GERMANS BEGIN TO SEE THEY MUST YIELD

Drayton to Deliver Budget Address in Commons To-night

Expenditure and Taxation Proposals of Dominion Government Will Be Made Known to the People; Speech Slightly Delayed.

Ottawa, May 9.—(Canadian Press)—The promised budget speech will not be delivered in the Commons till to-night. All arrangements had been for Sir Henry Drayton, Minister of Finance, to begin his speech shortly after the House opened this afternoon, and it was expected he would reach his taxation proposals at 3.45 o'clock.

The matter was discussed at a meeting of the Cabinet this morning and decision was reached that it will probably be delivered at to-night's sitting of the House.

COUNCIL TO FIGHT OUT TAX ISSUE

Ottawa, May 9.—(Canadian Press)—The Civil Service Commission has had so much work thrust upon it that a dozen superintendents could not handle the work as satisfactorily as the deputy heads of Departments, declared W. W. Cory, Deputy Minister of the Interior Department and of the Immigration Department, to the special Commons Committee on the Spinney Bill this forenoon.

There was too much delay in making appointments under the present act, and higher officials could be chosen better by heads of Departments than by the Commission, according to Mr. Cory.

WANT FRUIT MEN TO BE "PATRIOTIC"

Lumber Men Against Growers Buying American Boxes. British Columbia fruit growers, particularly those in the Okanagan are buying their boxes from mills in the United States, and are not giving Canadian mills in the Interior or on the coast a chance.

Mill operators, particularly in the Majnland, are protesting against fruit growers passing up—the Canadian manufacturer is fostered and helped by the Government at the cost of the taxpayers of the country, and that fruit-growers should for that reason show some patriotism in their buying.

These are two reports, made to officials at the Parliament Buildings, which are being investigated. W. H. Robertson, Provincial Horticulturist, will leave for the Okanagan in a few days to find out what is going on up there, whether fruit-growers have turned against Canadian boxes and, if so, why.

The B. C. Box Manufacturers' Association has taken up the question "on the grounds that the fruit-growers have been assisted in various ways by the Department of Agriculture—and the least they can do now is to stay by B. C. products."

It is claimed by the timber men that if fruit growers persist in buying their boxes from American mills, it will mean a great loss of revenue to the Government from royalties on the timber used here, many men will be precluded from getting employment and general business in British Columbia will be affected as the money spent in boxes each year is a big sum.

Taking No Chances. The fruit growers claim that they were "stuck" last year by the B. C. box-makers who raised top prices on them on a rising market, and that because of this they do not intend to take any chances this year. They declare they can import American boxes, but the duty and exchange, and the cost will be less than what Canadian makers seek to charge for products manufactured here.

The fruit growers say that they cannot afford to take chances on high box prices this year, because with fruit prices slaughtered, they have the most they can do to pay their expenses.

J. H. LOWTHER TO COME TO CANADA

London, May 9.—(Canadian Associated Press)—Rt. Hon. J. H. Lowther, ex-Speaker of the House of Commons, will sail for Canada on the liner Empress of France on Wednesday for the purpose of presenting to the Canadian House of Commons the new Speaker's chair donated by the Empire Parliamentary Association. This presentation is expected to take place on May 20.

Mr. Lowther, who will be accompanied by his wife and daughter, expects to visit the Canadian West and return to England in June.

JOHN DOUGHTY SENT TO PRISON FOR SIX YEARS

Toronto, May 9.—John Doughty, convicted of stealing \$105,000 in Victory Bonds from Ambrose J. Small, missing theatrical man, to-day was sentenced to six years in the provincial penitentiary. Crown authorities indicated they might drop the present the charge that Doughty, Small's secretary, had conspired to kidnap him.

BOY HAD DYNAMITE CAPS IN POCKET; BLOWN TO PIECES

Portsmouth, Ohio, May 9.—When Carl Newman, aged fifteen, yesterday attempted to toss a lighted cigarette away, it lodged in his pocket with a number of dynamite caps, exploding them. The lad was blown to pieces and six companions were more or less seriously injured.

PREMIERS INVITED TO BELFAST EVENT

Dominions' Leaders and North Irish Parliament. Sir James Craig Wants Them at Opening. London, May 9.—(Canadian Associated Press)—Sir James Craig, the Ulster leader, speaking at a meeting in Lisburn, County Down, announced that he had taken steps through the British Colonial Office to invite the Prime Ministers of all the Dominions of the Empire to come to Belfast to witness the opening of the new North-Ireland Parliament. They would witness a spectacle which would warm their hearts, said Sir James.

CHINESE BANDITS HOLD BRITISH MISSIONARY

Peking, May 8.—Outlaws have captured a British missionary named Stephens in the province of Shensi, it is said in advice to the British Legation here. Dispatches indicate the object of his capture is to bring pressure to bear on provincial authorities to abandon repressive measures.

Allies Re-establishing Order in Silesian Area

Paris, May 9.—The French Government to-day replied to the note which the German Government last week addressed to the Allies in which attention was called to the Polish insurgent movement in Upper Silesia. The reply assures Germany that the Allied forces have no need of outside help. It points out that troubles were due, at least in part, to false rumors that the mining district had been awarded to Germany and it states that the Allies are doing their full duty under the circumstances and are re-establishing order.

RUSSIANS CLAIM RECOGNITION BY GREAT BRITAIN

Copenhagen, May 9.—The British Government, it is asserted in information obtained here from a Russian source, has given de facto recognition to the Russian Soviet Government. No confirmation of this report has been received from any other source.

LONDON WELCOMES JAPANESE PRINCE

Crowds Cheer Visitor in the Streets. London, May 9.—The Japanese Prince Hirohito, heir to the Japanese throne, a tumultuous welcome upon his arrival for a three-week visit to the British Kingdom. Full honors of state were extended to him, the occasion being the first for such honors to a visiting foreign dignitary since 1814. A bright Spring day provided ideal weather for the function.

ANNNOYANCE FELT BY PICKPOCKETS

Genoa Thieves, Say Victims Are Untruthful. Genoa, May 9.—The chief of police of this city has received a letter signed "The Tramway Pickpockets' Association," complaining that the police have reported that they abstract pocketbooks have "the dishonest habit" of invariably declaring to the police a much larger financial loss than they have really suffered. The letter argues that such exaggerations are likely to cause strained relations among the pickpockets' fraternity when a member of the association turns in a few hundred lire when the loser claims to have lost thousands.

PLUMBERS' STRIKE

Windsor, Ont., May 9.—Plumbers of the border cities are on strike in protest against a wage reduction of from \$1.06 to 95 cents an hour.

Police Woman Called Constable to Arrest Man

Fargo, N.D., May 9.—Miss Alice Duffy, Fargo's police woman, had to call on a policeman for help. She tried to arrest a plumber who rode his bicycle on the sidewalk. The plumber refused to be arrested by a woman. Twenty-five dollars and one day in jail, said the magistrate after a man member of the force had brought the offender in.

Expert Says Canadians Should Be Burning Peat

Ottawa, May 9.—(Canadian Associated Press)—A. Anrep, peat specialist of the Geological Survey, informed the special Parliamentary Committee on Fuel Resources this morning that there was no reason why Canadian peat should not replace coal for heating purposes throughout the Dominion. This would relieve the Eastern Canadian public of dependence upon United States mines and would release all coal importations in Eastern Canada for industrial purposes. Peat had proved satisfactory for cooking and open grates and for furnaces during the Fall and Spring months. So far more than 37,000 square miles of peat bog had been discovered, and should be developed. One ton and a half of peat would give as much heat as a ton of anthracite coal. The ease with which coal had been secured from the United States for Eastern Canada operated against advancement of peat plans in the Dominion. Peat could be sold commercially at \$9 a ton, and if production was increased the price would become more favorable to the public. After peat was removed the excavated area could be drained and used for agricultural purposes.

RUSSIAN CLAIM RECOGNITION BY GREAT BRITAIN

Copenhagen, May 9.—The British Government, it is asserted in information obtained here from a Russian source, has given de facto recognition to the Russian Soviet Government. No confirmation of this report has been received from any other source.

LONDON WELCOMES JAPANESE PRINCE

GERMAN-RUSSIAN TRADE AGREEMENT

Resumption of Commercial Relations Arranged. Berlin, May 9.—The German Government concluded a preliminary trade agreement with the Russian Soviet Government, and the convention became effective May 8, according to the official text, which has been made public here. The text shows that the parties will continue to be operative until a commercial treaty is completed, and provision has been made that either party may terminate the agreement by giving the other notice.

BY-ELECTION IN YORK-SUNBURY

Contest For Commons in New Brunswick. Fredericton, N. B., May 9.—Although the campaign has only three weeks more to go, interest in the by-election in York-Sunbury is picking up. Campaigns, however, do not usually reach a high point in Parliament since 1814. A bright Spring day provided ideal weather for the function.

FUR AUCTION IN MONTREAL

Montreal, May 9.—More than 500,000 pelts valued at between \$2,000,000 and \$3,000,000 will be put up for auction at the third of the annual fur auction sales held here under the auspices of the Canadian Fur Auction Sales Company, Limited, of Montreal, which opened here to-day and will last for four days.

NO EXECUTIONS

Stockholm, May 9.—Capital punishment in Sweden is abolished by a bill which has been passed by the Riksdag.

Strike of Gold is Made in Northern Ontario Region

Port Arthur, Ont., May 9.—A rich strike of free gold is reported from the Goudreau district.

FARM LABOR PLAN FOR THE PRAIRIES

Ottawa, May 9.—(Canadian Associated Press)—Declaring that the re-arrangement of the Anglo-Japanese Treaty is a proper subject for the consideration of the conference of the Empire Prime Ministers, which will be held here in June, the Observer and the Dominion Times published interesting editorials arguing the need of effecting a new alliance with Japan which will be satisfactory to both the United States and the Dominions.

F. TEDESCO JUMPED FROM WINDOW IN ROME; WAS KILLED

Rome, May 9.—Francesco Tedesco, former Minister of Finance and the Chamber of Deputies, committed suicide to-day by jumping from a window. Signor Tedesco was suffering from nephritis.

Swing in Germany Toward Acceptance Of Terms of Allies

Sentiment in Berlin Political Circles To-day Showed Drift in Favor of Meeting Powers' Reparation Demands.

Berlin, May 9.—Sentiment in German political circles was showing a drift at noon to-day in favor of agreeing to the Allied reparations terms. It is believed a Parliamentary coalition, which will accept the Allied ultimatum, will be constituted within the next twenty-four hours.

Berlin, May 9.—Dr. Wilhelm Mayer, German Ambassador to France, has declined the invitation of President Ebert to form a new German Ministry, and the German People's Party continues its attitude of reserve. Dr. Gustave Stresemann, leader of the People's Party, is strongly opposed to acceptance of the Allied terms.

