CAMPBELL MEN HOLD BANQUET

\$250 Pledged toward Purchase of Land for Factory Site—Rev. John F. Wilson Chosen President for Coming Year

The members of the Campbell Improvement Club met last Monday evening for their annual banquet and election of officers. At seven o'clock forty-two men sat down to a sumptuous chicken dinner at the Home Dining Room. At the close of the repast Rev. John F. Wilson, pastor of the Methodist church, was called upon for a speech and related many amusing anecdotes of "down East" life and some of the backward characteristics of the Yankee. Mr. Wilson stated that Campbell was the most American community he had ever visited in the West. The great need of Campbell is for some industries that have a year-around payroll. The little city of Napa was once in much the same conditions as Campbell is today, when a few men became awakened to the needs of the place and started a movement which resulted in bringing a number of live manufacturing establishments into the town; among them being a shoe factory, glove factory, and a tannery.

C. H. Whitman, a successful hardware merchant, once president of the Improvement Club, was next called upon and gave some good ideas on co-operation and united effort. By such means a union high school was received, a telephone service established, a park was laid out, the main street lighted, etc. Mr. Whitman suggested that rubbish cans be provided as an aid in keeping the streets clean. Also that twelve men each employ agardner one day in each two weeks to improve and beautify his premises. Further remarks were made by I. W. Snow and L. C. Dick.

It being time for the election of officers, J. D. Sawyer nominated R. K. Thomas for the president. Mr. Thomas, by a nice speech, declined the honors. Rev. John F. Wilson was then nominated and he also declined, but after speeches by Mr. Shelley and Mr. Thomas, Mr. Wilson withdrew his objection and was unanimously elected. R. K. Thomas was elected vice president, L. C. Dick, secretary, and J. F. Duncan, treasurer.

Professor J. F. Smith moved that a committee of five be appointed to secure an acre of ground along the railroad with a view of offering it to some manufacturing establishment to locate on. The motion prevailed and the following committee was appointed: John F. Wilson, J. Fred Smith, John F. Duncan, J. C. Ainsley and C. B. Miracle. C. H. Whitman offered \$10 toward payment of the land and the following gentlemen pledged a similar amount: J. F. Duncan, J. F. Wilson, C. B. Miracle, Warren Shelly, J. Fred Smith, Geo. E. Atkinson, E. R. Kennedy, J. E. Palmer, B. O. Curry, T. L. Sharp, Henry Campbell, J. D. Sawyer, R. Alison, B. B. Paine, C. N. Cooper, I. N. Snow, Chas. Berry, R. K. Thomas, S. G. Rodeck, C. N. Wade, S. R. Weeks, J. H. Neff, L. C. Dick. Making a total of \$250.

Various suggestions were made in regard to methods to be used in getting new firms to locate here. A great deal of enthusiasm was manifested and many other excellent speeches made.

Congregational Church

Next Sunday our State Superintendent and Secretary, Rev. L. D. Rathbone,--some would call him Bishop--will be with us both morning and evening. In the evening at 7:30, Mr. Rathbone will give a stereopticon evening on "The Making of an American," showing the story of the immigrant, and our Home Missionary work with them. This is a new set of slides just received from New York this week, and will be the first time they have been used on the coast. A cordial invitation is extended to all. GEO. E. ATKINSON, Pastor.

Golden Wedding

Mr. and Mrs. H. J. Robinson celebrated their golden wedding, at their home on Central avenue, last Sunday, the 27th. Mr. and Mrs. Robinson are both pioneers, having crossed the plains early in the forties. The day was pleasantly spent in games and music. In the evening an elaborate spread was enjoyed. Mr. and Mrs. Robinson have eight children, twenty grandchildren and four great grandchildren. They are all living. Twenty-two of the many relatives sat down to the evening meal. Those present, besides Mr. and Mrs. H. J. Robinson, were: H. J. Robinson, Jr., and family, of Bradley, Cal.; Geo. L. Robinson and family, of East San Jose; M. Springer and family, of Palo Alto; W. F. Robinson and family, of Pacific Grove; J. W. Robinson and family, of Bradley; J. D. Robinson, of Livingston; Mrs. S. Kirk, of the Willows; J. D. Guraz, of Edenvale; M. Shell and family, of Campbell; and A. Bulmore and family, of Campbell.

Local and Personal

J. H. Neff has a variety of choice fruit and vegetables.

Mrs. S. M. Thomas returned this week from a visit at Ben Lomond.

Don't forget the big debate Saturday night at the High School Hall.

H. H. Lowery and family of Osceola, Iowa, have been in town for several weeks.

Vincent Lopes is seriously ill with pneumonia, at his home on New Jersey avenue.

Mrs. Mason, of Lawrence, is visiting with her sisters, Miss Lawrence and Mrs. P. G. Keith.

You haven't a date for Saturday evening? Why yes, you have too, that's the night of the High school debate.

George Jaderquist returned to Berkeley last Sunday night, after a pleasant visit home for the Thanksgiving Holidays.

Mr. and Mrs. J. W. Lewis have purchased the house and lot of Mrs. D. H. Coates, and will make that their future home.

Monday night is the Country Woman's Club night. Give it to them. Every body be at the Congregational church to hear the concert.

Nicholas Dunphy went to Richmond Wednesday, where he hopes to secure employment and remain until the opening of school next fall.

The Philosophia Literary Society, of the High school, is planning a fine entertainment for the 16th, for the benefit of the electric light fund.

Mr. and Mrs. Jos. Bohnett came home Wednesday night from Paso Robles, where they have been visiting with their daughter Mrs. Powers.

Don't send your magazine money out of town. Call at the Press office and get a catalogue. We can give you good service at the lowest price.

The new Cambrian school house is almost completed. It is a fine building and a school house that the people in that district may well be proud of.

The home of Mr. and Mrs. M. L. Whitt, on New Jersey avenue, was burned to the ground last Saturday afternoon. It is not known how the fire started. Mr. Whitt had very little insurance on the house.

Miss Cora Rodeck left Thursday for Oroqui, Tulare county, where she will teach for the next term. Mr. Shepard, of Alaska, who has been visiting here with his brother in law, Mr. Rodeck, accompanied Miss Rodeck as far as Oroqui. From there he will go on down to San Diego.

FOR SALE—A fine, thorough-bred White Leghorn Rooster, 20 months old, Baldwin stock. Price \$5.00. Enquire at Press office.

Improvement Club Meeting

Owing to the Country Woman's Club entertainment to be held next Monday night, the Improvement club meeting will be postponed until Monday evening, Dec. 12th.

By order President.

Library Benefit Concert

The Country Woman's Club promises us a first-class concert next Monday evening, in the Congregational church.

Mrs. McDonald, a favorite singer, solo contralto of the 1st Presbyterian church of San Francisco, needs no introduction to our public, having sung here on two previous occasions, to the delight of all music lovers.

