Cas 19-38                      Jean Taxil, Esq., PARIS.

s.s. "NAVARINON"

80156

As a result of a report being received from the Marseilles Surveyors, the class of this vessel was expunged with the record "Torpedoed and beached 3.38 - now in port" and in a letter dated the 17th ultimo, they state she has been sold to Mr. Jean Milonas, Soc. Acétra, 78, Avenue des Champs Elysées, Paris, 8e, renamed "LENA" and has left Marseilles in tow for Barcelona, where she may be converted into a coal hulk.

As Barcelona has now changed hands since the letter above referred to was written, I shall be glad if you will kindly inquire from M. Milonas and let me know if he still intends to convert this vessel into a coal hulk.

If so, perhaps you will also be good enough to inform me of the date of conversion, in due course, on the appropriate Return 10.
