POSTOFFICE MAKING EVERY EFFORT TO SECURE DELIVERY

Real Co-Operation Is Being Shown; Branch Office, Is Suggestion Offered

By GIL A. COWAN

For the first time in the history of Glendale, there is co-operation, accommodation and service visible at Christmas time by the employees of the local branch of the Los Angeles postoffice.

Of course, the clerks and carriers realize that the first of the year a new regime will be in effect. And they know, too, that D. Ripley Jackson, appointee to the position of postmaster, is working right with them these days. Everybody keenly appreciates their situation and not one is more pleased at the way things are running than Captain Jackson.

"We're going to get the Christmas packages to the homes just as fast as they are received," he says. "We have six cars to deliver the packages beginning today.

"The mail for the northern part of town will be sent to the Central avenue school, west to the Pacific avenue, east to the Broadway and south to the Cerritos avenue schools where fleet-footed athletes will be dispatched post-haste.

"For the accommodation of the patrons at the postoffice we have clerks sufficient to maintain four windows.

"There is seldom a lineup now, no matter how fast the people come in and the longest wait is about fifteen minutes.

Sees First Mail Arrive

"I was down at the Southern Pacific station the other morning to see the first mail come in and other sacks taken north. It sure made me glad to hear that letters dispatched from Pasadena at 6 a. m. arrived in Glendale at 9-22 the same morning. That's what I call business."

"Echo the sentiment!"

The improvement of postal service here leads to another idea. No matter where the postoffice is situated, every business center of the city should have a branch office. There are two branches which will come under Glendale's jurisdiction to begin with—one in Casa Verdugo and the other in Southern Glendale. Why not more of them after January 1?

FIVE BIG POWERS FAIL TO SETTLE QUESTION OF NAVY RATIO FOR FRANCE

WASHINGTON, D. C., Dec. 17. The big powers of the Washington conference failed to settle the question of French naval ratio at a lengthy secret session in the Pan-American building today and the matter was allowed to go over the week end for another meeting on Monday.

There were indications when the meeting adjourned that the session had been a tense one. M. Sarraul, head of the French delegation, is understood to have voiced a formal protest over the manner in which news of France's demand for ten new battleships was made public yesterday, and there then ensued what was described as a "general discussion."

Local Casaba Tossers Put Up Great Game

Coach Hayhurst's Glendale high school basketball charges experienced an exceedingly strenuous afternoon yesterday when they tackled the varsity squad of casaba tossers from Occidental College, the "rah-rah" boys nosing the locals out in an exciting practice game by the score of 14 to 13. Although the contest was merely staged as a workout for the two teams the small crowd of rooters who graced the sidelines were furnished with more thrills and spectacular plays than is ordinarily witnessed in a half dozen league battles.

Seeing that his team could hold its own against a much heavier and more experienced aggregation Hayhurst is more than pleased with the showing of the Red and Black athletes, who are figuring on creating quite a splash in the 1922 Central league race. A number of prompt practices and scrimmages are being planned for the locals during the coming Christmas holidays.

GARDEN OF BEAUTY SCENE OF SERVICE BY EASTERN STAR

Impressive Installation Is Held in the Presence of 350 Members and Visitors

The installation of Mrs. Fannie Mabel Parke, worthy matron; Harry LeRoy Redd, worthy patron; Miss Mildred Irene Lyon, associate matron; and other officers of Glen Eyrle chapter No. 237, Order of the Eastern Star, which took place last night in Masonic Temple in the presence of more than 350 members and visitors, was a most beautiful and impressive ceremony and carried out the dignity and precision which has marked the work of the installing matron, Mrs. Orma V. Naudain, and installing patron, William Warren Worley, during the past year.

The chapter room had been transformed into a veritable garden of beauty. Over the worthy matron's station had been constructed a pergola of white, with smilax and other greenery interwoven among the lattice work. Over the associate matron's station and also at each of the star points was a large Japanese umbrella covered with smilax. White lattice work and greenery also decorated the conductress' and associate conductress' stations. Baskets of holly were artistically placed throughout the room. The suggestion of the holiday season was also carried out in the green and red crepe paper streamers which hung from the lights overhead.

Officers in Charge

The installing officers were: Mrs. Orma V. Naudain, installing matron; W. W. Worley, installing patron; Mrs. Annie Ethel Ratray, installing marshal; Mrs. Sallie Campbell Braden, past matron and installing chaplain; Mrs. Evelyn G. Pierce, installing organist; Fred Deal and William Ratray, ushers.

LARGE INCREASE IN PRODUCTION FOR STUDEBAKERS

Advertising Helps to Place Car With Many People During Present Year

At a recent meeting of the branch managers of the Studebaker Corporation of America A. R. Erskine, president of the organization, made the statement that Studebaker production for the first ten months of 1921 had been 143 per centum of the production in 1920 for the same relative period. In spite of this remarkable increase of business done by Studebaker this year it was also stated that the total output of cars of all lines was only sixty per centum of normal.