Mr. Johnson has not been long on the concert stage, but his fine baritone voice and good method both there, and as a church soloist, are winning him laurels.

Miss Beattie and Mrs. Merrill are so well known in the community that no word is necessary as to their abilities. This ensemble ought to attract a large audience and bring a comfortable addition to the Reading room fund.

For Sale—Choice young canary birds. MRS. A. W. ADAMS, Dillon Ave.

The Truth About the Bubonic Plague Scare

A most timely article on the alleged "bubonic plague" in California ten years ago, is found in the December issue of the "Twentieth Century Magazine."

The writer shows up the reasons for declaring San Francisco an infected port, and says that no alleged case of bubonic plague in San Francisco was ever diagnosed as such by the attending physician, while the victim was alive or after death.

Other important facts are given to show that the plague never existed in San Francisco. The whole affair appears to have been engineered by the Marine Hospital Service, working in opposition to the California State authorities. Interesting revelations are given, showing the reasons for the attitude taken against California by the Marine Hospital Service.

Ladies' hair work, working up combings. MRS. A. W. ADAMS, Dillon Ave.

Big Debate

Saturday Night

Campbell High Students Will Meet Palo Alto High in Forensic Contest

Tickets are on sale for the big debate Saturday evening. Our negative team, Miss Muriel Palmer and Howard Bean, will travel to Palo Alto to meet the affirmative team of Palo Alto High school.

Our affirmative team, Miss Byrona Bennett and George Beaver, will stay at home and defend our school against the Palo Alto negative team. Both debates are to occur on the same evening and on the same question. The question is, "Resolved, that the measures that have been taken by the white citizens of the South to retain their political supremacy, are justifiable."

Make your plans so as to attend the debate, Saturday evening at the High School Orchestra. Tickets, 15 cts.

At the Methodist Sunday School

On next Sunday morning at 9:45 sharp there will be a special praise service led by the chorister, Mrs. J. F. Wilson, and the regular Sunday school choir. After which there will be a little contest in the scripture verse line. The Object Lesson on "Faith" will make some little boy or girl happy if he or she answers quickly at the right time. The rooms will be decorated with the flags of the different nations. Here is a surprise for the Sunday school workers of our beautiful little valley village. By a careful conclusion from gathered statistics we find that there are over one hundred boys and girls in the vicinity of our churches that do not attend any Sunday school. Is it any wonder to you that the Juvenile Courts are filled and the great cry is going out for a detention home near San Jose? My dear friends, let us make our Sunday school services so attractive that when one of these boys or girls comes to us they will want to come again and again. Let the sweet teachings of our Sunday schools be ever ringing in their ears, so that it will be a practical safeguard in times of tests. Satan's wily schemes are thrown all about to pull them into his networks of dissipation there they will repent with days and years of sorrow.

Following is our order of service for Sunday:

15 minutes Praise Service led by Chorister and Choir.

Sentence Prayers by Sunday School.

Object Lesson and Illustration, "Faith".

The Birthday Remembrance with Music.

Vocal Solo... Miss Florence Kennedy

Class Assembly Singing as we go.

The Lesson Study.

The Re-Call.

Crayon Review.

The Little Gold Nuggets from Teachers.

Closing with Spirited Contests in Scripture Verses.

WILL E. WRIGHT, Supt.

WANTED

Every one in Campbell and vicinity to know that I have opened a fruit and vegetable stand at the old corner one door east of Curry's real estate office, where you will find choice fruits and vegetables fresh from the market every morning.

I am also agent for the Francher Creek Nursery. Leave your orders with me for your trees. I will keep a full line of Nursery stock. Hoping you will patronize home industry.

I am, Respectfully yours, J. H. NEFF.

Robert Kennedy Entertains Basketball Boys and Friends

The basketball boys and their friends were pleasantly entertained at the home of Bob. Kennedy last Friday night. The evening was a jolly one, being spent in playing games, doing stunts, and singing. The feature of the evening was the making of autobiographies by the girls and boys for their different partners. These were made in scrap book style and many of the young folks found out things about themselves they had never known before. The guests left at a late hour reminding Bob that they would not soon forget the good time he and his sisters had given them.

YOUR TWO EYES

Pardon the pun, but we mean that YOU'RE TOO WISE to go through the coming year without having this paper in your home.

Why not subscribe today?

Neff's fruit and vegetable stand will certainly be appreciated by every house-keeper.

In Selecting Your Bank

Give careful attention to the stability of the bank and its willingness to cooperate with patrons in the development of their business.

Our customers value and "bank on" our willingness and ability to assist them in every way consistent with safe, sound banking. Whether their account be large or small we appreciate their patronage.

This makes for a mutually satisfactory and profitable arrangement and for the future well-being of both bank and patron.

We shall be pleased to have you open an account with us.

SUMMARY OF PAST WEEK'S COAST NEWS

Interesting Events Among Our Neighbors in the Far West Reviewed.

What Has Transpired on the Border of the Broad Pacific From Alaska to Mexico.

San Bernardino—Four men are dead as a result of the premature explosion of dynamite in a Santa Fe rock cut east of Barstow.

Porterville—In the hope of giving to Porterville the best water works system in the San Joaquin valley, the city council members planned at their regular meeting to expend \$75,000 in extensions of the mains.

Ventura—The main school, the recitation building and the upper school dormitory of the Thatcher school, near Nordhoff, Ojai Valley, Cal., were totally destroyed by fire. The loss was about \$10,000 and the insurance about \$3,300. No one was injured.

Los Angeles—California's greatest rate war in coastwise shipping is about to be declared, according to the best of authority. Companies announce a rate of \$5 from Los Angeles to San Francisco on the day that the Pacific Navigation Company begins the operation of the Yale and Harvard.

Fresno—The Fresno supervisors have started a campaign of road improvement without bonds, using funds saved from the regular tax levy and the special road funds. Apparatus is being purchased for use between this city and the Kings river canyon, the upper San Joaquin river and across the slough country to Coalinga and the New Idria mines.

Los Angeles—Money will be an unknown thing in the department store that Dr. E. B. Yoakum, philanthropist, is to open here in two weeks. Whoever is in need may go in, have his wants supplied and depart without paying a cent. The store will be maintained by Dr. Yoakum, his friends and charitable institutions, and the only requisite for getting free goods of all sorts from it will be genuine poverty.

San Francisco—An international aviation meet will be held in this city at the earliest possible date after January 1, at which the most famous flying men of the world will appear. This decision was reached at a meeting of fifty of the leading business men of the city at the Chamber of Commerce, and within a few days an executive committee of twenty-five will be appointed to complete the plans for the date and to close contracts with the best of the aviators.

San Jose—According to information received here from the sheriff of Oakland, one of the bandits who held up and robbed the railroad station at Alvarado last December and with whom Sheriff Barnett and his posse had a battle on the night of December 26, has been killed in Seattle. Sheriff Barnett wrote Dr. McMahon that the man whom he shot and wounded in the battle at Niles and who called on Dr. McMahon the next day for treatment was killed on October 4 in Seattle.

