta Lodge and it was a delightful reunion for all concerned.

#### BOSTON FAMILY LOCATES IN GLENDALE

Randolph Bainbridge, wife and two daughters, came out to Los Angeles from Boston, Mass., a short time ago and, hearing much of Glendale's charms, they came out here and fortunately succeeded in locating temporarily at 327 1/2 East Chestnut. Mr. Bainbridge is a construction engineer and has been working so hard at his profession for several years past that he felt the need of a rest, so they leased the Boston home for a year and came to the coast. Mr. Bainbridge is much struck with the possibilities of Glendale in the building line, so great is the demand for homes here, and he may conclude to buy some vacant lots and put up houses to rent. The family would like very much to build themselves a home in Glendale.

#### DEATH OF THOMAS L. DUKE

Rev. Thomas L. Duke died at his home, 316 West Ivy street, Thursday morning, about 9 o'clock, at the age of 83. He came to Glendale with his wife two and a half years ago and shortly after became paralyzed. He has been practically helpless ever since. He leaves a widow, two sons by a former marriage, Oscar and Edgar Duke, and a daughter, Mrs. McCausland, of Seattle. For forty-four years he was a preacher for the Methodist Church South. Having been born in Lounds county, Mississippi, he was southern in his sympathies and served as a chaplain with Confederate forces during the Civil War. He came to California many years ago and lived for a time in Canejo and also in Pomona. He then went to Oregon where he resided until he returned to this state and settled in Glendale. Funeral services will be held Saturday at 2 p. m. in the Jewel City Undertaking Parlors with interment in Forest Lawn Memorial Park. Rev. Clyde Monroe Crist, of the First Methodist Church, this city, will officiate.

### NOW IN SESSION

#### SUPREME COURT OF HEAVEN PREPARING AWARDS FOR SECOND ADVENT

"The Supreme Court of Heaven is now in session preparing rewards to be given at Christ's Second Advent," declared Evangelist C. S. Prout last night in the Gospel Pavilion to a large and interested audience. From the first to the last this lecture was the most interesting and stirring since the evangelist came to Glendale.

Mr. Prout read a text from Daniel 7:9, 10, R. V.: "I beheld till thrones were placed, and One that was Ancient of Days did sit: His raiment was white as snow, and the hair of his head like pure wool; His throne was fiery flames, and the wheels thereof burning fire. A fiery stream issued and came forth from before Him: thousand thousands ministered unto Him and ten thousand times ten thousand stood before Him: the judgment was set and the books were opened." Thus was presented to the prophet's vision the great and solemn day when the characters and lives of men should pass in review before the Judge of all the earth, and to every man should be rendered "according to his works." Rev. 22:12.

Mr. Prout showed by diagrams and pictures the work of Christ our

### GERMANS SIGN ULTIMATUM

#### ALLIED DEMAND FOR IMMEDIATE DISARMAMENT IS AGREED TO BY CONFERENCE DELEGATES

(Special Service to Glendale Evening News)

SPA, Belgium, July 9.—The German delegation to the Allied-German conference has accepted the ultimatum of the allies demanding disarmament. In signing the agreement the Germans protested against the allies occupying the Ruhr Valley unless the German army was reduced to 150,000 by October 1. They claimed this provision violated the Versailles treaty.

Under the agreement which the Germans signed they must start disarmament of all troops, including the security police, immediately; publish a proclamation ordering civilians to surrender all arms; must immediately deliver to the allies all arms and munitions in excess of the amount allowed under the treaty terms; and must abolish compulsory military service.

### ANGLO-AMERICAN ALLIANCE

#### AGREEMENT ON PACIFIC COAST RELATIONS SOUGHT TO TAKE PLACE OF ANGLE-JAPANESE TREATY

(Special Service to Glendale Evening News)

PARIS, July 9.—French Foreign Office officials declared today that England has made overtures to America for an Anglo-American alliance regarding affairs on the Pacific as a substitute for the present Anglo-Japanese alliance. It is believed that unless America enters into such an alliance, England will renew the Japanese treaty but will insert a clause stipulating that England will never go to war on behalf of Japan against the United States.

It is reported that Australia and New Zealand are pressing England for an agreement with America on Pacific relations.

### THREE STATE EMPLOYEES INDICTED

#### CHARGED WITH TRAFFICKING IN NARCOTICS AND HELD ON TESTIMONY OF DRUG PEDDLER

(Special Service to Glendale Evening News)

SAN FRANCISCO, July 9.—Indictments charging embezzlement and grand larceny against three employes of the State Board of Pharmacy were returned by the County Grand Jury before Judge Flood today.

Those indicted were John Devries and Emil Corst, inspectors for the Board, and Mrs. Mary Anderson, a co-worker. The bonds were fixed at \$10,000 in each case. An additional indictment charging Devries with perjury was returned and a bond of \$2000 fixed.

The charge grew out of an inquiry into a report that the three state employes were trafficking in narcotics. A confessed drug peddler was one of the important witnesses before the grand jury.

### COX A STORM CENTER

#### BESIEGED BY "DRYS" TO DECLARE FOR DRASTIC PROHIBITION LAWS; BRYAN THE SPHINX

(Special Service to Glendale Evening News)

DAYTON, O., July 9.—Numerous telegrams arriving at Governor Cox's headquarters are making it plain that the dry faction intends to force Cox to declare himself in favor of drastic prohibition laws. The anti-prohibitionists are starting a counter-offensive, making Cox a storm center.

As a result, the prohibition question is gaining increasing importance in the campaign plans. There are no indications as to what Bryan will do but it is being noticed that he is one of the few leading Democrats who has failed to wire Cox his congratulations.

### TO SMOKE OUT REED'S ENEMIES

#### SENATE CAMPAIGN INVESTIGATING COMMITTEE WILL PROBE INFLUENCES OPPOSING SEATING OF REED

(Special Service to Glendale Evening News)

ST. LOUIS, Mo., July 9.—The backing of those who voted to exclude Senator Reed as a delegate from the Democratic National Convention, will be investigated, Senator Kenyon plainly intimated today.

Kenyon, who is chairman of the Senate committee investigating campaign expenditures, in opening the hearing here today, said:

"I want to make it plain that certain matters will come up for investigation which personally concern Senator Reed. He therefore will take no part in these proceedings. He is sitting here simply to make a quorum."

Senator Reed is a member of the investigating committee.

### TURKS AND GREEKS IN CONFLICT

#### GRECIAN TROOPS DEFEAT TURKISH NATIONALISTS IN ASIA MINOR

(Special Service to Glendale Evening News)

ATHENS, Greece, July 9.—Greek troops in a battle at Brussa in Asia Minor, defeated Turkish nationalists according to recent dispatches here.

### TRUSTEES' MEETING

#### REPORT ON SEWERAGE SYSTEM HEARD—L. W. CHOBE RESIGNS

The Board assembled at 8 o'clock p. m., all members being present. The minutes of the regular meeting of July 1, 1920, were read and approved.

A communication was read from the Glendale Press, stating that it is the intention of the publishers to prepare a special edition for the National Tractor Show at the Verdugo Woodlands in September, and suggesting that the Board of Trustees secure two pages in the proposed edition, one each for the light and power department and the water department at the expense of \$100 for each page. On motion of Trustee Stephenson, referred to the Committee of the Whole.

A petition was presented, signed by J. F. McClish and twenty other property owners fronting on Maple street, requesting that the Board take the necessary proceedings for the improvement of that street between Glendale avenue and Sycamore Canyon Road. On motion of Trustee Henry, referred to the City Engineer to prepare plans for the requested improvement.