It has been difficult for the public as well as the automotive trade to account for this big gain while automobile business in general was less than normal. It is accounted for by Studebaker dealers to the great satisfaction that Studebaker owners have said that they are getting from the performance of their cars. It is this word-of-mouth boosting that is most effective. It substantiates statements made in the advertising columns of a paper and makes that advertising efficient.

Used Car Business
Not only have the Studebaker dealers enjoyed a fine business in new cars but southern California dealers have reported to S. C. Packer of the Packer Auto company, that they are getting a large share of the second-hand automobile business.

Mr. Packer explains this by the statement that so many motorists have preferred the Studebaker to any other make that they have been willing to trade in other makes of cars at real sacrifice in price. This gives the Studebaker dealer an opportunity to list his second-hand cars somewhat lower than those who make the price of the traded-in car an inducement for the purchaser to make the exchange.

December usually shows a lower price level on used cars than any other month. This is due, according to Mr. Packer, to the desire of dealers to complete all deals on new cars by selling the trade-ins as the actual profit or loss for the year cannot be figured on the income tax report until the deal has been completed. The expected revision of the income tax law makes it desirable to clean up for 1921 on all incomplete deals.

Real Good Cars Real Low Prices

Many motorists have so greatly preferred Studebaker Six automobiles that they have willingly made sacrifices on the price of many well known makes of motor cars that we have traded in.

Because of the expected revision of the income tax law we have considered it advisable to make still further sacrifices so that we can move all used cars traded in on 1921 new car sales.

During our clearance sale we are offering used cars at prices we believe have never before been equaled, value of cars considered.

Below are listed a few of many such bargains. You will find that we have other attractive values if you will visit our store. The sooner you call, the better range of choice you will enjoy. Why not do it now?

that show house of the internationally famous picture, "I Accuse." The production, which was made in France, presents a strong argument for the disarmament question and has received favorable comment from critics in other parts of the country. The Legion unanimously accepted the offer and will have tickets on sale throughout the city within the near future.

The sale of tickets will be handled by Dr. G. Kaemmerling, L. H. Hoge and Clarence Edwards, who were chosen by the commander. The show will take place between the dates of January 5 and 20.

For Disabled Veterans
Following the report of Vice-Commander Gerald Delgado the sick committee, who is in charge of the Christmas charity plans, several minutes were devoted to an old-fashioned "turkey raffle," the purpose of which was to purchase cigars, chewing gum and candy for the disabled veterans who are patients at Thornycroft hospital.

In his report Mr. Delgado announced that the women of the West Glendale Methodist church have volunteered to furnish the disabled boys with canned fruits, cake and various other delicacies during the holiday season.

Prior to the meeting the members were entertained by Miss Hazel Keener, who is an "adopted" member of Davenport, Iowa, Post and who is a candidate in the Moving Picture Queen Contest, which is being conducted by Post No. 8 of Los Angeles. The winner of the contest will be made "Queen" at the last performance of "Pinafore," which will take place on Christmas Eve at the Philharmonic auditorium. At that time the queen will present a new Velle touring car.

The Little Church of the Flowers, with Crematory and Receiving Vaults adjoining

SOME DAY

—(perhaps fifty years hence), there may be need of another non-sectarian, perpetual care cemetery for Los Angeles County—operating in unity with the Mausoleum-Columbarium, Crematory and Receiving Vaults.

Some day Los Angeles County may claim another Memorial Park as lovely, as spacious, as carefully planned, as honestly managed as Beautiful Forest Lawn—"Among the Hills."

But we doubt if ever there will be a Garden of Remembrance so ideally located—so protected by its natural barrier of ever green hills, so gloriously wooded and so loved by thousands as

'ONE ARABIAN NIGHT' WITH POLA NEGRI T. D. & L. FILM

Wild Spirit of East Shown in Feature Picture to Be on Sunday Bill

It was bargain day in Bagdad. The inmates of the harem of the sheik, taking advantage of the absence of their lord and master, decided to go on a shopping expedition. Zuleika, the favorite, aided and abetted by her faithful eunuch, Haidee, headed the procession in a bespangled litter carried by a quartette of stalwart slaves.

Soon they were in the shop of Nour-ed-din, famed throughout the east for its matchless stocks of silks, rugs, jewelry and other articles dear to the heart of the Oriental. From room to room they went, purchasing with a lavish hand, for did not the sheik have to pay the bills? Two large boxes were required to contain the "bargains."

They Are In Love
But while they were reveling amid the shop's splendors, Zuleika and Nour-ed-din were sitting on a divan in a sequestered nook, holding hands and gazing into each other's eyes. And it was Haidee, ever resourceful, who suggested that Nour-ed-din conceal himself in one of the boxes. In that manner he was carried into the sacred harem.

This is one of the delightful scenes in "One Arabian Night," an Associated First National attraction, starring

ring Pola Negri. The picture is impregnated with the wild spirit of the east, and is one of the sumptuous ever filmed. It will be shown at the T. D. & L. theatre starting tomorrow.