San Francisco—After having considered the question closely and receiving suggestions from hundreds of merchants, a committee has recommended that the stores continue the present custom of closing all day on New Year's, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Admission Day, Thanksgiving and Christmas days. The committee recommends that stores remain open on Lincoln's Birthday, Discovery Day and Election Day. The suggestions of the committee met with almost unanimous approval.

Stockton—Final grape shipments show that the vineyardists of northern San Joaquin county received about \$2,000,000 for their crop this season, the shipments being heavier than heretofore. While all of the growers made fair profits, others exceeded their greatest expectations and will add large sums to their bank accounts. A total of 1810 cars were shipped, as against 1618 last season, or a gain of 192 cars. One firm sold 233 cars for \$221,098, or an average selling price per car of \$948.48. The figures herewith given are for table grapes.

WOMAN ENTOMBED FOR DEAD PROVED TO BE IN TRANCE

Mrs. Anna Hubbell Thought to Be Dead Revived and Tells the Story.

Cleveland, O.—Mrs. Anna Hubbell of Aurora, Ohio, was buried as dead and "resurrected," according to a daughter of Mrs. Hubbell, who lives in Cleveland.

Mrs. Hubbell, who is 65 years old and seemingly in good health, would not discuss the matter further than to admit that she was very ill several weeks ago, but recovered suddenly. Mrs. Etta Winfield of this city, daughter of Mrs. Hubbell, says that her mother was taken suddenly ill about three weeks ago and was thought to have died. She says she knew that former members of her family on her mother's side had been subject to trances, and she told the undertaker her suspicions that Mrs. Hubbell was merely in a trance. She advised him to refrain from embalming the body and asked that her mother be placed in a vault with the casket lid open.

This, according to Mrs. Winfield, was done. The woman was laid away in a vault at the Aurora Cemetery about 2 o'clock in the afternoon. Late that night the sexton of the cemetery, who had been told of the daughter's suspicion, went to the vault and discovered that the body had moved in the casket. He hastily summoned aid and had the woman taken to a physician, who worked over her for several hours, finally bringing her back to life or out of her trance, for such it was pronounced.

California Wine in Italy.

Rome—The importation of California wine into Italy will shortly be undertaken by a commercial house in Milan. It is reported that the first consignment consisting of 10,000 hectolitres has been shipped already. The Italian wine growers are alarmed by the threatened competition.

They have appealed to the Ministry of Agriculture for protection, with the result that the following statement has been issued with the intention to allay the fears of the local producers: "The Italian Government has ascertained that the vintage of California is limited and does not allow of exportation on a large scale. The prices are so high that when California wine is brought to Italy it cannot compete in price with the home product."

Value Doubled Ten Fold.

New York—Fifty years ago the New York Society for the Relief of the Crippled bought a little piece of property near the Grand Central station and built a hospital there. After many years of struggling the purchase price of \$135,000 was paid. The society has just sold the property for \$1,350,000. The money will build a fine new hospital and smooth away the institution's financial difficulties.

Dirigible Flight Over Tehachapi.

Bakersfield.—Captain Van Tassel, the aeronaut, has commenced preparations for a dirigible flight from this city to Los Angeles. The route is over a wild country, where landing in case of a breakdown will be difficult, and includes the crossing of the Tehachapi, several thousand feet high. Captain Van Tassel plans to take with him possibly three passengers. No date has been set.

A Sheep Killing Coyote.

Santa Rosa—"I get a \$5 bounty, but that beast cost me \$250.00 said Despard Taylor, a well known Bodega farmer in the office of the county clerk when he produced the skin of a huge coyote, said to have been the slayer of at least three hundred sheep and countless chickens. Taylor shot the coyote as it was dragging a lamb from the fold.

Not Educated to the Bath.

Chicago.—No more bathtubs will be installed in the houses to be built for the foreign workmen employed by the various subsidy companies of the United States Steel Corporation at Cary, Ind. "Three years ago," said a steel corporation official, "we erected 60 houses with tubs. A year later we found them utilized as coal bins."

Black Wolves Not Extinct.

Denver, Colo.—Game Commissioner T. J. Holland's office received word that black wolves, a nearly extinct species, are reducing the herds of cattle near Kremmling, Colo. The Grand Valley Cattlemen's Association is offering a bounty for wolves.

Suffragettes Assault and Do Damage.

London.—The suffragettes who were arrested during the rioting of the past few days, were arraigned in the Bow-street Police Court and all were found guilty, the charges being assault and the willful damage of property.

District Court of Appeal Affirmed the Decision

San Francisco—The petition for freedom of Abraham Ruef has been denied by the Justices of the California District Court of Appeal.

The fourteen-year sentence against which the former political boss has been fighting for so long has been upheld by the court of higher jurisdiction.

The District Court of Appeal affirmed the decision and judgment of the Superior Court, and, unless the State Supreme Court grants a further hearing in the case of the arch grafter, Abe Ruef will be taken to San Quentin prison within sixty days. There he must serve a term of fourteen years, to which he was sentenced by Judge William P. Lawlor.

Nearly two years after sentence was imposed upon him, Abe Ruef has heard the words of fate that sends him on his way across the bay to serve fourteen years behind prison bars—his punishment for corrupting a Board of Supervisors, and technically for having passed \$4000 United Railroad money to Supervisor John J. Furey to influence his vote on the overhead trolley permit of 1906.

Four years have passed in the history of the city since Ruef was first indicted, on November 15, 1906. These four years have witnessed a great transformation in San Francisco. For Ruef they have been four years of hard and costly fighting for liberty, with defeat and a prison sentence of fourteen years waiting him at the end.

Should the case be taken before the highest State court, the Justices will be called upon to hastily consider the merits of the appeal and within sixty days after the matter reaches the Supreme Court Ruef will know his fate. In this case the Supreme Court will only review questions of law passed upon by the Appellate Court, as the latter tribunal has already passed upon the evidence in the case.

Whether Ruef will return to a cell in the county jail, there to await the outcome of his appeals, depends upon action upon a petition now pending before the Appellate Court. He is now out of jail on bail, but at any time he may be returned. The Appellate Court still has under consideration Ruef's appeal from Judge Lawlor's court recommitting the convicted man to the county jail.

Proposed Increase in Official Bonds to Be Considered

Sacramento—Suggestions are offered at the State capital for the consideration of Governor-elect Johnson and the legislature regarding the amount of bonds now furnished by State officers, with a view to having several of them increased tenfold. Among those suggested for increase are the secretary of State, superintendent of public instruction and the State printer.

When the codes were adopted many years ago the general bond furnished by State officials was fixed at \$10,000 each for the attorney general, State printer, register in land office, secretary of State, superintendent of public instruction and clerk of the supreme court.