Berlin, May 9.—National committeemen of the Majority Socialist Party and the Democratic Party assembled here to-day to discuss the attitude those organizations would take relative to the international situation arising from the presentation of the Allied ultimatum regarding reparations.

U. S. Representatives at Allied Councils' Sessions

Paris, May 9.—American representation at Allied conferences was resumed to-day when Hugh C. Wallace, the American Ambassador, took his seat at the session of the Council of Ambassadors here.

Mr. Wallace received his instructions last night from Secretary of State Hughes to represent the United States Government at the Ambassadorial conferences. The American Ambassador was warmly welcomed at the Foreign Office, where the Council happened to be meeting to-day, and was given a seat at the right of Jules Cambon of France, President of the Council.

BULGARIANS ARE FORCED TO WORK

Compulsory Labor Law is in Operation. London, May 9.—All classes of society in Bulgaria have been called upon to fulfill their civic duties under the provisions of the compulsory labor law, adopted a year ago. The law provides that men of twenty years of age and girls sixteen years old are to be called upon for a certain amount of compulsory labor for the state. Men are to work twelve months and women six months and none will be allowed to emigrate until duties imposed have been performed.

TROOPS ARE TO BE HELD READY

Allied Leaders Mean Bavarians Shall Disarm. Paris, May 9.—Even if the Germans accept the Allies' reparations ultimatum, the troops organized for occupation will be held in readiness for action in case Bavaria does not disarm before June 30, the time-limit fixed by the Allies for completion of the disarming process. It was stated in official circles to-day.

MONDOU TO STAND FOR COMMONS IN YAMASKA COUNTY

St. Francois du Lac, Que., May 9.—A. A. Mondou was unanimously chosen candidate to contest the city of Yamaska at the by-election on May 28. The choice was made at a Conservative convention here yesterday afternoon.

London Papers Discuss The Japanese Alliance

The Sunday Times, which has no connection with the week-day Times controlled by Northcliffe, took a somewhat similar view. Editorial Welcome. London, May 9.—In editorially welcoming the Japanese Crown Prince to Great Britain The Observer yesterday referred to the Anglo-Japanese Treaty as "an engagement to which civilization has owed much." The newspaper declared the treaty would certainly be renewed, although its intentions must be made clear and beyond dispute. Any technical divergence from the covenant of the League of Nations must be corrected. "We need Japan's friendship," the newspaper concluded, "if the people of Asia and English communities are to maintain and deepen their mutual understanding."

BOARD TO EXPLAIN EDUCATION SYSTEM

Trustees Try to Educate Public on School Question. Representatives of nearly all local public and semi-public organizations will meet in the offices of the City School Board to-night to discuss Victoria's public school system. The meeting will form part of the School Board's "Education Week," the object of which is to give the people of the city a better idea of the Board's policies and plans for the future.

At to-night's meeting members of the Board will explain to the representatives of the organization interested exactly why the Trustees want the electors to pass the money by-laws to be submitted to them soon. They will describe the uses by-laws would be put if the measures were passed. While the school money by-laws will be discussed, the Board's "Education Week" has a broader purpose than the passage of these measures. As Trustees explain, the plan is to educate the public to the necessity of good schools as the basis of good citizenship.

French Smartest Hats of the Season

Enjoy the Satisfaction of Being Well Dressed
Smartness is the note most emphasized in the many new hats which arrived during the week. Wide hats of horse-hair braid combined with Georgette, tulle or taffeta, in white, navy and all black, and trimmed with the brightest flowers of the season, ribbons and ornaments. Forty Hats—A choice assortment of black and colored hats, as well as light mid-Summer colors; regularly priced up to \$12.00. Special to-morrow \$5.75

The South African Plume Shop

753 Yates Street Phone 2818

MEXICANS WANT CANADIAN TRADE

Consul at Toronto Speaks of Conditions

Toronto, May 9.—Senor Gustav Luders, the Mexican Consul in Ontario, who arrived last week to assume his new duties in Toronto, said to-day that Mexico had one of the greatest futures of any country in the world. "Our Government is as well established as any Government could be, and will soon begin to fulfill its international obligations," said Senor Luders. "Already prosperous conditions are at hand."

WITHDRAWAL OF TIMBER LICENSE IS OPPOSED

Port Francis, Ont., May 9.—There is considerable feeling in some quarters here over an alleged threat by Premier Drury to cancel the timber license of the Shevlin-Clarke Company, and more than 100 business men waited on the Town Council to emphasize the serious effect upon the town and district of such a course. It is claimed that the cancellation of the license would involve the elimination of the largest industry in the Port Francis district, great loss to business men and unemployment for hundreds of wage earners. It is said by some that a great impetus would be given whatever sentiment exists favoring the creation of a new Province in Northern Ontario by drastic action in connection with the Shevlin-Clarke Company.

THEFTS FROM WINNIPEG RAILWAY ARE ALLEGED

Winnipeg, May 9.—Details have just been brought to light of a series of extensive thefts on the Winnipeg Electric Street Railway by which the company has been victimized to the extent of between \$12,000 to \$15,000. For many months, it is believed, used tickets have been secured by certain conductors, tied up in lots and systematically sold to unsuspecting citizens at reduced rates.

DIED IN ENGLAND.

Ottawa, May 9.—Word has been received of the death in England yesterday of Mrs. Frances Leonard Vaux, wife of Lieut.-Col. Vaux, of the Royal Army Medical Corps. She resided for several years in Winnipeg, where her husband was chief medical officer of Military District No. 10.

ASTHMA RAZ-MAH USE

Just Swallow a Capsule
RAZ-MAH To Guarantee
To restore normal breathing, stop mucus gathering in the bronchial tubes, give long nights of quiet sleep; \$1 at your druggists. Trial free at our agencies or write Templetons, 142 King W., Toronto.
Sold by Campbell's Drug Store; Duncan, J. E. A. White, Ladysmith, R. G. Jessup; Sidney, E. Leauge.

AVIATION NOTES

In the middle of this week Vancouver residents were interested to see a new type of flying machine hovering over that city. It turned out upon investigation to be a Chinese operated machine, Curtiss type, which had been brought from the Chee Kong Tong Chinese Flying School at Saskatoon for the convention of the Chinese then sitting in Vancouver.

The Chinese flying school was formed something over a year ago and now has twenty pupils learning to fly. They are operating under Air Board regulations, their pilots holding certificates. The purpose of the school was stated, at the time of its inception, to teach young Chinese on this side of the world the art of going into their own country back to China to teach the delicate art of aviation to their brothers in the Far East.

"The plane ran into an air pocket at 4,000 feet, and then went into a tail spin, dropping rapidly," we are told by a press cutting, which goes on to extol the bravery of the pilot in question, who is reported to have "pluckily saved the lives of his passengers" by crashing without injuring them. The practice of certain machines of going into indiscriminate "tail spins" is rather alarming.

Time was in the earlier stages of aeronautical science, when "tail spins" were not possible as machines were constructed with a balance forward of the centre of lift, so that a nose dive would be the worst that could befall their pilots in case of distress.

Either the word "tail spin" has come to mean something else than a spin tail first, or the machine in question would require examination immediately for a very radical change in construction. These air pockets, too, are dangerous. It should be plainly pointed out to all intending pilots that the air pockets should be sufficiently high to permit of the gallant aviator recovering. 100 feet is such a little way to drop that it is no wonder the machine crashed. The article in question was printed under the heading "Airman's Coolness Saves Three Lives." The praise should be given to the airman referred to some considerable warmth.

A notable flight in the annals of Albertan aviation took place recently when a Larson Monoplane flew from a northerly point on the Peace River to Edmonton, a distance of roughly 350 miles in a time of 40 hours and 45 minutes. The flight was made under very heavy weather conditions, and along an air track that has not been very widely explored, that is, the land marks along the route of flight have not yet been incorporated into an recognized "air map" as it were.

John H. Larson, New York owner was on board the machine with George Gorman, pilot for the Imperial Oil Company, and W. Waddell navigating officer for the same company. H. M. Yates and E. Bush made up the remainder of the party. A maximum height of 2,200 feet was maintained on the way south. The possibilities of aerial communications with the northwestern territory and points to the north of the railway belt throughout the Dominion would seem to be somewhat nearer an actuality than was previously thought possible.

Hartley Munro Thomas, a gallant member of the late Royal Flying Corps overseas, has just been appointed professor of literature at the Wesley College, Winnipeg. Mr. Thomas is the author of the "Poem of an Airman," a work that was published subsequent to his return from the front. Versatility would seem to be part of this airman's make-up, his book, it being understood having a ready sale.

BABY KILLED IN AUTO ACCIDENT

St. Paul, Minn., May 9.—Muriel Silverman, eighteen months old, was killed and four persons were shaken up in an automobile driven by Mrs. Jacob A. Silverman, of this city, plunged off a boulevard into the Mississippi River, 150 feet below, last night. Mrs. Silverman's car collided with a machine driven by F. H. Starr, Minneapolis, and shot over the embankment. Starr and a friend crawled down the embankment, swam out to the car, broke the windows and rescued the children and women. The Silverman child suffered a fracture of the skull. Had not the car been an enclosed one, police believe all five would have been drowned.

LESS WORK AT DIAMOND MINES

Jagersfontein, South Africa, May 9.—There has been further retrenchment in the diamond mines here and underground work has ceased. It is estimated that the employees will shortly number only \$6. Employees at 400 boys, compared with 500 and 4,000, respectively, before the war.

OVER 319,000 PEOPLE IN INDIA

London, May 9.—The total population of British India and the native states as shown by the census taken on March 16, the results of which are announced in a dispatch received here, is slightly over 319,000,000, as against 315,150,000 in 1911.

700 QUIT USE OF TELEPHONE

Rochester, Minn., May 9.—Seven hundred subscribers of the People's Telephone Company of Stewartville, near here, have ordered their telephones removed following an increase of rates, it became known to-day. They contend the service is so poor it does not warrant the increase.

SOMETHING NEW IN MUSIC.

With the idea of promoting a love of music and fun, and engendering feelings of harmony in the labor movement, trades union organizations in Wellington, New Zealand, have formed the choir of a choir. Already some forty members have been obtained, including fourteen soloists, and the choir will consist of male and female voices. Great interest is being evinced in the idea in labor circles, but it is explained that the formation of the choir has no political significance, and that members will not have to give any pledges of solidarity in their relation to labor matters.

J. Alexander, of Mascon, was allowed out on bail of \$1,000 on a charge of assaulting Thos. Carswell.

TWO CONSTABLES KILLED IN IRELAND

Murdered by Raiders; Church Congregation Stampeded

London, May 9.—Week-end disturbances in various parts of Ireland included the killing of two constables and the wounding of two sergeants, besides a stampede of a congregation in Dublin, resulting in several persons being injured, caused by firing outside the church.