James G. Owen of 414 East Cypress Ave. presented written request for a permit to discharge firearms within the city limits; the communication stating that it is his desire to exterminate skunks, ground squirrels, gophers and other vermin. On motion of Trustee Henry permit was denied.

The Horseshoe Club of Glendale, composed of fifty-two members, presented a written request that the Trustees supply, free of charge, the water necessary for use on the grounds used by that organization. On motion of Trustee Henry the request was granted.

L. W. Chobe presented his resignation as Sanitary Inspector to take effect August 1, 1920. On motion of Trustee Stephenson, resignation was accepted.

At this time bids were ordered to be opened in accordance with advertisement.

#### (Continued on Page 10)

#### GUESTS FROM DENVER

W. E. Dillon, wife and daughter, Anna Merle, of Denver, Col., are visiting Mrs. Dillon's sister, Mrs. Flora Pixley, 116 West Lomita avenue. They are now enjoying a visit from the son and brother, Loyal A., who has been in the navy for seven years and is now at the submarine base, San Pedro. Mrs. Dillon has been secretary of the Colorado Anti-Saloon League for five years.

### SCOUT COUNCIL

#### DIRECTORS OF BOY SCOUTS OF GLENDALE CONFER AT EVENING DINNER

The directors of the Boy Scout organization of Glendale met Thursday evening at 6:30 o'clock at the White Inn to discuss the needs of the local troops. The meeting was presided over by C. W. Ingledue, president of the Council. Roy L. Kent, the secretary, read the minutes of the preceding meeting held on date of Jan. 20th.

Chas. N. Miller of Los Angeles, who holds the position of National Field Executive, was present. Mr. Miller has under his jurisdiction five states—Arizona, New Mexico, California, Utah and Nevada.

The territory under the direction of the field executive is being organized by counties. Groups of cities outside of large cities are being formed and the Scout organizations are being assessed according to the population of the respective cities. Glendale for the present will remain as an independent organization, with S. B. Kellogg as Scout executive.

Ben Robinson, Jr., who has been very active in Scout work the past year, was elected recording secretary. David Black, S. B. Kellogg and F. E. Gilman were appointed by the chair as a committee to arrange for camping ground in the mountains. Mr. Kellogg advised that a cabin be built in the mountains about two and a half miles north of Montrose, at a point where there is plenty of water.

Persons in attendance at this meeting were C. W. Ingledue, C. H. Toll, David Black, E. E. Harwood, A. T. Cowan, Roy L. Kent, Elwood Ingledue, F. E. Gilman, S. B. Kellogg, Ben Robinson, Jr., Chas. N. Miller, Benjamin Robinson, Sr., Capt. W. C. Wattles.

### P. E. O. PICNIC

#### CHAPTER L HAS LARGEST REPRESENTATION OF ANY SUBURBAN ORGANIZATION

Glendale was quite well represented Thursday at a P. E. O. picnic, which took place at Sycamore Grove and which was attended by members of all the chapters in Southern California to the number of 303. Banners were offered for the two chapters reporting the largest percentage of attendance and these were won by Los Angeles organizations, but of all the suburban chapters, Chapter L, of this city, showed the largest representation.

Guests of honor were Mrs. Townsend of Albia, Iowa, national president, and Mrs. Garrett, of Pomona, the state president. A number of past presidents were also in attendance.

The main purpose of the picnic was to promote friendly acquaintance among chapters and the afternoon was therefore informally social except for brief speeches from the guests of honor relative to the work of the order.

The members of the three chapters from Glendale ate lunch together. From Chapter A H were present Mrs. W. C. Wattles, Mrs. J. H. Webster, Mrs. Tuttle and Mrs. Kimball. Chapter B A was represented by Mrs. A. D. Cross, Mrs. Claud Case, Mrs. Archie Parker, Mrs. R. M. Brown, Mrs. Freeman Kelley, Mrs. H. E. Noble and Mrs. Montfort of Oklahoma, who is here for the summer. From Chapter L came Mrs. Warren Roberts, president; Mrs. E. U. Emery, Mrs. A. L. Bryant, Mrs. Charles Farnham, Mrs. E. H. Bartlett, Mrs. H. D. Goss, Mrs. Jordan Neel, Mrs. A. M. Hunt, Mrs. Charles Temple, Mrs. A. W. Tower, Mrs. C. H. Bott, Mrs. Maxwell, Mrs. Lawrence Ellis, Mrs. C. W. McFadden, Mrs. Lida Border.

### AN ENDLESS CHAIN

#### NEW COMERS ATTRACT OTHERS—MR. CLUM ALREADY A GLENDALE BOOSTER

Mr. Clum of Los Angeles, who has bought the Richard Todd property on South Glendale avenue and will take possession of it in a few days, is an S. P. railroad man who came to Los Angeles from the east. He is now entertaining his son and daughter-in-law who have come from New York to make their home in Southern California and he is trying to persuade them to locate in Glendale with some prospect of success. The Todds who are to build a new home at 416 North Maryland will inhabit a garage until it is completed and live the simple life as they cannot get gas connections under six weeks.

#### AMERICAN LEGION PICNIC

The management of the American Legion picnic, to be held at La Ramada Lodge, up above La Crescenta, Sunday, July 11th, has made arrangements to serve a cafeteria dinner or lunch to all those who do not care to take eatables with them from home. Hot and cold meats, vegetables, melons, hot and cold drinks, etc., will be provided in abundance.