S. W. Huntington's Family Located at D. E. Fuller Ranch

Mr. and Mrs. Stephen W. Huntington and sons, Stephen W. Huntington, Jr., and Jack Huntington, recently of New Rochelle, N. Y., have purchased and taken possession of the former D. E. Fuller ranch and residence at 1301 Kenneth Road, at the head of Central avenue. Prior to coming to Glendale Mr. and Mrs. Huntington were temporarily located in Los Angeles.

Mr. Huntington served six years as a member of the City Council of New Rochelle and for four years of that time was vice-president of that body. Mr. Huntington belonged to many of the leading clubs and societies of that city, including the Elks, Masons, New York Athletic club, Men's club and also was an active worker in charitable organization circles.

In a recent communication to The Daily Star of New Rochelle, N. Y., Mr. Huntington described Glendale as a "very growing and going city." He is already a "booster" for southern California and Glendale and states that he is going to prevail upon some of his eastern friends to come to this city and take up some of the adjoining orange groves and properties near his foothill home.

Stephen W. Huntington, Jr., and Jack Huntington crossed the continent by motorcycle and sidecar. They made the journey successfully, covering over 4,000 miles, camping at the Grand Canyon of Colorado for a week and enduring many hardships, minor accidents, perils of bad roads, rattlesnakes, etc.

"There is nothing like Glendale," is the sentiment of the Huntington family.

Members of Mob Are Trapped, Is Believed

JACKSON, Ky., Dec. 17.—Three members of the mob which attacked the county jail here last Saturday, killing a man and woman and wounding the jailer and his wife, are trapped in a cave on Little John's creek, fifteen miles away, according to reports reaching national guardsmen on duty here.

Captain Holbrook, in command of state forces chasing the fugitives will use tear gas to force them from their refuge, unless they surrender soon, he declared over the telephone.

The mob gathered with the announced purpose of lynching two brothers named Noble, who had been convicted of murder and sentenced to life imprisonment.

MUSICAL ACT MAKES INSTANT HIT ON GLENDALE BILL

Harmony Singers and Real Banjo Play Prove Great Feature of Program

The current vaudeville attractions at the Glendale Theatre promise to provide a show of snap and pep tonight. Bryers & Bryers, the harmony singers and banjo strummers, have an offering that should prove the musical hit of the season. To enjoy this act, one does not need to be a musician. Their jazzy tunes will put them over.

Frank Morrell, "The California Boy," proffers a series of comedy stories and song lyrics. The White Sisters, in their original cycle of the latest and greatest musical hits from Broadway, will add materially to the quality of the bill.

Plenty of Laughs Provided
Christopher & Walton, in their own comedy playlet, which is crammed with action and funny situations, will have no trouble in gathering laughs. Charles Fortune rounds out the variety with a comedy juggling novelty.

There will not be a dull moment on the program with Owen Moore

starring in "A Divorce of Convenience."

The plot is based upon the comical situation of a young man being compelled by circumstances to act in the capacity of a co-responder of convenience. There are manifold difficulties connected with just such a job, especially when one has his own girl before whom he wishes to preserve all his dignity, but before the concluding scenes are reached the star manages to run afoul all the pitfalls that lurk in his path.

England Will Oppose Big Navy for France

WASHINGTON, D. C., Dec. 17.—Great Britain and Italy will join in opposing any move on the part of France for a large navy, it was stated semi-officially in British headquarters. According to information in British circles, if Great Britain, the United States and Japan agree on the 5-5-3 ratio for naval disarmament, France will ask that her ratio be fixed at 2-7. This figure is regarded as too large by both the British and Italian delegates, it was said.

French Senator Makes Attack Upon Vatican

At Christmas Time You Ask— WHAT IS A HOME?

Great artists have tried to convey by illustration what HOMES really are. Poets have endeavored to say it in rhymes. Master minds have compiled books upon books telling of the reasons for home ownership, pleasures and environments that homes give, but to my mind no more beautiful combination of words or clearer understanding of the real joys of home ownership has ever been expressed than is told in the following article by an unknown author:

What a hallowed name: How full of enchantment and how dear to the heart! Home is the magic circle within which the weary spirit finds refuge; it is the sacred asylum to which the care-worn heart retreats to find rest from the toils and inquietudes of life. Ask the lone wanderer as he plods his tedious way, bent with the weight of age, and white with the frost of years, ask him what is home. He will tell you, "It is a green spot in memory; an oasis in the desert; a centre about which the fondest recollections of a grief-oppressed heart cling with all the tenacity of youth's first love. It was once a glorious, a happy first love. It was once a glorious, a happy reality, but now it rests only as an image of the mind." HOME: That name touches every fiber of the soul, and strikes every chord of the human heart with its angelic fingers. Nothing but death can break its spell. What tender associations are linked with home! What pleasing images and deep emotions it awakens! It calls up the fondest memories of life and opens in our nature the purest, deepest, richest gush of consecrated thought and feeling. Some years ago some twenty thousand people gathered in the old Castle Garden, New York, to hear Jennie Lind sing as no other songstress ever had sung, the sublime compositions of Beethoven, Handel, etc. At length the Swedish nightingale thought of her home, paused, and seemed to fold her wings for a higher flight. She began with deep emotion to pour forth "Home Sweet Home." The audience could not stand it. An uproar of applause stopped the music. Tears gushed from those thousands like rain. Handel and Beethoven were forgotten. After a moment the song came

again, seemingly as from heaven, almost angelic. Home, that was the word that bound as with a spell twenty thousand souls, and Howard Payne triumphed over the great masters of song. When we look at the brevity and simplicity of this home song, we are ready to ask, what is the charm that lies concealed in it? Why does the dramatist and poet find his reputation resting on so apparently narrow a basis? The answer is easy. Next to re-

Plan No. 460-465

It is hard to find a more distinctive, practical or convenient idea than is incorporated in the features of this model bungalow. The grouping of the windows demands special attention.