The congregation stampeded was that of the Jesuit church of Gardiner Street, Dublin. The people rushed from the doors on hearing shots fired in the street. The people were held responsible for the throwing of bottles at a lorry containing Crown forces traveling on the Drum Condra road. Women and children were trampled down in the confusion and several of them were taken to a hospital.

Dublin Castle reported unsuccessful attacks on the Dublin and Gorbourn barracks Saturday night, bombs and rifles being used in the former and rifles and machine guns in the latter instance. The attacks entailed no casualties among the occupants.

Head Constable Storey was shot dead and a sergeant was wounded while returning from a morning at Castle Island, County Kerry. Constable Frederick D. Price, of County Wexford, was shot and a sergeant was wounded in an ambush.

Official reports of reprisals by the military in districts in County Cork show the houses of two residents at Clongmahilly destroyed on May 6 when the furniture and personal effects of two residents at Castle Martry were destroyed. These reprisals were for attacks on members of the Royal Irish Constabulary on May 1.

The houses of three Kilnichael residents were destroyed Friday in reprisal for attacks on two auxiliaries at MacRoom April 29.

Searches were carried out Saturday night and Sunday morning in the eastern district of Cork, eight arrests being made.

Explosions, apparently of hand grenades, occurred in Cork Saturday during the curfew hours. The damage, however, consisted only of broken glass. A Fight.

Belfast, May 9.—A two-hour engagement between a section of Crown forces approaching Knapock Mountain and an ambushing party was reported from County Cavan yesterday, the encounter resulting in the dislodgment of the ambushing forces, of which one member was killed and nine taken prisoner.

One of the soldiers was wounded. A house nearby, the report stated, was found to contain bombs, ammunition, clothing, rationed bedding and other articles.

A party of police were ambushed near Garey, County Wexford, Saturday. One constable was killed and a sergeant wounded. The people who had been attending a fair at that place immediately vanished and the storekeepers were ordered to close their shops.

Riot. Girls with collecting boxes inviting subscriptions for the "Republican Army," were the indirect cause of a riot in Belfast, yesterday morning. The police, demanding the names of the collectors, upon which a crowd appeared and, it is stated, stoned the police, who used their revolvers. One man was wounded. An armoured car and a police lorry were rushed up and order was restored.

VANCOUVER ISLAND NEWS

No Increased Subsidy

Port Alberni.—That there is very little chance of the Dominion Government increasing the subsidy for an Alberni canal mail carrier as requested in part of a fund on enquiry by the local city council, is shown by a statement of present conditions laid out by the Deputy Postmaster General says the Port Alberni News. In a letter to the City Council H. S. Clements, M. P., stated that owing to the small amount of revenue derived from the services, it was evident that assistance would have to be derived from the Provincial Government if the passenger end of the service was to be improved, such as is desired by the residents of the district.

The letter from the Deputy Postmaster General enclosed by Mr. Clements and in part of fund on enquiry into this matter that at the present time this service is being performed by Sone Bros., of Port Alberni, at a cost to the department of \$2,200 per annum, the service being maintained by gasoline boat. The net revenue derived from the offices that are served on that route, after deducting the postmasters' salaries and allowances, amounts to only \$378.03, leaving a deficit on the operation of this service of \$1,821.97.

"In these circumstances the department could not favorably consider an increase in the rate of payment for this service, particularly when an increase from \$1,800 to \$2,200 was authorized on January 1, 1920.

To Entertain Ships
Nanaimo.—Nanaimo is to have the pleasure of entertaining the officers and crew of two of Canada's destroyers after all. Mayor Busby, who is active in getting the Canadian naval vessels to visit the city, has received word from Capt. Adams, commander of the fleet, stating that they will visit Nanaimo from May 19 to May 12.

Langford G. W. V. A.
A meeting was held recently for the purpose of electing H. H. Pooley, M.P.P., to explain his attitude on the increase of indemnities and the reduction of wages of Government employees, and at the end of the meeting the following resolution was passed: "That this meeting condemns in the strongest possible terms the ac-

tion of the Government in the matter of increased indemnities of the Ministers and members of the Legislative Assembly, while at the same time reducing the wages of the Government employees.

"And further, we denounce in the strongest terms the Government for keeping our representative Mr. Pooley, together with other members of the House, Conservative, Liberal, Labor and Independent alike, in complete ignorance of any action having been undertaken by the Government as to the reduction of wages of Government employees, when the vote was taken on the increase of indemnities."

Back From Vancouver.
Cobble Hill—P. E. Beasley has returned from a short trip to Vancouver.

To Be Troubled With CONSTIPATION THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick. In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken. Mr. Jas. S. Harris, Box 934, Halifax, N. S., writes: "For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

BURBERRY COATS
ANGUS CAMPBELL & CO. LTD.
Store Hours 9 a.m. to 6 p.m., Wednesday 1 p.m.

I. O. D. E. Ball
Nanaimo.—A most enjoyable ball was given Thursday to commemorate the inauguration of the I. O. D. E. just twenty-one years ago. The regent, Miss Elizabeth Dobson, and officers of the Order, spaced no pains in their efforts to make the occasion a brilliant success. The proceeds went to charity.

WRIGLEY'S
"After Every Meal"
Get thrice-daily benefit from this low-cost aid to appetite and digestion
It keeps teeth white, breath sweet and throat clear
Makes your smokes taste better
And Only 5c
The Flavor Lasts

Don't Let Your Teeth Deteriorate

Don't put off that visit to your dentist. Come this week and have the tooth-destroying decay germ removed and your teeth made permanently sound.

Dr. Albert B. Clarke
Offices in Reynolds Building, Corner Yates and Douglas Streets, Phone 902 Residence 531R

Victoria Daily Times

MONDAY, MAY 9, 1921. Published every afternoon (except Sundays) by THE TIMES PRINTING & PUBLISHING CO., LTD., 1111 BROAD ST., VICTORIA, B.C.

Subscription Rates: City Delivery \$1.00 per month. By mail (exclusive of city) Canada and Great Britain \$2.00 per annum. U.S.A. \$3.00 per annum. France, Belgium, Greece, etc. \$1.00 per month.

READY TO SUBMIT?

It is immaterial to the Allies which Government at Berlin agrees to accept or reject the ultimatum when it expires next Thursday. Whatever group may rise to power in the interim the terms remain the same.

FRATERNITY.

When the President of the United States addressed a gathering of Odd Fellows in Washington the other day he took occasion to comment upon the international significance of the Order and its more intimate relationship with that peace and good will which characterize one hundred years of American-Canadian history.

"I like above all else," the President observed, "the example of Canada and the United States dwelling throughout the century in peace and under the most amicable relations with a single purpose, to forward the cause of human kind."

The happy touch in the President's references to fraternal organizations might almost be taken as his first public intimation of his belief in the principle of fraternity among nations and its application in his country's attitude towards European affairs.

A "WET" OBLIGATION.

By a large and decisive majority the people of British Columbia instructed the Government of this Province to stock a varied assortment of liquor and supply it under a system that could be controlled.

should be assured of every ounce of support that may be given to it in the conduct of a business into which it has entered upon the instruction of the people.

THE MACKENZIE BASIN.

Particular interest attaches at this time to a revised edition of the report issued by the Department of Geological Survey over the signatures of such well known geologists as Mr. Charles Camsell and Mr. Wyatt Malcolm.

STARTLING FIGURES.

While the Allied Supreme Council and the German Government are fencing in the reparations ring the German manufacturer is making hay while the sun shines.

CANADA'S MINERAL OUTPUT.

Official statistics place the value of Canada's mineral output in 1920 at \$212,775,080. Of this total \$77,326,853 represents production of coal, which exceeded in value the total output of gold, silver, copper, iron and other metallic minerals.

was 16,624,000 tons. In 1913 it was 15,000,000 tons. According to "The Dominion of Canada," a study by the Bankers Trust Company, of New York, the Canadian mineral fuel resources are estimated to be over 1,357,757 million tons.

Table with 2 columns: Mineral Type, Quantity (Million Tons). Includes Semi-Anthracite (846), Bituminous (313,573), Sub-Bituminous (932,053), Lignite (111,286).

NOTE AND COMMENT

Sir Hamar Greenwood says that the conference between de Valera and Craig is the most hopeful thing that has happened in seven hundred and fifty years.

Even Mr. Asquith and Mr. Clynes have approved the course taken by Mr. Lloyd George in his attitude towards Germany.

OTHER PAPERS' VIEWS

Canadian Plays by Canadian Actors. (The Canadian Forum, Toronto). We hear this month of a novel theatre in Naramata, B. C., which has been constructed by Carroll Aikens.

DISCERNED NO IMPROPER MOTIVE

Premier Meighen and Wigmore's Letter to French. Ottawa, May 9.—Premier Meighen's opinion is that it is not a penal offence for a man who is a Minister of the Crown, and who is writing a private letter, to say he is a Minister.

FREE. This Ten-Day test costs you nothing. It will bring you results that will please. Send the coupon for it. Combats acid. Pepsodent also multiplies the salivary flow. It multiplies the starch digestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause decay.

How film ruins. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. The ordinary dentifrice does not effectively combat it. So, despite the tooth brush, it has caused tremendous damage. Film absorbs stains, making the teeth look dingy. It forms the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. It breeds millions of germs and they, with tartar, are the chief cause of pyorrhea. Pepsodent combats these film-caused troubles as nothing else has done.

EMPERESS OF BRITAIN ARRIVES AT QUEBEC

Sir Campbell Stuart, of London Times, Thinks Back of Miners' Strike is Broken

Quebec, May 9.—The Empress of Britain arrived in Quebec Saturday from Liverpool after almost a record trip for the inaugural voyage of the season up the St. Lawrence. There were on board 133 Canadians returning home from European visits. Sir Campbell Stuart, K.C., managing director of The London Times Publishing Company, and Miss Stuart also were passengers. The passenger list included 159 first class passengers, 375 second and 673 third class. Sir Campbell Stuart stated that what happened in England a week ahead. "The outlook when I left was particularly dark, but the feeling is that England will worry through as she has always done and come out all right at the finish," he continued. According to Sir Campbell Stuart the back of the miners' strike is broken and he does not think it will last much longer.

W. G. Shepherd, of Montreal, who is returning from a trip to England, France, Italy and Belgium, is very hopeful regarding the improvement in business conditions. He stated that the people in the European countries are working like Trojans to get back to normal, and France

and Belgium especially are making a supreme effort to catch up. The third class passengers are a wonderfully good class of settlers and mostly are proceeding to western points.