### TROTH ANNOUNCED

#### MISS PAULINE HAMILTON REVEALS ENGAGEMENT TO CEDAR FALLS BUSINESS MAN

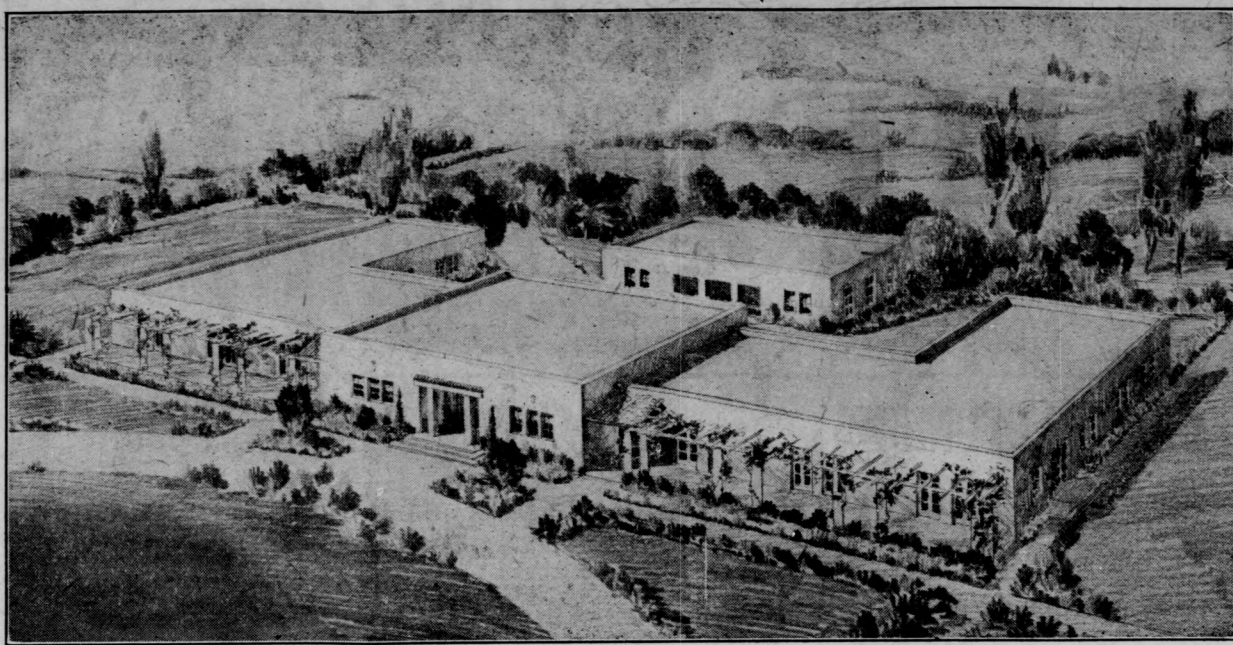

Miss Pauline Hamilton, daughter of Mr. and Mrs. W. W. Hamilton, recently returned from Iowa, entertained about a dozen old friends at her home, 327 West Garfield avenue, Wednesday evening, in honor of Mrs. Roger Branniger, a former schoolmate in the east who is now living in Los Angeles. It was a quite informal social evening, the guests busying themselves with needlework while they visited. When refreshments were served, the little nut baskets carried the announcement of the engagement of the hostess to Roger E. Brown of Cedar Falls, Iowa. The guest list included Mrs. Wayne Smith, Mrs. Noble Ripley, Mrs. Seymour Smith, Miss Esther Schremp, Misses Ernestine and Cecilia Lyons, Miss Amy Miller, Miss Mary Logan, Miss Essie Hamilton.

Miss Hamilton's marriage is set for the 4th of August. Her fiancé is an automobile dealer and they will make their home in Cedar Falls, but she is cherishing the hope that sometime they may be able to transfer their residence to this state. She has been teaching in Iowa the past year.

**TRACTOR SHOW**

(Continued from Page 1) — sengers and more if needed. As an added attraction for the aviation program the Goodyear Company has agreed to send their giant Blimp dirigible out to the show grounds every morning and back in the evening, dropping paper bombs and other advertising matter on the way. Messrs. Rainey and Hudson found the work on the grounds proceeding very satisfactorily. Eddy & Daley have been given the work of surveying the grounds and marking off the exhibition spaces, etc.; Kent & Son will build the dance pavilion, moving picture theater, band stand, bridges, etc. One large ornamental bridge will be built over the stream at the entrance, with turnstiles to admit and count the visitors and there will be smaller bridges at

every crossing place so that the water will not be contaminated. The Tractor & Implement Association is very fortunate in having among its members two first-class aeroplane pilots who will direct the work of the squadron of planes and act as pilots constantly. They are Bob Powell, who was in active flying service in France for 18 months and young Gregory, who has also had considerable experience. It is definitely settled now that the show will be held September 20th to 26th, inclusive, and the managers are certain it will be far the largest ever held in any country. The four coast associations are working in perfect harmony to push the work along and from associations of the central states and those in the far east come assurances of cordial co-operation. The national association, also, is lending all possible aid.

**People of Glendale Say Research Hospital is Needed and Back Their Assertions With Cash**

The real proof that the Glendale people are back of the Glendale Research Hospital move has been proven beyond a doubt by the way they are paying in their subscriptions. Money is what counts when it comes to doing things.

The few days the books have been open to formally receive payment of subscriptions, the results have been very pleasing to the officers in charge, and it is indeed gratifying to note the harmony that exists among the stockholders.

The new Glendale Research Hospital will be just what the enterprise and co-operation of the citizens of Glendale make it, and all indications are that it will be a successful institution.

We suggest that you make your subscription before it is too late. All stock sold at par value, or \$100 per share.

**A BICYCLE CURIOSITY**

There is a genuine curiosity at Pfeifer's bicycle shop in the shape of an old-fashioned bicycle with a high wheel, about 55 inches in diameter, in front, and rear wheel only 13 inches. Before the day of the chain drive or "safety" wheel now universally used, the high wheel was the only kind known. There are several men in Glendale nearing the sixties who well remember riding such wheels and the glorious sensation it gave them of being away up in the air—and the inglorious, oft-times painful sensation when they "came a cropper" from that giddy height. In those days, 30 to 40 years ago, there were just about three high-grade bicycles of this pattern manufactured—the Columbia, Victor and American Light Champion. The Star, which had the little wheel in front, was popular with some riders and was the only one of that kind manufactured. Races on these high bicycles were frequently held and were nearly as exciting as motorcycle races of today. High speed was developed and champion racers were very popular.

## MEXICAN SOLDIERY

The world has been regaled many times with revolutions by war-wearied peoples sick of maintaining an enormous and burdensome military establishment. It has remained for Mexico, however, to bring a threat of revolution because of a proposal to reduce the size of the army.

There is widespread grumbling among the common soldiers at the prospect of having an end put to their "free and easy" life of camp and field. All of which is exciting enough until one reads further that: "Considerable adverse comment is heard, especially among army officers who have been discharged." There, if anywhere, is the basis for Mexico's discontent with the prospect of getting back to peace and order. When it comes to cleaning up Mexico, a good place to begin is among the scheming "generals" and their banditti.

## THE SKIRT 'PROBLEM'

Critical if not cynical students of life have expressed the opinion that when human ideals, principles or even morality come into conflict with our selfish interests, it is always easy to determine which will give way—which must give way.

The question of how far feminine modesty may be forced to a strategic retreat before the forces of economic compulsion is under discussion by Howard Figg, special assistant to Attorney General Palmer, from one angle, and the National Garment Retailers' Association from another. Neither stands out as an advocate of immodest costuming for American women.

The difficult question is, what is an immodest gown? Mr. Figg places himself unequivocally on record that a woman's skirt should come below the waist. The garment retailers agree with the attorney general's special assistant, but—how far below the waist must a skirt come to touch the boundary of immodesty? Or, in other words, how little may a skirt drape below the waist to abandon contact with the farthest lying outposts of modesty?

The garment makers have produced skirts for autumn wear which stop at the knee. Is that far enough below the waist to satisfy Mr. Special Assistant Figg? He hesitates, merely falling back upon his belief that a woman's skirt, for either fall or spring, should come below the waist. Then economic considerations shoulder modesty aside, perhaps a bit rudely.

Shall modesty as expressed in women's street costumes give way to the argument that women's garments should be changed as little as possible that the owners may get full service from everything they have?

Which shall get the decision, our traditional standards of womanly modesty or the flattened pocket-book? And in either case what has the federal government or any other government to do with it? Since when have women paid any attention to men's criticism of what they wear?