It is pointed out that although the

receipts in the office of the secretary of State have increased from \$25,000 annually to a million dollars annually, the secretary of State is required to furnish a bond no larger than that of the supreme court clerk, who handles not more than \$1000 a month.

It is also suggested that while the State controller, who handles no money at all, is required to put up a bond of \$50,000, that the State treasurer, who is now handling \$10,000,000 annually of State's funds, is required to put up a bond of only \$100,000.

The State printer expends about \$400,000 for school books yearly and turns the books over to the superintendent of public instruction, yet both officials furnish a bond no higher than that of the attorney general, who handles no money at all.

Bodies in Wrecked Tug Out of Reach of Sea Divers

San Francisco—Four men lost their lives in the waters of the San Francisco bay one day last week when the tug Sea Prince was rammed and sunk off Angel Island by the British tramp steamer Greystoke Castle. The captain of the tug, Lewis L. Langren, was the only member of the little craft's crew who was rescued.

The accident occurred at 6 o'clock and was witnessed by the passengers on the steamers Napa City and Monticello. The tugboat was proceeding slowly down the bay from Port Costa, and a few fathoms behind her was the Greystoke Castle, which she was plotting down the bay to San Francisco. Eye-witnesses of the occurrence are unable to state just how the accident

took place, and the captains of the respective vessels are also seemingly at a loss to account for the collision.

What is supposed to be the wreck of the tug has been located off Angel Island, lying in twenty-three fathoms of water.

Owing to the pressure of the water, divers are unable to go below eighteen fathoms. Hence the work to recover the bodies is considered almost hopeless. There is also little hope of salvaging the tug, which was valued at about \$25,000.

It is the expressed belief of men on the waterfront who have had long experience in wrecking that the Sea Prince will never be raised, nor will the bodies of the men who went down with her be recovered.

A Rice Famine in the Flowery Kingdom Coolies Suffer

Portland, Or.—Thousands of Chinese coolies were dying in the Yangtze Kiang river district of the Flowery Kingdom when the British steamship Hazel Dollar, Captain Alwen, arriving in Portland recently, was in the Orient a few weeks ago. Driven to the point of desperation, the poorer classes began burning the warehouses in which were stored great quantities of rice, pilfering what they could in the general excitement that ensued.

The coolies claimed that the manda-

rins had cornered all the rice in the country, putting the price of the product so high as to make it beyond their purchasing power. Riots broke out all over the district, the authorities being unable to cope with the situation. Among the warehouses partially destroyed are those owned by Butterfield & Swire and Jardine & Matheson, English firms and two of the largest rice dealers in the Far East. The principal scene of the turmoil was about 650 miles up the Yangtze Kiang river.

Eucalyptus Grove Promoters Get Smash in Face

Sacramento.—The promoters of eucalyptus companies in California got a severe blow in the report filed by State Forester Hemans and which has been sent to the State printing office for publication. The report shows that the glowing accounts of the rapid growth of eucalyptus have been grossly exaggerated by practically every concern in the State, overestimating the returns 25 per cent, and in some cases more.

To illustrate that the groves which are reported to have yielded 100,000 board feet to the acre in ten years' time is "stretching it some" Hemans shows that the largest yield discovered by his department was 57,820 board feet on a plantation planted 32 years ago. This shows that in more than three times the length of time promised by the promotionists, the production is only a little more than half as much.

SECONDARY SCHOOLS SHOW INCREASE OF SEVENTEEN

State School Reports Give Only Three Counties Without High Schools.

Sacramento.—The biennial special report of Edward Hyatt, superintendent of public instruction, was made public a few days ago. It deals with the high schools of the State, and shows that there are but three counties that have no high schools. There was an increase of 17 in the number of high school districts during the year 1909-10, bringing the total up to 214. Of the increase 10 were for union high schools and three were for city high schools.

There were 1711 teachers, an increase of 221. Of these 649 were men and 1062 women, the number of women having increased at a faster rate than the men. On the basis of enrollment, the ratio of the number of women to the number of high school pupils was 1 to 37, while that of the men was 1 to 60.

The enrollment increased from 34,298 to 39,115, a gain of 4817. Of this total enrollment the boys numbered 17,680 and the girls 21,435. The fact that the enrollment shows marked decreases near the end of the third year brings forth from Hyatt the statement that the teachers have not yet discovered how to make the high school seem worth staying in.

The cost per pupil in 1908-09 was \$70.99, while in 1909-10 it was \$74.85, and increase of \$3.86. On the basis of enrollment the average cost per high school pupil was 39 cents a day.

Socialist Editor Gets Six Months.

St. Paul—F. D. Warren of Girard, Kans., editor of the Appeal to Reason, must serve six months in the federal prison at Leavenworth, Kans., and pay a fine of \$1,000 imposed by a jury in the United States court in Kansas. The sentence of that court was affirmed by an order from the United States Circuit Court of Appeals filed today. Warren was accused of sending through the United States mails envelopes on the outside of which was printed, "One thousand dollars reward will be paid to any person who kidnaps former Governor Taylor and returns him to the Kentucky authorities." The indictment charged that the words were scurrilous, defamatory and threatening in character.

Japanese Should Take Hint.

Olympia, Wash.—Nate Buggs was given two years in the State reformatory and Harry Smith one year, when they pleaded guilty in the Superior Court to the charge of putting dynamite under a house at Gate in which fourteen Japanese sawmill laborers were sleeping. This makes five boys and young men who have been sent to prison for trying to rid Gate of Japanese laborers.

Record Breaking Church Fair.

Petaluma.—The recent St. Vincent's fair was a financial as well as a social success. The door receipts were \$298 and the booths returned: St. Anthony's, \$204; Toyland, \$360; Sodality and Grab Bag, \$590.45; Catholic Ladies' Aid Society and Refreshment, \$875.90; Oriental Tea and Swiss, \$1,020.15. The total receipts were \$3,348.50, the largest ever made at a local fair.

Lied Himself Into Prison.

Sacramento—Had "Harry Raymond," 19 years old, told the truth about his age to Judge Hughes while on trial for burglary, he would today be an inmate of the Preston reform school with chances for a good start in life in time. Instead, because he swore he was 23 years old, "Raymond" was taken to Folsom prison to serve a 13-year sentence.

Bullets for Two.

Portland, Ore.—J. M. William Hassing, an electrical worker, fired two shots into his wife's head here, and then turning the weapon upon himself, fired two more shots into his own head. Mrs. Hassing died at the hospital half an hour afterward. The physicians state that Hassing has a fighting chance for his life.

Prominent Magazine Editor Dies.

Los Angeles.—Charles Amadon Moody, well known in western literary circles, and for several years editor of the Out West magazine, died at his home in this city of intestinal trouble, superinduced, it is thought, by ptomaine poisoning. He was 46 years old.

Astor Dines Street Urchins.