TANKER FLOATED INTO DRYDOCK

El Lobo Will Be Overhauling Here For Several Days

For cleaning, painting and minor repairs, the Imperial Oil Company's tanker El Lobo arrived here at 7 o'clock this morning from Vancouver and was immediately floated into the Esquimalt drydock. The El Lobo is a periodical visitor to Esquimalt, her last call here for overhaul and reclassification being in August of last year. The tanker is employed in the transportation of Peruvian oil between Lobitos and Vancouver.

The work on the El Lobo is being carried out by Yarrows, Ltd. It is expected that the vessel will get away about the end of the week for Peru via San Francisco.

OVERDUE SCHOONER HAS BEEN SIGHTED

San Francisco, May 9.—The four-masted schooner King Cyrus, which has been posted to-day as forty-two days overdue from the port of Suva, Fiji Islands, with a load of copra destined for this port, was sighted off the Golden Gate to-day.

COLLISION BOARDS OF ARBITRATION ARE WINDING UP CASES

Decisions Have Been Satisfactory to Both British and American Governments

London, May 9.—Within a few weeks the last of the cases resulting from wartime collisions between United States naval vessels and those of the British Ministry of Shipping will have been definitely settled, responsibility fixed and damages awarded.

In October, 1919, the British and American Governments agreed to the establishment of joint arbitration boards to adjudicate these cases, one to sit in Washington, the other in London. Cases relating to collisions occurring west of the 33rd meridian were to be heard in Washington; those east of this boundary, in London. From their decisions there was no appeal.

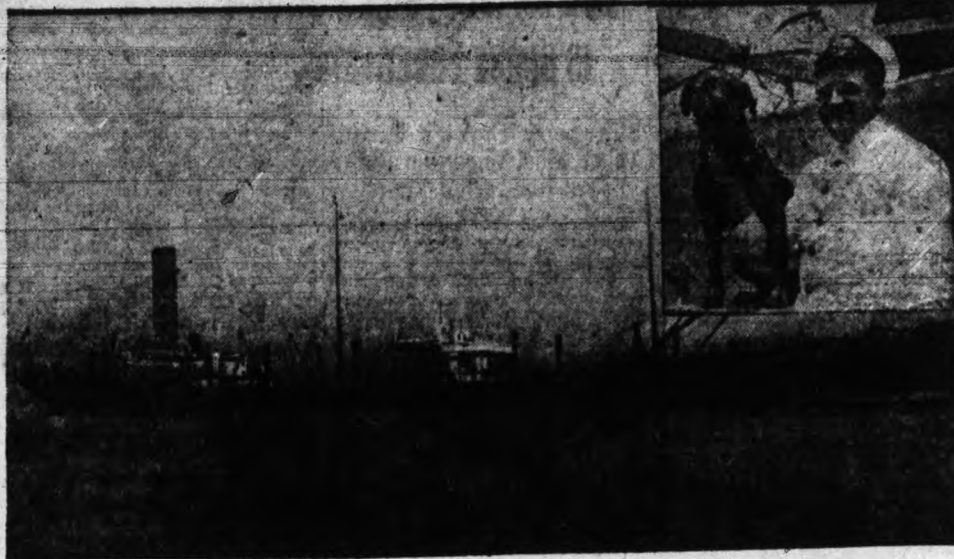

The object of their establishment was the speedy, equitable settlement of disputes without resort to the usual time-consuming and expensive legal battles before Admiralty courts. So satisfactory to both Governments have been the decisions of the London board that the Washington tribunal has been disbanded and the cases awaiting its attention transferred to the London board for disposition. This was due partly to the belief that the London board possessed better facilities for the handling of such problems.

The President of the London board, Butler Aspinall, a distinguished British authority on admiralty matters, was chosen by the American Government and approved by the British authorities. W. Norman Raeburn, a barrister, and Capt. Francis C. L. Andrews, of the British navy, and two Americans, Commander Robert K. Wright, a member of the New York and Pennsylvania bars, are the other members of the board.

The Canadian Australasian liner Niagara left port late Saturday night on her return passage to Auckland and Sydney. The big passenger liner was on the coast, but two days. She took out 500 passengers for the Antipodes.

After voyaging over 20,000 miles, half way round the world, the C. G. M. freighter Canadian Inventor, is again at Vancouver. The vessel insured the new Indian service, sailing on January 4 with crocodated railway ties for Calcutta.

TANKER EL LOBO

STRIKE IS CAUSING DISTRESS IN ALASKA

Portland, Ore., May 9.—That the marine strike is causing distress in Alaska was declared in a telegram received by the Portland Chamber of Commerce from Allen Shattuck, president of the Juneau Commercial Club.

The telegram declared: "Shipping strike has practically closed all business in Alaska. Cancellation of all shipping dates caused the entire Alaska fishing fleet to lay up, and all building and general progress must close down unless immediate relief comes. The food supply is sufficient for temporary needs, but perishable food is entirely exhausted. We urge you to insist upon the Government taking immediate action for our relief. We are entirely dependent upon water transportation."

Executive Secretary Peterson, of the Portland Chamber, transmitted a copy to James Crichton, local agent for the United States Shipping Board, and sent a copy by wire to General Manager W. D. B. Dodson, who is due in Washington to-morrow night or early Sunday morning, so that he may take up the matter with the Shipping Board.

PRINCE RUPERT IS BACK IN COMMISSION

Restored to Her Former Condition, G.T.P. Ship Leaves For Vancouver

After being out of commission for seven months, the steamship Prince Rupert, wrecked at Swanson Bay September 28 last, saved by the Pacific Salvage Company, and repaired by Yarrows Ltd., cleared from Esquimalt at 8.30 o'clock this morning, and swinging to adjust her compasses off the outer harbor, proceeded at 10.30 o'clock to Vancouver.

Pleased With Vessel. On board the Prince Rupert was Captain C. H. Nicholson, manager of floating equipment for the Canadian National Railways, and Norman Yarrows, manager of Yarrows, Ltd., west of the Virginia Shipbuilding Company at Alexandria, Va., in 1919 and 1920, on contract with the United States Shipping Board, and purchased by the Congress Line. The company expects to maintain a monthly service between New York, San Francisco, Puget Sound ports and British Columbia, and should the business warrants it, may eventually give two sailings monthly.

Worked Nicely.

On landing here, Mr. Yarrows stated that everything worked nicely and that everybody aboard were extremely pleased with the ship. The Prince Rupert is now under the command of Captain Robertson, who formerly commanded the Prince Albert, and a naval veteran with an excellent war record. The finishing touches will be put on following the arrival of the Prince Rupert at Vancouver this afternoon, and she will resume the northern run to Prince Rupert May 23, maintaining the weekly sailings while the Prince George is being overhauled. The Prince George will be out of commission for two weeks and the semi-weekly service of the company will be inaugurated June 12 by the Prince Rupert.

NEW INTERCOASTAL SERVICE PROVIDED

S.S. Colin H. Livingston Leads Ships of "Congress Line"

Marking the inauguration of another intercoastal steamship service, the American steamship Colin H. Livingston, Capt. T. H. Laurent, has just completed loading 700 tons of copper at Vancouver for New York. The Colin H. Livingston is operated by the United States Transport Company, Inc., known as the "Congress Line." In addition to the Livingston the Congress Line has the steamships Gunston Hall, Getay Hall, Canada, H. F. Morse, E. R. Morse, C. C. Morse, Jennie R. Morse, George M. Morse and Anna E. Morse available for service. All these ships were built by the Virginia Shipbuilding Company at Alexandria, Va., in 1919 and 1920, on contract with the United States Shipping Board, and purchased by the Congress Line. The company expects to maintain a monthly service between New York, San Francisco, Puget Sound ports and British Columbia, and should the business warrants it, may eventually give two sailings monthly.

KOSHER FOOD SERVED JEW ON AQUITANIA

In their efforts to conform to the rules and regulations of the religious beliefs of passengers, the officials of the Cunard Line go out of their way in order to give satisfaction, as was shown in the recent overcrowding of Ellis Island, when immigrants were held on steamers at the piers over Sunday and priests were provided for the Catholics, while Presbyterian and other ministers were secured to conduct services for people of other denominations. Now comes news from Liverpool that a committee of Jewish passengers have presented a testimonial to the company for the good treatment provided members of their race during a recent trip of the Aquitania. In the testimonial it is set forth that in crossing the Atlantic passengers can live up to the requirements of their religion, at least as far as eating is concerned. A Jewish steward prepared food for them during the trip and they were served at separate tables. On the feast of Purim a special room was set aside for them. Decorations suitable to the day were hung and arrangements made for the reading of the Book of Esther and for prayers. At dinner on Purim many Kosher dishes were served. The testimonial delivered to the Cunard Company in Liverpool was written in Yiddish. A translation follows: "While traveling on steamers it is distressing to see Hebrews, used to eating Kosher food exclusively, partaking of Tref (non-Kosher). Some say that otherwise they would starve. As far as possible, we shall try to prove that this is not correct. On March 22 we left New York for the S. S. Aquitania. The Rabbi and Kovno traveled with us. The stewards treated us well. We were given special food at a separate table, viz., herrings, sardines and other preserved fish, fruit, eggs and hot water. Jewish steward prepared for us tea, coffee, etc., all being Kosher. On the day of Purim, the officers of the vessel allotted to us a special room, which was nicely decorated and prepared for the reading of the Book of Esther and for prayer. In the evening an excellent meal was served. The table contained Kosher fish, etc. During the whole week we had no meat, but in spite of that we were well fed. We beg to thank the officers of the steamer most cordially. Those Jews who find all sorts of excuses for eating Tref are thus held up by us for their lies."

LINER "PARIS" IS PRIDE OF FRENCH MERCHANT MARINE

Largest French Ship to Sail From Le Havre June 11 on Maiden Voyage

The passenger liner Paris, latest and finest addition to the celebrated fleet of the Compagnie Generale Transatlantique, when she makes her maiden voyage from Le Havre June 11 for New York, will assume her rightful position as Queen of French shipping. The Paris represents the established genius of French marine invention and construction. She was built in the famous shipyards of the Chantiers et Ateliers de Saint-Nazaire. The vessel is 763 feet long, 86 feet beam and 60 feet deep, with a gross tonnage of 34,000 and displacing 37,000 tons. She is an oil burner and is driven by quadruple engines, developing 42,000 horsepower and giving a speed of 22 knots. The Paris will have accommodation for 3,115 passengers, divided among the different classes, and will carry a crew of 580. In the past the French Line has named its principal steamships after the great provinces of France. It has reserved for its latest boat the honor of the name of Paris. The dining saloon will extend to the height of three decks and will accommodate 500 people at one sitting. In the dining saloon will be painted the City of Paris. The Paris is scheduled to sail from New York June 23 for France. In sharp contrast to the fabulous prices offered for old vessels during the war, the steamer Alliance was sold at San Francisco April 29 for \$2,750. The sale was conducted by the United States marshal to satisfy claims against the vessel. The purchaser was Captain E. J. Porter, of San Francisco, who plans to outfit the Alliance for the coastwise trade. The Alliance is of 431 tons net register, and was built at Eureka in 1897.