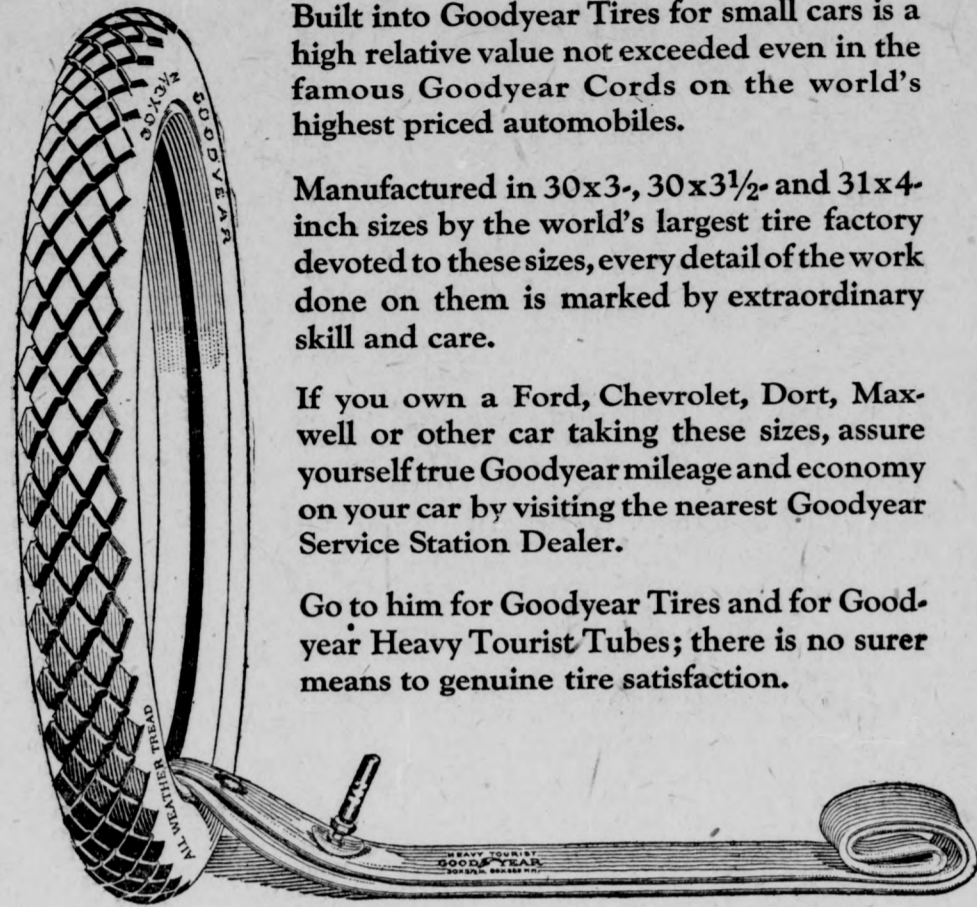

Still the "problem" is up for settlement, and the country will await the final decision with interest.

## THE MENACE OF THE RAT

The outbreak of bubonic plague in several American and Mexican gulf ports has called renewed attention to the menace of the rat. It is now known that the rat is the carrier and spreader of this dread disease. The danger to coast cities is great, since Mediterranean ports are reported to be affected also.

Extermination of rats offers the only effective preventive action against the disease. While inland centers are not menaced to the same extent as coast cities the elimination of rats is desirable from an economic point of view were they not purveyors of disease. The United States public health service estimates that there is at least one rat for every person in the country. The destruction they wreak annually is computed at \$180,000,000. This enormous sum would seem to make worth while any systematic effort to exterminate the rodents for what would be gained in dollars and cents were the health menace phase not to be considered.

Community organization offers the only means of carrying on an effective crusade against rats and in such movements the public health service is prepared to co-operate and direct the work. A rat at best is such a loathsome thing that it is strange that so many of them are permitted to exist undisturbed.

A wider realization of the menace they constitute may lead to more vigorous steps against them. The general feeling toward them is that they are annoying but unavoidable. The latter is erroneous. They can be exterminated and should be, both from health and economic motives.

If we can save the greater amount of the \$180,000,000 annual loss attributed to them in destruction of property and foodstuffs, it is the height of wastefulness not to do so.

Wallace Christy and wife of 1303 South Glendale avenue have been spending this week in San Diego.

Mr. and Mrs. George U. Moyses are taking work at the summer school of the Southern Branch University of California.

Mr. and Mrs. H. V. Ellis of 106 East Wilson avenue and their little daughter spent Monday with a party of friends at Santa Monica.

Mrs. Susie Stem of 133 South Kenwood returned home Tuesday from a month's visit with relatives and old friends in Santa Maria.

Mr. and Mrs. E. Payson Hayward returned from their honeymoon Wednesday and are now at home to their friends at 200-A North Louise street.

Mr. and Mrs. E. S. Eames of Montgomery, Missouri, arrived Sunday to spend the summer with their son, Dr. E. L. Eames, of 1842 Gardena avenue.

Mr. and Mrs. Herman Paine have secured week-end quarters for the season at Venice and are spending Saturday afternoons and Sundays there with their children.

Mr. and Mrs. A. M. Salyer of 1111 East Elk avenue spent Saturday, Sunday and Monday in Santa Monica as the guest of their daughter, Mrs. Webber.

E. L. Dayhoff, wife and two children of Tulare have been visiting R. P. Jodon and wife, 133 South Kenwood, this week. Mrs. Jodon and Mrs. Dayhoff are sisters.

Mr. and Mrs. Wayne Smith of North Maryland avenue entertained Los Angeles guests for the week-end and spent Monday with them on the beach near the Malibu Ranch.

Fred and Horatio Butts, accompanied by Wilford Sutton of Eagle Rock, went up to Big Bear today, starting at 2:30 a. m. to spend two weeks camping out and fishing.

Born, to Howard and Annie Morgan Bowers, of 425 Salem street, Monday, July 5, 1920, a 9 1/2-pound girl baby and her name is Agnes Jane. Mother and child are doing well.

A. Birge from Sanger, California, and Mrs. W. H. Davis of Fresno, California, are visiting Mrs. E. R. Hamilton, at 306 East Windsor Road. Mr. Birge is a brother of Mrs. Hamilton.

Rev. and Mrs. F. Marion Smith of South Central avenue, who went to a Los Angeles hospital to have their tonsils operated upon, were detained there longer than they expected to be and did not get home until Tuesday.

Mrs. Wilbur McFadden of Bakersfield, a former resident of Glendale, is here as the guest of her sister, Mrs. Joe McFadden. She attended the P. E. O. picnic at Sycamore Grove Thursday as a member of Chapter L.

Mr. and Mrs. H. B. Miller of 434 Burchett street are rejoicing over the return of their little two-and-a-half-year-old daughter from the Children's Hospital in Los Angeles after having her tonsils removed. The child is doing nicely and will soon be in normal health.

L. W. Chobe resigned last night as Sanitary Inspector for the city of Glendale and on August 1st will begin work with the County Sanitary Inspector's office, working out of Los Angeles. He will still live in Glendale. Mr. Chobe has been with the city as Building and Sanitary Inspector for four years.

Miss Jennie Dick, daughter of Mr. and Mrs. Samuel B. Dick of 123 N. Orange street, who is librarian in the Letterman Hospital at San Francisco, is here spending a vacation with her parents. During the war she was librarian at one of the army camps and before that was librarian at one of the Los Angeles playgrounds.

Miss Gertrude DuBois came up from Long Beach to spend the Fourth and Monday with her uncle and aunt, Mr. and Mrs. A. M. Beamon. Yesterday she and her grandparents, Mr. and Mrs. DuBois, spent the day in Los Angeles with Mrs. Hurley, who is here from Pennsylvania. Gertrude will return to Long Beach Saturday.

Mrs. E. W. W. Hayward of 307 North Kenwood street had a great treat Thursday in the privilege of entertaining an old and dear friend, Miss Laura Philbrook, librarian of the Yale Medical Library at New Haven, Conn. She is in Southern California for a brief visit with relatives and will return to the east the last of the month.

Mr. and Mrs. H. D. Goss and Mr. and Mrs. Claud Case of North Maryland avenue motored north for the week-end camping Saturday night at Foster's Park a short distance from Ventura and driving Sunday morning to Wheeler's Springs, returning from there Monday night. They report the Ojai Valley very beautiful with its big crops of ripening apricots, and they enjoyed their brief outing greatly.

## God's Plan of Divine Healing

What Must I Do to Get Well

### TONIGHT

### GOSPEL TENT

Cor. Central and Harvard Sts.

### SATURDAY NIGHT

"What is the Baptism With the Holy Ghost?"

Welcome!!

L. E. Starkey is building a garage to occupy for a temporary residence at 240 S. Cedar.

Mrs. Hazel M. Hewitt of 1028 N. Louise has gone to Redondo to spend the remainder of the summer.

Miss Myra Bartlett has returned from Chicago and is at her home with her sister, Mrs. Border, at 217 North Louise.