The alternate floor plans show careful study, as the space in each is most convenient and practical, and yet vary enough to meet the individual requirements of all. The exterior is painted white with moss green on the roof.

ligion, the deepest and most ineradicable sentiment in the human soul is that of the home affections. Every heart vibrates to this theme—home has an influence which is stronger than death. It is law to our hearts, and binds us with a spell which neither time nor change can break; the darkest villainies which have disgraced humanity cannot neutralize it. Gray-haired and demon Guilt will make his dismal cell the sacred urn of tears wept over the memories of home, and these will soften and melt into tears of penitence even the heart of adamant. Ask the little child what is home. You will find that to him it is the world—he knows no other. The father's love, the mother's smile, the sister's embrace, the brother's welcome, throw about his home a heavenly halo, and make it as attractive to him as the home of the angels. Home is the spot where childhood pours out all its complaints, and is the grave of all its sorrows. Childhood has its sorrows and its grievances, but home is the place where these are soothed and banished by the sweet lullaby of a fond mother's voice. Was Paradise an abode of purity and peace? Or will the New Eden above be one of unmingled beatitudes? Then the Paradise of childhood, the Eden of home, are names applied to the family abode. In that paradise, all may appear as smiling and serene to childhood as the untainted garden did to unfallen man; even the remembrance of it, amid distant scenes of woe, has soothed some of the saddest hours of life, and crowds of mourners have spoken of—

"A Home, that Paradise below
Of sunshine, and of flowers,
Where hallowed joys perennial flow
By calm sequestered bowers."

Can you who are not proud possessors of your own home read this without vowing to start today realizing the greatest of all happiness—Home Ownership? And those of you who have homes of your own will want to make some improvements to beautify and make more dear that place that means most of all—HOME.

The following organizations, public-spirited firms and individuals are interested in helping to make Glendale a city of more beautiful homes and to assist in every possible way in creating homes for those who are desirous of making our city their future home, and it is their recommendation that all who can possibly do so build homes or convert their surplus money in home building channels.

BETTER SERVICE AT FORD AGENCY, IS PLAN OUTLINED

New Idea is Worked Out by Which Mechanic Has to Guarantee His Work

A new system for paying the mechanics at the local Ford agency was announced today by Jesse E. Smith, who declared that it ought to prove superior to the former method. "The customer will be efficiently and satisfactorily served and the work will be completed on time," declared Mr. Smith. "On all repair work the mechanic will be given one-half of the repair contract price. This means that every mechanic must know his business. Under this plan, he guarantees to the agency every job that he does and the dealer in turn guarantees the job to the customer."

"It is obvious that this plan will mold the interests of the customer, the mechanic and the dealer. The customer expects first class service, and is entitled to it. The mechanic must satisfy the customer. The danger is not only in losing this customer but his friends as well. The dealer's position is evident. He is between the mechanic and the customer. When both are pleased, his work is a pleasure instead of a burden."

Idea Proves Success
"The idea of changing so that the workmen in the mechanical department share in the profits in this manner is neither original nor new. It has been working satisfactorily for two years in some parts of California and from three to six months by some of the dealers near Los Angeles."

"I believe that all Ford owners want to have their work done in authorized Ford dealers' shops. Naturally, they should have it done there because these shops have the latest machinery and the very latest devices for testing, lining, adjusting and truing up. The Ford dealer is expected to turn out the highest class repair work. I believe that this new plan will assist materially in bringing about the desired results. "All car owners, who patronize authorized Ford repair shops, are familiar with the system used by the dealers. A schedule of prices, known as the 'guaranteed repair contract charges,' is made up after various tests and experiments have been performed. This is based on practical experience. Because the Ford Motor Company permits the dealer to use this contract price, it is recognized as fair for the dealer, mechanic and customer."

G. R. Andress In Charge
"George R. Andress, who has been connected with the Ford business for eighteen years, has taken charge of the shop and service section of the local agency. This department, as well as the sales rooms, will be open evenings until after Christmas. So many cars are wanted for Christmas gifts that the salesrooms will be open Sundays for the benefit of out-of-town customers who cannot get in any other time. "The Ford must be a pretty good car—nearly half the autos sold in Southern California during last month were Fords."

Here's Something to Be Tried Out on Your Saxophone

Some genius has worked out a little rhyme and sent it to a Glendale friend that seems to have a lot of useless thought. Indeed, it is so entertaining that a monologist is speaking the "piece," with great success.