New York.—Thanksgiving dinner for hundreds of street urchins was served at the newsboys' lodging house by William Waldorf Astor. The millionaire also sent a message expressing regret that he was unable to attend.

WORLD'S NEWS OF THE WEEK SUMMARIZED

Adventures of the Children of Mother Earth Related in Condensed Form

Comprehensive Review of Passing Events in Every Quarter of the Terrestrial Globe.

Washington—The Democratic representation in the next House will be 227 against 163 Republicans and one Socialist, according to the roster of the House. These figures give the Democrats a majority of 63 and a plurality of 64.

Valdez, Alaska.—Edward Evans, aged 40, of Oregon, and Bert Cooper, aged 26, of Lynn, Mass., prospectors, are believed to have perished on Prince William Sound during one of the violent storms that prevailed there early last month.

Denver—Sixty per cent of the male children of Colorado over 12 years of age are addicted to tobacco in some form, according to the report of the physical welfare committee of the Colorado Teachers' Association, which is meeting in annual convention here.

Pensacola, Fla.—In the presence of the passengers and crew of the train, Bob Mathews, a negro charged with attacking Mrs. Snowden near Pensacola several months ago, was taken from a train at Gull Point by forty masked men and lynched by the side of the railroad track.

Grayson, Ky.—Trapped in a mountain cave after breaking jail at West Union, Ohio, three fugitives had a revolver battle with Sheriff C. W. Clibborn of Adams county, Ohio. James Smith, one of the fugitives, was killed and the other two surrendered. The men broke jail last Friday night.

Salina, Colo.—A piece of wire used to hold the crank of his automobile stationary when the car was in motion, cost Robert McPherson, a merchant of this town, his right ear. McPherson was cranking the machine when a "fly-back" plunged the wire into his ear and tore it from his head.

San Antonio—Oklahoma City was chosen by the committee of permanent organization of the trans-Mississippi congress as the next meeting place of the organization. The committee recommended Fred F. Fleming of Kansas City for president of the congress.

Boston—David Starr Jordan, president of Leland Stanford University, has been elected president of the new International School for Peace for which Edwin H. Ginn has made a donation of \$500,000 annually during his life, and a provision for a similar amount after his death.

Chicago—Sheriff's deputies armed with an injunction prevented the meeting of the stockholders of the defunct Chicago National Bank today. The injunction was obtained by stockholders who feared that C. K. G. Billings' offer to settle a \$3,000,000 suit against him for \$150,000 would be accepted.

Philadelphia—Dropping from the twelfth story of the Land Title and Trust Company's skyscraper at Broad and Chestnut streets, Henry C. Brewer, 30 years old, met death. He was seen hanging from a window sill by a scrubwoman, and just as she screamed Brewer fell. Brewer was a credit adjuster.

St. Petersburg—The whole of Manchuria is officially declared to be infected with the bubonic plague, but not with cholera, as was erroneously reported recently. Stringent measures have been taken on the Siberian frontier to prevent the entrance of the epidemic into Primorskaya. Supplies of serum have been sent to Vladivostok.

Washington—The population of the State of Ohio is 4,767,121, according to the statistics of the thirteenth census, made public by Director Durand. This is an increase of 609,576, or 14.7 per cent over 4,157,545 in 1900. The increase from 1890 to 1900 was 435,229, or 13.2 per cent. Ohio will gain at least three Congressmen if the present basis of apportionment is retained.

Spokane, Wash.—Mrs. Belle B. Totten is guilty of murder in the first degree. The jury at Wenatchee, Wash., reached this decision after being out seventeen hours. The crime occurred last August when a dispute over a right of way across the Totten ranch near Cashmere led to the shooting of James Sutton, a neighboring rancher. Mrs. Totten claimed she shot him after he had tried to strike her aged mother.

Hood's Sarsaparilla

Cures all humors, catarrh and rheumatism, relieves that tired feeling, restores the appetite, cures paleness, nervousness, builds up the whole system. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

Keeping Young and Well.

Here is a receipt for keeping young and well: Find an occupation and love it with all your heart. Think kindly of and act justly toward those by whom you are surrounded. This recipe, if followed, will insure a good digestion, sound health, and never fails to make a woman of forty-five look and feel fifteen years younger.

PISO'S
THE BEST MEDICINE
FOR COUGHS & COLDS

FAVORS NOT APPRECIATED

Gratitude Not Shown to Helper—People Do Not Feel Honest in Getting Something for Nothing.

It is a strange phase of human nature, which does not quite appreciate or feel the proper gratitude for favors. I have hardly ever known a boy whose way was paid through college, for example, by some one interested in him, to show the proper regard for his helper, or to quite respect the one who boosted him—who furnished crutches for him when he might have had to use his own legs.

As a rule, the things that we are helped to are never fully appreciated. We experience a satisfaction when we have honestly earned a thing which we do not feel when it is given to us. There is something within which rebels at being helped, because help from others tends to kill self respect. We do not think quite so much of ourselves after having accepted favors or a position which we have not earned, as we did before. The sense of justice in us is violated. We do not feel quite honest in accepting something for nothing.

The man who tries to get along without satisfying his sense of justice is always placed at a disadvantage. He may try to be grateful for unmerited help, for the assistance in getting that which he has not earned, for being given a position far above his merits, through a "pull;" but he never feels quite right about it. The man who has been lifted above others because he was a son or a relative, or because his father owned controlling interest in the concern, never quite respects himself when he goes around among the employees and sees those who have struggled for years and have worked over hours for the position he occupies, and who in fact have developed the strength to maintain the position after they get it. His sense of fairness is violated. He knows that it is not right to take the place which somebody else has honestly earned, and who according to merit should have it. He is conscious, too, that he is not equal to the demands of the position into which he has been boosted.—Success Magazine.

Failed to Introduce New Clock Idea

About a year ago all America and England were talking about the new clock idea—turning the clock an hour ahead in summer and back again in winter, so that the whole country would sleep when it was dark and work when it was light. Thus, we would rise at what was really 5, but the clock would call it 6, and retire at 9, but the clock would say 10. Therefore, without changing our daily habits, we could get the benefit of the daylight and save in illumination.

The idea was introduced into the British parliament, but failed to become a law. Two cities, however, adopted it—Birmingham, England, and Cincinnati, Ohio. Both tried in vain to enforce it on the people, but public opinion was against it, and now it has been wholly abandoned. It is rather a shame, for it was a good plan, and in time the public might have been brought to see its utility.

However, here it rests in "innocuous desuetude" until some progressive schemer brings it up again.

Witness Turns the Tables.

Samuel Kallsch tells the following story of a famous lawyer he knew several years ago: "This lawyer," said Mr. Kallsch, "had a fashion of browbeating every witness that came on the stand for the opposite side in the case. Once he was examining a rather meek looking man who steadfastly refused to give a plain answer to any of the lawyer's questions. At last in reply to one question the witness answered that he was unable to say either yes or no.