Mr. and Mrs. W. A. Braden, Miss Evangeline Quackenbush and Marion Williams have just returned from San Diego, where they went last Saturday. They visited La Jolla and Tia Juana during their stay and had a very pleasant week.

John Mathis, Charles La Duke and W. W. Alexander spent the week-end at Forest Home, where they were joined by other Tennessee friends. Thursday Mr. and Mrs. John Mathis and Mr. and Mrs. W. W. Alexander and daughter, Juanita Alexander, enjoyed a beach outing at San Pedro.

Mr. and Mrs. E. O. Kepler and son, Leslie, of 200 West Garfield, left early in the week on their annual auto tour and camping trip with the expectation of being away until the 31st of the month. Mrs. Kepler's parents will look after their home in their absence.

Mrs. H. E. Bartlett reports that the response to her call for Red Cross work in the production department has been most encouraging and as soon as materials and patterns are available the manufacture of garments will begin. It will probably be carried on in neighborhood gatherings as was done during the war.

Ervin Van Osdoll of 341 West Elk avenue has just returned from the north, where he has been playing baseball with the Porterville Club in a circuit, which includes Exeter, Lindsay and Tulare. He found it too hot for comfort there so has returned to his former employment as purchasing agent for Gail Henry's Film Company.

Franklin Owen and W. W. Shimmel bought adjoining lots on San Rafael avenue a few weeks ago and each erected a garage for a temporary residence. Hardly had they occupied these, however, until they were offered such good prices that they sold. Now each has bought another lot, Shimmel at 1008 and Owen at 1006 San Rafael. The former is building a 4-room house and the latter one of the same size, also a garage.

**H. S. WEBB & CO. HOLDING 20 PER CENT REDUCTION SALE**

The H. S. Webb & Co. 20% Reduction Sale which commenced last week on Ladies' Skirts, Smocks, Hosiery and Underwear is still continuing with great success. The success of this sale is due to the fact that the articles offered are well worth 20% more than the prices being asked for them. Look for the window display in the H. S. Webb Store at 103 South Brand Blvd. and be convinced.—Adv.

### PHILIPPINE WORK

#### WOMEN OF GLENDALE BAPTIST CHURCH HOLD PROFITABLE ALL-DAY MEETING

The women of the First Baptist Church held their July all-day meeting Thursday and those present enjoyed another day of Christian activity and pleasure. The morning was devoted to White Cross work followed by a luncheon served by the hostess, Mrs. Jacob Gray, and Mrs. Rene Olin. The afternoon program commenced with a regular business meeting, at which time it was decided to eliminate the August meeting, owing to the month being one of universal vacations on the part of so many of the members. Miss Bohannon led the devotionals by reading from Luke 5:12-26, followed by an interesting program rendered by Miss Cora Powell. Then several stories were told in connection with the study of the Philippines, Siam and the Near East. Mrs. Orley told the story of "Kania, a Young Siamese Mother," in a most charming manner; Mrs. Grigg, "The Peril of the Mohammedan Religion;" Mrs. Jordan, the story of "Mary Reed's Work Among the Lepers;" and Mrs. Marsh "The Conversion of Old Si Loy, a Filipino." The entire day was a complete success and the ladies in attendance feel well repaid for these days of fellowship in the work together.

#### VISIT YOSEMITE

Mr. and Mrs. H. V. Henry and daughter of 327 Patterson avenue have returned from a week's stay in the Yosemite Valley in company with Mr. and Mrs. Oliver Clark, and daughter, Mr. and Mrs. C. G. Farrell and family and Mr. and Mrs. Charles Guthrie and daughter, who planned to spend the remainder of the week, getting back to Glendale Saturday night. Mrs. Henry reports that all the camps and hotels in the valley were full and that records show 12,000 autos of pleasure seekers have come into the park since the season opened. Roads were fine both going and coming but the Raymond road seemed to be the best.

Mrs. Ed Wright of Houston, Tex., is the house guest of Mrs. Henry. They are old friends who knew each other in Mexico City, where Mrs. Henry was a teacher in the American school and the daughter of Mrs. Wright was one of her pupils. She left there ten years ago on account of the revolutions and is not very hopeful of the stability of the present government. She and Mr. Henry entertain the opinion that not until conditions are such that the United States can intervene in a friendly way to help stabilize a Mexican government as they did in Cuba, can there be any peace across the border.

#### WELCOME GUESTS

Mrs. Bert Woodard of North Maryland avenue is a very happy woman. She recently received word that her mother, Mrs. O. D. Hearne, of Lebanon, Tenn., her brother, Dr. R. E. Hearne, and his wife, of Paducah, Ky., were on their way west and should reach Glendale last night or today. Her mother is about seventy-five years old and would not have attempted the journey but for the chance to come with her doctor son. She has never visited California before and is sure to find the journey of great interest aside from the pleasure of seeing her daughter. Dr. Hearne has never been in Southern California before but has visited the northern part. They will be here for several weeks.

#### BRIDGE PARTY

Mrs. Walter Jones of 430 Vine St. entertained with a card party Thursday afternoon in honor of her aunt and house guest, Mrs. Blodgett, of Philadelphia. Three tables were arranged for Bridge, the players being: Mesdames Alexander Mitchell, L. N. Hagood, Frank Ayars, J. I. Wernette, Colin Cable, A. H. Montgomery, R. A. Puffer, Jr., Charles Rudel, R. A. Puffer, Sr., the hostess and guest of honor and Mrs. Betz. At the conclusion of play dainty refreshments were served at the card tables. The house was beautifully decorated with choice roses from Mrs. Jones' garden, and the affair was a delightful social event for all who participated. Mrs. L. N. Hagood won the prize for high score, the consolation trophy going to Mrs. R. A. Puffer, Sr. In the course of the afternoon Mrs. Hagood entertained with a few fine piano numbers.

#### VISITS SAN DIEGO

Capt. W. C. Wattles, his father, his wife and his son, in company with a machine load of Los Angeles friends, motored to San Diego for a week-end trip and found it a most delightful experience. They took in Camp Kearny and the view from the top of the grade seemed to them unsurpassed in beauty. From Fallbrook to Camp Kearny was over a corduroy road which seemed quite a hardship after the smooth boulevards. At Elsinore they had to make a detour because of improvements going on in the highway. Los Angeles county roads they found considerably better than those of San Diego inland.

## Health Is Possible!

Chi-ro-prac-tic takes off the brakes. Nerve pressure prevents the flow of vital force. Chi-ro-prac-tic takes away the cause—Nature then produces the desired effect. Whenever vital organs work badly or you have so-called trouble with your heart, lungs, bronchial tubes, stomach, liver, kidneys, intestines, bladder, uterus, etc., Chi-ro-prac-tic has shown that the spine or back-bone is almost invariably at fault. The proof lies in the thousands of cases successfully handled by Chi-ro-prac-tic.

AFFECTIONS OF any of the following parts may be caused by nerves impinged at the spine by a subluxated vertebra:

- BRAIN
- EYES
- EARS
- NOSE
- THROAT
- ARMS
- HEART
- LUNGS
- LIVER
- STOMACH
- PANCREAS
- SPLEEN
- KIDNEYS
- SMALL BOWEL
- LARGE BOWEL
- GENITAL ORGANS
- THIGHS & LEGS

SPINE OF MAN

The quickest and safest way to overcome so-called internal bodily disturbances of any kind is by Chi-ro-prac-tic spinal adjustment to the particular joints of the backbone, which by their displaced conditions interfere with the passage of the Creator's vital force through the nerves to the particular organ concerned.