MADISON CYLINDER GRINDER

We have just installed a new Madison Cylinder Grinder, which is the latest and most up-to-date grinder on the market. This machine is being used by all the leading automobile and traction engine factories in Canada and the United States. When your cylinders get worn and your engine loses its power, let us grind the cylinders and fit in new pistons and rings, which will make them as good as new, besides the saving in gas and oil in a short time will more than pay for having the work done, to say nothing about the satisfaction you will get out of your engine.

ARMSTRONG BROS.

"Save the surface and you save all" — Paint & Varnish

"YES—we gladly lend money on well kept property"

Investigation Has Proved:

- 1 That many bankers, especially those in farming districts, will lend money only on property where houses and buildings are kept in good condition
- 2 That the loan and sale value of property is increased from 30% to 50% if buildings are well kept and well painted

BOTH city and country bankers know that well kept property indicates thrift, progressiveness and longer life. Surface protection through paint and varnish prevents deterioration from weather and wear; it preserves wood, metal and other materials against decay and corrosion. Save the surface and you save all. It pays.

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:

"The realization of the above objects will lead to employment during the Reconstruction Period, and bears our entire approval."

WAIT FOR NEW LIQUOR LAW TO CURB JAZZ HERE
Shelve Cabaret By-law Pending Moderation's Advent
Jazz may continue undisturbed in local cabarets until the new liquor law comes into effect. No new regulations will be enacted until moderation is really under way.
Such, in effect, is the decision which has been reached by the civic authorities, following the failure of the City Council last week to get results in its efforts to pass a new Cabaret By-law. It has been decided to leave this measure on the table until City Solicitor H. S. Pringle returns from the East at the end of the month so that it may be altered, if necessary, to conform with regulations fixed by the Liquor Control Board.
"Jazz may continue undisturbed in local cabarets until the new liquor law comes into effect. No new regulations will be enacted until moderation is really under way. Such, in effect, is the decision which has been reached by the civic authorities, following the failure of the City Council last week to get results in its efforts to pass a new Cabaret By-law. It has been decided to leave this measure on the table until City Solicitor H. S. Pringle returns from the East at the end of the month so that it may be altered, if necessary, to conform with regulations fixed by the Liquor Control Board."
We think that we had better not pass the Cabaret By-law too quickly," Acting Mayor George Sangster stated this morning. "When the Government Control Board issues full regulations and the new liquor law is actually in force, we shall know exactly where we stand. In the light of these developments it may be necessary" to change the present by-law considerably. For that reason we feel that it would be unwise to put the measure into effect immediately and then find afterwards that it did not suit changed liquor conditions.
"After tying itself into legal knots when the Cabaret By-law was under consideration last Friday afternoon, the Council is not anxious to tackle the task of putting the official "lid" on local cabarets without the assistance of its solicitor. In fact, it would be well nigh impossible to go ahead without his advice.
Aldermen are hoping that the advent of new liquor laws will see the disappearance of the cabaret problem to a great extent. The liquor situation, which is the main factor in the cabaret problem, they hope, will right itself when prohibition becomes legally dead.
IMPOUNDED DOG IS REMOVED BY STEALTH
One Terrier and Two Other Dogs Prematurely Released
Varying the ordinary run-of-minor burglaries which take place from week to week, a person or persons unknown last night broke into the city dog pound, forced open locked doors, broke through several dog corrals and extracted one small fox terrier and two other dogs not yet identified.
It might be stated the pound-keeper who reported the occurrence to the police, that in taking one dog the others escaped, but the fact remains that when the poundkeeper came to-day to tally his confiscated stock three dogs were missing.
The person or persons who forced entry into the city pound appeared to do so with a very definite object in view, for there was nothing in the nature of a general jail delivery. The police are investigating.
SINKING OF CAISSON MAY SAVE CITY MONEY
As a result of what was believed by some people to be an accident, the city probably will save a considerable sum of money in the installation of the new Johnson Street bridge, City Engineer F. M. Preston stated today.
As announced in last Saturday's Times, one of the big box-like caissons which was lying on the bridge site sank into the mud of the harbor bottom. One side of the caisson sank lower than the other and it appeared to excited onlookers that the caisson was collapsing. As a matter of fact, however, the sinking of the caisson caused no damage as it has to be sunk in the course of the construction of the bridge. It is expected that the caisson will right itself at the next high tide.

THE INSTRUMENT OF QUALITY
Sonora
CLEAR AS A BELL
SATISFIED!
The longer you own a Sonora Phonograph the greater will be your appreciation of its wonderful tone quality and splendid motor.
Read this letter from one of the Sopora's many admirers in Victoria.
STUDIO OF DANCING
T. T. MCCRERY
1216 BROAD STREET
VICTORIA B. C. April 1921
Messrs Fletcher Bros.
1121 Government Street.
City.
Gentlemen,
I wish to express my appreciation for the beautiful Sonora Phonograph you supplied for use in my dancing studio.
The Sonora tone is truly "clear as a Bell" and has been greatly admired by my many patrons. I have no hesitation in saying that no other phonograph would suit my requirements as well as the Sonora. Its motor is powerful, silent, and plays from four to five records with one winding and although my phonograph is in constant use I have never had the slightest trouble with it.
I shall be pleased to recommend the Sonora to any one wishing to purchase the very best.
Yours sincerely,
T. T. MCCRERY

If you contemplate purchasing a phonograph, why not follow Mr. MCCRERY'S advice and choose "the very best."

"THE OATH" IS ROYAL OFFERING

R. A. Walsh Advances in New Photoplay Art of Motion Films

"The Oath," the photoplay which opens to-day at the Royal Victoria Theatre, is a revelation in the art of the motion picture. In it R. A. Walsh, who produced and directed it for the Mayflower Photoplay Corporation for distribution by Associated First National Pictures, Inc., has obtained two intensely dramatic effects which have been marked by critics as being important advances in the art of motion picture direction.

The first is giving the audience a distinct effect of having witnessed a tragedy without ever showing the actual event itself. The second scene which is regarded as notable is the entire lack of confusion in putting over the most dramatic incident ever shown in a motion picture. Rather than attempt to show the effect of the action on the crowd that witnesses it, Mr. Walsh has chosen close views of the emotions of the various characters most vitally affected by the result that the climax of the court room scene in "The Oath" is as gripping a piece of screen art as has ever been produced.

"The Oath" is an adaptation of the William J. Locke widely read novel, "Idols." Miriam Cooper heads the cast which portrays the story under the skilful direction of Mr. Walsh, and in the support are Conway Tearle, Henry Clive and Anna Q. Nilsson.

AMUSEMENTS TO-DAY

Royal—"The Oath."
Dominion—"The Love Special."
Pantages—"The Frisky Mrs. Johnson."
Variety—"The Lone Wolf's Daughter."
Romano—"Regus and Romance."

YOSEMITE VALLEY

SHOWN IN PICTURES

Wallace Reid in "The Love Special" at the Dominion

The beautiful Yosemite Valley, one of the famous garden spots of the world, formed the background for many of the exterior scenes filmed for Wallace Reid's latest Paramount picture, "The Love Special," which will be presented at the Dominion Theatre all week.

Mr. Reid and his company, under the direction of Frank Urson, went to the location where they remained for more than a week getting the necessary "shots" and when the company returned to the studio, a replica of the interior of the inn was made.

The new picture, which is an adaptation by Eugene B. Lewis of "The Daughter of a Magnate," a story by Frank H. Spearman, is a big outdoor production on the order

of "The Valley of the Giants," in which Mr. Reid starred two years ago. In this he plays the role of a railroad construction engineer—a real man, big, virile and thoroughly western. The delightful romance is enhanced by the presence of Agnes Ayres in the leading role. Miss Ayres will be recalled in several recent notable productions, including "Held By the Enemy," "The Furnace," and "Forbidden Fruit."

BILLIE BURKE STARS

IN PANTAGES DRAMA

In Title Role of "The Frisky Mrs. Johnson"

Billie Burke adds to her popularity in the latest picture creation with her in the leading part, "The Frisky Mrs. Johnson," a Paramount drama combining comedy with a sprinkling of dramatic intensity, which is being shown at Pantages to-day and to-morrow. The plot is cleverly woven around a series of out-of-the-ordinary circumstances. Here is the story:

Belle Johnson, (Billie Burke) a young American widow stopping over for the carnival season in Paris, has acquired a reputation for being "frisky."

Her younger sister, Grace, is the wife of Frank Morley, an American financier, whose headquarters are also in Paris. Morley has been too much occupied with business to pay much attention to his pretty young wife, and Grace has allowed herself to drift into an affair with Sir Lionel Heathcote. Belle, who has heard vague rumors, has warned Heathcote, that things must cease at once if Grace's reputation is to remain untarnished. Heathcote agrees with her, and promises to leave for England.

Jim Morley, Frank's brother, an

MAKING PLANS FOR SUMMER SEASON

"End of the Trail" Will Be Presented This Week at Princess

"The End of the Trail" will be the next play to be presented by the Mildred Page Players, and it is full of thrilling experiences on a New Mexico ranch. Miss Page and Miss Mully, who are sisters in real life, will appear as sisters in this exciting drama of Western life. The comedy is in

the hands of Lee Jaxon, Arthur Elton and William Campbell, and is certain to have the desired effect on the audience. The situations are all built toward the popular happy ending, and it is decidedly a play well suited to the Princess patrons. Mr. Alden will be seen as Carlos, a half-breed Mexican and Indian, and as it has been sometime since Victoria has seen him in a role of this kind, it is an added attraction to those who know his clever acting in this kind of part.

James Coots will play the leading role and sing several solos; also there will be specialties by Miss Berkeley and Mr. Jaxon, and while "The End of the Trail" is not a big musical play, still it gives an opportunity for some good singing, and in every way an offering well up to

the regular standard of the company. The management is making every effort to secure the best plays procurable, and there has been something said of playing all musical comedies during the summer months. The play chosen to follow "The End of the Trail" is "Going Up." Miss Page is in Vancouver to-day trying to secure the score and arrange for costumes in connection with this musical offering, and if all goes as expected, "Going Up" will be the next musical comedy, and will follow "The End of the Trail," which opens on Wednesday night and continues the balance of the week with a Saturday matinee.

Griffith or De Mille Never Made a Better One---

THE CHICAGO HERALD EXAMINER says: "The Lone Wolf's Daughter" is a big septa-thriller, gorgeously photographed, lavishly acted. Beautifully told by J. Parker Read, Jr. Griffith and DeMille themselves could do no better than the maker of this new production.