"Now, that is a ridiculous answer," said the lawyer. "Do you mean to tell me that you could possibly ask me a question to which I could not answer yes or no?" "Well," said the witness, as he leaned forward and looked at his tormentor, "will you please tell the court, by answering yes or no, if in your estimation you are really as stupid and foolish as you look?"—Newark Star.

Cats Become Semi-Wild.

Domestic cats soon revert to a semi-wild state when once they take to the woods, and are terribly destructive in the coverts. They destroy pheasants, partridges, leverets and rabbits. The life of these wild tabbies is wild indeed. Every dormant instinct is aroused; each movement becomes characteristically feline, and when these creatures revert to life in the woods it is impossible to reclaim them. Climatic influences work remarkable changes upon the fur, causing it to grow longer and thicker, and the cats take up their abode in stony crevasses or hollow trees. In summer, when kittens are produced, the destruction of game is almost incredible.

Genius, Past and Present.

"You must admit the greatness of the men who painted the pictures you re so anxious to acquire." "Oh, yes," replied Mr. Dustin Stax. "Although I can't help thinking of what a lot of respect those old masters would have had for the men who are now able to buy their works."

What Did He Mean.

Doctor—You must be operated upon directly! Not a day's delay! Jones—Hold on, doc! Stuck to your automobile! Don't begin thinking about a flying machine!—Puck

CONSTIPATION

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods; they do not scour; they do not gripe; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it. These pills contain no calomel, no dope, they are soothing, healing and stimulating. They school the bowels to act without physic. Price 25 cents.

SPLINTERS.

Big boom—ship entering the harbor. The many people judge the world by their own breadth. A man can be run down in the street as well as in health.

You want to be sure of your footing before you climb too high. The increase in the price of leather has made shoes pinch more than ever.

Benness—A woman is always changing her mind. Jenners—Not when she decides that she wants a new gown.

It is a poor friend that will pat you on the back and kick your feet out from under you at the same time.

Boyce—I wonder what makes a dog howl when music plays. Joyce—I don't know, unless the music awakens the seas.

FREE TO BOYS AND GIRLS.

Send us your name and address and we will send you 24 packages of Post Cards to sell for us. When you return the money to us, we will send you a real Flying Machine that will fly with its own power. Western Novelty Supply Company, Merced, Cal.

The Oroya Railroad, in Peru, climbs to an altitude of 15,500 feet to cross the Andes mountains.

Pettit's Eye Salve 100 Years Old, relieves tired eyes, quickly cures eye aches, inflamed, sore, watery or ulcerated eyes. All druggists or Howard Bros., Buffalo, N. Y.

When the wolf is at your door you will be surprised how easily you can chase him away if you make the effort.

PLUMBING MATERIAL.

We carry everything in Plumbing Material. Country orders a specialty. Bath \$10.00, Basins \$5.00, Sink \$2.00, machine threading, free delivery. Cut prices on everything. P. Plumbing Material Supply Co., Inc. 320-322 McAllister St., S. F.

Invisible to the naked eye, electric wireless waves leaving a station have been caught and pictured by the camera.

A knife with six blades has been devised for slicing bread in restaurants.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Many men are a good deal more sure of the devil than of any divinity.

Shake Into Your Shoes

Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting, sweating feet. Makes new shoes easy. Sold by all Druggists and Shoe Stores. Don't accept any substitute. Sample FREE. Address A. S. Olmsted, Le Roy, N. Y.

Masterpieces and Poverty.

Poverty produces masterpieces, but wealth smother them. You would be able to count on your fingers all the masterpieces produced by rich people.

The South African Government employs a veterinarian to study the diseases of ostriches.

A steam turbine electric locomotive is being tried out in England.

A cent for every seal and a seal for every cent.

For That Heartburn

and smothering sensation after eating you really ought to take Hostetter's Stomach Bitters. It acts quickly, tones the stomach and aids digestion, thus removing the cause of the trouble. Always keep a bottle handy for just such cases. It is also for Indigestion, Dyspepsia, Constipation, Liver Troubles, Colds, Grippe and Malaria. Try it today.

HOSTETTER'S
CELEBRATED
STOMACH
BITTER

AUTO GOSSIP.

In the recent issue of the Ford Times, the bi-monthly magazine issued by the Ford Motor Company, an interesting notice is given on the advantage of advertising. The Times says: "Down in that sparkling little city called Jewell, Ia., Ford cars are sold by Hood & Snyder. Model T shipments have been sent to Jewell in such regularity that we began to wonder how our dealers disposed of them. But we found out the other day—they advertise. And it's mighty fine copy—no wonder they sell the goods. Three, four and five column ads used alternately are the size of their copy, describing hill climbs, endurance runs and other attractive matter that catches the eye of the reader. If any one doubts the value of advertising, just ask Hood & Snyder."

Thirty-six Hupmobiles are en route from the factory, according to S. G. Chapman of the local Hupmobile agency. This little car seems to be getting more and more popular and the local sales manager has no difficulty in disposing of all the cars he can get.

C. A. Hawkins, Pacific Coast manager of The White Co., reports the recent delivery of two five-ton White Gasoline trucks to the Mr. Hood Railway Co. of Seattle. Those trucks will displace thirty-two horses and will be used in hauling cement and other construction materials from Boring to the site of the concern's new power-house on the Bull Run River.

Mr. E. P. Brinegar of the Pioneer Automobile Co. was interviewed on the coast outlook recently, and after referring to the company's records said: "Up to the corresponding date last year the Chalmers Co. had shipped but 33 cars; now en route there have been shipped 99 Chalmers cars, which is just three times the number shipped last year. At present our schedule calls for 35 cars per month for October, November and December, which will make 200 cars shipped by January first. This is as many cars as were shipped up to April 15th of last season. Our sale for the cheaper cars, Hudson runabouts and touring cars, have exceeded by over 50 per cent the shipment of last year. Our prospect list is larger than any previous season."

Reports from the East indicates that the persistent efforts of the local automobile trade has gained the undivided support of eastern factories for San Francisco as the place to hold the Panama-Pacific Exposition. Among the local firms which have prominently identified themselves with this movement is the Diamond Rubber Co. This concern has addressed a personal letter to every automobile manufacturer in the East asking them to boost for San Francisco. The list embraces about three hundred concerns.

The representatives of Whiting (Ltd.) of London closed with the Hupp Motor Car Co. for 200 Hupmobiles for England and Ireland.

The American automobiles of medium price are finding favor in Egypt. A shipment of Hudson "33" has just been made to M. G. Torossian, the Hudson dealer at Cairo. There are many classes of automobilists in the land of the Pyramids, the motor car appealing not only to the Americans and English who reside there but to many wealthy Egyptians, Arabs, and East Indians. Several roads around Cairo had never been traversed except on foot or on the backs of camels before the advent of the Hudson in that clime.