F. D. LANTERMAN,  
Secretary of Valley Water Company, R. F. D. No. 13, Box 49, Los Angeles, California.

**THE MAN AND THE JOB**

Notwithstanding that employers are clamoring for help, there still are occasional complaints from individuals of inability to find jobs. It is probably true that the common jobs, the jobs that pay a moderate wage, are the ones that may be obtained the most easily. The ones that require the least training and ability appear to be those in which vacancies occur most frequently.

Positions that pay big money, that require skill and judgment in the holders, are not proclaimed by a card in the window nor are they hawked about. But that many jobs are open is evidenced by advertisements in the newspapers. That any one who wants work should be unable to get it seems improbable. The real trouble in such a case lies, probably, not so much in inability to get a job as an inability to get the kind of a job one wants. A man may have a fine education and excellent mental equipment, yet if his training is along a line for which there is little demand he will have difficulty in placing himself in a remunerative position.

The only alternative for one who finds little demand for his particular talents is to adapt himself to something else, even though it offers less financial return than he would like. It is true that one succeeds best in that line of work which he likes best. There are instances, though rare, in which the pleasure derived from the work done constitutes no small part of the compensation. However, it appears to be the tendency of the age to count financial remuneration as the only compensation worth considering. The joy of doing good work appears to be a waning quality, if we do not misjudge the trend.

We can readily comprehend how one well equipped for responsible duties might find his particular field congested, but for one to admit himself down and out because of such a condition is also an admission of lack of persistency and adaptability. No man is entirely down and out unless he wants to be. He may be moneyless and hungry, but if an unconquerable spirit survives there is hope for him. He will grab the first opportunity, no matter what it offers, and then look for something better. Today there is no necessity for any man possessing health, no matter what his education, to be out of work. He can get some kind of employment if he wants it.

Keep your promise and thereby have the confidence of friends.

## AUTOOCRACY COSTS

GERMANY NOW BEGINNING TO REALIZE WAR'S LOSS IN HUMAN LIFE

Germany has at last got around to the point of taking an inventory of her human loss in the war. It is announced that 1,350,000 men were killed, 500,000 men are in various stages of invalidism from wounds, there are 520,000 war widows and 1,130,000 war orphans.

This expresses the human cost in an abstract way but it falls far short of telling the entire story. It does not enter into what is yet before those wounded men, how those widows with their children are to gain a livelihood. It does not say aught of what was suffered while the war was in progress, of the agonies of those men who perished in battle or died of their wounds, of the bitter memories of the survivors. Neither is account taken of the economic loss and the hard years ahead of those who still call Germany the fatherland. We imagine the former war lord, now safe in Holland, would not like to dwell on these figures. Thinking of the misery for which his ambition is directly responsible might cause his sleep to be broken. He might imagine seeing the dead march in procession by his bed. In dreams he might hear the wailing of the widows and the sobbing of the children that his lust for power made fatherless.

Germany had gone so far wrong in ambitions and had set up such a monster of iniquity as the national goal that nothing but a cataclysm could have reversed her course. Might was defied and it took more might to dethrone the god. If the German people fully understand the lesson that they should draw from the deluge that has overwhelmed them, all the blood spilled and the misery they have experienced will not have been entirely in vain. They will realize that right and justice provide a far safer foundation on which to build than the dream of world-wide domination with which the German rulers led on their subjects.

Some Germans may try to convince themselves that they did not lose the war, but it is merely a fancy with which they try to delude themselves. The wounded survivors, the widows, the orphans know who lost the war and they will never for a moment allow it to slip from their memory as they struggle through the years to come to pay their share of the indemnity, as they have already paid in grief over the sundering of family ties.

The candidate for vice-president on the Socialist ticket has challenged Governor Coolidge to debate the issues of the campaign. It will be observed that the Socialist candidate for president is not seeking a debate with anybody.

Delaware has the honor of having its population, 223,003, announced as that of the first state totaled. It has enough people to make a goodly-sized village.

### CERTIFICATE OF DOING BUSINESS UNDER FICTITIOUS FIRM NAME

THE UNDERSIGNED HEREBY CERTIFIES that he is conducting business in the City of Los Angeles, County of Los Angeles, State of California, under the fictitious firm name and style of "FISH AUTO REPAIR COMPANY"; That said business is conducted and carried on at number 3716 West Washington Street, City of Los Angeles, and that said business so conducted at said address is that of repairing automobiles and conducting a general garage business.

That the fictitious firm of FISH AUTO REPAIR COMPANY is composed only of the following named person, who is the sole owner of said business, to-wit:

E. M. FISH, Residence address, 1655 Seventh Avenue, Los Angeles, California.

IN WITNESS WHEREOF, I have hereunto placed my hand and seal at Los Angeles, California, this 23rd day of June, 1920.

E. M. FISH,  
STATE OF CALIFORNIA, )  
( SS.  
COUNTY OF LOS ANGELES )

On this 23rd day of June, 1920, before me, Anna E. Bingham, a Notary Public in and for the County of Los Angeles, State of California, residing therein, duly commissioned and sworn, personally appeared E. M. Fish, personally known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal in said County the day and year in this Certificate first above mentioned.

ANNA E. BINGHAM,  
Notary Public in and for the County of Los Angeles, State of California.

(SEAL) Filed June 24, 1920. L. E. Lampton, County Clerk, by G. S. Clarke, Deputy.  
Carl P. Martin,  
Attorney at Law,  
Suite 1007 Van Nuys Bldg.

15. Net amounts due from banks, bankers, and trust companies in the United States (other than included in Items 12, 13, or 14).....	1,013.22	Total of time deposits subject to Reserve, Items 40, 41, 42 and 43.....	248,950.23
17. Checks on other banks in the same city or town as reporting bank (other than Item 16).....	7,812.68	54. Liabilities other than those above stated, interest earned, not collected.....	583.19
Total of Items 13, 14, 15, 16, and 17.....	124,081.26	<b>TOTAL.....</b>	<b>\$1,588,691.48</b>
18. Checks on banks located outside of city or town of reporting bank and other cash items.....	1,318.62		

STATE OF CALIFORNIA, } ss:  
County of Los Angeles,

I, R. F. Kitterman, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

R. F. KITTERMAN, Cashier.  
Correct—Attest:  
C. C. COOPER,  
W. W. LEE,  
GEO. T. PAINÉ,  
Directors.

Subscribed and sworn to before me this 8th day of July, 1920.  
WINNIFRED TRAVER, Notary Public.

Mexicans complain that the Rio Grande chipped off a piece of Mexico and moved it across into the United States. That it brought the Mexican population along is the unfortunate feature for us.

What folks who like to talk about those days of 10 dozen eggs for a dollar don't remember, is that in those days it took a day's—a real day's work to buy a dollar.

Caruso doesn't blame the black hand for stealing his \$450,000 in gems, he says. A man who leaves a half million dollars in jewels lying about the house can hardly blame anybody for stealing them.

The governor should call the legislature into special session to provide punishment for folks who resurrect ancient account books detailing butter at 12 cents a pound and eggs at 10 cents a dozen.

## BABY CHICK SEASON

## "DESPISE NOT"

RESPECT THE SMALL THINGS OF LIFE—THEY OFT LEAD TO GREATNESS

"For who has despised the day of small things?" was a query put long ago. Small things may have been little considered once, but small things are now recognized as involving the possibility of becoming big things. The peanut has been considered as emblematic of small things. It is often used thus metaphorically, but some recent figures show that in the aggregate the peanut crop is neither small in quantity nor of slight value in the bulk.