THE CHICAGO JOURNAL says: One of the most important productions of the year is "The Lone Wolf's Daughter," starring Louise Glaum. Its story value is unsurpassed on the screen. Louise Glaum is an actress to be reckoned with.

THE CHICAGO TRIBUNE says: One quite understands the hold Louise Glaum has on her fans after witnessing "The Lone Wolf's Daughter." In it she is beautiful, gracious, appealing. . . . She has a story that moves swiftly to a climax of fire, water, revenge and a strong love finale.

**KELLERD COMING
IN SHAKESPEARE**
Will Appear as "Shylock" and
as "Hamlet"
In "The Merchant of Venice" which the eminent actor John E. Kellerd is to present at the Pantages Theatre next Monday, this distinguished actor finds in the character of Shylock one of the most notable opportunities for the display of talents which have won him foremost rank among the company of the master delineators of Shakespeare. It will be remembered that Richard Burbadge was the original impersonator of Shylock and when Burbadge died in Lent, the 15th of March, 1618, his funeral eulogy contained the following reference to his playing:
Heart-broke Philaster, and Amintas too,
Are lost forever; with the red-haired Jew
Which sought the bankrupt merchant's pound of flesh,
By woman lawyer caught in his mesh:
What a wide world was in that little space,
Thyself a world—the Globe thy fittest place."
This is interesting as it recalls the fact that the early players always made Shylock a "red-haired Jew" and emphasized the comely character of the role. In Mr. Kellerd's able hands the central character of "The Merchant of Venice" is a sheerly tragic figure, as it should be, though Heinrich Heine wrote: "When I saw this

play at Drury Lane, there stood behind me in the box a plain, fair Briton, who at the end of the fourth act fell a-weeping passionately, several times exclaiming 'The poor man is wronged.' When I think of those tears I have to rank 'The Merchant of Venice' with the tragedies—and the poet meant the play for a comedy. It is no comedy in John E. Kellerd's hands, but a grim and arresting tragedy, full of the fire of true poetry and with the fine lines of Shakespeare brought out in all the fulness of their beauty. Tuesday evening Mr. Kellerd will be seen in "Hamlet."

LITTLE THEATRE

MISS EVA HART

Mrs. Noble Takes Adler-i-ka!
"My wife had stomach trouble for years and nothing gave relief. After taking Adler-i-ka, she is in the best of health and eats splendidly." (Signed) F. M. Noble.
Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. Brings out all gasses, relieving pressure on heart and other organs. EXCELLENT for gas on the stomach or sour stomach. Removes surprising amount of foul, decaying matter which you never thought was in your system. Prevents appendicitis.
Ivel's Pharmacy, corner View and Douglas, Hall & Co., 702 Yates Street.

**POPULAR ARTIST
IN LEADING PART**
Miss Eva Hart Takes Title
Role in Beautiful Opera,
"Erminie"

Having sung her way into the hearts of all Victoria theatregoers, Miss Eva Hart will be sure to secure the sincere plaudits of the audience which will witness her dainty acting in "Erminie," to be shown at the Little Theatre, Oak Bay, commencing on Wednesday.
While Miss Hart has taken part in a great number of plays, in none of them has she had a more excellent opportunity for displaying her histrionic ability. As a singer, and dancer Miss Hart is too well known here to require any introduction. Suffice it to say that the part which she will take as "Erminie" is one of the most charming in which she has ever been cast, with ample opportunity for a display of her artistic talent and grace, and with a wealth of beautiful music which goes with the part.
Her duets with Eugene are most artistically rendered, and to mention only one of her solos, the well-known lullaby from this most entrancing opera, is sufficient to those who have heard Miss Hart that they are assured a treat that should by no means be missed.
Mrs. Fred Beilby, who is well known also to Victoria playgoers, has one of the best speaking parts in the play. That of the Princess, a character part which is handled by Mrs. Beilby in an excellent manner. One scene in particular might be mentioned in which the Princess is endeavoring to win the heart of one of the escaped thieves, Caddo, (Ligut Bob Webb) who is masquerading as a baron. This scene is particularly humorous and is bound to make a big hit.
Other members of the cast are such popular artists as Mrs. Aldous, James Hunter, Frank Allwood, Ray Castle, C. V. Scrivener, Mr. Armbrister, the Misses Palmer and Morton, together with a very carefully selected chorus.
The whole play has been very thoroughly rehearsed by Reginald Hincks and the public is assured that when the play is seen on the opening night next Wednesday they will witness one of the finest productions ever staged by these popular local artists.
The Little Theatre, while accommodating only 250 people, has been reconstructed into one of the coziest little play houses in the city, embodying all of the facilities found in the larger theatres. Owing to the limited size of the theatre, it has been decided to run the opera for one week, thereby giving everyone an opportunity of witnessing the performance.
The scenery and costumes will be very beautiful, the scenery having

been specially painted, and no less than eighty costumes being used in the production, some of which are the most charming ever seen here.
Reginald Hincks and Herbert Kent, the stage manager and musical director respectively, are deserving of the greatest credit for the excellent manner in which the opera has been trained.

WILL APPEAR HERE
NEXT WEEK WITH
CRAUTAQUA

Walter Henderson

New Phosphate Proves
to Be Aid to Weak,
Thin, Nervous Folks—
Local Druggist Guarantees It.

All that most weak, nervous, thin, mentally-depressed people need is ten grains of pure organic phosphate with each meal for a few weeks.
That's what nerve specialists in London, Paris and New York are prescribing with wonderful results.
It is natural food for nerve and brain cells and is known to such reliable pharmacists as Cyrus H. Bowes, as Bitro-Phosphate. Because of its power to help create healthy flesh and strengthen weak nerves, much of it is being sold to people who are lacking in vitality.
CAUTION: Although Bitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired.

IS MELODRAMATIC
IN ITS EMBRACE

"The Lone Wolf's Daughter"
at the Variety

With a record of greater public acclaim than has crowned the work of a producer in years, T. Parker Read, Jr., sponsor for Louise Glaum's world-famed picture, "Sahara," has, according to his critics, won even higher laurels in his presentation of the inimitable emotional artist in Louis Joseph Vance's "The Lone Wolf's Daughter," sequel to and unquestionably more powerful than "The Lone Wolf" and "False Faces."
Consummately enacted by one of the most popular screen stars and an unmatched coterie of players, including Edwin Stevens, Thomas Holding and Bertram Grassby, "The Lone Wolf's Daughter," hailed everywhere as the year's greatest melodrama, is certain to keep audiences in tenses expectancy than any other story by Mr. Vance, famed master of melodrama, and to increase further Louise Glaum's already tremendous following. W. W. Hodgkinson Corporation, distributors of "The Lone Wolf's Daughter," announces J. Parwer Read, Jr.'s second Louise Glaum production for presentation at the Variety Theatre beginning to-day.

LODGE PROTEST
AGAINST FILMS OF
GERMAN ORIGIN

New York, May 7.—(By Canadian Press)—The Motion Picture Directors Association here has started a campaign against German-made films charging that they contain an insidious form of propaganda. David W. Griffiths, the foremost independent picture producer in the United States, came out in favor of some sort of restriction against Teutonic films.
The directors at a recent meeting passed a resolution unanimously voting to discourage the exploitation of German films in the United States for an indefinite period, and charging that the Teutonic feature photoplays, so far shown here, have shown unsavory phases of French and English history.

A statement issued by the association says: "There are on the market nearly two hundred films 'made in Germany.' These are to be followed by many more and, as has been pointed out our own industry will suffer a curtailment of perhaps thirty per cent. in its annual output and a consequent loss in invested capital, not only on the part of legitimate producers who are really trying to develop the industry but on the part of the other odd sixty thousand workers whose livelihood this industry represents. A high tariff will not necessarily block the appearance of such films as are mentioned above."
"The Scarab Ring" Alice Joyce's forthcoming Vitagraph production has been completed at the Brooklyn studio and work begun on another picture. Edward Jose directed "The Scarab Ring."

Victoria—Barometer, 30.04; temperature, maximum yesterday, 53; minimum, 42; wind, 4 miles S. W.; weather, fair.

Table with columns for location, Max. Min., and weather conditions for various cities like Prince Rupert, Portland, Seattle, San Francisco, etc.

PAINS IN SIDE AND BACK

Caused by Woman's Ills and Helped by Lydia E. Pinkham's Vegetable Compound

Grafton, Pa.—"I was troubled with inflammation and pains in my sides and back. After doctoring with different doctors and not getting relief, I had almost given up hopes when my sister told me of Lydia E. Pinkham's Vegetable Compound. Knowing that she had really been helped by it, I purchased it. It was unable to do any work at that time, but after taking several bottles of the Vegetable Compound I can now do anything about the house or farm that a woman should do. I have a four-month-old baby that the healthiest and biggest baby for his age that I have ever seen, and I give Lydia E. Pinkham's Vegetable Compound all the praise for my health."

WHAT THE CLUBS ARE DOING

To Present Charter North Vancouver.—The presentation of the charter to the North Vancouver Kiwanis Club has directed the attention of Kiwanians in all parts of the United States and Canada to the North shore of Burrard Inlet, stated the Chief of Police O. Lifton, secretary of the local club. The ceremony will be held in the Knights of Pythias Hall next Tuesday evening and will be one of the most important events to occur on the North shore for a long time.

Vancouver Gyres The immense volume of work undertaken by the Vancouver General Hospital during the last year was emphasized by Dr. M. T. MacEachern, superintendent, in the course of an address before the Gyro Club at its luncheon in the Hotel Barron, Vancouver. He appealed to the organization to take an interest in the institution and to give it all possible support.

UNUSUAL CIRCUMSTANCE ATTENDED ARREST The charge under the Deserted Wives Maintenance Act, against John Gilligiano, was opened in the police court to-day. The accused was arrested by Sergeant Boulton at the end of last week, and while passing out towards the station it is alleged handed a roll of bills to the housekeeper at the premises. The bills were traced and amounted to \$267, mostly in American currency, while \$21 in cash was found on his person while under arrest.

PARTY HEADS FOR NORMAN OIL FIELD Toronto, May 9.—A party of eight men has left this city bound for the oil field of Port Norman, A. P. geologist, who has made two trips to that region, is in charge of the party, all being employed by a local company which has oil areas near Port Norman. They propose to go in by way of the Peace River, and have taken a motor boat and three

FORESEES MENACE TO BRITISH NATIONS

New Zealand Minister Looks at Competition of United States and Japan

The Minister of Education and Health of New Zealand, the Hon. C. J. Parr, speaking last month at the unveiling of a memorial to the heroes of Hobsonville, Waimarie, Riverhead and Massey districts, said the Great War, while freeing New Zealand from the German menace, had accentuated Pacific problems.