Among the most recent deliveries of Haynes cars is that just made by the Haynes Auto Sales Co. to Marshall A. Frank, the well-known insurance man. Another car of the same make has also just been delivered to Smythe Brothers, the fire-proof contracting firm.

One of the most elegant catalogues issued by the automobile trade for the 1911 season is that published by the Chalmers Motor Car Co. of Detroit. This catalogue, which contains about 40 pages, is beautifully illustrated in colors. One of the most interesting features is a series of pictures taken of the Chalmers which won the trophy on the Glidden route. The catalogue proper is well introduced by a frontispiece illustration of the Chalmers factory done in three colors. Another department of the catalogue is devoted to the illustration of the factory's interior. Here the cars are shown in the process of construction.

American manufactured automobile accessories are winning a decided preference in European motoring circles, it reports brought back to this country by autoists who have toured the old world, are to be believed. John Munford, who is driving for James L. Flood, has just returned from Europe and states that he found Monogram Oil all through the touring districts there and that it held the same enviable position as an automobile lubricant that it does in this country.

TOUR OF AGRICULTURAL AND HORTICULTURAL TRAIN

Southern Pacific Demonstration Cars to Visit All Sections of State.

The Southern Pacific Company will operate a special agricultural and horticultural demonstration train arriving as nearly as possible at the following places:

Dec. 5, Sacramento, Lincoln, Wheatland; Dec. 5 and 6, Marysville; Dec. 6, Oroville, Bogue, Knights Landing; Dec. 6 and 7, Marysville; Dec. 7, Live Oak, Gridley Biggs; Dec. 7 and 8, Vina, Los Molinos; Dec. 8 and 9, Red Bluff; Dec. 9, Anderson; Dec. 10, Dorris, Maccoll; Dec. 11 and 12, Montague; Dec. 12, Gazelle, Edgewood; Dec. 12 and 13, Corning; Dec. 13, Hamilton; Dec. 13 and 14, Orland; Dec. 14, Germantown, Willows, Maxwell; Dec. 14 and 15, Arbuckle, Dunnigan, Yolo, Woodland.

The College of Agriculture of the University of California will place in the cars of this train full and comprehensive exhibits of illustrative material, covering various phases of agricultural and horticultural work in this State. These exhibits are all designed to show better methods of work upon our farms and to indicate more economical methods of procedure. Men from the College of Agriculture, and practical men from the farms of our State, will give, at stopping points, demonstrations on methods to be pursued in increasing the value of agriculture, horticulture, stock raising, dairying, poultry raising and kindred industries. It is the aim to make these demonstrations practical. Discussion is invited; questions asked will be answered.

The equipment of the train will include six cars, containing valuable and comprehensive exhibits to be used in illustrating and demonstrating the points brought forth in the discussions. Every interested person in the sections visited is earnestly invited to visit the train. The time of arrival of the train will be made known locally through the railway agent, newspapers and other sources of information.

Spreading Happiness.

Happiness, at least, is not solitary; it flows to communicate; it loves others, for it depends on them for its existence; it sanctions and encourages to all delights that are not unkind to themselves. The very name and appearance of a happy man breathe of good nature, and help the rest of us to live.—Robert Louis Stevenson.

On Worrying.

If you worry your wife thinks you're foolish. If you don't she thinks you lack a proper sense of your responsibilities.

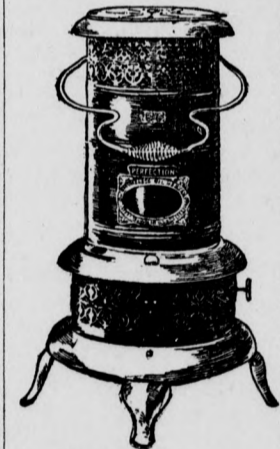

Act the Part.

Were I a nightingale, I would act the part of a nightingale; were I a swan, the part of a swan.—Epictetus.

Make Little Use of Soap.

Only one ounce of soap a head is annually used by the people of India.

You Can Work Near a Window

in winter when you have a Perfection Oil Heater. It is a portable radiator which can be moved to any part of a room, or to any room in a house. When you have a

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

Standard Oil Company

W. L. DOUGLAS

'3 L. 50 & '4 SHOES FOR MEN BOYS' SHOES, \$2.00, \$2.50 & \$3.00. BEST IN THE WORLD. The benefits of fine leathers, which apply principally to soft leathers, and the reduced tariff on sole leathers, now enables me to give the wearer more value for his money, better and longer wearing \$3, \$3.50 and \$4 shoes than I could give previous to the tariff revision. Do you know that my shoes have been the standard for over 30 years, that I make and sell more \$3.00, \$3.50 and \$4.00 shoes than any other manufacturer in the U. S., and that Dollar for Dollar, I guarantee My Shoes to hold their shape, look and fit better, and wear longer than any other \$3.00, \$3.50 or \$4.00 shoe you can buy? Quality has made my shoes The Leaders of the World. You will be pleased when you buy my shoes because of the fit and appearance, and when it comes time for you to purchase another pair, you will be more than pleased because the last ones wore so well, and gave you so much comfort. W. L. Douglas, President, Shoe Co. CAUTION! None genuine without W. L. Douglas name and price stamped on the bottom. TAKE NO SUBSTITUTE. If your dealer cannot supply you with W. L. Douglas Shoes, write for mail Order Catalog. W. L. DOUGLAS, 145 Spark St., Brockton, Mass.

Notices of Entertainments where a charge is made, Cards of Thanks, etc., 5c per line.

THE BOYS

My Dear Mr. Dick:—

I was greatly interested in your article of last week on The Boy Scout Movement. It was timely and right to the point. One of the best in fact along that line that I have seen. I am greatly interested in boys and work for boys, and I wonder if you will permit me a little space in The Press for another word along that same line. As you know I am the Recruiting Officer for the Boy Scout movement here in Campbell. I have just received my manual from the National Headquarters of the movement in New York, which they sent me without my asking for it. It is fine and I am going to embody many of the points in our present Boys Club of Campbell, and possibly organize a patrol among those boys who desire it. I have sent in to the county executive committee the names of several of our representative men of Campbell to act as an Advisory Committee for this work.

As you know I have among my boys a Boys Club. "The Mighty Men of King David," is the national organization; the local name is "The Cave of Adullam." We are organized under a national charter with headquarters in the east. The boys have, however, started a movement which is sure to grow beyond the local club. With their new club house, which they hope to have this winter, and with all the gymnasium classes thereby to be provided, the interest will spread to many of the boys and girls outside the Adullam lads. We now have a regular gymnasium class which meets regularly every week, under the direction of an experienced leader. Already many outside the club members come to this class, and indeed, all who come with an earnest purpose to follow directions and to profit by the work, are welcome. When we get the new club house, additional classes will be provided. Already an efficient leader is provided for a girls' and young ladies' class. Some of the older young men are talking of getting a leader for a young men's class. So you see the benefit will extend far beyond the membership of the boys who started the club house idea. It will be for all the boys and girls of Campbell irrespective of church or Sunday school affiliations. All who will heed the rules and regulations of the gymnasium work, will be welcome. The plans for our club house provide for a building large enough for indoor basketball, and other games, so that in winter, with the rains, practice for those games need not cease. There will also be a gallery for about 100 spectators, standing room, lockers, showers, etc. The managing committee will represent both churches, also the community at large.