It runs something like this: Where can a man buy a cap for his knee, or a key for the lock of his hair?
Can his eyes be called an academy because there are pupils there?
In the crown of your head what jewels are there?
Who travels the bridge of your nose?
If you wanted to shingle the roof of your mouth, could you use the nails on your toes?
Can you sit in the shade of the palm of your hand, or beat on the drum of your ear?
Can the calf on your leg eat the corn on your toe?
Then why not grow corn on the ear?
Can the crook in your elbow be sent to jail?
If so just what did it do?
Now can you sharpen your shoulder blades?
I'll be darned if I know—do you?

Baseball Popular With Sports of Hong Kong

SHANGHAI, China—Baseball has hit Hong Kong with a bang, and the Crown Colony has taken the famous American sport into its heart. The Americans in Shanghai have adopted the Chinese gambling game of Mah-Jongg.

Babe Ruth, Ty Cobb and John McGraw have become as popular with the English baseball fans as Prince Ranjitsingh and Lord Hawke are with the cricketers. Best of all, Hong Kong has adopted the game as it is played in America, bleachers, slang and everything.

So keen is the interest in baseball that a little handbook was issued "in everyday English, so that the uninitiated may quickly grasp the various points of the game and thoroughly enjoy it after a few innings."

Not only is baseball explained in the handbook published by the English club, but the mystery of mysteries—American slang—is made as clear as a summer day in June.

Now Melba, thrilling merrily along with her high notes, has nothing on the way Hong Kong fans warble of homeside slang. "It droppeth as the gentle rain" and comes as easy as "go off the deep end," swinging the lead and "a little bit of all right" do in England.

When in doubt the Britisher adjusts his "headlights" and consults the baseball handbook, which he carries constantly in his pocket and which is to him what Mary's little lamb was to Mary.

Stop Promotions in Army, Navy, Is Plan

WASHINGTON, D. C., Dec. 17.—A resolution to stop all further promotions in the army, navy and marine corps until such promotions are ordered by Congress was introduced in the Senate by Senator King, Democrat of Utah. "Promotions are being made so rapidly that all officers will soon be in the advanced grades," said King.

SAYS HUGE PROFITS CANNOT BE FOUND IN AUTO TRADES

'Business Doctor' Makes Full Inquiry in This State on Business Conditions

Do you know that there is less profit in the automobile business than in most other commercial activities? It is true, nevertheless, and the records prove it beyond a doubt. The California Automobile Trade association has had a "Business Doctor" in the field for several months, investigating various divisions of the motor car business. This man, L. H. Bennett, and his assistant, have investigated several hundred dealers' establishments throughout the state, and the results have been that the margin of profit in the automotive industry is remarkably low. "Most of us think we are forced to pay top prices for accessories and supplies and motor car repairs, but the profit to the man who does the work is really very small," says Robert W. Marland, secretary-manager of the California Automobile Trade association.

Service Free of Charge
"When we drive into a battery station and have distilled water put in the battery, we get that service free of charge. Some one has to pay the men who do this work, and it is the owner of the battery station. This cost must be taken care of some other way. No business can operate without profit."

"When you buy tires that are marked down you can be sure that there is something wrong somewhere. If the dealer gets a fair price for his wares and delivers service, he should be compensated, and allowed to have a living profit."

"Too many of us have an idea that service means something for nothing. The gas company and the phone company render service, but they charge for it. Service implies the ability to do a good job in fast time at minimum cost."

"Next time you rail at the 'profiteers' don't include the automobile industry. The profit is not there."

All Rubber Batteries at E. W. Cizek Store

"The Willard Storage Battery Company was not content to utilize thread rubber to insulate its batteries so now it has put out a line of batteries with rubber cases," declared H. M. Kuhn of the E. W. Cizek Auto Electric Company, 300 South Brand boulevard, yesterday afternoon.

"A certain amount of current passes through the ordinary water and acid soaked wooden case. Of course, this is a waste. In certain cases it completely destroys the utility of a battery."

"We have just gotten in a stock of all rubber batteries for Ford cars. As these are exclusively a Willard product, no other service station in the city will carry them."

Closed Cars Proving Popular With Public

"Things are picking up in comparison with last week," declared Edward S. Lawrence, assistant manager of the Ford agency, yesterday afternoon. "I don't know how to account for it beyond the possibility that buyers may have been holding off as long as they could and may have reached a point where they felt it would be foolish to wait any longer."

"Closed cars are moving fast—about as fast as we can get them. In the last week we have averaged three deliveries a day."

SEEK FRENCH NATIONALITY
PARIS—About 35,000 Germans, residing in Alsace-Lorraine, will ask to change their nationality and become French. It is estimated by officials in the reconquered provinces. By a provision of the treaty of Versailles all Germans who resided in Alsace-Lorraine before August 3, 1914, and who remained there uninterruptedly for at least three years during the war are now entitled to ask for French naturalization papers. All the demands will be subjected to close scrutiny and Germans suspected of retaining hostile sentiments toward France will be denied naturalization. The right to vote will not necessarily accompany the transfer of allegiance. A law probably will be enacted by the French parliament suspending the voting privilege for a number of years.