Europe Bled White To-day Europe was bled white and was staggering under colossal war debts. The late enemy countries were had almost given up hopes when my sister told me of Lydia E. Pinkham's Vegetable Compound.

Financial Success Y. W. C. A. Can Now Complete Payment on Site For New Building The very gratifying result of the "Fair of Nations" held last month by the Y. W. C. A., assisted by the leading women's organizations of the city, has made it possible to complete payment on the lot selected for the new building. The grand total as published in Saturday's Times reached the sum of \$4,550.12, but of this sum a certain amount is held by the Agnes Deans Cameron Chapter Trust Account for a memorial to be erected in the new building, and after the deduction of this sum, the payment of charges against stalls and the very large balance of \$3,269.64 remains to be placed to the credit of the Y. W. C. A. Building Fund.

Summary of financial success: Y.W.C.A. Girls' Candy Stall, 116.24; Y.W.C.A. Girls' Novelty Booth, 204.00; Shooting Gallery, 6.50; Lemon Tree, 20.80; Y.W.C.A. Girls' Fish Pond, 62.47; Y.W.C.A. Girls' Candy Stall, 115.75; Y.W.C.A. Girls' Dutch Tea Room, 311.05; Household Necessities Stall, 185.95; White Elephant Stall, 139.15; Home Cooking Stall, 102.24; Baby Booth, 76.05; Japanese Candy Stall, 42.95; French Stall, 42.95; Old Curiosity Shop, 5.20; Loyal Orange Benevolent Association Spinning Jenny, 54.00; Ancient Order of Foresters, Courts Maple Leaf and Triumph, 181.00; Women's Christian Temperance Union, 100.00; Victoria Ladies' Musical Club, 28.25; Character Reading, 91.95; Randal, Mrs. Mich. Parker, Smith, 32.45; Mrs. Pridemauz, 37.75; Chinese Stall (L. Rang), 32.40; Japanese Women's Institutes, 271.50; Islands Arts and Craft Club, 184.52; Women's Canadian Club, 130.00; Net receipts from stalls, 3,269.64; Sale of entrance tickets, 1,163.32; Donation Hon W. J. Bowser, 25.00; Total receipts from Fair of Nations, 4,458.00.

TROUBLE IS OVER SAYS M'CONNELL

Restored to Health by Tanlac a Year Ago and Still Feels Fine "Well, I have said good-bye to stomach trouble and indigestion. I believe forever, thanks to Tanlac," said J. E. McConnell, carpenter, who lives at 407 Sixth Ave. East, Vancouver.

"Up until two years ago I was about as healthy a specimen as could be found in a day's journey, but my stomach began to bother me and from that time on I went downhill at a rapid rate. I found out when a man's stomach goes wrong everything else soon goes wrong too and it wasn't long before I was feeling all in. My back hurt me so bad that I couldn't bend over to pick up my hammer without my back feeling like it would break in two. I lost strength and energy every day.

FINANCIAL SUCCESS

Y. W. C. A. Can Now Complete Payment on Site For New Building

The very gratifying result of the "Fair of Nations" held last month by the Y. W. C. A., assisted by the leading women's organizations of the city, has made it possible to complete payment on the lot selected for the new building.

Summary of financial success: Y.W.C.A. Girls' Candy Stall, 116.24; Y.W.C.A. Girls' Novelty Booth, 204.00; Shooting Gallery, 6.50; Lemon Tree, 20.80; Y.W.C.A. Girls' Fish Pond, 62.47; Y.W.C.A. Girls' Candy Stall, 115.75; Y.W.C.A. Girls' Dutch Tea Room, 311.05; Household Necessities Stall, 185.95; White Elephant Stall, 139.15; Home Cooking Stall, 102.24; Baby Booth, 76.05; Japanese Candy Stall, 42.95; French Stall, 42.95; Old Curiosity Shop, 5.20; Loyal Orange Benevolent Association Spinning Jenny, 54.00; Ancient Order of Foresters, Courts Maple Leaf and Triumph, 181.00; Women's Christian Temperance Union, 100.00; Victoria Ladies' Musical Club, 28.25; Character Reading, 91.95; Randal, Mrs. Mich. FRESH Tea—to be good—must be fresh "SALADA" TEA is always fresh and possesses that unique flavour of 'goodness' that has justly made it famous.

nations may save the world such a question so strongly now that her ambition is to become a great manufacturing country and retain her own population. These are some of the considerations which will give our statesmen, pause. Largely it seems as if the United States intend to enter more forcefully into the affairs of the East and Pacific. This would account for her huge naval programme.

Shave, Bathe and Shampoo with one Soap.—Cuticura

WHEN finer wool can be secured; when better spinning and knitting processes are devised, it may be possible to excel the quality in these wonderful children's stockings. But it is not possible to-day. "Little Darling" for infants, and "Little Daisy" for children up to 12 years, are the best that can be made—a bold claim, but one that thousands of women will grant. Your own judgment will affirm it. Only fine Australian lamb's wool is ever used to make these

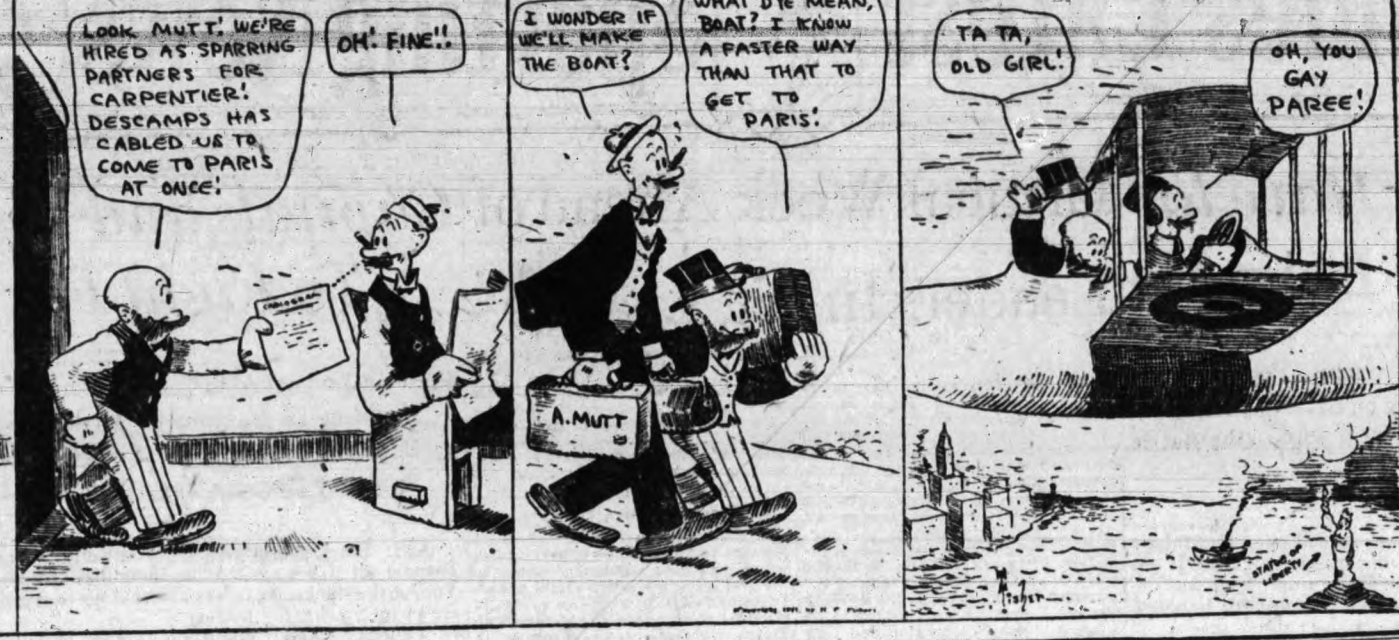

soft stockings. If mothers have ever found it hard to procure "Little Darling" or "Little Daisy" hosiery, there was a good reason. Whenever there was a shortage of the proper wool, we had to make fewer of these wonderful stockings. No substitute has ever replaced that wonderful wool. LITTLE DARLING HOSIERY—for babies and tiny tots up to seven—has silken toe and heel. LITTLE DAISY HOSIERY—for children up to twelve—has extra strength in heel and toe. Many dainty shades and black. The Chipman-Holton Knitting Co., Limited

"LITTLE DARLING" "LITTLE DAISY" HOSIERY FOR INFANTS AND CHILDREN. Illustration of children wearing stockings.

NEWS AND NOTES OF THE MINES

Standard Silver Lead
A Spokane message says: W. J. Wakefield, George H. Aylard of Victoria, B. C.; L. K. Larsen, of Nelson, B. C.; William A. Carey and Charles Hussey were re-elected directors of the Standard Silver-Lead Mining Company for the ensuing year at the annual meeting of the stockholders held last week at the company headquarters office in Victoria. The directors re-elected W. J. C. Wakefield, president; George H. Aylard, vice-president and general manager, and Charles Hussey, secretary and treasurer.
"The company will follow the same policy this coming year as during the past year," said Mr. Hussey. "It will pay no dividend, and will continue to look for available mining property in which to invest."
In Secretary Hussey's report the receipts for the year ending December 31, 1920, are shown to be \$216,609, with the disbursements, \$143,197, giving a relative operating gain of \$73,412. The net gain for 1920 is \$68,162, while the balance on December 31, 1920, was \$367,173. Cash in banks and government bonds are

given as \$216,194 and \$58,800 is invested in farm mortgages.
Red Cliff Mine
According to The Portland Canal News, R. W. Wood and A. B. Tritts have taken over the Red Cliff mine on the Bear River, which has been shut down since 1912. At the time of going to press very little is known of the deal, except that it has now been bought, and that it is the intention of the new owners to do considerable development work on the Montrose claim of the group. This claim is situated in the canyon on Lydden creek, and has on it a large outcropping very similar in mode of occurrence to those showings where the old workings are situated, but differing, in that it has small percentage of copper, and a greater iron pyrites, with correspondingly higher gold values. Very little work has so far been done on the showing, save a few shots on the surface.
Beyond this, very little is known locally and the details of the deal are not known at all. Therefore, this will be given at a later date with the history of the property.
While James Johnston, of Ballisboro, was passing through a swamp near Bewdley, some person fired two shots, breaking the windshield of his car.

Economical Purity

In your soap, purity is not only desirable but its an absolute necessity if you want your clothes to last.
Sunlight Soap is absolutely pure—no fillers or adulterants of any kind; \$5000 guarantee of this.

Sunlight Soap

washes clothes beautifully clean—fresh as new—without the wear and tear of the wash board.