We feel that this is something practical, that it is for the interest and benefit of all young people of Campbell, and will appeal to parents and all interested in boys; and who is not? All the men are, for they were boys once themselves, and it goes without saying the good ladies and the girls are so interested!

Now the work for boys is not a new problem, yet the modern boy is constantly presenting new situations. New conditions are arising, making new solutions necessary. The privilege to run at large, unrestrained, is sure to work him an injury. Restraint within too narrow limits, is sure to dwarf his developments. The problem is a serious one for conscious parents. The boy necessarily associates with "the gang", and reflects their ideals. Now if they are pure in thought, correct in habit, noble in aim, moral in purpose, then the boy is comparatively safe with them and can be trusted in the important work of character building to his companions and their influences. But if the gang is dominated by vicious instincts, low ideals, bad habits, coarse tastes and ignoble purposes, his progress in the school of dishonor will likely be rapid. What are we to do? Some parents, teachers, friends, are asking the question with burdened, anxious, aching hearts. A boy is full of pent-up spirit. And the life, vigor, and pent-up nervous energy of the average boy, whether in the gang or not, this spirit if rightly directed is one of the most potent forces for good. But let that same pent-up energy be misdirected or abused, let that lad once lose confidence in parent, teacher, or whoever has to do with him, and the boy becomes a Chicago fire, a Galveston flood and a San Francisco earthquake, combined. Who is this self same boy? He is the boy who thinks he is a man. Now let's help him to be a man, and a good big man, too. We can do it if we will. Help him, encourage him, confide in him, be a big brother to him, trust him. Today he is what he is, but tomorrow he will direct the affairs church, state and nation; he will solve the problems we can't solve, and meet life's temptations with grace and poise, if we will stretch out to him a helping hand now.

Yours for boyhood in general, and our Campbell boys in particular,
GEO. E. ATKINSON.

PROGRAM

Country Woman's Club Concert Next Monday Evening at Congregational Church

1. Marche Militaire - Schubert
MISS BEATTIE MRS. MERRILL
2. My Mother Bids Me Bind My Hair - Haydn

8. Thora - Adam
MR. JOHNSON
9. The Day is Gone - Margaret Ruthven Lang
MRS. McDONALD

California at the Chicago Land Show

At the United States Land and Irrigation Exposition in Chicago, November 19th to December 4th, the Southern Pacific Company and related lines maintained very extensive exhibit of products from the Pacific Coast. California will receive a very large part of the benefit of this publicity. The railroads had forty-eight hundred feet of floor space which with the installation and care of their exhibit cost about \$20,000. A large assortment of citrus fruits, processed and dried fruits, nuts, vegetables, grain and alfalfa are on display and hundreds of thousands of pieces of literature are given away to inquirers.

Such flowers as the hydrangea, calla lily, poinsettia and the brilliant red flowering eucalyptus are used in quantities for decorative purposes and small orange trees are used to lend a California atmosphere to the whole display.

The wall space back of the booths which are 70 feet in length, are hung with fine enlargements of California industrial and scenic views.

One of the principal features are a series of lectures on the agricultural resources and scenic features of the State. These are of twenty minute duration and profusely illustrated with colored slides and motion pictures. The Southern Pacific has its regular lecturers, Mr. J. W. Erwin and Mrs. W. B. Leffingwell, and in addition, lectures are delivered by Mr. L. E. Rankin of the California Development Board, Mr. A. E. Miot of the Tulare County Board of Trade, and others. The lectures continue throughout each day and from 10:00 A. M. to 10:00 P. M.

"Just As Good"

At 7 Blinker Street dealt Twist,
By trade a Substitutionist,
Who'd prove to you that Left was Right,
That Black was but a shade of White,
And ample evidence could find
To show you didn't know your mind.

For instance: if you asked for "Jink's No Matter What," he'd hand you "Bink's";

Affirm the difference of a letter
Just made his Substitute the Better,
And if you still would "Jink's" demand
He'd grieve that he had None on Hand,
But "Bink's" was Finer, Bigger, Cheaper,
For Twist was that sort of Storekeeper.

Upon the death of Turn and Twist,
None mourned, for such men are not missed.

His checks he cashed for First-class Ticket
To pass him through the Heav'nly Wicket,
And strode up to the gorgeous gate
Where aged Watchman sat in state,
To whom quoth Twist a trifle pale, "Oh,
Dear Peter, fit me with a halo;
And show me your best line of Harps,
I'll pick me one with Flats and Sharps,
What's this year's mode in Robes and Things?"

And what's your price for Snow-white Wings?"
The Watchman said, "The White are Out,
But Black's the Shade you Want, no doubt,
And as for Harps—a tip my lad,
Our Red-Hot Pitchforks are The Fad:
Among the Ultra-smarty Set
You'll find more Forks than Harps, I bet.
For Halos there is no demand,
But we have Sulphur still on Hand;
It's just as cheap, burns just as well,
And Soon you'll get to Like the Smell;
These Robes of Brimstone warp and woof—"

'Twas then Twist glimpsed the Cloven Hoof
Beneath the Sainlike Watchman's Hem.
"Look here," said he, "such tricks as them
I thought I'd left at Number Seven;
I didn't look for such in Heaven."

"In Heaven? Well my dearest Twist,
You surely are an Optimist!
Your ticket reads in terms precise:
'To (Substitutors) PARADISE,'
Which is—when spoken of 'fore Ladies—
In polished language, just NEAR-HADES."

Notice of Stockholders' Annual Meeting

Notice is hereby given of the Annual Meeting of the stockholders of Campbell Hall Association, a corporation, to be in the Campbell Hall, in Campbell, Santa Clara County, California, on Saturday, December 3rd, 1910, at 2 o'clock, P. M., for the purpose of hearing the reports of the officers, electing a board of directors to serve for the ensuing year, to consider the proposition of selling the Company's property, and to transact any other business that may properly come before that meeting.
J. F. DUNCAN, President.
S. G. RODECK, Secretary.
November 15, 1910.

The Youth's Companion Calendar for 1911

The publishers of the Youth's Companion will, as always at this season, present to every subscriber whose subscription (\$1.75) is paid for 1911 a beautiful calendar for the New Year. The picture panel reproduces a water-color painting of an old-time garden in a flood of summer sunshine, with a background of Lombardy poplars through which one catches a glimpse of distant hills. The picture being in 12 colors, the tones of the original are faithfully reproduced.