ROADS TO MOUNTAIN RESORTS NOW IN GOOD CONDITION

Slow Driving Is Necessary Because of Storm Drains Dug Out in Highways

Important information for motorists in regard to road conditions in the resort region of San Bernardino mountains has been secured during the past week by the touring of the Automobile Club of Southern California.

This "dope" has state-wide significance in view of the fact that hundreds of motoring parties are planning to visit the Big Bear valley section during the holiday, and the Auto club is now prepared to give definite information of route conditions in that section.

All routes into Bear valley and vicinity have been found in excellent condition by the club crew and will remain so until rains occur, when it will be necessary to send all visiting touring parties over the Victorville desert route. The Hesperia cut-off will be passable until the rains come, when the Mojave river crossing is difficult.

Slow Driving Necessary
Storm drains or ditches have been cut across the road on the crest at an average distance of every 200 feet, and slow driving is necessary in order to avoid breaking springs. The Mill creek route is in excellent shape at present, and while there are no guards at the controls, the hours listed at the entrances must be observed as usual. Accommodations may be secured at camps in the valley all winter.

Ducks are reported plentiful on both Baldwin and Big Bear lakes. There is considerable snow on the shady side of the mountains and under the heavy timber now. Motorists are advised by the Auto club to drain the water from their radiators at night while they are in the valley in order to avoid freezing.

CARELESS AUTOISTS GIVEN BLAME FOR LOSS BY FIRES

Throwing Lighted Cigaretts and Cigars From Machines Cause Serious Damage

Actual evidence that many of the disastrous forest fires raging throughout Southern California recently have been started by careless autoists has been presented to officials of the Auto Club of Southern California, according to a report just issued.

It is shown in a statement made by R. H. Charlton, forest supervisor, following the receipt of letters from E. E. Fairchild of Los Angeles that motorists who throw lighted cigars, cigarettes and smoldering pipe ashes out of their autos are responsible for some very bad fires.

The Automobile Club has been called upon to warn all autoists against the practice of throwing any ignited material out of their cars to the side of the road.

Sees Fire Started
While Mr. Fairchild was traveling along a popular Southern California highway he saw an autoist toss a lighted cigarette out of the car ahead into some dry grass at the side of the road. Fairchild watched the spark of the cigarette for a few moments and soon saw it fanned to a flame by the wind. He put out the fire and wrote immediately to Forest Supervisor Charlton.

Charlton admits that one of the most common causes of forest fires is the carelessness of motoring parties, either in discarding lighted tobacco in any form or in leaving camp fires burning. Prosecution in most cases is difficult on account of not being able to apprehend the responsible parties.

Warning Is Issued
However, a rigorous drive is to be instituted at once throughout the California forest reserves against the type of motorist who causes fires which are rapidly making serious inroads on the natural watersheds of the southern part of the state.

Therefore Auto Club officials are issuing a state-wide warning to all motorists to watch their step in throwing away lighted cigarettes.

Soldier Bonus to Be Considered at Once, Is Declared

WASHINGTON, D. C., Dec. 17.—The House ways and means committee will take up soldier bonus legislation immediately after the Christmas holidays and report such legislation to the house early in the new year, Chairman Fordney announced.

"The committee will work on this legislation as rapidly as possible," said Chairman Fordney. "We will bring out a bonus bill with an attached plan to raise the necessary money to pay the bonus. The legislation will be passed by the house as early as feasible in the present session. I cannot say what the plan will be to raise the money, because I don't know. This much, and no more, I have promised the national commander of the American Legion. I could not make a pledge when the legislation will pass the house, or whether it will pass the senate. No one man can assume to speak with finality upon the subject."

Fordney is in favor of the imposition of a special manufacturers' tax to raise the necessary revenue. Other members of the House would impose a business tax. Still others are urging a bond issue based on obligations taken in settlement of the foreign loans.

Man, 101, Divorced and Warned By Court

BALTIMORE, Md., Dec. 17.—Henry Campbell, negro, 101 years old, was granted a divorce from his wife today. In granting the decree, Judge Duncan declared:

"And the court suggests that at the plaintiff's age, future matrimonial entanglements had best be avoided." Campbell testified that a quarrel, following the receipt of a letter from another man addressed to his wife, led to a separation.

William G. Bode, Prominent Musician, With Music Co.

WILLIAM G. BODE Well known local musician, who is a department manager for the Glendale Music Co.

William G. Bode has been employed by the Glendale Music company as manager of the saxophone, violin and instrument department of this growing concern. He is recognized as one of the star saxophone players on the Pacific coast, having left Glendale some years ago after graduating from high school. Even in his school days he was always active in orchestra and other musical work, having been associated with the 'First Elks' jazz orchestra. In 1913 he started playing the violin in public at the old Majestic theatre here, then the only picture playhouse in Glendale.

After leaving Glendale he combined his music career with office work and developed his natural musical talent so that he is now the master of a half dozen different instruments. He served with the army during the world war and upon discharge at the close of hostilities this artist decided the saxophone offered the greatest opportunity for becoming a featured player.