To one whose knowledge of peanuts is confined to sight of them on the street vendor's stand where a bag used to sell for a nickel, the business of growing them might seem to be of slight extent or importance. Of course, a nickel does not buy many of them now, neither does it buy much of anything else. But the growing of peanuts is not a "peanut" business in size, though it is so literally. Down South where they raise them they are called "goobers," but a peanut is a peanut by whatever name it is known. The farm value of last year's crop was estimated as totaling over \$79,000,000. What consumers paid for them when handed out in small bags would multiply the original cost several times.

Nearly 2,000,000 acres are ordinarily devoted to this crop, a showing of area as well as dollars. It is only for the last 50 years that the peanut has been grown commercially. It does not rival wheat or corn as an agricultural product, but it is not to be despised as a small thing. Recently there died in Philadelphia the originator of ice cream soda. It was about 50 years ago that this man tried dropping some ice cream in a glass of soda water. He found it agreeable to himself. He tried it on customers of the soda fountain over which he was presiding and they liked it. From a chance experiment untold millions have delighted in ice cream soda. It was a small thing, but it struck the public taste just where it was vulnerable. Millions have been made as the result of that simple experiment. So important did the discovery seem to this man that he directed in his will that his tombstone should bear the inscription "Originator of Ice Cream Soda."

Neither peanuts or ice cream soda are necessities of life. It is true the former has entered somewhat into staple food products, but the bulk of the crop goes into small bags to be eaten at odd moments, while the latter is a luxury that offers refreshment on a warm day. Both are small things measured in the abstract, but "many a mickle makes a muckle," and many sacks of peanuts and many glasses of ice cream soda in the aggregate total huge sums. "For who hath despised the day of small things" may have lost a fortune thereby.

### CENSUS TOTALS SLOW

While the census count of the larger cities and of many smaller ones has been announced, the total population of the nation will not be known until late in the fall. Thus far totals have been confined mainly to urban centers and few counties have been footed. In those of a rural character so far announced the decline in population that was predicted has been borne out.

Nine counties in Indiana that are said to be representatively rural show decreases in population ranging from two to 12 per cent. Since declines in country regions are expected to rule pretty generally and the city rate of gain is on the average somewhat smaller than heretofore, it is now believed that the population of continental United States will fall considerably short of estimates.

In 1910 it was 92,872,266. It is now thought that the present census will reveal not over 105,000,000, though anything of that nature is merely a guess.

While states as a whole must be totaled before we learn the figures for the entire nation, it appears probable that the center of population will continue its westward movement. The vastly increased urban populations of the western section will probably hold it in its course. It had been thought the eastern city growth might cause it to turn eastward in a retrograde movement, but it is indicated that, while eastern urban population has made great growth as a rule, the rural decline has been greater in the east than in the west.

General Wrangle's Bolshevik army has been destroyed, it is reported. But this will not necessarily put an end to the wrangle.

**D. V. B. SCHOOL**

The Daily Vacation Bible School now being held in the Glendale Presbyterian church is meeting with great success. Starting on Tuesday morning, the opening day of school, there were 100 in attendance. Wednesday that number had increased to 123 and at the close of Thursday's session there were one hundred and forty-five enrolled with a promise of over 150 today. The school is in charge of Fred W. Hoffman, as principal, assisted by Vera Sinclair, Lida French, Mary McDill, Mary Wilkin, Vivian Engle, Mrs. Lemon, Mrs. Mitchell, Mrs. Van Loon, Mrs. Dreyer, Elizabeth Edmonds, Mrs. Nelson, Mrs. Lord, Flora Mae McGhee, Alice Mercer and Inez Harrison. The school is divided into four departments, kindergarten for the boys and girls from four to six years, Junior for those from seven to nine, and a boys' and a girls' department for ages from ten to fifteen. Each has a superintendent in charge. One of the most popular features is the singing. An essential part of each day's program is the Bible story, a different one being told each day, which tends to hold the interest of the boys and girls and at the same time teach them helpful lessons. An increasing interest is manifest and children from four to fifteen are cordially invited to enroll.

**TRUSTEES' MEETING**

(Continued from Page 1)  
tisement for supplying the city with a road disc. Only one bid had been received, that of the Good Road Machinery Company, offering a road disc for the sum of \$975. Referred to the City Manager.

The report of Olmstead & Gillelen on the matter of the sewerage system for the city was taken up. Engineer Olmstead was present and presented the matter verbally at the same time filing his written report. Mr. Olmstead proceeded to outline a local temporary plan for the congested business district, comprising as outlined by him some sixty-six acres, the district being bounded by Everett street and Central avenue and California avenue and Colorado street. He stated that a system necessary to take care of the sewerage in this district is estimated to cost about \$34,571. He expressed the preference for a complete sewerage system for the entire city as being more satisfactory eventually, but the district outlined being in more immediate need than other portions of the city, the plan of attending to that first seems at the present to be more feasible. The plans presented

consist of a collection system leading to septic tanks. On motion of Trustee Stephenson it was ordered that the matter be laid over to come up before the Board at a public hearing at 8 o'clock p. m. July 22, 1920. In the meantime the City Manager to give general notice of the same and the Chairman of the Board to appoint a committee of two citizens to act with himself in looking into the matter of securing an option on land necessary to be used in the general sewerage system outlined in the report.

An application was read from J. F. Willett for a permit to put up an electric sign; on motion of Trustee Henry referred to the City Manager to report back to the Board.

A petition was presented from Napoleon La Blanc and about twenty property owners and residents from the district affected, requesting that a permit be refused for the erection of a business building on the corner of Glendale and Palmer avenues, on the ground that the district is purely residential and stores in this vicinity are undesirable. On motion of Trustee Stephenson it was ordered that a committee of citizens be appointed to investigate the matter in general and make recommendation to the Board outlining territory in which business structures may be erected. A committee to consist of seven persons, one a member of the Board of Trustees, another being the City Engineer and five being citizens selected at large. Communication ordered to be filed.

Demands were presented and referred to the Finance Committee, which later reported back same approved and on motion of Trustee Stephenson warrants were ordered to be issued in payment of the same.

The report of the treasurer was presented for the month of June and referred to the Finance Committee.

The Department of Public Works presented a report covering building activities for the month of June and detailed report of receipts for permits issued, totaling \$490.80, the building report showing eighty-four permits issued on a valuation of \$202,971.

The City Engineer presented a map of Tr. No. 3784 and requested that the same be approved by the Board. On motion of Trustee Henry it was approved by Resolution No. 1106.

bid accepted. He reported also on the request of J. F. Willett and others previously referred to him asking for a less strict enforcement of the parking ordinance, stating conditions as they exist and on motion of Trustee Henry the request was denied.

The Engineer of the Public Service Department presented and reported on bids referred to him at the previous meeting, making certain recommendations which are embodied in a resolution, which on motion of Trustee Henry was adopted on roll call, all voting "Aye." He also submitted estimates on the cost of laying pipes on East Broadway, the amount being \$2,755; also the cost of similar work on Acacia Ave. and Mariposa St., the amount being \$5,210. On motion specifications presented by the Engineer of the Public Service Department, covering this work, were approved and adopted.

On motion the City Clerk was instructed to advertise for bids for pumping and testing with compressed air the new 16 foot drilled well on the city's pumping plant property, to be opened at 7:30 o'clock p. m. July 22, 1920.

The Finance Committee reported the treasurer's report approved and it was ordered to be filed.

The City Manager reported recommending the acceptance of the bid of the Good Road Machinery Company for one road disc and on motion the recommendation was approved.

On motion the City Clerk was instructed to advertise for bids for building and equipping a derrick and well-house, installing pump and motor and making certain necessary connections; to be opened at 7:30 o'clock p. m., July 22, 1920. The clerk was also further instructed to advertise for bids for installing pipe for miscellaneous fittings on Sycamore Canyon Road, Colorado Street, Windsor Road and Adams street; to be opened at 7:30 p. m., July 15, 1920.