CANON TO TELL ABOUT LEGISLATURE

Member to Keep Promise to Give Electors First-Hand Information

Canon Hinchliffe, M. P. P., will give an account of his political stewardship and tell what went on over at the Legislature during the last session, at a public meeting which he has summoned for 8 o'clock Tuesday night in the Princess Theatre. The meeting is being held by the Canon in accordance with promises he made before elected that he would call together the electors after every session.
"Much interest in certain things that were done at the recent session of the Legislature has been aroused," said the Canon to-day. "At my public meeting in the Princess Theatre to-morrow night I hope to speak of some of the things that are agitating the minds of many people at this time.
"The meeting will be non-political, as it is intended for all voters of Victoria.

CREEPS INTO THE SYSTEM JUST LIKE A SERPENT

Like a thief in the night, it steals through the system—that's how Catarrh acts. Don't trifle with such a scourge. Time and experience have proved that Catarrh is a wonderful remedy for all Catarrh and bronchial troubles. You don't take any drugs, you just inhale the sweet soothing vapor of Catarrh which is laden with balsamic essence, that heal, relieve and ease the sufferer. To strengthen the throat, to sweeten the breath, to stop nasty discharges, to drive out Catarrh, colds and weakness in the throat, use Catarrh. Two months treatment one dollar, smaller size 50¢ all dealers or the Catarrh Co., Montreal. (Adv.)

SITE OF STATUE CAUSES TROUBLE IN WORLD OF ART

Sculptor Agitated Over Location of Victoria Bronze

When Alderman Robert Dinsdale hoisted the Queen Victoria statue and placed it upon the stone pedestal in the Parliament Building, grounds some time ago, it had not, apparently, had just begun. Now that the statue has been unveiled it seems to have outraged the artistic sense of art lovers and of the sculptor. They claim that the statue has been erected in the wrong place, that it faces the wrong direction and that the inscription is on the wrong side of the base. Alderman Dinsdale, the contractor who raised the big bronze figure, replies that that is not his business—that he only carried out his instructions.
Friday—The Vancouver Province carried a special copyright dispatch from London, England, stating that Albert Bruce-Joy, sculptor of the Victoria monument, had declared "a bronze statue facing north, as they have placed it, looks like sixteen feet of nothing. It is also so sited that anyone looking at it must turn right, or left, or back, or forward, and be run over by a motor car or fall backwards into the water. The site is an absolutely impossible one."
Would Have Statue on Fountain Site
"It is not my business," Alderman Dinsdale declared when he heard about these statements to-day. "It was suggested in the first place that the statue should not be placed at most on Belleville Street but should be erected on the site of the present ugly iron fountain in the middle of the big lawn. While I have nothing to do with the matter, the site where I would have placed the statue. As for the fountain, it is, to say the least, not a beautiful object, and is entirely out of keeping with the surroundings. If the statue had been placed there two good results would have been effected. In the first place there would be plenty of room for people to walk about and view the statue from all angles, whereas in its present position one has to go out on the street to see it from a distance.
Cannot See Victoria's Face
"More important than this, at the present time you cannot look at the statue full in the face if the sun is shining. The statue faces north and consequently in trying to look into the face one is dazzled by the sun from the south. From this standpoint it should face south and then one could look at its face. On the other hand, it would be like looking for the statue to be facing the Parliament Buildings. It must face the same way as the buildings if it would seem, it would seem, to be wanting to face it south. But if it were placed on the site of the fountain all this difficulty, to a large extent, would be overcome. One could look into the statue's face even if it did face north, because the buildings would shade one's eyes from the sun."
That Inscription
Ever since the statue was unveiled Victorians and visitors have been wondering why the inscription was cut on the back of the base. People who want to find out about the statue must walk around behind it. The placing of the inscription is a mystery which has baffled everyone, but Alderman Dinsdale explained this morning that the stone bearing the lettering had been placed on the south side of the base when it was planned to have the statue facing south also. Later it had been decided to turn the statue north, but the inscription, of course, remained on the southern side. He added that it would be possible to cut an inscription on the north side too, if it were thought desirable.
"I really had nothing to do with the placing of the statue," Alderman Dinsdale emphasized. "I merely carried out by instructions; nor am I familiar with the persons who determined its present location. My job was to erect the statue, and this I was able to do well within my estimate."

LOCAL GYRO CLUB RECEIVES CHARTER

Enthusiastic Banquet Held on Saturday; Many Visitors

Charter presentations and installation ceremonies of the Gyro Club, Victoria Branch, took place at a large gathering of the Vancouver and Victoria members at a banquet given at the Empress Hotel on Saturday evening last. Nearly one hundred members, including many visitors from Vancouver, were present for the ceremonies. The Vancouver members were met at the boat in the early afternoon and treated to a trip around the city at the hands of the members of the local club, the proceedings culminating in meriment at the banquet which closed the day.
President Rowe Holland, of the Vancouver Gyro Club, installed the local officers, among whom were President Harold Beckwith and Vice-President Clifford Kilpatrick. President Rowe Holland outlined the aims and growth of the Gyro Club. "Gyro means service, not of lip and tongue but to the end that people may be saved for a life worth living."
Secretary Phil Whitehead of Vancouver, was present and spoke briefly in connection with the duties of the various officials. The charter of the local club was presented to the present officers by the local officers, President Beckwith replying suitably. Telegrams of congratulation were sent by six American Gyro Clubs and also another by Toronto. A delightful musical programme concluded the proceedings, in which the "forty-two piece jazz orchestra" of the Vancouver Gyros was heard to great effect. The home members replied in kind, introducing the "fifty-seven piece philharmonic orchestra." The Vancouver visitors included Gyros C. M. Gosler, J. Wilkinson, L. M. Leo, D. E. Marshall, Jr., C. V. Winch, P. Whitehead, A. J. Hutchins, Rowe Holland, H. Brown, C. Cliff, Sid Miller, M. MacArthur, H. M. Frank, Duff-Stuart, Nel Clarke, R. C. Bodie, H. A. Jones, Jr., S. Kayll, E. Le Messurier, James Thomson, Harold Sheridan, E. Bingham, C. Amstey, A. Richardson, C. Garret, Fred Lang, G. Bottger, Harold Leckie, Y. Diether, A. Scrivener, R. McMillan, A. Urquhart, E. B. Crickmore, Bruce Abel and Art Ellis.

MUST CEASE TO USE UNIFORM

Wearing Disguised Former Army Clothing Not Permissible

Military district orders contain an important rule with regard to the use of uniform by ex-soldiers now in civilian life.
The order is worded as follows: "It has been brought to the attention of militia headquarters that there are numerous cases of civilians wearing without authority military uniforms, mainly greatcoats, and requests have been made for instructions as to what action should be taken in the circumstances."
In Two Classes
The persons who, without authority, wear uniform, or portions thereof, come within two main classes, viz: (a) Discharged soldiers, who have been permitted to retain their uniform on discharge, and persons who have purchased from such discharged soldiers, or other individuals, articles of uniform without authority, and badges remaining thereon; and (b) Members of non-permanent active militia units who, when not attending drill, or on other occasions not designated in the Militia Act, and the regulations made thereunder, wear their greatcoats with buttons and insignia, and such as have been issued to them.
It is considered that steps should be taken to prevent as much as possible the wearing of uniforms of uniform, or articles of clothing so nearly similar to the military uniform as are likely to be mistaken therefor.

Statutory Regulation

The Criminal Code was amended by the statutes of 1920; section 10, of which chapter adds a new section to the Criminal Code, viz: 457 (a). This section provides that any person, who, without lawful authority, wears any uniform of His Majesty's naval, land and air forces, or to be likely mistaken therefor, shall be liable on summary conviction to a penalty not exceeding \$300, or to imprisonment for any term not exceeding twelve months, or to both fine and imprisonment.
This section can be invoked as authority for proceeding in the above-mentioned cases, but, before any proceedings are so instituted against persons who commit the above-mentioned offence, warnings should be issued through the districts, warning all concerned that the unauthorized wearing of any uniform of His Majesty's naval, land or air forces, or to be likely mistaken therefor, is likely to be taken therefor, constitutes an offence under the Criminal Code and that persons committing such offence will render themselves liable to prosecution, and further, that all persons who wear greatcoats, tunics, etc., must have the buttons and brass badges removed, thereby rendering them less liable to be taken for military uniform.
Should Issue Warning
Officers commanding units are

A NEW SERVICE 13 Pounds For \$1.00

We will take 13 lbs. of clothes, wash them thoroughly and return them to you for no more than \$1.00. You include D.M.T. and table soap. Each bundle will be packed by itself and no marks will be put on the clothes.
SEND ANYTHING YOU WISH 13 lbs. for \$1. Each additional lb. 5c. Phone 172

Size 72 x 90, original price \$4.50. Sale price, each \$2.95

CONVENTION HONORS SEVERAL VICTORIANS

The Provincial convention of the Modern Woodmen of America, where delegates from all parts of the Province convene once every four years to elect officers and conduct the business affairs of the Society, was held at Kamloops on May 4. Provincial Head—Consul Harry Truner, of Kamloops Camp, and

therefore instructed not only to issue orders prohibiting the use of uniform for other than military purposes, but to have such instructions posted up in all rooms and quarters on their charge.
charge of the convention, and conducted the meeting in a very satisfactory manner. At all of these States and Provincial Head Camp convention probably the most important item on the programme of business is the selection of a delegate to represent the Province at the State at the Head Camp convention, when delegates from over the whole continent convene to elect their Head Camp officers and bring down a budget of business for the ensuing four years.
Some idea of the importance of this convention may be gathered from the knowledge that the Modern Woodmen of America is the largest fraternal beneficiary society in the world, having a membership on this continent of one million and a quarter, and dispensing in benefits an amount of over one million dollars per month to the widows and orphans of its deceased members.
Neighbor A. E. Jones, delegate from Victoria Camp, was unanimously chosen of the Kamloops convention for delegate from British Columbia to the Head Camp convention which will be held this time at St. Louis, during the month of June.
Neighbor F. R. Carlory, Consul of Victoria Camp, although not attending the Kamloops convention, was elected as alternate delegate. This action was taken by the delegates present in anticipation of hard work ahead for the B. C. delegate, owing to recent legislation enacted by the Dominion Government which is not

considered in the best interests of the society and its business in Canada, and these two Victoria members being probably the best authority on Modern Woodmen affairs in the Province, were considered best able to act at this time.
Neighbor F. R. Carlory was the B. C. delegate to the last Head Camp, which was held in Chicago in 1917, and it was largely due to his efforts that beneficiaries of Canadian members killed in the Great War received the full amount of their certificates, and at least one Victoria family received benefit thereby as their son, carrying a certificate for \$2,000 was killed in 1915, and the parents received the full amount of the policy shortly after the Chicago convention.