Plays in Orchestras In San Francisco recently "Bill" Bode, as he is known around his home town, played with Art Hickman's orchestra and Walter Krausgrill's Strand Theatre orchestra, as well as with other organizations playing in the leading hotels of the Bay City.

The Glendale Music company simultaneously announces that it has secured the agency for the Martin saxophones—the same as those used by the leading artists. Mr. Bode has arranged to give free instruction on every saxophone purchased from the Glendale Music company. And certainly he will be glad to greet his many friends again, as well as music lovers whom he may aid.

How far can "Lizzie" go on five and a quarter gallons of gas? H. M. Neal and his brother, A. B. Neal, have a tangle factory at 104 West Doran street. They also have a Ford. Yesterday afternoon they left it in front of their place of business. When they returned later in the day, it was gone—also, a suitcase and an overcoat.

This morning the car was recovered by the police department. It had been abandoned on Maryland avenue near the wash. Out of six gallons of gasoline, only three-quarters of a gallon remained in the tank.

A FRIEND OF MINE

—has built two dainty little houses, east front, which are the last word in modern construction. The living room is large and light, with beautiful tile mantel, unusually attractive built-in features and fire place arranged for wood or gas. The two bedrooms are most attractive with roomy closets; the bath dainty and well arranged. The kitchen will delight any woman—the sink, built-in features and large breakfast nook; the screen porch with heater and laundry tray. Of course, you'll find hardwood floors throughout, a full-sized, well-built garage, splendid walks and drive. The location cannot be excelled in Glendale, close in and yet on high ground, with wonderful view of the mountains. The price is right, the terms easy. Here is a Christmas present worthwhile.
 I have watched these houses throughout the building; the material is the best, pure lead and oil used in the painting—the wall paper of the better kind.

Impressive Installation Is Held

(Continued from Page 1)
installing chaplain. With the exception of the worthy matron, who carried a bouquet of pink roses, and the star points, each officer carried pink sweet peas. The starpoints each carried a bouquet, the color of which represented the color of the star ray each represented, blue cornflowers, yellow pompon chrysanthemums, white carnations, red carnations and green fern.

Seriousness of Work
At the beginning of the installation ceremony Mrs. Orma V Naudain impressed the officers-elect with the seriousness and importance of their respective offices, after which Mrs. Sallie Campbell Braden invoked the divine blessing. The officers then formed a semi-circle around the altar, facing east, and expressed their willingness to proceed in the work of the office to which they had been elected or appointed. The worthy matron-elect, Mrs. Fannie M. Parke, was then presented by the marshal to the installing matron.

After the oath of office and instruction as to the duties of the office of worthy matron had been given she was invested with the badge of office, and then escorted to her station in the east, and the grand honors of the members were extended to her. Harry L. Redd, worthy patron-elect, was similarly installed by Wm. W. Worley and escorted to the east and also received the grand honors. Mrs. Naudain again assumed the gavel and in a like manner Miss Mildred Lyon was invested with her badge of office as associate matron and escorted to her station.

Miss Helen Sayre then favored those present with a vocal selection, after which the secretary, Mrs. Annetta Booth, and treasurer, Mrs. Alice M. Carvel, received instructions and after being invested with their badges of office were escorted to their stations. In a similar manner the conductress, Mrs. Jennie Phillips, and associate conductress, Mrs. Mae Warrick, were invested and escorted to their stations. District deputy grand matron Beulah Morrissett was found to be present and was escorted to the east.

Very Clever Reading
A very clever reading "The Ruglers' Dinner Party," was given by Mrs. Dwight W. Stephenson, and being the story of a Christmas party, it was quite appropriate to this holiday season. The next officers presented by Mrs. Rattray, marshal, for installation and who after being invested with badge of office were escorted to their stations, were Mrs. Sadie L. McPherson, chaplain; Miss Blanche L. Davenport, marshal; Miss Francie Kinch, organist; Mrs. Ella W. Richardson, warder; and Wm. H. Reynolds, sentinel. This was followed by a fancy dance, "The Bird Dance," by little Blossom Moore, dressed in a bird costume of black and red.

The five rays of the star were next presented by the marshal, Mrs. Rattray, for installation, Mrs. Mary G. Plume, Adah; Mrs. Berna E. Wyvell, Ruth; Mrs. Martha C. Dibern, Esther; Mrs. Nellie T. Holbrook, Martha; Mrs. Lydia M. Kulp, Electa; and after being invested with their badges of office, took their position kneeling before the altar, while with lights dimmed throughout the hall Miss Ethel Rattray very charmingly sang "Star of the East," after which they were conducted to the several points of the star.

Worthy matron Mrs. Parke was presented with the charter, constitution and by-laws of the chapter and then the gavel by retiring matron Mrs. Naudain, and assumed her station as worthy matron. The officers of Glen Eyrle Chapter No. 237 were then proclaimed regularly installed by the marshal, Mrs. Rattray. Both the retiring matron and new worthy matron gave a short talk, the key-note of which was cooperation.