On motion of Trustee Stephenson, the Street Superintendent was instructed to proceed forthwith and clean up from Central avenue westward to Magnolia avenue playgrounds.

Adjourned.

The belief that quitting work is a recipe for having more money and reducing the cost of living is still held by many people.

**WEATHER FORECAST:** Fair to-night and Saturday.

Advertiser it, or advertise for it in the Evening News.

**NOW IN SESSION**

(Continued from Page 1)

High Priest. He said: "In 1844, as already proved, the great judgment work began, first with Adam and Eve, and on through the history of mankind until every case is settled; then, Jesus comes. God presides as Judge, Christ is the pleading attorney, or advocate; angels who record our sins, words, actions, and thoughts are there, and each case comes up for investigation.

"The books used in this judgment are four in number: The book of remembrance, Malachi 3:16; the book of sins, Eccl. 12:14, Matt. 12:36, 37; the individual records containing an actual description of the individual, his birthplace, etc., Ps. 139: 15, 16, Matt. 10:30, Ps. 87: 4-6; the book of life, Rev. 20: 12, Luke 10:20. For example, said the evangelist, "here is a man, John Brown. He is converted, accepts Christ as his personal Savior, and he believes in the merits of Christ's spilled blood to atone for sins. This man's name is written in the book of life. His place of birth and personal description are recorded. John Brown begins his Christian life rejoicing in his new friend, Jesus. Soon temptation assails him and he sins. The sorrowing angel records this sin in the book of sin. Soon Mr. Brown becomes discouraged, gives up and the case is lost. He failed to acknowledge his advocate, Jesus, for, 'If any man sin, we have an advocate with the Father, Jesus Christ the righteous; 'If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.' 1 John 2:1 and 1:9; 'wherefore, He is able also to save them to the uttermost that come unto God by Him, seeing He ever liveth to make intercession for them.' Heb. 9:24, 7:25. Had John Brown believed this, and had he confessed his sin, it would have been blotted out and his name retained in the book of life. Christ could then have pleaded His precious blood in behalf of his sin.

"Thus the cases of all who have ever been Christians or who are such now come up before God. The work began in 1844 with the dead, and no doubt is now being carried on for all living. Soon Jesus will stand up and leave His Heavenly Priesthood, Dan. 12: 1, 2, and make preparations to return to the earth. When the last case is decided for death or for life, the Great Judge will pronounce the fiat, 'He that is unjust, let him be unjust still; and he that is filthy, let him be filthy still; and he that is holy let him be holy still.' Rev. 22:11. Probation is then ended and Christ returns for His saints. 'Behold I come quickly and My reward is with Me, to give every man according as his work shall be.' 'Blessed are they that do His commandments, that they may have right to the tree of life, and may enter in through the gates into the city.' Rev. 22:12, 14.

"Your case and mine are bound to be called before the Judge, and how will it be with you?" This was the pertinent question put to the audience. Mr. Prout has made a strong and touching appeal to all desiring salvation to place their lives in trust with Jesus, our faithful High Priest. Following an invitation to stand, one after another arose until a goodly number responded and came to the front. It was very evident that the discourse and appeal were accompanied by the convicting and converting power of the Holy Spirit.

The subject announced for this evening's service is: "The Divine Plan of Healing; or What Shall I Do to Be Well?"

**NEW CENSUS SYSTEM NEEDED**

The nation needs a new system of census taking that will expedite the process and make available to the public results of the enumeration before the figures are classifiable as ancient history. That the present census law, passed more than a century ago, is obsolete and no longer provides the means for obtaining information about population and resources for which it was originally intended, has been demonstrated by the 1920 census-taking.

Little of interest to the average citizen is contained in the figures. The inquiry appears to be broad enough to provide much information, but it is so far in the past when tabulated that it has slight value either to the nation or individuals. That the census' scope includes so wide a field may be the reason it takes so long to get the facts to the public. How many American inhabitants descended from the Mayflower passenger list and how many are descendants of those who later came to these shores in steerage are questions that may not be answered until it is almost time for the next census. At least that is a reasonable assumption, since it takes nearly a year to arrive at the bare population figures.

Taken at a cost of millions of dollars, census totals at present seem to be of benefit chiefly in giving some cities an opportunity to boast of great size and rapid growth. Before 1930, let us hope, there will be sufficient popular demand to bring about a change in the law, or the rules, or whatever regulates the census machinery.

**FINANCING OF HIGHWAY IMPROVEMENTS**

Circular letters, enclosed with maps of all the proposed highway improvements of the city and explanations thereof have been sent to all those property owners affected by the opening of Commercial street and Patterson avenue. The cost of the former improvement is estimated at \$33,000 and of the latter, from Central avenue to Brand boulevard, including the moving of F. S. Webster's new house, at \$8,000. The portion of the Patterson avenue improvement west from Kenilworth avenue to San Fernando Road, which crosses unsubdivided acreage, will be paid for by assessments on said acreage. According to the figures of the committee preparing these circular letters the expense to property owners will be very light in proportion to the magnitude of the improvement, from \$13 to \$50 per lot and the payment of this will be extended over a term of years if wished.

**RIVERS' UNCERTAIN BOUNDARIES**

The Rio Grande, changing its course and leaving on the American side of the river land that was formerly on the Mexican side, calls attention to the unsatisfactory character of shifting streams as boundaries. The Red River recently did something of the same sort, diverting to Texas valuable oil land that before the change was part of Oklahoma. It would appear to be the part of wisdom to determine the limits of political divisions by latitude and longitude rather than by changeable rivers.

This performance of the Rio Grande suggests some interesting possibilities. The Mexican farmers who have been placed in the United States by the river's trickery object, strange to say, to being under American jurisdiction. They prefer to remain Mexicans. Some persons

cannot be fathomed. Why after nature, without a move on their part, has transferred them to the United States, they should scorn the boon conferred upon them passes all understanding. But the questions arise: Are they now Americans? Or should they be examined by immigration inspectors and, if found undesirable, deported? And if they should be deported, whither, since their homes, perhaps the very homes in which some of them were born, are in the United States?

**ALPHABET'S TURN NOW**

Convinced that the world is yearning for what they propose, reformers continue to advance new theories with zeal verging on fanaticism. Though it has been demonstrated since the beginning of the world, they will not learn that the people are not eager to be reformed.

Inertia of a public opposed to unlearning what has been learned defeated the movement for simplified spelling. But failure does not discourage a reformer. And so the country now has an appeal for a reform in the alphabet, which has as its chief claim to be heard that it will save two years' time to every school child. Hence, its sponsor claims, here is efficiency.

Apparently, however, this zealous reformer, so obsessed with the advantages of his theory, has not had time to discover that adoption of a new alphabet would mean also much time lost to those not school children. Seventy-five millions of people would be compelled to unlearn something once learned, and at an age when there is an indisposition to worry about primary principles.

An alphabet of 45 letters, the nation is assured, would be a vast improvement over the "obsolete" one now in use, since it would represent all the necessary speech sounds. "Nothing is of more importance to the American people," is the original manner in which the author of this alphabetical monstrosity concludes his "argument."

**Yes, They Are Coming!**

**Let's Be Prepared**

Do you know that more people are coming to Southern California this year than ever before and many will remain, and buy or rent a home?

Are we going to be ready to secure our share of new home-seekers?

Many hundred new homes could be sold this fall if they were available. It's up to you, Mr. Lot Owner.

See us at once and arrange for the erection of a residence, apartment house or bungalow court.

Make use of our organization.

Architects, engineers and a complete line of craftsmen of every kind at your service. We make good.