Display Appreciation
Junior past patron Mr. Worley then presented an emblem of the Eastern Star with diamond setting to the retiring matron, Mrs. Naudain, in behalf of the members of the chapter as a slight token of their appreciation. Mrs. Naudain very graciously thanked the officers and members and also wished the new officers continued success and prosperity. She in turn then presented Mr. Worley with the patron's jewel as a gift from Mr. and Mrs. Naudain.

Among the other gifts which were received by the new and retiring officers were bouquets of flowers from worthy patron Mr. Bourne of Eagle Rock chapter to Mrs. Naudain, from Mr. and Mrs. Worley to Mrs. Naudain a beautiful basket of red roses; basket of poinsettias from Miss Lois Naudain to her mother; silver dish from Mrs. Vesper to her daughter, Mrs. Naudain; silver rimmed gavel from worthy patron Mr. Redd to worthy matron Mrs. Parke; bouquet of pink roses from Mrs. Vesper to Mrs. Naudain; the retiring officers presented a platinum bar pin to Mrs. Naudain, and pair of book-ends to Mr. Worley for their kindness during the past year, and many other gifts to both Mrs. Parke and Mrs. Naudain, until as the latter expressed it "it seems that they selected the wrong date and thought it was Christmas."

The installing matron, Mrs. Naudain, and installing marshal, Mrs. Rattray, were highly complimented by the members for the excellent manner in which they conducted the ceremony of installation, as well as the other installing officers. The officers, with their gowns of white, carrying bouquets of flowers, amid

**Many People Give
Auto Accessories
As Xmas Presents**

"We are very much pleased with the increase in popularity year by year of automobile accessories as Christmas presents," stated H. M. Butts of the Monarch Auto Supply store, 121 South Brand boulevard, this morning. "It is a pleasure to sell something which you know will be liked and useful."

Among the accessories proving extraordinarily popular this season according to Mr. Butts, is a handsome nickle-plated non-removable, theft proof, locking radiator cap surmounted by a Royce motor and bearing the initials of the car owner in hammered brass at the prow of the machine.

Another accessory which is in prominence this year is the illuminated stop signal for the rear of the car. "Closed cars are getting to be used a great deal now," declared Mr. Butts, "and a smoker has no place to put his ashes except on the floor." And he pointed to a nickle-plated ash container mounted over a match box the whole device to be affixed to a suitable place in the interior of the limousine.

**Frank Rhode Says
Essex Car Responds
To Every Demand**

Frank Rhode of 320 North Brand boulevard hurried into the Glendale Hudson Motors agency, 239 North Brand boulevard, this morning to tell Mr. Davis about his trip to the Tehachapi district north of here. He had just gotten home from Mohave and was enthusiastic about the Essex car which he purchased two months ago from the agency here.

"I never had to use anything but high gear, never needed any water, averaged nineteen miles per gallon of gasoline and used only a pint of oil in the 384 mile run over grades, through sand and other conditions which every California driver is conversant with."

"In sand there is no such car as the Essex," said Mr. Rhode. "It is the easiest car to handle I have ever driven and I wish to personally state that after two months' ownership of this car I am absolutely satisfied in every part of the Essex for it performs right and has the stuff in it the dealers say it has."

TWO CHILDREN POISONED

Helen Vreeland, 14 years, and William Vreeland, 4 1/2 years, daughter and son of Mr. and Mrs. W. M. Vreeland of 501 West Milford street are ill at their home with ptomaine poisoning, as the result of having eaten doughnuts, according to the physician who was called in to treat them. It was shortly after they had partaken of their breakfast that they were taken seriously ill. Both are now resting comfortably.

ATTENTION, KNIGHTS TEMPLAR!
Monday, December 19, at 8 p. m., we have with us Right Eminent Grand Commander White, at which time Pasadena, Hollywood and Alhambra Commanderies will join in the reception. Full Templar uniform. Refreshments. — Advertisement.

The artistic decorations of the chapter room made a most beautiful scene which will not be soon forgotten by those who were fortunate to secure admittance to the chapter room, for when the ceremony began there was little if any standing room available. The decoration committee, which included Mrs. E. Pulliam, Mrs. Fred Deal, Mrs. Echols, Mrs. W. McMillan, Mrs. Lillian Beamon and Mrs. Mayme Pollock and Mr. Fred Deal and E. L. Parke, were also complimented for the excellent work done by them.

There were visitors present at the installation ceremony last night from Garvanza, Eagle Rock, Monrovia, Milwaukee, Hartland, Wis., Lockport, Ill., Big Rapids, Mich., Red Oak, Iowa, Seattle, Los Angeles, Overland, Mo., St. Louis, Pasadena, and other chapters from Los Angeles and vicinity, Michigan, Kansas, and other states.

**Missionary From China
Will Tell Experiences**

"Changes in China" will be the topic at the Pacific Avenue Methodist church Sunday night of Rev. E. D. Chapin, missionary from China. Rev. Chapin was born in China, and has spent twenty-eight years in missionary service under the Presbyterian Board of Foreign Missions. His father was a missionary in the Orient, also, and his wife has been associated with his work. The family was present in China during the Boxer Rebellion.
